Run: lga2007proj1

Projected 2007 City LGA compared to LGA from 2003 to 2006

The attached run shows LGA payments to individual cities for aids payable in 2003 through 2006 and compares them to projected 2007 LGA amounts for each city. The projected amounts are based on data used in the 2006 LGA calculations with the following exceptions:

- individual city population is adjusted based on a city's population growth rate from 2003-2004;
- city levies and adjusted net tax capacities are based on 2006 projections of levy and tax base growth as of the end of the 2005 special session; and
- the inflation factor used to adjust the "need" measure includes projected inflation from CY 2003 through CY 2005.

Only the actual amounts paid in CY 2003, after budget cuts are shown. The certified 2004 LGA includes some onetime transition aid.

The columns contain the following information:

- **Column 1:** 2003 city population
- **Column 2:** Actual LGA paid in CY 2003
- **Column 3:** Certified Pay 2004 LGA
- **Column 4:** Certified Pay 2005 LGA
- **Column 5:** Certified Pay 2006 LGA
- **Column 6:** Projected Pay 2007 LGA
- **Column 7:** Change in LGA between certified Pay 2006 and projected Pay 2006

Note: Major aid losses were anticipated for certain cities, including Minneapolis and St. Paul, between 2006 and 2007. These changes are due to the fact that limits on maximum aid increases to individual cities in Pay 2006 were not adjusted when the appropriation was increased as part of the 2005 special session tax bill. The lack of adjustment caused some cities to get extra one-time money in 2006 that is then redistributed under the formula to other cities in 2007.

For further information contact: Pat Dalton 651-296-7434
