Section

1 Health risk limits required. Requires the commissioner of health to determine health risk limits, by August 1, 2007, based on toxicity and exposure data, for the following chemicals:

- Perfluorooctanoic acid
- Perfluorooctane sulfonate

Provides an immediate effective date for this section.

2 Health risk limits for perfluorochemicals; report. Requires the commissioner of health to report to the legislature by January 15, 2008, regarding the progress in determining the health effects for perfluorochemicals.

Requires the commissioner to provide a status report to the committees by September 30, 2007. States the topics that must be included in the report.
