Westrom moved to amend S. F. No. 2743 as follows:

Delete everything after the enacting clause and insert the following language of H. F. No. 3110, the first engrossment:

"Section 1. Minnesota Statutes 2005 Supplement, section 206.56, subdivision 1b, is amended to read:

Subd. 1b. **Audio ballot reader.** "Audio ballot reader" means an audio representation of a ballot that can be used with other assistive voting technology to permit a voter to mark votes on a nonelectronic ballot or to securely transmit a ballot electronically to automatic tabulating equipment in the polling place.

Sec. 2. Minnesota Statutes 2005 Supplement, section 206.56, subdivision 3, is amended to read:

Subd. 3. **Ballot.** "Ballot" includes paper ballots, ballot cards, and the paper ballot marked by an electronic marking device, and an electronic record of each vote cast by a voter at an election and securely transmitted electronically to automatic tabulating equipment in the polling place.

Sec. 3. Minnesota Statutes 2005 Supplement, section 206.56, subdivision 7a, is amended to read:

Subd. 7a. **Electronic ballot display.** "Electronic ballot display" means a graphic representation of a ballot on a computer monitor or screen on which a voter may make vote choices for candidates and questions for the purpose of marking a nonelectronic ballot or securely transmitting an electronic ballot to automatic tabulating equipment in the polling place.

Sec. 4. Minnesota Statutes 2005 Supplement, section 206.56, subdivision 7b, is amended to read:

Subd. 7b. **Electronic ballot marker.** "Electronic ballot marker" means equipment that is part of an electronic voting system that uses an electronic ballot display or audio ballot reader to:

1. mark a nonelectronic ballot with votes selected by a voter; or
2. securely transmit a ballot electronically to automatic tabulating equipment in the polling place.

Sec. 5. Minnesota Statutes 2005 Supplement, section 206.56, subdivision 8, is amended to read:

Subd. 8. **Electronic voting system.** "Electronic voting system" means a system in which the voter records votes by means of marking or transmitting a ballot, so that votes may be counted by automatic tabulating equipment in the polling place where the ballot is cast or at a counting center.
An electronic voting system includes automatic tabulating equipment; nonelectronic ballot markers; electronic ballot markers, including electronic ballot display, audio ballot reader, and devices by which the voter will register the voter’s voting intent; software used to program automatic tabulators and layout ballots; computer programs used to accumulate precinct results; ballots; secrecy folders; system documentation; and system testing results.

Sec. 6. Minnesota Statutes 2005 Supplement, section 206.61, subdivision 5, is amended to read:

Subd. 5. **Alternation.** The provisions of the election laws requiring the alternation of names of candidates must be observed as far as practicable by changing the order of the names on an electronic voting system in the various precincts so that each name appears on the machines or marking devices used in a municipality substantially an equal number of times in the first, last, and in each intermediate place in the list or group in which they belong. However, the arrangement of candidates' names must be the same on all voting systems used in the same precinct. If the number of names to be alternated exceeds the number of precincts, the election official responsible for providing the ballots, in accordance with subdivision 1, shall determine by lot the alternation of names.

If an electronic ballot marker is used with a paper ballot that is not an optical scan ballot card, the manner of alternation of candidate names on the paper ballot must be as prescribed for optical scan ballots in this subdivision. If a machine is used to securely transmit a ballot electronically to automatic tabulating equipment in the polling place, the manner of alternation of candidate names on the transmitting machine must be as prescribed for optical scan ballots in this subdivision.

Sec. 7. Minnesota Statutes 2005 Supplement, section 206.80, is amended to read:

**206.80 ELECTRONIC VOTING SYSTEMS.**

(a) An electronic voting system may not be employed unless it:

(1) permits every voter to vote in secret;

(2) permits every voter to vote for all candidates and questions for whom or upon which the voter is legally entitled to vote;

(3) provides for write-in voting when authorized;

(4) automatically rejects, except as provided in section 206.84 with respect to write-in votes, all votes for an office or question when the number of votes cast on it exceeds the number which the voter is entitled to cast;

(5) permits a voter at a primary election to select secretly the party for which the voter wishes to vote;

(6) automatically rejects all votes cast in a primary election by a voter when the voter votes for candidates of more than one party; and

(7) provides every voter an opportunity to verify votes recorded on the permanent paper ballot or paper record, either visually or using assistive voting technology, and to change votes or correct any error before the voter’s ballot is cast and counted, produces an individual, discrete, permanent, paper ballot or paper record of the ballot cast by the voter, and preserves the paper ballot or paper record as an official record available for use in any recount.

(b) An electronic voting system purchased on or after June 4, 2005, may not be employed unless it:

(1) accepts and tabulates, in the polling place or at a counting center, a marked optical scan ballot; or
(2) creates a marked optical scan ballot that can be tabulated in the polling place or at a counting center by automatic tabulating equipment certified for use in this state; or

(3) securely transmits a ballot electronically to automatic tabulating equipment in the polling place while creating an individual, discrete, permanent paper record of each vote on the ballot.

Sec. 8. Minnesota Statutes 2005 Supplement, section 206.805, subdivision 1, is amended to read:

Subdivision 1. Contracts required. (a) The secretary of state, with the assistance of the commissioner of administration, shall establish one or more state voting systems contracts. The contracts should, if practical, include provisions for maintenance of the equipment purchased. The voting systems contracts must address precinct-based optical scan voting equipment, and ballot marking equipment for persons with disabilities and other voters, and assistive voting machines that combine voting methods used for persons with disabilities with precinct-based optical scan voting machines. The contracts must give the state a perpetual license to use and modify the software. The contracts must include provisions to escrow the software source code, as provided in subdivision 2. Bids for voting systems and related election services must be solicited from each vendor selling or leasing voting systems that have been certified for use by the secretary of state. The contracts must be renewed from time to time.

(b) The secretary of state shall appoint an advisory committee, including representatives of the state chief information officer, county auditors, municipal clerks who have had operational experience with the use of electronic voting systems, and members of the disabilities community to advise the secretary of state in reviewing and evaluating the merits of proposals submitted from voting equipment vendors for the state contracts.

(c) Counties and municipalities may purchase or lease voting systems and obtain related election services from the state contracts.

Sec. 9. Minnesota Statutes 2005 Supplement, section 206.83, is amended to read:

206.83 TESTING OF VOTING SYSTEMS.

Within 14 days before election day, the official in charge of elections shall have the voting system tested to ascertain that the system will correctly mark or securely transmit to automatic tabulating equipment in the polling place ballots using all methods supported by the system, including through assistive technology, and count the votes cast for all candidates and on all questions. Public notice of the time and place of the test must be given at least two days in advance by publication once in official newspapers. The test must be observed by at least two election judges, who are not of the same major political party, and must be open to representatives of the political parties, candidates, the press, and the public. The test must be conducted by (1) processing a preaudited group of ballots punched or marked to record a predetermined number of valid votes for each candidate and on each question, and must include for each office one or more ballot cards which have votes in excess of the number allowed by law in order to test the ability of the voting system tabulator and electronic ballot marker to reject those votes; and (2) processing an additional test deck of ballots marked using the electronic ballot marker for the precinct, including ballots marked or ballots securely transmitted electronically to automatic tabulating equipment in the polling place using the electronic ballot display, audio ballot reader, and any assistive voting technology used with the electronic ballot marker. If any error is detected, the cause must be ascertained and corrected and an errorless count must be made before the voting system may be used in the election. After the completion of the test, the programs used and ballot cards must be sealed, retained, and disposed of as provided for paper ballots.

Sec. 10. Minnesota Statutes 2005 Supplement, section 206.90, subdivision 8, is amended to read:

Subd. 8. Duties of election officials. The official in charge of elections in each municipality where an optical scan voting system is used shall have the electronic ballot marker that examines and marks votes on ballot cards of the machine that securely transmits a ballot electronically to automatic tabulating equipment in the polling place and the automatic tabulating equipment that examines and counts votes as ballot cards are deposited into ballot boxes put in order, set, adjusted, and made ready for voting when delivered to the election precincts.
Sec. 11. [206.91] VOTING MACHINES OPTIONS WORKING GROUP.

(a) A working group is hereby established to investigate and recommend to the legislature requirements for additional options for voting equipment that complies with the requirements of section 301 of the Help America Vote Act, Public Law 107-252, to provide private and independent voting for individuals with disabilities.

The election judges shall mark the ballots as directed by the voter and in as secret a manner as circumstances permit. If the voter is deaf or cannot speak English or understand it when it is spoken, the election judges may select two individuals who are members of different major political parties to act as interpreters provide assistance. The interpreters individuals shall assist the individual voter in marking the ballots. A voter in need of assistance may alternatively obtain the assistance of any individual the voter chooses. Only the following persons may not provide assistance to a voter: the voter's employer, an agent of the voter's employer, an officer or agent of the voter's union, or a candidate for election. The person who assists the voter shall, unaccompanied by an election judge, retire with that voter to a booth and mark the ballot as directed by the voter. No person who assists another voter as provided in the preceding sentence shall mark the ballots of more than three voters at one election. Before the ballots are deposited, the voter may show them privately to an election judge to ascertain that they are marked as the voter directed. An election judge or other individual assisting a voter shall not in any manner request, persuade, induce, or attempt to persuade or induce the voter to vote for any particular political party or candidate. The election judges or other individuals who assist the voter shall not reveal to anyone the name of any candidate for whom the voter has voted or anything that took place while assisting the voter.

**EFFECTIVE DATE.** This section is effective the day following final enactment.

Sec. 25. Minnesota Statutes 2005 Supplement, section 206.56, subdivision 3, is amended to read:

Subd. 3. **Ballot.** "Ballot" includes paper ballots, ballot cards, and the paper ballot marked by an electronic marking device, and an electronic record of each vote cast by a voter at an election and securely transmitted electronically to automatic tabulating equipment in the polling place.

**EFFECTIVE DATE.** This section is effective the day following final enactment.

Sec. 26. Minnesota Statutes 2005 Supplement, section 206.56, subdivision 7a, is amended to read:

Subd. 7a. **Electronic ballot display.** "Electronic ballot display" means a graphic representation of a ballot on a computer monitor or screen on which a voter may make vote choices for candidates and questions for the purpose of marking a nonelectronic ballot or securely transmitting an electronic ballot to automatic tabulating equipment in the polling place.

**EFFECTIVE DATE.** This section is effective the day following final enactment.
Sec. 27. Minnesota Statutes 2005 Supplement, section 206.56, subdivision 7b, is amended to read:

Subd. 7b. **Electronic ballot marker.** "Electronic ballot marker" means equipment that is part of an electronic voting system that uses an electronic ballot display or audio ballot reader to:

1. Mark a nonelectronic ballot with votes selected by a voter;
2. Securely transmit a ballot electronically to automatic tabulating equipment in the polling place.

**EFFECTIVE DATE.** This section is effective the day following final enactment.

Sec. 28. Minnesota Statutes 2005 Supplement, section 206.56, subdivision 8, is amended to read:

Subd. 8. **Electronic voting system.** "Electronic voting system" means a system in which the voter records votes by means of marking or transmitting a ballot, so that votes may be counted by automatic tabulating equipment in the polling place where the ballot is cast or at a counting center.

An electronic voting system includes automatic tabulating equipment; nonelectronic ballot markers; electronic ballot markers, including electronic ballot display, audio ballot reader, and devices by which the voter will register the voter's voting intent; software used to program automatic tabulators and layout ballots; computer programs used to accumulate precinct results; ballots; secrecy folders; system documentation; and system testing results.

Sec. 29. Minnesota Statutes 2005 Supplement, section 206.61, subdivision 5, is amended to read:

Subd. 5. **Alternation.** The provisions of the election laws requiring the alternation of names of candidates must be observed as far as practicable by changing the order of the names on an electronic voting system in the various precincts so that each name appears on the machines or marking devices used in a municipality substantially an equal number of times in the first, last, and in each intermediate place in the list or group in which they belong. However, the arrangement of candidates' names must be the same on all voting systems used in the same precinct. If the number of names to be alternated exceeds the number of precincts, the election official responsible for providing the ballots, in accordance with subdivision 1, shall determine by lot the alternation of names.

If an electronic ballot marker is used with a paper ballot that is not an optical scan ballot card, the manner of alternation of candidate names on the paper ballot must be as prescribed for optical scan ballots in this subdivision.

If a machine is used to securely transmit a ballot electronically to automatic tabulating equipment in the polling place, the manner of alternation of candidate names on the transmitting machine must be as prescribed for optical scan ballots in this subdivision.

(a) An electronic voting system may not be employed unless it:

1. Permits every voter to vote in secret;
(2) permits every voter to vote for all candidates and questions for whom or upon which the voter is legally entitled to vote;

(3) provides for write-in voting when authorized;

(4) automatically rejects, except as provided in section 206.84 with respect to write-in votes, all votes for an office or question when the number of votes cast on it exceeds the number which the voter is entitled to cast;

(5) permits a voter at a primary election to select secretly the party for which the voter wishes to vote;

(6) automatically rejects all votes cast in a primary election by a voter when the voter votes for candidates of more than one party; and

(7) provides every voter an opportunity to verify votes recorded on the permanent paper ballot or paper record, either visually or using assistive voting technology, and to change votes or correct any error before the voter's ballot is cast and counted, produces an individual, discrete, permanent, paper ballot or paper record of the ballot cast by the voter, and preserves the paper ballot or paper record as an official record available for use in any recount.

(b) An electronic voting system purchased on or after June 4, 2005, may not be employed unless it:

(1) accepts and tabulates, in the polling place or at a counting center, a marked optical scan ballot; or

(2) creates a marked optical scan ballot that can be tabulated in the polling place or at a counting center by automatic tabulating equipment certified for use in this state; or

(3) securely transmits a ballot electronically to automatic tabulating equipment in the polling place while creating an individual, discrete, permanent paper record of each vote on the ballot.

EFFECTIVE DATE. This section is effective the day following final enactment.

Sec. 31. Minnesota Statutes 2005 Supplement, section 206.805, subdivision 1, is amended to read:

Subdivision 1. **Contracts required.** (a) The secretary of state, with the assistance of the commissioner of administration, shall establish one or more state voting systems contracts. The contracts should, if practical, include provisions for maintenance of the equipment purchased. The voting systems contracts must address precinct-based optical scan voting equipment, and ballot marking equipment for persons with disabilities and other voters, and assistive voting machines that combine voting methods used for persons with disabilities with precinct-based optical scan voting machines. The contracts must give the state a perpetual license to use and modify the software. The contracts must include provisions to escrow the software source code, as provided in subdivision 2. Bids for voting systems and related election services must be solicited from each vendor selling or leasing voting systems that have been certified for use by the secretary of state. The contracts must be renewed from time to time.

(b) The secretary of state shall appoint an advisory committee, including representatives of the state chief information officer, county auditors, municipal clerks who have had operational experience with the use of electronic voting systems, and members of the disabilities community to advise the secretary of state in reviewing and evaluating the merits of proposals submitted from voting equipment vendors for the state contracts.

(c) Counties and municipalities may purchase or lease voting systems and obtain related election services from the state contracts. **All counties and municipalities are members of the cooperative purchasing venture of the Department of Administration for the purpose of this section. For the purpose of township elections, counties must**
aggregate orders under contracts negotiated under this section for products and services and may apportion the costs of those products and services proportionally among the townships receiving the products and services. The county is not liable for the timely or accurate delivery of those products or services.

**EFFECTIVE DATE.** This section is effective the day following final enactment.

Sec. 32. Minnesota Statutes 2005 Supplement, section 206.82, subdivision 2, is amended to read:

Subd. 2. **Plan.** (a) Subject to paragraph (b), the municipal clerk in a municipality where an electronic voting system is used and the county auditor of a county in which an electronic voting system is used in more than one municipality and the county auditor of a county in which a counting center serving more than one municipality is located shall prepare a plan which indicates acquisition of sufficient facilities, computer time, and professional services and which describes the proposed manner of complying with section 206.80. The plan must be signed, notarized, and submitted to the secretary of state more than 60 days before the first election at which the municipality uses an electronic voting system. Prior to July 1 of each subsequent general election year, the clerk or auditor shall submit to the secretary of state notification of any changes to the plan on file with the secretary of state. The secretary of state shall review each plan for its sufficiency and may request technical assistance from the Department of Administration or other agency which may be operating as the central computer authority. The secretary of state shall notify each reporting authority of the sufficiency or insufficiency of its plan within 20 days of receipt of the plan. The attorney general, upon request of the secretary of state, may seek a district court order requiring an election official to fulfill duties imposed by this subdivision or by rules promulgated pursuant to this section.

(b) Systems implemented by counties and municipalities in calendar year 2006 are exempt from paragraph (a) and section 206.58, subdivision 4, if:

1. the municipality has fewer than 10,000 residents; and
2. a valid county plan was filed by the county auditor of the county in which the municipality is located.

**EFFECTIVE DATE.** This section is effective July 1, 2006.

Sec. 33. Minnesota Statutes 2005 Supplement, section 206.83, is amended to read:

206.83 TESTING OF VOTING SYSTEMS.

Within 14 days before election day, the official in charge of elections shall have the voting system tested to ascertain that the system will correctly mark or securely transmit to automatic tabulating equipment in the polling place ballots using all methods supported by the system, including through assistive technology, and count the votes cast for all candidates and on all questions. Public notice of the time and place of the test must be given at least two days in advance by publication once in official newspapers. The test must be observed by at least two election judges, who are not of the same major political party, and must be open to representatives of the political parties, candidates, the press, and the public. The test must be conducted by (1) processing a preaudited group of ballots punched or marked to record a predetermined number of valid votes for each candidate and on each question, and must include for each office one or more ballot cards which have votes in excess of the number allowed by law in order to test the ability of the voting system tabulator and electronic ballot marker to reject those votes; and (2) processing an additional test deck of ballots marked using the electronic ballot marker for the precinct, including ballots marked or ballots securely transmitted electronically to automatic tabulating equipment in the polling place using the electronic ballot display, audio ballot reader, and any assistive voting technology used with the electronic ballot marker. If any error is detected, the cause must be ascertained and corrected and an errorless count must be made before the voting system may be used in the election. After the completion of the test, the programs used and ballot cards must be sealed, retained, and disposed of as provided for paper ballots.

**EFFECTIVE DATE.** This section is effective the day following final enactment.
Sec. 34. [206.89] POSTELECTION REVIEW OF VOTING SYSTEMS.

Subdivision 1. Definition. For purposes of this section "post election review official" means the election administration official who is responsible for the conduct of elections in a precinct selected for review under this section.

Subd. 2. Selection for review; notice. At the canvass of the state primary, the county canvassing board in each county must set the date, time, and place for the postelection review of the state general election to be held under this section.

At the canvass of the state general election, the county canvassing boards must select the precincts to be reviewed. The county canvassing board of a county with fewer than 50,000 registered voters must select at least two precincts for postelection review. The county canvassing board of a county with between 50,000 and 100,000 registered voters must select at least three precincts for review. The county canvassing board of a county with over 100,000 registered voters must select at least four precincts. The precincts must be selected by lot at a public meeting. At least one precinct selected in each county must have had more than 150 votes cast at the general election.

The county auditor must notify the secretary of state of the precincts that have been chosen for review and the time and place the postelection review for that county will be conducted, as soon as the decisions are made. The secretary of state must post this information on the office Web site.

Subd. 3. Scope and conduct of review. The county canvassing board shall appoint the post election review official as defined in subdivision 1. The post election review must be conducted of the votes cast for President or governor; United States Senator; and United States Representative. The post election review official may conduct postelection review of the votes cast for additional offices.

The postelection review must be conducted in public at the location where the voted ballots have been securely stored after the state general election or at another location chosen by the county canvassing board. The post election review official for each precinct selected must conduct the postelection review and may be assisted by election judges designated by the post election review official for this purpose. The party balance requirement of section 204B.19 applies to election judges designated for the review. The postelection review must consist of a manual count of the ballots used in the precincts selected and must be performed in the manner provided by section 204C.21. The postelection review must be conducted in the manner provided for recounts under section 204C.361 to the extent practicable. The review must be completed no later than two days before the meeting of the state canvassing board to certify the results of the state general election.

Subd. 4. Standard of acceptable performance by voting system. A comparison of the results compiled by the voting system with the postelection review described in this section must show that the results of the electronic voting system differed by no more than one-half of one percent from the manual count of the offices reviewed. Valid votes that have been marked by the voter outside the vote targets or using a manual marking device that cannot be read by the voting system must not be included in making the determination whether the voting system has met the standard of acceptable performance for any precinct.

Subd. 5. Additional review. (a) If the postelection review reveals a difference greater than one-half of one percent, the post election review must, within two days, conduct an additional review of at least three precincts in the same jurisdiction where the discrepancy was discovered. If all precincts in that jurisdiction have been reviewed, the county auditor must immediately publicly select by lot at least three additional precincts for review. The post election review official must complete the additional review within two days after the precincts are selected and report the results immediately to the county auditor. If the second review also indicates a difference in the vote totals compiled by the voting system that is greater than one-half of one percent from the result indicated by the postelection review, the county auditor must conduct a review of the ballots from all the remaining precincts in the county. This review must be completed no later than six weeks after the state general election.
(b) If the results from the countywide reviews from one or more counties comprising in the aggregate more than ten percent of the total number of persons voting in the election clearly indicate that an error in vote counting has occurred, the post election review official must conduct a manual recount of all the ballots in the district for the affected office. The recount must be completed and the results reported to the appropriate canvassing board no later than ten weeks after the state general election.

Subd. 6. Report of results. Upon completion of the postelection review, the post election review official must immediately report the results to the county auditor. The county auditor must then immediately submit the results of the postelection review electronically or in writing to the secretary of state not later than two days before the State Canvassing Board meets to canvass the state general election. The secretary of state shall report the results of the postelection review at the meeting of the State Canvassing Board to canvass the state general election.

Subd. 7. Update of vote totals. If the postelection review under this section results in a change in the number of votes counted for any candidate, the revised vote totals must be incorporated in the official result from those precincts.

Subd. 8. Effect on voting systems. If a voting system is found to have failed to record votes accurately and in the manner provided by the Minnesota election law, the voting system must not be used at another election until it has been examined and recertified by the secretary of state. If the voting system failure is attributable to either its design or to actions of the vendor, the vendor must forfeit the vendor bond required by section 206.57 and the performance bond required by section 206.66.

Subd. 9. Costs of review. The costs of the postelection review required by this section must be allocated as follows:

(1) the governing body responsible for each precinct selected for review must pay the costs incurred for the review conducted under subdivision 2 or 5, paragraph (a);

(2) the vendor of the voting system must pay any costs incurred by the secretary of state to examine and recertify the voting system; and

(3) the secretary of state must reimburse local units of government for the costs of any recount required under subdivision 5, paragraph (b).

Subd. 10. Time for filing election contest. The appropriate canvass is not completed and the time for notice of a contest of election does not begin to run until all reviews under this section have been completed.

Sec. 35. [206.895] SECRETARY OF STATE MONITOR.

The secretary of state must monitor and evaluate election procedures in precincts subject to the audit provided for in section 206.89 in at least four precincts in each congressional district. The precincts must be chosen by lot by the State Canvassing Board at its meeting to canvass the state general election.

Sec. 36. Minnesota Statutes 2005 Supplement, section 206.90, subdivision 8, is amended to read:

Subd. 8. Duties of election officials. The official in charge of elections in each municipality where an optical scan voting system is used shall have the electronic ballot maker that examines and marks votes on ballot cards of the machine that securely transmits a ballot electronically to automatic tabulating equipment in the polling place and the automatic tabulating equipment that examines and counts votes as ballot cards are deposited into ballot boxes put
in order, set, adjusted, and made ready for voting when delivered to the election precincts. Whenever a ballot card created by an electronic ballot marker certified by the secretary of state is rejected by an optical scan voting system, two election judges who are members of different major political parties shall transcribe the votes on the ballot rejected by the optical scan voting system pursuant to the procedures set forth in section 206.86, subdivision 5.

**EFFECTIVE DATE.** This section is effective the day following final enactment.

Sec. 37. **[206.91] VOTING MACHINES OPTIONS WORKING GROUP.**

(a) A working group is hereby established to investigate and recommend to the legislature requirements for additional options for voting equipment that complies with the requirements of section 301 of the Help America Vote Act, Public Law 107-252, to provide private and independent voting for individuals with disabilities.

The working group must be cochaired by representatives of the Minnesota Disability Law Center and Citizens for Election Integrity - Minnesota.

(7) at least one individual with computer security expertise and knowledge of elections; and

Sec. 5. Minnesota Statutes 2004, section 61A.02, subdivision 3, is amended to read:

Subd. 3. Disapproval. (a) The commissioner shall, within 60 days after the filing of any form, disapprove the form:

(1) if the benefits provided are unreasonable in relation to the premium charged;

(2) if the safety and soundness of the company would be threatened by the offering of an excess rate of interest on the policy or contract;

(3) if it contains a provision or provisions which are unlawful, unfair, inequitable, misleading, or encourages misrepresentation of the policy; or

(4) if the form, or its provisions, is otherwise not in the public interest. It shall be unlawful for the company to issue any policy in the form so disapproved. If the commissioner does not within 60 days after the filing of any form, disapprove or otherwise object, the form shall be deemed approved.

(b) When an insurer or the Minnesota Comprehensive Health Association fails to respond to an objection or inquiry within 60 days, the filing is automatically disapproved. A resubmission is required if action by the Department of Commerce is subsequently requested. An additional filing fee is required for the resubmission.
For purposes of paragraph (a), clause (2), an excess rate of interest is a rate of interest exceeding the rate of interest determined by subtracting three percentage points from Moody's corporate bond yield average as most recently available.

Sec. 6. Minnesota Statutes 2004, section 61A.092, subdivision 1, is amended to read:

Subdivision 1. Continuation of coverage. Every group insurance policy issued or renewed within this state after August 1, 1987, providing coverage for life insurance benefits shall contain a provision that permits covered employees who are voluntarily or involuntarily terminated or laid off from their employment, if the policy remains in force for any active employee of the employer, to elect to continue the coverage for themselves and their dependents. If the policy includes other benefits, the election provided by this section extends to those other benefits.

An employee is considered to be laid off from employment if there is a reduction in hours to the point where the employee is no longer eligible for coverage under the group life insurance policy. Termination does not include discharge for gross misconduct.

Sec. 7. Minnesota Statutes 2004, section 61A.092, subdivision 3, is amended to read:

Subd. 3. Notice of options. Upon termination of or layoff from employment of a covered employee, the employer shall inform the employee of:

(1) the employee's right to elect to continue the coverage;

(2) the amount the employee must pay monthly to the employer to retain the coverage;

(3) the manner in which and the office of the employer to which the payment to the employer must be made; and

(4) the time by which the payments to the employer must be made to retain coverage.

The employee has 60 days within which to elect coverage. The 60-day period shall begin to run on the date coverage would otherwise terminate or on the date upon which notice of the right to coverage is received, whichever is later.

If the covered employee or covered dependent dies during the 60-day election period and before the covered employee makes an election to continue or reject continuation, then the covered employee will be considered to have elected continuation of coverage. The estate of beneficiary previously selected by the former employee or covered dependent would then be entitled to a death benefit equal to the amount of insurance that could have been continued less any unpaid premium owing as of the date of death.

Notice must be in writing and sent by first class mail to the employee's last known address which the employee has provided to the employer.

A notice in substantially the following form is sufficient: "As a terminated or laid off employee, the law authorizes you to maintain your group insurance benefits, in an amount equal to the amount of insurance in effect on the date you terminated or were laid off from employment, for a period of up to 18 months. To do so, you must notify your former employer within 60 days of your receipt of this notice that you intend to retain this coverage and must make a monthly payment of $.......... at .......... by the ............ of each month."
Sec. 8. Minnesota Statutes 2004, section 62A.02, subdivision 3, is amended to read:

Subd. 3. Standards for disapproval. (a) The commissioner shall, within 60 days after the filing of any form or rate, disapprove the form or rate:

1. if the benefits provided are not reasonable in relation to the premium charged;

2. if it contains a provision or provisions which are unjust, unfair, inequitable, misleading, deceptive or encourage misrepresentation of the health plan form, or otherwise does not comply with this chapter, chapter 62L, or chapter 72A;

3. if the proposed premium rate is excessive or not adequate; or

4. the actuarial reasons and data submitted do not justify the rate.

The party proposing a rate has the burden of proving by a preponderance of the evidence that it does not violate this subdivision.

In determining the reasonableness of a rate, the commissioner shall also review all administrative contracts, service contracts, and other agreements to determine the reasonableness of the cost of the contracts or agreement and effect of the contracts on the rate. If the commissioner determines that a contract or agreement is not reasonable, the commissioner shall disapprove any rate that reflects any unreasonable cost arising out of the contract or agreement. The commissioner may require any information that the commissioner deems necessary to determine the reasonableness of the cost.

For the purposes of this subdivision, the commissioner shall establish by rule a schedule of minimum anticipated loss ratios which shall be based on (i) the type or types of coverage provided, (ii) whether the policy is for group or individual coverage, and (iii) the size of the group for group policies. Except for individual policies of disability or income protection insurance, the minimum anticipated loss ratio shall not be less than 50 percent after the first year that a policy is in force. All applicants for a policy shall be informed in writing at the time of application of the anticipated loss ratio of the policy. "Anticipated loss ratio" means the ratio at the time of filing, at the time of notice of withdrawal under subdivision 4a, or at the time of subsequent rate revision of the present value of all expected future benefits, excluding dividends, to the present value of all expected future premiums.

If the commissioner notifies a health carrier that has filed any form or rate that it does not comply with this chapter, chapter 62L, or chapter 72A, it shall be unlawful for the health carrier to issue or use the form or rate. In the notice the commissioner shall specify the reasons for disapproval and state that a hearing will be granted within 20 days after request in writing by the health carrier.

The 60-day period within which the commissioner is to approve or disapprove the form or rate does not begin to run until a complete filing of all data and materials required by statute or requested by the commissioner has been submitted.

However, if the supporting data is not filed within 30 days after a request by the commissioner, the rate is not effective and is presumed to be an excessive rate.

(b) When an insurer or the Minnesota Comprehensive Health Association fails to respond to an objection or inquiry within 60 days, the filing is automatically disapproved. A resubmission is required if action by the Department of Commerce is subsequently requested. An additional filing fee is required for the resubmission.
Sec. 9. Minnesota Statutes 2004, section 62A.095, subdivision 1, is amended to read:

Subdivision 1. **Applicability.** (a) No health plan shall be offered, sold, or issued to a resident of this state, or to cover a resident of this state, unless the health plan complies with subdivision 2.

(b) Health plans providing benefits under health care programs administered by the commissioner of human services are not subject to the limits described in subdivision 2 but are subject to the right of subrogation provisions under section 256B.37 and the lien provisions under section 256.015; 256B.042; 256D.03, subdivision 8; or 256L.03, subdivision 6.

For purposes of this section, "health plan" includes coverage that is excluded under section 62A.011, subdivision 3, clauses (4), (7), and (10).

Sec. 10. Minnesota Statutes 2004, section 62A.17, subdivision 1, is amended to read:

Subdivision 1. **Continuation of coverage.** Every group insurance policy, group subscriber contract, and health care plan included within the provisions of section 62A.16, except policies, contracts, or health care plans covering employees of an agency of the federal government, shall contain a provision which permits every covered employee who is voluntarily or involuntarily terminated or laid off from employment and every covered dependent of the covered employee, if the policy, contract, or health care plan remains in force for active employees of the employer, to elect to continue the coverage for the employee and dependents.

An employee shall be considered to be laid off from employment if there is a reduction in hours to the point where the employee is no longer eligible under the policy, contract, or health care plan. Termination shall not include discharge for gross misconduct.

Upon request by the terminated or laid off employee or any covered dependent, a health carrier must provide the instructions necessary to enable the employee or dependent to elect and receive continuation of coverage through the insurer in place of the former employer.

Sec. 11. Minnesota Statutes 2004, section 62A.17, subdivision 2, is amended to read:

Subd. 2. **Responsibility of employee.** Every covered employee or dependent electing to continue coverage shall pay the former employer, on a monthly basis, the cost of the continued coverage. The policy, contract, or plan must require the group policyholder or contract holder to, upon request, provide the employee or dependent with written verification from the insurer of the cost of this coverage promptly at the time of eligibility for this coverage and at any time during the continuation period. If the policy, contract, or health care plan is administered by a trust, every covered employee or dependent electing to continue coverage shall pay the trust the cost of continued coverage according to the eligibility rules established by the trust. In no event shall the amount of premium charged exceed 102 percent of the cost to the plan for such period of coverage for similarly situated employees with respect to whom neither termination nor layoff has occurred, without regard to whether such cost is paid by the employer or employee. The employee and every covered dependent shall be eligible to continue the coverage until the employee becomes covered under another group health plan, or for a period of 18 months after the termination of or lay off from employment, whichever is shorter. If the employee becomes covered under another group policy, contract, or health plan that does not include dependent coverage, every covered dependent remains eligible to continue coverage with the former employer subject to the conditions specified in this subdivision. If the employee or any covered dependent becomes covered under another group policy, contract, or health plan and the new group policy, contract, or health plan contains any preexisting condition limitations, the employee or dependent may, subject to the 18-month maximum continuation limit, continue coverage with the former employer until the preexisting condition limitations have been satisfied. The new policy, contract, or health plan is primary except as to the preexisting condition. In the case of a newborn child who is a dependent of the employee, the new policy, contract, or health plan is primary upon the date of birth of the child, regardless of which policy, contract, or health plan coverage is deemed primary for the mother of the child.
Sec. 12. Minnesota Statutes 2004, section 62A.17, subdivision 5, is amended to read:

Subd. 5. Notice of options. Upon the termination of or lay off from employment of an eligible employee, the employer shall inform the employee within ten days after termination or lay off of:

(a) the right to elect to continue the coverage;

(b) the amount the employee must pay monthly to the employer or health carrier to retain the coverage;

(c) the manner in which and the office of the employer or health carrier to which the payment to the employer or health carrier must be made; and

(d) the time by which the payments to the employer or health carrier must be made to retain coverage.

If the policy, contract, or health care plan is administered by a trust, the employer is relieved of the obligation imposed by clauses (a) to (d). The trust shall inform the employee of the information required by clauses (a) to (d).

The employee shall have 60 days within which to elect coverage. The 60-day period shall begin to run on the date plan coverage would otherwise terminate or on the date upon which notice of the right to coverage is received, whichever is later.

Notice must be in writing and sent by first class mail to the employee's last known address which the employee has provided the employer or trust.

A notice in substantially the following form shall be sufficient: "As a terminated or laid off employee, the law authorizes you to maintain your group medical insurance for a period of up to 18 months. To do so you must notify your former employer or health carrier within 60 days of your receipt of this notice that you intend to retain this coverage and must make a monthly payment of $........ to ........... at .......... by the ............... of each month."

Sec. 13. Minnesota Statutes 2004, section 62A.27, is amended to read:

62A.27 COVERAGE OF ADOPTED CHILDREN.

(a) A health plan that provides coverage to a Minnesota resident must cover adopted children of the insured, subscriber, participant, or enrollee on the same basis as other dependents. Consequently, the plan shall not contain any provision concerning preexisting condition limitations, insurability, eligibility, or health underwriting approval concerning children placed for adoption with the participant.

(b) The coverage required by this section is effective from the date of placement for adoption. For purposes of this section, placement for adoption means the assumption and retention by a person of a legal obligation for total or partial support of a child in anticipation of adoption of the child. The child's placement with a person terminates upon the termination of the legal obligation for total or partial support.

(c) For the purpose of this section, health plan includes:

(1) coverage offered by community integrated service networks;

(2) coverage that is designed solely to provide dental or vision care; and

(3) any plan under the federal Employee Retirement Income Security Act of 1974 (ERISA), United States Code, title 29, sections 1001 to 1461.
(d) No policy or contract covered by this section may require notification to a health carrier as a condition for this dependent coverage. However, if the policy or contract mandates an additional premium for each dependent, the health carrier is entitled to all premiums that would have been collected had the health carrier been aware of the additional dependent. The health carrier may withhold payment of any health benefits for the new dependent until it has been compensated with the applicable premium which would have been owed if the health carrier had been informed of the additional dependent immediately.

Sec. 14. Minnesota Statutes 2004, section 62A.3093, is amended to read:

**62A.3093 COVERAGE FOR DIABETES.**

A health plan, including a plan providing the coverage specified in section 62A.011, subdivision 3, clause (10), must provide coverage for: (1) all physician prescribed medically appropriate and necessary equipment and supplies used in the management and treatment of diabetes not otherwise covered for that person under Medicare or Medicare Part D; and (2) diabetes outpatient self-management training and education, including medical nutrition therapy, that is provided by a certified, registered, or licensed health care professional working in a program consistent with the national standards of diabetes self-management education as established by the American Diabetes Association. Coverage must include persons with gestational, type I or type II diabetes. Coverage required under this section is subject to the same deductible or coinsurance provisions applicable to the plan's hospital, medical expense, medical equipment, or prescription drug benefits. A health carrier may not reduce or eliminate coverage due to this requirement.

**EFFECTIVE DATE.** This section is effective January 1, 2006.

(6) except for coverage provided in this clause, coverage for 50 percent of the cost sharing otherwise applicable under Medicare Part B, after the policyholder pays the Medicare Part B deductible, until the out-of-pocket limitation is met as described in clause (8);
Sec. 16. [62A.3162] MEDICARE SUPPLEMENT PLAN WITH 75 PERCENT COVERAGE.

Sec. 17. Minnesota Statutes 2004, section 62C.14, subdivision 9, is amended to read:

Subd. 9. Required filing. No service plan corporation shall deliver or issue for delivery in this state any subscriber contract, endorsement, rider, amendment or application until a copy of the form thereof has been filed with the commissioner, subject to disapproval by the commissioner. Any such form issued or in use on August 1, 1971, if filed with the commissioner within 60 days after August 1, 1971, shall be deemed filed upon receipt by the commissioner. When an insurer, service plan corporation, or the Minnesota Comprehensive Health Association fails to respond to an objection or inquiry within 60 days, the filing is automatically disapproved. A resubmission is
required if action by the Department of Commerce is subsequently requested. An additional filing fee is required for the resubmission. The commissioner also may by regulation exempt from filing those subscriber contracts issued to a group of not less than 300 subscribers, or to other groups upon such reasonable conditions and restrictions as the commissioner may require.

It shall be unlawful to issue or use a document disapproved by the commissioner. When an insurer, service plan corporation, or the Minnesota Comprehensive Health Association fails to respond to an objection or inquiry within 60 days, the filing is automatically disapproved. A resubmission is required if action by the Department of Commerce is subsequently requested. An additional filing fee is required for the resubmission.

The writing carrier shall provide these services for a period of three five years, unless a request to terminate is approved by the commissioner. The commissioner shall approve or deny a request to terminate within 90 days of its receipt. A failure to make a final decision on a request to terminate within the specified period shall be deemed to be an approval. Six months prior to the expiration of each three five-year period, the association shall invite submissions of policy forms from members of the association, including the writing carrier. The association shall follow the provisions of subdivision 2 in selecting a writing carrier for the subsequent three five-year period.

A health care provider or facility that does not make an initial submission of charges within the six-month period shall not be reimbursed for the charge and may not collect the charge from the recipient of the service or any other payer. The six-month submission requirement may be extended to 12 months in cases where a health care provider or facility specified in subdivision 2 has determined and can substantiate that it has experienced a significant disruption to normal operations that materially affects the ability to conduct business in a normal manner and to submit claims on a timely basis. This subdivision also applies to all health care providers and facilities that submit charges to workers' compensation payers for treatment of a workers' compensation injury compensable under chapter 176, or to reparation obligors for treatment of an injury compensable under chapter 65B.

Sec. 25. Minnesota Statutes 2005 Supplement, section 65B.49, subdivision 5a, is amended to read:

Subd. 5a. Rental vehicles. (a) Every plan of reparation security insuring a natural person as named insured, covering private passenger vehicles as defined under section 65B.001, subdivision 3, and pickup trucks and vans as defined under section 168.011 must provide that all of the obligation for damage and loss of use to a rented private passenger vehicle, including pickup trucks and vans as defined under section 168.011, and rented trucks with a registered gross vehicle weight of 26,000 pounds or less would be covered by the property damage liability portion of the plan. This subdivision does not apply to plans of reparation security covering only motor vehicles registered under section 168.10, subdivision 1a, 1b, 1c, or 1d, or recreational equipment as defined under section 168.011. The obligation of the plan must not be contingent on fault or negligence. In all cases where the plan's property damage liability coverage is less than $35,000, the coverage available under the subdivision must be $35,000. Other than as described in this paragraph or in paragraph (j), nothing in this section amends or alters the provisions of the plan of reparation security as to primacy of the coverages in this section.

(b) A vehicle is rented for purposes of this subdivision:

(1) if the rate for the use of the vehicle is determined on a monthly, weekly, or daily basis; or

(2) during the time that a vehicle is loaned as a replacement for a vehicle being serviced or repaired regardless of whether the customer is charged a fee for the use of the vehicle.
A vehicle is not rented for the purposes of this subdivision if the rate for the vehicle’s use is determined on a period longer than one month or if the term of the rental agreement is longer than one month. A vehicle is not rented for purposes of this subdivision if the rental agreement has a purchase or buyout option or otherwise functions as a substitute for purchase of the vehicle.

(c) The policy or certificate issued by the plan must inform the insured of the application of the plan to private passenger rental vehicles, including pickup trucks and vans as defined under section 168.011, and that the insured may not need to purchase additional coverage from the rental company.

(d) Where an insured has two or more vehicles covered by a plan or plans of reparation security containing the rented motor vehicle coverage required under paragraph (a), the insured may select the plan the insured wishes to collect from and that plan is entitled to a pro rata contribution from the other plan or plans based upon the property damage limits of liability. If the person renting the motor vehicle is also covered by the person’s employer’s insurance policy or the employer’s automobile self-insurance plan, the reparation obligor under the employer’s policy or self-insurance plan has primary responsibility to pay claims arising from use of the rented vehicle.

(e) A notice advising the insured of rental vehicle coverage must be given by the reparation obligor to each current insured with the first renewal notice after January 1, 1989. The notice must be approved by the commissioner of commerce. The commissioner may specify the form of the notice.

(f) When a motor vehicle is rented in this state, there must be attached to the rental contract a separate form containing a written notice in at least 10-point bold type, if printed, or in capital letters, if typewritten, which states:

Under Minnesota law, a personal automobile insurance policy issued in Minnesota must cover the rental of this motor vehicle against damage to the vehicle and against loss of use of the vehicle. Therefore, purchase of any collision damage waiver or similar insurance affected in this rental contract is not necessary if your policy was issued in Minnesota.

No collision damage waiver or other insurance offered as part of or in conjunction with a rental of a motor vehicle may be sold unless the person renting the vehicle provides a written acknowledgment that the above consumer protection notice has been read and understood.

(g) When damage to a rented vehicle is covered by a plan of reparation security as provided under paragraph (a), the rental contract must state that payment by the reparation obligor within the time limits of section 72A.201 is acceptable, and prior payment by the renter is not required.

(h) Compensation for the loss of use of a damaged rented motor vehicle is limited to a period no longer than 14 days.

(i)(1) For purposes of this paragraph, "rented motor vehicle" means a rented vehicle described in paragraph (a), using the definition of "rented" provided in paragraph (b).

(2) Notwithstanding section 169.09, subdivision 5a, an owner of a rented motor vehicle is not vicariously liable for legal damages resulting from the operation of the rented motor vehicle in an amount greater than $100,000 because of bodily injury to one person in any one accident and, subject to the limit for one person, $300,000 because of injury to two or more persons in any one accident, and $50,000 because of injury to or destruction of property of others in any one accident, if the owner of the rented motor vehicle has in effect, at the time of the accident, a policy of insurance or self insurance, as provided in section 65B.48, subdivision 3, covering losses up to at least the amounts set forth in this paragraph. Nothing in this paragraph alters or affects the obligations of an owner of a
rented motor vehicle to comply with the requirements of compulsory insurance through a policy of insurance as provided in section 65B.48, subdivision 2, or through self-insurance as provided in section 65B.48, subdivision 3; or with the obligations arising from section 72A.125 for products sold in conjunction with the rental of a motor vehicle. Nothing in this paragraph alters or affects liability, other than vicarious liability, of an owner of a rented motor vehicle.

(2) The dollar amounts stated in this paragraph shall be adjusted for inflation based upon the Consumer Price Index for all urban consumers, known as the CPI-U, published by the United States Bureau of Labor Statistics. The dollar amounts stated in this paragraph are based upon the value of that index for July 1995, which is the reference base index for purposes of this paragraph. The dollar amounts in this paragraph shall change effective January 1 of each odd-numbered year based upon the percentage difference between the index for July of the preceding year and the reference base index, calculated to the nearest whole percentage point. The commissioner shall announce and publish, on or before September 30 of the preceding year, the changes in the dollar amounts required by this paragraph to take effect on January 1 of each odd-numbered year. The commissioner shall use the most recent revision of the July index available as of September 1. Changes in the dollar amounts must be in increments of $5,000, and no change shall be made in a dollar amount until the change in the index requires at least a $5,000 change. If the United States Bureau of Labor Statistics changes the base year upon which the CPI-U is based, the commissioner shall make the calculations necessary to convert from the old base year to the new base year. If the CPI-U is discontinued, the commissioner shall use the available index that is most similar to the CPI-U.

(j) The plan of reparation security covering the owner of a rented motor vehicle is excess of any residual liability coverage insuring an operator of a rented motor vehicle if the vehicle is loaned as a replacement for a vehicle being serviced or repaired, regardless of whether a fee is charged for use of the vehicle, provided that the vehicle so loaned is owned by the service or repair business.

Sec. 26. Minnesota Statutes 2004, section 70A.07, is amended to read:

**70A.07 RATES AND FORMS OPEN TO INSPECTION.**

All rates, supplementary rate information, and forms furnished to the commissioner under this chapter shall, as soon as the commissioner’s review has been completed within ten days of their effective date, be open to public inspection at any reasonable time.

Sec. 27. Minnesota Statutes 2005 Supplement, section 72A.201, subdivision 6, is amended to read:

Subd. 6. **Standards for automobile insurance claims handling, settlement offers, and agreements.** In addition to the acts specified in subdivisions 4, 5, 7, 8, and 9, the following acts by an insurer, adjuster, or a self-insured or self-insurance administrator constitute unfair settlement practices:

(1) if an automobile insurance policy provides for the adjustment and settlement of an automobile total loss on the basis of actual cash value or replacement with like kind and quality and the insured is not an automobile dealer, failing to offer one of the following methods of settlement:

(a) comparable and available replacement automobile, with all applicable taxes, license fees, at least pro rata for the unexpired term of the replaced automobile’s license, and other fees incident to the transfer or evidence of ownership of the automobile paid, at no cost to the insured other than the deductible amount as provided in the policy;
(b) a cash settlement based upon the actual cost of purchase of a comparable automobile, including all applicable taxes, license fees, at least pro rata for the unexpired term of the replaced automobile's license, and other fees incident to transfer of evidence of ownership, less the deductible amount as provided in the policy. The costs must be determined by:

(i) the cost of a comparable automobile, adjusted for mileage, condition, and options, in the local market area of the insured, if such an automobile is available in that area; or

(ii) one of two or more quotations obtained from two or more qualified sources located within the local market area when a comparable automobile is not available in the local market area. The insured shall be provided the information contained in all quotations prior to settlement; or

(iii) any settlement or offer of settlement which deviates from the procedure above must be documented and justified in detail. The basis for the settlement or offer of settlement must be explained to the insured;

(2) if an automobile insurance policy provides for the adjustment and settlement of an automobile partial loss on the basis of repair or replacement with like kind and quality and the insured is not an automobile dealer, failing to offer one of the following methods of settlement:

(a) to assume all costs, including reasonable towing costs, for the satisfactory repair of the motor vehicle. Satisfactory repair includes repair of both obvious and hidden damage as caused by the claim incident. This assumption of cost may be reduced by applicable policy provision; or

(b) to offer a cash settlement sufficient to pay for satisfactory repair of the vehicle. Satisfactory repair includes repair of obvious and hidden damage caused by the claim incident, and includes reasonable towing costs;

(3) regardless of whether the loss was total or partial, in the event that a damaged vehicle of an insured cannot be safely driven, failing to exercise the right to inspect automobile damage prior to repair within five business days following receipt of notification of claim. In other cases the inspection must be made in 15 days;

(4) regardless of whether the loss was total or partial, requiring unreasonable travel of a claimant or insured to inspect a replacement automobile, to obtain a repair estimate, to allow an insurer to inspect a repair estimate, to allow an insurer to inspect repairs made pursuant to policy requirements, or to have the automobile repaired;

(5) regardless of whether the loss was total or partial, if loss of use coverage exists under the insurance policy, failing to notify an insured at the time of the insurer's acknowledgment of claim, or sooner if inquiry is made, of the fact of the coverage, including the policy terms and conditions affecting the coverage and the manner in which the insured can apply for this coverage;

(6) regardless of whether the loss was total or partial, failing to include the insured's deductible in the insurer's demands under its subrogation rights. Subrogation recovery must be shared at least on a proportionate basis with the insured, unless the deductible amount has been otherwise recovered by the insured, except that when an insurer is recovering directly from an uninsured third party by means of installments, the insured must receive the full deductible share as soon as that amount is collected and before any part of the total recovery is applied to any other use. No deduction for expenses may be made from the deductible recovery unless an attorney is retained to collect the recovery, in which case deduction may be made only for a pro rata share of the cost of retaining the attorney. An insured is not bound by any settlement of its insurer's subrogation claim with respect to the deductible amount, unless the insured receives, as a result of the subrogation settlement, the full amount of the deductible. Recovery by the insurer and receipt by the insured of less than all of the insured's deductible amount does not affect the insured's rights to recover any unreimbursed portion of the deductible from parties liable for the loss;
(7) requiring as a condition of payment of a claim that repairs to any damaged vehicle must be made by a particular contractor or repair shop or that parts, other than window glass, must be replaced with parts other than original equipment parts or engaging in any act or practice of intimidation, coercion, threat, incentive, or inducement for or against an insured to use a particular contractor or repair shop. Consumer benefits included within preferred vendor programs must not be considered an incentive or inducement. At the time a claim is reported, the insurer must provide the following advisory to the insured or claimant:

"Minnesota law gives You have the right to choose a repair shop to fix your vehicle. Your policy will cover the reasonable costs of repairing your vehicle to its pre-accident condition no matter where you have repairs made. Have you selected a repair shop or would you like a referral?"

After an insured has indicated that the insured has selected a repair shop, the insurer must cease all efforts to influence the insured's or claimant's choice of repair shop;

(8) where liability is reasonably clear, failing to inform the claimant in an automobile property damage liability claim that the claimant may have a claim for loss of use of the vehicle;

(9) failing to make a good faith assignment of comparative negligence percentages in ascertaining the issue of liability;

(10) failing to pay any interest required by statute on overdue payment for an automobile personal injury protection claim;

(11) if an automobile insurance policy contains either or both of the time limitation provisions as permitted by section 65B.55, subdivisions 1 and 2, failing to notify the insured in writing of those limitations at least 60 days prior to the expiration of that time limitation;

(12) if an insurer chooses to have an insured examined as permitted by section 65B.56, subdivision 1, failing to notify the insured of all of the insured's rights and obligations under that statute, including the right to request, in writing, and to receive a copy of the report of the examination;

(13) failing to provide, to an insured who has submitted a claim for benefits described in section 65B.44, a complete copy of the insurer's claim file on the insured, excluding internal company memoranda, all materials that relate to any insurance fraud investigation, materials that constitute attorney work-product or that qualify for the attorney-client privilege, and medical reviews that are subject to section 145.64, within ten business days of receiving a written request from the insured. The insurer may charge the insured a reasonable copying fee. This clause supersedes any inconsistent provisions of sections 72A.49 to 72A.505;

(14) if an automobile policy provides for the adjustment or settlement of an automobile loss due to damaged window glass, failing to provide payment to the insured's chosen vendor based on a competitive price that is fair and reasonable within the local industry at large.

Where facts establish that a different rate in a specific geographic area actually served by the vendor is required by that market, that geographic area must be considered. This clause does not prohibit an insurer from recommending a vendor to the insured or from agreeing with a vendor to perform work at an agreed-upon price, provided, however, that before recommending a vendor, the insurer shall offer its insured the opportunity to choose the vendor. If the insurer recommends a vendor, the insurer must also provide the following advisory:

"Minnesota law gives you the right to go to any glass vendor you choose, and prohibits me from pressuring you to choose a particular vendor.";
requiring that the repair or replacement of motor vehicle glass and related products and services be made in a particular place or shop or by a particular entity, or by otherwise limiting the ability of the insured to select the place, shop, or entity to repair or replace the motor vehicle glass and related products and services; or

engaging in any act or practice of intimidation, coercion, threat, incentive, or inducement for or against an insured to use a particular company or location to provide the motor vehicle glass repair or replacement services or products. For purposes of this section, a warranty shall not be considered an inducement or incentive.

Sec. 28. Minnesota Statutes 2004, section 72C.10, subdivision 1, is amended to read:

Subdivision 1. Readability compliance; filing and approval. No insurer shall make, issue, amend, or renew any policy or contract after the dates specified in section 72C.11 for the applicable type of policy unless the contract is in compliance with the requirements of sections 72C.06 to 72C.09 and unless the contract is filed with the commissioner for approval. The contract shall be deemed approved 90 days after filing unless disapproved by the commissioner within the 90-day period. When an insurer, service plan corporation, or the Minnesota Comprehensive Health Association fails to respond to an objection or inquiry within 60 days, the filing is automatically disapproved. A resubmission is required if action by the Department of Commerce is subsequently requested. An additional filing fee is required for the resubmission. The commissioner shall not unreasonably withhold approval. Any disapproval shall be delivered to the insurer in writing, stating the grounds therefor. Any policy filed with the commissioner shall be accompanied by a Flesch scale readability analysis and test score and by the insurer's certification that the policy or contract is in its judgment readable based on the factors specified in sections 72C.06 to 72C.08.

Sec. 29. Minnesota Statutes 2004, section 79.01, is amended by adding a subdivision to read:

Subd. 1a. Assigned risk plan. "Assigned risk plan" means:

(1) the method to provide workers' compensation coverage to employers unable to obtain coverage through licensed workers' compensation companies; and

(2) the procedures established by the commissioner to implement that method of providing coverage including administration of all assigned risk losses and reserves.

Sec. 30. Minnesota Statutes 2004, section 79.01, is amended by adding a subdivision to read:

Subd. 1b. Employer. "Employer" has the meaning given in section 176.011, subdivision 10.

Sec. 31. Minnesota Statutes 2004, section 79.251, subdivision 1, is amended to read:

Subdivision 1. General duties of commissioner. (a)(1) The commissioner shall have all the usual powers and authorities necessary for the discharge of the commissioner's duties under this section and may contract with individuals in discharge of those duties. The commissioner shall audit the reserves established (a) for individual cases arising under policies and contracts of coverage issued under subdivision 4 and (b) for the total book of business issued under subdivision 4. If the commissioner determines on the basis of an audit that there is an excess surplus in the assigned risk plan, the commissioner must notify the commissioner of finance who shall transfer assets of the plan equal to the excess surplus to the budget reserve account in the general fund.

(2) The commissioner shall monitor the operations of section 79.252 and this section and shall periodically make recommendations to the governor and legislature when appropriate, for improvement in the operation of those sections.
(3) All insurers and self-insurance administrators issuing policies or contracts under subdivision 4 shall pay to the commissioner a .25 percent assessment on premiums for policies and contracts of coverage issued under subdivision 4 for the purpose of defraying the costs of performing the duties under clauses (1) and (2). Proceeds of the assessment shall be deposited in the state treasury and credited to the general fund.

(4) The assigned risk plan shall not be deemed a state agency.

(5) The commissioner shall monitor and have jurisdiction over all reserves maintained for assigned risk plan losses.

(b) As used in this subdivision, "excess surplus" means the amount of assigned risk plan assets in excess of the amount needed to pay all current liabilities of the plan, including, but not limited to:

(1) administrative expenses;

(2) benefit claims; and

(3) if the assigned risk plan is dissolved under subdivision 8, the amounts that would be due insurers who have paid assessments to the plan.

Sec. 32. Minnesota Statutes 2004, section 79.251, is amended by adding a subdivision to read:

Subd. 2a. **Assigned risk rating plan.** (a) Employers insured through the assigned risk plan are subject to paragraphs (b) and (c).

(b) Classifications must be assigned according to a uniform classification system approved by the commissioner.

(c) Rates must be modified according to an experience rating plan approved by the commissioner. Any experience rating plan is subject to Minnesota Rules, parts 2700.2800 and 2700.2900.

Sec. 33. Minnesota Statutes 2004, section 79.252, is amended by adding a subdivision to read:

Subd. 2a. **Minimum qualifications.** Any employer that (1) is required to carry workers’ compensation insurance pursuant to chapter 176 and (2) has a current written notice of refusal to insure pursuant to subdivision 2, is entitled to coverage upon making written application to the assigned risk plan, and paying the applicable premium.

Sec. 34. Minnesota Statutes 2004, section 79.252, is amended by adding a subdivision to read:

Subd. 3a. **Disqualifying factors.** An employer may be denied or terminated from coverage through the assigned risk plan if the employer:

(1) applies for coverage for only a portion of the employer’s statutory liability under chapter 176, excluding wrap-up policies;

(2) has an outstanding debt due and owing to the assigned risk plan at the time of renewal arising from a prior policy;

(3) persistently refuses to permit completion of an adequate payroll audit;

(4) repeatedly submits misleading or erroneous payroll information; or
(5) flagrantly disregards safety or loss control recommendations. Cancellation for nonpayment of premium may be initiated by the service contractor upon 60 days' written notice to the employer pursuant to section 176.185, subdivision 1.

Sec. 35. Minnesota Statutes 2004, section 79.252, is amended by adding a subdivision to read:

Subd. 3b. Occupational disease exposure. An employer having a significant occupational disease exposure, as determined by the commissioner, to be entitled to coverage shall have physical examinations made:

(a) of employees who have not been examined within one year of the date of application for assignment;

(b) of new employees before hiring; and

(c) of terminated employees. Upon request, the findings and reports of doctors making examinations, together with x-rays and other original exhibits, must be furnished to the assigned risk plan or the Department of Labor and Industry.

Sec. 36. Minnesota Statutes 2005 Supplement, section 79A.04, subdivision 2, is amended to read:

Subd. 2. Minimum deposit. The minimum deposit is 110 percent of the private self-insurer's estimated future liability. The deposit may be used to secure payment of all administrative and legal costs, and unpaid assessments required by section 79A.12, subdivision 2, relating to or arising from its or other employers' self-insuring. As used in this section, "private self-insurer" includes both current and former members of the self-insurers' security fund; and "private self-insurers' estimated future liability" means the private self-insurers' total of estimated future liability as determined by an Associate or Fellow of the Casualty Actuarial Society every year for group member private self-insurers and, for a nongroup member private self-insurer's authority to self-insure, every year for the first five years. After the first five years, the nongroup member's total shall be as determined by an Associate or Fellow of the Casualty Actuarial Society at least every two years, and each such actuarial study shall include a projection of future losses during the period until the next scheduled actuarial study, less payments anticipated to be made during that time.

All data and information furnished by a private self-insurer to an Associate or Fellow of the Casualty Actuarial Society for purposes of determining private self-insurers' estimated future liability must be certified by an officer of the private self-insurer to be true and correct with respect to payroll and paid losses, and must be certified, upon information and belief, to be true and correct with respect to reserves. The certification must be made by sworn affidavit. In addition to any other remedies provided by law, the certification of false data or information pursuant to this subdivision may result in a fine imposed by the commissioner of commerce on the private self-insurer up to the amount of $5,000, and termination of the private self-insurers' authority to self-insure. The determination of private self-insurers' estimated future liability by an Associate or Fellow of the Casualty Actuarial Society shall be conducted in accordance with standards and principles for establishing loss and loss adjustment expense reserves by the Actuarial Standards Board, an affiliate of the American Academy of Actuaries. The commissioner may reject an actuarial report that does not meet the standards and principles of the Actuarial Standards Board, and may further disqualify the actuary who prepared the report from submitting any future actuarial reports pursuant to this chapter. Within 30 days after the actuary has been served by the commissioner with a notice of disqualification, an actuary who is aggrieved by the disqualification may request a hearing to be conducted in accordance with chapter 14. Based on a review of the actuarial report, the commissioner of commerce may require an increase in the minimum security deposit in an amount the commissioner considers sufficient.

In addition, the Minnesota self-insurers' security fund may, at its sole discretion and cost, undertake an independent actuarial review or an actuarial study of a private self-insurers' estimated future liability as defined herein. The review or study must be conducted by an associate or fellow of the Casualty Actuarial Society. The
actuary has the right to receive and review data and information of the self-insurer necessary for the actuary to complete its review or study. A copy of this report must be filed with the commissioner and a copy must be furnished to the self-insurer.

Estimated future liability is determined by first taking the total amount of the self-insured's future liability of workers' compensation claims and then deducting the total amount which is estimated to be returned to the self-insurer from any specific excess insurance coverage, aggregate excess insurance coverage, and any supplementary benefits or second injury benefits which are estimated to be reimbursed by the special compensation fund. However, in the determination of estimated future liability, the actuary for the self-insurer shall not take a credit for any excess insurance or reinsurance which is provided by a captive insurance company which is wholly owned by the self-insurer. Supplementary benefits or second injury benefits will not be reimbursed by the special compensation fund unless the special compensation fund assessment pursuant to section 176.129 is paid and the reports required thereunder are filed with the special compensation fund. In the case of surety bonds, bonds shall secure administrative and legal costs in addition to the liability for payment of compensation reflected on the face of the bond. In no event shall the security be less than the last retention limit selected by the self-insurer with the Workers' Compensation Reinsurance Association, provided that the commissioner may allow former members to post less than the Workers' Compensation Reinsurance Association retention level if that amount is adequate to secure payment of the self-insurers' estimated future liability, as defined in this subdivision, including payment of claims, administrative and legal costs, and unpaid assessments required by section 79A.12, subdivision 2. The posting or depositing of security pursuant to this section shall release all previously posted or deposited security from any obligations under the posting or depositing and any surety bond so released shall be returned to the surety. Any other security shall be returned to the depositor or the person posting the bond.

As a condition for the granting or renewing of a certificate to self-insure, the commissioner may require a private self-insurer to furnish any additional security the commissioner considers sufficient to insure payment of all claims under chapter 176.

Sec. 37. Minnesota Statutes 2004, section 79A.23, subdivision 3, is amended to read:

Subd. 3. Operational audit. (a) The commissioner, prior to authorizing surplus distribution of a commercial self-insurance group's first fund year or no later than after the third anniversary of the group's authority to self-insure, may conduct an operational audit of the commercial self-insurance group's claim handling and reserve practices as well as its underwriting procedures to determine if they adhere to the group's business plan and sound business practices. The commissioner may select outside consultants to assist in conducting the audit. After completion of the audit, the commissioner shall either renew or revoke the commercial self-insurance group's authority to self-insure. The commissioner may also order any changes deemed necessary in the claims handling, reserving practices, or underwriting procedures of the group.

(b) The cost of the operational audit shall be borne by the commercial self-insurance group.

Sec. 38. Minnesota Statutes 2004, section 79A.32, is amended to read:

79A.32 REPORTING TO MINNESOTA WORKERS' COMPENSATION INSURERS' ASSOCIATION LICENSED DATA SERVICE ORGANIZATIONS.

Subdivision 1. Required activity. Each self-insurer shall perform the following activities:

(1) maintain membership in and report loss experience data to the Minnesota Workers' Compensation Insurers Association, or a licensed data service organization, in accordance with the statistical plan and rules of the organization as approved by the commissioner;
(2) establish a plan for merit rating which shall be consistently applied to all insureds, provided that members of a data service organization may use merit rating plans developed by that data service organization;

(3) provide an annual report to the commissioner containing the information and prepared in the form required by the commissioner; and

(4) keep a record of the losses paid by the self-insurers and premiums for the group self-insurers.

Subd. 2. Permitted activity. In addition to any other activities not prohibited by this chapter, self-insurers may:

Through data service organizations licensed under chapter 79, self-insurers may:

(1) through licensed data service organizations, individually, or with self-insurers commonly owned, managed, or controlled, conduct research and collect statistics to investigate, identify, and classify information relating to causes or prevention of losses; and

(2) develop and use classification plans and rates based upon any reasonable factors; and at the request of a private self-insurer or self-insurer group, submit and collect data, including payroll and loss data; and perform calculations, including calculations of experience modifications of individual self-insured employers.

(3) develop rules for the assignment of risks to classifications.

Subd. 3. Delayed reporting. Private self-insurers established under sections 79A.01 to 79A.18 prior to August 1, 1995, need not begin filing the reports required under subdivision 1 until January 1, 1998.

Sec. 39. REPEALER.

Minnesota Rules, parts 2781.0100; 2781.0200; 2781.0300; 2781.0400; 2781.0500; and 2781.0600, are repealed."

Subdivision 1. Required coverage. A health plan, including a plan providing the coverage specified in section 62A.011, subdivision 3, clause (10), must provide coverage for: (1) all physician prescribed medically appropriate and necessary equipment and supplies used in the management and treatment of diabetes; and (2) diabetes outpatient self-management training and education, including medical nutrition therapy, that is provided by a certified, registered, or licensed health care professional working in a program consistent with the national standards of diabetes self-management education as established by the American Diabetes Association. Coverage must include persons with gestational, type I or type II diabetes. Coverage required under this section is subject to the same deductible or coinsurance provisions applicable to the plan's hospital, medical expense, medical equipment, or prescription drug benefits. A health carrier may not reduce or eliminate coverage due to this requirement.

Subd. 2. Medicare Part D exception. A health plan providing the coverage specified in section 62A.011, subdivision 3, clause (10), is not subject to the requirements of subdivision 1, clause (1), with respect to equipment and supplies covered under the Medicare Part D Prescription Drug program, whether or not the covered person is enrolled in a Medicare Part D plan.

This subdivision does not apply to a health plan providing the coverage specified in section 62A.011, subdivision 3, clause (10), that was in effect on December 31, 2005, if the covered person remains enrolled in the plan and does not enroll in a Medicare Part D plan.

EFFECTIVE DATE. This section is effective retroactive to January 1, 2006.

Reimbursement shall be for the actual charges up to 100 percent of the Medicare-approved amount for each service, as if Medicare were to cover the service as identified in American Medical Association current procedural terminology (AMA CPT) codes, to a maximum of $120 annually under this benefit. This benefit shall not include payment for a procedure covered by Medicare;

(6) coverage for services to provide short-term at-home assistance with activities of daily living for those recovering from an illness, injury, or surgery:

HEALTH INSURANCE CHANGES

Section 1. Minnesota Statutes 2004, section 62A.02, is amended by adding a subdivision to read:

Subd. 3a. Individual policy rates file and use; minimum lifetime loss ratio guarantee. (a) Notwithstanding subdivisions 2, 3, 4a, 5a, and 6, individual premium rates may be used upon filing with the department of an individual policy form if the filing is accompanied by the individual policy form filing and a minimum lifetime loss ratio guarantee. Insurers may use the filing procedure specified in this subdivision only if the affected individual policy forms disclose the benefit of a minimum lifetime loss ratio guarantee. Insurers may amend individual policy forms to provide for a minimum lifetime loss ratio guarantee. If an insurer elects to use the filing procedure in this subdivision for an individual policy rate, the insurer shall not use a filing of premium rates that does not provide a minimum lifetime loss ratio guarantee for that individual policy rate.

(b) The minimum lifetime loss ratio guarantee must be in writing and must contain at least the following:

(1) an actuarial memorandum specifying the expected loss ratio that complies with the standards as set forth in this subdivision;

(2) a statement certifying that all rates, fees, dues, and other charges are not excessive, inadequate, or unfairly discriminatory;

(3) detailed experience information concerning the policy forms;

(4) a step-by-step description of the process used to develop the minimum lifetime loss ratio, including demonstration with supporting data;
(5) guarantee of specific minimum lifetime loss ratio that must be greater than or equal to the minimum loss ratio that applies to the health carrier under section 62A.021, subdivision 1, paragraph (a), (f), or (g), for policies issued to individuals or for certificates issued to members of an association that does not offer coverage to small employers, taking into consideration adjustments for duration;

(6) a guarantee that the actual Minnesota loss ratio for the calendar year in which the new rates take effect, and for each year thereafter until new rates are filed, will meet or exceed the minimum lifetime loss ratio standards referred to in clause (5), adjusted for duration;

(7) a guarantee that the actual Minnesota lifetime loss ratio shall meet or exceed the minimum lifetime loss ratio standards referred to in clause (5); and

(8) if the annual earned premium volume in Minnesota under the particular policy form is less than $2,500,000, the minimum lifetime loss ratio guarantee must be based partially on the Minnesota earned premium and other credible factors as specified by the commissioner.

(c) The actual Minnesota minimum loss ratio results for each year at issue must be independently audited at the insurer’s expense, and the audit report must be filed with the commissioner not later than 120 days after the end of the year at issue.

(d) The insurer shall refund premiums in the amount necessary to bring the actual loss ratio up to the guaranteed minimum lifetime loss ratio. For the purpose of this paragraph, loss ratio and guaranteed minimum lifetime loss ratio are the expected aggregate loss ratio of all approved individual policy forms that provide for a minimum lifetime loss ratio guarantee.

(e) A Minnesota policyholder affected by the guaranteed minimum lifetime loss ratio shall receive a portion of the premium refund relative to the premium paid by the policyholder. The refund must be made to all Minnesota policyholders insured under the applicable policy form during the year at issue if the refund would equal $10 or more per policy. The refund must include statutory interest from July 1 of the year at issue until the date of payment. Payment must be made not later than 180 days after the end of the year at issue.

(f) Premium refunds of less than $10 per insured must be credited to the policyholder’s account.

(g) Subdivisions 2 and 3 do not apply if premium rates are filed with the department and accompanied by a minimum lifetime loss ratio guarantee that meets the requirements of this subdivision. Such filings are deemed approved. When determining a loss ratio for the purposes of a minimum lifetime loss ratio guarantee, the insurer shall divide the total of the claims incurred, plus preferred provider organization expenses, case management, and utilization review expenses, plus reinsurance premiums less reinsurance recoveries by the premiums earned less state and local taxes less other assessments. The insurer shall identify any assessment allocated.

(h) The policy form filing of an insurer using the filing procedure with a minimum lifetime loss ratio guarantee must disclose to the enrollee, member, or subscriber an explanation of the minimum lifetime loss ratio guarantee, and the actual loss ratio, and any adjustments for duration.

(i) The insurer who elects to use the filing procedure with a minimum lifetime loss ratio guarantee shall notify all policyholders of the refund calculation, the result of the refund calculation, the percentage of premium on an aggregate basis to be refunded, if any, any amount of the refund attributed to the payment of interests, and an explanation of amounts less than $10.
Sec. 2. Minnesota Statutes 2004, section 62A.021, subdivision 1, is amended to read:

Subdivision 1. Loss ratio standards. (a) Notwithstanding section 62A.02, subdivision 3, relating to loss ratios, and except as otherwise authorized by section 62A.02, subdivision 3a, for individual policies or certificates, health care policies or certificates shall not be delivered or issued for delivery to an individual or to a small employer as defined in section 62L.02, unless the policies or certificates can be expected, as estimated for the entire period for which rates are computed to provide coverage, to return to Minnesota policyholders and certificate holders in the form of aggregate benefits not including anticipated refunds or credits, provided under the policies or certificates, (1) at least 75 percent of the aggregate amount of premiums earned in the case of policies issued in the small employer market, as defined in section 62L.02, subdivision 27, calculated on an aggregate basis; and (2) at least 65 percent of the aggregate amount of premiums earned in the case of each policy form or certificate form issued in the individual market; calculated on the basis of incurred claims experience or incurred health care expenses where coverage is provided by a health maintenance organization on a service rather than reimbursement basis and earned premiums for the period and according to accepted actuarial principles and practices. Assessments by the reinsurance association created in chapter 62L and all types of taxes, surcharges, or assessments created by Laws 1992, chapter 549, or created on or after April 23, 1992, are included in the calculation of incurred claims experience or incurred health care expenses. The applicable percentage for policies and certificates issued in the small employer market, as defined in section 62L.02, increases by one percentage point on July 1 of each year, beginning on July 1, 1994, until an 82 percent loss ratio is reached on July 1, 2000. The applicable percentage for policy forms and certificate forms issued in the individual market increases by one percentage point on July 1 of each year, beginning on July 1, 1994, until a 72 percent loss ratio is reached on July 1, 2000. A health carrier that enters a market after July 1, 1993, does not start at the beginning of the phase-in schedule and must instead comply with the loss ratio requirements applicable to other health carriers in that market for each time period. Premiums earned and claims incurred in markets other than the small employer and individual markets are not relevant for purposes of this section.

(b) All filings of rates and rating schedules shall demonstrate that actual expected claims in relation to premiums comply with the requirements of this section when combined with actual experience to date. Filings of rate revisions shall also demonstrate that the anticipated loss ratio over the entire future period for which the revised rates are computed to provide coverage can be expected to meet the appropriate loss ratio standards, and aggregate loss ratio from inception of the policy form or certificate form shall equal or exceed the appropriate loss ratio standards.

(c) A health carrier that issues health care policies and certificates to individuals or to small employers, as defined in section 62L.02, in this state shall file annually its rates, rating schedule, and supporting documentation including ratios of incurred losses to earned premiums by policy form or certificate form duration for approval by the commissioner according to the filing requirements and procedures prescribed by the commissioner. The supporting documentation shall also demonstrate in accordance with actuarial standards of practice using reasonable assumptions that the appropriate loss ratio standards can be expected to be met over the entire period for which rates are computed. The demonstration shall exclude active life reserves. If the data submitted does not confirm that the health carrier has satisfied the loss ratio requirements of this section, the commissioner shall notify the health carrier in writing of the deficiency. The health carrier shall have 30 days from the date of the commissioner's notice to file amended rates that comply with this section. If the health carrier fails to file amended rates within the prescribed time, the commissioner shall order that the health carrier's filed rates for the nonconforming policy form or certificate form be reduced to an amount that would have resulted in a loss ratio that complied with this section had it been in effect for the reporting period of the supplement. The health carrier's failure to file amended rates within the specified time or the issuance of the commissioner's order amending the rates does not preclude the health carrier from filing an amendment of its rates at a later time. The commissioner shall annually make the submitted data available to the public at a cost not to exceed the cost of copying. The data must be compiled in a form useful for consumers who wish to compare premium charges and loss ratios.
(d) Each sale of a policy or certificate that does not comply with the loss ratio requirements of this section is an unfair or deceptive act or practice in the business of insurance and is subject to the penalties in sections 72A.17 to 72A.32.

(e)(1) For purposes of this section, health care policies issued as a result of solicitations of individuals through the mail or mass media advertising, including both print and broadcast advertising, shall be treated as individual policies.

(2) For purposes of this section, (i) "health care policy" or "health care certificate" is a health plan as defined in section 62A.011; and (ii) "health carrier" has the meaning given in section 62A.011 and includes all health carriers delivering or issuing for delivery health care policies or certificates in this state or offering these policies or certificates to residents of this state.

(f) The loss ratio phase-in as described in paragraph (a) does not apply to individual policies and small employer policies issued by a health plan company that is assessed less than three percent of the total annual amount assessed by the Minnesota Comprehensive Health Association. These policies must meet a 68 percent loss ratio for individual policies, a 71 percent loss ratio for small employer policies with fewer than ten employees, and a 75 percent loss ratio for all other small employer policies.

(g) Notwithstanding paragraphs (a) and (f), the loss ratio shall be 60 percent for a health plan as defined in section 62A.011, offered by an insurance company licensed under chapter 60A that is assessed less than ten percent of the total annual amount assessed by the Minnesota Comprehensive Health Association. For purposes of the percentage calculation of the association's assessments, an insurance company's assessments include those of its affiliates.

(h) The commissioners of commerce and health shall each annually issue a public report listing, by health plan company, the actual loss ratios experienced in the individual and small employer markets in this state by the health plan companies that the commissioners respectively regulate. The commissioners shall coordinate release of these reports so as to release them as a joint report or as separate reports issued the same day. The report or reports shall be released no later than June 1 for loss ratios experienced for the preceding calendar year. Health plan companies shall provide to the commissioners any information requested by the commissioners for purposes of this paragraph.

Sec. 3. Minnesota Statutes 2004, section 62A.65, subdivision 3, is amended to read:

Subd. 3. **Premium rate restrictions.** No individual health plan may be offered, sold, issued, or renewed to a Minnesota resident unless the premium rate charged is determined in accordance with the following requirements:

(a) Premium rates must be no more than 25 percent above and no more than 25 percent below the index rate charged to individuals for the same or similar coverage, adjusted pro rata for rating periods of less than one year. The premium variations permitted by this paragraph must be based only upon health status, claims experience, and occupation. For purposes of this paragraph, health status includes refraining from tobacco use or other actuarially valid lifestyle factors associated with good health, provided that the lifestyle factor and its effect upon premium rates have been determined by the commissioner to be actuarially valid and have been approved by the commissioner. Variations permitted under this paragraph must not be based upon age or applied differently at different ages. This paragraph does not prohibit use of a constant percentage adjustment for factors permitted to be used under this paragraph.

(b) Premium rates may vary based upon the ages of covered persons only as provided in this paragraph. In addition to the variation permitted under paragraph (a), each health carrier may use an additional premium variation based upon age of up to plus or minus 50 percent of the index rate.
(c) A health carrier may request approval by the commissioner to establish no more than three separate geographic regions determined by the health carrier and to establish separate index rates for each such region, provided that the index rates do not vary between any two regions by more than 20 percent. Health carriers that do not do business in the Minneapolis/St. Paul metropolitan area may request approval for no more than two geographic regions, and clauses (2) and (3) do not apply to approval of requests made by those health carriers. The commissioner may grant approval if the following conditions are met:

1. The geographic regions must be applied uniformly by the health carrier;
2. One geographic region must be based on the Minneapolis/St. Paul metropolitan area;
3. For each geographic region that is rural, the index rate for that region must not exceed the index rate for the Minneapolis/St. Paul metropolitan area;
4. Each geographic region must be composed of no fewer than seven counties that create a contiguous region; and
5. The health carrier provides actuarial justification acceptable to the commissioner for the proposed geographic variations in index rates, establishing that the variations are based upon differences in the cost to the health carrier of providing coverage.

(d) Health carriers may use rate cells and must file with the commissioner the rate cells they use. Rate cells must be based upon the number of adults or children covered under the policy and may reflect the availability of Medicare coverage. The rates for different rate cells must not in any way reflect generalized differences in expected costs between principal insureds and their spouses.

(e) In developing its index rates and premiums for a health plan, a health carrier shall take into account only the following factors:

1. Actuarially valid differences in rating factors permitted under paragraphs (a) and (b); and
2. Actuarially valid geographic variations if approved by the commissioner as provided in paragraph (c).

(f) All premium variations must be justified in initial rate filings and upon request of the commissioner in rate revision filings. All rate variations are subject to approval by the commissioner.

(g) The loss ratio must comply with the section 62A.021 requirements for individual health plans.

(h) The rates must not be approved, unless the commissioner has determined that the rates are reasonable. In determining reasonableness, the commissioner shall consider the growth rates applied under section 62J.04, subdivision 1, paragraph (b), to the calendar year or years that the proposed premium rate would be in effect, actuarially valid changes in risks associated with the enrollee populations, and actuarially valid changes as a result of statutory changes in Laws 1992, chapter 549.

(i) An insurer may, as part of a minimum lifetime loss ratio guarantee filing under section 62A.02, subdivision 3a, include a rating practices guarantee as provided in this paragraph. The rating practices guarantee must be in writing and must guarantee that the policy form will be offered, sold, issued, and renewed only with premium rates and premium rating practices that comply with subdivisions 2, 3, 4, and 5. The rating practices guarantee must be accompanied by an actuarial memorandum that demonstrates that the premium rates and premium rating system
used in connection with the policy form will satisfy the guarantee. The guarantee must guarantee refunds of any excess premiums to policyholders charged premiums that exceed those permitted under subdivision 2, 3, 4, or 5. An insurer that complies with this paragraph in connection with a policy form is exempt from the requirement of prior approval by the commissioner under paragraphs (c), (f), and (h).

**EFFECTIVE DATE.** The amendments to paragraph (c) of this section are effective January 1, 2007, and apply to policies issued or renewed on or after that date.

Sec. 4. [62Q.80] COMMUNITY-BASED HEALTH CARE COVERAGE PROGRAM.

Subdivision 1. **Scope.** (a) A community-based health care initiative may develop and operate a community-based health care coverage program that offers to eligible individuals and their dependents the option of purchasing through their employer health care coverage on a fixed prepaid basis without meeting the requirements of chapter 60A, 62A, 62C, 62D, 62Q, or 62T, or any other law or rule that applies to entities licensed under these chapters.

(b) The initiative shall establish health outcomes to be achieved through the program and performance measurements in order to determine whether these outcomes have been met. The outcomes must include, but are not limited to:

(1) a reduction in uncompensated care provided by providers participating in the community-based health network;

(2) an increase in the delivery of preventive health care services; and

(3) health improvement for enrollees with chronic health conditions through the management of these conditions.

In establishing performance measurements, the initiative shall use measures that are consistent with measures published by nonprofit Minnesota or national organizations that produce and disseminate health care quality measures.

(c) Any program established under this section shall not constitute a financial liability for the state, in that any financial risk involved in the operation or termination of the program shall be borne by the community-based initiative and the participating health care providers.

Subd. 2. **Definitions.** For purposes of this section, the following definitions apply:

(a) "Community-based" means located in or primarily relating to the community of geographically contiguous political subdivisions, as determined by the board of a community-based health initiative that is served by the community-based health care coverage program.

(b) "Community-based health care coverage program" or "program" means a program administered by a community-based health initiative that provides health care services through provider members of a community-based health network or combination of networks to eligible individuals and their dependents who are enrolled in the program.

(c) "Community-based health initiative" means a nonprofit corporation that is governed by a board that has at least 80 percent of its members residing in the community and includes representatives of the participating network providers and employers.
(d) "Community-based health network" means a contract-based network of health care providers organized by the community-based health initiative to provide or support the delivery of health care services to enrollees of the community-based health care coverage program on a risk-sharing or nonrisk-sharing basis.

(e) "Dependent" means an eligible employee's spouse or unmarried child who is under the age of 19 years.

Subd. 3. Approval. (a) Prior to the operation of a community-based health care coverage program, a community-based health initiative shall submit to the commissioner of health for approval the community-based health care coverage program developed by the initiative. The commissioner shall only approve a program that has been awarded a community access program grant from the United States Department of Health and Human Services. The commissioner shall ensure that the program meets the federal grant requirements and any requirements described in this section and is actuarially sound based on a review of appropriate records and methods utilized by the community-based health initiative in establishing premium rates for the community-based health care coverage program.

(b) Prior to approval, the commissioner shall also ensure that:

(1) the benefits offered comply with subdivision 8 and that there are adequate numbers of health care providers participating in the community-based health network to deliver the benefits offered under the program;

(2) the activities of the program are limited to activities that are exempt under this section or otherwise from regulation by the commissioner of commerce;

(3) the complaint resolution process meets the requirements of subdivision 10; and

(4) the data privacy policies and procedures comply with state and federal law.

Subd. 4. Establishment. (a) The initiative shall establish and operate upon approval by the commissioner of health a community-based health care coverage program. The operational structure established by the initiative shall include, but is not limited to:

(1) establishing a process for enrolling eligible individuals and their dependents;

(2) collecting and coordinating premiums from enrollees and employers of enrollees;

(3) providing payment to participating providers;

(4) establishing a benefit set according to subdivision 8 and establishing premium rates and cost-sharing requirements;

(5) creating incentives to encourage primary care and wellness services; and

(6) initiating disease management services, as appropriate.

(b) The payments collected under paragraph (a), clause (2), may be used to capture available federal funds.

Subd. 5. Qualifying employees. To be eligible for the community-based health care coverage program, an individual must:

(1) reside in or work within the designated community-based geographic area served by the program;
(2) be employed by a qualifying employer or be an employee's dependent;

(3) not be enrolled in or have currently available health coverage; and

(4) not be enrolled in medical assistance, general assistance medical care, MinnesotaCare, or Medicare.

Subd. 6. Qualifying employers. (a) To qualify for participation in the community-based health care coverage program, an employer must:

(1) employ at least one but no more than 50 employees at the time of initial enrollment in the program;

(2) pay its employees a median wage of $12.50 per hour or less; and

(3) not have offered employer-subsidized health coverage to its employees for at least 12 months prior to the initial enrollment in the program. For purposes of this section, "employer-subsidized health coverage" means health care coverage for which the employer pays at least 50 percent of the cost of coverage for the employee.

(b) To participate in the program, a qualifying employer agrees to:

(1) offer health care coverage through the program to all eligible employees and their dependents regardless of health status;

(2) participate in the program for an initial term of at least one year;

(3) pay a percentage of the premium established by the initiative for the employee; and

(4) provide the initiative with any employee information deemed necessary by the initiative to determine eligibility and premium payments.

Subd. 7. Participating providers. Any health care provider participating in the community-based health network must accept as payment in full the payment rate established by the initiative and may not charge to or collect from an enrollee any amount in excess of this amount for any service covered under the program.

Subd. 8. Coverage. (a) The initiative shall establish the health care benefits offered through the community-based health care coverage program. The benefits established shall include, at a minimum:

(1) child health supervision services up to age 18, as defined under section 62A.047; and

(2) preventive services, including:

(i) health education and wellness services;

(ii) health supervision, evaluation, and follow-up;

(iii) immunizations; and

(iv) early disease detection.

(b) Coverage of health care services offered by the program may be limited to participating health care providers or health networks. All services covered under the program must be services that are offered within the scope of practice of the participating health care providers.
(c) The initiative may establish cost-sharing requirements. Any co-payment or deductible provisions established may not discriminate on the basis of age, sex, race, disability, economic status, or length of enrollment in the program.

(d) If the initiative amends or alters the benefits offered through the program from the initial offering, the initiative must notify the commissioner of health and all enrollees of the benefit change.

Subd. 9. **Enrollee information.** (a) The initiative must provide an individual or family who enrolls in the program a clear and concise written statement that includes the following information:

1. health care services that are provided under the program;

2. any exclusions or limitations on the health care services offered, including any cost-sharing arrangements or prior authorization requirements;

3. a list of where the health care services can be obtained and that all health care services must be provided by or through a participating health care provider or community-based health network;

4. a description of the program's complaint resolution process, including how to submit a complaint; how to file a complaint with the commissioner of health; and how to obtain an external review of any adverse decisions as provided under subdivision 10;

5. the conditions under which the program or coverage under the program may be canceled or terminated; and

6. a precise statement specifying that this program is not an insurance product and, as such, is exempt from state regulation of insurance products.

(b) The commissioner of health must approve a copy of the written statement prior to the operation of the program.

Subd. 10. **Complaint resolution process.** (a) The initiative must establish a complaint resolution process. The process must make reasonable efforts to resolve complaints and to inform complainants in writing of the initiative's decision within 60 days of receiving the complaint. Any decision that is adverse to the enrollee shall include a description of the right to an external review as provided in paragraph (c) and how to exercise this right.

(b) The initiative must report any complaint that is not resolved within 60 days to the commissioner of health.

(c) The initiative must include in the complaint resolution process the ability of an enrollee to pursue the external review process provided under section 62Q.73 with any decision rendered under this external review process binding on the initiative.

Subd. 11. **Data privacy.** The initiative shall establish data privacy policies and procedures for the program that comply with state and federal data privacy laws.

Subd. 12. **Limitations on enrollment.** (a) The initiative may limit enrollment in the program. If enrollment is limited, a waiting list must be established.

(b) The initiative shall not restrict or deny enrollment in the program except for nonpayment of premiums, fraud or misrepresentation, or as otherwise permitted under this section.
(c) The initiative may require a certain percentage of participation from eligible employees of a qualifying employer before coverage can be offered through the program.

Subd. 13. **Report.** (a) The initiative shall submit quarterly status reports to the commissioner of health on January 15, April 15, July 15, and October 15 of each year, with the first report due January 15, 2007. The status report shall include:

3. the number of employers participating, the number of employees and dependents covered under the program, and the number of health care providers participating;

4. a description of the health outcomes to be achieved by the program and a status report on the performance measurements to be used and collected; and

(b) The initiative shall contract with an independent entity to conduct an evaluation of the program to be submitted to the commissioners of health and commerce and the legislature by January 15, 2009. The evaluation shall include:

1. an analysis of the health outcomes established by the initiative and the performance measurements to determine whether the outcomes are being achieved;

   (i) the difference in the number of employers with 50 or fewer employees offering employer-subsidized health coverage;

   (ii) the difference in uncompensated care being provided in each area; and

   (iii) a comparison of health care outcomes and measurements established by the initiative; and

8088 JOURNAL OF THE HOUSE [111TH DAY

Subd. 14. **Sunset.** This section expires December 31, 2011.

Sec. 5. Minnesota Statutes 2005 Supplement, section 62J.052, is amended to read:

**62J.052 PROVIDER COST DISCLOSURE.**

**Subdivision 1. Health care providers.** (a) Each health care provider, as defined by section 62J.03, subdivision 8, except hospitals and outpatient surgical centers subject to the requirements of section 62J.823, shall provide the following information:

(1) the average allowable payment from private third-party payers for the 20 services or procedures most commonly performed;

(2) the average payment rates for those services and procedures for medical assistance;

(3) the average charge for those services and procedures for individuals who have no applicable private or public coverage; and

(4) the average charge for those services and procedures, including all patients.

(b) This information shall be updated annually and be readily available at no cost to the public on site.

Subd. 2. **Pharmacies.** (a) Each pharmacy, as defined in section 151.01, subdivision 2, shall provide the following information to a patient upon request:

(1) the pharmacy's own usual and customary price for a prescription drug;

(2) a record, including all transactions on record with the pharmacy both past and present, of all co-payments and other cost-sharing paid to the pharmacy by the patient for up to two years; and

(3) the total amount of all co-payments and other cost-sharing paid to the pharmacy by the patient over the previous two years.

(b) The information required under paragraph (a) must be readily available at no cost to the patient.

**EFFECTIVE DATE.** This section is effective October 1, 2006.

Sec. 6. Minnesota Statutes 2004, section 62J.81, subdivision 1, is amended to read:

Subdivision 1. **Required disclosure of estimated payment.** (a) A health care provider, as defined in section 62J.03, subdivision 8, or the provider’s designee as agreed to by that designee, shall, at the request of a consumer, provide that consumer with a good faith estimate of the reimbursement the provider expects to receive from the health plan company in which the consumer is enrolled. Health plan companies must allow contracted providers, or their designee, to release this information. A good faith estimate must also be made available at the request of a consumer who is not enrolled in a health plan company. Payment information provided by a provider, or by the provider’s designee as agreed to by that designee, to a patient pursuant to this subdivision does not constitute a legally binding estimate of the cost of services.

(b) A health plan company, as defined in section 62J.03, subdivision 10, shall, at the request of an enrollee or the enrollee's designee, provide that enrollee with a good faith estimate of the reimbursement the health plan company would expect to pay to a specified provider within the network for a health care service specified by the enrollee. If
requested by the enrollee, the health plan company shall also provide to the enrollee a good faith estimate of the enrollee's out-of-pocket cost for the health care service. An estimate provided to an enrollee under this paragraph is not a legally binding estimate of the reimbursement or out-of-pocket cost.

**EFFECTIVE DATE.** Paragraph (a) is effective the day following final enactment. Paragraph (b) is effective January 1, 2007.

Sec. 7. [62J.823] HOSPITAL PRICING TRANSPARENCY.

Subdivision 1. **Short title.** This section may be cited as the Hospital Pricing Transparency Act.

Subd. 2. **Definition.** For the purposes of this section, "estimate" means the actual price expected to be billed to the individual or to the individual's health plan company based on the specific diagnostic related group code or specific procedure code or codes, reflecting any known discounts the individual would receive.

Subd. 3. **Applicability and scope.** Any hospital, as defined in section 144.696, subdivision 3, and outpatient surgical center, as defined in section 144.696, subdivision 4, shall provide a written estimate of the cost of a specific service or stay upon the request of a patient, doctor, or the patient's representative. The request must include:

(1) the health coverage status of the patient, including the specific health plan or other health coverage under which the patient is enrolled, if any; and

(2) at least one of the following:

(i) the specific diagnostic related group code;

(ii) the name of the procedure or procedures to be performed;

(iii) the type of treatment to be received; or

(iv) any other information that will allow the hospital or outpatient surgical center to determine the specific diagnostic related group or procedure code or codes.

Subd. 4. **Estimate.** (a) An estimate provided by the hospital or outpatient surgical center must contain:

(1) the method used to calculate the estimate;

(2) the specific diagnostic related group or procedure code or codes used to calculate the estimate, and a description of the diagnostic related group or procedure code or codes that is reasonably understandable to a patient; and

(3) a statement indicating that the estimate, while accurate, may not reflect the actual billed charges and that the final bill may be higher or lower depending on the patient's specific circumstances.

(b) The estimate may be provided in any method that meets the needs of the patient and the hospital or outpatient surgical center, including electronically; however, a paper copy must be provided if specifically requested.

**EFFECTIVE DATE.** This section is effective October 1, 2006.
Sec. 8. Minnesota Statutes 2004, section 62L.03, subdivision 3, is amended to read:

Subd. 3. **Minimum participation and contribution.** (a) A small employer that has at least 75 percent of its eligible employees who have not waived coverage participating in a health benefit plan and that contributes at least 50 percent toward the cost of coverage of each eligible employee must be guaranteed coverage on a guaranteed issue basis from any health carrier participating in the small employer market. The participation level of eligible employees must be determined at the initial offering of coverage and at the renewal date of coverage. A health carrier must not increase the participation requirements applicable to a small employer at any time after the small employer has been accepted for coverage. For the purposes of this subdivision, waiver of coverage includes only waivers due to: (1) coverage under another group health plan; (2) coverage under Medicare Parts A and B; (3) coverage under MCHA permitted under section 62E.141; or (4) coverage under medical assistance under chapter 256B or general assistance medical care under chapter 256D.

(b) If a small employer does not satisfy the contribution or participation requirements under this subdivision, a health carrier may voluntarily issue or renew individual health plans, or a health benefit plan which must fully comply with this chapter. A health carrier that provides a health benefit plan to a small employer that does not meet the contribution or participation requirements of this subdivision must maintain this information in its files for audit by the commissioner. A health carrier may not offer an individual health plan, purchased through an arrangement between the employer and the health carrier, to any employee unless the health carrier also offers the individual health plan, on a guaranteed issue basis, to all other employees of the same employer. An arrangement permitted under section 62L.12, subdivision 2, paragraph (k), is not an arrangement between the employer and the health carrier for purposes of this paragraph.

(c) Nothing in this section obligates a health carrier to issue coverage to a small employer that currently offers coverage through a health benefit plan from another health carrier, unless the new coverage will replace the existing coverage and not serve as one of two or more health benefit plans offered by the employer. This paragraph does not apply if the small employer will meet the required participation level with respect to the new coverage.

**EFFECTIVE DATE.** This section is effective the day following final enactment.

Sec. 9. Minnesota Statutes 2004, section 62L.08, subdivision 4, is amended to read:

Subd. 4. **Geographic premium variations.** A health carrier may request approval by the commissioner to establish no more than three separate geographic regions determined by the health carrier and to establish separate index rates for each such region, provided that the index rates do not vary between any two regions by more than 20 percent. Health carriers that do not do business in the Minneapolis/St. Paul metropolitan area may request approval for no more than two geographic regions, and clauses (2) and (3) do not apply to approval of requests made by those health carriers. A health carrier may also request approval to establish one or more additional geographic regions and one or more separate index rates for premiums for employees working and residing outside of Minnesota. The commissioner shall grant approval if the following conditions are met:

(1) the geographic regions must be applied uniformly by the health carrier;

(2) one geographic region must be based on the Minneapolis/St. Paul metropolitan area;

(3) if one geographic region is rural, the index rate for the rural region must not exceed the index rate for the Minneapolis/St. Paul metropolitan area;

(2) each geographic region must be composed of no fewer than seven counties that create a contiguous region; and
the health carrier provides actuarial justification acceptable to the commissioner for the proposed geographic variations in index rates, establishing that the variations are based upon differences in the cost to the health carrier of providing coverage.

**EFFECTIVE DATE.** This section is effective January 1, 2007, and applies to policies issued or renewed on or after that date.

Sec. 10. Minnesota Statutes 2005 Supplement, section 62L.12, subdivision 2, is amended to read:

Subd. 2. **Exceptions.** (a) A health carrier may sell, issue, or renew individual conversion policies to eligible employees otherwise eligible for conversion coverage under section 62D.104 as a result of leaving a health maintenance organization's service area.

(b) A health carrier may sell, issue, or renew individual conversion policies to eligible employees otherwise eligible for conversion coverage as a result of the expiration of any continuation of group coverage required under sections 62A.146, 62A.17, 62A.21, 62C.142, 62D.101, and 62D.105.

(c) A health carrier may sell, issue, or renew conversion policies under section 62E.16 to eligible employees.

(d) A health carrier may sell, issue, or renew individual continuation policies to eligible employees as required.

(e) A health carrier may sell, issue, or renew individual health plans if the coverage is appropriate due to an unexpired preexisting condition limitation or exclusion applicable to the person under the employer's group health plan or due to the person's need for health care services not covered under the employer's group health plan.

(f) A health carrier may sell, issue, or renew an individual health plan, if the individual has elected to buy the individual health plan not as part of a general plan to substitute individual health plans for a group health plan nor as a result of any violation of subdivision 3 or 4.

(g) Nothing in this subdivision relieves a health carrier of any obligation to provide continuation or conversion coverage otherwise required under federal or state law.

(h) Nothing in this chapter restricts the offer, sale, issuance, or renewal of coverage issued as a supplement to Medicare under sections 62A.31 to 62A.44, or policies or contracts that supplement Medicare issued by health maintenance organizations, or those contracts governed by sections 1833, 1851 to 1859, 1860D, or 1876 of the federal Social Security Act, United States Code, title 42, section 1395 et seq., as amended.

(i) Nothing in this chapter restricts the offer, sale, issuance, or renewal of individual health plans necessary to comply with a court order.

(j) A health carrier may offer, issue, sell, or renew an individual health plan to persons eligible for an employer group health plan, if the individual health plan is a high deductible health plan for use in connection with an existing health savings account, in compliance with the Internal Revenue Code, section 223. In that situation, the same or a different health carrier may offer, issue, sell, or renew a group health plan to cover the other eligible employees in the group.

(k) A health carrier may offer, sell, issue, or renew an individual health plan to one or more employees of a small employer if the individual health plan is marketed directly to all employees of the small employer and the small employer does not contribute directly or indirectly to the premiums or facilitate the administration of the individual health plan. The requirement to market an individual health plan to all employees does not require the health carrier to offer or issue an individual health plan to any employee. For purposes of this paragraph, an employer is not
contributing to the premiums or facilitating the administration of the individual health plan if the employer does not contribute to the premium and merely collects the premiums from an employee's wages or salary through payroll deductions and submits payment for the premiums of one or more employees in a lump sum to the health carrier. Except for coverage under section 62A.65, subdivision 5, paragraph (b), or 62E.16, at the request of an employee, the health carrier may bill the employer for the premiums payable by the employee, provided that the employer is not liable for payment except from payroll deductions for that purpose. If an employer is submitting payments under this paragraph, the health carrier shall provide a cancellation notice directly to the primary insured at least ten days prior to termination of coverage for nonpayment of premium. Individual coverage under this paragraph may be offered only if the small employer has not provided coverage under section 62L.03 to the employees within the past 12 months.

The employer must provide a written and signed statement to the health carrier that the employer is not contributing directly or indirectly to the employee's premiums. The health carrier may rely on the employer's statement and is not required to guarantee-issue individual health plans to the employer's other current or future employees.

**EFFECTIVE DATE.** This section is effective the day following final enactment.

Sec. 11. Minnesota Statutes 2004, section 123A.21, subdivision 7, is amended to read:

Subd. 12. Health coverage pool comparison shopping. (a) Service cooperative must permit school districts and other political subdivisions participating in a service cooperative health coverage pool to solicit bids and other information from competing sources of health coverage at any time other than within five months prior to the end of a master agreement.

(b) A service cooperative must not impose a fine or other penalty against an enrolled entity for soliciting a bid or other information during the allowed period. The service cooperative may prohibit the entity from participating in service cooperative coverage for a period of up to one year, if the entity leaves the service cooperative pool and obtains other health coverage.

(c) A service cooperative must provide each enrolled entity with the entity's monthly claims data. This paragraph applies notwithstanding section 13.203.

Notwithstanding Minnesota Statutes, section 256B.692, subdivision 6, clause (1), paragraph (c), the commissioner of human services shall not reject a county-based purchasing health plan proposal, submitted on behalf of Cass, Crow Wing, Morrison, Todd, and Wadena Counties, that requires county-based purchasing on a sole source or single-plan basis contract if the implementation of the sole source or single-plan purchasing proposal does not limit an enrollee's provider choice or access to services and all other requirements applicable to health plan purchasing are satisfied. The commissioner shall request federal approval, if necessary, to permit or maintain a sole source or single-plan purchasing option even if choice is available in the area. The commissioner shall continue single health plan purchasing arrangements with county-based purchasing entities in the service areas in existence on May 1, 2006, including arrangements for which a proposal was submitted by May 1, 2006, on behalf of Cass, Crow Wing, Morrison, Todd, and Wadena Counties, in response to a request for proposals issued by the commissioner.

The commissioner shall consider, and may approve, contracting on a single-health plan basis with county-based purchasing plans, or with other qualified health plans that have coordination arrangements with counties, to serve persons with a disability who voluntarily enroll, in order to promote better coordination or integration of health care services, social services and other community-based services, provided that all requirements applicable to health plan purchasing, including those in Minnesota Statutes, section 256B.69, subdivision 23, are satisfied. By January 15, 2007, the commissioner shall report to the chairs of the appropriate legislative committees in the house and senate an analysis of the advantages and disadvantages of using single-health plan purchasing to serve persons with a disability who are eligible for health care programs. The report shall include consideration of the impact of federal health care programs and policies for persons who are eligible for both federal and state health care programs and shall consider strategies to improve coordination between federal and state health care programs for those persons.

**EFFECTIVE DATE.** This section is effective the day following final enactment."
The motion prevailed and the amendment was adopted.

Latz moved to amend S. F. No. 2833, as amended, as follows:

Page 5, after line 30, insert:

The Honorable James P. Metzen
President of the Senate

The Honorable Steve Sviggum
Speaker of the House of Representatives

We, the undersigned conferees for S. F. No. 762 report that we have agreed upon the items in dispute and recommend as follows:
That the House recede from its amendments and that S. F. No. 762 be further amended as follows:

Delete everything after the enacting clause and insert:

"Section 1. Minnesota Statutes 2004, section 103C.501, subdivision 5, is amended to read:

Subd. 5. Contracts by districts. (a) A district board may contract on a cost-share basis to furnish financial aid to a land occupier or to a state agency for permanent systems for erosion or sedimentation control or water quality improvement that are consistent with the district's comprehensive and annual work plans.

(b) The duration of the contract may, at a minimum, be the time required to complete the planned systems. A contract must specify that the land occupier is liable for monetary damages, not to exceed the amount of up to 150 percent of the financial assistance received from the district, for failure to complete the systems or practices in a timely manner or maintain the systems or practices as specified in the contract.

(c) A contract may provide for cooperation or funding with federal agencies. A land occupier or state agency may provide the cost-sharing portion of the contract through services in kind.

(d) The state board or the district board may not furnish any financial aid for practices designed only to increase land productivity.

(e) When a district board determines that long-term maintenance of a system or practice is desirable, the board may require that maintenance be made a covenant upon the land for the effective life of the practice. A covenant under this subdivision shall be construed in the same manner as a conservation restriction under section 84.65.

Sec. 2. 114D.05 CITATION.

This chapter may be cited as the "Clean Water Legacy Act."

Sec. 3. 114D.10 LEGISLATIVE PURPOSE AND FINDINGS.

Subdivision 1. Purpose. The purpose of the Clean Water Legacy Act is to protect, restore, and preserve the quality of Minnesota's surface waters by providing authority, direction, and resources to achieve and maintain water quality standards for surface waters as required by section 303(d) of the federal Clean Water Act, United States Code, title 33, section 1313(d), and applicable federal regulations.

Subd. 2. Findings. The legislature finds that:

(1) there is a close link between protecting, restoring, and preserving the quality of Minnesota's surface waters and the ability to develop the state's economy, enhance its quality of life, and protect its human and natural resources;

(2) achieving the state's water quality goals will require long-term commitment and cooperation by all state and local agencies, and other public and private organizations and individuals, with responsibility and authority for water management, planning, and protection; and

(3) all persons and organizations whose activities affect the quality of waters, including point and nonpoint sources of pollution, have a responsibility to participate in and support efforts to achieve the state's water quality goals.
Sec. 4. [114D.15] DEFINITIONS.

Subdivision 1. Application. The definitions provided in this section apply to the terms used in this chapter.

Subd. 2. Citizen monitoring. "Citizen monitoring" means monitoring of surface water quality by individuals and nongovernmental organizations that is consistent with section 115.06, subdivision 4, and Pollution Control Agency guidance on monitoring procedures, quality assurance protocols, and data management.

Subd. 4. Federal TMDL requirements. "Federal TMDL requirements" means the requirements of section 303(d) of the Clean Water Act, United States Code, title 33, section 1313(d), and associated regulations and guidance.

Subd. 5. Impaired water. "Impaired water" means surface water that does not meet applicable water quality standards.

Subd. 6. Public agencies. "Public agencies" means all state agencies, political subdivisions, joint powers organizations, and special purpose units of government with authority, responsibility, or expertise in protecting, restoring, or preserving the quality of surface waters, managing or planning for surface waters and related lands, or financing waters-related projects. Public agencies includes the University of Minnesota and other public education institutions.

Subd. 7. Restoration. "Restoration" means actions, including effectiveness monitoring, that are taken to achieve and maintain water quality standards for impaired waters in accordance with a TMDL that has been approved by the United States Environmental Protection Agency under federal TMDL requirements.

Subd. 8. Surface waters. "Surface waters" means waters of the state as defined in section 115.01, subdivision 22, excluding groundwater as defined in section 115.01, subdivision 6.

Subd. 9. Third-party TMDL. "Third-party TMDL" means a TMDL by the Pollution Control Agency that is developed in whole or in part by a qualified public agency other than the Pollution Control Agency consistent with the goals, policies, and priorities in section 114D.20.

Subd. 10. Total maximum daily load or TMDL. "Total maximum daily load" or "TMDL" means a scientific study that contains a calculation of the maximum amount of a pollutant that may be introduced into a surface water and still ensure that applicable water quality standards for that water are restored and maintained. A TMDL also is the sum of the pollutant load allocations for all sources of the pollutant, including a wasteload allocation for point sources, a load allocation for nonpoint sources and natural background, an allocation for future growth of point and nonpoint sources, and a margin of safety to account for uncertainty about the relationship between pollutant loads and the quality of the receiving surface water. "Natural background" means characteristics of the water body resulting from the multiplicity of factors in nature, including climate and ecosystem dynamics, that affect the physical, chemical, or biological conditions in a water body, but does not include measurable and distinguishable pollution that is attributable to human activity or influence. A TMDL must take into account seasonal variations.

Subd. 11. TMDL implementation plan. "TMDL implementation plan" means a document detailing restoration activities needed to meet the approved TMDL's pollutant load allocations for point and nonpoint sources.

Subd. 12. Water quality standards. "Water quality standards" for Minnesota surface waters are found in Minnesota Rules, chapters 7050 and 7052.
Sec. 5. [114D.20] IMPLEMENTATION; COORDINATION; GOALS; POLICIES; AND PRIORITIES.

Subdivision 1. Coordination and cooperation. In implementing this chapter, public agencies and private entities shall take into consideration the relevant provisions of local and other applicable water management, conservation, land use, land management, and development plans and programs. Public agencies with authority for local water management, conservation, land use, land management, and development plans shall take into consideration the manner in which their plans affect the implementation of this chapter. Public agencies shall identify opportunities to participate and assist in the successful implementation of this chapter, including the funding or technical assistance needs, if any, that may be necessary. In implementing this chapter, public agencies shall endeavor to engage the cooperation of organizations and individuals whose activities affect the quality of surface waters, including point and nonpoint sources of pollution, and who have authority and responsibility for water management, planning, and protection. To the extent practicable, public agencies shall endeavor to enter into formal and informal agreements and arrangements with federal agencies and departments to jointly utilize staff and educational, technical, and financial resources to deliver programs or conduct activities to achieve the intent of this chapter, including efforts under the federal Clean Water Act and other federal farm and soil and water conservation programs. Nothing in this chapter affects the application of silvicultural exemptions under any federal, state, or local law or requires silvicultural practices more stringent than those recommended in the timber harvesting and forest management guidelines adopted by the Minnesota Forest Resources Council under section 89A.05.

Subd. 2. Goals for implementation. The following goals must guide the implementation of this chapter:

1. to identify impaired waters in accordance with federal TMDL requirements within ten years after the effective date of this section and thereafter to ensure continuing evaluation of surface waters for impairments;

2. to submit TMDL’s to the United States Environmental Protection Agency for all impaired waters in a timely manner in accordance with federal TMDL requirements;

3. to set a reasonable time for implementing restoration of each identified impaired water;

4. to provide assistance and incentives to prevent waters from becoming impaired and to improve the quality of waters that are listed as impaired but do not have an approved TMDL addressing the impairment;

5. to promptly seek the delisting of waters from the impaired waters list when those waters are shown to achieve the designated uses applicable to the waters; and

6. to achieve compliance with federal Clean Water Act requirements in Minnesota.

Subd. 3. Implementation policies. The following policies must guide the implementation of this chapter:

1. develop regional and watershed TMDL’s and TMDL implementation plans, and TMDL’s and TMDL implementation plans for multiple pollutants, where reasonable and feasible;

2. maximize use of available organizational, technical, and financial resources to perform sampling, monitoring, and other activities to identify impaired waters, including use of citizen monitoring and citizen monitoring data used by the Pollution Control Agency in assessing water quality must meet the requirements in Appendix D of the Volunteer Surface Water Monitoring Guide, Minnesota Pollution Control Agency (2003);

3. maximize opportunities for restoration of impaired waters, by prioritizing and targeting of available programmatic, financial, and technical resources and by providing additional state resources to complement and leverage available resources;
(4) use existing regulatory authorities to achieve restoration for point and nonpoint sources of pollution where applicable, and promote the development and use of effective nonregulatory measures to address pollution sources for which regulations are not applicable;

(5) use restoration methods that have a demonstrated effectiveness in reducing impairments and provide the greatest long-term positive impact on water quality protection and improvement and related conservation benefits while incorporating innovative approaches on a case-by-case basis;

(6) identify for the legislature any innovative approaches that may strengthen or complement existing programs;

(7) identify and encourage implementation of measures to prevent waters from becoming impaired and to improve the quality of waters that are listed as impaired but have no approved TMDL addressing the impairment using the best available data and technology, and establish and report outcome-based performance measures that monitor the progress and effectiveness of protection and restoration measures; and

(8) monitor and enforce cost-sharing contracts and impose monetary damages in an amount up to 150 percent of the financial assistance received for failure to comply.

Subd. 4. Priorities for identifying impaired waters. The Pollution Control Agency, in accordance with federal TMDL requirements, shall set priorities for identifying impaired waters, giving consideration to:

(1) waters where impairments would pose the greatest potential risk to human or aquatic health; and

(2) waters where data developed through public agency or citizen monitoring or other means, provides scientific evidence that an impaired condition exists.

Subd. 5. Priorities for preparation of TMDL’s. The Clean Water Council shall recommend priorities for scheduling and preparing TMDL’s and TMDL implementation plans, taking into account the severity of the impairment, the designated uses of those waters, and other applicable federal TMDL requirements. In recommending priorities, the council shall also give consideration to waters and watersheds:

(1) with impairments that pose the greatest potential risk to human health;

(2) with impairments that pose the greatest potential risk to threatened or endangered species;

(3) with impairments that pose the greatest potential risk to aquatic health;

(4) where other public agencies and participating organizations and individuals, especially local, basinwide, watershed, or regional agencies or organizations, have demonstrated readiness to assist in carrying out the responsibilities, including availability and organization of human, technical, and financial resources necessary to undertake the work; and

(5) where there is demonstrated coordination and cooperation among cities, counties, watershed districts, and soil and water conservation districts in planning and implementation of activities that will assist in carrying out the responsibilities.

Subd. 6. Priorities for restoration of impaired waters. In implementing restoration of impaired waters, in addition to the priority considerations in subdivision 5, the Clean Water Council shall give priority in its recommendations for restoration funding from the clean water legacy account to restoration projects that:

(1) coordinate with and utilize existing local authorities and infrastructure for implementation;
(2) can be implemented in whole or in part by providing support for existing or ongoing restoration efforts;

(3) most effectively leverage other sources of restoration funding, including federal, state, local, and private sources of funds;

(4) show a high potential for early restoration and delisting based upon scientific data developed through public agency or citizen monitoring or other means; and

(5) show a high potential for long-term water quality and related conservation benefits.

Subd. 7. Priorities for funding prevention actions. The Clean Water Council shall apply the priorities applicable under subdivision 6, as far as practicable, when recommending priorities for funding actions to prevent waters from becoming impaired and to improve the quality of waters that are listed as impaired but do not have an approved TMDL.

Sec. 6. 114D.25 ADMINISTRATION; POLLUTION CONTROL AGENCY.

Subdivision 1. General duties and authorities. (a) The Pollution Control Agency, in accordance with federal TMDL requirements, shall:

(1) identify impaired waters and propose a list of the waters for review and approval by the United States Environmental Protection Agency;

(2) develop and approve TMDL's for listed impaired waters and submit the approved TMDL's to the United State Environmental Protection Agency for final approval; and

(3) propose to delist waters from the Environmental Protection Agency impaired waters list.

(b) A TMDL must include a statement of the facts and scientific data supporting the TMDL and a list of potential implementation options, including:

(1) a range of estimates of the cost of implementation of the TMDL; and

(2) for point sources, the individual wasteload data and the estimated cost of compliance addressed by the TMDL.

(c) The implementation information need not be sent to the United States Environmental Protection Agency for review and approval.

Subd. 2. Administrative procedures for TMDL approval. The approval of a TMDL by the Pollution Control Agency is a final decision of the agency for purposes of section 115.05, and is subject to the contested case procedures of sections 14.57 to 14.62 in accordance with agency procedural rules. The agency shall not submit an approved TMDL to the United States Environmental Protection Agency until the time for commencing judicial review has run or the judicial review process has been completed. A TMDL is not subject to the rulemaking requirements of chapter 14, including section 14.386.

Subd. 3. TMDL submittal requirement. Before submitting a TMDL to the United States Environmental Protection Agency, the Pollution Control Agency shall comply with the notice and procedure requirements of this section. If a contested case proceeding is not required for a proposed TMDL, the agency may submit the TMDL to the United States Environmental Protection Agency no earlier than 30 days after the notice required in subdivision 4. If a contested case proceeding is required for a TMDL, the TMDL may be submitted to the United States Environmental Protection Agency after the contested case proceeding and appeal process is completed.
Subd. 4. **TMDL notice; contents.** The Pollution Control Agency shall give notice of its intention to submit a TMDL to the United States Environmental Protection Agency. The notice must be given by publication in the State Register and by United States mail to persons who have registered their names with the agency. The notice must include either a copy of the proposed TMDL or an easily readable and understandable description of its nature and effect and an announcement of how free access to the proposed TMDL can be obtained. In addition, the agency shall make reasonable efforts to notify persons or classes of persons who may be significantly affected by the TMDL by giving notice of its intention in newsletters, newspapers, or other publications, or through other means of communication. The notice must include a statement informing the public:

(1) that the public has 30 days in which to submit comment in support of or in opposition to the proposed TMDL and that comment is encouraged;

(2) that each comment should identify the portion of the proposed TMDL addressed, the reason for the comment, and any change proposed;

(3) of the manner in which persons must request a contested case proceeding on the proposed TMDL;

(4) that the proposed TMDL may be modified if the modifications are supported by the data and facts; and

(5) the date on which the 30-day comment period ends.

Subd. 5. **Third-party TMDL development.** The Pollution Control Agency may enter into agreements with any qualified public agency setting forth the terms and conditions under which that agency is authorized to develop a third-party TMDL. In determining whether the public agency is qualified to develop a third-party TMDL, the Pollution Control Agency shall consider the technical and administrative qualifications of the public agency, cost, and shall avoid any potential organizational conflict of interest, as defined in section 16C.02, subdivision 10a, of the public agency with respect to the development of the third-party TMDL. A third-party TMDL is subject to modification and approval by the Pollution Control Agency, and must be approved by the Pollution Control Agency before it is submitted to the United States Environmental Protection Agency. The Pollution Control Agency shall only consider authorizing the development of third-party TMDL’s consistent with the goals, policies, and priorities determined under section 114D.20.

Sec. 7. **[114D.30] CLEAN WATER COUNCIL.**

Subdivision 1. **Creation; duties.** A Clean Water Council is created to advise on the administration and implementation of this chapter, and foster coordination and cooperation as described in section 114D.20, subdivision 1. The council may also advise on the development of appropriate processes for expert scientific review as described in section 114D.35, subdivision 2. The Pollution Control Agency shall provide administrative support for the council with the support of other member agencies. The members of the council shall elect a chair from the nonagency members of the council.

Subd. 2. **Membership; appointment.** The commissioners of natural resources, agriculture, and the Pollution Control Agency, and the executive director of the Board of Water and Soil Resources shall appoint one person from their respective agency to serve as a member of the council. Agency members serve as nonvoting members of the council. Seventeen additional nonagency members of the council shall be appointed by the governor as follows:

Members appointed under clauses (1) to (14) must not be registered lobbyists. In making appointments, the governor must attempt to provide for geographic balance. The members of the council appointed by the governor are subject to the advice and consent of the senate.

Subd. 3. Conflict of interest. A Clean Water Council member may not participate in or vote on a decision of the council relating to an organization in which the member has either a direct or indirect personal financial interest. While serving on the Clean Water Council, a member shall avoid any potential conflict of interest.

Subd. 4. Terms; compensation; removal. The initial terms of members representing state agencies and the Metropolitan Council expire on the first Monday in January 2007. Thereafter, the terms of members representing the state agencies and the Metropolitan Council are four years and are coterminous with the governor. Compensation and removal of council members is as provided in section 15.059, subdivisions 3 and 4. A vacancy on the council may be filled by the appointing authority provided in subdivision 1 for the remainder of the unexpired term.

Subd. 5. Implementation plan. The Clean Water Council shall recommend a plan for implementation of this chapter. The recommended plan shall address general procedures and time frames for implementing this chapter, and shall include a more specific implementation work plan for the next fiscal biennium and a framework for setting priorities to address impaired waters consistent with section 114D.20, subdivisions 2 to 7. The council shall issue the first recommended plan under this subdivision by December 1, 2005, and shall issue a revised plan by December 1 of each even-numbered year thereafter.

Subd. 6. Recommendations on appropriation of funds. The Clean Water Council shall recommend to the governor the manner in which money from the clean water legacy account should be appropriated for the purposes identified in section 114D.45, subdivision 3. The council's recommendations must be consistent with the purposes, policies, goals, and priorities in sections 114D.05 to 114D.35, and shall allocate adequate support and resources to identify impaired waters, develop TMDL's, implement restoration of impaired waters, and provide assistance and
incentives to prevent waters from becoming impaired and improve the quality of waters which are listed as impaired but have no approved TMDL. The council must recommend methods of ensuring that awards of grants, loans, or other funds from the clean water legacy account specify the outcomes to be achieved as a result of the funding and specify standards to hold the recipient accountable for achieving the desired outcomes. Expenditures from the account must be appropriated by law.

Subd. 7. **Biennial report to legislature.** By December 1 of each even-numbered year, the council shall submit a report to the legislature on the activities for which money has been or will be spent for the current biennium, the activities for which money is recommended to be spent in the next biennium, and the impact on economic development of the implementation of the impaired waters program. The report due on December 1, 2014, must include an evaluation of the progress made through June 30, 2014, in implementing this chapter, the need for funding of future implementation of those sections, and recommendations for the sources of funding.

Sec. 8. **[114D.35] PUBLIC AND STAKEHOLDER PARTICIPATION; SCIENTIFIC REVIEW; EDUCATION.**

Subdivision 1. **Public and stakeholder participation.** Public agencies and private entities involved in the implementation of this chapter shall encourage participation by the public and stakeholders, including local citizens, landowners and managers, and public and private organizations, in the identification of impaired waters, in developing TMDL's, and in planning, priority setting, and implementing restoration of impaired waters. In particular, the Pollution Control Agency shall make reasonable efforts to provide timely information to the public and to stakeholders about impaired waters that have been identified by the agency. The agency shall seek broad and early public and stakeholder participation in scoping the activities necessary to develop a TMDL, including the scientific models, methods, and approaches to be used in TMDL development, and to implement restoration pursuant to section 114D.15, subdivision 7.

Subd. 2. **Expert scientific advice.** The Clean Water Council and public agencies and private entities shall make use of available public and private expertise from educational, research, and technical organizations, including the University of Minnesota and other higher education institutions, to provide appropriate independent expert advice on models, methods, and approaches used in identifying impaired waters, developing TMDL's, and implementing prevention and restoration.

Subd. 3. **Education.** The Clean Water Council shall develop strategies for informing, educating, and encouraging the participation of citizens, stakeholders, and others regarding the identification of impaired waters, development of TMDL’s, development of TMDL implementation plans, and implementation of restoration for impaired waters. Public agencies shall be responsible for implementing the strategies.

Sec. 9. **[114D.45] CLEAN WATER LEGACY ACCOUNT.**

Subdivision 1. **Creation.** The clean water legacy account is created as an account in the environmental fund. Money in the account must be made available for the implementation of this chapter and sections 446A.073, 446A.074, and 446A.075, without supplanting or taking the place of any other funds which are currently available or may become available from any other source, whether federal, state, local, or private, for implementation of those sections.

Subd. 2. **Sources of revenue.** The following revenues must be deposited in the clean water legacy account:

(1) money transferred to the account; and

(2) interest accrued on the account.
Subd. 3. **Purposes.** Subject to appropriation by the legislature, the clean water legacy account may be spent for the following purposes:

1. to provide grants, loans, and technical assistance to public agencies and others who are participating in the process of identifying impaired waters, developing TMDL's, implementing restoration plans for impaired waters, and monitoring the effectiveness of restoration;

2. to support measures to prevent waters from becoming impaired and to improve the quality of waters that are listed as impaired but do not have an approved TMDL addressing the impairment;

3. to provide grants and loans for wastewater and storm water treatment projects through the Public Facilities Authority;

4. to support the efforts of public agencies associated with individual sewage treatment systems and financial assistance for upgrading and replacing the systems; and

5. to provide funds to state agencies to carry out their responsibilities under this chapter.

Sec. 10. Minnesota Statutes 2004, section 115.03, is amended by adding a subdivision to read:

**Subd. 10. Nutrient loading offset.** (a) Prior to the completion of a total maximum daily load for an impaired water, the Pollution Control Agency may issue a permit for a new discharger or an expanding discharger if it results in decreased loading to an impaired water. Where a new discharger or an expanding existing discharger cannot effectively implement zero discharge options, the agency may issue a permit if the increased loading is offset by reductions from other sources of loading to the impaired water, so that there is a net decrease in the pollutant loading of concern. The term "new discharger" is as defined in Code of Federal Regulations, title 40, section 122.2.

(b) The legislature intends this subdivision to confirm and clarify the authority of the pollution control agency to issue the authorized permits under prior law. The subdivision must not be construed as a legislative interpretation within the meaning of Minnesota Statutes, section 645.16, clause (8), or otherwise as the legislature's intent that the agency did not have authority to issue such a permit under prior law.

Sec. 11. Minnesota Statutes 2004, section 446A.051, is amended to read:

**446A.051 PROJECT FINANCIAL ASSISTANCE.**

The authority shall assist eligible governmental units in determining what grants or loans under sections 446A.06, and 446A.07, 446A.072, 446A.073, 446A.074, 446A.075, and 446A.081 to apply for to finance projects and the manner in which the governmental unit will pay for its portion of the project cost. If a project is eligible for a grant under section 446A.073, 446A.074, or 446A.075, the total grant shall not exceed the greater of the maximum amount from a single program or the amount the project could receive under section 446A.072. The authority shall review the proposed financing for each project certified by the agency to ascertain whether or not: (1) total financing of a project is assured; and (2) the governmental unit's financial plan to pay for its portion of the project cost is feasible.

Sec. 12. Minnesota Statutes 2005 Supplement, section 446A.073, subdivision 1, is amended to read:

**Subdivision 1. Program established.** When money is appropriated for grants under this program, the authority must make grants to municipalities to cover up to one-half the cost of wastewater treatment or stormwater projects made necessary by wasteload reductions under total maximum daily load plans required by section 303(d) of the federal Clean Water Act, United States Code, title 33, section 1313(d).
Sec. 13. Minnesota Statutes 2005 Supplement, section 446A.073, subdivision 2, is amended to read:

Subd. 2. **Grant application.** Application for a grant must be made to the authority on forms prescribed by the authority for the total maximum daily load grant program, with additional information as required by the authority, including a project schedule and cost estimate for the work necessary to comply with the point source wasteload allocation. In accordance with section 116.182, The Pollution Control Agency shall:

(1) in accordance with section 116.182, calculate the essential project component percentage, which must be multiplied by the total project cost to determine the eligible project cost; and

(2) review and certify approved projects to the authority those projects that have plans and specifications approved under section 115.03, subdivision 1, paragraph (f).

Sec. 14. **446A.074 CLEAN WATER LEGACY PHOSPHORUS REDUCTION GRANTS.**

Subdivision 1. **Creation of account.** A clean water legacy capital improvement account is created in the bond proceeds fund. Money in the account may only be used for grants for eligible capital costs as provided in this section. Money in the clean water legacy capital improvement fund, including interest earned, is appropriated to the authority for the purposes of this section.

Subd. 2. **Grants.** The authority shall award grants from the clean water legacy capital improvement account to governmental units for the capital costs of wastewater treatment facility projects or a portion thereof that will reduce the discharge of total phosphorus from the facility to one milligram per liter or less. A project is eligible for a grant if it meets the following requirements:

(1) the applicable phosphorus discharge limit is incorporated in a permit issued by the agency for the wastewater treatment facility on or after March 28, 2000, the grantee agrees to comply with the applicable limit as a condition of receiving the grant, or the grantee made improvements to a wastewater treatment facility on or after March 28, 2000, that include infrastructure to reduce the discharge of total phosphorus to one milligram per liter or less;

(2) the governmental unit has submitted a facilities plan for the project to the agency and a grant application to the authority on a form prescribed by the authority; and

(3) the agency has approved the facilities plan, and certified the eligible costs for the project to the authority.

Subd. 3. **Eligible capital costs.** Eligible capital costs for phosphorus reduction grants under subdivision 4, paragraph (a), include engineering and inspection costs and the as-bid construction costs for phosphorus treatment. Eligible capital costs for phosphorus reduction grants under subdivision 4, paragraph (b), include the final, incurred construction, engineering, and inspection costs for phosphorus treatment.

Subd. 4. **Grant amounts and priorities.** (a) Priority must be given to projects that start construction on or after July 1, 2006. If a facility's plan for a project is approved by the agency before July 1, 2010, the amount of the grant is 75 percent of the eligible capital cost of the project. If a facility's plan for a project is approved by the agency on or after July 1, 2010, the amount of the grant is 50 percent of the eligible capital cost of the project. Priority in awarding grants under this paragraph must be based on the date of approval of the facility's plan for the project.

(b) Projects that meet the eligibility requirements in subdivision 2 and have started construction before July 1, 2006, may be eligible for grants to reimburse up to 75 percent of the eligible capital cost of the project, less any amounts previously received in grants from other sources, provided that reimbursement is an eligible use of funds. Application for a grant under this paragraph must be submitted to the authority no later than June 30, 2008. Priority for award of grants under this paragraph must be based on the date of agency approval of the facility plan.
(c) In each fiscal year that money is available for grants, the authority shall first award grants under paragraph (a) to projects that met the eligibility requirements of subdivision 2 by May 1 of that year. The authority shall use any remaining money available that year to award grants under paragraph (b). Grants that have been approved but not awarded in a previous fiscal year carry over and must be awarded in subsequent fiscal years in accordance with the priorities in this paragraph.

(d) Disbursements of grants under this section by the authority to recipients must be made for eligible project costs as incurred by the recipients, and must be made by the authority in accordance with the project financing agreement and applicable state law.

Subd. 5. Fees. The authority may charge the grant recipient a fee for its administrative costs not to exceed one-half of one percent of the grant amount, to be paid upon execution of the grant agreement.

Sec. 15. [446A.075] SMALL COMMUNITY WASTEWATER TREATMENT PROGRAM.

Subdivision 1. Creation of account. A small community wastewater treatment account is created in the special revenue fund. The authority shall make loans and grants from the account as provided in this section. Money in the fund is annually appropriated to the authority and does not lapse. The account shall be credited with all loan repayments and investment income from the account and servicing fees assessed under section 446A.04, subdivision 5. The authority shall manage and administer the small community wastewater treatment account and for these purposes, may exercise all powers provided in this chapter.

Subd. 2. Loans and grants. (a) The authority shall award loans as provided in paragraph (b) and grants as provided in paragraphs (c) and (d) to governmental units from the small community wastewater treatment account for projects to replace noncomplying individual sewage treatment systems with a community wastewater treatment system or systems meeting the requirements of section 115.55. A governmental unit receiving a loan or loan and grant from the account shall own the individual wastewater treatment systems or community wastewater treatment systems built under the program and shall be responsible, either directly or through a contract with a private vendor, for all inspections, maintenance, and repairs necessary to ensure proper operation of the systems.

(b) Loans may be awarded for up to 100 percent of eligible project costs as described in this section.

(c) When the area to be served by a project has a median household income below the state average median household income, the governmental unit may receive 50 percent of the funding provided under this section in the form of a grant. An applicant may submit income survey data collected by an independent party if it believes the most recent United States census does not accurately reflect the median household income of the area to be served.

(d) If requested, and if it is an eligible use of funds, a governmental unit receiving funding under this section may receive a grant equal to ten percent of its first year's award, up to a maximum of $30,000, to contract for technical assistance services from the University of Minnesota Extension Service to develop the technical, managerial, and financial capacity necessary to build, operate, and maintain the systems.

Subd. 3. Project priority list. Governmental units seeking loans or loans and grants from the small community wastewater treatment program shall first submit a project proposal to the agency on a form prescribed by the agency. A project proposal shall include the compliance status for all individual sewage treatment systems in the project area. The agency shall rank project proposals on its project priority list used for the water pollution control revolving fund under section 446A.07.

Subd. 4. Applications. Governmental units with projects on the project priority list shall submit applications to the authority on forms prescribed by the authority. The application shall include:
(1) a list of the individual sewage treatment systems proposed to be replaced over a period of up to three years;

(2) a project schedule and cost estimate for each year of the project;

(3) a financing plan for repayment of the loan; and

(4) a management plan providing for the inspection, maintenance, and repairs necessary to ensure proper operation of the systems.

Subd. 5. Awards. The authority shall award loans or loans and grants as provided in subdivision 2 to governmental units with approved applications based on their ranking on the agency's project priority list. The total amount awarded shall be based on the estimated project costs for the portion of the project expected to be completed within one year, up to an annual maximum of $500,000. For projects expected to take more than one year to complete, the authority may make a multiyear commitment for a period not to exceed three years, contingent on the future availability of funds. Each year of a multiyear commitment must be funded by a separate loan or loan and grant agreement meeting the terms and conditions in subdivision 6. A governmental unit receiving a loan or loan and grant under a multiyear commitment shall have priority for additional loan and grant funds in subsequent years.

Subd. 6. Loan terms and conditions. Loans from the small community wastewater treatment account shall comply with the following terms and conditions:

(1) principal and interest payments must begin no later than two years after the loan is awarded;

(2) loans shall carry an interest rate of one percent;

(3) loans shall be fully amortized within ten years of the first scheduled payment or, if the loan amount exceeds $10,000 per household, shall be fully amortized within 20 years but not to exceed the expected design life of the system;

(4) a governmental unit receiving a loan must establish a dedicated source or sources of revenues for repayment of the loan and must issue a general obligation note to the authority for the full amount of the loan; and

(5) each property owner voluntarily seeking assistance for repair or replacement of an individual treatment system under this program must provide an easement to the governmental unit to allow access to the system for management and repairs.

Subd. 7. Special assessment deferral. (a) A governmental unit receiving a loan under this section that levies special assessments to repay the loan may defer payment of the assessments under the provisions of sections 435.193 to 435.195.

(b) A governmental unit that defers payment of special assessments for one or more properties under paragraph (a) may request deferral of that portion of the debt service on its loan, and the authority shall accept appropriate amendments to the general obligation note of the governmental unit. If special assessment payments are later received from properties that received a deferral, the funds received shall be paid to the authority with the next scheduled loan payment.

Subd. 8. Eligible costs. Eligible costs for small community wastewater treatment loans and grants shall include the costs of technical assistance as provided in subdivision 2, paragraph (d), design, construction, related legal fees, and land acquisition.
Subd. 9. **Disbursements.** Loan and grant disbursements by the authority under this section must be made for eligible project costs as incurred by the recipients, and must be made in accordance with the project loan or grant and loan agreement and applicable state law.

Subd. 10. **Audits.** A governmental unit receiving a loan under this section must annually provide to the authority for the term of the loan a copy of its annual independent audit or, if the governmental unit is not required to prepare an independent audit, a copy of the annual financial reporting form it provides to the state auditor.

Sec. 16. **PHOSPHORUS RULE; REPORT.**

(a) Notwithstanding any law to the contrary, a provision of a Minnesota Pollution Control Agency rule establishing new or changed limits on phosphorus discharges from a new or existing wastewater facility must not take effect until July 1, 2007.

(b) The Minnesota Pollution Control Agency must report to the legislature by February 1, 2007, on a proposed or adopted rule changing limits on phosphorus discharges. The report must address scientific justification for the new rule and the impact the proposed or adopted rule will have on needed funding to implement the Clean Water Legacy Act.

Sec. 17. **EFFECTIVE DATE.**

Sections 1 to 16 are effective the day following final enactment.

(2) the establishment of a new hospital.

(b) This section does not apply to:

(1) construction or relocation within a county by a hospital, clinic, or other health care facility that is a national referral center engaged in substantial programs of patient care, medical research, and medical education meeting state and national needs that receives more than 40 percent of its patients from outside the state of Minnesota;

(3) a project for which a certificate of need was denied before July 1, 1990, if a timely appeal results in an order reversing the denial;

(4) a project exempted from certificate of need requirements by Laws 1981, chapter 200, section 2;

(5) a project involving consolidation of pediatric specialty hospital services within the Minneapolis-St. Paul metropolitan area that would not result in a net increase in the number of pediatric specialty hospital beds among the hospitals being consolidated;"
(6) a project involving the temporary relocation of pediatric-orthopedic hospital beds to an existing licensed hospital that will allow for the reconstruction of a new philanthropic, pediatric-orthopedic hospital on an existing site and that will not result in a net increase in the number of hospital beds. Upon completion of the reconstruction, the licenses of both hospitals must be reinstated at the capacity that existed on each site before the relocation;

(7) the relocation or redistribution of hospital beds within a hospital building or identifiable complex of buildings provided the relocation or redistribution does not result in: (i) an increase in the overall bed capacity at that site; (ii) relocation of hospital beds from one physical site or complex to another; or (iii) redistribution of hospital beds within the state or a region of the state;

(8) relocation or redistribution of hospital beds within a hospital corporate system that involves the transfer of beds from a closed facility site or complex to an existing site or complex provided that: (i) no more than 50 percent of the capacity of the closed facility is transferred; (ii) the capacity of the site or complex to which the beds are transferred does not increase by more than 50 percent; (iii) the beds are not transferred outside of a federal health systems agency boundary in place on July 1, 1983; and (iv) the relocation or redistribution does not involve the construction of a new hospital building;

(9) a construction project involving up to 35 new beds in a psychiatric hospital in Rice County that primarily serves adolescents and that receives more than 70 percent of its patients from outside the state of Minnesota;

(10) a project to replace a hospital or hospitals with a combined licensed capacity of 130 beds or less if: (i) the new hospital site is located within five miles of the current site; and (ii) the total licensed capacity of the replacement hospital, either at the time of construction of the initial building or as the result of future expansion, will not exceed 70 licensed hospital beds, or the combined licensed capacity of the hospitals, whichever is less;

(11) the relocation of licensed hospital beds from an existing state facility operated by the commissioner of human services to a new or existing facility, building, or complex operated by the commissioner of human services; from one regional treatment center site to another; or from one building or site to a new or existing building or site on the same campus;

(13) a construction project involving the addition of up to 31 new beds in an existing nonfederal hospital in Beltrami County;

Sec. 2. Minnesota Statutes 2004, section 144.552, is amended to read:

144.552 PUBLIC INTEREST REVIEW.

(a) The following entities must submit a plan to the commissioner:

(1) a hospital seeking to increase its number of licensed beds;

(2) an organization seeking to obtain a hospital license must submit a plan to the commissioner of health and notified by the commissioner under section 144.553, subdivision 1, paragraph (c), that it is subject to this section.

The plan must include information that includes an explanation of how the expansion will meet the public’s interest. When submitting a plan to the commissioner, an applicant shall pay the commissioner for the commissioner’s cost of reviewing the plan, as determined by the commissioner and notwithstanding section 16A.1283. Money received by the commissioner under this section is appropriated to the commissioner for the purpose of administering this section.

(b) Plans submitted under this section shall include detailed information necessary for the commissioner to review the plan and reach a finding. The commissioner may request additional information from the hospital submitting a plan under this section and from others affected by the plan that the commissioner deems necessary to review the plan and make a finding.

(c) The commissioner shall review the plan and, within 90 days, but no more than six months if extenuating circumstances apply, issue a finding on whether the plan is in the public interest. In making the recommendation, the commissioner shall consider issues including but not limited to:

(1) whether the new hospital or hospital beds are needed to provide timely access to care or access to new or improved services;

(2) the financial impact of the new hospital or hospital beds on existing acute-care hospitals that have emergency departments in the region;
(3) how the new hospital or hospital beds will affect the ability of existing hospitals in the region to maintain existing staff;

(4) the extent to which the new hospital or hospital beds will provide services to nonpaying or low-income patients relative to the level of services provided to these groups by existing hospitals in the region; and

(5) the views of affected parties.

Prior to making a recommendation, the commissioner shall conduct a public hearing in the affected hospital service area to take testimony from interested persons.

(d) Upon making a recommendation under paragraph (c), the commissioner shall provide a copy of the recommendation to the chairs of the house and senate committees having jurisdiction over health and human services policy and finance.

Sec. 3. [144.553] ALTERNATIVE APPROVAL PROCESS FOR NEW HOSPITAL CONSTRUCTION.

Subdivision 1. Letter of intent; publication; acceptance of additional proposals. (a) An organization seeking to obtain a hospital license must submit a letter of intent to the commissioner, specifying the community in which the proposed hospital would be located and the number of beds proposed for the new hospital. When multiple letters of intent are received, the commissioner shall determine whether they constitute requests for separate projects or are competing proposals to serve the same or a similar service area.

(b) Upon receipt of a letter under paragraph (a), the commissioner shall publish a notice in the State Register that includes the information received from the organization under paragraph (a). The notice must state that another organization interested in seeking a hospital license to serve the same or a similar service area must notify the commissioner within 30 days.

(c) If no responses are received from additional organizations under paragraph (b), the commissioner shall notify the entity seeking a license that it is required to submit a plan under section 144.552 and shall notify the chairs of the house of representatives and senate committees having jurisdiction over health and human services policy and finance that the project is subject to sections 144.551 and 144.552.

Subd. 2. Needs assessment. (a) If one or more responses are received by the commissioner under subdivision 1, paragraph (b), the commissioner shall complete within 90 days a needs assessment to determine if a new hospital is needed in the proposed service area.

(b) The organizations that have filed or responded to a letter of intent under subdivision 1 shall provide to the commissioner within 30 days of a request from the commissioner a statement justifying the need for a new hospital in the service area and sufficient information, as determined by the commissioner, to allow the commissioner to determine the need for a new hospital. The information may include, but is not limited to, a demographic analysis of the proposed service area, the number of proposed beds, the types of hospital services to be provided, and distances and travel times to existing hospitals currently providing services in the service area.

(c) The commissioner shall make a determination of need for the new hospital. If the commissioner determines that a new hospital in the service area is not justified, the commissioner shall notify the applicants in writing, stating the reasons for the decision.
Subd. 3.  **Process when hospital need is determined.**  (a) If the commissioner determines that a new hospital is needed in the proposed service area, the commissioner shall notify the applicants of that finding and shall select the applicant determined under the process established in this subdivision to be best able to provide services consistent with the review criteria established in this subdivision.

(b) The commissioner shall:

(1) determine market-specific criteria that shall be used to evaluate all proposals. The criteria must include standards regarding:

(i) access to care;

(ii) quality of care;

(iii) cost of care; and

(iv) overall project feasibility;

(2) establish additional criteria at the commissioner's discretion. In establishing the criteria, the commissioner shall consider the need for:

(i) mental health services in the service area, including both inpatient and outpatient services for adults, adolescents, and children;

(ii) a significant commitment to providing uncompensated care, including discounts for uninsured patients and coordination with other providers of care to low-income uninsured persons; and

(iii) coordination with other hospitals so that specialized services are not unnecessarily duplicated and are provided in sufficient volume to ensure the maintenance of high-quality care; and

(3) define a service area for the proposed hospital. The service area shall consist of:

(i) in the 11-county metropolitan area, in St. Cloud, and in Duluth, the zip codes located within a 20-mile radius of the proposed new hospital location; and

(ii) in the remainder of the state, the zip codes within a 30-mile radius of the proposed new hospital location.

(c) The commissioner shall publish the criteria determined under paragraph (b) in the State Register within 60 days of the determination under subdivision 2. Once published, the criteria shall not be modified with respect to the particular project and applicants to which they apply. The commissioner shall publish with the criteria guidelines for a proposal and submission review process.

(d) For 60 days after the publication under paragraph (c), the commissioner shall accept proposals to construct a hospital from organizations that have submitted a letter of intent under subdivision 1, paragraph (a), or have notified the commissioner under subdivision 1, paragraph (b). The proposal must include a plan for the new hospital and evidence of compliance with the criteria specified under paragraph (b). Once submitted, the proposal may not be revised except:

(1) to submit corrections of material facts; or

(2) in response to a request from the commissioner to provide clarification or further information.
(e) The commissioner shall determine within 90 days of the deadline for applications under paragraph (d), which applicant has demonstrated that it is best able to provide services consistent with the published criteria. The commissioner shall make this determination by order following a hearing according to this paragraph. The hearing shall not constitute or be considered to be a contested case hearing under chapter 14 and shall be conducted solely under the procedures specified in this paragraph. The hearing shall commence upon at least 30 days' notice to the applicants by the commissioner. The hearing may be conducted by the commissioner or by a person designated by the commissioner. The designee may be an administrative law judge. The purpose of the hearing shall be to receive evidence to assist the commissioner in determining which applicant has demonstrated that it best meets the published criteria.

The parties to the hearing shall consist only of those applicants who have submitted a completed application. Each applicant shall have the right to be represented by counsel, to present evidence deemed relevant by the commissioner, and to examine and cross-examine witnesses. Persons who are not parties to the proceeding but who wish to present comments or submit information may do so in the manner determined by the commissioner or the commissioner's designee. Any person who is not a party shall have no right to examine or cross-examine witnesses. The commissioner may participate as an active finder of fact in the hearing and may ask questions to elicit information or clarify answers or responses.

(f) Prior to making a determination selecting an application, the commissioner shall hold a public hearing in the proposed hospital service area to accept comments from members of the public. The commissioner shall take this information into consideration in making the determination. The commissioner may appoint an advisory committee, including legislators and local elected officials who represent the service area and outside experts to assist in the recommendation process. The commissioner shall issue an order selecting an application following the closing of the record of the hearing as determined by the hearing officer. The commissioner's order shall include a statement of the reasons the selected application best meets the published criteria.

(g) Within 30 days following the determination under paragraph (e), the commissioner shall recommend the selected proposal to the legislature.

Subd. 4. Payment of commissioner's expenses. Notwithstanding section 16A.1283, applicants who are a party at any stage of the administrative process established in this section shall pay the cost of that stage of the process, as determined by the commissioner. The cost of the needs assessment, criteria development, and hearing shall be divided equally among the applicants. Money received by the commissioner under this subdivision is appropriated to the commissioner for the purpose of administering this section.

Sec. 4. Minnesota Statutes 2004, section 325F.665, subdivision 1, is amended to read:

2. what entity should be responsible for approving investments in medical facilities;

3. what decision-making process should be used when multiple providers propose to invest in similar facilities or services within the same geographic area;

4. what information would be required to effectively determine the need for new medical facilities or services; and

That the House recede from its amendments and that S. F. No. 2460 be further amended as follows:

Delete everything after the enacting clause and insert:

Subd. 5. **Commission.** "Commission" means the Metropolitan Sports Facilities Commission.

Sec. 2. **[137.51] LAND PROTECTION AND TRANSFER.**

Subdivision 1. **Land protection.** The obligation of the state of Minnesota to make the payments required under section 137.54 is expressly conditioned upon the University's covenant in perpetuity, subject to subdivision 3, limiting the use of the University land by the University, its successors, and assigns to the permitted University uses and the other permitted uses and forbidding the use of the University land by the University, its successors, and assigns for any of the prohibited uses. A declaration imposing those restrictions and granting to the Department of Natural Resources the right to enforce the same which has been executed by the University and filed in the Office of the Dakota County Recorder shall satisfy this condition. In furtherance of the purposes of this subdivision, the University and Department of Natural Resources shall promptly endeavor to enter into a joint powers agreement pursuant to section 471.59, or a conservation easement held by a qualified conservation organization or by a conservation easement holder as described in applicable Minnesota law embodying those restrictions, which agreement or easement shall provide for cooperative oversight of the use of the University land. Nothing in this section or in any declaration, agreement, or easement made or entered into pursuant to this section shall impair the rights of third parties under leases, easements, or use agreements in force as of the effective date of this section. Any lease or other transfer of the University land made after the effective date of this section shall, unless otherwise
agreed to by the commissioner of natural resources, be for a term that expires not later than the date the University land is conveyed as provided under subdivision 2. Any agreement between the board and the commissioner of natural resources must provide that the income received by the University from leases of the University land to third parties shall be dedicated to the operation and maintenance of the University land. Except as limited by this act or by any declaration, agreement, or conservation easement made, entered into, or granted as provided in this section, the rights of the University with respect to the University land while it continues to own the land are not impaired.

Subd. 2. Land transfer. Not later than the date on which the state of Minnesota makes the last of the payments required under section 137.54, the Regents of the University of Minnesota shall offer to convey the University land to the Department of Natural Resources in its “as is” condition by quit claim deed, without warranties, for the sum of $1. The Department of Natural Resources may request conveyance of any or all of the University land offered to be conveyed and the regents shall convey the portion requested. The commissioner of natural resources may, at its option, request that the University convey all or part of the University land to another governmental unit of the state. Except as provided in this subdivision, the instrument of conveyance by the University may not limit the rights of the state with respect to the land. Any conveyance shall be subject to the perpetual right of the University to use the University land for the permitted University uses. A conveyance shall also be subject to the rights of third parties under leases, easements, and use agreements in force on the effective date of this act. The instruments of transfer shall otherwise limit the use of the University land to the other permitted uses and subject those uses to restrictions as may be provided in any agreement between the University and state or any conservation easement granted pursuant to subdivision 1, and proscribe its use for the prohibited purposes. The University of Minnesota shall have the right to enforce those limitations and restrictions. The University shall promptly endeavor and use due diligence to require the federal government to fulfill its obligations under applicable laws, including the Defense Environmental Restoration Program, United States Code, title 10, section 2701, et seq., or the Comprehensive Environmental Response Compensation and Liability Act, as amended, United States Code, title 42, section 9601, et seq., with respect to environmental contamination that occurred prior to the time the University took title to the University land. The University shall seal any abandoned wells on the land pursuant to state law.

Subd. 3. Termination of use restrictions. Unless otherwise agreed by the board and the commissioner of finance, in the event the state of Minnesota fails to make the total payments required by section 137.54 by July 1, 2033, the restrictions in this section on the University's use of the University land, any declaration, agreement, or conservation easement containing those restrictions, and the University's obligation to offer the University land to the state of Minnesota shall be null and void.

Sec. 3. [137.52] RECREATIONAL PROGRAM ASSESSMENT.

(a) The commissioner of natural resources, in cooperation with the Board of Regents of the University, shall submit to the governor and the legislature by January 15, 2007, an assessment of the short-term and long-term programmatic plans for the development of the land identified in section 137.50, subdivision 6. The assessment shall include, but is not limited to, a timeline for providing the recreational opportunities, and the needed restoration including native species of local ecotype, measurable outcomes, and anticipated costs. The assessment must also include an evaluation of the opportunities to foster small-scale farm-to-market vegetable farming. The commissioner of natural resources shall consult with interested stakeholders, including the county of Dakota, to assist in the development of the plan.

(b) The board shall, until the issue is resolved, report annually to the legislature on or before February 1, on its efforts and the efforts of the Department of Defense to remedy contamination of the University land caused by activities occurring prior to the University of Minnesota acquiring the land.

(c) The commissioner of natural resources, in consultation with the Pollution Control Agency, shall report to the legislature by January 7, 2007, on what entities are responsible for remediating pollution on the University land that occurred prior to the effective date of this section.
(d) The commissioner of natural resources, in cooperation with the board, shall submit to the governor and the legislature by January 7, 2007, a report regarding the implementation of section 137.51 and any recommendations for changes in section 137.51 necessary to carry out the intent of that section. The report must, among other things, specifically address the issue of whether a process or mechanism is necessary to resolve disputes between the University of Minnesota, the state, and other parties regarding uses of the University land.

(e) The commissioner of natural resources must communicate with interested parties, including the local government units that contain any part of the University land, regarding the intended activities of the department with respect to the University land.

Sec. 4. [137.53] ACTIVITIES; CONTRACTS.

The legislature recognizes that the board has all powers necessary or convenient for designing, constructing, equipping, improving, controlling, operating, and maintaining the stadium and may enter into contracts that are, in its judgment, in the best interests of the public for those purposes. Notwithstanding contrary law, the board may adopt the fair and competitive design and construction procurement procedures in connection with the stadium that it considers to be in the public interest. The board must ensure to the greatest extent practicable, that materials derived from American-made steel are used in the construction of the stadium. Sections 16B.33 and 16B.335 do not apply to the stadium.

Sec. 5. [137.54] CONDITIONS FOR PAYMENT TO UNIVERSITY.

(a) Before the commissioner may make the first payment to the board authorized in this section the commissioner must certify that the board has received at least $110,750,000 in pledges, gifts, sponsorships, and other nonstate general fund revenue support for the construction of the stadium. On July 1 of each year after certification by the commissioner, but no earlier than July 1, 2007, and for so long thereafter as any bonds issued by the board for the construction of the stadium are outstanding, the state must transfer to the board up to $10,250,000 to reimburse the board for its stadium costs, provided that bonds issued to pay the state's share of such costs shall not exceed $137,250,000. Up to $10,250,000 is appropriated annually from the general fund for the purpose of this section. The appropriation of up to $10,250,000 per year may be made for no more than 25 years. The board must certify to the commissioner the amount of the annual payments of principal and interest required to service each series of bonds issued by the University for the construction of the stadium, and the actual amount of the state's annual payment to the University shall equal the amount required to service the bonds representing the state's share of such costs. Except to the extent of the annual appropriation described in this section, the state is not required to pay any part of the cost of designing or constructing the stadium.

(b) The board must certify to the commissioner that the per semester student fee contribution to the stadium will be at a fixed level coterminous with bonds issued by the board to meet the student share of the design construction of the stadium and that the student fee will not be increased to meet construction cost overruns.

(c) Before the first payment is made under paragraph (a), the board must certify to the commissioner that a provision for affordable access for university students to the university sporting events held at the football stadium has been made.

Sec. 6. [137.55] PUBLIC USE OF STADIUM.

The Board of Regents is requested, in furtherance of its outreach mission and subject to its policies regarding the use of University facilities, to provide ample opportunities for use of the stadium for events sponsored by public bodies including public schools.
Sec. 7. **[137.56] ENVIRONMENTAL REVIEW.**

The commissioner must not make an annual payment required by this act until the board has completed an environmental review of the stadium project and the commissioner determines that the board is performing the duties of the responsible governmental unit as prescribed in the Minnesota Environmental Policy Act, chapter 116D, and the rules adopted under that chapter. The legislature ratifies the Environmental Quality Board's designation of the board as a responsible governmental unit.

Sec. 8. **[137.57] NO FULL FAITH AND CREDIT.**

Any bonds or other obligations issued by the board under this act are not public debt of the state, and the full faith and credit and taxing powers of the state are not pledged for their payment, or of any payments that the state agrees to make under this act.

Sec. 9. **[137.58] MITIGATION FUND.**

The Board of Regents is requested to cooperate with the reconstituted stadium area advisory group described in the University of Minnesota On-Campus Football Stadium-Final EIS, dated February 13, 2006, to mitigate the impact of the construction and operation of the stadium. The board shall also establish a mitigation fund for the support of community initiatives that relate to the impacts of the operation of the stadium. On July 1, 2007, the University shall deposit $1,500,000 into a fund to be managed by the board. Income from the fund shall be made available exclusively to pay for mitigation activities. The use of the funds must be coordinated through the reconstituted stadium area advisory group.

Sec. 10. **[137.59] NEIGHBORHOOD IMPACT REPORT.**

The Board of Regents and the city of Minneapolis are requested to work with the reconstituted stadium area advisory group described in the University of Minnesota On-Campus Football Stadium-Final EIS, dated February 13, 2006, to assess and prepare a report of the impact of the university on the surrounding community and the relationship of the community to the university. The report shall include, but not be limited to, an assessment of:

1. the direct and indirect impacts of the university on the surrounding community, addressing issues of public safety, transportation, and housing quality, availability, and affordability;
2. opportunities and strategies to improve coordination between the university, surrounding residential and business areas, and the city of Minneapolis;

(2) game fish are present in the licensed waters only as a result of aquaculture activities by the licensee; and

(3) no public access to the waters existed when the waters were first licensed.

(c) A private fish hatchery or aquatic farm licensee may not take fish or authorize others to take fish in licensed waters that are posted under paragraph (a), except as provided in section 17.4983, subdivision 3, and except that if waters are posted to allow the taking of fish under special restrictions, licensees and others who can legally access the waters may take fish under those special restrictions.
(d) Before March 1, 2003, riparian landowners adjacent to licensed waters on April 30, 2002, and riparian landowners who own land adjacent to waters licensed after April 30, 2002, on the date the waters become licensed waters, plus their children and grandchildren, may take two daily limits of fish per month under an angling license subject to the other limits and conditions in the game and fish laws.

(e) Except as provided in paragraphs (c), (d), and (f), a person may not take fish or operate a motorboat if prohibited by posting under paragraph (a).

(f) An owner of riparian land adjacent to an area posted under paragraph (a) may operate a motorboat through the area by the shortest direct route at a speed of not more than five miles per hour.

(g) Postings for water bodies designated under paragraph (a), clause (1), or being used for fisheries research or management under paragraph (a), clause (2), are not subject to the rulemaking provisions of chapter 14 and section 14.386 does not apply.

Sec. 43. Minnesota Statutes 2004, section 97C.081, subdivision 4, is amended to read:

Subd. 4. Restrictions. The commissioner may by rule establish restrictions on fishing contests to protect fish and fish habitat, to restrict activities during high use periods, to restrict activities that affect research or management work, to restrict the number of boats, and for the safety of contest participants.

Sec. 44. Minnesota Statutes 2004, section 97C.081, subdivision 6, is amended to read:

Subd. 6. Permit application process. (a) Beginning September 1 each year, the commissioner shall accept permit applications for fishing contests to be held in the following year.

(b) If the number of permit applications received by the commissioner from September 1 through the last Friday in October exceeds the limits specified in subdivisions 7 and 8, the commissioner shall notify the affected applicants that their requested locations and time period are subject to a drawing. After notification, the commissioner shall allow the affected applicants a minimum of seven days to change the location or time period requested on their applications, provided that the change is not to a location or time period for which applications are already at or above the limits specified in subdivisions 7 and 8.

(c) After the applicants have been given at least seven days to change their applications, the commissioner shall conduct a drawing for all locations and time periods for which applications exceed limits. First preference in the drawings shall be given to applicants for established or traditional fishing contests, and second preference to applicants for contests that are not established as traditional fishing contests based on the number of times they have been unsuccessful in previous drawings. Except for applicants of established or traditional fishing contests, an applicant who is successful in a drawing loses all accumulated preference. "Established or traditional fishing contest" means a fishing contest that was issued permits in 1999 and 2000 or was issued permits four out of five years from 1996 to 2000 for the same lake and time period. Beginning with 2001, established or traditional fishing contests must continue to be conducted at least four out of five years for the same lake and time period to remain established or traditional.

(d) The commissioner has until November 7 to approve or deny permit applications that are submitted by 4:30 p.m. on the last Friday in October. The commissioner may approve a permit application that is received after 4:30 p.m. on the last Friday in October if approving the application would not result in exceeding the limits in subdivisions 7 and 8.
Sec. 45. Minnesota Statutes 2004, section 97C.081, subdivision 8, is amended to read:

Subd. 8. **Limits on number of fishing contests.** (a) The number of permitted fishing contests allowed each month on a water body shall not exceed the following limits:

(1) Lakes:

Contest waters identified in the permit for Mississippi River pools are limited to no more than one lockage upstream and one lockage downstream from the pool where the contest access and weigh-in is located.

Contest waters for Lake St. Croix are bounded by the U.S. Highway 10 bridge at Prescott upstream to the Arcola Bar. Contest waters for the St. Croix River are bounded by the Arcola Bar upstream to the Wisconsin state line.

For all other rivers, no more than two contest permits, not to exceed four days combined, may be issued for any continuous segment of a river per month. Of the two contests permitted, only one shall be a large permitted fishing contest. Permits issued by the commissioner shall not exceed 60 continuous river miles.

Sec. 46. Minnesota Statutes 2004, section 97C.081, subdivision 9, is amended to read:

Subd. 9. **Permit restrictions.** (a) The commissioner may require fishing contest permittees to limit prefishing to week days only as a condition of a fishing contest permit. The commissioner may require proof from permittees that prefishing restrictions on the permit are communicated to fishing contest participants and enforced.

(b) The commissioner may require permit restrictions on the hours that a permitted fishing contest is conducted, including, but not limited to, starting and ending times.
(c) The commissioner may require permit restrictions on the number of parking spaces that may be used on a state-owned public water access site. The commissioner may require proof from permittees that parking restrictions on the permit are communicated to fishing contest participants and enforced.

(d) To prevent undue loss mortality of released fish, the commissioner may require restrictions for off-site weigh-ins and live releases on a fishing contest permit or may deny permits requesting an off-site weigh-in or live release.

(e) A person may not transfer a fishing contest permit to another person.

(f) Failure to comply with fishing contest permit restrictions may be considered grounds for denial of future permit applications.

Sec. 47. Minnesota Statutes 2004, section 97C.205, is amended to read:

97C.205 RULES FOR TRANSPORTING AND STOCKING FISH.

(a) Except on the water body where taken, a person may not transport a live fish in a quantity of water sufficient to keep the fish alive, unless the fish:

(1) is being transported under an aquaculture license as authorized under sections 17.4985 and 17.4986;

(2) is being transported for a fishing contest weigh-in under section 97C.081;

(3) is a minnow being transported under section 97C.505 or 97C.515;

(4) is being transported by a commercial fishing license holder under section 97C.821; or

(5) is being transported as otherwise authorized in this section.

(b) The commissioner may adopt rules to allow and regulate:

(1) the transportation of fish and fish eggs from one body of water to another; and

(2) the stocking of waters with fish or fish eggs.

(b) The commissioner shall prescribe rules designed to encourage local sporting organizations to propagate game fish by using rearing ponds. The rules must:

(1) prescribe methods to acquire brood stock for the ponds by seining public waters;

(2) allow the sporting organizations to own and use seines and other necessary equipment; and

(3) prescribe methods for stocking the fish in public waters that give priority to the needs of the community where the fish are reared and the desires of the organization operating the rearing pond.

(c) A person age 16 or under may, for purposes of display in a home aquarium, transport largemouth bass, smallmouth bass, yellow perch, rock bass, black crappie, white crappie, bluegill pumpkinseed, green sunfish, orange spotted sunfish, and black, yellow, and brown bullheads taken by angling. No more than four of each species may be transported at any one time, and any individual fish can be no longer than ten inches in total length.
Sec. 48. Minnesota Statutes 2004, section 97C.315, subdivision 2, is amended to read:

Subd. 2. **Hooks.** An angler may not have more than one hook on a line, except:

(1) three artificial flies may be on a line used to take largemouth bass, smallmouth bass, trout, crappies, sunfish, and rock bass; and

(2) a single artificial bait may contain more than one hook; and

(3) as otherwise prescribed by the commissioner.

Sec. 49. Minnesota Statutes 2004, section 97C.355, subdivision 7, is amended to read:

Subd. 7. **Dates and times houses may remain on ice.** (a) Except as provided in paragraph (d), a shelter, including a fish house or dark house, may not be on the ice between 12:00 a.m. and one hour before sunrise after the following dates:

(1) the last day of February, for state waters south of a line starting at the Minnesota-North Dakota border and formed by rights-of-way of U.S. Route No. 10, then east along U.S. Route No. 10 to Trunk Highway No. 34, then east along Trunk Highway No. 34 to Trunk Highway No. 200, then east along Trunk Highway No. 200 to U.S. Route No. 2, then east along U.S. Route No. 2 to the Minnesota-Wisconsin border; and

(2) March 15, for other state waters.

A shelter, including a fish house or dark house, on the ice in violation of this subdivision is subject to the enforcement provisions of paragraph (b). The commissioner may, by rule, change the dates in this paragraph for any part of state waters. Copies of the rule must be conspicuously posted on the shores of the waters as prescribed by the commissioner.

(b) A conservation officer must confiscate a fish house or dark house or shelter in violation of paragraph (a). The officer may remove, burn, or destroy the house or shelter. The officer shall seize the contents of the house or shelter and hold them for 60 days. If the seized articles have not been claimed by the owner, they may be retained for the use of the division or sold at the highest price obtainable in a manner prescribed by the commissioner.

(c) When the last day of February, under paragraph (a), clause (1), or March 15, under paragraph (a), clause (2), falls on a Saturday, a shelter, including a fish house or dark house, may be on the ice between 12:00 a.m. and one hour before sunrise until 12:00 a.m. the following Monday.

(d) A person may have a shelter, including a fish house or dark house, on the ice between 12:00 a.m. and one hour before sunrise on waters within the area prescribed in paragraph (a), clause (2), but the house or shelter may not be unattended during those hours.

Sec. 50. Minnesota Statutes 2004, section 97C.371, subdivision 3, is amended to read:

Subd. 3. **Restrictions while spearing from dark house.** A person may not take fish by angling or the use of tip-ups while spearing fish in a dark house, except that a person may take fish by angling if only one angling line is in use and any fish caught by angling is immediately released to the water or placed on the ice.
Sec. 51. Minnesota Statutes 2004, section 97C.371, subdivision 4, is amended to read:

Subd. 4. Open season. The open season for spearing through the ice is December 1 to the third last Sunday in February.

Sec. 2. Minnesota Statutes 2004, section 297A.70, subdivision 11, is amended to read:

Subd. 11. School tickets or admissions. Tickets or admissions to regular season school games, events, and activities, and to games, events, and activities sponsored by the Minnesota State High School League under chapter 128C, are exempt. EFFECTIVE DATE. This section is effective for sales after June 30, 2006, and before July 1, 2011.

Sec. 3. Minnesota Statutes 2004, section 297A.71, is amended by adding a subdivision to read:

Subd. 37. Building materials; exemption. Materials and supplies used or consumed in, and equipment incorporated into, the construction or improvement of the ballpark and public infrastructure constructed pursuant to sections 473.75 to 473.763 are exempt. This subdivision expires one year after the date that the first major league baseball game is played in the ballpark for materials, supplies, and equipment used in the ballpark, and five years after the issuance of the first bonds under section 473.757 for materials, supplies, and equipment used in the public infrastructure.

Sec. 4. Minnesota Statutes 2004, section 473.5995, subdivision 2, is amended to read:

(2) the remainder to the football stadium account to be used to pay debt service on bonds issued to pay for the construction of a football stadium for the Minnesota Vikings.

Sec. 5. [473.75] PURPOSE.

The purpose of sections 473.75 to 473.763 is to provide for the construction, financing, and long-term use of a ballpark primarily as a venue for Major League Baseball. It is found and declared that the expenditure of public money for this purpose is necessary and serves a public purpose, and that property acquired by the county for the construction of the ballpark and related public infrastructure is acquired for a public use or public purpose under
chapter 117. It is further found and declared that any provision in a lease or use agreement with a major league team, that requires the team to play its home games in a publicly funded ballpark for the duration of the lease or use agreement, serves a unique public purpose for which the remedies of specific performance and injunctive relief are essential to its enforcement. It is further found and declared that government assistance to facilitate the presence of Major League Baseball provides to the state of Minnesota and its citizens highly valued intangible benefits that are virtually impossible to quantify and, therefore, not recoverable even if the government receives monetary damages in the event of a team’s breach of contract. Minnesota courts are, therefore, charged with protecting those benefits through the use of specific performance and injunctive relief as provided herein and in the lease and use agreements.

Sec. 6. [473.751] DEFINITIONS.

No possible use of any of the properties in any manner different from their use under this act at the time may be considered in determining the special benefit received by the properties. Notwithstanding section 272.01, subdivision 2, or 273.19, real or personal property subject to a lease or use agreement between the authority or county and another person for uses related to the purposes of this act, including the operation of the ballpark and related parking facilities, is exempt from taxation regardless of the length of the lease or use agreement. At a minimum, the Web site must contain a current version of the authority's bylaws, notices of upcoming meetings, minutes of the authority's meetings, and contact telephone and facsimile numbers for public comments.

Sec. 11. **[473.756] POWERS OF AUTHORITY.**

Subd. 4. **Facility operation.** The authority may equip, improve, operate, manage, maintain, and control the ballpark and related facilities constructed, remodeled, or acquired under this act as smoke-free facilities, subject to the rights and obligations transferred to and assumed by the team or other user under the terms of a lease or use agreement, but in no case may a lease or use agreement permit smoking in the ballpark.
Subd. 5. **Disposition of property.** The authority may sell, lease, or otherwise dispose of any real or personal property acquired by it that is no longer required for accomplishment of its purposes. The property may be sold in accordance with the procedures provided by section 469.065, except subdivisions 6 and 7, to the extent the authority deems it to be practical and consistent with this act. Title to the ballpark shall not be transferred or sold prior to the effective date of enactment of any legislation approving such transfer or sale.

Subd. 6. **Employees; contracts for services.** The authority may employ persons and contract for services necessary to carry out its functions, including the utilization of employees and consultants retained by other governmental entities. The authority shall enter into an agreement with the city of Minneapolis regarding traffic control for the ballpark.

Subd. 7. **Gifts and grants.** The authority may accept monetary contributions, property, services, and grants or loans of money or other property from the United States, the state, any subdivision of the state, any agency of those entities, or any person for any of its purposes, and may enter into any agreement required in connection with them. The authority shall hold, use, and dispose of the money, property, or services according to the terms of the monetary contributions, grant, loan, or agreement.

Subd. 8. **Research.** The authority may conduct research studies and programs; collect and analyze data; prepare reports, maps, charts, and tables; and conduct all necessary hearings and investigations in connection with its functions.

Subd. 9. **Use agreements.** The authority may lease, license, or enter into use agreements and may fix, alter, charge, and collect rentals, fees, and charges for the use, occupation, and availability of part or all of any premises, property, or facilities under its ownership, operation, or control for purposes that will provide athletic, educational, cultural, commercial, or other entertainment, instruction, or activity for the citizens of Minnesota and visitors. Any such use agreement may provide that the other contracting party has exclusive use of the premises at the times agreed upon, as well as the right to retain some or all revenues from ticket sales, suite licenses, concessions, advertising, naming rights, and other revenues derived from the ballpark. The lease or use agreement with a team shall provide for the payment by the team of operating and maintenance costs and expenses and provide other terms the authority and team agree to.

Subd. 10. **Insurance.** The authority may require any employee to obtain and file with it an individual bond or fidelity insurance policy. It may procure insurance in the amounts it considers necessary against liability of the authority or its officers and employees for personal injury or death and property damage or destruction, consistent with chapter 466, and against risks of damage to or destruction of any of its facilities, equipment, or other property.

Subd. 11. **Exemption from council review; business subsidy act.** The acquisition and betterment of a ballpark by the authority must be conducted pursuant to this act and are not subject to sections 473.165 and 473.173. Alternatively, at the request of the team and with the consent of the county, the authority shall authorize the team to provide for the design and construction of the ballpark and related public infrastructure, subject to terms of this act. The construction manager may enter into contracts with contractors for labor, materials, supplies, and equipment for the construction of the ballpark and related public infrastructure through the process of public bidding, except that the construction manager may, with the consent of the authority or the team:
(1) narrow the listing of eligible bidders to those which the construction manager determines to possess sufficient expertise to perform the intended functions;

(2) award contracts to the contractors that the construction manager determines provide the best value, which are not required to be the lowest responsible bidder; and

(3) for work the construction manager determines to be critical to the completion schedule, award contracts on the basis of competitive proposals or perform work with its own forces without soliciting competitive bids if the construction manager provides evidence of competitive pricing.

The authority shall require that the construction manager certify, before the contract is signed, a fixed and stipulated construction price and completion date to the authority and post a performance bond in an amount at least equal to 100 percent of the certified price, to cover any costs which may be incurred in excess of the certified price, including but not limited to costs incurred by the authority or loss of revenues resulting from incomplete construction on the completion date. The authority may secure surety bonds as provided in section 574.26, securing payment of just claims in connection with all public work undertaken by it. Persons entitled to the protection of the bonds may enforce them as provided in sections 574.28 to 574.32, and shall not be entitled to a lien on any property of the authority under the provisions of sections 514.01 to 514.16. Contracts for construction and operation of the ballpark must include programs, including Youthbuild, to provide for participation by small local businesses and businesses owned by people of color, and the inclusion of women and people of color in the workforces of contractors and ballpark operators. The construction of the ballpark is a "project" as that term is defined in section 177.42, subdivision 2, and is subject to the prevailing wage law under sections 177.41 to 177.43.

Subd. 13. Incidental powers. In addition to the powers expressly granted in this act, the authority has all powers necessary or incidental thereto.

Subd. 14. Review of ballpark design. The authority must consider the ballpark implementation committee's recommendations as they relate to the design and construction of the ballpark, after the recommendations are considered by the city council as provided in section 473.758.

Sec. 12. [473.757] COUNTY ACTIVITIES; BONDS; TAXES.

Subdivision 1. Ballpark grants. The county may authorize, by resolution, and make one or more grants to the authority for ballpark development and construction, public infrastructure, reserves for capital improvements, and other purposes related to the ballpark on the terms and conditions agreed to by the county and the authority.

Subd. 2. Youth sports; library. To the extent funds are available from collections of the tax authorized by subdivision 10 after payment each year of debt service on the bonds authorized and issued under subdivision 9 and payments for the purposes described in subdivision 1, the county may also authorize, by resolution, and expend or make grants to the authority and to other governmental units and nonprofit organizations in an aggregate amount of up to $4,000,000 annually, increased by up to 1.5 percent annually to fund equally: (1) youth activities and youth and amateur sports within Hennepin County; and (2) the cost of extending the hours of operation of Hennepin county libraries and Minneapolis public libraries.

The money provided under this subdivision is intended to supplement and not supplant county expenditures for these purposes at the time of enactment of this act.

Hennepin County must provide reports to the chairs of the committees and budget divisions in the senate and the house of representatives that have jurisdiction over education policy and funding, describing the uses of the money provided under this subdivision. The first report must be made by January 15, 2009, and subsequent reports must be made on January 15 of each subsequent odd-numbered year.
Subd. 3. **Expenditure limitations.** The amount that the county may grant or expend for ballpark costs shall not exceed $260,000,000. The amount of any grant for capital improvement reserves shall not exceed $1,000,000 annually, subject to the agreement under section 473.759, subdivision 3, and to annual increases according to an inflation index acceptable to the county. The amount of grants or expenditures for land, site improvements, and public infrastructure shall not exceed $90,000,000, excluding capital improvement reserves, bond reserves, capitalized interest, and financing costs. The authority to spend money for land, site improvements, and public infrastructure is limited to payment of amounts incurred or for construction contracts entered into during the period ending five years after the date of the issuance of the initial series of bonds under this act. Such grant agreements are valid and enforceable notwithstanding that they involve payments in future years and they do not constitute a debt of the county within the meaning of any constitutional or statutory limitation or for which a referendum is required.

Subd. 4. **Property acquisition and disposition.** The county may acquire by purchase, eminent domain, or gift, land, air rights, and other property interests within the development area for the ballpark site and public infrastructure and convey it to the authority with or without consideration, prepare a site for development as a ballpark, and acquire and construct any related public infrastructure. The purchase of property and development of public infrastructure financed with revenues under this section is limited to infrastructure within the development area or within 1,000 feet of the border of the development area. The public infrastructure may include the construction and operation of parking facilities within the development area notwithstanding any law imposing limits on county parking facilities in the city of Minneapolis. The county may acquire and construct property, facilities, and improvements within the stated geographical limits for the purpose of drainage and environmental remediation for property within the development area, walkways and a pedestrian bridge to link the ballpark to Third Avenue distributor ramps, street and road improvements and access easements for the purpose of providing access to the ballpark, streetscapes, connections to transit facilities and bicycle trails, and any utility modifications which are incidental to any utility modifications within the development area.

To the extent property parcels or interests acquired are more extensive than the public infrastructure requirements, the county may sell or otherwise dispose of the excess. The proceeds from sales of excess property must be deposited in the debt service reserve fund.

Subd. 5. **Grant agreement.** The county may review and approve ballpark designs, plans, and specifications to the extent provided in a grant agreement and in order to ensure that the public purposes of the grant are carried out. The county board may delegate responsibility for implementing the terms of an approved grant agreement to the county administrator or other designated officers. Public infrastructure designs must optimize area transit and bicycle opportunities, including connections to existing trails, as determined by the county board.

The county may enforce the provisions of any grant agreement by specific performance. Except to require compliance with the conditions of the grant or as may be mutually agreed to by the county and the authority, the county has no interest in or claim to any assets or revenues of the authority.

Subd. 6. **Environmental.** The county may initiate or continue an environmental impact statement as the responsible governmental unit under section 116D.04, pay for any costs in connection with the environmental impact statement or reimburse others for such costs, and conduct other studies and tests necessary to evaluate the suitability of the ballpark site. The county has all powers necessary or convenient for those purposes and may enter into any contract for those purposes.

Subd. 7. **Local government expenditures.** The county may make expenditures or grants for other costs incidental and necessary to further the purposes of this act and may by agreement, reimburse in whole or in part, any entity that has granted, loaned, or advanced funds to the county to further the purposes of this act. The county shall reimburse a local governmental entity within its jurisdiction or make a grant to such a governmental unit for site acquisition, preparation of the site for ballpark development, and public infrastructure. Amounts expended by a
local governmental unit with the proceeds of a grant or under an agreement that provides for reimbursement by the
county shall not be deemed an expenditure or other use of local governmental resources by the governmental unit
within the meaning of any law or charter limitation. Exercise by the county of its powers under this section shall not
affect the amounts that the county is otherwise eligible to spend, borrow, tax, or receive under any law.

Subd. 8. **County authority.** It is the intent of the legislature that, except as expressly limited herein, the county
has the authority to acquire and develop a site for the ballpark and public infrastructure, to enter into contracts with
the authority and other governmental or nongovernmental entities, to appropriate funds, and to make employees,
consultants, and other revenues available for those purposes.

Subd. 9. **County revenue bonds.** The county may, by resolution, authorize, sell, and issue revenue bonds to
provide funds to make a grant or grants to the authority and to finance all or a portion of the costs of site acquisition,
site improvements, and other activities necessary to prepare a site for development of a ballpark, to construct,
improve, and maintain the ballpark and to establish and fund any capital improvement reserves, and to acquire and
construct any related parking facilities and other public infrastructure and for other costs incidental and necessary to
further the purposes of this act. The county may also, by resolution, issue bonds to refund the bonds issued pursuant
to this section. The bonds must be limited obligations, payable solely from or secured by taxes levied under
subdivision 10, and any other revenues to become available under this act. The bonds may be issued in one or more
series and sold without an election. The bonds shall be sold in the manner provided by section 475.60. The bonds
shall be secured, bear the interest rate or rates or a variable rate, have the rank or priority, be executed in the manner,
be payable in the manner, mature, and be subject to the defaults, redemptions, repurchases, tender options, or other
terms, as the county may determine. The county may enter into and perform all contracts deemed necessary or
desirable by it to issue and secure the bonds, including an indenture of trust with a trustee within or without the state.
The debt represented by the bonds shall not be included in computing any debt limitation applicable to the county.
Subject to this subdivision, the bonds must be issued and sold in the manner provided in chapter 475. The bonds
shall recite that they are issued under this act and the recital shall be conclusive as to the validity of the bonds and
the imposition and pledge of the taxes levied for their payment. In anticipation of the issuance of the bonds
authorized under this subdivision and the collection of taxes levied under subdivision 10, the county may provide
funds for the purposes authorized by this act through temporary interfund loans from other available funds of the
county which shall be repaid with interest.

Subd. 10. **Sales and use tax.** (a) Notwithstanding section 477A.016, or other law, the governing body of the
county may by ordinance, impose a sales and use tax at the rate of 0.15 percent for the purposes listed in this section.
The taxes authorized under this section and the manner in which they are imposed are exempt from the rules of
section 297A.99, subdivisions 2 and 3. The provisions of section 297A.99, except for subdivisions 2 and 3, apply to
the imposition, administration, collection, and enforcement of this tax.

(b) The tax imposed under this section is not included in determining if the total tax on lodging in the city of
Minneapolis exceeds the maximum allowed tax under Laws 1986, chapter 396, section 5, as amended by Laws
2001, First Special Session chapter 5, article 12, section 87, or in determining a tax that may be imposed under any
other limitations.

Subd. 11. **Uses of tax.** (a) Revenues received from the tax imposed under subdivision 10 may be used:

(1) to pay costs of collection;

(2) to pay or reimburse or secure the payment of any principal of, premium, or interest on bonds issued in
accordance with this act;

(3) to pay costs and make expenditures and grants described in this section, including financing costs related to
them;
(4) to maintain reserves for the foregoing purposes deemed reasonable and appropriate by the county;

(5) to pay for operating costs of the ballpark authority other than the cost of operating or maintaining the ballpark; and

(6) to make expenditures and grants for youth activities and amateur sports and extension of library hours as described in subdivision 2;

and for no other purpose.

(b) Revenues from the tax designated for use under paragraph (a), clause (5), must be deposited in the operating fund of the ballpark authority.

(c) After completion of the ballpark and public infrastructure, the tax revenues not required for current payments of the expenditures described in paragraph (a), clauses (1) to (6), shall be used to (i) redeem or defease the bonds and (ii) prepay or establish a fund for payment of future obligations under grants or other commitments for future expenditures which are permitted by this section. Upon the redemption or defeasance of the bonds and the establishment of reserves adequate to meet such future obligations, the taxes shall terminate and shall not be reimposed.

Sec. 13. [473.758] IMPLEMENTATION.

Subdivision 1. Environmental review. The county shall be the responsible governmental unit for any environmental impact statement for the ballpark and public infrastructure prepared under section 116D.04. Notwithstanding section 116D.04, subdivision 2b, and implementing rules:

(1) the environmental impact statement shall not be required to consider alternative ballpark sites; and

(2) the environmental impact statement must be determined to be adequate before commencing work on the foundation of the ballpark, but the ballpark and public infrastructure may otherwise be started and all preliminary and final government decisions and actions may be made and taken, including but not limited to acquiring land, obtaining financing, imposing the tax under section 473.757, granting permits or other land use approvals, entering into grant, lease, or use agreements, or preparing the site or related public infrastructure prior to a determination of the adequacy of the environmental impact statement.

Subd. 2. Ballpark implementation committee; city review. In order to accomplish the objectives of this act within the required time frame, it is necessary to establish an alternative process for municipal land use and development review. It is hereby found and declared that the construction of a ballpark within the development area is consistent with the adopted area plan, is the preferred ballpark location, and is a permitted land use. This subdivision establishes a procedure for all land use and development reviews and approvals by the city of Minneapolis for the ballpark and related public infrastructure and supersedes all land use and development rules and restrictions and procedures imposed by other law, charter, or ordinance, including without limitation section 15.99.

No later than 30 days after enactment, the city of Minneapolis and the county shall establish a ballpark implementation committee with equal representation from the city of Minneapolis and the county to make recommendations on the design plans submitted for the ballpark, public infrastructure and related improvements, including but not limited to street vacation, parking, roadways, walkways, skyways, pedestrian bridges, bicycle paths, transit improvements to facilitate public street access to the ballpark and integration into the transportation plan for downtown and the region, lighting, landscaping, utilities, streets, drainage, environmental remediation, and land acquired and prepared for private redevelopment in a manner related to the use of the ballpark. The implementation committee must take action to issue its recommendations within the time frames established in the planning and construction timetable issued by the county which shall provide for no less than 60 days for the
committee's review. The recommendations of the implementation committee shall be forwarded to the city of Minneapolis Planning Commission for an advisory recommendation and then to the city council for final action in a single resolution, which final action must be taken within 45 days of the submission of the recommendations to the Planning Commission. The city council shall not impose any unnecessary or unreasonable conditions on the recommendations of the implementation committee, nor take any action or impose any conditions that will result in delay from the time frames established in the planning and construction timetable or in additional overall costs. Failure of the city council to act within the 45-day period shall be deemed to be approval. The county may seek de novo review in the district court of any city council action. The district court or any appellate court shall expedite review to the maximum extent possible and timely issue relief, orders or opinions as necessary to give effect to the provisions and objectives in this act.

Sec. 14. [473.759] CRITERIA AND CONDITIONS.

Subdivision 1. Binding and enforceable. In developing the ballpark and entering into related contracts, the authority must follow and enforce the criteria and conditions in subdivisions 2 to 15, provided that a determination by the authority that those criteria or conditions have been met under any agreement or otherwise shall be conclusive.

Subd. 2. Team contributions. The team must agree to contribute $130,000,000 toward ballpark costs, less a proportionate share of any amount by which actual ballpark costs may be less than a budgeted amount of $390,000,000. The team contributions must be funded in cash during the construction period. The team shall deposit $45,000,000 to the construction fund to pay for the first ballpark costs. The balance of the team's contribution must be used to pay the last costs of the ballpark construction. In addition to any other team contribution, the team must agree to assume and pay when due all cost overruns for the ballpark costs that exceed the budget.

Subd. 3. Reserve for capital improvements. The authority shall require that a reserve fund for capital improvements to the ballpark be established and funded with annual payments of $2,000,000, with the team's share of those payments to be approximately $1,000,000, as determined by agreement of the team and county. The annual payments shall increase according to an inflation index determined by the authority, provided that any portion of the team's contribution that has already been reduced to present value shall not increase according to an inflation index. The authority may accept contributions from the county or other source for the portion of the funding not required to be provided by the team.

Subd. 4. Lease or use agreements. The authority must agree to a long-term lease or use agreement with the team for its use of the ballpark. The team must agree to play all regularly scheduled and postseason home games at the ballpark. Preseason games may also be scheduled and played at the ballpark. The lease or use agreement must be for a term of at least 30 years from the date of ballpark completion. The lease or use agreement must include terms for default, termination, and breach of the agreement. Recognizing that the presence of major league baseball provides to Hennepin County, the state of Minnesota, and its citizens highly valued, intangible benefits that are virtually impossible to quantify and, therefore, not recoverable in the event of a team owner's breach of contract, the lease and use agreements must provide for specific performance and injunctive relief to enforce provisions relating to use of the ballpark for major league baseball and must not include escape clauses or buyout provisions. The team must not enter into or accept any agreement or requirement with or from Major League Baseball or any other entity that is inconsistent with the team's binding commitment to the 30-year term of the lease or use agreement or that would in any manner dilute, interfere with, or negate the provisions of the lease or use agreement, or of any grant agreement under section 473.757 that includes a specific performance clause, providing for specific performance or injunctive relief. The legislature conclusively determines, as a matter of public policy, that the lease or use agreement, and any grant agreement under section 473.757 that includes a specific performance clause: (a) explicitly authorize specific performance as a remedy for breach; (b) are made for adequate consideration and upon terms which are otherwise fair and reasonable; (c) have not been included through sharp practice, misrepresentation, or
mistake; (d) if specifically enforced, do not cause unreasonable or disproportionate hardship or loss to the team or to third parties; and (e) involve performance in such a manner and the rendering of services of such a nature and under such circumstances that the beneficiary cannot be adequately compensated in damages.

Subd. 5. Notice requirement for certain events. Until 30 years from the date of ballpark completion, the team must provide written notice to the authority not less than 90 days prior to any action, including any action imposed upon the team by Major League Baseball, which would result in a breach or default of provisions of the lease or use agreements required to be included under subdivision 4. If this notice provision is violated and the team has already breached or been in default under the required provisions, the authority, the county, or the state of Minnesota is authorized to specifically enforce the lease or use agreement, and Minnesota courts are authorized and directed to fashion equitable remedies so that the team may fulfill the conditions of the lease and use agreements, including, but not limited to, remedies against major league baseball.

Subd. 6. Enforceable financial commitments. The authority must determine before ballpark construction begins that all public and private funding sources for construction of the ballpark are included in written agreements. The committed funds must be adequate to design, construct, furnish, and equip the ballpark.

Subd. 7. Environmental requirements. The authority must comply with all environmental requirements imposed by regulatory agencies for the ballpark, site, and structure, except as provided by section 473.758, subdivision 1.

Subd. 8. Right of first refusal. The lease or use agreement must provide that, prior to any planned sale of the team, the team must offer a corporation formed under section 473.763 a right of first refusal to purchase the team at the same price and upon the same terms and conditions as are contemplated in the intended sale.

Subd. 9. Public share upon sale of team. The lease or use agreement must provide that, if the team is sold after the effective date of this article, a portion of the sale price must be paid to the authority and deposited in a reserve fund for improvements to the ballpark or expended as the authority may otherwise direct. The portion required to be so paid to the authority is 18 percent of the gross sale price, declining to zero ten years after commencement of ballpark construction in increments of 1.8 percent each year. The agreement shall provide exceptions for sales to members of the owner’s family and entities and trusts beneficially owned by family members, sales to employees of equity interests aggregating up to ten percent, and sales related to capital infusions not distributed to the owners.

Subd. 10. Access to books and records. The lease or use agreement must provide the authority access to annual audited financial statements of the team and other financial books and records that the authority deems necessary to determine compliance by the team with this act and to enforce the terms of any lease or use agreements entered into under this act. Any financial information obtained by the authority under this subdivision is nonpublic data under section 13.02, subdivision 9.

Subd. 11. Affordable access. To the extent determined by the authority or required by a grant agreement, any lease or use agreement must provide for affordable access to the professional sporting events held in the ballpark.

Subd. 12. No strikes; lockouts. The authority must negotiate a public sector project labor agreement or other agreement to prevent strikes and lockouts that would halt, delay, or impede construction of the ballpark and related facilities.

Subd. 13. Youth and amateur sports. The lease or use agreement must require that the team provide or cause to be provided $250,000 annually for the term of the agreement for youth activities and youth and amateur sports without reducing the amounts otherwise normally provided for and on behalf of the team for those purposes. The amounts shall increase according to an inflation factor not to exceed 2.5 percent annually and may be subject to a condition that the county fund grants for similar purposes.
Subd. 14. **Name retention.** The lease or use agreement must provide that the team and league will transfer to the state of Minnesota the Minnesota Twins’ heritage and records, including the name, logo, colors, history, playing records, trophies, and memorabilia, in the event of any dissolution or relocation of the Twins franchise.

Subd. 15. **Ballpark design.** (a) If the authority obtains grants sufficient to cover the increased costs, the authority must ensure that the ballpark receives Leadership in Energy and Environmental Design (LEED) certification for environmental design, and to the extent practicable, that the ballpark design is architecturally significant. The Department of Administration and the Department of Commerce must cooperate with the authority to obtain any grants or other funds that are available to help to pay for the cost of meeting the requirements for the LEED certification.

(b) The ballpark design must, to the extent feasible, follow sustainable building guidelines established under section 16B.325.

(c) The authority must ensure that the ballpark be, to the greatest extent practicable, constructed of American-made steel.

Sec. 15. **473.76 METROPOLITAN SPORTS FACILITIES COMMISSION.**

The Metropolitan Sports Facilities Commission may authorize, by resolution, technical, professional, or financial assistance to the county and authority for the development and operation of the ballpark upon such terms and conditions as the county or authority and the Metropolitan Sports Facilities Commission may agree, including reimbursement of financial assistance from the proceeds of the bonds authorized in this chapter. Without limiting the foregoing permissive powers, the Metropolitan Sports Facilities Commission shall transfer $300,000 from its cash reserves to the county on or prior to January 1, 2007, for use in connection with preliminary ballpark and public infrastructure costs, which amount shall be repaid by the county from collections of the tax authorized by section 473.757, if any.

Sec. 16. **473.761 CITY REQUIREMENTS.**

Subdivision 1. **Land conveyance.** At the request of the authority or county, the city of Minneapolis shall convey to the authority or county, as applicable, at fair market value all real property it owns that is located in the development area and is not currently used for road, sidewalk, or utility purposes and that the authority or county determines to be necessary for ballpark or public infrastructure purposes.

Subd. 2. **Liquor licenses.** At the request of the authority, the city of Minneapolis shall issue intoxicating liquor licenses that are reasonably requested for the premises of the ballpark. These licenses are in addition to the number authorized by law. All provisions of chapter 340A, not inconsistent with this section apply to the licenses authorized under this subdivision.

Subd. 3. **Charter limitations.** Actions taken by the city of Minneapolis under this act in a planning or regulatory capacity, actions for which fair market value reimbursement is provided or for which standard fees are collected, and any tax exemptions established under this act shall not be deemed to be an expenditure or other use of city resources within the meaning of any charter limitation.

Sec. 17. **473.762 LOCAL TAXES.**

No new or additional local sales or use tax shall be imposed on sales at the ballpark site unless the tax is applicable throughout the taxing jurisdiction. No new or additional local tax shall be imposed on sales of tickets and admissions to baseball events at the ballpark, notwithstanding any law or ordinance, unless the tax is applicable throughout the taxing jurisdiction. The admissions and amusements tax currently imposed by the city of Minneapolis pursuant to Laws 1969, chapter 1092, may apply to admissions for baseball events at the ballpark.
Sec. 18. [473.763] COMMUNITY OWNERSHIP.

Subdivision 1. Purpose. The legislature determines that:

(1) a professional baseball franchise is an important asset to the state of Minnesota and ensuring that a franchise remains in Minnesota is an important public purpose;

(2) providing broad-based local ownership of a major league baseball franchise develops trust among fans, taxpayers, and the team, and helps ensure this important asset will remain in the state;

(3) providing community ownership of a professional baseball franchise ensures that the financial benefits of any increased value of the franchise will accrue to those members of the community who own the franchise; and

(4) enacting legislation providing for community ownership indicates to major league baseball continuing support for professional baseball in Minnesota.

Subd. 2. Acquisition. Subject to the rules of Major League Baseball, the governor and the Metropolitan Sports Facilities Commission must attempt to facilitate the formation of a corporation to acquire the baseball franchise and to identify an individual private managing owner of the corporation. The corporation formed to acquire the franchise shall have a capital structure in compliance with all of the following provisions:

(1) there may be two classes of capital stock: common stock and preferred stock. Both classes of stock must give holders voting rights with respect to any relocation or voluntary contraction of the franchise;

(2) the private managing owner must own no less than 25 percent and no more than 35 percent of the common stock. For purposes of this restriction, shares of common stock owned by the private managing owner include shares of common stock owned by any related taxpayer as defined in section 1313(c) of the Internal Revenue Code of 1986, as amended. Other than the rights of all other holders of common stock and preferred stock with respect to relocation or voluntary contraction of the franchise, the private managing owner must control all aspects of the operation of the corporation;

(3) other than the private managing owner, no individual or entity may own more than five percent of the common stock of the corporation;

(4) at least 50 percent of the ownership of the common stock must be sold to members of the general public in a general solicitation and a person or entity must not own more than one percent of common stock of the corporation; and

(5) the articles of incorporation, bylaws, and other governing documents must provide that the franchise may not move outside of the state or agree to voluntary contraction without approval of at least 75 percent of the shares of common stock and at least 75 percent of the shares of preferred stock. Notwithstanding any law to the contrary, these 75 percent approval requirements shall not be amended by the shareholders or by any other means.

Except as specifically provided by this act, no state agency may spend money from any state fund for the purpose of generating revenue under this subdivision or for the purpose of providing operating support or defraying operating losses of a professional baseball franchise.

Sec. 19. HIGH SCHOOL LEAGUE; FUNDS TRANSFER.

Beginning July 1, 2007, the Minnesota State High School League shall annually determine the sales tax savings attributable to Minnesota Statutes, section 297A.70, subdivision 11, and annually transfer that amount to a nonprofit charitable foundation created for the purpose of promoting high school extracurricular activities. The funds must be
used by the foundation to make grants to fund, assist, recognize, or promote high school students’ participation in extracurricular activities. The first priority for funding will be grants for scholarships to individuals to offset athletic fees. The foundation must equitably award grants based on considerations of gender balance, school size, and geographic location, to the extent feasible.

Sec. 20. **VIKINGS STADIUM PROPOSAL.**

Representatives of Anoka County and the Minnesota Vikings shall negotiate an agreement for the development and financing of a stadium that meets the programmatic requirements of the National Football League, and that has a retractable roof, to be located in the city of Blaine. A report on the agreement must be presented to the legislature by January 15, 2007.

Sec. 21. **ANOKA COUNTY SALES AND USE TAX AUTHORIZATION.**

Subdivision 1. **Authorization.** To provide local government revenue to finance a football stadium for the Minnesota Vikings, located in the city of Blaine, Anoka County may impose a general sales and use tax on sales subject to taxation under Minnesota Statutes, chapter 297A, within its jurisdiction of not more than 0.75 percent. The tax imposed under this section must terminate 30 days after the county board determines that sufficient revenues have been received from the tax and other sources to retire or redeem the bonds issued to pay for the stadium. The tax may be imposed notwithstanding the provisions of Minnesota Statutes, section 477A.016. The requirements of Minnesota Statutes, section 297A.99, subdivisions 2 and 3, do not apply to the tax imposed under this subdivision.

Subd. 2. **Contingency.** The tax under this section may be imposed by Anoka County only after the legislature at the 2007 or later legislative session has enacted a law that provides for the development and financing of a stadium for the Minnesota Vikings in the city of Blaine that includes the tax as part of the financing plan.

Subd. 3. **Exemption from local approval requirement.** This section is not subject to the local approval requirement under Minnesota Statutes, section 645.021.

Sec. 22. **METROPOLITAN SPORTS FACILITIES COMMISSION FUND TRANSFER.**

Upon sale of the Metrodome, the Metropolitan Sports Facilities Commission must transfer $5,000,000 from its cash reserves in place prior to the sale of the Metrodome to the city of Minneapolis for future infrastructure costs at the site of the Metrodome.

Sec. 23. **REPEALER.**

Minnesota Statutes 2004, sections 272.02, subdivision 50; 297A.71, subdivision 31; 473I.01; 473I.02; 473I.03; 473I.04; 473I.05; 473I.06; 473I.07; 473I.08; 473I.09; 473I.10; 473I.11; 473I.12; and 473I.13, are repealed.

Subd. 4. **Nonconformities; certain classes of property.** This subdivision applies to homestead and nonhomestead residential real estate and seasonal residential real estate occupied for recreational purposes. A nonconformity, including the lawful use or occupation of land or premises existing at the time of the adoption of an official control under this chapter, may be continued, including through repair, replacement, restoration, maintenance, or improvement, but not including expansion. Section 1. Minnesota Statutes 2005 Supplement, section 244.10, subdivision 5, is amended to read:

Subd. 5. Procedures in cases where state intends to seek an aggravated departure. (a) When the prosecutor provides reasonable notice under subdivision 4, the district court shall allow the state to prove beyond a reasonable doubt to a jury of 12 members the factors in support of the state's request for an aggravated departure from the Sentencing Guidelines or the state's request for an aggravated sentence from any sentencing enhancement statute or the state's request for a mandatory minimum under section 609.11 as provided in paragraph (b) or (c).

(b) The district court shall allow a unitary trial and final argument to a jury regarding both evidence in support of the elements of the offense and evidence in support of aggravating factors when the evidence in support of the aggravating factors:

(1) would be admissible as part of the trial on the elements of the offense; or

(2) would not result in unfair prejudice to the defendant.

The existence of each aggravating factor shall be determined by use of a special verdict form.

Upon the request of the prosecutor, the court shall allow bifurcated argument and jury deliberations.

(c) The district court shall bifurcate the proceedings, or impanel a resentencing jury, to allow for the production of evidence, argument, and deliberations on the existence of factors in support of an aggravated departure after the return of a guilty verdict when the evidence in support of an aggravated departure:

**EFFECTIVE DATE.** This section is effective August 1, 2006.

Sec. 7. Minnesota Statutes 2004, section 346.155, subdivision 5, is amended to read:

**Subd. 5. Seizure.** (a) The local animal control authority, upon issuance of a notice of inspection, must be granted access at reasonable times to sites where the local animal control authority has reason to believe a violation of this chapter is occurring or has occurred.

(b) If a person who possesses a regulated animal is not in compliance with the requirements of this section, the local animal control authority shall take possession of the animal for custody and care, provided that the procedures in this subdivision are followed.

(c) Upon request of a person possessing a regulated animal, the local animal control authority may allow the animal to remain in the physical custody of the owner for 30 days, during which time the owner shall take all necessary actions to come in compliance with this section. During the 30-day period, the local animal control authority may inspect, at any reasonable time, the premises where the animal is kept.

(d) If a person who possesses a regulated animal is not in compliance with this section following the 30-day period described in paragraph (c), the local animal control authority shall seize the animal and place it in a holding facility that is appropriate for the species for up to ten days.

(e) The authority taking custody of an animal under this section shall provide a notice of the seizure by delivering or mailing it to the owner, by posting a copy of it at the place where the animal is taken into custody, or by delivering it to a person residing on the property. The notice must include:

(1) a description of the animal seized; the authority for and purpose of the seizure; the time, place, and circumstances under which the animal was seized; and a contact person and telephone number;
(2) a statement that a person from whom a regulated animal was seized may post security to prevent disposition of the animal and may request a hearing concerning the seizure and that failure to do so within five business days of the date of the notice will result in disposition of the animal;

(3) a statement that actual costs of the care, keeping, and disposal of the regulated animal are the responsibility of the person from whom the animal was seized, except to the extent that a court or hearing officer finds that the seizure or impoundment was not substantially justified by law; and

(4) a form that can be used by a person from whom a regulated animal was seized for requesting a hearing under this subdivision.

(f) If a person from whom the regulated animal was seized makes a request within five business days of the seizure, a hearing must be held within five business days of the request to determine the validity of the seizure and disposition of the animal. The judge or hearing officer may authorize the return of the animal to the person from whom the animal was seized if the judge or hearing officer finds:

(1) that the person can and will provide the care required by law for the regulated animal; and

(2) the regulated animal is physically fit.

(g) If a judge or hearing officer orders a permanent disposition of the regulated animal, the local animal control authority may take steps to find long-term placement for the animal with a wildlife sanctuary, persons authorized by the Department of Natural Resources, or an appropriate United States Department of Agriculture licensed facility.

(h) A person from whom a regulated animal is seized is liable for all actual costs of care, keeping, and disposal of the animal, except to the extent that a court or hearing officer finds that the seizure was not substantially justified by law. The costs must be paid in full or a mutually satisfactory arrangement for payment must be made between the local animal control authority and the person claiming an interest in the animal before return of the animal to the person.

(i) A person from whom a regulated animal has been seized under this subdivision may prevent disposition of the animal by posting security in the amount sufficient to provide for the actual costs of care and keeping of the animal. The security must be posted within five business days of the seizure, inclusive of the day of the seizure.

(j) If circumstances exist threatening the life of a person or the life of any animal, local law enforcement or the local animal control authority may seize a regulated animal without an opportunity for hearing or court order, or destroy the animal.

Sec. 8. Minnesota Statutes 2004, section 346.155, is amended by adding a subdivision to read:

(b) A person who knowingly violates subdivision 3, paragraph (a), is guilty of a gross misdemeanor.

(e) A person who violates subdivision 9a, resulting in great bodily harm or death is guilty of a felony and may be sentenced to imprisonment for not more than two years or to payment of a fine of not more than $5,000, or both, unless a greater penalty is provided elsewhere.

EFFECTIVE DATE. This section is effective August 1, 2006, and applies to crimes committed on or after that date.

Sec. 10. Minnesota Statutes 2004, section 518B.01, subdivision 14, is amended to read:

Subd. 14. Violation of an order for protection. (a) A person who violates an order for protection issued by a judge or referee is subject to the penalties provided in paragraphs (b) to (d).

(b) Except as otherwise provided in paragraphs (c) and (d), whenever an order for protection is granted by a judge or referee or pursuant to a similar law of another state, the United States, the District of Columbia, tribal lands, or United States territories, and the respondent or person to be restrained knows of the existence of the order, violation of the order for protection is a misdemeanor. Upon a misdemeanor conviction under this paragraph, the defendant must be sentenced to a minimum of three days imprisonment and must be ordered to participate in counseling or other appropriate programs selected by the court. If the court stays imposition or execution of the jail sentence and the defendant refuses or fails to comply with the court's treatment order, the court must impose and execute the stayed jail sentence. A violation of an order for protection shall also constitute contempt of court and be subject to the penalties provided in chapter 588.

(c) A person is guilty of a gross misdemeanor who knowingly violates this subdivision during the time period between ten years of a previous qualified domestic violence-related offense conviction and the end of the five years following discharge from sentence for that offense or adjudication of delinquency. Upon a gross misdemeanor conviction under this paragraph, the defendant must be sentenced to a minimum of ten days imprisonment and must be ordered to participate in counseling or other appropriate programs selected by the court. Notwithstanding section 609.135, the court must impose and execute the minimum sentence provided in this paragraph for gross misdemeanor convictions.

(d) A person is guilty of a felony and may be sentenced to imprisonment for not more than five years or to payment of a fine of not more than $10,000, or both, if the person knowingly violates this subdivision:

(1) during the time period between within ten years of the first of two or more previous qualified domestic violence-related offense convictions and the end of the five years following discharge from sentence for that offense or adjudications of delinquency; or
(2) while possessing a dangerous weapon, as defined in section 609.02, subdivision 6.

Upon a felony conviction under this paragraph in which the court stays imposition or execution of sentence, the court shall impose at least a 30-day period of incarceration as a condition of probation. The court also shall order that the defendant participate in counseling or other appropriate programs selected by the court. Notwithstanding section 609.135, the court must impose and execute the minimum sentence provided in this paragraph for felony convictions.

(e) A peace officer shall arrest without a warrant and take into custody a person whom the peace officer has probable cause to believe has violated an order granted pursuant to this section or a similar law of another state, the United States, the District of Columbia, tribal lands, or United States territories restraining the person or excluding the person from the residence or the petitioner's place of employment, even if the violation of the order did not take place in the presence of the peace officer, if the existence of the order can be verified by the officer. The probable cause required under this paragraph includes probable cause that the person knows of the existence of the order. If the order has not been served, the officer shall immediately serve the order whenever reasonably safe and possible to do so. An order for purposes of this subdivision, includes the short form order described in subdivision 8a. When the order is first served upon the person at a location at which, under the terms of the order, the person's presence constitutes a violation, the person shall not be arrested for violation of the order without first being given a reasonable opportunity to leave the location in the presence of the peace officer. A person arrested under this paragraph shall be held in custody for at least 36 hours, excluding the day of arrest, Sundays, and holidays, unless the person is released earlier by a judge or judicial officer. A peace officer acting in good faith and exercising due care in making an arrest pursuant to this paragraph is immune from civil liability that might result from the officer's actions.

(f) If the court finds that the respondent has violated an order for protection and that there is reason to believe that the respondent will commit a further violation of the provisions of the order restraining the respondent from committing acts of domestic abuse or excluding the respondent from the petitioner's residence, the court may require the respondent to acknowledge an obligation to comply with the order on the record. The court may require a bond sufficient to deter the respondent from committing further violations of the order for protection, considering the financial resources of the respondent, and not to exceed $10,000. If the respondent refuses to comply with an order to acknowledge the obligation or post a bond under this paragraph, the court shall commit the respondent to the county jail during the term of the order for protection or until the respondent complies with the order under this paragraph. The warrant must state the cause of commitment, with the sum and time for which any bond is required. If an order is issued under this paragraph, the court may order the costs of the contempt action, or any part of them, to be paid by the respondent. An order under this paragraph is appealable.

(g) Upon the filing of an affidavit by the petitioner, any peace officer, or an interested party designated by the court, alleging that the respondent has violated any order for protection granted pursuant to this section or a similar law of another state, the United States, the District of Columbia, tribal lands, or United States territories, the court may issue an order to the respondent, requiring the respondent to appear and show cause within 14 days why the respondent should not be found in contempt of court and punished therefor. The hearing may be held by the court in any county in which the petitioner or respondent temporarily or permanently resides at the time of the alleged violation, or in the county in which the alleged violation occurred, if the petitioner and respondent do not reside in this state. The court also shall refer the violation of the order for protection to the appropriate prosecuting authority for possible prosecution under paragraph (b), (c), or (d).

(h) If it is alleged that the respondent has violated an order for protection issued under subdivision 6 or a similar law of another state, the United States, the District of Columbia, tribal lands, or United States territories, and the court finds that the order has expired between the time of the alleged violation and the court's hearing on the violation, the court may grant a new order for protection under subdivision 6 based solely on the respondent's alleged violation of the prior order, to be effective until the hearing on the alleged violation of the prior order. If the
court finds that the respondent has violated the prior order, the relief granted in the new order for protection shall be extended for a fixed period, not to exceed one year, except when the court determines a longer fixed period is appropriate.

(i) The admittance into petitioner's dwelling of an abusing party excluded from the dwelling under an order for protection is not a violation by the petitioner of the order for protection.

A peace officer is not liable under section 609.43, clause (1), for a failure to perform a duty required by paragraph (e).

(j) When a person is convicted under paragraph (b) or (c) of violating an order for protection and the court determines that the person used a firearm in any way during commission of the violation, the court may order that the person is prohibited from possessing any type of firearm for any period longer than three years or for the remainder of the person's life. A person who violates this paragraph is guilty of a gross misdemeanor. At the time of the conviction, the court shall inform the defendant whether and for how long the defendant is prohibited from possessing a firearm and that it is a gross misdemeanor to violate this paragraph. The failure of the court to provide this information to a defendant does not affect the applicability of the firearm possession prohibition or the gross misdemeanor penalty to that defendant.

(k) Except as otherwise provided in paragraph (j), when a person is convicted under paragraph (b) or (c) of violating an order for protection, the court shall inform the defendant that the defendant is prohibited from possessing a pistol for three years from the date of conviction and that it is a gross misdemeanor offense to violate this prohibition. The failure of the court to provide this information to a defendant does not affect the applicability of the pistol possession prohibition or the gross misdemeanor penalty to that defendant.

(l) Except as otherwise provided in paragraph (j), a person is not entitled to possess a pistol if the person has been convicted under paragraph (b) or (c) after August 1, 1996, of violating an order for protection, unless three years have elapsed from the date of conviction and, during that time, the person has not been convicted of any other violation of this section. Property rights may not be abated but access may be restricted by the courts. A person who possesses a pistol in violation of this paragraph is guilty of a gross misdemeanor.

(m) If the court determines that a person convicted under paragraph (b) or (c) of violating an order for protection owns or possesses a firearm and used it in any way during the commission of the violation, it shall order that the firearm be summarily forfeited under section 609.5316, subdivision 3.

**EFFECTIVE DATE.** This section is effective August 1, 2006, and applies to crimes committed on or after that date.

(3) violation of an order for protection charged under subdivision 14; or

(4) violation of a prior domestic abuse no contact order charged under this subdivision.

The person shall be held in custody for at least 36 hours, excluding the day of arrest, Sundays, and holidays, unless the person is released earlier by a judge or judicial officer. A peace officer acting in good faith and exercising due care in making an arrest pursuant to this paragraph is immune from civil liability that might result from the officer’s actions.

(b) The law enforcement agency shall employ the following guidelines in determining the scope of disclosure made under this subdivision:

Additionally, the agency may disclose the information to any victims of or witnesses to the offense committed by the offender. Within five days after receiving this notification, the appropriate commissioner shall give to the appropriate law enforcement agency all relevant information the commissioner has concerning the offender, including information on the risk factors in the offender's history and the risk level to which the offender was assigned. After receiving this information, the law enforcement agency shall make the disclosures permitted or required by clause (2) or (3), as appropriate.

(c) As used in paragraph (b), clauses (2) and (3), "likely to encounter" means that:

(1) the organizations or community members are in a location or in close proximity to a location where the offender lives or is employed, or which the offender visits or is likely to visit on a regular basis, other than the location of the offender's outpatient treatment program; and

If a change occurs in the release plan, this notification provision does not require an extension of the release date.

(e) A law enforcement agency or official who discloses information under this subdivision shall not disclose the identity or any identifying characteristics of the victims of or witnesses to the offender's offenses.

(f) A law enforcement agency shall continue to disclose information on an offender as required by this subdivision for as long as the offender is required to register under section 243.166. [..] This court makes no finding as to any underlying claims of the parties involved and expressly limits its findings of fact and conclusions of law to the review of a ministerial act. The filing officer shall remove the subject financing statement or other record so that the record is not reflected in or obtained as a result of any search, standard or otherwise, conducted of those records, but shall retain them and these findings of fact and conclusions of law in the filing office for the duration of the period for which they would have otherwise been filed.

Sufficient information must be provided to the coroner or medical examiner. Reportable deaths include, but are not limited to:

(24) deaths attributable to acts of terrorism.

The coroner or medical examiner shall determine the extent of the coroner's or medical examiner's investigation, including whether additional investigation is needed by the coroner or medical examiner, jurisdiction is assumed, or an autopsy will be performed, notwithstanding any other statute.

Subd. 1a. Commissioner of corrections; investigation of deaths. The commissioner of corrections may require that all Department of Corrections incarcerated deaths be reviewed by an independent, contracted, board-certified forensic pathologist. For deaths occurring within a facility licensed by the Department of Corrections, the coroner or medical examiner shall ensure that a forensic pathologist who is certified by the American Board of Pathology reviews each death and performs an autopsy on all unnatural, unattended, or unexpected deaths and others as necessary.

Subd. 1b. Hospice registration. Each coroner and medical examiner shall establish a registration policy regarding hospice patients. If a hospice patient is determined to be properly preregistered, the coroner or medical examiner may treat the death as attended by a physician.

Subd. 2. Violent or mysterious deaths; Autopsies. The coroner or medical examiner may conduct an autopsy, at the coroner or medical examiner's sole discretion, in the case of any human death referred to in subdivision 1, clause (1) or (2), when, in the judgment of the coroner or medical examiner the public interest requires would be served by an autopsy, except that an autopsy must be conducted in all unattended inmate deaths that occur in a state correctional facility. The autopsy shall be performed without unnecessary delay. A report of the facts developed by the autopsy and findings of the person performing the autopsy shall be made promptly and filed in the office of the coroner or medical examiner. When further investigation is deemed advisable, a copy of the report shall be delivered to the county attorney. Every autopsy performed pursuant to this subdivision shall, whenever practical, be performed in the county morgue. Nothing herein shall require the coroner or medical examiner to order an autopsy upon the body of a deceased person if the person died of known or ascertainable causes or had been under the care of a licensed physician immediately prior to death or if the coroner or medical examiner determines the autopsy to be unnecessary.

Autopsies performed pursuant to this subdivision may include the removal, retention, testing, or use of organs, parts of organs, fluids or tissues, at the discretion of the coroner or medical examiner, when removal, retention, testing, or use may be useful in determining or confirming the cause of death, mechanism of death, manner of death, identification of the deceased, presence of disease or injury, or preservation of evidence. Such tissue retained by the
coroner or medical examiner pursuant to this subdivision shall be disposed of in accordance with standard biohazardous hospital and/or surgical material and does not require specific consent or notification of the legal next of kin. When removal, retention, testing, and use of organs, parts of organs, fluids, or tissues is deemed beneficial, and is done only for research or the advancement of medical knowledge and progress, written consent or documented oral consent shall be obtained from the legal next of kin, if any, of the deceased person prior to the removal, retention, testing, or use.

Subd. 2a. Deaths caused by fire; autopsies. The coroner shall conduct an autopsy in the case of any human death reported to the coroner by the state fire marshal or a chief officer under section 299F.04, subdivision 5, and apparently caused by fire. The coroner or medical examiner shall conduct an autopsy or require that one be performed in the case of a death reported to the coroner or medical examiner by the state fire marshal or a chief officer under section 299F.04, subdivision 5, and apparently caused by fire, and in which the decedent is pronounced dead outside of a hospital or in which identification of the decedent has not been confirmed. If the decedent has died in a hospital and identification is not in question, an autopsy may be performed or ordered by the coroner or medical examiner.

Subd. 3. Other deaths; autopsies; Exhumation; consent disinterment. The coroner may conduct an autopsy in the case of any human death referred to in subdivision 1, clause (3) or (4), or medical examiner may examine any human body and perform an autopsy on it in the case of any human death referred to in subdivision 1 when the coroner or medical examiner judges that the public interest requires an autopsy. No autopsy, exhumation shall be conducted unless the surviving spouse or legal next of kin if there is no surviving spouse, consents to it, or the district court of the county where the body is located or buried, upon notice as the court directs, enters an order authorizing an autopsy or an exhumation and autopsy orders it. Notice of such exhumation shall be given as directed by the district court. Application for an order may be made by the coroner, medical examiner, or by the county attorney of the county where the body is located or buried, and shall be granted upon a showing that the court deems appropriate.

Subd. 4. Assistance of medical specialists. If during an investigation the coroner or medical examiner believes the assistance of pathologists, toxicologists, deputy coroners, laboratory technicians, or other medical, scientific, or forensic experts is necessary to determine or confirm the cause or manner of death, identification, time of death, or to address other issues requiring expert opinion, the coroner shall or medical examiner may obtain their assistance.

Subd. 5. Inquest. An inquest into a death may be held at the request of the medical examiner and the county attorney or the coroner and the county attorney. An inquest is optional and the coroner or medical examiner may investigate and certify a death without one. The coroner or medical examiner and county attorney may decide how to empanel the inquest. Inquest records will be made public, but the record and report of the inquest proceedings may not be used in evidence in any civil action arising out of the death for which an inquest was ordered. Before an inquest is held, the coroner shall notify the county attorney to appear and examine witnesses at the inquest. Whenever the decision is made to hold an inquest, the county attorney may issue subpoenas for witnesses and enforce their attendance. The persons served with subpoenas shall be allowed the same compensation and be subject to the same enforcement and penalties as provided by Rule 22 of the Minnesota Rules of Criminal Procedure.

Subd. 6. Records kept by coroner or medical examiner. The coroner or medical examiner shall keep full and complete records, properly indexed records, giving the name, if known, of every person whose death is investigated, the place where the body was found, the date, cause, and manner of death, and all other relevant available information concerning the death that the coroner or medical examiner considers pertinent. These records of the coroner or medical examiner are the property of the county and subject to chapter 13. These records shall be kept at the coroner's or medical examiner's office, unless no storage space is available. They shall then be kept with official county records and only released in accordance with the Data Practices Act. Records shall be kept in accordance with section 15.17.
Subd. 7. **Reports, Duty to report.** (a) Deaths of the types described in this section must be promptly reported for investigation to the coroner or medical examiner and, when appropriate, to the law enforcement agency with jurisdiction, by the law enforcement officer, attending physician, health care professional, mortician or funeral director, person in charge of the public institutions referred to in subdivision 1, or other person with knowledge of the death—anyone who discovers a deceased person. In a case in which a crime may be involved, the coroner or medical examiner shall promptly notify the law enforcement agency with jurisdiction over a criminal investigation of the death.

Subd. 7a. **Records and other material available to coroner or medical examiner.** (b) For the purposes of this section, health-related records or data on a decedent, whether the records or data are recorded or unrecorded, including but not limited to those concerning medical, surgical, psychiatric, psychological, or any other consultation, diagnosis, or treatment, including medical imaging, shall be made promptly available to the coroner or medical examiner, upon the coroner's or medical examiner's written request, by any person, agency, entity, or organization having custody of, possession of, access to, or knowledge of the records or data. This provision includes records and data, whether recorded or unrecorded, including but not limited to, records and data, including medical imaging, concerning medical, surgical, psychiatric, psychological, chemical dependency, or any other consultation, diagnosis, or treatment. In cases involving a stillborn infant or the death of a fetus or infant less than one year of age, the prenatal records on the decedent's mother may also be subpoenaed by the coroner or medical examiner. The coroner or medical examiner shall pay the reasonable costs of copies of records or data so provided to the coroner under this section. Data collected or created pursuant to this subdivision relating to any psychiatric, psychological, or mental health consultation with, diagnosis of, or treatment of the decedent whose death is being investigated shall remain confidential or protected nonpublic data, except that the coroner's or medical examiner's final summary report may contain a summary of, or references to, such data. Where records of a decedent become part of the medical examiner's or coroner's file, they are not subject to subpoena or a request for production directed to the medical examiner or coroner. Body fluids, slides, tissue, organ specimens, radiographs, monitor records, video or other recordings, and any other material or article of diagnostic value obtained from the decedent prior to death, shall be made available to the coroner or medical examiner upon request. Notwithstanding the provisions of sections 13.384 and 595.02, the coroner or medical examiner shall have the power to subpoena any and all documents, records, including medical records, and papers deemed useful in the investigation of a death.

Subd. 7b. **Records released by coroner or medical examiner.** Records and reports, including those of autopsies performed, generated, and certified by the coroner or medical examiner shall be admissible as evidence in any court or grand jury proceeding. The admissibility of such evidence under this subdivision shall not include statements made by witnesses or other persons unless otherwise admissible.

Subd. 8. **Investigation procedure; coroner or medical examiner in charge of body.** Upon notification of a death subject to any person as defined in this section, the coroner or deputy shall medical examiner staff or their designee may proceed to the body, take charge of it, and, arrange for transfer of it, when appropriate. This provision also applies to bones, body parts, and specimens that may be human remains. Discovery of such bones, body parts, and specimens must be promptly reported to the coroner or medical examiner. When necessary, the coroner or medical examiner staff, in coordination with the applicable law enforcement agency, may order that there be no interference with or compromise of the body or the scene of death. In the event a person is transported to an emergency vehicle or facility and pronounced dead, the scene of death shall include the original location of the decedent when first discovered to be ill, unresponsive, or stricken prior to removal by emergency medical personnel. Any person violating such an order is guilty of a gross misdemeanor. The coroner or medical examiner staff shall make inquiry regarding the cause and manner of death and, in cases that fall under the medical examiner's or coroner's jurisdiction, prepare written findings together with the report of death and its circumstances, which shall be filed in the office of the coroner or medical examiner.
Subd. 9. Criminal act report. On coming to believe that the death may have resulted from a criminal act, the coroner or deputy medical examiner shall deliver a signed copy of the report of investigation or inquest to the county attorney. Copies of reports or other information created by the coroner's or medical examiner's office in any cases of a potential criminal nature shall be delivered to the county attorney.

Subd. 10. Sudden Infant death. If a child under the age of two years dies suddenly and unexpectedly under circumstances indicating that the death may have been caused by sudden infant death syndrome, the coroner, medical examiner, or personal physician shall notify the child's parents or guardian that an autopsy is essential to establish the cause of death as sudden infant death syndrome. If an autopsy reveals that sudden infant death syndrome is the cause of death, that fact must be stated in the autopsy report. The parents or guardian of the child shall be promptly notified of the cause of death and of the availability of counseling services.

Subd. 11. Autopsy fees. The coroner may charge a reasonable fee to a person requesting an autopsy if the autopsy would not otherwise be conducted under subdivision 1, 2, or 3.

Subd. 12. Authorized removal of the brain. If the coroner or medical examiner is informed by a physician or pathologist that a dead person is suspected of having had Alzheimer's disease, the coroner or medical examiner may authorize the removal of the brain of the dead person for the purposes of sections 145.131 and 145.132.

(a) "High school" means a public secondary school, except a charter school under section 124D.10, that has pupils enrolled in at least the 10th, 11th, and 12th grades. If there is no secondary high school in the district that has pupils enrolled in at least the 10th, 11th, and 12th grades, and the school is at least 19 miles from the next nearest school, the commissioner must designate one school in the district as a high school for the purposes of this section.
(b) "Secondary average daily membership" means, for a district that has only one high school, the average daily membership of pupils served in grades 7 through 12. For a district that has more than one high school, "secondary average daily membership" for each high school means the product of the average daily membership of pupils served in grades 7 through 12 in the high school, times the ratio of six to the number of grades in the high school.

(c) "Attendance area" means the total surface area of the district, in square miles, divided by the number of high schools in the district. For a district that does not operate a high school and is less than 19 miles from the nearest operating high school, the attendance area equals zero.

(d) "Isolation index" for a high school means the square root of 55 percent of the attendance area plus the distance in miles, according to the usually traveled routes, between the high school and the nearest high school. For a district in which there is located land defined in section 84A.01, 84A.20, or 84A.31, the distance in miles is the sum of:

1. the square root of one-half of the attendance area; and
2. the distance from the border of the district to the nearest high school.

(e) "Qualifying high school" means a high school that has an isolation index greater than 23 and that has secondary average daily membership of less than 400.

(f) "Qualifying elementary school" means a public elementary school, except a charter school under section 124D.10, that is located 19 miles or more from the nearest elementary school or from the nearest elementary school within the district and, in either case, has an elementary average daily membership of an average of 20 or fewer per grade.

(g) "Elementary average daily membership" means, for a district that has only one elementary school, the average daily membership of pupils served in kindergarten through grade 6. For a district that has more than one elementary school, "average daily membership" for each school means the average daily membership of pupils served in kindergarten through grade 6 multiplied by the ratio of seven to the number of grades in the elementary school.

Sec. 10. Minnesota Statutes 2005 Supplement, section 126C.10, subdivision 31, is amended to read:

Subd. 31. Transition revenue. (a) A district's transition allowance equals the greater of zero or the product of the ratio of the number of adjusted marginal cost pupil units the district would have counted for fiscal year 2004 under Minnesota Statutes 2002 to the district's adjusted marginal cost pupil units for fiscal year 2004, times the difference between: (1) the lesser of the district's general education revenue per adjusted marginal cost pupil unit for fiscal year 2003 or the amount of general education revenue the district would have received per adjusted marginal cost pupil unit for fiscal year 2004 according to Minnesota Statutes 2002, and (2) the district's general education revenue for fiscal year 2004 excluding transition revenue divided by the number of adjusted marginal cost pupil units the district would have counted for fiscal year 2004 under Minnesota Statutes 2002.

(b) A district's transition revenue for fiscal year 2006 and later equals the sum of (1) the product of the district's transition allowance times the district's adjusted marginal cost pupil units plus (2) the amount of referendum revenue under section 126C.17 and general education revenue, excluding transition revenue, for fiscal year 2004 attributable to pupils four or five years of age on September 1, 2003, enrolled in a prekindergarten program implemented by the
district before July 1, 2003, and reported as kindergarten pupils under section 126C.05, subdivision 1, for fiscal year 2004, plus (3) the amount of compensatory education revenue under subdivision 2 for fiscal year 2005 attributable to pupils four years of age on September 1, 2003, enrolled in a prekindergarten program implemented by the district before July 1, 2003, and reported as kindergarten pupils under section 126C.05, subdivision 1, for fiscal year 2004 multiplied by .04 the district's transition for prekindergarten revenue under subdivision 31a.

**EFFECTIVE DATE.** This section is effective for revenue for fiscal year 2007 and later.

Sec. 11. Minnesota Statutes 2004, section 126C.10, is amended by adding a subdivision to read:

Subd. 31a. **Transition for prekindergarten revenue.** For fiscal year 2007 and later, a school district's transition for prekindergarten revenue equals the sum of (1) the amount of referendum revenue under section 126C.17 and general education revenue, excluding transition revenue, for fiscal year 2004 attributable to pupils four or five years of age on September 1, 2003, enrolled in a prekindergarten program implemented by the district before July 1, 2003, and reported as kindergarten pupils under section 126C.05, subdivision 1, for fiscal year 2004, plus (2) the amount of compensatory education revenue under subdivision 3 for fiscal year 2005 attributable to pupils four years of age on September 1, 2003, enrolled in a prekindergarten program implemented by the district before July 1, 2003, and reported as kindergarten pupils under section 126C.05, subdivision 1, for fiscal year 2004 multiplied by .04.

**EFFECTIVE DATE.** This section is effective for revenue for fiscal year 2007 and later.

Sec. 12. Minnesota Statutes 2004, section 126C.10, is amended by adding a subdivision to read:

Subd. 31b. **Uses of transition for prekindergarten revenue.** A school district that receives revenue under subdivision 31a must reserve that revenue for prekindergarten programs serving students who turn age four by September 1 and who will enter kindergarten the following year.

**EFFECTIVE DATE.** This section is effective for fiscal year 2007 and later.

Sec. 13. Minnesota Statutes 2005 Supplement, section 126C.17, subdivision 9, is amended to read:

Subd. 9. **Referendum revenue.** (a) The revenue authorized by section 126C.10, subdivision 1, may be increased in the amount approved by the voters of the district at a referendum called for the purpose. The referendum may be called by the board or shall be called by the board upon written petition of qualified voters of the district. The referendum must be conducted one or two calendar years before the increased levy authority, if approved, first becomes payable. Only one election to approve an increase may be held in a calendar year. Unless the referendum is conducted by mail under paragraph (g), the referendum must be held on the first Tuesday after the first Monday in November. The ballot must state the maximum amount of the increased revenue per resident marginal cost pupil unit. The ballot may state a schedule, determined by the board, of increased revenue per resident marginal cost pupil unit that differs from year to year over the number of years for which the increased revenue is authorized or may state that the amount shall increase annually by the rate of inflation. For this purpose, the rate of inflation shall be the annual inflationary increase calculated under subdivision 2, paragraph (b). The ballot may state that existing referendum levy authority is expiring. In this case, the ballot may also compare the proposed levy authority to the existing expiring levy authority, and express the proposed increase as the amount, if any, over the expiring referendum levy authority. The ballot must designate the specific number of years, not to exceed ten, for which the referendum authorization applies. The ballot, including a ballot on the question to revoke or reduce the increased revenue amount under paragraph (c), must abbreviate the term "per resident marginal cost pupil unit" as "per pupil." The notice required under section 275.60 may be modified to read, in cases of renewing existing levies:
"BY VOTING "YES" ON THIS BALLOT QUESTION, YOU MAY BE VOTING FOR A PROPERTY TAX INCREASE."

The ballot may contain a textual portion with the information required in this subdivision and a question stating substantially the following:

"Shall the increase in the revenue proposed by (petition to) the board of ........., School District No. ..., be approved?"

If approved, an amount equal to the approved revenue per resident marginal cost pupil unit times the resident marginal cost pupil units for the school year beginning in the year after the levy is certified shall be authorized for certification for the number of years approved, if applicable, or until revoked or reduced by the voters of the district at a subsequent referendum.

(b) The board must prepare and deliver by first class mail at least 15 days but no more than 30 days before the day of the referendum to each taxpayer a notice of the referendum and the proposed revenue increase. The board need not mail more than one notice to any taxpayer. For the purpose of giving mailed notice under this subdivision, owners must be those shown to be owners on the records of the county auditor or, in any county where tax statements are mailed by the county treasurer, on the records of the county treasurer. Every property owner whose name does not appear on the records of the county auditor or the county treasurer is deemed to have waived this mailed notice unless the owner has requested in writing that the county auditor or county treasurer, as the case may be, include the name on the records for this purpose. The notice must project the anticipated amount of tax increase in annual dollars for typical residential homesteads, agricultural homesteads, apartments, and commercial-industrial property within the school district.

The notice for a referendum may state that an existing referendum levy is expiring and project the anticipated amount of increase over the existing referendum levy in the first year, if any, in annual dollars for typical residential homesteads, agricultural homesteads, apartments, and commercial-industrial property within the district.

The notice must include the following statement: "Passage of this referendum will result in an increase in your property taxes." However, in cases of renewing existing levies, the notice may include the following statement: "Passage of this referendum may result in an increase in your property taxes."

(c) A referendum on the question of revoking or reducing the increased revenue amount authorized pursuant to paragraph (a) may be called by the board and shall be called by the board upon the written petition of qualified voters of the district. A referendum to revoke or reduce the revenue amount must state the amount per resident marginal cost pupil unit by which the authority is to be reduced. Revenue authority approved by the voters of the district pursuant to paragraph (a) must be available to the school district at least once before it is subject to a referendum on its revocation or reduction for subsequent years. Only one revocation or reduction referendum may be held to revoke or reduce referendum revenue for any specific year and for years thereafter.

(d) A petition authorized by paragraph (a) or (c) is effective if signed by a number of qualified voters in excess of 15 percent of the registered voters of the district on the day the petition is filed with the board. A referendum invoked by petition must be held on the date specified in paragraph (a).

(e) The approval of 50 percent plus one of those voting on the question is required to pass a referendum authorized by this subdivision.
At least 15 days before the day of the referendum, the district must submit a copy of the notice required under paragraph (b) to the commissioner and to the county auditor of each county in which the district is located. Within 15 days after the results of the referendum have been certified by the board, or in the case of a recount, the certification of the results of the recount by the canvassing board, the district must notify the commissioner of the results of the referendum.

**EFFECTIVE DATE.** This section is effective for referenda conducted on or after July 1, 2006.

Sec. 14. Minnesota Statutes 2005 Supplement, section 126C.43, subdivision 2, is amended to read:

(b) Districts with a balance remaining in their reserve for reemployment as of June 30, 2003, may not expend the reserved funds for future reemployment expenditures. Each year a levy reduction must be made to return these funds to taxpayers. The amount of the levy reduction must be equal to the lesser of: (1) the remaining reserved balance for reemployment, or (2) the amount of the district's current levy under paragraph (a).

**EFFECTIVE DATE.** This section is effective the day following final enactment.

Sec. 15. Minnesota Statutes 2004, section 126C.44, is amended to read:

**126C.44 SAFE SCHOOLS LEVY.**

Each district may make a levy on all taxable property located within the district for the purposes specified in this section. The maximum amount which may be levied for all costs under this section shall be equal to $27 multiplied by the district's adjusted marginal cost pupil units for the school year. The proceeds of the levy must be reserved and used for directly funding the following purposes or for reimbursing the cities and counties who contract with the district for the following purposes: (1) to pay the costs incurred for the salaries, benefits, and transportation costs of peace officers and sheriffs for liaison in services in the district's schools; (2) to pay the costs for a drug abuse prevention program as defined in section 609.101, subdivision 3, paragraph (e), in the elementary schools; (3) to pay the costs for a gang resistance education training curriculum in the district's schools; (4) to pay the costs for security in the district's schools and on school property; or (5) to pay the costs for other crime prevention, drug abuse, student and staff safety, and violence prevention measures taken by the school district. For expenditures under clause (1), the district must initially attempt to contract for services to be provided by peace officers or sheriffs with the police department of each city or the sheriff's department of the county within the district containing the school receiving the services. If a local police department or a county sheriff's department does not wish to provide the necessary services, the district may contract for these services with any other police or sheriff's department located entirely or partially within the school district's boundaries. **The levy authorized under this section is not included in determining the school district's levy limitations.**

**EFFECTIVE DATE.** This section is effective for revenue for fiscal year 2006.

This amount shall be paid in 12 equal monthly installments. The amount of the actual entitlement, after adjustment for actual data, minus the payments made during the fiscal year of the entitlement must
be paid prior to October 31 of the following school year. The commissioner may make advance payments of debt service equalization aid and state-paid tax credits for a district's debt service fund earlier than would occur under the preceding schedule if the district submits evidence showing a serious cash flow problem in the fund. The commissioner may make earlier payments during the year and, if necessary, increase the percent of the entitlement paid to reduce the cash flow problem.

Subd. 4. **Online learning parameters.** (a) An online learning student must receive academic credit for
completing the requirements of an online learning course or program. Secondary credits granted to an online
learning student must be counted toward the graduation and credit requirements of the enrolling district. The
enrolling district must apply the same graduation requirements to all students, including online learning students,
and must continue to provide nonacademic services to online learning students. If a student completes an online
learning course or program that meets or exceeds a graduation standard or grade progression requirement at the
enrolling district, that standard or requirement is met. The enrolling district must use the same criteria for accepting
online learning credits or courses as it does for accepting credits or courses for transfer students under section
124D.03, subdivision 9. The enrolling district may reduce the teacher contact time of an online learning student in
proportion to the number of online learning courses the student takes from an online learning provider that is not the
enrolling district.

(b) An online learning student may:

(1) enroll during a single school year in a maximum of 12 semester-long courses or their equivalent delivered by
an online learning provider or the enrolling district;

(2) complete course work at a grade level that is different from the student's current grade level; and

(3) enroll in additional courses with the online learning provider under a separate agreement that includes terms
for payment of any tuition or course fees.

(c) A student with a disability may enroll in an online learning course or program if the student's IEP team
determines that online learning is appropriate education for the student.

(d) An online learning student has the same access to the computer hardware and education software
available in a school as all other students in the enrolling district. An online learning provider must assist an online
learning student whose family qualifies for the education tax credit under section 290.0674 to acquire computer
hardware and educational software for online learning purposes.

(e) An enrolling district may offer online learning to its enrolled students. Such online learning does not
generate online learning funds under this section. An enrolling district that offers online learning only to its enrolled
students is not subject to the reporting requirements or review criteria under subdivision 7. A teacher with a
Minnesota license must assemble and deliver instruction to enrolled students receiving online learning from an
enrolling district. The delivery of instruction occurs when the student interacts with the computer or the teacher and
receives ongoing assistance and assessment of learning. The instruction may include curriculum developed by
persons other than a teacher with a Minnesota license.
An online learning provider that is not the enrolling district is subject to the reporting requirements and review criteria under subdivision 7. A teacher with a Minnesota license must assemble and deliver instruction to online learning students. The delivery of instruction occurs when the student interacts with the computer or the teacher and receives ongoing assistance and assessment of learning. The instruction may include curriculum developed by persons other than a teacher with a Minnesota license. Unless the commissioner grants a waiver, a teacher providing online learning instruction must not instruct more than 40 students in any one online learning course or program.

(b) Notwithstanding section 127A.45, the department must pay each on-line learning provider 80 percent of the current year aid payment percentage multiplied by the amount in paragraph (a) within 45 days of receiving final enrollment and course completion information each quarter or semester. A final payment equal to 20 percent of the amount in paragraph (a) must be made on September 30 of the next fiscal year.

(b) If a charter school elects to provide transportation for pupils, the transportation must be provided by the charter school within the district in which the charter school is located. The state must pay transportation aid to the charter school according to section 124D.11, subdivision 2.

For pupils who reside outside the district in which the charter school is located, the charter school is not required to provide or pay for transportation between the pupil's residence and the border of the district in which the charter school is located. A parent may be reimbursed by the charter school for costs of transportation from the pupil's residence to the border of the district in which the charter school is located if the pupil is from a family whose income is at or below the poverty level, as determined by the federal government. The reimbursement may not exceed the pupil's actual cost of transportation or 15 cents per mile traveled, whichever is less. Reimbursement may not be paid for more than 250 miles per week.

At the time a pupil enrolls in a charter school, the charter school must provide the parent or guardian with information regarding the transportation.

Transportation may be provided by the district in which the school is located, according to sections 123B.88, subdivision 6, and 124D.03, subdivision 8, for a pupil residing in a different district. If the district provides the
transportation, the scheduling of routes, manner and method of transportation, control and discipline of the pupils, and any other matter relating to the transportation of pupils under this paragraph shall be within the sole discretion, control, and management of the district.

Sec. 16. Minnesota Statutes 2004, section 124D.11, subdivision 9, is amended to read:

Subd. 9. Payment of aids to charter schools. (a) Notwithstanding section 127A.45, subdivision 3, aid payments for the current fiscal year to a charter school not in its first year of operation shall be of an equal amount on each of the 23 payment dates. A charter school in its first year of operation shall receive, on its first payment date, ten percent of its cumulative amount guaranteed for the year and 22 payments of an equal amount thereafter the sum of which shall be 90 percent of equal the current year aid payment percentage multiplied by the cumulative amount guaranteed.

(b) Notwithstanding paragraph (a), for a charter school ceasing operation prior to the end of a school year, 80 percent of the current year aid payment percentage multiplied by the amount due for the school year may be paid to the school after audit of prior fiscal year and current fiscal year pupil counts. For a charter school ceasing operations prior to, or at the end of, a school year, notwithstanding section 127A.45, subdivision 3, preliminary final payments may be made after audit of pupil counts, monitoring of special education expenditures, and documentation of lease expenditures for the final year of operation. Final payment may be made upon receipt of audited financial statements under section 123B.77, subdivision 3.

(c) Notwithstanding section 127A.45, subdivision 3, and paragraph (a), 80 percent of the start-up cost aid under subdivision 8 shall be paid within 45 days after the first day of student attendance for that school year.

(d) In order to receive state aid payments under this subdivision, a charter school in its first three years of operation must submit a school calendar in the form and manner requested by the department and a quarterly report to the Department of Education. The report must list each student by grade, show the student's start and end dates, if any, with the charter school, and for any student participating in a learning year program, the report must list the hours and times of learning year activities. The report must be submitted not more than two weeks after the end of the calendar quarter to the department. The department must develop a Web-based reporting form for charter schools to use when submitting enrollment reports. A charter school in its fourth and subsequent year of operation must submit a school calendar and enrollment information to the department in the form and manner requested by the department.

(e) Notwithstanding sections 317A.701 to 317A.791, upon closure of a charter school and satisfaction of creditors, cash and investment balances remaining shall be returned to the state.

Section 1. Minnesota Statutes 2005 Supplement, section 125A.11, subdivision 1, is amended to read:

Subdivision 1. Nonresident tuition rate; other costs. (a) For fiscal year 2006, when a school district provides instruction and services outside the district of residence, board and lodging, and any tuition to be paid, shall be paid by the district of residence. The tuition rate to be charged for any child with a disability, excluding a pupil for whom tuition is calculated according to section 127A.47, subdivision 7, paragraph (d), must be the sum of (1) the actual cost of providing special instruction and services to the child including a proportionate amount for special transportation and unreimbursed building lease and debt service costs for facilities used primarily for special education, plus (2) the amount of general education revenue and referendum aid attributable to the pupil, minus (3) the amount of special education aid for children with a disability received on behalf of that child, minus (4) if the pupil receives special instruction and services outside the regular classroom for more than 60 percent of the school day, the amount of general education revenue and referendum aid, excluding portions attributable to district and school administration, district support services, operations and maintenance, capital expenditures, and pupil transportation, attributable to that pupil for the portion of time the pupil receives special instruction in and services outside of the regular classroom. If the boards involved do not agree upon the tuition rate, either board may apply to the commissioner to fix the rate. Notwithstanding chapter 14, the commissioner must then set a date for a hearing or request a written statement from each board, giving each board at least ten days' notice, and after the hearing or review of the written statements the commissioner must make an order fixing the tuition rate, which is binding on both school districts. General education revenue and referendum aid attributable to a pupil must be calculated using the resident district's average general education and referendum revenue per adjusted pupil unit.

(b) For fiscal year 2007 and later, when a school district provides special instruction and services for a pupil with a disability as defined in section 125A.02 outside the district of residence, excluding a pupil for whom an adjustment to special education aid is calculated according to section 127A.47, subdivision 7, paragraph (e), special education aid paid to the resident district must be reduced by an amount equal to (1) the actual cost of providing special instruction and services to the pupil, including a proportionate amount for special transportation and unreimbursed building lease and debt service costs for facilities used primarily for special education, plus (2) the amount of general education revenue and referendum aid attributable to that pupil, minus (3) the amount of special education aid for children with a disability received on behalf of that child, minus (4) if the pupil receives special instruction and services outside the regular classroom for more than 60 percent of the school day, the amount of general education revenue and referendum aid, excluding portions attributable to district and school administration, district support services, operations and maintenance, capital expenditures, and pupil transportation, attributable to that pupil for the portion of time the pupil receives special instruction in and services outside of the regular classroom. General education revenue and referendum aid attributable to a pupil must be calculated using the resident district's average general education revenue and referendum aid per adjusted pupil unit. Special education aid paid to the district or cooperative providing special instruction and services for the pupil must be increased by the amount of the reduction in the aid paid to the resident district. Amounts paid to cooperatives under this subdivision and section 127A.47, subdivision 7, shall be recognized and reported as revenues and expenditures on the resident school district's books of account under sections 123B.75 and 123B.76. If the resident district's special education aid is insufficient to make the full adjustment, the remaining adjustment shall be made to other state aid due to the district.

(c) Notwithstanding paragraphs (a) and (b) and section 127A.47, subdivision 7, paragraphs (d) and (e), a charter school where more than 30 percent of enrolled students receive special education and related services, an intermediate district, or a special education cooperative, or a school district that served as the applicant agency for a group of school districts for federal special education aids for fiscal year 2006 may apply to the commissioner for authority to charge the resident district an additional amount to recover any remaining unreimbursed costs of serving
pupils with a disability. The application must include a description of the costs and the calculations used to determine the unreimbursed portion to be charged to the resident district. Amounts approved by the commissioner under this paragraph must be included in the tuition billings or aid adjustments under paragraph (a) or (b), or section 127A.47, subdivision 7, paragraph (d) or (e), as applicable.

(d) For purposes of this subdivision and section 127A.47, subdivision 7, paragraphs (d) and (e), "general education revenue and referendum aid" means the sum of the general education revenue according to section 126C.10, subdivision 1, excluding alternative teacher compensation revenue, plus the referendum aid according to section 126C.17, subdivision 7, as adjusted according to section 127A.47, subdivision 7, paragraphs (a) to (c).

(b) For fiscal year 2006, the board of the Minnesota State Academies must make a tuition charge to the child's district of residence for the cost of providing the program. The amount of tuition charged must not exceed the sum of (1) the general education revenue formula allowance times the pupil unit weighting factor pursuant to section 126C.05 for that child, for the amount of time the child is in the program, plus (2), if the child was enrolled at the Minnesota State Academies on October 1 of the previous fiscal year, the compensatory education revenue attributable to that child under section 126C.10, subdivision 3. The district of the child's residence must pay the tuition and may claim general education aid for the child. Tuition received by the board of the Minnesota State Academies, except for tuition for compensatory education revenue under this paragraph and tuition received under subdivision 4, must be deposited in the state treasury as provided in subdivision 8.

(c) For fiscal year 2007 and later, the district of the child's residence shall claim general education revenue for the child, except as provided in this paragraph. **EARLY CHILDHOOD PROVISIONS**

Section 1. Minnesota Statutes 2004, section 119A.50, subdivision 1, is amended to read:

Subdivision 1. **Department of Education.** The Department of Education is the state agency responsible for administering the Head Start program. The commissioner of education may make grants shall allocate funds according to the formula in section 119A.52 to public or private nonprofit agencies for the purpose of providing supplemental funds for the federal Head Start program.

Sec. 2. Minnesota Statutes 2004, section 119A.52, is amended to read:

**119A.52 DISTRIBUTION OF APPROPRIATION AND PROGRAM COORDINATION.**

The commissioner of education must distribute money appropriated for that purpose to federally designated Head Start program grantees programs to expand services and to serve additional low-income children. Money must be allocated to each project Head Start grantee in existence on the effective date of Laws 1989, chapter 282. Migrant and Indian reservation grantees programs must be initially allocated money based on the grantees' programs' share of federal funds. The remaining money must be initially allocated to the remaining local agencies based equally on the agencies' share of federal funds and on the proportion of eligible children in the agencies' service area who are not currently being served. A Head Start grantee must be funded at a per child rate equal to its contracted, federally funded base level for program accounts 20, 22, and 25 at the start of the fiscal year. In allocating funds under this paragraph, the commissioner of education must assure that each Head Start grantee
program in existence in 1993 is allocated no less funding in any fiscal year than was allocated to that grantee program in fiscal year 1993. The commissioner may provide additional funding to grantees for start-up costs incurred by grantees due to the increased number of children to be served. Before paying money to the grantees programs, the commissioner must notify each grantee program of its initial allocation, how the money must be used, and the number of low-income children that must to be served with the allocation based upon the federally funded per child rate. Each grantee program must present a work plan to the commissioner for approval. The work plan must include the estimated number of low-income children and families it will be able to serve, a description of the program design and service delivery area which meets the needs of and encourages access by low-income working families, a program design that ensures fair and equitable access to Head Start services for all populations and parts of the service area, and a plan for coordinating services to maximize assistance for child care costs available to families under chapter 119B, under section 119A.535. For any grantee that cannot utilize its full allocation, the commissioner must reduce the allocation proportionately. Money available after the initial allocations are reduced must be redistributed to eligible grantees.

Sec. 3. Minnesota Statutes 2004, section 119A.53, is amended to read:

119A.53 FEDERAL REQUIREMENTS.

Grantees Programs and the commissioner shall comply with federal regulations governing the federal Head Start program, except for funding for innovative initiatives under section 119A.52 119A.535 as approved by the commissioner, which may be used to operate differently than federal Head Start regulations. If a state statute or rule conflicts with a federal statute or regulation, the state statute or rule prevails.

Sec. 4. [119A.535] APPLICATION REQUIREMENTS.

Eligible Head Start organizations must submit a plan to the department for approval on a form and in the manner prescribed by the commissioner. The plan must include:

(1) the estimated number of low-income children and families the program will be able to serve;

(2) a description of the program design and service delivery area which meets the needs of and encourages access by low-income working families;

(3) a program design that ensures fair and equitable access to Head Start services for all populations and parts of the service area;

(4) a plan for coordinating services to maximize assistance for child care costs available to families under chapter 119B; and

(5) identification of regular Head Start, early Head Start, and innovative services based upon demonstrated needs to be provided.

Sec. 5. Minnesota Statutes 2004, section 119A.545, is amended to read:

119A.545 AUTHORITY TO WAIVE REQUIREMENTS DURING DISASTER PERIODS.

The commissioner of education may waive requirements under sections 119A.50 to 119A.53 119A.535, for up to nine months after the disaster, for Head Start grantees programs in areas where a federal disaster has been declared under United States Code, title 42, section 5121, et seq., or the governor has exercised authority under chapter 12. The commissioner shall notify the chairs of the appropriate senate Family and Early Childhood Education Budget Division, the senate Education Finance Committee, the house Family and Early Childhood Education Finance Division, the house Education Committee, and the house Ways and Means Committee committees ten days before the effective date of any waiver granted under this section.
Sec. 6. Minnesota Statutes 2004, section 124D.13, subdivision 2, is amended to read:

Subd. 2. Program characteristics. (a) Early childhood family education programs are programs for children in the period of life from birth to kindergarten, for the parents and other relatives of such these children, and for expectant parents. To the extent that funds are insufficient to provide programs for all children, early childhood family education programs should emphasize programming for a child from birth to age three and encourage parents and other relatives to involve four- and five-year-old children in school readiness programs, and other public and nonpublic early learning programs. Early childhood family education programs may include the following:

The programs must be reviewed periodically to assure the instruction and materials are not racially, culturally, or sexually biased. The programs must encourage parents to be aware of practices that may affect equitable development of children.

(b) For the purposes of this section, "relative" or "relatives" means noncustodial grandparents or other persons related to a child by blood, marriage, adoption, or foster placement, excluding parents.

Sec. 7. Minnesota Statutes 2004, section 124D.13, subdivision 3, is amended to read:

Subd. 3. Substantial parental involvement. The requirement of substantial parental or other relative involvement in subdivision 2 means that:

(a) parents or other relatives must be physically present much of the time in classes with their children or be in concurrent classes;

(b) parenting education or family education must be an integral part of every early childhood family education program;
(c) early childhood family education appropriations must not be used for traditional day care or nursery school, or similar programs; and

(d) the form of parent involvement common to kindergarten, elementary school, or early childhood special education programs such as parent conferences, newsletters, and notes to parents do not qualify a program under subdivision 2.

(b) "Investigation" means fact gathering related to the current safety of a child and the risk of subsequent maltreatment that determines whether child maltreatment occurred and whether child protective services are needed. An investigation must be used when reports involve substantial child endangerment, and for reports of maltreatment in facilities required to be licensed under chapter 245A or 245B; under sections 144.50 to 144.58 and 241.021; in a school as defined in sections 120A.05, subdivisions 9, 11, and 13, and 124D.10; or in a nonlicensed personal care provider association as defined in sections 256B.04, subdivision 16, and 256B.0625, subdivision 19a.

9. criminal sexual conduct under sections 609.342 to 609.3451;

conduct in the third degree), 609.345 (criminal sexual conduct in the fourth degree), or 609.3451 (criminal sexual conduct in the fifth degree). Sexual abuse also includes any act which involves a minor which constitutes a violation of prostitution offenses under sections 609.321 to 609.324 or 617.246. Sexual abuse includes threatened sexual abuse.

(e) "Person responsible for the child's care" means (1) an individual functioning within the family unit and having responsibilities for the care of the child such as a parent, guardian, or other person having similar care responsibilities, or (2) an individual functioning outside the family unit and having responsibilities for the care of the child such as a teacher, school administrator, other school employees or agents, or other lawful custodian of a child having either full-time or short-term care responsibilities including, but not limited to, day care, babysitting whether paid or unpaid, counseling, teaching, and coaching.

(3) failure to provide for necessary supervision or child care arrangements appropriate for a child after considering factors as the child's age, mental ability, physical condition, length of absence, or environment, when the child is unable to care for the child's own basic needs or safety, or the basic needs or safety of another child in their care;

(4) failure to ensure that the child is educated as defined in sections 120A.22 and 260C.163, subdivision 11, which does not include a parent's refusal to provide the parent's child with sympathomimetic medications, consistent with section 125A.091, subdivision 5;

(5) nothing in this section shall be construed to mean that a child is neglected solely because the child's parent, guardian, or other person responsible for the child's care in good faith selects and depends upon spiritual means or prayer for treatment or care of disease or remedial care of the child in lieu of medical care; except that a parent, guardian, or caretaker, or a person mandated to report pursuant to subdivision 3, has a duty to report if a lack of medical care may cause serious danger to the child's health. This section does not impose upon persons, not otherwise legally responsible for providing a child with necessary food, clothing, shelter, education, or medical care, a duty to provide that care;

Sec. 2. Minnesota Statutes 2005 Supplement, section 126C.17, subdivision 9, is amended to read:

Subd. 9. Referendum revenue. (a) The revenue authorized by section 126C.10, subdivision 1, may be increased in the amount approved by the voters of the district at a referendum called for the purpose. The referendum may be called by the board or shall be called by the board upon written petition of qualified voters of the district. The referendum must be conducted one or two calendar years before the increased levy authority, if approved, first becomes payable. Only one election to approve an increase may be held in a calendar year. Unless the referendum is conducted by mail under paragraph (g), the referendum must be held on the first Tuesday after the first Monday in November. The ballot must state the maximum amount of the increased revenue per resident marginal cost pupil unit. The ballot may state a schedule, determined by the board, of increased revenue per resident marginal cost pupil unit that differs from year to year over the number of years for which the increased revenue is authorized or may state that the amount shall increase annually by the rate of inflation. For this purpose, the rate of inflation shall be the annual inflationary increase calculated under subdivision 2, paragraph (b). The ballot may state that existing referendum levy authority is expiring. In this case, the ballot may also compare the proposed levy authority to the existing expiring levy authority, and express the proposed increase as the amount, if any, over the expiring referendum levy authority. The ballot must designate the specific number of years, not to exceed ten, for which the referendum authorization applies. The ballot, including a ballot on the question to revoke or reduce the increased revenue amount under paragraph (c), must abbreviate the term "per resident marginal cost pupil unit" as "per pupil." The notice required under section 275.60 may be modified to read, in cases of renewing existing levies:

"BY VOTING "YES" ON THIS BALLOT QUESTION, YOU MAY BE VOTING FOR A PROPERTY TAX INCREASE."
The ballot may contain a textual portion with the information required in this subdivision and a question stating substantially the following:

"Shall the increase in the revenue proposed by (petition to) the board of ........., School District No. .., be approved?"

If approved, an amount equal to the approved revenue per resident marginal cost pupil unit times the resident marginal cost pupil units for the school year beginning in the year after the levy is certified shall be authorized for certification for the number of years approved, if applicable, or until revoked or reduced by the voters of the district at a subsequent referendum.

(b) The board must prepare and deliver by first class mail at least 15 days but no more than 30 days before the day of the referendum to each taxpayer a notice of the referendum and the proposed revenue increase. The board need not mail more than one notice to any taxpayer. For the purpose of giving mailed notice under this subdivision, owners must be those shown to be owners on the records of the county auditor or, in any county where tax statements are mailed by the county treasurer, on the records of the county treasurer. Every property owner whose name does not appear on the records of the county auditor or the county treasurer is deemed to have waived this mailed notice unless the owner has requested in writing that the county auditor or county treasurer, as the case may be, include the name on the records for this purpose. The notice must project the anticipated amount of tax increase in annual dollars for typical residential homesteads, agricultural homesteads, apartments, and commercial-industrial property within the school district.

The notice for a referendum may state that an existing referendum levy is expiring and project the anticipated amount of increase over the existing referendum levy in the first year, if any, in annual dollars for typical residential homesteads, agricultural homesteads, apartments, and commercial-industrial property within the district.

The notice must include the following statement: "Passage of this referendum will result in an increase in your property taxes." However, in cases of renewing existing levies, the notice may include the following statement: "Passage of this referendum may result in an increase in your property taxes."

(c) A referendum on the question of revoking or reducing the increased revenue amount authorized pursuant to paragraph (a) may be called by the board and shall be called by the board upon the written petition of qualified voters of the district. A referendum to revoke or reduce the revenue amount must state the amount per resident marginal cost pupil unit by which the authority is to be reduced. Revenue authority approved by the voters of the district pursuant to paragraph (a) must be available to the school district at least once before it is subject to a referendum on its revocation or reduction for subsequent years. Only one revocation or reduction referendum may be held to revoke or reduce referendum revenue for any specific year and for years thereafter.

(d) A petition authorized by paragraph (a) or (c) is effective if signed by a number of qualified voters in excess of 15 percent of the registered voters of the district on the day the petition is filed with the board. A referendum invoked by petition must be held on the date specified in paragraph (a).

(e) The approval of 50 percent plus one of those voting on the question is required to pass a referendum authorized by this subdivision.

(f) At least 15 days before the day of the referendum, the district must submit a copy of the notice required under paragraph (b) to the commissioner and to the county auditor of each county in which the district is located. Within 15 days after the results of the referendum have been certified by the board, or in the case of a recount, the certification of the results of the recount by the canvassing board, the district must notify the commissioner of the results of the referendum.

**EFFECTIVE DATE.** This section is effective for referenda conducted on or after July 1, 2006.
Sec. 3. Minnesota Statutes 2004, section 144F.01, subdivision 4, is amended to read:

The ad valorem tax levy may not exceed 0.048 percent of the taxable market value of the district or $250,000, whichever is less. The proceeds of the levy must be used as provided in subdivision 5. The board shall certify the levy at the times as provided under section 275.07. The board shall provide the county with whatever information is necessary to identify the property that is located within the district. If the boundaries include a part of a parcel, the entire parcel shall be included in the district. The county auditors must spread, collect, and distribute the proceeds of the tax at the same time and in the same manner as provided by law for all other property taxes.

Sec. 4. Minnesota Statutes 2004, section 216B.2424, subdivision 5, is amended to read:

Subd. 5. Mandate. (a) A public utility, as defined in section 216B.02, subdivision 4, that operates a nuclear-powered electric generating plant within this state must construct and operate, purchase, or contract to construct and operate (1) by December 31, 1998, 50 megawatts of electric energy installed capacity generated by farm-grown closed-loop biomass scheduled to be operational by December 31, 2001; and (2) by December 31, 1998, an additional 75 megawatts of installed capacity so generated scheduled to be operational by December 31, 2002.

(b) Of the 125 megawatts of biomass electricity installed capacity required under this subdivision, no more than 55 megawatts of this capacity may be provided by a facility that uses poultry litter as its primary fuel source and any such facility:

(1) need not use biomass that complies with the definition in subdivision 1;

(2) must enter into a contract with the public utility for such capacity, that has an average purchase price per megawatt hour over the life of the contract that is equal to or less than the average purchase price per megawatt hour over the life of the contract in contracts approved by the Public Utilities Commission before April 1, 2000, to satisfy the mandate of this section, and file that contract with the Public Utilities Commission prior to September 1, 2000; and

(3) must schedule such capacity to be operational by December 31, 2002.

(c) Of the total 125 megawatts of biomass electric energy installed capacity required under this section, no more than 75 megawatts may be provided by a single project.

(d) Of the 75 megawatts of biomass electric energy installed capacity required under paragraph (a), clause (2), no more than 33 megawatts of this capacity may be provided by a St. Paul district heating and cooling system cogeneration facility utilizing waste wood as a primary fuel source. The St. Paul district heating and cooling system cogeneration facility need not use biomass that complies with the definition in subdivision 1.

(e) The public utility must accept and consider on an equal basis with other biomass proposals:

(1) a proposal to satisfy the requirements of this section that includes a project that exceeds the megawatt capacity requirements of either paragraph (a), clause (1) or (2), and that proposes to sell the excess capacity to the public utility or to other purchasers; and

(2) a proposal for a new facility to satisfy more than ten but not more than 20 megawatts of the electrical generation requirements by a small business-sponsored independent power producer facility to be located within the northern quarter of the state, which means the area located north of Constitutional Route No. 8 as described in section 161.114, subdivision 2, and that utilizes biomass residue wood, sawdust, bark, chipped wood, or brush to generate electricity. A facility described in this clause is not required to utilize biomass complying with the definition in subdivision 1, but must be under construction by December 31, 2005.
(f) If a public utility files a contract with the commission for electric energy installed capacity that uses poultry litter as its primary fuel source, the commission must do a preliminary review of the contract to determine if it meets the purchase price criteria provided in paragraph (b), clause (2), of this subdivision. The commission shall perform its review and advise the parties of its determination within 30 days of filing of such a contract by a public utility. A public utility may submit by September 1, 2000, a revised contract to address the commission's preliminary determination.

(g) The commission shall finally approve, modify, or disapprove no later than July 1, 2001, all contracts submitted by a public utility as of September 1, 2000, to meet the mandate set forth in this subdivision.

(h) If a public utility subject to this section exercises an option to increase the generating capacity of a project in a contract approved by the commission prior to April 25, 2000, to satisfy the mandate in this subdivision, the public utility must notify the commission by September 1, 2000, that it has exercised the option and include in the notice the amount of additional megawatts to be generated under the option exercised. Any review by the commission of the project after exercise of such an option shall be based on the same criteria used to review the existing contract.

1. "wind energy conversion system" has the meaning given it in section 216C.06, subdivision 19, and also includes a substation that is used and owned by one or more wind energy conversion facilities;
2. "large scale wind energy conversion system" means a wind energy conversion system of more than 12 megawatts, as measured by the nameplate capacity of the system or as combined with other systems as provided in paragraph (b);
3. "medium scale wind energy conversion system" means a wind energy conversion system of over two and not more than 12 megawatts, as measured by the nameplate capacity of the system or as combined with other systems as provided in paragraph (b); and
4. "small scale wind energy conversion system" means a wind energy conversion system of two megawatts and under, as measured by the nameplate capacity of the system or as combined with other systems as provided in paragraph (b).

(b) For systems installed and contracted for after January 1, 2002, the total size of a wind energy conversion system under this subdivision shall be determined according to this paragraph. Unless the systems are interconnected with different distribution systems, the nameplate capacity of one wind energy conversion system shall be combined with the nameplate capacity of any other wind energy conversion system that is:

1. Located within five miles of the wind energy conversion system;
2. Constructed within the same calendar year as the wind energy conversion system; and
3. Under common ownership.

In the case of a dispute, the commissioner of commerce shall determine the total size of the system, and shall draw all reasonable inferences in favor of combining the systems.
(c) In making a determination under paragraph (b), the commissioner of commerce may determine that two wind energy conversion systems are under common ownership when the underlying ownership structure contains similar persons or entities, even if the ownership shares differ between the two systems. Wind energy conversion systems are not under common ownership solely because the same person or entity provided equity financing for the systems.

**EFFECTIVE DATE.** This section is effective for taxes levied in 2006, payable in 2007, and thereafter.

Sec. 11. Minnesota Statutes 2004, section 273.11, is amended by adding a subdivision to read:

**Subd. 23. First tier valuation limit; agricultural homestead property.** (a) Beginning with assessment year 2006, the commissioner of revenue shall annually certify the first tier limit for agricultural homestead property as the product of (i) $600,000, and (ii) the ratio of the statewide average taxable market value of agricultural property per acre of deeded farm land in the preceding assessment year to the statewide average taxable market value of agricultural property per acre of deeded farm land for assessment year 2004. The limit shall be rounded to the nearest $10,000.

(b) For the purposes of this subdivision, "agricultural property" means all class 2 property under section 273.13, subdivision 23, except for (1) timberland, (2) a landing area or public access area of a privately owned public use airport, and (3) property consisting of the house, garage and immediately surrounding one acre of land of an agricultural homestead.

(c) The commissioner shall certify the limit by January 2 of each assessment year, except that for assessment year 2006 the commissioner shall certify the limit by June 1, 2006.

**EFFECTIVE DATE.** This section is effective for assessment year 2006 and thereafter.

Sec. 12. Minnesota Statutes 2004, section 273.124, subdivision 12, is amended to read:

**Subd. 12. Homestead of member of United States armed forces; Peace Corps; VISTA.** (a) Real estate actually occupied and used for the purpose of a homestead by a person, or by a member of that person's immediate family shall be classified as a homestead even though the person or family is absent if (1) the person or the person's family is absent solely because the person is on active duty with the armed forces of the United States, or is serving as a volunteer under the VISTA or Peace Corps program; (2) the owner intends to return as soon as discharged or relieved from service; and (3) the owner claims it as a homestead. A person who knowingly makes or submits to an assessor an affidavit or other statement that is false in any material matter to obtain or aid another in obtaining a benefit under this subdivision is guilty of a felony.

(b) In the case of a person who is absent solely because the person is on active duty with the United States armed forces, homestead classification must be granted as provided in this paragraph if the requirements of paragraph (a), clauses (1) to (3), are met, even if the property has not been occupied as a homestead by the person or a member of the person's family. To qualify for this classification, the person who acquires the property must notify the assessor of the acquisition and of the person's absence due to military service. When the person returns from military service and occupies the property as a homestead, the person shall notify the assessor, who will provide for abatement of the difference between the nonhomestead and homestead taxes for the current and two preceding years, not to exceed the time during which the person owned the property.

**EFFECTIVE DATE.** This section is effective for assessments in 2006, taxes payable in 2007, and thereafter.
Sec. 13. Minnesota Statutes 2004, section 273.13, subdivision 23, is amended to read:

Subd. 23. **Class 2.** (a) Class 2a property is agricultural land including any improvements that is homesteaded. The market value of the house and garage and immediately surrounding one acre of land has the same class rates as class 1a property under subdivision 22. The value of the remaining land including improvements up to and including $600,000 market value has a net class rate of 0.55 percent of market value. The remaining property over $600,000 market value has a class rate of one percent of market value. For purposes of this subdivision, the "first tier valuation limit of agricultural homestead property" and "first tier" means the limit certified under section 273.11, subdivision 23.

(b) Class 2b property is (1) real estate, rural in character and used exclusively for growing trees for timber, lumber, and wood and wood products; (2) real estate that is not improved with a structure and is used exclusively for growing trees for timber, lumber, and wood and wood products, if the owner has participated or is participating in a cost-sharing program for afforestation, reforestation, or timber stand improvement on that particular property, administered or coordinated by the commissioner of natural resources; (3) real estate that is nonhomestead agricultural land; or (4) a landing area or public access area of a privately owned public use airport. Class 2b property has a net class rate of one percent of market value.

(c) Agricultural land as used in this section means contiguous acreage of ten acres or more, used during the preceding year for agricultural purposes. "Agricultural purposes" as used in this section means the raising or cultivation of agricultural products. "Agricultural purposes" also includes enrollment in the Reinvest in Minnesota program under sections 103F.501 to 103F.535 or the federal Conservation Reserve Program as contained in Public Law 99-198 if the property was classified as agricultural (i) under this subdivision for the assessment year 2002 or (ii) in the year prior to its enrollment. Contiguous acreage on the same parcel, or contiguous acreage on an immediately adjacent parcel under the same ownership, may also qualify as agricultural land, but only if it is pasture, timber, waste, unusable wild land, or land included in state or federal farm programs. Agricultural classification for property shall be determined excluding the house, garage, and immediately surrounding one acre of land, and shall not be based upon the market value of any residential structures on the parcel or contiguous parcels under the same ownership.

(d) Real estate, excluding the house, garage, and immediately surrounding one acre of land, of less than ten acres which is exclusively and intensively used for raising or cultivating agricultural products, shall be considered as agricultural land.

Land shall be classified as agricultural even if all or a portion of the agricultural use of that property is the leasing to, or use by another person for agricultural purposes.

Classification under this subdivision is not determinative for qualifying under section 273.111.

The property classification under this section supersedes, for property tax purposes only, any locally administered agricultural policies or land use restrictions that define minimum or maximum farm acreage.

(e) The term "agricultural products" as used in this subdivision includes production for sale of:

(1) livestock, dairy animals, dairy products, poultry and poultry products, fur-bearing animals, horticultural and nursery stock, fruit of all kinds, vegetables, forage, grains, bees, and apiary products by the owner;

(2) fish bred for sale and consumption if the fish breeding occurs on land zoned for agricultural use;

(3) the commercial boarding of horses if the boarding is done in conjunction with raising or cultivating agricultural products as defined in clause (1);
(4) property which is owned and operated by nonprofit organizations used for equestrian activities, excluding racing;

(5) game birds and waterfowl bred and raised for use on a shooting preserve licensed under section 97A.115;

(6) insects primarily bred to be used as food for animals;

(7) trees, grown for sale as a crop, and not sold for timber, lumber, wood, or wood products; and

(8) maple syrup taken from trees grown by a person licensed by the Minnesota Department of Agriculture under chapter 28A as a food processor.

(f) If a parcel used for agricultural purposes is also used for commercial or industrial purposes, including but not limited to:

(1) wholesale and retail sales;

(2) processing of raw agricultural products or other goods;

(3) warehousing or storage of processed goods; and

(4) office facilities for the support of the activities enumerated in clauses (1), (2), and (3),

the assessor shall classify the part of the parcel used for agricultural purposes as class 1b, 2a, or 2b, whichever is appropriate, and the remainder in the class appropriate to its use. The grading, sorting, and packaging of raw agricultural products for first sale is considered an agricultural purpose. A greenhouse or other building where horticultural or nursery products are grown that is also used for the conduct of retail sales must be classified as agricultural if it is primarily used for the growing of horticultural or nursery products from seed, cuttings, or roots and occasionally as a showroom for the retail sale of those products. Use of a greenhouse or building only for the display of already grown horticultural or nursery products does not qualify as an agricultural purpose.

The assessor shall determine and list separately on the records the market value of the homestead dwelling and the one acre of land on which that dwelling is located. If any farm buildings or structures are located on this homesteaded acre of land, their market value shall not be included in this separate determination.

(g) To qualify for classification under paragraph (b), clause (4), a privately owned public use airport must be licensed as a public airport under section 360.018. For purposes of paragraph (b), clause (4), "landing area" means that part of a privately owned public use airport properly cleared, regularly maintained, and made available to the public for use by aircraft and includes runways, taxiways, aprons, and sites upon which are situated landing or navigational aids. A landing area also includes land underlying both the primary surface and the approach surfaces that comply with all of the following:

(i) the land is properly cleared and regularly maintained for the primary purposes of the landing, taking off, and taxiing of aircraft; but that portion of the land that contains facilities for servicing, repair, or maintenance of aircraft is not included as a landing area;

(ii) the land is part of the airport property; and

(iii) the land is not used for commercial or residential purposes.
The land contained in a landing area under paragraph (b), clause (4), must be described and certified by the commissioner of transportation. The certification is effective until it is modified, or until the airport or landing area no longer meets the requirements of paragraph (b), clause (4). For purposes of paragraph (b), clause (4), "public access area" means property used as an aircraft parking ramp, apron, or storage hangar, or an arrival and departure building in connection with the airport.

EFFECTIVE DATE. This section is effective for taxes levied in 2006, payable in 2007, and thereafter.

Sec. 14. Minnesota Statutes 2004, section 469.1813, subdivision 1, is amended to read:

Subdivision 1. Authority. The governing body of a political subdivision may grant an abatement, by contract or otherwise, of the taxes imposed by the political subdivision on a parcel of property, which may include personal property and machinery, or defer the payments of the taxes and abate the interest and penalty that otherwise would apply, if:

(a) (1) it expects the benefits to the political subdivision of the proposed abatement agreement to at least equal the costs to the political subdivision of the proposed agreement or intends the abatement to phase in a property tax increase, as provided in clause (b)(7); and

(b) (2) it finds that doing so is in the public interest because it will:

(1) increase or preserve tax base;

(2) provide employment opportunities in the political subdivision;

(3) provide or help acquire or construct public facilities;

(4) help redevelop or renew blighted areas;

(5) help provide access to services for residents of the political subdivision;

(6) finance or provide public infrastructure;

(7) phase in a property tax increase on the parcel resulting from an increase of 50 percent or more in one year on the estimated market value of the parcel, other than increase attributable to improvement of the parcel; or

(viii) stabilize the tax base through equalization of property tax revenues for a specified period of time with respect to a taxpayer whose real and personal property is subject to valuation under Minnesota Rules, chapter 8100.

Sec. 15. Minnesota Statutes 2005 Supplement, section 469.1813, subdivision 6, is amended to read:

Subd. 6. Duration limit. (a) A political subdivision may grant an abatement for a period no longer than 15 years, except as provided under paragraph (b). The abatement period commences in the first year in which the abatement granted is either paid or retained in accordance with section 469.1815, subdivision 2. The subdivision may specify in the abatement resolution a shorter duration. If the resolution does not specify a period of time, the abatement is for eight years. If an abatement has been granted to a parcel of property and the period of the abatement has expired, the political subdivision that granted the abatement may not grant another abatement for eight years after the expiration of the first abatement. This prohibition does not apply to improvements added after and not subject to the first abatement. Economic abatement agreements for real and personal property subject to valuation under Minnesota Rules, chapter 8100, are not subject to this prohibition and may be granted successively.
(b) A political subdivision proposing to abate taxes for a parcel may request, in writing, that the other political subdivisions in which the parcel is located grant an abatement for the property. If one of the other political subdivisions declines, in writing, to grant an abatement or if 90 days pass after receipt of the request to grant an abatement without a written response from one of the political subdivisions, the duration limit for an abatement for the parcel by the requesting political subdivision and any other participating political subdivision is increased to 20 years. If the political subdivision which declined to grant an abatement later grants an abatement for the parcel, the 20-year duration limit is reduced by one year for each year that the declining political subdivision grants an abatement for the parcel during the period of the abatement granted by the requesting political subdivision. The duration limit may not be reduced below the limit under paragraph (a).

Sec. 16. Minnesota Statutes 2004, section 469.1813, subdivision 6b, is amended to read:

Subd. 6b. **Extended duration limit.** (a) Notwithstanding the provisions of subdivision 6, a political subdivision may grant an abatement for a period of up to 20 years, if the abatement is for a qualified business.

(b) To be a qualified business for purposes of this subdivision, at least 50 percent of the payroll of the operations of the business that qualify for the abatement must be for employees engaged in one of the following lines of business or any combination of them:

1. manufacturing;
2. agricultural processing;
3. mining;
4. research and development;
5. warehousing; or
6. qualified high technology.

Alternatively, a qualified business also includes a taxpayer whose real and personal property is subject to valuation under Minnesota Rules, chapter 8100.

(c)(1) "Manufacturing" means the material staging and production of tangible personal property by procedures commonly regarded as manufacturing, processing, fabrication, or assembling which changes some existing material into new shapes, new qualities, or new combinations.

2. "Mining" has the meaning given in section 613(c) of the Internal Revenue Code of 1986.

5. "Qualified high technology" means one or more of the following activities:

(i) advanced computing, which is any technology used in the design and development of any of the following:
(A) computer hardware and software;
(B) data communications; and

(C) information technologies;

(ii) advanced materials, which are materials with engineered properties created through the development of specialized process and synthesis technology;

(iii) biotechnology, which is any technology that uses living organisms, cells, macromolecules, microorganisms, or substances from living organisms to make or modify a product, improve plants or animals, or develop microorganisms for useful purposes;

(iv) electronic device technology, which is any technology that involves microelectronics, semiconductors, electronic equipment, and instrumentation, radio frequency, microwave, and millimeter electronics, and optical and optic-electrical devices, or data and digital communications and imaging devices;

(v) engineering or laboratory testing related to the development of a product;

(vi) technology that assists in the assessment or prevention of threats or damage to human health or the environment, including, but not limited to, environmental cleanup technology, pollution prevention technology, or development of alternative energy sources;

(vii) medical device technology, which is any technology that involves medical equipment or products other than a pharmaceutical product that has therapeutic or diagnostic value and is regulated; or

(viii) advanced vehicles technology which is any technology that involves electric vehicles, hybrid vehicles, or alternative fuel vehicles, or components used in the construction of electric vehicles, hybrid vehicles, or alternative fuel vehicles. An electric vehicle is a road vehicle that draws propulsion energy only from an on-board source of electrical energy. A hybrid vehicle is a road vehicle that can draw propulsion energy from both a consumable fuel and a rechargeable energy storage system.

(d) The authority to grant new abatements under this subdivision expires on July 1, 2004, except that the authority to grant new abatements for real and personal property subject to valuation under Minnesota Rules, chapter 8100, does not expire.

Sec. 17. Minnesota Statutes 2004, section 469.1813, subdivision 8, is amended to read:

Subd. 8. Limitation on abatements. In any year, the total amount of property taxes abated by a political subdivision under this section may not exceed (1) ten percent of the current levy, or (2) $200,000, whichever is greater. The limit under this subdivision does not apply to:

(1) an uncollected abatement from a prior year that is added to the abatement levy; or

(2) a taxpayer whose real and personal property is subject to valuation under Minnesota Rules, chapter 8100.

Sec. 18. Minnesota Statutes 2004, section 469.1813, subdivision 9, is amended to read:

Subd. 9. Consent of property owner not required. A political subdivision may abate the taxes on a parcel under sections 469.1812 to 469.1815 without obtaining the consent of the property owner. This subdivision does not apply to abatements granted to a taxpayer whose real and personal property is valued under Minnesota Rules, chapter 8100.
Sec. 19. Minnesota Statutes 2004, section 469.1813, is amended by adding a subdivision to read:

Subd. 10. **Applicability to utility properties.** When this statute is applied or utilized with respect to a taxpayer whose real and personal property is subject to valuation under Minnesota Rules, chapter 8100, the provisions of this section and sections 469.1814 and 469.1815 shall apply only to property specified or described in the abatement contract or agreement.

Sec. 20. Laws 2001, First Special Session chapter 5, article 3, section 8, the effective date, as amended by Laws 2005, chapter 151, article 3, section 19, is amended to read:

Sec. 21. **PROPERTY TAX REFUND COLLECTION ACTION PROHIBITED; REFUNDS REQUIRED.**

Notwithstanding Minnesota Statutes, section 289A.60, subdivision 12, or any other law to the contrary, the commissioner of revenue shall not disallow any part of a claim for a property tax refund filed in 2005 or an earlier year to the extent that the claim was excessive because it did not include in the claimant's income as determined under Minnesota Statutes, section 290A.03, subdivision 3, the cash value of a tuition discount provided by a postsecondary education institution. If a claimant was required to repay any part of a property tax refund based on inclusion of this discount in the claimant's income on a claim filed in 2005 or an earlier year, the commissioner must refund that amount to the claimant.

EFFECTIVE DATE. This section is effective the day following final enactment.

Sec. 22. **BUFFALO-RED RIVER WATERSHED DISTRICT.**

(a) Notwithstanding the limitations of Minnesota Statutes, section 103D.905, subdivision 3, and Laws 1976, chapter 162, as amended, the Buffalo-Red River watershed district may levy only (1) the annual general levy as provided in Minnesota Statutes, section 103D.905, subdivision 3, and (2) a tax not to exceed 0.02394 percent of taxable market value to pay the cost attributable to the basic water management features of projects initiated by petition of a political subdivision within the watershed district or by petition of at least 50 resident owners of property within the watershed district. In addition to any other purposes authorized by law, the levy under this section may be used to develop and implement total maximum daily loads for water quality. Any project initiated by petition cannot be for a period exceeding 15 consecutive years.

(b) The tax levy under paragraph (a), clause (2), is effective beginning with taxes levied in 2006, payable in 2007, through taxes levied in 2008, payable in 2009, except that any project initiated by petition under this section within the two-year time period that extends beyond taxes payable in 2009, the 0.00798 percent of taxable market value levy authorization under Minnesota Statutes, section 103D.905, subdivision 3, shall continue to fund those projects for their duration. The tax levy under paragraph (a), clause (i), has no expiration date.

EFFECTIVE DATE. This section is effective the day following final enactment.

Sec. 23. **COOK-ORR HOSPITAL DISTRICT; ADDITION OF TERRITORY.**

The board of the hospital district created under Laws 1988, chapter 645, may enter into an agreement with the Tribal Council of the Bois Forte Band of Minnesota Chippewa that would permit the reservation lands of the Bois Forte Band at Nett Lake and Lake Vermilion to be included in the territory of the hospital district. The agreement must establish the terms and conditions under which the territory would be so expanded, including the amount of or means for determining the amount of the contribution by the Bois Forte Band to the district.
Sec. 24. **PROPERTY TAX CERTIFICATION; ROCHESTER SCHOOL DISTRICT.**

Notwithstanding Minnesota Statutes, sections 126C.48 and 275.065, with the agreement of the school district's home county, Independent School District No. 535, Rochester, on or before October 8, shall certify to the county auditor the district's proposed property tax levy for taxes payable in the following year.

**EFFECTIVE DATE.** This section is effective for taxes payable in 2007 only.

Sec. 25. **LEASE LEVY; ADMINISTRATIVE SPACE, ROCORI AND FARIBAULT.**

Independent School Districts Nos. 656, Faribault, and 750, Rocori, may lease administrative space under Minnesota Statutes, section 126C.40, subdivision 1, if the district can demonstrate to the satisfaction of the commissioner of education that the administrative space is less expensive than instructional space that the district would otherwise lease. A school district may not levy under this section for more than five years. The commissioner must deny this levy authority unless the district passes a resolution stating its intent to lease instructional space under Minnesota Statutes, section 126C.40, subdivision 1, if the commissioner does not grant authority under this section. The resolution must also certify that a lease of administrative space under this section is less expensive than the district's proposed instructional lease. Levy authority under this section shall not exceed the total levy authority under Minnesota Statutes, section 126C.40, subdivision 1, paragraph (e).

**EFFECTIVE DATE.** This section is effective beginning with revenue for taxes payable in 2007.

**ARTICLE 5**

**DEPARTMENT OF REVENUE PROPERTY TAXES AND AIDS**

Section 1. Minnesota Statutes 2005 Supplement, section 273.13, subdivision 22, is amended to read:

Subd. 22. **Class 1.** (a) Except as provided in subdivision 23 and in paragraphs (b) and (c), real estate which is residential and used for homestead purposes is class 1a. In the case of a duplex or triplex in which one of the units is used for homestead purposes, the entire property is deemed to be used for homestead purposes. The market value of class 1a property must be determined based upon the value of the house, garage, and land.

The first $500,000 of market value of class 1a property has a net class rate of one percent of its market value; and the market value of class 1a property that exceeds $500,000 has a class rate of 1.25 percent of its market value.

(b) Class 1b property includes homestead real estate or homestead manufactured homes used for the purposes of a homestead by

(1) any person who is blind as defined in section 256D.35, or the blind person and the blind person's spouse; or

(2) any person, hereinafter referred to as "veteran," who:

(i) served in the active military or naval service of the United States; and

(ii) is entitled to compensation under the laws and regulations of the United States for permanent and total service-connected disability due to the loss, or loss of use, by reason of amputation, ankylosis, progressive muscular dystrophies, or paralysis, of both lower extremities, such as to preclude motion without the aid of braces, crutches, canes, or a wheelchair; and
(iii) has acquired a special housing unit with special fixtures or movable facilities made necessary by the nature of the veteran's disability, or the surviving spouse of the deceased veteran for as long as the surviving spouse retains the special housing unit as a homestead; or

(3) any person who is permanently and totally disabled.

Property is classified and assessed under clause (3) only if the government agency or income-providing source certifies, upon the request of the homestead occupant, that the homestead occupant satisfies the disability requirements of this paragraph.

Property is classified and assessed pursuant to clause (1) only if the commissioner of revenue certifies to the assessor that the homestead occupant satisfies the requirements of this paragraph.

Permanently and totally disabled for the purpose of this subdivision means a condition which is permanent in nature and totally incapacitates the person from working at an occupation which brings the person an income. The first $32,000 market value of class 1b property has a net class rate of .45 percent of its market value. The remaining market value of class 1b property has a class rate using the rates for class 1a or class 2a property, whichever is appropriate, of similar market value.

(c) Class 1c property is commercial use real property that abuts a lakeshore line and is devoted to temporary and seasonal residential occupancy for recreational purposes but not devoted to commercial purposes for more than 250 days in the year preceding the year of assessment, and that includes a portion used as a homestead by the owner, which includes a dwelling occupied as a homestead by a shareholder of a corporation that owns the resort, a partner in a partnership that owns the resort, or a member of a limited liability company that owns the resort even if the title to the homestead is held by the corporation, partnership, or limited liability company. For purposes of this clause, property is devoted to a commercial purpose on a specific day if any portion of the property, excluding the portion used exclusively as a homestead, is used for residential occupancy and a fee is charged for residential occupancy. The portion of the property used as a homestead by the owner has the same class rates as is class 1a property under paragraph (a). The remainder of the property is classified as follows: the first $500,000 of market value is tier I, the next $1,700,000 of market value is tier II, and any remaining market value is tier III. The class rates for class 1c are: tier I, 0.55 percent; tier II, 1.0 percent; and tier III, 1.25 percent. If a class 1c resort property has any market value in tier III, the entire property must meet the requirements of subdivision 25, paragraph (d), clause (1), to qualify for class 1c treatment under this paragraph.

(d) Class 1d property includes structures that meet all of the following criteria:

(1) the structure is located on property that is classified as agricultural property under section 273.13, subdivision 23;

(2) the structure is occupied exclusively by seasonal farm workers during the time when they work on that farm, and the occupants are not charged rent for the privilege of occupying the property, provided that use of the structure for storage of farm equipment and produce does not disqualify the property from classification under this paragraph;

(3) the structure meets all applicable health and safety requirements for the appropriate season; and

(4) the structure is not salable as residential property because it does not comply with local ordinances relating to location in relation to streets or roads.

The market value of class 1d property has the same class rates as class 1a property under paragraph (a).

EFFECTIVE DATE. This section is effective for taxes payable in 2006 and thereafter.
Sec. 2. Minnesota Statutes 2005 Supplement, section 273.13, subdivision 25, is amended to read:

Subd. 25. Class 4. (a) Class 4a is residential real estate containing four or more units and used or held for use by the owner or by the tenants or lessees of the owner as a residence for rental periods of 30 days or more, excluding property qualifying for class 4d. Class 4a also includes hospitals licensed under sections 144.50 to 144.56, other than hospitals exempt under section 272.02, and contiguous property used for hospital purposes, without regard to whether the property has been platted or subdivided. The market value of class 4a property has a class rate of 1.25 percent.

(b) Class 4b includes:

(1) residential real estate containing less than four units that does not qualify as class 4bb, other than seasonal residential recreational property;

(2) manufactured homes not classified under any other provision;

(3) a dwelling, garage, and surrounding one acre of property on a nonhomestead farm classified under subdivision 23, paragraph (b) containing two or three units; and

(4) unimproved property that is classified residential as determined under subdivision 33.

The market value of class 4b property has a class rate of 1.25 percent.

(c) Class 4bb includes:

(1) nonhomestead residential real estate containing one unit, other than seasonal residential recreational property; and

(2) a single family dwelling, garage, and surrounding one acre of property on a nonhomestead farm classified under subdivision 23, paragraph (b).

Class 4bb property has the same class rates as class 1a property under subdivision 22.

Property that has been classified as seasonal residential recreational property at any time during which it has been owned by the current owner or spouse of the current owner does not qualify for class 4bb.

(d) Class 4c property includes:

(1) except as provided in subdivision 22, paragraph (c), real property devoted to temporary and seasonal residential occupancy for recreation purposes, including real property devoted to temporary and seasonal residential occupancy for recreation purposes and not devoted to commercial purposes for more than 250 days in the year preceding the year of assessment. For purposes of this clause, property is devoted to a commercial purpose on a specific day if any portion of the property is used for residential occupancy, and a fee is charged for residential occupancy. In order for a property to be classified as class 4c, seasonal residential recreational for commercial purposes, at least 40 percent of the annual gross lodging receipts related to the property must be from business conducted during 90 consecutive days and either (i) at least 60 percent of all paid bookings by lodging guests during the year must be for periods of at least two consecutive nights; or (ii) at least 20 percent of the annual gross receipts must be from charges for rental of fish houses, boats and motors, snowmobiles, downhill or cross-country ski equipment, or charges for marina services, launch services, and guide services, or the sale of bait and fishing tackle. For purposes of this determination, a paid booking of five or more nights shall be counted as two bookings. Class 4c also includes commercial use real property used exclusively for recreational purposes in conjunction with class 4c.
property devoted to temporary and seasonal residential occupancy for recreational purposes, up to a total of two acres, provided the property is not devoted to commercial recreational use for more than 250 days in the year preceding the year of assessment and is located within two miles of the class 4c property with which it is used. Owners of real property devoted to temporary and seasonal residential occupancy for recreation purposes and all or a portion of which was devoted to commercial purposes for not more than 250 days in the year preceding the year of assessment desiring classification as class 1c or 4c, must submit a declaration to the assessor designating the cabins or units occupied for 250 days or less in the year preceding the year of assessment by January 15 of the assessment year. Those cabins or units and a proportionate share of the land on which they are located will be designated class 1c or 4c as otherwise provided. The remainder of the cabins or units and a proportionate share of the land on which they are located will be designated as class 3a. The owner of property desiring designation as class 1c or 4c property must provide guest registers or other records demonstrating that the units for which class 1c or 4c designation is sought were not occupied for more than 250 days in the year preceding the assessment if so requested. The portion of a property operated as a (1) restaurant, (2) bar, (3) gift shop, and (4) other nonresidential facility operated on a commercial basis not directly related to temporary and seasonal residential occupancy for recreation purposes shall not qualify for class 1c or 4c;

(2) qualified property used as a golf course if:

(i) it is open to the public on a daily fee basis. It may charge membership fees or dues, but a membership fee may not be required in order to use the property for golfing, and its green fees for golfing must be comparable to green fees typically charged by municipal courses; and

(ii) it meets the requirements of section 273.112, subdivision 3, paragraph (d).

A structure used as a clubhouse, restaurant, or place of refreshment in conjunction with the golf course is classified as class 3a property;

(3) real property up to a maximum of one acre of land owned by a nonprofit community service oriented organization; provided that the property is not used for a revenue-producing activity for more than six days in the calendar year preceding the year of assessment and the property is not used for residential purposes on either a temporary or permanent basis. For purposes of this clause, a "nonprofit community service oriented organization" means any corporation, society, association, foundation, or institution organized and operated exclusively for charitable, religious, fraternal, civic, or educational purposes, and which is exempt from federal income taxation pursuant to section 501(c)(3), (10), or (19) of the Internal Revenue Code of 1986, as amended through December 31, 1990. For purposes of this clause, "revenue-producing activities" shall include but not be limited to property or that portion of the property that is used as an on-sale intoxicating liquor or 3.2 percent malt liquor establishment licensed under chapter 340A, a restaurant open to the public, bowling alley, a retail store, gambling conducted by organizations licensed under chapter 349, an insurance business, or office or other space leased or rented to a lessee who conducts a for-profit enterprise on the premises. Any portion of the property which is used for revenue-producing activities for more than six days in the calendar year preceding the year of assessment shall be assessed as class 3a. The use of the property for social events open exclusively to members and their guests for periods of less than 24 hours, when an admission is not charged nor any revenues are received by the organization shall not be considered a revenue-producing activity;

(4) postsecondary student housing of not more than one acre of land that is owned by a nonprofit corporation organized under chapter 317A and is used exclusively by a student cooperative, sorority, or fraternity for on-campus housing or housing located within two miles of the border of a college campus;

(5) manufactured home parks as defined in section 327.14, subdivision 3;
(6) real property that is actively and exclusively devoted to indoor fitness, health, social, recreational, and related uses, is owned and operated by a not-for-profit corporation, and is located within the metropolitan area as defined in section 473.121, subdivision 2;

(7) a leased or privately owned noncommercial aircraft storage hangar not exempt under section 272.01, subdivision 2, and the land on which it is located, provided that:

(i) the land is on an airport owned or operated by a city, town, county, Metropolitan Airports Commission, or group thereof; and

(ii) the land lease, or any ordinance or signed agreement restricting the use of the leased premise, prohibits commercial activity performed at the hangar.

If a hangar classified under this clause is sold after June 30, 2000, a bill of sale must be filed by the new owner with the assessor of the county where the property is located within 60 days of the sale;

(8) a privately owned noncommercial aircraft storage hangar not exempt under section 272.01, subdivision 2, and the land on which it is located, provided that:

(i) the land abuts a public airport; and

(ii) the owner of the aircraft storage hangar provides the assessor with a signed agreement restricting the use of the premises, prohibiting commercial use or activity performed at the hangar; and

(9) residential real estate, a portion of which is used by the owner for homestead purposes, and that is also a place of lodging, if all of the following criteria are met:

(i) rooms are provided for rent to transient guests that generally stay for periods of 14 or fewer days;

(ii) meals are provided to persons who rent rooms, the cost of which is incorporated in the basic room rate;

(iii) meals are not provided to the general public except for special events on fewer than seven days in the calendar year preceding the year of the assessment; and

(iv) the owner is the operator of the property.

The market value subject to the 4c classification under this clause is limited to five rental units. Any rental units on the property in excess of five, must be valued and assessed as class 3a. The portion of the property used for purposes of a homestead by the owner must be classified as class 1a property under subdivision 22.

Class 4c property has a class rate of 1.5 percent of market value, except that (i) each parcel of seasonal residential recreational property not used for commercial purposes has the same class rates as class 4bb property, (ii) manufactured home parks assessed under clause (5) have the same class rate as class 4b property, (iii) commercial-use seasonal residential recreational property has a class rate of one percent for the first $500,000 of market value, which includes any market value receiving the one percent rate under subdivision 22, and 1.25 percent for the remaining market value, (iv) the market value of property described in clause (4) has a class rate of one percent, (v) the market value of property described in clauses (2) and (6) has a class rate of 1.25 percent, and (vi) that portion of the market value of property in clause (9) qualifying for class 4c property has a class rate of 1.25 percent.
(e) Class 4d property is qualifying low-income rental housing certified to the assessor by the Housing Finance Agency under section 273.128, subdivision 3. If only a portion of the units in the building qualify as low-income rental housing units as certified under section 273.128, subdivision 3, only the proportion of qualifying units to the total number of units in the building qualify for class 4d. The remaining portion of the building shall be classified by the assessor based upon its use. Class 4d also includes the same proportion of land as the qualifying low-income rental housing units are to the total units in the building. For all properties qualifying as class 4d, the market value determined by the assessor must be based on the normal approach to value using normal unrestricted rents.

Class 4d property has a class rate of 0.75 percent.

**EFFECTIVE DATE.** This section is effective for taxes payable in 2006 and subsequent years.

Sec. 3. Minnesota Statutes 2005 Supplement, section 273.1384, subdivision 1, is amended to read:

Subdivision 1. Residential homestead market value credit. Each county auditor shall determine a homestead credit for each class 1a, 1b, 1c, and 2a homestead property within the county equal to 0.4 percent of the first $76,000 of market value of the property minus .09 percent of the market value in excess of $76,000. The credit amount may not be less than zero. In the case of an agricultural or resort homestead, only the market value of the house, garage, and immediately surrounding one acre of land is eligible in determining the property's homestead credit. In the case of a property which is classified as part homestead and part nonhomestead, (i) the credit shall apply only to the homestead portion of the property, but (ii) if a portion of a property is classified as nonhomestead solely because not all the owners occupy the property, not all the owners have qualifying relatives occupying the property, or solely because not all the spouses do not occupy the property, the credit amount shall be initially computed as if that nonhomestead portion were also in the homestead class and then prorated to the owner-occupant's percentage of ownership or prorated to one-half if both spouses do not occupy the property. For the purpose of this section, when an owner-occupant's spouse does not occupy the property, the percentage of ownership for the owner-occupant spouse is one-half of the couple's ownership percentage.

**EFFECTIVE DATE.** This section is effective for taxes payable in 2007 and thereafter.

Sec. 4. Minnesota Statutes 2004, section 273.1384, subdivision 2, is amended to read:

Subd. 2. Agricultural homestead market value credit. Property classified as class 2a agricultural homestead is eligible for an agricultural credit. The credit is computed using the property's agricultural credit market value, defined for this purpose as the property's class 2a market value excluding the market value of the house, garage, and immediately surrounding one acre of land. The credit is equal to 0.3 percent of the first $115,000 of the property's agricultural credit market value. The credit under this subdivision is limited to $345 for each homestead. The credit is reduced by minus .05 percent of the property's agricultural credit market value in excess of $115,000, subject to a maximum reduction of $115. In the case of property that is classified in part as class 2a agricultural homestead and in part as class 2b nonhomestead farm land solely because not all the owners occupy or farm the property, not all the owners have qualifying relatives occupying or farming the property, or solely because not all the spouses of owners occupy the property, the credit must be initially computed as if that nonhomestead agricultural land was also classified as class 2a agricultural homestead and then prorated to the owner-occupant's percentage of ownership.

**EFFECTIVE DATE.** This section is effective for taxes payable in 2007 and thereafter.

Sec. 5. Minnesota Statutes 2004, section 273.1398, subdivision 3, is amended to read:

Subd. 3. Disparity reduction aid. For taxes payable in 2003 and subsequent years, The amount of disparity aid certified for each taxing district within each unique taxing jurisdiction for taxes payable in the prior year shall be multiplied by the ratio of (1) the jurisdiction's tax capacity using the class rates for taxes payable in the year for
which aid is being computed, to (2) its tax capacity using the class rates for taxes payable in the year prior to that for which aid is being computed, both based upon market values for taxes payable in the year prior to that for which aid is being computed. For the purposes of this aid determination, disparity reduction aid certified for taxes payable in the prior year for a taxing entity other than a town or school district is deemed to be county government disparity reduction aid. The amount of disparity aid certified to each taxing jurisdiction shall be reduced by any reductions required in the current year or permanent reductions required in previous years under section 477A.0132. If the commissioner determines that insufficient information is available to reasonably and timely calculate the numerator in this ratio for the first taxes payable year that a class rate change or new class rate is effective, the commissioner shall omit the effects of that class rate change or new class rate when calculating this ratio for aid payable in that taxes payable year. For aid payable in the year following a year for which such omission was made, the commissioner shall use in the denominator for the class that was changed or created, the tax capacity for taxes payable two years prior to that in which the aid is payable, based on market values for taxes payable in the year prior to that for which aid is being computed.

**EFFECTIVE DATE.** This section is effective for taxes payable in 2006 and thereafter.

Sec. 6. Minnesota Statutes 2004, section 281.23, subdivision 9, is amended to read:

Subd. 9. **Certificate.** After the time for redemption of any lands shall have expired after notice given, as provided in subdivisions 2, 3, 5, and 6, the county auditor shall execute a certificate describing the lands, specifying the tax judgment sale at which the same were bid in for the state, and stating that the time for redemption thereof has expired after notice given as provided by law and that absolute title thereto has vested in the state of Minnesota. Such certificate shall be recorded in the office of the county recorder and thereafter filed in the office of the county auditor, except that in case of registered land such certificate shall be filed recorded in the office of the registrar of titles and a duplicate filed in the office of the county auditor. The lessor shall collect the tax in full at the time the lease is executed or, if the tax is included in the lease and the lease is assigned, the tax is due from the original lessor at the time the lease is assigned. The total amount to be paid by the lessee under the lease agreement equals the agreed-upon value of the vehicle less manufacturer's rebates, the stated residual value of the leased vehicle, and the total value allowed for a vehicle owned by the lessee taken in trade by the lessor, plus the price of any taxable goods and services included in the lease and the rent charge as provided by Code of Federal Regulations, title 12, section 213.4, excluding any rent charge related to the capitalization of the tax.

(c) If a lease is canceled or rescinded on or before 90 days of its execution or if a vehicle is returned to the manufacturer under section 325F.665, the lessor may file a claim for a refund of the total tax paid minus the amount of tax due for the period the vehicle is used by the lessee.
(d) If a lessee’s obligation to make payments on a lease is canceled more than 90 days after its execution, a credit is allowed against sales tax or motor vehicles sales tax due on a subsequent lease or purchase of a motor vehicle if that lease or purchase is consummated within 30 days of the date the prior lease was canceled. The amount of the credit is equal to (1) the sales tax paid at the inception of the lease, multiplied by (2) the ratio of the number of full months remaining in the lease at the time of termination compared to the term of the lease used in calculating sales tax paid at the inception of the lease. Sec. 2. Minnesota Statutes 2005 Supplement, section 270C.304, is amended to read:

270C.304 ELECTRONICALLY FILED RETURNS; SIGNATURES.

For purposes of a law administered by the commissioner, the name of the taxpayer, the name of the taxpayer's authorized agent, or the taxpayer's identification number, will constitute a signature when transmitted as part of the return information on returns filed by electronic means by the taxpayer or at the taxpayer's direction. "Electronic means" includes, but is not limited to, the use of a touch-tone telephone to transmit return information in a manner prescribed by the commissioner.

EFFECTIVE DATE. This section is effective the day following final enactment.

Sec. 3. Minnesota Statutes 2005 Supplement, section 270C.33, subdivision 4, is amended to read:

Subd. 4. Orders of assessment. (a) The commissioner may issue an order of assessment in any of the following circumstances:

(1) the commissioner determines that the correct amount of tax is different than that assessed on a return filed with the commissioner;

(2) no return has been filed and the commissioner determines the amount of tax that should have been assessed;

(3) the commissioner determines that the correct amount of a refundable credit is different than the amount claimed by a taxpayer. For purposes of this subdivision, "refundable credit" means a refund benefit or credit due a person that is unrelated to the person's liability for a tax. "Refundable credit" does not include estimated tax payments or withholding taxes. An assessment for an overpayment of a refundable credit may be collected in the same manner as a tax collected by the commissioner; and

(4) the commissioner determines the correct amount of a tax that the taxpayer is not required to assess by a return filed with the commissioner; and

(5) the commissioner determines that a penalty other than a penalty for late payment of tax, late filing of a return, or failure to pay tax by electronic means should be imposed, and the penalty is not included on an order of assessment made under clauses (1) to (4).

(b) An order of assessment must be in writing.
(c) An order of assessment must be signed by the commissioner or a delegate, or have their facsimile signature, if the change in tax, excluding penalties and interest, exceeds $1,000.

(d) An order of assessment is final when made but, as applicable, is reviewable administratively under section 270C.35, or appealable to Tax Court under chapter 271.

**EFFECTIVE DATE.** This section is effective the day following final enactment.

Sec. 4. Minnesota Statutes 2005 Supplement, section 270C.57, subdivision 3, is amended to read:

Subd. 3. **Assessment; abatement; review.** The commissioner may assess liability against a successor business under this section within the time prescribed for collecting the underlying sales and withholding taxes, interest, and penalties. The assessment is presumed to be valid, and the burden is upon the successor to show it is incorrect or invalid. An order assessing successor liability is reviewable administratively under section 270C.35 and is appealable to Tax Court under chapter 271. The commissioner may abate an assessment if the successor's failure to give the notice required under this section is due to reasonable cause. The procedural and appeal provisions under section 270C.34 apply to abatement requests under this subdivision. Collection remedies available against the transferring business are available against the successor from the date of assessment of successor liability.

**EFFECTIVE DATE.** This section is effective the day following final enactment.

Sec. 5. Minnesota Statutes 2005 Supplement, section 270C.67, subdivision 1, is amended to read:

Subdivision 1. **Authority.** If any tax payable to the commissioner or to the department is not paid when due, such tax may be collected by the commissioner within five years after the date of assessment of the tax, or if a lien has been filed, during the period the lien is enforceable, or if the tax judgment has been filed, within the statutory period of enforcement of a valid tax judgment, by a levy upon all property and rights to property, including any property in the possession of law enforcement officials, of the person liable for the payment or collection of such tax (except that which is exempt from execution pursuant to section 550.37) or property on which there is a lien provided in section 270C.63. For this purpose, "tax" includes any penalty, interest, and costs, properly payable.

**EFFECTIVE DATE.** This section is effective the day following final enactment.

Sec. 6. Minnesota Statutes 2005 Supplement, section 270C.67, is amended by adding a subdivision to read:

Subd. 1a. **Exempt property.** A levy under this section is not enforceable against:

(1) a purchaser with respect to tangible personal property purchased at retail in the ordinary course of the seller's trade or business, unless at the time of purchase the purchaser intends the purchase to or knows the purchase will hinder, evade, or defeat the collection of a tax; or

(2) the personal property listed as exempt in sections 550.37, 550.38, and 550.39.

**EFFECTIVE DATE.** This section is effective the day following final enactment.

Sec. 7. Minnesota Statutes 2005 Supplement, section 271.12, is amended to read:

**271.12 WHEN ORDER EFFECTIVE.**

No order for refundment by the commissioner of revenue, the appropriate unit of government, or the Tax Court shall take effect until the time for appeal therefrom or review thereof by all parties entitled thereto has expired. Otherwise every order of the commissioner, the appropriate unit of government, or the Tax Court shall take effect
immediately upon the filing thereof, and no appeal therefrom or review thereof shall stay the execution thereof or extend the time for payment of any tax or other obligation unless otherwise expressly provided by law; provided, that in case an order which has been acted upon, in whole or in part, shall thereafter be set aside or modified upon appeal, the determination upon appeal or review shall supersede the order appealed from and be binding upon all parties affected thereby, and such adjustments as may be necessary to give effect thereto shall be made accordingly; and provided further, the Tax Court may enjoin enforcement of the order of the commissioner being appealed. If it be finally determined upon such appeal or review that any person is entitled to refundment of any amount which has been paid for a tax or other obligation, such amount, unless otherwise provided by law, shall be paid to the person by the commissioner of finance, or other proper officer, out of funds derived from taxes of the same kind, if available for the purpose, or out of other available funds, if any, with interest at the rate specified in section 270C.405 from the date of payment of the tax, unless a different rate or date of accrual of interest is otherwise provided by law, in which case such other rate or date of accrual shall apply, upon certification by the commissioner of revenue, the appropriate unit of government, the Tax Court or the Supreme Court.

If, within 120 days after a decision of the Tax Court becomes final, the commissioner does not refund the overpayment determined by the court, together with interest, on motion by the taxpayer, the Tax Court shall have jurisdiction to order the refund of the overpayment and interest, and to award reasonable litigation costs for bringing the motion. If any tax, assessment, or other obligation be increased upon such appeal or review, the increase shall be added to the original amount, and may be enforced and collected therewith.

**EFFECTIVE DATE.** This section is effective the day following final enactment.

Sec. 8. Minnesota Statutes 2005 Supplement, section 289A.121, subdivision 5, is amended to read:

(b) Any taxpayer that is a member of a unitary business group that includes any person that must make a disclosure statement under Code of Federal Regulations, title 26, section 1.6011-4, must file a disclosure under this subdivision.

(c) Disclosure under this subdivision is required for any transaction entered into after December 31, 2001, that the Internal Revenue Service determines is a listed transaction at any time, and must be made in the manner prescribed by the commissioner. With respect to transactions in which the taxpayer participated for taxable years ending on and after December 31, 2005, disclosure must be made in the time and manner prescribed in Code of Federal Regulations, title 26, section 1.6011-4(e).

(d) Notwithstanding paragraphs (a) to (c), no disclosure is required for transactions entered into after December 31, 2001, and before January 1, 2006, if (1) the taxpayer has filed an amended income tax return which reverses the tax benefits of the tax shelter transaction, or (2) as a result of a federal audit the Internal Revenue Service has determined the tax treatment of the transaction and an amended return has been filed to reflect the federal treatment.

**EFFECTIVE DATE.** This section is effective for disclosures of reportable transactions in which the taxpayer participated for taxable years ending before December 31, 2005.

TAX INCREMENT FINANCING

Section 1. Minnesota Statutes 2005 Supplement, section 469.175, subdivision 2, is amended to read:

Subd. 2. Consultations; comment and filing. (a) Before formation of a tax increment financing district, the authority shall provide the county auditor and clerk of the school board with the proposed tax increment financing plan for the district and the authority's estimate of the fiscal and economic implications of the proposed tax increment financing district. The authority must provide the proposed tax increment financing plan and the information on the fiscal and economic implications of the plan to the county auditor and the clerk of the school district board at least 30 days before the public hearing required by subdivision 3. The information on the fiscal and economic implications may be included in or as part of the tax increment financing plan. The county auditor and clerk of the school board shall provide copies to the members of the boards, as directed by their respective boards. The 30-day requirement is waived if the boards of the county and school district submit written comments on the proposal and any modification of the proposal to the authority after receipt of the information.

(b) For purposes of this subdivision, "fiscal and economic implications of the proposed tax increment financing district" includes:

(1) an estimate of the total amount of tax increment that will be generated over the life of the district;

(2) a description of the probable impact of the district on city-provided services such as police and fire protection, public infrastructure, and borrowing costs; the impact of any general obligation tax increment bonds attributable to the district upon the ability to issue other debt for general fund purposes;

(3) the estimated amount of tax increments over the life of the district that would be attributable to school district levies, assuming the school district's share of the total local tax rate for all taxing jurisdictions remained the same;

(4) the estimated amount of tax increments over the life of the district that would be attributable to county levies, assuming the county's share of the total local tax rate for all taxing jurisdictions remained the same; and
(5) any additional information regarding the size, timing, or type of development in the district requested by the county or the school district that would enable it to determine additional costs that will accrue to it due to the development proposed for the district. If a county or school district has not adopted standard questions in a written policy on information requested for fiscal and economic implications, a county or school district must request additional information no later than 15 days after receipt of the tax increment financing plan and the request does not require an additional 30 days of notice before the public hearing.

**EFFECTIVE DATE.** This section is effective for proposed tax increment financing plans provided after June 30, 2006.

Sec. 2. Minnesota Statutes 2004, section 469.175, subdivision 4, is amended to read:

Subd. 4. **Modification of plan.** (a) A tax increment financing plan may be modified by an authority.

(b) The authority may make the following modifications only upon the notice and after the discussion, public hearing, and findings required for approval of the original plan:

(1) any reduction or enlargement of geographic area of the project or tax increment financing district that does not meet the requirements of paragraph (e);

(2) increase in amount of bonded indebtedness to be incurred;

(3) a determination to capitalize interest on the debt if that determination was not a part of the original plan, or to increase or decrease the amount of interest on the debt to be capitalized;

(4) increase in the portion of the captured net tax capacity to be retained by the authority;

(5) increase in the estimate of the cost of the project, including administrative expenses, that will be paid or financed with tax increment from the district; or

(6) designation of additional property to be acquired by the authority.

(c) If an authority changes the type of district to another type of district, this change is not a modification but requires the authority to follow the procedure set forth in sections 469.174 to 469.179 for adoption of a new plan, including certification of the net tax capacity of the district by the county auditor.

(d) If a redevelopment district or a renewal and renovation district is enlarged, the reasons and supporting facts for the determination that the addition to the district meets the criteria of section 469.174, subdivision 10, paragraph (a), clauses (1) and (2), or subdivision 10a, must be documented.

(e) The requirements of paragraph (b) do not apply if (1) the only modification is elimination of parcels from the project or district and (2)(A) the current net tax capacity of the parcels eliminated from the district equals or exceeds the net tax capacity of those parcels in the district’s original net tax capacity or (B) the authority agrees that, notwithstanding section 469.177, subdivision 1, the original net tax capacity will be reduced by no more than the current net tax capacity of the parcels eliminated from the district. The authority must notify the county auditor of any modification that reduces or enlarges the geographic area of a district or a project area.

(f) The geographic area of a tax increment financing district may be reduced, but shall not be enlarged after five years following the date of certification of the original net tax capacity by the county auditor or after August 1, 1984, for tax increment financing districts authorized prior to August 1, 1979.

**EFFECTIVE DATE.** This section is effective for all districts, regardless of when the request for certification was made, and applies to plan amendments adopted after the day following final enactment.
Sec. 3. Minnesota Statutes 2005 Supplement, section 469.175, subdivision 5, is amended to read:

Subd. 5. Annual disclosure. An annual statement showing for each district the information required to be reported under subdivision 6, paragraph (c), clauses (1), (2), (3), (11), (12), (18), and (19); the amounts of tax increment received and expended in the reporting period; and any additional information the authority deems necessary must be published in a newspaper of general circulation in the municipality that approved the tax increment financing plan. The annual statement must inform readers that additional information regarding each district may be obtained from the authority, and must explain how the additional information may be requested. The authority must publish the annual statement for a year no later than August 15 of the next year. The authority must identify the newspaper of general circulation in the municipality to which the annual statement has been or will be submitted for publication and provide a copy of the annual statement to the county board, the county auditor, the school board, the state auditor, and, if the authority is other than the municipality, the governing body of the municipality on or before August 1 of the year in which the statement must be published.

The disclosure requirements imposed by this subdivision apply to districts certified before, on, or after August 1, 1979.

EFFECTIVE DATE. This section is effective for disclosures required to be provided after June 30, 2006.

Sec. 4. Minnesota Statutes 2004, section 469.176, subdivision 1, is amended to read:

Subdivision 1. Duration of tax increment financing districts. (a) Subject to the limitations contained in subdivisions 1a to 1f, any tax increment financing district as to which bonds are outstanding, payment for which the tax increment and other revenues have been pledged, shall remain in existence at least as long as the bonds continue to be outstanding. The municipality may, at the time of approval of the initial tax increment financing plan, provide for a shorter maximum duration limit than specified in subdivisions 1a to 1f. The specified limit applies in place of the otherwise applicable limit, unless the authority modifies the plan following the procedures under section 469.175, subdivision 4, paragraph (b).

(b) The tax increment pledged to the payment of the bonds and interest thereon may be discharged and the tax increment financing district may be terminated if sufficient funds have been irrevocably deposited in the debt service fund or other escrow account held in trust for all outstanding bonds to provide for the payment of the bonds at maturity or date of redemption and interest thereon to the maturity or redemption date.

(c) For bonds issued pursuant to section 469.178, subdivisions 2 and 3, the full faith and credit and any taxing powers of the municipality or authority are pledged to the payment of the bonds until the principal of and interest on the bonds has been paid in full.

EFFECTIVE DATE. This section is effective for all districts, regardless of when the request for certification was made, and applies to plan amendments adopted after the day following final enactment.

Sec. 5. Minnesota Statutes 2005 Supplement, section 469.1763, subdivision 2, is amended to read:

Subd. 2. Expenditures outside district. (a) For each tax increment financing district, an amount equal to at least 75 percent of the total revenue derived from tax increments paid by properties in the district must be expended on activities in the district or to pay bonds, to the extent that the proceeds of the bonds were used to finance activities in the district or to pay, or secure payment of, debt service on credit enhanced bonds. For districts, other than redevelopment districts for which the request for certification was made after June 30, 1995, the in-district percentage for purposes of the preceding sentence is 80 percent. Not more than 25 percent of the total revenue derived from tax increments paid by properties in the district may be expended, through a development fund or otherwise, on activities outside of the district but within the defined geographic area of the project except to pay, or
secure payment of, debt service on credit enhanced bonds. For districts, other than redevelopment districts for which the request for certification was made after June 30, 1995, the pooling percentage for purposes of the preceding sentence is 20 percent. The revenue derived from tax increments for the district that are expended on costs under section 469.176, subdivision 4h, paragraph (b), may be deducted first before calculating the percentages that must be expended within and without the district.

(b) In the case of a housing district, a housing project, as defined in section 469.174, subdivision 11, is an activity in the district.

(c) All administrative expenses are for activities outside of the district, except that if the only expenses for activities outside of the district under this subdivision are for the purposes described in paragraph (d), administrative expenses will be considered as expenditures for activities in the district.

(d) The authority may elect, in the tax increment financing plan for the district, to increase by up to ten percentage points the permitted amount of expenditures for activities located outside the geographic area of the district under paragraph (a). As permitted by section 469.176, subdivision 4k, the expenditures, including the permitted expenditures under paragraph (a), need not be made within the geographic area of the project. Expenditures that meet the requirements of this paragraph are legally permitted expenditures of the district, notwithstanding section 469.176, subdivisions 4b, 4c, and 4j. To qualify for the increase under this paragraph, the expenditures must:

(1) be used exclusively to assist housing that meets the requirement for a qualified low-income building, as that term is used in section 42 of the Internal Revenue Code;

(2) not exceed the qualified basis of the housing, as defined under section 42(c) of the Internal Revenue Code, less the amount of any credit allowed under section 42 of the Internal Revenue Code; and

(3) be used to:

(i) acquire and prepare the site of the housing;

(ii) acquire, construct, or rehabilitate the housing; or

(iii) make public improvements directly related to the housing.

(e) For a district created within a biotechnology and health sciences industry zone as defined in section 469.330, subdivision 6, or for an existing district located within such a zone, tax increment derived from such a district may be expended outside of the district but within the zone only for expenditures required for the construction of public infrastructure necessary to support the activities of the zone. Public infrastructure expenditures are considered as expenditures for activities within the district.

**EFFECTIVE DATE.** This section applies to all districts, regardless of when the request for certification was made.

Sec. 6. Minnesota Statutes 2004, section 469.1763, subdivision 3, is amended to read:

Subd. 3. Five-year rule. (a) Revenues derived from tax increments are considered to have been expended on an activity within the district under subdivision 2 only if one of the following occurs:

(1) before or within five years after certification of the district, the revenues are actually paid to a third party with respect to the activity;
(2) bonds, the proceeds of which must be used to finance the activity, are issued and sold to a third party before or within five years after certification, the revenues are spent to repay the bonds, and the proceeds of the bonds either are, on the date of issuance, reasonably expected to be spent before the end of the later of (i) the five-year period, or (ii) a reasonable temporary period within the meaning of the use of that term under section 148(c)(1) of the Internal Revenue Code, or are deposited in a reasonably required reserve or replacement fund;

(3) binding contracts with a third party are entered into for performance of the activity before or within five years after certification of the district and the revenues are spent under the contractual obligation;

(4) costs with respect to the activity are paid before or within five years after certification of the district and the revenues are spent to reimburse a party for payment of the costs, including interest on unreimbursed costs; or

(5) expenditures are made for housing purposes as permitted by subdivision 2, paragraphs (b) and (d), or for public infrastructure purposes within a zone as permitted by subdivision 2, paragraph (e).

(b) For purposes of this subdivision, bonds include subsequent refunding bonds if the original refunded bonds meet the requirements of paragraph (a), clause (2).

Sec. 7. Minnesota Statutes 2004, section 469.1763, subdivision 4, is amended to read:

Subd. 4. Use of revenues for decertification. (a) In each year beginning with the sixth year following certification of the district, if the applicable in-district percent of the revenues derived from tax increments paid by properties in the district exceeds the amount of expenditures that have been made for costs permitted under subdivision 3, an amount equal to the difference between the in-district percent of the revenues derived from tax increments paid by properties in the district and the amount of expenditures that have been made for costs permitted under subdivision 3 must be used and only used to pay or defease the following or be set aside to pay the following:

(1) outstanding bonds, as defined in subdivision 3, paragraphs (a), clause (2), and (b);

(2) contracts, as defined in subdivision 3, paragraph (a), clauses (3) and (4); or

(3) credit enhanced bonds to which the revenues derived from tax increments are pledged, but only to the extent that revenues of the district for which the credit enhanced bonds were issued are insufficient to pay the bonds and to the extent that the increments from the applicable pooling percent share for the district are insufficient; or

(4) the amount provided by the tax increment financing plan to be paid under subdivision 2, paragraphs (b), (d), and (e).

(b) The district must be decertified and the pledge of tax increment discharged when the outstanding bonds have been defeased and when sufficient money has been set aside to pay, based on the increment to be collected through the end of the calendar year, the following amounts:

(1) contractual obligations as defined in subdivision 3, paragraph (a), clauses (3) and (4), the district must be decertified and the pledge of tax increment discharged;

(2) the amount specified in the tax increment financing plan for activities qualifying under subdivision 2, paragraph (b), that have not been funded with the proceeds of bonds qualifying under paragraph (a), clause (1); and

(3) the additional expenditures permitted by the tax increment financing plan for housing activities under an election under subdivision 2, paragraph (d), that have not been funded with the proceeds of bonds qualifying under paragraph (a), clause (1).

EFFECTIVE DATE. This section is effective for districts for which the request for certification was made after April 30, 1990.
Sec. 8. Minnesota Statutes 2005 Supplement, section 469.1763, subdivision 6, is amended to read:

Subd. 6. Pooling permitted for deficits. (a) This subdivision applies only to districts for which the request for certification was made before August 1, 2001, and without regard to whether the request for certification was made prior to August 1, 1979.

(b) The municipality for the district may transfer available increments from another tax increment financing district located in the municipality, if the transfer is necessary to eliminate a deficit in the district to which the increments are transferred. The municipality may transfer increments as provided by this subdivision without regard to whether the transfer or expenditure is authorized by the tax increment financing plan for the district from which the transfer is made. A deficit in the district for purposes of this subdivision means the lesser of the following two amounts:

(1)(i) the amount due during the calendar year to pay preexisting obligations of the district; minus

(ii) the total increments collected or to be collected from properties located within the district that are available for the calendar year including amounts collected in prior years that are currently available; plus

(iii) total increments from properties located in other districts in the municipality including amounts collected in prior years that are available to be used to meet the district's obligations under this section, excluding this subdivision, or other provisions of law (but excluding a special tax under section 469.1791 and the grant program under Laws 1997, chapter 231, article 1, section 19, or Laws 2001, First Special Session chapter 5); or

(2) the reduction in increments collected from properties located in the district for the calendar year as a result of the changes in class rates in Laws 1997, chapter 231, article 1; Laws 1998, chapter 389, article 2; and Laws 1999, chapter 243, and Laws 2001, First Special Session chapter 5, or the elimination of the general education tax levy under Laws 2001, First Special Session chapter 5.

The authority may compute the deficit amount under clause (1) only (without regard to the limit under clause (2)) if the authority makes an irrevocable commitment, by resolution, to use increments from the district to which increments are to be transferred and any transferred increments are only used to pay preexisting obligations and administrative expenses for the district that are required to be paid under section 469.176, subdivision 4h, paragraph (a).

(c) A preexisting obligation means:

(1) bonds issued and sold before August 1, 2001, or bonds issued pursuant to a binding contract requiring the issuance of bonds entered into before July 1, 2001, and bonds issued to refund such bonds or to reimburse expenditures made in conjunction with a signed contractual agreement entered into before August 1, 2001, to the extent that the bonds are secured by a pledge of increments from the tax increment financing district; and

(2) binding contracts entered into before August 1, 2001, to the extent that the contracts require payments secured by a pledge of increments from the tax increment financing district.

(d) The municipality may require a development authority, other than a seaway port authority, to transfer available increments including amounts collected in prior years that are currently available for any of its tax increment financing districts in the municipality to make up an insufficiency in another district in the municipality, regardless of whether the district was established by the development authority or another development authority. This authority applies notwithstanding any law to the contrary, but applies only to a development authority that:

(1) was established by the municipality; or
(2) the governing body of which is appointed, in whole or part, by the municipality or an officer of the municipality or which consists, in whole or part, of members of the governing body of the municipality. The municipality may use this authority only after it has first used all available increments of the receiving development authority to eliminate the insufficiency and exercised any permitted action under section 469.1792, subdivision 3, for preexisting districts of the receiving development authority to eliminate the insufficiency.

(e) The authority under this subdivision to spend tax increments outside of the area of the district from which the tax increments were collected:

(1) is an exception to the restrictions under section 469.176, subdivisions 4b, 4c, 4d, 4e, 4i, and 4j; the expenditure limits under section 469.176, subdivision 1c; and the other provisions of this section; and the percentage restrictions under subdivision 2 must be calculated after deducting increments spent under this subdivision from the total increments for the district; and

(2) applies notwithstanding the provisions of the Tax Increment Financing Act in effect for districts for which the request for certification was made before June 30, 1982, or any other law to the contrary.

(f) If a preexisting obligation requires the development authority to pay an amount that is limited to the increment from the district or a specific development within the district and if the obligation requires paying a higher amount to the extent that increments are available, the municipality may determine that the amount due under the preexisting obligation equals the higher amount and may authorize the transfer of increments under this subdivision to pay up to the higher amount. The existence of a guarantee of obligations by the individual or entity that would receive the payment under this paragraph is disregarded in the determination of eligibility to pool under this subdivision. The authority to transfer increments under this paragraph may only be used to the extent that the payment of all other preexisting obligations in the municipality due during the calendar year have been satisfied.

(g) For transfers of increments made in calendar year 2005 and later, the reduction in increments as a result of the elimination of the general education tax levy for purposes of paragraph (b), clause (2), for a taxes payable year equals the general education tax rate for the school district under Minnesota Statutes 2000, section 273.1382, subdivision 1, for taxes payable in 2001, multiplied by the captured tax capacity of the district for the current taxes payable year.

**EFFECTIVE DATE.** This section is effective for all districts, regardless of when the request for certification was made, and applies retroactively to any transfer made under subdivision 6.

Sec. 9. Minnesota Statutes 2005 Supplement, section 469.177, subdivision 1, is amended to read:

Subdivision 1. **Original net tax capacity.** (a) Upon or after adoption of a tax increment financing plan, the auditor of any county in which the district is situated shall, upon request of the authority, certify the original net tax capacity of the tax increment financing district and that portion of the district overlying any subdistrict as described in the tax increment financing plan and shall certify in each year thereafter the amount by which the original net tax capacity has increased or decreased as a result of a change in tax exempt status of property within the district and any subdistrict, reduction or enlargement of the district or changes pursuant to subdivision 4.

(b) If the classification under section 273.13 of property located in a district changes to a classification that has a different assessment ratio, the original net tax capacity of that property must be redetermined at the time when its use is changed as if the property had originally been classified in the same class in which it is classified after its use is changed.
(c) The amount to be added to the original net tax capacity of the district as a result of previously tax exempt real property within the district becoming taxable equals the net tax capacity of the real property as most recently assessed pursuant to section 273.18 or, if that assessment was made more than one year prior to the date of title transfer rendering the property taxable, the net tax capacity assessed by the assessor at the time of the transfer. If improvements are made to tax exempt property after certification of the municipality approves the district and before the parcel becomes taxable, the assessor shall, at the request of the authority, separately assess the estimated market value of the improvements. If the property becomes taxable, the county auditor shall add to original net tax capacity, the net tax capacity of the parcel, excluding the separately assessed improvements. If substantial taxable improvements were made to a parcel after certification of the district and if the property later becomes tax exempt, in whole or part, as a result of the authority acquiring the property through foreclosure or exercise of remedies under a lease or other revenue agreement or as a result of tax forfeiture, the amount to be added to the original net tax capacity of the district as a result of the property again becoming taxable is the amount of the parcel's value that was included in original net tax capacity when the parcel was first certified. The amount to be added to the original net tax capacity of the district as a result of enlargements equals the net tax capacity of the added real property as most recently certified by the commissioner of revenue as of the date of modification of the tax increment financing plan pursuant to section 469.175, subdivision 4.

(d) If the net tax capacity of a property increases because the property no longer qualifies under the Minnesota Agricultural Property Tax Law, section 273.111; the Minnesota Open Space Property Tax Law, section 273.112; or the Metropolitan Agricultural Preserves Act, chapter 473H, or because platted, unimproved property is improved or market value is increased after approval of the plat under section 273.11, subdivision 14, 14a, or 14b, the increase in net tax capacity must be added to the original net tax capacity.

(e) The amount to be subtracted from the original net tax capacity of the district as a result of previously taxable real property within the district becoming tax exempt, or a reduction in the geographic area of the district, shall be the amount of original net tax capacity initially attributed to the property becoming tax exempt or being removed from the district. If the net tax capacity of property located within the tax increment financing district is reduced by reason of a court-ordered abatement, stipulation agreement, voluntary abatement made by the assessor or auditor or by order of the commissioner of revenue, the reduction shall be applied to the original net tax capacity of the district when the property upon which the abatement is made has not been improved since the date of certification of the district and to the captured net tax capacity of the district in each year thereafter when the abatement relates to improvements made after the date of certification. The county auditor may specify reasonable form and content of the request for certification of the authority and any modification thereof pursuant to section 469.175, subdivision 4.

(f) If a parcel of property contained a substandard building that was demolished or removed and if the authority elects to treat the parcel as occupied by a substandard building under section 469.174, subdivision 10, paragraph (b), the auditor shall certify the original net tax capacity of the parcel using the greater of (1) the current net tax capacity of the parcel, or (2) the estimated market value of the parcel for the year in which the building was demolished or removed, but applying the class rates for the current year.

(g) For a redevelopment district qualifying under section 469.174, subdivision 10, paragraph (a), clause (4), as a qualified disaster area, the auditor shall certify the value of the land as the original tax capacity for any parcel in the district that contains a building that suffered substantial damage as a result of the disaster or emergency.

**EFFECTIVE DATE.** This section is effective for improvements made to tax exempt property made after June 30, 2006.

Sec. 10. Minnesota Statutes 2004, section 469.1771, subdivision 2a, is amended to read:

Subd. 2a. **Suspension of distribution of tax increment.** (a) If an authority fails to make a disclosure or to submit a report containing the information required by section 469.175, subdivisions 5 and 6, regarding a tax increment financing district within the time provided in section 469.175, subdivisions 5 and 6, the state auditor shall mail to the authority a written notice that it or the municipality has failed to make the required disclosure or to
submit a required report with respect to a particular district. The state auditor shall mail the notice on or before the
third Tuesday of August of the year in which the disclosure or report was required to be made or submitted. The
notice must describe the consequences of failing to disclose or submit a report as provided in paragraph (b). If the
state auditor has not received a copy of a disclosure or a report described in this paragraph on or before the third
Tuesday of November, first day of October of the year in which the disclosure or report was required to be made or
submitted, the state auditor shall mail a written notice to the county auditor to hold the distribution of tax increment
from a particular district.

(b) Upon receiving written notice from the state auditor to hold the distribution of tax increment, the county
auditor shall hold:

(1) 25 100 percent of the amount of tax increment that otherwise would be distributed, if the distribution is made
after the third Friday in November, first day of October but during the year in which the disclosure or report was
required to be made or submitted; or

(2) 100 percent of the amount of tax increment that otherwise would be distributed, if the distribution is made
after December 31 of the year in which the disclosure or report was required to be made or submitted.

(c) Upon receiving the copy of the disclosure and all of the reports described in paragraph (a) with respect to a
district regarding which the state auditor has mailed to the county auditor a written notice to hold distribution of tax
increment, the state auditor shall mail to the county auditor a written notice lifting the hold and authorizing the
county auditor to distribute to the authority or municipality any tax increment that the county auditor had held
pursuant to paragraph (b). The state auditor shall mail the written notice required by this paragraph within five
working days after receiving the last outstanding item. The county auditor shall distribute the tax increment to the
authority or municipality within 15 working days after receiving the written notice required by this paragraph.

(d) Notwithstanding any law to the contrary, any interest that accrues on tax increment while it is being held by
the county auditor pursuant to paragraph (b) is not tax increment and may be retained by the county.

(e) For purposes of sections 469.176, subdivisions 1a to 1g, and 469.177, subdivision 11, tax increment being
held by the county auditor pursuant to paragraph (b) is considered distributed to or received by the authority or
municipality as of the time that it would have been distributed or received but for paragraph (b).

EFFECTIVE DATE. This section is effective for disclosures and reports required to be filed after
December 30, 2006.

Sec. 11. Minnesota Statutes 2004, section 475.58, subdivision 1, is amended to read:

Subdivision 1. Approval by electors; exceptions. Obligations authorized by law or charter may be issued by
any municipality upon obtaining the approval of a majority of the electors voting on the question of issuing the
obligations, but an election shall not be required to authorize obligations issued:

(1) to pay any unpaid judgment against the municipality;

(2) for refunding obligations;

(3) for an improvement or improvement program, which obligation is payable wholly or partly from the proceeds
of special assessments levied upon property specially benefited by the improvement or by an improvement within
the improvement program, or of taxes levied upon the increased value of property within a district for the
development of which the improvement is undertaken from tax increments, as defined in section 469.174,
subdivision 25, including obligations which are the general obligations of the municipality, if the municipality is entitled to reimbursement in whole or in part from the proceeds of such special assessments or taxes, and not less than 20 percent of the cost of the improvement or the improvement program is to be assessed against benefited property or is to be paid from the proceeds of federal grant funds or a combination thereof, or is estimated to be received from such taxes within the district tax increments:

(4) payable wholly from the income of revenue producing conveniences;

(5) under the provisions of a home rule charter which permits the issuance of obligations of the municipality without election;

(6) under the provisions of a law which permits the issuance of obligations of a municipality without an election;

(7) to fund pension or retirement fund liabilities pursuant to section 475.52, subdivision 6;

(8) under a capital improvement plan under section 373.40; and

(9) under sections 469.1813 to 469.1815 (property tax abatement authority bonds), if the proceeds of the bonds are not used for a purpose prohibited under section 469.176, subdivision 4g, paragraph (b).

Additional increments resulting from an extension authorized by this section must be used to pay the city's bonds issued for redevelopment project No. 5 or to reimburse the guarantor for payments made to pay the bonds. Any amounts in excess of those necessary to pay those amounts must be returned as excess increments under Minnesota Statutes, section 469.176, subdivision 2.

The ratio of mine value from iron ore, taconite concentrates, and direct reduced ore to gross proceeds from mining other ores must be applied to deductions common to both processes to determine taxable income for tax paid pursuant to subdivisions 3 and 4.

**EFFECTIVE DATE.** This section is effective for tax years beginning after December 31, 2005.

Money from the fund for each producer shall be released by the commissioner after review by a joint committee consisting of an equal number of representatives of the salaried employees and the nonsalaried production and maintenance employees of that producer. The District 11 director of the United States Steelworkers of America, on advice of each local employee president, shall select the employee members. In nonorganized operations, the employee committee shall be elected by the nonsalaried production and maintenance employees. The review must be completed no later than six months after the producer presents a proposal for expenditure of the funds to the committee. The funds held pursuant to this section may be released only for acquisition of equipment and facilities for the producer or for research and development in Minnesota on new mining, or taconite, iron, or steel production technology, but only if the producer provides a matching expenditure to be used for the same purpose of at least 50 percent of the distribution based on 14.7 cents per ton beginning with distributions in 2002. If a producer uses money from the fund to procure haulage trucks, mobile equipment, or mining shovels, and the producer removes the piece of equipment from the taconite tax relief area defined in section 273.134 within ten years from the date of receipt of the money from the fund, a portion of the money granted from the fund must be repaid to the taconite economic development fund. The portion of the money to be repaid is 100 percent of the grant if the equipment is removed from the taconite tax relief area within 12 months after receipt of the money from the fund, declining by ten percent for each of the subsequent nine years during which the equipment remains within the taconite tax relief area. If a taconite production facility is sold after operations at the facility had ceased, any money remaining in the fund for the former producer may be released to the purchaser of the facility on the terms otherwise applicable to the former producer under this section. If a producer fails to provide matching funds for a proposed expenditure within six months after the commissioner approves release of the funds, the funds are available for release to another producer in proportion to the distribution provided and under the conditions of this section. Any portion of the fund which is not released by the commissioner within two years of its deposit in the fund shall be divided between the taconite environmental protection fund created in section 298.223 and the Douglas J. Johnson economic protection trust fund created in section 298.292 for placement in their respective special accounts. Two-thirds of the unreleased funds shall be distributed to the taconite environmental protection fund and one-third to the Douglas J. Johnson economic protection trust fund.

Sec. 30. [16B.307] ASSET PRESERVATION APPROPRIATIONS.

Subdivision 1. Standards. Article XI, section 5, clause (a), of the Constitution requires that state general obligation bonds be issued to finance only the acquisition or betterment of public land, buildings, and other public improvements of a capital nature. Money appropriated for asset preservation, whether from state bond proceeds or from other revenue, is subject to the following additional limitations:

(a) An appropriation for asset preservation may not be used to acquire new land nor to acquire or construct new buildings, additions to buildings, or major new improvements.

(b) An appropriation for asset preservation may be used only for a capital expenditure on a capital asset previously owned by the state, within the meaning of generally accepted accounting principles as applied to public expenditures. The commissioner of administration will consult with the commissioner of finance to the extent necessary to ensure this and will furnish the commissioner of finance a list of projects to be financed from the account in order of their priority. The legislature assumes that many projects for preservation and replacement of portions of existing capital assets will constitute betterments and capital improvements within the meaning of the Constitution and capital expenditures under generally accepted accounting principles, and will be financed more efficiently and economically under this section than by direct appropriations for specific projects.

(c) Categories of projects considered likely to be most needed and appropriate for asset preservation appropriations are the following:

1) projects to remove life safety hazards, like building code violations or structural defects. Notwithstanding paragraph (a), a project in this category may include an addition to an existing building if it is a required component of the hazard removal project;

2) projects to eliminate or contain hazardous substances like asbestos or lead paint;
(3) major projects to replace or repair roofs, windows, tuckpointing, mechanical or electrical systems, utility infrastructure, tunnels, site renovations necessary to support building use, and structural components necessary to preserve the exterior and interior of existing buildings; and

(4) projects to renovate parking structures.

(d) Up to ten percent of an appropriation subject to this section may be used for design costs for projects eligible to be funded under this section in anticipation of future asset preservation appropriations.

Subd. 2. **Report.** By January 15 of each year, the commissioner of an agency that has received an appropriation for asset preservation shall submit to the commissioner of finance, the chairs of the legislative committees or divisions that currently oversee the appropriations to the agency, and to the chairs of the senate and house of representatives Capital Investment Committees, a list of the projects that have been funded with money under this program during the preceding calendar year, as well as a list of those priority asset preservation projects for which state bond proceeds fund appropriations will be sought during that year's legislative session.

Parks and outdoor recreation areas.** (a) The commissioner shall administer a program to provide grants to units of government for up to 50 percent of the costs of acquisition and betterment of public land and improvements needed for parks and other outdoor recreation areas and facilities, including costs to create veterans memorial gardens and parks.

(b) For units of government outside the metropolitan area as defined in section 473.121, subdivision 2, the local match required for a grant to acquire or better a regional park or regional outdoor recreation area is $2 of nonstate money for each $3 of state money.

Sec. 33. **[86A.12] NATURAL RESOURCES CAPITAL IMPROVEMENT PROGRAM.**

**Subdivision 1. Establishment.** A natural resources capital improvement program is established to prioritize among eligible public projects to be funded from state bond proceeds appropriated to the commissioner and distinctly specified for the purposes of the program established in this section and in accordance with the standards and criteria set forth in this section.

**Subd. 2. Purposes.** The purpose of the natural resources capital improvement program is to improve the management and conservation of the natural resources of the state, including recreational, scientific and natural areas, and wild game and fish, through the acquisition and betterment of public lands, buildings, and improvements of a capital nature.
Subd. 3. Program standards. Article XI, section 5, clause (a), of the Constitution provides that state general obligation bonds may be issued to finance the acquisition or betterment, including preservation, of public land, buildings, and improvements of a capital nature and to provide money to be appropriated or loaned to any agency or political subdivision of the state for those purposes. Article XI, section 5, clause (f), of the Constitution further provides that state general obligation bonds may be issued to finance the promotion of forestation and prevention and abatement of forest fires, including the compulsory clearing and improving of public and private wild lands. In interpreting these provisions and applying them to the purpose of the program established in this section, the following standards are adopted for determining the priority among eligible natural resources projects to be funded under the program:

(a) A project will be an expenditure eligible under this program only when it is a capital expenditure on a capital asset owned or to be owned by the state or a political subdivision of the state within the meaning of accepted accounting principles as applied to public expenditures. The legislature assumes that some provisions for the management and conservation of the natural resources of the state constituting acquisition or betterment of land, buildings, or capital improvements within the meaning of the Constitution will be sensitive to timing and circumstances and require discretion of the commissioner based on currently available facts and circumstances, particularly projects related to the mitigation of natural disasters and the acquisition of lands as they become available, and so these projects will be financed more efficiently and economically under the program than by separate appropriations for each project.

(b) The commissioner will review potential eligible projects, will make initial allocations among types of eligible projects within each category enumerated in the act making an appropriation for the program, will determine priorities within each category, and will allocate money as specified in the appropriation act and in priority order within each category until the available appropriation for the category has been committed.

Subd. 4. Criteria for priorities. (a) The following criteria must be considered:

(1) expansion of the natural resources of the state for the enjoyment and use of the public;

(2) urgency in providing for the conservation of the natural resources of the state, including protection of threatened and endangered species and waters;

(3) necessity in ensuring the safety of the public; and

(4) additional criteria for priorities otherwise specified in state law, statute, rule, or regulation applicable to a category listed in the act making an appropriation for the program.

(b) Criteria can be stated only in general terms, since it is a purpose of the program to improve the allocation of limited amounts of available funds by enlisting the knowledge and experience of the Department of Natural Resources in determining relative needs as they develop.

(c) The criteria in paragraph (a) are not listed in a rank order of priority.

(d) Economy is also to be determined and may even reinforce a decision based on other criteria, if the project would forestall a larger future capital expenditure or would reduce operating expense.

(e) Absolute cost must also be considered. It may be too high to warrant funding except by an additional appropriation, or so high as to warrant a recommendation to abandon the project. It may be so low as to permit payment out of the department's operating budget.
Subd. 5. **Report.** By January 15 of each year, the commissioner of natural resources shall submit to the commissioner of finance, the chairs of the legislative committees or divisions that currently oversee the appropriations to the Department of Natural Resources, and to the chairs of the senate and the house of representatives Capital Investment Committees, a list of the projects that have been funded with money under this program during the preceding calendar year, as well as a list of those priority projects for which state bond proceeds fund appropriations will be sought under this program during that year’s legislative session.

Sec. 34. [116J.435] BIOSCIENCE BUSINESS DEVELOPMENT PUBLIC INFRASTRUCTURE GRANT PROGRAM.

Subdivision 1. **Creation of account.** A bioscience business development public infrastructure account is created in the bond proceeds fund. Money in the account may only be used for capital costs of public infrastructure for eligible bioscience business development projects.

Subd. 2. **Definitions.** For purposes of this section:

(1) "local governmental unit" means a county, city, town, special district, or other political subdivision or public corporation;

(2) "governing body" means the council, board of commissioners, board of trustees, or other body charged with governing a local governmental unit;

(3) "public infrastructure" means publicly owned physical infrastructure in this state, including, but not limited to, wastewater collection and treatment systems, drinking water systems, storm sewers, utility extensions, telecommunications infrastructure, streets, roads, bridges, parking ramps, facilities that support basic science and clinical research, and research infrastructure; and

(4) "eligible project" means a bioscience business development capital improvement project in this state, including: manufacturing; technology; warehousing and distribution; research and development; bioscience business incubator; agricultural bioprocessing; or industrial, office, or research park development that would be used by a bioscience-based business.

Subd. 3. **Grant program established.** (a) The commissioner shall make competitive grants to local governmental units to acquire and prepare land on which public infrastructure required to support an eligible project will be located, including demolition of structures and remediation of any hazardous conditions on the land, or to predesign, design, acquire, construct, furnish, and equip public infrastructure required to support an eligible project. The local governmental unit receiving a grant must provide for the remainder of the public infrastructure costs.

(b) The amount of a grant may not exceed the lesser of the cost of the public infrastructure or 50 percent of the sum of the cost of the public infrastructure plus the cost of the completed eligible project.

(c) The purpose of the program is to keep or enhance jobs in the area, increase the tax base, or to expand or create new economic development through the growth of new bioscience businesses and organizations.

Subd. 4. **Application.** (a) The commissioner must develop forms and procedures for soliciting and reviewing applications for grants under this section. At a minimum, a local governmental unit must include the following information in its application:

(1) a resolution of its governing body certifying that the money required to be supplied by the local governmental unit to complete the public infrastructure is available and committed;
(2) a detailed estimate, along with necessary supporting evidence, of the total development costs for the public infrastructure and eligible project;

(3) an assessment of the potential or likely use of the site for bioscience activities after completion of the public infrastructure and eligible project;

(4) a timeline indicating the major milestones of the public infrastructure and eligible project and their anticipated completion dates;

(5) a commitment from the governing body to repay the grant if the milestones are not realized by the completion date identified in clause (4); and

(6) any additional information or material the commissioner prescribes.

(b) The determination of whether to make a grant under subdivision 3 is within the discretion of the commissioner, subject to this section. The commissioner's decisions and application of the priorities are not subject to judicial review, except for abuse of discretion.

Subd. 5. Priorities. (a) If applications for grants exceed the available appropriations, grants must be made for public infrastructure that, in the commissioner's judgment, provides the highest return in public benefits for the public costs incurred. "Public benefits" include job creation, environmental benefits to the state and region, efficient use of public transportation, efficient use of existing infrastructure, provision of affordable housing, multiuse development that constitutes community rebuilding rather than single-use development, crime reduction, blight reduction, community stabilization, and property tax base maintenance or improvement. In making this judgment, the commissioner shall give priority to eligible projects with one or more of the following characteristics:

(1) the potential of the local government unit to attract viable bioscience businesses;

(2) proximity to public transit if located in a metropolitan county, as defined in section 473.121, subdivision 4;

(3) multijurisdictional eligible projects that take into account the need for affordable housing, transportation, and environmental impact;

(4) the eligible project is not relocating substantially the same operation from another location in the state, unless the commissioner determines the eligible project cannot be reasonably accommodated within the local governmental unit in which the business is currently located, or the business would otherwise relocate to another state or country; and

(5) the number of jobs that will be created.

(b) The factors in paragraph (a) are not listed in a rank order of priority; rather, the commissioner may weigh each factor, depending upon the facts and circumstances, as the commissioner considers appropriate.

Subd. 6. Cancellation of grant. If a grant is awarded to a local governmental unit and funds are not encumbered for the grant within four years after the award date, the grant must be canceled.

Subd. 7. Repayment of grant. If an eligible project supported by public infrastructure funded with a grant awarded under this section is not occupied by a bioscience business in accordance with the grant application under subdivision 4 within five years after the date of the last grant payment, the grant recipient must repay the amount of the grant received. The commissioner must deposit all money received under this subdivision into the state treasury and credit it to the debt service account in the state bond fund.

whom the claim is made had a reasonable basis for believing occurred within the scope of Commission employment,
duties, or responsibilities; provided, that nothing herein shall be construed to prohibit that person from retaining his
or her own counsel; and provided further, that the actual or alleged act, error, or omission did not result from that
person’s intentional or willful and wanton misconduct.

c. The Commission shall indemnify and hold harmless any Member, officer, executive director, employee, or
representative of the Commission for the amount of any settlement or judgment obtained against that person arising
out of any actual or alleged act, error, or omission that occurred within the scope of Commission employment,
duties, or responsibilities, or that such person had a reasonable basis for believing occurred within the scope of
Commission employment, duties, or responsibilities, provided, that the actual or alleged act, error, or omission did
not result from the intentional or willful and wanton misconduct of that person.

Article VI. Meetings and Acts of the Commission

1. The Commission shall meet and take such actions as are consistent with the provisions of this Compact and
the Bylaws.

2. Each Member of the Commission shall have the right and power to cast a vote to which that Compacting
State is entitled and to participate in the business and affairs of the Commission. A Member shall vote in person or
by such other means as provided in the Bylaws. The Bylaws may provide for Members' participation in meetings by
telephone or other means of communication.

3. The Commission shall meet at least once during each calendar year. Additional meeting shall be held as set
forth in the Bylaws.
Article VII. Rules and Operating Procedures: Rulemaking Functions of the Commission and Opting Out of Uniform Standards

1. Rulemaking Authority. The Commission shall promulgate reasonable Rules, including Uniform Standards, and Operating Procedures in order to effectively and efficiently achieve the purposes of this Compact. Notwithstanding the foregoing, in the event the Commission exercises its rulemaking authority in a manner that is beyond the scope of the purposes of this Act, or the powers granted hereunder, then such an action by the Commission shall be invalid and have no force and effect.

2. Rulemaking Procedure. Rules and Operating Procedures shall be made pursuant to a rulemaking process that conforms to the Model State Administrative Procedure Act of 1981 as amended, as may be appropriate to the operations of the Commission. Before the Commission adopts a Uniform Standard, the Commission shall give written notice to the relevant state legislative committee(s) in each Compacting State responsible for insurance issues of its intention to adopt the Uniform Standard. The Commission in adopting a Uniform Standard shall consider fully all submitted materials and issue a concise explanation of its decision.

3. Effective Date and Opt Out of a Uniform Standard. A Uniform Standard shall become effective 90 days after its promulgation by the Commission or such later date as the Commission may determine; provided, however, that a Compacting State may opt out of a Uniform Standard as provided in this Article. "Opt out" shall be defined as any action by a Compacting State to decline to adopt or participate in a promulgated Uniform Standard. All other Rules and Operating Procedures, and amendments thereto, shall become effective as of the date specified in each Rule, Operating Procedure, or amendment.

4. Opt Out Procedure. A Compacting State may opt out of a Uniform Standard, either by legislation or regulation duly promulgated by the Insurance Department under the Compact's Administrative Procedure Act. If a Compacting State elects to opt out of a Uniform Standard by regulation, it must (a) give written notice to the Commission no later than ten business days after the Uniform Standard is promulgated, or at the time the State becomes a Compacting State and (b) find that the Uniform Standard does not provide reasonable protections to the citizens of the State, given the conditions in the State. The Commissioner shall make specific findings of fact and conclusions of law, based on a preponderance of the evidence, detailing the conditions in the State which warrant a departure from the Uniform Standard and determining that the Uniform Standard would not reasonably protect the citizens of the State. The Commissioner must consider and balance the following factors and find that the conditions in the State and needs of the citizens of the State outweigh: (i) the intent of the legislature to participate in, and the benefits of, an interstate agreement to establish national uniform consumer protections for the Products subject to this Act; and (ii) the presumption that a Uniform Standard adopted by the Commission provides reasonable protections to consumers of the relevant Product.

Notwithstanding the foregoing, a Compacting State may, at the time of its enactment of this Compact, prospectively opt out of all Uniform Standards involving long-term care insurance products by expressly providing for such opt out in the enacted Compact, and such an opt out shall not be treated as a material variance in the offer or acceptance of any State to participate in this Compact. Such an opt out shall be effective at the time of enactment of this Compact by the Compacting State and shall apply to all existing Uniform Standards involving long-term care insurance products and those subsequently promulgated.

5. Effect of Opt Out. If a Compacting State elects to opt out of a Uniform Standard, the Uniform Standard shall remain applicable in the Compacting State electing to opt out until such time the opt out legislation is enacted into law or the regulation opting out becomes effective.

Once the opt out of a Uniform Standard by a Compacting State becomes effective as provided under the laws of that State, the Uniform Standard shall have no further force and effect in that State unless and until the legislation or regulation implementing the opt out is repealed or otherwise becomes ineffective under the laws of the State. If a Compacting State opts out of a Uniform Standard after the Uniform Standard has been made effective in that State, the opt out shall have the same prospective effect as provided under Article XIV for withdrawals.
6. Stay of Uniform Standard. If a Compacting State has formally initiated the process of opting out of a Uniform Standard by regulation, and while the regulatory opt out is pending, the Compacting State may petition the Commission, at least 15 days before the effective date of the Uniform Standard, to stay the effectiveness of the Uniform Standard in that State. The Commission may grant a stay if it determines the regulatory opt out is being pursued in a reasonable manner and there is a likelihood of success. If a stay is granted or extended by the Commission, the stay or extension thereof may postpone the effective date by up to 90 days, unless affirmatively extended by the Commission; provided, a stay may not be permitted to remain in effect for more than one year unless the Compacting State can show extraordinary circumstances which warrant a continuance of the stay, including, but not limited to, the existence of a legal challenge which prevents the Compacting State from opting out. A stay may be terminated by the Commission upon notice that the rulemaking process has been terminated.

7. Not later than 30 days after a Rule or Operating Procedure is promulgated, any person may file a petition for judicial review of the Rule or Operating Procedure; provided, that the filing of such a petition shall not stay or otherwise prevent the Rule or Operating Procedure from becoming effective unless the court finds that the petitioner has a substantial likelihood of success. The court shall give deference to the actions of the Commission consistent with applicable law and shall not find the Rule or Operating Procedure to be unlawful if the Rule or Operating Procedure represents a reasonable exercise of the Commission's authority.

Article VIII. Commission Records and Enforcement

1. The Commission shall promulgate Rules establishing conditions and procedures for public inspection and copying of its information and official records, except such information and records involving the privacy of individuals and insurers' trade secrets. The Commission may promulgate additional Rules under which it may make available to federal and state agencies, including law enforcement agencies, records and information otherwise exempt from disclosure, and may enter into agreements with such agencies to receive or exchange information or records subject to nondisclosure and confidentiality provisions.

2. Except as to privileged records, data and information, the laws of any Compacting State pertaining to confidentiality or nondisclosure shall not relieve any Compacting State Commissioner of the duty to disclose any relevant records, data or information to the Commission; provided, that disclosure to the Commission shall not be deemed to waive or otherwise affect any confidentiality requirement; and further provided, that, except as otherwise expressly provided in this Act, the Commission shall not be subject to the Compacting State's laws pertaining to confidentiality and nondisclosure with respect to records, data and information in its possession. Confidential information of the Commission shall remain confidential after such information is provided to any Commissioner.

3. The Commission shall monitor Compacting States for compliance with duly adopted Bylaws, Rules, including Uniform Standards, and Operating Procedures. The Commission shall notify any noncomplying Compacting State in writing of its noncompliance with Commission Bylaws, Rules or Operating Procedures. If a noncomplying Compacting State fails to remedy its noncompliance within the time specified in the notice of noncompliance, the Compacting State shall be deemed to be in default as set forth in Article XIV.

4. The Commissioner of any State in which an Insurer is authorized to do business, or is conducting the business of insurance, shall continue to exercise his or her authority to oversee the market regulation of the activities of the Insurer in accordance with the provisions of the State's law. The Commissioner's enforcement of compliance with the Compact is governed by the following provisions:

   a. With respect to the Commissioner's market regulation of a Product or Advertisement that is approved or certified to the Commission, the content of the Product or Advertisement shall not constitute a violation of the provisions, standards or requirements of the Compact except upon a final order of the Commission, issued at the request of a Commissioner after prior notice to the Insurer and an opportunity for hearing before the Commission.
b. Before a Commissioner may bring an action for violation of any provision, standard or requirement of the Compact relating to the content of an Advertisement not approved or certified to the Commission, the Commission, or an authorized Commission officer or employee, must authorize the action. However, authorization pursuant to this paragraph does not require notice to the Insurer, opportunity for hearing or disclosure of requests for authorization or records of the Commission’s action on such requests.

Article IX. Dispute Resolution

The Commission shall attempt, upon the request of a Member, to resolve any disputes or other issues that are subject to this Compact and which may arise between two or more Compacting States, or between Compacting States and Noncompacting States, and the Commission shall promulgate an Operating Procedure providing for resolution of such disputes.

Article X. Product Filing and Approval

1. Insurers and Third Party Filers seeking to have a Product approved by the Commission shall file the Product with, and pay applicable filing fees to, the Commission. Nothing in this Act shall be construed to restrict or otherwise prevent an insurer from filing its Product with the insurance department in any State wherein the insurer is licensed to conduct the business of insurance, and such filing shall be subject to the laws of the States where filed.

2. The Commission shall establish appropriate filing and review processes and procedures pursuant to Commission Rules and Operating Procedures. Notwithstanding any provision herein to the contrary, the Commission shall promulgate Rules to establish conditions and procedures under which the Commission will provide public access to Product filing information. In establishing such Rules, the Commission shall consider the interests of the public in having access to such information, as well as protection of personal medical and financial information and trade secrets, that may be contained in a Product filing or supporting information.

3. Any Product approved by the Commission may be sold or otherwise issued in those Compacting States for which the Insurer is legally authorized to do business.

Article XI. Review of Commission Decisions Regarding Filings

1. Not later than 30 days after the Commission has given notice of a disapproved Product or Advertisement filed with the Commission, the Insurer or Third Party Filer whose filing was disapproved may appeal the determination to a review panel appointed by the Commission. The Commission shall promulgate Rules to establish procedures for appointing such review panels and provide for notice and hearing. An allegation that the Commission, in disapproving a Product or Advertisement filed with the Commission, acted arbitrarily, capriciously, or in a manner that is an abuse of discretion or otherwise not in accordance with the law, is subject to judicial review in accordance with Article III, Section 4.

2. The Commission shall have authority to monitor, review and reconsider Products and Advertisement subsequent to their filing or approval upon a finding that the product does not meet the relevant Uniform Standard. Where appropriate, the Commission may withdraw or modify its approval after proper notice and hearing, subject to the appeal process in Section 1 above.

Article XII. Finance

1. The Commission shall pay or provide for the payment of the reasonable expenses of its establishment and organization. To fund the cost of its initial operations, the Commission may accept contributions and other forms of funding from the National Association of Insurance Commissioners, Compacting States, and other sources. Contributions and other forms of funding from other sources shall be of such a nature that the independence of the Commission concerning the performance of its duties shall not be compromised.
2. The Commission shall collect a filing fee from each Insurer and Third Party Filer filing a product with the Commission to cover the cost of the operations and activities of the Commission and its staff in a total amount sufficient to cover the Commission's annual budget.

3. The Commission's budget for a fiscal year shall not be approved until it has been subject to notice and comment as set forth in Article VII of this Compact.

4. The Commission shall be exempt from all taxation in and by the Compacting states.

5. The Commission shall not pledge the credit of any Compacting State, except by and with the appropriate legal authority of that Compacting State.

6. The Commission shall keep complete and accurate accounts of all its internal receipts, including grants and donations, and disbursements of all funds under its control. The internal financial accounts of the Commission shall be subject to the accounting procedures established under its Bylaws. The financial accounts and reports including the system of internal controls and procedures of the Commission shall be audited annually by an independent certified public accountant. Upon the determination of the Commission, but no less frequently than every three years, the review of the independent auditor shall include a management and performance audit of the Commission. The Commission shall make an Annual Report to the Governor and legislature of the Compacting States, which shall include a report of the independent audit. The Commission's internal accounts shall not be confidential and such materials may be shared with the Commissioner of any Compacting State upon request provided, however, that any work papers related to any internal or independent audit and any information regarding the privacy of individuals and insurers' proprietary information, including trade secrets, shall remain confidential.

7. No Compacting State shall have any claim to or ownership of any property held by or vested in the Commission or to any Commission funds held pursuant to the provisions of this Compact.

Article XIII. Compacting States, Effective Date and Amendment

1. Any State is eligible to become a Compacting State.

2. The Compact shall become effective and binding upon legislative enactment of the Compact into law by two Compacting States; provided, the Commission shall become effective for purposes of adopting Uniform Standards for, reviewing, and giving approval or disapproval of, Products filed with the Commission that satisfy applicable Uniform Standards only after 26 States are Compacting States or, alternatively, by States representing greater than 40 percent of the premium volume for life insurance, annuity, disability income and long-term care insurance products, based on records of the NAIC for the prior year. Thereafter, it shall become effective and binding as to any other Compacting State upon enactment of the Compact into law by that State.

3. Amendments to the Compact may be proposed by the Commission for enactment by the Compacting States. No amendment shall become effective and binding upon the Commission and the Compacting States unless and until all Compacting States enact the amendment into law.

Article XIV. Withdrawal, Default and Termination

1. Withdrawal

   a. Once effective, the Compact shall continue in force and remain binding upon each and every Compacting State; provided, that a Compacting State may withdraw from the Compact (“Withdrawal State”) by enacting a statute specifically repealing the statute which enacted the Compact into law.
b. The effective date of withdrawal is the effective date of the repealing statute. However, the withdrawal shall not apply to any product filings approved or self-certified, or any Advertisement of such products, on the date the repealing statute becomes effective, except by mutual agreement of the Commission and the Withdrawing State unless the approval is rescinded by the Withdrawing State as provided in Paragraph e of this section.

c. The Commissioner of the Withdrawing State shall immediately notify the Management Committee in writing upon the introduction of legislation repealing this Compact in the Withdrawing State.

d. The Commission shall notify the other Compacting States of the introduction of such legislation within ten days after its receipt of notice thereof.

e. The Withdrawing State is responsible for all obligations, duties and liabilities incurred through the effective date of withdrawal, including any obligations, the performance of which extend beyond the effective date of withdrawal, except to the extent those obligations may have been released or relinquished by mutual agreement of the Commission and the Withdrawing State. The Commission's approval of Products and Advertisement prior to the effective date of withdrawal shall continue to be effective and be given full force and effect in the Withdrawing State, unless formally rescinded by the Withdrawing State in the same manner as provided by the laws of the Withdrawing State for the prospective disapproval of products or advertisement previously approved under state law.

f. Reinstatement following withdrawal of any Compacting State shall occur upon the effective date of the Withdrawing State reenacting the Compact.

2. Default

a. If the Commission determines that any Compacting State has at any time defaulted ("Defaulting State") in the performance of any of its obligations or responsibilities under this Compact, the Bylaws or duly promulgated Rules or Operating Procedures, then, after notice and hearing as set forth in the Bylaws, all rights, privileges and benefits conferred by this Compact on the Defaulting State shall be suspended from the effective date of default as fixed by the Commission. The grounds for default include, but are not limited to, failure of a Compacting State to perform its obligations or responsibilities, and any other grounds designated in Commission Rules. The Commission shall immediately notify the Defaulting State in writing of the Defaulting State's suspension pending a cure of the default. The Commission shall stipulate the conditions and the time period within which the Defaulting State must cure its default. If the Defaulting State fails to cure the default within the time period specified by the Commission, the Defaulting State shall be terminated form the Compact and all rights, privileges and benefits conferred by this Compact shall be terminated from the effective date of termination.

b. Product approvals by the Commission or product self-certifications, or any Advertisement in connection with such product, that are in force on the effective date of termination shall remain in force in the Defaulting State in the same manner as if the Defaulting State had withdrawn voluntarily pursuant to Section 1 of this article.

c. Reinstatement following termination of any Compacting State requires a reenactment of the Compact.

3. Dissolution of Compact

a. The Compact dissolves effective upon the date of the withdrawal or default of the Compacting State which reduces membership in the Compact to one Compacting State.

b. Upon the dissolution of this Compact, the Compact becomes null and void and shall be of no further force or effect, and the business and affairs of the Commission shall be wound up and any surplus funds shall be distributed in accordance with the Bylaws.
Article XV. Severability and Construction

1. The provisions of this Compact shall be severable; and if any phrase, clause, sentence, or provision is deemed unenforceable, the remaining provisions of the Compact shall be enforceable.

2. The provisions of this Compact shall be liberally construed to effectuate its purposes.

Article XVI. Binding Effect of Compact and Other Laws

1. Other Laws

   a. Nothing herein prevents the enforcement of any other law of a Compacting State, except as provided in Paragraph b of this section.

   b. For any Product approved or certified to the Commission, the Rules, Uniform Standards, and any other requirements of the Commission shall constitute the exclusive provisions applicable to the content, approval, and certification of such Products. For Advertisement that is subject to the Commission’s authority, any Rule, Uniform Standard, or other requirement of the Commission which governs the content of the Advertisement shall constitute the exclusive provision that a Commissioner may apply to the content of the Advertisement. Notwithstanding the foregoing, no action taken by the Commission shall abrogate or restrict: (i) the access of any person to state courts; (ii) remedies available under state law related to breach of contract, tort, or other laws not specifically directed to the content of the Product; (iii) state law relating to the construction of insurance contracts; or (iv) the authority of the attorney general of the state, including but not limited to maintaining any actions or proceedings, as authorized by law.

   c. All insurance products filed with individual States shall be subject to the laws of those States.

2. Binding Effect of this Compact

   a. All lawful actions of the Commission, including all Rules and Operating Procedures promulgated by the Commission, are binding upon the Compacting States.

   b. All agreements between the Commission and the Compacting States are binding in accordance with their terms.

   c. Upon the request of a party to a conflict over the meaning or interpretation of Commission actions, and upon a majority vote of the Compacting States, the Commission may issue advisory opinions regarding the meaning or interpretation in dispute.

   d. In the event any provision of this Compact exceeds the constitutional limits imposed on the legislature of any Compacting State, the obligations, duties, powers or jurisdiction sought to be conferred by that provision upon the Commission shall be ineffective as to that Compacting State, and those obligations, duties, powers, or jurisdiction shall remain in the Compacting State and shall be exercised by the agency thereof to which those obligations, duties, powers, or jurisdiction are delegated by law in effect at the time this Compact becomes effective.

Subd. 2. Commission representative. The commissioner of commerce is the representative of this state to the commission.
Sec. 4. [60A.991] INTERSTATE INSURANCE PRODUCT REGULATION COMPACT OPT OUT ADMINISTRATION.

Subdivision 1. Access to courts. The commissioner must opt out by regulation of any uniform standard that permits a product to deny a consumer's access to the courts to resolve a dispute related to the product. In addition to opting out, the commissioner must petition the commission for a stay of the effective date of the standard.

Subd. 2. Deference by courts. A decision by the commissioner to opt out by regulation shall be given deference by the courts.

Sec. 5. Minnesota Statutes 2004, section 61A.02, subdivision 3, is amended to read:

Subd. 3. Disapproval. (a) The commissioner shall, within 60 days after the filing of any form, disapprove the form:

(1) if the benefits provided are unreasonable in relation to the premium charged;

(2) if the safety and soundness of the company would be threatened by the offering of an excess rate of interest on the policy or contract;

(3) if it contains a provision or provisions which are unlawful, unfair, inequitable, misleading, or encourages misrepresentation of the policy; or

(4) if the form, or its provisions, is otherwise not in the public interest. It shall be unlawful for the company to issue any policy in the form so disapproved. If the commissioner does not within 60 days after the filing of any form, disapprove or otherwise object, the form shall be deemed approved.

(b) When an insurer or the Minnesota Comprehensive Health Association fails to respond to an objection or inquiry within 60 days, the filing is automatically disapproved. A resubmission is required if action by the Department of Commerce is subsequently requested. An additional filing fee is required for the resubmission.

(c) For purposes of paragraph (a), clause (2), an excess rate of interest is a rate of interest exceeding the rate of interest determined by subtracting three percentage points from Moody's corporate bond yield average as most recently available.

Sec. 6. Minnesota Statutes 2004, section 61A.092, subdivision 3, is amended to read:

Subd. 3. Notice of options. Upon termination of or layoff from employment of a covered employee, the employer shall inform the employee of:

(1) the employee's right to elect to continue the coverage;

(2) the amount the employee must pay monthly to the employer to retain the coverage;

(3) the manner in which and the office of the employer to which the payment to the employer must be made; and

(4) the time by which the payments to the employer must be made to retain coverage.

The employee has 60 days within which to elect coverage. The 60-day period shall begin to run on the date coverage would otherwise terminate or on the date upon which notice of the right to coverage is received, whichever is later.
If the covered employee or covered dependent dies during the 60-day election period and before the covered employee makes an election to continue or reject continuation, then the covered employee will be considered to have elected continuation of coverage. The estate of beneficiary previously selected by the former employee or covered dependent would then be entitled to a death benefit equal to the amount of insurance that could have been continued less any unpaid premium owing as of the date of death.

Notice must be in writing and sent by first class mail to the employee’s last known address which the employee has provided to the employer.

A notice in substantially the following form is sufficient: "As a terminated or laid off employee, the law authorizes you to maintain your group insurance benefits, in an amount equal to the amount of insurance in effect on the date you terminated or were laid off from employment, for a period of up to 18 months. To do so, you must notify your former employer within 60 days of your receipt of this notice that you intend to retain this coverage and must make a monthly payment of $......... at .......... by the .......... of each month."

Sec. 7. Minnesota Statutes 2004, section 62A.02, subdivision 3, is amended to read:

Subd. 3. Standards for disapproval. (a) The commissioner shall, within 60 days after the filing of any form or rate, disapprove the form or rate:

(1) if the benefits provided are not reasonable in relation to the premium charged;

(2) if it contains a provision or provisions which are unjust, unfair, inequitable, misleading, deceptive or encourage misrepresentation of the health plan form, or otherwise does not comply with this chapter, chapter 62L, or chapter 72A;

(3) if the proposed premium rate is excessive or not adequate; or

(4) the actuarial reasons and data submitted do not justify the rate.

The party proposing a rate has the burden of proving by a preponderance of the evidence that it does not violate this subdivision.

In determining the reasonableness of a rate, the commissioner shall also review all administrative contracts, service contracts, and other agreements to determine the reasonableness of the cost of the contracts or agreement and effect of the contracts on the rate. If the commissioner determines that a contract or agreement is not reasonable, the commissioner shall disapprove any rate that reflects any unreasonable cost arising out of the contract or agreement. The commissioner may require any information that the commissioner deems necessary to determine the reasonableness of the cost.

For the purposes of this subdivision, the commissioner shall establish by rule a schedule of minimum anticipated loss ratios which shall be based on (i) the type or types of coverage provided, (ii) whether the policy is for group or individual coverage, and (iii) the size of the group for group policies. Except for individual policies of disability or income protection insurance, the minimum anticipated loss ratio shall not be less than 50 percent after the first year that a policy is in force. All applicants for a policy shall be informed in writing at the time of application of the anticipated loss ratio of the policy. "Anticipated loss ratio" means the ratio at the time of filing, at the time of notice of withdrawal under subdivision 4a, or at the time of subsequent rate revision of the present value of all expected future benefits, excluding dividends, to the present value of all expected future premiums.
If the commissioner notifies a health carrier that has filed any form or rate that it does not comply with this chapter, chapter 62L, or chapter 72A, it shall be unlawful for the health carrier to issue or use the form or rate. In the notice the commissioner shall specify the reasons for disapproval and state that a hearing will be granted within 20 days after request in writing by the health carrier.

The 60-day period within which the commissioner is to approve or disapprove the form or rate does not begin to run until a complete filing of all data and materials required by statute or requested by the commissioner has been submitted.

However, if the supporting data is not filed within 30 days after a request by the commissioner, the rate is not effective and is presumed to be an excessive rate.

(b) When an insurer or the Minnesota Comprehensive Health Association fails to respond to an objection or inquiry within 60 days, the filing is automatically disapproved. A resubmission is required if action by the Department of Commerce is subsequently requested. An additional filing fee is required for the resubmission.

Sec. 8. Minnesota Statutes 2004, section 62A.02, is amended by adding a subdivision to read:

Subd. 3a. Individual policy rates file and use; minimum lifetime loss ratio guarantee. (a) Notwithstanding subdivisions 2, 3, 4a, 5a, and 6, individual premium rates may be used upon filing with the department of an individual policy form if the filing is accompanied by the individual policy form filing and a minimum lifetime loss ratio guarantee. Insurers may use the filing procedure specified in this subdivision only if the affected individual policy forms disclose the benefit of a minimum lifetime loss ratio guarantee. Insurers may amend individual policy forms to provide for a minimum lifetime loss ratio guarantee. If an insurer elects to use the filing procedure in this subdivision for an individual policy rate, the insurer shall not use a filing of premium rates that does not provide a minimum lifetime loss ratio guarantee for that individual policy rate.

(b) The minimum lifetime loss ratio guarantee must be in writing and must contain at least the following:

(1) an actuarial memorandum specifying the expected loss ratio that complies with the standards as set forth in this subdivision;

(2) a statement certifying that all rates, fees, dues, and other charges are not excessive, inadequate, or unfairly discriminatory;

(3) detailed experience information concerning the policy forms;

(4) a step-by-step description of the process used to develop the minimum lifetime loss ratio, including demonstration with supporting data;

(5) guarantee of specific minimum lifetime loss ratio that must be greater than or equal to 65 percent for policies issued to individuals or for certificates issued to members of an association that does not offer coverage to small employers, taking into consideration adjustments for duration;

(6) a guarantee that the actual Minnesota loss ratio for the calendar year in which the new rates take effect, and for each year thereafter until new rates are filed, will meet or exceed the minimum lifetime loss ratio standards referred to in clause (5), adjusted for duration;

(7) a guarantee that the actual Minnesota lifetime loss ratio shall meet or exceed the minimum lifetime loss ratio standards referred to in clause (5); and
(8) if the annual earned premium volume in Minnesota under the particular policy form is less than $2,500,000, the minimum lifetime loss ratio guarantee must be based partially on the Minnesota earned premium and other credible factors as specified by the commissioner.

(c) The actual Minnesota minimum loss ratio results for each year at issue must be independently audited at the insurer’s expense, and the audit report must be filed with the commissioner not later than 120 days after the end of the year at issue.

(d) The insurer shall refund premiums in the amount necessary to bring the actual loss ratio up to the guaranteed minimum lifetime loss ratio. For the purpose of this paragraph, loss ratio and guaranteed minimum lifetime loss ratio are the expected aggregate loss ratio of all approved individual policy forms that provide for a minimum lifetime loss ratio guarantee.

(e) A Minnesota policyholder affected by the guaranteed minimum lifetime loss ratio shall receive a portion of the premium refund relative to the premium paid by the policyholder. The refund must be made to all Minnesota policyholders insured under the applicable policy form during the year at issue if the refund would equal $10 or more per policy. The refund must include statutory interest from July 1 of the year at issue until the date of payment. Payment must be made not later than 180 days after the end of the year at issue.

(f) Premium refunds of less than $10 per insured must be credited to the policyholder’s account.

(g) Subdivisions 2 and 3 do not apply if premium rates are filed with the department and accompanied by a minimum lifetime loss ratio guarantee that meets the requirements of this subdivision. Such filings are deemed approved. When determining a loss ratio for the purposes of a minimum lifetime loss ratio guarantee, the insurer shall divide the total of the claims incurred, plus preferred provider organization expenses, case management, and utilization review expenses, plus reinsurance premiums less reinsurance recoveries by the premiums earned less state and local taxes less other assessments. The insurer shall identify any assessment allocated.

(h) The policy form filing of an insurer using the filing procedure with a minimum lifetime loss ratio guarantee must disclose to the enrollee, member, or subscriber an explanation of the minimum lifetime loss ratio guarantee, and the actual loss ratio, and any adjustments for duration.

(i) The insurer who elects to use the filing procedure with a minimum lifetime loss ratio guarantee shall notify all policyholders of the refund calculation, the result of the refund calculation, the percentage of premium on an aggregate basis to be refunded, if any, any amount of the refund attributed to the payment of interests, and an explanation of amounts less than $10.

Sec. 9. Minnesota Statutes 2004, section 62A.021, subdivision 1, is amended to read:

Subdivision 1. Loss ratio standards. (a) Notwithstanding section 62A.02, subdivision 3, relating to loss ratios, and except as otherwise authorized by section 62A.02, subdivision 3a, for individual policies or certificates, health care policies or certificates shall not be delivered or issued for delivery to an individual or to a small employer as defined in section 62L.02, unless the policies or certificates can be expected, as estimated for the entire period for which rates are computed to provide coverage, to return to Minnesota policyholders and certificate holders in the form of aggregate benefits not including anticipated refunds or credits, provided under the policies or certificates, (1) at least 75 percent of the aggregate amount of premiums earned in the case of policies issued in the small employer market, as defined in section 62L.02, subdivision 27, calculated on an aggregate basis; and (2) at least 65 percent of the aggregate amount of premiums earned in the case of each policy form or certificate form issued in the individual market; calculated on the basis of incurred claims experience or incurred health care expenses where coverage is provided by a health maintenance organization on a service rather than reimbursement basis and earned premiums for the period and according to accepted actuarial principles and practices. Assessments by the
reinsurance association created in chapter 62L and all types of taxes, surcharges, or assessments created by Laws 1992, chapter 549, or created on or after April 23, 1992, are included in the calculation of incurred claims experience or incurred health care expenses. The applicable percentage for policies and certificates issued in the small employer market, as defined in section 62L.02, increases by one percentage point on July 1 of each year, beginning on July 1, 1994, until an 82 percent loss ratio is reached on July 1, 2000. The applicable percentage for policy forms and certificate forms issued in the individual market increases by one percentage point on July 1 of each year, beginning on July 1, 1994, until a 72 percent loss ratio is reached on July 1, 2000. A health carrier that enters a market after July 1, 1993, does not start at the beginning of the phase-in schedule and must instead comply with the loss ratio requirements applicable to other health carriers in that market for each time period. Premiums earned and claims incurred in markets other than the small employer and individual markets are not relevant for purposes of this section.

(b) All filings of rates and rating schedules shall demonstrate that actual expected claims in relation to premiums comply with the requirements of this section when combined with actual experience to date. Filings of rate revisions shall also demonstrate that the anticipated loss ratio over the entire future period for which the revised rates are computed to provide coverage can be expected to meet the appropriate loss ratio standards, and aggregate loss ratio from inception of the policy form or certificate form shall equal or exceed the appropriate loss ratio standards.

(c) A health carrier that issues health care policies and certificates to individuals or to small employers, as defined in section 62L.02, in this state shall file annually its rates, rating schedule, and supporting documentation including ratios of incurred losses to earned premiums by policy form or certificate form duration for approval by the commissioner according to the filing requirements and procedures prescribed by the commissioner. The supporting documentation shall also demonstrate in accordance with actuarial standards of practice using reasonable assumptions that the appropriate loss ratio standards can be expected to be met over the entire period for which rates are computed. The demonstration shall exclude active life reserves. If the data submitted does not confirm that the health carrier has satisfied the loss ratio requirements of this section, the commissioner shall notify the health carrier in writing of the deficiency. The health carrier shall have 30 days from the date of the commissioner's notice to file amended rates that comply with this section. If the health carrier fails to file amended rates within the prescribed time, the commissioner shall order that the health carrier's filed rates for the nonconforming policy form or certificate form be reduced to an amount that would have resulted in a loss ratio that complied with this section had it been in effect for the reporting period of the supplement. The health carrier's failure to file amended rates within the specified time or the issuance of the commissioner's order amending the rates does not preclude the health carrier from filing an amendment of its rates at a later time. The commissioner shall annually make the submitted data available to the public at a cost not to exceed the cost of copying. The data must be compiled in a form useful for consumers who wish to compare premium charges and loss ratios.

(d) Each sale of a policy or certificate that does not comply with the loss ratio requirements of this section is an unfair or deceptive act or practice in the business of insurance and is subject to the penalties in sections 72A.17 to 72A.32.

(e)(1) For purposes of this section, health care policies issued as a result of solicitations of individuals through the mail or mass media advertising, including both print and broadcast advertising, shall be treated as individual policies.

(2) For purposes of this section, (i) "health care policy" or "health care certificate" is a health plan as defined in section 62A.011; and (ii) "health carrier" has the meaning given in section 62A.011 and includes all health carriers delivering or issuing for delivery health care policies or certificates in this state or offering these policies or certificates to residents of this state.
(f) The loss ratio phase-in as described in paragraph (a) does not apply to individual policies and small employer policies issued by a health plan company that is assessed less than three percent of the total annual amount assessed by the Minnesota Comprehensive Health Association. These policies must meet a 68 percent loss ratio for individual policies, a 71 percent loss ratio for small employer policies with fewer than ten employees, and a 75 percent loss ratio for all other small employer policies.

(g) Notwithstanding paragraphs (a) and (f), the loss ratio shall be 60 percent for a health plan as defined in section 62A.011, offered by an insurance company licensed under chapter 60A that is assessed less than ten percent of the total annual amount assessed by the Minnesota Comprehensive Health Association. For purposes of the percentage calculation of the association's assessments, an insurance company's assessments include those of its affiliates.

(h) The commissioners of commerce and health shall each annually issue a public report listing, by health plan company, the actual loss ratios experienced in the individual and small employer markets in this state by the health plan companies that the commissioners respectively regulate. The commissioners shall coordinate release of these reports so as to release them as a joint report or as separate reports issued the same day. The report or reports shall be released no later than June 1 for loss ratios experienced for the preceding calendar year. Health plan companies shall provide to the commissioners any information requested by the commissioners for purposes of this paragraph.

Sec. 10. Minnesota Statutes 2004, section 62A.095, subdivision 1, is amended to read:

Subdivision 1. **Applicability.** (a) No health plan shall be offered, sold, or issued to a resident of this state, or to cover a resident of this state, unless the health plan complies with subdivision 2.

(b) Health plans providing benefits under health care programs administered by the commissioner of human services are not subject to the limits described in subdivision 2 but are subject to the right of subrogation provisions under section 256B.37 and the lien provisions under section 256.015; 256B.042; 256D.03, subdivision 8; or 256L.03, subdivision 6.

For purposes of this section, "health plan" includes coverage that is excluded under section 62A.011, subdivision 3, clauses (4), (7), and (10).

Sec. 11. Minnesota Statutes 2004, section 62A.27, is amended to read:

**62A.27 COVERAGE OF ADOPTED CHILDREN.**

(a) A health plan that provides coverage to a Minnesota resident must cover adopted children of the insured, subscriber, participant, or enrollee on the same basis as other dependents. Consequently, the plan shall not contain any provision concerning preexisting condition limitations, insurability, eligibility, or health underwriting approval concerning children placed for adoption with the participant.

(b) The coverage required by this section is effective from the date of placement for adoption. For purposes of this section, placement for adoption means the assumption and retention by a person of a legal obligation for total or partial support of a child in anticipation of adoption of the child. The child's placement with a person terminates upon the termination of the legal obligation for total or partial support.

(c) For the purpose of this section, health plan includes:

(1) coverage offered by community integrated service networks;

(2) coverage that is designed solely to provide dental or vision care; and
(3) any plan under the federal Employee Retirement Income Security Act of 1974 (ERISA), United States Code, title 29, sections 1001 to 1461.

(d) No policy or contract covered by this section may require notification to a health carrier as a condition for this dependent coverage. However, if the policy or contract mandates an additional premium for each dependent, the health carrier is entitled to all premiums that would have been collected had the health carrier been aware of the additional dependent. The health carrier may withhold payment of any health benefits for the new dependent until it has been compensated with the applicable premium which would have been owed if the health carrier had been informed of the additional dependent immediately.

Sec. 12. Minnesota Statutes 2004, section 62A.3093, is amended to read:

62A.3093 COVERAGE FOR DIABETES.

Subdivision 1. Required coverage. A health plan, including a plan providing the coverage specified in section 62A.011, subdivision 3, clause (10), must provide coverage for: (1) all physician prescribed medically appropriate and necessary equipment and supplies used in the management and treatment of diabetes; and (2) diabetes outpatient self-management training and education, including medical nutrition therapy, that is provided by a certified, registered, or licensed health care professional working in a program consistent with the national standards of diabetes self-management education as established by the American Diabetes Association. Coverage must include persons with gestational, type I or type II diabetes. Coverage required under this section is subject to the same deductible or coinsurance provisions applicable to the plan's hospital, medical expense, medical equipment, or prescription drug benefits. A health carrier may not reduce or eliminate coverage due to this requirement.

Subd. 2. Medicare Part D exception. A health plan providing the coverage specified in section 62A.011, subdivision 3, clause (10), is not subject to the requirements of subdivision 1, clause (1), with respect to equipment and supplies covered under the Medicare Part D Prescription Drug program, whether or not the covered person is enrolled in a Medicare Part D plan.

This subdivision does not apply to a health plan providing the coverage specified in section 62A.011, subdivision 3, clause (10), that was in effect on December 31, 2005, if the covered person remains enrolled in the plan and does not enroll in a Medicare Part D plan.

EFFECTIVE DATE. This section is effective retroactive to January 1, 2006.

This benefit shall not include payment for a procedure covered by Medicare;

(6) coverage for services to provide short-term at-home assistance with activities of daily living for those recovering from an illness, injury, or surgery:

Sec. 16. Minnesota Statutes 2004, section 62A.65, subdivision 3, is amended to read:

Subd. 3. Premium rate restrictions. No individual health plan may be offered, sold, issued, or renewed to a Minnesota resident unless the premium rate charged is determined in accordance with the following requirements:

(a) Premium rates must be no more than 25 percent above and no more than 25 percent below the index rate charged to individuals for the same or similar coverage, adjusted pro rata for rating periods of less than one year. The premium variations permitted by this paragraph must be based only upon health status, claims experience, and occupation. For purposes of this paragraph, health status includes refraining from tobacco use or other actuarially valid lifestyle factors associated with good health, provided that the lifestyle factor and its effect upon premium rates have been determined by the commissioner to be actuarially valid and have been approved by the commissioner. Variations permitted under this paragraph must not be based upon age or applied differently at different ages. This paragraph does not prohibit use of a constant percentage adjustment for factors permitted to be used under this paragraph.

(b) Premium rates may vary based upon the ages of covered persons only as provided in this paragraph. In addition to the variation permitted under paragraph (a), each health carrier may use an additional premium variation based upon age of up to plus or minus 50 percent of the index rate.

(c) A health carrier may request approval by the commissioner to establish no more than three separate geographic regions determined by the health carrier and to establish separate index rates for each such region, provided that the index rates do not vary between any two regions by more than 20 percent. Health carriers that do not do business in the Minneapolis/St. Paul metropolitan area may request approval for no more than two geographic regions, and clauses (2) and (3) do not apply to approval of requests made by those health carriers. The commissioner may grant approval if the following conditions are met: (1) the geographic regions must be uniformly applied by the health carrier;
(2) one geographic region must be based on the Minneapolis/St. Paul metropolitan area;

(3) for each geographic region that is rural, the index rate for that region must not exceed the index rate for the Minneapolis/St. Paul metropolitan area; and

(2) each geographic region must be composed of no fewer than seven counties that create a contiguous region; and

(4) the health carrier provides actuarial justification acceptable to the commissioner for the proposed geographic variations in index rates, establishing that the variations are based upon differences in the cost to the health carrier of providing coverage.

(d) Health carriers may use rate cells and must file with the commissioner the rate cells they use. Rate cells must be based upon the number of adults or children covered under the policy and may reflect the availability of Medicare coverage. The rates for different rate cells must not in any way reflect generalized differences in expected costs between principal insureds and their spouses.

(e) In developing its index rates and premiums for a health plan, a health carrier shall take into account only the following factors:

(1) actuarially valid differences in rating factors permitted under paragraphs (a) and (b); and

(2) actuarially valid geographic variations if approved by the commissioner as provided in paragraph (c).

(f) All premium variations must be justified in initial rate filings and upon request of the commissioner in rate revision filings. All rate variations are subject to approval by the commissioner.

(g) The loss ratio must comply with the section 62A.021 requirements for individual health plans.

(h) The rates must not be approved, unless the commissioner has determined that the rates are reasonable. In determining reasonableness, the commissioner shall consider the growth rates applied under section 62J.04, subdivision 1, paragraph (b), to the calendar year or years that the proposed premium rate would be in effect, actuarially valid changes in risks associated with the enrollee populations, and actuarially valid changes as a result of statutory changes in Laws 1992, chapter 549.

(i) An insurer may, as part of a minimum lifetime loss ratio guarantee filing under section 62A.02, subdivision 3a, include a rating practices guarantee as provided in this paragraph. The rating practices guarantee must be in writing and must guarantee that the policy form will be offered, sold, issued, and renewed only with premium rates and premium rating practices that comply with subdivisions 2, 3, 4, and 5. The rating practices guarantee must be accompanied by an actuarial memorandum that demonstrates that the premium rates and premium rating system used in connection with the policy form will satisfy the guarantee. The guarantee must guarantee refunds of any excess premiums to policyholders charged premiums that exceed those permitted under subdivision 2, 3, 4, or 5. An insurer that complies with this paragraph in connection with a policy form is exempt from the requirement of prior approval by the commissioner under paragraphs (c), (f), and (h).

**EFFECTIVE DATE.** The amendments to paragraph (c) of this section are effective January 1, 2007, and apply to policies issued or renewed on or after that date.
Sec. 17. Minnesota Statutes 2004, section 62C.14, subdivision 9, is amended to read:

Subd. 9. **Required filing.** No service plan corporation shall deliver or issue for delivery in this state any subscriber contract, endorsement, rider, amendment or application until a copy of the form thereof has been filed with the commissioner, subject to disapproval by the commissioner. Any such form issued or in use on August 1, 1971, if filed with the commissioner within 60 days after August 1, 1971, shall be deemed filed upon receipt by the commissioner. When an insurer, service plan corporation, or the Minnesota Comprehensive Health Association fails to respond to an objection or inquiry within 60 days, the filing is automatically disapproved. A resubmission is required if action by the Department of Commerce is subsequently requested. An additional filing fee is required for the resubmission. The commissioner also may by regulation exempt from filing those subscriber contracts issued to a group of not less than 300 subscribers, or to other groups upon such reasonable conditions and restrictions as the commissioner may require.

Sec. 18. Minnesota Statutes 2004, section 62C.14, subdivision 10, is amended to read:

Subd. 10. **Filing or disapproval.** Except as otherwise provided in subdivision 9, all forms received by the commissioner shall be deemed filed 60 days after received unless disapproved by order transmitted to the corporation stating that the form used in a specified respect is contrary to law, contains a provision or provisions which are unfair, inequitable, misleading, inconsistent or ambiguous, or is in part illegible. It shall be unlawful to issue or use a document disapproved by the commissioner. When an insurer, service plan corporation, or the Minnesota Comprehensive Health Association fails to respond to an objection or inquiry within 60 days, the filing is automatically disapproved. A resubmission is required if action by the Department of Commerce is subsequently requested. An additional filing fee is required for the resubmission.

Sec. 19. Minnesota Statutes 2004, section 62E.13, subdivision 3, is amended to read:

Subd. 3. **Duties of writing carrier.** The writing carrier shall perform all administrative and claims payment functions required by this section. The writing carrier shall provide these services for a period of three five years, unless a request to terminate is approved by the commissioner. The commissioner shall approve or deny a request to terminate within 90 days of its receipt. A failure to make a final decision on a request to terminate within the specified period shall be deemed to be an approval. Six months prior to the expiration of each three-year five-year period, the association shall invite submissions of policy forms from members of the association, including the writing carrier. The association shall follow the provisions of subdivision 2 in selecting a writing carrier for the subsequent three-year five-year period.

Sec. 20. Minnesota Statutes 2004, section 62E.14, subdivision 5, is amended to read:

Subd. 5. **Terminated employees.** An employee who is voluntarily or involuntarily terminated or laid off from employment and unable to exercise the option to continue coverage under section 62A.17, and who is a Minnesota resident and who is otherwise eligible, may enroll in the comprehensive health insurance plan, by submitting an application that is received by the writing carrier no later than 90 days after termination or layoff, with a waiver of the preexisting condition limitation set forth in subdivision 3 and a waiver of the evidence of rejection set forth in subdivision 1, paragraph (c).

**EFFECTIVE DATE.** This section is effective the day following final enactment.
Sec. 21. Minnesota Statutes 2005 Supplement, section 62J.052, is amended to read:

62J.052 PROVIDER COST DISCLOSURE.

(1) the average allowable payment from private third-party payers for the services or procedures most commonly performed;

(2) the average payment rates for those services and procedures for medical assistance;

(3) the average charge for those services and procedures for individuals who have no applicable private or public coverage; and

(4) the average charge for those services and procedures, including all patients.

(b) This information shall be updated annually and be readily available at no cost to the public on site.

Subd. 2. Pharmacies. (a) Each pharmacy, as defined in section 151.01, subdivision 2, shall provide the following information to a patient upon request:

(1) the pharmacy's own usual and customary price for a prescription drug;

(2) a record, including all transactions on record with the pharmacy both past and present, of all co-payments and other cost-sharing paid to the pharmacy by the patient for up to two years; and

(3) the total amount of all co-payments and other cost-sharing paid to the pharmacy by the patient over the previous two years.

(b) The information required under paragraph (a) must be readily available at no cost to the patient.

EFFECTIVE DATE. This section is effective October 1, 2006.

Sec. 22. Minnesota Statutes 2004, section 62J.60, subdivision 2, is amended to read:

Subd. 2. General characteristics. (a) The Minnesota uniform health care identification card must be a preprinted card constructed of plastic, paper, or any other medium that conforms with ANSI and ISO 7810 physical characteristics standards. The card dimensions must also conform to ANSI and ISO 7810 physical characteristics standard. The use of a signature panel is optional. The uniform prescription drug information contained on the card must conform with the format adopted by the NCPDP and, except as provided in subdivision 3, paragraph (a), clause (2), must include all of the fields required to submit a claim in conformance with the most recent pharmacy identification card implementation guide produced by the NCPDP. All information required to submit a prescription drug claim, exclusive of information provided on a prescription that is required by law, must be included on the card in a clear, readable, and understandable manner. If a health benefit plan requires a conditional or situational field, as defined by the NCPDP, the conditional or situational field must conform to the most recent pharmacy information card implementation guide produced by the NCPDP.
(b) The Minnesota uniform health care identification card must have an essential information window on the front side with the following data elements left justified in the following top to bottom sequence: card issuer name, electronic transaction routing information, card issuer identification number, cardholder (insured) identification number, and cardholder (insured) identification name. No optional data may be interspersed between these data elements. The window must be left justified.

(c) Standardized labels are required next to human readable data elements and must come before the human readable data elements.

Sec. 23. Minnesota Statutes 2004, section 62J.60, subdivision 3, is amended to read:

Subd. 3. Human readable data elements. (a) The following are the minimum human readable data elements that must be present on the front side of the Minnesota uniform health care identification card:

(1) card issuer name or logo, which is the name or logo that identifies the card issuer. The card issuer name or logo may be located at the top of the card. No standard label is required for this data element;

(2) complete electronic transaction routing information including, at a minimum, the international identification number. The standardized label of this data element is "RxBIN." Processor control numbers and group numbers are required if needed to electronically process a prescription drug claim. The standardized label for the process control numbers data element is "RxPCN" and the standardized label for the group numbers data element is "RxGrp," except that if the group number data element is a universal element to be used by all health care providers, the standardized label may be "Grp." To conserve vertical space on the card, the international identification number and the processor control number may be printed on the same line;

(3) card issuer identification number. The standardized label for this element is "Issuer";

(4) cardholder (insured) identification number, which is the unique identification number of the individual card holder established and defined under this section. The standardized label for the data element is "ID";

(5) cardholder (insured) identification name, which is the name of the individual card holder. The identification name must be formatted as follows: first name, space, optional middle initial, space, last name, optional space and name suffix. The standardized label for this data element is "Name";

(6) care type, which is the description of the group purchaser's plan product under which the beneficiary is covered. The description shall include the health plan company name and the plan or product name. The standardized label for this data element is "Care Type";

(7) service type, which is the description of coverage provided such as hospital, dental, vision, prescription, or mental health. The standard label for this data element is "Svc Type"; and

(8) provider/clinic name, which is the name of the primary care clinic the card holder is assigned to by the health plan company. The standard label for this field is "PCP." This information is mandatory only if the health plan company assigns a specific primary care provider to the card holder.

(b) The following human readable data elements shall be present on the back side of the Minnesota uniform health care identification card. These elements must be left justified, and no optional data elements may be interspersed between them:

(1) claims submission names and addresses, which are the names and addresses of the entity or entities to which claims should be submitted. If different destinations are required for different types of claims, this must be labeled;
(2) telephone numbers and names that pharmacies and other health care providers may call for assistance. These telephone numbers and names are required on the back side of the card only if one of the contacts listed in clause (3) cannot provide pharmacies or other providers with assistance or with the telephone numbers and names of contacts for assistance; and

(3) telephone numbers and names; which are the telephone numbers and names of the following contacts with a standardized label describing the service function as applicable:

(i) eligibility and benefit information;

(ii) utilization review;

(iii) precertification; or

(iv) customer services.

(c) The following human readable data elements are mandatory on the back side of the Minnesota uniform health care identification card for health maintenance organizations:

(2) one of the following:

(ii) for persons enrolled under section 256B.69, 256D.03, or 256L.12, the telephone number to call to file a complaint with the ombudsperson designated by the commissioner of human services under section 256B.69 and the address to appeal to the commissioner of human services. Sec. 24. Minnesota Statutes 2004, section 62J.81, subdivision 1, is amended to read:

Subdivision 1. **Required disclosure of estimated payment.** (a) A health care provider, as defined in section 62J.03, subdivision 8, or the provider's designee as agreed to by that designee, shall, at the request of a consumer, provide that consumer with a good faith estimate of the reimbursement the provider expects to receive from the health plan company in which the consumer is enrolled. Health plan companies must allow contracted providers, or their designee, to release this information. A good faith estimate must also be made available at the request of a consumer who is not enrolled in a health plan company. Payment information provided by a provider, or by the provider's designee as agreed to by that designee, to a patient pursuant to this subdivision does not constitute a legally binding estimate of the cost of services.

(b) A health plan company, as defined in section 62J.03, subdivision 10, shall, at the request of an enrollee or the enrollee's designee, provide that enrollee with a good faith estimate of the reimbursement the health plan company would expect to pay to a specified provider within the network for a health care service specified by the enrollee. If requested by the enrollee, the health plan company shall also provide to the enrollee a good faith estimate of the enrollee's out-of-pocket cost for the health care service. An estimate provided to an enrollee under this paragraph is not a legally binding estimate of the reimbursement or out-of-pocket cost.

**EFFECTIVE DATE.** Paragraph (a) is effective the day following final enactment. Paragraph (b) is effective January 1, 2007.
Sec. 25. [62J.823] HOSPITAL PRICING TRANSPARENCY.

Subdivision 1. Short title. This section may be cited as the Hospital Pricing Transparency Act.

Subd. 2. Definition. For the purposes of this section, "estimate" means the actual price expected to be billed to the individual or to the individual's health plan company based on the specific diagnostic-related group code or specific procedure code or codes, reflecting any known discounts the individual would receive.

Subd. 3. Applicability and scope. Any hospital, as defined in section 144.696, subdivision 3, and outpatient surgical center, as defined in section 144.696, subdivision 4, shall provide a written estimate of the cost of a specific service or stay upon the request of a patient, doctor, or the patient's representative. The request must include:

(1) the health coverage status of the patient, including the specific health plan or other health coverage under which the patient is enrolled, if any; and

(2) at least one of the following:

(i) the specific diagnostic-related group code;

(ii) the name of the procedure or procedures to be performed;

(iii) the type of treatment to be received; or

(iv) any other information that will allow the hospital or outpatient surgical center to determine the specific diagnostic-related group or procedure code or codes.

Subd. 4. Estimate. (a) An estimate provided by the hospital or outpatient surgical center must contain:

(1) the method used to calculate the estimate;

(2) the specific diagnostic-related group or procedure code or codes used to calculate the estimate, and a description of the diagnostic-related group or procedure code or codes that is reasonably understandable to a patient; and

(3) a statement indicating that the estimate, while accurate, may not reflect the actual billed charges and that the final bill may be higher or lower depending on the patient's specific circumstances.

(b) The estimate may be provided in any method that meets the needs of the patient and the hospital or outpatient surgical center, including electronically; however, a paper copy must be provided if specifically requested.

EFFECTIVE DATE. This section is effective October 1, 2006.

Sec. 26. [62J.83] REDUCED PAYMENT AMOUNTS PERMITTED.

(a) Notwithstanding any provision of chapter 148 or any other provision of law to the contrary, a health care provider may provide care to a patient at a discounted payment amount, including care provided for free.

(b) This section does not apply in a situation in which the discounted payment amount is not permitted under federal law.

EFFECTIVE DATE. This section is effective the day following final enactment.
Sec. 27. Minnesota Statutes 2004, section 62L.02, subdivision 24, is amended to read:

Subd. 24. Qualifying coverage. "Qualifying coverage" means health benefits or health coverage provided under:

(1) a health benefit plan, as defined in this section, but without regard to whether it is issued to a small employer and including blanket accident and sickness insurance, other than accident-only coverage, as defined in section 62A.11;

(2) part A or part B of Medicare;

(3) medical assistance under chapter 256B;

(4) general assistance medical care under chapter 256D;

(5) MCHA;

(6) a self-insured health plan;

(7) the MinnesotaCare program established under section 256L.02;

(8) a plan provided under section 43A.316, 43A.317, or 471.617;

(9) the Civilian Health and Medical Program of the Uniformed Services (CHAMPUS) or other coverage provided under United States Code, title 10, chapter 55;

(10) coverage provided by a health care network cooperative under chapter 62R;

(11) a medical care program of the Indian Health Service or of a tribal organization;

(12) the federal Employees Health Benefits Plan, or other coverage provided under United States Code, title 5, chapter 89;

(13) a health benefit plan under section 5(e) of the Peace Corps Act, codified as United States Code, title 22, section 2504(e);

(14) a health plan;

(15) a plan similar to any of the above plans provided in this state or in another state as determined by the commissioner;

(16) any plan established or maintained by a state, the United States government, or a foreign country, or any political subdivision of a state, the United States government, or a foreign country that provides health coverage to individuals who are enrolled in the plan; or

(17) the State Children's Health Insurance Program (SCHIP).

Sec. 28. Minnesota Statutes 2004, section 62L.03, subdivision 3, is amended to read:

Subd. 3. Minimum participation and contribution. (a) A small employer that has at least 75 percent of its eligible employees who have not waived coverage participating in a health benefit plan and that contributes at least 50 percent toward the cost of coverage of each eligible employee must be guaranteed coverage on a guaranteed issue basis from any health carrier participating in the small employer market. The participation level of eligible
employees must be determined at the initial offering of coverage and at the renewal date of coverage. A health carrier must not increase the participation requirements applicable to a small employer at any time after the small employer has been accepted for coverage. For the purposes of this subdivision, waiver of coverage includes only waivers due to: (1) coverage under another group health plan; (2) coverage under Medicare Parts A and B; (3) coverage under MCHA permitted under section 62E.141; or (4) coverage under medical assistance under chapter 256B or general assistance medical care under chapter 256D.

(b) If a small employer does not satisfy the contribution or participation requirements under this subdivision, a health carrier may voluntarily issue or renew individual health plans, or a health benefit plan which must fully comply with this chapter. A health carrier that provides a health benefit plan to a small employer that does not meet the contribution or participation requirements of this subdivision must maintain this information in its files for audit by the commissioner. A health carrier may not offer an individual health plan, purchased through an arrangement between the employer and the health carrier, to any employee unless the health carrier also offers the individual health plan, on a guaranteed issue basis, to all other employees of the same employer. An arrangement permitted under section 62L.12, subdivision 2, paragraph (k), is not an arrangement between the employer and the health carrier for purposes of this paragraph.

(c) Nothing in this section obligates a health carrier to issue coverage to a small employer that currently offers coverage through a health benefit plan from another health carrier, unless the new coverage will replace the existing coverage and not serve as one of two or more health benefit plans offered by the employer. This paragraph does not apply if the small employer will meet the required participation level with respect to the new coverage.

**EFFECTIVE DATE.** This section is effective the day following final enactment.

Sec. 29. Minnesota Statutes 2004, section 62L.08, subdivision 4, is amended to read:

Subd. 4. Geographic premium variations. A health carrier may request approval by the commissioner to establish no more than three separate geographic regions determined by the health carrier and to establish separate index rates for each such region, provided that the index rates do not vary between any two regions by more than 20 percent. Health carriers that do not do business in the Minneapolis/St. Paul metropolitan area may request approval for no more than two geographic regions, and clauses (2) and (3) do not apply to approval of requests made by those health carriers. A health carrier may also request approval to establish one or more additional geographic regions and one or more separate index rates for premiums for employees working and residing outside of Minnesota. The commissioner may grant approval if the following conditions are met:

(1) the geographic regions must be applied uniformly by the health carrier;

(2) one geographic region must be based on the Minneapolis/St. Paul metropolitan area;

(3) if one geographic region is rural, the index rate for the rural region must not exceed the index rate for the Minneapolis/St. Paul metropolitan area;

(2) each geographic region must be composed of no fewer than seven counties that create a contiguous region; and

(4) the health carrier provides actuarial justification acceptable to the commissioner for the proposed geographic variations in index rates, establishing that the variations are based upon differences in the cost to the health carrier of providing coverage.

**EFFECTIVE DATE.** This section is effective January 1, 2007, and applies to policies issued or renewed on or after that date.
Sec. 30. Minnesota Statutes 2005 Supplement, section 62L.12, subdivision 2, is amended to read:

Subd. 2. Exceptions. (a) A health carrier may sell, issue, or renew individual conversion policies to eligible employees otherwise eligible for conversion coverage under section 62D.104 as a result of leaving a health maintenance organization's service area.

(b) A health carrier may sell, issue, or renew individual conversion policies to eligible employees otherwise eligible for conversion coverage as a result of the expiration of any continuation of group coverage required under sections 62A.146, 62A.17, 62A.21, 62C.142, 62D.101, and 62D.105.

(c) A health carrier may sell, issue, or renew conversion policies under section 62E.16 to eligible employees.

(d) A health carrier may sell, issue, or renew individual continuation policies to eligible employees as required.

(e) A health carrier may sell, issue, or renew individual health plans if the coverage is appropriate due to an unexpired preexisting condition limitation or exclusion applicable to the person under the employer's group health plan or due to the person's need for health care services not covered under the employer's group health plan.

(f) A health carrier may sell, issue, or renew an individual health plan, if the individual has elected to buy the individual health plan not as part of a general plan to substitute individual health plans for a group health plan nor as a result of any violation of subdivision 3 or 4.

(g) Nothing in this subdivision relieves a health carrier of any obligation to provide continuation or conversion coverage otherwise required under federal or state law.

(h) Nothing in this chapter restricts the offer, sale, issuance, or renewal of coverage issued as a supplement to Medicare under sections 62A.31 to 62A.44, or policies or contracts that supplement Medicare issued by health maintenance organizations, or those contracts governed by sections 1833, 1851 to 1859, 1860D, or 1876 of the federal Social Security Act, United States Code, title 42, section 1395 et seq., as amended.

(i) Nothing in this chapter restricts the offer, sale, issuance, or renewal of individual health plans necessary to comply with a court order.

(j) A health carrier may offer, issue, sell, or renew an individual health plan to persons eligible for an employer group health plan, if the individual health plan is a high deductible health plan for use in connection with an existing health savings account, in compliance with the Internal Revenue Code, section 223. In that situation, the same or a different health carrier may offer, issue, sell, or renew a group health plan to cover the other eligible employees in the group.

(k) A health carrier may offer, sell, issue, or renew an individual health plan to one or more employees of a small employer if the individual health plan is marketed directly to all employees of the small employer and the small employer does not contribute directly or indirectly to the premiums or facilitate the administration of the individual health plan. The requirement to market an individual health plan to all employees does not require the health carrier to offer or issue an individual health plan to any employee. For purposes of this paragraph, an employer is not contributing to the premiums or facilitating the administration of the individual health plan if the employer does not contribute to the premium and merely collects the premiums from an employee's wages or salary through payroll deductions and submits payment for the premiums of one or more employees in a lump sum to the health carrier. Except for coverage under section 62A.65, subdivision 5, paragraph (b), or 62E.16, at the request of an employee, the health carrier may bill the employer for the premiums payable by the employee, provided that the employer is...
not liable for payment except from payroll deductions for that purpose. If an employer is submitting payments under this paragraph, the health carrier shall provide a cancellation notice directly to the primary insured at least ten days prior to termination of coverage for nonpayment of premium. Individual coverage under this paragraph may be offered only if the small employer has not provided coverage under section 62L.03 to the employees within the past 12 months.

The employer must provide a written and signed statement to the health carrier that the employer is not contributing directly or indirectly to the employee's premiums. The health carrier may rely on the employer's statement and is not required to guarantee-issue individual health plans to the employer's other current or future employees.

**EFFECTIVE DATE.** This section is effective the day following final enactment.

Sec. 31. Minnesota Statutes 2004, section 62M.01, subdivision 2, is amended to read:

Subd. 2. **Jurisdiction.** Sections 62M.01 to 62M.16 apply to any insurance company licensed under chapter 60A to offer, sell, or issue a policy of accident and sickness insurance as defined in section 62A.01; a health service plan licensed under chapter 62C; a health maintenance organization licensed under chapter 62D; the Minnesota Comprehensive Health Association created under chapter 62E; a community integrated service network licensed under chapter 62N; an accountable provider network operating under chapter 62T; a fraternal benefit society operating under chapter 64B; a joint self-insurance employee health plan operating under chapter 62H; a multiple employer welfare arrangement, as defined in section 3 of the Employee Retirement Income Security Act of 1974 (ERISA), United States Code, title 29, section 1103, as amended; a third party administrator licensed under section 60A.23, subdivision 8, that provides utilization review services for the administration of benefits under a health benefit plan as defined in section 62M.02; or any entity performing utilization review on behalf of a business entity in this state pursuant to a health benefit plan covering a Minnesota resident.

Sec. 32. **[62M.072] USE OF EVIDENCE-BASED STANDARDS.**

If no independently developed evidence-based standards exist for a particular treatment, testing, or imaging procedure, then an insurer or utilization review organization shall not deny coverage of the treatment, testing, or imaging based solely on the grounds that the treatment, testing, or imaging does not meet an evidence-based standard. This section does not prohibit an insurer or utilization review organization from denying coverage for services that are investigational, experimental, or not medically necessary.

Sec. 33. Minnesota Statutes 2004, section 62M.09, subdivision 9, is amended to read:

Subd. 9. **Annual report.** A utilization review organization shall file an annual report with the annual financial statement it submits to the commissioner of commerce that includes:

(1) per 1,000 claims utilization reviews, the number and rate of claims denied determinations not to certify based on medical necessity for each procedure or service; and

(2) the number and rate of denials overturned on appeal.

A utilization review organization that is not a licensed health carrier must submit the annual report required by this subdivision on April 1 of each year.
Sec. 34.  [62Q.645] DISTRIBUTION OF INFORMATION; ADMINISTRATIVE EFFICIENCY AND COVERAGE OPTIONS.

(a) The commissioner may use reports submitted by health plan companies, service cooperatives, and the public employee insurance program created in section 43A.316 to compile entity specific administrative efficiency reports; may make these reports available on state agency Web sites, including minnesotahealthinfo.com; and may include information on:

(1) number of covered lives;

(2) covered services;

(3) geographic availability;

(4) whom to contact to obtain current premium rates;

(5) administrative costs, using the definition of administrative costs developed under section 62J.38;

(6) Internet links to information on the health plan, if available; and

(7) any other information about the health plan identified by the commissioner as being useful for employers, consumers, providers, and others in evaluating health plan options.

(b) This section does not apply to a health plan company unless its annual Minnesota premiums exceed $50,000,000 based on the most recent assessment base of the Minnesota Comprehensive Health Association. For purposes of this determination, the premiums of a health plan company include those of its affiliates.

Sec. 35.  [62Q.80] COMMUNITY-BASED HEALTH CARE COVERAGE PROGRAM.

Subdivision 1.  Scope.  (a) A community-based health care initiative may develop and operate a community-based health care coverage program that offers to eligible individuals and their dependents the option of purchasing through their employer health care coverage on a fixed prepaid basis without meeting the requirements of chapter 60A, 62A, 62C, 62D, 62Q, or 62T, or any other law or rule that applies to entities licensed under these chapters.

(b) The initiative shall establish health outcomes to be achieved through the program and performance measurements in order to determine whether these outcomes have been met. The outcomes must include, but are not limited to:

(1) a reduction in uncompensated care provided by providers participating in the community-based health network;

(2) an increase in the delivery of preventive health care services; and

(3) health improvement for enrollees with chronic health conditions through the management of these conditions.

In establishing performance measurements, the initiative shall use measures that are consistent with measures published by nonprofit Minnesota or national organizations that produce and disseminate health care quality measures.
(c) Any program established under this section shall not constitute a financial liability for the state, in that any financial risk involved in the operation or termination of the program shall be borne by the community-based initiative and the participating health care providers.

Subd. 2. Definitions. For purposes of this section, the following definitions apply:

(a) "Community-based" means located in or primarily relating to the community of geographically contiguous political subdivisions, as determined by the board of a community-based health initiative that is served by the community-based health care coverage program.

(b) "Community-based health care coverage program" or "program" means a program administered by a community-based health initiative that provides health care services through provider members of a community-based health network or combination of networks to eligible individuals and their dependents who are enrolled in the program.

(c) "Community-based health initiative" means a nonprofit corporation that is governed by a board that has at least 80 percent of its members residing in the community and includes representatives of the participating network providers and employers.

Subd. 3. Approval. (a) Prior to the operation of a community-based health care coverage program, a community-based health initiative shall submit to the commissioner of health for approval the community-based health care coverage program developed by the initiative. The commissioner shall only approve a program that has been awarded a community access program grant from the United States Department of Health and Human Services. The commissioner shall ensure that the program meets the federal grant requirements and any requirements described in this section and is actuarially sound based on a review of appropriate records and methods utilized by the community-based health initiative in establishing premium rates for the community-based health care coverage program.

(b) Prior to approval, the commissioner shall also ensure that:

(1) the benefits offered comply with subdivision 8 and that there are adequate numbers of health care providers participating in the community-based health network to deliver the benefits offered under the program;

(2) the activities of the program are limited to activities that are exempt under this section or otherwise from regulation by the commissioner of commerce;

(3) the complaint resolution process meets the requirements of subdivision 10; and

(4) the data privacy policies and procedures comply with state and federal law.

Subd. 4. Establishment. (a) The initiative shall establish and operate upon approval by the commissioner of health a community-based health care coverage program. The operational structure established by the initiative shall include, but is not limited to:

(1) establishing a process for enrolling eligible individuals and their dependents;

(2) pay its employees a median wage of $12.50 per hour or less; and

(3) not have offered employer-subsidized health coverage to its employees for at least 12 months prior to the initial enrollment in the program. For purposes of this section, "employer-subsidized health coverage" means health care coverage for which the employer pays at least 50 percent of the cost of coverage for the employee.

(b) To participate in the program, a qualifying employer agrees to:

(1) offer health care coverage through the program to all eligible employees and their dependents regardless of health status;

(2) participate in the program for an initial term of at least one year;

(4) provide the initiative with any employee information deemed necessary by the initiative to determine eligibility and premium payments.

Subd. 7. Participating providers. Any health care provider participating in the community-based health network must accept as payment in full the payment rate established by the initiative and may not charge to or collect from an enrollee any amount in excess of this amount for any service covered under the program.
Subd. 8. **Coverage.** (a) The initiative shall establish the health care benefits offered through the community-based health care coverage program. The benefits established shall include, at a minimum:

1. child health supervision services up to age 18, as defined under section 62A.047; and

(b) Coverage of health care services offered by the program may be limited to participating health care providers or health networks. All services covered under the program must be services that are offered within the scope of practice of the participating health care providers.
(c) The initiative may establish cost-sharing requirements. Any co-payment or deductible provisions established may not discriminate on the basis of age, sex, race, disability, economic status, or length of enrollment in the program.
(d) If the initiative amends or alters the benefits offered through the program from the initial offering, the initiative must notify the commissioner of health and all enrollees of the benefit change.

Subd. 10. **Complaint resolution process.** (a) The initiative must establish a complaint resolution process. The process must make reasonable efforts to resolve complaints and to inform complainants in writing of the initiative's decision within 60 days of receiving the complaint. Any decision that is adverse to the enrollee shall include a description of the right to an external review as provided in paragraph (c) and how to exercise this right.

(b) The initiative must report any complaint that is not resolved within 60 days to the commissioner of health.

(c) The initiative must include in the complaint resolution process the ability of an enrollee to pursue the external review process provided under section 62Q.73 with any decision rendered under this external review process binding on the initiative.

Subd. 11. **Data privacy.** The initiative shall establish data privacy policies and procedures for the program that comply with state and federal data privacy laws.

Subd. 12. **Limitations on enrollment.** (a) The initiative may limit enrollment in the program. If enrollment is limited, a waiting list must be established.

(c) The initiative may require a certain percentage of participation from eligible employees of a qualifying employer before coverage can be offered through the program.

Subd. 13. **Report.** (a) The initiative shall submit quarterly status reports to the commissioner of health on January 15, April 15, July 15, and October 15 of each year, with the first report due January 15, 2007. The status report shall include:

Subd. 14. **Sunset.** This section expires December 31, 2011.

Sec. 36. Minnesota Statutes 2004, section 62S.05, is amended by adding a subdivision to read:

**EFFECTIVE DATE.** This section is effective July 1, 2006.

This means that the policy or group policy sets forth in detail the rights and obligations of both you and the insurance company. Therefore, if you purchase this coverage, or any other coverage, it is important that you READ YOUR POLICY (OR CERTIFICATE) CAREFULLY.

(3) THIS PLAN IS INTENDED TO BE A QUALIFIED LONG-TERM CARE INSURANCE CONTRACT AS DEFINED UNDER SECTION 7702(B)(b) OF THE INTERNAL REVENUE CODE OF 1986.

(4) TERMS UNDER WHICH THE POLICY OR CERTIFICATE MAY BE CONTINUED IN FORCE OR DISCONTINUED.

(a) (For long-term care health insurance policies or certificates describe one of the following permissible policy renewability provisions:)

(1) (Policies and certificates that are guaranteed renewable shall contain the following statement:) RENEWABILITY: THIS POLICY (CERTIFICATE) IS GUARANTEED RENEWABLE. This means you have the right, subject to the terms of your policy, (certificate) to continue this policy as long as you pay your premiums on time. (Company name) cannot change any of the terms of your policy on its own, except that, in the future, IT MAY INCREASE THE PREMIUM YOU PAY.

(2) (Policies and certificates that are noncancelable shall contain the following statement:) RENEWABILITY: THIS POLICY (CERTIFICATE) IS NONCANCELABLE. This means that you have the right, subject to the terms of your policy, to continue this policy as long as you pay your premiums on time. (Company name) cannot change any of the terms of your policy on its own and cannot change the premium you currently pay. However, if your policy contains an inflation protection feature where you choose to increase your benefits, (company name) may increase your premium at that time for those additional benefits.

(b) (For group coverage, specifically describe continuation/conversion provisions applicable to the certificate and group policy.)

(c) (Describe waiver of premium provisions or state that there are not such provisions.)

(5) TERMS UNDER WHICH THE COMPANY MAY CHANGE PREMIUMS.

(In bold type larger than the maximum type required to be used for the other provisions of the outline of coverage, state whether or not the company has a right to change the premium and, if a right exists, describe clearly and concisely each circumstance under which the premium may change.)

(6) TERMS UNDER WHICH THE POLICY OR CERTIFICATE MAY BE RETURNED AND PREMIUM REFUNDED.

(a) (Provide a brief description of the right to return -- “free look” provision of the policy.)

(b) (Include a statement that the policy either does or does not contain provisions providing for a refund or partial refund of premium upon the death of an insured or surrender of the policy or certificate. If the policy contains such provisions, include a description of them.)
THIS IS NOT MEDICARE SUPPLEMENT COVERAGE. If you are eligible for Medicare, review the Medicare Supplement Buyer's Guide available from the insurance company.

(a) (For agents) neither (insert company name) nor its agents represent Medicare, the federal government, or any state government.

(b) (For direct response) (insert company name) is not representing Medicare, the federal government, or any state government.

LONG-TERM CARE COVERAGE. Policies of this category are designed to provide coverage for one or more necessary or medically necessary diagnostic, preventive, therapeutic, rehabilitative, maintenance, or personal care services, provided in a setting other than an acute care unit of a hospital, such as in a nursing home, in the community, or in the home.

This policy provides coverage in the form of a fixed dollar indemnity benefit for covered long-term care expenses, subject to policy (limitations), (waiting periods), and (coinsurance) requirements. (Modify this paragraph if the policy is not an indemnity policy.)

BENEFITS PROVIDED BY THIS POLICY.

(a) (Covered services, related deductible(s), waiting periods, elimination periods, and benefit maximums.)

(b) (Institutional benefits, by skill level.)

(c) (Noninstitutional benefits, by skill level.)

(d) (Eligibility for payment of benefits.)

(Activities of daily living and cognitive impairment shall be used to measure an insured's need for long-term care and must be defined and described as part of the outline of coverage.)

(Any benefit screens must be explained in this section. If these screens differ for different benefits, explanation of the screen should accompany each benefit description. If an attending physician or other specified person must certify a certain level of functional dependency in order to be eligible for benefits, this too must be specified. If activities of daily living (ADLs) are used to measure an insured's need for long-term care, then these qualifying criteria or screens must be explained.)

LIMITATIONS AND EXCLUSIONS:

Describe:

(a) preexisting conditions;

(b) noneligible facilities/provider;

(c) noneligible levels of care (e.g., unlicensed providers, care or treatment provided by a family member, etc.);

(d) exclusions/exceptions; and

(e) limitations.
(This section should provide a brief specific description of any policy provisions which limit, exclude, restrict, reduce, delay, or in any other manner operate to qualify payment of the benefits described in paragraph 6(8).)

THIS POLICY MAY NOT COVER ALL THE EXPENSES ASSOCIATED WITH YOUR LONG-TERM CARE NEEDS.

(9) (11) RELATIONSHIP OF COST OF CARE AND BENEFITS. Because the costs of long-term care services will likely increase over time, you should consider whether and how the benefits of this plan may be adjusted. As applicable, indicate the following:

(a) that the benefit level will not increase over time;

(b) any automatic benefit adjustment provisions;

(c) whether the insured will be guaranteed the option to buy additional benefits and the basis upon which benefits will be increased over time if not by a specified amount or percentage;

(d) if there is such a guarantee, include whether additional underwriting or health screening will be required, the frequency and amounts of the upgrade options, and any significant restrictions or limitations; and

(e) whether there will be any additional premium charge imposed and how that is to be calculated.

(40) (12) ALZHEIMER'S DISEASE AND OTHER ORGANIC BRAIN DISORDERS. (State that the policy provides coverage for insureds clinically diagnosed as having Alzheimer's disease or related degenerative and dementing illnesses. Specifically, describe each benefit screen or other policy provision which provides preconditions to the availability of policy benefits for such an insured.)

(44) (13) PREMIUM.

(a) State the total annual premium for the policy.

(b) If the premium varies with an applicant's choice among benefit options, indicate the portion of annual premium which corresponds to each benefit option.

(44) (14) ADDITIONAL FEATURES.

(a) Indicate if medical underwriting is used.

(b) Describe other important features.

A supplementary application or other form to be signed by the applicant and agent, except where the coverage is sold without an agent, containing the following questions may be used. If a replacement policy is issued to a group as defined under section 62S.01, subdivision 15, clause (1), the following questions may be modified only to the extent necessary to elicit information about long-term care insurance policies other than the group policy being replaced; provided, however, that the certificate holder has been notified of the replacement:

(1) do you have another long-term care insurance policy or certificate in force (including health care service contract or health maintenance organization contract)?;
(2) did you have another long-term care insurance policy or certificate in force during the last 12 months?;

(i) if so, with which company?; and

- **Subd. 3. Solicitations other than direct response.** After determining that a sale will involve replacement, an insurer, other than an insurer using direct response solicitation methods or its agent, shall furnish the applicant, before issuance or delivery of the individual long-term care insurance policy, a notice regarding replacement of accident and sickness or long-term care coverage. One copy of the notice must be retained by the applicant and an additional copy signed by the applicant must be retained by the insurer. The required notice must be provided in the following manner:

  NOTICE TO APPLICANT REGARDING REPLACEMENT OF INDIVIDUAL ACCIDENT AND SICKNESS OR LONG-TERM CARE INSURANCE

  (Insurance company's name and address)

  SAVE THIS NOTICE! IT MAY BE IMPORTANT TO YOU IN THE FUTURE.

  According to (your application) (information you have furnished), you intend to lapse or otherwise terminate existing accident and sickness or long-term care insurance policy and replace it with an individual long-term care insurance policy to be issued by (company name) insurance company. Your new policy provides 30 days within which you may decide, without cost, whether you desire to keep the policy. For your own information and protection, you should be aware of and seriously consider certain factors which may affect the insurance protection available to you under the new policy.

  You should review this new coverage carefully, comparing it with all accident and sickness or long-term care insurance coverage you now have, and terminate your present policy only if, after due consideration, you find that purchase of this long-term care coverage is a wise decision.

  STATEMENT TO APPLICANT BY AGENT (BROKER OR OTHER REPRESENTATIVE):

  (Use additional sheets, as necessary.)
I have reviewed your current medical health insurance coverage. I believe the replacement of insurance involved in this transaction materially improves your position. My conclusion has taken into account the following considerations, which I call to your attention:

(a) Health conditions which you presently have (preexisting conditions) may not be immediately or fully covered under the new policy. This could result in denial or delay in payment of benefits under the new policy, whereas a similar claim might have been payable under your present policy.

(b) State law provides that your replacement policy or certificate may not contain new preexisting conditions or probationary periods. The insurer will waive any time periods applicable to preexisting conditions or probationary periods in the new policy (or coverage) for similar benefits to the extent such time was spent (depleted) under the original policy.

(c) If you are replacing existing accident and sickness or long-term care insurance coverage, you may wish to secure the advice of your present insurer or its agent regarding the proposed replacement of your present policy. This is not only your right, but it is also in your best interest to make sure you understand all the relevant factors involved in replacing your present coverage.

(d) If, after due consideration, you still wish to terminate your present policy and replace it with new coverage, be certain to truthfully and completely answer all questions on the application concerning your medical health history. Failure to include all material medical information on an application may provide a basis for the company to deny any future claims and to refund your premium as though your policy had never been in force. After the application has been completed and before you sign it, reread it carefully to be certain that all information has been properly recorded.

Sec. 47. Minnesota Statutes 2004, section 62S.24, subdivision 4, is amended to read:

**Subd. 4. Direct response solicitations.** Insurers using direct response solicitation methods shall deliver a notice regarding replacement of long-term care coverage to the applicant upon issuance of the policy. The required notice must be provided in the following manner:

**NOTICE TO APPLICANT REGARDING REPLACEMENT OF ACCIDENT AND SICKNESS OR LONG-TERM CARE INSURANCE**

(Insurance company's name and address)

SAVE THIS NOTICE! IT MAY BE IMPORTANT TO YOU IN THE FUTURE.
According to (your application) (information you have furnished), you intend to lapse or otherwise terminate existing accident and sickness or long-term care insurance and replace it with the long-term care insurance policy delivered herewith issued by (company name) insurance company.

Your new policy provides 30 days within which you may decide, without cost, whether you desire to keep the policy. For your own information and protection, you should be aware of and seriously consider certain factors which may affect the insurance protection available to you under the new policy.

You should review this new coverage carefully, comparing it with all long-term care insurance coverage you now have, and terminate your present policy only if, after due consideration, you find that purchase of this long-term care coverage is a wise decision.

(a) Health conditions which you presently have (preexisting conditions) may not be immediately or fully covered under the new policy. This could result in denial or delay in payment of benefits under the new policy, whereas a similar claim might have been payable under your present policy.

(b) State law provides that your replacement policy or certificate may not contain new preexisting conditions or probationary periods. Your insurer will waive any time periods applicable to preexisting conditions or probationary periods in the new policy (or coverage) for similar benefits to the extent such time was spent (depleted) under the original policy.

(c) If you are replacing existing accident and sickness or long-term care insurance coverage, you may wish to secure the advice of your present insurer or its agent regarding the proposed replacement of your present policy. This is not only your right, but it is also in your best interest to make sure you understand all the relevant factors involved in replacing your present coverage.

(d) (To be included only if the application is attached to the policy.)

If, after due consideration, you still wish to terminate your present policy and replace it with new coverage, read the copy of the application attached to your new policy and be sure that all questions are answered fully and correctly. Omissions or misstatements in the application could cause an otherwise valid claim to be denied. Carefully check the application and write to (company name and address) within 30 days if any information is not correct and complete, or if any past medical history has been left out of the application.

If the policy being replaced is a life insurance policy, the insurer shall comply with the replacement requirements of sections 61A.53 to 61A.60. If a life insurance policy that accelerates benefits for long-term care is replaced by another such policy, the replacing insurer shall comply with both the long-term care and the life insurance replacement requirements.

(Effective Date). This section is effective July 1, 2006.
Sec. 49. Minnesota Statutes 2004, section 62S.24, is amended by adding a subdivision to read:

Subd. 8. Exchange for long-term care partnership policy; addition of policy rider. (a) If authorized by federal law or a federal waiver is granted with respect to the long-term care partnership program referenced in section 256B.0571, issuers of long-term care policies may voluntarily exchange a current long-term care insurance policy for a long-term care partnership policy that meets the requirements of Public Law 109-171, section 6021, after the effective date of the state plan amendment implementing the partnership program in this state.

(b) If authorized by federal law or a federal waiver is granted with respect to the long-term care partnership program referenced in section 256B.0571 allowing an existing long-term care insurance policy to qualify as a partnership policy by addition of a policy rider, the issuer of the policy is authorized to add the rider to the policy after the effective date of the state plan amendment implementing the partnership program in this state.

(c) The commissioner, in cooperation with the commissioner of human services, shall pursue any federal law changes or waivers necessary to allow the implementation of paragraphs (a) and (b).

EFFECTIVE DATE. This section is effective July 1, 2006.

Sec. 50. Minnesota Statutes 2004, section 62S.25, subdivision 6, is amended to read:

Subd. 6. Claims denied. Each insurer shall report annually by June 30 the number of claims denied for any reason during the reporting period for each class of business, expressed as a percentage of claims denied, other than claims denied for failure to meet the waiting period or because of any applicable preexisting condition. For purposes of this subdivision, "claim" means a request for payment of benefits under an in-force policy regardless of whether the benefit claimed is covered under the policy or any terms or conditions of the policy have been met.

EFFECTIVE DATE. This section is effective July 1, 2006.

Sec. 51. Minnesota Statutes 2004, section 62S.25, is amended by adding a subdivision to read:

Subd. 7. Reports. Reports under this section shall be done on a statewide basis and filed with the commissioner. Sec. 52. Minnesota Statutes 2004, section 62S.26, is amended to read:

62S.26 LOSS RATIO.

Subdivision 1. Minimum loss ratio. (a) The minimum loss ratio must be at least 60 percent, calculated in a manner which provides for adequate reserving of the long-term care insurance risk. In evaluating the expected loss ratio, the commissioner shall give consideration to all relevant factors, including:

(1) statistical credibility of incurred claims experience and earned premiums;

(2) the period for which rates are computed to provide coverage;

(3) experienced and projected trends;
(4) concentration of experience within early policy duration;

(5) expected claim fluctuation;

(6) experience refunds, adjustments, or dividends;

(7) renewability features;

(8) all appropriate expense factors;

(9) interest;

(10) experimental nature of the coverage;

(11) policy reserves;

(13) product features such as long elimination periods, high deductibles, and high maximum limits.

Subd. 2. **Life insurance policies.** Subdivision 1 shall not apply to life insurance policies that accelerate benefits for long-term care. A life insurance policy that funds long-term care benefits entirely by accelerating the death benefit is considered to provide reasonable benefits in relation to premiums paid, if the policy complies with all of the following provisions:

1. the interest credited internally to determine cash value accumulations, including long-term care, if any, are guaranteed not to be less than the minimum guaranteed interest rate for cash value accumulations without long-term care set forth in the policy;

2. the portion of the policy that provides life insurance benefits meets the nonforfeiture requirements of section 61A.24;

3. the policy meets the disclosure requirements of sections 62S.09, 62S.10, and 62S.11; and

4. an actuarial memorandum is filed with the commissioner that includes:

   i. a description of the basis on which the long-term care rates were determined;

   ii. a description of the basis for the reserves;

   iii. a summary of the type of policy, benefits, renewability, general marketing method, and limits on ages of issuance;

   iv. a description and a table of each actuarial assumption used. For expenses, an insurer must include percentage of premium dollars per policy and dollars per unit of benefits, if any;

   v. a description and a table of the anticipated policy reserves and additional reserves to be held in each future year for active lives;

   vi. the estimated average annual premium per policy and the average issue age;
(vii) a statement as to whether underwriting is performed at the time of application. The statement shall indicate whether underwriting is used and, if used, the statement shall include a description of the type or types of underwriting used, such as medical underwriting or functional assessment underwriting. Concerning a group policy, the statement shall indicate whether the enrollee or any dependent will be underwritten and when underwriting occurs; and

(viii) a description of the effect of the long-term care policy provision on the required premiums, nonforfeiture values, and reserves on the underlying life insurance policy, both for active lives and those in long-term care claim status.

Subd. 3. Nonapplication. (b) This section does not apply to policies or certificates that are subject to sections 62S.021, 62S.081, and 62S.265, and that comply with those sections.

EFFECTIVE DATE. This section is effective July 1, 2006.

Sec. 53. Minnesota Statutes 2004, section 62S.266, subdivision 2, is amended to read:

Subd. 2. Requirement. (a) An insurer must offer each prospective policyholder a nonforfeiture benefit in compliance with the following requirements:

(1) a policy or certificate offered with nonforfeiture benefits must have coverage elements, eligibility, benefit triggers, and benefit length that are the same as coverage to be issued without nonforfeiture benefits. The nonforfeiture benefit included in the offer must be the benefit described in subdivision 5; and

(2) the offer must be in writing if the nonforfeiture benefit is not otherwise described in the outline of coverage or other materials given to the prospective policyholder.

(b) When a group long-term care insurance policy is issued, the offer required in paragraph (a) shall be made to the group policy holder. However, if the policy is issued as group long-term care insurance as defined in section 62S.01, subdivision 15, clause (4), other than to a continuing care retirement community or other similar entity, the offering shall be made to each proposed certificate holder.

EFFECTIVE DATE. This section is effective July 1, 2006.

Sec. 54. Minnesota Statutes 2004, section 62S.29, subdivision 1, is amended to read:

Subdivision 1. Requirements. An insurer or other entity marketing long-term care insurance coverage in this state, directly or through its producers, shall:

(1) establish marketing procedures and agent training requirements to assure that any marketing activities, including any comparison of policies by its agents or other producers, are fair and accurate;

(2) establish marketing procedures to assure excessive insurance is not sold or issued;

(3) display prominently by type, stamp, or other appropriate means, on the first page of the outline of coverage and policy, the following:

"Notice to buyer: This policy may not cover all of the costs associated with long-term care incurred by the buyer during the period of coverage. The buyer is advised to review carefully all policy limitations."

(4) provide copies of the disclosure forms required in section 62S.081, subdivision 4, to the applicant;

(6) establish auditable procedures for verifying compliance with this subdivision; and

(7) if applicable, provide written notice to the prospective policyholder and certificate holder, at solicitation, that a senior insurance counseling program approved by the commissioner is available and the name, address, and telephone number of the program;

(8) use the terms "noncancelable" or "level premium" only when the policy or certificate conforms to section 62S.14; and

(9) provide an explanation of contingent benefit upon lapse provided for in section 62S.266.

EFFECTIVE DATE. This section is effective July 1, 2006.

Sec. 55. Minnesota Statutes 2004, section 62S.30, is amended to read:

62S.30 APPROPRIATENESS OF RECOMMENDED PURCHASE SUITABILITY.

In recommending the purchase or replacement of a long-term care insurance policy or certificate, an agent shall comply with section 60K.46, subdivision 4.

Subd. 1. Standards. Every insurer or other entity marketing long-term care insurance shall:

(1) develop and use suitability standards to determine whether the purchase or replacement of long-term care insurance is appropriate for the needs of the applicant;

(2) train its agents in the use of its suitability standards; and

(3) maintain a copy of its suitability standards and make them available for inspection upon request by the commissioner.

Subd. 2. Procedures. (a) To determine whether the applicant meets the standards developed by the insurer or other entity marketing long-term care insurance, the agent and insurer or other entity marketing long-term care insurance shall develop procedures that take the following into consideration:

(1) the ability to pay for the proposed coverage and other pertinent financial information related to the purchase of the coverage;

(2) the applicant's goals or needs with respect to long-term care and the advantages and disadvantages of insurance to meet those goals or needs; and

(3) the values, benefits, and costs of the applicant's existing insurance, if any, when compared to the values, benefits, and costs of the recommended purchase or replacement.

(b) The insurer or other entity marketing long-term care insurance, and the agent, where an agent is involved, shall make reasonable efforts to obtain the information set forth in paragraph (a). The efforts shall include presentation to the applicant, at or prior to application, of the "Long-Term Care Insurance Personal Worksheet." The personal worksheet used by the insurer or other entity marketing long-term care insurance shall contain, at a minimum, the information in the format contained in Appendix B of the Long-Term Care Model Regulation adopted
by the National Association of Insurance Commissioners, in not less than 12-point type. The insurer or other entity marketing long-term care insurance may request the applicant to provide additional information to comply with its suitability standards. The insurer or other entity marketing long-term care insurance shall file a copy of its personal worksheet with the commissioner.

(c) A completed personal worksheet shall be returned to the insurer or other entity marketing long-term care insurance prior to consideration of the applicant for coverage, except the personal worksheet need not be returned for sales of employer group long-term care insurance to employees and their spouses. The sale or dissemination by the insurer or other entity marketing long-term care insurance, or the agent, of information obtained through the personal worksheet is prohibited.

(d) The insurer or other entity marketing long-term care insurance shall use the suitability standards it has developed under this section in determining whether issuing long-term care insurance coverage to an applicant is appropriate. Agents shall use the suitability standards developed by the insurer or other entity marketing long-term care insurance in marketing long-term care insurance.

(e) At the same time as the personal worksheet is provided to the applicant, the disclosure form entitled “Things You Should Know Before You Buy Long-Term Care Insurance” shall be provided. The form shall be in the format contained in Appendix C of the Long-Term Care Insurance Model Regulation adopted by the National Association of Insurance Commissioners in not less than 12-point type.

(f) If the insurer or other entity marketing long-term care insurance determines that the applicant does not meet its financial suitability standards, or if the applicant has declined to provide the information, the insurer or other entity marketing long-term care insurance may reject the application. In the alternative, the insurer or other entity marketing long-term care insurance shall send the applicant a letter similar to Appendix D of the Long-Term Care Insurance Model Regulation adopted by the National Association of Insurance Commissioners. However, if the applicant has declined to provide financial information, the insurer or other entity marketing long-term care insurance may use some other method to verify the applicant's intent. The applicant's returned letter or a record of the alternative method of verification shall be made part of the applicant's file.

Subd. 3. Reports. The insurer or other entity marketing long-term care insurance shall report annually to the commissioner the total number of applications received from residents of this state, the number of those who declined to provide information on the personal worksheet, the number of applicants who did not meet the suitability standards, and the number of those who chose to confirm after receiving a suitability letter.

Subd. 4. Application. This section shall not apply to life insurance policies that accelerate benefits for long-term care.

EFFECTIVE DATE. This section is effective July 1, 2006.

A plan of reparation security issued to or renewed with a person who has attained the age of 65 or who has attained the age of 60 years and is retired and receiving a pension, must provide disability and income loss benefits under section 65B.44, subdivision 3, unless the insured elects not to have this coverage. An election by the insured not to have this coverage remains in effect until revoked by the insured. The reparation obligor shall notify a person of the person's rights under this section at the time of the sale or the first renewal of the policy after the insured has attained the age of 65 or 60 years, and at least annually after that. The rate for any plan for which coverage has been excluded or reduced pursuant to this section must be reduced accordingly. This section does apply to self-insurance.

**EFFECTIVE DATE.** This section is effective August 1, 2006, and applies to plans of reparation security issued or renewed on or after that date.

Sec. 58. Minnesota Statutes 2004, section 70A.07, is amended to read:

Sec. 59. Minnesota Statutes 2004, section 72A.20, is amended by adding a subdivision to read:

Subd. 39. Discounted payments by health care providers; effect on use of usual and customary payments. An insurer, including, but not limited to, a health plan company as defined in section 62Q.01, subdivision 4; a reparation obligor as defined in section 65B.43, subdivision 9; and a workers' compensation insurer shall not consider in determining a health care provider's usual and customary payment, standard payment, or allowable payment used as a basis for determining the provider's payment by the insurer, the following discounted payment situations:

(1) care provided to relatives of the provider;

(2) care for which a discount or free care is given in hardship situations; and

(3) care for which a discount is given in exchange for cash payment.

For purposes of this subdivision, "health care provider" and "provider" have the meaning given in section 62J.03, subdivision 8.

**EFFECTIVE DATE.** This section is effective the day following final enactment.

Sec. 60. Minnesota Statutes 2005 Supplement, section 72A.201, subdivision 6, is amended to read:

Subd. 6. Standards for automobile insurance claims handling, settlement offers, and agreements. In addition to the acts specified in subdivisions 4, 5, 7, 8, and 9, the following acts by an insurer, adjuster, or a self-insured or self-insurance administrator constitute unfair settlement practices:

(1) if an automobile insurance policy provides for the adjustment and settlement of an automobile total loss on the basis of actual cash value or replacement with like kind and quality and the insured is not an automobile dealer, failing to offer one of the following methods of settlement:
(a) comparable and available replacement automobile, with all applicable taxes, license fees, at least pro rata for the unexpired term of the replaced automobile’s license, and other fees incident to the transfer or evidence of ownership of the automobile paid, at no cost to the insured other than the deductible amount as provided in the policy;

(b) a cash settlement based upon the actual cost of purchase of a comparable automobile, including all applicable taxes, license fees, at least pro rata for the unexpired term of the replaced automobile’s license, and other fees incident to transfer of evidence of ownership, less the deductible amount as provided in the policy. The costs must be determined by:

(i) the cost of a comparable automobile, adjusted for mileage, condition, and options, in the local market area of the insured, if such an automobile is available in that area; or

(ii) one of two or more quotations obtained from two or more qualified sources located within the local market area when a comparable automobile is not available in the local market area. The insured shall be provided the information contained in all quotations prior to settlement; or

(iii) any settlement or offer of settlement which deviates from the procedure above must be documented and justified in detail. The basis for the settlement or offer of settlement must be explained to the insured;

(2) if an automobile insurance policy provides for the adjustment and settlement of an automobile partial loss on the basis of repair or replacement with like kind and quality and the insured is not an automobile dealer, failing to offer one of the following methods of settlement:

(a) to assume all costs, including reasonable towing costs, for the satisfactory repair of the motor vehicle. Satisfactory repair includes repair of both obvious and hidden damage as caused by the claim incident. This assumption of cost may be reduced by applicable policy provision; or

(b) to offer a cash settlement sufficient to pay for satisfactory repair of the vehicle. Satisfactory repair includes repair of obvious and hidden damage caused by the claim incident, and includes reasonable towing costs;

(3) regardless of whether the loss was total or partial, in the event that a damaged vehicle of an insured cannot be safely driven, failing to exercise the right to inspect automobile damage prior to repair within five business days following receipt of notification of claim. In other cases the inspection must be made in 15 days;

(4) regardless of whether the loss was total or partial, requiring unreasonable travel of a claimant or insured to inspect a replacement automobile, to obtain a repair estimate, to allow an insurer to inspect a repair estimate, to allow an insurer to inspect repairs made pursuant to policy requirements, or to have the automobile repaired;

(5) regardless of whether the loss was total or partial, if loss of use coverage exists under the insurance policy, failing to notify an insured at the time of the insurer’s acknowledgment of claim, or sooner if inquiry is made, of the fact of the coverage, including the policy terms and conditions affecting the coverage and the manner in which the insured can apply for this coverage;

(6) regardless of whether the loss was total or partial, failing to include the insured’s deductible in the insurer’s demands under its subrogation rights. Subrogation recovery must be shared at least on a proportionate basis with the insured, unless the deductible amount has been otherwise recovered by the insured, except that when an insurer is recovering directly from an uninsured third party by means of installments, the insured must receive the full deductible share as soon as that amount is collected and before any part of the total recovery is applied to any other use. No deduction for expenses may be made from the deductible recovery unless an attorney is retained to collect the recovery, in which case deduction may be made only for a pro rata share of the cost of retaining the attorney. An
insured is not bound by any settlement of its insurer's subrogation claim with respect to the deductible amount, unless the insured receives, as a result of the subrogation settlement, the full amount of the deductible. Recovery by the insurer and receipt by the insured of less than all of the insured's deductible amount does not affect the insured's rights to recover any unreimbursed portion of the deductible from parties liable for the loss;

(7) requiring as a condition of payment of a claim that repairs to any damaged vehicle must be made by a particular contractor or repair shop or that parts, other than window glass, must be replaced with parts other than original equipment parts or engaging in any act or practice of intimidation, coercion, threat, incentive, or inducement for or against an insured to use a particular contractor or repair shop. Consumer benefits included within preferred vendor programs must not be considered an incentive or inducement. At the time a claim is reported, the insurer must provide the following advisory to the insured or claimant:

"Minnesota law gives you the legal right to choose a repair shop to fix your vehicle. Your policy will cover the reasonable costs of repairing your vehicle to its pre-accident condition no matter where you have repairs made. Have you selected a repair shop or would you like a referral?"

After an insured has indicated that the insured has selected a repair shop, the insurer must cease all efforts to influence the insured's or claimant's choice of repair shop;

(8) where liability is reasonably clear, failing to inform the claimant in an automobile property damage liability claim that the claimant may have a claim for loss of use of the vehicle;

(9) failing to make a good faith assignment of comparative negligence percentages in ascertaining the issue of liability;

(10) failing to pay any interest required by statute on overdue payment for an automobile personal injury protection claim;

(11) if an automobile insurance policy contains either or both of the time limitation provisions as permitted by section 65B.55, subdivisions 1 and 2, failing to notify the insured in writing of those limitations at least 60 days prior to the expiration of that time limitation;

(12) if an insurer chooses to have an insured examined as permitted by section 65B.56, subdivision 1, failing to notify the insured of all of the insured's rights and obligations under that statute, including the right to request, in writing, and to receive a copy of the report of the examination;

(13) failing to provide, to an insured who has submitted a claim for benefits described in section 65B.44, a complete copy of the insurer's claim file on the insured, excluding internal company memoranda, all materials that relate to any insurance fraud investigation, materials that constitute attorney work-product or that qualify for the attorney-client privilege, and medical reviews that are subject to section 145.64, within ten business days of receiving a written request from the insured. The insurer may charge the insured a reasonable copying fee. This clause supersedes any inconsistent provisions of sections 72A.49 to 72A.505;

(14) if an automobile policy provides for the adjustment or settlement of an automobile loss due to damaged window glass, failing to provide payment to the insured's chosen vendor based on a competitive price that is fair and reasonable within the local industry at large.

Where facts establish that a different rate in a specific geographic area actually served by the vendor is required by that market, that geographic area must be considered. This clause does not prohibit an insurer from recommending a vendor to the insured or from agreeing with a vendor to perform work at an agreed-upon price, provided, however, that before recommending a vendor, the insurer shall offer its insured the opportunity to choose the vendor. If the insurer recommends a vendor, the insurer must also provide the following advisory:
"Minnesota law gives you the right to go to any glass vendor you choose, and prohibits me from pressuring you to choose a particular vendor."

(15) requiring that the repair or replacement of motor vehicle glass and related products and services be made in a particular place or shop or by a particular entity, or by otherwise limiting the ability of the insured to select the place, shop, or entity to repair or replace the motor vehicle glass and related products and services; or

(16) engaging in any act or practice of intimidation, coercion, threat, incentive, or inducement for or against an insured to use a particular company or location to provide the motor vehicle glass repair or replacement services or products. For purposes of this section, a warranty shall not be considered an inducement or incentive.

Sec. 61. Minnesota Statutes 2004, section 72C.10, subdivision 1, is amended to read:

Subdivision 1. Readability compliance; filing and approval. No insurer shall make, issue, amend, or renew any policy or contract after the dates specified in section 72C.11 for the applicable type of policy unless the contract is in compliance with the requirements of sections 72C.06 to 72C.09 and unless the contract is filed with the commissioner for approval. The contract shall be deemed approved 60 days after filing unless disapproved by the commissioner within the 60-day period. When an insurer, service plan corporation, or the Minnesota Comprehensive Health Association fails to respond to an objection or inquiry within 60 days, the filing is automatically disapproved. A resubmission is required if action by the Department of Commerce is subsequently requested. An additional filing fee is required for the resubmission. The commissioner shall not unreasonably withhold approval. Any disapproval shall be delivered to the insurer in writing, stating the grounds therefor. Any policy filed with the commissioner shall be accompanied by a Flesch scale readability analysis and test score and by the insurer's certification that the policy or contract is in its judgment readable based on the factors specified in sections 72C.06 to 72C.08.

Sec. 62. Minnesota Statutes 2004, section 79.01, is amended by adding a subdivision to read:

Subd. 1a. Assigned risk plan. "Assigned risk plan" means:

(1) the method to provide workers' compensation coverage to employers unable to obtain coverage through licensed workers' compensation companies; and

(2) the procedures established by the commissioner to implement that method of providing coverage including administration of all assigned risk losses and reserves.

Sec. 63. Minnesota Statutes 2004, section 79.01, is amended by adding a subdivision to read:

Subd. 1b. Employer. "Employer" has the meaning given in section 176.011, subdivision 10.

Sec. 64. Minnesota Statutes 2004, section 79.251, subdivision 1, is amended to read:

Subdivision 1. General duties of commissioner. (a) (1) The commissioner shall have all the usual powers and authorities necessary for the discharge of the commissioner's duties under this section and may contract with individuals in discharge of those duties. The commissioner shall audit the reserves established (a) for individual cases arising under policies and contracts of coverage issued under subdivision 4 and (b) for the total book of business issued under subdivision 4. If the commissioner determines on the basis of an audit that there is an excess surplus in the assigned risk plan, the commissioner must notify the commissioner of finance who shall transfer assets of the plan equal to the excess surplus to the budget reserve account in the general fund.
(2) The commissioner shall monitor the operations of section 79.252 and this section and shall periodically make recommendations to the governor and legislature when appropriate, for improvement in the operation of those sections.

(3) All insurers and self-insurance administrators issuing policies or contracts under subdivision 4 shall pay to the commissioner a .25 percent assessment on premiums for policies and contracts of coverage issued under subdivision 4 for the purpose of defraying the costs of performing the duties under clauses (1) and (2). Proceeds of the assessment shall be deposited in the state treasury and credited to the general fund.

(4) The assigned risk plan shall not be deemed a state agency.

(5) The commissioner shall monitor and have jurisdiction over all reserves maintained for assigned risk plan losses.

(b) As used in this subdivision, "excess surplus" means the amount of assigned risk plan assets in excess of the amount needed to pay all current liabilities of the plan, including, but not limited to:

(1) administrative expenses;

(2) benefit claims; and

(3) if the assigned risk plan is dissolved under subdivision 8, the amounts that would be due insurers who have paid assessments to the plan.

Sec. 65. Minnesota Statutes 2004, section 79.251, is amended by adding a subdivision to read:

Subd. 2a. **Assigned risk rating plan.** (a) Employers insured through the assigned risk plan are subject to paragraphs (b) and (c).

(b) Classifications must be assigned according to a uniform classification system approved by the commissioner.

(c) Rates must be modified according to an experience rating plan approved by the commissioner. Any experience rating plan is subject to Minnesota Rules, parts 2700.2800 and 2700.2900.

Sec. 66. Minnesota Statutes 2004, section 79.252, is amended by adding a subdivision to read:

Subd. 2a. **Minimum qualifications.** Any employer that (1) is required to carry workers’ compensation insurance pursuant to chapter 176 and (2) has a current written notice of refusal to insure pursuant to subdivision 2, is entitled to coverage upon making written application to the assigned risk plan, and paying the applicable premium.

Sec. 67. Minnesota Statutes 2004, section 79.252, is amended by adding a subdivision to read:

Subd. 3a. **Disqualifying factors.** An employer may be denied or terminated from coverage through the assigned risk plan if the employer:

(1) applies for coverage for only a portion of the employer’s statutory liability under chapter 176, excluding wrap-up policies;

(2) has an outstanding debt due and owing to the assigned risk plan at the time of renewal arising from a prior policy;
(3) persistently refuses to permit completion of an adequate payroll audit;

(4) repeatedly submits misleading or erroneous payroll information; or

(5) flagrantly disregards safety or loss control recommendations. Cancellation for nonpayment of premium may be initiated by the service contractor upon 60 days' written notice to the employer pursuant to section 176.185, subdivision 1.

Sec. 68. Minnesota Statutes 2004, section 79.252, is amended by adding a subdivision to read:

Subd. 3b. **Occupational disease exposure.** An employer having a significant occupational disease exposure, as determined by the commissioner, to be entitled to coverage shall have physical examinations made:

(a) of employees who have not been examined within one year of the date of application for assignment;

(b) of new employees before hiring; and

(c) of terminated employees. Upon request, the findings and reports of doctors making examinations, together with x-rays and other original exhibits, must be furnished to the assigned risk plan or the Department of Labor and Industry.

Sec. 69. Minnesota Statutes 2005 Supplement, section 79A.04, subdivision 2, is amended to read:

Subd. 2. **Minimum deposit.** The minimum deposit is 110 percent of the private self-insurer's estimated future liability. The deposit may be used to secure payment of all administrative and legal costs, and unpaid assessments required by section 79A.12, subdivision 2, relating to or arising from its or other employers' self-insuring. As used in this section, "private self-insurer" includes both current and former members of the self-insurers' security fund; and "private self-insurers' estimated future liability" means the private self-insurers' total of estimated future liability as determined by an Associate or Fellow of the Casualty Actuarial Society every year for group member private self-insurers and, for a nongroup member private self-insurer's authority to self-insure, every year for the first five years. After the first five years, the nongroup member's total shall be as determined by an Associate or Fellow of the Casualty Actuarial Society at least every two years, and each such actuarial study shall include a projection of future losses during the period until the next scheduled actuarial study, less payments anticipated to be made during that time.

All data and information furnished by a private self-insurer to an Associate or Fellow of the Casualty Actuarial Society for purposes of determining private self-insurers' estimated future liability must be certified by an officer of the private self-insurer to be true and correct with respect to payroll and paid losses, and must be certified, upon information and belief, to be true and correct with respect to reserves. The certification must be made by sworn affidavit. In addition to any other remedies provided by law, the certification of false data or information pursuant to this subdivision may result in a fine imposed by the commissioner of commerce on the private self-insurer up to the amount of $5,000, and termination of the private self-insurers' authority to self-insure. The determination of private self-insurers' estimated future liability by an Associate or Fellow of the Casualty Actuarial Society shall be conducted in accordance with standards and principles for establishing loss and loss adjustment expense reserves by the Actuarial Standards Board, an affiliate of the American Academy of Actuaries. The commissioner may reject an actuarial report that does not meet the standards and principles of the Actuarial Standards Board, and may further disqualify the actuary who prepared the report from submitting any future actuarial reports pursuant to this chapter. Within 30 days after the actuary has been served by the commissioner with a notice of disqualification, an actuary who is aggrieved by the disqualification may request a hearing to be conducted in accordance with chapter 14. Based on a review of the actuarial report, the commissioner of commerce may require an increase in the minimum security deposit in an amount the commissioner considers sufficient.
In addition, the Minnesota self-insurers' security fund may, at its sole discretion and cost, undertake an independent actuarial review or an actuarial study of a private self-insurer's estimated future liability as defined in this subdivision. The review or study must be conducted by an associate or fellow of the Casualty Actuarial Society. The actuary has the right to receive and review data and information of the self-insurer necessary for the actuary to complete its review or study. A copy of this report must be filed with the commissioner and a copy must be furnished to the self-insurer.

Estimated future liability is determined by first taking the total amount of the self-insured's future liability of workers' compensation claims and then deducting the total amount which is estimated to be returned to the self-insurer from any specific excess insurance coverage, aggregate excess insurance coverage, and any supplementary benefits or second injury benefits which are estimated to be reimbursed by the special compensation fund. However, in the determination of estimated future liability, the actuary for the self-insurer shall not take a credit for any excess insurance or reinsurance which is provided by a captive insurance company which is wholly owned by the self-insurer. Supplementary benefits or second injury benefits will not be reimbursed by the special compensation fund unless the special compensation fund assessment pursuant to section 176.129 is paid and the reports required thereunder are filed with the special compensation fund. In the case of surety bonds, bonds shall secure administrative and legal costs in addition to the liability for payment of compensation reflected on the face of the bond. In no event shall the security be less than the last retention limit selected by the self-insurer with the Workers' Compensation Reinsurance Association, provided that the commissioner may allow former members to post less than the Workers' Compensation Reinsurance Association retention level if that amount is adequate to secure payment of the self-insurers' estimated future liability, as defined in this subdivision, including payment of claims, administrative and legal costs, and unpaid assessments required by section 79A.12, subdivision 2. The posting or depositing of security pursuant to this section shall release all previously posted or deposited security from any obligations under the posting or depositing and any surety bond so released shall be returned to the surety. Any other security shall be returned to the depositor or the person posting the bond.

As a condition for the granting or renewing of a certificate to self-insure, the commissioner may require a private self-insurer to furnish any additional security the commissioner considers sufficient to insure payment of all claims under chapter 176.

Sec. 70. Minnesota Statutes 2004, section 79A.23, subdivision 3, is amended to read:

Subd. 3. Operational audit. (a) The commissioner, prior to authorizing surplus distribution of a commercial self-insurance group's first fund year or no later than after the third anniversary of the group's authority to self-insure, may conduct an operational audit of the commercial self-insurance group's claim handling and reserve practices as well as its underwriting procedures to determine if they adhere to the group's business plan and sound business practices. The commissioner may select outside consultants to assist in conducting the audit. After completion of the audit, the commissioner shall either renew or revoke the commercial self-insurance group's authority to self-insure. The commissioner may also order any changes deemed necessary in the claims handling, reserving practices, or underwriting procedures of the group.

(b) The cost of the operational audit shall be borne by the commercial self-insurance group.

Sec. 71. Minnesota Statutes 2004, section 79A.32, is amended to read:

Designated assets shall be disregarded for purposes of determining eligibility for payment of long-term care services.

(c) The commissioner shall consider the individual’s income according to medical assistance eligibility requirements. The individual shall identify the designated assets and the full fair market value of those assets and designate them as assets to be protected at the time of initial application for medical assistance. The full fair market value of real property or interests in real property shall be based on the most recent full assessed value for property tax purposes for the real property, unless the individual provides a complete professional appraisal by a licensed appraiser to establish the full fair market value. The extent of a life estate in real property shall be determined using the life estate table in the health care program's manual. Ownership of any asset in joint tenancy shall be treated as ownership as tenants in common for purposes of its designation as a disregarded asset. The unprotected value of any protected asset is subject to estate recovery according to subdivisions 13 and 15.

(d) The right to designate assets to be protected is personal to the individual and ends when the individual dies, except as otherwise provided in subdivisions 13 and 15. It does not include the increase in the value of the protected asset and the income, dividends, or profits from the asset. It may be exercised by the individual or by anyone with the legal authority to do so on the individual's behalf. It shall not be sold, assigned, transferred, or given away.
(e) If the dollar amount of the benefits utilized under a partnership policy is greater than the full fair market value of all assets protected at the time of the application for medical assistance long-term care services, the individual may designate additional assets that become available during the individual's lifetime for protection under this section. The individual must make the designation in writing to the county agency no later than the last date on which the individual must report a change in circumstances to the county agency, as provided for under the medical assistance program. Any excess used for this purpose shall not be available to the individual's estate to protect assets in the estate from recovery under section 256B.15 or 524.3-1202, or otherwise.

(f) This section applies only to estate recovery under United States Code, title 42, section 1396p, subsections (a) and (b), and does not apply to recovery authorized by other provisions of federal law, including, but not limited to, recovery from trusts under United States Code, title 42, section 1396p, subsection (d)(4)(A) and (C), or to recovery from annuities, or similar legal instruments, subject to section 6012, subsections (a) and (b), of the Deficit Reduction Act of 2005, Public Law 109-171.

(g) An individual's protected assets owned by the individual's spouse who applies for payment of medical assistance long-term care services shall not be protected assets or disregarded for purposes of eligibility of the individual's spouse solely because they were protected assets of the individual.

(h) Assets designated under this subdivision shall not be subject to penalty under section 256B.0595.

(i) The commissioner shall otherwise determine the individual's eligibility for payment of long-term care services according to medical assistance eligibility requirements.

Subd. 10. Dollar-for-dollar asset protection policies Long-term care partnership policy inflation protection. (a) A dollar-for-dollar asset protection policy must meet all of the requirements in paragraphs (b) to (e).

(b) The policy must satisfy the requirements of chapter 62S.

(c) The policy must offer an elimination period of not more than 180 days for an adjusted premium.

(d) The policy must satisfy the requirements established by the commissioner of human services under subdivision 14.

(e) Minimum daily benefits shall be $130 for nursing home care or $65 for home care, with inflation protection provided in the policy as described in section 62S.23, subdivision 1, clause (1). These minimum daily benefit amounts shall be adjusted by the commissioner on October 1 of each year by a percentage equal to the inflation protection feature described in section 62S.23, subdivision 1, clause (1), for purposes of setting minimum requirements that a policy must meet in future years in order to initially qualify as an approved policy under this subdivision. Adjusted minimum daily benefit amounts shall be rounded to the nearest whole dollar. A long-term care partnership policy must provide the inflation protection described in this subdivision. If the policy is sold to an individual who:

(1) has not attained age 61 as of the date of purchase, the policy must provide compound annual inflation protection;

(2) has attained age 61, but has not attained age 76 as of such date, the policy must provide some level of inflation protection; and

(3) has attained age 76 as of such date, the policy may, but is not required to, provide some level of inflation protection.
Subd. 11. Total asset protection policies. (a) A total asset protection policy must meet all of the requirements in subdivision 10, paragraphs (b) to (d), and this subdivision.

(b) Minimum coverage shall be for a period of not less than three years and for a dollar amount equal to 36 months of nursing home care at the minimum daily benefit rate determined and adjusted under paragraph (c).

(c) Minimum daily benefits shall be $150 for nursing home care or $75 for home care, with inflation protection provided in the policy as described in section 62S.23, subdivision 1, clause (1). These minimum daily benefit amounts shall also be adjusted by the commissioner on October 1 of each year by a percentage equal to the inflation protection feature described in section 62S.23, subdivision 1, clause (1), for purposes of setting minimum requirements that a policy must meet in future years in order to initially qualify as an approved policy under this subdivision. Adjusted minimum daily benefit amounts shall be rounded to the nearest whole dollar.

(d) The policy must cover all of the following services:

1. nursing home stay;
2. home care service; and
3. care management.

Subd. 12. Compliance with federal law. An issuer of a partnership policy must comply with any federal law authorizing partnership policies in Minnesota Public Law 109-171, section 6021, including any federal regulations, as amended, adopted under that law. This subdivision does not require compliance with any provision of this federal law until the date upon which the law requires compliance with the provision. The commissioner has authority to enforce this subdivision.

Subd. 13. Limitations on estate recovery. (a) For an individual who exhausts the minimum benefits of a dollar-for-dollar asset protection policy under subdivision 10, and is determined eligible for medical assistance under subdivision 9, the state shall limit recovery under the provisions of section 256B.15 against the estate of the individual or individual's spouse for medical assistance benefits received by that individual to an amount that exceeds the dollar amount of coverage utilized under the partnership policy. Protected assets of the individual shall not be subject to recovery under section 256B.15 or section 524.3-1201 for medical assistance paid on behalf of the individual. Protected assets of the individual in the estate of the individual's surviving spouse shall not be liable to pay a claim for recovery of medical assistance paid for the predeceased individual that is filed in the estate of the surviving spouse under section 256B.15. Protected assets of the individual shall not be protected assets in the surviving spouse's estate by reason of the preceding sentence and shall be subject to recovery under section 256B.15 or 524.3-1201 for medical assistance paid on behalf of the surviving spouse.

(b) For an individual who exhausts the minimum benefits of a total asset protection policy under subdivision 11, and is determined eligible for medical assistance under subdivision 9, the state shall not seek recovery under the provisions of section 256B.15 against the estate of the individual or individual's spouse for medical assistance benefits received by that individual. The personal representative may protect the full fair market value of an individual's unprotected assets in the individual's estate in an amount equal to the unused amount of asset protection the individual had on the date of death. The personal representative shall apply the asset protection so that the full fair market value of any unprotected asset in the estate is protected. When or if the asset protection available to the personal representative is or becomes less than the full fair market value of any remaining unprotected asset, it shall be applied to partially protect one unprotected asset.

(c) The asset protection described in paragraph (a) terminates with respect to an asset includable in the individual's estate under chapter 524 or section 256B.15:
(1) when the estate distributes the asset; or

(2) if the estate of the individual has not been probated within one year from the date of death.

(d) If an individual owns a protected asset on the date of death and the estate is opened for probate more than one year after death, the state or a county agency may file and collect claims in the estate under section 256B.15, and no statute of limitations in chapter 524 that would otherwise limit or bar the claim shall apply.

(e) Except as otherwise provided, nothing in this section shall limit or prevent recovery of medical assistance.

Subd. 14. Implementation. (a) If federal law is amended or a federal waiver is granted to permit implementation of this section, the commissioner, in consultation with the commissioner of commerce, may alter the requirements of subdivisions 10 and 11, and may establish additional requirements for approved policies in order to conform with federal law or waiver authority. In establishing these requirements, the commissioner shall seek to maximize purchase of qualifying policies by Minnesota residents while controlling medical assistance costs.

(b) The commissioner is authorized to suspend implementation of this section until the next session of the legislature if the commissioner, in consultation with the commissioner of commerce, determines that the federal legislation or federal waiver authorizing a partnership program in Minnesota is likely to impose substantial unforeseen costs on the state budget.

(c) The commissioner must take action under paragraph (a) or (b) within 45 days of final federal action authorizing a partnership policy in Minnesota.

(d) The commissioner must notify the appropriate legislative committees of action taken under this subdivision within 50 days of final federal action authorizing a partnership policy in Minnesota.

(e) The commissioner must publish a notice in the State Register of implementation decisions made under this subdivision as soon as practicable.

(a) The commissioner, in cooperation with the commissioner of commerce, may alter the requirements of this section so as to be in compliance with forthcoming requirements of the Department of Health and Human Services and the National Association of Insurance Commissioners necessary to implement the long-term care partnership program requirements of Public Law 109-171, section 6021.

(b) The commissioner shall submit a state plan amendment to the federal government to implement the long-term care partnership program in accordance with this section.

Subd. 15. Limitation on liens. (a) An individual's interest in real property shall not be subject to a medical assistance lien or a notice of potential claim while and to the extent it is protected under subdivision 9.

(b) Medical assistance liens or liens arising under notices of potential claims against an individual's interests in real property in the individual's estate that are designated as protected under subdivision 13, paragraph (b), shall be released to the extent of the dollar value of the protection applied to the interest.

(c) If an interest in real property is protected from a lien for recovery of medical assistance paid on behalf of the individual under paragraph (a) or (b), no lien for recovery of medical assistance paid on behalf of that individual shall be filed against the protected interest in real property after it is distributed to the individual's heirs or devisees.
Subd. 16. **Burden of proof.** Any individual or the personal representative of the individual’s estate who asserts that an asset is a disregarded or protected asset under this section in connection with any determination of eligibility for benefits under the medical assistance program or any appeal, case, controversy, or other proceedings, shall have the initial burden of:

(1) documenting and proving by clear and convincing evidence that the asset or source of funds for the asset in question was designated as disregarded or protected;

(2) tracing the asset and the proceeds of the asset from that time forward; and

(3) documenting that the asset or proceeds of the asset remained disregarded or protected at all relevant times.

**EFFECTIVE DATE.** This section is effective July 1, 2006.

Sec. 75. Laws 2005, First Special Session chapter 4, article 7, section 59, is amended to read:

Sec. 59. **REPORT TO LEGISLATURE.**

The commissioner shall report to the legislature by December 15, 2006, on the redesign of case management services. In preparing the report, the commissioner shall consult with representatives for consumers, consumer advocates, counties, labor organizations representing county social service workers, and service providers. The report shall include draft legislation for case management changes that will:

(1) streamline administration;

(2) improve consumer access to case management services;

(3) address the use of a comprehensive universal assessment protocol for persons seeking community supports;

(4) establish case management performance measures;

(5) provide for consumer choice of the case management service vendor; and

(6) provide a method of payment for case management services that is cost-effective and best supports the draft legislation in clauses (1) to (5).

Sec. 76. **MEDICAL MALPRACTICE INSURANCE REPORT.**

(a) The commissioner of commerce shall provide to the legislature annually a brief written report on the status of the market for medical malpractice insurance in Minnesota. The report must summarize, interpret, explain, and analyze information on that subject available to the commissioner, through annual statements filed by insurance companies, information obtained under paragraph (c), and other sources.

(b) The annual report must consider, to the extent possible, using definitions developed by the commissioner, Minnesota-specific data on market shares; premiums received; amounts paid to settle claims that were not litigated, claims that were settled after litigation began, and claims that were litigated to court judgment; amounts spent on processing, investigation, litigation, and otherwise handling claims; other sales and administrative costs; and the loss ratios of the insurers.
(c) Each insurance company that provides medical malpractice insurance in this state shall, no later than June 1 each year, file with the commissioner of commerce, on a form prescribed by the commissioner and using definitions developed by the commissioner, the Minnesota-specific data referenced in paragraph (b), other than market share, for the previous calendar year for that insurance company, shown separately for various categories of coverages including, if possible, hospitals, medical clinics, nursing homes, physicians who provide emergency medical care, obstetrician gynecologists, and ambulance services. An insurance company need not comply with this paragraph if its direct premium written in the state for the previous calendar year is less than $2,000,000.

Sec. 3. Minnesota Statutes 2005 Supplement, section 145.4242, is amended to read:

**145.4242 INFORMED CONSENT.**

(a) No abortion shall be performed in this state except with the voluntary and informed consent of the female upon whom the abortion is to be performed. Except in the case of a medical emergency or if the fetus has an anomaly incompatible with life, and the female has declined perinatal hospice care, consent to an abortion is voluntary and informed only if:

(1) the female is told the following, by telephone or in person, by the physician who is to perform the abortion or by a referring physician, at least 24 hours before the abortion:

(i) the particular medical risks associated with the particular abortion procedure to be employed including, when medically accurate, the risks of infection, hemorrhage, breast cancer, danger to subsequent pregnancies, and infertility;

(ii) the probable gestational age of the unborn child at the time the abortion is to be performed;

(iii) the medical risks associated with carrying her child to term; and
(iv) for abortions after 20 weeks gestational, whether or not an anesthetic or analgesic would eliminate or alleviate organic pain to the unborn child caused by the particular method of abortion to be employed and the particular medical benefits and risks associated with the particular anesthetic or analgesic.

The information required by this clause may be provided by telephone without conducting a physical examination or tests of the patient, in which case the information required to be provided may be based on facts supplied to the physician by the female and whatever other relevant information is reasonably available to the physician. It may not be provided by a tape recording, but must be provided during a consultation in which the physician is able to ask questions of the female and the female is able to ask questions of the physician. If a physical examination, tests, or the availability of other information to the physician subsequently indicate, in the medical judgment of the physician, a revision of the information previously supplied to the patient, that revised information may be communicated to the patient at any time prior to the performance of the abortion. Nothing in this section may be construed to preclude provision of required information in a language understood by the patient through a translator;

(2) the female is informed, by telephone or in person, by the physician who is to perform the abortion, by a referring physician, or by an agent of either physician at least 24 hours before the abortion:

(i) that medical assistance benefits may be available for prenatal care, childbirth, and neonatal care;

(ii) that the father is liable to assist in the support of her child, even in instances when the father has offered to pay for the abortion; and

(iii) that she has the right to review the printed materials described in section 145.4243, that these materials are available on a state-sponsored Web site, and what the Web site address is. The physician or the physician's agent shall orally inform the female that the materials have been provided by the state of Minnesota and that they describe the unborn child, list agencies that offer alternatives to abortion, and contain information on fetal pain. If the female chooses to view the materials other than on the Web site, they shall either be given to her at least 24 hours before the abortion or mailed to her at least 72 hours before the abortion by certified mail, restricted delivery to addressee, which means the postal employee can only deliver the mail to the addressee.

The information required by this clause may be provided by a tape recording if provision is made to record or otherwise register specifically whether the female does or does not choose to have the printed materials given or mailed to her;

(3) the female certifies in writing, prior to the abortion, that the information described in clauses (1) and (2) has been furnished to her and that she has been informed of her opportunity to review the information referred to in clause (2), subclause (iii); and

(4) prior to the performance of the abortion, the physician who is to perform the abortion or the physician's agent obtains a copy of the written certification prescribed by clause (3) and retains it on file with the female's medical record for at least three years following the date of receipt.

(b) Prior to administering the anesthetic or analgesic as described in paragraph (a), clause (1), item (iv), the physician must disclose to the woman any additional cost of the procedure for the administration of the anesthetic or analgesic. If the woman consents to the administration of the anesthetic or analgesic, the physician shall administer the anesthetic or analgesic or arrange to have the anesthetic or analgesic administered.

(c) A female seeking an abortion of her unborn child diagnosed with fetal anomaly incompatible with life must be informed of available perinatal hospice services and offered this care as an alternative to abortion. If perinatal hospice services are declined, voluntary and informed consent by the female seeking an abortion is given if the female receives the information required in paragraphs (a), clause (1) and (b). The female must comply with the requirements in paragraph (a), clauses (3) and (4).

Any money so received is hereby appropriated and dedicated for the purpose for which it is granted. Lands and interests in lands so received may be sold or exchanged as provided in chapter 94.

(b) When the commissioner of natural resources accepts lands or interests in land, the commissioner may reimburse the donor for costs incurred to obtain an appraisal needed for tax reporting purposes. If the state pays the donor for a portion of the value of the lands or interests in lands that are donated, the reimbursement for appraisal costs shall not exceed $1,500. If the donor receives no payment from the state for the lands or interests in lands that are donated, the reimbursement for appraisal costs shall not exceed $5,000.

(c) The commissioner of natural resources, on behalf of the state, may accept and use grants of money or property from the United States or other grantors for conservation purposes not inconsistent with the laws of this state. Any money or property so received is hereby appropriated and dedicated for the purposes for which it is granted, and shall be expended or used solely for such purposes in accordance with the federal laws and regulations pertaining thereto, subject to applicable state laws and rules as to manner of expenditure or use providing that the commissioner may make subgrants of any money received to other agencies, units of local government, private individuals, private organizations, and private nonprofit corporations. Appropriate funds and accounts shall be maintained by the commissioner of finance to secure compliance with this section.

(2) selection and marking of timber to be cut;

(3) measurement of products;

(4) aid in marketing harvested products;

(5) provision of tree-planting equipment; and

Sec. 9. [89.22] USES OF STATE FOREST LANDS; FEES.

Subdivision 1. Establishing fees. Notwithstanding section 16A.1283, the commissioner may, by written order published in the State Register, establish fees providing for the use of state forest lands, including motorcycle, snowmobile, and sports car rallies, races, or enduros; orienteering trials; group campouts that do not occur at designated group camps; dog sled races; dog trials; large horse trail rides; and commercial uses. The fees are not subject to the rulemaking provisions of chapter 14 and section 14.386 does not apply.

Subd. 2. Receipts to natural resources fund. Fees collected under subdivision 1 shall be credited to a forest land use account in the natural resources fund.

Sec. 10. Minnesota Statutes 2004, section 90.14, is amended to read:

90.14 AUCTION SALE PROCEDURE.

(a) All state timber shall be offered and sold by the same unit of measurement as it was appraised. The sale shall be made to the person who (1) bids the highest price for all the several kinds of timber as advertised, or (2) if unsold at public auction, to the person who purchases at any subsequent sale authorized under section 90.101, subdivision 1. No tract shall be sold to any person other than the purchaser in whose name the bid was made. The commissioner may refuse to approve any and all bids received and cancel a sale of state timber for good and sufficient reasons.

(b) The purchaser at any sale of timber shall, immediately upon the approval of the bid, or, if unsold at public auction, at the time of purchase at a subsequent sale under section 90.101, subdivision 1, pay to the commissioner a down payment of 15 percent of the appraised value. In case any purchaser fails to make such payment, the purchaser shall be liable therefor to the state in a civil action, and the commissioner may reoffer the timber for sale as though no bid or sale under section 90.101, subdivision 1, therefor had been made.

(c) In lieu of the scaling of state timber required by this chapter, a purchaser of state timber may, at the time of payment by the purchaser to the commissioner of 15 percent of the appraised value, elect in writing on a form prescribed by the attorney general to purchase a permit based solely on the appraiser's estimate of the volume of timber described in the permit, provided that the commissioner has expressly designated the availability of such option for that tract on the list of tracts available for sale as required under section 90.101. A purchaser who elects in writing on a form prescribed by the attorney general to purchase a permit based solely on the appraiser's estimate of the volume of timber described on the permit does not have recourse to the provisions of section 90.281.

(d) In the case of a public auction sale conducted by a sealed bid process, tracts shall be awarded to the high bidder, who shall pay to the commissioner a down payment of 15 percent of the appraised value within ten business days of receiving a written award notice. If a purchaser fails to make the down payment, the purchaser is liable for the down payment to the state and the commissioner may offer the timber for sale to the next highest bidder as though no higher bid had been made.
(e) Except as otherwise provided by law, at the time the purchaser signs a permit issued under section 90.151, the purchaser shall make a bid guarantee payment to the commissioner in an amount equal to 15 percent of the total purchase price of the permit less the down payment amount required by paragraph (b). If the bid guarantee payment is not submitted with the signed permit, no harvesting may occur, the permit cancels, and the down payment for timber forfeits to the state. The bid guarantee payment forfeits to the state if the purchaser and successors in interest fail to execute an effective permit.

Sec. 11. [90.145] PURCHASER QUALIFICATIONS AND REGISTRATION.

Subdivision 1. Purchaser qualifications. (a) In addition to any other requirements imposed by this chapter, the purchaser of a state timber permit issued under section 90.151 must meet the requirements in paragraphs (b) to (d).

(b) The purchaser and the purchaser's agents, employees, subcontractors, and assigns must comply with general industry safety standards for logging adopted by the commissioner of labor and industry under chapter 182. The commissioner of natural resources shall require a purchaser to provide proof of compliance with the general industry safety standards.

(c) The purchaser and the purchaser's agents, subcontractors, and assigns must comply with the mandatory insurance requirements of chapter 176. The commissioner shall require a purchaser to provide a copy of the proof of insurance required by section 176.130 before the start of harvesting operations on any permit.

(d) Before the start of harvesting operations on any permit, the purchaser must certify that a foreperson or other designated employee who has a current certificate of completion from the Minnesota logger education program (MLEP), the Wisconsin Forest Industry Safety and Training Alliance (FISTA), or any similar program acceptable to the commissioner, is supervising active logging operations.

Subd. 2. Purchaser preregistration. To facilitate the sale of permits issued under section 90.151, the commissioner may establish a purchaser preregistration system. Any system implemented by the commissioner shall be limited in scope to only that information that is required for the efficient administration of the purchaser qualification provisions of this chapter and shall conform with the requirements of chapter 13.

Sec. 12. Minnesota Statutes 2004, section 90.151, subdivision 1, is amended to read:

Subdivision 1. Issuance; expiration. (a) Following receipt of the down payment for state timber required under section 90.14 or 90.191, the commissioner shall issue a numbered permit to the purchaser, in a form approved by the attorney general, by the terms of which the purchaser shall be authorized to enter upon the land, and to cut and remove the timber therein described as designated for cutting in the report of the state appraiser, according to the provisions of this chapter. The permit shall be correctly dated and executed by the commissioner and signed by the purchaser. If a permit is not signed by the purchaser within 60 days from the date of purchase, the permit cancels and the down payment for timber required under section 90.14 forfeits to the state.

(b) The permit shall expire no later than five years after the date of sale as the commissioner shall specify or as specified under section 90.191, and the timber shall be cut within the time specified therein. All cut timber, equipment, and buildings not removed from the land within 90 days after expiration of the permit shall become the property of the state.

(c) The commissioner may grant an additional period of time not to exceed 120 days for the removal of cut timber, equipment, and buildings upon receipt of such request by the permit holder for good and sufficient reasons. The commissioner may grant a second period of time not to exceed 120 days for the removal of cut timber, equipment, and buildings upon receipt of a request by the permit holder for hardship reasons only.
(d) No permit shall be issued to any person other than the purchaser in whose name the bid was made.

Sec. 13. Minnesota Statutes 2004, section 90.151, subdivision 6, is amended to read:

Subd. 6. Notice and approval required. The permit shall provide that the permit holder shall not start cutting any state timber nor clear building sites nor logging roads until the commissioner has been notified and has given prior approval to such cutting operations. Approval shall not be granted until the permit holder has completed a presale conference with the state appraiser designated to supervise the cutting. The permit holder shall also give prior notice whenever permit operations are to be temporarily halted, whenever permit operations are to be resumed, and when permit operations are to be completed.

Sec. 14. Minnesota Statutes 2004, section 90.151, is amended by adding a subdivision to read:

Subd. 15. Liquidated damages. The permit may include a schedule of liquidated damage charges for breach of permit terms by the permit holder. The damage charges shall be limited to amounts that are reasonable in light of the anticipated or actual harm caused by the breach, the difficulties of proof of loss, and the inconvenience or nonfeasibility of otherwise obtaining an adequate remedy.

Sec. 15. Minnesota Statutes 2004, section 103D.271, subdivision 7, is amended to read:

Subd. 7. Termination hearing order. When the board determines a termination petition has been filed that meets the requirements of subdivisions 4 and 5 and the petitioner's bond has been filed, the board must, by order, set a time by 35 days after its determination and a location within the watershed district for a termination hearing.

Sec. 16. Minnesota Statutes 2004, section 103I.005, subdivision 9, is amended to read:

Subd. 9. Exploratory boring. "Exploratory boring" means a surface drilling done to explore or prospect for oil, natural gas, apatite, diamonds, graphite, gemstones, kaolin clay, and metallic minerals, including iron, copper, zinc, lead, gold, silver, titanium, vanadium, nickel, cadmium, molybdenum, chromium, manganese, cobalt, zirconium, beryllium, thorium, uranium, aluminum, platinum, palladium, radium, tantalum, tin, and niobium, and a drilling or boring for petroleum.

Sec. 17. Laws 2003, chapter 128, article 1, section 165, is amended to read:

Sec. 165. ISTS PILOT PROGRAM.

The Pollution Control Agency shall, in conjunction with the association of Minnesota counties, designate three cooperating counties with waterbodies listed as impaired by fecal coliform bacteria, and within designated counties shall:

(1) by July 1, 2007, 2008, complete an inventory of properties with individual sewage treatment systems that are an imminent threat to public health or safety due to surface water discharges of untreated sewage, and the inventory of properties may be phased over the period of the pilot project; and

(2) require compliance under the applicable requirements of this section by May 1, 2008, 2009. The pollution control agency may utilize cooperative agreements with the three pilot counties to meet the requirements of clauses (1) and (2).
Sec. 18.  LOWER MINNESOTA RIVER WATERSHED DISTRICT; AUTHORITY TO ACQUIRE, MAINTAIN, OPERATE, IMPROVE, AND ENLARGE DREDGE MATERIAL SITE.

Subdivision 1. Definitions. The definitions in this subdivision apply to this section:

(1) "district" means the Lower Minnesota River Watershed District, a district established under Minnesota Statutes, chapter 103D;

(2) "governing body" means the managers of the district as defined in Minnesota Statutes, section 103D.011, subdivision 15; and

(3) "dredge material site" means a site at which public agencies or private customers may deposit material from dredging activities conducted on the Minnesota River.

Subd. 2. Authorization; authority to own and operate. The district may own and operate a dredge material site for its own needs, the needs of other public agencies, the needs of private customers, or any combination of these. The district may acquire, construct, and install all facilities needed for that purpose and may lease, purchase, or acquire by exercise of the power of eminent domain any existing properties so needed. The district may sell the dredge material to any person or entity. If the governing body determines that the dredge material has no value, the district may convey the dredge material for no consideration to any person or entity. The district may hire all personnel the governing body deems necessary and may make all necessary rules and regulations for the operation and maintenance of the dredge material site.

Subd. 3. Charges; net revenues. (a) To pay for the acquisition, maintenance, operation, improvement, and enlargement of the dredge material site and to obtain and comply with permits required by law for the dredge material site, the governing body may impose charges for permitting private customers to deposit dredge material at the dredge material site and make contracts for the charges as provided in this section.

(b) The amount of the charges imposed shall be established at the discretion of the governing body. In determining the amount of the charges to be imposed, the governing body may give consideration to all costs of the operation and maintenance of the dredge material site, the costs of depreciation and replacement of structures and equipment, the costs of improvements and enlargements, the cost of reimbursing the district for special assessment revenues expended for the benefit of persons or entities not subject to special assessment levies by the district, the amount of the principal and interest to become due on obligations issued or to be issued, the costs of obtaining and complying with permits required by law, the price charged for similar services by other providers of dredge material sites in similar markets, and all other factors the governing body deems relevant.

(c) At its discretion, the governing body may impose a surcharge on private customers using the dredge material site in addition to the charges allowed under paragraph (a). The surcharge shall be for the purpose of paying for the removal of dredge material from the dredging site if the governing body determines it necessary. If the governing body later determines that there is no need to pay for the removal of the dredge material from the dredge material site, the governing body shall rebate all surcharges paid by private customers.

Sec. 19. APPLICATION OF STORM WATER RULES TO COUNTIES.

Until the Pollution Control Agency storm water rules are amended, the provisions of Minnesota Rules, part 7090.1010, subpart 1, item B, subitems (2) and (3), only, shall not apply to counties.

Sec. 20. REPEALER.

Sec. 42. Minnesota Statutes 2004, section 97C.025, is amended to read:

97C.025 FISHING AND MOTORBOATS RESTRICTED IN CERTAIN AREAS.

(a) The commissioner may prohibit or restrict the taking of fish or the operation of motorboats by posting waters that:

(1) are designated as spawning beds or fish preserves;

(2) are being used by the commissioner for fisheries research or management activities; or

(3) are licensed by the commissioner as a private fish hatchery or aquatic farm under section 17.4984, subdivision 1, or 97C.211, subdivision 1.

An area may be posted under this paragraph if necessary to prevent excessive depletion of fish or interference with fisheries research or management activities or private fish hatchery or aquatic farm operations.

(b) The commissioner will consider the following criteria in determining if waters licensed under a private fish hatchery or aquatic farm should be posted under paragraph (a):

(1) the waters contain game fish brood stock that are vital to the private fish hatchery or aquatic farm operation;

(2) game fish are present in the licensed waters only as a result of aquaculture activities by the licensee; and

(3) no public access to the waters existed when the waters were first licensed.
(c) A private fish hatchery or aquatic farm licensee may not take fish or authorize others to take fish in licensed waters that are posted under paragraph (a), except as provided in section 17.4983, subdivision 3, and except that if waters are posted to allow the taking of fish under special restrictions, licensees and others who can legally access the waters may take fish under those special restrictions.

(d) Before March 1, 2003, riparian landowners adjacent to licensed waters on April 30, 2002, and riparian landowners who own land adjacent to waters licensed after April 30, 2002, on the date the waters become licensed waters, plus their children and grandchildren, may take two daily limits of fish per month under an angling license subject to the other limits and conditions in the game and fish laws.

(e) Except as provided in paragraphs (c), (d), and (f), a person may not take fish or operate a motorboat if prohibited by posting under paragraph (a).

(f) An owner of riparian land adjacent to an area posted under paragraph (a) may operate a motorboat through the area by the shortest direct route at a speed of not more than five miles per hour.

(g) Postings for water bodies designated under paragraph (a), clause (1), or being used for fisheries research or management under paragraph (a), clause (2), are not subject to the rulemaking provisions of chapter 14 and section 14.386 does not apply.

Sec. 43. Minnesota Statutes 2004, section 97C.081, subdivision 4, is amended to read:

Subd. 4. Restrictions. The commissioner may by rule establish restrictions on fishing contests to protect fish and fish habitat, to restrict activities during high use periods, to restrict activities that affect research or management work, to restrict the number of boats, and for the safety of contest participants.

Sec. 44. Minnesota Statutes 2004, section 97C.081, subdivision 6, is amended to read:

Subd. 6. Permit application process. (a) Beginning September August 1 each year, the commissioner shall accept permit applications for fishing contests to be held in the following year.

(b) If the number of permit applications received by the commissioner from September August 1 through the last Friday in October September exceeds the limits specified in subdivisions 7 and 8, the commissioner shall notify the affected applicants that their requested locations and time period are subject to a drawing. After notification, the commissioner shall allow the affected applicants a minimum of seven days to change the location or time period requested on their applications, provided that the change is not to a location or time period for which applications are already at or above the limits specified in subdivisions 7 and 8.

(c) After the applicants have been given at least seven days to change their applications, the commissioner shall conduct a drawing for all locations and time periods for which applications exceed limits. First preference in the drawings shall be given to applicants for established or traditional fishing contests, and second preference to applicants for contests that are not established as traditional fishing contests based on the number of times they have been unsuccessful in previous drawings. Except for applicants of established or traditional fishing contests, an applicant who is successful in a drawing loses all accumulated preference. "Established or traditional fishing contest" means a fishing contest that was issued permits in 1999 and 2000 or was issued permits four out of five years from 1996 to 2000 for the same lake and time period. Beginning with 2001, established or traditional fishing contests must continue to be conducted at least four out of five years for the same lake and time period to remain established or traditional.

(d) The commissioner has until December November 7 to approve or deny permit applications that are submitted by 4:30 p.m. on the last Friday in October September. The commissioner may approve a permit application that is received after 4:30 p.m. on the last Friday in October September if approving the application would not result in exceeding the limits in subdivisions 7 and 8.
Sec. 45. Minnesota Statutes 2004, section 97C.081, subdivision 8, is amended to read:

Subd. 8. **Limits on number of fishing contests.** (a) The number of permitted fishing contests allowed each month on a water body shall not exceed the following limits:

For all other rivers, no more than two contest permits, not to exceed four days combined, may be issued for any continuous segment of a river per month. Of the two contests permitted, only one shall be a large permitted fishing contest. Permits issued by the commissioner shall not exceed 60 continuous river miles.

Subd. 9. **Permit restrictions.** (a) The commissioner may require fishing contest permittees to limit prefishing to week days only as a condition of a fishing contest permit. The commissioner may require proof from permittees that prefishing restrictions on the permit are communicated to fishing contest participants and enforced.
(b) The commissioner may require permit restrictions on the hours that a permitted fishing contest is conducted, including, but not limited to, starting and ending times.

(c) The commissioner may require permit restrictions on the number of parking spaces that may be used on a state-owned public water access site. The commissioner may require proof from permittees that parking restrictions on the permit are communicated to fishing contest participants and enforced.

(d) To prevent undue loss mortality of released fish, the commissioner may require restrictions for off-site weigh-ins and live releases on a fishing contest permit or may deny permits requesting an off-site weigh-in or live release.

(e) A person may not transfer a fishing contest permit to another person.

(f) Failure to comply with fishing contest permit restrictions may be considered grounds for denial of future permit applications.

97C.205 RULES FOR TRANSPORTING AND STOCKING FISH.

(a) Except on the water body where taken, a person may not transport a live fish in a quantity of water sufficient to keep the fish alive, unless the fish:

(1) prescribe methods to acquire brood stock for the ponds by seining public waters;

(3) prescribe methods for stocking the fish in public waters that give priority to the needs of the community where the fish are reared and the desires of the organization operating the rearing pond.

(c) (d) A person age 16 or under may, for purposes of display in a home aquarium, transport largemouth bass, smallmouth bass, yellow perch, rock bass, black crappie, white crappie, bluegill pumpkinseed, green sunfish, orange spotted sunfish, and black, yellow, and brown bullheads taken by angling. May 20, 2006

The Honorable James P. Metzen
President of the Senate

The Honorable Steve Sviggum
Speaker of the House of Representatives

We, the undersigned conferees for S. F. No. 3199 report that we have agreed upon the items in dispute and recommend as follows:

That the House recede from its amendments and that S. F. No. 3199 be further amended as follows:

Delete everything after the enacting clause and insert:

"Section 1. [257.026] NOTIFICATION OF RESIDENCE WITH CERTAIN CONVICTED PERSONS.

A person who is granted or exercises custody of a child or parenting time with a child under this chapter or chapter 518 must notify the child's other parent, if any, the county social services agency, and the court that granted the custody or parenting time, if the person knowingly marries or lives in the same residence with a person who has been convicted of a crime listed in section 518.179, subdivision 2.

Sec. 2. Minnesota Statutes 2004, section 257.55, subdivision 1, is amended to read:

Subdivision 1. Presumption. A man is presumed to be the biological father of a child if:

(a) He and the child's biological mother are or have been married to each other and the child is born during the marriage, or within 280 days after the marriage is terminated by death, annulment, declaration of invalidity,
dissolution, or divorce, or after a decree of legal separation is entered by a court. The presumption in this paragraph does not apply if the man has joined in a recognition of parentage recognizing another man as the biological father under section 257.75, subdivision 1a;

(b) Before the child's birth, he and the child's biological mother have attempted to marry each other by a marriage solemnized in apparent compliance with law, although the attempted marriage is or could be declared void, voidable, or otherwise invalid, and,

(1) if the attempted marriage could be declared invalid only by a court, the child is born during the attempted marriage, or within 280 days after its termination by death, annulment, declaration of invalidity, dissolution or divorce; or

(2) if the attempted marriage is invalid without a court order, the child is born within 280 days after the termination of cohabitation;

(c) After the child's birth, he and the child's biological mother have married, or attempted to marry, each other by a marriage solemnized in apparent compliance with law, although the attempted marriage is or could be declared void, voidable, or otherwise invalid, and,

(1) he has acknowledged his paternity of the child in writing filed with the state registrar of vital statistics;

(2) with his consent, he is named as the child's father on the child's birth record; or

(3) he is obligated to support the child under a written voluntary promise or by court order;

(d) While the child is under the age of majority, he receives the child into his home and openly holds out the child as his biological child;

(e) He and the child's biological mother acknowledge his paternity of the child in a writing signed by both of them under section 257.34 and filed with the state registrar of vital statistics. If another man is presumed under this paragraph to be the child's father, acknowledgment may be effected only with the written consent of the presumed father or after the presumption has been rebutted;

(f) Evidence of statistical probability of paternity based on blood or genetic testing establishes the likelihood that he is the father of the child, calculated with a prior probability of no more than 0.5 (50 percent), is 99 percent or greater;

(g) He and the child's biological mother have executed a recognition of parentage in accordance with section 257.75 and another man is presumed to be the father under this subdivision;

(h) He and the child's biological mother have executed a recognition of parentage in accordance with section 257.75 and another man and the child's mother have executed a recognition of parentage in accordance with section 257.75; or
He and the child's biological mother executed a recognition of parentage in accordance with section 257.75 when either or both of the signatories were less than 18 years of age.

Sec. 3. Minnesota Statutes 2004, section 257.57, subdivision 2, is amended to read:

Subd. 2. Actions under other paragraphs of section 257.55, subdivision 1. The child, the mother, or personal representative of the child, the public authority chargeable by law with the support of the child, the personal representative or a parent of the mother if the mother has died or is a minor, a man alleged or alleging himself to be the father, or the personal representative or a parent of the alleged father if the alleged father has died or is a minor may bring an action:

(1) at any time for the purpose of declaring the existence of the father and child relationship presumed under section sections 257.55, subdivision 1, paragraph (d), (e), (f), (g), or (h), and 257.62, subdivision 5, paragraph (b), or the nonexistence of the father and child relationship presumed under section 257.55, subdivision 1, clause (d) of that subdivision;

(2) for the purpose of declaring the nonexistence of the father and child relationship presumed under section 257.55, subdivision 1, paragraph (e) or (g), only if the action is brought within six months after the person bringing the action obtains the results of blood or genetic tests that indicate that the presumed father is not the father of the child;

(3) for the purpose of declaring the nonexistence of the father and child relationship presumed under section 257.55, subdivision 1, paragraph (f) 257.62, subdivision 5, paragraph (b), only if the action is brought within three years after the party bringing the action, or the party's attorney of record, has been provided the blood or genetic test results; or

(4) for the purpose of declaring the nonexistence of the father and child relationship presumed under section 257.75, subdivision 9, only if the action is brought by the minor signatory within six months after the minor signatory reaches the age of 18. In the case of a recognition of parentage executed by two minor signatories, the action to declare the nonexistence of the father and child relationship must be brought within six months after the youngest signatory reaches the age of 18.

Sec. 4. Minnesota Statutes 2004, section 257.62, subdivision 5, is amended to read:

Subd. 5. Positive test results. (a) If the results of blood or genetic tests completed in a laboratory accredited by the American Association of Blood Banks indicate that the likelihood of the alleged father's paternity, calculated with a prior probability of no more than 0.5 (50 percent), is 92 percent or greater, upon motion the court shall order the alleged father to pay temporary child support determined according to chapter 518. The alleged father shall pay the support money to the public authority if the public authority is a party and is providing services to the parties or, if not, into court pursuant to the Rules of Civil Procedure to await the results of the paternity proceedings.

(b) If the results of blood or genetic tests completed in a laboratory accredited by the American Association of Blood Banks indicate that likelihood of the alleged father's paternity, calculated with a prior probability of no more than 0.5 (50 percent), is 99 percent or greater, there is an evidentiary presumption that the alleged father is presumed to be the parent biological father and the party opposing the establishment of the alleged father's paternity has the burden of proving by clear and convincing evidence that the alleged father is not the father of the child.
(c) A determination under this subdivision that the alleged father is the biological father does not preclude the adjudication of another man as the legal father under section 257.55, subdivision 2, nor does it allow the donor of genetic material for assisted reproduction for the benefit of a recipient parent, whether sperm or ovum (egg), to claim to be the child's biological or legal parent.

Sec. 5. Minnesota Statutes 2004, section 257C.03, subdivision 7, is amended to read:

Subd. 7. Interested third party; burden of proof; factors. (a) To establish that an individual is an interested third party, the individual must:

(1) show by clear and convincing evidence that one of the following factors exist:

   (i) the parent has abandoned, neglected, or otherwise exhibited disregard for the child's well-being to the extent that the child will be harmed by living with the parent;

   (ii) placement of the child with the individual takes priority over preserving the day-to-day parent-child relationship because of the presence of physical or emotional danger to the child, or both; or

   (iii) other extraordinary circumstances; and

(2) prove by a preponderance of the evidence that it is in the best interests of the child to be in the custody of the interested third party; and

(3) show by clear and convincing evidence that granting the petition would not violate section 518.179, subdivision 1a.

(b) The following factors must be considered by the court in determining an interested third party's petition:

(1) the amount of involvement the interested third party had with the child during the parent's absence or during the child's lifetime;

(2) the amount of involvement the parent had with the child during the parent's absence;

(3) the presence or involvement of other interested third parties;

(4) the facts and circumstances of the parent's absence;

(5) the parent's refusal to comply with conditions for retaining custody set forth in previous court orders;

(6) whether the parent now seeking custody was previously prevented from doing so as a result of domestic violence;

(7) whether a sibling of the child is already in the care of the interested third party; and

(8) the existence of a standby custody designation under chapter 257B.

(c) In determining the best interests of the child, the court must apply the standards in section 257C.04.
Sec. 6. Minnesota Statutes 2005 Supplement, section 259.24, subdivision 6a, is amended to read:

Subd. 6a. Withdrawal of consent. Except for consents executed under section 260C.201, subdivision 11, a parent's consent to adoption may be withdrawn for any reason within ten working days after the consent is executed and acknowledged. Written notification of withdrawal of consent must be received by the agency to which the child was surrendered no later than the tenth working day after the consent is executed and acknowledged. On the day following the tenth working day after execution and acknowledgment, the consent shall become irrevocable, except upon order of a court of competent jurisdiction after written findings that consent was obtained by fraud. A consent to adopt executed under section 260C.201, subdivision 11, is irrevocable upon proper notice to both parents of the effect of a consent to adopt and acceptance by the court, except upon order of the same court after written findings that the consent was obtained by fraud. A consent to adopt executed under section 260C.201, subdivision 11, is irrevocable upon proper notice to both parents of the effect of a consent to adopt and acceptance by the court, except upon order of the same court after written findings that the consent was obtained by fraud. In proceedings to determine the existence of fraud, the adoptive parents and the child shall be made parties. The proceedings shall be conducted to preserve the confidentiality of the adoption process. There shall be no presumption in the proceedings favoring the birth parents over the adoptive parents.

Sec. 7. Minnesota Statutes 2004, section 259.58, is amended to read:

259.58 COMMUNICATION OR CONTACT AGREEMENTS.

Adoptive parents and a birth relative or foster parents may enter an agreement regarding communication with or contact between an adopted minor, adoptive parents, and a birth relative or foster parents under this section. An agreement may be entered between:

1. adoptive parents and a birth parent;

2. adoptive parents and any other birth relative or foster parent with whom the child resided before being adopted; or

3. adoptive parents and any other birth relative if the child is adopted by a birth relative upon the death of both birth parents.

For purposes of this section, "birth relative" means a parent, stepparent, grandparent, brother, sister, uncle, or aunt of a minor adoptee. This relationship may be by blood, adoption, or marriage. For an Indian child, birth relative includes members of the extended family as defined by the law or custom of the Indian child's tribe or, in the absence of laws or custom, nieces, nephews, or first or second cousins, as provided in the Indian Child Welfare Act, United States Code, title 25, section 1903.

(a) An agreement regarding communication with or contact between minor adoptees, adoptive parents, and a birth relative is not legally enforceable unless the terms of the agreement are contained in a written court order entered in accordance with this section. An order may be sought at any time before a decree of adoption is granted. The order must be issued within 30 days of being submitted to the court or by the granting of the decree of adoption, whichever is earlier. The court shall not enter a proposed order unless the terms of the order have been approved in writing by the prospective adoptive parents, a birth relative or foster parent who desires to be a party to the agreement, and, if the child is in the custody of or under the guardianship of an agency, a representative of the agency. A birth parent must approve in writing of an agreement between adoptive parents and any other birth relative or foster parent, unless an action has been filed against the birth parent by a county under chapter 260. An agreement under this section need not disclose the identity of the parties to be legally enforceable. The court shall not enter a proposed order unless the court finds that the communication or contact between the minor adoptee, the adoptive parents, and a birth relative as agreed upon and contained in the proposed order would be in the minor adoptee's best interests. The court shall mail a certified copy of the order to the parties to the agreement or their representatives at the addresses provided by the petitioners.
(b) Failure to comply with the terms of an agreed order regarding communication or contact that has been
entered by the court under this section is not grounds for:

(1) setting aside an adoption decree; or

(2) revocation of a written consent to an adoption after that consent has become irrevocable.

(c) An agreed order entered under this section may be enforced by filing a petition or motion with the family
court that includes a certified copy of the order granting the communication, contact, or visitation, but only if the
petition or motion is accompanied by an affidavit that the parties have mediated or attempted to mediate any dispute
under the agreement or that the parties agree to a proposed modification. The prevailing party may be awarded
reasonable attorney's fees and costs. The court shall not modify an agreed order under this section unless it finds
that the modification is necessary to serve the best interests of the minor adoptee, and:

(1) the modification is agreed to by the parties to the agreement; or

(2) exceptional circumstances have arisen since the agreed order was entered that justify modification of the
order.

(d) For children under state guardianship when there is a written communication or contact agreement between
prospective adoptive parents and birth relatives other than birth parents it must be included in the final adoption
decree unless all the parties agree to omit it. If the adoptive parents or birth relatives do not comply with the
communication or contact agreement, the court shall determine the terms of the communication and contact
agreement.

Sec. 8. Minnesota Statutes 2004, section 484.65, subdivision 9, is amended to read:

Subd. 9. Referees; review appeal. All recommended orders and findings of a referee shall be subject to
confirmation by said district court judge. Review of any recommended order or finding of a referee by the district
court judge may be had by notice served and filed within ten days of effective notice of such recommended order or
finding. The notice of review shall specify the grounds for such review and the specific provisions of the
recommended findings or orders disputed, and said district court judge, upon receipt of such notice of review, shall
set a time and place for such review hearing. Fourth Judicial District Family Court referee orders and decrees may
be appealed directly to the Court of Appeals in the same manner as judicial orders and decrees. The time for
appealing an appealable referee order runs from service by any party of written notice of the filing of the confirmed
order.

EFFECTIVE DATE. This section is effective the day following final enactment.

Sec. 9. Minnesota Statutes 2005 Supplement, section 518.005, subdivision 6, is amended to read:

Subd. 6. Filing fee. The initial pleading first paper filed for a party in all proceedings for dissolution of
marriage, legal separation, or annulment or proceedings to establish child support obligations shall be accompanied
by a filing fee of $50. The fee is in addition to any other prescribed by law or rule.

EFFECTIVE DATE. This section is effective July 1, 2006.
Sec. 10. Minnesota Statutes 2004, section 518.1705, subdivision 7, is amended to read:

Subd. 7. Moving the child to another state. Parents may agree, but the court must not require, that in a parenting plan the factors in section 518.17 or 257.025, as applicable, upon the legal standard that will govern a decision concerning removal of a child's residence from this state, provided that:

(1) both parents were represented by counsel when the parenting plan was approved; or

(2) the court found the parents were fully informed, the agreement was voluntary, and the parents were aware of its implications.

Sec. 11. Minnesota Statutes 2004, section 518.175, subdivision 1, is amended to read:

Subdivision 1. General. (a) In all proceedings for dissolution or legal separation, subsequent to the commencement of the proceeding and continuing thereafter during the minority of the child, the court shall, upon the request of either parent, grant such parenting time on behalf of the child and a parent as will enable the child and the parent to maintain a child to parent relationship that will be in the best interests of the child.

If the court finds, after a hearing, that parenting time with a parent is likely to endanger the child's physical or emotional health or impair the child's emotional development, the court shall restrict parenting time with that parent as to time, place, duration, or supervision and may deny parenting time entirely, as the circumstances warrant. The court shall consider the age of the child and the child's relationship with the parent prior to the commencement of the proceeding.

A parent's failure to pay support because of the parent's inability to do so shall not be sufficient cause for denial of parenting time.

(b) The court may provide that a law enforcement officer or other appropriate person will accompany a party seeking to enforce or comply with parenting time.

(c) Upon request of either party, to the extent practicable an order for parenting time must include a specific schedule for parenting time, including the frequency and duration of visitation and visitation during holidays and vacations, unless parenting time is restricted, denied, or reserved.

(d) The court administrator shall provide a form for a pro se motion regarding parenting time disputes, which includes provisions for indicating the relief requested, an affidavit in which the party may state the facts of the dispute, and a brief description of the parenting time expeditor process under section 518.1751. The form may not include a request for a change of custody. The court shall provide instructions on serving and filing the motion.

(e) In the absence of other evidence, there is a rebuttable presumption that a parent is entitled to receive at least 25 percent of the parenting time for the child. For purposes of this paragraph, the percentage of parenting time may be determined by calculating the number of overnights that a child spends with a parent or by using a method other than overnights if the parent has significant time periods on separate days when the child is in the parent's physical custody but does not stay overnight. The court may consider the age of the child in determining whether a child is with a parent for a significant period of time.

Sec. 12. Minnesota Statutes 2004, section 518.175, subdivision 1, is amended to read:

Subdivision 1. General. (a) In all proceedings for dissolution or legal separation, subsequent to the commencement of the proceeding and continuing thereafter during the minority of the child, the court shall, upon the request of either parent, grant such parenting time on behalf of the child and a parent as will enable the child and the parent to maintain a child to parent relationship that will be in the best interests of the child.
If the court finds, after a hearing, that parenting time with a parent is likely to endanger the child's physical or emotional health or impair the child's emotional development, the court shall restrict parenting time with that parent as to time, place, duration, or supervision and may deny parenting time entirely, as the circumstances warrant. The court shall consider the age of the child and the child's relationship with the parent prior to the commencement of the proceeding.

A parent's failure to pay support because of the parent's inability to do so shall not be sufficient cause for denial of parenting time.

(b) The court may provide that a law enforcement officer or other appropriate person will accompany a party seeking to enforce or comply with parenting time.

(c) Upon request of either party, to the extent practicable an order for parenting time must include a specific schedule for parenting time, including the frequency and duration of visitation and visitation during holidays and vacations, unless parenting time is restricted, denied, or reserved.

(d) The court administrator shall provide a form for a pro se motion regarding parenting time disputes, which includes provisions for indicating the relief requested, an affidavit in which the party may state the facts of the dispute, and a brief description of the parenting time expeditor process under section 518.175. The form may not include a request for a change of custody. The court shall provide instructions on serving and filing the motion.

(e) In the absence of other evidence, there is a rebuttable presumption that a parent is entitled to receive at least 25 percent of the parenting time for the child. For purposes of this paragraph, the percentage of parenting time may be determined by calculating the number of overnights that a child spends with a parent or by using a method other than overnights if the parent has significant time periods on separate days when the child is in the parent's physical custody but does not stay overnight. The court may consider the age of the child in determining whether a child is with a parent for a significant period of time.

Sec. 13. Minnesota Statutes 2004, section 518.175, subdivision 3, is amended to read:

Subd. 3. Move to another state. (a) The parent with whom the child resides shall not move the residence of the child to another state except upon order of the court or with the consent of the other parent, if the other parent has been given parenting time by the decree. If the purpose of the move is to interfere with parenting time given to the other parent by the decree, the court shall not permit the child's residence to be moved to another state.

(b) The court shall apply a best interests standard when considering the request of the parent with whom the child resides to move the child's residence to another state. The factors the court must consider in determining the child's best interests include, but are not limited to:

(1) the nature, quality, extent of involvement, and duration of the child's relationship with the person proposing to relocate and with the nonrelocating person, siblings, and other significant persons in the child's life;

(2) the age, developmental stage, needs of the child, and the likely impact the relocation will have on the child's physical, educational, and emotional development, taking into consideration special needs of the child;

(3) the feasibility of preserving the relationship between the nonrelocating person and the child through suitable parenting time arrangements, considering the logistics and financial circumstances of the parties;

(4) the child's preference, taking into consideration the age and maturity of the child;
(5) whether there is an established pattern of conduct of the person seeking the relocation either to promote or thwart the relationship of the child and the nonrelocating person;

(6) whether the relocation of the child will enhance the general quality of the life for both the custodial parent seeking the relocation and the child including, but not limited to, financial or emotional benefit or educational opportunity;

(7) the reasons of each person for seeking or opposing the relocation; and

(8) the effect on the safety and welfare of the child, or of the parent requesting to move the child's residence, of domestic abuse, as defined in section 518B.01.

(c) The burden of proof is upon the parent requesting to move the residence of the child to another state, except that if the court finds that the person requesting permission to move has been a victim of domestic abuse by the other parent, the burden of proof is upon the parent opposing the move. The court must consider all of the factors in this subdivision in determining the best interests of the child.

Sec. 14. Minnesota Statutes 2004, section 518.18, is amended to read:

**518.18 MODIFICATION OF ORDER.**

(a) Unless agreed to in writing by the parties, no motion to modify a custody order or parenting plan may be made earlier than one year after the date of the entry of a decree of dissolution or legal separation containing a provision dealing with custody, except in accordance with paragraph (c).

(b) If a motion for modification has been heard, whether or not it was granted, unless agreed to in writing by the parties no subsequent motion may be filed within two years after disposition of the prior motion on its merits, except in accordance with paragraph (c).

(c) The time limitations prescribed in paragraphs (a) and (b) shall not prohibit a motion to modify a custody order or parenting plan if the court finds that there is persistent and willful denial or interference with parenting time, or has reason to believe that the child's present environment may endanger the child's physical or emotional health or impair the child's emotional development.

(d) If the court has jurisdiction to determine child custody matters, the court shall not modify a prior custody order or a parenting plan provision which specifies the child's primary residence unless it finds, upon the basis of facts, including unwarranted denial of, or interference with, a duly established parenting time schedule, that have arisen since the prior order or that were unknown to the court at the time of the prior order, that a change has occurred in the circumstances of the child or the parties and that the modification is necessary to serve the best interests of the child. In applying these standards the court shall retain the custody arrangement or the parenting plan provision specifying the child's primary residence that was established by the prior order unless:

(i) the court finds that a change in the custody arrangement or primary residence is in the best interests of the child and the parties previously agreed, in a writing approved by a court, to apply the best interests standard in section 518.17 or 257.025, as applicable; and, with respect to agreements approved by a court on or after April 28, 2000, both parties were represented by counsel when the agreement was approved or the court found the parties were fully informed, the agreement was voluntary, and the parties were aware of its implications;

(ii) both parties agree to the modification;

(iii) the child has been integrated into the family of the petitioner with the consent of the other party; or
(iv) the child's present environment endangers the child's physical or emotional health or impairs the child's emotional development and the harm likely to be caused by a change of environment is outweighed by the advantage of a change to the child; or

(v) the court has denied a request of the primary custodial parent to move the residence of the child to another state, and the primary custodial parent has relocated to another state despite the court's order.

In addition, a court may modify a custody order or parenting plan under section 631.52.

(e) In deciding whether to modify a prior joint custody order, the court shall apply the standards set forth in paragraph (d) unless: (1) the parties agree in writing to the application of a different standard, or (2) the party seeking the modification is asking the court for permission to move the residence of the child to another state.

(f) If a parent has been granted sole physical custody of a minor and the child subsequently lives with the other parent, and temporary sole physical custody has been approved by the court or by a court-appointed referee, the court may suspend the obligor's child support obligation pending the final custody determination. The court's order denying the suspension of child support must include a written explanation of the reasons why continuation of the child support obligation would be in the best interests of the child.

Sec. 15. Minnesota Statutes 2004, section 518.551, is amended by adding a subdivision to read:

Subd. 1a. **Scope; payment to public authority.** (a) This section applies to all proceedings involving a support order, including, but not limited to, a support order establishing an order for past support or reimbursement of public assistance.

(b) The court shall direct that all payments ordered for maintenance or support be made to the public authority responsible for child support enforcement so long as the obligee is receiving or has applied for public assistance, or has applied for child support or maintenance collection services. Public authorities responsible for child support enforcement may act on behalf of other public authorities responsible for child support enforcement, including the authority to represent the legal interests of or execute documents on behalf of the other public authority in connection with the establishment, enforcement, and collection of child support, maintenance, or medical support, and collection on judgments.

(c) Payments made to the public authority other than payments under section 518.6111 must be credited as of the date the payment is received by the central collections unit.

(d) Monthly amounts received by the public agency responsible for child support enforcement from the obligor that are greater than the monthly amount of public assistance granted to the obligee must be remitted to the obligee.

Sec. 16. Minnesota Statutes 2004, section 518.551, subdivision 6, is amended to read:

Subd. 6. **Failure of notice.** If the court in a dissolution, legal separation or determination of parentage proceeding, finds before issuing the order for judgment and decree, that notification has not been given to the public authority, the court shall set child support according to the guidelines in subdivision 5 as provided in Laws 2005, chapter 164, section 26. In those proceedings in which no notification has been made pursuant to this section and in which the public authority determines that the judgment is lower than the child support required by the guidelines in subdivision 5, it shall move the court for a redetermination of the support payments ordered so that the support payments comply with the guidelines.
Sec. 17. Minnesota Statutes 2004, section 518.5513, subdivision 3, is amended to read:

Subd. 3. Contents of pleadings. (a) In cases involving establishment or modification of a child support order, the initiating party shall include the following information, if known, in the pleadings:

(1) names, addresses, and dates of birth of the parties;

(2) Social Security numbers of the parties and the minor children of the parties, which information shall be considered private information and shall be available only to the parties, the court, and the public authority;

(3) other support obligations of the obligor;

(4) names and addresses of the parties' employers;

(5) net gross income of the parties as defined calculated in section 518.551, subdivision 5, with the authorized deductions itemized 518.7123;

(6) amounts and sources of any other earnings and income of the parties;

(7) health insurance coverage of parties;

(8) types and amounts of public assistance received by the parties, including Minnesota family investment plan, child care assistance, medical assistance, MinnesotaCare, title IV-E foster care, or other form of assistance as defined in section 256.741, subdivision 1; and

(9) any other information relevant to the determination computation of the child or medical support obligation under section 518.171 or 518.551, subdivision 5 518.713.

(b) For all matters scheduled in the expedited process, whether or not initiated by the public authority, the nonattorney employee of the public authority shall file with the court and serve on the parties the following information:

(1) information pertaining to the income of the parties available to the public authority from the Department of Employment and Economic Development;

(2) a statement of the monthly amount of child support, medical support, child care, and arrears currently being charged the obligor on Minnesota IV-D cases;

(3) a statement of the types and amount of any public assistance, as defined in section 256.741, subdivision 1, received by the parties; and

(4) any other information relevant to the determination of support that is known to the public authority and that has not been otherwise provided by the parties.

The information must be filed with the court or child support magistrate at least five days before any hearing involving child support, medical support, or child care reimbursement issues.

Sec. 18. Minnesota Statutes 2004, section 518.58, subdivision 4, is amended to read:

Subd. 4. Pension plans. (a) The division of marital property that represents pension plan benefits or rights in the form of future pension plan payments:
(1) is payable only to the extent of the amount of the pension plan benefit payable under the terms of the plan;

(2) is not payable for a period that exceeds the time that pension plan benefits are payable to the pension plan benefit recipient;

(3) is not payable in a lump sum amount from defined benefit pension plan assets attributable in any fashion to a spouse with the status of an active member, deferred retiree, or benefit recipient of a pension plan;

(4) if the former spouse to whom the payments are to be made dies prior to the end of the specified payment period with the right to any remaining payments accruing to an estate or to more than one survivor, is payable only to a trustee on behalf of the estate or the group of survivors for subsequent apportionment by the trustee; and

(5) in the case of defined benefit public pension plan benefits or rights, may not commence until the public plan member submits a valid application for a public pension plan benefit and the benefit becomes payable.

(b) The individual retirement account plans established under chapter 354B may provide in its plan document, if published and made generally available, for an alternative marital property division or distribution of individual retirement account plan assets. If an alternative division or distribution procedure is provided, it applies in place of paragraph (a), clause (5).

Sec. 19. [518.7124] POTENTIAL INCOME.

Subdivision 1. General. If a parent is voluntarily unemployed, underemployed, or employed on a less than full-time basis, or there is no direct evidence of any income, child support must be calculated based on a determination of potential income. For purposes of this determination, it is rebuttably presumed that a parent can be gainfully employed on a full-time basis. As used in this section, “full time” means 40 hours of work in a week except in those industries, trades, or professions in which most employers, due to custom, practice, or agreement, use a normal work week of more or less than 40 hours in a week.

Subd. 2. Methods. Determination of potential income must be made according to one of three methods, as appropriate:

(1) the parent’s probable earnings level based on employment potential, recent work history, and occupational qualifications in light of prevailing job opportunities and earnings levels in the community;

(2) if a parent is receiving unemployment compensation or workers’ compensation, that parent’s income may be calculated using the actual amount of the unemployment compensation or workers’ compensation benefit received; or

(3) the amount of income a parent could earn working full time at 150 percent of the current federal or state minimum wage, whichever is higher.

Subd. 3. Parent not considered voluntarily unemployed or underemployed. A parent is not considered voluntarily unemployed or underemployed upon a showing by the parent that:

(1) unemployment or underemployment is temporary and will ultimately lead to an increase in income; or

(2) the unemployment or underemployment represents a bona fide career change that outweighs the adverse effect of that parent’s diminished income on the child.
Subd. 4. **TANF recipient.** If the parent of a joint child is a recipient of a temporary assistance to a needy family (TANF) cash grant, no potential income is to be imputed to that parent.

Subd. 5. **Caretaker.** If a parent stays at home to care for a child who is subject to the child support order, the court may consider the following factors when determining whether the parent is voluntarily unemployed or underemployed:

1. the parties' parenting and child care arrangements before the child support action;

2. the stay-at-home parent's employment history, recency of employment, earnings, and the availability of jobs within the community for an individual with the parent's qualifications;

3. the relationship between the employment-related expenses, including, but not limited to, child care and transportation costs required for the parent to be employed, and the income the stay-at-home parent could receive from available jobs within the community for an individual with the parent's qualifications;

4. the child's age and health, including whether the child is physically or mentally disabled; and

5. the availability of child care providers.

This paragraph does not apply if the parent stays at home only to care for other nonjoint children.

Subd. 6. **Economic conditions.** A self-employed parent is not considered to be voluntarily unemployed or underemployed if that parent can show that the parent's net self-employment income is lower because of economic conditions that are directly related to the source or sources of that parent's income.

Sec. 20. Laws 2005, chapter 164, section 4, is amended to read:

Sec. 4. [518.1781] **SIX-MONTH REVIEW.**

(a) A request for a six-month review hearing form must be attached to a decree of dissolution or legal separation or an order that initially establishes child custody, parenting time, or support rights and obligations of parents. The state court administrator is requested to prepare the request for review hearing form. The form must include information regarding the procedures for requesting a hearing, the purpose of the hearing, and any other information regarding a hearing under this section that the state court administrator deems necessary.

(b) The six-month review hearing shall be held if any party submits a written request for a hearing within six months after entry of a decree of dissolution or legal separation or order that establishes child custody, parenting time, or support.

(c) Upon receipt of a completed request for hearing form, the court administrator shall provide notice of the hearing to all other parties and the public authority. The court administrator shall schedule the six-month review hearing as soon as practicable following the receipt of the hearing request form.

(d) At the six-month hearing, the court must review:

1. whether child support is current; and

2. whether both parties are complying with the parenting time provisions of the order.
(e) At the six-month hearing, the obligor has the burden to present evidence to establish that child support payments are current. A party may request that the public authority provide information to the parties and court regarding child support payments. A party must request the information from the public authority at least 14 days before the hearing. The commissioner of human services must develop a form to be used by the public authority to submit child support payment information to the parties and court.

(f) Contempt of court and all statutory remedies for child support and parenting time enforcement may be imposed by the court at the six-month hearing for noncompliance by either party pursuant to chapters 517C and 588 and the Minnesota Court Rules.

(g) A request for a six-month review hearing form must be attached to a decree or order signed on or after January 1, 2007, that initially establishes child support rights and obligations according to section 517A.29.

Sec. 21. Laws 2005, chapter 164, section 5, is amended to read:

Sec. 5. Minnesota Statutes 2004, section 518.54, is amended to read:

518.54 DEFINITIONS.

Subdivision 1. Terms. For the purposes of sections 518.1781 and 518.54 to 518.773, the terms defined in this section shall have the meanings respectively ascribed to them.

Subd. 2. Child. "Child" means an individual under 18 years of age, an individual under age 20 who is still attending secondary school, or an individual who, by reason of physical or mental condition, is incapable of self-support.

Subd. 2a. Deposit account. "Deposit account" means funds deposited with a financial institution in the form of a savings account, checking account, NOW account, or demand deposit account.

Subd. 2b. Financial institution. "Financial institution" means a savings association, bank, trust company, credit union, industrial loan and thrift company, bank and trust company, or savings association, and includes a branch or detached facility of a financial institution.

Subd. 3. Maintenance. "Maintenance" means an award made in a dissolution or legal separation proceeding of payments from the future income or earnings of one spouse for the support and maintenance of the other.

Subd. 4. Support money; child support. "Support money" or "child support" means an amount for basic support, child care support, and medical support pursuant to:

(1) an award in a dissolution, legal separation, annulment, or parentage proceeding for the care, support and education of any child of the marriage or of the parties to the proceeding;

(2) a contribution by parents ordered under section 256.87; or

(3) support ordered under chapter 518B or 518C.

Subd. 4a. Support order. (a) "Support order" means a judgment, decree, or order, whether temporary, final, or subject to modification, issued by a court or administrative agency of competent jurisdiction:

(1) for the support and maintenance of a child, including a child who has attained the age of majority under the law of the issuing state;
(2) for a child and the parent with whom the child is living, that provides for monetary support, child care, medical support including expenses for confinement and pregnancy, arrearages, or reimbursement, and that, or

(3) for the maintenance of a spouse or former spouse.

(b) The support order may include related costs and fees, interest and penalties, income withholding, and other relief. This definition applies to orders issued under this chapter and chapters 256, 257, and 518C.

Subd. 5. **Marital property; exceptions.** "Marital property" means property, real or personal, including vested public or private pension plan benefits or rights, acquired by the parties, or either of them, to a dissolution, legal separation, or annulment proceeding at any time during the existence of the marriage relation between them, or at any time during which the parties were living together as husband and wife under a purported marriage relationship which is annulled in an annulment proceeding, but prior to the date of valuation under section 518.58, subdivision 1. All property acquired by either spouse subsequent to the marriage and before the valuation date is presumed to be marital property regardless of whether title is held individually or by the spouses in a form of co-ownership such as joint tenancy, tenancy in common, tenancy by the entirety, or community property. Each spouse shall be deemed to have a common ownership in marital property that vests not later than the time of the entry of the decree in a proceeding for dissolution or annulment. The extent of the vested interest shall be determined and made final by the court pursuant to section 518.58. If a title interest in real property is held individually by only one spouse, the interest in the real property of the nontitled spouse is not subject to claims of creditors or judgment or tax liens until the time of entry of the decree awarding an interest to the nontitled spouse. The presumption of marital property is overcome by a showing that the property is nonmarital property.

"Nonmarital property" means property real or personal, acquired by either spouse before, during, or after the existence of their marriage, which

(a) is acquired as a gift, bequest, devise or inheritance made by a third party to one but not to the other spouse;

(b) is acquired before the marriage;

(c) is acquired in exchange for or is the increase in value of property which is described in clauses (a), (b), (d), and (e);

(d) is acquired by a spouse after the valuation date; or

(e) is excluded by a valid antenuptial contract.

Subd. 6. **Income.** "Income" means any form of periodic payment to an individual including, but not limited to, wages, salaries, payments to an independent contractor, workers' compensation, unemployment benefits, annuity, military and naval retirement, pension and disability payments. Benefits received under Title IV-A of the Social Security Act and chapter 256J are not income under this section.

Subd. 7. **Obligee.** "Obligee" means a person to whom payments for maintenance or support are owed.

Subd. 8. **Obligor.** "Obligor" means a person obligated to pay maintenance or support. A person who is designated as the sole physical custodian has primary physical custody of a child is presumed not to be an obligor for purposes of calculating current child support under section 518.551 or under section 518.713, unless section 518.72, subdivision 3, applies or the court makes specific written findings to overcome this presumption. For purposes of ordering medical support under section 518.719, a custodial parent who has primary physical custody of a child may be an obligor subject to a cost of living adjustment under section 518.641 and a payment agreement under section 518.553.
Subd. 9. **Public authority.** "Public authority" means the local unit of government, acting on behalf of the state, that is responsible for child support enforcement or the Department of Human Services, Child Support Enforcement Division.

Subd. 10. **Pension plan benefits or rights.** "Pension plan benefits or rights" means a benefit or right from a public or private pension plan accrued to the end of the month in which marital assets are valued, as determined under the terms of the laws or other plan document provisions governing the plan, including section 356.30.

Subd. 11. **Public pension plan.** "Public pension plan" means a pension plan or fund specified in section 356.20, subdivision 2, or 356.30, subdivision 3, the deferred compensation plan specified in section 352.96, or any retirement or pension plan or fund, including a supplemental retirement plan or fund, established, maintained, or supported by a governmental subdivision or public body whose revenues are derived from taxation, fees, assessments, or from other public sources.

Subd. 12. **Private pension plan.** "Private pension plan" means a plan, fund, or program maintained by an employer or employee organization that provides retirement income to employees or results in a deferral of income by employees for a period extending to the termination of covered employment or beyond.

Subd. 13. **Arrears.** Arrears are amounts that accrue pursuant to an obligor's failure to comply with a support order. Past support and pregnancy and confinement expenses contained in a support order are arrears if the court order does not contain repayment terms. Arrears also arise by the obligor's failure to comply with the terms of a court order for repayment of past support or pregnancy and confinement expenses. An obligor's failure to comply with the terms for repayment of amounts owed for past support or pregnancy and confinement turns the entire amount owed into arrears.

Subd. 14. **IV-D case.** "IV-D case" means a case where a party has assigned to the state rights to child support because of the receipt of public assistance as defined in section 256.741 or has applied for child support services under title IV-D of the Social Security Act, United States Code, title 42, section 654(4).

Subd. 15. **Parental income for determining child support (PICS).** "Parental income for determining child support," or "PICS," means gross income under subdivision 18 minus deductions for nonjoint children as allowed by section 518.717.

Subd. 16. **Apportioned veterans' benefits.** "Apportioned veterans' benefits" means the amount the Veterans Administration deducts from the veteran's award and disburses to the child or the child's representative payee. The apportionment of veterans' benefits shall be that determined by the Veterans Administration and governed by Code of Federal Regulations, title 38, sections 3.450 to 3.458.

Subd. 17. **Basic support.** "Basic support" means the basic support obligation determined by applying the parent's parental income for child support, or if there are two parents, their combined parental income for child support, to the guideline in the manner set out in section 518.725 computed under section 518.713. Basic support includes the dollar amount ordered for a child's housing, food, clothing, transportation, and education costs, and other expenses relating to the child's care. Basic support does not include monetary contributions for a child's child care expenses and medical and dental expenses.

Subd. 18. **Gross income.** "Gross income" means:

(1) the gross income of the parent calculated under section 518.7123; plus

(2) Social Security or veterans' benefit payments received on behalf of the child under section 518.718; plus
(3) the potential income of the parent, if any, as determined in subdivision 23; minus

(4) spousal maintenance that any party has been ordered to pay; minus

(5) the amount of any existing child support order for other nonjoint children.

Subd. 19. Joint child. "Joint child" means the dependent child who is the son or daughter child of both parents in the support proceeding. In those cases where support is sought from only one parent of a child, a joint child is the child for whom support is sought.

Subd. 20. Nonjoint child. "Nonjoint child" means the legal child of one, but not both of the parents subject to this determination. Specifically excluded from this definition are the children of an obligor who are the children of a former marriage, stepchildren or children who are not the children of one of the parents. Nonjoint child does not include stepchildren.

Subd. 21. Parenting time. "Parenting time" means the amount of time a child is scheduled to spend with the parent according to a court order. Parenting time includes time with the child whether it is designated as visitation, physical custody, or parenting time. For purposes of section 518.722, the percentage of parenting time may be calculated by calculating the number of overnights that a child spends with a parent, or by using a method other than overnights if the parent has significant periods of time when the child is in the parent's physical custody, but does not stay overnight.

Subd. 22. Payor of funds. "Payor of funds" means a person or entity that provides funds to an obligor, including an employer as defined under chapter 24, section 3401(d), of the Internal Revenue Code, an independent contractor, payor of workers' compensation benefits or unemployment insurance benefits, or a financial institution as defined in section 13B.06.

Subd. 23. Potential income. "Potential income" is income determined under this subdivision.

(a) If a parent is voluntarily unemployed, underemployed, or employed on a less than full-time basis, or there is no direct evidence of any income, child support shall be calculated based on a determination of potential income. For purposes of this determination, it is rebuttably presumed that a parent can be gainfully employed on a full-time basis.

(b) Determination of potential income shall be made according to one of three methods, as appropriate:

(1) the parent's probable earnings level based on employment potential, recent work history, and occupational qualifications in light of prevailing job opportunities and earnings levels in the community;

(2) if a parent is receiving unemployment compensation or workers' compensation, that parent's income may be calculated using the actual amount of the unemployment compensation or workers' compensation benefit received; or

(3) the amount of income a parent could earn working full-time at 150 percent of the current federal or state minimum wage, whichever is higher.

(c) A parent is not considered voluntarily unemployed or underemployed upon a showing by the parent that:

(1) unemployment or underemployment is temporary and will ultimately lead to an increase in income; or

(2) the unemployment or underemployment represents a bona fide career change that outweighs the adverse effect of that parent's diminished income on the child; or
(3) the parent is unable to work full time due to a verified disability or due to incarceration.

(d) As used in this section, "full time" means 40 hours of work in a week except in those industries, trades, or professions in which most employers due to custom, practice, or agreement utilize a normal work week of more or less than 40 hours in a week.

(e) If the parent of a joint child is a recipient of a temporary assistance to a needy family (TANF) cash grant, no potential income shall be imputed to that parent.

(f) If a parent stays at home to care for a child who is subject to the child support order, the court may consider the following factors when determining whether the parent is voluntarily unemployed or underemployed:

(1) the parties' parenting and child care arrangements before the child support action;

(2) the stay-at-home parent's employment history, recency of employment, earnings, and the availability of jobs within the community for an individual with the parent's qualifications;

(3) the relationship between the employment-related expenses, including but not limited to, child care and transportation costs required for the parent to be employed, and the income the stay-at-home parent could receive from available jobs within the community for an individual with the parent's qualifications;

(4) the child's age and health, including whether the child is physically or mentally disabled; and

(5) the availability of child care providers.

(g) Paragraph (f) does not apply if the parent stays at home to care for other nonjoint children, only.

(h) A self-employed parent shall not be considered to be voluntarily unemployed or underemployed if that parent can show that the parent's net self-employment income is lower because of economic conditions.

Subd. 24. Subd. 22. Primary physical custody. The parent having "primary physical custody" means the parent who provides the primary residence for a child and is responsible for the majority of the day-to-day decisions concerning a child.

Subd. 25. Subd. 23. Social Security benefits. "Social Security benefits" means the monthly amount retirement, survivors, or disability insurance benefits that the Social Security Administration pays to provide to a parent for that parent's own benefit or for the benefit of a joint child or the child's representative payee due solely to the disability or retirement of either parent. Benefits paid Social Security benefits do not include Supplemental Security Income benefits that the Social Security Administration provides to a parent for the parent's own benefit or to a parent due to the disability of a child are excluded from this definition.

Subd. 26. Split custody. "Split custody" means that each parent in a two-parent calculation has primary physical custody of at least one of the joint children.

Subd. 27. Subd. 24. Survivors' and dependents' educational assistance. "Survivors' and dependents' educational assistance" are funds disbursed by the Veterans Administration under United States Code, title 38, chapter 35, to the child or the child's representative payee.

Sec. 22. Laws 2005, chapter 164, section 8, is amended to read:

Sec. 8. Minnesota Statutes 2004, section 518.551, subdivision 5b, is amended to read:
Subd. 5b. **Providing income information.** (a) In any case where the parties have joint children for which a child support order must be determined, the parties shall serve and file with their initial pleadings or motion documents, a financial affidavit, disclosing all sources of gross income for purposes of section 518.7123. The financial affidavit shall include relevant supporting documentation necessary to calculate the parental income for child support under section 518.54, subdivision 15, including, but not limited to, pay stubs for the most recent three months, employer statements, or statements of receipts and expenses if self-employed. Documentation of earnings and income also include relevant copies of each parent's most recent federal tax returns, including W-2 forms, 1099 forms, unemployment benefit statements, workers' compensation statements, and all other documents evidencing earnings or income as received that provide verification for the financial affidavit. The commissioner of human services shall prepare a financial affidavit form that must be used by the parties for disclosing information under this subdivision.

(b) In addition to the requirements of paragraph (a), at any time after an action seeking child support has been commenced or when a child support order is in effect, a party or the public authority may require the other party to give them a copy of the party's most recent federal tax returns that were filed with the Internal Revenue Service. The party shall provide a copy of the tax returns within 30 days of receipt of the request unless the request is not made in good faith. A request under this paragraph may not be made more than once every two years, in the absence of good cause.

(c) If a parent under the jurisdiction of the court does not serve and file the financial affidavit with the parent's initial pleading or motion documents, the court shall set income for that parent based on credible evidence before the court or in accordance with section 518.54, subdivision 23 518.7124. Credible evidence may include documentation of current or recent income, testimony of the other parent concerning recent earnings and income levels, and the parent's wage reports filed with the Minnesota Department of Employment and Economic Development under section 268.044. The court may consider credible evidence from one party that the financial affidavit submitted by the other party is false or inaccurate.

(d) If the court determines that a party does not have access to documents that are required to be disclosed under this section, the court may consider the testimony of that party as credible evidence of that party's income.

Sec. 23. Laws 2005, chapter 164, section 10, is amended to read:

Sec. 10. Minnesota Statutes 2004, section 518.64, subdivision 2, is amended to read:

Subd. 2. **Modification.** (a) The terms of an order respecting maintenance or support may be modified upon a showing of one or more of the following, any of which makes the terms unreasonable and unfair: (1) substantially increased or decreased gross income of an obligor or obligee; (2) substantially increased or decreased need of an obligor or obligee or the child or children that are the subject of these proceedings; (3) receipt of assistance under the AFDC program formerly codified under sections 256.72 to 256.87 or 256B.01 to 256B.40, or chapter 256J or 256K; (4) a change in the cost of living for either party as measured by the Federal Bureau of Labor Statistics, any of which makes the terms unreasonable and unfair; (5) extraordinary medical expenses of the child not provided for under section 518.171; (6) the addition of work-related or education-related child care expenses of the obligee or a substantial increase or decrease in existing work-related or education-related child care expenses; or (7) upon the emancipation of the child, as provided in section 518.64, subdivision 4a.

(b) It is presumed that there has been a substantial change in circumstances under paragraph (a) and the terms of a current support order shall be rebuttably presumed to be unreasonable and unfair if:
(1) the application of the child support guidelines in section 518.551, subdivision 5, 518.725, to the current circumstances of the parties results in a calculated court order that is at least 20 percent and at least $75 per month higher or lower than the current support order or, if the current support order is less than $75, it results in a calculated court order that is at least 20 percent per month higher or lower;

(2) the medical support provisions of the order established under section 518.719 are not enforceable by the public authority or the obligee;

(3) health coverage ordered under section 518.719 is not available to the child for whom the order is established by the parent ordered to provide;

(4) the existing support obligation is in the form of a statement of percentage and not a specific dollar amount; or

(5) the gross income of an obligor or obligee has decreased by at least 20 percent through no fault or choice of the party.

(c) A child support order is not presumptively modifiable solely because an obligor or obligee becomes responsible for the support of an additional nonjoint child, which is born after an existing order. Section 518.717 shall be considered if other grounds are alleged which allow a modification of support.

(d) On a motion for modification of maintenance, including a motion for the extension of the duration of a maintenance award, the court shall apply, in addition to all other relevant factors, the factors for an award of maintenance under section 518.552 that exist at the time of the motion. On a motion for modification of support, the court:

(1) shall apply section 518.725, and shall not consider the financial circumstances of each party's spouse, if any; and

(2) shall not consider compensation received by a party for employment in excess of a 40-hour work week, provided that the party demonstrates, and the court finds, that:

(i) the excess employment began after entry of the existing support order;

(ii) the excess employment is voluntary and not a condition of employment;

(iii) the excess employment is in the nature of additional, part-time employment, or overtime employment compensable by the hour or fractions of an hour;

(iv) the party's compensation structure has not been changed for the purpose of affecting a support or maintenance obligation;

(v) in the case of an obligor, current child support payments are at least equal to the guidelines amount based on income not excluded under this clause; and

(vi) in the case of an obligor who is in arrears in child support payments to the obligee, any net income from excess employment must be used to pay the arrearages until the arrearages are paid in full.

(e) A modification of support or maintenance, including interest that accrued pursuant to section 548.091, may be made retroactive only with respect to any period during which the petitioning party has pending a motion for modification but only from the date of service of notice of the motion on the responding party and on the public authority if public assistance is being furnished or the county attorney is the attorney of record.
(f) Except for an award of the right of occupancy of the homestead, provided in section 518.63, all divisions of real and personal property provided by section 518.58 shall be final, and may be revoked or modified only where the court finds the existence of conditions that justify reopening a judgment under the laws of this state, including motions under section 518.145, subdivision 2. The court may impose a lien or charge on the divided property at any time while the property, or subsequently acquired property, is owned by the parties or either of them, for the payment of maintenance or support money, or may sequester the property as is provided by section 518.24.

(g) The court need not hold an evidentiary hearing on a motion for modification of maintenance or support.

(h) Section 518.14 shall govern the award of attorney fees for motions brought under this subdivision.

(i) Except as expressly provided, an enactment, amendment, or repeal of law does not constitute a substantial change in the circumstances for purposes of modifying a child support order.

(j) There may be no modification of an existing child support order during the first year following the effective date of sections 518.7123 to 518.729 except as follows:

(1) there is at least a 20 percent change in the gross income of the obligor;

(2) there is a change in the number of joint children for whom the obligor is legally responsible and actually supporting;

(3) a parent or another caregiver of the child who is supported by the existing support order begins to receive public assistance, as defined in section 256.741;

(4) there are additional work-related or education-related child care expenses of the obligee or a substantial increase or decrease in existing work-related or education-related child care expenses;

(5) there is a change in the availability of health care coverage, as defined in section 518.719, subdivision 1, paragraph (a), or a substantial increase or decrease in the cost of existing health care coverage;

(6) the child supported by the existing child support order becomes disabled; or

(4) (7) both parents consent to modification of the existing order in compliance with the new income shares guidelines under section 518.713.

A modification under clause (4) may be granted only with respect to child care support. A modification under clause (5) may be granted only with respect to medical support. This paragraph expires January 1, 2008.

(k) On the first modification under the income shares method of calculation, the modification of basic support may be limited if the amount of the full variance would create hardship for either the obligor or the obligee.

Paragraph (j) expires January 1, 2008.

Sec. 24. Laws 2005, chapter 164, section 11, is amended to read:

Sec. 11. Minnesota Statutes 2004, section 518.64, is amended by adding a subdivision to read:

Subd. 7. Child care exception. Child care support must be based on the actual child care expenses. The court may provide that a reduction in the amount allocated for of the child care expenses, based on a substantial decrease in the actual child care expenses is effective as of the date the expense is decreased.
Sec. 25. Laws 2005, chapter 164, section 14, is amended to read:

(ii) the excess employment reflects an increase in the work schedule or hours worked over that of the two years immediately preceding the filing of the petition;

(v) the party's compensation structure has not been changed for the purpose of affecting a support or maintenance obligation.

(c) Expense reimbursements or in-kind payments received by a parent in the course of employment, self-employment, or operation of a business shall be counted as income if they reduce personal living expenses.

Sec. 26. Laws 2005, chapter 164, section 15, is amended to read:

For purposes of section 518.7123, income from self-employment, rent, royalties, proprietorship or operation of a business, or including joint ownership of a partnership or closely held corporation, gross income is defined as gross receipts minus costs of goods sold minus ordinary and necessary expenses required for self-employment or business operation. Specifically excluded from ordinary and necessary expenses are amounts allowable by the Internal Revenue Service for the accelerated component of depreciation expenses, investment tax credits, or any other business expenses determined by the court to be inappropriate or excessive for determining gross income for purposes of calculating child support. The person seeking to deduct an expense, including depreciation, has the burden of proving, if challenged, that the expense is ordinary and necessary.

Sec. 27. Laws 2005, chapter 164, section 16, is amended to read:

Sec. 16. [518.713] COMPUTATION OF CHILD SUPPORT OBLIGATIONS.

(a) To determine the presumptive amount of child support owed by obligation of a parent, the court shall follow the procedure set forth in this section:

(b) To determine the obligor’s basic support obligation, the court shall:

(1) determine the gross income of each parent using the definition in section 518.54, subdivision 18 under section 518.7123;

(2) calculate the parental income for determining child support (PICS) of each parent under section 518.54, subdivision 15, by subtracting from the gross income the credit, if any, for each parent’s nonjoint children under section 518.717;

(3) determine the percentage contribution of each parent to the combined PICS by dividing the combined PICS into each parent’s PICS;

(4) determine the combined basic support obligation by application of the schedule guidelines in section 518.725;

(5) determine each parent’s the obligor’s share of the basic support obligation by multiplying the percentage figure from clause (3) by the combined basic support obligation in clause (4); and
(6) determine the parenting expense adjustment, if any, as provided in section 518.722, and adjust the obligor's basic support obligation accordingly. If the parenting time of the parties is presumed equal, section 518.722, subdivision 3, applies to the calculation of the basic support obligation and a determination of which parent is the obligor.

(7) The court shall determine the child care support obligation for each parent as provided in section 518.72.

(8) The court shall determine the health care coverage medical support obligation for each parent as provided in section 518.719. Unreimbursed and uninsured medical expenses are not included in the presumptive amount of support owed by a parent and are calculated and collected as described in section 518.722, 518.719.

(9) The court shall determine each parent's total child support obligation by adding together each parent's basic support, child care support, and health care coverage obligations as provided in clauses (1) to (8);

(10) reduce or increase each parent's total child support obligation by the amount of the health care coverage contribution paid by or on behalf of the other parent, as provided in section 518.719, subdivision 5, this section.

(11) If Social Security benefits or veterans' benefits are received by one parent as a representative payee for a joint child due to the other parent's disability or retirement, based on the other parent's eligibility, the court shall subtract the amount of benefits from the other parent's net child support obligation, if any.

(13) The final child support order shall separately designate the amount owed for basic support, child care support, and medical support. Sec. 28. Laws 2005, chapter 164, section 17, subdivision 1, is amended to read:

Subdivision 1. **General factors.** Among other reasons, deviation from the presumptive guideline amount child support obligation computed under section 518.713 is intended to encourage prompt and regular payments of child support and to prevent either parent or the joint children from living in poverty. In addition to the child support guidelines and other factors used to calculate the child support obligation under section 518.713, the court must take into consideration the following factors in setting or modifying child support or in determining whether to deviate upward or downward from the guidelines presumptive child support obligation:

1. all earnings, income, circumstances, and resources of each parent, including real and personal property, but excluding income from excess employment of the obligor or obligee that meets the criteria of section 518.7123, paragraph (b), clause (2);

2. the extraordinary financial needs and resources, physical and emotional condition, and educational needs of the child to be supported;

3. the standard of living the child would enjoy if the parents were currently living together, but recognizing that the parents now have separate households;

4. which parent receives the income taxation dependency exemption and the financial benefit the parent receives from it;
(5) the parents' debts as provided in subdivision 2; and

(6) the obligor's total payments for court-ordered child support exceed the limitations set forth in section 571.922.

Sec. 29. Laws 2005, chapter 164, section 18, is amended to read:

Sec. 18. [518.715] WRITTEN FINDINGS.

Subdivision 1. No deviation. If the court does not deviate from the guidelines presumptive child support obligation computed under section 518.713, the court must make written findings concerning the amount of the parties' gross income used as the basis for the guidelines calculation and that state:

(1) each parent's gross income;

(2) each parent's PICS; and

(3) any other significant evidentiary factors affecting the child support determination.

Subd. 2. Deviation. (a) If the court deviates from the guidelines by agreement of the parties or pursuant to presumptive child support obligation computed under section 518.714, the court must make written findings giving that state:

(1) each parent's gross income;

(2) each parent's PICS;

(3) the amount of the child support calculated obligation computed under the guidelines, section 518.713;

(4) the reasons for the deviation; and must specifically address

(5) how the deviation serves the best interests of the child; and

(b) determine each parent's gross income and PICS.

Subd. 3. Written findings required in every case. The provisions of this section apply whether or not the parties are each represented by independent counsel and have entered into a written agreement. The court must review stipulations presented to it for conformity to the guidelines with section 518.713. The court is not required to conduct a hearing, but the parties must provide sufficient documentation to verify the child support determination, and to justify any deviation from the guidelines.

Sec. 30. Laws 2005, chapter 164, section 20, is amended to read:

Sec. 20. [518.717] DEDUCTION FROM INCOME FOR NONJOINT CHILDREN.

(a) When either or both parents of the joint child subject to this determination are legally responsible for a nonjoint child who resides in that parent's household, a credit deduction for this obligation shall be calculated under this section if:

(1) the nonjoint child primarily resides in the parent's household; and
(2) the parent is not obligated to pay basic child support for the nonjoint child to the other parent or a legal custodian of the child under an existing child support order.

(b) Determine the gross income for each parent under section 518.54, subdivision 18.

(c) The court shall use the guideline as established in section 518.725, to determine the basic child support obligation for the nonjoint child or children who actually reside in the parent's household, by using the gross income of the parent for whom the credit deduction is being calculated, and using the number of nonjoint children actually primarily residing in the parent's immediate household. If the number of nonjoint children to be used for the determination is greater than two, the determination must be made using the number two instead of the greater number.

(d) The credit deduction for nonjoint children shall be 50 percent of the guideline amount determined under paragraph (c).

Sec. 31. Laws 2005, chapter 164, section 21, is amended to read:

Sec. 21. [518.718] SOCIAL SECURITY OR VETERANS' BENEFIT PAYMENTS RECEIVED ON BEHALF OF THE CHILD.

(a) The amount of the monthly Social Security benefits or apportioned veterans' benefits received by the child or on behalf of the provided for a joint child shall be added to included in the gross income of the parent for whom the disability or retirement benefit was paid on whose eligibility the benefits are based.

(b) The amount of the monthly survivors' and dependents' educational assistance received by the child or on behalf of the provided for a joint child shall be added to included in the gross income of the parent for whom the disability or retirement benefit was paid on whose eligibility the benefits are based.

(c) If the Social Security or apportioned veterans' benefits are paid on behalf provided for a joint child based on the eligibility of the obligor, and are received by the obligee as a representative payee for the child or by the child attending school, then the amount of the benefits may also be subtracted from the obligor's net child support obligation as calculated pursuant to section 518.713.

(d) If the survivors' and dependents' educational assistance is paid on behalf provided for a joint child based on the eligibility of the obligor, and is received by the obligee as a representative payee for the child or by the child attending school, then the amount of the assistance shall also be subtracted from the obligor's net child support obligation as calculated pursuant to section 518.713.

Sec. 32. Laws 2005, chapter 164, section 22, subdivision 2, is amended to read:

Subd. 2. Order. (a) A completed national medical support notice issued by the public authority or a court order that complies with this section is a qualified medical child support order under the federal Employee Retirement Income Security Act of 1974 (ERISA), United States Code, title 29, section 1169(a).

(b) Every order addressing child support must state:

(1) the names, last known addresses, and Social Security numbers of the parents and the joint child that is a subject of the order unless the court prohibits the inclusion of an address or Social Security number and orders the parents to provide the address and Social Security number to the administrator of the health plan;

(2) whether appropriate health care coverage for the joint child is available and, if so, state:
(i) which parent must carry health care coverage;

(ii) the cost of premiums and how the cost is allocated between the parents;

(iii) how unreimbursed expenses will be allocated and collected by the parents; and

(iv) the circumstances, if any, under which the obligation to provide health care coverage for the joint child will shift from one parent to the other; and

(3) if appropriate health care coverage is not available for the joint child, whether a contribution for medical support is required; and

(4) whether the amount ordered for medical support is subject to a cost-of-living adjustment under section 518.641.

Sec. 33. Laws 2005, chapter 164, section 22, subdivision 3, is amended to read:

Subd. 3. Determining appropriate health care coverage. (a) In determining whether a parent has appropriate health care coverage for the joint child, the court must evaluate the health plan using the following factors:

(1) accessible coverage. Dependent health care coverage is accessible if the covered joint child can obtain services from a health plan provider with reasonable effort by the parent with whom the joint child resides. Health care coverage is presumed accessible if:

(i) primary care coverage is available within 30 minutes or 30 miles of the joint child's residence and specialty care coverage is available within 60 minutes or 60 miles of the joint child's residence;

(ii) the coverage is available through an employer and the employee can be expected to remain employed for a reasonable amount of time; and

(iii) no preexisting conditions exist to delay coverage unduly;

(2) comprehensive coverage. Dependent health care coverage is presumed comprehensive if it includes, at a minimum, medical and hospital coverage and provides for preventive, emergency, acute, and chronic care. If both parents have health care coverage that meets the minimum requirements, the court must determine which health care coverage is more comprehensive by considering whether the coverage includes:

(i) basic dental coverage;

(ii) orthodontia;

(iii) eyeglasses;

(iv) contact lenses;

(v) mental health services; or

(vi) substance abuse treatment;

(3) affordable coverage. Dependent health care coverage is affordable if it is reasonable in cost; and
(4) the joint child's special medical needs, if any.

(b) If both parties have health care coverage available for a joint child, and the court determines under paragraph (a), clauses (1) and (2), that the available coverage is comparable with regard to accessibility and comprehensiveness, the least costly health care coverage is the presumed appropriate health care coverage for the joint child.

Sec. 34. Laws 2005, chapter 164, section 22, subdivision 4, is amended to read:

Subd. 4. Ordering health care coverage. (a) If a joint child is presently enrolled in health care coverage, the court must order that the parent who currently has the joint child enrolled continue that enrollment unless the parties agree otherwise or a party requests a change in coverage and the court determines that other health care coverage is more appropriate.

(b) If a joint child is not presently enrolled in health care coverage, upon motion of a party or the public authority, the court must determine whether one or both parties have appropriate health care coverage for the joint child and order the party with appropriate health care coverage available to carry the coverage for the joint child.

(c) If only one party has appropriate health care coverage available, the court must order that party to carry the coverage for the joint child.

(d) If both parties have appropriate health care coverage available, the court must order the parent with whom the joint child resides to carry the coverage for the joint child, unless:

(1) either party expresses a preference for coverage available through the parent with whom the joint child does not reside;

(2) the parent with whom the joint child does not reside is already carrying dependent health care coverage for other children and the cost of contributing to the premiums of the other parent's coverage would cause the parent with whom the joint child does not reside extreme hardship; or

(3) the parents agree to provide coverage and agree on the allocation of costs.

(e) If the exception in paragraph (d), clause (1) or (2), applies, the court must determine which party has the most appropriate coverage available and order that party to carry coverage for the joint child. If the court determines under subdivision 3, paragraph (a), clauses (1) and (2), that the parties' health care coverage for the joint child is comparable with regard to accessibility and comprehensiveness, the court must presume that the party with the least costly health care coverage to carry coverage for the joint child.

(f) If neither party has appropriate health care coverage available, the court must order the parents to:

(1) contribute toward the actual health care costs of the joint children based on a pro rata share; or

(2) if the joint child is receiving any form of medical assistance under chapter 256B or MinnesotaCare under chapter 256L, the parent with whom the joint child does not reside shall contribute a monthly amount toward the actual cost of medical assistance under chapter 256B or MinnesotaCare under chapter 256L. The amount of contribution of the noncustodial parent is the amount the noncustodial parent would pay for the child's premiums if the noncustodial parent's PICS income meets the eligibility requirements for public coverage. For purposes of determining the premium amount, the noncustodial parent's household size is equal to one parent plus the child or children who are the subject of the child support order. If the noncustodial parent's PICS income exceeds the
eligibility requirements for public coverage, the court must order the noncustodial parent's contribution toward the
full premium cost of the child's or children's coverage. The custodial parent's obligation is determined under the
requirements for public coverage as set forth in chapter 256B or 256L. The court may order the parent with whom
the child resides to apply for public coverage for the child.

(g) A presumption of no less than $50 per month must be applied to the actual health care costs of the joint
children or to the cost of health care coverage.

(h) The commissioner of human services must publish a table with the premium schedule for public coverage
and update the chart for changes to the schedule by July 1 of each year.

Sec. 35. Laws 2005, chapter 164, section 22, subdivision 16, is amended to read:

Subd. 16. *Income withholding; Offset.* (a) If a party owes no joint child support obligation for a child is the
parent with primary physical custody as defined in section 518.54, subdivision 24, and is an obligor ordered to
contribute to the other party's cost for carrying health care coverage for the joint child, the obligor other party's child
support obligation is subject to an offset under subdivision 5 or income withholding under section 518.6111.

(b) If a party's court-ordered health care coverage for the joint child terminates and the joint child is not enrolled
in other health care coverage or public coverage, and a modification motion is not pending, the public authority may
remove the offset to a party's child support obligation when:

(1) the party's court-ordered health care coverage for the joint child terminates;

(2) the party does not enroll the joint child in other health care coverage; and

(3) a modification motion is not pending.

The public authority must provide notice to the parties of the action.

(c) A party may contest the public authority's action to remove the offset to the child support obligation or
income withholding if the party makes a written request for a hearing within 30 days after receiving
written notice. If a party makes a timely request for a hearing, the public authority must schedule a hearing and send
written notice of the hearing to the parties by mail to the parties' last known addresses at least 14 days before the
hearing. The hearing must be conducted in district court or in the expedited child support process if section 484.702
applies. The district court or child support magistrate must determine whether removing the offset or terminating
income withholding is appropriate and, if appropriate, the effective date for the removal or termination.

(d) If the party does not request a hearing, the district court or child support magistrate must order the offset or
income withholding termination public authority will remove the offset effective the first day of the month
following termination of the joint child's health care coverage.

Sec. 36. Laws 2005, chapter 164, section 22, subdivision 17, is amended to read:

Subd. 17. *Collecting unreimbursed and or uninsured medical expenses.* (a) This subdivision and subdivision
18 apply when a court order has determined and ordered the parties' proportionate share and responsibility to
contribute to unreimbursed or uninsured medical expenses.
(b) A party requesting reimbursement of unreimbursed or uninsured medical expenses must initiate a request for reimbursement of unreimbursed or uninsured medical expenses to the other party within two years of the date that the requesting party incurred the unreimbursed or uninsured medical expenses. The time period in this paragraph does not apply if the location of the other party is unknown. If a court order has been signed ordering the contribution towards unreimbursed or uninsured expenses, a two-year limitations provision must be applied to any requests made on or after January 1, 2007. The provisions of this section apply retroactively to court orders signed before January 1, 2007. Requests for unreimbursed or uninsured expenses made on or after January 1, 2007, may include expenses incurred before January 1, 2007, and on or after January 1, 2005.

(b) (c) A requesting party seeking reimbursement of unreimbursed and uninsured medical expenses must mail a written notice of intent to collect the unreimbursed or uninsured medical expenses and a copy of an affidavit of health care expenses to the other party at the other party's last known address.

(c) (d) The written notice must include a statement that the other party has 30 days from the date the notice was mailed to (1) pay in full; (2) enter into a payment agreement schedule; or (3) file a motion requesting a hearing to contest the matter to contest the amount due or to set a court-ordered monthly payment amount. If the public authority provides support enforcement services, the written notice also must include a statement that, if the other party does not respond within the 30 days, the requesting party may submit the amount due to the public authority for collection.

(d) (e) The affidavit of health care expenses must itemize and document the joint child's unreimbursed or uninsured medical expenses and include copies of all bills, receipts, and insurance company explanations of benefits.

(f) If the other party does not respond to the request for reimbursement within 30 days, the requesting party may commence enforcement against the other party under subdivision 18; file a motion for a court-ordered monthly payment amount under paragraph (h); or notify the public authority, if the public authority provides services, that the other party has not responded.

(e) (f) If (e) The notice to the public authority provides support enforcement services, the party seeking reimbursement must send to the public authority must include: a copy of the written notice, a copy of the original affidavit of health care expenses, and copies of all bills, receipts, and insurance company explanations of benefits.

(f) If the other party does not respond to the request for reimbursement within 30 days, the party seeking reimbursement or public authority, if the public authority provides support enforcement services, must commence an enforcement action against the party under subdivision 18.

(g) (h) If noticed under paragraph (f), the public authority must serve the other party with a notice of intent to enforce unreimbursed and uninsured medical expenses and file an affidavit of service by mail with the district court administrator. The notice must state that, unless the other party has 14 days to (1) pay in full; (2) enter into a payment agreement; or (3) file a motion contesting to contest the matter within 14 days of service of the notice, amount due or to set a court-ordered monthly payment amount. The notice must also state that if there is no response within 14 days, the public authority will commence enforcement of the expenses as medical support arrears under subdivision 18.

(h) (i) To contest the amount due or set a court-ordered monthly payment amount, a party files must file a timely motion for a hearing contesting the requested reimbursement, the contesting party must and schedule a hearing in district court or in the expedited child support process if section 484.702 applies. The contesting party must provide the other party seeking reimbursement and the public authority, if the public authority provides support enforcement services, with written notice of the hearing at least 14 days before the hearing by mailing notice of the hearing to the public authority and to the requesting party at the requesting party's last known address. The
moving party seeking reimbursement must file the original affidavit of health care expenses with the court at least five days before the hearing. Based upon the evidence presented, the district court or child support magistrate must determine liability for the expenses and order that the liable party is subject to enforcement of the expenses as medical support arrears under subdivision 18 or set a court-ordered monthly payment amount.

Sec. 37. Laws 2005, chapter 164, section 22, subdivision 18, is amended to read:

Subd. 18. Enforcing an order for unreimbursed or uninsured medical support expenses as arrears. (a) If a party liable for unreimbursed and uninsured medical expenses owes a child support obligation to the party seeking reimbursement of the expenses, the expenses must be enforced under this subdivision are collected as medical support arrears.

(b) If a party liable for unreimbursed and uninsured medical expenses does not owe a child support obligation to the party seeking reimbursement, and the party seeking reimbursement owes the liable party basic support arrears, the liable party’s medical support arrears must be deducted from the amount of the basic support arrears.

(c) If a liable party owes medical support arrears after deducting the amount owed from the amount of the child support arrears owed by the party seeking reimbursement, it must be collected as follows:

(1) if the party seeking reimbursement owes a child support obligation to the liable party, the child support obligation must be reduced by 20 percent until the medical support arrears are satisfied;

(2) if the party seeking reimbursement does not owe a child support obligation to the liable party, the liable party’s income must be subject to income withholding under section 518.6111 for an amount required under section 518.553 until the medical support arrears are satisfied; or

(3) if the party seeking reimbursement does not owe a child support obligation, and income withholding under section 518.6111 is not available, payment of the medical support arrears must be required under a payment agreement under section 518.553.

(d) If a liable party fails to enter into or comply with a payment agreement, the party seeking reimbursement or the public authority, if it provides support enforcement services, may schedule a hearing to have a court order payment. The party seeking reimbursement or the public authority must provide the liable party with written notice of the hearing at least 14 days before the hearing.

(b) If the liable party is the parent with primary physical custody as defined in section 518.54, subdivision 24, the unreimbursed or uninsured medical expenses must be deducted from any arrears the requesting party owes the liable party. If unreimbursed or uninsured expenses remain after the deduction, the expenses must be collected as follows:

(1) If the requesting party owes a current child support obligation to the liable party, 20 percent of each payment received from the requesting party must be returned to the requesting party. The total amount returned to the requesting party each month must not exceed 20 percent of the current monthly support obligation.

(2) If the requesting party does not owe current child support or arrears, a payment agreement under section 518.553 is required. If the liable party fails to enter into or comply with a payment agreement, the requesting party or the public authority, if the public authority provides services, may schedule a hearing to set a court-ordered payment. The requesting party or the public authority must provide the liable party with written notice of the hearing at least 14 days before the hearing.
(c) If the liable party is not the parent with primary physical custody as defined in section 518.54, subdivision 24, the unreimbursed or uninsured medical expenses must be deducted from any arrears the requesting party owes the liable party. If unreimbursed or uninsured expenses remain after the deduction, the expenses must be added and collected as arrears owed by the liable party.

Sec. 38. Laws 2005, chapter 164, section 23, subdivision 1, is amended to read:

Subdivision 1. **Child care costs.** Unless otherwise agreed to by the parties and approved by the court, the court must order that work-related or education-related child care costs of joint children be divided between the obligor and obligee based on their proportionate share of the parties' combined monthly parental income for determining child support. Child care costs shall be adjusted by the amount of the estimated federal and state child care credit payable on behalf of a joint child. The Department of Human Services shall develop tables to calculate the applicable credit based upon the custodial parent's parental income for determining child support.

Sec. 39. Laws 2005, chapter 164, section 23, subdivision 2, is amended to read:

Subd. 2. **Low-income obligor.** (a) If the obligor's parental income for determining child support meets the income eligibility requirements for child care assistance under the basic sliding fee program under chapter 119B, the court must order the obligor to pay the lesser of the following amounts:

1. the amount of the obligor's monthly co-payment for child care assistance under the basic sliding fee schedule established by the commissioner of education under chapter 119B, based on an obligor's monthly parental income for determining child support and the size of the obligor's household provided that the obligee is actually receiving child care assistance under the basic sliding fee program. For purposes of this subdivision, the obligor's household includes the obligor and the number of joint children for whom child support is being ordered; or

2. the amount of the obligor's child care obligation under subdivision 1.

(b) The commissioner of human services must publish a table with the child care assistance basic sliding fee amounts and update the table for changes to the basic sliding fee schedule by July 1 of each year.

Sec. 40. Laws 2005, chapter 164, section 24, is amended to read:

Sec. 24. **[518.722] PARENTING EXPENSE ADJUSTMENT.**

Subdivision 1. **General.** (a) This section shall apply when the amount of parenting time granted to an obligor is ten percent or greater. The parenting expense adjustment under this section reflects the presumption that while exercising parenting time, a parent is responsible for and incurs costs of caring for the child, including, but not limited to, food, transportation, recreation, and household expenses. Every child support order shall specify the total percentage of parenting time granted to or presumed for each parent. For purposes of this section, the percentage of parenting time means the percentage of time a child is scheduled to spend with the parent during a calendar year according to a court order. Parenting time includes time with the child whether it is designated as visitation, physical custody, or parenting time. The percentage of parenting time may be determined by calculating the number of overnights that a child spends with a parent, or by using a method other than overnights if the parent has significant time periods on separate days where the child is in the parent's physical custody and under the direct care of the parent but does not stay overnight. The court may consider the age of the child in determining whether a child is with a parent for a significant period of time.
(b) If there is not a court order awarding parenting time, the court shall determine the child support award without consideration of the parenting expense adjustment. If a parenting time order is subsequently issued or is issued in the same proceeding, then the child support order shall include application of the parenting expense adjustment.

Subd. 2. Calculation of parenting expense adjustment. (b) The obligor shall be entitled to a parenting expense adjustment calculated as follows provided in this subdivision. The court shall:

1. find the adjustment percentage corresponding to the percentage of parenting time allowed to the obligor below:

<table>
<thead>
<tr>
<th>Percentage Range of Parenting Time</th>
<th>Adjustment Percentage</th>
</tr>
</thead>
<tbody>
<tr>
<td>less than 10 percent</td>
<td>no adjustment</td>
</tr>
<tr>
<td>10 percent to 45 percent</td>
<td>12 percent</td>
</tr>
<tr>
<td>45.1 percent to 50 percent</td>
<td>presume parenting time is equal</td>
</tr>
</tbody>
</table>

2. multiply the adjustment percentage by the obligor's basic child support obligation to arrive at the parenting expense adjustment; and

(c) (3) subtract the parenting expense adjustment from the obligor's basic child support obligation. The result is the obligor's basic support obligation after parenting expense adjustment.

Subd. 3. Calculation of basic support when parenting time presumed equal. (d) (a) If the parenting time is equal, the expenses for the children are equally shared, and the parental incomes for determining child support of the parents also are equal, no basic support shall be paid unless the court determines that the expenses for the child are not equally shared.

(e) (b) If the parenting time is equal but the parents' parental incomes for determining child support are not equal, the parent having the greater parental income for determining child support shall be obligated for basic child support, calculated as follows:

1. multiply the combined basic support calculated under section 518.713 by 1.5;

2. prorate the basic child support obligation amount under clause (1) between the parents, based on each parent's proportionate share of the combined PICS; and

3. subtract the lower amount from the higher amount and divide the balance in half; and

(2) The resulting figure is the obligation after parenting expense adjustment for the parent with the greater adjusted gross parental income for determining child support.

(f) This parenting expense adjustment reflects the presumption that while exercising parenting time, a parent is responsible for and incurs costs of caring for the child, including, but not limited to, food, transportation, recreation, and household expenses.

(g) In the absence of other evidence, there is a rebuttable presumption that each parent has 25 percent of the parenting time for each joint child.
Sec. 41. Laws 2005, chapter 164, section 25, is amended to read:

Sec. 25. [518.724] ABILITY TO PAY; SELF-SUPPORT ADJUSTMENT.

Subdivision 1. Ability to pay. (a) It is a rebuttable presumption that a child support order should not exceed the obligor’s ability to pay. To determine the amount of child support the obligor has the ability to pay, the court shall follow the procedure set out in this section:

(1) The court shall calculate the obligor’s income available for support by subtracting a monthly self-support reserve equal to 120 percent of the federal poverty guidelines for one person from the obligor’s gross income. If the obligor’s income available for support calculated under this paragraph is equal to or greater than the obligor’s support obligation calculated under section 518.713, the court shall order child support under section 518.713.

(2) The court shall calculate the obligor’s support obligation by the following:

- If the obligor’s income available for support is less than the self-support reserve, then the court must order the following amount as the minimum basic support:
    - (i) $50 per month for one or two children;
    - (ii) $75 per month for three or four children;
    - (iii) $100 per month for five or more children.

If the court finds the obligor receives no income and completely lacks the ability to earn income, the minimum basic support amount under this paragraph does not apply.
Subd. 3. **Exception.** This section does not apply to an obligor who is incarcerated.

Sec. 42. Laws 2005, chapter 164, section 26, subdivision 2, as amended by Laws 2005, First Special Session chapter 7, section 27, subdivision 2, is amended to read:

Subd. 2. **Basic support; guideline.** Unless otherwise agreed to by the parents and approved by the court, when establishing basic support, the court must order that basic support be divided between the parents based on their proportionate share of the parents’ combined monthly parental income for determining child support, as determined under section 518.54, subdivision 15 (PICS). Basic support must be computed using the following guideline:
