Date March 18, 2022

Summary

This bill modifies state graduation requirements by requiring students to complete a personal finance course for credit during their senior year of high school and a course in government and citizenship in their junior or senior year of high school. The requirements apply to students beginning 9th grade in the 2023-2024 school year and later. It also requires school districts to offer a course in government and citizenship to juniors and seniors starting in the 2023-2024 school year; current law encourages districts to offer the course.
