(i) the date, time and legal basis for any release from custody or incarceration;
(j) the name, age, sex and last known address of an adult person or the age and sex of any juvenile person cited, arrested, incarcerated or otherwise substantially deprived of liberty;
(k) whether the agency employed an automated license plate reader, wiretaps or other eavesdropping techniques, unless the release of this specific data would jeopardize an ongoing investigation;
(l) the manner in which the agencies received the information that led to the arrest and the names of individuals who supplied the information unless the identities of those individuals qualify for protection under subdivision 17; and
(m) response or incident report number.

Sec. 2. Minnesota Statutes 2014, section 13.82, is amended by adding a subdivision to read:

Subd. 31. Use of surveillance technology. Notwithstanding subdivision 25, and section 13.37, subdivision 2, the existence of all technology maintained by a law enforcement agency that may be used to electronically capture an audio, video, photographic, or other record of the activities of the general public, or of an individual or group of individuals, for purposes of conducting an investigation, responding to an incident or request for service, monitoring or maintaining public order and safety, or engaging in any other law enforcement function authorized by law is public data.

Sec. 3. [13.824] AUTOMATED LICENSE PLATE READERS.

Subdivision 1. Definition. As used in this section, "automated license plate reader" means government data derived from an automated reader that captures motor vehicle license plate numbers. Automated license plate reader includes a device that is owned or operated by a person who is not a government entity to the extent that data collected by the reader are shared with a law enforcement agency.

Subd. 2. Data collection; classification; use restrictions. (a) Data collected by an automated license plate reader must be limited to the following:

(1) license plate numbers;
(2) date, time, and location data on vehicles; and
(3) pictures of license plates, vehicles, and areas surrounding the vehicles.

Collection of any data not authorized by this paragraph is prohibited.

(b) All data collected by an automated license plate reader are private data on individuals or nonpublic data unless the data are public under section 13.82, subdivision 2, 3, or 6, or are active criminal investigative data under section 13.82, subdivision 7.

(c) Data collected from an automated license plate reader may only be matched with data in the Minnesota license plate data file, provided that a law enforcement agency may use additional sources of data for matching if the additional data relate to an active criminal investigation. A central state repository of automated license plate reader data is prohibited unless explicitly authorized by law.

(d) An automated license plate reader may not be used to target and track a person subject to an active criminal investigation unless authorized by a warrant, issued upon probable cause.

Subd. 3. **Destruction of data required.** (a) Notwithstanding section 138.17, and except as otherwise provided in this subdivision, data collected by an automated license plate reader that are not related to an active criminal investigation must be destroyed no later than 30 days from the date of collection.

(b) Upon written request from an individual who is the subject of a pending criminal charge or complaint, along with the case or complaint number and a statement that the data may be used as exculpatory evidence, data otherwise subject to destruction under paragraph (a) must be preserved by the law enforcement agency until the criminal charge or complaint is resolved or dismissed.

(c) Upon written request from a program participant under chapter 5B, automated license plate reader data related to the program participant must be destroyed at the time of collection or upon receipt of the request, whichever occurs later, unless the data are active criminal investigative data. The existence of a request submitted under this paragraph is private data on individuals.

(d) Data that are inactive criminal investigative data are subject to destruction according to the retention schedule for the data established under section 138.17.

Subd. 4. **Sharing among law enforcement agencies.** (a) Automated license plate reader data that are not related to an active criminal investigation may only be shared with, or disseminated to, another law enforcement agency upon meeting the standards for requesting access to data as provided in subdivision 7.

(b) If data collected by an automated license plate reader are shared with another law enforcement agency under this subdivision, the agency that receives the data must comply with all data classification, destruction, and security requirements of this section.

(c) Automated license plate reader data that are not related to an active criminal investigation may not be shared with, disseminated to, sold to, or traded with any other individual or entity unless explicitly authorized by this subdivision or other law.

Subd. 5. **Log of use required.** (a) A law enforcement agency that installs or uses an automated license plate reader must maintain a public log of its use, including but not limited to:

(1) specific times of day that the reader actively collected data;

(2) the aggregate number of vehicles or license plates on which data are collected for each period of active use;
(3) for each period of active use, the number of vehicles or license plates in each of the following categories where the data identify a vehicle or license plate that has been stolen, a warrant for the arrest of the owner of the vehicle or an owner with a suspended or revoked driver's license or similar category, or are active investigative data; and

(4) for a reader at a stationary or fixed location, the location at which the reader actively collected data and is installed and used.

(b) The law enforcement agency must maintain a list of the current and previous locations, including dates at those locations, of any fixed stationary automated license plate readers used by the agency. The agency's list must be accessible to the public, unless the agency determines that the data are security information as provided in section 13.37, subdivision 2. A determination that these data are security information is subject to in-camera judicial review as provided in section 13.08, subdivision 4.

Subd. 6. Annual audit. (a) In addition to the log required under subdivision 5, the law enforcement agency must maintain records showing the date and time automated license plate reader data were collected and the applicable classification of the data. The law enforcement agency shall arrange for an independent, annual audit of the records to determine whether data currently in the records are classified, how the data are used, whether they are destroyed as required under this section, and to verify compliance with subdivision 7. Data in the records required under this paragraph are classified as provided in subdivision 2.

(b) The results of the audit are public. A law enforcement agency determined to be in a pattern of substantial noncompliance with this section must immediately suspend operation of all automated license plate reader devices until such time as the legislature has authorized the agency, by law, to reinstate their use. An order of suspension under this paragraph shall be issued by the commissioner of administration, upon review of the results of the audit, review of the applicable provisions of this chapter, and after providing the agency a reasonable opportunity to respond to the audit's findings.

(c) A report summarizing the results of each audit must be provided to the commissioner of administration, to the chair and ranking minority members of the committees of the house of representatives and the senate with jurisdiction over data practices and public safety issues, and to the Legislative Commission on Data Practices and Personal Data Privacy no later than 30 days following completion of the audit.

Subd. 7. Authorization to access data. (a) A law enforcement agency must comply with sections 13.05, subdivision 5, and 13.055 in the operation of automated license plate readers, and in maintaining automated license plate reader data.

(b) The responsible authority for a law enforcement agency must establish written procedures to ensure that law enforcement personnel have access to the data only if authorized in writing, on a case-by-case basis, by the chief of police, sheriff, or head of the law enforcement agency, or their designee, to obtain access to data collected by an automated license plate reader for a legitimate, specified, and documented law enforcement purpose. Consistent with the requirements of paragraph (c), a request for access must be pertinent to an active criminal investigation, and must include a record of the factual basis for the request and any associated case number, complaint, or incident that is the basis for the request.

(c) The ability of authorized individuals to enter, update, or access automated license plate reader data must be limited through the use of role-based access that corresponds to the official duties or training level of the individual and the statutory authorization that grants access for that purpose. All queries and responses, and all actions in which data are entered, updated, accessed, shared, or disseminated, must be recorded in a data audit trail. Data contained in the audit trail are public, to the extent that the data are not otherwise classified by law.
Subd. 8. **Notification to Bureau of Criminal Apprehension.** (a) Within ten days of the installation or current use of an automated license plate reader, a law enforcement agency must notify the Bureau of Criminal Apprehension of that installation or use and of any fixed location of a stationary automated license plate reader.

(b) The Bureau of Criminal Apprehension must maintain a list of law enforcement agencies using automated license plate readers, including locations of any fixed stationary automated license plate readers. Except to the extent that the law enforcement agency determines that the location of a specific reader is security information, as defined in section 13.37, this list is accessible to the public and must be available on the bureau's Web site. A determination that the location of a reader is security information is subject to in-camera judicial review, as provided in section 13.08, subdivision 4.

**EFFECTIVE DATE.** This section is effective the August 1, 2015. Data collected before the effective date of this section must be destroyed, if required by this section, no later than 15 days after the date this section becomes effective.

Sec. 4. **[626.8472] AUTOMATED LICENSE PLATE READER POLICY.**

The chief law enforcement officer of every state and local law enforcement agency that maintains an automated license plate reader shall establish and enforce a written policy governing use of the reader. Use of an automated license plate reader without adoption of a written policy under this section is prohibited. At a minimum, the policies and procedures must incorporate the requirements of section 13.824, and the employee discipline standards for unauthorized access to data contained in section 13.09.

**EFFECTIVE DATE.** This section is effective August 1, 2015, provided that chief law enforcement officers shall adopt the policy required under this section no later than January 15, 2016.

H. F. No. 1519 was reported to the House.

Swedzinski moved to amend H. F. No. 1519, the first engrossment, as follows:

Delete everything after the enacting clause and insert:

"Section 1. Minnesota Statutes 2014, section 349.12, is amended by adding a subdivision to read:

Subd. 12e. Electronic raffle selection system. "Electronic raffle selection system" means a system which uses a board-approved random number generator to select winning raffle numbers and includes raffle sales devices.

Sec. 2. Minnesota Statutes 2014, section 349.12, subdivision 18, is amended to read:

Subd. 18. Gambling equipment. "Gambling equipment" means gambling equipment that is either disposable or permanent gambling equipment.

(a) Disposable gambling equipment includes the following:

(1) bingo hard cards or paper sheets, including linked bingo paper sheets;

(2) paper and electronic pull-tabs;

(3) jar tickets;

(4) paddle tickets and paddle ticket cards;

(5) tipboards and tipboard tickets; and

(6) promotional tickets that mimic a pull-tab or tipboard.

(b) Permanent gambling equipment includes the following:

(1) devices for selecting bingo numbers;

(2) electronic bingo devices;

(3) electronic pull-tab devices;

(4) pull-tab dispensing devices;
(5) programmable electronic devices that have no effect on the outcome of a game and are used to provide a visual or auditory enhancement of a game;

(6) paddlewheels; and

(7) paddlewheel tables; and

(8) electronic raffle selection systems.

Sec. 3. Minnesota Statutes 2014, section 349.12, subdivision 19, is amended to read:

Subd. 19. Gambling manager. "Gambling manager" means a person who has been designated by the organization to supervise the lawful gambling conducted by it, has been an active member of the organization for at least the most recent six months 90 days at the time of the application for a gambling manager license, and meets other qualifications as prescribed by the board by rule.

Sec. 4. Minnesota Statutes 2014, section 349.12, is amended by adding a subdivision to read:

Subd. 33a. Raffle sales device. "Raffle sales device" is an attendant-operated cashier station used as a point of sale for raffle tickets from which a raffle participant may purchase a raffle ticket.

Sec. 5. Minnesota Statutes 2014, section 349.12, is amended by adding a subdivision to read:

Subd. 33b. Share the pot raffle. "Share the pot raffle" means a raffle in which the prize amount is a percentage of the raffle's gross receipts.

Sec. 6. Minnesota Statutes 2014, section 349.13, is amended to read:

349.13 LAWFUL GAMBLING.

Lawful gambling is not a lottery or gambling within the meaning of sections 609.75 to 609.76 if it is conducted under this chapter. A pull-tab dispensing device, electronic bingo device, and electronic pull-tab device permitted under this chapter and by board rule is not a gambling device within the meaning of sections 609.75 to 609.76 and chapter 299L. An electronic game device allowed under this chapter may not be a slot machine. Electronic game devices, including but not limited to electronic bingo devices, electronic paddlewheels, and electronic pull-tab devices, and electronic raffle selection systems authorized under this chapter, may only be used in the conduct of lawful gambling permitted under this chapter and board rule and may not display or simulate any other form of gambling or entertainment, except as otherwise allowed under this chapter.

Sec. 7. Minnesota Statutes 2014, section 349.163, subdivision 2, is amended to read:

Subd. 2. License; fee. The annual fee for a manufacturer's license is $9,000. The annual license fee for manufacturers of only electronic raffle selection systems license is $1,000.

Sec. 8. Minnesota Statutes 2014, section 349.167, subdivision 1, is amended to read:

Subdivision 1. Gambling manager required. (a) All lawful gambling conducted by a licensed organization must be under the supervision of a gambling manager. A gambling manager designated by an organization to supervise lawful gambling is responsible for the gambling gross receipts of the organization and for its conduct in compliance with all laws and rules. A person designated as a gambling manager shall maintain a dishonesty bond in the sum of $10,000 in favor of the organization conditioned on the faithful performance of the manager's duties. The terms of the bond must provide that notice be given to the board in writing not less than 30 days before its cancellation.
(b) Except as otherwise provided under this paragraph, a person may not act as a gambling manager for more than one organization. If a lawful gambling organization loses its gambling manager or its gambling manager is not capable of performing the duties, and no organization member is available to perform the duties of gambling manager, an interim gambling manager from another lawful gambling organization may be appointed by the organization with a vacancy to fill the vacant gambling manager position. An interim gambling manager must obtain a license from the board as a gambling manager for the lawful gambling organization with a vacancy. An interim gambling manager license shall not be valid for more than 120 days. A gambling manager serving as an interim gambling manager under this paragraph is not required to be a member of the lawful gambling organization with a vacancy at the time the interim gambling manager begins service to the organization with a vacancy. The fee for an interim gambling manager's license is $100.

(c) An organization may not conduct lawful gambling without having a gambling manager.

(d) An organization may not have more than one gambling manager at any time.

Sec. 9. Minnesota Statutes 2014, section 349.173, is amended to read:

349.173 CONDUCT OF RAFFLES.

(a) Raffle tickets or certificates of participation at a minimum must list the three most expensive prizes to be awarded and include the location, date, and time of the selection of the winning entries. If additional prizes will be awarded, a complete list of additional prizes must be publicly posted at the event and copies of the complete prize list made available upon request. Raffles conducted under the exemptions in section 349.166 may use tickets that contain only the sequential number of the raffle ticket and no other information if the organization makes a list of prizes and a statement of other relevant information required by rule available to persons purchasing tickets and if tickets are only sold at the event and on the date when the tickets are drawn.

(b) Raffles must be conducted in a manner that ensures:

(1) all entries in the raffle have an equal chance of selection;

(2) entry in the raffle is not conditioned upon any other purchase, except that a certificate of participation may be a button with a nominal value of less than $5;

(3) the method of selection is conducted in a public forum;

(4) the method of selection cannot be manipulated or based on the outcome of an event not under the control of the organization;

(5) physical presence at the raffle is not a requirement to win; and

(6) all sold and unsold tickets or certificates of participation are accounted for.

(c) An organization that is permitted under this section and authorized by the Gambling Control Board to conduct raffles may conduct a raffle in conjunction with a wild game or fish taking event. The wild game or fish must be legally taken under chapters 97A to 97C, and rules adopted pursuant to those chapters. The organization may sell a combined ticket for a single price for the event and raffle, provided that the combined ticket states the amount of the price that applies to the wild game or fish event, and the amount that applies to the raffle. All other provisions of sections 349.11 to 349.23 apply to the raffle.
(d) Methods of selecting winning entries from a raffle other than prescribed in rule may be used with the prior written approval of the board.

(e) For raffles conducted by a licensed organization, the entries may be selected by use of a board-approved random number generator if, at the time of sale, the number contained on the raffle ticket is captured by the electronic raffle selection system and electronically recorded as an entry in the raffle.

(f) The board may by rule authorize but not require the use of electronic raffle selection systems.

(g) The board may by rule adopt minimum technical standards for electronic raffle selection systems.

Sec. 10. Minnesota Statutes 2014, section 349.211, subdivision 1, is amended to read:

Subdivision 1. Bingo. Except as provided in subdivisions 1a and 2, prizes for a single bingo game may not exceed $200 $500 except prizes for a cover-all game, which may exceed $200 $500 if the aggregate value of all cover-all prizes in a bingo occasion does not exceed $1,000 $2,000. Total prizes awarded at a bingo occasion may not exceed $2,800 $5,000; unless a cover-all game is played in which case the limit is $3,800 $7,000. A prize may be determined based on the value of the bingo packet sold to the player. For purposes of this subdivision, a cover-all game is one in which a player must cover all spaces except a single free space to win and includes a game in which all odd or all even numbers are designated by the organization as covered prior to the start of the game.

Sec. 11. Minnesota Statutes 2014, section 349.213, subdivision 1, is amended to read:

Subdivision 1. Local regulation. (a) A statutory or home rule city or county has the authority to adopt more stringent regulation of lawful gambling within its jurisdiction, including the prohibition of lawful gambling.

(b) A statutory or home rule city or county may require a permit for the conduct of gambling exempt from licensing under section 349.166. The fee for a permit issued under section 349.166 may not exceed $100.

(c) The authority granted by this subdivision does not include the authority to require a license or fee for a license or permit to conduct gambling by organizations, gambling managers, gambling employees, or sales by distributors or linked bingo game providers licensed by or registered with the board.

(d) The authority granted by this subdivision does not include the authority to require an organization to make specific expenditures of more than ten percent per year from its net profits derived from lawful gambling.

(e) For the purposes of this subdivision, net profits are gross profits less amounts expended for allowable expenses and paid in taxes assessed on lawful gambling.

(f) A statutory or home rule charter city or a county may not require an organization conducting lawful gambling within its jurisdiction to make an expenditure to the city or county as a condition to operate within that city or county, except:

1. as authorized under section 349.16, subdivision 8, or 297E.02; or

2. by an ordinance requirement that such organizations must contribute ten percent per year of their net profits derived from lawful gambling conducted at premises within the city's or county's jurisdiction to a fund administered and regulated by the responsible local unit of government without cost to such fund. The funds must be disbursed by the local unit of government for (i) charitable contributions as defined in section 349.12, subdivision 7a, or (ii) police, fire, and other emergency or public safety-related services, equipment, and training, excluding pension obligations. A contribution made by an organization is not considered an expenditure to the city or county nor a tax
under section 297E.02, and is valid and lawful. A city or county receiving and making expenditures authorized under this clause must by March 15 of each year file a report with the board, on a form the board prescribes, that lists all such revenues collected, interest received on fund balances, and expenditures for the previous calendar year. A home rule or statutory city or county making charitable contributions authorized under this clause must acknowledge financial contributions of organizations conducting lawful gambling to the community and to the recipients of the funds. This may occur in communications about the funds as well as in the distribution of funds.

(g) A statutory or home rule city or county may by ordinance require that a licensed organization conducting lawful gambling within its jurisdiction expend all or a portion of its expenditures for lawful purposes conducted or located within the city's or county's trade area. Such an ordinance must be limited to lawful purpose expenditures of gross profits derived from lawful gambling conducted at premises within the city's or county's jurisdiction, must define the city's or county's trade area, and must specify the percentage of lawful purpose expenditures which must be expended within the trade area. A trade area defined by a city under this subdivision must include each city and township contiguous to the defining city.

(h) A more stringent regulation or prohibition of lawful gambling adopted by a political subdivision under this subdivision must apply equally to all forms of lawful gambling within the jurisdiction of the political subdivision, except a political subdivision may prohibit the use of paddlewheels.

Sec. 12. EFFECTIVE DATE.

This act is effective the day following final enactment."

Amend the title accordingly

The motion prevailed and the amendment was adopted.
