Overview

This bill modifies the division of costs between the state and counties for intermediate care facilities for persons with mental retardation or related conditions (ICFs/MR) that meet certain requirements.

Section

- 1** **Division of cost.** Amends § 256B.19, subd. 1. For ICFs/MR that meet certain requirements, modifies the state and county share of medical assistance not paid by federal funds beginning July 1, 2005. Under current law, the division of costs is 80 percent state funds and 20 percent county funds. This bill would change that division of costs for placements in certain ICFs/MR to 90 percent state funds and 10 percent county funds.
