A quorum was present.

Gunther; Marquart; Olson; Peterson, N., and Westrom were excused.

The Speaker called Thissen to the Chair.
Kelliher was excused for the remainder of today's session.

The Chief Clerk proceeded to read the Journals of the preceding days. Brown moved that further reading of the Journals be suspended and that the Journals be approved as corrected by the Chief Clerk. The motion prevailed.

REPORTS OF CHIEF CLERK

S. F. No. 54 and H. F. No. 180, which had been referred to the Chief Clerk for comparison, were examined and found to be identical with certain exceptions.

SUSPENSION OF RULES

Sertich moved that the rules be so far suspended that S. F. No. 54 be substituted for H. F. No. 180 and that the House File be indefinitely postponed. The motion prevailed.

PETITIONS AND COMMUNICATIONS

The following communications were received:

STATE OF MINNESOTA
OFFICE OF THE GOVERNOR

REPORTS OF STANDING COMMITTEES

Hilty from the Energy Finance and Policy Division to which was referred:

H. F. No. 86, A bill for an act relating to energy; designating Elk River as Minnesota's energy city; proposing coding for new law in Minnesota Statutes, chapter 1.

Reported the same back with the recommendation that the bill pass and be re-referred to the Committee on Local Government and Metropolitan Affairs.

The report was adopted.

Hilstrom from the Committee on Local Government and Metropolitan Affairs to which was referred:

H. F. No. 108, A bill for an act relating to the city of North Mankato; allowing the city to impose a local sales and use tax.

Reported the same back with the recommendation that the bill be re-referred to the Committee on Taxes without further recommendation.

The report was adopted.
Otremba from the Committee on Agriculture, Rural Economies and Veterans Affairs to which was referred:

H. F. No. 151, A resolution memorializing the United States Congress to reauthorize the Conservation Reserve Program as part of the 2007 Farm Bill.

Reported the same back with the following amendments:

Page 1, delete lines 4 to 21

Page 2, delete lines 1 to 7 and insert:

"Whereas, the Conservation Reserve Program is a voluntary federal program that protects millions of acres of American topsoil from erosion, thereby safeguarding our nation's soil and water resources while at the same time benefiting our nation's farmers and farming communities; and

Whereas, some 33,000 Minnesota farms participate in the Conservation Reserve Program, committing to take 1,800,000 of our state's most environmentally sensitive acres out of agricultural production for a period of ten to 15 years; and

Whereas, Minnesota farmers have instituted conservation and erosion control measures on these acres, including planting trees and native grasses, installing filter strips and riparian buffers, and restoring wetlands important to wildlife including native and migrating waterfowl; and

Whereas, through the Conservation Reserve Program, Minnesota farmers remove environmentally sensitive acres from agricultural production and plant them with cover crops, thereby contributing to a reduction in price-depressing crop surpluses and lowering the federal government's price support expenditures for covered crops like corn, soybeans, and wheat; and

Whereas, the Wetlands Reserve Program is a voluntary federal program in which Minnesota landowners protect, restore, and enhance wetlands on their property, thereby improving wetland values and functions and providing valuable wildlife habitat; and

Whereas, in 2006 there were 14,500 acres enrolled in the Wetlands Reserve Program in Minnesota, representing nearly ten percent of program acreage nationwide and trailing only Arkansas and Nebraska in the number of acres enrolled; and

Whereas, as successful and equitable conservation programs, the Conservation Reserve Program and the Wetlands Reserve Program enjoy broad support in Minnesota from farming, hunting, wildlife, and environmental communities; Now, Therefore,

Be It Resolved by the Legislature of the State of Minnesota that it urges the Congress of the United States to reauthorize the Conservation Reserve Program and the Wetlands Reserve Program as part of the 2007 Farm Bill.

Be It Further Resolved that the Secretary of State of the State of Minnesota is directed to prepare copies of this memorial and transmit them to the Speaker and the Clerk of the United States House of Representatives, the President and the Secretary of the United States Senate, the chairs of congressional committees with jurisdiction over agriculture, and Minnesota's Senators and Representatives in Congress."
Amend the title as follows:

H. F. No. 233, A bill for an act relating to education; providing for an international baccalaureate pilot program across all grades of a school district; appropriating money.

Reported the same back with the recommendation that the bill pass and be re-referred to the Committee on Finance.

The report was adopted.

Thissen from the Committee on Health and Human Services to which was referred:

H. F. No. 250, A bill for an act relating to health; modifying provisions for ambulance service and interhospital transfer; amending Minnesota Statutes 2006, sections 144E.101, subdivision 6; 144E.127; 144E.35, subdivision 1.

Reported the same back with the recommendation that the bill pass and be re-referred to the Committee on Finance.

The report was adopted.

Otremba from the Committee on Agriculture, Rural Economies and Veterans Affairs to which was referred:

H. F. No. 272, A bill for an act relating to the military, firearms, and employment; clarifying that a statute ensuring the continuation of state licenses and certificates of registration for any trade, employment, occupation, or profession while soldiers and certain essential employees are engaged in active military service applies to licenses and certificates of registration requiring firearms safety and usage training; amending Minnesota Statutes 2006, section 326.56, subdivision 2.

Reported the same back with the following amendments:

Delete everything after the enacting clause and insert:

"Section 1. Minnesota Statutes 2006, section 326.56, subdivision 2, is amended to read:

Subd. 2. **License or registration, renewal; exemption for military service.** (a) Notwithstanding any other provision of statutes, any person required by law to be licensed or registered by the state of Minnesota in order to carry on or practice a trade, employment, occupation or profession within this state who is also required by law to renew the license or certificate of registration at stated intervals and to pay a fee for such renewal on or before a
specified date, or be subject to revocation of the license or certificate or other penalties, and who has been ordered into active military service, or who has been engaged, or shall hereafter be engaged, in employment outside of the United States essential to the prosecution of a war or to the national defense, whose license or certificate of registration was effective at the time of the person's entry into active military service or engagement in the employment, is hereby exempted from the payment of all renewal fees and from the filing of any application for renewal, which but for this section would have been required as a condition of the renewal of the license or certificate, during the time the person has been in active military service or that employment, and from any penalties for nonpayment or late payment, and is hereby exempted from further payment of such renewal fees and from the making of any application for renewal during the period the person shall remain in active military service or the employment, and for six months thereafter. The license or certificate in the meantime shall remain in full force and effect, and if it has been canceled or revoked solely on the basis of nonpayment of renewal fees or failure to apply for a renewal, it shall be reinstated upon the application of the licensee or registrant or by anyone on the person's behalf without the payment of any penalties or costs. Any such person may within six months from the date of release from active military service, or from the date of return within the boundaries of the United States if the person has been engaged in the essential employment, make application for a renewal of the license or certificate without penalty and in the same manner as if the person had made application therefor at the time or time specified by existing laws, irrespective of whether the license or certificate has expired or is due to expire within that time period.

(b) The phrase "license or certificate of registration" in paragraph (a) includes, but is not limited to, a license or certificate of registration for a trade, employment, occupation, or profession for which the state requires firearms and use of force training.

EFFECTIVE DATE. This section is effective the day following final enactment and applies to applications for renewal of licenses and certificates of registration on or after that date.

H. F. No. 299, A bill for an act relating to natural resources; providing for extension, cancellation, or termination of certain timber permits due to economic infeasibility; amending Minnesota Statutes 2006, section 90.031, subdivision 4.

Reported the same back with the following amendments:

Delete everything after the enacting clause and insert:

"Section 1. VOLUNTARY TERMINATION OF TIMBER SALE PERMITS.

(a) Notwithstanding Minnesota Statutes, sections 90.161, 90.173, and 90.211, or other law to the contrary, the commissioner of natural resources shall, in the case of nontrust land, terminate the permit for an eligible sale of timber without penalty according to this section and upon request of the permit holder. In the case of a permit
relating to trust land, the commissioner shall terminate the permit for an eligible sale of timber according to this section only if termination of the permit would secure the maximum long-term economic return from the land consistent with the fiduciary responsibilities imposed by law in regard to the trust lands.

(b) An "eligible sale" means a sale for timber:

(1) the permit for which was issued on or after July 1, 2004, but before January 1, 2007;

(2) that contains aspen as the predominant timber species; and

(3) for which the aspen was sold for $40 per cord or more.

(c) The maximum amount available for voluntary turn back under this section is 10,000 cords of all species for each permittee.

(d) Upon termination of a permit under this section, the commissioner shall retain the 15 percent down payment made by the permittee under Minnesota Statutes, section 90.14, and shall credit the amount to the permittee. In the case of a bonded sale, the permittee is released from the bond obligation, except that the permittee must pay 15 percent of the turn back amount, in cash, to the commissioner. The commissioner shall credit the amount paid to the permittee. Amounts credited to permittees under this paragraph may be used toward future timber purchases. A credit under this paragraph expires two years after the effective date of the permit termination.

(e) All permit terminations under this section must be completed by December 31, 2007. The commissioner of natural resources must proceed expeditiously to reoffer for sale any timber subject of a turn back under this section.

EFFECTIVE DATE. This section is effective the day following final enactment.

"Section 1. SHORT-TERM OFFENDER ADVISORY TASK FORCE.

(a) An advisory task force is established to evaluate the use and effectiveness of the short-term offender program and identify gaps in the current system relating to jail programming and reentry. The task force shall recommend appropriate levels of reimbursement to counties for housing short-term offenders in county and regional jails, and propose alternatives to the current system including, but not limited to, a regional jail structure.

(b) The commissioner of corrections shall cochair the committee with a designee of the Minnesota Sheriffs Association and convene the first meeting of the advisory task force that is composed of the following representatives: three members to represent the Department of Corrections' institutions division, community services division, and offender reception center appointed by the commissioner; two sheriffs who operate jails that house short-term offenders appointed by the Minnesota Sheriffs Association; two county administrators and two county board members appointed by the Association of Minnesota Counties; two county attorneys appointed by the Minnesota County Attorneys Association; two public defenders jointly appointed by the Minnesota Corrections Association and the Minnesota Association of Community Corrections Act counties, one of whom must be from a Community Corrections Act county. The associations must seek geographical diversity among task force members so that both metropolitan and out-state interests are represented. Task force members may not receive compensation but may receive reimbursement for expenses related to serving on the task force. Except as provided in this section, task force members' terms and other task force matters are subject to Minnesota Statutes, section 15.059.

(c) The task force must submit by January 15, 2009, a written report to the chairs of the public safety finance and policy committees in the house of representatives and senate that includes the task force recommendations for managing and reforming the short-term offender program and reimbursing counties for housing short-term offenders.

(d) Upon request, the commissioner of corrections must provide the task force with technical and other support services. The commissioner must use funds from the department's current operating budget to cover any costs the commissioner incurs in providing services to the task force."
(e) The task force expires on June 30, 2009.

"Section 1. [17.118] **CLEAN ENERGY CAPITAL EQUIPMENT LOANS.**

(a) There is established a clean energy revolving loan fund that is eligible to receive appropriations and make loans under this section. The commissioner shall establish a clean energy loan program to make loans for capital equipment to persons participating in the reinvest in Minnesota clean energy program under section 103F.518 and other persons using native, perennial cropping systems for energy or seed production. The commissioner, in consultation with the technical committee established under section 103F.518, subdivision 11, shall establish guidelines for loans made under this section. All repayments of loans granted from this fund, including principal and interest, must be deposited into this fund. Interest earned on money in the fund accrues to the fund, and the money in the fund is appropriated to the commissioner to make clean energy capital equipment loans under this section."
(b) The definitions in section 41A.10, subdivision 2, apply to this section.

Sec. 2. **[41A.10] CELLULOSIC BIOFUEL DEVELOPMENT.**

Subdivision 1. **Appropriation.** A sum sufficient to make the payments required by this section is annually appropriated from the general fund to the commissioner of agriculture and all money so appropriated is available until expended.

Subd. 2. **Definitions.** For the purposes of this section and sections 17.118, 41A.11, and 103F.518, the terms defined in this subdivision have the meanings given them.

(a) "Cellulosic biofuel" means transportation fuel derived from cellulosic materials.

(b) "Cellulosic material" means an agricultural feedstock primarily comprised of cellulose, hemicellulose, or lignin or a combination of those ingredients grown on agricultural lands.

(c) "Agricultural land" means land used for horticultural, row, close grown, pasture, and hayland crops; growing nursery stocks; animal feedlots; farm yards; associated building sites; and public and private drainage systems and field roads located on any of that land.

(d) "Cellulosic biofuel facility" means a facility at which cellulosic biofuel is produced.

(e) "Perennial crops" means agriculturally produced plants that have a life cycle of at least three years at the location where the plants are being cultivated.

(f) "Perennial cropping system" means an agricultural production system that utilizes a perennial crop.

(g) "Native species" means a plant species which was present in a defined area of Minnesota prior to European settlement (circa 1850). A defined area may be an ecological classification province. Wild-type varieties therefore are regional or local ecotypes that have not undergone a selection process.

(h) "Diverse native prairie" means a prairie planted from a mix of nongenetically modified local Minnesota native prairie species consisting of at least two legumes, two cool season grasses, four warm season grasses, and eight nonleguminous forbs. A selection from all available native prairie species may be made so as to match species appropriate to local site conditions. Local species seed may be obtained alone or in prepared seed mixes from any source within a 100-mile radius of the planting site.

(i) "Commissioner" means the commissioner of agriculture.

(j) "Eligible biofuel producer" means a cellulosic biofuel facility that is at least 51 percent owned by farmers, as defined in section 500.24, subdivision 2, paragraph (n), residing in the county where the cellulosic biofuel facility is located or in an adjoining county, and an additional 24 percent of community ownership for any people residing in the county or adjoining county.

Subd. 3. **Cellulosic biofuel production goal.** The state cellulosic biofuel production goal is one-quarter of the total amount necessary for ethanol use required under section 239.791, subdivision 1a, by 2015 or when cellulosic biofuel facilities in the state attain a total annual production level of 60,000,000 gallons, whichever is first.

Subd. 4. **Cellulosic biofuel producer payments.** (a) The commissioner shall make cash payments to eligible producers of cellulosic biofuel located in the state that have begun production at a specific location by June 30, 2012. For the purpose of this subdivision, an entity that holds a controlling interest in more than one cellulosic biofuel
The amount of the payment for each eligible producer's annual 
production, except as provided in paragraph (d), is 15 cents per gallon for each gallon of cellulosic biofuel produced 
at a specific location for five years after the start of production. Cellulosic materials utilized in the production of 
cellulosic biofuel must follow best available management practices or standards for their establishment, growing, 
and harvesting. Cellulosic biofuel produced from corn stover or any row crop must be grown according to 
management plans based on the University of Minnesota or United States Department of Agriculture Natural 
Resource Conservation Service’s best practices for crop rotations, pests, and tillage that minimize soil erosion, 
contaminated runoff, and leaching of nutrients.

(b) In lieu of the payment under paragraph (a), the commissioner shall make cash payments to eligible producers 
of cellulosic biofuel located in the state that utilize perennial, native cellulosic material grown that follow the 
standards derived under the reinvest in Minnesota clean energy program, section 103F.518, subdivision 11, that have 
begun production at a specific location by June 30, 2015. For the purpose of this subdivision, an entity that holds a 
controlling interest in more than one cellulosic biofuel facility is considered a single eligible producer. The amount 
of the payment for each eligible biofuel producer’s annual production, except as provided in paragraph (d), is 30 
cents per gallon for each gallon of cellulosic biofuel produced at a specific location for ten years after the start of 
production.

(c) No payments may be made for cellulosic biofuel production that occurs after June 30, 2022, for those eligible 
biofuel producers under paragraph (a), and 2025 for those eligible biofuel producers under paragraph (b). An 
eligible producer of cellulosic biofuel shall not transfer the producer’s eligibility for payments under this section to a 
cellulosic biofuel facility at a different location.

(d) If the level of production at a cellulosic biofuel facility increases due to an increase in the production capacity 
of the facility, the payment under paragraph (a) applies to the additional increment of production until five years 
after the increased production began and under paragraph (b) applies to the additional increment of production until 
ten years after the increased production began. If capacity under paragraph (a) is converted to payment under 
paragraph (b), the ten-year payment limit starts when the capacity increased under paragraph (a). Once a facility’s 
production capacity reaches 15,000,000 gallons per year, no additional increment will qualify for the payment.

(e) Payments under paragraphs (a) and (b) to all eligible biofuel producers may not exceed $27,000,000 in a 
fiscal year. Total payments under paragraphs (a) and (b) to an eligible biofuel producer in a fiscal year may not 
exceed the amount necessary for 15,000,000 gallons of biofuel production.

(f) An eligible biofuel producer may blend cellulosic feedstocks eligible under paragraphs (a) and (b), but only 
the percentage of gallons that is attributable to feedstocks under paragraph (a) receive 15 cents per gallon, and those 
under paragraph (b) receive 30 cents per gallon.

(g) By the last day of October, January, April, and July, each eligible biofuel producer shall file a claim for 
payment for cellulosic biofuel production during the preceding three calendar months. An eligible biofuel producer 
that files a claim under this subdivision shall include a statement of the eligible biofuel producer's total cellulosic 
biofuel production in Minnesota during the quarter covered by the claim. For each claim and statement of total 
cellulosic biofuel production filed under this subdivision, the volume of cellulosic biofuel production must be 
examined by an independent certified public accountant in accordance with standards established by the American 
Institute of Certified Public Accountants.

(h) Payments must be made November 15, February 15, May 15, and August 15. A separate payment must be 
made for each claim filed. The total quarterly payment to an eligible producer under this paragraph may not exceed 
the amount necessary for 3,750,000 gallons of biofuel production.
(i) If an eligible biofuel producer becomes ineligible within five years after the last payment has been received under paragraph (a), and ten years after the last payment under paragraph (b), all payments received for biofuel production must be refunded to the commissioner. Refunded payments received under this paragraph must be deposited in the general fund.

(j) Annually, within 90 days of the end of its fiscal year, a cellulosic biofuel producer receiving payments under this subdivision must file a disclosure statement on a form provided by the commissioner. The initial disclosure statement must include a summary description of the organization of the business structure of the claimant, a listing of the percentages of ownership and governance by any person or other entity with an ownership interest or governance rights of five percent or greater, and a copy of its annual audited financial statements, including the auditor's report and footnotes. The disclosure statement must include information demonstrating what percentage of the entity receiving payments under this section is owned and governed by farmers or other entities that reside within the county where the cellulosic biofuel facility is located. Subsequent annual reports must reflect noncumulative changes in ownership of ten percent or more of the entity. The report need not disclose the identity of the persons or entities, but the claimant must retain information within its files confirming the accuracy of the data provided. This data must be made available to the commissioner upon request. Not later than the 15th day of February in each year, the commissioner shall deliver to the chairs of the standing committees of the senate and the house of representatives that deal with agricultural policy and agricultural finance an annual report summarizing aggregated and facility data from plants receiving payments under this section during the preceding calendar year. Audited financial statements and notes and disclosure statements submitted to the commissioner are nonpublic data under section 13.02, subdivision 9. Notwithstanding the provisions of chapter 13 relating to nonpublic data, summaries of the submitted audited financial reports and notes and disclosure statements must be contained in the report to the committee chairs and will be public data.

(k) Bioenergy production for which payment has been received under section 41A.11 is not eligible for payment under this section.

Sec. 3. [41A.11] BIOENERGY PRODUCTION INCENTIVE.

Subdivision 1. Appropriation. A sum sufficient to make the payments required by this section is annually appropriated from the general fund to the commissioner of agriculture and all money so appropriated is available until expended.

Subd. 2. Definitions. The definitions in this subdivision and section 41A.10 apply to this section.

(a) "Bioenergy production" means the generation of energy for commercial heat, industrial process heat, or electrical power from a cellulosic material for a new or expanded capacity facility or a facility that is displacing existing use of fossil fuel after the effective date of this section.

(b) "Project area" means a geographically defined area in which reinvest in Minnesota clean energy program easements are secured in order to provide a cellulosic material supply to an identified facility producing bioenergy.

Subd. 3. Bioenergy producer payments. (a) The commissioner shall make cash payments to eligible producers of bioenergy located in the state that have begun production at a specific location by June 30, 2009. For the purpose of this subdivision, an entity that holds a controlling interest in more than one bioenergy production plant is considered a single eligible producer. The amount of the payment for each producer's annual production, except as provided in paragraph (d), is $0.75 per 1,000,000 British thermal units (Btu) of bioenergy production produced at a specific location for three years after the start of production. Cellulosic materials utilized for bioenergy production must follow best available management practices or standards for their establishment, growing, and harvesting. Bioenergy produced from corn stover or any row crop must be grown according to management plans based on the University of Minnesota or United States Department of Agriculture Natural Resource Conservation Service's best practices for crop rotations, pests, and tillage that minimize soil erosion, contaminates runoff, and leaching of nutrients.
(b) The commissioner shall make cash payments to producers of bioenergy located in the state that utilize perennial, native cellulosic material grown according to standards derived under the reinvest in Minnesota clean energy program, section 103F.518, subdivision 11, that have begun a practice at a specific location by June 30, 2015. For the purpose of this subdivision, an entity that holds a controlling interest in more than one bioenergy production plant is considered a single producer. The amount of the payment for each producer's annual production, except as provided in paragraph (d), is $1.50 per 1,000,000 British thermal units (Btu) of bioenergy production produced at a specific location for ten years after the start of production.

(c) No payments may be made for bioenergy production that occurs after June 30, 2012, for those eligible bioenergy producers under paragraph (a), and 2025 for those eligible biofuel producers under paragraph (b). A producer of bioenergy production shall not transfer the producer’s eligibility for payments under this section to a bioenergy production plant at a different location.

(d) If the level of production at a bioenergy production plant increases due to an increase in the production capacity of the plant, the payment under paragraph (a) applies to the additional increment of production until three years after the increased production began, and under paragraph (b), ten years after the increased production began. If capacity under paragraph (a) is converted to payment under paragraph (b), the ten-year payment limit starts when the capacity increased under paragraph (a). Once a plant’s bioenergy production capacity reaches 1,500,000,000,000 Btu per year, no additional increment will qualify for the payment under both paragraphs (a) and (b).

(e) Total payments under paragraphs (a) and (b) to all producers may not exceed $11,000,000 in a fiscal year. Total payments under paragraphs (a) and (b) to a producer in a fiscal year may not exceed $2,250,000.

(f) An eligible facility may blend a cellulosic feedstock with other fuels in the bioenergy production facility, but only the percentage attributable to cellulosic material listed is eligible to receive the producer payment.

(g) An eligible bioenergy producer may blend the cellulosic materials eligible under paragraphs (a) and (b), but only the percentage that is attributable to feedstocks under paragraph (a) receive $0.75 per 1,000,000 Btu and those under paragraph (b) receive $1.50 per 1,000,000 Btu.

(h) By the last day of October, January, April, and July, each producer shall file a claim for payment for bioenergy production during the preceding three calendar months. A producer that files a claim under this subdivision shall include a statement of the producer's total bioenergy production in Minnesota during the quarter covered by the claim. For each claim and statement of total bioenergy production filed under this subdivision, the volume of bioenergy production must be examined by an independent certified public accountant in accordance with standards established by the American Institute of Certified Public Accountants.

(i) Payments must be made November 15, February 15, May 15, and August 15. A separate payment must be made for each claim filed. The total quarterly payment to a producer under this paragraph may not exceed $562,500.

(j) Biofuel production for which payment has been received under section 41A.10 is not eligible for payment under this section.

Sec. 4. [103F.518] REINVEST IN MINNESOTA CLEAN ENERGY PROGRAM.

Subdivision 1. Establishment of program. (a) The board, in consultation with the technical committee established in subdivision 11, shall establish and administer a reinvest in Minnesota clean energy program that is in addition to the program under section 103F.515. The board may adopt rules to implement this section. Selection of land for the clean energy program must be based on its potential benefits for bioenergy crop production, water quality, soil health, reduction of chemical inputs, soil carbon storage, biodiversity, and wildlife habitat.
(b) The definitions in sections 41A.10 and 41A.11 apply to this section.

Subd. 2. **Eligible land.** Eligible land under this section must:

1. be owned by the landowner, or a parent or other blood relative of the landowner, for at least one year before the date of application;
2. be at least five acres in size;
3. not be currently set aside, enrolled, or diverted under another federal or state government program; and
4. have been in agricultural use, as defined in section 17.81, subdivision 4, or have been set aside, enrolled, or diverted under another federal or state program for at least two of the last five years before the date of application.

Subd. 3. **Designation of project areas.** The board shall develop a process to designate defined project areas. The designation process must prioritize projects that include coordinated cooperation of a cellulosic biofuel facility or a bioenergy production facility, target impaired waters, or support other state or local natural resource plans, goals, or objectives.

Subd. 4. **Easements.** The board may acquire, or accept by gift or donation, easements on eligible land. An easement may be permanent or of limited duration. An easement of limited duration may not be acquired if it is for less than 20 years. The negotiation and acquisition of easements authorized by this section are exempt from the contractual provisions of chapters 16B and 16C.

Subd. 5. **Nature of property rights acquired.** (a) An easement must prohibit:

1. agricultural crop production, unless approved by the board for energy production purposes; and
2. spraying with chemicals, except as necessary to comply with noxious weed control laws, emergency pest control necessary to protect public health, or as needed to establish a productive planting as determined by the technical committee under subdivision 11.

(b) An easement is subject to the terms of the agreement provided in subdivision 6.

(c) Agricultural crop production and harvest are limited to native, perennial bioenergy crops. Harvest must occur outside of bird nesting season.

(d) An easement must allow repairs, improvements, and inspections necessary to maintain public drainage systems provided the easement area is restored to the condition required by the terms of the easement.

(e) An easement may allow nonnative perennial prairie or pasture established by September 1, 2007, that meet the objectives outlined in subdivision 7.

(f) An easement may allow grazing of livestock only if practiced under a plan, approved by the board, that protects water quality, wildlife habitat, and biodiversity.

Subd. 6. **Agreements by landowner.** The board may enroll eligible land in the reinvest in Minnesota clean energy program by signing an agreement in recordable form with a landowner in which the landowner agrees:

1. to convey to the state an easement that is not subject to any prior title, lien, or encumbrance;
(2) to seed the land subject to the easement, as specified in the agreement, at seeding rates determined by the board, or carry out other long-term capital improvements approved by the board; and

(3) that the easement duration may be lengthened through mutual agreement with the board.

Subd. 7. Payments for easements. The board must develop a tiered payment system for easements partially based on the benefits of the bioenergy crop production for water quality, soil health, reduction in chemical inputs, soil carbon storage, biodiversity, and wildlife habitat using cash rent or a similar system as may be determined by the board. The payment system must provide that the highest per-acre payment is for diverse native prairie and perennials.

Subd. 8. Easement renewal. When an easement of limited duration expires, a new easement and agreement for an additional period of at least 20 years may be acquired by agreement of the board and the landowner under the terms of this section. The board may adjust payment rates as a result of renewing an agreement and easement only after examining the condition of the established plantings, conservation practices, and land values.

Subd. 9. Correction of easement boundary lines. To correct errors in legal descriptions for easements that affect the ownership interest in the state and adjacent landowners, the board may, in the name of the state, with the approval of the attorney general, convey, without consideration, interests of the state necessary to correct legal descriptions of boundaries. The conveyance must be by quitclaim deed or release in a form approved by the attorney general.

Subd. 10. Enforcement and damages. (a) A landowner who violates the term of an easement or agreement under this section, or induces, assists, or allows another to do so, is liable to the state for treble damages if the trespass is willful, but liable for double damages only if the trespass is not willful. The amount of damages is the amount needed to make the state whole or the amount the landowner has gained due to the violation, whichever is greater.

(b) On request of the board, the attorney general may commence an action for specific performance, injunctive relief, damages, including attorney fees, and any other appropriate relief to enforce this section in district court in the county where all or part of the violation is alleged to have been committed, or where the landowner resides or has a principal place of business.

Subd. 11. Technical committee. To ensure that public benefits, including water quality, soil health, reduction of chemical inputs, soil carbon storage, biodiversity, and wildlife habitat are secured along with bioenergy crop production, the Board of Water and Soil Resources shall appoint a technical committee consisting of one representative each from the Departments of Agriculture, Natural Resources, Commerce, and the Pollution Control Agency; two farm organizations; one sustainable agriculture farmer organization; three rural economic development organizations; three environmental organizations; and three conservation or wildlife organizations. The board and technical committee shall consult with private sector organizations and University of Minnesota researchers involved in biomass establishment and bioenergy or biofuel conversion. The technical committee shall develop program guidelines, standards, and rules, as appropriate to ensure that reinvest in Minnesota clean energy program contracts provide public benefits commensurate with the public investment. The technical committee shall review and make recommendations on the guidelines, standards, and rules every five years.

Sec. 5. Appropriation; RIM Clean Energy Program Standards.

$3,500,000 in fiscal year 2008 is appropriated from the general fund to the Board of Water and Soil Resources to develop, in consultation with the technical committee established under Minnesota Statutes, section 103F.518, subdivision 11, RIM clean energy program guidelines, standards, and rules. This is a onetime appropriation and is available until June 30, 2009.
Sec. 6. **APPROPRIATION; RIM CLEAN ENERGY PROGRAM EASEMENTS.**

Subdivision 1. **Bond proceeds; appropriation.** $20,000,000 is appropriated from the bond proceeds fund to the Board of Water and Soil Resources to acquire RIM clean energy program easements under Minnesota Statutes, section 103F.518.

Subd. 2. **Bond sale.** To provide the money appropriated in this section from the bond proceeds fund, the commissioner of finance shall sell and issue bonds of the state in an amount up to $20,000,000 in the manner, upon the terms, and with the effect prescribed by Minnesota Statutes, sections 16A.631 to 16A.675, and by the Minnesota Constitution, article XI, sections 4 to 7.

Subd. 3. **General fund; appropriation.** $500,000 in fiscal year 2008 and $500,000 in fiscal year 2009 are appropriated from the general fund to the Board of Water and Soil Resources to be used for long-term inspection and protection of easements acquired by the board.

Sec. 7. **TRANSFER; CLEAN ENERGY CAPITAL EQUIPMENT REVOLVING LOAN FUND.**

By June 30, 2008, the commissioner of finance shall transfer $3,000,000 from the general fund to the clean energy capital equipment revolving fund.

Sec. 8. **APPROPRIATION; BIOENERGY CROP UTILIZATION TECHNOLOGY PERMITTING.**

$1,000,000 in fiscal year 2008 and $1,000,000 in fiscal year 2009 are appropriated from the general fund to the Pollution Control Agency to permit new and emerging bioenergy crop utilization technologies. This is a onetime appropriation.

Sec. 9. **APPROPRIATION; BIOENERGY PRODUCTION AND UTILIZATION TECHNICAL ASSISTANCE.**

$600,000 in fiscal year 2008 is appropriated from the general fund to the Agricultural Utilization Research Institute for technical assistance and technology transfer to bioenergy crop producers and users. This appropriation is available until June 30, 2009.

Sec. 10. **APPROPRIATION; BIOENERGY PRODUCTION RESEARCH AND MONITORING.**

$1,000,000 in fiscal year 2008 is appropriated from the general fund to the Board of Water and Soil Resources to provide grants, in consultation with the technical committee established under Minnesota Statutes, section 103F.518, subdivision 11, for bioenergy crop research and monitoring including, but not limited to, water quality, water quantity utilized, soil carbon storage, biological diversity, wildlife and habitat impacts and benefits, and small diameter woody bioenergy. This appropriation is available until June 30, 2009.

Sec. 11. **APPROPRIATION; BIOENERGY AGRONOMIC ECONOMIC AND POLICY RESEARCH.**

$1,000,000 in fiscal year 2008 and $1,000,000 in fiscal year 2009 are appropriated from the general fund to the Minnesota Institute for Sustainable Agriculture at the University of Minnesota to provide funds for on-station and on-farm field scale research and outreach to develop and test the agronomic and economic requirements of diverse stands of prairie plants and other perennials for bioenergy systems including, but not limited to, multiple species selection and establishment, ecological management between planting and harvest, harvest technologies, financial and agronomic risk management, farmer goal setting and adoption of technologies, integration of wildlife habitat into management approaches, evaluation of carbon and other benefits, and robust policies needed to induce farmer conversion on marginal lands.
Sec. 12. **APPROPRIATION; BUSINESS DEVELOPMENT ASSISTANCE GRANTS.**

$150,000 in fiscal year 2008 is appropriated from the general fund to the commissioner of agriculture for grants to nongovernmental entities to assist in the development of business plans and structures related to community ownership of eligible cellulosic biofuel facilities under Minnesota Statutes, section 41A.10. This is a onetime appropriation and is available until June 30, 2009."

SECOND READING OF SENATE BILLS

S. F. No. 54 was read for the second time.
INTRODUCTION AND FIRST READING OF HOUSE BILLS

The following House Files were introduced:

Dean, Dettmer, Bigham and McNamara introduced:

H. F. No. 1210, A bill for an act relating to transportation; requiring restoration, reopening, and maintenance of Stillwater Boomsite rest area, and prohibiting transfer of site.

The bill was read for the first time and referred to the Committee on Finance.

Otremba and Ward introduced:

H. F. No. 1211, A bill for an act relating to game and fish; removing ban on smokeless gunpowder; amending Minnesota Statutes 2006, section 97B.311.

The bill was read for the first time and referred to the Committee on Environment and Natural Resources.

Mullery introduced:

H. F. No. 1212, A bill for an act relating to taxation; imposing a gift tax and coordinating the tax with the estate tax; amending Minnesota Statutes 2006, sections 291.005, subdivision 1; 291.03, subdivision 1; proposing coding for new law in Minnesota Statutes, chapter 292.

The bill was read for the first time and referred to the Committee on Taxes.

Clark, Dominguez, Hornstein, Mullery, Walker and Thao introduced:

H. F. No. 1213, A bill for an act relating to public safety; expanding drug free and prostitution free zones; appropriating money for pilot projects in Minneapolis and St. Paul; amending Minnesota Statutes 2006, sections 152.01, by adding subdivisions; 152.021, subdivision 1; 152.022, subdivision 1; 152.023, subdivision 2; 152.024, subdivision 1; 609.3242.

The bill was read for the first time and referred to the Committee on Public Safety and Civil Justice.

Knuth; Peterson, A.; Hilty; Ozment; Otremba; Kalin; Wollschlager; Tschumper; Bly; Sailer; Johnson; Wagenius and Gunther introduced:

H. F. No. 1214, A bill for an act relating to energy; providing for a rural wind development assistance program; appropriating money.

The bill was read for the first time and referred to the Committee on Finance.
Juhnke introduced:

H. F. No. 1215, A bill for an act relating to sales and use tax; exempting construction materials for a wastewater treatment facility for the city of Willmar; amending Minnesota Statutes 2006, section 297A.71, by adding a subdivision.

The bill was read for the first time and referred to the Committee on Taxes.

Simon, Winkler, Hornstein and Hortman introduced:

H. F. No. 1216, A bill for an act relating to capital investment; appropriating money for a draft EIS and preliminary engineering for the Southwest transitway corridor; authorizing the issuance of general obligation bonds.

The bill was read for the first time and referred to the Committee on Finance.

Erhardt, Lieder, Solberg, Marquart, Atkins, Zellers, Scalze, Lanning and Simpson introduced:

H. F. No. 1217, A bill for an act relating to sales and use tax; exempting materials used in construction and maintenance of roads and bridges; amending Minnesota Statutes 2006, section 297A.70, subdivision 2.
