

Projected 2007 LGA under current law vs the A06-1664 amendment to H.F. 2457

The attached run shows certified 2006 LGA and projected 2007 LGA under current law and then compares those with projected 2007 under the proposal in the A06-1664 amendment to H.F. 2457. The amendment provides for “full funding” of the current LGA formula; where the percent of “unmet need” paid under the formula is set at 100 percent. The total LGA appropriation is increased to pay for the additional aid.

Assumptions used for 2007 LGA projections under current law:

- ▶ Projected 2005 population based on median growth rate in each city from the previous three years.
- ▶ Population decline based on change between 1995 and projected 2005 population
- ▶ Updated estimates of percent of market value classified as commercial or industrial
- ▶ Total need inflated for one more year of growth in the IPD for state and local government purchases.
- ▶ Updated certified Pay 2006 levies and estimated adjusted net tax capacity’s used in calculating “ability to raise revenue locally”.
- ▶ Caps on the minimum and maximum LGA increase in each city is based on 2006 LGA and levies.
- ▶ **Factors not updated from 2006 include:**
 - percent of housing built before 1940;
 - accident rate; and
 - household size.
 -

Changes under 100% funding proposal:

- The need increase percentage is set at 100%
- The caps on maximum increases to individual cities are eliminated although caps on decreases are retained
- The appropriation is allowed to increase to the amount needed to pay 100% of “unmet need”

The columns contain the following information:

- **Column 1:** 2004 Population
- **Column 2:** Certified Pay 2006 LGA
- **Column 3:** Projected Pay 2007 LGA
- **Column 4:** Projected Pay 2007 LGA under the full funding proposal
- **Column 5:** Difference in Pay 2007 LGA under the full funding proposal compared to current law
