Overview

A school district may lease instructional space and include that amount in its basic lease levy authority which is limited to the lesser of \$90 per pupil unit or 90 percent of the actual lease costs. A school district that is a member of an intermediate school district may also levy for a portion of the intermediate's lease costs.

This bill authorizes the Mounds View school district to levy an additional \$200,000 per year for 10 years to pay for costs associated with a facilities maintenance facility. Mounds View is currently levying the maximum amount allowed for instructional space.
