"Sec. 80. **FOREST PROTECTION PLAN.**

Subdivision 1. **Task force plan.** (a) The Forest Resources Council shall create a task force to develop a plan to prepare the state for early detection, appropriate response, and educating the public regarding invasive pests that threaten the tree cover of Minnesota. The task force also may give advice on how to best promote forest diversity and the planting of trees to address environmental challenges with the state. The plan must address:

1. current efforts to address forest pests, what geographic areas and property types have regular and active monitoring of forest pests, and gaps in the adequacy of the current oversight and detection system;

2. how the state may establish a flexible, yet comprehensive, system of tree monitoring so that trees in all areas of Minnesota will be covered by active early pest detection efforts. In analyzing this, the task force shall consider possible roles for certified tree inspectors, volunteers, and state and local government;

3. current storm damage response and how that might be improved for forest health and to minimize vulnerability to pest infection;

4. the adequacy of the current response plan, the clarity of state and local roles and responsibilities, emergency communication plans, and the availability of needed funding for pest outbreak response and how to scale it up should a major outbreak be detected;
(5) recommendations for clear delineation of state and local roles in notifying property owners and enforcing remediation actions;

(6) the best approach to broad public education on the threats of new invasive tree pests, the expected response to an outbreak, the value of trees to our environment, and the promotion of a more diversified tree cover statewide; and

(7) an assessment of funding needs and options for the above activities and possible funding approaches to promote the planting of a more diverse tree cover, along with assisting in the costs of tree removal and replacement for public entities and property owners.

(b) A report and recommendations to the legislative committees with jurisdiction over natural resources and to the Legislative-Citizen Commission on Minnesota Resources shall be due on December 15, 2007.

Subd. 2. **Task force creation.** The chair of the Forest Resources Council and the commissioners of agriculture and natural resources shall jointly appoint the members of the task force, which shall include up to 15 members with representatives of the University of Minnesota; city, township, and county associations; commercial timber and forest industries of varying size; nursery and landscape architecture; arborists and certified tree inspectors; nonprofit organizations engaged in tree advocacy, planting, and education; master gardeners and the Minnesota Shade Tree Advisory Council and a tribal representative recommended by the Indian Affairs Council.

Representatives of the Departments of Agriculture and Natural Resources shall serve as ex-officio members and assist the task force in its work."

116C.779 SITE.

Subdivision 1. **Renewable development account.** (a) The public utility that owns the Prairie Island nuclear generating plant must transfer to a renewable development account $16,000,000 annually each year the plant is in operation, and $7,500,000 each year the plant is not in operation if ordered by the commission pursuant to paragraph (e) (d). The fund transfer must be made if nuclear waste is stored in a dry cask at the independent spent-fuel storage facility at Prairie Island for any part of a year. Funds in the account may be expended only for development of renewable energy sources. Preference must be given to development of renewable energy source projects located within the state.
(b) The public utility that owns the Monticello nuclear generating plant must transfer to the renewable development account $500,000 annually for each dry cask containing spent nuclear fuel that is located at the independent spent fuel storage installation at the Monticello nuclear generating plant when the plant is in operation and $7,500,000 each year the plant is not in operation if ordered by the commission under paragraph (d). The fund transfer must be made if nuclear waste is stored in a dry cask at the independent spent fuel storage facility at Monticello for any part of a year.

(c) Expenditures from the account may only be made after approval by order of the Public Utilities Commission upon a petition by the public utility.

(e) After discontinuation of operation of the Prairie Island nuclear plant and each year spent nuclear fuel is stored in a dry cask at the Prairie Island facility or Monticello nuclear generating plant after the plant discontinues generating electricity, the commission shall require the public utility to pay $7,500,000 for any year in which the commission finds, by the preponderance of the evidence, that the public utility did not make a good faith effort to remove the spent nuclear fuel stored at the Prairie Island or Monticello plant to a permanent or interim storage site out of the state. This determination shall be made at least every two years."

The spent fuel contents of dry casks located on Prairie Island must be moved immediately upon the availability of another site for storage of the spent fuel that is not located on Prairie Island or at Monticello.

Sec. 5. Minnesota Statutes 2006, section 116C.779, subdivision 1, is amended to read:

Subdivision 1. **Renewable development account.** (a) The public utility that owns the Prairie Island nuclear generating plant must transfer to a renewable development account $16,000,000 annually each year the plant is in operation, and $7,500,000 each year the plant is not in operation if ordered by the commission pursuant to paragraph (e) (d). The fund transfer must be made if nuclear waste is stored in a dry cask at the independent spent-fuel storage facility at Prairie Island for any part of a year. Funds in the account may be expended only for development of renewable energy sources. Preference must be given to development of renewable energy source projects located within the state.
(b) The public utility that owns the Monticello nuclear generating plant must transfer to the renewable development account $500,000 annually for each dry cask containing spent nuclear fuel that is located at the independent spent fuel storage installation at the Monticello nuclear generating plant when the plant is in operation and $7,500,000 each year the plant is not in operation if ordered by the commission under paragraph (d). The fund transfer must be made if nuclear waste is stored in a dry cask at the independent spent fuel storage facility at Monticello for any part of a year.

(c) Expenditures from the account may only be made after approval by order of the Public Utilities Commission upon a petition by the public utility.

(c) After discontinuation of operation of the Prairie Island nuclear plant and each year (d) If spent nuclear fuel is stored in a dry cask at the Prairie Island facility or Monticello nuclear generating plant after the plant discontinues generating electricity, the commission shall require the public utility to pay $7,500,000 for any year in which the commission finds, by the preponderance of the evidence, that the public utility did not make a good faith effort to remove the spent nuclear fuel stored at the Prairie Island or Monticello plant to a permanent or interim storage site out of the state. This determination shall be made at least every two years.”

"Sec. 42. Minnesota Statutes 2006, section 72A.201, subdivision 6, is amended to read:

Subd. 6. Standards for automobile insurance claims handling, settlement offers, and agreements. In addition to the acts specified in subdivisions 4, 5, 7, 8, and 9, the following acts by an insurer, adjuster, or a self-insured or self-insurance administrator constitute unfair settlement practices:

(1) if an automobile insurance policy provides for the adjustment and settlement of an automobile total loss on the basis of actual cash value or replacement with like kind and quality and the insured is not an automobile dealer, failing to offer one of the following methods of settlement:

(a) comparable and available replacement automobile, with all applicable taxes, license fees, at least pro rata for the unexpired term of the replaced automobile's license, and other fees incident to the transfer or evidence of ownership of the automobile paid, at no cost to the insured other than the deductible amount as provided in the policy;

(b) a cash settlement based upon the actual cost of purchase of a comparable automobile, including all applicable taxes, license fees, at least pro rata for the unexpired term of the replaced automobile's license, and other fees incident to transfer of evidence of ownership, less the deductible amount as provided in the policy. The costs must be determined by:

(i) the cost of a comparable automobile, adjusted for mileage, condition, and options, in the local market area of the insured, if such an automobile is available in that area; or

(ii) one of two or more quotations obtained from two or more qualified sources located within the local market area when a comparable automobile is not available in the local market area. The insured shall be provided the information contained in all quotations prior to settlement; or

(iii) any settlement or offer of settlement which deviates from the procedure above must be documented and justified in detail. The basis for the settlement or offer of settlement must be explained to the insured;

(2) if an automobile insurance policy provides for the adjustment and settlement of an automobile partial loss on the basis of repair or replacement with like kind and quality and the insured is not an automobile dealer, failing to offer one of the following methods of settlement:

(a) to assume all costs, including reasonable towing costs, for the satisfactory repair of the motor vehicle. Satisfactory repair includes repair of both obvious and hidden damage as caused by the claim incident. This assumption of cost may be reduced by applicable policy provision; or

(b) to offer a cash settlement sufficient to pay for satisfactory repair of the vehicle. Satisfactory repair includes repair of obvious and hidden damage caused by the claim incident, and includes reasonable towing costs;

(3) regardless of whether the loss was total or partial, in the event that a damaged vehicle of an insured cannot be safely driven, failing to exercise the right to inspect automobile damage prior to repair within five business days following receipt of notification of claim. In other cases the inspection must be made in 15 days;

(4) regardless of whether the loss was total or partial, requiring unreasonable travel of a claimant or insured to inspect a replacement automobile, to obtain a repair estimate, to allow an insurer to inspect a repair estimate, to allow an insurer to inspect repairs made pursuant to policy requirements, or to have the automobile repaired;
(5) regardless of whether the loss was total or partial, if loss of use coverage exists under the insurance policy, failing to notify an insured at the time of the insurer's acknowledgment of claim, or sooner if inquiry is made, of the fact of the coverage, including the policy terms and conditions affecting the coverage and the manner in which the insured can apply for this coverage;

(6) regardless of whether the loss was total or partial, failing to include the insured's deductible in the insurer's demands under its subrogation rights. Subrogation recovery must be shared at least on a proportionate basis with the insured, unless the deductible amount has been otherwise recovered by the insured, except that when an insurer is recovering directly from an uninsured third party by means of installments, the insured must receive the full deductible share as soon as that amount is collected and before any part of the total recovery is applied to any other use. No deduction for expenses may be made from the deductible recovery unless an attorney is retained to collect the recovery, in which case deduction may be made only for a pro rata share of the cost of retaining the attorney. An insured is not bound by any settlement of its insurer's subrogation claim with respect to the deductible amount, unless the insured receives, as a result of the subrogation settlement, the full amount of the deductible. Recovery by the insurer and receipt by the insured of less than all of the insured's deductible amount does not affect the insured's rights to recover any unreimbursed portion of the deductible from parties liable for the loss;

(7) requiring as a condition of payment of a claim that repairs to any damaged vehicle must be made by a particular contractor or repair shop or that parts, other than window glass, must be replaced with parts other than original equipment parts or engaging in any act or practice of intimidation, coercion, threat, incentive, or inducement for or against an insured to use a particular contractor or repair shop. Consumer benefits included within preferred vendor programs must not be considered an incentive or inducement. At the time a claim is reported, the insurer must provide the following advisory to the insured or claimant:

"You have the legal right to choose a repair shop to fix your vehicle. Your policy will cover the reasonable costs of repairing your vehicle to its pre-accident condition no matter where you have repairs made. Have you selected a repair shop or would you like a referral?"

After an insured has indicated that the insured has selected a repair shop, the insurer must cease all efforts to influence the insured's or claimant's choice of repair shop;

(8) where liability is reasonably clear, failing to inform the claimant in an automobile property damage liability claim that the claimant may have a claim for loss of use of the vehicle;

(9) failing to make a good faith assignment of comparative negligence percentages in ascertaining the issue of liability;

(10) failing to pay any interest required by statute on overdue payment for an automobile personal injury protection claim;

(11) if an automobile insurance policy contains either or both of the time limitation provisions as permitted by section 65B.55, subdivisions 1 and 2, failing to notify the insured in writing of those limitations at least 60 days prior to the expiration of that time limitation;

(12) if an insurer chooses to have an insured examined as permitted by section 65B.56, subdivision 1, failing to notify the insured of all of the insured's rights and obligations under that statute, including the right to request, in writing, and to receive a copy of the report of the examination;
(13) failing to provide, to an insured who has submitted a claim for benefits described in section 65B.44, a complete copy of the insurer's claim file on the insured, excluding internal company memoranda, all materials that relate to any insurance fraud investigation, materials that constitute attorney work-product or that qualify for the attorney-client privilege, and medical reviews that are subject to section 145.64, within ten business days of receiving a written request from the insured. The insurer may charge the insured a reasonable copying fee. This clause supersedes any inconsistent provisions of sections 72A.49 to 72A.505;

(14) if an automobile policy provides for the adjustment or settlement of an automobile loss due to damaged window glass, failing to provide payment to the insured's chosen vendor based on a fair, competitive price that is fair and reasonable within the local industry at large.

Where facts establish that a different rate in a specific geographic area actually served by the vendor is required by that market, that geographic area must be considered. For purposes of this clause, a price determined at the highest agreed upon price that the insurer pays to vendors that the insurer recommends and whose business is located in or within 50 miles of the insured's city of residence or a price based upon the highest agreed upon price paid in a city of the same class size as the insured's city of residence as defined in section 410.01 shall be deemed a fair, competitive price. This clause does not prohibit an insurer from recommending a vendor to the insured or from agreeing with a vendor to perform work at an agreed-upon price, provided, however, that before recommending a vendor, the insurer shall offer its insured the opportunity to choose the vendor. If the insurer recommends a vendor, the insurer must also provide the following advisory:

"Minnesota law gives you the right to go to any glass vendor you choose, and prohibits me from pressuring you to choose a particular vendor."

(15) requiring that the repair or replacement of motor vehicle glass and related products and services be made in a particular place or shop or by a particular entity, or by otherwise limiting the ability of the insured to select the place, shop, or entity to repair or replace the motor vehicle glass and related products and services; or

(16) engaging in any act or practice of intimidation, coercion, threat, incentive, or inducement for or against an insured to use a particular company or location to provide the motor vehicle glass repair or replacement services or products. For purposes of this section, a warranty shall not be considered an inducement or incentive."

"Sec. 42. Minnesota Statutes 2006, section 65B.54, is amended by adding a subdivision to read:

Subd. 7. Balance billing by health care providers prohibited. (a) This subdivision applies to charges for medical expense benefits as defined in section 65B.44, subdivision 2, to the extent that a reparation obligor has rejected them under subdivision 5 on the basis that the health care was not medically necessary or on the basis that the charges exceed the usual and customary rate."
(b) If a reparation obligor rejects, in whole or in part, a claim for health care provided to the claimant by a health care provider, for reasons specified in paragraph (a), the claimant is not obligated to pay the health care provider for the rejected charges.

(c) The health care provider shall not bill the claimant for those charges or otherwise attempt to collect them from the claimant after they have been rejected by the insurer.

(d) A health care provider whose charges are rejected, in whole or in part, under this section by a reparation obligor, is the party at interest and has standing to commence and pursue a claim for payment as a claimant against the reparation obligor in an arbitration proceeding under section 65B.525. In such a proceeding, the insured may be required to attend the arbitration proceeding by either the reparation obligor or the health care provider, subject to the conditions provided in section 65B.56, subdivision 2.

(e) A health care provider shall not require an insured to waive any provision of this section, and any such attempted waiver is void and unenforceable.

The nonresident owner of a motor vehicle which is not required to be registered or licensed, or which is not principally garaged in this state, shall maintain such insurance in effect continuously throughout the period of the operation, maintenance, or use of such motor vehicle within this state with respect to accidents occurring in this state.

**Subd. 2. (2) evidence that appropriate provision exists for prompt administration of all claims, benefits, and obligations;

(3) evidence that reliable financial arrangements, deposits, or commitments exist providing assurance for payment of tort liabilities and all other obligations imposed by law; and

(4) a nonrefundable initial application fee of $1,500 and an annual renewal fee of $400 for political subdivisions and $500 for nonpolitical entities.

**Subd. 3a. Rulemaking.** To carry out the purposes of subdivision 3, the commissioner may adopt rules pursuant to chapter 14. These rules may:

(1) establish reporting requirements;
(2) establish standards or guidelines to assure the adequacy of the financing and administration of self-insurance plans;

(3) establish bonding requirements or other provisions assuring the financial integrity of entities that self-insure other than bonding requirements for self-insuring political subdivisions; and

(4) establish other reasonable requirements to further the purposes of this section.

(2) if the restriction relates to another matter, the person is guilty of a misdemeanor.

(e) However, if a person is found to be in violation of paragraph (d), clause (1), solely because a test of the person's blood, breath, or urine showed the person's alcohol concentration was 0.02 or less, in violation of an alcohol-abstinence restriction, the commissioner shall issue, without a waiting period being required under section 171.30, to the violator a restricted, limited license for work and chemical dependency treatment purposes under section 171.30, subdivision 1, paragraph (a), clause (1).

(g) Following seven years with no repeat violation of chapter 169A or section 609.21 by a person subject to a no
alcohol restriction under section 171.09, the commissioner shall remove that restriction from the person's driving
record, and shall issue to the person a driver's license card not containing a no alcohol restriction.

Subd. 1a. **Child support judgment by operation of law.** (a) Any payment or installment of support required by a judgment or decree of dissolution or legal separation, determination of parentage, an order under chapter 518C, an order under section 256.87, or an order under section 260B.331 or 260C.331, that is not paid or withheld from the obligor's income as required under section 518A.53, or which is ordered as child support by judgment, decree, or order by a court in any other state, is a judgment by operation of law on and after the date it is due, is entitled to full faith and credit in this state and any other state, and shall be entered and docketed by the court administrator on the filing of affidavits as provided in subdivision 2a. Except as otherwise provided by paragraph (b), interest accrues from the date the unpaid amount due is greater than the current support due at the annual rate provided in section 549.09, subdivision 1, plus two percent, not to exceed an annual rate of 18 percent annually. A payment or installment of support that becomes a judgment by operation of law between the date on which a party served notice of a motion for modification under section 518A.39, subdivision 2, and the date of the court's order on modification may be modified under that subdivision.

(b) Notwithstanding the provisions of section 549.09, upon motion to the court and upon proof by the obligor of 12 consecutive months of complete and timely payments of both current support and court-ordered paybacks of a child support debt or arrearage, the court may order interest on the remaining debt or arrearage to stop accruing. Timely payments are those made in the month in which they are due. If, after that time, the obligor fails to make complete and timely payments of both current support and court-ordered paybacks of child support debt or arrearage, the public authority or the obligee may move the court for the reinstatement of interest as of the month in which the obligor ceased making complete and timely payments.

The court shall provide copies of all orders issued under this section to the public authority. The state court administrator shall prepare and make available to the court and the parties forms to be submitted by the parties in support of a motion under this paragraph.

(c) Notwithstanding the provisions of section 549.09, upon motion to the court, the court may order interest on a child support debt or arrearage to stop accruing where the court finds that the obligor is:

(1) unable to pay support because of a significant physical or mental disability;

(2) a recipient of Supplemental Security Income (SSI), Title II Older Americans Survivor's Disability Insurance (OASDI), other disability benefits, or public assistance based upon need; or

(3) institutionalized or incarcerated for at least 30 days for an offense other than nonsupport of the child or children involved, and is otherwise financially unable to pay support.

(d) If the conditions in paragraph (c) no longer exist, upon motion to the court, the court may order interest accrual to resume retroactively from the date of service of the motion to resume the accrual of interest."
