(e) An entity claiming a tax credit under this chapter is not required to pay any retaliatory tax levied under section 297I.05 as a result of claiming that credit. In addition, it is the intent of this section that an entity claiming a credit under this chapter is not required to pay any additional tax as a result of claiming that credit.

(f) The amount of allocation authority under this subdivision cannot exceed a cumulative outstanding and unused allocation of \$300,000,000.

**Subd. 3. Certification.** (a) The qualified community development entity receiving the qualified equity investment must certify to the commissioner the dollar amount of the loan or investment to be made within the state of Minnesota during the first 24-month period following the initial credit allowance date, subject to a maximum amount of \$15,000,000 of all qualified low-income community investments from all sources to a specific business and all of its affiliates collectively, beyond which no Minnesota new markets tax credit is allowed to that business or any of its affiliates.

(b) If the qualified community development entity or transferee as allowed in subdivision 8 does not receive the qualified equity investment and issue the qualified low-income community investment within 24 months following receipt of the certification notice, the certification lapses and the entity may not accept the qualified equity investment without reapplying to the commissioner for certification. Lapsed certifications revert to the commissioner and must be reissued, first, pro rata to other applicants whose qualified equity investment allocations were reduced under subdivision 6 and, thereafter, in accordance with the application process.

(c) A business is considered a qualified active low-income community business for the duration of the qualified community development entity's investment in, or loan to, the business if the qualified active low-income community business and the qualified certified development entity reasonably expects, when the qualified certified development entity makes the investment or loan, that the business will continue to satisfy the requirements for being a qualified active low-income community business throughout the entire period of the investment or loan.

Subd. 4. **Amount certified.** The commissioner shall certify up to \$300,000,000 in tax credit authority over a three-year period for taxable years beginning after December 31, 2017. The commissioner shall certify allocations of tax credit to qualified community development entities based on a competitive review of applications received by the commissioner using criteria established in subdivisions 5 and 6.

Subd. 5. **Application.** (a) The commissioner shall develop an application form calling for information necessary to evaluate Minnesota benefits from tax credit projects. A qualified community development entity that seeks to have an equity investment designated as a qualified equity investment and eligible for tax credits under this chapter may apply to the commissioner on or after final enactment, according to the application deadline. The application must include the following:

(1) evidence of the applicant's certification as a qualified community development entity, such as a copy of an allocation agreement that is executed by the applicant or its controlling entity and the Community Development Financial Institutions Fund under section 116X.02, subdivision 10, and that includes a service area including the state of Minnesota, or a Minnesota allocation within the past three years;

(2) evidence that the applicant or its controlling entity has received at least \$20,000,000 of allocation of qualified equity investment authority from the Community Development Financial Institutions Fund, or has received a Minnesota allocation within the past three years;

(3) evidence that the applicant, its controlling entity, and subsidiary qualified community development entities of the controlling entity have collectively made at least \$20,000,000 in qualified low-income community loans or investments under the federal new markets tax credit program, and either:

(i) at least \$20,000,000 of those investments were made in the state of Minnesota; or

(ii) the applicant has direct lending experience serving businesses in disadvantaged communities in the state of at least \$10,000,000 and a primary mission of economic development serving areas including part or all of the state of Minnesota;

(4) evidence that the qualified community development entity has demonstrated experience providing capital or technical assistance to disadvantaged businesses or communities in the state;

(5) the extent to which an applicant demonstrates direct experience in asset and risk management and in fulfilling government compliance requirements, particularly for tax credit program compliance;

(6) the extent to which an applicant demonstrates a capitalization strategy that ensures that the economic benefit of the tax credit remains in the state;

(7) the extent to which the applicant establishes standards for wages and benefits exceeding federal poverty guidelines and includes a means by which to monitor and measure ongoing compliance with those standards;

(8) in circumstances where the state allocation is paired with a federal new market tax allocation, the extent to which the applicant develops evaluation criteria and tools to assess the extent to which the state allocation is necessary to produce the community benefit to be provided through financing of the qualified active low-income community business;

(9) a plan describing the proposed types of qualified active low-income community businesses in which the applicant expects to invest, and the financial contributions expected to be made to the project from nonstate sources;

(10) a nonrefundable application fee of \$5,000, which is required to be paid to the commissioner for each application submitted; and

(11) any other criteria the commissioner deems necessary.

(b) The requirements of paragraph (a), clauses (2) and (3), do not apply to a qualified community development entity incorporated or headquartered in Minnesota, if the qualified community development entity provides evidence of direct experience with at least \$20,000,000 of allocation of qualified equity investment authority from the Community Development Financial Institutions Fund as:

(1) a direct lender to a new markets tax credit structure; or

(2) a direct investor to such a structure, as long as the applicant has direct lending experience serving businesses in disadvantaged communities in the state of at least \$10,000,000 and a primary mission of economic development serving areas including part or all of the state of Minnesota.

**Subd. 6. Consideration of application.** (a) Within 90 days after the application deadline, for each completed application containing all of the information in subdivision 5, including the payment of the application fee, the commissioner shall grant or deny the application in full or in part. If the commissioner denies any part of the application, the commissioner shall inform the qualified community development entity of the grounds for the denial. If the qualified community development entity provides any additional information required by the commissioner or otherwise completes its application within 15 days of the notice of denial, the application is considered completed as of the original date of submission. If the qualified community development entity fails to provide the information or complete its application within the 15-day period, the application remains denied until the next application date.

(b) If the application required under this section is complete, the commissioner shall certify the proposed equity investment as a qualified equity investment that is eligible for tax credits under this chapter, subject to the limitations in subdivision 4 and the pro rata award of allocations to eligible applicants within the limitations. The commissioner shall provide written notice of the certification to the qualified community development entity. The notice must include the name of the qualified community development entity and the credit amount. Before any tax credits are claimed under this chapter, the qualified community development entity shall provide written notice to the commissioner of the names of the entities eligible to claim the credits as a result of holding a qualified equity investment. If the names of the entities that are eligible to utilize the credits change due to a transfer of a qualified equity investment or an allocation or affiliate transfer under section 116X.04, the qualified community development entity shall notify the commissioner of the change.

(c) The commissioner shall certify up to \$300,000,000 in qualified equity investments, to be spread evenly over three years. The commissioner shall certify qualified equity investments to those eligible applicants who have submitted a complete application meeting all requirements, subject to the limitations in subdivision 4, with no more

than \$100,000,000 per applicant and its affiliates across all three years. For applications that are complete and received within the same application round, the commissioner shall certify, consistent with remaining qualified equity investment capacity, the qualified equity investments in proportionate percentages based upon the ratio of the amount of qualified equity investment requested in an application, up to the total available in that year per entity, to the total amount of qualified equity investments requested in all eligible and complete applications received.

(d) Notwithstanding the requirements of this subdivision, the commissioner shall certify half of the available annual allocation authority to qualified equity investments located in the metropolitan area and half to qualified equity investments located in greater Minnesota.

**Subd. 7. Credit recapture.** (a) The commissioner shall recapture the tax credit allowed under this section for a specific qualified equity investment if any amount of the federal tax credit available with respect to a qualified equity investment is recaptured under section 45D of the Internal Revenue Code due to any of the following reasons:

(1) the qualified active low-income community business receiving the benefit of the investment fails to reasonably document at the initial loan or investment closing evidence of being a qualified active low-income community business;

(2) the qualified community development entity under this section causes the recapture of the federal tax credit under section 45D of the Internal Revenue Code for the specific qualified equity investment by losing its certification as a qualified community development entity as determined by the Community Development Financial Institutions Fund within the United States Department of Treasury; or

(3) if any of the qualified equity investment is returned to the investor prior to the end of the compliance period. If the tax credit is recaptured under this section, no further tax credits are allowed for the investor for the specific qualified equity investment.

(b) If there are no federal tax credits involved in a specific qualified equity investment but any of the reasons listed in paragraph (a), clauses (1) to (3), occur, the commissioner shall recapture the tax credit allowed under this section for that specific qualified equity investment.

(c) Notwithstanding the recapture provisions of this subdivision, any portion of the tax credit already rightfully claimed by the investor for the specific qualified equity investment for years ended before the year in which the recapture occurs, is not recaptured.

(d) Enforcement of each of the above recapture provisions is subject to a six-month cure period after the qualified community development entity determines, should have reasonably determined, or has received notice of, the noncompliance.

(e) If the commissioner disallows tax credits under this subdivision, the commissioner may also impose penalties on the qualified community development entity that received the qualified equity investment for which tax credits are disallowed, not to exceed one-half of one percent of the qualified equity investment.

(f) Any tax credit that is subject to recapture must be recaptured from the taxpayer that claimed the tax credit on a return.

**Subd. 8. Suballocation.** An approved qualified community development entity may transfer all or a portion of its qualified equity investment authority from its qualified community development entity to a subsidiary qualified community development entity provided that the qualified community development entity provides written notification to the commissioner within 30 days of the transfer. The subsidiary shall be subject to the same rules, requirements, and limitations applicable to the qualified community development entity.

Subd. 9. **Annual reporting by community development entities.** (a) A qualified community development entity that has received a qualified equity investment must submit an annual report to the commissioner within 180 days after the end of the fiscal year of a qualified community development entity which includes a credit allowance date. The report shall include information on investments made in the preceding year, including but not limited to the following:

(1) the identity of the types of industries, identified by the North American Industry Classification System Code, in which qualified low-income community investments were made;

(2) the identity of the types of industries, identified by the North American Industry Classification System Code, in which qualified low-income community investments were made;

(3) the names of the counties in which the qualified active low-income community businesses are located which received qualified low-income community investments;

(4) the number of jobs created and retained by qualified active low-income community businesses receiving qualified low-income community investments, including verification that the average wages and benefits paid to full-time employees, based on an hourly wage for a 40-hour work week, meet or exceed 105 percent of the federal poverty income guidelines for a family of four; and

(5) other information and documentation required by the commissioner to:

(i) determine the investments made in the metropolitan area and greater Minnesota;

(ii) verify continued certification as a qualified community development entity under section 45D of the Internal Revenue Code; and

(iii) any other necessary reporting data.

(b) Within 120 days after the end of the applicant's fiscal year which includes a credit allowance date, an applicant must submit annual financial statements for the qualified community development entity and any subsidiary qualified community development entities having a credit allowance date for the preceding tax year in a form established by the commissioner.

Subd. 10. **Application fees; account created.** A nonrefundable application fee shall be submitted by the qualified community development entity at the time the application is submitted and shall be equal to an amount as published in the Minnesota new markets tax credit program application, initially set at \$5,000. The commissioner may allow up to 25 percent of the fee to be submitted up to 180 days following the allocation award and up to 25 percent of the fee to be submitted up to 270 days following the allocation award. Application fees are deposited in the new market tax credit administration account in the special revenue fund.

Subd. 11. **Administrative fees.** Upon the receipt of a qualified equity investment by a qualified community development entity, an administrative fee in an amount determined by the commissioner, no more than two percent of the qualified equity investment, and published in the allocation agreement will be deposited in the new markets tax credit administration account in the special revenue fund.

Subd. 12. **Administrative expenses.** Amounts in the new markets tax credit administration account are appropriated annually to the commissioner for administrative expenses related to administering the new markets tax credit in this section.

Subd. 13. **Program report.** The commissioner shall report to the legislature no later than December 31, 2024, regarding the implementation of this tax credit, including an evaluation of the success of the tax credit in the state. The report must include:

(1) the extent to which wages and benefits for the qualified equity investments exceed federal poverty guidelines;

(2) the community development benefits resulting from qualified equity investments, including permanent job creation or retention, construction jobs, and job training;

(3) the financial contributions made to projects from sources other than the state new markets tax credit program;

(4) the extent to which the reduced cost of borrowing or other flexible or nontraditional terms are provided to the borrower, thereby ensuring that the benefits of the tax credit equity accrued to the borrower; and

(5) other information the commissioner deems necessary.

Subd. 14. **Economic significance determination.** The commissioner must provide written explanation concerning any "qualified active low-income business" not eligible under section 45D of the Internal Revenue Code, but allowed under subdivision 1, paragraph (1), to the chairs and ranking minority members of the legislative committees and budget divisions with jurisdiction over the agency. The written explanation must be provided as soon after the determination as practicable.

Subd. 15. **Expiration.** This section expires nine taxable years following final enactment, except that the commissioner's authority to allow the credit under subdivision 2 based on certificates that were issued under subdivision 3 before expiration remains in effect through the year following the year in which all certificates have either been canceled or resulted in issuance of credit certificates, or 2031, whichever is earlier.

**EFFECTIVE DATE.** This section is effective for taxable years beginning after December 31, 2017.

Sec. 2. **[290.0693] NEW MARKETS TAX CREDIT.**

Subdivision 1. **Definition.** For purposes of this section, "qualified equity investment" has the meaning given in section 116X.01, subdivision 1.

Subd. 2. **Credit allowed.** A taxpayer that makes a qualified equity investment is allowed a credit against the tax imposed under this chapter equal to the amount provided under section 116X.01, subdivision 2.

Subd. 3. **Audit powers.** Notwithstanding any issuance of credit by the commissioner of employment and economic development under section 116X.01, the commissioner may utilize any audit and examination powers under chapter 270C or 289A to the extent necessary to verify that the taxpayer is eligible for the credit and to assess for the amount of any improperly claimed credit.

**EFFECTIVE DATE.** This section is effective for taxable years beginning after December 31, 2017.

Sec. 3. Minnesota Statutes 2016, section 297I.20, is amended by adding a subdivision to read:

(b) An insurance company that makes a qualified equity investment may claim a credit against the premiums tax imposed under this chapter equal to the amount provided under section 116X.01, subdivision 2.

(c) This credit does not affect the calculation of police and fire aid under section 69.021.

**EFFECTIVE DATE.** This section is effective the day following final enactment and applies to premium tax returns originally due on or after December 31, 2017."

"Section 1. Minnesota Statutes 2016, section 245A.04, subdivision 4, is amended to read:

Subd. 4. **Inspections; waiver.** (a) Before issuing an initial license, the commissioner shall conduct an inspection of the program. The inspection must include but is not limited to:

- (1) an inspection of the physical plant;
- (2) an inspection of records and documents;
- (3) an evaluation of the program by consumers of the program; and
- (4) observation of the program in operation.

For the purposes of this subdivision, "consumer" means a person who receives the services of a licensed program, the person's legal guardian, or the parent or individual having legal custody of a child who receives the services of a licensed program.

(b) The evaluation required in paragraph (a), clause (3), or the observation in paragraph (a), clause (4), is not required prior to issuing an initial license under subdivision 7. If the commissioner issues an initial license under subdivision 7, these requirements must be completed within one year after the issuance of an initial license.

(c) Before completing a licensing inspection in a family child care program, the county licensing agency must offer the family child care license holder an exit interview to discuss violations of law or rule observed during the inspection and offer technical assistance on how to comply with applicable laws and rules. Nothing in this

paragraph limits the ability of the commissioner to issue a correction order or negative action for violations of law or rule not discussed in an exit interview or in the event that a family child care license holder chooses not to participate in an exit interview.

**EFFECTIVE DATE.** This section is effective October 1, 2017.

Sec. 2. **[245A.065] FAMILY CHILD CARE FIX-IT TICKET.**

(a) In lieu of a correction order under section 245A.06, the commissioner shall issue a fix-it ticket to a family child care license holder if the commissioner finds that:

(1) the license holder has failed to comply with a requirement in this chapter or Minnesota Rules, chapter 9502, that the commissioner determines to be eligible for a fix-it ticket;

(2) the violation does not imminently endanger the health, safety, or rights of the persons served by the program;

(3) the license holder did not receive a fix-it ticket or correction order for the violation at the license holder's last licensing inspection;

(4) the violation can be corrected at the time of inspection or within 48 hours excluding Saturdays, Sundays, and holidays; and

(5) the license holder corrects the violation at the time of inspection or agrees to correct the violation within 48 hours excluding Saturdays, Sundays, and holidays.

(b) The fix-it ticket must state:

(1) the conditions that constitute a violation of the law or rule;

(2) the specific law or rule violated; and

(3) that the violation was corrected at the time of inspection or must be corrected within 48 hours excluding Saturdays, Sundays, and holidays.

(c) The commissioner shall not publicly publish a fix-it ticket on the department's Web site.

(d) Within 48 hours excluding Saturdays, Sundays, and holidays of receiving a fix-it ticket, the family child care license holder must correct the violation and within one week submit evidence to the county licensing agency that the violation was corrected.

(e) If the violation is not corrected at the time of inspection or within 48 hours excluding Saturdays, Sundays, and holidays, or the evidence submitted is insufficient to establish that the license holder corrected the violation, the commissioner must issue a correction order for the violation of Minnesota law or rule identified in the fix-it ticket according to section 245A.06.

(f) If the provider believes that the contents of the commissioner's fix-it ticket are in error, the provider may ask the Department of Human Services to reconsider the parts of the fix-it ticket that are alleged to be in error. The request for reconsideration must be made in writing and must be postmarked and sent to the commissioner within 20 calendar days after receipt of the fix-it ticket by the provider, and must:

(1) specify the parts of the fix-it ticket that are alleged to be in error;

(2) explain why they are in error; and

(3) include documentation to support the allegation of error.

(g) A request for reconsideration under paragraph (f) does not stay any provisions or requirements of the fix-it ticket. The commissioner's disposition of a request for reconsideration is final and not subject to appeal under chapter 14.
