

**Subject** Banning Mercury-Containing Lighting

**Authors** Hemmingsen-Jaeger

**Analyst** Bob Eleff

**Date** February 28, 2024

## Summary

H.F. 3326 bans the sale of several types of compact fluorescent lamps in Minnesota by January 1, 2025 (screw- or bayonet-base type), or by January 1, 2026 (pin-base type or a linear fluorescent lamp). Exemptions are made for lamps used for image capture and projection; photocopying, printing and lithography; film and video projecting; and others.
