Subd. 2. Distribution of funds; partnerships. (a) Beginning with fiscal year 2000, the commissioner shall
distribute all funding available for home and community-based waiver services for persons with developmental
disabilities to individual counties or to groups of counties that form partnerships to jointly plan, administer, and
authorize funding for eligible individuals. The commissioner shall encourage counties to form partnerships that
have a sufficient number of recipients and funding to adequately manage the risk and maximize use of available
resources.

(b) Counties must submit a request for funds and a plan for administering the program as required by the
commissioner. The plan must identify the number of clients to be served, their ages, and their priority listing based on:

(1) requirements in Minnesota Rules, part 9525.1880; and
(2) statewide priorities identified in section 256B.092, subdivision 12.

The plan must also identify changes made to improve services to eligible persons and to improve program
management.

(c) In allocating resources to counties, priority must be given to groups of counties that form partnerships to
jointly plan, administer, and authorize funding for eligible individuals and to counties determined by the
commissioner to have sufficient waiver capacity to maximize resource use.
(d) Within 30 days after receiving the county request for funds and plans, the commissioner shall provide a written response to the plan that includes the level of resources available to serve additional persons.

(e) Counties are eligible to receive medical assistance administrative reimbursement for administrative costs under criteria established by the commissioner.

(f) The commissioner shall manage waiver allocations in such a manner as to fully use available state and federal waiver appropriations.

**EFFECTIVE DATE.** This section is effective the day following final enactment.

Sec. 27. Minnesota Statutes 2014, section 256B.0916, subdivision 11, is amended to read:

Subd. 11. **Excess spending.** County and tribal agencies are responsible for spending in excess of the allocation made by the commissioner. In the event a county or tribal agency spends in excess of the allocation made by the commissioner for a given allocation period, they must submit a corrective action plan to the commissioner for approval. The plan must state the actions the agency will take to correct their overspending for the year two years following the period when the overspending occurred. Failure to correct overspending shall result in recoupment of spending in excess of the allocation. The commissioner shall recoup spending in excess of the allocation only in cases where statewide spending exceeds the appropriation designated for the home and community-based services waivers. Nothing in this subdivision shall be construed as reducing the county's responsibility to offer and make available feasible home and community-based options to eligible waiver recipients within the resources allocated to them for that purpose.

**EFFECTIVE DATE.** This section is effective the day following final enactment.

Sec. 28. Minnesota Statutes 2014, section 256B.0916, is amended by adding a subdivision to read:

Subd. 12. **Use of waiver allocations.** County and tribal agencies are responsible for spending the annual allocation made by the commissioner. In the event a county or tribal agency spends less than 97 percent of the allocation, while maintaining a list of persons waiting for waiver services, the county or tribal agency must submit a corrective action plan to the commissioner for approval. The commissioner may determine a plan is unnecessary given the size of the allocation and capacity for new enrollment. The plan must state the actions the agency will take to assure reasonable and timely access to home and community-based waiver services for persons waiting for services. If a county or tribe does not submit a plan when required or implement the changes required, the commissioner shall assure access to waiver services within the county's or tribe's available allocation and take other actions needed to assure that all waiver participants in that county or tribe are receiving appropriate waiver services to meet their needs.

Subd. 4a. Rate stabilization adjustment. (a) For purposes of this subdivision, “implementation period” means the period beginning January 1, 2014, and ending on the last day of the month in which the rate management system is populated with the data necessary to calculate rates for substantially all individuals receiving home and community-based waiver services under sections 256B.092 and 256B.49. “Banding period” means the time period beginning on January 1, 2014, and ending upon the expiration of the 12-month period defined in paragraph (c), clause (5).

(b) For purposes of this subdivision, the historical rate for all service recipients means the individual reimbursement rate for a recipient in effect on December 1, 2013, except that:
(1) for a day service recipient who was not authorized to receive these waiver services prior to January 1, 2014; added a new service or services on or after January 1, 2014; or changed providers on or after January 1, 2014, the historical rate must be the authorized rate for the provider in the county of service, effective December 1, 2013; or

(2) for a unit-based service with programming or a unit-based service without programming recipient who was not authorized to receive these waiver services prior to January 1, 2014; added a new service or services on or after January 1, 2014; or changed providers on or after January 1, 2014, the historical rate must be the weighted average authorized rate for each provider number in the county of service, effective December 1, 2013; or

(3) for residential service recipients who change providers on or after January 1, 2014, the historical rate must be set by each lead agency within their county aggregate budget using their respective methodology for residential services effective December 1, 2013, for determining the provider rate for a similarly situated recipient being served by that provider.

(c) The commissioner shall adjust individual reimbursement rates determined under this section so that the unit rate is no higher or lower than:

(1) 0.5 percent from the historical rate for the implementation period;

(2) 0.5 percent from the rate in effect in clause (1), for the 12-month period immediately following the time period of clause (1);

(5) 1.0 percent from the rate in effect in clause (4), for the 12-month period immediately following the time period of clause (4); and

(6) no adjustment to the rate in effect in clause (5) for the 12-month period immediately following the time period of clause (5). During this banding rate period, the commissioner shall not enforce any rate decrease or increase that would otherwise result from the end of the banding period. The commissioner shall, upon enactment, seek federal approval for the addition of this banding period.

(d) The commissioner shall review all changes to rates that were in effect on December 1, 2013, to verify that the rates in effect produce the equivalent level of spending and service unit utilization on an annual basis as those in effect on October 31, 2013.

(e) By December 31, 2014, the commissioner shall complete the review in paragraph (d), adjust rates to provide equivalent annual spending, and make appropriate adjustments.

(f) During the banding period, the Medicaid Management Information System (MMIS) service agreement rate must be adjusted to account for change in an individual’s need. The commissioner shall adjust the Medicaid Management Information System (MMIS) service agreement rate by:

(1) calculating a service rate under section 256B.4914, subdivision 6, 7, 8, or 9, for the individual with variables reflecting the level of service in effect on December 1, 2013;

(2) calculating a service rate under section 256B.4914, subdivision 6, 7, 8, or 9, for the individual with variables reflecting the updated level of service at the time of application; and
(3) adding to or subtracting from the Medicaid Management Information System (MMIS) service agreement rate, the difference between the values in clauses (1) and (2).

(g) This subdivision must not apply to rates for recipients served by providers new to a given county after January 1, 2014. Providers of personal supports services who also acted as fiscal support entities must be treated as new providers as of January 1, 2014.

Sec. 39. Minnesota Statutes 2014, section 256B.4914, subdivision 14, is amended to read:

Subd. 14. Exceptions. (a) In a format prescribed by the commissioner, lead agencies must identify individuals with exceptional needs that cannot be met under the disability waiver rate system. The commissioner shall use that information to evaluate and, if necessary, approve an alternative payment rate for those individuals. Whether granted, denied, or modified, the commissioner shall respond to all exception requests in writing. The commissioner shall include in the written response the basis for the action and provide notification of the right to appeal under paragraph (h).

(b) Lead agencies must act on an exception request within 30 days and notify the initiator of the request of their recommendation in writing. A lead agency shall submit all exception requests along with its recommendation to the state commissioner.

(c) An application for a rate exception may be submitted for the following criteria:

(1) an individual has service needs that cannot be met through additional units of service; or

(2) an individual's rate determined under subdivisions 6, 7, 8, and 9 results is so insufficient that it has resulted in an individual being discharged receiving a notice of discharge from the individual's provider; or

(3) an individual's service needs, including behavioral changes, require a level of service which necessitates a change in provider or which requires the current provider to propose service changes beyond those currently authorized.

(d) Exception requests must include the following information:

(1) the service needs required by each individual that are not accounted for in subdivisions 6, 7, 8, and 9;

(2) the service rate requested and the difference from the rate determined in subdivisions 6, 7, 8, and 9;

(3) a basis for the underlying costs used for the rate exception and any accompanying documentation; and

(4) the duration of the rate exception; and

(5) any contingencies for approval.

(e) Approved rate exceptions shall be managed within lead agency allocations under sections 256B.092 and 256B.49.
(f) Individual disability waiver recipients, an interested party, or the license holder that would receive the rate exception increase may request that a lead agency submit an exception request. A lead agency that denies such a request shall notify the individual waiver recipient, interested party, or license holder of its decision and the reasons for denying the request in writing no later than 30 days after the individual's request has been made and shall submit its denial to the commissioner in accordance with paragraph (b). The reasons for the denial must be based on the failure to meet the criteria in paragraph (c).

(g) The commissioner shall determine whether to approve or deny an exception request no more than 30 days after receiving the request. If the commissioner denies the request, the commissioner shall notify the lead agency and the individual disability waiver recipient, the interested party, and the license holder in writing of the reasons for the denial.

(h) The individual disability waiver recipient may appeal any denial of an exception request by either the lead agency or the commissioner, pursuant to sections 256.045 and 256.0451. When the denial of an exception request results in the proposed demission of a waiver recipient from a residential or day habilitation program, the commissioner shall issue a temporary stay of demission, when requested by the disability waiver recipient, consistent with the provisions of section 256.045, subdivisions 4a and 6, paragraph (c). The temporary stay shall remain in effect until the lead agency can provide an informed choice of appropriate, alternative services to the disability waiver.

(i) Providers may petition lead agencies to update values that were entered incorrectly or erroneously into the rate management system, based on past service level discussions and determination in subdivision 4, without applying for a rate exception.

(j) The starting date for the rate exception will be the later of the date of the recipient's change in support or the date of the request to the lead agency for an exception.

(k) The commissioner shall track all exception requests received and their dispositions. The commissioner shall issue quarterly public exceptions statistical reports, including the number of exception requests received and the numbers granted, denied, withdrawn, and pending. The report shall include the average amount of time required to process exceptions.

(l) No later than January 15, 2016, the commissioner shall provide research findings on the estimated fiscal impact, the primary cost drivers, and common population characteristics of recipients with needs that cannot be met by the framework rates.

(m) No later than July 1, 2016, the commissioner shall develop and implement, in consultation with stakeholders, a process to determine eligibility for rate exceptions for individuals with rates determined under the methodology in section 256B.4913, subdivision 4a. Determination of the eligibility for an exception will occur as annual service renewals are completed.

(n) Approved rate exceptions will be implemented at such time that the individual's rate is no longer banded and remain in effect in all cases until an individual's needs change as defined in paragraph (c).

(c) During the first two years of implementation under section 256B.4913, lead agencies exceeding their allocations shall be subject to the provisions under sections 256B.092 and 256B.49 shall only be held liable for spending in excess of their allocations after a reallocation of resources by the commissioner under paragraph (b). Subd. 2a.  **License required; staffing qualifications.**  A county (a) Except as provided in paragraph (b), an agency may not enter into an agreement with an establishment to provide group residential housing unless:

1. the establishment is licensed by the Department of Health as a hotel and restaurant; a board and lodging establishment; a residential care home; a boarding care home before March 1, 1985; or a supervised living facility, and the service provider for residents of the facility is licensed under chapter 245A. However, an establishment licensed by the Department of Health to provide lodging need not also be licensed to provide board if meals are being supplied to residents under a contract with a food vendor who is licensed by the Department of Health;

2. the residence is: (i) licensed by the commissioner of human services under Minnesota Rules, parts 9555.5050 to 9555.6265; (ii) certified by a county human services agency prior to July 1, 1992, using the standards under Minnesota Rules, parts 9555.5050 to 9555.6265; (iii) a residence licensed by the commissioner under Minnesota Rules, parts 2960.0010 to 2960.0120, with a variance under section 245A.04, subdivision 9; or (iv) licensed under section 245D.02, subdivision 4a, as a community residential setting by the commissioner of human services;

3. the establishment is registered under chapter 144D and provides three meals a day, or is an establishment voluntarily registered under section 144D.025 as a supportive housing establishment;

4. an establishment voluntarily registered under section 144D.025, other than a supportive housing establishment under clause (3), is not eligible to provide group residential housing.

(b) The requirements under clauses (1) to (4) paragraph (a) do not apply to establishments exempt from state licensure because they are:

1. located on Indian reservations and subject to tribal health and safety requirements;

2. a supportive housing establishment that has an approved habitability inspection and an individual lease agreement and that serves people who have experienced long-term homelessness and were referred through a coordinated assessment in section 256L.03, subdivision 15.

(c) Supportive housing establishments and emergency shelters must participate in the homeless management information system.

(d) Effective July 1, 2016, an agency shall not have an agreement with a provider of group residential housing or supplementary services unless all staff members who have direct contact with recipients:

1. have skills and knowledge acquired through one or more of the following:

(4) complete group residential housing orientation training offered by the commissioner.

Subd. 2b. **Group residential housing agreements.** (a) Agreements between county agencies and providers of group residential housing must be in writing on a form developed and approved by the commissioner and must specify the name and address under which the establishment subject to the agreement does business and under which the establishment, or service provider, if different from the group residential housing establishment, is licensed by the Department of Health or the Department of Human Services; the specific license or registration from the Department of Health or the Department of Human Services held by the provider and the number of beds subject to that license; the address of the location or locations at which group residential housing is provided under this agreement; the per diem and monthly rates that are to be paid from group residential housing funds for each eligible resident at each location; the number of beds at each location which are subject to the group residential housing agreement; whether the license holder is a not-for-profit corporation under section 501(c)(3) of the Internal Revenue Code; and a statement that the agreement is subject to the provisions of sections 256I.01 to 256I.06 and subject to any changes to those sections.

(b) Providers are required to verify the following minimum requirements in the agreement:

1. current license or registration, including authorization if managing or monitoring medications;
2. all staff who have direct contact with recipients meet the staff qualifications;
3. the provision of group residential housing;
4. the provision of supplementary services, if applicable;
5. reports of adverse events, including recipient death or serious injury; and
6. submission of residency requirements that could result in recipient eviction.

Subd. 2c. **Crisis shelters Background study requirements.** Secure crisis shelters for battered women and their children designated by the Minnesota Department of Corrections are not group residences under this chapter. 1. controlling individuals as defined in section 245A.02;
2. managerial officials as defined in section 245A.02; and
3. all employees and volunteers of the establishment who have direct contact with recipients, or who have unsupervised access to recipients, their personal property, or their private data.

(b) The provider of group residential housing or supplementary services must maintain compliance with all requirements established for entities initiating background studies under chapter 245C.

(c) Effective July 1, 2017, a provider of group residential housing or supplementary services must demonstrate that all individuals required to have a background study according to paragraph (a) have a notice stating either that:
(1) the individual is not disqualified under section 245C.14; or

(2) the individual is disqualified, but the individual has been issued a set-aside of the disqualification for that setting under section 245C.22.

Subd. 2d. **Conditions of payment; commissioner's right to suspend or terminate agreement.** (a) Group residential housing or supplementary services must be provided to the satisfaction of the commissioner, as determined at the sole discretion of the commissioner's authorized representative, and in accordance with all applicable federal, state, and local laws, ordinances, rules, and regulations, including business registration requirements of the Office of the Secretary of State. A provider shall not receive payment for services or housing found by the commissioner to be performed or provided in violation of federal, state, or local law, ordinance, rule, or regulation.

(b) The commissioner has the right to suspend or terminate the agreement immediately when the commissioner determines the health or welfare of the housing or service recipients is endangered, or when the commissioner has reasonable cause to believe that the provider has breached a material term of the agreement under subdivision 2b.

(c) Notwithstanding paragraph (b), if the commissioner learns of a curable material breach of the agreement by the provider, the commissioner shall provide the provider with a written notice of the breach and allow ten days to cure the breach. If the provider does not cure the breach within the time allowed, the provider shall be in default of the agreement and the commissioner may terminate the agreement immediately thereafter. If the provider has breached a material term of the agreement and cure is not possible, the commissioner may immediately terminate the agreement.

Subd. 2e. **Providers holding health or human services licenses.** (a) Except for facilities with only a board and lodging license, when group residential housing or supplementary service staff are also operating under a license issued by the Department of Health or the Department of Human Services, the minimum staff qualification requirements for the setting shall be the qualifications listed under the related licensing standards.

(b) A background study completed for the licensed service must also satisfy the background study requirements under this section, if the provider has established the background study contact person according to chapter 245C and as directed by the Department of Human Services.

Subd. 2f. **Required services.** In licensed and registered settings under subdivision 2a, providers shall ensure that participants have at a minimum:

(1) food preparation and service for three nutritional meals a day on site;

(2) a bed, clothing storage, linen, bedding, laundering, and laundry supplies or service;

(3) housekeeping, including cleaning and lavatory supplies or service; and

(4) maintenance and operation of the building and grounds, including heat, water, garbage removal, electricity, telephone for the site, cooling, supplies, and parts and tools to repair and maintain equipment and facilities.

Subd. 2g. **Crisis shelters.** Secure crisis shelters for battered women and their children designated by the Minnesota Department of Corrections are not group residences under this chapter.

Subd. 3. **Moratorium on development of group residential housing beds.** (a) County Agencies shall not enter into agreements for new group residential housing beds with total rates in excess of the MSA equivalent rate except:
(1) for group residential housing establishments licensed under Minnesota Rules, parts 9525.0215 to 9525.0355, provided the facility is needed to meet the census reduction targets for persons with developmental disabilities at regional treatment centers;

(2) up to 80 beds in a single, specialized facility located in Hennepin County that will provide housing for chronic inebriates who are repetitive users of detoxification centers and are refused placement in emergency shelters because of their state of intoxication, and planning for the specialized facility must have been initiated before July 1, 1991, in anticipation of receiving a grant from the Housing Finance Agency under section 462A.05, subdivision 20a, paragraph (b);

(3) notwithstanding the provisions of subdivision 2a, for up to 190 supportive housing units in Anoka, Dakota, Hennepin, or Ramsey County for homeless adults with a mental illness, a history of substance abuse, or human immunodeficiency virus or acquired immunodeficiency syndrome. For purposes of this section, "homeless adult" means a person who is living on the street or in a shelter or discharged from a regional treatment center, community hospital, or residential treatment program and has no appropriate housing available and lacks the resources and support necessary to access appropriate housing. At least 70 percent of the supportive housing units must serve homeless adults with mental illness, substance abuse problems, or human immunodeficiency virus or acquired immunodeficiency syndrome who are about to be or, within the previous six months, has been discharged from a regional treatment center, or a state-contracted psychiatric bed in a community hospital, or a residential mental health or chemical dependency treatment program. If a person meets the requirements of subdivision 1, paragraph (a), and receives a federal or state housing subsidy, the group residential housing rate for that person is limited to the supplementary rate under section 256I.05, subdivision 1a, and is determined by subtracting the amount of the person's countable income that exceeds the MSA equivalent rate from the group residential housing supplementary rate. A resident in a demonstration project site who no longer participates in the demonstration program shall retain eligibility for a group residential housing payment in an amount determined under section 256I.06, subdivision 8, using the MSA equivalent rate. Service funding under section 256I.05, subdivision 1a, will end June 30, 1997, if federal matching funds are available and the services can be provided through a managed care entity. If federal matching funds are not available, then service funding will continue under section 256I.05, subdivision 1a;

(4) for an additional two beds, resulting in a total of 32 beds, for a facility located in Hennepin County providing services for recovering and chemically dependent men that has had a group residential housing contract with the county and has been licensed as a board and lodge facility with special services since 1980;

(5) for a group residential housing provider located in the city of St. Cloud, or a county contiguous to the city of St. Cloud, that operates a 40-bed facility, that received financing through the Minnesota Housing Finance Agency Ending Long-Term Homelessness Initiative and serves chemically dependent clientele, providing 24-hour-a-day supervision;

(6) for a new 65-bed facility in Crow Wing County that will serve chemically dependent persons, operated by a group residential housing provider that currently operates a 304-bed facility in Minneapolis, and a 44-bed facility in Duluth;

(7) for a group residential housing provider that operates two ten-bed facilities, one located in Hennepin County and one located in Ramsey County, that provide community support and 24-hour-a-day supervision to serve the mental health needs of individuals who have chronically lived unsheltered; and

(8) for a group residential facility in Hennepin County with a capacity of up to 48 beds that has been licensed since 1978 as a board and lodging facility and that until August 1, 2007, operated as a licensed chemical dependency treatment program.
(b) **A county** An agency may enter into a group residential housing agreement for beds with rates in excess of the MSA equivalent rate in addition to those currently covered under a group residential housing agreement if the additional beds are only a replacement of beds with rates in excess of the MSA equivalent rate which have been made available due to closure of a setting, a change of licensure or certification which removes the beds from group residential housing payment, or as a result of the downsizing of a group residential housing setting. The transfer of available beds from one county agency to another can only occur by the agreement of both counties agencies.

Subd. 4. **Rental assistance.** For participants in the Minnesota supportive housing demonstration program under subdivision 3, paragraph (a), clause (5), notwithstanding the provisions of section 256I.06, subdivision 8, the amount of the group residential housing payment for room and board must be calculated by subtracting 30 percent of the recipient's adjusted income as defined by the United States Department of Housing and Urban Development for the Section 8 program from the fair market rent established for the recipient's living unit by the federal Department of Housing and Urban Development. This payment shall be regarded as a state housing subsidy for the purposes of subdivision 3. Notwithstanding the provisions of section 256I.06, subdivision 6, the recipient's countable income will only be adjusted when a change of greater than $100 in a month occurs or upon annual redetermination of eligibility, whichever is sooner. **The commissioner is directed to study the feasibility of developing a rental assistance program to serve persons traditionally served in group residential housing settings and report to the legislature by February 15, 1999.**

**EFFECTIVE DATE.** Subdivision 1, paragraph (b), is effective September 1, 2015.

Sec. 21. Minnesota Statutes 2014, section 256I.05, subdivision 1c, is amended to read:

Subd. 1c. **Rate increases. A county** An agency may not increase the rates negotiated for group residential housing above those in effect on June 30, 1993, except as provided in paragraphs (a) to (f).

(a) **A county** An agency may increase the rates for group residential housing settings to the MSA equivalent rate for those settings whose current rate is below the MSA equivalent rate.

(b) **A county** An agency may increase the rates for residents in adult foster care whose difficulty of care has increased. The total group residential housing rate for these residents must not exceed the maximum rate specified in subdivisions 1 and 1a. County Agencies must not include nor increase group residential housing difficulty of care rates for adults in foster care whose difficulty of care is eligible for funding by home and community-based waiver programs under title XIX of the Social Security Act.

(c) The room and board rates will be increased each year when the MSA equivalent rate is adjusted for SSI cost-of-living increases by the amount of the annual SSI increase, less the amount of the increase in the medical assistance personal needs allowance under section 256B.35.

(d) When a group residential housing rate is used to pay for an individual's room and board, or other costs necessary to provide room and board, the rate payable to the residence must continue for up to 18 calendar days per incident that the person is temporarily absent from the residence, not to exceed 60 days in a calendar year, if the absence or absences have received the prior approval of the county agency's social service staff. **Prior approval is not required for emergency absences due to crisis, illness, or injury.**

(e) For facilities meeting substantial change criteria within the prior year. **Substantial change criteria exists if the group residential housing establishment experiences a 25 percent increase or decrease in the total number of its beds, if the net cost of capital additions or improvements is in excess of 15 percent of the current market value of the residence, or if the residence physically moves, or changes its licensure, and incurs a resulting increase in operation and property costs.**
(f) Until June 30, 1994, a county agency may increase by up to five percent the total rate paid for recipients of assistance under sections 256D.01 to 256D.21 or 256D.33 to 256D.54 who reside in residences that are licensed by the commissioner of health as a boarding care home, but are not certified for the purposes of the medical assistance program. However, an increase under this clause must not exceed an amount equivalent to 65 percent of the 1991 medical assistance reimbursement rate for nursing home resident class A, in the geographic grouping in which the facility is located, as established under Minnesota Rules, parts 9549.0050 to 9549.0058.

Sec. 22. Minnesota Statutes 2014, section 256I.05, subdivision 1g, is amended to read:

Subd. 1g. Supplementary service rate for certain facilities. On or after July 1, 2005, a county agency may negotiate a supplementary service rate for recipients of assistance under section 256I.04, subdivision 1, paragraph (a) or (b), who relocate from a homeless shelter licensed and registered prior to December 31, 1996, by the Minnesota Department of Health under section 157.17, to have experienced long-term homelessness and who live in a supportive housing establishment developed and funded in whole or in part with funds provided specifically as part of the plan to end long-term homelessness required under Laws 2003, chapter 128, article 15, section 9, not to exceed $456.75 under section 256I.04, subdivision 2a, paragraph (b), clause (2).

Sec. 23. Minnesota Statutes 2014, section 256I.06, subdivision 2, is amended to read:

Subd. 2. Time of payment. A county agency may make payments to a group residence in advance for an individual whose stay in the group residence is expected to last beyond the calendar month for which the payment is made and who does not expect to receive countable earned income during the month for which the payment is made. Group residential housing payments made by a county agency on behalf of an individual who is not expected to remain in the group residence beyond the month for which payment is made must be made subsequent to the individual's departure from the group residence. Group residential housing payments made by a county agency on behalf of an individual with countable earned income must be made subsequent to receipt of a monthly household report form.

EFFECTIVE DATE. This section is effective April 1, 2016.

Sec. 24. Minnesota Statutes 2014, section 256I.06, subdivision 6, is amended to read:

Subd. 6. Reports. Recipients must report changes in circumstances that affect eligibility or group residential housing payment amounts, other than changes in earned income, within ten days of the change. Recipients with countable earned income must complete a monthly household report form at least once every six months. If the report form is not received before the end of the month in which it is due, the county agency must terminate eligibility for group residential housing payments. The termination shall be effective on the first day of the month following the month in which the report was due. If a complete report is received within the month eligibility was terminated, the individual is considered to have continued an application for group residential housing payment effective the first day of the month the eligibility was terminated.

EFFECTIVE DATE. This section is effective April 1, 2016.

Sec. 25. Minnesota Statutes 2014, section 256I.06, subdivision 7, is amended to read:

Subd. 7. Determination of rates. The agency in the county in which a group residence is located will determine the amount of group residential housing rate to be paid on behalf of an individual in the group residence regardless of the individual's county agency of financial responsibility.
Sec. 26. Minnesota Statutes 2014, section 256I.06, subdivision 8, is amended to read:

Subd. 8. Amount of group residential housing payment. (a) The amount of a group residential housing payment to be made on behalf of an eligible individual is determined by subtracting the individual’s countable income under section 256I.04, subdivision 1, for a whole calendar month from the group residential housing charge for that same month. The group residential housing charge is determined by multiplying the group residential housing rate times the period of time the individual was a resident or temporarily absent under section 256I.05, subdivision 1c, paragraph (d).

(b) For an individual with earned income under paragraph (a), prospective budgeting must be used to determine the amount of the individual's payment for the following six-month period. An increase in income shall not affect an individual's eligibility or payment amount until the month following the reporting month. A decrease in income shall be effective the first day of the month after the month in which the decrease is reported.

EFFECTIVE DATE. Paragraph (b) is effective April 1, 2016.”

"Sec. 28. [256M.41] CHILD PROTECTION GRANT ALLOCATION.

Subdivision 1. Formula for county staffing funds. The commissioner shall allocate state funds appropriated under this section to each county board on a calendar year basis in an amount determined according to the following formula:

(1) 25 percent must be distributed on the basis of the number of screened-out reports of child maltreatment under sections 626.556 and 626.5561, and in the county as determined by the most recent data of the commissioner;

(2) 25 percent must be distributed on the basis of the number of screened-in reports of child maltreatment under sections 626.556 and 626.5561, and in the county as determined by the most recent data of the commissioner; and

(3) 50 percent must be distributed on the basis of the number of open child protection case management cases in the county as determined by the most recent data of the commissioner.

Subd. 2. Prohibition on supplanting existing funds. Funds received under this section must be used to address staffing for child protection or expand child protection services. Funds must not be used to supplant current county expenditures for these purposes.

Subd. 3. Payments based on performance. (a) The commissioner shall make payments under this section to each county board on a calendar year basis in an amount determined under paragraph (b).

(b) Calendar year allocations under subdivision 1 shall be paid to counties in the following manner:

(1) 80 percent of the allocation as determined in subdivision 1 must be paid to counties on or before July 10 of each year;

(2) ten percent of the allocation shall be withheld until the commissioner determines if the county has met the performance outcome threshold of 90 percent based on face-to-face contact with alleged child victims. In order to receive the performance allocation, the county child protection workers must have a timely face-to-face contact with at least 90 percent of all alleged child victims of screened-in maltreatment reports. The standard requires that each initial face-to-face contact occur consistent with timelines defined in section 626.556, subdivision 10, paragraph (i). The commissioner shall make threshold determinations in January of each year and payments to counties meeting the performance outcome threshold shall occur in February of each year. Any withheld funds from this appropriation for counties that do not meet this requirement shall be reallocated by the commissioner to those counties meeting the requirement; and
(3) ten percent of the allocation shall be withheld until the commissioner determines that the county has met the performance outcome threshold of 90 percent based on face-to-face visits by the case manager. In order to receive the performance allocation, the total number of visits made by caseworkers on a monthly basis to children in foster care and children receiving child protection services while residing in their home must be at least 90 percent of the total number of such visits that would occur if every child were visited once per month. The commissioner shall make such determinations in January of each year and payments to counties meeting the performance outcome threshold shall occur in February of each year. Any withheld funds from this appropriation for counties that do not meet this requirement shall be reallocated by the commissioner to those counties meeting the requirement.

(c) The commissioner shall work with stakeholders and the Human Services Performance Council under section 402A.16 to develop recommendations for specific outcome measures that counties should meet in order to receive funds withheld under paragraph (b), and include in those recommendations a determination as to whether the performance measures under paragraph (b) should be modified or phased out. The commissioner shall report the recommendations to the legislative committees having jurisdiction over child protection issues by January 1, 2018.

"Sec. 34. Minnesota Statutes 2014, section 257.75, subdivision 3, is amended to read:

Subd. 3. Effect of recognition. (a) Subject to subdivision 2 and section 257.55, subdivision 1, paragraph (g) or (h), the recognition has the force and effect of a judgment or order determining the existence of the parent and child relationship under section 257.66. If the conditions in section 257.55, subdivision 1, paragraph (g) or (h), exist, the recognition creates only a presumption of paternity for purposes of sections 257.51 to 257.74. Once a recognition has been properly executed and filed with the state registrar of vital statistics, if there are no competing presumptions of paternity, a judicial or administrative court may not allow further action to determine parentage regarding the signator of the recognition. An action to determine custody and parenting time may be commenced pursuant to chapter 518 without an adjudication of parentage. Until an a temporary or permanent order is entered granting custody to another, the mother has sole custody.

(b) Following commencement of an action to determine custody or parenting time under chapter 518, the court may, pursuant to section 518.131, grant temporary parenting time rights and temporary custody to either parent.

(c) The recognition is:

(1) a basis for bringing an action for the following:

(i) to award temporary custody or parenting time pursuant to section 518.131;

(ii) to award permanent custody or parenting time to either parent;

(iii) establishing a child support obligation which may include up to the two years immediately preceding the commencement of the action;

(iv) ordering a contribution by a parent under section 256.87, subdivision 3;

(v) ordering a contribution to the reasonable expenses of the mother’s pregnancy and confinement, as provided under section 257.66, subdivision 3, or

(vi) ordering reimbursement for the costs of blood or genetic testing, as provided under section 257.69, subdivision 2;
(2) determinative for all other purposes related to the existence of the parent and child relationship; and

(3) entitled to full faith and credit in other jurisdictions.

Sec. 35. Minnesota Statutes 2014, section 257.75, subdivision 5, is amended to read:

Subd. 5. Recognition form. (a) The commissioner of human services shall prepare a form for the recognition of parentage under this section. In preparing the form, the commissioner shall consult with the individuals specified in subdivision 6. The recognition form must be drafted so that the force and effect of the recognition, the alternatives to executing a recognition, and the benefits and responsibilities of establishing paternity, and the limitations of the recognition of parentage for purposes of exercising and enforcing custody or parenting time are clear and understandable. The form must include a notice regarding the finality of a recognition and the revocation procedure under subdivision 2. The form must include a provision for each parent to verify that the parent has read or viewed the educational materials prepared by the commissioner of human services describing the recognition of paternity. The individual providing the form to the parents for execution shall provide oral notice of the rights, responsibilities, and alternatives to executing the recognition. Notice may be provided by audiotape, videotape, or similar means. Each parent must receive a copy of the recognition.

(b) The form must include the following:

(1) a notice regarding the finality of a recognition and the revocation procedure under subdivision 2;

(2) a notice, in large print, that the recognition does not establish an enforceable right to legal custody, physical custody, or parenting time until such rights are awarded pursuant to a court action to establish custody and parenting time;

(3) a notice stating that when a court awards custody and parenting time under chapter 518, there is no presumption for or against joint physical custody, except when domestic abuse, as defined in section 518B.01, subdivision 2, paragraph (a), has occurred between the parties;

(4) a notice that the recognition of parentage is a basis for:

(i) bringing a court action to award temporary or permanent custody or parenting time;

(ii) establishing a child support obligation that may include the two years immediately preceding the commencement of the action;

(iii) ordering a contribution by a parent under section 256.87;

(iv) ordering a contribution to the reasonable expenses of the mother's pregnancy and confinement, as provided under section 257.66, subdivision 3; and

(v) ordering reimbursement for the costs of blood or genetic testing, as provided under section 257.69, subdivision 2; and

(5) a provision for each parent to verify that the parent has read or viewed the educational materials prepared by the commissioner of human services describing the recognition of paternity.

(c) The individual providing the form to the parents for execution shall provide oral notice of the rights, responsibilities, and alternatives to executing the recognition. Notice may be provided in audio or video format, or by other similar means. Each parent must receive a copy of the recognition."
"Sec. 50. Minnesota Statutes 2014, section 518A.26, subdivision 14, is amended to read:

Subd. 14. **Obligor.** "Obligor" means a person obligated to pay maintenance or support. A person who has primary physical custody of a child is presumed not to be an obligor for purposes of a child support order under section 518A.34, unless section 518A.36, subdivision 3, applies or the court makes specific written findings to overcome this presumption. For purposes of ordering medical support under section 518A.41, a parent who has primary physical custody of a child may be an obligor subject to a payment agreement under section 518A.69."

"Sec. 59. Minnesota Statutes 2014, section 518A.43, is amended by adding a subdivision to read:

Subd. 1a. **Income disparity between parties.** The court may deviate from the presumptive child support obligation under section 518A.34 and elect not to order a party who has between ten and 45 percent parenting time to pay basic support where such a significant disparity of income exists between the parties that an order directing payment of basic support would be detrimental to the parties' joint child."

"Sec. 63. [518A.685] CONSUMER REPORTING AGENCY; REPORTING ARREARS.

(a) If a public authority determines that an obligor has not paid the current monthly support obligation plus any required arrearage payment for three months, the public authority must report this information to a consumer reporting agency.

(b) Before reporting that an obligor is in arrears for court-ordered child support, the public authority must:

(1) provide written notice to the obligor that the public authority intends to report the arrears to a consumer reporting agency; and

(2) mail the written notice to the obligor's last known mailing address at least 30 days before the public authority reports the arrears to a consumer reporting agency.

(c) The obligor may, within 21 days of receipt of the notice, do the following to prevent the public authority from reporting the arrears to a consumer reporting agency:

(1) pay the arrears in full; or

(2) request an administrative review. An administrative review is limited to issues of mistaken identity, a pending legal action involving the arrears, or an incorrect arrears balance.

(d) If the public authority has reported that an obligor is in arrears for court-ordered child support and subsequently determines that the obligor has paid the court-ordered child support arrears in full, or is paying the current monthly support obligation plus any required arrearage payment, the public authority must report to the consumer reporting agency that the obligor is currently paying child support as ordered by the court.

(e) A public authority that reports arrearage information under this section must make monthly reports to a consumer reporting agency. The monthly report must be consistent with credit reporting industry standards for child support.
(f) For purposes of this section, "consumer reporting agency" has the meaning given in section 13C.001, subdivision 4, and United States Code, title 15, section 1681a (f)."

"Sec. 94. INSTRUCTIONS TO THE COMMISSIONER; CHILD MALTREATMENT SCREENING GUIDELINES.

(a) No later than August 1, 2015, the commissioner of human services shall update the child maltreatment screening guidelines to require agencies to consider prior reports that were not screened in when determining whether a new report will or will not be screened in. The updated guidelines must emphasize that intervention and prevention efforts are to focus on child safety and the ongoing risk of child abuse or neglect, and that the health and safety of children are of paramount concern. (e) "Chemical of high concern" means a chemical identified on the basis of credible scientific evidence by a state, federal, or international agency as being known or suspected with a high degree of probability to:

1. harm the normal development of a fetus or child or cause other developmental toxicity;
2. cause cancer, genetic damage, or reproductive harm;
3. disrupt the endocrine or hormone system;
4. damage the nervous system, immune system, or organs, or cause other systemic toxicity;

(p) "Practical quantification limit" means the lowest concentration of a chemical that can be reliably measured within specified limits of precision, accuracy, representativeness, completeness, and comparability under routine laboratory operating conditions and the value of which:

(1) is based on scientifically defensible, standard analytical methods;

(2) may vary depending on the matrix and analytical method used; and

(3) will be determined by the commissioner, taking into consideration practical quantification limits established by federal or state agencies.

(q) (m) "Priority chemical" means a chemical identified by the Department of Health as a chemical of high concern that meets the criteria in section 116.9403.

**116.9406 DONATIONS TO THE STATE.**

The commissioner may accept donations, grants, and other funds to carry out the purposes of sections 116.9401 to 116.9407. All donations, grants, and other funds must be accepted without preconditions regarding the outcomes of the regulatory oversight processes set forth in sections 116.9401 to 116.9425.

Sec. 117. [116.9408] CHILDREN'S PRODUCTS; INITIAL NOTIFICATION ON PRIORITY CHEMICALS.

(a) A manufacturer or distributor of a children's product offered for sale in this state that contains a priority chemical must, unless the children's product is not subject to regulation under section 116.9405, provide the information required under this section to the agency:

(1) within one year of the effective date of this act, if both the designation of the priority chemical under section 116.9403 and the offering for sale in this state of the children's product containing the priority chemical occurred prior to the effective date of this act;

(2) within one year of the priority chemical being designated under section 116.9403, if the children's product is initially offered for sale in this state before the designation and the designation is made after the effective date of this act; or

(3) within one year of the initial offering of the children's product for sale in this state, if the initial offering occurs after the priority chemical is designated under section 116.9403 and the designation is made after the effective date of this act.

(b) An initial notification is required for each children's product that is known or believed likely to include a priority chemical in any amount and must include the following information submitted to the agency on a form developed by the commissioner:

(1) the name of the priority chemical and its Chemical Abstracts Service Registry number;

(2) in which of the following tiers the children's product containing a priority chemical belongs:

   (i) Tier 1: a mouthable children's product intended to be used by children three years of age or younger or a children's product intended to be placed in a child's mouth or directly applied to a child's skin;

   (ii) Tier 2: a children's product intended to be in direct contact with a child's skin for one hour or longer, including but not limited to clothing, jewelry, bedding, or a car seat;

   (iii) Tier 3: a children's product intended to be in direct contact with a child's skin for less than one hour; or

   (iv) Tier 4: a children's product in which a priority chemical is contained only in an internal component that, under normal use, is unlikely to come into direct contact with a child's skin or mouth;

(3) a description of the product component in which the priority chemical is present; and

(4) the name and address of the reporting manufacturer or distributor and the name, address, and telephone number of the contact person for the reporting manufacturer or distributor.
Sec. 118. [116.9409] CHILDREN'S PRODUCTS; FULL PRODUCT REPORTING INFORMATION ON PRIORITY CHEMICALS; TIMING.

A manufacturer or distributor of a children's product offered for sale in this state that contains a priority chemical must, unless the children's product is not subject to regulation under section 116.9405, provide the full product information required under section 116.9410 to the agency. The maximum length of time between the filing of the information required under section 116.9408, paragraph (a), and the filing of full product information required under section 116.9410 varies according to the manufacturer's or distributor's annual aggregate gross sales, both within and outside the state, as reported in the manufacture's or distributor's most recently filed federal tax return, as follows:

(1) for a manufacturer or distributor with gross sales exceeding $1,000,000,000, one year or, for a priority chemical designated under section 116.9403 before January 1, 2015, by two years after the effective date of this section;

(2) for a manufacturer or distributor with gross sales exceeding $250,000,000 but less than or equal to $1,000,000,000, 1-1/2 years or, for a priority chemical designated under section 116.9403 before January 1, 2015, by 2-1/2 years after the effective date of this section;

(3) for a manufacturer or distributor with gross sales exceeding $100,000,000 but less than or equal to $250,000,000, two years or, for a priority chemical designated under section 116.9403 before January 1, 2015, by three years after the effective date of this section;

(4) for a manufacturer or distributor with gross sales exceeding $5,000,000 but less than or equal to $100,000,000, three years or, for a priority chemical designated under section 116.9403 before January 1, 2015, by four years after the effective date of this section;

(5) for a manufacturer or distributor with gross sales exceeding $100,000 but less than or equal to $5,000,000, four years or, for a priority chemical designated under section 116.9403 before January 1, 2015, by five years after the effective date of this section; and

(6) for a manufacturer or distributor with gross sales less than or equal to $100,000, five years or, for a priority chemical designated under section 116.9403 before January 1, 2015, by six years after the effective date of this section.

Sec. 119. [116.9410] CHILDREN'S PRODUCTS; FULL PRODUCT REPORTING INFORMATION ON PRIORITY CHEMICALS.

(a) A manufacturer or distributor of a children's product offered for sale in the state that contains one or more priority chemicals must, except as provided in paragraph (e) or if the children's product is not subject to regulation under section 116.9405, provide the following full product information to the agency on a form developed by the commissioner:

(1) the name of each priority chemical and its Chemical Abstracts Service Registry number;

(2) in which of the following tiers the children's product containing a priority chemical belongs:

(i) Tier 1: a mouthable children's product intended to be used by children three years of age or younger or a children's product intended to be placed in a child's mouth or directly applied to a child's skin;

(ii) Tier 2: a children's product intended to be in direct contact with a child's skin for one hour or longer, including but not limited to clothing, jewelry, bedding, or a car seat;
(iii) Tier 3: a children's product intended to be in direct contact with a child's skin for less than one hour; or

(iv) Tier 4: a children's product in which a priority chemical is contained only in an internal component that, under normal use, is unlikely to come into direct contact with a child's skin or mouth;

(3) the product components, materials, or coatings that contain one or more priority chemicals;

(4) the concentration and total amount of each priority chemical contained in a children's product, a description of how the concentration was determined, and an evaluation of the accuracy of the determination. Concentrations at or above the practical quantification limit must be reported, but may be reported in the following ranges:

(i) greater than or equal to the practical quantification limit but less than 100 ppm;

(ii) greater than or equal to 100 ppm but less than 500 ppm;

(iii) greater than or equal to 500 ppm but less than 1,000 ppm;

(iv) greater than or equal to 1,000 ppm but less than 5,000 ppm;

(v) greater than or equal to 5,000 ppm but less than 10,000 ppm; and

(vi) greater than or equal to 10,000 ppm.

For the purposes of this section, "ppm" means parts per million;

(5) the product category or categories for the children's product;

(6) a description of the function of the priority chemical in the product, including whether it is present as a contaminant;

(7) the name and address of the manufacturer, distributor, or trade association filing the report and the name, address, and telephone number of the contact person for the reporting manufacturer, distributor, or trade association;

(8) evidence describing the extent to which a child is likely to be exposed to the priority chemical through normal use of the children's product;

(9) the number of units of the children's product sold or distributed in Minnesota or nationally;

(10) any other information the manufacturer or distributor deems relevant; and

(11) any other information requested by the commissioner.

(b) Reporting shall include all intentionally added chemicals at or above the applicable practical quantification limit, and contaminants present in a product component at a concentration above 100 ppm.

(c) Reporting parties are not required to include any specific formula information or the specific name and address of the facility that is responsible for introduction of a priority chemical into a children's product or product component.

(d) If the information required in paragraph (a) is not submitted in a timely fashion or is incomplete or otherwise unacceptable as determined by the agency, the agency may contract with an independent third party of the agency’s choice to provide the information and may assess a fee on the manufacturer or distributor to pay the costs as specified under section 116.9419.
(e) The agency shall determine on a case-by-case basis if reporting the information in paragraph (a), clauses (3) to (9), is required by a manufacturer or distributor whose children's product belongs in Tier 4 under paragraph (a), clause (2).

(f) A trade association may file the information required under this section on behalf of a manufacturer or distributor, provided that the trade association includes in the filing a list of the manufacturers or distributors on whose behalf the trade association is reporting and all the information otherwise required of an individual manufacturer or distributor.

Sec. 120. [116.9411] CHILDREN'S PRODUCTS; FULL PRODUCT REPORTING INFORMATION ON PRIORITY CHEMICALS; SECOND AND SUBSEQUENT REPORTS.

(a) Following the initial submission of the information required under section 116.9410, a manufacturer or distributor of a children's product offered for sale in the state that continues to contain a priority chemical must submit the information required under section 116.9410 to the agency every two years.

(b) If a reporting party determines that there has been no change in the information required to be filed under section 116.9410 since the most recent filing, the reporting party may submit a written statement indicating that the previously filed data is still valid, in lieu of a new duplicate complete report, and must submit the required fees.

(c) If a manufacturer or distributor is required to file more than one report under section 116.9410 on the same priority chemical in the same children's product code, each subsequent report must include the following information in addition to the information required under section 116.9410:

(1) the product code of the children's product; and

(2) a description of the manufacturer's attempts to remove the priority chemical from the children's product and any evaluation made of the use of safer alternatives to substitute for the priority chemical contained in the children's product, including the Chemical Abstracts Service Registry numbers of safer alternatives considered.

Sec. 121. [116.9412] CHILDREN'S PRODUCTS; REMOVING A PRIORITY CHEMICAL; REPORTING REQUIREMENT.

A manufacturer or distributor who removes a priority chemical from a children's product for which an initial notification has been filed under section 116.9408 or for which full product information has been filed under section 116.9410 must notify the agency of the removal at the earliest date possible. If the priority chemical removed is replaced by a safer alternative, the manufacturer or distributor must provide, on a form developed by the commissioner, the information in section 116.9410, paragraph (a), clauses (1) to (7), and the name of the safer alternative and its Chemical Abstracts Service Registry number, or, if not replaced by a chemical alternative, a description of the techniques or design changes implemented. The safer alternative or nonchemical techniques or design changes are trade secrets.

Sec. 122. [116.9419] FEES.

(a) The agency shall, if applicable, assess and collect the following fees from manufacturers and distributors of children's products offered for sale in this state:

(1) a fee of $1,000 for each full product report required under section 116.9410. If a children's product contains more than one priority chemical, each priority chemical is subject to this fee;
(2) a fee equal to the costs billed by the independent contractor plus the agency's actual incurred costs to bid and
administer the contract for each contract issued under section 116.9410, paragraph (d); and

(3) a fee equal to twice the fee in clause (1) for the second full product report required under section 116.9410 on
the same priority chemical in the same children's product. The fee for each subsequent full product report required
under that section is correspondingly increased by an amount equal to the fee in clause (1).

(b) No fee is required for filing an initial notification under section 116.9408.

(c) The commissioner shall deposit all fees collected under this section in the environmental fund. All fees
collected under this section are exempt from section 16A.1285.

Sec. 123. [116.9420] STATE AGENCY DUTIES.

(a) The agency shall publish all data that is required to be filed under sections 116.9410 and 116.9411 and that is
public and not trade secret data on the agency's Web site and through other means determined by the commissioner.

(b) If a priority chemical continues to be used in a specific children's product after its manufacturer files a report
required under section 116.9411, the commissioner may recommend options to further reduce or eliminate the use of
the priority chemical in the report required under section 116.9425.

(c) The commissioner, in consultation with the commissioners of commerce and health, may use fee revenue in
excess of program implementation costs to offer grants awarded competitively to manufacturers or other researchers
to develop safer alternatives to priority chemicals in children's products, to establish alternatives as safer
alternatives, or to accelerate the commercialization of safer alternatives.

(d) The commissioners of health and commerce shall develop and implement an education effort regarding
priority chemicals in children's products. Education and outreach activities include, but are not limited to, consumer
product safety advice; notification of recalls; identification of target audiences for product alerts and methods of
notification; outreach and feedback at county and state fairs; publicity of reporting requirements of priority
chemicals in children's products; and education of retailers about reporting requirements.

Sec. 124. [116.9423] ENFORCEMENT.

The agency shall enforce sections 116.9401 to 116.9424 in the manner provided by section 115.071,
subdivisions 1, 3, 4, 5, and 6. Section 115.071, subdivision 2, does not apply to violations of sections 116.9401 to
116.9424.

Sec. 125. [116.9425] REPORT.

By November 15, 2016, and every three years thereafter, the commissioners of the Pollution Control Agency,
health, and commerce shall report to the legislative committees with jurisdiction over environment and natural
resources, commerce, and public health on the implementation of sections 116.9401 to 116.9424.

All members answered to the call and it was so ordered.

The Speaker called Davids to the Chair.
Schultz moved to amend S. F. No. 888, the unofficial engrossment, as amended, as follows:

Page 22, delete section 1 and insert:

"Section 1. Minnesota Statutes 2014, section 2.021, is amended to read:

2.021 NUMBER OF MEMBERS.

Subdivision 1. Number of districts. For each legislature, until a new apportionment shall have been made, the senate is composed of 67 members and the house of representatives is composed of 134 members. The membership is apportioned throughout the state in 67 senate districts and 134 house districts. Each senate district is entitled to elect one senator and each house district is entitled to elect one representative.

(b) A plan for congressional districts must have the number of districts apportioned to this state by the United States, each entitled to elect a single member.

Subd. 2. Nesting. A representative district may not be divided in the formation of a senate district.

Subd. 3. Equal population. (a) Legislative districts must be substantially equal in population. The population of a legislative district must not deviate from the ideal by more than two percent, plus or minus.

(b) Congressional districts must be as nearly equal in population as practicable.

Subd. 4. Contiguity; compactness. The districts must be composed of convenient contiguous territory structured into compact units. Contiguity by water is sufficient. Territory that touches only at a point is not contiguous, unless the territory is within the same city or town.

Subd. 5. Numbering. (a) The legislative districts must be numbered in a regular series, beginning with house district 1A in the northwest corner of the state and proceeding across the state from west to east, north to south, but bypassing the seven-county metropolitan area until the southeast corner has been reached; then to the seven-county metropolitan area outside the counties of Hennepin and Ramsey; then in Hennepin and finally in Ramsey.

(b) The congressional district numbers must begin with district one in the southeast corner of the state and end with the district with the highest number in the northeast corner of the state.

Subd. 6. Minority representation. The districts must not dilute the voting strength of racial or language minority populations. Where a concentration of a racial or language minority makes it possible and it can be done in compliance with the other principles in this section, the districts must increase the probability that members of the minority will be elected.

Subd. 7. Preserving political subdivisions. A county, city, or town must not be divided into more than one district except as necessary to meet equal population requirements or to form districts that are composed of convenient, contiguous, and compact territory. When a county, city, or town must be divided into more than one district, it should be divided into as few districts as possible.

Subd. 8. Communities of interest. The districts should attempt to preserve communities of interest where that can be done in compliance with the preceding principles. For purposes of this principle, "communities of interest" include, but are not limited to, geographic areas where there are clearly recognizable similarities of social, political, cultural, ethnic, or economic interests, or that are linked by common transportation or communication.
Subd. 9. **Political competitiveness.** The districts must be created to encourage political competitiveness, as defined by the commission established under section 2.025.

Subd. 10. **Incumbents.** The districts must not be drawn for the purpose of protecting or defeating an incumbent.

Subd. 11. **Priority.** Where it is not possible to fully comply with the principles provided in subdivisions 1 to 10, a redistricting plan must give priority to those principles in the order in which the subdivisions are listed in this section, except to the extent that doing so would violate federal or state law.

Sec. 2. *[2.025] REDISTRICTING COMMISSION.*

Subdivision 1. **Appointment.** By March 1 of each year ending in one, the leaders of the legislature shall appoint a redistricting commission as provided in this subdivision to draw the boundaries of legislative and congressional districts in accordance with the principles established in section 2.021. The commission consists of five retired judges of the appellate or district courts of this state who have not served in a party designated or party endorsed position, such as legislator. The majority leader of the senate, the minority leader of the senate, the speaker of the house, and the minority leader of the house of representatives shall each appoint one judge, after consulting with each other in an effort to attain geographic balance in their appointments. If an appointing authority fails to make an appointment by the deadline, the vacancy must be filled by appointment by the chief justice of the Supreme Court no later than March 8 of that year. The director of the Legislative Coordinating Commission shall convene a meeting of the four judges no later than March 15 of that year, at which meeting the four judges thus appointed shall, by a vote of at least three judges, choose the fifth judge. The five judges shall select one of their number to serve as chair of the commission.

Subd. 2. **Code of conduct.** In performing their duties, the members of the commission shall abide by the Code of Judicial Conduct and are considered judicial officers within the meaning of section 609.415.

Subd. 3. **Compensation and expenses.** Members of the commission must be compensated for their commission activity as provided in section 15.0575, subdivision 3.

Subd. 4. **Administrative support.** The Legislative Coordinating Commission shall provide administrative support to the commission.

Subd. 5. **Plans submitted to commission.** The commission shall adopt a schedule for interested persons to submit proposed plans to the commission and to respond to plans proposed by others. The commission shall adopt standards to govern the format of plans submitted to it.

Subd. 6. **Public hearings.** The commission shall hold at least three public hearings in different geographical regions of the state before adopting the first redistricting plans.

Subd. 7. **Deadlines.** (a) The commission shall submit to the legislature by April 30 of the year ending in one, redistricting plans for legislative and congressional seats. Either of these plans may be enacted or rejected by the legislature, but not modified.

(b) If a first plan submitted by the commission is rejected by the legislature, the commission shall submit a second plan within two weeks after the rejection, unless by then the legislature has rejected the first plan and adjourned the regular session in the year ending in one, in which case the second plan must be submitted to the legislature at the opening of its regular session in the year ending in two. A second plan may be enacted or rejected by the legislature, but not modified.
(c) If the commission fails to submit a plan by either of these two deadlines, the legislature may proceed to enact a plan in place of the missing plan without waiting for the commission to submit a plan.

(d) If a second plan is rejected by the legislature, the commission shall submit a third plan within two weeks after the rejection, unless the second plan was rejected by the legislature at its regular session in the year ending in one and the legislature adjourned the regular session in the year ending in one less than two weeks after it rejected the second plan, in which case the third plan must be submitted to the legislature at the opening of its regular session in the year ending in two. The third plan may be enacted as submitted, rejected, or enacted as modified by the legislature.

Subd. 8. Expiration. The commission expires when both legislative and congressional redistricting plans have been enacted into law or adopted by court order, or upon adjournment sine die of the legislature at its first regular session after each federal decennial census, whichever occurs first.”
