Subd. 6. **Manufacturer of medical cannabis.** (a) The commissioner shall contract with one manufacturer for the production of all medical cannabis products within the state by December 1, 2014, unless the commissioner obtains an adequate supply of federally sourced medical cannabis products for the clinical trials no later than August 1, 2014. The commissioner shall continue to accept applications after December 1, 2014, if no manufacturer that meets the qualifications set forth in this subdivision applies prior to December 1, 2014. If a federally approved source of medical cannabis becomes available after December 1, 2014, the commissioner may obtain the federally approved medical cannabis in addition to medical cannabis from the contracted manufacturer within the state of Minnesota.

(b) The operating documents of the manufacturer must include procedures for the oversight of the manufacturer and procedures to ensure accurate record keeping.

(c) The manufacturer shall implement appropriate security measures to deter and prevent the theft of cannabis and unauthorized entrance into areas containing cannabis.

Subd. 8. **Protections for clinical trial participation; criminal and civil.** (a) There is a presumption that a patient enrolled in a clinical trial under this section is engaged in the authorized use of medical cannabis.
(b) The presumption may be rebutted by evidence that conduct related to use of medical cannabis was not for the purpose of treating or alleviating the patient's qualifying medical condition or symptoms associated with the patient's qualifying medical condition pursuant to this section.

(c) For the purposes of this section only, the following are not violations under this chapter:

(1) use or possession of medical cannabis by a patient in the clinical trials program, or possession by the parent or guardian of a patient under age 18;

(e) A principal or clinical investigator is not subject to any civil or disciplinary penalties by the Board of Medical Practice or by any business, occupational, or professional licensing board or entity solely for the investigator's participation in a clinical trial under this section. Nothing in this section prohibits a professional licensing board for sanctioning a principal or clinical investigator for an investigator's actions outside of those actions allowed under this section.

(f) For the purposes of this section only, medical cannabis is removed from Schedule I contained in section 152.02, subdivision 2, and inserted in Schedule II contained in section 152.02, subdivision 3.

Subd. 9. Discrimination prohibited. (a) No school or landlord may refuse to enroll or lease to and may not otherwise penalize a person solely for the person's status as a patient enrolled in a clinical trial under this section, unless failing to do so would violate federal law or regulations or cause the school or landlord to lose a monetary or licensing-related benefit under federal law or regulations.

(b) For the purposes of medical care, including organ transplants, a clinical trial enrollee's use of medical cannabis under this section is considered the equivalent of the authorized use of any other medication used at the discretion of a physician and does not constitute the use of an illicit substance or otherwise disqualify a qualifying patient from needed medical care.

(c) Unless a failure to do so would violate federal law or regulations or cause an employer to lose a monetary or licensing-related benefit under federal law or regulations, an employer may not discriminate against a person in hiring, termination, or any term or condition of employment, or otherwise penalize a person, if the discrimination is based upon either of the following:

(1) the person's status as a patient enrolled in a program under this section; or

(2) a patient's positive drug test for cannabis components or metabolites, unless the patient used, possessed, or was impaired by medical cannabis on the premises of the place of employment or during the hours of employment.
(d) A person shall not be denied custody of or visitation rights or parenting time with a minor solely for the person's status as a patient enrolled in a program under this section, and there shall be no presumption of neglect or child endangerment for conduct allowed under this section, unless the person's behavior is such that it creates an unreasonable danger to the safety of the minor as established by clear and convincing evidence.

Subd. 10. Fees. The commissioner may set reasonable application fees and renewal fees to be paid to the commissioner by a patient with a qualifying medical condition that covers the fees incurred in manufacturing medical cannabis by the medical cannabis manufacturer. Fees collected must be deposited in the special revenue fund and are appropriated annually to the commissioner to reimburse costs incurred by the manufacturer of medical cannabis. The commissioner shall establish a sliding scale of patient fees based upon a qualifying patient's household income. The commissioner may accept private donations to reduce patient fees.

Subd. 11. Nursing facilities. Nursing facilities licensed under chapter 144A, or boarding care homes licensed under section 144.50, may adopt reasonable restrictions on the use of medical cannabis by persons receiving inpatient services. The restrictions may include a provision that the facility will not store or maintain the patient's supply of medical cannabis, that the facility is not responsible for providing the medical cannabis for qualifying patients, and that cannabis be consumed only in a place specified by the facility. Nothing contained in this section shall require the facilities to adopt such restrictions, and no facility shall unreasonably limit a qualifying patient's access to or use of medical cannabis.

Sec. 2. Minnesota Statutes 2012, section 256B.0625, subdivision 13d, is amended to read:

Subd. 13d. Drug formulary. (a) The commissioner shall establish a drug formulary. Its establishment and publication shall not be subject to the requirements of the Administrative Procedure Act, but the Formulary Committee shall review and comment on the formulary contents.

(6) drugs from manufacturers who have not signed a rebate agreement with the Department of Health and Human Services pursuant to section 1927 of title XIX of the Social Security Act; and

(7) medical cannabis as defined under section 152.22.

(c) If a single-source drug used by at least two percent of the fee-for-service medical assistance recipients is removed from the formulary due to the failure of the manufacturer to sign a rebate agreement with the Department of Health and Human Services, the commissioner shall notify prescribing practitioners within 30 days of receiving notification from the Centers for Medicare and Medicaid Services (CMS) that a rebate agreement was not signed.
Sec. 3. **IMPACT ASSESSMENT OF MEDICAL CANNABIS THERAPEUTIC RESEARCH.**

"Section 1. Minnesota Statutes 2013 Supplement, section 245A.1435, is amended to read:

245A.1435 REDUCTION OF RISK OF SUDDEN UNEXPECTED INFANT DEATH IN LICENSED PROGRAMS.

(a) When a license holder is placing an infant to sleep, the license holder must place the infant on the infant's back, unless the license holder has documentation from the infant's physician directing an alternative sleeping position for the infant. The physician directive must be on a form approved by the commissioner and must remain on file at the licensed location. An infant who independently rolls onto its stomach after being placed to sleep on its back may be allowed to remain sleeping on its stomach if the infant is at least six months of age or the license holder has a signed statement from the parent indicating that the infant regularly rolls over at home.

(b) The license holder must place the infant in a crib directly on a firm mattress with a fitted sheet that is appropriate to the mattress size, that fits tightly on the mattress, and overlaps the underside of the mattress so it cannot be dislodged by pulling on the corner of the sheet with reasonable effort. The license holder must not place anything in the crib with the infant except for the infant's pacifier, as defined in Code of Federal Regulations, title 16, part 1511. The requirements of this section apply to license holders serving infants younger than one year of age. Licensed child care providers must meet the crib requirements under section 245A.146. A correction order shall not be issued under this paragraph unless there is evidence that a violation occurred when an infant was present in the license holder's care.

(c) If an infant falls asleep before being placed in a crib, the license holder must move the infant to a crib as soon as practicable, and must keep the infant within sight of the license holder until the infant is placed in a crib. When an infant falls asleep while being held, the license holder must consider the supervision needs of other children in care when determining how long to hold the infant before placing the infant in a crib to sleep. The sleeping infant must not be in a position where the airway may be blocked or with anything covering the infant's face.
(d) Placing a swaddled infant down to sleep in a licensed setting is not recommended for an infant of any age and is prohibited for any infant who has begun to roll over independently. However, with the written consent of a parent or guardian according to this paragraph, a license holder may place the infant who has not yet begun to roll over on its own down to sleep in a one-piece sleeper equipped with an attached system that fastens securely only across the upper torso, with no constriction of the hips or legs, to create a swaddle. Prior to any use of swaddling for sleep by a provider licensed under this chapter, the license holder must obtain informed written consent for the use of swaddling from the parent or guardian of the infant on a form provided by the commissioner and prepared in partnership with the Minnesota Sudden Infant Death Center.

Sec. 2. [245A.1511] CONTRACTORS SERVING MULTIPLE FAMILY CHILD CARE LICENSE HOLDERS.

Contractors who serve multiple family child care holders may request that the county agency maintain a record of:

(1) the contractor's background study results as required in section 245C.04, subdivision 7, to verify that the contractor does not have a disqualification or a disqualification that has not been set aside, and is eligible to provide direct contact services in a licensed program; and

(2) the contractor's compliance with training requirements.

Sec. 3. Minnesota Statutes 2013 Supplement, section 245A.50, subdivision 5, is amended to read:

Subd. 5. Sudden unexpected infant death and abusive head trauma training. (a) License holders must document that before staff persons, caregivers, and helpers assist in the care of infants, they are instructed on the standards in section 245A.1435 and receive training on reducing the risk of sudden unexpected infant death. In addition, license holders must document that before staff persons, caregivers, and helpers assist in the care of infants and children under school age, they receive training on reducing the risk of abusive head trauma from shaking infants and young children. The training in this subdivision may be provided as initial training under subdivision 1 or ongoing annual training under subdivision 7.

(b) Sudden unexpected infant death reduction training required under this subdivision must be at least one-half hour in length and must be completed in person at least once every two years. On the years when the license holder is not receiving in-person training on sudden unexpected infant death reduction, the license holder must receive sudden unexpected child death reduction training through a video of no more than one hour in length developed or approved by the commissioner, at a minimum, the training must address the risk factors related to sudden unexpected infant death, means of reducing the risk of sudden unexpected infant death in child care, and license holder communication with parents regarding reducing the risk of sudden unexpected infant death.

(c) Abusive head trauma training required under this subdivision must be at least one-half hour in length and must be completed at least once every year, at a minimum, the training must address the risk factors related to shaking infants and young children, means of reducing the risk of abusive head trauma in child care, and license holder communication with parents regarding reducing the risk of abusive head trauma.

(d) Training for family and group family child care providers must be developed by the commissioner in conjunction with the Minnesota Sudden Infant Death Center and approved by the Minnesota Center for Professional Development. Sudden unexpected infant death reduction training and abusive head trauma training may be provided in a single course of no more than two hours in length.

(e) Sudden unexpected infant death reduction training and abusive head trauma training required under this subdivision must be completed in person or as allowed under subdivision 10, clause (1) or (2), at least once every two years. On the years when the license holder is not receiving training in person or as allowed under subdivision
10, clause (1) or (2), the license holder must receive sudden unexpected infant death reduction training and abusive head trauma training through a video of no more than one hour in length. The video must be developed or approved by the commissioner.

**EFFECTIVE DATE.** This section is effective January 1, 2015.

Sec. 4. Minnesota Statutes 2012, section 245C.04, is amended by adding a subdivision to read:

Subd. 7. **Current or prospective contractors serving multiple family child care license holders.** Current or prospective contractors who are required to have a background study under section 245C.03, subdivision 1, who provide services for multiple family child care license holders in a single county, and will have direct contact with children served in the family child care setting are required to have only one background study which is transferable to all family child care programs in that county if:

(1) the county agency maintains a record of the contractor's background study results which verify the contractor is approved to have direct contact with children receiving services;

(2) the license holder contacts the county agency and obtains notice that the current or prospective contractor is in compliance with background study requirements and approved to have direct contact; and

(3) the contractor's background study is repeated every two years."

The employment plan should be developed using the highest level of activity appropriate for the participant. Activities must be chosen from clauses (1) to (6), which are listed in order of preference. Notwithstanding this order of preference for activities, priority must be given for activities related to a family violence waiver when developing the employment plan. The employment plan must also list the specific steps the participant will take to obtain employment, including steps necessary for the participant to progress from one level of activity to another, and a timetable for completion of each step. Levels of activity include:

1. unsubsidized employment;
2. job search;
3. subsidized employment or unpaid work experience;
4. unsubsidized employment and job readiness education or job skills training;

The participant's employment plan must specify, at a minimum: (1) whether the job search is supervised or unsupervised on site or self-directed; (2) support services that will be provided; and (3) how frequently the participant must report to the job counselor. Participants who are unable to find suitable employment after six weeks three months must meet with the job counselor to determine whether other activities in paragraph (a) should be incorporated into the employment plan. Job search activities which are continued after six weeks three months must be structured and supervised.

(c) Participants who are determined to have barriers to obtaining or maintaining suitable employment that will not be overcome during six weeks three months of job search under paragraph (b) must work with the job counselor to develop an employment plan that addresses those barriers by incorporating appropriate activities from paragraph (a), clauses (1) to (6). The employment plan must include enough hours to meet the participation requirements in section 256J.55, subdivision 1, unless a compelling reason to require fewer hours is noted in the participant's file.
(d) The job counselor and the participant must sign the employment plan to indicate agreement on the contents.

(e) Except as provided under paragraph (f), failure to develop or comply with activities in the plan, or voluntarily quitting suitable employment without good cause, will result in the imposition of a sanction under section 256J.46.

(f) When a participant fails to meet the agreed-upon hours of participation in paid employment because the participant is not eligible for holiday pay and the participant's place of employment is closed for a holiday, the job counselor shall not impose a sanction or increase the hours of participation in any other activity, including paid employment, to offset the hours that were missed due to the holiday.

(g) Employment plans must be reviewed at least every three months to determine whether activities and hourly requirements should be revised. The job counselor is encouraged to allow participants who are participating in at least 20 hours of work activities to also participate in education and training activities in order to meet the federal hourly participation rates.

(b) Participants seeking approval of a postsecondary education or training plan must provide documentation work with the job counselor to document that:

1. the employment goal can only be met with the additional education or training;

2. there are suitable employment opportunities that require the specific education or training in the area in which the participant resides or is willing to reside;

3. the education or training will result in significantly higher wages for the participant than the participant could earn without the education or training;

4. the participant can meet the requirements for admission into the program; and

5. there is a reasonable expectation that the participant will complete the training program based on such factors as the participant's MFIP assessment, previous education, training, and work history; current motivation; and changes in previous circumstances.

Sec. 28. Minnesota Statutes 2012, section 256J.67, is amended to read:

256J.67 COMMUNITY WORK EXPERIENCE.

Subdivision 1. Establishing the community work experience program. To the extent of available resources, each county agency may establish and operate a community work experience component for MFIP caregivers who are participating in employment and training services. This option for county agencies supersedes the requirement in section 402(a)(1)(B)(iv) of the Social Security Act that caregivers who have received assistance for two months and who are not exempt from work requirements must participate in a work experience program. The purpose of the community work experience component is to enhance the caregiver's employability and self-sufficiency and to provide meaningful, productive work activities. The county shall use this program for an individual after exhausting all other employment opportunities. The county agency shall not require a caregiver to participate in the community work experience program unless the caregiver has been given an opportunity to participate in other work activities.

Subd. 2. Commissioner's duties. The commissioner shall assist counties in the design and implementation of these components.

Subd. 3. Employment options. (a) Work sites developed under this section are limited to projects that serve a useful public service such as: health, social service, environmental protection, education, urban and rural development and redevelopment, welfare, recreation, public facilities, public safety, community service, services to aged or disabled citizens, and child care. To the extent possible, the prior training, skills, and experience of a caregiver must be considered in making appropriate work experience assignments.

(b) Structured, supervised volunteer uncompensated work with an agency or organization, which is monitored by the county service provider, may, with the approval of the county agency, be used as a community work experience placement.

(c) As a condition of placing a caregiver in a program under this section, the county agency shall first provide the caregiver the opportunity:

(1) for placement in suitable subsidized or unsubsidized employment through participation in a job search; or

(2) for placement in suitable employment through participation in on-the-job training, if such employment is available.

Subd. 4. Employment plan. (a) The caretaker's employment plan must include the length of time needed in the community work experience program, the need to continue job-seeking activities while participating in community work experience, and the caregiver's employment goals.

(b) After each six months of a caregiver's participation in a community work experience job placement, and at the conclusion of each community work experience assignment under this section, the county agency shall reassess and revise, as appropriate, the caregiver's employment plan.

(c) A caregiver may claim good cause under section 256J.57, subdivision 1, for failure to cooperate with a community work experience job placement.

(d) The county agency shall limit the maximum number of hours any participant may work under this section to the amount of the MFIP standard of need divided by the federal or applicable state minimum wage, whichever is higher. After a participant has been assigned to a position for nine months, the participant may not continue in that assignment unless the maximum number of hours a participant works is no greater than the amount of the MFIP standard of need divided by the rate of pay for individuals employed in the same or similar occupations by the same employer at the same site. This limit does not apply if it would prevent a participant from counting toward the federal work participation rate.
Sec. 29. Minnesota Statutes 2012, section 256J.68, subdivision 1, is amended to read:

Subdivision 1. **Applicability.** (a) This section must be used to determine payment of any claims resulting from an alleged injury or death of a person participating in a county or a tribal **uncompensated** work experience program under section 256J.49, subdivision 13, paragraph (a), clause (3), that is approved by the commissioner and is operated by:

(1) the county agency;

(2) the tribe;

(3) a **department of the state agency**; or

(b) This determination method is available to the community-based organization under paragraph (a), clause (4), only for claims incurred by participants in the community work experience program or the food stamp community work experience program.

(e) (b) This determination method section applies to the community work experience program under section 256J.67, the Supplemental Nutrition Assistance Program uncompensated work experience programs authorized, and other uncompensated work programs approved by the commissioner for persons applying for or receiving cash assistance and food stamps, and to the Minnesota parent’s fair share program, in a county with an approved community investment program for obligors. Sec. 30. Minnesota Statutes 2012, section 256J.68, subdivision 2, is amended to read:

Subd. 2. **Investigation of the claim.** Claims that are subject to this section must be investigated by the county agency or the **tribal program tribe** responsible for supervising the placing a participant in an uncompensated work experience program to determine whether the claimed injury occurred, whether the claimed medical expenses are reasonable, and whether the loss is covered by the claimant’s insurance. If insurance coverage is established, the county agency or **tribal program tribe** shall submit the claim to the appropriate insurance entity for payment. The investigating county agency or **tribal program tribe** shall submit all valid remaining claims, in the amount net of any insurance payments, to the Department of Human Services.

Sec. 31. Minnesota Statutes 2012, section 256J.68, subdivision 4, is amended to read:

Subd. 4. **Claims less than $1,000.** The commissioner shall approve a claim of $1,000 or less for payment if appropriated funds are available, if the county agency or **tribal program tribe** responsible for supervising the placing a participant in an uncompensated work experience program has made the determinations required by this section, and if the work program was operated in compliance with the safety provisions of this section. The commissioner shall pay the portion of an approved claim of $1,000 or less that is not covered by the claimant’s insurance within three months of the date of submission. On or before February 1 of each year, the commissioner shall submit to the appropriate committees of the senate and the house of representatives a list of claims of $1,000 or less paid during the preceding calendar year and shall be reimbursed by legislative appropriation for any claims that exceed the original appropriation provided to the commissioner to operate **this program** the injury protection program for

Sec. 32. Minnesota Statutes 2012, section 256J.68, subdivision 7, is amended to read:

Subd. 7. **Exclusive procedure.** The procedures established by this section apply to uncompensated work experience programs under subdivision 1 and are exclusive of all other legal, equitable, and statutory remedies against the state, its political subdivisions, or employees of the state or its political subdivisions under section 13.02, subdivision 11. Sec. 33. Minnesota Statutes 2012, section 256J.68, subdivision 8, is amended to read:

Subd. 8. **Invalid claims.** A claim is not valid for purposes of this section if the county agency or tribe responsible for supervising the work placing a participant cannot verify to the commissioner:

1. that appropriate safety training and information is provided to all persons being supervised by the agency uncompensated work experience site under this section; and

2. that all programs involving work by those persons under subdivision 1 comply with federal Occupational Safety and Health Administration and state Department of Labor and Industry safety standards. A claim that is not valid because of an invalid claim due to a failure to verify safety training or compliance with safety standards will not be paid by the Department of Human Services or through the legislative claims process and must be heard, decided, and paid, if appropriate, by the local government unit county agency or tribal program tribe responsible for supervising the work of placing the claimant.

Sec. 34. Minnesota Statutes 2012, section 256J.751, subdivision 2, is amended to read:

Subd. 2. **Quarterly comparison report.** (a) The commissioner shall report quarterly to all counties on each county's performance on the following measures:

6. percent of MFIP and diversionary work program (DWP) cases off cash assistance or working 30 or more hours per week at one-year, two-year, and three-year follow-up points from a baseline quarter. This measure is called the self-support index. The commissioner shall report quarterly an expected range of performance for each county, county grouping, and tribe on the self-support index. The expected range shall be derived by a statistical methodology developed by the commissioner in consultation with the counties and tribes. The statistical methodology shall control differences across counties in economic conditions and demographics of the MFIP and DWP case load; and

When a child is in foster care for treatment under this chapter, the child's parent and the responsible social services agency may agree that the child is returned to the care of the parent on a trial home visit. The purpose of the trial home visit is to provide sufficient planning for supports and services to the child and family to meet the child’s needs following treatment so that the child can return to and remain in the parent's home. During the period of the trial home visit, the agency has placement and care responsibility for the child. The trial home visit shall not exceed six months and may be terminated by either the parent or the agency within ten days' written notice.

**EFFECTIVE DATE.** This section is effective the day following final enactment.

A screened-out report must not be used for any purpose other than making an offer of social services to the subjects of the screened-out report.
Notwithstanding paragraph (a), the commissioner of education must inform the parent, guardian, or legal custodian of the child who is the subject of a report of alleged maltreatment in a school facility within ten days of receiving the report, either orally or in writing, whether the commissioner is assessing or investigating the report of alleged maltreatment.

Regardless of whether a report is made under this subdivision, as soon as practicable after a school receives information regarding an incident that may constitute maltreatment of a child in a school facility, the school shall inform the parent, legal guardian, or custodian of the child that an incident has occurred that may constitute maltreatment of the child, when the incident occurred, and the nature of the conduct that may constitute maltreatment.

A written copy of a report maintained by personnel of agencies, other than welfare or law enforcement agencies, which are subject to chapter 13 shall be confidential. An individual subject of the report may obtain access to the original report as provided by subdivision 11.

Subd. 2. **Required notice.** A facility at which a mammography examination is performed shall, if a patient is categorized by the facility as having heterogeneously dense breasts or extremely dense breasts based on the Breast Imaging Reporting and Data System established by the American College of Radiology, include in the summary of the written report that is sent to the patient, as required by the federal Mammography Quality Standards Act, United States Code, title 42, section 263b, notice that the patient has dense breast tissue, that this may make it more difficult to detect cancer on a mammogram, and that it may increase her risk of breast cancer. The following language may be used:

"Your mammogram shows that your breast tissue is dense. Dense breast tissue is relatively common and is found in more than 40 percent of women. However, dense breast tissue may make it more difficult to identify precancerous lesions or cancer through a mammogram and may also be associated with an increased risk of breast cancer. This information about the results of your mammogram is given to you to raise your own awareness and to help inform your conversations with your treating clinician who has received a report of your mammogram results. Together you can decide which screening options are right for you based on your mammogram results, individual risk factors, or physical examination."
