Section

- 1** **Licensing of providers.** Current law subjects a local unit of government to tort liability if it had actual knowledge that a licensed day care provider failed to meet licensing standards that resulted in a dangerous condition or failed to meet licensing requirements related to swimming pools. The bill eliminates these forms of liability.
- 2** **Authorization for nonlicensed providers.** Immunizes local governments against liability for claims arising from payment to a legal non-licensed family child care provider.
- 3** **Effective date.** Immediate.
