Overview

Revives and reenacts the statutes that establish and describe the responsibilities and duties of the Board of Firefighting Training and Education. When the legislature created the board in 2000, it established a December 31, 2003, sunset for the act. Despite the sunset, the board has continued to meet. The bill seeks to ratify all board actions taken after December 31, 2003, but before revival and reenactment of the enabling statutes.
