Subd. 16. [JUVENILE PETTY OFFENDER; JUVENILE PETTY OFFENSE.] (a) "Juvenile petty offense" includes a juvenile alcohol offense, a juvenile controlled substance offense, a violation of section 609.685, or a violation of a local ordinance, which by its terms prohibits conduct by a child under the age of 18 years which would be lawful conduct if committed by an adult. "Juvenile petty offense" also includes a habitual truant, as defined in section 260C.007, subdivision 19, unless a petition brought under chapter 260C states that an out-of-home placement is sought for the child:

(b) Except as otherwise provided in paragraph (c), "juvenile petty offense" also includes an offense that would be a misdemeanor if committed by an adult.

(c) "Juvenile petty offense" does not include any of the following:

(1) a misdemeanor-level violation of section 518B.01, 588.20, 609.224, 609.2242, 609.324, 609.563, 609.576, 609.66, 609.746, 609.748, 609.79, or 617.23;

(2) a major traffic offense or an adult court traffic offense, as described in section 260B.225;

(3) a misdemeanor-level offense committed by a child whom the juvenile court previously has found to have committed a misdemeanor, gross misdemeanor, or felony offense; or

(4) a misdemeanor-level offense committed by a child whom the juvenile court has found to have committed a misdemeanor-level juvenile petty offense on two or more prior occasions, unless the county attorney designates the child on the petition as a juvenile petty offender notwithstanding this prior record. As used in this clause, "misdemeanor-level juvenile petty offense" includes a misdemeanor-level offense that would have been a juvenile petty offense if it had been committed on or after July 1, 1995.

(d) A child who commits a juvenile petty offense is a "juvenile petty offender."

Sec. 3. Minnesota Statutes 2001 Supplement, section 260C.141, subdivision 3, as amended by Laws 2002, chapter 220, article 6, section 11, is amended to read:

Subd. 3. [CHILD IN NEED OF PROTECTION OR SERVICES; HABITUAL TRUANT.] If there is a school attendance review board or county attorney mediation program operating in the child’s school district, a petition alleging that a child is in need of protection or services as a habitual truant under section 260C.007, subdivision 6, clause (14), may not be filed until the applicable procedures under section 260A.06 or 260A.07 have been followed.

(b) A petition alleging that a child is in need of protection or services as a habitual truant under section 260C.007, subdivision 6, clause (14), must give notice that the petitioner is seeking an out-of-home placement of the child. If the petition does not state that an out-of-home placement is sought for the child, the matter must proceed as a juvenile petty offense action under chapter 260B:
Sec. 4. Minnesota Statutes 2000, section 260C.163, subdivision 3, as amended by Laws 2002, chapter 220, article 6, section 12, is amended to read:

Subd. 3. [APPOINTMENT OF COUNSEL.] (a) The child, parent, guardian or custodian has the right to effective assistance of counsel in connection with a proceeding in juvenile court.

(b) Except in proceedings where the sole basis for the petition is habitual truancy, if the child, parent, guardian, or custodian desire counsel but are unable to employ it, the court shall appoint counsel to represent the child who is ten years of age or older or the parents or guardian in any case in which it feels that such an appointment is appropriate.

(c) In any proceeding where the sole basis for the petition is habitual truancy, the child, parent, guardian, and custodian do not have the right to appointment of a public defender or other counsel at public expense. However, before any out-of-home placement, including foster care or inpatient treatment, can be ordered, the court must appoint a public defender or other counsel at public expense in accordance with paragraph (b).

(d) Counsel for the child shall not also act as the child's guardian ad litem.

(e) In any proceeding where the subject of a petition for a child in need of protection or services is not represented by an attorney, the court shall determine the child's preferences regarding the proceedings, if the child is of suitable age to express a preference.

(e) A child, parent, guardian, or custodian is not entitled to counsel at public expense in a case involving a child alleged to be in need of protection or services as a habitual truant under section 260C.007, subdivision 6, clause (14), unless the petition states that an out-of-home placement is sought for the child.

"ARTICLE 3

COMMERCIAL VEHICLE ENFORCEMENT

Section 1. Minnesota Statutes 2000, section 168.011, subdivision 17, is amended to read:

Subd. 17. [FARM TRUCK.] (a) "Farm truck" means all single unit trucks, truck-tractors, tractors, semitrailers, and trailers used by the owner thereof to transport agricultural, horticultural, dairy, and other farm products, including livestock, produced or finished by the owner of the truck, and any other personal property owned by the
farmer to whom the license for the truck is issued, from the farm to market, and to transport property and supplies to the farm of the owner. Trucks, truck-tractors, tractors, semitrailers, and trailers registered as "farm trucks" may be used by the owner thereof to occasionally transport unprocessed and raw farm products, not produced by the owner of the truck, from the place of production to market when the transportation constitutes the first haul of the products, and may be used by the owner thereof, either farmer or logger who harvests and hauls forest products only, to transport logs, pulpwood, lumber, chips, railroad ties and other raw and unfinished forest products from the place of production to an intermediate or final assembly point or transfer yard or railhead when the transportation constitutes, which transportation may be continued by another farm truck to a place for final processing or manufacture located within 200 miles of the place of production and all of which is deemed to constitute the first haul thereof of unfinished wood products; provided that the owner and operator of the vehicle transporting planed lumber shall have in immediate possession a statement signed by the producer of the lumber designating the governmental subdivision, section, and township where the lumber was produced and that this haul, indicating the date, is the first haul thereof. The licensed vehicles may also be used by the owner thereof to transport, to and from timber-harvesting areas, equipment and appurtenances incidental to timber harvesting, and gravel and other road-building materials for timber haul roads.

(b) "Farm trucks" shall also include only single unit trucks, which that, because of their construction, cannot be used for any other purpose and are used exclusively to transport milk and cream en route from a farm to an assembly point or place for final manufacture, and for transporting milk and cream from an assembly point to a place for final processing or manufacture. This section shall not be construed to mean that the owner or operator of the truck cannot carry on usual accommodation services for patrons on regular return trips, such as butter, cream, cheese, and other dairy supplies.

Sec. 2. Minnesota Statutes 2000, section 168.013, subdivision 3, is amended to read:

Subd. 3. [APPLICATION; CANCELLATION; EXCESSIVE GROSS WEIGHT FORBIDDEN.] (a) The applicant for all licenses based on gross weight shall state the unloaded weight of the motor vehicle, trailer, or semitrailer and the maximum load the applicant proposes to carry thereon, the sum of which shall constitute the gross weight upon which the license tax shall be paid, but in no case shall the declared gross weight upon which the tax is paid be less than 1-1/4 times the declared unloaded weight of the motor vehicle, trailer, or semitrailer to be registered, except recreational vehicles taxed under subdivision 1g, school buses taxed under subdivision 18, and tow trucks or towing vehicles defined in section 169.01, subdivision 52. The gross weight of a tow truck or towing vehicle is the actual weight of the tow truck or towing vehicle fully equipped, but does not include the weight of a wrecked or disabled vehicle towed or drawn by the tow truck or towing vehicle.

(b) The gross weight of no a motor vehicle, trailer, or semitrailer shall not exceed the gross weight upon which the license tax has been paid by more than four percent or 1,000 pounds, whichever is greater; provided that, a vehicle transporting unfinished forest products in accordance with paragraph (d)(3) shall not exceed its gross vehicle weight upon which the license tax has been paid, or gross axle weight on any axle, by more than five percent and, notwithstanding other law to the contrary, is not subject to any fee, fine, or other assessment or penalty for exceeding a gross vehicle or axle weight by up to five percent.

(c) The gross weight of the motor vehicle, trailer, or semitrailer for which the license tax is paid shall be indicated by a distinctive character on the license plate or plates except as provided in subdivision 12 and the plate or plates shall be kept clean and clearly visible at all times.

(d) The owner, driver, or user of a motor vehicle, trailer, or semitrailer upon conviction for transporting a gross weight in excess of the gross weight for which it was registered or for operating a vehicle with an axle weight exceeding the maximum lawful axle load weight, shall be guilty of a misdemeanor and be subject to increased registration or reregistration according to the following schedule:

(1) The owner, driver, or user of a motor vehicle, trailer, or semitrailer, upon conviction for transporting a gross weight in excess of the gross weight for which it is registered by more than four percent or 1,000 pounds, whichever is greater, the allowance set forth in paragraph (b) but less than 25 percent or for operating or using a motor vehicle,
trailer, or semitrailer with an axle weight exceeding the maximum lawful axle load as provided in section 169.825 by more than four percent or 1,000 pounds, whichever is greater, the allowance set forth in paragraph (b) but less than 25 percent, in addition to any penalty imposed for the misdemeanor shall apply to the registrar to increase the authorized gross weight to be carried on the vehicle to a weight equal to or greater than the gross weight the owner, driver, or user was convicted of carrying, the increase computed for the balance of the calendar year on the basis of 1/12 of the annual tax for each month remaining in the calendar year beginning with the first day of the month in which the violation occurred. If the additional registration tax computed upon that weight, plus the tax already paid, amounts to more than the regular tax for the maximum gross weight permitted for the vehicle under section 169.825, that additional amount shall nevertheless be paid into the highway fund, but the additional tax thus paid shall not permit the vehicle to be operated with a gross weight in excess of the maximum legal weight as provided by section 169.825. Unless the owner within 30 days after a conviction shall apply to increase the authorized weight and pay the additional tax as provided in this section, the registrar shall revoke the registration on the vehicle and demand the return of the registration card and plates issued on that registration.

(2) The owner or driver or user of a motor vehicle, trailer, or semitrailer upon conviction for transporting a gross weight in excess of the gross weight for which the motor vehicle, trailer, or semitrailer was registered by 25 percent or more, or for operating or using a vehicle or trailer with an axle weight exceeding the maximum lawful axle load as provided in section 169.825 by 25 percent or more, in addition to any penalty imposed for the misdemeanor, shall have the reciprocity privileges on the vehicle involved if the vehicle is being operated under reciprocity canceled by the registrar, or if the vehicle is not being operated under reciprocity, the certificate of registration on the vehicle operated shall be canceled by the registrar and the registrar shall demand the return of the registration certificate and registration plates. The registrar may not cancel the registration or reciprocity privileges for any vehicle found in violation of seasonal load restrictions imposed under section 169.87 unless the axle weight exceeds the year-round weight limit for the highway on which the violation occurred. The registrar may investigate any allegation of gross weight violations and demand that the operator show cause why all future operating privileges in the state should not be revoked unless the additional tax assessed is paid.

(3) Clause (1) does not apply to the first haul of unprocessed or raw farm products or unfinished forest products, when the registered gross weight is not exceeded by more than ten percent. For purposes of this clause, "first haul" means (i) the first, continuous transportation of unprocessed or raw farm products from the place of production or on-farm storage site to any other location within 50 miles of the place of production or on-farm storage site, or (ii) the first continuous or noncontinuous transportation of unfinished forest products from the place of production to the place of final processing or manufacture located within 200 miles of the place of production.

(4) When the registration on a motor vehicle, trailer, or semitrailer is revoked by the registrar according to provisions of this section, the vehicle shall not be operated on the highways of the state until it is registered or reregistered, as the case may be, and new plates issued, and the registration fee shall be the annual tax for the total gross weight of the vehicle at the time of violation. The reregistration pursuant to this subdivision of any vehicle operating under reciprocity agreements pursuant to section 168.181 or 168.187 shall be at the full annual registration fee without regard to the percentage of vehicle miles traveled in this state.

Sec. 3. Minnesota Statutes 2000, section 169.771, subdivision 2, is amended to read:

Subd. 2. [INSPECTION BY STATE TROOPER.] (a) The commissioner of public safety is directed to accelerate spot check inspections for unsafe motor vehicles and motor vehicle equipment. Such inspections shall be conducted by the personnel of the state patrol who shall give the operator of a commercial motor vehicle a signed and dated document as evidence of the inspection.

(b) However, personnel of the state patrol may not conduct another spot inspection of a commercial motor vehicle if (1) the operator of the vehicle can show evidence of an inspection, which is free of critical defects, conducted in Minnesota according to this section or section 169.781 within the previous 90 days and (2) a state trooper does not have probable cause to believe the vehicle or its equipment is unsafe or that the operator has engaged in illegal activity. In addition, if the operator shows the state trooper evidence that the commercial motor vehicle has been
inspected within the previous 90 days, but the officer has probable cause to believe the vehicle or its equipment is unsafe or to suspect illegal activity, then the vehicle may be inspected to confirm the existence or absence of an unsafe condition or of the suspected illegal activity.

Sec. 4. Minnesota Statutes 2000, section 169.771, subdivision 3, is amended to read:

Subd. 3. [RULES.] The commissioner of public safety may establish such reasonable rules as are necessary to carry out the provisions of this section, but all spot check inspections shall be held in compliance with subdivision 2 and in such a manner that the motor vehicle operators, either private or commercial, shall not be unnecessarily inconvenienced either by extended detours, unnecessary delays, or any other unreasonable cause.

Sec. 5. Minnesota Statutes 2000, section 169.85, subdivision 1, is amended to read:

Subdivision 1. [DRIVER TO STOP FOR WEIGHING.] (a) The driver of a vehicle which has been lawfully stopped may be required by an officer to submit the vehicle and load to a weighing by means of portable or stationary scales.

(b) In addition, the officer may require that the vehicle be driven to the nearest available scales, but only if:

(1) the distance to the scales is no further than five miles, or if the distance from the point where the vehicle is stopped to the vehicle's destination is not increased by more than ten miles as a result of proceeding to the nearest available scales; and

(2) if the vehicle is a commercial motor vehicle, no more than two other commercial motor vehicles are waiting to be inspected at the scale.

(c) Official traffic control devices as authorized by section 169.06 may be used to direct the driver to the nearest scale.

(d) When a truck weight enforcement operation is conducted by means of portable or stationary scales and signs giving notice of the operation are posted within the highway right-of-way and adjacent to the roadway within two miles of the operation, the driver of a truck or combination of vehicles registered for or weighing in excess of 12,000 pounds shall proceed to the scale site and submit the vehicle to weighing and inspection.

Sec. 6. Minnesota Statutes 2000, section 169.85, subdivision 2, is amended to read:

Subd. 2. [UNLOADING.] (a) Upon weighing a vehicle and load, as provided in this section, an officer may require the driver to stop the vehicle in a suitable place and remain standing until a portion of the load is removed that is sufficient to reduce the gross weight of the vehicle to the limit permitted under either section 168.013, subdivision 3, paragraph (b), or 169.825, whichever is the lesser violation, if any. A suitable place is a location where loading or tampering with the load is not prohibited by federal, state, or local law, rule, or ordinance.

(b) Except as provided in paragraph (c), a driver may be required to unload a vehicle only if the weighing officer determines that (1) on routes subject to the provisions of section 169.825, the weight on an axle exceeds the lawful gross weight prescribed by section 169.825, by 2,000 pounds or more, or the weight on a group of two or more consecutive axles in cases where the distance between the centers of the first and last axles of the group under consideration is ten feet or less exceeds the lawful gross weight prescribed by section 169.825, by 4,000 pounds or more; or (2) on routes designated by the commissioner in section 169.832, subdivision 11, the overall weight of the vehicle or the weight on an axle or group of consecutive axles exceeds the maximum lawful gross weights prescribed by section 169.825; or (3) the weight is unlawful on an axle or group of consecutive axles on a road restricted in accordance with section 169.87. Material unloaded must be cared for by the owner or driver of the vehicle at the risk of the owner or driver.
(c) If the gross weight of the vehicle does not exceed the vehicle's registered gross weight plus the weight allowance set forth in section 168.013, subdivision 3, paragraph (b), then the driver is not required to unload under paragraph (b).

Sec. 7. Minnesota Statutes 2000, section 169.851, subdivision 3, is amended to read:

Subd. 3. [FIRST HAUL.] "First haul" means the first, continuous transportation from the place of production or on farm storage site to any other location within 50 miles of the place of production or on farm storage site has the meaning given it in section 168.013, subdivision 3, paragraph (d)(3).

Sec. 8. Minnesota Statutes 2000, section 169.86, subdivision 5, is amended to read:

Subd. 5. [FEE; PROCEEDS TO TRUNK HIGHWAY FUND.] The commissioner, with respect to highways under the commissioner's jurisdiction, may charge a fee for each permit issued. All such fees for permits issued by the commissioner of transportation shall be deposited in the state treasury and credited to the trunk highway fund. Except for those annual permits for which the permit fees are specified elsewhere in this chapter, the fees shall be:

(a) $15 for each single trip permit.

(b) $36 for each job permit. A job permit may be issued for like loads carried on a specific route for a period not to exceed two months. "Like loads" means loads of the same product, weight, and dimension.

(c) $60 for an annual permit to be issued for a period not to exceed 12 consecutive months. Annual permits may be issued for:

(1) motor vehicles used to alleviate a temporary crisis adversely affecting the safety or well-being of the public;

(2) motor vehicles which travel on interstate highways and carry loads authorized under subdivision 1a;

(3) motor vehicles operating with gross weights authorized under section 169.825, subdivision 11, paragraph (a), clause (3);

(4) special pulpwood vehicles described in section 169.863; and

(5) motor vehicles bearing snowplow blades not exceeding ten feet in width.

(d) $120 for an oversize annual permit to be issued for a period not to exceed 12 consecutive months. Annual permits may be issued for:

(1) mobile cranes;

(2) construction equipment, machinery, and supplies;

(3) manufactured homes;

(4) implements of husbandry when the movement is not made according to the provisions of paragraph (i);

(5) double-deck buses;

(6) commercial boat hauling.

(e) For vehicles which have axle weights exceeding the weight limitations of section 169.825, an additional cost added to the fees listed above. However, this paragraph applies to any vehicle described in section 168.013, subdivision 3, paragraph (b), but only when the vehicle exceeds its gross weight allowance set forth in that
paragraph, and then the additional cost is for all weight, including the allowance weight, in excess of the permitted maximum axle weight. The additional cost is equal to the product of the distance traveled times the sum of the overweight axle group cost factors shown in the following chart:

The amounts added are rounded to the nearest cent for each axle or axle group. The additional cost does not apply to paragraph (c), clauses (1) and (3).

For a vehicle found to exceed the appropriate maximum permitted weight, a cost-per-mile fee of 22 cents per ton, or fraction of a ton, over the permitted maximum weight is imposed in addition to the normal permit fee. Miles must be calculated based on the distance already traveled in the state plus the distance from the point of detection to a transportation loading site or unloading site within the state or to the point of exit from the state.

(f) As an alternative to paragraph (e), an annual permit may be issued for overweight, or oversize and overweight, construction equipment, machinery, and supplies. The fees for the permit are as follows:

If the gross weight of the vehicle is more than 145,000 pounds the permit fee is determined under paragraph (e).

(g) For vehicles which exceed the width limitations set forth in section 169.80 by more than 72 inches, an additional cost equal to $120 added to the amount in paragraph (a) when the permit is issued while seasonal load restrictions pursuant to section 169.87 are in effect.
(h) $85 for an annual permit to be issued for a period not to exceed 12 months, for refuse compactor vehicles that carry a gross weight of not more than: 22,000 pounds on a single rear axle; 38,000 pounds on a tandem rear axle; or, subject to section 169.825, subdivision 14, 46,000 pounds on a tridem rear axle. A permit issued for up to 46,000 pounds on a tridem rear axle must limit the gross vehicle weight to not more than 62,000 pounds.

(i) For vehicles exclusively transporting implements of husbandry, an annual permit fee of $24. A vehicle operated under a permit authorized by this paragraph may be moved at the discretion of the permit holder without prior route approval by the commissioner if:

1. The total width of the transporting vehicle, including load, does not exceed 14 feet;
2. The vehicle is operated only between sunrise and 30 minutes after sunset, and is not operated at any time after 12:00 noon on Sundays or holidays;
3. The vehicle is not operated when visibility is impaired by weather, fog, or other conditions that render persons and other vehicles not clearly visible at 500 feet;
4. The vehicle displays at the front and rear of the load or vehicle a pair of flashing amber lights, as provided in section 169.59, subdivision 4, whenever the overall width of the vehicle exceeds 126 inches; and
5. The vehicle is not operated on a trunk highway with a surfaced roadway width of less than 24 feet unless such operation is authorized by the permit.

A permit under this paragraph authorizes movements of the permitted vehicle on an interstate highway, and movements of 75 miles or more on other highways.

Sec. 9. [NORTHERN ZONE LOAD RESTRICTION STUDY.]

The commissioner of transportation shall conduct a study of load restrictions and seasonal load increases in the northern zone of Minnesota and make recommendations regarding the establishment of one or more new zones given the varying climate in the northern area of the state. The commissioner shall report findings back to the committees of the senate and house of representatives with jurisdiction over transportation policy by December 15, 2002.

Sections 1 to 9 are effective the day following final enactment."

H. F. No. 3166 was reported to the House.

Abeler, Bradley and Goodno moved to amend H. F. No. 3166, the third engrossment, as follows:

Page 73, after line 13, insert:

"Sec. 9. Minnesota Statutes 2001 Supplement, section 256.01, subdivision 2, as amended by Laws 2002, chapter 220, article 15, section 4, is amended to read:

Subd. 2. [SPECIFIC POWERS.] Subject to the provisions of section 241.021, subdivision 2, the commissioner of human services shall:
(1) Administer and supervise all forms of public assistance provided for by state law and other welfare activities or services as are vested in the commissioner. Administration and supervision of human services activities or services includes, but is not limited to, assuring timely and accurate distribution of benefits, completeness of service, and quality program management. In addition to administering and supervising human services activities vested by law in the department, the commissioner shall have the authority to:

(a) require county agency participation in training and technical assistance programs to promote compliance with statutes, rules, federal laws, regulations, and policies governing human services;

(b) monitor, on an ongoing basis, the performance of county agencies in the operation and administration of human services, enforce compliance with statutes, rules, federal laws, regulations, and policies governing welfare services and promote excellence of administration and program operation;

(c) develop a quality control program or other monitoring program to review county performance and accuracy of benefit determinations;

(d) require county agencies to make an adjustment to the public assistance benefits issued to any individual consistent with federal law and regulation and state law and rule and to issue or recover benefits as appropriate;

(e) delay or deny payment of all or part of the state and federal share of benefits and administrative reimbursement according to the procedures set forth in section 256.017;

(f) make contracts with and grants to public and private agencies and organizations, both profit and nonprofit, and individuals, using appropriated funds; and

(g) enter into contractual agreements with federally recognized Indian tribes with a reservation in Minnesota to the extent necessary for the tribe to operate a federally approved family assistance program or any other program under the supervision of the commissioner. The commissioner shall consult with the affected county or counties in the contractual agreement negotiations, if the county or counties wish to be included, in order to avoid the duplication of county and tribal assistance program services. The commissioner may establish necessary accounts for the purposes of receiving and disbursing funds as necessary for the operation of the programs.

(2) Inform county agencies, on a timely basis, of changes in statute, rule, federal law, regulation, and policy necessary to county agency administration of the programs.

(3) Administer and supervise all child welfare activities; promote the enforcement of laws protecting handicapped, dependent, neglected and delinquent children, and children born to mothers who were not married to the children's fathers at the times of the conception nor at the births of the children; license and supervise child-caring and child-placing agencies and institutions; supervise the care of children in boarding and foster homes or in private institutions; and generally perform all functions relating to the field of child welfare now vested in the state board of control.

(4) Administer and supervise all noninstitutional service to handicapped persons, including those who are visually impaired, hearing impaired, or physically impaired or otherwise handicapped. The commissioner may provide and contract for the care and treatment of qualified indigent children in facilities other than those located and available at state hospitals when it is not feasible to provide the service in state hospitals.

(5) Assist and actively cooperate with other departments, agencies and institutions, local, state, and federal, by performing services in conformity with the purposes of Laws 1939, chapter 431.

(6) Act as the agent of and cooperate with the federal government in matters of mutual concern relative to and in conformity with the provisions of Laws 1939, chapter 431, including the administration of any federal funds granted to the state to aid in the performance of any functions of the commissioner as specified in Laws 1939, chapter 431, and including the promulgation of rules making uniformly available medical care benefits to all
recipients of public assistance, at such times as the federal government increases its participation in assistance expenditures for medical care to recipients of public assistance, the cost thereof to be borne in the same proportion as are grants of aid to said recipients.

(7) Establish and maintain any administrative units reasonably necessary for the performance of administrative functions common to all divisions of the department.

(8) Act as designated guardian of both the estate and the person of all the wards of the state of Minnesota, whether by operation of law or by an order of court, without any further act or proceeding whatever, except as to persons committed as mentally retarded. For children under the guardianship of the commissioner whose interests would be best served by adoptive placement, the commissioner may contract with a licensed child-placing agency or a Minnesota tribal social services agency to provide adoption services. A contract with a licensed child-placing agency must be designed to supplement existing county efforts and may not replace existing county programs, unless the replacement is agreed to by the county board and the appropriate exclusive bargaining representative or the commissioner has evidence that child placements of the county continue to be substantially below that of other counties. Funds encumbered and obligated under an agreement for a specific child shall remain available until the terms of the agreement are fulfilled or the agreement is terminated.

(9) Act as coordinating referral and informational center on requests for service for newly arrived immigrants coming to Minnesota.

(10) The specific enumeration of powers and duties as hereinabove set forth shall in no way be construed to be a limitation upon the general transfer of powers herein contained.

(11) Establish county, regional, or statewide schedules of maximum fees and charges which may be paid by county agencies for medical, dental, surgical, hospital, nursing and nursing home care and medicine and medical supplies under all programs of medical care provided by the state and for congregate living care under the income maintenance programs.

(12) Have the authority to conduct and administer experimental projects to test methods and procedures of administering assistance and services to recipients or potential recipients of public welfare. To carry out such experimental projects, it is further provided that the commissioner of human services is authorized to waive the enforcement of existing specific statutory program requirements, rules, and standards in one or more counties. The order establishing the waiver shall provide alternative methods and procedures of administration, shall not be in conflict with the basic purposes, coverage, or benefits provided by law, and in no event shall the duration of a project exceed four years. It is further provided that no order establishing an experimental project as authorized by the provisions of this section shall become effective until the following conditions have been met:

(a) The secretary of health and human services of the United States has agreed, for the same project, to waive state plan requirements relative to statewide uniformity.

(b) A comprehensive plan, including estimated project costs, shall be approved by the legislative advisory commission and filed with the commissioner of administration.

(13) According to federal requirements, establish procedures to be followed by local welfare boards in creating citizen advisory committees, including procedures for selection of committee members.

(14) Allocate federal fiscal disallowances or sanctions which are based on quality control error rates for the aid to families with dependent children program formerly codified in sections 256.72 to 256.87, medical assistance, or food stamp program in the following manner:

(a) One-half of the total amount of the disallowance shall be borne by the county boards responsible for administrating the programs. For the medical assistance and the AFDC program formerly codified in sections 256.72 to 256.87, disallowances shall be shared by each county board in the same proportion as that county's expenditures
for the sanctioned program are to the total of all counties' expenditures for the AFDC program formerly codified in sections 256.72 to 256.87, and medical assistance programs. For the food stamp program, sanctions shall be shared by each county board, with 50 percent of the sanction being distributed to each county in the same proportion as that county's administrative costs for food stamps are to the total of all food stamp administrative costs for all counties, and 50 percent of the sanctions being distributed to each county in the same proportion as that county's value of food stamp benefits issued are to the total of all benefits issued for all counties. Each county shall pay its share of the disallowance to the state of Minnesota. When a county fails to pay the amount due hereunder, the commissioner may deduct the amount from reimbursement otherwise due the county, or the attorney general, upon the request of the commissioner, may institute civil action to recover the amount due.

(b) Notwithstanding the provisions of paragraph (a), if the disallowance results from knowing noncompliance by one or more counties with a specific program instruction, and that knowing noncompliance is a matter of official county board record, the commissioner may require payment or recover from the county or counties, in the manner prescribed in paragraph (a), an amount equal to the portion of the total disallowance which resulted from the noncompliance, and may distribute the balance of the disallowance according to paragraph (a).

(15) Develop and implement special projects that maximize reimbursements and result in the recovery of money to the state. For the purpose of recovering state money, the commissioner may enter into contracts with third parties. Any recoveries that result from projects or contracts entered into under this paragraph shall be deposited in the state treasury and credited to a special account until the balance in the account reaches $1,000,000. When the balance in the account exceeds $1,000,000, the excess shall be transferred and credited to the general fund. All money in the account is appropriated to the commissioner for the purposes of this paragraph.

(16) Have the authority to make direct payments to facilities providing shelter to women and their children according to section 256D.05, subdivision 3. Upon the written request of a shelter facility that has been denied payments under section 256D.05, subdivision 3, the commissioner shall review all relevant evidence and make a determination within 30 days of the request for review regarding issuance of direct payments to the shelter facility. Failure to act within 30 days shall be considered a determination not to issue direct payments.

(17) Have the authority to establish and enforce the following county reporting requirements:

(a) The commissioner shall establish fiscal and statistical reporting requirements necessary to account for the expenditure of funds allocated to counties for human services programs. When establishing financial and statistical reporting requirements, the commissioner shall evaluate all reports, in consultation with the counties, to determine if the reports can be simplified or the number of reports can be reduced.

(b) The county board shall submit monthly or quarterly reports to the department as required by the commissioner. Monthly reports are due no later than 15 working days after the end of the month. Quarterly reports are due no later than 30 calendar days after the end of the quarter, unless the commissioner determines that the deadline must be shortened to 20 calendar days to avoid jeopardizing compliance with federal deadlines or risking a loss of federal funding. Only reports that are complete, legible, and in the required format shall be accepted by the commissioner.

(c) If the required reports are not received by the deadlines established in clause (b), the commissioner may delay payments and withhold funds from the county board until the next reporting period. When the report is needed to account for the use of federal funds and the late report results in a reduction in federal funding, the commissioner shall withhold from the county boards with late reports an amount equal to the reduction in federal funding until full federal funding is received.

(d) A county board that submits reports that are late, illegible, incomplete, or not in the required format for two out of three consecutive reporting periods is considered noncompliant. When a county board is found to be noncompliant, the commissioner shall notify the county board of the reason the county board is considered noncompliant and request that the county board develop a corrective action plan stating how the county board plans to correct the problem. The corrective action plan must be submitted to the commissioner within 45 days after the date the county board received notice of noncompliance.
(e) The final deadline for fiscal reports or amendments to fiscal reports is one year after the date the report was originally due. If the commissioner does not receive a report by the final deadline, the county board forfeits the funding associated with the report for that reporting period and the county board must repay any funds associated with the report received for that reporting period.

(f) The commissioner may not delay payments, withhold funds, or require repayment under paragraph (c) or (e) if the county demonstrates that the commissioner failed to provide appropriate forms, guidelines, and technical assistance to enable the county to comply with the requirements. If the county board disagrees with an action taken by the commissioner under paragraph (c) or (e), the county board may appeal the action according to sections 14.57 to 14.69.

(g) Counties subject to withholding of funds under paragraph (c) or forfeiture or repayment of funds under paragraph (e) shall not reduce or withhold benefits or services to clients to cover costs incurred due to actions taken by the commissioner under paragraph (c) or (e).

(18) Allocate federal fiscal disallowances or sanctions for audit exceptions when federal fiscal disallowances or sanctions are based on a statewide random sample for the foster care program under title IV-E of the Social Security Act, United States Code, title 42, in direct proportion to each county's title IV-E foster care maintenance claim for that period.

(19) Be responsible for ensuring the detection, prevention, investigation, and resolution of fraudulent activities or behavior by applicants, recipients, and other participants in the human services programs administered by the department.

(20) Require county agencies to identify overpayments, establish claims, and utilize all available and cost-beneficial methodologies to collect and recover these overpayments in the human services programs administered by the department.

(21) Have the authority to administer a drug rebate program for drugs purchased pursuant to the prescription drug program established under section 256.955 after the beneficiary's satisfaction of any deductible established in the program. The commissioner shall require a rebate agreement from all manufacturers of covered drugs as defined in section 256B.0625, subdivision 13. Rebate agreements for prescription drugs delivered on or after July 1, 2002, must include rebates for individuals covered under the prescription drug program who are under 65 years of age. For each drug, the amount of the rebate shall be equal to the basic rebate as defined for purposes of the federal rebate program in United States Code, title 42, section 1396r-8(c)(1). This basic rebate shall be applied to single-source and multiple-source drugs. The manufacturers must provide full payment within 30 days of receipt of the state invoice for the rebate within the terms and conditions used for the federal rebate program established pursuant to section 1927 of title XIX of the Social Security Act. The manufacturers must provide the commissioner with any information necessary to verify the rebate determined per drug. The rebate program shall utilize the terms and conditions used for the federal rebate program established pursuant to section 1927 of title XIX of the Social Security Act.

(22) Have the authority to administer the federal drug rebate program for drugs purchased under the medical assistance program as allowed by section 1927 of title XIX of the Social Security Act and according to the terms and conditions of section 1927. Rebates shall be collected for all drugs that have been dispensed or administered in an outpatient setting and that are from manufacturers who have signed a rebate agreement with the United States Department of Health and Human Services.

(23) Have the authority to administer a supplemental drug rebate program for drugs purchased under the medical assistance program and under the prescription drug program established in section 256.955. The commissioner may enter into supplemental rebate contracts with pharmaceutical manufacturers and may require prior authorization for drugs that are from manufacturers that have not signed a supplemental rebate contract. Prior authorization of drugs shall be subject to the provisions of section 256B.0625, subdivision 13, paragraph (b).
(24) Operate the department's communication systems account established in Laws 1993, First Special Session chapter 1, article 1, section 2, subdivision 2, to manage shared communication costs necessary for the operation of the programs the commissioner supervises. A communications account may also be established for each regional treatment center which operates communications systems. Each account must be used to manage shared communication costs necessary for the operations of the programs the commissioner supervises. The commissioner may distribute the costs of operating and maintaining communication systems to participants in a manner that reflects actual usage. Costs may include acquisition, licensing, insurance, maintenance, repair, staff time and other costs as determined by the commissioner. Johnson, R., moved to amend H. F. No. 3166, the third engrossment, as amended, as follows:

Page 119, after line 4, insert:
"Sec. 32. Minnesota Statutes 2001 Supplement, section 256B.431, is amended by adding a subdivision to read:

Subd. 37. [NURSING FACILITY RATE INCREASES BEGINNING JULY 1, 2002.] (a) For the rate year beginning July 1, 2002, the money resulting from the rate adjustment under subdivision 37 must be used to increase the wages and benefits and pay associated costs of all employees except management fees, the administrator, and central office staff.

(b) Money received by a facility as a result of the rate adjustments provided in subdivision 37, which must be used as provided in paragraph (a), must be used only for wage and benefit increases implemented on or after July 1, 2002, and must not be used for wage increases implemented prior to those dates.

(c) Nursing facilities may apply for the portions of the rate adjustments under subdivision 37, which must be used as provided in paragraph (a). The application must be made to the commissioner and contain a plan by which the nursing facility will distribute to employees of the nursing facility the funds, which must be used as provided in paragraph (a). For nursing facilities in which the employees are represented by an exclusive bargaining representative, an agreement negotiated and agreed to by the employer and the exclusive bargaining representative
constitutes the plan. A negotiated agreement may constitute the plan only if the agreement is finalized after the date of enactment of all increases for the rate year. The commissioner shall review the plan to ensure that the rate adjustments are used as provided in paragraph (a). To be eligible, a facility must submit its plan for the wage and benefit distribution by December 31 each year. If a facility's plan for wage and benefit distribution is effective for its employees after July 1 of the year that the funds are available, the portion of the rate adjustments, which must be used as provided in paragraph (a), are effective the same date as its plan.

(d) A hospital-attached nursing facility may include costs in their distribution plan for wages and benefits and associated costs of employees in the organization's shared services departments, provided that:

(1) the nursing facility and the hospital share common ownership; and

(2) adjustments for hospital services using the diagnostic-related grouping payment rates per admission under Medicare are less than three percent during the 12 months prior to the effective date of these rate adjustments.

If a hospital-attached facility meets the qualifications in this paragraph, the difference between the rate adjustments approved for nursing facility services and the rate increase approved for hospital services may be permitted as a distribution in the hospital-attached facility's plan regardless of whether the use of those funds is shown as being attributable to employee hours worked in the nursing facility or employee hours worked in the hospital.

For the purposes of this paragraph, a hospital-attached nursing facility is one that meets the definition under subdivision 2j, or, in the case of a facility reimbursed under section 256B.434, met this definition at the time their last payment rate was established under Minnesota Rules, parts 9549.0010 to 9549.0080, and this section.

(e) A copy of the approved distribution plan must be made available to all employees by giving each employee a copy or by posting it in an area of the nursing facility to which all employees have access. If an employee does not receive the wage and benefit adjustment described in the facility's approved plan and is unable to resolve the problem with the facility's management or through the employee's union representative, the employee may contact the commissioner at an address or telephone number provided by the commissioner and included in the approved plan.

(f) Notwithstanding section 256B.48, subdivision 1, clause (a), upon the request of a nursing facility, the commissioner may authorize the facility to raise per diem rates for private-pay residents on July 1 by the amount anticipated to be required upon implementation of the rate adjustments allowable under subdivision 37. The commissioner shall require any amounts collected under this paragraph, which must be used as provided in paragraph (a), to be placed in an escrow account established for this purpose with a financial institution that provides deposit insurance until the medical assistance rate is finalized. The commissioner shall conduct audits as necessary to ensure that:

(1) the amounts collected are retained in escrow until medical assistance rates are increased to reflect the wage-related adjustment; and

(2) any amounts collected from private-pay residents in excess of the final medical assistance rate are repaid to the private-pay residents with interest at the rate used by the commissioner of revenue for the late payment of taxes and in effect on the date the distribution plan is approved by the commissioner of human services.
(b) The 2.5 percent rate increase described in this section must be provided to:

(1) home and community-based waivered services for persons with mental retardation or related conditions under Minnesota Statutes, section 256B.501;

(2) home and community-based waivered services for the elderly under Minnesota Statutes, section 256B.0915;

(3) waivered services under community alternatives for disabled individuals under Minnesota Statutes, section 256B.49;

(4) community alternative care waivered services under Minnesota Statutes, section 256B.49;

(5) traumatic brain injury waivered services under Minnesota Statutes, section 256B.49;

(6) nursing services and home health services under Minnesota Statutes, section 256B.0625, subdivision 6a;

(7) personal care services and nursing supervision of personal care services under Minnesota Statutes, section 256B.0625, subdivision 19a;

(8) private duty nursing services under Minnesota Statutes, section 256B.0625, subdivision 7;

(9) day training and habilitation services for adults with mental retardation or related conditions under Minnesota Statutes, sections 252.40 to 252.46;

(10) alternative care services under Minnesota Statutes, section 256B.0913;

(11) adult residential program grants under Minnesota Rules, parts 9535.2000 to 9535.3000;

(12) adult and family community support grants under Minnesota Rules, parts 9535.1700 to 9535.1760;

(13) the group residential housing supplementary service rate under Minnesota Statutes, section 256I.05, subdivision 1a;

(14) adult mental health integrated fund grants under Minnesota Statutes, section 245.4661;

(15) semi-independent living services under Minnesota Statutes, section 252.275, including SILS funding under county social services grants formerly funded under Minnesota Statutes, chapter 256I;

(16) community support services for deaf and hard-of-hearing adults with mental illness who use or wish to use sign language as their primary means of communication;

(17) living skills training programs for persons with intractable epilepsy who need assistance in the transition to independent living; and

(18) day training and habilitation services under Minnesota Statutes, chapter 256B.

(c) Providers that receive a rate increase under this section shall use the additional revenue for to increase wages and benefits and pay associated costs for all employees other than the administrator and central office staff. For public employees, the portion of this increase reserved to increase wages and benefits for certain staff is available and pay rates shall be increased only to the extent that they comply with laws governing public employees collective bargaining. Money received by a provider for pay increases under this section must be used only for increases implemented on or after the first day of the state fiscal year in which the increase is available and must not be used for increases implemented prior to that date.
(d) A copy of the provider’s plan for complying with paragraph (c) must be made available to all employees by giving each employee a copy or by posting it in an area of the provider’s operation to which all employees have access. If an employee does not receive the adjustment described in the plan and is unable to resolve the problem with the provider, the employee may contact the employee’s union representative. If the employee is not covered by a collective bargaining agreement, the employee may contact the commissioner at a phone number provided by the commissioner and included in the provider’s plan.

**PETITIONS AND COMMUNICATIONS**

The following communication was received:

STATE OF MINNESOTA
OFFICE OF THE GOVERNOR
SAINT PAUL 55155

March 26, 2002

The Honorable Steve Svigum
Speaker of the House of Representatives
The State of Minnesota

Dear Speaker Svigum:

The purpose of this letter is to inform you that I am returning H. F. No. 2570, Chapter No. 283. I am vetoing the bill because it does not support consumers and consumer choice.

If the cost of auto glass replacement is the only consideration used to determine the local market price, several other cost factors that heavily impact small volume glass replacement operations will be ignored. If factors such as advertising and service costs are ignored, we will lose the small glass replacement operators. If the small operators are lost, glass replacement choices will be limited to those large operators with high volumes that have a more direct relationship with insurers. This will hurt the consumer by limiting flexibility and choice.
H. F. No. 2570 also fails to make a major improvement in the methods available to resolve disputed claims. Many small glass replacement operators have a significant number of disputed claims with insurers. H. F. No. 2570 does not remedy this situation.

Finally, no evidence exists that insurance premiums will decline if this bill is enacted into law.

Sincerely,

JESSE VENTURA
Governor
