H. F. No. 666, A bill for an act relating to agriculture; establishing a dairy animal revolving loan program; appropriating money; amending Minnesota Statutes 2006, section 41B.06; proposing coding for new law in Minnesota Statutes, chapter 41B.

Reported the same back with the following amendments:
"Section 1. [41B.056] DAIRY ANIMAL REVOLVING LOAN PROGRAM.

Subdivision 1. Establishment. Upon receipt by the authority of at least $2,000,000 in matching contributions from private, federal, or other nonstate sources for the purposes of this program, the authority must establish and implement a dairy animal revolving loan program to help Minnesota dairy producers purchase additional dairy animals.

Subd. 2. Eligibility. Notwithstanding section 41B.03, to be eligible for this program a borrower must:

(1) be a resident of Minnesota or any entity eligible to own farm land under section 500.24, subdivision 2;

(2) be a producer who has not received payments from a dairy cooperative or other consortium of dairy producers in exchange for participating in a milk supply management program;

(3) demonstrate that the loan will be used to finance the purchase of dairy heifers and cows, resulting in an increase in the borrower's annual level of milk production; and

(4) demonstrate an ability to repay the loan.

Subd. 3. Loans. (a) The authority may participate in a loan with an eligible lender to a borrower who is eligible under subdivision 2. The authority's participation interest in a loan from an eligible lender must be no more than 45 percent of the principal amount of the loan, up to a maximum of $500 per dairy heifer or cow for up to 200 dairy heifers or cows, or $100,000 per borrower. Repayment terms of the authority's participation interest may differ from repayment terms of the lender's retained portion of the loan. The authority must make a good faith effort to award at least 60 percent of the loan participations in any calendar year to eligible borrowers demonstrating a total net worth, including assets and liabilities of the borrower's spouse and dependents, of less than $382,000 in 2007 and an amount in subsequent years which is adjusted for inflation by multiplying that amount by the cumulative inflation rate as determined by the Consumer Price Index.

(b) The authority's participation interest in a loan from an eligible lender must be for a term of seven years. Borrowers must not be required to make any payment of principal or interest in the first year of the loan. In the second year, the borrower must be required to pay only any accrued interest. The authority must amortize the loan over the remaining five years so that the borrower is required to make equal payments, including principal and interest, in each of the final five years.

(c) The authority must establish an appropriate interest rate for the initial dairy animal loans and may review and adjust the interest rate annually as necessary. The authority must make a good faith effort to set the interest rate at no more than three percent.

(d) Refinancing of existing debt is not an eligible purpose.

(e) A loan participation under this program must be made using money in the revolving loan account established in section 41B.06.

(f) Security for the loans must be a personal note executed by the borrower and whatever other security is required by the authority.
(g) The authority may impose a reasonable, nonrefundable application fee for a dairy animal loan. The authority may review the fee annually and make adjustments as necessary. The initial application fee is $50. Application fees received by the authority must be deposited in the revolving loan account established in section 41B.06.

(h) Should the authority find that there is a persistent lack of interest in the dairy animal revolving loan program as evidenced by a dearth of new applicants, the authority shall terminate the program and refund any contribution paid by private persons for use in the dairy animal revolving loan program. When loan proceeds are not sufficient to repay in full all private persons that contributed, the authority shall make prorated payments to the private persons proportionate to each person's contribution to all program funds raised from private sources. The total amount paid by the authority to a private person may not exceed the amount the person contributed to the authority for the dairy animal revolving loan program and shall not include any interest paid by a borrower on a dairy animal loan or any interest earned by the authority while private funds are deposited in the rural finance authority revolving loan account. For the purposes of this section, "private person" means any individual, firm, corporation, company, association, cooperative, or partnership and includes any trustee, receiver, assignee, or other similar representative thereof.

Subd. 4. Deposit of repayments. All repayments of financial assistance granted under this section, including principal and interest, must be deposited into the revolving loan account established in section 41B.06.

Sec. 2. Minnesota Statutes 2006, section 41B.06, is amended to read:

**41B.06 RURAL FINANCE AUTHORITY REVOLVING LOAN ACCOUNT.**

There is established in the rural finance administration fund a Rural Finance Authority revolving loan account that is eligible to receive appropriations and the transfer of loan funds from other programs. All repayments of financial assistance granted from this account, including principal and interest, must be deposited into this account. Interest earned on money in the account accrues to the account, and the money in the account is appropriated to the commissioner of agriculture for purposes of the Rural Finance Authority dairy animal, livestock equipment, methane digester, and value-added agricultural product loan programs, including costs incurred by the authority to establish and administer the programs.

Sec. 3. APPROPRIATION.

$2,000,000 is appropriated in fiscal year 2007 from the general fund to the commissioner of agriculture to administer the loan program in section 1. If $2,000,000 in nonstate funds have not been contributed by June 30, 2009, the commissioner shall remit the $2,000,000 appropriated under this section, plus any accumulated interest, to the commissioner of finance for deposit in the general fund.

Sec. 2. Minnesota Statutes 2006, section 152.11, is amended by adding a subdivision to read:

Subd. 2d. Identification requirement for schedule II or III controlled substance. No person may dispense a controlled substance included in schedule II or III without requiring the person purchasing the controlled substance to present valid photographic identification, unless the person purchasing the controlled substance, or if applicable the person for whom the controlled substance prescription is written, is known to the dispenser.

Sec. 3. [152.126] SCHEDULE II AND III CONTROLLED SUBSTANCES PRESCRIPTION ELECTRONIC REPORTING SYSTEM.

Subdivision 1. Definitions. For purposes of this section, the terms defined in this subdivision have the meanings given.

(a) "Board" means the Minnesota State Board of Pharmacy established under chapter 151.

(a) By January 1, 2009, the board shall establish an electronic system for reporting the information required under subdivision 4 for all controlled substances dispensed within the state. Data for controlled substance prescriptions that are dispensed in a quantity small enough to provide treatment to a patient for a period of 48 hours or less need not be reported.

(b) The board may contract with a vendor for the purpose of obtaining technical assistance in the design, implementation, and maintenance of the electronic reporting system. The vendor's role shall be limited to providing technical support to the board concerning the software, databases, and computer systems required to interface with the existing systems currently used by pharmacies to dispense prescriptions and transmit prescription data to other third parties.

(c) The board may issue a waiver to a dispenser that is unable to submit dispensing information by electronic means. The waiver may permit the dispenser to submit dispensing information by paper form or other means, provided all information required by subdivision 4 is submitted in this alternative format.

Subd. 3. Prescription Electronic Reporting Advisory Committee. (a) The board shall convene an advisory committee. The committee must include at least one representative of:

1. the Department of Health;
2. the Department of Human Services;
3. each health-related licensing board that licenses prescribers;

2. proper analysis and interpretation of prescription monitoring data; and
3. an evaluation process for the program.

Subd. 4. Reporting requirements and notice. (a) Each dispenser must submit the following data to the board or its designated vendor, subject to the notice required under paragraph (d):

1. prescriber DEA number;
2. dispenser DEA number;
(3) name of the patient for whom the prescription was written;

(4) date of birth of the patient for whom the prescription was written;

(5) date the prescription was written;

(6) date the prescription was filled;

(7) NDC code for drug dispensed; and

(8) quantity of controlled substance dispensed.

(b) The dispenser must submit the required information according to the format and protocols specified in the "ASAP Telecommunications Format for Controlled Substances," May 1995 edition, published by the American Society for Automation in Pharmacy, which is hereby adopted by reference, by a procedure established by the board.

(c) A dispenser is not required to submit this data for those controlled substance prescriptions dispensed for:

(1) individuals residing in licensed skilled nursing or intermediate care facilities;

(2) individuals receiving assisted living services under chapter 144G or through a medical assistance home and community-based waiver;

(3) individuals receiving medication intravenously;

(4) individuals receiving hospice and other palliative or end-of-life care; and

(5) individuals receiving services from a home care provider regulated under chapter 144A.

(d) A dispenser must not submit data under this subdivision unless a conspicuous notice of the reporting requirements of this section is given to the patient for whom the prescription was written.

Subd. 5. Use of data by board. (a) The board shall develop and maintain a database of the data reported under subdivision 4. The board shall maintain data that could identify an individual prescriber or dispenser in encrypted form. The database may be used by permissible users identified under subdivision 6 for the identification of:

(1) individuals receiving prescriptions for controlled substances from prescribers who subsequently obtain controlled substances from dispensers in quantities or with a frequency inconsistent with generally recognized standards of dosage for those controlled substances; and

(2) individuals presenting forged or otherwise false or altered prescriptions for controlled substances to dispensers.

(b) No permissible user identified under subdivision 6 may access the database for the sole purpose of identifying prescribers of controlled substances for unusual or excessive prescribing patterns without a valid search warrant or court order.

(c) No personnel of a state or federal occupational licensing board or agency may access the database for the purpose of obtaining information to be used to initiate or substantiate a disciplinary action against a prescriber.
(d) Data reported under subdivision 4 shall be retained by the board in the database for a six-month period, and shall be removed from the database six months from the date the data was received.

Subd. 6. Access to reporting system data. (a) Except as indicated in this subdivision, the data submitted to the board under subdivision 4 is private data on individuals as defined in section 13.02, subdivision 12, and not subject to public disclosure.

(b) Except as specified in subdivision 5, the following persons shall be considered permissible users and may access the data submitted under subdivision 4 in the same or similar manner, and for the same or similar purposes, as those persons who are authorized to access similar private data on individuals under federal and state law:

(1) a prescriber, to the extent the information relates specifically to a current patient of the prescriber, to whom the practitioner is prescribing or considering prescribing any controlled substance;

(2) a dispenser to the extent the information relates specifically to a current patient to whom that dispenser is dispensing or considering dispensing any controlled substance;

(3) an individual who is the recipient of a controlled substance prescription for which data was submitted under subdivision 4;

(4) personnel of the board specifically assigned to conduct a bona fide investigation of a specific board licensee;

(5) personnel of the board engaged in the collection of controlled substance prescription information as part of the assigned duties and responsibilities under this section;

(6) authorized personnel of a vendor under contract with the board who are engaged in the design, implementation, and maintenance of the electronic reporting system as part of the assigned duties and responsibilities of their employment, provided that access to data is limited to the minimum amount necessary to test and maintain the system databases;

(7) federal, state, and local law enforcement authorities engaged in a bona fide investigation of a specific person; and

(8) personnel of the medical assistance program assigned to use the data collected under this section to identify recipients whose usage of controlled substances may warrant restriction to a single primary care physician, a single outpatient pharmacy, or a single hospital.

(c) Any permissible user identified in paragraph (b), who directly accesses the data electronically, shall implement and maintain a comprehensive information security program that contains administrative, technical, and physical safeguards that are appropriate to the user's size and complexity, and the sensitivity of the personal information obtained. The permissible user shall identify reasonably foreseeable internal and external risks to the security, confidentiality, and integrity of personal information that could result in the unauthorized disclosure, misuse, or other compromise of the information and assess the sufficiency of any safeguards in place to control the risks.

(d) The board shall not release data submitted under this section unless it is provided with evidence, satisfactory to the board, that the person requesting the information is entitled to receive the data. Access to the data by law enforcement authorities must be accompanied by a valid search warrant.
(e) The board shall not release the name of a prescriber without the written consent of the prescriber or a valid search warrant or court order. The board shall provide a mechanism for a prescriber to submit to the board a signed consent authorizing the release of the prescriber's name when data containing the prescriber's name is requested.

(f) The board shall maintain a log of all persons who access the data and shall ensure that any permissible user complies with paragraph (c) prior to attaining direct access to the data.

Subd. 7. Disciplinary action. (a) A dispenser who knowingly fails to submit data to the board as required under this section is subject to disciplinary action by the appropriate health-related licensing board.

(b) A prescriber or dispenser authorized to access the data who knowingly discloses the data in violation of state or federal laws relating to the privacy of health care data shall be subject to disciplinary action by the appropriate health-related licensing board, and appropriate civil penalties.

Subd. 8. Evaluation and reporting. (a) The board shall evaluate the prescription electronic reporting system to determine if the system is cost-effective and whether it is negatively impacting appropriate prescribing practices of controlled substances. The board may contract with a vendor to design and conduct the evaluation.

(b) The board shall submit the evaluation of the system to the legislature by January 15, 2010.

Subd. 9. Immunity from liability; no requirement to obtain information. (a) A pharmacist, prescriber, or other dispenser making a report to the program in good faith under this section is immune from any civil, criminal, or administrative liability, which might otherwise be incurred or imposed as a result of the report, or on the basis that the pharmacist or prescriber did or did not seek or obtain or use information from the program.

(b) Nothing in this section shall require a pharmacist, prescriber, or other dispenser to obtain information about a patient from the program, and the pharmacist, prescriber or other dispenser, if acting in good faith, is immune from any civil, criminal, or administrative liability that might otherwise be incurred or imposed for requesting, receiving, or using information from the program.

Sec. 4. [256B.0636] PRESCRIBING OF CONTROLLED SUBSTANCES; ABUSE PREVENTION.

The commissioner shall develop and implement a plan to:

(1) monitor the prescribing of controlled substances listed in section 152.02, subdivisions 3 and 4, and those substances defined by the board of pharmacy under section 152.02, subdivisions 8 and 12, by enrolled providers and providers under contract with participating managed care plans;

(2) require enrolled providers and providers under contract with participating managed care plans to report information related to potential patient abuse of the controlled substances to the commissioner, and the board of pharmacy; and

(3) provide education to Minnesota health care program enrollees on the proper use of controlled substances.

Sec. 5. FEDERAL GRANTS.

The Board of Pharmacy shall apply for any applicable federal grants or other nonstate funds to establish and fully implement the prescription electronic reporting system.
Sec. 6. **BOARD OF PHARMACY.**

The Board of Pharmacy shall not increase the license fees of pharmacists or pharmacies in order to adequately fund the prescription electronic reporting system under Minnesota Statutes, section 152.126, without specific authority from the legislature.

Sec. 7. **BOARD OF MEDICAL PRACTICE.**

The board of medical practice shall convene a work group to discuss the appropriate prescribing of controlled substances listed in Minnesota Statutes, section 152.02, subdivisions 3 and 4, and those substances defined by the Board of Pharmacy under Minnesota Statutes, section 152.02, subdivisions 7, 8, and 12, for pain management, and shall report to the legislature by December 15, 2007.

Sec. 8. **EFFECTIVE DATE.**

(a) Section 3 is effective July 1, 2007, or upon receiving sufficient nonstate funds to implement the prescription electronic reporting program, whichever is later. In the event that nonstate funds are not secured by the Board of Pharmacy to adequately fund the implementation of the prescription electronic reporting program, the board is not required to implement section 3 without a subsequent appropriation from the legislature.

(b) Sections 5 and 6 are effective the day following final enactment."
