"Section 1. Minnesota Statutes 2000, section 121A.41, subdivision 10, is amended to read:

Subd. 10. [SUSPENSION.] "Suspension" means an action by the school administration, under rules promulgated by the school board, prohibiting a pupil from attending school for a period of no more than ten school days. If a suspension is longer than five days, the suspending administrator must provide the superintendent with a reason for the longer suspension. This definition does not apply to dismissal from school for one school day or less, except as provided in federal law for a student with a disability. Each suspension action may include a readmission plan. The readmission plan shall include, where appropriate, a provision for implementing alternative educational services upon readmission and may not be used to extend the current suspension. Consistent with section 125A.09, subdivision 3, the readmission plan must not obligate a parent to provide a sympathomimetic medication for the parent's child as a condition of readmission. The school administration may not impose consecutive suspensions against the same pupil for the same course of conduct, or incident of misconduct, except where the pupil will create an immediate and substantial danger to self or to surrounding persons or property, or where the district is in the process of initiating an expulsion, in which case the school administration may extend the suspension to a total of 15 days. In the case of a student with a disability, the student's individual education plan team must meet immediately but not more than ten school days after the date on which the decision to remove the student from the student's current education placement is made. The individual education plan team shall at that meeting: conduct a review of the relationship between the child's disability and the behavior subject to disciplinary action; and determine the appropriateness of the child's education plan.

The requirements of the individual education plan team meeting apply when:

1. The parent requests a meeting;
2. The student is removed from the student's current placement for five or more consecutive days; or
3. The student's total days of removal from the student's placement during the school year exceed ten cumulative days in a school year. The school administration shall implement alternative educational services when the suspension exceeds five days. A separate administrative conference is required for each period of suspension.

[EFFECTIVE DATE.] This section is effective the day following final enactment.

Sec. 2. Minnesota Statutes 2000, section 122A.18, is amended by adding a subdivision to read:

Subd. 2b. [SPECIAL EDUCATION INFORMATION.] All colleges and universities approved by the board of teaching to prepare persons for classroom teacher licensure must include in their teacher preparation programs information on special education laws, teaching strategies, and positive behavior interventions.

[EFFECTIVE DATE.] This section is effective the day following final enactment.

Sec. 3. Minnesota Statutes 2000, section 122A.61, subdivision 1, is amended to read:

Subdivision 1. [STAFF DEVELOPMENT REVENUE.] A district is required to reserve an amount equal to at least two percent of the basic revenue under section 126C.10, subdivision 2, for in-service education for programs under section 120B.22, subdivision 2, for staff development plans, including plans for challenging instructional activities and experiences under section 122A.60, and for curriculum development and programs, other in-service
education, teachers' workshops, teacher conferences, the cost of substitute teachers staff development purposes, pre-service and in-service education for special education professionals and paraprofessionals, and other related costs for staff development efforts. A district may annually waive the requirement to reserve their basic revenue under this section if a majority vote of the licensed teachers in the district and a majority vote of the school board agree to a resolution to waive the requirement. A district in statutory operating debt is exempt from reserving basic revenue according to this section. Districts may expend an additional amount of unreserved revenue for staff development based on their needs. With the exception of amounts reserved for staff development from revenues allocated directly to school sites, the board must initially allocate 50 percent of the reserved revenue to each school site in the district on a per teacher basis, which must be retained by the school site until used. The board may retain 25 percent to be used for district wide staff development efforts. The remaining 25 percent of the revenue must be used to make grants to school sites for best practices methods. A grant may be used for any purpose authorized under section 120B.22, subdivision 2, 122A.60, or for the costs of curriculum development and programs, other in-service education, teachers' workshops, teacher conferences, substitute teachers for staff development purposes, and other staff development efforts, and determined by the site professional development team. The site professional development team must demonstrate to the school board the extent to which staff at the site have met the outcomes of the program. The board may withhold a portion of initial allocation of revenue if the staff development outcomes are not being met.

[EFFECTIVE DATE.] This section is effective the day following final enactment.

Sec. 4. Minnesota Statutes 2000, section 125A.08, is amended to read:

125A.08 [SCHOOL DISTRICT OBLIGATIONS.]

(a) As defined in this section, every district must ensure the following:

(1) all students with disabilities are provided the special instruction and services which are appropriate to their needs. Where the individual education plan team has determined appropriate goals and objectives based on the student's needs, including the extent to which the student can be included in the least restrictive environment, and where there are essentially equivalent and effective instruction, related services, or assistive technology devices available to meet the student's needs, cost to the district may be among the factors considered by the team in choosing how to provide the appropriate services, instruction, or devices that are to be made part of the student's individual education plan. The individual education plan team shall consider and may authorize services covered by medical assistance according to section 256B.0625, subdivision 26. The student's needs and the special education instruction and services to be provided must be agreed upon through the development of an individual education plan. The plan must address the student's need to develop skills to live and work as independently as possible within the community. The individual education plan team must consider positive behavioral interventions, strategies, and supports that address behavior for children with attention deficit disorder or attention deficit hyperactivity disorder. By grade 9 or age 14, the plan must address the student's needs for transition from secondary services to post-secondary education and training, employment, community participation, recreation, and leisure and home living. In developing the plan, districts must inform parents of the full range of transitional goals and related services that should be considered. The plan must include a statement of the needed transition services, including a statement of the interagency responsibilities or linkages or both before secondary services are concluded;

(2) children with a disability under age five and their families are provided special instruction and services appropriate to the child's level of functioning and needs;

(3) children with a disability and their parents or guardians are guaranteed procedural safeguards and the right to participate in decisions involving identification, assessment including assistive technology assessment, and educational placement of children with a disability;

(4) eligibility and needs of children with a disability are determined by an initial assessment or reassessment, which may be completed using existing data under United States Code, title 20, section 33, et seq.;
(5) to the maximum extent appropriate, children with a disability, including those in public or private institutions or other care facilities, are educated with children who are not disabled, and that special classes, separate schooling, or other removal of children with a disability from the regular educational environment occurs only when and to the extent that the nature or severity of the disability is such that education in regular classes with the use of supplementary services cannot be achieved satisfactorily;

(6) in accordance with recognized professional standards, testing and evaluation materials, and procedures used for the purposes of classification and placement of children with a disability are selected and administered so as not to be racially or culturally discriminatory; and

(7) the rights of the child are protected when the parents or guardians are not known or not available, or the child is a ward of the state.

(b) For paraprofessionals employed to work in programs for students with disabilities, the school board in each district shall ensure that:

(1) before or immediately upon employment, each paraprofessional develops sufficient knowledge and skills in emergency procedures, building orientation, roles and responsibilities, confidentiality, vulnerability, and reportability, among other things, to begin meeting the needs of the students with whom the paraprofessional works;

(2) annual training opportunities are available to enable the paraprofessional to continue to further develop the knowledge and skills that are specific to the students with whom the paraprofessional works, including understanding disabilities, following lesson plans, and implementing follow-up instructional procedures and activities; and

(3) a districtwide process obligates each paraprofessional to work under the ongoing direction of a licensed teacher and, where appropriate and possible, the supervision of a school nurse.

[EFFECTIVE DATE.] This section is effective the day following final enactment.

Sec. 5. Minnesota Statutes 2000, section 125A.09, subdivision 3, is amended to read:

Subd. 3. [INITIAL ACTION; PARENT CONSENT.] (a) The district must not proceed with the initial formal assessment of a child, the initial placement of a child in a special education program, or the initial provision of special education services for a child without the prior written consent of the child's parent or guardian. The refusal of a parent or guardian to consent may be overridden by the decision in a hearing held pursuant to subdivision 6 at the district's initiative.

(b) A parent, after consulting with health care, education, or other professional providers, may agree or disagree to provide the parent's child with sympathomimetic medications unless section 144.344 applies.

[EFFECTIVE DATE.] This section is effective the day following final enactment.

Sec. 6. Minnesota Statutes 2000, section 260A.01, is amended to read:

260A.01 [TRUANCY PROGRAMS AND SERVICES.]

(a) The programs in this chapter are designed to provide a continuum of intervention and services to support families and children in keeping children in school and combating truancy and educational neglect. School districts, county attorneys, and law enforcement may establish the programs and coordinate them with other community-based truancy services in order to provide the necessary and most effective intervention for children and their families. This continuum of intervention and services involves progressively intrusive intervention, beginning with strong service-oriented efforts at the school and community level and involving the court's authority only when necessary.
(b) Consistent with section 125A.09, subdivision 3, a parent's refusal to provide the parent's child with sympathomimetic medications does not constitute educational neglect.

[EFFECTIVE DATE.] This section is effective the day following final enactment.

Sec. 7. Minnesota Statutes 2000, section 260C.163, subdivision 11, is amended to read:

Subd. 11. [PRESUMPTIONS REGARDING TRUANCY OR EDUCATIONAL NEGLECT.] (a) A child's absence from school is presumed to be due to the parent's, guardian's, or custodian's failure to comply with compulsory instruction laws if the child is under 12 years old and the school has made appropriate efforts to resolve the child's attendance problems; this presumption may be rebutted based on a showing by clear and convincing evidence that the child is habitually truant. A child's absence from school without lawful excuse, when the child is 12 years old or older, is presumed to be due to the child's intent to be absent from school; this presumption may be rebutted based on a showing by clear and convincing evidence that the child's absence is due to the failure of the child's parent, guardian, or custodian to comply with compulsory instruction laws, sections 120A.22 and 120A.24.

(b) Consistent with section 125A.09, subdivision 3, a parent's refusal to provide the parent's child with sympathomimetic medications does not constitute educational neglect.

[EFFECTIVE DATE.] This section is effective the day following final enactment.

Sec. 8. Minnesota Statutes 2000, section 626.556, subdivision 2, is amended to read:

Subd. 2. [DEFINITIONS.] As used in this section, the following terms have the meanings given them unless the specific content indicates otherwise:

(a) "Sexual abuse" means the subjection of a child by a person responsible for the child's care, by a person who has a significant relationship to the child, as defined in section 609.341, or by a person in a position of authority, as defined in section 609.341, subdivision 10, to any act which constitutes a violation of section 609.342 (criminal sexual conduct in the first degree), 609.343 (criminal sexual conduct in the second degree), 609.344 (criminal sexual conduct in the third degree), 609.345 (criminal sexual conduct in the fourth degree), or 609.3451 (criminal sexual conduct in the fifth degree). Sexual abuse also includes any act which involves a minor which constitutes a violation of prostitution offenses under sections 609.321 to 609.324 or 617.246. Sexual abuse includes threatened sexual abuse.

(b) "Person responsible for the child's care" means (1) an individual functioning within the family unit and having responsibilities for the care of the child such as a parent, guardian, or other person having similar care responsibilities, or (2) an individual functioning outside the family unit and having responsibilities for the care of the child such as a teacher, school administrator, or other lawful custodian of a child having either full-time or short-term care responsibilities including, but not limited to, day care, babysitting whether paid or unpaid, counseling, teaching, and coaching.

(c) "Neglect" means:

(1) failure by a person responsible for a child's care to supply a child with necessary food, clothing, shelter, health, medical, or other care required for the child's physical or mental health when reasonably able to do so;

(2) failure to protect a child from conditions or actions which imminently and seriously endanger the child's physical or mental health when reasonably able to do so;

(3) failure to provide for necessary supervision or child care arrangements appropriate for a child after considering factors as the child's age, mental ability, physical condition, length of absence, or environment, when the child is unable to care for the child's own basic needs or safety, or the basic needs or safety of another child in their care;
(4) failure to ensure that the child is educated as defined in sections 120A.22 and 260C.163, subdivision 11, which does not include a parent’s refusal to provide the parent’s child with sympathomimetic medications, consistent with section 125A.09, subdivision 3;

(5) nothing in this section shall be construed to mean that a child is neglected solely because the child’s parent, guardian, or other person responsible for the child’s care in good faith selects and depends upon spiritual means or prayer for treatment or care of disease or remedial care of the child in lieu of medical care; except that a parent, guardian, or caretaker, or a person mandated to report pursuant to subdivision 3, has a duty to report if a lack of medical care may cause serious danger to the child’s health. This section does not impose upon persons, not otherwise legally responsible for providing a child with necessary food, clothing, shelter, education, or medical care, a duty to provide that care;

(6) prenatal exposure to a controlled substance, as defined in section 253B.02, subdivision 2, used by the mother for a nonmedical purpose, as evidenced by withdrawal symptoms in the child at birth, results of a toxicology test performed on the mother at delivery or the child at birth, or medical effects or developmental delays during the child’s first year of life that medically indicate prenatal exposure to a controlled substance;

(7) “medical neglect” as defined in section 260C.007, subdivision 4, clause (5);

(8) chronic and severe use of alcohol or a controlled substance by a parent or person responsible for the care of the child that adversely affects the child’s basic needs and safety; or

(9) emotional harm from a pattern of behavior which contributes to impaired emotional functioning of the child which may be demonstrated by a substantial and observable effect in the child’s behavior, emotional response, or cognition that is not within the normal range for the child’s age and stage of development, with due regard to the child’s culture.

(d) “Physical abuse” means any physical injury, mental injury, or threatened injury, inflicted by a person responsible for the child’s care on a child other than by accidental means, or any physical or mental injury that cannot reasonably be explained by the child’s history of injuries, or any aversive and deprivation procedures that have not been authorized under section 245.825. Abuse does not include reasonable and moderate physical discipline of a child administered by a parent or legal guardian which does not result in an injury. Actions which are not reasonable and moderate include, but are not limited to, any of the following that are done in anger or without regard to the safety of the child:

(1) throwing, kicking, burning, biting, or cutting a child;

(2) striking a child with a closed fist;

(3) shaking a child under age three;

(4) striking or other actions which result in any nonaccidental injury to a child under 18 months of age;

Sec. 9. [STUDY; APPROPRIATION.] $50,000 is appropriated from the general fund in fiscal year 2002 to the commissioner of children, families, and learning for the purpose of contracting with a qualified expert to determine and report, consistent with Minnesota Statutes, chapter 13, the number and overall incidence rate of Minnesota children ages three to 18, by age, grade level, gender, and race, diagnosed with attention deficit disorder (ADD) or attention deficit hyperactivity disorder (ADHD) currently taking sympathomimetic medications such as Ritalin. In preparing the report, the contractor also must determine the number and overall incidence rate of children not identified with ADD or ADHD currently taking sympathomimetic medications such as Ritalin. The contractor is encouraged to examine the number of children who take sympathomimetic medications at home and not at school, the previous interventions tried with children taking sympathomimetic medications, the types of practitioners who prescribe the sympathomimetic medications, and what pressures families have experienced in terms of providing their children with sympathomimetic medications. The commissioner must submit the report to the education committees of the legislature by February 15, 2002.

[EFFECTIVE DATE.] This section is effective July 1, 2001."

House Resolution No. 3 was reported to the House.

HOUSE RESOLUTION NO. 3

A house resolution congratulating the Dammann family on being named the 2001 McLeod County Farm Family of the Year.

Whereas, family farms feed our nation and form the backbone of our rural communities, and those family farms that have particularly dedicated themselves to hard work, cooperation, and the pursuit of excellence are deserving of special recognition; and

Whereas, the Dammann family, made up of parents Donald and Carol and children Michele Dammann, Mitchell Dammann, Marshall Dammann, and Marilee Peterson and her husband Daryl and their son Branstyn, has demonstrated a remarkable commitment to enhancing the fields of agriculture and production while maintaining an extremely active role in their community and local civic organizations; and
Whereas, the Dammann farm, Pit-Stop Dairy, is located in Helen Township, near Glencoe in McLeod County, Minnesota, and is primarily dedicated to growing feed and raising livestock for the dairy operation, although the family has also devoted some of its resources toward the raising of poultry; and

Whereas, all of the Dammann children play a role in the dairy helping with the family business, and the entire family has demonstrated a lifelong commitment to their community, maintaining active membership in such organizations as FFA, the VFW and VFW Auxiliary, and 4-H, all the while remaining active churchgoers and participating in numerous church and volunteering activities, such as the Minnesota Department of Agriculture's "Ag in the Classroom" program; and

Whereas, the Dammanns have received several awards from Bongards Creamery and the McLeod County DHIA for their Somatic Cell Count (SCC) and production levels, and the family's children have exhibited their cattle and poultry both at the Sibley County Fair and the State Fair, winning numerous ribbons, including Champion Showmanship Honors; and

Whereas, because of these achievements, the Dammann family has been named the McLeod County Farm Family of the Year for 2001, by the Minnesota Extension Service at the University of Minnesota, and they will be honored at a Recognition Banquet on March 1, 2001; Now, Therefore,

Be It Resolved by the House of Representatives of the State of Minnesota that it congratulates the Dammann family on winning the Farm Family of the Year award and commends their spirit of teamwork and cooperation, while extending best wishes to Donald, Carol, Michele, Mitchell, Marshall, Marilee, Daryl, and Branstyn for the future.

Be It Further Resolved that the Chief Clerk of the House of Representatives is directed to prepare an enrolled copy of this resolution, to be authenticated by his signature and that of the Speaker, and transmit it to the Dammann family.

Kielkucki moved that House Resolution No. 3 be now adopted. The motion prevailed and House Resolution No. 3 was adopted.

Sviggum, Pugh, Jacobson, Lipman and Kelliher introduced:
The resolution was referred to the Committee on Education Policy.
