Date March 13, 2019

## **Overview**

This bill contains a variety of criminal sexual conduct policy reforms.

# **Summary**

Section	Description
1	Title.
	Entitles this proposed act as "Hannah's Law."
2	Consent.
	Modifies the definition of "consent" as the term is used in the state's criminal sexual conduct (CSC) laws by adding the requirement that consent be "knowingly" given.

## 3 Mentally incapacitated.

Modifies the definition of "mentally incapacitated" as the term is used in the state's CSC laws by removing the requirement that the judgment-altering substance be <u>administered</u> to the victim as a pre-requisite to a claim of mental incapacitation.

## 4 Current or recent position of authority.

- Broadens the definition of "position of authority" in the state's CSC laws. Currently, felony penalties apply to an adult who sexually penetrates or contacts a 16 or 17 year old juvenile when the adult is in a position of authority over the juvenile. The bill extends the definition so that an adult who was recently (i.e., within the past 120 days) in a position of authority over a 16 or 17 year old is also subject to criminal penalties for having a sexual relationship with the juvenile.
- Extends the definition of position of authority to cases where an adult "assumes" authority over a victim. Currently, the provision only applies when the adult is "charged" with providing some parental obligation to the juvenile.
