How a Bill Becomes Law

Find your way through the maze and learn how a bill becomes a law in Minnesota.

S
T
A
R
T

Someone has an idea for a law.

The bill is introduced in the House.

The bill is sent to a committee for discussion & changes.

The idea is written into a bill.

If the committee approves the bill, it is sent back to the House for discussion & a vote.

If the bill wins a majority of the votes, it is sent to the Senate and the process begins again!

The Senate must also pass the bill.

If the House & Senate versions of the bill differ, the bills go to a conference committee.

The conference committee will work out the differences between the two versions of the bill.

The Governor can sign it into law or veto it.

The bill is sent to the Governor for review.

Both the House & the Senate must pass the bill again after it is approved by the conference committee.

If a bill is vetoed, the House & Senate can try to override the veto with a 2/3 majority vote.

The bill becomes law and is given to the Secretary of State.
