Subd. 2. [COMMISSIONER.] "Commissioner" means the commissioner of health.

Subd. 3. [CORE SERVICES.] "Core services" means physician services, registered nursing services, medical social services, and counseling services. A hospice must ensure that at least two core services are regularly provided directly by hospice employees. A hospice provider may use contracted staff if necessary to supplement hospice employees in order to meet the needs of patients during peak patient loads or under extraordinary circumstances.

Subd. 4. [COUNSELING SERVICES.] "Counseling services" includes bereavement counseling provided after the patient's death and spiritual and other counseling services for the individual and the family while enrolled in hospice care. Bereavement services must be provided according to a plan of care that reflects the needs of the family for up to one year following the death of the patient.

Subd. 5. [HOSPICE PROVIDER.] "Hospice provider" means an individual, organization, association, corporation, unit of government, or other entity that is regularly engaged in the delivery, directly or by contractual arrangement, of hospice services for a fee to terminally ill hospice patients. A hospice must provide all core services.

Subd. 6. [HOSPICE PATIENT.] "Hospice patient" means an individual who has been diagnosed as terminally ill, with a probable life expectancy of under one year, as documented by the individual's attending physician and hospice medical director, who alone or, when unable, through the individual's family has voluntarily consented to and received admission to a hospice provider.

Subd. 7. [HOSPICE PATIENT'S FAMILY.] "Hospice patient's family" means relatives of the hospice patient, the hospice patient's guardian or primary caregiver, or persons identified by the hospice patient as having significant personal ties.

Subd. 8. [HOSPICE SERVICES OR HOSPICE CARE.] "Hospice services" or "hospice care" means palliative and supportive care and other services provided by an interdisciplinary team under the direction of an identifiable hospice administration to terminally ill hospice patients and their families to meet the physical, nutritional, emotional, social, spiritual, and special needs experienced during the final stages of illness, dying, and bereavement. These services are provided through a centrally coordinated program that ensures continuity and consistency of home and inpatient care that is provided directly or through an agreement.

Subd. 9. [INTERDISCIPLINARY TEAM.] "Interdisciplinary team" means a group of qualified individuals with expertise in meeting the special needs of hospice patients and their families, including, at a minimum, those individuals who are providers of core services.
Subd. 10. [MEDICAL DIRECTOR.] "Medical director" means a licensed physician who is knowledgeable about palliative medicine and assumes overall responsibility for the medical component of the hospice care program.

Subd. 11. [OTHER SERVICES.] "Other services" means physical therapy, occupational therapy, speech therapy, nutritional counseling, and volunteers. These services must be made available and may be provided by employees or contracted staff.

Subd. 12. [PALLIATIVE CARE.] "Palliative care" means the total active care of patients whose treatment is not responsive to curative treatment. Control of pain, of other symptoms, and of psychological, social, and spiritual problems is paramount. The goal of palliative care is the achievement of the best quality of life for patients and their families.

Subd. 13. [RESIDENTIAL HOSPICE FACILITY.] "Residential hospice facility" means a facility that resembles a single-family home located in a residential area that directly provides 24-hour residential and support services in a home-like setting for hospice patients as an integral part of the continuum of home care provided by a hospice and that houses:

1. no more than eight hospice patients; or

2. at least nine and no more than 12 hospice patients with the approval of the local governing authority, notwithstanding section 462.357, subdivision 8.

Subd. 14. [VOLUNTEER SERVICES.] "Volunteer services" means services by volunteers who provide a personal presence that augments a variety of professional and nonprofessional services available to the hospice patient, the hospice patient's family, and the hospice provider.

Sec. 14. [144A.751] [HOSPICE BILL OF RIGHTS.]

Subdivision 1. [STATEMENT OF RIGHTS.] An individual who receives hospice care and the individual's family have the right to:

1. receive written information about rights in advance of receiving hospice care or during the initial evaluation visit before the initiation of hospice care, including what to do if rights are violated;

2. receive care and services according to a suitable hospice plan of care and subject to accepted hospice care standards and take an active part in creating and changing the plan and evaluating care and services;

3. be told in advance of receiving care about the services that will be provided, the disciplines that will furnish care, the frequency of visits proposed to be furnished, other choices that are available, and the consequences of these choices, including the consequences of refusing these services;

4. be told in advance, whenever possible, of any change in the hospice plan of care and take an active part in any change;

5. refuse services or treatment;

6. know, in advance, any limits to the services available from a provider, and the provider's grounds for a termination of services;

7. know in advance of receiving care whether the services are covered by health insurance, medical assistance, or other health programs, the charges for services that will not be covered by Medicare, and the charges that the individual may have to pay;

8. know what the charges are for services, no matter who will be paying the bill;
(9) know that there may be other services available in the community, including other end of life services and other hospice providers, and know where to go for information about these services;

(10) choose freely among available providers and change providers after services have begun, within the limits of health insurance, medical assistance, or other health programs;

(11) have personal, financial, and medical information kept private and be advised of the provider's policies and procedures regarding disclosure of such information;

(12) be allowed access to records and written information from records according to section 144.335;

(13) be served by people who are properly trained and competent to perform their duties;

(14) be treated with courtesy and respect and have the patient's property treated with respect;

(15) be free from physical and verbal abuse;

(16) reasonable, advance notice of changes in services or charges, including at least ten days' advance notice of the termination of a service by a provider, except in cases where:

(i) the recipient of services engages in conduct that alters the conditions of employment as specified in the employment contract between the hospice provider and the individual providing hospice services or creates an abusive or unsafe work environment for the individual providing home care services; or

(ii) an emergency for the informal caregiver or a significant change in the recipient's condition has resulted in service needs that exceed the current service provider agreement and that cannot be safely met by the hospice provider;

(17) a coordinated transfer when there will be a change in the provider of services;

(18) voice grievances regarding treatment or care that is, or fails to be, furnished or regarding the lack of courtesy or respect to the patient or the patient's property;

(22) have pain and symptoms managed to the patient's desired level of comfort.

Subd. 2. [INTERPRETATION AND ENFORCEMENT OF RIGHTS.] The rights under this section are established for the benefit of individuals who receive hospice care. A hospice provider may not require a person to surrender these rights as a condition of receiving hospice care. A guardian or conservator or, when there is no guardian or conservator, a designated person may seek to enforce these rights. This statement of rights does not replace or diminish other rights and liberties that may exist relative to persons receiving hospice care, persons providing hospice care, or hospice providers licensed under section 144A.753.

Subd. 3. [DISCLOSURE.] A copy of these rights must be provided to an individual at the time hospice care is initiated. The copy shall contain the address and telephone number of the office of health facility complaints and the office of the ombudsman for older Minnesotans and a brief statement describing how to file a complaint with these offices. Information about how to contact the office of the ombudsman for older Minnesotans shall be included in notices of change in client fees and in notices where hospice providers initiate transfer or discontinuation of services.
Sec. 15. [144A.752] [REGULATION OF HOSPICE CARE.]

Subdiv. 1. [RULES.] The commissioner shall adopt rules for the regulation of hospice providers according to sections 144A.75 to 144A.756. The rules shall include the following:

(1) provisions to ensure, to the extent possible, the health, safety, well-being, and appropriate treatment of persons who receive hospice care;

(2) requirements that hospice providers furnish the commissioner with specified information necessary to implement sections 144A.75 to 144A.756;

(3) standards of training of hospice provider personnel;

(4) standards for medication management, which may vary according to the nature of the hospice care provided, the setting in which the hospice care is provided, or the status of the patient;

(5) standards for hospice patient and hospice patient's family evaluation or assessment, which may vary according to the nature of the hospice care provided or the status of the patient; and

(6) requirements for the involvement of a patient's physician; documentation of physicians' orders, if required, and the patient's hospice plan of care; and maintenance of accurate, current clinical records.

Subd. 2. [REGULATORY FUNCTIONS.] (a) The commissioner shall:

(1) evaluate, monitor, and license hospice providers according to sections 144A.75 to 144A.756;

(2) inspect the office and records of a hospice provider during regular business hours without advance notice to the hospice provider;

(3) with the consent of the patient, visit the home where services are being provided;

(4) issue correction orders and assess civil penalties according to section 144.653, subdivisions 5 to 8, for violations of sections 144A.75 to 144A.755 or rules adopted thereunder. For certified hospice providers, the commissioner shall assess a civil penalty for repeat violations of those Medicare requirements determined to be equivalent to state requirements relating to the same subject matter; and

(5) take other action reasonably required to accomplish the purposes of sections 144A.75 to 144A.756.

(b) In the exercise of the authority granted under this section, the commissioner shall comply with the applicable requirements of the Government Data Practices Act, the Administrative Procedure Act, and other applicable law.

Subd. 3. [RELATION TO OTHER REGULATORY PROGRAMS.] In the exercise of the authority granted under sections 144A.75 to 144A.756, the commissioner shall not duplicate or replace standards and requirements imposed under another regulatory program of the state. The commissioner shall not impose additional training or education requirements upon members of a licensed or registered occupation or profession, except as necessary to address or prevent problems that are unique to the delivery of hospice care or to enforce and protect the rights of patients listed under section 144A.751. The commissioner shall not require a hospice care provider certified under the Medicare program and surveyed and enforced by the Minnesota department of health to comply with a rule adopted under this section if the hospice provider is required to comply with any equivalent federal law or regulation relating to the same subject matter. The commissioner shall specify in the rules those provisions that are not applicable to certified hospice providers. For certified hospice providers, the commissioner shall assess a civil penalty for repeat violations of those Medicare requirements determined to be equivalent to state requirements relating to the same subject matter using state civil penalty amounts as defined in rule.

Subd. 4. [MEDICAID REIMBURSEMENT.] Certification by the federal Medicare program must not be a requirement of Medicaid payment for room and board services delivered in a residential hospice facility.
Sec. 16. [144A.753] [LICENSURE.]

Subdivision 1. [LICENSE REQUIRED; APPLICATION.] (a) A hospice provider may not operate in the state without a valid license issued by the commissioner.

(b) Within ten days after receiving an application for a license, the commissioner shall acknowledge receipt of the application in writing. The acknowledgment must indicate whether the application appears to be complete or whether additional information is required before the application is considered complete. Within 90 days after receiving a complete application, the commissioner shall either grant or deny the license. If an applicant is not granted or denied a license within 90 days after submitting a complete application, the license must be deemed granted. An applicant whose license has been deemed granted must provide written notice to the commissioner before providing hospice care.

(c) Each application for a hospice provider license, or for a renewal of a license, shall be accompanied by a fee to be set by the commissioner.

Fees established under Minnesota Rules, chapter 4669, for class D hospice providers shall apply until new rules are adopted.

Subd. 2. [LICENSING REQUIREMENTS.] The commissioner shall license hospice providers using the authorities under sections 144A.75 to 144A.756. To receive a license, a hospice provider must:

1. provide centrally coordinated core services in the home and inpatient settings;
2. require that the medical components of the hospice care program be under the direction of a licensed physician who serves as medical director;
3. require that the palliative care provided to a hospice patient be under the direction of a licensed physician;
4. utilize an interdisciplinary team that meets regularly to develop, implement, and evaluate the hospice provider's plan of care for each hospice patient and the patient's family. Within 48 hours of admission, a licensee must enter a written service agreement with the patient or the patient's responsible person describing the cost of services. Services are provided according to the plan of care developed by the interdisciplinary team. Changes in the services provided that do not cause a change in fees do not require a written modification of the service plan agreed to by the patient or the patient's responsible person;
5. provide accessible hospice care 24 hours a day seven days a week;
6. utilize an ongoing system of quality assurance;
7. require that volunteer services be provided by individuals who have completed a hospice volunteer training program and are trained to provide the services required;
8. provide a planned program of supportive services and bereavement counseling available to patients and families during hospice care and the bereavement period following the death of the hospice patient; and
9. require that inpatient services be provided directly or by arrangement in a licensed hospital or nursing home or residential hospice.

Subd. 3. [NOMENCLATURE.] A hospice provider may not operate in the state or use the words "hospice," "hospice care," "hospice care program," or "hospice provider" without a valid license issued by the commissioner. St. Anne Hospice in Winona county may continue to use the name "hospice."
Sec. 17. [144A.754] [ENFORCEMENT.]

Subdivision 1. [ENFORCEMENT.] (a) The commissioner may refuse to grant or renew a license, or may suspend or revoke a license, for violation of statutes or rules relating to hospice or for conduct detrimental to the welfare of a patient. Prior to any suspension, revocation, or refusal to renew a license, the hospice provider is entitled to notice and a hearing as provided by chapter 14.

(b) In addition to any other remedy provided by law, the commissioner may, without a prior contested case hearing, temporarily suspend a license or prohibit delivery of hospice care by a provider for not more than 60 days if the commissioner determines that the health or safety of a patient is in imminent danger, provided:

1. advance notice is given to the provider;
2. after notice, the provider fails to correct the problem;
3. the commissioner has reason to believe that other administrative remedies are not likely to be effective; and
4. there is an opportunity for a contested case hearing within the 60 days.

(c) The process of suspending or revoking a license must include a plan for transferring affected patients to other providers.

(d) The owner and managerial officials of a hospice provider, the license of which has not been renewed or has been revoked because of noncompliance with applicable law, are not eligible to apply for and shall not be granted a license for five years following the effective date of the nonrenewal or revocation.

(e) The commissioner shall not issue a license to a hospice provider if an owner or managerial official includes an individual who was an owner or managerial official of a hospice provider or other type of licensed home care provider whose license was not renewed or was revoked as described in paragraph (d) for five years following the effective date of nonrenewal or revocation.

(f) Notwithstanding paragraph (a), the commissioner shall not renew or shall suspend or revoke the license of a hospice provider that includes an individual as an owner or managerial official who was an owner or managerial official of a hospice provider whose license was not renewed or was revoked as described in paragraph (d) for five years following the effective date of the nonrenewal or revocation.

(g) The commissioner shall notify the hospice provider 30 days in advance of the date of nonrenewal, suspension, or revocation of the license. Within ten days after the receipt of this notification, the hospice provider may request, in writing, that the commissioner stay the nonrenewal, revocation, or suspension of the license. The hospice provider shall specify the reasons for requesting the stay; the steps that will be taken to attain or maintain compliance with the licensure laws; any limits on the authority or responsibility of the owners or managerial officials whose actions resulted in the notice of nonrenewal, revocation, or suspension; and any other information to establish that the continuing affiliation with these individuals will not jeopardize patient health, safety, or well-being. The commissioner shall determine whether the stay will be granted within 30 days of receiving the provider’s request. The commissioner may propose additional restrictions or limitations on the provider’s license and require that the granting of the stay be contingent upon compliance with those provisions. The commissioner shall take into consideration the following factors when determining whether the stay should be granted:

1. the threat that continued involvement of the owners and managerial officials in the hospice provider poses to patient health, safety, and well-being;
2. the compliance history of the hospice provider; and
3. the appropriateness of any limits suggested by the hospice provider.
(h) If the commissioner grants the stay, the order shall include any restrictions or limitations on the provider’s license. The failure of the provider to comply with any restrictions or limitations shall result in the immediate removal of the stay and the commissioner shall take immediate action to suspend, revoke, or not renew the license.

(i) The provisions contained in paragraphs (d) and (e) apply to any nonrenewal or revocation of a hospice provider license occurring after the effective date of the rules adopted under section 144A.752.

(j) For the purposes of this subdivision, owners of a hospice provider are those individuals whose ownership interest provides sufficient authority or control to affect or change decisions related to the operation of the hospice provider. An owner includes a sole proprietor, a general partner, or any other individual whose individual ownership interest can affect the management and direction of the policies of the hospice provider. For the purposes of this subdivision, managerial officials are those individuals who had the responsibility for the ongoing management or direction of the policies, services, or employees of the hospice provider relating to the areas of noncompliance that led to the license revocation or nonrenewal.

Subd. 2. [INJUNCTIVE RELIEF.] In addition to any other remedy provided by law, the commissioner may bring an action in district court to enjoin a person who is involved in the management, operation, or control of a hospice provider or an employee of the hospice provider from illegally engaging in activities regulated under sections 144A.75 to 144A.756. The commissioner may bring an action under this subdivision in the district court in Ramsey county or in the district in which a hospice provider is providing hospice care. The court may grant a temporary restraining order in the proceeding if continued activity by the person who is involved in the management, operation, or control of a hospice provider or an employee of the hospice provider would create an imminent risk of harm to a recipient of hospice care.

Subd. 3. [SUBPOENA.] In matters pending before the commissioner under sections 144A.75 to 144A.755, the commissioner may issue subpoenas and compel the attendance of witnesses and the production of all necessary papers, books, records, documents, and other evidentiary material. If a person fails or refuses to comply with a subpoena or order of the commissioner to appear or testify regarding any matter about which the person may be lawfully questioned or to produce any papers, books, records, documents, or evidentiary materials in the matter to be heard, the commissioner may apply to the district court in any district and the court shall order the person to comply with the commissioner’s order or subpoena. The commissioner may administer oaths to witnesses or take their affirmation. Depositions may be taken in or outside the state in the manner provided by law for the taking of depositions in civil actions. A subpoena or other process or paper may be served upon a named person anywhere within the state by an officer authorized to serve subpoenas in civil actions, with the same fees and mileage and in the same manner as prescribed by law for process issued out of a district court. A person subpoenaed under this subdivision shall receive the same fees, mileage, and other costs that are paid in proceedings in district court.

Subd. 4. [TIME LIMITS FOR APPEALS.] To appeal an assessment of civil penalties under section 144A.752, subdivision 2, paragraph (a), clause (4); a denial of a waiver or variance; and an action against a license under subdivision 1, a hospice provider must request a hearing no later than 15 days after the provider receives notice of the action.

Subd. 5. [PRIOR CRIMINAL CONVICTIONS.] (a) Before the commissioner issues an initial or renewal license, an owner or managerial official is required to complete a background study under section 144A.057. No person may be involved in the management, operation, or control of a hospice provider if the person has been disqualified under chapter 245A. Individuals disqualified under that chapter may request a reconsideration and, if the disqualification is set aside, are then eligible to be involved in the management, operation, or control of the provider. For purposes of this section, owners of a hospice provider subject to the background check requirement are those individuals whose ownership interest provides sufficient authority or control to affect or change decisions related to the operation of the hospice provider. An owner includes a sole proprietor, a general partner, or any other individual whose individual ownership interest can affect the management and direction of the policies of the hospice provider. For the purposes of this section, managerial officials subject to the background check requirement are those individuals who provide "direct contact" as defined in section 245A.04, subdivision 3, or those individuals who have the responsibility for the ongoing management or direction of the policies, services, or employees of the hospice provider. Data collected under this subdivision are classified as private data under section 13.02, subdivision 12.
(b) Employees, contractors, and volunteers of a hospice provider are subject to the background study required by section 144.057. These individuals shall be disqualified under chapter 245A. Nothing in this section shall be construed to prohibit a hospice provider from requiring self-disclosure of criminal conviction information.

(c) Termination of an employee in good faith reliance on information or records obtained under paragraph (a) or (b) regarding a confirmed conviction does not subject the hospice provider to civil liability or liability for unemployment benefits.

Sec. 18. [144A.755] [INFORMATION AND REFERRAL SERVICES.]

The commissioner shall ensure that information and referral services relating to hospice care are available in all regions of the state. The commissioner shall collect and make available information about available hospice care, sources of payment, providers, and the rights of patients. The commissioner may require hospice providers to provide information requested for the purposes of this section as a condition of licensure. The commissioner may publish and make available:

(1) general information describing hospice care in the state;

(2) limitations on hours, availability of services, and eligibility for third-party payments, applicable to individual providers; and

(3) other information the commissioner determines to be appropriate.

Sec. 19. [144A.756] [PENALTY.]

A person involved in the management, operation, or control of a hospice provider who violates section 144A.753, subdivision 1, paragraph (a), is guilty of a misdemeanor. This section does not apply to a person who had no legal authority to affect or change decisions related to the management, operation, or control of a hospice provider.

Sec. 20. Minnesota Statutes 2000, section 145C.01, subdivision 7, is amended to read:

Subd. 7. [HEALTH CARE FACILITY.] "Health care facility" means a hospital or other entity licensed under sections 144.50 to 144.58, a nursing home licensed to serve adults under section 144A.02, or a home care provider licensed under sections 144A.43 to 144A.48, or a hospice provider licensed under sections 144A.75 to 144A.756.

Sec. 21. Minnesota Statutes 2000, section 157.17, subdivision 2, is amended to read:

Subd. 2. [REGISTRATION.] At the time of licensure or license renewal, a boarding and lodging establishment or a lodging establishment that provides supportive services or health supervision services must be registered with the commissioner, and must register annually thereafter. The registration must include the name, address, and telephone number of the establishment, the name of the operator, the types of services that are being provided, a description of the residents being served, the type and qualifications of staff in the facility, and other information that is necessary to identify the needs of the residents and the types of services that are being provided. The commissioner shall develop and furnish to the boarding and lodging establishment or lodging establishment the necessary form for submitting the registration.

Housing with services establishments registered under chapter 144D shall be considered registered under this section for all purposes except that:

(1) the establishments shall operate under the requirements of chapter 144D; and

(2) the criminal background check requirements of sections 299C.66 to 299C.71 apply. The criminal background check requirements of section 144.057 apply only to personnel providing home care services under sections 144A.43 to 144A.48, 144A.47 and personnel providing hospice care under sections 144A.75 to 144A.756.

(b) (c) The fee is 27 cents a month for each customer access line or other basic access service, including trunk equivalents as designated by the public utilities commission for access charge purposes and including cellular and other nonwire access wireless telecommunications services. The fee must be the same for all customers.

(c) (d) The fee must be collected by each company or carrier providing service wireless or wireline telecommunications service provider subject to the fee. Fees are payable to and must be submitted to the commissioner of administration monthly before the 25th of each month following the month of collection, except that fees may be submitted quarterly if less than $250 a month is due, or annually if less than $25 a month is due. Receipts must be deposited in the state treasury and credited to a 911 emergency telephone telecommunications service account in the special revenue fund.
