Summary

The bill designates 10.72 percent of the total state appropriation to Head Start for Tribal Head Start programs. The designated funds would be divided among the Tribal Head Start programs. The proposal does not affect the process of allocating state Head Start funds to other Head Start programs, and it does not require additional funding.

The bill also appropriates \$5,000,000 over the base in fiscal year 2023 to the Head Start program, making the state's appropriation \$30,100,000 for fiscal year 2023 and later.
