The bill provides for an increase in the LGA city aid base of \$150,000 for aids payable in 2010 for a Greater Minnesota city with (1) a 2006 population between 425 and 475, and (2) an adjusted net tax capacity per capita of at least \$900. The only city to meet these criteria is the city of Green Isle. The LGA appropriation is not increased so this is a shift in distribution of the current appropriation.
