Subd. 19b. Subtractions from federal taxable income. For individuals, estates, and trusts, there shall be subtracted from federal taxable income:

(1) net interest income on obligations of any authority, commission, or instrumentality of the United States to the extent includable in taxable income for federal income tax purposes but exempt from state income tax under the laws of the United States;

(2) if included in federal taxable income, the amount of any overpayment of income tax to Minnesota or to any other state, for any previous taxable year, whether the amount is received as a refund or as a credit to another taxable year's income tax liability;

(3) the amount paid to others, less the amount used to claim the credit allowed under section 290.0674, not to exceed $1,625 for each qualifying child in grades kindergarten to 6 and $2,500 for each qualifying child in grades 7 to 12, for tuition, textbooks, and transportation of each qualifying child in attending an elementary or secondary school situated in Minnesota, North Dakota, South Dakota, Iowa, or Wisconsin, wherein a resident of this state may legally fulfill the state's compulsory attendance laws, which is not operated for profit, and which adheres to the provisions of the Civil Rights Act of 1964 and chapter 363A. For the purposes of this clause, "tuition" includes fees or tuition as defined in section 290.0674, subdivision 1, clause (1). As used in this clause, "textbooks" includes books and other instructional materials and equipment purchased or leased for use in elementary and secondary schools in teaching only those subjects legally and commonly taught in public elementary and secondary schools in this state. Equipment expenses qualifying for deduction includes expenses as defined and limited in section 290.0674, subdivision 1, clause (3). "Textbooks" does not include instructional books and materials used in the teaching of religious tenets, doctrines, or worship, the purpose of which is to instill such tenets, doctrines, or worship, nor does it include books or materials for, or transportation to, extracurricular activities including sporting events, musical or dramatic events, speech activities, driver's education, or similar programs. For purposes of the subtraction provided by this clause, "qualifying child" has the meaning given in section 32(c)(3) of the Internal Revenue Code;

(5) to the extent included in federal adjusted gross income, income realized on disposition of property exempt from tax under section 290.491;
(6) to the extent not deducted or not deductible pursuant to section 408(d)(8)(E) of the Internal Revenue Code in determining federal taxable income by an individual who does not itemize deductions for federal income tax purposes for the taxable year, an amount equal to 50 percent of the excess of charitable contributions over $500 allowable as a deduction for the taxable year under section 170(a) of the Internal Revenue Code and under the provisions of Public Law 109-1;

(7) for taxable years beginning before January 1, 2008, the amount of the federal small ethanol producer credit allowed under section 40(a)(3) of the Internal Revenue Code which is included in gross income under section 87 of the Internal Revenue Code;

(8) for individuals who are allowed a federal foreign tax credit for taxes that do not qualify for a credit under section 290.06, subdivision 22, an amount equal to the carryover of subnational foreign taxes for the taxable year, but not to exceed the total subnational foreign taxes reported in claiming the foreign tax credit. For purposes of this clause, "federal foreign tax credit" means the credit allowed under section 27 of the Internal Revenue Code, and "carryover of subnational foreign taxes" equals the carryover allowed under section 904(c) of the Internal Revenue Code minus national level foreign taxes to the extent they exceed the federal foreign tax credit;

(9) in each of the five tax years immediately following the tax year in which an addition is required under subdivision 19a, clause (7), or 19c, clause (15), in the case of a shareholder of a corporation that is an S corporation, an amount equal to one-fifth of the delayed depreciation. For purposes of this clause, "delayed depreciation" means the amount of the addition made by the taxpayer under subdivision 19a, clause (7), or subdivision 19c, clause (15), in the case of a shareholder of an S corporation, minus the positive value of any net operating loss under section 172 of the Internal Revenue Code generated for the tax year of the addition. (12) the amount of compensation paid to Minnesota residents who are members of the armed forces of the United States or United Nations for active duty performed outside Minnesota;

(13) an amount, not to exceed $10,000, equal to qualified expenses related to a qualified donor's donation, while living, of one or more of the qualified donor's organs to another person for human organ transplantation. For purposes of this clause, "organ" means all or part of an individual's liver, pancreas, kidney, intestine, lung, or bone marrow; "human organ transplantation" means the medical procedure by which transfer of a human organ is made from the body of one person to the body of another person; "qualified expenses" means unreimbursed expenses for both the individual and the qualified donor for (i) travel, (ii) lodging, and (iii) lost wages net of sick pay, except that such expenses may be subtracted under this clause only once; and "qualified donor" means the individual or the individual's dependent, as defined in section 152 of the Internal Revenue Code. An individual may claim the subtraction in this clause for each instance of organ donation for transplantation during the taxable year in which the qualified expenses occur;

If the net operating loss exceeds the addition for the tax year, a subtraction is not allowed under this clause;

(15) to the extent included in federal taxable income, compensation paid to a nonresident who is a service member as defined in United States Code, title 10, section 101(a)(5), for military service as defined in the Service Member Civil Relief Act, Public Law 108-189, section 101(2); and

(ii) exempt-interest dividends as defined in section 852(b)(5) of the Internal Revenue Code, except the portion of the exempt-interest dividends derived from interest income on obligations of the state of Minnesota or its political or governmental subdivisions, municipalities, governmental agencies or instrumentalities, but only if the portion of the exempt-interest dividends from such Minnesota sources paid to all shareholders represents 95 percent or more of the
exempt-interest dividends that are paid by the regulated investment company as defined in section 851(a) of the Internal Revenue Code, or the fund of the regulated investment company as defined in section 851(g) of the Internal Revenue Code, making the payment; and

(iii) for the purposes of items (i) and (ii), interest on obligations of an Indian tribal government described in section 7871(c) of the Internal Revenue Code shall be treated as interest income on obligations of the state in which the tribe is located;

For the purpose of this paragraph, the disallowance of itemized deductions under section 68 of the Internal Revenue Code of 1986, income or sales and use tax is the last itemized deduction disallowed;

For purposes of this clause, if the taxpayer has an activity that in the taxable year generates a deduction for depreciation under section 168(k) and the activity generates a loss for the taxable year that the taxpayer is not allowed to claim for the taxable year, "the depreciation allowed under section 168(k)" for the taxable year is limited to excess of the depreciation claimed by the activity under section 168(k) over the amount of the loss from the activity that is not allowed in the taxable year.
