

2017 and 2018 city LGA under current law vs. H.F. 4 - conference committee report

The attached run shows the distribution of certified 2017 and estimated 2018 LGA amounts under current law. It compares these amounts with the amounts that would be in 2018 under H.F. 4, the conference committee report.

H.F. 4, the conference committee report does the following:

- fixes the LGA problem where some cities lost aid even though their previous year's aid was less than their current "unmet need" under the formula beginning with Pay 2018,
- changes the population transition range from 10,000-10,500 to 10,000-11,000 when a city transitions from the medium city need formula to the large city need formula
- adds a sparsity factor to the need measure of \$200 per capita for cities with a population under 10,000 and a population density of less than 30 per square mile; and
- allows a new city (Rice Lake) an adjusted starting point for calculating its LGA beginning in 2018 equal to \$95 times its 2014 population;

The printout contains the following information:

- **Column 1:** Certified 2017 LGA
- **Column 2:** Estimated 2018 LGA under current law
- **Column 3:** Estimated 2018 LGA under H.F. 4, the conference committee report
- **Column 4:** Change in 2018 LGA between current law and H.F. 4, the conference committee report
- **Column 5:** Per capita change in 2018 LGA between current law and H.F. 4, the conference committee report

For further information contact: Pat Dalton 651-296-7434
