Sec. 11. Minnesota Statutes 2006, section 297A.94, is amended to read:

(a) Except as provided in this section, the commissioner shall deposit the revenues, including interest and penalties, derived from the taxes imposed by this chapter in the state treasury and credit them to the general fund.

(b) The commissioner shall deposit taxes in the Minnesota agricultural and economic account in the special revenue fund if:
(1) the taxes are derived from sales and use of property and services purchased for the construction and operation of an agricultural resource project; and

(2) the purchase was made on or after the date on which a conditional commitment was made for a loan guaranty for the project under section 41A.04, subdivision 3.

(d) The commissioner shall deposit the revenues, including interest and penalties, collected under section 297A.64, subdivision 5, in the state treasury and credit them to the general fund. By July 15 of each year the commissioner shall transfer to the highway user tax distribution fund an amount equal to the excess fees collected under section 297A.64, subdivision 5, for the previous calendar year.

(e) For fiscal year 2001, 97 percent; for fiscal years 2002 and 2003, 87 percent; and for fiscal year 2004 and thereafter, 72.43 percent of the revenues, including interest and penalties, transmitted to the commissioner under section 297A.65, must be deposited by the commissioner in the state treasury as follows:

(1) 50 percent of the receipts must be deposited in the heritage enhancement account in the game and fish fund, and may be spent only on activities that improve, enhance, or protect fish and wildlife resources, including conservation, restoration, and enhancement of land, water, and other natural resources of the state;

Land acquired with money deposited in the game and fish fund under paragraph (e) must be open to public hunting and fishing during the open season, except that in aquatic management areas or on lands where angling easements have been acquired, fishing may be prohibited during certain times of the year and hunting may be prohibited. At least 87 percent of the money deposited in the game and fish fund for improvement, enhancement, or protection of fish and wildlife resources under paragraph (e) must be allocated for field operations.

It is the intent of the legislature that the transfers in this paragraph are funded through reductions in state agency and human services budgets, therefore this paragraph is only effective in a fiscal year where funding of K-12 education and nursing home reimbursements in the current fiscal year are not reduced from the previous fiscal year.

**EFFECTIVE DATE.** This section is effective beginning with revenues collected in fiscal year 2009.
