This bill, as amended by H2374A1, appropriates \$18,896,000 in general fund money in fiscal year 2024 to design, construct, furnish, and equip the remodel and rehabilitation of historic building 6 at the Minnesota Veterans Home in Minneapolis. The appropriation may also be used for environmental and hazardous materials abatement assessments at the site.

The commissioner of veterans affairs may apply for federal funding and expand the veterans home with up to 39 beds for eligible veterans and their spouses. The state must cover any operating costs for the facility that exceed any revenue and federal funding used to operate the facility and care for Minnesota veterans.

Finally, the bill authorizes the commissioner of administration to accept certain nonstate contributions for the development of the home.

Effective the day following final enactment.
