In determining if a fine is to be imposed and establishing the amount of the fine, the commissioner shall consider:

(1) the gravity of the violation, including the probability that death or serious physical or emotional harm to a child will result or has resulted, the severity of the actual or potential harm, and the extent to which the applicable laws were violated;

(2) actions taken by the owner or administrator to correct violations;

Sec. 20. Minnesota Statutes 2016, section 626.556, subdivision 2, is amended to read:

Subd. 2. **Definitions.** As used in this section, the following terms have the meanings given them unless the specific content indicates otherwise:

(a) "Accidental" means a sudden, not reasonably foreseeable, and unexpected occurrence or event which:

(1) is not likely to occur and could not have been prevented by exercise of due care; and

(2) if occurring while a child is receiving services from a facility, happens when the facility and the employee or person providing services in the facility are in compliance with the laws and rules relevant to the occurrence or event.

(b) "Commissioner" means the commissioner of human services.

(c) "Facility" means:

(1) a licensed or unlicensed day care facility, residential facility, agency, hospital, sanitarium, or other facility or institution required to be licensed under sections 144.50 to 144.58, 241.021, or 245A.01 to 245A.16, or chapter 144H or 245D;

(2) a school as defined in section 120A.05, subdivisions 9, 11, and 13; and chapter 124E; or

(3) a nonlicensed personal care provider organization as defined in section 256B.0625, subdivision 19a.

(d) "Family assessment" means a comprehensive assessment of child safety, risk of subsequent child maltreatment, and family strengths and needs that is applied to a child maltreatment report that does not allege sexual abuse or substantial child endangerment. Family assessment does not include a determination as to whether child maltreatment occurred but does determine the need for services to address the safety of family members and the risk of subsequent maltreatment.

(e) "Investigation" means fact gathering related to the current safety of a child and the risk of subsequent maltreatment that determines whether child maltreatment occurred and whether child protective services are needed. An investigation must be used when reports involve sexual abuse or substantial child endangerment, and for reports of maltreatment in facilities required to be licensed under chapter 245A or 245D; under sections 144.50 to 144.58 and 241.021; in a school as defined in section 120A.05, subdivisions 9, 11, and 13, and chapter 124E; or in a nonlicensed personal care provider association as defined in section 256B.0625, subdivision 19a.

(f) "Mental injury" means an injury to the psychological capacity or emotional stability of a child as evidenced by an observable or substantial impairment in the child's ability to function within a normal range of performance and behavior with due regard to the child's culture.

(g) "Neglect" means the commission or omission of any of the acts specified under clauses (1) to (9), other than by accidental means:

(1) failure by a person responsible for a child's care to supply a child with necessary food, clothing, shelter, health, medical, or other care required for the child's physical or mental health when reasonably able to do so;

(2) failure to protect a child from conditions or actions that seriously endanger the child's physical or mental health when reasonably able to do so, including a growth delay, which may be referred to as a failure to thrive, that has been diagnosed by a physician and is due to parental neglect;

(3) failure to provide for necessary supervision or child care arrangements appropriate for a child after considering factors as the child's age, mental ability, physical condition, length of absence, or environment, when the child is unable to care for the child's own basic needs or safety, or the basic needs or safety of another child in their care;

(4) failure to ensure that the child is educated as defined in sections 120A.22 and 260C.163, subdivision 11, which does not include a parent's refusal to provide the parent's child with sympathomimetic medications, consistent with section 125A.091, subdivision 5;

(5) nothing in this section shall be construed to mean that a child is neglected solely because the child's parent, guardian, or other person responsible for the child's care in good faith selects and depends upon spiritual means or prayer for treatment or care of disease or remedial care of the child in lieu of medical care; except that a parent, guardian, or caretaker, or a person mandated to report pursuant to subdivision 3, has a duty to report if a lack of medical care may cause serious danger to the child's health. This section does not impose upon persons, not otherwise legally responsible for providing a child with necessary food, clothing, shelter, education, or medical care, a duty to provide that care;

(6) prenatal exposure to a controlled substance, as defined in section 253B.02, subdivision 2, used by the mother for a nonmedical purpose, as evidenced by withdrawal symptoms in the child at birth, results of a toxicology test performed on the mother at delivery or the child at birth, medical effects or developmental delays during the child's first year of life that medically indicate prenatal exposure to a controlled substance, or the presence of a fetal alcohol spectrum disorder;

(7) "medical neglect" as defined in section 260C.007, subdivision 6, clause (5);

(8) chronic and severe use of alcohol or a controlled substance by a parent or person responsible for the care of the child that adversely affects the child's basic needs and safety; or

(9) emotional harm from a pattern of behavior which contributes to impaired emotional functioning of the child which may be demonstrated by a substantial and observable effect in the child's behavior, emotional response, or cognition that is not within the normal range for the child's age and stage of development, with due regard to the child's culture.

(h) "Nonmaltreatment mistake" means:

(1) at the time of the incident, the individual was performing duties identified in the center's child care program plan required under Minnesota Rules, part 9503.0045;

(2) the individual has not been determined responsible for a similar incident that resulted in a finding of maltreatment for at least seven years;

(3) the individual has not been determined to have committed a similar nonmaltreatment mistake under this paragraph for at least four years;

(4) any injury to a child resulting from the incident, if treated, is treated only with remedies that are available over the counter, whether ordered by a medical professional or not; and

(5) except for the period when the incident occurred, the facility and the individual providing services were both in compliance with all licensing requirements relevant to the incident.

This definition only applies to child care centers licensed under Minnesota Rules, chapter 9503. If clauses (1) to (5) apply, rather than making a determination of substantiated maltreatment by the individual, the commissioner of human services shall determine that a nonmaltreatment mistake was made by the individual.

(i) "Operator" means an operator or agency as defined in section 245A.02.

(j) "Person responsible for the child's care" means (1) an individual functioning within the family unit and having responsibilities for the care of the child such as a parent, guardian, or other person having similar care responsibilities, or (2) an individual functioning outside the family unit and having responsibilities for the care of the child such as a teacher, school administrator, other school employees or agents, or other lawful custodian of a child having either full-time or short-term care responsibilities including, but not limited to, day care, babysitting whether paid or unpaid, counseling, teaching, and coaching.

(k) "Physical abuse" means any physical injury, mental injury, or threatened injury, inflicted by a person responsible for the child's care on a child other than by accidental means, or any physical or mental injury that cannot reasonably be explained by the child's history of injuries, or any aversive or deprivation procedures, or regulated interventions, that have not been authorized under section 125A.0942 or 245.825.

Abuse does not include reasonable and moderate physical discipline of a child administered by a parent or legal guardian which does not result in an injury. Abuse does not include the use of reasonable force by a teacher, principal, or school employee as allowed by section 121A.582. Actions which are not reasonable and moderate include, but are not limited to, any of the following:

(1) throwing, kicking, burning, biting, or cutting a child;

- (3) shaking a child under age three;
- (4) striking or other actions which result in any nonaccidental injury to a child under 18 months of age;
- (5) unreasonable interference with a child's breathing;
- (6) threatening a child with a weapon, as defined in section 609.02, subdivision 6;
- (7) striking a child under age one on the face or head;
- (8) striking a child who is at least age one but under age four on the face or head, which results in an injury;

(9) purposely giving a child poison, alcohol, or dangerous, harmful, or controlled substances which were not prescribed for the child by a practitioner, in order to control or punish the child; or other substances that substantially affect the child's behavior, motor coordination, or judgment or that results in sickness or internal injury, or subjects the child to medical procedures that would be unnecessary if the child were not exposed to the substances;

(10) unreasonable physical confinement or restraint not permitted under section 609.379, including but not limited to tying, caging, or chaining; or

(11) in a school facility or school zone, an act by a person responsible for the child's care that is a violation under section 121A.58.

(q) Upon receiving data under section 144.225, subdivision 2b, contained in a birth record or recognition of parentage identifying a child who is subject to threatened injury under paragraph (p), the Department of Human Services shall send the data to the responsible social services agency. The agency may use either a

family assessment or investigation to determine whether the child is safe. All of the provisions of this section apply. If the child is determined to be safe, the agency shall consult with the county attorney to determine the appropriateness of filing a petition alleging the child is in need of protection or services under section 260C.007, subdivision 6, clause (16), in order to deliver needed services. In determining whether to exercise this authority, the commissioner of the agency responsible for assessing or investigating the report or local welfare agency shall consider the seriousness of the alleged neglect, physical abuse, sexual abuse, or maltreatment of a child in the facility; the number of children allegedly neglected, physically abused, sexually abused, or victims of maltreatment of a child in the facility; the number of alleged perpetrators; and the length of the investigation. The facility shall be notified whenever this discretion is exercised.

(c) When the commissioner of the agency responsible for assessing or investigating the report or local welfare agency has completed its investigation, every parent, guardian, or legal custodian previously notified of the investigation by the commissioner or local welfare agency shall be provided with the following information in a written memorandum: the name of the facility investigated; the nature of the alleged neglect, physical abuse, sexual abuse, or maltreatment of a child in the facility; the investigator's name; a summary of the investigation findings; a statement whether maltreatment was found; and the protective or corrective measures that are being or will be taken. The memorandum shall be written in a manner that protects the identity of the reporter and the child and shall not contain the name, or to the extent possible, reveal the identity of the alleged perpetrator or of those interviewed during the investigation. If maltreatment is determined to exist, the commissioner or local welfare agency shall also provide the written memorandum to the parent, guardian, or legal custodian of each child in the facility who had contact with the individual responsible for the maltreatment. When the facility is the responsible party for maltreatment, the commissioner or local welfare agency shall also provide the written memorandum to the parent, guardian, or legal custodian of each child who received services in the population of the facility where the maltreatment occurred. This notification must be provided to the parent, guardian, or legal custodian of each child receiving services from the time the maltreatment occurred until either the individual responsible for maltreatment is no longer in contact with a child or children in the facility or the conclusion of the investigation. In the case of maltreatment within a school facility, as defined in section 120A.05, subdivisions 9, 11, and 13, and chapter 124E,

the commissioner of education need not provide notification to parents, guardians, or legal custodians of each child in the facility, but shall, within ten days after the investigation is completed, provide written notification to the parent, guardian, or legal custodian of any student alleged to have been maltreated. The commissioner of education may notify the parent, guardian, or legal custodian of any student involved as a witness to alleged maltreatment."
