Reported the same back with the following amendments:

Delete everything after the enacting clause and insert:

"Section 1. [16A.88] [SPORT FACILITIES FUND.]

(a) A sports facilities fund is established in the state treasury. The metropolitan sports facilities commission shall transfer $15,000,000 from its accumulated reserves to the commissioner of finance for deposit in the fund.

(b) Amounts in the fund may be used to pay the principal and interest on state revenue bonds issued to finance the baseball park. In addition, any available amounts in the fund may be used, as appropriated by law, to provide financial assistance to construct a football stadium and to make improvements to other sports facilities in the state.

Sec. 2. Minnesota Statutes 2000, section 272.02, is amended by adding a subdivision to read:

Subd. 50. [BASEBALL PARK.] Real or personal property acquired, owned, leased, controlled, used, or occupied as a baseball park by a major league professional baseball team is exempt from taxation but the property is subject to special assessments levied by a political subdivision under chapter 429. The baseball park includes parking
facilities and land necessary to and part of the use of the baseball park. A use of the property in any manner different from its use as a baseball park must not be considered in determining the special benefit under chapter 429 received by the properties. Notwithstanding section 272.01, subdivision 2, or 273.19, real or personal property on the premises of the baseball park leased by the local government unit that operates the baseball park to another person or entity for uses directly related to the operation of the baseball park is exempt from taxation regardless of the length of the lease. This subdivision expires one month after repayment of the bonds issued to finance the baseball park.

Sec. 3. Minnesota Statutes 2000, section 297A.71, is amended by adding a subdivision to read:

Subd. 28. [CONSTRUCTION MATERIALS; BASEBALL PARK.] Materials, supplies used or consumed in, and equipment incorporated into the construction or improvement of the baseball park constructed under sections 4 to 7, are exempt. This subdivision expires one year after the first major league baseball game is played in the baseball park.

Sec. 4. [SITE SELECTION FOR BASEBALL PARK.]

Subdivision 1. [DEFINITION.] (a) For purposes of sections 4 through 7, the following terms have the meanings given, unless the context indicates otherwise:

(b) "City" means the statutory or home rule charter city, designated by the council as the site for the baseball park.

(c) "Commissioner" means the commissioner of finance.

(d) "Council" means the executive council under Minnesota Statutes, section 9.011.

Subd. 2. [SITE SELECTION PROCESS.] On or before July 1, 2002, the council shall select a city to provide a site for the new baseball park. The required elements of the selection process are:

(1) the council shall accept bids from any city within the metropolitan area, as defined in Minnesota Statutes, section 473.121, subdivision 2;

(2) acceptable bids must provide, at a minimum, for the provision of land of a site that is of adequate size for the baseball park and adjacent parking facilities to be made available to the team;

(3) the site must be in a condition appropriate for development;

(4) the bid must specify the intent of the city to own and operate the baseball park and demonstrate a reasonable capacity to do so;

(5) the bid must demonstrate the financial capacity of the city to make the annual payments under and satisfy any other conditions of the loan under section 5; and

(6) the legislative commission on planning and fiscal policy has reviewed the bids and made a recommendation to the council regarding the proposed host city and site for the baseball park.

Subd. 3. [SELECTION CRITERIA.] In selecting a site, the council shall consider, at least the following:

(1) the adequacy of the size of the site relative to preferred design for the baseball park;

(2) the adequacy of existing public infrastructure serving the site, including parking and highway, road, and transit access to meet the demands created by events at the baseball park in combination with other uses or events in the area that create traffic, transit or parking demands;

(3) the costs of any likely infrastructure improvements for the facility;
(4) potential development advantages including development of compatible mixed use, commercial, and housing developments in the area surrounding the baseball park;

(5) compatibility of surrounding uses with the baseball park; and

(6) appropriate aesthetic considerations.

Subd. 4. [PRE-CONDITIONS FOR SELECTION.] Before the council may designate a city as the host city for the baseball park with the powers granted under sections 5 to 9, the council must determine that each of the following is met for the proposed baseball park:

(1) all of the requirements of sections 4 to 7 have been met by the city, the team, and major league baseball;

(2) the pledged facility and local tax revenues will be sufficient to pay the debt service on the revenue bonds;

(3) the city has established a baseball park district to foster the development and continuing growth of compact, pedestrian-oriented, compatible mixed uses within buildings and blocks around the baseball park;

(4) the requirements of subdivision 5 have been met; and

(5) the legislative commission on planning and fiscal policy has approved the site, in its recommendation to the council.

Subd. 5. [COMMUNITY OWNERSHIP.] (a) The owner of the major league baseball team must agree that before the owner sells a majority ownership interest in the team, the owner will attempt for a reasonable time to comply with the requirements of paragraphs (b) and (c).

(b) The owner of the team must work with the governor, the commissioner, and a community foundation or corporation on a plan to:

(1) transfer by gift to a foundation or corporation all ownership interests in the team;

(2) provide for sale of shares in the team by the foundation or corporation to the community, in a manner such that up to 49 percent of the voting stock may be dispersed so that no person owns more than five percent; and

(3) ensure that the franchise may not move from Minnesota without approval of 75 percent of the shares of voting stock.

(c) The owner of the team must attempt to reach an agreement on the sale of a majority interest in the team to one or more Minnesota buyers before attempting to sell the majority interest to others.

(d) If the owner of the team attempts to sell a majority interest in the team, the commissioner must report to the legislature at the beginning of the next legislative session on efforts to work with the owner of the team to implement this subdivision.

Sec. 5. [REVENUE BONDS; BASEBALL PARK.]

Subdivision 1. [REVENUE BOND AUTHORITY.] (a) The commissioner may issue state revenue bonds in a principal amount of up to $330,000,000 to make a loan to the city to finance the costs of designing, acquiring, constructing, furnishing, and equipping a baseball park for a major league baseball franchise, to pay principal interest on the bonds, to establish a reserve fund or funds, and to pay the cost of issuance of the bonds. The commissioner may issue and sell the bonds upon the terms and conditions as the commissioner determines to be in
the best interests of the state. The bonds may be issued at public or private sale. The commissioner may enter any agreements or pledges the commissioner determines necessary or useful to sell the bonds that are not inconsistent with this act. The bonds are payable only from the following sources:

(1) the principal and any investment earnings on the proceeds of the baseball fund under subdivision 3;

(2) payments of the city and team under the loan made by the commissioner; and

(3) other revenues pledged to the payment of the bonds.

(b) The commissioner may issue bonds to refund outstanding bonds issued under paragraph (a), including the payment of any redemption premiums on the bonds and any interest accrued or to accrue to the first redemption date after delivery of the refunding bonds. The proceeds of the refunding bonds may, in the discretion of the commissioner, be applied to the purchases or payment at maturity of the bonds to be refunded, or the redemption of the outstanding bonds on the first redemption date after delivery of the refunding bonds and may, until so used, be placed in escrow to be applied to such purchase, retirement, or redemption. Refunding bonds issued under the provisions of this paragraph must be issued and secured in the manner provided by the commissioner.

(c) Bonds issued under this section are not public debt, and the full faith, credit, and taxing powers of the state are not pledged for their payment. The bonds may not be paid, directly in whole or part from a tax of statewide application on any class of property, income, transaction, or privilege.

(d) The commissioner may contract with and appoint a trustee for bond holders. The trustee has the powers and authority vested in it by the commissioner under the bond and trust indentures.

Subd. 2. [PRE-CONDITIONS TO ISSUING BONDS.] Before issuing bonds or making a loan under this act, the commissioner must determine that:

(1) $165,000,000 in cash has been received for the baseball park gift fund under subdivision 3 from the team or other private sources;

(2) the city and the team have agreed to make payments on the ballpark loan at the times and in the amounts provided in the loan agreement, but not less than $10,000,000 per year;

(3) the commissioner determines the revenues pledged to pay the bonds from the baseball park gift fund and team and local tax revenues will be sufficient to pay and make the bonds marketable; and

(4) the conditions required under section 7, subdivision 1, have been met.

Subd. 3. [BASEBALL PARK GIFT FUND.] (a) A baseball park gift fund is established in the state treasury. The proceeds of this fund and its investment earnings are pledged to and may only be used to pay principal and interest obligations on bonds issued under this section.

(b) The state board of investment shall contract with the investment advisors specified by the team to invest money in the fund. The fund must be invested in authorized investments under Minnesota Statutes, section 11A.24, except (i) corporate obligations described in Minnesota Statutes, section 11A.24, subdivision 3, paragraph (b) and (ii) investments described in Minnesota Statutes, section 11A.24, subdivision 6, paragraph (a), clauses (1) to (4).

(c) The commissioner shall enter an agreement with the team to review the performance of investment of the fund at least once every four years. If the rate of return earned on money in the fund during the period was less than 8.5 percent per year, the team must pay the commissioner for deposit in the fund an amount of money sufficient to equal the money that would be in the fund, if an 8.5 percent annual rate of return had been earned. If the rate of return on the fund during the period exceeded 8.5 percent, the commissioner may use the excess to retire or defend the bonds or to pay for other improvements to the baseball park.
(d) In addition, the commissioner may require, as part of the loan agreement, that the city exercise its authority under section 6 to provide funds to the commissioner to make up any deficiency resulting from a default by the team on its obligation under paragraph (c). The city may recover from the team or its owners, any payments made in this paragraph.

Subd. 4. [LOCAL GOVERNING BODY APPROVAL.] The governing body of the city must approve by two-thirds vote a resolution confirming that it will own the baseball park and agree to the terms of the state loan.

Subd. 5. [CONSTRUCTION OF BASEBALL PARK; MAXIMUM PRICE.] The city must have executed agreements that provide for the construction of a roof-ready baseball park to be owned by the city for a guaranteed maximum price not to exceed $330,000,000, and that requires performance bonds in an amount at least equal to 100 percent of the guaranteed maximum price to cover any costs incurred over and above the guaranteed maximum price, including, but not limited to, costs incurred by the city and loss of revenues resulting from incomplete construction on the substantial completion date. The agreement must include that at least one-half of the cost of the baseball park must be financed by the owner of the major league baseball team or by other private sector financing and that the major league baseball team is responsible for and must pay all cost overruns.

Subd. 6. [MANAGER.] The city must have entered into a contract with a manager to operate the baseball park for the use of the major league baseball team.

Subd. 7. [AGREEMENT; TEAM.] The city must have entered into a use agreement with the major league baseball team that provides:

1. the major league baseball team is responsible for and must pay for all cost overruns incurred in construction of the baseball park;

2. the major league baseball team will use the baseball park for all scheduled home preseason, regular season, and postseason games that the major league baseball team is entitled to play at home for not less than 30 years without an escape clause for the major league baseball team;

3. that transfer of any portion of ownership or equity in the major league baseball team does not change any obligations, responsibilities, or privileges under the agreement, this section, or section 7;

4. the major league baseball team will ensure that a portion of the tickets for its games are accessible and affordable;

5. the major league baseball team will receive all revenue generated at the stadium except as otherwise specifically provided in this act;

6. a listing of all revenue streams generated from use of the baseball park with a specification of what revenues are available to cover the major league baseball team operations, which accrue to the city and which are available for repayment of bonds;

7. the major league baseball team must operate and maintain the stadium in excellent condition during the duration of the agreement. The city must verify that the team complies with this requirement;

8. delineation of the responsibility for repair, maintenance, and replacement of equipment or property in the baseball park, including inspections by the city and a representative of the state;

9. the major league baseball team shall provide a letter of credit in an amount that protects the public interest in the event of a default by the major league baseball team or a disruption in the season due to a player strike or lockout;

10. the agreement must afford to the city the rights and remedies at law and equity that are deemed necessary and appropriate to provide reasonable assurance that the baseball team and the owner will comply with the agreements through the 30-year term. The remedies must include, but not be limited to, specific performance and
injunctive relief, and may include any other equitable remedies, and any additional remedies or ownership, voting, or other security arrangements the city reasonably determines to be effective in ensuring the baseball team will play the required games in the baseball park throughout the 30-year term. The legislature intends that a material breach of an agreement between the city and professional athletic teams that commit to the long-term playing of major league games at public facilities is deemed to cause irreparable harm for which no adequate remedy at law is available and that the grant of equitable relief to remedy the breach is in the public interest and shall be liberally so construed:

(11) that the major league baseball team has the following obligations during the period of construction of a baseball stadium:

(i) the payment of the prevailing wage rate as defined in Minnesota Statutes, section 177.42, to all construction workers;

(ii) the provision to the city of a signed agreement between the major league baseball team and the construction unions that will work on the new stadium that mandates a no-strike and no-lockout period during construction of a baseball park;

(iii) all construction materials for the baseball park produced from or containing steel, so far as practicable, must use steel produced in the United States from taconite produced in Minnesota; and

(12) if there is a sale or transfer of ownership of the major league baseball team, the owner of the team shall pay to the state an amount equal to the state’s share of the appreciated value of the team. The state’s share must be based on the value of the state investment in the baseball park and must be determined according to a formula included in the use agreement.

Subd. 8. [AMATEUR SPORTS.] The city must provide that the baseball park will be available for use by the state high school and amateur sports leagues when practicable.

Sec. 6. [FINANCING; CONSTRUCTION.]

Subdivision 1. [OWNERSHIP; TAX AUTHORITY.] The city shall own the baseball park and, subject to the restrictions in this section, may impose one or more of the taxes under this section to make the payments or meet other obligations under the loan agreement under section 5.

Subd. 2. [BASEBALL PARK ADMISSIONS TAX.] Notwithstanding any other law, the city may impose an admissions tax of up to ten percent of the sale price upon the granting, issuance, sales, or distribution, by any private or public person, association, or corporation, of the privilege of admission to activities at the baseball park. No other tax, surcharge, or governmental imposition, except the taxes collected under Minnesota Statutes, chapter 297A, may be levied by any other unit of government upon any such sale or distribution.

The admission tax must be stated and charged separately from the sales price so far as practicable and must be collected by the grantor, seller, or distributor from the person admitted. The admission tax collected must be used for repayment of the bonds issued under section 5. The tax is a debt from that person to the grantor, issuer, seller, or distributor, and the tax required to be collected is a debt owed by the grantor, issuer, seller, or distributor to the local government unit, recoverable at law in the same manner as other debts. Every person granting, issuing, selling, or distributing tickets for admissions to the ballpark may be required to secure a permit, to file returns, to deposit security for the payment of the tax, and to pay the penalties for nonpayment and interest on late payments, as deemed necessary or expedient to assure the prompt and uniform collection of the tax.

Subd. 3. [FOOD AND BEVERAGE TAXES.] Notwithstanding Minnesota Statutes, section 477A.016, or any other limitation of law or charter, and in addition to other taxes previously authorized by law, the city may by ordinance impose liquor and food taxes not to exceed five percent at a retail level on any business within the city. The ordinance must provide for dedication of the taxes or fees, after payment of collection and administrative expenses and refunds, to payment of principal and interest on bonds issued under section 5.
Subd. 4. [LODGING TAX.] Notwithstanding Minnesota Statutes, section 477A.016, or any other limitation of law or charter to the contrary, the city may impose, by ordinance, a lodging tax at a rate of no more than five percent on the gross receipts from the furnishing for consideration of lodging as described in Minnesota Statutes, section 469.190, subdivision 1. The city may impose this tax on all or part of the city, as provided in the ordinance and may provide for exempting hotels or motels based on the number of rooms they have available. The ordinance must provide for dedication of the taxes and other income from the tax, after payment of collection and administrative expenses and refunds, to payment of the principal and interest on bonds issued for the baseball park.

Subd. 5. [PARKING TAX, SURCHARGE, OR BOTH.] The city may, by ordinance, impose a parking tax or surcharge or both of not less than $2 per vehicle per event at the baseball park. The parking tax and surcharge apply to public and privately owned parking facilities in the area that the city determines in its ordinance provide event parking for the baseball park. The ordinance must provide for dedication of the taxes and other income from the tax, after payment of collection and administrative expenses and refunds, to payment of the principal and interest on bonds issued for the baseball park.

Subd. 6. [MAJOR LEAGUE BASEBALL GUARANTY.] Before bonds are issued under section 5, with the advice of the attorney general, the city must execute an agreement with the major league of which the baseball team is a member and with major league baseball that guarantees the continuance of a major league franchise in the metropolitan area for the greater of (i) 30 years or (ii) the term of the bonds issued to finance the baseball park.

Subd. 7. [REFERENDUM.] (a) Before any city imposes a tax under this section, the imposition of the tax must be approved by the voters of the city at a special election held on the first Tuesday in June 2002.

(b) Notwithstanding any statute, charter provision, or other law to the contrary, if the tax is approved in a referendum under this subdivision, an ordinance enacting the tax is not subject to another vote of the electorate by referendum, initiative, charter amendment, or in any other manner.

Subd. 8. [EXPIRATION; LOCAL OPTION TAXES.] When the bonds issued under section 5 have been defeased or retired, subdivisions 3 to 5 and the taxes authorized by them expire.

Sec. 7. [OBLIGATIONS; MAJOR LEAGUE PROFESSIONAL BASEBALL TEAM.]

Subdivision 1. [OBLIGATIONS PRIOR TO BOND ISSUANCE.] (a) The major league professional baseball team must fully and completely do its part to accomplish the requirements of paragraphs (b) and (c) before the commissioner may issue bonds to finance the baseball park.

(b) The requirements are that:

(1) a signed lease for not less than 30 years between the city and the major league professional baseball team must be completed with no escape clauses;

(2) the major league professional baseball team has signed an agreement with the city agreeing to allow the baseball park to be available on nongame days for potential use by the University of Minnesota, Minnesota state colleges and universities, private colleges and universities, the state high school league, the city for community events, and the Minnesota amateur sports commission;

(3) the major league of which the baseball team is a member and major league baseball have both executed an agreement with the city that guarantees the continuance of a major league franchise in the metropolitan area for the greater of (i) 30 years from the date of the agreement or (ii) the term of the bonds under section 5;

(4) the major league professional baseball team and major league baseball have signed an agreement with the city to cooperate in maintaining the facility as a smoke-free facility; and

(5) the major league professional baseball team has agreed to make all reasonable efforts to ensure that businesses owned by socially disadvantaged persons are awarded contracts for construction and operation of the baseball park in proportion to the number of qualified businesses owned by socially disadvantaged persons in the metropolitan
area. In addition, the team has agreed to make all reasonable efforts to ensure that employment of socially disadvantaged persons for the construction or operation of the baseball park will be proportionate to the number of qualified workers who are socially disadvantaged persons in the metropolitan area. For the purposes of this clause, "socially disadvantaged persons" is as defined in Minnesota Rules, part 1230.0150, subpart 24. The city must report to the legislature annually on the implementation of this clause.

(c) The major league baseball team must sign, as a condition of receiving any public assistance, a contract with the city under which the city would obtain from the team the rights to the control and use of the team name and logo in the event that the team relocates to another state. Under such a contract, the team must notify the city within 24 hours of signing an agreement to relocate, and at midnight immediately following notification, all income from existing contracts for the use of the team name and logo and all team property with the team name and logo, other than personal property of team members and principals, will become the property of the city. This agreement and the requirement that it be entered may not be construed as authorizing or permitting the team to relocate before the end of the lease and use agreements with the city.

Subd. 2. [DESIGN AND CONSTRUCTION.] (a) The major league professional baseball team shall design and construct the baseball park. Before the design process is complete and construction begins, the city and the team must hold at least one public hearing on the proposed design. All funds appropriated to the city under this act must be managed by the city and made available to the team as the team deems necessary for construction purposes.

(b) All construction materials for the baseball park produced from or containing steel, so far as practicable, must use steel produced in the United States from taconite produced in Minnesota. The city shall establish and impose on the major league professional baseball team appropriate compliance procedures.

Subd. 3. [OBLIGATIONS DURING CONSTRUCTION.] The major league professional baseball team during the period of construction of a baseball park must:

(1) pay the prevailing wage rate as defined in Minnesota Statutes, section 177.42, to all construction workers;

(2) provide to the city a signed agreement between the major league professional baseball team and the construction unions that will work on the new baseball park that mandates a no-strike and no-lockout period during construction of the baseball park; and

(3) pay any cost overruns that occur during the construction period.

Sec. 8. [BASEBALL PARK; LIQUOR LICENSE.] The city in which the baseball park is located may issue an intoxicating liquor license for the premises of the baseball park. This license is in addition to the number authorized by law. All provisions of Minnesota Statutes, chapter 340A, not inconsistent with this section apply to the license authorized under this section.

Sec. 9. Subd. 2. [DUTIES OF CONTRACTING AGENCY.] Before an agency may seek approval of a professional or technical services contract in which the initial contract, including any possible extensions, is valued in excess of $5,000, it must certify to the commissioner that:

(1) no current state employee is able and available to perform the services called for by the contract;

(7) the agency will not allow the contractor to begin work before funds are fully encumbered; and
(8) in the case of a contract involving development of information or communications technology or systems, the contractor is required to include state employees in the development of the technology or systems to the extent necessary to ensure that after completion of the contract, state employees can perform any further development and implementation work.

Sec. 12. Minnesota Statutes 2000, section 16C.10, subdivision 1, is amended to read:

Subdivision 1. [SINGLE SOURCE.] (a) The solicitation process described in this chapter is not required when there is clearly and legitimately only a single source for the goods and services and the commissioner determines that the price has been fairly and reasonably established.

(b) The commissioner must report to the governor and the legislature by September 1 each year on single source contracts for professional or technical services entered into by executive branch agencies during the prior fiscal year. For each contract, the report must list the name of the contractor and the contracting agency; the amount of the contract; the duration of the contract, including possible extensions; and the duration of previous single source contracts, if any, between the agency and the same contractor. The report must also include the total number and dollar amount of single source contracts entered into by each agency, and by all agencies during the fiscal year."

S. F. No. 2550 was reported to the House.

Bradley moved to amend S. F. No. 2550 as follows:

Delete everything after the enacting clause and insert the following language of H. F. No. 2635, the second engrossment:

"Section 1. Minnesota Statutes 2000, section 125A.21, subdivision 2, is amended to read:

Subd. 2. [THIRD PARTY REIMBURSEMENT.] (a) Beginning July 1, 2000, districts shall seek reimbursement from insurers and similar third parties for the cost of services provided by the district whenever the services provided by the district are otherwise covered by the child's health coverage. Districts shall request, but may not require, the child's family to provide information about the child's health coverage when a child with a disability begins to receive services from the district of a type that may be reimbursable, and shall request, but may not require, updated information after that as needed.

(b) For children enrolled in medical assistance under chapter 256B or MinnesotaCare under chapter 256L, who have no other health coverage, a district shall provide an initial written notice to the enrolled child's parent or legal representative of its intent to seek reimbursement from medical assistance or MinnesotaCare for the individual education plan health-related services provided by the district.

(c) The district shall give the parent or legal representative annual written notice of:

(1) the district's intent to seek reimbursement from medical assistance or MinnesotaCare for individual education plan health-related services provided by the district;

(2) the right of the parent or legal representative to request a copy of all records concerning individual education plan health-related services disclosed by the district to any third party; and

(3) the right of the parent or legal representative to withdraw consent for disclosure of a child's records at any time without consequence.

The written notice shall be provided as part of the written notice required by Code of Federal Regulations, title 34, section 300.503.

Districts shall request, but may not require, the child's parent or legal representative to sign a consent form permitting the school district to apply for and receive reimbursement directly from the insurer or other similar third party, to the extent permitted by the insurer or other third party and subject to their networking credentialing, prior authorization, and determination of medical necessity criteria."
(d) In order to access the private health care coverage of a child who is covered by private health care coverage in whole or in part, a district must:

(1) obtain annual written informed consent from the parent or legal representative, in compliance with subdivision 5; and

(2) inform the parent or legal representative that a refusal to permit the district or state Medicaid agency to access their private health care coverage does not relieve the district of its responsibility to provide all services necessary to provide free and appropriate public education at no cost to the parent or legal representative.

(e) If the commissioner of human services obtains federal approval to exempt covered individual education plan health-related services from the requirement that private health care coverage refuse payment before medical assistance may be billed, paragraphs (b), (c), and (d), shall also apply to students with a combination of private health care coverage and health care coverage through medical assistance or MinnesotaCare.

(f) In the event that Congress or any federal agency or the Minnesota legislature or any state agency establishes lifetime limits, limits for any health care services, cost-sharing provisions, or otherwise provides that individual education plan health-related services impact benefits for persons enrolled in medical assistance or MinnesotaCare, the amendments to this subdivision adopted in 2002 are repealed on the effective date of any federal or state law or regulation that imposes the limits. In that event, districts must obtain informed consent consistent with this subdivision as it existed prior to the 2002 amendments and subdivision 5, before seeking reimbursement for children enrolled in medical assistance under chapter 256B or MinnesotaCare under chapter 256L, who have no other health care coverage.

Delete the title and insert:

"A bill for an act relating to human services; modifying consent requirements for billing medical assistance and MinnesotaCare for covered individual education plan services; amending Minnesota Statutes 2000, section 125A.21, subdivision 2."

The motion prevailed and the amendment was adopted.

Seagren, Bradley and Greiling moved to amend S. F. No. 2550, as amended, as follows:

Page 1, after line 7, insert:

"Section 1. Minnesota Statutes 2000, section 125A.03, is amended to read:

125A.03 [SPECIAL INSTRUCTION FOR CHILDREN WITH A DISABILITY.]

(a) As defined in paragraph (b), every district must provide special instruction and services, either within the district or in another district, for children with a disability who are residents of the district and who are disabled as set forth in section 125A.02. For purposes of state and federal special education laws, the phrase "special instruction and services" in the state education code means a free and appropriate public education provided to an eligible child with disabilities and includes special education and related services defined in the Individuals with Disabilities Education Act, subpart A, section 300.24.

(b) Notwithstanding any age limits in laws to the contrary, special instruction and services must be provided from birth until July 1 after the child with a disability becomes 21 years old but shall not extend beyond secondary school or its equivalent, except as provided in section 124D.68, subdivision 2. Local health, education, and social service agencies must refer children under age five who are known to need or suspected of needing special instruction and
services to the school district. Districts with less than the minimum number of eligible children with a disability as determined by the commissioner must cooperate with other districts to maintain a full range of programs for education and services for children with a disability. This section does not alter the compulsory attendance requirements of section 120A.22.

[EFFECTIVE DATE.] This section is effective the day following final enactment.

Page 3, after line 18, insert:

"Sec. 3. Minnesota Statutes 2000, section 125A.27, subdivision 10, is amended to read:

Subd. 10. [INDIVIDUALIZED FAMILY SERVICE PLAN.] "Individualized family service plan" or "IFSP" means a written plan for providing services to a child age birth to three years and the child's family.

[EFFECTIVE DATE.] This section is effective the day following final enactment.

Sec. 4. Minnesota Statutes 2000, section 125A.43, is amended to read:

125A.43 [MEDIATION PROCEDURE.]

(a) The commissioner, or the commissioner's designee, of the state lead agency must use federal funds to provide mediation for the activities in paragraphs (b) and (c).

(b) A parent may resolve a dispute regarding issues in section 125A.42, paragraph (b), clause (5), through mediation. If the parent chooses mediation, all public agencies involved in the dispute must participate in the mediation process. All mediation must be voluntary on the part of the parties. The parent and the public agencies must complete the mediation process within 30 calendar days of the date the office of dispute resolution receives a parent's written request for mediation. The mediation process may not be used to delay a parent's right to a due process hearing. The resolution of the mediation is not binding on any party.

(c) Resolution of a dispute through mediation, or other form of alternative dispute resolution, is not limited to formal disputes arising from the objection of a parent or guardian and is not limited to the period following a request for a due process hearing.

(d) The commissioner shall provide training and resources to school districts to facilitate early identification of disputes and access to mediation.

(e) The local primary agency may request mediation on behalf of involved agencies when there are disputes between agencies regarding responsibilities to coordinate, provide, pay for, or facilitate payment for early intervention services.

[EFFECTIVE DATE.] This section is effective the day following final enactment.

Sec. 5. Minnesota Statutes 2000, section 125A.76, subdivision 7, is amended to read:

Subd. 7. [REVENUE ALLOCATION FROM COOPERATIVE CENTERS AND INTERMEDIATES.] For the purposes of this section, a special education cooperative, a service cooperative, an education district, or an intermediate district must allocate its approved expenditures for special education programs among participating school districts.

[EFFECTIVE DATE.] This section is effective the day following final enactment.
Sec. 6. Minnesota Statutes 2000, section 256B.0625, subdivision 26, is amended to read:

Subd. 26. [SPECIAL EDUCATION SERVICES.] (a) Medical assistance covers medical services identified in a recipient’s individualized education plan and covered under the medical assistance state plan. Covered services include occupational therapy, physical therapy, speech-language therapy, clinical psychological services, nursing services, school psychological services, school social work services, personal care assistants serving as management aides, assistive technology devices, transportation services, health assessments, and other services covered under the medical assistance state plan. Mental health services eligible for medical assistance reimbursement must be provided or coordinated through a children’s mental health collaborative where a collaborative exists if the child is included in the collaborative operational target population. The provision or coordination of services does not require that the individual education plan be developed by the collaborative.

The services may be provided by a Minnesota school district that is enrolled as a medical assistance provider or its subcontractor, and only if the services meet all the requirements otherwise applicable if the service had been provided by a provider other than a school district, in the following areas: medical necessity, physician’s orders, documentation, personnel qualifications, and prior authorization requirements. The nonfederal share of costs for services provided under this subdivision is the responsibility of the local school district as provided in section 125A.74. Services listed in a child’s individual education plan are eligible for medical assistance reimbursement only if those services meet criteria for federal financial participation under the Medicaid program.

(b) Approval of health-related services for inclusion in the individual education plan does not require prior authorization for purposes of reimbursement under this chapter. The commissioner may require physician review and approval of the plan not more than once annually or upon any modification of the individual education plan that reflects a change in health-related services.

(c) Services of a speech-language pathologist provided under this section are covered notwithstanding Minnesota Rules, part 9505.0390, subpart 1, item L, if the person:

(1) holds a masters degree in speech-language pathology;

(2) is licensed by the Minnesota board of teaching as an educational speech-language pathologist; and

(3) either has a certificate of clinical competence from the American Speech and Hearing Association, has completed the equivalent educational requirements and work experience necessary for the certificate or has completed the academic program and is acquiring supervised work experience to qualify for the certificate.

(d) Medical assistance coverage for medically necessary services provided under other subdivisions in this section may not be denied solely on the basis that the same or similar services are covered under this subdivision.

(e) The commissioner shall develop and implement package rates, bundled rates, or per diem rates for special education services under which separately covered services are grouped together and billed as a unit in order to reduce administrative complexity.

(f) The commissioner shall develop a cost-based payment structure for payment of these services.

(g) Effective July 1, 2000, medical assistance services provided under an individual education plan or an individual family service plan by local school districts shall not count against medical assistance authorization thresholds for that child.

(h) Nursing services as defined in section 148.171, subdivision 15, and provided as an individual education plan health-related service, are eligible for medical assistance payment if they are otherwise a covered service in the medical assistant program.
[EFFECTIVE DATE.] This section is effective the day following final enactment."
