This section applies only to personal sick leave benefits payable to the employee from the employer's general assets."

Sec. 4. 120B.299 DEFINITIONS.

Subdivision 1. Definitions. The definitions in this section apply to this chapter.

Subd. 2. Growth. "Growth" compares the difference between a student's achievement score at two distinct points in time.

Subd. 3. Value-added. "Value-added" is the amount of achievement a student demonstrates above an established baseline.

Subd. 4. Growth-based value-added. "Growth-based value-added" is a value-added system of assessments that measures the difference between an established baseline of growth and a student's growth over time.
Subd. 5. **Adequate yearly progress.** “Adequate yearly progress” compares the average achievement of two different groups of students at two different points in time.

Subd. 6. **State growth norm.** “State growth norm” is an established statewide percentile or standard applicable to all students in a particular grade benchmarked to an established school year. Beginning in the 2008-2009 school year, the state growth norm is benchmarked to 2006-2007 school year data until the commissioner next changes the vertically linked scale score. Each time the commissioner changes the vertically linked scale score, a recognized Minnesota assessment group composed of assessment and evaluation directors and staff and researchers, in collaboration with the Independent Office of Educational Accountability under section 120B.31, subdivision 3, must recommend a new state growth norm that the commissioner must consider when revising standards under section 120B.023, subdivision 2. For each newly established state growth norm, the commissioner also must establish criteria for identifying schools and school districts that demonstrate accelerated growth in order to advance educators’ professional development and to replicate programs that succeed in meeting students’ diverse learning needs.

**EFFECTIVE DATE.** This section is effective the day following final enactment.

Sec. 5. Minnesota Statutes 2007 Supplement, section 120B.30, is amended to read:

**120B.30 STATEWIDE TESTING AND REPORTING SYSTEM.**

Subdivision 1. **Statewide testing.** (a) The commissioner, with advice from experts with appropriate technical qualifications and experience and stakeholders, consistent with subdivision 1a, shall include in the comprehensive assessment system, for each grade level to be tested, state-constructed tests developed from and aligned with the state’s required academic standards under section 120B.021 and administered annually to all students in grades 3 through 8 and at the high school level. A state-developed test in a subject other than writing, developed after the 2002-2003 school year, must include both machine-scoreable and constructed response questions. The commissioner shall establish one or more months during which schools shall administer the tests to students each school year. For students enrolled in grade 8 before the 2005-2006 school year, only Minnesota basic skills tests in reading, mathematics, and writing shall fulfill students’ basic skills testing requirements for a passing state notation. The passing scores of basic skills tests in reading and mathematics are the equivalent of 75 percent correct for students entering grade 9 in 1997 and thereafter, as based on the first uniform test administration in February 1998.

(b) For students enrolled in grade 8 in the 2005-2006 school year and later, only the following options shall fulfill students’ state graduation test requirements:

(1) for reading and mathematics:

(i) obtaining an achievement level equivalent to or greater than proficient as determined through a standard setting process on the Minnesota comprehensive assessments in grade 10 for reading and grade 11 for mathematics or achieving a passing score as determined through a standard setting process on the graduation-required assessment for diploma in grade 10 for reading and grade 11 for mathematics or subsequent retests;

(ii) achieving a passing score as determined through a standard setting process on the state-identified language proficiency test in reading and the mathematics test for English language learners or the graduation-required assessment for diploma equivalent of those assessments for students designated as English language learners;

(iii) achieving an individual passing score on the graduation-required assessment for diploma as determined by appropriate state guidelines for students with an individual education plan or 504 plan;
(iv) obtaining achievement level equivalent to or greater than proficient as determined through a standard setting process on the state-identified alternate assessment or assessments in grade 10 for reading and grade 11 for mathematics for students with an individual education plan; or

(v) achieving an individual passing score on the state-identified alternate assessment or assessments as determined by appropriate state guidelines for students with an individual education plan; and

(2) for writing:

(i) achieving a passing score on the graduation-required assessment for diploma;

(ii) achieving a passing score as determined through a standard setting process on the state-identified language proficiency test in writing for students designated as English language learners;

(iii) achieving an individual passing score on the graduation-required assessment for diploma as determined by appropriate state guidelines for students with an individual education plan or 504 plan; or

(iv) achieving an individual passing score on the state-identified alternate assessment or assessments as determined by appropriate state guidelines for students with an individual education plan.

(c) The 3rd through 8th grade and high school level test results shall be available to districts for diagnostic purposes affecting student learning and district instruction and curriculum, and for establishing educational accountability. The commissioner must disseminate to the public the test results upon receiving those results.

(d) State tests must be constructed and aligned with state academic standards. The commissioner shall determine the testing process and the order of administration shall be determined by the commissioner. The statewide results shall be aggregated at the site and district level, consistent with subdivision 1a.

(e) In addition to the testing and reporting requirements under this section, the commissioner shall include the following components in the statewide public reporting system:

(1) uniform statewide testing of all students in grades 3 through 8 and at the high school level that provides appropriate, technically sound accommodations, alternate assessments, or exemptions consistent with applicable federal law, only with parent or guardian approval, for those very few students for whom the student’s individual education plan team under sections 125A.05 and 125A.06 determines that the general statewide test is inappropriate for a student, or for a limited English proficiency student under section 124D.59, subdivision 2;

(2) educational indicators that can be aggregated and compared across school districts and across time on a statewide basis, including average daily attendance, high school graduation rates, and high school drop-out rates by age and grade level;

(3) state results on the American College Test; and

(4) state results from participation in the National Assessment of Educational Progress so that the state can benchmark its performance against the nation and other states, and, where possible, against other countries, and contribute to the national effort to monitor achievement.

Subd. 1a. **Statewide and local assessments; results.** (a) The commissioner must develop reading, mathematics, and science assessments aligned with state academic standards that districts and sites must use to monitor student growth toward achieving those standards. The commissioner must not develop statewide assessments for academic standards in social studies, health and physical education, and the arts. The commissioner must require:
(1) annual reading and mathematics assessments in grades 3 through 8 and at the high school level for the 2005-2006 school year and later; and

(2) annual science assessments in one grade in the grades 3 through 5 span, the grades 6 through 9 span, and a life sciences assessment in the grades 10 through 12 span for the 2007-2008 school year and later.

(b) The commissioner must ensure that all statewide tests administered to elementary and secondary students measure students' academic knowledge and skills and not students' values, attitudes, and beliefs.

(c) Reporting of assessment results must:

(1) provide timely, useful, and understandable information on the performance of individual students, schools, school districts, and the state;

(2) include, by no later than the 2008-2009 school year, a growth-based value-added component that is in addition to a measure for student achievement growth over time indicator of student achievement under section 120B.35, subdivision 3, paragraph (b); and

(3)(i) for students enrolled in grade 8 before the 2005-2006 school year, determine whether students have met the state's basic skills requirements; and

(ii) for students enrolled in grade 8 in the 2005-2006 school year and later, determine whether students have met the state's academic standards.

(d) Consistent with applicable federal law and subdivision 1, paragraph (d), clause (1), the commissioner must include appropriate, technically sound accommodations or alternative assessments for the very few students with disabilities for whom statewide assessments are inappropriate and for students with limited English proficiency.

(e) A school, school district, and charter school must administer statewide assessments under this section, as the assessments become available, to evaluate student progress in achieving the proficiency in the context of the state's grade level academic standards. If a state assessment is not available, a school, school district, and charter school must determine locally if a student has met the required academic standards. A school, school district, or charter school may use a student's performance on a statewide assessment as one of multiple criteria to determine grade promotion or retention. A school, school district, or charter school may use a high school student's performance on a statewide assessment as a percentage of the student's final grade in a course, or place a student's assessment score on the student's transcript.

Subd. 2. Department of Education assistance. The Department of Education shall contract for professional and technical services according to competitive bidding procedures under chapter 16C for purposes of this section.

Subd. 3. Reporting. The commissioner shall report test data publicly and to stakeholders, including the performance achievement levels developed from students' unweighted test scores in each tested subject and a listing of demographic factors that strongly correlate with student performance. The commissioner shall also report data that compares performance results among school sites, school districts, Minnesota and other states, and Minnesota and other nations. The commissioner shall disseminate to schools and school districts a more comprehensive report containing testing information that meets local needs for evaluating instruction and curriculum.

Subd. 4. Access to tests. The commissioner must adopt and publish a policy to provide public and parental access for review of basic skills tests, Minnesota Comprehensive Assessments, or any other such statewide test and assessment. Upon receiving a written request, the commissioner must make available to parents or guardians a copy of their student's actual responses to the test questions to be reviewed by the parent for their review.

EFFECTIVE DATE. This section is effective the day following final enactment.

must include statewide measures of student academic achievement growth that identify schools with high levels of
achievement growth, and also schools with low levels of achievement growth that need improvement. When
determining a school's effect, the data must include both statewide measures of student achievement and, to the
extent annual tests are administered, indicators of achievement growth that take into account a student's prior
achievement. Indicators of achievement and prior achievement must be based on highly reliable statewide or
districtwide assessments. Indicators that take into account a student's prior achievement must not be used to
disregard a school's low achievement or to exclude a school from a program to improve low achievement levels.
The commissioner by January 15, 2002, must submit a plan for integrating these components to the chairs of the
legislative committees having policy and budgetary responsibilities for elementary and secondary education.

Subd. 2. Expectations for federally mandated student academic achievement. (a) Each school year, a
school district must determine if the student achievement levels at each school site meet state and local federally
mandated expectations. If student achievement levels at a school site do not meet state and local federally mandated
expectations and the site has not made adequate yearly progress for two consecutive school years, beginning with
the 2001-2002 school year, the district must work with the school site to adopt a plan to raise student achievement
levels to meet state and local federally mandated expectations. The commissioner of education shall establish
student academic achievement levels to comply with this paragraph.

(b) School sites identified as not meeting federally mandated expectations must develop continuous
improvement plans in order to meet state and local federally mandated expectations for student academic
achievement. The department, at a district's request, must assist the district and the school site in developing a plan
to improve student achievement. The plan must include parental involvement components.

(c) The commissioner must:

(1) provide assistance to assist school sites and districts identified as not meeting federally mandated
expectations; and

(2) provide technical assistance to schools that integrate student progress measures under subdivision 3 in the
school continuous improvement plan.
(d) The commissioner shall establish and maintain a continuous improvement Web site designed to make data on every school and district available to parents, teachers, administrators, community members, and the general public.

Subd. 3. **Student progress assessment growth; other state measures.** (a) The state’s educational assessment system component measuring individual students' educational progress must be based on indicators of achievement growth that show an individual student's prior achievement. Indicators of achievement and prior achievement must be based on highly reliable statewide or districtwide assessments.

(b) The commissioner must identify effective models for measuring individual student progress that enable a school district or school site to perform gains-based analysis, including evaluating the effects of the teacher, school, and school district on student achievement over time. At least one model must be a “value-added” assessment model that reliably estimates those effects for classroom settings where a single teacher teaches multiple subjects to the same group of students, for team teaching arrangements, and for other teaching circumstances, use a growth-based value-added system. The commissioner must apply the state growth norm to students in grades 4 through 8 beginning in the 2008-2009 school year, consistent with section 120B.299, subdivision 6, initially benchmarking the state growth norm to 2006-2007 school year data. The model must allow the user to:

1. report student growth at and above the state norm; and

2. for all student categories with a cell size of at least 20, report and compare aggregated and disaggregated state growth data using the nine student categories identified under the federal 2001 No Child Left Behind Act and two student gender categories of male and female, respectively. The model must measure the effects that teacher teams within a grade, teacher teams across an entire grade, the school, and the school district have on student growth. The model must not compile test results for teacher teams within a grade or across a grade unless the test results encompass data on three or more teachers.

(c) If a district has an accountability plan that includes gains-based analysis or “value-added” assessment, the commissioner shall, to the extent practicable, incorporate those measures in determining whether the district or school site meets expectations. The department must coordinate with the district in evaluating school sites and continuous improvement plans, consistent with best practices. If a district has an accountability plan that includes other growth-based value-added analysis, the commissioner may, to the extent practicable and consistent with this section, incorporate those measures in determining whether the district or school site shows growth, including accelerated growth.

(d) When reporting student performance under section 120B.36, subdivision 1, the commissioner annually, beginning July 1, 2011, must report two core measures indicating the extent to which current high school graduates are being prepared for postsecondary academic and career opportunities:

1. a preparation measure indicating the number and percentage of high school graduates in the most recent school year who completed course work important to preparing them for postsecondary academic and career opportunities, consistent with the core academic subjects required for admission to Minnesota's public four-year colleges and universities as determined by the Office of Higher Education under chapter 136A; and

2. a rigorous coursework measure indicating the number and percentage of high school graduates in the most recent school year who successfully completed one or more college-level advanced placement, international baccalaureate, postsecondary enrollment options including concurrent enrollment, other rigorous courses of study under section 120B.021, subdivision 1a, or industry certification courses or programs.
When reporting the core measures under clauses (1) and (2), the commissioner must also analyze and report separate categories of information using the nine student categories identified under the federal 2001 No Child Left Behind Act and two student gender categories of male and female, respectively.

(e) When reporting student performance under section 120B.36, subdivision 1, the commissioner annually, beginning July 1, 2011, must include summary data showing students' average self-reported sense of school safety, engagement in school, and the quality of students' relationship with teachers, administrators, and other students. The commissioner must gather these data consistently from students in grade 4 or 5, in one grade level in grades 6 through 8, and in one grade level in high school, as determined by the commissioner in consultation with recognized and qualified experts. All data received, collected, or created that are used to generate the summary data under this paragraph are nonpublic data under section 13.02, subdivision 9.

Subd. 4. Improving schools. Consistent with the requirements of this section, the commissioner of education must establish a second achievement benchmark to identify improving schools. The commissioner must annually report to the public and the legislature by February 15, 2002, indicators in addition to the achievement benchmark for identifying improving schools, including an indicator requiring a school to demonstrate ongoing successful use of best teaching practices learned from those schools that demonstrate accelerated growth compared to the state growth norm.

Subd. 5. Improving graduation rates for students with emotional or behavioral disorders. (a) A district must develop strategies in conjunction with parents of students with emotional or behavioral disorders and the county board responsible for implementing sections 245.487 to 245.4889 to keep students with emotional or behavioral disorders in school, when the district has a drop-out rate for students with an emotional or behavioral disorder in grades 9 through 12 exceeding 25 percent.

(b) A district must develop a plan in conjunction with parents of students with emotional or behavioral disorders and the local mental health authority to increase the graduation rates of students with emotional or behavioral disorders. A district with a drop-out rate for children with an emotional or behavioral disturbance in grades 9 through 12 that is in the top 25 percent of all districts shall submit a plan for review and oversight to the commissioner.

EFFECTIVE DATE. Subdivision 3, paragraph (b), applies to students in the 2009-2010 school year and later. Subdivision 3, paragraph (d), applies to students in the 2010-2011 school year and later. Subdivision 3, paragraph (e), applies to high school students in the 2009-2010 school year and later, and to students in any grades 4 through 8 in the 2010-2011 school year and later, consistent with the commissioner's grade level determinations. Subdivision 4 applies in the 2011-2012 school year and later.

Sec. 8. Minnesota Statutes 2006, section 120B.36, as amended by Laws 2007, chapter 146, article 2, section 11, is amended to read:

120B.36 SCHOOL ACCOUNTABILITY; APPEALS PROCESS.

Subdivision 1. School performance report cards. (a) The commissioner shall use objective criteria based on levels of student performance to report at least student academic performance under section 120B.35, subdivision 2, the percentages of students at and above the state growth norm under section 120B.35, subdivision 3, paragraph (b), school safety and student engagement under section 120B.35, subdivision 3, paragraph (e), rigorous coursework under section 120B.35, subdivision 3, paragraph (d), two separate student-to-teacher ratios that clearly indicate the definition of teacher consistent with sections 122A.06 and 122A.15 for purposes of determining these ratios, and staff characteristics excluding salaries, with a value added component added no later than the 2008-2009 school year, student enrollment demographics, district mobility, and extracurricular activities. The report must indicate a school's adequate yearly progress status, and must not set any designations applicable to high- and low-performing schools due solely to adequate yearly progress status.
(b) The commissioner shall develop, annually update, and post on the department Web site school performance report cards.

(c) The commissioner must make available the first performance report cards by November 2003, and during the beginning of each school year thereafter.

(d) A school or district may appeal its adequate yearly progress status in writing to the commissioner within 30 days of receiving the notice of its status. The commissioner's decision to uphold or deny an appeal is final.

(e) School performance report cards data are nonpublic data under section 13.02, subdivision 9, until not later than ten days after the appeal procedure described in paragraph (d) concludes. The department shall annually post school performance report cards to its public Web site no later than September 1.

Subd. 2. Adequate yearly progress data. All data the department receives, collects, or creates for purposes of determining adequate yearly progress designations, set state growth norms, and determine student growth are nonpublic data under section 13.02, subdivision 9, until not later than ten days after the appeal procedure described in subdivision 1, paragraph (d), concludes. Districts must provide parents sufficiently detailed summary data to permit parents to appeal under Public Law 107-110, section 1116(b)(2). The department shall annually post federally mandated adequate yearly progress data and state student growth data to its public Web site no later than September 1.

EFFECTIVE DATE. This section is effective the day following final enactment.

Sec. 9. Minnesota Statutes 2006, section 120B.362, is amended to read:

120B.362 GROWTH-BASED VALUE-ADDED ASSESSMENT PROGRAM.

(a) The commissioner of education must implement a growth-based value-added assessment program to assist school districts, public schools, and charter schools in assessing and reporting individual students' growth in academic achievement under section 120B.30, subdivision 1a. The program must use assessments of individual students' academic achievement to make longitudinal comparisons of each student's academic growth over time. School districts, public schools, and charter schools may apply to the commissioner to participate in the initial trial program using a form and in the manner the commissioner prescribes. The commissioner must select program participants from urban, suburban, and rural areas throughout the state.

(b) The commissioner may issue a request for proposals to contract with an organization that provides a value-added assessment model that reliably estimates school and school district effects on students' academic achievement over time. The model the commissioner selects must accommodate diverse data and must use each student's test data across grades. Data on individual teachers generated under the model are personnel data under section 13.43.

(c) The contract under paragraph (b) must be consistent with the definition of "best value" under section 16C.02, subdivision 4.

EFFECTIVE DATE. This section is effective the day following final enactment.

Sec. 10. Minnesota Statutes 2006, section 122A.21, is amended to read:

The processing fee for a
Subd. 2. Licensure via portfolio. (a) A candidate seeking licensure via portfolio must submit a $75 fee to the Educator Licensing Division at the department to determine the candidate's eligibility for licensure via portfolio. An eligible candidate may use licensure via portfolio to obtain an initial licensure or to add a licensure field, consistent with the applicable Board of Teaching licensure rules.

(b) A candidate for initial licensure must submit to the Educator Licensing Division at the department one portfolio demonstrating pedagogical competence and one portfolio demonstrating content competence.

(c) A candidate seeking to add a licensure field must submit to the Educator Licensing Division at the department one portfolio demonstrating content competence.

(d) A candidate must pay to the executive secretary of the Board of Teaching a $300 fee for the first portfolio submitted for review and a $200 fee for any portfolio submitted subsequently. The fees must be paid to the executive secretary of the Board of Teaching. The revenue generated from the fee must be deposited in an education licensure portfolio account in the special revenue fund. The fees set by the Board of Teaching are nonrefundable for applicants not qualifying for a license. The Board of Teaching may waive or reduce fees for candidates based on financial need.

Sec. 13. Minnesota Statutes 2007 Supplement, section 123B.143, subdivision 1, is amended to read:

Subdivision 1. Contract; duties. All districts maintaining a classified secondary school must employ a superintendent who shall be an ex officio nonvoting member of the school board. The authority for selection and employment of a superintendent must be vested in the board in all cases. An individual employed by a board as a
superintendent shall have an initial employment contract for a period of time no longer than three years from the date of employment. Any subsequent employment contract must not exceed a period of three years. A board, at its discretion, may or may not renew an employment contract. A board must not, by action or inaction, extend the duration of an existing employment contract. Beginning 365 days prior to the expiration date of an existing employment contract, a board may negotiate and enter into a subsequent employment contract to take effect upon the expiration of the existing contract. A subsequent contract must be contingent upon the employee completing the terms of an existing contract. If a contract between a board and a superintendent is terminated prior to the date specified in the contract, the board may not enter into another superintendent contract with that same individual that has a term that extends beyond the date specified in the terminated contract. A board may terminate a superintendent during the term of an employment contract for any of the grounds specified in section 122A.40, subdivision 9 or 13. A superintendent shall not rely upon an employment contract with a board to assert any other continuing contract rights in the position of superintendent under section 122A.40. Notwithstanding the provisions of sections 122A.40, subdivision 10 or 11, 123A.32, 123A.75, or any other law to the contrary, no individual shall have a right to employment as a superintendent based on order of employment in any district. If two or more districts enter into an agreement for the purchase or sharing of the services of a superintendent, the contracting districts have the absolute right to select one of the individuals employed to serve as superintendent in one of the contracting districts and no individual has a right to employment as the superintendent to provide all or part of the services based on order of employment in a contracting district. The superintendent of a district shall perform the following:

1. visit and supervise the schools in the district, report and make recommendations about their condition when advisable or on request by the board;

2. recommend to the board employment and dismissal of teachers;

3. superintend school grading practices and examinations for promotions;

4. make reports required by the commissioner; and

5. by January 10, submit an annual report to the commissioner in a manner prescribed by the commissioner, in consultation with school districts, identifying the expenditures that the district requires to ensure an 80 percent student passage rate on the MCA IIs taken in the eighth grade, identifying the highest student passage rate the district expects it will be able to attain on the MCA IIs by grade 12, and the amount of expenditures that the district requires to attain the targeted student passage rate; and

6. perform other duties prescribed by the board.

**EFFECTIVE DATE.** This section is effective the day following final enactment.

Sec. 14. Minnesota Statutes 2006, section 123B.59, subdivision 1, is amended to read:

1. more than 66 students per grade;

2. over 1,850,000 square feet of space and the average age of building space is 15 years or older or over 1,500,000 square feet and the average age of building space is 35 years or older;
(3) insufficient funds from projected health and safety revenue and capital facilities revenue to meet the requirements for deferred maintenance, to make accessibility improvements, or to make fire, safety, or health repairs; and

(4) a ten-year facility plan approved by the commissioner according to subdivision 2.

(b) An independent or special school district not eligible to participate in the alternative facilities bonding and levy program under paragraph (a) qualifies for limited participation in the program if the district has:

(1) one or more health and safety projects with an estimated cost of $500,000 or more per site that would qualify for health and safety revenue except for the project size limitation in section 123B.57, subdivision 1, paragraph (b); and

(2) insufficient funds from capital facilities revenue to fund those projects.

(c) Notwithstanding the square footage limitation in paragraph (a), clause (2), a school district that qualified for eligibility under paragraph (a) as of July 1, 2007, remains eligible for funding under this section as long as the district continues to meet the requirements of paragraph (a), clauses (1), (3), and (4).

**EFFECTIVE DATE.** This section is effective the day following final enactment.

Sec. 15. Minnesota Statutes 2006, section 123B.62, is amended to read:

**123B.62 BONDS FOR CERTAIN CAPITAL FACILITIES.**

(a) In addition to other bonding authority, with approval of the commissioner, a district may issue general obligation bonds for certain capital projects under this section. The bonds must be used only to make capital improvements including:

(1) under section 126C.10, subdivision 14, total operating capital revenue uses specified in clauses (4), (6), (7), (8), (9), and (10);

(2) the cost of energy modifications;

(3) improving disability accessibility to school buildings; and

(4) bringing school buildings into compliance with life and safety codes and fire codes.

(b) Before a district issues bonds under this subdivision, it must publish notice of the intended projects, the amount of the bond issue, and the total amount of district indebtedness.

(c) A bond issue tentatively authorized by the board under this subdivision becomes finally authorized unless a petition signed by more than 15 percent of the registered voters of the district is filed with the school board within 30 days of the board's adoption of a resolution stating the board's intention to issue bonds. The percentage is to be determined with reference to the number of registered voters in the district on the last day before the petition is filed with the board. The petition must call for a referendum on the question of whether to issue the bonds for the projects under this section. The approval of 50 percent plus one of those voting on the question is required to pass a referendum authorized by this section.
(d) The bonds must be paid off within ten years of issuance. The bonds must be issued in compliance with chapter 475, except as otherwise provided in this section. A tax levy must be made for the payment of principal and interest on the bonds in accordance with section 475.61. The sum of the tax levies under this section and section 123B.61 for each year must not exceed the limit specified in section 123B.61. The levy for each year must be reduced as provided in section 123B.61. A district using an excess amount in the debt redemption fund to retire the bonds shall report the amount used for this purpose to the commissioner by July 15 of the following fiscal year. A district having an outstanding capital loan under section 126C.69 or an outstanding debt service loan under section 126C.68 must not use an excess amount in the debt redemption fund to retire the bonds.

(e) Notwithstanding paragraph (d), bonds issued by a district within the first five years following voter approval of a combination according to section 123A.37, subdivision 2, must be paid off within 20 years of issuance. All the other provisions and limitation of paragraph (d) apply.

Except as provided under an agreement with an adjoining state under section 124D.041, a non-Minnesota pupil who resides in an adjoining state in a district that borders Minnesota may enroll in a Minnesota district if either the board of the district in which the pupil resides or state in which the pupil resides pays tuition to the district in which the pupil is enrolled.

Sec. 17. Minnesota Statutes 2006, section 124D.04, subdivision 6, is amended to read:

Subd. 6. Tuition payments. (a) In each odd-numbered year, before March 1, the commissioner must agree to rates of tuition for Minnesota elementary and secondary pupils attending in other states for the next two fiscal years when the other state agrees to negotiate tuition rates. The commissioner must negotiate equal, reciprocal rates with the designated authority in each state for pupils who reside in an adjoining state and enroll in a Minnesota district. The rates must be at least equal to the tuition specified in section 124D.05, subdivision 1. If the other state does not agree to negotiate a general tuition rate, a Minnesota school district may negotiate a tuition rate with the school district in the other state that sends a pupil to or receives a pupil from the Minnesota school district. The tuition rate for a pupil with a disability must be equal to the actual cost of instruction and services provided. The resident district of a Minnesota pupil attending in another state under this section must pay the amount of tuition agreed upon in this section to the district of attendance, prorated on the basis of the proportion of the school year attended.

(b) Notwithstanding paragraph (a) and subdivision 9, if an agreement is reached between the state of Minnesota and an adjoining state pursuant to section 124D.041, the provisions of section 124D.041 and the agreement shall apply to all enrollment transfers between Minnesota and the adjoining state, and provisions of paragraph (a) and subdivision 9 shall not apply.

Sec. 19. Minnesota Statutes 2006, section 124D.04, subdivision 9, is amended to read:

Subd. 9. **Appeal to the commissioner.** If a Minnesota school district cannot agree with an adjoining state on a tuition rate for a Minnesota student attending school in that state and that state has met the requirements in subdivision 8, then the student's parent or guardian may request that the commissioner agree on a tuition rate for the student. The Minnesota district must pay the amount of tuition the commissioner agrees upon.

2. the commissioner must negotiate equal, reciprocal rates with the designated authority from the adjoining state;

3. if the adjoining state sends more students to Minnesota than Minnesota sends to the adjoining state, the adjoining state must pay the state of Minnesota the rate agreed upon under clause (2) for the excess number of students sent to Minnesota;

4. if Minnesota sends more students to the adjoining state than the adjoining state sends to Minnesota, the state of Minnesota will pay the adjoining state the rate agreed upon under clause (2) for the excess number of students sent to the adjoining state;

5. the application procedures for the enrollment options program between Minnesota and the adjoining state;

6. the reasons for which an application for the enrollment options program between Minnesota and the adjoining may be denied; and

7. that a Minnesota school district is not responsible for transportation for any resident student attending school in an adjoining state under the provisions of this section. A Minnesota school district may, at its discretion, provide transportation services for such a student.

(b) Any agreement entered into pursuant to this section may specify additional terms relating to any student in need of special education and related services pursuant to chapter 125A. Any additional terms must apply equally to both states.

Subd. 2. **Pupil accounting.** (a) Any student from an adjoining state enrolled in Minnesota pursuant to this section is included in the receiving school district's average daily membership and pupil units according to section 126C.05 as if the student were a resident of another Minnesota school district attending the receiving school district under section 124D.03.

(b) Any Minnesota resident student enrolled in an adjoining state pursuant to this section is included in the resident school district's average daily membership and pupil units according to section 126C.05 as if the student were a resident of the district attending another Minnesota school district under section 124D.03.
Subd. 3. **Procedures.** (a) The Department of Education must establish procedures relating to the application process, the collection or payment of funds under the provisions of any agreement established pursuant to this section, and the collection of data necessary to implement any agreement established pursuant to this section.

(b) Notwithstanding sections 124D.04 and 124D.05, if an agreement is established between Minnesota and an adjoining state pursuant to this section, the provisions of this section and the agreement shall apply to all enrollment transfers between Minnesota and the adjoining state, and provisions of sections 124D.04 and 124D.05 to the contrary, including provisions relating to tuition payments, shall not apply.

Sec. 21. Minnesota Statutes 2006, section 124D.05, is amended by adding a subdivision to read:

Subd. 2a. **Exception.** Notwithstanding subdivisions 1 and 2, if an agreement is reached between the state of Minnesota and an adjoining state pursuant to section 124D.041, the provisions of section 124D.041 and the agreement shall apply to all enrollment transfers between Minnesota and the adjoining state, and provisions of subdivisions 1 and 2 to the contrary, including provisions relating to tuition payments, shall not apply.

Sec. 22. Minnesota Statutes 2006, section 124D.10, subdivision 20, is amended to read:

Subd. 20. **Leave to teach in a charter school.** If a teacher employed by a district makes a written request for an extended leave of absence to teach at a charter school, the district must grant the leave. The district must grant a leave not to exceed a total of five years. Any request to extend the leave shall be granted only at the discretion of the school board. The district may require that the request for a leave or extension of leave be made up to 90 days before the teacher would otherwise have to report for duty before February 1 in the school year preceding the school year in which the teacher wishes to return, or before February 1 of the calendar year in which the teacher's leave is scheduled to terminate. Except as otherwise provided in this subdivision and except for section 122A.46, subdivision 7, the leave is governed by section 122A.46, including, but not limited to, reinstatement, notice of intention to return, seniority, salary, and insurance.

During a leave, the teacher may continue to aggregate benefits and credits in the Teachers' Retirement Association account by paying both the employer and employee contributions based upon the annual salary of the teacher for the last full pay period before the leave began. The retirement association may impose reasonable requirements to efficiently administer this subdivision.

**EFFECTIVE DATE.** This section is effective for the 2008-2009 school year and later.

The state total adult basic education aid for fiscal year 2006 equals $36,587,000 plus any amount that is not paid for during the previous fiscal year, as a result of adjustments under subdivision 4, paragraph (a), or section 124D.52, subdivision 3. The state total adult basic education aid for fiscal year 2007 equals $37,673,000 plus any amount that is not paid for during the previous fiscal year, as a result of adjustments under subdivision 4, paragraph (a), or section 124D.52, subdivision 3. The state total adult basic education aid for fiscal
year 2008 equals $40,650,000, plus any amount that is not paid during the previous fiscal year as a result of adjustments under subdivision 4, paragraph (a), or section 124D.52, subdivision 3. The state total adult basic education aid for later fiscal years equals:

(1) the state total adult basic education aid for the preceding fiscal year plus any amount that is not paid for during the previous fiscal year, as a result of adjustments under subdivision 4, paragraph (a), or section 124D.52, subdivision 3; times

(2) the lesser of:

(i) 1.03; or

(ii) the greater of 1.00 or the ratio of the state total contact hours in the first prior program year to the state total contact hours in the second prior program year, the average growth in state total contact hours over the prior ten program years.

Beginning in fiscal year 2002, two percent of the state total adult basic education aid must be set aside for adult basic education supplemental service grants under section 124D.522.

(b) The state total adult basic education aid, excluding basic population aid, equals the difference between the amount computed in paragraph (a), and the state total basic population aid under subdivision 2.

Sec. 29. Minnesota Statutes 2006, section 126C.17, subdivision 9, is amended to read:

Subd. 9. Referendum revenue. (a) The revenue authorized by section 126C.10, subdivision 1, may be increased in the amount approved by the voters of the district at a referendum called for the purpose. The referendum may be called by the board or shall be called by the board upon written petition of qualified voters of the district. The referendum must be conducted one or two calendar years before the increased levy authority, if approved, first becomes payable. Only one election to approve an increase may be held in a calendar year. Unless the referendum is conducted by mail under paragraph (g), the referendum must be held on the first Tuesday after the first Monday in November. The ballot must state the maximum amount of the increased revenue per resident marginal cost pupil unit. The ballot may state a schedule, determined by the board, of increased revenue per resident marginal cost pupil unit that differs from year to year over the number of years for which the increased revenue is authorized or may state that the amount shall increase annually by the rate of inflation. For this purpose, the rate of inflation shall be the annual inflationary increase calculated under subdivision 2, paragraph (b). The ballot may state that existing referendum levy authority is expiring. In this case, the ballot may also compare the proposed levy authority to the existing expiring levy authority, and express the proposed increase as the amount, if any, over the expiring referendum levy authority. The ballot must designate the specific number of years, not to
exceed ten, for which the referendum authorization applies. The ballot, including a ballot on the question to revoke or reduce the increased revenue amount under paragraph (c), must abbreviate the term "per resident marginal cost pupil unit" as "per pupil." The notice required under section 275.60 may be modified to read, in cases of renewing existing levies at the same amount per pupil as in the previous year:

"BY VOTING "YES" ON THIS BALLOT QUESTION, YOU MAY BE VOTING FOR A PROPERTY TAX INCREASE ARE RENEWING AN EXISTING PROPERTY TAX REFERENDUM. YOU ARE NOT CHANGING YOUR OPERATING REFERENDUM AMOUNT PER PUPIL FROM ITS LEVEL IN THE PREVIOUS YEAR."

The ballot may contain a textual portion with the information required in this subdivision and a question stating substantially the following:

"Shall the increase in the revenue proposed by (petition to) the board of .........., School District No. .., be approved?"

If approved, an amount equal to the approved revenue per resident marginal cost pupil unit times the resident marginal cost pupil units for the school year beginning in the year after the levy is certified shall be authorized for certification for the number of years approved, if applicable, or until revoked or reduced by the voters of the district at a subsequent referendum.

(b) The board must prepare and deliver by first class mail at least 15 days but no more than 30 days before the day of the referendum to each taxpayer a notice of the referendum and the proposed revenue increase. The board need not mail more than one notice to any taxpayer. For the purpose of giving mailed notice under this subdivision, owners must be those shown to be owners on the records of the county auditor or, in any county where tax statements are mailed by the county treasurer, on the records of the county treasurer. Every property owner whose name does not appear on the records of the county auditor or the county treasurer is deemed to have waived this mailed notice unless the owner has requested in writing that the county auditor or county treasurer, as the case may be, include the name on the records for this purpose. The notice must project the anticipated amount of tax increase in annual dollars for typical residential homesteads, agricultural homesteads, apartments, and commercial-industrial property within the school district.

The notice for a referendum may state that an existing referendum levy is expiring and project the anticipated amount of increase over the existing referendum levy in the first year, if any, in annual dollars for typical residential homesteads, agricultural homesteads, apartments, and commercial-industrial property within the district.

The notice must include the following statement: "Passage of this referendum will result in an increase in your property taxes." However, in cases of renewing existing levies, the notice may include the following statement: "Passage of this referendum may result in an increase in your property taxes." renews an existing operating referendum at the same amount per pupil as in the previous year."

(c) A referendum on the question of revoking or reducing the increased revenue amount authorized pursuant to paragraph (a) may be called by the board and shall be called by the board upon the written petition of qualified voters of the district. A referendum to revoke or reduce the revenue amount must state the amount per resident marginal cost pupil unit by which the authority is to be reduced. Revenue authority approved by the voters of the district pursuant to paragraph (a) must be available to the school district at least once before it is subject to a referendum on its revocation or reduction for subsequent years. Only one revocation or reduction referendum may be held to revoke or reduce referendum revenue for any specific year and for years thereafter.
(d) A petition authorized by paragraph (a) or (c) is effective if signed by a number of qualified voters in excess of 15 percent of the registered voters of the district on the day the petition is filed with the board. A referendum invoked by petition must be held on the date specified in paragraph (a).

(e) The approval of 50 percent plus one of those voting on the question is required to pass a referendum authorized by this subdivision.

(f) At least 15 days before the day of the referendum, the district must submit a copy of the notice required under paragraph (b) to the commissioner and to the county auditor of each county in which the district is located. Within 15 days after the results of the referendum have been certified by the board, or in the case of a recount, the certification of the results of the recount by the canvassing board, the district must notify the commissioner of the results of the referendum.

The maximum amount which may be levied for all costs under this section shall be equal to $30 multiplied by the district's adjusted marginal cost pupil units for the school year. The proceeds of the levy must be reserved and used for directly funding the following purposes or for reimbursing the cities and counties who contract with the district for the following purposes: (1) to pay the costs incurred for the salaries, benefits, and transportation costs of peace officers and sheriffs for liaison in services in the district's schools; (2) to pay the costs for a drug abuse prevention program as defined in section 609.101, subdivision 2, paragraph (e), in the elementary schools; (3) to pay the costs for a gang resistance education training curriculum in the district's schools; (4) to pay the costs for security in the district's schools and on school property; (5) to pay the costs for other crime prevention, drug abuse, student and staff safety, voluntary opt-in suicide prevention tools, and violence prevention measures taken by the school district; or (6) to pay costs for licensed school counselors, licensed school nurses, licensed school social workers, licensed school psychologists, and licensed alcohol and chemical dependency counselors to help provide early responses to problems. Revenue raised under this paragraph must be transferred to the intermediate school district.

(c) If a school district spends must set aside at least $3 per adjusted marginal cost pupil unit of the safe schools levy proceeds for the purposes authorized under paragraph (a), clause (6). The district must annually certify that its total spending on services provided by the employees listed in paragraph (a), clause (6), is not less than the sum of its expenditures for these purposes, excluding amounts spent under this section, in the previous year plus the amount spent under this section.

Sec. 33. Minnesota Statutes 2006, section 126C.51, is amended to read:

The aggregate of such borrowings under this subdivision shall never exceed 75 percent of such aids which are receivable by said school district in the fiscal year (from July 1 to June 30) in which the money is borrowed, as estimated and certified by the commissioner.

**EFFECTIVE DATE.** This section is effective the day following final enactment.

Sec. 35. Minnesota Statutes 2006, section 126C.52, is amended by adding a subdivision to read:

Subd. 3. Intermediate school districts. (a) The board of an intermediate school district may borrow money in the manner and subject to the limitations set forth in sections 126C.50 to 126C.56 in anticipation of the receipt of:

(1) state aids for schools as defined in Minnesota Statutes;

(2) federal school aids to be distributed by or through the department; and

(3) membership fees and tuition payments from its member school districts.

The aggregate of such borrowings under this subdivision shall never exceed 75 percent of such aids, fees, and tuition payments which are receivable by the intermediate school district in the fiscal year in which the money is borrowed, as estimated and certified by the commissioner.
(b) The board of an intermediate school district may, upon receipt of a written resolution by each of its member school districts, pledge the member district's full faith and credit and unlimited taxing powers to repay its pro rata share of any certificates issued or the amount paid by the state under section 126C.55, subdivision 2, plus interest, if the revenues specified in paragraph (a) and any other revenues of the intermediate school district are insufficient to do so.

**EFFECTIVE DATE.** This section is effective the day following final enactment.

Sec. 36. Minnesota Statutes 2006, section 126C.53, is amended to read:

126C.53 ENABLING RESOLUTION; FORM OF CERTIFICATES OF INDEBTEDNESS.

The board of a school district or intermediate school district may authorize and effect such borrowing, and may issue such certificates of indebtedness upon passage of a resolution specifying the amount and purposes for which it deems such borrowing is necessary. The resolution must be adopted by a vote of at least two-thirds of its members. The board must fix the amount, date, maturity, form, denomination, and other details of the certificates of indebtedness, not inconsistent with this chapter. The board must fix the date and place for receipt of bids for the purchase of the certificates when bids are required and direct the clerk to give notice of the date and place for bidding.

**EFFECTIVE DATE.** This section is effective the day following final enactment.

Sec. 37. Minnesota Statutes 2006, section 126C.55, is amended to read:

126C.55 STATE PAYMENT OF DEBT OBLIGATION UPON POTENTIAL DEFAULT; REPAYMENT; STATE OBLIGATION NOT DEBT.

Subdivision 1. Definitions. For the purposes of this section, the term "debt obligation" means:

1. a tax or aid anticipation certificate of indebtedness issued under section 126C.52;

2. a certificate of participation issued under section 126C.40, subdivision 6; or

3. a general obligation bond.

Subd. 2. Notifications; payment; appropriation. (a) If a school district or intermediate school district believes that it may be unable to make a principal or interest payment on any outstanding debt obligation on the date that payment is due, it must notify the commissioner as soon as possible, but not less than 15 working days before the date that principal or interest payment is due. The notice must include the name of the school district or intermediate school district, an identification of the debt obligation issue in question, the date the payment is due, the amount of principal and interest due on the payment date, the amount of principal or interest that the school district or intermediate school district will be unable to repay on that date, the paying agent for the debt obligation, the wire transfer instructions to transfer funds to that paying agent, and an indication as to whether a payment is being requested by the school district or intermediate school district under this section. If a paying agent becomes aware of a potential default, it shall inform the commissioner of that fact. After receipt of a notice which requests a payment under this section, after consultation with the school district or intermediate school district and the paying agent, and after verification of the accuracy of the information provided, the commissioner shall notify the commissioner of finance of the potential default. The notice must include a final figure as to the amount due that the school district or intermediate school district will be unable to repay on the date due.
(b) Except as provided in subdivision 9, upon receipt of this notice from the commissioner, the commissioner of finance shall issue a warrant and authorize the commissioner of education to pay to the paying agent for the debt obligation the specified amount on or before the date due. The amounts needed for the purposes of this subdivision are annually appropriated to the department from the state general fund.

(c) The Departments of Education and Finance must jointly develop detailed procedures for school districts and intermediate school districts to notify the state that they have obligated themselves to be bound by the provisions of this section, procedures for school districts or intermediate school districts and paying agents to notify the state of potential defaults and to request state payment under this section, and procedures for the state to expedite payments to prevent defaults. The procedures are not subject to chapter 14.

Subd. 3. School district bound; interest rate on state paid amount. If, at the request of a school district or intermediate school district, the state has paid part or all of the principal or interest due on a district's debt obligation on a specific date, the school district or the intermediate school district is bound by all provisions of this section and the amount paid shall bear taxable interest from the date paid until the date of repayment at the invested cash rate as it is certified by the commissioner of finance. Interest shall only accrue on the amounts paid and outstanding less the reduction in aid under subdivision 4 and other payments received from the school district or intermediate school district.

Subd. 4. Pledge of district's full faith and credit. If, at the request of a school district or intermediate school district, the state has paid part or all of the principal or interest due on a district's debt obligation on a specific date, the pledge of the full faith and credit and unlimited taxing powers of the school district or the intermediate school district to repay the principal and interest due on those debt obligations shall also, without an election or the requirement of a further authorization, become a pledge of the full faith and credit and unlimited taxing powers of the school district or the intermediate school district to repay to the state the amount paid, with interest. Amounts paid by the state must be repaid in the order in which the state payments were made.

Subd. 4a. Aid reduction for repayment. (a) Except as provided in this subdivision, the state must reduce the state aid payable to the school district or intermediate school district under this chapter and chapters 122A, 123A, 123B, 124D, 125A, 126C, and 273 by the amount paid by the state under this section on behalf of the district, plus the interest due on it, and the amount reduced must revert from the appropriate account to the state general fund. Payments from the school district endowment fund or any federal aid payments shall not be reduced.

(b) For an intermediate school district, the state aid payable to the intermediate school district must first be reduced, before any reduction is made to the state aids payable to the member districts. If the state aid payable to the intermediate school district is not sufficient to repay the state, state aid payable to member districts may be reduced proportionately based on the ratio of each member district's adjusted net tax capacity to the total adjusted net tax capacity of all member districts.

(c) If, after review of the financial situation of the school district or intermediate school district, the commissioner advises the commissioner of finance that a total reduction of aids would cause an undue hardship on or an undue disruption of the educational program of the district, the commissioner, with the approval of the commissioner of finance, may establish a different schedule for reduction of aids to repay the state. The amount of aids to be reduced is decreased by any amounts repaid to the state by the district from other revenue sources.

Subd. 6. Tax levy for repayment. (a) With the approval of the commissioner, a district may levy in the year the state makes a payment under this section an amount up to the amount necessary to provide funds for the repayment of the amount paid by the state plus interest through the date of estimated repayment by the district. The proceeds of this levy may be used only for this purpose unless they are in excess of the amount actually due, in which case the excess shall be used to repay other state payments made under this section or shall be deposited in the debt redemption fund of the school district. This levy shall be an increase in the levy limits of the district for purposes of section 275.065, subdivision 6. The amount of aids to be reduced to repay the state shall be decreased by the amount levied. This levy by the district is not eligible for debt service equalization under section 123B.53.
(b) If the state is not repaid in full for a payment made under this section by November 30 of the calendar year following the year in which the state makes the payment, the commissioner shall require the district to certify a property tax levy in an amount up to the amount necessary to provide funds for repayment of the amount paid by the state plus interest through the date of estimated repayment by the school district. To prevent undue hardship, the commissioner may allow the district to certify the levy over a five-year period. The proceeds of the levy may be used only for this purpose unless they are in excess of the amount actually due, in which case the excess shall be used to repay other state payments made under this section or shall be deposited in the debt redemption fund of the district. This levy shall be an increase in the levy limits of the school district for purposes of section 275.065, subdivision 6. If the commissioner orders the district to levy, the amount of aids reduced to repay the state shall be decreased by the amount levied. This levy by the district is not eligible for debt service equalization under section 123B.53 or any successor provision. A levy under this subdivision must be explained as a specific increase at the meeting required under section 275.065, subdivision 6.

(c) For an intermediate school district, a levy made by a member school district under paragraph (a) or (b) to repay its pro rata share must be spread by the commissioner as a tax rate based on the total adjusted net tax capacity of the member school districts. The proceeds of the levy must be remitted by the member school district to the intermediate school district and must be used by the intermediate school district only to repay the state amounts owed. Any amount in excess of the amount owed to the state must be repaid to the member school districts and the commissioner shall adjust each member school district's property tax levy in the next year.

Subd. 7. Election as to mandatory application. A school district or intermediate school district may covenant and obligate itself, prior to the issuance of an issue of debt obligations, to notify the commissioner of a potential default and to use the provisions of this section to guarantee payment of the principal and interest on those debt obligations when due. If the school district or intermediate school district obligates itself to be bound by this section, it must covenant in the resolution that authorizes the issuance of the debt obligations to deposit with the paying agent three business days prior to the date on which a payment is due an amount sufficient to make that payment or to notify the commissioner under subdivision 1 that it will be unable to make all or a portion of that payment. A school district or intermediate school district that has obligated itself must include a provision in its agreement with the paying agent for that issue that requires the paying agent to inform the commissioner if it becomes aware of a potential default in the payment of principal or interest on that issue or if, on the day two business days prior to the date a payment is due on that issue, there are insufficient funds to make the payment on deposit with the paying agent. Funds invested in a refunding escrow account established under section 475.67 that are to become available to the paying agent on a principal or interest payment date are deemed to be on deposit with the paying agent three business days before the payment date. If a school district or intermediate school district either covenants to be bound by this section or accepts state payments under this section to prevent a default of a particular issue of debt obligations, the provisions of this section shall be binding as to that issue as long as any debt obligation of that issue remain outstanding. If the provisions of this section are or become binding for more than one issue of debt obligations and a school district or intermediate school district is unable to make payments on one or more of those issues, the district must continue to make payments on the remaining issues.

Subd. 8. Mandatory plan; technical assistance. If the state makes payments on behalf of a school district or intermediate school district under this section or the district defaults in the payment of principal or interest on an outstanding debt obligation, it must submit a plan to the commissioner for approval specifying the measures it intends to implement to resolve the issues which led to its inability to make the payment and to prevent further defaults. The department must provide technical assistance to the school district or intermediate school district in preparing its plan. If the commissioner determines that a district's plan is not adequate, the commissioner shall notify the school district or intermediate school district that the plan has been disapproved, the reasons for the disapproval, and that the state shall not make future payments under this section for debt obligations issued after the date specified in that notice until its plan is approved. The commissioner may also notify the school district or intermediate school district that until its plan is approved, other aids due the district will be withheld after a date specified in the notice.
Subd. 9. **State bond rating.** If the commissioner of finance determines that the credit rating of the state would be adversely affected thereby, the commissioner of finance shall not issue warrants under subdivision 2 for the payment of principal or interest on any debt obligations for which a district did not, prior to their issuance, obligate itself to be bound by the provisions of this section.

Subd. 10. **Continuing disclosure agreements.** The commissioner of finance may enter into written agreements or contracts relating to the continuing disclosure of information needed to facilitate the ability of school districts or intermediate school districts to issue debt obligations according to federal securities laws, rules, and regulations, including securities and exchange commission rules and regulations, section 240.15c2-12. Such agreements or contracts may be in any form the commissioner of finance deems reasonable and in the state's best interests.

**EFFECTIVE DATE.** This section is effective the day following final enactment.

(1) to purchase or lease computers and related materials, copying machines, telecommunications equipment, and other noninstructional equipment;

(2) to purchase or lease assistive technology or equipment for instructional programs;

(3) to purchase new and replacement library media resources or technology;

Sec. 51. IMPLEMENTING A STUDENT GROWTH-BASED VALUE-ADDED SYSTEM.

(a) To implement the requirements of Minnesota Statutes, section 120B.35, subdivision 3, paragraph (b), and to help parents and members of the public compare the reported data, the commissioner must convene a group of expert school district assessment and evaluation staff, including a recognized Minnesota assessment group composed of assessment and evaluation directors and staff and researchers under Minnesota Statutes, section 120B.299, subdivision 6, and interested stakeholders, including school superintendents, school principals, school teachers, and parents to examine the actual statewide performance of students using Minnesota's growth-based value-added system and establish criteria for identifying schools and school districts that demonstrate accelerated growth in order to advance educators' professional development and replicate programs that succeed in meeting students' diverse learning needs.

(b) The commissioner must submit a written report to the education committees of the house of representatives and senate by February 15, 2009, describing the criteria for identifying schools and school districts that demonstrate accelerated growth. (a) To implement the requirements of Minnesota Statutes, section 120B.35, subdivision 3, paragraph (c), clauses (1) and (2), and to help parents and members of the public compare the reported data, the commissioner of education must convene a group of recognized and qualified experts and interested stakeholders, including parents among other stakeholders, to develop a model projecting anticipated performance of each high school on preparation and rigorous coursework measures that compares the school with similar schools. The model must use information about entering high school students based on particular background characteristics that are predictive of differing rates of college readiness. These characteristics include grade 8 achievement levels, high school student mobility, high school student attendance, and the size of each entering ninth grade class. The group of experts and stakeholders may examine other characteristics not part of the prediction model including the nine student categories identified under the federal 2001 No Child Left Behind Act, and two student gender categories of male and female, respectively. The commissioner annually must use the predicted level of entering students' performance to provide a context for interpreting graduating students' actual performance. The group convened under this section expires June 30, 2011.

(b) Consistent with paragraph (a), the commissioner also must propose an expanded high school student data system to report preparation and rigorous coursework measures and facilitate additional research on college readiness. This proposed data system must expect school districts and charter schools to report data to the state education department on each course a high school student takes and completes. The commissioner must link the course data file to the department's existing student reporting system. The proposed data system must enable the commissioner to prepare detailed reports, consistent with the requirements in Minnesota Statutes, section 120B.35, subdivision 3, paragraph (d), clauses (1) and (2), and support the development of a state P-16 longitudinal data system.

EFFECTIVE DATE. This section is effective the day following final enactment and applies to school report cards beginning July 1, 2011.

(1) analyze the University of Minnesota student safety and engagement survey instrument and other commonly recognized survey instruments to select the survey instrument that best meets state accountability requirements;

(2) ensure that the selected survey instrument has sound psychometric properties and is useful for intervention planning;

(3) determine at what grade levels to administer the survey instrument and ensure that the survey instrument can be used at those grade levels; and

(4) determine through disaggregated use of survey indicators or other means how to report "safety" in order to comply with federal law.
(b) The commissioner must submit a written report to the education committees of the house of representatives and senate by February 15, 2009, presenting the experts' responses to paragraph (a), clauses (1) to (4). The group convened under this section expires June 30, 2009.

The recognized Minnesota assessment group composed of assessment and evaluation directors and staff and researchers under Minnesota Statutes, section 120B.299, subdivision 6, must determine whether the growth-based value-added model the commissioner uses to comply with Minnesota Statutes, section 120B.35, subdivision 3, paragraph (b), is consistent with the deposited document and report its determination to the education committees of the house of representatives and senate by February 15, 2009.

The bonds shall be sold and issued by the board in the manner and upon the terms and conditions provided by chapter 475, except as otherwise provided in this section. The bonds are payable only from and secured by an irrevocable pledge of the revenues to be derived from the operation of any buildings or structures acquired,

contracts and agreements with students made by the applicant.

(b)(1) The amount of the surety bond shall be ten percent of the preceding year’s gross income from student 
tuition, fees, and other required institutional charges, but in no event less than $10,000 nor greater than $250,000,

this subdivision, unless the school maintains a surety bond equal to at least $250,000. A school that operates at two 
or more locations may combine gross income from student tuition, fees, and other required institutional charges for 
all locations for the purpose of determining the annual surety bond requirement. The gross tuition and fees used to 
determine the amount of the surety bond required for a school having a license for the sole purpose of recruiting 
students in Minnesota shall be only that paid to the school by the students recruited from Minnesota.

(2) A school required to obtain a private career school license due to the use of "academy," "institute," "college," 
or "university" in its name and which is also licensed by another state agency or board shall be required to provide a 
school bond of $10,000.

(c) The bond shall run to the state of Minnesota and to any person who may have a cause of action against the 
applicant arising at any time after the bond is filed and before it is canceled for breach of any contract or agreement 
made by the applicant with any student. The aggregate liability of the surety for all breaches of the conditions of the 
bond shall not exceed the principal sum deposited by the school under paragraph (b). The surety of any bond may 
cancel it upon giving 60 days' notice in writing to the office and shall be relieved of liability for any breach of 
condition occurring after the effective date of cancellation.

(d) In lieu of bond, the applicant may deposit with the commissioner of finance a sum equal to the amount of the 
required surety bond in cash, or securities as may be legally purchased by savings banks or for trust funds in an 
aggregate market value equal to the amount of the required surety bond.

(e) Failure of a school to post and maintain the required surety bond or deposit under paragraph (d) shall result in 
denial, suspension, or revocation of the school's license.

The amount of unemployment benefits used in computing the future tax rate of taxing employers or charged to the reimbursable account of a nonprofit or government employer that has elected to be liable for reimbursements is the same percentage of the total amount of unemployment benefits paid as the percentage of wage credits from the employer is of the total amount of wage credits from all the applicant's base period employers.

In making computations under this subdivision, the amount of wage credits, if not a whole dollar, must be computed to the nearest whole dollar.
Sec. 13. Minnesota Statutes 2007 Supplement, section 268.047, subdivision 2, is amended to read:

Subd. 2. **Exceptions for all employers.** Unemployment benefits paid will not be used in computing the future tax rate of a taxpaying base period employer or charged to the reimbursable account of a base period nonprofit or government employer that has elected to be liable for reimbursements when:

4. the employer provided regularly scheduled part-time employment to the applicant during the applicant's base period and continues to provide the applicant with regularly scheduled part-time employment during the benefit year of at least 90 percent of the part-time employment provided in the base period, and is an involved employer because of the applicant's loss of other employment. This exception terminates effective the first week that the employer fails to meet the benefit year employment requirements. This exception applies to educational institutions without consideration of the period between academic years or terms;

5. the employer is a fire department or firefighting corporation or operator of a life-support transportation service, and continues to provide employment for the applicant as a volunteer firefighter or a volunteer ambulance service personnel during the benefit year on the same basis that employment was provided in the base period. This exception terminates effective the first week that the employer fails to meet the benefit year employment requirements;

6. the applicant's unemployment from this employer was a direct result of the condemnation of property by a governmental agency, a fire, flood, or act of nature, where 25 percent or more of the employees employed at the affected location, including the applicant, became unemployed as a result. This exception does not apply where the unemployment was a direct result of the intentional act of the employer or a person acting on behalf of the employer;

7. the unemployment benefits were paid by another state as a result of the transferring of wage credits under a combined wage arrangement provided for in section 268.131;

8. the applicant stopped working because of a labor dispute at the applicant's primary place of employment if the employer was not a party to the labor dispute;

9. the unemployment benefits were determined overpaid unemployment benefits under section 268.18; or

10. the applicant was employed as a replacement worker, for a period of six months or longer, for an employee who is in the military reserve and was called for active duty during the time the applicant worked as a replacement, and the applicant was laid off because the employee returned to employment after active duty; or

(2) application to the Public Facilities Authority is made before issuance; and

(3) the obligations are covered by an agreement meeting the requirements of subdivision 3.
(b) Applications to be covered by the provisions of this section must be made in a form and contain the information prescribed by the authority. Applications are subject to a fee of $500 for the first bond issue requested by the county and $250 for each bond issue thereafter or applicable fees under section 446A.087.

(c) Application fees paid under this section must be deposited in a separate county credit enhancement bond guarantee account in the general fund. Money in the county credit enhancement bond guarantee account is appropriated to the authority for purposes of administering this section.

(d) Neither the authority nor the commissioner is required to promulgate administrative rules under this section and the procedures and requirements established by the authority or commissioner under this section are not subject to chapter 14.

Subd. 3. Agreement.  (a) For specified debt obligations of a county to be covered by this section, the county governmental unit must enter an agreement with the authority obligating the county governmental unit to be bound by this section.

(b) This agreement must be in a form prescribed by the authority and contain any provisions required by the authority, including, at least, an obligation to:

(1) deposit with the paying agent three days before the date on which the payment is due an amount sufficient to make that payment or ten days prior to the date a payment is due on revenue bonds issued by the authority under section 446A.087;

(2) notify the authority, if the county governmental unit will be unable to make all or a portion of the payment; and

(3) include a provision in the bond resolution and county's agreement with the paying agent for the debt obligation that requires the paying agent to inform the commissioner if it becomes aware of a default or potential default in the payment of principal or interest on that issue or if, on the day two business days before the date a payment is due on that issue, there are insufficient funds to make the payment on deposit with the paying agent.

(c) Funds invested in a refunding escrow account established under section 475.67 that are to become available to the paying agent on a principal or interest payment date are deemed to be on deposit with the paying agent three business days before the payment date.

(d) The provisions of an agreement under this subdivision are binding as to an issue as long as any debt obligation of the issue remains outstanding.

(e) This section and the obligations of the state under this section are not a public debt of the state under article XI, section 4, of the Minnesota Constitution, and the legislature may, at any time, choose not to appropriate amounts under subdivision 4, paragraph (b).

Subd. 4. Notifications; payment; appropriation.  (a) After receipt of a notice of a default or potential default in payment of principal or interest in debt obligations covered by this section or an agreement under this section, and after consultation with the county governmental unit and the paying agent, and after verification of the accuracy of the information provided, the authority shall notify the commissioner of the potential default. The notice must include a final figure as to the amount due that the county governmental unit will be unable to repay on the date due.
(b) Upon receipt of this notice from the authority, the commissioner shall issue a warrant and authorize the
authority to pay to the bond holders or paying agent for the debt obligation the specified amount on or before the
date due. The amounts needed for the purposes of this subdivision are annually appropriated to the authority from
the general fund.

Subd. 5. **Interest on state paid amount.** If the state has paid part or all of the principal or interest due on a
county's debt obligation, the amount paid bears interest from the date paid by the state until the date of repayment.
The interest rate is the commissioner's invested cash rate as it is certified by the commissioner. Interest only accrues
on the amounts paid and outstanding less the reduction in aid under subdivision 7 and other payments received from
the county governmental unit.

Subd. 6. **Pledge of county’s governmental unit’s full faith and credit.** If the state has paid part or all of the
principal or interest due on a county’s debt obligation, the county’s governmental unit’s pledge of its full faith and
credit and unlimited taxing powers to repay the principal and interest due on those debt obligations becomes,
without an election or the requirement of a further authorization, a pledge of the full faith and credit and unlimited
taxing powers of the county governmental unit to repay to the state the amount paid, with interest. Amounts paid by
the state must be repaid in the order in which the state payments were made.

Subd. 7. **Aid reduction for repayment.** (a) Except as provided in paragraph (b), the commissioner may reduce,
by the amount paid by the state under this section on behalf of the county governmental unit, plus the interest due on
the state payments, the county program local government aid under section 477A.0124 chapter 477A. The amount
of any aid reduction reverts from the appropriate account to the state general fund.

(b) If, after review of the financial situation of the county governmental unit, the authority advises the
commissioner that a total reduction of the aids would cause an undue hardship on the county governmental unit, the
authority, with the approval of the commissioner, may establish a different schedule for reduction of aids to repay
the state. The amount of aids to be reduced are decreased by any amounts repaid to the state by the county
governmental unit from other revenue sources.

Subd. 8. **Tax levy for repayment.** (a) With the approval of the authority, a county governmental unit may levy
in the year the state makes a payment under this section an amount up to the amount necessary to provide funds for
the repayment of the amount paid by the state plus interest through the date of estimated repayment by the county
governmental unit. The proceeds of this levy may be used only for this purpose unless they exceed the amount
actually due. Any excess must be used to repay other state payments made under this section or must be deposited
in the debt redemption fund of the county governmental unit. The amount of aids to be reduced to repay the state
are decreased by the amount levied.

(b) If the state is not repaid in full for a payment made under this section by November 30 of the calendar year
following the year in which the state makes the payment, the authority shall require the county governmental unit to
certify a property tax levy in an amount up to the amount necessary to provide funds for repayment of the amount
paid by the state plus interest through the date of estimated repayment by the county governmental unit. To prevent
undue hardship, the authority may allow the county governmental unit to certify the levy over a five-year period.
The proceeds of the levy may be used only for this purpose unless they exceed the amount actually due, in
which case the excess must be used to repay other state payments made under this section or must be deposited in
the debt redemption fund of the county governmental unit. If the authority orders the county governmental unit to
levy, the amount of aids reduced to repay the state are decreased by the amount levied.

(c) A levy under this subdivision is an increase in the levy limits of the county governmental unit for purposes of
section 275.065, subdivision 6, and must be explained as a specific increase at the meeting required under that
provision.
Subd. 9. Mandatory plan; technical assistance. If the state makes payments on behalf of a county governmental unit under this section or the county governmental unit defaults in the payment of principal or interest on an outstanding debt obligation, it must submit a plan to the authority for approval specifying the measures it intends to implement to resolve the issues which led to its inability to make the payment and to prevent further defaults. If the authority determines that a county's governmental unit's plan is not adequate, the authority shall notify the county governmental unit that the plan has been disapproved, the reasons for the disapproval, and that the state will not make future payments under this section for debt obligations of the affected county governmental unit issued after the date specified in that notice until its plan is approved. The authority may also notify the county governmental unit that until its plan is approved, aids due the county governmental unit will be withheld after a date specified in the notice.

Subd. 10. Continuing disclosure agreements. The authority may enter into written agreements or contracts relating to the continuing disclosure of information needed to facilitate the ability of counties governmental units to issue debt obligations according to federal securities laws, rules, and regulations, including securities and exchange commission rules and regulations, section 240.15c2-12. The agreements or contracts may be in any form the authority deems reasonable and in the state's best interests.

(c) Each application must be complete and accurate to be considered delivered to and received by the authority or to be considered as having met any deadline established by the authority with respect to an application period. If any application is determined by the authority to be incomplete or inaccurate, the authority shall notify the applicant and specify the missing or inaccurate information.

(d) The executive director and the staff of the authority shall evaluate the applications to determine if the application should be accepted or rejected by the authority.

(e) The authority is not obligated to accept any application including those complete and accurate and submitted by any specified deadline for submission if the authority determines that it is not practicable to fund the loan for any reason including, but not limited to, the creditworthiness of the applicant, the proposed loan amount, the term and repayment schedule, the sources of funding available to the authority, and current market conditions. Upon acceptance and approval of an application by the authority, the authority may require that the applicant authorize, execute, and deliver a commitment to the authority within such time period specified by the authority in its acceptance of the application. The authority may reject an approved application for failure by the applicant to authorize, execute, and deliver a commitment by the specified deadline.

Subd. 7. Loan terms and conditions. (a) The terms and conditions of loans provided by the authority pursuant to the credit enhanced bond program are as provided by this section, any applicable bond resolution or series bond resolution of the authority, any trust indenture pursuant to which any series of bonds of the authority are issued, the regulatory agreement, the commitment and the general obligation bond, and the authorizing resolution of the borrower.

(b) The loan must be made by the authority through its purchase of the general obligation bond of the borrower. The borrower shall provide the authority with the opinion of nationally recognized bond counsel as to the valid authorization, issuance, and enforceability of the general obligation bond of the borrower, and the exclusion of interest thereon from gross income for the purposes of federal taxation, subject to customary qualifications. The general obligation bond of the borrower may pledge other specified sources of revenues for repayment to the extent permitted or required by law, in addition to the full faith and credit and unlimited taxing powers of the borrower.

(c) The authority may disburse the proceeds of the loan as a single payment for the general obligation bond or from time to time pursuant to draw requests if the general obligation bond of the borrower is structured as a periodic drawdown bond. In the event the authority pays for the general obligation bond in a single payment, the borrower shall establish a project account and disburse the proceeds of its general obligation bond solely for costs of the project approved in its application pursuant to such additional requirements specified in the regulatory agreement.

(d) In order to facilitate the issuance of the authority's revenue bonds to finance a pool of loans to different borrowers, the authority may require the borrower in the commitment to issue its general obligation bond on a date certain in the future, and may require the borrower to pay the costs incurred by the authority as a result of the borrower's failure to deliver its general obligation bond as required by the commitment. The commitment may also require the borrower to provide to the authority full disclosure of all material facts and financial information relating to the borrower that would be required if the borrower issued its general obligation bond to the public, certified as to completeness and accuracy by authorized officers of the borrower, and authorization for the authority to use such information in connection with the sale of the authority's revenue bonds or disclosure relating to the authority's revenue bonds.

(e) In addition to delivering its general obligation bond, each borrower shall enter into a regulatory agreement with the authority providing additional terms of the loan as the authority may specify, including providing to the authority periodic reports and information relating to the acquisition or construction of the project and use of the proceeds of the borrower's general obligation bond and periodic operating, financial, and other information as to the creditworthiness of the borrower, and providing and filing continuing secondary market disclosure to the extent required by the authority.
(f) The purchase or commitment to purchase general obligation bonds of borrowers by the authority shall be subject to the availability of proceeds of revenue bonds of the authority for such purpose and the authority is not liable to any borrower for the failure to purchase its general obligation bond pursuant to a commitment or any other agreement if proceeds of the authority's revenue bonds are not available for any reason.

Subd. 8. Interest rate determination. The rate of interest on the general obligation bonds of the borrower must be the true interest cost on the revenue bonds of the authority issued to purchase such general obligation bonds of the borrower plus the ongoing percentage fee charged by the authority under subdivision 10; provided that the interest rate must not exceed any limit imposed by federal tax law with respect to the authority's revenue bonds.

Subd. 9. Market considerations. The authority may suspend offering loans if it is determined by the executive director that there are extreme or unusual events impacting the bond market and that to continue making loans would be detrimental to holders of the authority's revenue bonds or the financial viability of the credit enhanced bond program, or if the state is warned by one of its rating agencies that continuing to make loans will result in lowering the state's bond rating. If the making of loans is suspended under this section, the authority shall have the option to resume making loans once it has determined that the conditions for suspending the program no longer exist.

Subd. 10. Fees. The authority shall charge a nonrefundable application fee of $1,000 payable by each applicant upon submission of an application to the authority. A separate application fee must be payable for each application submitted, including a resubmitted application for an application that was rejected by the authority or determined to be incomplete or inaccurate by the authority. The authority shall charge an ongoing periodic fee of ten basis points of the outstanding principal amount of the loan to be added to, and be a component of, the interest rate on the general obligation bonds of the borrower.

Subd. 11. Authority revenue bonds. (a) The authority is authorized to issue revenue bonds as provided in this chapter to fund the credit enhanced bond program. The revenue bonds may be issued in one or more series pursuant to a resolution of the authority or a series resolution or pursuant to a trust indenture with a financial institution with trust powers as trustee, authorized by resolution of the authority. Any issue of bonds may be used to fund one or more loans, may be payable by the loans funded from such issue of bonds and such additional loans as pledged by the authority, and may be payable on a subordinated basis to other bonds. As permitted by the terms of any revenue bonds issued by the authority, the authority may sell the general obligations pledged to the payment of the revenue bonds and any proceeds of the sale in excess of those used to pay the principal of the revenue bonds must be deposited to the credit enhanced bond program fund and may be used to purchase additional general obligation bonds of borrowers, to provide credit enhancement for the authority's revenue bonds, or to pay any other expense of the credit enhanced bond program.

(b) The authority may issue short-term bonds in anticipation of issuing long-term bonds for the purpose of acquiring general obligation bonds of borrowers.

(c) Bonds issued by the authority for the credit enhanced bond program must not be general obligations of the authority to the payment of which the general assets of the authority are pledged or available for payment. All bonds issued for the credit enhanced bond programs by the authority must be revenue bonds payable solely from the sources specified in the bond.

Subd. 12. Reports, disclosure, audits. (a) During the term of the loan the borrower shall provide written reports to the authority. The content and timing of these reports must be as specified in the regulatory agreement.
(b) During the term of the loan the borrower shall disclose to the authority any material information or events adversely affecting the creditworthiness of the borrower as specified in the regulatory agreement. If required by the authority in a regulatory agreement, the borrower shall enter into a continuing disclosure undertaking to provide disclosure to the market.

(c) During the term of the loan, the borrower shall provide to the authority on an annual basis financial statements of the borrower audited by an independent accounting firm, as further specified in the regulatory agreement.

(x) $10,000 the first year is for a study on ways to promote employment opportunities for minorities, with a particular focus on opportunities for African Americans, in the state of Minnesota. The study should focus on how to significantly expand the job training available to minorities and promote substantial increases in the wages paid to minorities, at least to a rate well above living wage, and within several years, to equality. The commissioner must report on the study to the governor and the chair of the finance committee in each house of the legislature that has jurisdiction over employment by January 15, 2008, with recommendations for implementing the findings.

(y) The commissioner must provide funding for the Minnesota Conservation Corps to provide learning stipends for deaf students and wages for interpreters participating in the MCC summer youth program.

Sec. 55. **BIOMASS HEATING GRANTS AND LOANS PILOT PROJECT.**

Within the limits of appropriations, the commissioner of the Department of Employment and Economic Development shall make grants and loans for costs related to the installation of an approved biomass heating project in a publicly owned facility, including K-12 public schools, higher education buildings, and buildings owned by a local unit of government. The commissioner must approve biomass heating projects that produce energy for heating air or water using organic matter available on a renewable basis, including but not limited to agricultural crops, grasses and trees, or wood production or other waste. Applications for a grant or loan under this section must be made to the commissioner on the forms and according to the timeline prescribed by the commissioner. At a minimum, the commissioner must require sufficient information on the applications to determine that the physical condition of the publicly owned facility is sufficient to support the efficient operation of the biomass heating project and that the projected cumulative energy cost savings are adequate relative to the costs of the investment. The grant and loan may each provide up to 50 percent of the total installed costs of the biomass heating projects.

Sec. 56. **HARDSHIP PAYMENTS.**

Subdivision 1. **Payments; availability.** Hardship payments are available to an applicant if the applicant suffered economic hardship due to delays in receiving unemployment benefits resulting from the new unemployment insurance application and filing system implemented by the Department of Employment and Economic Development on October 15, 2007.

Subd. 2. **Economic hardship.** "Economic hardship" means financial losses to an applicant resulting from: checks returned for insufficient funds; account overdraft charges; installment credit penalties, interest, and other fees resulting from missed or late payments; mortgage loan late fees, interest charges, or other penalties; charges for force-placed automobile or homeowner's insurance; penalties for late payment of income or property taxes; and any penalties or adverse consequences, including the suspension of an applicant's driver's license due to nonpayment of child support.
Subd. 3. Payment from administration account. Hardship payments are payable from the unemployment insurance administration account under Minnesota Statutes, section 268.196.

Subd. 4. Eligibility conditions. An applicant is eligible to receive hardship payments under this section if the applicant's unemployment benefit payments due and payable after October 15, 2007, were delayed at least four weeks.

Subd. 5. Amount of hardship payments. The amount of hardship payments available to an applicant is equal to the amount of economic hardship experienced by an applicant due to the delay in receiving unemployment benefits. An applicant must provide documentation of the amount of financial hardship claimed using financial institution records, consumer or business credit records, child support records, or other commonly recognized methods of documenting financial transactions.

Subd. 6. Notice. The commissioner must notify applicants of the availability of hardship payments by posting a notice on the department's official Web site, by notifying applicants by individual mailing where department records show the applicant may be eligible under subdivision 4, and by any other appropriate announcement.

EFFECTIVE DATE. This section is effective the day following final enactment.

Sec. 57. LUMBER COMPANY EXTRA BENEFITS.

Subdivision 1. Extra benefits; availability. Extra unemployment benefits are available to an applicant if the applicant was laid off due to lack of work from the Ainsworth Lumber Company plants in Cook.

Subd. 2. Payment from fund; effect on employer. Extra unemployment benefits are payable from the unemployment insurance trust fund. Extra unemployment benefits paid under this section will not be used in computing the experience rating of Ainsworth Lumber Company under Minnesota Statutes, section 268.047.

Subd. 3. Eligibility conditions. An applicant is eligible to receive extra unemployment benefits under this section for any week through December 31, 2008, following the effective date of the applicant's benefit account of regular unemployment benefits, as a result of a layoff described under subdivision 1, if:

(1) a majority of the applicant's wage credits were with Ainsworth Lumber Company or Ainsworth Engineered;

(2) the applicant meets the eligibility requirements of Minnesota Statutes, section 268.085;

(3) the applicant is not subject to a disqualification under Minnesota Statutes, section 268.095;

(4) the applicant is not entitled to regular unemployment benefits and the applicant is not entitled to receive unemployment benefits under any other state or federal law for that week; and

(5) the applicant is enrolled in, or has within the last two weeks successfully completed, a program that qualifies as reemployment assistance training under Minnesota Statutes, section 268.035, subdivision 21a, except that an applicant whose training is scheduled to begin in more than 30 days may be considered to be in training if: (i) the applicant's chosen training program does not offer an available start date within 30 days; (ii) the applicant is scheduled to begin training on the earliest available start date for the chosen training program; and (iii) the applicant is scheduled to begin training in no more than 60 days.

Subd. 4. Weekly amount of extra benefits. The weekly extra unemployment benefits amount available to an applicant is the same as the applicant's weekly regular unemployment benefit amount on the benefit account established as a result of a layoff under subdivision 1.
Subd. 5. Maximum amount of extra unemployment benefits. (a) The maximum amount of extra unemployment benefits available is equal to 13 weeks at the applicant's weekly extra unemployment benefits amount.

(b) If an applicant qualifies for a new regular benefit account under Minnesota Statutes, section 268.07, at any time after exhausting regular unemployment benefits as a result of the layoff under subdivision 1, the applicant must apply for and exhaust entitlement to those new regular unemployment benefits. The maximum amount of extra unemployment benefits available is reduced by any new regular unemployment benefits available if the majority of wage credits on that new regular benefit account were with Ainsworth Lumber Company or Ainsworth Engineered.

Subd. 6. Program expiration. This extra unemployment benefit program expires on December 31, 2008. No extra unemployment benefits may be paid for any week after the expiration of this program.

Subd. 7. Findings. The legislature finds that providing extra unemployment benefits to assist laid-off workers of Ainsworth Lumber Company, while in training, is appropriate because:

(1) the unemployment rate in the applicant's county of employment is higher than the statewide average rate of unemployment;

(2) the average weekly wages paid in the applicant's county of employment is below the statewide average weekly wage;

(3) the applicant's weekly wage is higher than the statewide average weekly wage; and

(4) the dislocated worker program has determined that the applicant does not currently possess skills making reemployment in a comparable position likely.

EFFECTIVE DATE. This section is effective the day following final enactment and applies retroactively from January 1, 2008.

Sec. 58. UNEMPLOYMENT BENEFITS; CONTINUED REQUEST TIME PERIOD WAIVER.

Notwithstanding any other law to the contrary, the commissioner must accept initial and continued requests for unemployment benefits and pay unemployment benefits to an applicant who currently resides in Hubbard County and applied for unemployment benefits on September 15, 2006, and had an account dated September 10, 2006:

(1) was employed as a technician or inspector for Northwest Airlines, Inc., prior to August 20, 2005;

(2) stopped working on or about August 20, 2005, because of a labor dispute between the Aircraft Mechanics Fraternal Association (AMFA) and Northwest Airlines, Inc.;

(3) did not file an initial or continued requests for unemployment benefits within the time periods required under Minnesota Statutes, chapter 268; and

(4) meets all the other requirements for the payment of unemployment benefits under Minnesota Statutes, section 268.069, subdivision 2.

Any unemployment benefits paid under the account established September 10, 2006, shall be deducted from the total benefits authorized under this section.

EFFECTIVE DATE. This section is effective the day following final enactment and applies retroactively from August 21, 2005.

Subd. 2. **Technology partnering with a prime contractor.** The office must develop a program to assist small businesses competing for a small business innovation research award by matching the applicant with a larger company. Prime contractors are matched to small businesses through a prescreening process that may result in a letter of support for the applicant designed to increase the chance of receiving a Small Business Innovation Research (SBIR) award.

Subd. 3. **Collaborate to commercialize.** The office must develop a program to use the federal high-risk research and development investment program to encourage the development of new technologies, products, and business development and to reduce development risks by encouraging alliances between medium-sized companies and innovative small businesses.

Sec. 60. **BIOSCIENCE SUBSIDY.**

Any bioscience or biotechnology project financed in whole or in part by state appropriations or other public subsidies must document how and to what extent the project will provide a benefit to consumers in the form of more affordable pricing of the products or services being publicly subsidized. The recommendations shall include, at a minimum: a set of criteria to be used to evaluate products proposed for product stewardship solutions; a process for designating products for product stewardship solutions and the role the legislature would play in that process; typical components of product stewardship plans; options to facilitate the creation of industry-managed stewardship management organizations;

(3) a report to be submitted by January 1, 2009, to the chairs and ranking minority members of the senate and house committees with primary jurisdiction over solid waste policy, that recommends options for achieving the following goals by 2020: an increase in county recycling rates to 60 percent of the weight of total solid waste generation; and the diversion, prior to delivery to landfills and waste-to-energy plants, and recycling and reuse of an amount of source-separated compostable materials equal to 15 percent of total solid waste generation. The commissioner must obtain input from counties inside and outside the seven-county metropolitan area, recycling and composting facilities, waste haulers, environmental organizations, and other interested parties in preparing the report. The report must also contain estimates of the economic costs of implementing the strategies.

$750,000 of the appropriation under Laws 2007, chapter 57, article 1, section 3, from the environmental fund in fiscal year 2009 for regulatory services is contingent upon the agency recovering in fees $750,000 for these services by July 1, 2009.

(b) The Environmental Quality Board shall through its Water Resources Committee coordinate with representatives of all agencies prepare a report on policy issues related to its responsibilities listed in paragraph (a), citizens, and other interested groups to prepare a biennial report every even numbered year as part of its duties described in sections 103A.43 and 103B.151 and include these reports with the assessments in section 103A.43 and the "Minnesota Water Plan" in section 103B.151.

Sec. 22. Minnesota Statutes 2006, section 103A.43, is amended to read:

103A.43 WATER ASSESSMENTS AND REPORTS.

(a) The Environmental Quality Board shall evaluate and consolidate the assessments required in paragraphs (b) and (c) with the policy report in section 103A.204 and submit a single report to the house of representatives and senate committees with jurisdiction over the environment, natural resources, and agriculture and the Legislative-Citizen Commission on Minnesota Resources on statewide water research needs and recommended priorities for addressing these needs. Local water research needs may also be included by September 15, 2010, and every five years thereafter.

(b) The Environmental Quality Board shall work with the Pollution Control Agency and the Department of Agriculture to coordinate shall provide a biennial assessment and analysis of water quality, groundwater degradation trends, and efforts to reduce, prevent, minimize, and eliminate degradation of water. Sec. 24. Minnesota Statutes 2007 Supplement, section 103G.291, subdivision 3, is amended to read:

Subd. 3. Water supply plans; demand reduction. (a) Every public water supplier serving more than 1,000 people must submit a water supply plan to the commissioner for approval by January 1, 1996. In accordance with guidelines developed by the commissioner, the plan must address projected demands, adequacy of the water supply system and planned improvements, existing and future water sources, natural resource impacts or limitations, emergency preparedness, water conservation, supply and demand reduction measures, and allocation priorities that are consistent with section 103G.261. Public water suppliers must update their plan and, upon notification, submit it to the commissioner for approval every ten years.

(b) The water supply plan in paragraph (a) is required for all communities in the metropolitan area, as defined in section 473.121, with a municipal water supply system and is a required element of the local comprehensive plan required under section 473.859. Water supply plans or updates submitted after December 31, 2008, must be consistent with the metropolitan area master water supply plan required under section 473.1565, subdivision 1, paragraph (a), clause (2).

(c) Public water suppliers serving more than 1,000 people must employ water use demand reduction measures, including a conservation rate structure, as defined in subdivision 4, paragraph (a), unless exempted under subdivision 4, paragraph (c), before requesting approval from the commissioner of health under section 144.383, paragraph (a), to construct a public water supply well or requesting an increase in the authorized volume of appropriation. Demand reduction measures must include evaluation of conservation rate structures and a public education program that may include a toilet and showerhead retrofit program.

(d) Public water suppliers serving more than 1,000 people must submit records that indicate the number of connections and amount of use by customer category and volume of water unaccounted for with the annual report of water use required under section 103G.281, subdivision 3.

(e) For the purposes of this subdivision section, "public water supplier" means an entity that owns, manages, or operates a public water supply, as defined in section 144.382, subdivision 4.
Sec. 25. Minnesota Statutes 2006, section 103G.291, is amended by adding a subdivision to read:

Subd. 4. **Conservation rate structure required.** (a) For the purposes of this section, "conservation rate structure" means a rate structure that encourages conservation and may include increasing block rates, seasonal rates, time of use rates, individualized goal rates, or excess use rates. The rate structure must consider each residential unit as an individual user in multiple-family dwellings.

(b) To encourage conservation, a public water supplier serving more than 1,000 people in the metropolitan area, as defined in section 473.121, subdivision 2, shall use a conservation rate structure by January 1, 2010. All remaining public water suppliers serving more than 1,000 people shall use a conservation rate structure by January 1, 2013.

(c) A public water supplier without the proper measuring equipment to track the amount of water used by its users, as of the effective date of this act, is exempt from this subdivision and the conservation rate structure requirement under subdivision 3, paragraph (c).

Sec. 26. Minnesota Statutes 2006, section 103G.615, subdivision 2, is amended to read:

Subd. 2. **Fees.** (a) The commissioner shall establish a fee schedule for permits to control or harvest aquatic plants other than wild rice. The fees must be set by rule, and section 16A.1283 does not apply. The fees may not exceed $750 per permit shall be based upon the cost of receiving, processing, analyzing, and issuing the permit, and additional costs incurred after the application to inspect and monitor the activities authorized by the permit, and enforce aquatic plant management rules and permit requirements.

(b) The fee for a permit for the control of rooted aquatic vegetation is $35 for each contiguous parcel of shoreline owned by an owner may be charged. This fee may not be charged for permits issued in connection with purple loosestrife control or lakewide Eurasian water milfoil control programs.

(c) A fee may not be charged to the state or a federal governmental agency applying for a permit.

(d) The money received for the permits under this subdivision shall be deposited in the treasury and credited to the water recreation account.

Sec. 27. [115A.9175] **LANDFILL; SITING.**

(a) To reduce potential future remediation costs and to protect groundwater, an applicant for a permit for a disposal facility that was not in operation prior to March 1, 2008, and that accepts mixed municipal solid waste, ash, industrial waste, or construction and demolition waste for disposal must submit as part of the application the results of an independent laboratory analysis for major cations and anions and for enriched tritium in water samples taken from an upgradient and downgradient well finished in the uppermost unconsolidated aquifer encountered and an upgradient and downgradient well finished in the uppermost bedrock aquifer at the site. If 150 feet of continuous nonaquifer material is encountered above the bedrock, testing of bedrock wells is not required. If no unconsolidated or bedrock aquifers are found within the first 150 feet at the site, no cation, anion, or tritium testing is required.

(b) The commissioner may not issue a disposal facility permit to an applicant whose test results for tritium required in paragraph (a) report concentrations of five tritium units or greater in any well tested, except as provided in paragraph (c).

(c) If test results report concentrations of five enriched tritium units or greater for any well, an applicant may present to the commissioner reasons and supporting documentation why the tritium test results may not indicate that the site is highly sensitive to groundwater contamination at the site. If the commissioner determines that the
applicant's reasons and supporting documentation are scientifically valid, the commissioner shall specify additional testing of groundwater samples from the site that will allow a better estimate to be made of the sensitivity of groundwater contamination at the site. If, after reviewing the tritium test results, the additional testing data, and any other data pertaining to the site’s susceptibility to groundwater contamination, the commissioner determines that the conclusion that the site is not highly sensitive to groundwater contamination is supported by a preponderance of the scientifically valid evidence available, the commissioner may issue the permit. For the purposes of this section, “highly sensitive to groundwater contamination” means that the travel time of water from the land surface to the water table or bedrock is less than 20 years.

(d) Beginning July 1, 2010, and every two years thereafter, the commissioner must review air sampling of the atmospheric concentration of tritium and adjust the tritium concentration threshold in paragraph (b) to a level no greater than one-half the average concentration of tritium in the atmosphere in this state.

(e) Paragraphs (a) to (f) do not apply to an application for a permit to expand, including a noncontiguous expansion of a facility, or modify the type of waste accepted at a disposal facility operating as of March 1, 2008.

(f) Minnesota Rules, part 7035.2815, applies to a disposal facility accepting industrial waste.

**EFFECTIVE DATE.** This section is effective the day following final enactment.

Sec. 28. Minnesota Statutes 2006, section 473.1565, subdivision 3, is amended to read:

Subd. 3.  Reports to legislature.  The council must submit reports to the legislature regarding its findings, recommendations, and continuing planning activities under subdivision 1.  The first report must be submitted to the legislature by the date the legislature convenes in 2007 and subsequent reports must be submitted by such date every five years thereafter.  These reports shall be included in the “Minnesota Water Plan” required in section 103B.151, and five-year interim reports may be provided as necessary.

Sec. 29.  **FERROUS METALS MINING ADMINISTRATIVE FEE.**

(a) Until a new application fee schedule is adopted for permits to mine ferrous metals according to the report submitted by the commissioner of natural resources under article 1, section 3, subdivision 2, the commissioner shall charge the following administrative fees, payable to the commissioner by June 30 of each year, beginning in 2008 until a new application fee schedule is adopted.

(b) The owner, operator, or manager of the following mines shall pay $90,000:

(1) Minntac and Keetac; and

(2) North Shore, Hibbing Taconite, and United Taconite.

(c) The owner, operator, or manager of the Minorca mine shall pay $10,000.

(d) The owner, operator, or manager of the following mines shall pay $3,333:

(1) Minnesota Steel;

(2) Mesaba Nugget; and
(3) Cliffs Erie, formerly LTV.

**EFFECTIVE DATE.** This section is effective the day following final enactment and applies to owners, operators, and managers holding or applying for a permit to mine under Minneota Statutes, section 93.481, during the 2007 calendar year.

Sec. 30. **RULES.**

The commissioner of natural resources shall adopt rules to implement the changes in law made in sections 3 to 7 and 15. The initial rules required by this section are exempt from the rulemaking provisions of Minnesota Statutes, chapter 14. The rules are subject to Minnesota Statutes, section 14.386, except that notwithstanding Minnesota Statutes, section 14.386, paragraph (b), the rules continue in effect until repealed or superseded by other law or rule.

Sec. 31. **REPEALER.**

Minnesota Statutes 2006, sections 84.961, subdivision 4; 85.013, subdivision 21b; and 97A.141, subdivision 2, and Laws 1989, chapter 335, article 1, section 21, subdivision 8, as amended by Laws 2002, chapter 323, section 19, are repealed.

Subd. 3. **Standards for state-funded outdoor lighting fixtures.** (a) An outdoor lighting fixture may be installed or replaced using state funds only if:
(1) the new or replacement outdoor lighting fixture is a cutoff luminaire if the rated output of the outdoor lighting fixture is greater than 1,800 lumens;

(2) the minimum illuminance adequate for the intended purpose is used with consideration given to nationally recognized standards;

(3) for lighting of a designated highway of the state highway system, the Department of Transportation determines that the purpose of the outdoor lighting fixture cannot be achieved by the installation of reflective road markers, lines, warning or informational signs, or other effective passive methods; and

(4) full consideration has been given to energy conservation and savings, reducing glare, minimizing light pollution, and preserving the natural night environment.

(b) Paragraph (a) does not apply if:

(1) a federal law, rule, or regulation preempts state law;

(2) the outdoor lighting fixture is used on a temporary basis because emergency personnel require additional illumination for emergency procedures;

(3) the outdoor lighting fixture is used on a temporary basis for nighttime work;

(4) special events or situations require additional illumination, provided that the illumination installed shields the outdoor lighting fixtures from direct view and minimizes upward lighting and light pollution;

(5) the outdoor lighting fixture is used solely to highlight the aesthetic aspects of a single object or distinctive building; or

(6) a compelling safety interest exists that cannot be addressed by another method.

(c) This subdivision does not apply to the operation and maintenance of lights or lighting systems purchased or installed, or for which design work is completed, before August 1, 2008.

(d) This section does not apply if a state agency or local unit of government determines that compliance with this section would:

(1) require an increased use of electricity;

(2) increase the construction cost of a lighting system more than 15 percent over the construction cost of a lighting system that does not comply with this section;

(3) increase the cost of operation and maintenance of the lighting system more than ten percent over the cost of operating and maintaining the existing lighting system over the life of the lighting system; or

(4) result in a negative safety impact.

Sec. 6. [116J.437] COORDINATING ECONOMIC DEVELOPMENT AND ENVIRONMENTAL POLICY.

Subdivision 1. Definitions. For the purpose of this section, "green economy" means products, processes, methods, technologies, or services intended to do one or more of the following:
(1) increase the use of energy from renewable sources, as defined in section 216B.1691;

(2) increase the energy efficiency of the electric utility infrastructure system or increase energy conservation related to electricity use, as provided in sections 216B.2401 and 216B.241;

(3) reduce greenhouse gas emissions, as defined in section 216H.01, subdivision 2, or mitigate greenhouse gas emissions through, but not limited to, carbon capture, storage, or sequestration;

(4) monitor, protect, restore, and preserve the quality of surface waters; or

(5) expand use of biofuels, including by expanding the feasibility or reducing the cost of producing biofuels or the types of equipment, machinery, and vehicles that can use biofuels.

Subd. 2. **Coordinating economic development and environmental policy.** The commissioner shall cooperate to promote job training that complements green economy business development.

Sec. 7. Minnesota Statutes 2007 Supplement, section 116J.575, subdivision 1a, is amended to read:

Subd. 1a. **Priorities.** (a) If applications for grants exceed the available appropriations, grants shall be made for sites that, in the commissioner's judgment, provide the highest return in public benefits for the public costs incurred. "Public benefits" include job creation, bioscience development, environmental benefits to the state and region, efficient use of public transportation, efficient use of existing infrastructure, provision of affordable housing, multiuse development that constitutes community rebuilding rather than single-use development, crime reduction, blight reduction, community stabilization, and property tax base maintenance or improvement. In making this judgment, the commissioner shall give priority to redevelopment projects with one or more of the following characteristics:

(1) the need for redevelopment in conjunction with contamination remediation needs;

(2) the redevelopment project meets current tax increment financing requirements for a redevelopment district and tax increments will contribute to the project;

(3) the redevelopment potential within the municipality;

(4) proximity to public transit if located in the metropolitan area;

(5) redevelopment costs related to expansion of a bioscience business in Minnesota; and

(6) multijurisdictional projects that take into account the need for affordable housing, transportation, and environmental impact; or

(7) the project advances or promotes the green economy as defined in section 116J.437.

(b) The factors in paragraph (a) are not listed in a rank order of priority; rather, the commissioner may weigh each factor, depending upon the facts and circumstances, as the commissioner considers appropriate. The commissioner may consider other factors that affect the net return of public benefits for completion of the redevelopment plan. The commissioner, notwithstanding the listing of priorities and the goal of maximizing the return of public benefits, shall make grants that distribute available money to sites both within and outside of the metropolitan area. Unless sufficient applications are not received for qualifying sites outside of the metropolitan area, at least 50 percent of the money provided as grants must be made for sites located outside of the metropolitan area.
Sec. 8. Minnesota Statutes 2006, section 116J.8731, subdivision 4, is amended to read:

Subd. 4. **Eligible projects.** Assistance must be evaluated on the existence of the following conditions:

1. creation of new jobs, retention of existing jobs, or improvements in the quality of existing jobs as measured by the wages, skills, or education associated with those jobs;
2. increase in the tax base;
3. the project can demonstrate that investment of public dollars induces private funds;
4. the project can demonstrate an excessive public infrastructure or improvement cost beyond the means of the affected community and private participants in the project;
5. the project provides higher wage levels to the community or will add value to current workforce skills;
6. whether assistance is necessary to retain existing business; and
7. whether assistance is necessary to attract out-of-state business; and
8. the project promotes or advances the green economy as defined in section 116J.437.

A grant or loan cannot be made based solely on a finding that the conditions in clause (6) or (7) exist. A finding must be made that a condition in clause (1), (2), (3), (4), or (5) also exists.

Applications recommended for funding shall be submitted to the commissioner.

Sec. 9. Minnesota Statutes 2007 Supplement, section 216C.41, subdivision 3, is amended to read:

Subd. 3. **Eligibility window.** Payments may be made under this section only for:

1. by a qualified hydroelectric facility after December 31, 2021;
(2) by a qualified wind energy conversion facility after December 31, 2018; or
(3) by a qualified on-farm biogas recovery facility after December 31, 2015.

(b) The payment period begins and runs consecutively from the date the facility begins generating electricity or, in the case of refurbishment of a hydropower facility, after substantial repairs to the hydropower facility dam funded by the incentive payments are initiated.

Subdivision 1. Restriction. Except when ordered by the court pursuant to a finding of necessity to protect the life of the proposed patient or others or as provided under subdivision 1a, no person subject to the provisions of this chapter shall be confined in a jail or correctional institution, except pursuant to chapter 242 or 244.

 EFFECTIVE DATE. This section is effective the day following final enactment.

Sec. 12. Minnesota Statutes 2006, section 253B.045, is amended by adding a subdivision to read:

Subd. 1a. Exception. A person who is being petitioned for commitment under section 253B.185 and who is placed under a judicial hold order under section 253B.07, subdivision 2b or 7, may be confined at a Department of Corrections or a county correctional or detention facility, rather than a secure treatment facility, until a determination of the commitment petition as specified in this subdivision.

(a) A court may order that a person who is being petitioned for commitment under section 253B.185 be confined in a Department of Corrections facility pursuant to the judicial hold order under the following circumstances and conditions:

(1) The person is currently serving a sentence in a Department of Corrections facility and the court determines that the person has made a knowing and voluntary (i) waiver of the right to be held in a secure treatment facility and (ii) election to be held in a Department of Corrections facility. The order confining the person in the Department of Corrections facility shall remain in effect until the court vacates the order or the person’s criminal sentence and conditional release term expire.

In no case may the person be held in a Department of Corrections facility pursuant only to this subdivision, and not pursuant to any separate correctional authority, for more than 210 days.

(2) A person who has elected to be confined in a Department of Corrections facility under this subdivision may revoke the election by filing a written notice of intent to revoke the election with the court and serving the notice upon the Department of Corrections and the county attorney. The court shall order the person transferred to a secure treatment facility within 15 days of the date that the notice of revocation was filed with the court, except that, if the person has additional time to serve in prison at the end of the 15-day period, the person shall not be transferred to a secure treatment facility until the person’s prison term expires. After a person has revoked an election to remain in a Department of Corrections facility under this subdivision, the court may not adopt another election to remain in a Department of Corrections facility without the agreement of both parties and the Department of Corrections.

(3) Upon petition by the commissioner of corrections, after notice to the parties and opportunity for hearing and for good cause shown, the court may order that the person’s place of confinement be changed from the Department of Corrections to a secure treatment facility.

(4) While at a Department of Corrections facility pursuant to this subdivision, the person shall remain subject to all rules and practices applicable to correctional inmates in the facility in which the person is placed, including, but not limited to, the powers and duties of the commissioner of corrections under section 241.01, powers relating to use of force under section 243.52, and the right of the commissioner of corrections to determine the place of confinement in a prison, reformatory, or other facility.
(5) A person may not be confined in a Department of Corrections facility under this provision beyond the end of the person’s executed sentence or the end of any applicable conditional release period, whichever is later. If a person confined in a Department of Corrections facility pursuant to this provision reaches the person's supervised release date and is subject to a period of conditional release, the period of conditional release shall commence on the supervised release date even though the person remains in the Department of Corrections facility pursuant to this provision. At the end of the later of the executed sentence or any applicable conditional release period, the person shall be transferred to a secure treatment facility.

(6) Nothing in this section may be construed to establish a right of an inmate in a state correctional facility to participate in sex offender treatment. This section must be construed in a manner consistent with the provisions of section 244.03.

(b) The committing county may offer a person who is being petitioned for commitment under section 253B.185 and who is placed under a judicial hold order under section 253B.07, subdivision 2b or 7, the option to be held in a county correctional or detention facility rather than a secure treatment facility, under such terms as may be agreed to by the county, the commitment petitioner, and the commitment respondent. If a person makes such an election under this paragraph, the court hold order shall specify the terms of the agreement, including the conditions for revoking the election.

**EFFECTIVE DATE.** This section is effective the day following final enactment.

Sec. 13. Minnesota Statutes 2006, section 253B.045, subdivision 2, is amended to read:

Subd. 2. **Facilities.** Each county or a group of counties shall maintain or provide by contract a facility for confinement of persons held temporarily for observation, evaluation, diagnosis, treatment, and care. When the temporary confinement is provided at a regional treatment center, the commissioner shall charge the county of financial responsibility for the costs of confinement of persons hospitalized under section 253B.05, subdivisions 1 and 2, and section 253B.07, subdivision 2b, except that the commissioner shall bill the responsible health plan first. If the person has health plan coverage, but the hospitalization does not meet the criteria in subdivision 6 or section 62M.07, 62Q.53, or 62Q.535, the county is responsible. When a person is temporarily confined in a Department of Corrections facility solely under subdivision 1a, and not based on any separate correctional authority: (i) the commissioner of corrections may charge the county of financial responsibility for the costs of confinement; and (ii) the Department of Human Services shall use existing appropriations to fund all remaining nonconfinement costs. "County of financial responsibility" means the county in which the person resides at the time of confinement or, if the person has no residence in this state, the county which initiated the confinement. The charge for confinement in a facility operated by the commissioner of human services shall be based on the commissioner’s determination of the cost of care pursuant to section 246.50, subdivision 5. When there is a dispute as to which county is the county of financial responsibility, the county charged for the costs of confinement shall pay for them pending final determination of the dispute over financial responsibility. Disputes about the county of financial responsibility shall be submitted to the commissioner to be settled in the manner prescribed in section 256G.09.

**EFFECTIVE DATE.** This section is effective the day following final enactment.

Sec. 14. Minnesota Statutes 2007 Supplement, section 253B.185, subdivision 1b, is amended to read:

Subd. 1b. **County attorney access to data.** Notwithstanding sections 144.291 to 144.298; 245.467, subdivision 6; 245.4876, subdivision 7; 260B.171; 260B.235, subdivision 8; 260C.171; and 609.749, subdivision 6, or any provision of chapter 13 or other state law, prior to filing a petition for commitment as a sexual psychopathic personality or as a sexually dangerous person, and upon notice to the proposed patient, the county attorney or the county attorney's designee may move the court for an order granting access to any records or data, to the extent it relates to the proposed patient, for the purpose of determining whether good cause exists to file a petition and, if a petition is filed, to support the allegations set forth in the petition.
The court may grant the motion if: (1) the Department of Corrections refers the case for commitment as a sexual psychopathic personality or a sexually dangerous person; or (2) upon a showing that the requested category of data or records may be relevant to the determination by the county attorney or designee. The court shall decide a motion under this subdivision within 48 hours after a hearing on the motion. Notice to the proposed patient need not be given upon a showing that such notice may result in harm or harassment of interested persons or potential witnesses. Notwithstanding any provision of chapter 13 or other state law, a county attorney considering the civil commitment of a person under this section may obtain records and data from the Department of Corrections or any probation or parole agency in this state upon request, without a court order, for the purpose of determining whether good cause exists to file a petition and, if a petition is filed, to support the allegations set forth in the petition. At the time of the request for the records, the county attorney shall provide notice of the request to the person who is the subject of the records.

Data collected pursuant to this subdivision shall retain their original status and, if not public, are inadmissible in any court proceeding unrelated to civil commitment, unless otherwise permitted.

**EFFECTIVE DATE.** This section is effective the day following final enactment.

Sec. 15. Minnesota Statutes 2006, section 253B.185, subdivision 5, is amended to read:

Subd. 5. **Financial responsibility.** (a) For purposes of this subdivision, "state facility" has the meaning given in section 246.50 and also includes a Department of Corrections facility when the proposed patient is confined in such a facility pursuant to section 253B.045, subdivision 1a.

(b) Notwithstanding sections 246.54, 253B.045, and any other law to the contrary, when a petition is filed for commitment under this section pursuant to the notice required in section 244.05, subdivision 7, the state and county are each responsible for 50 percent of the cost of the person's confinement at a state facility or county jail, prior to commitment.

(c) The county shall submit an invoice to the state court administrator for reimbursement of the state's share of the cost of confinement.

(d) Notwithstanding paragraph (b), the state's responsibility for reimbursement is limited to the amount appropriated for this purpose.

**EFFECTIVE DATE.** This section is effective the day following final enactment.

Subd. 8. **Failure to respond to request for information.** The commissioner shall send a written notice of noncompliance to a financial institution that fails to respond to a first written request for information under this section. The commissioner shall then determine whether any of the lands described in the certifications of the heads of the departments or agencies should be declared surplus and offered for sale or otherwise disposed of by transferring custodial control to other requesting state departments or agencies or to the Board of Regents of the University of Minnesota for educational purposes, provided however that transfer to the Board of Regents shall not be determinative of tax exemption or immunity. If the commissioner determines that any of the lands are no longer needed for state purposes, the commissioner shall make findings of fact, describe the lands, declare the lands to be surplus state land, and state the reasons for the sale or disposition of the lands, and notify the Executive Council of the determination.
Sec. 20. Minnesota Statutes 2006, section 16B.282, is amended to read:

16B.282 SURVEYS, APPRAISALS, AND SALE.

Subdivision 1. Appraisal; notice and offer to public bodies. The commissioner shall have the lands appraised if the estimated value is in excess of $40,000 $50,000.

(b) The appraiser shall, before entering upon the duties of the office, take and subscribe an oath that the appraiser will faithfully and impartially discharge the duties of appraiser according to the best of the appraiser’s ability and that the appraiser is not interested, directly or indirectly, in any of the lands to be appraised or the timber or improvements on the lands or in the purchase of the lands, timber, or improvements and has entered into no agreement or combination to purchase any of the lands, timber, or improvements. The oath shall be attached to the appraisal report. Appraisals must be made by an appraiser that holds a state appraiser license issued by the Department of Commerce. The appraisal must be in conformity with the Uniform Standards of Professional Appraisal Practice of the Appraisal Foundation.

(c) Before offering surplus state-owned lands for public sale, the lands shall first be offered to the city, county, town, school district, or other public body corporate or politic in which the lands are situated for public purposes and the lands may be sold for public purposes for not less than the appraised value of the lands. To determine whether a public body desires to purchase the surplus land, the commissioner shall give a written notice to the governing body of each political subdivision whose jurisdictional boundaries include or are adjacent to the surplus land. If a public body desires to purchase the surplus land, it shall submit a written offer to the commissioner no later than two weeks after receipt of notice setting forth in detail its reasons for desiring to acquire and its intended use of the land. In the event that more than one public body tenders an offer, the commissioner shall determine which party shall receive the property and shall submit written findings regarding the decision. If lands are offered for sale for public purposes and if a public body notifies the commissioner of its desire to acquire the lands, the public body may have up to two years from the date of the accepted offer to commence payment for the lands in the manner provided by law.

Subd. 2. Public sale requirements. (a) Lands certified as surplus by the head of a department or agency under section 16B.281 shall be offered for public sale by the commissioner as provided in this subdivision. After complying with subdivision 1 and before any public sale of surplus state-owned land is made and at least 30 days before the sale, the commissioner of administration shall publish a notice of the sale at least once each week for four successive weeks in a legal newspaper and also in a newspaper of general distribution in the city or county in which the real property to be sold is situated. The notice shall specify the time and place at which the sale will commence, a general description of the lots or tracts to be offered, and a general statement of the terms of sale. Each tract or lot shall be sold separately and shall be sold for no less than its appraised value.

(b) Surplus state-owned land shall be sold for no less than the estimated or appraised value. The minimum bid may include expenses incurred by the commissioner in rendering the property saleable, including survey, appraisal, legal, advertising, and other expenses.

(b) (c) Parcels remaining unsold after the offering may be sold to anyone agreeing to pay the appraised value. The sale shall continue until all parcels are sold or until the commissioner orders a reappraisal or withdraws the remaining parcels from sale.

(c) Except as provided in section 16B.283, the cost of any survey or appraisal as provided in subdivision 1 shall be added to and made a part of the appraised value of the lands to be sold, whether to any political subdivision of the state or to a private purchaser as provided in this subdivision.

If the purchase price of any lot or parcel is $5,000 or less, the balance shall be paid within 90 days of the date of sale. If the purchase price of any lot or parcel is in excess of $5,000, the balance shall be paid in equal annual installments for no more than five years, at the option of the purchaser, with principal and interest payable annually in advance at a rate equal to the rate in effect at the time under section 49.09 on the unpaid balance, payable to the state treasury on or before June 1 each year. Any installment of principal or interest may be prepaid. The purchaser must pay at the time of sale ten percent of the total amount bid and the remainder of the payment is due within 90 days of the sale date. A person who fails to make final payment within 90 days of the sale date is in default. On default, all right, title, and interest of the purchaser or heirs, representatives, or assigns of the purchaser in the premises shall terminate without the state doing any act or thing. A record of the default must be made in the state land records of the commissioner.

Sec. 22. Minnesota Statutes 2006, section 16B.284, is amended to read:

16B.284 CONTRACT FOR DEED AND QUITCLAIM DEED.

In the event a purchaser elects to purchase surplus real property on an installment basis, the commissioner shall enter into a contract for deed with the purchaser, in which shall be set forth the description of the real property sold and the price of the property, the consideration paid and to be paid for the property, the rate of interest, and time and terms of payment. The contract for deed shall be made assignable and shall further set forth that in case of the nonpayment of the annual principal or interest payment due by the purchaser, or any person claiming under the purchaser, then the contract for deed, from the time of the failure, is entirely void and of no effect and the state may be repossessed of the lot or tract and may resell the lot or tract as provided in sections 16B.281 to 16B.287. In the event the terms and conditions of a contract for deed are completely fulfilled or if a purchaser makes a lump sum payment for the subject property in lieu of entering into a contract for deed, the commissioner of administration shall sign and cause to be issued a quitclaim deed on behalf of the state. The quitclaim deed shall be in a form prescribed by the attorney general and shall vest in the purchaser all of the state’s interest in the subject property except as provided in section 16B.286.

Sec. 23. Minnesota Statutes 2006, section 16B.287, subdivision 2, is amended to read:

Subd. 2. Payment of expenses. A portion of the proceeds from the sale equal in amount to the survey, appraisal, legal, advertising, and other expenses incurred by the commissioner of administration or other state official in rendering the property salable shall be remitted to the account from which the expenses were paid and are appropriated and immediately available for expenditure in the same manner as other money in the account.

Sec. 24. Minnesota Statutes 2006, section 16C.16, subdivision 5, is amended to read:

(a) The commissioner of administration shall periodically designate businesses that are majority owned and operated by women, persons with a substantial physical disability, or specific minorities as targeted group businesses within purchasing categories as determined by the commissioner. A group may be targeted within a purchasing category if the commissioner determines there is a statistical disparity between the percentage of purchasing from businesses owned by group members and the representation of businesses owned by group members among all businesses in the state in the purchasing category.

(b) In addition to designations under paragraph (a), an individual business may be included as a targeted group business if the commissioner determines that inclusion is necessary to remedy discrimination against the owner based on race, gender, or disability in attempting to operate a business that would provide goods or services to public agencies.
(c) In addition to the designations under paragraphs (a) and (b), the commissioner of administration shall designate businesses that are majority owned and operated by veterans who have served in federal active service as defined in section 190.05, subdivision 5c, in support of Operation Enduring Freedom or Operation Iraqi Freedom as targeted group businesses within purchasing categories as determined by the commissioner. "Veteran" has the meaning given in section 197.447, and also includes both currently serving and honorably discharged members of the national guard and other military reserves.

(d) The designations of purchasing categories and businesses under paragraphs (a) and (b), and (c) are not rules for purposes of chapter 14, and are not subject to rulemaking procedures of that chapter.

**EFFECTIVE DATE.** This section is effective July 1, 2008, and applies to procurement contract bid solicitations issued on and after that date.

Subd. 2. Responsibilities. (a) In addition to other activities prescribed by law, the office shall carry out the duties set out in this subdivision.

(b) The office shall develop and establish a state information architecture to ensure that state agency development and purchase of information and communications systems, equipment, and services is designed to ensure that individual agency information systems complement and do not needlessly duplicate or conflict with the systems of other agencies. When state agencies have need for the same or similar public data, the chief information officer, in coordination with the affected agencies, shall manage the most efficient and cost-effective method of producing and storing data for or sharing data between those agencies. The development of this information architecture must include the establishment of standards and guidelines to be followed by state agencies. The office shall ensure compliance with the architecture.

By December 1 of each year, the office must report to the legislative committees with jurisdiction over the office regarding the plans under this paragraph.

(f) The office shall review the operation of information systems by state agencies and ensure that these systems are operated efficiently and securely and continually meet the standards and guidelines established by the office. The standards and guidelines must emphasize uniformity that is cost-effective for the enterprise, that encourages information interchange, open systems environments, and portability of information whenever practicable and consistent with an agency's authority and chapter 13.

(g) The office shall conduct a comprehensive review at least every three years of the information systems investments that have been made by state agencies and higher education institutions. Compensation relationships are equitable within the meaning of this subdivision when the primary consideration in negotiating, establishing, recommending, and approving total compensation is comparability of the value of the work in relationship to other positions in the executive branch. A recognized system for classification analysis and its concurrent point allocation system must be used in order to attain compensation equity. Classification range maximums must fall within the system's point allocation window. Market-driven forces are recognized as acceptable in order to maintain employee recruitment and retention efforts whenever the compensation rates exceed the allocated points. No contract executed under chapter 179A may modify, waive, or abridge this section and sections 43A.07 to 43A.121, 43A.15, and 43A.17 to 43A.21, except to the
extent expressly permitted in those sections. Any compensation equity adjustments must be made from agency appropriations. Fifty percent of the compensation governed by this system must be adjusted in fiscal year 2009 and the remaining compensation in fiscal year 2010.

Sec. 4. Minnesota Statutes 2006, section 43A.17, subdivision 9, is amended to read:

Subd. 9. Political subdivision Compensation limit. (a) The salary and the value of all other forms of compensation of the positions in section 15A.0815 and a person employed by a political subdivision of this state, excluding a school district, or employed under section 422A.03 may not exceed 110 percent of the salary of the governor as set under section 15A.082, except as provided in this subdivision. For purposes of this subdivision, "political subdivision of this state" includes a statutory or home rule charter city, county, town, metropolitan or regional agency, or other political subdivision, but does not include a hospital, clinic, or health maintenance organization owned by such a governmental unit.

(b) Beginning in 2006, the limit in paragraph (a) shall be adjusted annually in January. The limit shall equal the limit for the prior year increased by the percentage increase, if any, in the Consumer Price Index for all-urban consumers from October of the second prior year to October of the immediately prior year.

(c) Deferred compensation and payroll allocations to purchase an individual annuity contract for an employee are included in determining the employee's salary. Other forms of compensation which shall be included to determine an employee's total compensation are all other direct and indirect items of compensation which are not specifically excluded by this subdivision. Other forms of compensation which shall not be included in a determination of an employee's total compensation for the purposes of this subdivision are:

(1) employee benefits that are also provided for the majority of all other full-time employees of the political subdivision, vacation and sick leave allowances, health and dental insurance, disability insurance, term life insurance, and pension benefits or like benefits the cost of which is borne by the employee or which is not subject to tax as income under the Internal Revenue Code of 1986;

(2) dues paid to organizations that are of a civic, professional, educational, or governmental nature; and

(3) reimbursement for actual expenses incurred by the employee which the governing body determines to be directly related to the performance of job responsibilities, including any relocation expenses paid during the initial year of employment.

The value of other forms of compensation shall be the annual cost to the political subdivision for the provision of the compensation.

(d) The salary of a medical doctor or doctor of osteopathy occupying a position that the governing body of the political subdivision has determined requires an M.D. or D.O. degree is excluded from the limitation in this subdivision.

(e) The commissioner may increase the limitation in this subdivision for a position that the commissioner has determined requires special expertise necessitating a higher salary to attract or retain a qualified person. The commissioner shall review each proposed increase giving due consideration to salary rates paid to other persons with similar responsibilities in the state and nation. The commissioner may not increase the limitation until the commissioner has presented the proposed increase to the Legislative Coordinating Commission and received the commission's recommendation on it. The recommendation is advisory only. If the commission does not give its recommendation on a proposed increase within 30 days from its receipt of the proposal, the commission is deemed to have made no recommendation. If the commissioner grants or granted an increase under this paragraph, the new limitation shall be adjusted beginning in August 2005 and in each subsequent calendar year in January by the percentage increase equal to the percentage increase, if any, in the Consumer Price Index for all-urban consumers from October of the second prior year to October of the immediately prior year.
Sec. 5. Minnesota Statutes 2006, section 119A.03, subdivision 1, is amended to read:

Further provided that the board of directors and the executive director of the nonprofit corporation are each considered an "official" for purposes of section 10A.071. The commission may delegate any or all of its powers and duties under federal law or under sections 124D.37 to 124D.45 to the corporation if the nonprofit corporation is approved under federal law to administer the National and Community Service Trust Act. The commission may revoke a delegation of powers and duties at any time, and must revoke the delegation if the corporation is no longer approved under federal law as the administrator in the state of Minnesota for the National and Community Service Trust Act.

Sec. 7. Minnesota Statutes 2007 Supplement, section 216C.052, subdivision 2, is amended to read:

For purposes of this section, "energy utility" means public utilities, generation and transmission cooperative electric associations, and municipal power agencies providing natural gas or electric service in the state.

(c) The Department of Commerce shall pay:

(1) the general administrative costs of the administrator, not to exceed $1,000,000 in a fiscal year, and shall assess energy utilities for those administrative costs. These costs must be consistent with the budget approved by the commissioner under paragraph (a). The department shall apportion the costs among all energy utilities in proportion to their respective gross operating revenues from sales of gas or electric service within the state during the last calendar year, and shall then render a bill to each utility on a regular basis; and

(2) costs relating to a specific proceeding analysis or project and shall render a bill to the specific energy utility or utilities participating in the proceeding, analysis, or project directly, either at the conclusion of a particular proceeding, analysis, or project, or from time to time during the course of the proceeding, analysis, or project.
(d) For purposes of administrative efficiency, the department shall assess energy utilities and issue bills in accordance with the billing and assessment procedures provided in section 216B.62, to the extent that these procedures do not conflict with this subdivision. Billing and payment must identify the recipient's primary population group to allow tracking of revenues.

(c) Payment for targeted case management provided by county-contracted vendors shall be based on a monthly rate negotiated by the host county. The negotiated rate must not exceed the rate charged by the vendor for the same service to other payers. If the service is provided by a team of contracted vendors, the county may negotiate a team rate with a vendor who is a member of the team. The team shall determine how to distribute the rate among its members. No reimbursement received by contracted vendors shall be returned to the county, except to reimburse the county for advance funding provided by the county to the vendor.

(d) If the service is provided by a team that includes contracted vendors and county staff, the costs for county staff participation on the team shall be included in the rate for county-provided services. In this case, the contracted vendor and the county may each receive separate payment for services provided by each entity in the same month. In order to prevent duplication of services, the county must document, in the recipient's file, the need for team targeted case management and a description of the different roles of the team members.

(e) Notwithstanding section 256B.19, subdivision 1, the nonfederal share of costs for targeted case management shall be provided by the recipient's county of responsibility, as defined in sections 256G.01 to 256G.12, from sources other than federal funds or funds used to match other federal funds.

(f) The commissioner may suspend, reduce, or terminate reimbursement to a provider that does not meet the reporting or other requirements of this section. (g) The commissioner shall set aside five percent of the federal funds received under this section for use in reimbursing the state for costs of developing and implementing this section.

(h) Payments to counties for targeted case management expenditures under this section shall only be made from federal earnings from services provided under this section. Payments to contracted vendors shall include both the federal earnings and the county share.

(i) Notwithstanding section 256B.041, county payments for the cost of case management services provided by county staff shall not be made to the commissioner of finance. For the purposes of targeted case management services provided by county staff under this section, the centralized disbursement of payments to counties under section 256B.041 consists only of federal earnings from services provided under this section.

(j) If the recipient is a resident of a nursing facility, intermediate care facility, or hospital, and the recipient's institutional care is paid by medical assistance, payment for targeted case management services under this subdivision is limited to the lesser of:

1. the last 180 days of the recipient's residency in that facility and may not exceed more than six months in a calendar year; or

(4) instructions for employees who believe they have not received the compensation-related or wage increases specified in clause (2), as approved by the commissioner, and which must include a mailing address, e-mail address, and the telephone number that may be used by the employee to contact the commissioner or the commissioner’s representative.

(g) The commissioner shall ensure that cost increases in distribution plans under paragraph (f), clause (2), that may be included in approved applications, comply with the following requirements:

(1) costs to be incurred during the applicable rate year resulting from wage and salary increases effective after October 1, 2006, and prior to the first day of the nursing facility’s payroll period that includes October 1, 2007 of each year, shall be allowed if they were not used in the prior year’s application;

(2) a portion of the costs resulting from tenure-related wage or salary increases may be considered to be allowable wage increases, according to formulas that the commissioner shall provide, where employee retention is above the average statewide rate of retention of direct care employees;

(3) the annualized amount of increases in costs for the employer’s share of health and dental insurance, life insurance, disability insurance, and workers’ compensation shall be allowable compensation-related increases if they are effective on or after April 1, 2007, of the year in which the rate adjustments are effective and prior to April 1, 2008 of the following year; and

Upon receipt of the letter of acceptance, the commissioner shall deem all requirements of this section as having been met in regard to the members of the bargaining unit.

(h) The commissioner shall review applications received under paragraph (f) and shall provide the portion of the rate adjustment under paragraphs (b) and (c) if the requirements of this subdivision have been met. The rate adjustment shall be effective October 1. Sec. 12. Minnesota Statutes 2006, section 256D.44, subdivision 2, is amended to read:

Subd. 2. Standard of assistance for persons eligible for medical assistance waivers or at risk of placement in a group residential housing facility. The state standard of assistance for a person who: (1) is eligible for a medical assistance home and community-based services waiver or a person who; (2) has been determined by the local agency to meet the plan requirements for placement in a group residential housing facility under section 256I.04, subdivision 1a; or (3) is eligible for a shelter needy payment under subdivision 5, paragraph (f); is the standard established in subdivision 3, paragraph (a) or (b).

EFFECTIVE DATE. This section is effective January 1, 2009.

Sec. 13. Minnesota Statutes 2006, section 256D.44, subdivision 5, is amended to read:

Subd. 5. Special needs. In addition to the state standards of assistance established in subdivisions 1 to 4, payments are allowed for the following special needs of recipients of Minnesota supplemental aid who are not residents of a nursing home, a regional treatment center, or a group residential housing facility.

(a) The county agency shall pay a monthly allowance for medically prescribed diets if the cost of those additional dietary needs cannot be met through some other maintenance benefit. The need for special diets or dietary items must be prescribed by a licensed physician. Costs for special diets shall be determined as percentages of the allotment for a one-person household under the thrifty food plan as defined by the United States Department of Agriculture. The types of diets and the percentages of the thrifty food plan that are covered are as follows:

(1) high protein diet, at least 80 grams daily, 25 percent of thrifty food plan;
(2) controlled protein diet, 40 to 60 grams and requires special products, 100 percent of thrifty food plan;
(3) controlled protein diet, less than 40 grams and requires special products, 125 percent of thrifty food plan;
(4) low cholesterol diet, 25 percent of thrifty food plan;
(5) high residue diet, 20 percent of thrifty food plan;
(6) pregnancy and lactation diet, 35 percent of thrifty food plan;
(7) gluten-free diet, 25 percent of thrifty food plan;
(8) lactose-free diet, 25 percent of thrifty food plan;
(9) antidumping diet, 15 percent of thrifty food plan;
(10) hypoglycemic diet, 15 percent of thrifty food plan; or
(11) ketogenic diet, 25 percent of thrifty food plan.

(b) Payment for nonrecurring special needs must be allowed for necessary home repairs or necessary repairs or replacement of household furniture and appliances using the payment standard of the AFDC program in effect on July 16, 1996, for these expenses, as long as other funding sources are not available.

(c) A fee for guardian or conservator service is allowed at a reasonable rate negotiated by the county or approved by the court. This rate shall not exceed five percent of the assistance unit's gross monthly income up to a maximum of $100 per month. If the guardian or conservator is a member of the county agency staff, no fee is allowed.

(d) The county agency shall continue to pay a monthly allowance of $68 for restaurant meals for a person who was receiving a restaurant meal allowance on June 1, 1990, and who eats two or more meals in a restaurant daily. The allowance must continue until the person has not received Minnesota supplemental aid for one full calendar month or until the person's living arrangement changes and the person no longer meets the criteria for the restaurant meal allowance, whichever occurs first.

(e) A fee of ten percent of the recipient's gross income or $25, whichever is less, is allowed for representative payee services provided by an agency that meets the requirements under SSI regulations to charge a fee for representative payee services. This special need is available to all recipients of Minnesota supplemental aid regardless of their living arrangement.

(f) (1) Notwithstanding the language in this subdivision, an amount equal to the maximum allotment authorized by the federal Food Stamp Program for a single individual which is in effect on the first day of January July of the previous each year will be added to the standards of assistance established in subdivisions 1 to 4 for individuals adults under the age of 65 who qualify as shelter needy and are: (i) relocating from an institution, or an adult mental health residential treatment program under section 256B.0622, and who are shelter needy; (ii) eligible for the self-directed supports option as defined under section 256B.0657, subdivision 2; or (iii) home and community-based waiver recipients living in their own home or rented or leased apartment which is not owned, operated, or controlled by a provider of service not related by blood or marriage.

(2) Notwithstanding subdivision 3, paragraph (c), an individual eligible for the shelter needy benefit under this paragraph is considered a household of one. An eligible individual who receives this benefit prior to age 65 may continue to receive the benefit after the age of 65.

(3) "Shelter needy" means that the assistance unit incurs monthly shelter costs that exceed 40 percent of the assistance unit's gross income before the application of this special needs standard. "Gross income" for the purposes of this section is the applicant's or recipient's income as defined in section 256D.35, subdivision 10, or the standard specified in subdivision 3, paragraph (a) or (b), whichever is greater. A recipient of a federal or state housing subsidy, that limits shelter costs to a percentage of gross income, shall not be considered shelter needy for purposes of this paragraph.

EFFECTIVE DATE. This section is effective January 1, 2009.

Sec. 14. NURSING FACILITY PENSION COSTS.

The commissioner of human services shall evaluate the extent to which the alternative payment system reimbursement methodology for pension costs leads to funding shortfalls for nursing facilities that convert from public to private ownership. By December 15, 2008, the commissioner shall report to the legislature on recommendations for any changes to the alternative payment system reimbursement methodology for pension costs necessary to ensure the financial viability of nursing facilities. The commissioner shall pay for any costs related to this study using existing resources.

(c) The commissioner shall charge an annual fee of $50 to include an interpreter in the roster.

EFFECTIVE DATE. This section is effective the day following final enactment.

Sec. 3. Minnesota Statutes 2006, section 256.01, is amended by adding a subdivision to read:

Subd. 27. Automation and coordination for state health care programs. (a) For purposes of this subdivision, "state health care program" means the medical assistance, MinnesotaCare, or general assistance medical care programs.
(b) By July 1, 2010, the commissioner shall improve coordination between state health care programs and social service programs including but not limited to WIC, free and reduced school lunch programs, and food stamps, and shall develop and use automated systems to identify persons served by social service programs who may be eligible for, but are not enrolled in, a state health care program. The system must also permit enrollees to renew state health care program enrollment through these social services programs. By January 15, 2010, the commissioner shall, as necessary, identify and recommend to the legislature statutory changes to state health care and social service programs necessary to improve coordination and automation of outreach and enrollment efforts, and report estimated local and state costs of implementation and evaluate funding alternatives, including possible federal reimbursement.

(c) By January 15, 2010, the commissioner shall establish and implement an automated process to send out state health care program renewal forms in the most common foreign languages to those state health care program enrollees who request renewal forms in those foreign languages. The commissioner, as part of the initial enrollment process, shall inform applicants of the availability of this option.

(d) Beginning July 1, 2010, the commissioner, county social service agencies, and health care providers shall update state health care program enrollee addresses and related contact information at the time of each enrollee contact. The commissioner shall report the costs of automatically updating contact information across programs to health care providers and county agencies.

Sec. 4. Minnesota Statutes 2006, section 256B.69, subdivision 5a, is amended to read:

Subd. 5a. Managed care contracts. (a) Managed care contracts under this section and sections 256L.12 and 256D.03, shall be entered into or renewed on a calendar year basis beginning January 1, 1996. Managed care contracts which were in effect on June 30, 1995, and set to renew on July 1, 1995, shall be renewed for the period July 1, 1995 through December 31, 1995 at the same terms that were in effect on June 30, 1995. The commissioner may issue separate contracts with requirements specific to services to medical assistance recipients age 65 and older.

(b) A prepaid health plan providing covered health services for eligible persons pursuant to chapters 256B, 256D, and 256L, is responsible for complying with the terms of its contract with the commissioner. Requirements applicable to managed care programs under chapters 256B, 256D, and 256L, established after the effective date of a contract with the commissioner take effect when the contract is next issued or renewed.

(c) Effective for services rendered on or after January 1, 2003, the commissioner shall withhold five percent of managed care plan payments under this section for the prepaid medical assistance and general assistance medical care programs pending completion of performance targets. Each performance target must be quantifiable, objective, measurable, and reasonably attainable, except in the case of a performance target based on a federal or state law or rule. Criteria for assessment of each performance target must be outlined in writing prior to the contract effective date. The managed care plan must demonstrate, to the commissioner’s satisfaction, that the data submitted regarding attainment of the performance target is accurate. The commissioner shall periodically change the administrative measures used as performance targets in order to improve plan performance across a broader range of administrative services. The performance targets must include measurement of plan efforts to contain spending on health care services and administrative activities. The commissioner may adopt plan-specific performance targets that take into account factors affecting only one plan, including characteristics of the plan’s enrollee population. The withheld funds must be returned no sooner than July of the following year if performance targets in the contract are achieved. The commissioner may exclude special demonstration projects under subdivision 23. A managed care plan or a county-based purchasing plan under section 256B.692 may include as admitted assets under section 62D.044 any amount withheld under this paragraph that is reasonably expected to be returned.
Sec. 5. Minnesota Statutes 2006, section 256B.69, is amended by adding a subdivision to read:

Subd. 5i. **Administrative expenses.** (a) Managed care plan and county-based purchasing plan administrative costs for a prepaid health plan provided under this section or section 256B.692 must not exceed by more than five percent that prepaid health plan's or county-based purchasing plan's actual calculated administrative spending for the previous calendar year as a percentage of total revenue. The penalty for exceeding this limit must be the amount of administrative spending in excess of 105 percent of the actual calculated amount. The commissioner may waive this penalty if the excess administrative spending is the result of unexpected shifts in enrollment or member needs or new program requirements.

(b) Capitated rate payments for administrative costs must be reduced to exclude onetime or sporadic expenditures in the prior year unless the managed care plan certifies that the expenditure will recur during the contract year. The commissioner shall verify these certifications on an annual basis and recoup any payments made for onetime or sporadic expenditures that did not occur in the prior year.

(c) Expenses listed under section 62D.12, subdivision 9a, clause (4), are not allowable administrative expenses for rate-setting purposes under this section, unless approved by the commissioner.

Sec. 6. Minnesota Statutes 2006, section 256B.69, is amended by adding a subdivision to read:

Subd. 5j. **Treatment of investment earnings.** Capitation rates shall treat investment income and interest earnings as income to the same extent that investment-related expenses are treated as administrative expenditures.

Sec. 7. Minnesota Statutes 2006, section 256B.69, is amended by adding a subdivision to read:

Subd. 9a. **Administrative expense reporting.** Each managed care plan and county-based purchasing plan must provide to the commissioner detailed information on administrative spending, including:

(1) detailed information on contracts with health care providers; and

(2) detailed information on reimbursement rates paid by the managed care plan to providers under contract with the plan.
Sec. 9.  Minnesota Statutes 2006, section 256B.692, subdivision 2, is amended to read:

(i) at least 50 percent of the minimum amount required under chapter 62D at the time the plan begins enrolling enrollees;

(ii) at least 75 percent of the minimum amount required under chapter 62D after the first full calendar year;

(iii) at least 87.5 percent of the minimum amount required under chapter 62D after the second full calendar year; and

(iv) at least 100 percent of the minimum amount required under chapter 62D after the third full calendar year.

(c) Until a plan is required to have reserves equaling at least 100 percent of the minimum amount required under chapter 62D, the plan may demonstrate its ability to cover any losses by satisfying the requirements of chapter 62N. A county-county-based purchasing plan must also assure the commissioner of health that the requirements of sections 62J.041; 62J.48; 62J.71 to 62J.73; 62M.01 to 62M.16; all applicable provisions of chapter 62Q, including sections 62Q.075; 62Q.1055; 62Q.106; 62Q.12; 62Q.135; 62Q.14; 62Q.145; 62Q.19; 62Q.23, paragraph (c); 62Q.43; 62Q.47; 62Q.50; 62Q.52 to 62Q.56; 62Q.58; 62Q.68 to 62Q.72; and 72A.201 will be met.

Subd. 4a. **Expenditure of revenues.** (a) A county that has elected to participate in a county-based purchasing plan under this section shall use any excess revenues over expenses that are received by the county and are not needed for capital reserves under subdivision 2, to increase payments to providers, or to repay county investments or contributions to the county-based purchasing plan, for prevention, early intervention, and health care programs, services, or activities.

(b) A county-based purchasing plan under this section is subject to the unreasonable expense provisions of section 62D.19.

Sec. 11. Minnesota Statutes 2006, section 256L.12, subdivision 9, is amended to read:

Subd. 9. **Rate setting; performance withholds.** (a) Rates will be prospective, per capita, where possible. The commissioner shall consult with an independent actuary to determine appropriate rates.

(b) For services rendered on or after January 1, 2003, to December 31, 2003, the commissioner shall withhold .5 percent of managed care plan payments under this section pending completion of performance targets. The withheld funds must be returned no sooner than July 1 and no later than July 31 of the following year if performance targets in the contract are achieved. Each performance target must be quantifiable, objective, measurable, and reasonably attainable, except in the case of a performance target based on a federal or state law or rule. Criteria for assessment of each performance target must be outlined in writing prior to the contract effective date. The managed care plan must demonstrate, to the commissioner's satisfaction, that the data submitted regarding attainment of the performance target is accurate. The commissioner shall periodically change the administrative measures used as performance targets in order to improve plan performance across a broader range of administrative services. The performance targets must include measurement of plan efforts to contain spending on health care services and administrative activities. The commissioner may adopt plan-specific performance targets that take into account factors affecting only one plan, such as characteristics of the plan's enrollee population. The withheld funds must be returned no sooner than July 1 and no later than July 31 of the following calendar year if performance targets in the contract are achieved. This report must include recommendations to increase rates as needed to eliminate identified access problems; and

(4) a progress report on implementation of Minnesota Statutes, section 256B.76, paragraph (e), requiring payments for physician and professional services to be based on Medicare relative value units, and an estimated completion date for implementation of this payment system.

Sec. 13. HEALTH PLAN AND COUNTY-BASED PURCHASING PLAN REQUIREMENTS.

(a) By January 15, 2009, the commissioner of health shall develop and report to the legislature under Minnesota Statutes, section 3.195, guidelines to ensure that health plans, and county-based purchasing plans where applicable, have consistent procedures for allocating administrative expenses and investment income across their commercial and public lines of business and across individual public programs. The guidelines must be consistent with generally accepted accounting principles and principles from the National Association of Insurance Commissioners. The guidelines must not have the effect of changing allocation for Medicare-related programs as permitted by federal law and the Centers for Medicare and Medicaid Services.

(b) By January 15, 2009, the commissioner of health, in cooperation with the commissioners of commerce and human services, shall develop and report to the legislature under Minnesota Statutes, section 3.195, detailed standards and procedures for examining the reasonableness of health plan and county-based purchasing plan administrative expenditures for publicly funded programs. (1) the duplicate review of credentials at a health care provider by multiple health plans;

(2) the review of the credentials of all staff of a health care provider when only limited staff will be in the plan network; and

(2) cost savings to providers and the department; and

(3) improved quality and outcomes of care.

Alternatives considered must include moving to a single dental plan administrator, retaining the current model, and other innovative approaches. Issues relating to chronic disease management, medical and dental interface, plan payment approaches, and provider payment should also be addressed. The report must make a recommendation on whether to alter the current approach to contracting for dental services, and include a detailed plan on how to implement any changes. The commissioner shall consult with dentists, safety net dental providers, dental plans, health plans and county-based purchasing organizations, patients and advocates, and other interested parties in developing their findings and recommendations.

(b) The commissioner shall issue a report from the work group summarizing the impact of the federal budget cuts on persons eligible for targeted case management services and the impact on county budgets. This report shall include budget and policy strategies to restore service levels to that of the year prior to the effective date of the federal regulations. It does not include the increase in the value of the protected asset and the income, dividends, or profits from the asset. It may be exercised by the individual or by anyone with the legal authority to do so on the individual's behalf. It shall not be sold, assigned, transferred, or given away.

(e) If the dollar amount of the benefits utilized under a partnership policy is greater than the full fair market value of all assets protected at the time of the application for medical assistance long-term care services, as the individual continues to utilize benefits under a partnership policy after eligibility for medical assistance payment of long-term care services begins, the individual may designate, for additional protection, an increase in the value of protected assets and additional assets that become available during the individual's lifetime for protection under this section up to the amount of additional benefits utilized. The individual must make the designation in writing to the county agency no later than the last date on which the individual must report a change in circumstances to the county agency, as provided for under the medical assistance program. Any excess used for this purpose shall not be available to the individual's estate to protect assets in the estate from recovery under section 256B.15 or 524.3-1202, or otherwise. The amount used for this purpose must reduce the unused amount of asset protection available to protect assets in the individual's estate from recovery under section 256B.15 or 524.3-1202, or otherwise.

(f) This section applies only to estate recovery under United States Code, title 42, section 1396p, subsections (a) and (b), and does not apply to recovery authorized by other provisions of federal law, including, but not limited to, recovery from trusts under United States Code, title 42, section 1396p, subsection (d)(4)(A) and (C), or to recovery from annuities, or similar legal instruments, subject to section 6012, subsections (a) and (b), of the Deficit Reduction Act of 2005, Public Law 109-171.

(g) An individual's protected assets owned by the individual's spouse who applies for payment of medical assistance long-term care services shall not be protected assets or disregarded for purposes of eligibility of the individual's spouse solely because they were protected assets of the individual.

(h) Assets designated under this subdivision shall not be subject to penalty under section 256B.0595.

(i) The commissioner shall otherwise determine the individual's eligibility for payment of long-term care services according to medical assistance eligibility requirements.

Sec. 5. Minnesota Statutes 2007 Supplement, section 256B.0631, subdivision 1, is amended to read:

Subdivision 1. Co-payments. (a) Except as provided in subdivision 2, the medical assistance benefit plan shall include the following co-payments for all recipients, effective for services provided on or after October 1, 2003, and before January 1, 2009:

(1) $3 per nonpreventive visit. For purposes of this subdivision, a visit means an episode of service which is required because of a recipient's symptoms, diagnosis, or established illness, and which is delivered in an ambulatory setting by a physician or physician ancillary, chiropractor, podiatrist, nurse midwife, advanced practice nurse, audiologist, optician, or optometrist;

(2) $3 for eyeglasses;

(3) $6 for nonemergency visits to a hospital-based emergency room; and
(4) $3 per brand-name drug prescription and $1 per generic drug prescription, subject to a $12 per month maximum for prescription drug co-payments. No co-payments shall apply to antipsychotic drugs when used for the treatment of mental illness.

(b) Except as provided in subdivision 2, the medical assistance benefit plan shall include the following co-payments for all recipients, effective for services provided on or after January 1, 2009:

(1) $6 for nonemergency visits to a hospital-based emergency room; and

(2) $3 per brand-name drug prescription and $1 per generic drug prescription, subject to a $7 per month maximum for prescription drug co-payments. No co-payments shall apply to antipsychotic drugs when used for the treatment of mental illness.

(3) for individuals identified by the commissioner with income at or below 100 percent of the federal poverty guidelines, total monthly co-payments must not exceed five percent of family income. For purposes of this paragraph, family income is the total earned and unearned income of the individual and the individual’s spouse, if the spouse is enrolled in medical assistance and also subject to the five percent limit on co-payments.

(c) Recipients of medical assistance are responsible for all co-payments in this subdivision.

Sec. 6. Minnesota Statutes 2007 Supplement, section 256B.0631, subdivision 3, is amended to read:

Subd. 3. Collection. (a) The medical assistance reimbursement to the provider shall be reduced by the amount of the co-payment, except that reimbursement for prescription drug co-payments shall not be reduced:

(1) once a recipient has reached the $12 per month maximum or the $7 per month maximum effective January 1, 2009, for prescription drug co-payments; or

(2) for a recipient identified by the commissioner under 100 percent of the federal poverty guidelines who has met their monthly five percent co-payment limit.

(b) The provider collects the co-payment from the recipient. Providers may not deny services to recipients who are unable to pay the co-payment.

(c) Medical assistance reimbursement to fee-for-service providers and payments to managed care plans shall not be increased as a result of the removal of the co-payments effective January 1, 2009.

Sec. 7. Minnesota Statutes 2006, section 256B.0917, subdivision 8, is amended to read:

Subd. 8. Living-at-home/block nurse program grant. (a) The organization awarded the contract under subdivision 7, shall develop and administer a grant program to establish or expand up to 45 community-based organizations that will implement living-at-home/block nurse programs that are designed to enable senior citizens to live as independently as possible in their homes and in their communities. At least one-half of the programs must be in counties outside the seven-county metropolitan area. Nonprofit organizations and units of local government are eligible to apply for grants to establish the community organizations that will implement living-at-home/block nurse programs. In awarding grants, the organization awarded the contract under subdivision 7 shall give preference to nonprofit organizations and units of local government from communities that:

(1) have high nursing home occupancy rates;

(2) have a shortage of health care professionals;
(3) are located in counties adjacent to, or are located in, counties with existing living-at-home/block nurse programs; and

(4) meet other criteria established by LAH/BN, Inc., in consultation with the commissioner.

(b) Grant applicants must also meet the following criteria:

(1) the local community demonstrates a readiness to establish a community model of care, including the formation of a board of directors, advisory committee, or similar group, of which at least two-thirds is comprised of community citizens interested in community-based care for older persons;

(2) the program has sponsorship by a credible, representative organization within the community;

(3) the program has defined specific geographic boundaries and defined its organization, staffing and coordination/delivery of services;

(4) the program demonstrates a team approach to coordination and care, ensuring that the older adult participants, their families, the formal and informal providers are all part of the effort to plan and provide services; and

(5) the program provides assurances that all community resources and funding will be coordinated and that other funding sources will be maximized, including a person's own resources.

(c) Grant applicants must provide a minimum of five percent of total estimated development costs from local community funding. Grants shall be awarded for four-year periods, and the base amount shall not exceed $80,000 per applicant for the grant period. The organization under contract may increase the grant amount for applicants from communities that have socioeconomic characteristics that indicate a higher level of need for assistance. Subject to the availability of funding, grants and grant renewals awarded or entered into on or after July 1, 1997, shall be renewed by LAH/BN, Inc. every four years, unless LAH/BN, Inc. determines that the grant recipient has not satisfactorily operated the living-at-home/block nurse program in compliance with the requirements of paragraphs (b) and (d). Grants provided to living-at-home/block nurse programs under this paragraph may be used for both program development and the delivery of services.

(d) Each living-at-home/block nurse program shall be designed by representatives of the communities being served to ensure that the program addresses the specific needs of the community residents. The programs must be designed to:

(1) incorporate the basic community, organizational, and service delivery principles of the living-at-home/block nurse program model;

(2) provide senior citizens with registered nurse directed assessment, provision and coordination of health and personal care services on a sliding fee basis as an alternative to expensive nursing home care;

(3) provide information, support services, homemaking services, counseling, and training for the client and family caregivers;

(4) encourage the development and use of respite care, caregiver support, and in-home support programs, such as adult foster care and in-home adult day care;

(5) encourage neighborhood residents and local organizations to collaborate in meeting the needs of senior citizens in their communities;
(6) recruit, train, and direct the use of volunteers to provide informal services and other appropriate support to senior citizens and their caregivers; and

(7) provide coordination and management of formal and informal services to senior citizens and their families using less expensive alternatives.

Sec. 8. [256B.194] FEDERAL PAYMENTS.

Subdivision 1. Payments at actual cost. Notwithstanding any other statute or rule to the contrary, for providers that are units of government, the commissioner may limit medical assistance and MinnesotaCare payments to a provider’s actual cost of providing services, according to the Centers for Medicare and Medicaid Services (CMS) final rule referenced in this subdivision. The commissioner may also require medical assistance and MinnesotaCare providers to provide any information necessary to determine Medicaid-related costs, and require the cooperation of providers in any audit or review necessary to ensure payments are limited to cost. This section does not apply to providers who are exempt from the provisions of the CMS final rule. This subdivision becomes effective when the CMS final rule, published May 29, 2007, at Federal Register, Vol. 72, No. 100, governing payments to providers that are units of government goes into effect at the end of the moratorium imposed by Congress.

Subd. 2. Loss of federal financial participation. For all transfers, certified expenditures, and medical assistance payments listed in this subdivision, if the commissioner determines that federal financial participation is no longer available for the medical assistance payments listed, then related obligations for the nonfederal share of payments and the medical assistance payments must terminate. The commissioner shall notify all affected parties of the loss of federal financial participation, and the resulting payments and obligations that are terminated. If the commissioner determines that federal financial participation is no longer available for any medical assistance payments or contributions to the nonfederal share of medical assistance payments that have already been made, the commissioner may collect the medical assistance payments from providers and return contributions of the nonfederal share to its source. The transfers, certified expenditures, and medical assistance payments subject to this section are those specified in section 62J.692, subdivision 7, paragraphs (b) and (c); 256B.19, subdivisions 1c and 1d; 256B.195; 256B.431, subdivision 23; and 256B.69, subdivision 5c, paragraph (a), clauses (2) to (4); Laws 2002, chapter 220, article 17, section 2, subdivision 3; and Laws 2005, First Special Session chapter 4, article 9, section 2, subdivision 1.

Sec. 9. Minnesota Statutes 2007 Supplement, section 256B.199, is amended to read:

(a) Effective July 1, 2007, the commissioner shall apply for federal matching funds for the expenditures in paragraphs (b) and (c).

(b) The commissioner shall apply for federal matching funds for certified public expenditures as follows:

(1) Hennepin County, and Hennepin County Medical Center, Ramsey County, Regions Hospital, the University of Minnesota, and Fairview University Medical Center shall report quarterly to the commissioner beginning June 1, 2007, payments made during the second previous quarter that may qualify for reimbursement under federal law;

(2) based on these reports, the commissioner shall apply for federal matching funds. These funds are appropriated to the commissioner for the payments under section 256.969, subdivision 27, to offset medical assistance expenditures; and
(3) by May 1 of each year, beginning May 1, 2007, the commissioner shall inform the nonstate entities listed in
this paragraph (c) of the amount of federal disproportionate share hospital payment money expected to be available
in the current federal fiscal year.

(c) The commissioner shall apply for federal matching funds for general assistance medical care expenditures as
follows:

(1) for hospital services occurring on or after July 1, 2007, general assistance medical care expenditures for fee-
for-service inpatient and outpatient hospital payments made by the department shall be used to apply for federal
matching funds, except as limited below:

(i) only those general assistance medical care expenditures made to an individual hospital that would not cause
the hospital to exceed its individual hospital limits under section 1923 of the Social Security Act may be considered;
and

(ii) general assistance medical care expenditures may be considered only to the extent of Minnesota’s aggregate
allotment under section 1923 of the Social Security Act; and

(2) all hospitals must provide any necessary expenditure, cost, and revenue information required by the
commissioner as necessary for purposes of obtaining federal Medicaid matching funds for general assistance
medical care expenditures.

EFFECTIVE DATE. This section is effective retroactively from July 1, 2007.

Sec. 10. Minnesota Statutes 2006, section 256B.69, subdivision 5a, is amended to read:

Subd. 5a. Managed care contracts. (a) Managed care contracts under this section and sections 256L.12 and
256D.03, shall be entered into or renewed on a calendar year basis beginning January 1, 1996. Managed care

(c) Effective for services rendered on or after January 1, 2003, the commissioner shall withhold five percent of
managed care plan payments under this section for the prepaid medical assistance and general assistance medical
care programs pending completion of performance targets. Each performance target must be quantifiable, objective,
measurable, and reasonably attainable, except in the case of a performance target based on a federal or state law or

date. The withheld funds must be returned no sooner than July of the following year if performance targets in the
contract are achieved. The commissioner may exclude special demonstration projects under subdivision 23. A
managed care plan or a county-based purchasing plan under section 256B.692 may include as admitted assets under
section 62D.044 any amount withheld under this paragraph that is reasonably expected to be returned.

(d) (1) Effective for services rendered on or after January 1, 2009, the commissioner shall withhold two percent
of managed care plan payments under this section for the prepaid medical assistance and general assistance medical
care programs. The withheld funds must be returned no sooner than July 1 and no later than July 31 of the following
year. The commissioner may exclude special demonstration projects under subdivision 23.
Sec. 11. Minnesota Statutes 2006, section 256L.12, subdivision 9, is amended to read:

Subd. 9. **Rate setting; performance withholds.** (a) Rates will be prospective, per capita, where possible. The commissioner may allow health plans to arrange for inpatient hospital services on a risk or nonrisk basis. The commissioner shall consult with an independent actuary to determine appropriate rates.

(b) For services rendered on or after January 1, 2003, to December 31, 2003, the commissioner shall withhold .5 percent of managed care plan payments under this section pending completion of performance targets. The withheld funds must be returned no sooner than July 1 and no later than July 31 of the following year if performance targets in the contract are achieved. A managed care plan may include as admitted assets under section 62D.044 any amount withheld under this paragraph that is reasonably expected to be returned.

(c) For services rendered on or after January 1, 2004, the commissioner shall withhold five percent of managed care plan payments under this section pending completion of performance targets. Each performance target must be quantifiable, objective, measurable, and reasonably attainable, except in the case of a performance target based on a federal or state law or rule. Criteria for assessment of each performance target must be outlined in writing prior to the contract effective date. The withheld funds must be returned no sooner than July 1 and no later than July 31 of the following calendar year if performance targets in the contract are achieved. A managed care plan or a county-based purchasing plan under section 256B.692 may include as admitted assets under section 62D.044 any amount withheld under this paragraph that is reasonably expected to be returned.

(d) For services rendered on or after January 1, 2009, the commissioner shall withhold two percent of managed care plan payments under this section. Sec. 12. **FEDERAL APPROVAL FOR INCREASED DISPROPORTIONATE SHARE HOSPITAL PAYMENTS.**

By January 1, 2009, the commissioner of human services, in cooperation with hospitals with high rates of utilization by medical assistance enrollees, shall develop and submit for federal approval a proposal to increase disproportionate share hospital payments to Minnesota hospitals. In developing the proposal, the commissioner shall consider, but is not required to adopt, disproportionate share hospital payment proposals from other states that have received federal approval.

The commissioner shall take into account the weighting system used to determine county waiver allocations in developing the new payment methodology. Growth in the number of enrollees receiving CADI or TBI waiver payments through MnDHO is limited to an increase of 200 enrollees in each calendar year from January 2009 through December 2011. Manage Growth in TBI and CADI Waiver. During the fiscal years beginning on July 1, 2008, July 1, 2009, and July 1, 2010, the commissioner shall allocate money for home and community-based programs covered under Minnesota Statutes, section 256B.49, to ensure a reduction in state spending that is equivalent to limiting the caseload growth of the traumatic brain injury (TBI) waiver to 200 allocations in each year of the biennium and the community alternatives for disabled individuals (CADI) waiver to 1,500 allocations each year of the biennium. Priorities for the allocation of funds must be for individuals anticipated to be discharged from institutional settings or who are at imminent risk of a placement in an institutional setting. Notwithstanding any contrary section in this article, this provision expires June 30, 2011.

(c) Mental Health Grants

(d) Chemical Dependency Entitlement Grants

Payments for Substance Abuse Treatment. For services provided in fiscal year 2009, county-negotiated rates and provider claims to the consolidated chemical dependency fund must not exceed rates charged for services in excess of those in effect on May 31, 2008. If statutes authorize a cost-of-living adjustment during fiscal year 2009, then notwithstanding any law to the contrary, fiscal year 2009 rates may not exceed those in effect on May 31, 2008, plus any authorized cost-of-living adjustments.

Chemical Dependency Treatment Fund Special Revenue Account.

The lesser of the balance of the consolidated chemical dependency treatment fund at the close of fiscal year 2008 or $2,650,000 must be transferred and deposited into the general fund.

(f) **Other Continuing Care Grants**

**Base Level Adjustment.** The general fund base is increased $7,633,000 in fiscal year 2010 and $5,332,000 in fiscal year 2011, due to the onetime reduction of HIV grants in fiscal year 2009, an increase each year for housing grants under Minnesota Statutes, section 256B.0658, and the adjustment for the county grant payment shift for developmental disability semi-independent services grants and developmental disability family support grants.

**Housing Access Grants.** Of the general fund appropriation, $250,000 is appropriated in fiscal year 2009 for housing access grants under Minnesota Statutes, section 256B.0658.

**Funding Usage.** Up to 75 percent of the fiscal year 2010 appropriation for developmental disability semi-independent living services grants and developmental disability family support grants may be used to fund calendar year 2009 allocations for these programs, with the resulting calendar year funding pattern continuing into the future.

**Living-At-Home/Block Nurse Program Funding.** For the fiscal year beginning July 1, 2008, the commissioner of human services shall transfer $240,000 from the community service grant program under Minnesota Statutes, section 256B.0917, subdivision 13, to the living-at-home/block nurse program under Minnesota Statutes, section 256B.0917, subdivision 8, to provide $20,000 each for 12 living-at-home/block nurse programs currently operating without base funding. This is onetime funding.

**MERC Federal Compliance.** Effective for fiscal years beginning on or after July 1, 2009, the general fund appropriation of $2,000,000 each fiscal year to the Mayo Clinic for the purpose of providing transition funding while federal compliance changes are made to the medical education and research cost funding distribution formula is eliminated and is replaced by a $2,000,000 appropriation each fiscal year from the health care access fund.

A family's monthly co-payment fee is the fixed percentage established for the income range multiplied by the highest possible income within that income range.
Subd. 2. **Parent fee.** A family must be assessed a parent fee for each service period. A family's parent fee must be a fixed percentage of its annual gross income. Parent fees must apply to families eligible for child care assistance under sections 119B.03 and 119B.05. Income must be as defined in section 119B.011, subdivision 15. The fixed percent is based on the relationship of the family's annual gross income to 100 percent of the annual federal poverty guidelines or state median income. Parent fees must begin at 75 percent of the poverty level. The minimum parent fees for families between 75 percent and 100 percent of poverty level must be $5 per month. Parent fees must provide for graduated movement to full payment. Payment of part or all of a family's parent fee directly to the family's child care provider on behalf of the family by a source other than the family shall not affect the family's eligibility for child care assistance, and the amount paid shall be excluded from the family's income. Child care providers who accept third-party payments must maintain family specific documentation of payment source, amount, and time period covered by the payment.

**EFFECTIVE DATE.** This section is effective July 1, 2008.

(j) The person has a family child care licensing disqualification that has not been set aside.

(k) The person has admitted or a county has found that there is a preponderance of evidence that fraudulent information was given to the county for child care assistance application purposes or was used in submitting child care assistance bills for payment.

(l) The person has been convicted of the crime of theft by wrongfully obtaining public assistance or has been found guilty of wrongfully obtaining public assistance by a federal court, state court, or an administrative hearing determination or waiver, through a disqualification consent agreement, as part of an approved diversion plan under section 401.065, or a court-ordered stay with probationary or other conditions.

(m) The person has a household member age 13 or older who has access to children during the hours that care is provided and who meets one of the conditions listed in paragraphs (b) to (l).

(n) The person has a household member ages ten to 12 who has access to children during the hours that care is provided; information or circumstances exist which provide the county with articulable suspicion that further pertinent information may exist showing the household member meets one of the conditions listed in paragraphs (b) to (l); and the household member actually meets one of the conditions listed in paragraphs (b) to (l).

Sec. 7. Minnesota Statutes 2007 Supplement, section 119B.13, subdivision 1, is amended to read:

Subdivision 1. **Subsidy restrictions.** (a) Beginning July 1, 2006, the maximum rate paid for child care assistance in any county or multicounty region under the child care fund shall be the rate for like-care arrangements in the county effective January 1, 2006, increased by six percent.
(b) Rate changes shall be implemented for services provided in September 2006 unless a participant eligibility redetermination or a new provider agreement is completed between July 1, 2006, and August 31, 2006.

As necessary, appropriate notice of adverse action must be made according to Minnesota Rules, part 3400.0185, subparts 3 and 4.

New cases approved on or after July 1, 2006, shall have the maximum rates under paragraph (a), implemented immediately.

(c) Every year, the commissioner shall survey rates charged by child care providers in Minnesota to determine the 75th percentile for like-care arrangements in counties. When the commissioner determines that, using the commissioner’s established protocol, the number of providers responding to the survey is too small to determine the 75th percentile rate for like-care arrangements in a county or multicounty region, the commissioner may establish the 75th percentile maximum rate based on like-care arrangements in a county, region, or category that the commissioner deems to be similar.

(d) A rate which includes a special needs rate paid under subdivision 3 or under a school readiness service agreement paid under section 119B.231, may be in excess of the maximum rate allowed under this subdivision.

(e) The department shall monitor the effect of this paragraph on provider rates. The county shall pay the provider’s full charges for every child in care up to the maximum established. The commissioner shall determine the maximum rate for each type of care on an hourly, full-day, and weekly basis, including special needs and disability care.

(f) When the provider charge is greater than the maximum provider rate allowed, the parent is responsible for payment of the difference in the rates in addition to any family co-payment fee.

(g) All maximum provider rates changes shall be implemented on the Monday following the effective date of the maximum provider rate.

Sec. 8. Minnesota Statutes 2007 Supplement, section 119B.13, subdivision 7, is amended to read:

Subd. 7. **Absent days.** (a) Child care providers may not be reimbursed for more than 25 full-day absent days per child, excluding holidays, in a fiscal year, or for more than ten consecutive full-day absent days, unless the child has a documented medical condition that causes more frequent absences. Absences due to a documented medical condition of a parent or sibling who lives in the same residence as the child receiving child care assistance do not count against the 25-day absent day limit in a fiscal year. Documentation of medical conditions must be on the forms and submitted according to the timelines established by the commissioner. A public health nurse or school nurse may verify the illness in lieu of a medical practitioner. If a provider sends a child home early due to a medical reason, including, but not limited to, fever or contagious illness, the child care center director or lead teacher may verify the illness in lieu of a medical practitioner. If a child attends for part of the time authorized to be in care in a day, but is absent for part of the time authorized to be in care in that same day, the absent time will be reimbursable but the time will not count toward the ten consecutive or 25 cumulative absent day limits. Children in families where at least one parent is under the age of 21, does not have a high school or general equivalency diploma, and is a student in a school district or another similar program that provides or arranges for child care, as well as parenting, social services, career and employment supports, and academic support to achieve high school graduation, may be exempt from the absent day limits upon request of the program and approval of the county. If a child attends part of an authorized day, payment to the provider must be for the full amount of care authorized for that day. Child care providers may only be reimbursed for absent days if the provider has a written policy for child absences and charges all other families in care for similar absences.
(b) Child care providers must be reimbursed for up to ten federal or state holidays or designated holidays per year when the provider charges all families for these days and the holiday or designated holiday falls on a day when the child is authorized to be in attendance. Parents may substitute other cultural or religious holidays for the ten recognized state and federal holidays. Holidays do not count toward the ten consecutive or 25 cumulative absent day limits.

(c) A family or child care provider may not be assessed an overpayment for an absent day payment unless (1) there was an error in the amount of care authorized for the family, (2) all of the allowed full-day absent payments for the child have been paid, or (3) the family or provider did not timely report a change as required under law.

(d) The provider and family must receive notification of the number of absent days used upon initial provider authorization for a family and when the family has used 15 cumulative absent days. Upon statewide implementation of the Minnesota Electronic Child Care System, the provider and family shall receive notification of the number of absent days used upon initial provider authorization for a family and ongoing notification of the number of absent days used as of the date of the notification.

(e) A county may pay for more absent days than the statewide absent day policy established under this subdivision if current market practice in the county justifies payment for those additional days. County policies for payment of absent days in excess of the statewide absent day policy and justification for these county policies must be included in the county's child care fund plan under section 119B.08, subdivision 3.

Sec. 9. Minnesota Statutes 2007 Supplement, section 119B.21, subdivision 5, is amended to read:

Subd. 5. Child care services grants. (a) A child care resource and referral program designated under section 119B.19, subdivision 1a, may award child care services grants for:

(1) creating new licensed child care facilities and expanding existing facilities, including, but not limited to, supplies, equipment, facility renovation, and remodeling;

(2) improving licensed child care facility programs;

(b) A child care resource and referral program designated under section 119B.19, subdivision 1a, may award child care services grants to:
(1) licensed providers;
(2) providers in the process of being licensed;
(3) corporations or public agencies that develop or provide child care services;
(4) school-age care programs;
(5) legal nonlicensed or family, friend, and neighbor care providers; or
(6) any combination of clauses (1) to (4).

Unlicensed providers are only eligible for grants under paragraph (a), clause (7).

(c) A recipient of a child care services grant for facility improvements, interim financing, or staff training and development must provide a 25 percent local match.

Sec. 10. Minnesota Statutes 2006, section 119B.21, subdivision 10, is amended to read:

Subd. 10. Family child care technical assistance grants. (a) A child care resource and referral organization designated under section 119B.19, subdivision 1a, may award technical assistance grants of up to $1,000. These grants may be used for:

(1) facility improvements, including, but not limited to, improvements to meet licensing requirements;
(2) improvements to expand a child care facility or program;
(3) toys and equipment;
(4) technology and software to create, enhance, and maintain business management systems;
(5) start-up costs;

(3) legal nonlicensed or family, friend, and neighbor care providers.

(c) A local match is not required for a family child care technical assistance grant.

The commissioner of human services may provide financial assistance for community action agencies, Indian reservations, and migrant and seasonal farmworker organizations to carry out community action programs as described in section 256E.32 in accordance with the Omnibus Reconciliation Act of 1981, Public Law 97-35, as amended in 1984, Public Law 98-558, state law, and federal law and regulation.

Subd. 3. Other property limitations. To be eligible for MFIP, the equity value of all nonexcluded real and personal property of the assistance unit must not exceed $2,000 for applicants and $5,000 for ongoing participants. If the assistance unit owns more than one licensed vehicle, the county agency shall determine the loan value of all additional vehicles and exclude the combined loan value of less than or equal to $7,500. When a vehicle is not listed in the guidebook, or when the applicant or participant disputes the loan value listed in the guidebook as unreasonable given the condition of the particular vehicle, the county agency may require the applicant or participant document the loan value by securing a written statement from a motor vehicle dealer licensed under section 168.27, stating the amount that the dealer would pay to purchase the vehicle. (3) one burial plot per member of an assistance unit;

(4) the value of personal property needed to produce earned income, including tools, implements, farm animals, inventory, business loans, business checking and savings accounts used at least annually and used exclusively for the operation of a self-employment business, and any motor vehicles if at least 50 percent of the vehicle's use is to produce income and if the vehicles are essential for the self-employment business;

(7) the value of corrective payments, but only for the month in which the payment is received and for the following month;

(8) a mobile home or other vehicle used by an applicant or participant as the applicant's or participant's home;

(9) money in a separate escrow account that is needed to pay real estate taxes or insurance and that is used for this purpose;

(10) money held in escrow to cover employee FICA, employee tax withholding, sales tax withholding, employee worker compensation, business insurance, property rental, property taxes, and other costs that are paid at least annually, but less often than monthly;
