RETIREMENT PLAN ALLOWABLE SERVICE CREDIT FOR STRIKE PERIODS

Section 1. Minnesota Statutes 2001 Supplement, section 352.01, subdivision 11, is amended to read:

Subd. 11. [ALLOWABLE SERVICE.] "Allowable service" means:

(1) Service by an employee for which on or before July 1, 1957, the employee was entitled to allowable service credit on the records of the system by reason of employee contributions in the form of salary deductions, payments in lieu of salary deductions, or in any other manner authorized by Minnesota Statutes 1953, chapter 352, as amended by Laws 1955, chapter 239.

(2) Service by an employee for which on or before July 1, 1961, the employee chose to obtain credit for service by making payments to the fund under Minnesota Statutes 1961, section 352.24.

(3) Except as provided in clauses (8) and (9), service by an employee after July 1, 1957, for any calendar month in which the employee is paid salary from which deductions are made, deposited, and credited in the fund, including deductions made, deposited, and credited as provided in section 352.041.

(4) Except as provided in clauses (8) and (9), service by an employee after July 1, 1957, for any calendar month for which payments in lieu of salary deductions are made, deposited, and credited in the fund, as provided in section 352.27 and Minnesota Statutes 1957, section 352.021, subdivision 4.

For purposes of clauses (3) and (4), except as provided in clauses (8) and (9), any salary paid for a fractional part of any calendar month, including the month of separation from state service, is deemed the compensation for the entire calendar month.

(5) The period of absence from their duties by employees who are temporarily disabled because of injuries incurred in the performance of duties and for which disability the state is liable under the workers' compensation law until the date authorized by the director for the commencement of payments of a total and permanent disability benefit from the retirement fund.

(6) Service covered by a refund repaid as provided in section 352.23 or 352D.05, subdivision 4, except service rendered as an employee of the adjutant general for which the person has credit with the federal civil service retirement system.
(7) Service before July 1, 1978, by an employee of the transit operating division of the metropolitan transit commission or by an employee on an authorized leave of absence from the transit operating division of the metropolitan transit commission who is employed by the labor organization which is the exclusive bargaining agent representing employees of the transit operating division, which was credited by the metropolitan transit commission-transit operating division employees retirement fund or any of its predecessor plans or funds as past, intermediate, future, continuous, or allowable service as defined in the metropolitan transit commission-transit operating division employees retirement fund plan document in effect on December 31, 1977.

(8) Service after July 1, 1983, by an employee who is employed on a part-time basis for less than 50 percent of full time, for which the employee is paid salary from which deductions are made, deposited, and credited in the fund, including deductions made, deposited, and credited as provided in section 352.041 or for which payments in lieu of salary deductions are made, deposited, and credited in the fund as provided in section 352.27 shall be credited on a fractional basis either by pay period, monthly, or annually based on the relationship that the percentage of salary earned bears to a full-time salary, with any salary paid for the fractional service credited on the basis of the rate of salary applicable for a full-time pay period, month, or a full-time year. For periods of part-time service that is duplicated service credit, section 356.30, subdivision 1, clauses (i) and (j), govern.

Allowable service determined and credited on a fractional basis shall be used in calculating the amount of benefits payable, but service as determined on a fractional basis must not be used in determining the length of service required for eligibility for benefits.

(9) Any period of authorized leave of absence without pay that does not exceed one year and for which the employee obtained credit by payment to the fund in lieu of salary deductions. To obtain credit, the employee shall pay an amount equal to the employee and employer contribution rate in section 352.04, subdivisions 2 and 3, multiplied by the employee's hourly rate of salary on the date of return from leave of absence and by the days and months of the leave of absence without pay for which the employee wants allowable service credit. The employing department, at its option, may pay the employer amount on behalf of its employees. Payments made under this clause must include interest at an annual rate of 8.5 percent compounded annually from the date of termination of the leave of absence to the date payment is made unless payment is completed within one year of the return from leave of absence.

(10) A period purchased under section 356.555.

(11) A period of time during which the employee was on strike without pay, not to exceed a period of one year, if the employee makes a payment in lieu of salary deductions or makes a prior service credit purchase payment, whichever applies. If the payment is made within 12 months, the payment by the employee must be an amount equal to the employee and employer contribution rates set forth in section 352.04, subdivisions 2 and 3, applied to the employee's rate of salary in effect on the conclusion of the strike for the period of the strike without pay, plus compound interest at a monthly rate of 0.71 percent from the last day of the strike until the date of payment. The employer, at its option, for all similarly situated employees, may pay the employer contribution equivalent amount on behalf of the employee. If the payment is not made within 12 months, the payment must be in an amount equal to the payment amount determined under section 356.55 or 356.551, whichever applies.

Sec. 2. Minnesota Statutes 2001 Supplement, section 353.01, subdivision 16, is amended to read:

Subd. 16. [ALLOWABLE SERVICE; LIMITS AND COMPUTATION.] (a) "Allowable service" means:

(1) service during years of actual membership in the course of which employee contributions were made, periods covered by payments in lieu of salary deductions under section 353.35;

(2) service in years during which the public employee was not a member but for which the member later elected, while a member, to obtain credit by making payments to the fund as permitted by any law then in effect;
(3) a period of authorized leave of absence with pay from which deductions for employee contributions are made, deposited, and credited to the fund;

(4) a period of authorized personal, parental, or medical leave of absence without pay, including a leave of absence covered under the federal Family Medical Leave Act, that does not exceed one year, and during or for which a member obtained full or fractional service credit for each month in the leave period by payments to the fund made in place of salary deductions. The payments must be made in an amount or amounts based on the member’s average salary on which deductions were paid for the last six months of public service, or for that portion of the last six months while the member was in public service, to apply to the period in either case that immediately precedes the commencement of the leave of absence. If the employee elects to pay the employee contributions for the period of any authorized personal, parental, or medical leave of absence without pay, or for any portion of the leave, the employee shall also, as a condition to the exercise of the election, pay to the fund an amount equivalent to the required employer and the additional employer contributions, if any, for the employee. The payment must be made within one year from the expiration of the leave of absence or within 20 days after termination of public service under subdivision 11a. The employer, if by appropriate action of its governing body, which is made a part of its official records, and which is adopted before the date of the first payment of the employee contribution, may certify to the association in writing its commitment to pay the employer and additional employer contributions from the proceeds of a tax levy made under section 353.28. Payments under this paragraph must include interest at an annual rate of 8.5 percent compounded annually from the date of the termination of the leave of absence to the date payment is made. An employee shall return to public service and render a minimum of three months of allowable service in order to be eligible to pay employee and employer contributions for a subsequent authorized leave of absence without pay. Upon payment, the employee must be granted allowable service credit for full calendar months or fractions of a month during the leave period as described in paragraph (d), clauses (1) and (2), based on the salary or the compensated hours used in computing the payment amount;

(5) a periodic, repetitive leave that is offered to all employees of a governmental subdivision. The leave program may not exceed 208 hours per annual normal work cycle as certified to the association by the employer. A participating member obtains service credit by making employee contributions in an amount or amounts based on the member’s average salary that would have been paid if the leave had not been taken. The employer shall pay the employer and additional employer contributions on behalf of the participating member. The employee and the employer are responsible to pay interest on their respective shares at the rate of 8.5 percent a year, compounded annually, from the end of the normal cycle until full payment is made. An employer shall also make the employer and additional employer contributions, plus 8.5 percent interest, compounded annually, on behalf of an employee who makes employee contributions but terminates public service. The employee contributions must be made within one year after the end of the annual normal working cycle or within 20 days after termination of public service, whichever is sooner. The association shall prescribe the manner and forms to be used by a governmental subdivision in administering a periodic, repetitive leave. Upon payment, the member must be granted allowable service credit for full calendar months or fractions of a month during the leave period as described in paragraph (d), clauses (1) and (2), based on the salary or the compensated hours used in computing the payment amount;

(6) an authorized temporary layoff under subdivision 12. For temporary layoffs that begin before January 1, 2002, allowable service credit is limited to three months allowable service per authorized temporary layoff in one calendar year. For temporary layoffs that begin on or after January 1, 2002, allowable service credit for the calendar month in which the member does not receive salary due to the layoff must be determined using the following formula:

(i) members who earned one month of allowable service credit for each of the nine calendar months of compensated employment with the governmental subdivision authorizing the layoff that immediately preceded the layoff shall receive one month of allowable service credit, limited to three months of allowable service credit per year, for each month of the temporary layoff; or

(ii) members who earned less than nine months of allowable service credit in the year of compensated employment with the governmental subdivision authorizing the layoff that immediately preceded the layoff shall receive allowable service credit on a fractional basis for each month of the authorized layoff, limited to three months of allowable
(7) a period during which a member is on an authorized leave of absence to enter military service in the armed forces of the United States, provided that the member returns to public service upon discharge from military service under section 192.262 and pays into the fund employee contributions based upon the employee's salary at the date of return from military service. Payment must be made within three times the length of the military leave period, or five years of the date of discharge from the military service, whichever is less. The amount of these contributions must be in accord with the contribution rates and salary limitations, if any, in effect during the leave, plus interest at an annual rate of 8.5 percent compounded annually from the date of return to public service to the date payment is made. The matching employer contribution and additional employer contribution under section 353.27, subdivisions 3 and 3a, must be paid by the governmental subdivision employing the member upon return to public service if the member makes the employee contributions. The governmental subdivision involved may appropriate money for those payments. A member may not receive credit for a voluntary extension of military service at the instance of the member beyond the initial period of enlistment, induction, or call to active duty. Upon payment, the employee must be granted allowable service credit for full calendar months or fractions of a month during the leave period as described in paragraph (d), clauses (1) and (2), based on the salary or compensated hours used in computing the payment amount; or

(8) a period of time during which a member who is a state employee was on strike without pay, not to exceed a period of one year, if the member makes a payment in lieu of salary deductions or makes a prior service credit purchase payment, whichever applies. If the payment is made within 12 months, the payment by the member must be an amount equal to the employee, employer, and employer additional contribution rates set forth in section 353.27, subdivisions 2, 3, and 3a, applied to the employee's rate of salary in effect on the conclusion of the strike for the period of the strike without pay, plus compound interest at a monthly rate of 0.71 percent from the last day of the strike until the date of payment. The employer, at its option, for all similarly situated state employees, may pay the employer contribution equivalent amount on behalf of the member. If the payment is not made within 12 months, the payment must be in an amount equal to the payment amount determined under section 356.55 or 356.551, whichever applies.

(b) For calculating benefits under sections 353.30, 353.31, 353.32, and 353.33 for state officers and employees displaced by the Community Corrections Act, chapter 401, and transferred into county service under section 401.04, "allowable service" means combined years of allowable service as defined in paragraph (a), clauses (1) to (6), and section 352.01, subdivision 11.

(c) For a public employee who has prior service covered by a local police or firefighters relief association that has consolidated with the public employees retirement association or to which section 353.665 applies, and who has elected the type of benefit coverage provided by the public employees police and fire fund either under section 353A.08 following the consolidation or under section 353.665, subdivision 4, "applicable service" is a period of service credited by the local police or firefighters relief association as of the effective date of the consolidation based on law and bylaw provisions governing the relief association on the date of the initiation of the consolidation procedure.

(d) For persons who, after January 1, 2002, either first become members or terminated membership under subdivision 11b, and again become members, of the public employees retirement plan, the public employees police and fire plan under this chapter, or the local government correctional employee retirement plan under chapter 353E, whichever applies, "allowable service" means credit for compensated hours from which deductions are made, or for which payments are made in lieu of salary deductions as provided under this subdivision, and which are deposited and credited in the fund as provided in section 353.27, determined as follows:

(1) one month of allowable service credit for each month during which the employee has received salary for 80 or more compensated hours; or
(2) a fraction of one month of allowable service for each month for which the employee has received salary for less than 80 compensated hours equal to the percentage relationship that the number of compensated hours bear to 80 hours.

(c) Elected officials and other public employees who are compensated solely on an annual basis shall be granted a full year of credit for each year for which compensation is earned.

(f) Allowable service that is determined and credited on a fractional basis must be used only in calculating the amount of benefits payable. In determining the length of service required for vesting, a member shall be granted a month of service credit for each month in which the member received compensation from which employee contributions were deducted. For periods of part-time service that are duplicated service credit, section 356.30, subdivision 1, paragraphs (g) and (h), govern.

(g) No member shall receive more than 12 months of allowable service credit in a year either for vesting purposes or for benefit calculation purposes.

(h) "Allowable service" also means a period purchased under section 356.555.

Sec. 3. Minnesota Statutes 2001 Supplement, section 354.05, subdivision 13, is amended to read:

Subd. 13. [ALLOWABLE SERVICE.] "Allowable service" means:

(1) Any service rendered by a teacher for which on or before July 1, 1957, the teacher's account in the retirement fund was credited by reason of employee contributions in the form of salary deductions, payments in lieu of salary deductions, or in any other manner authorized by Minnesota Statutes 1953, sections 135.01 to 135.13, as amended by Laws 1955, chapters 361, 549, 550, 611, or

(2) Any service rendered by a teacher for which on or before July 1, 1961, the teacher elected to obtain credit for service by making payments to the fund pursuant to Minnesota Statutes 1980, section 354.09 and section 354.51, or

(3) Any service rendered by a teacher after July 1, 1957, for any calendar month when the member receives salary from which deductions are made, deposited and credited in the fund, or

(4) Any service rendered by a person after July 1, 1957, for any calendar month where payments in lieu of salary deductions are made, deposited and credited into the fund as provided in Minnesota Statutes 1980, section 354.09, subdivision 4, and section 354.53, or

(5) Any service rendered by a teacher for which the teacher elected to obtain credit for service by making payments to the fund pursuant to Minnesota Statutes 1980, section 354.09, subdivisions 1 and 4, sections 354.50, 354.51, Minnesota Statutes 1957, section 135.41, subdivision 4, Minnesota Statutes 1971, section 354.09, subdivision 2, or Minnesota Statutes, 1973 Supplement, section 354.09, subdivision 3, or

(6) Both service during years of actual membership in the course of which contributions were currently made and service in years during which the teacher was not a member but for which the teacher later elected to obtain credit by making payments to the fund as permitted by any law then in effect, or

(7) Any service rendered where contributions were made and no allowable service credit was established because of the limitations contained in Minnesota Statutes 1957, section 135.09, subdivision 2, as determined by the ratio between the amounts of money credited to the teacher's account in a fiscal year and the maximum retirement contribution allowable for that year, or

(8) A period purchased under section 356.555.
(9) A period of time during which a teacher who is a state employee was on strike without pay, not to exceed a period of one year, if the teacher makes a payment in lieu of salary deductions or makes a prior service credit purchase payment, whichever applies. If the payment is made within 12 months, the payment by the teacher must be an amount equal to the employee and employer contribution rates set forth in section 354.42, subdivisions 2 and 3, applied to the teacher's rate of salary in effect on the conclusion of the strike for the period of the strike without pay, plus compound interest at a monthly rate of 0.71 percent from the last day of the strike until the date of payment. The employer, at its option, for all similarly situated state employees, may pay the employer contribution equivalent amount on behalf of the teacher. If the payment is not made within 12 months, the payment must be in an amount equal to the payment amount determined under section 356.55 or 356.551, whichever applies.

(2) at the time of the inspection or placement, whichever is earlier, the relative being considered for an emergency license shall receive an application form for a child foster care license; and

(3) whenever possible, prior to placing the child in the relative's home, the relative being considered for an emergency license shall provide the information required by section 245A.04, subdivision 3, paragraph (b); and

(4) if the county determines, prior to the issuance of an emergency license, that anyone requiring a background study may be disqualified under section 245A.04, and the disqualification is one which the commissioner cannot set aside, an emergency license shall not be issued.

Sec. 9. Minnesota Statutes 2001 Supplement, section 245A.04, subdivision 3, is amended to read:

Subd. 3. [BACKGROUND STUDY OF THE APPLICANT: DEFINITIONS.] (a) Individuals and organizations that are required in statute to initiate background studies under this section shall comply with the following requirements:

(1) Applicants for licensure, license holders, and other entities as provided in this section must submit completed background study forms to the commissioner before individuals specified in paragraph (c), clauses (1) to (4), (6), and (7), begin positions allowing direct contact in any licensed program.

(2) Applicants and license holders under the jurisdiction of other state agencies who are required in other statutory sections to initiate background studies under this section must submit completed background study forms to the commissioner prior to the background study subject beginning in a position allowing direct contact in the licensed program, or where applicable, prior to being employed.

(3) Organizations required to initiate background studies under section 256B.0627 for individuals described in paragraph (c), clause (5), must submit a completed background study form to the commissioner before those individuals begin a position allowing direct contact with persons served by the organization. The commissioner shall recover the cost of these background studies through a fee of no more than $12 per study charged to the organization responsible for submitting the background study form. The fees collected under this paragraph are appropriated to the commissioner for the purpose of conducting background studies.

Upon receipt of the background study forms from the entities in clauses (1) to (3), the commissioner shall complete the background study as specified under this section and provide notices required in subdivision 3a. Unless otherwise specified, the subject of a background study may have direct contact with persons served by a program after the background study form is mailed or submitted to the commissioner pending notification of the study results under subdivision 3a. A county agency may accept a background study completed by the commissioner under this section in place of the background study required under section 245A.16, subdivision 3, in programs with joint licensure as home and community-based services and adult foster care for people with developmental disabilities when the license holder does not reside in the foster care residence and the subject of the study has been continuously affiliated with the license holder since the date of the commissioner's study.

(b) The definitions in this paragraph apply only to subdivisions 3 to 3e.

(1) "Background study" means the review of records conducted by the commissioner to determine whether a subject is disqualified from direct contact with persons served by a program, and where specifically provided in statutes, whether a subject is disqualified from having access to persons served by a program.

(2) "Continuous, direct supervision" means an individual is within sight or hearing of the supervising person to the extent that supervising person is capable at all times of intervening to protect the health and safety of the persons served by the program.

(3) "Contractor" means any person, regardless of employer, who is providing program services for hire under the control of the provider.
(4) "Direct contact" means providing face-to-face care, training, supervision, counseling, consultation, or medication assistance to persons served by the program.

(5) "Reasonable cause" means information or circumstances exist which provide the commissioner with articulable suspicion that further pertinent information may exist concerning a subject. The commissioner has reasonable cause when, but not limited to, the commissioner has received a report from the subject, the license holder, or a third party indicating that the subject has a history that would disqualify the person or that may pose a risk to the health or safety of persons receiving services.

(6) "Subject of a background study" means an individual on whom a background study is required or completed.

c) The applicant, license holder, registrant under section 144A.71, subdivision 1, bureau of criminal apprehension, commissioner of health, and county agencies, after written notice to the individual who is the subject of the study, shall help with the study by giving the commissioner criminal conviction data and reports about the maltreatment of adults substantiated under section 626.557 and the maltreatment of minors in licensed programs substantiated under section 626.556. If a background study is initiated by an applicant or license holder and the applicant or license holder receives information about a possible criminal or maltreatment history of an individual who is the subject of a background study, the applicant or license holder must immediately provide the information to the commissioner. The individuals to be studied shall include:

1. the applicant;
2. persons age 13 and over living in the household where the licensed program will be provided;
3. current employees or contractors of the applicant who will have direct contact with persons served by the facility, agency, or program;
4. volunteers or student volunteers who have direct contact with persons served by the program to provide program services, if the contact is not directly supervised by the individuals under the continuous, direct supervision by an individual listed in clause (1) or (3);
5. any person required under section 256B.0627 to have a background study completed under this section;
6. persons ages 10 to 12 living in the household where the licensed services will be provided when the commissioner has reasonable cause; and
7. persons who, without providing direct contact services at a licensed program, may have unsupervised access to children or vulnerable adults receiving services from the program licensed to provide family child care for children, foster care for children in the provider's own home, or foster care or day care services for adults in the provider's own home when the commissioner has reasonable cause.

d) According to paragraph (c), clauses (2) and (6), the commissioner shall review records from the juvenile courts. For persons under paragraph (c), clauses (1), (3), (4), (5), and (7), who are ages 13 to 17, the commissioner shall review records from the juvenile courts when the commissioner has reasonable cause. The juvenile courts shall help with the study by giving the commissioner existing juvenile court records on individuals described in paragraph (c), clauses (2), (6), and (7), relating to delinquency proceedings held within either the five years immediately preceding the background study or the five years immediately preceding the individual's 18th birthday, whichever time period is longer. The commissioner shall destroy juvenile records obtained pursuant to this subdivision when the subject of the records reaches age 23.

e) Beginning August 1, 2001, the commissioner shall conduct all background studies required under this chapter and initiated by supplemental nursing services agencies registered under section 144A.71, subdivision 1. Studies for the agencies must be initiated annually by each agency. The commissioner shall conduct the background studies
according to this chapter. The commissioner shall recover the cost of the background studies through a fee of no more than $8 per study, charged to the supplemental nursing services agency. The fees collected under this paragraph are appropriated to the commissioner for the purpose of conducting background studies.

(f) For purposes of this section, a finding that a delinquency petition is proven in juvenile court shall be considered a conviction in state district court.

(g) A study of an individual in paragraph (c), clauses (1) to (7), shall be conducted at least upon application for initial license for all license types or registration under section 144A.71, subdivision 1, and at reapplication for a license or registration for family child care, child foster care, and adult foster care. The commissioner is not required to conduct a study of an individual at the time of reapplication for a license or if the individual has been continuously affiliated with a foster care provider licensed by the commissioner of human services and registered under chapter 144D, other than a family day care or foster care license, if: (i) a study of the individual was conducted either at the time of initial licensure or when the individual became affiliated with the license holder; (ii) the individual has been continuously affiliated with the license holder since the last study was conducted; and (iii) the procedure described in paragraph (j) has been implemented and was in effect continuously since the last study was conducted. For the purposes of this section, a physician licensed under chapter 147 is considered to be continuously affiliated upon the license holder's receipt from the commissioner of health or human services of the physician's background study results. For individuals who are required to have background studies under paragraph (c) and who have been continuously affiliated with a foster care provider that is licensed in more than one county, criminal conviction data may be shared among those counties in which the foster care programs are licensed. A county agency's receipt of criminal conviction data from another county agency shall meet the criminal data background study requirements of this section.

(h) The commissioner may also conduct studies on individuals specified in paragraph (c), clauses (3) and (4), when the studies are initiated by:

(i) personnel pool agencies;

(ii) temporary personnel agencies;

(iii) educational programs that train persons by providing direct contact services in licensed programs; and

(iv) professional services agencies that are not licensed and which contract with licensed programs to provide direct contact services who provide direct contact services.

(i) Studies on individuals in paragraph (h), items (i) to (iv), must be initiated annually by these agencies, programs, and individuals. Except as provided in paragraph (a), clause (3), no applicant, license holder, or individual who is the subject of the study shall pay any fees required to conduct the study.

(1) At the option of the licensed facility, rather than initiating another background study on an individual required to be studied who has indicated to the licensed facility that a background study by the commissioner was previously completed, the facility may make a request to the commissioner for documentation of the individual's background study status, provided that:

(i) the facility makes this request using a form provided by the commissioner;

(ii) in making the request the facility informs the commissioner that either:

(A) the individual has been continuously affiliated with a licensed facility since the individual's previous background study was completed, or since October 1, 1995, whichever is shorter; or
(B) the individual is affiliated only with a personnel pool agency, a temporary personnel agency, an educational program that trains persons by providing direct contact services in licensed programs, or a professional services agency that is not licensed and which contracts with licensed programs to provide direct contact services or individuals who provide direct contact services; and

(iii) the facility provides notices to the individual as required in paragraphs (a) to (j), and that the facility is requesting written notification of the individual's background study status from the commissioner.

(2) The commissioner shall respond to each request under paragraph (1) with a written or electronic notice to the facility and the study subject. If the commissioner determines that a background study is necessary, the study shall be completed without further request from a licensed agency or notifications to the study subject.

(3) When a background study is being initiated by a licensed facility or a foster care provider that is also registered under chapter 144D, a study subject affiliated with multiple licensed facilities may attach to the background study form a cover letter indicating the additional facilities' names, addresses, and background study identification numbers. When the commissioner receives such notices, each facility identified by the background study subject shall be notified of the study results. The background study notice sent to the subsequent agencies shall satisfy those facilities' responsibilities for initiating a background study on that individual.

(j) If an individual who is affiliated with a program or facility regulated by the department of human services or department of health or who is affiliated with any type of home care agency or provider of personal care assistance services, is convicted of a crime constituting a disqualification under subdivision 3d, the probation officer or corrections agent shall notify the commissioner of the conviction. For the purpose of this paragraph, "conviction" has the meaning given it in section 609.02, subdivision 5. The commissioner, in consultation with the commissioner of corrections, shall develop forms and information necessary to implement this paragraph and shall provide the forms and information to the commissioner of corrections for distribution to local probation officers and corrections agents. The commissioner shall inform individuals subject to a background study that criminal convictions for disqualifying crimes will be reported to the commissioner by the corrections system. A probation officer, corrections agent, or corrections agency is not civilly or criminally liable for disclosing or failing to disclose the information required by this paragraph. Upon receipt of disqualifying information, the commissioner shall provide the notifications required in subdivision 3a, as appropriate to agencies on record as having initiated a background study or making a request for documentation of the background study status of the individual. This paragraph does not apply to family day care and child foster care programs.

(k) The individual who is the subject of the study must provide the applicant or license holder with sufficient information to ensure an accurate study including the individual's first, middle, and last name and all other names by which the individual has been known; home address, city, county, and state of residence for the past five years; zip code; sex; date of birth; and driver's license number or state identification number. The applicant or license holder shall provide this information about an individual in paragraph (c), clauses (1) to (7), on forms prescribed by the commissioner. By January 1, 2000, for background studies conducted by the department of human services, the commissioner shall implement a system for the electronic transmission of: (1) background study information to the commissioner; and (2) background study results to the license holder. The commissioner may request additional information of the individual, which shall be optional for the individual to provide, such as the individual's social security number or race.

(l) For programs directly licensed by the commissioner, a study must include information related to names of substantiated perpetrators of maltreatment of vulnerable adults that has been received by the commissioner as required under section 626.557, subdivision 9c, paragraph (i), and the commissioner's records relating to the maltreatment of minors in licensed programs, information from juvenile courts as required in paragraph (c) for persons listed in paragraph (c), clauses (2), (6), and (7), and information from the bureau of criminal apprehension. For child foster care, adult foster care, and family day care homes, the study must include information from the county agency's record of substantiated maltreatment of adults, and the maltreatment of minors, information from juvenile courts as required in paragraph (c) for persons listed in paragraph (c), clauses (2), (6), and (7), and information from the bureau of criminal apprehension. The commissioner may also review arrest and investigative
information from the bureau of criminal apprehension, the commissioner of health, a county attorney, county sheriff, county agency, local chief of police, other states, the courts, or the Federal Bureau of Investigation if the commissioner has reasonable cause to believe the information is pertinent to the disqualification of an individual listed in paragraph (c), clauses (1) to (7). The commissioner is not required to conduct more than one review of a subject’s records from the Federal Bureau of Investigation if a review of the subject’s criminal history with the Federal Bureau of Investigation has already been completed by the commissioner and there has been no break in the subject’s affiliation with the license holder who initiated the background study.

(m) When the commissioner has reasonable cause to believe that further pertinent information may exist on the subject, the subject shall provide a set of classifiable fingerprints obtained from an authorized law enforcement agency. For purposes of requiring fingerprints, the commissioner shall be considered to have reasonable cause under, but not limited to, the following circumstances:

1. information from the bureau of criminal apprehension indicates that the subject is a multistate offender;
2. information from the bureau of criminal apprehension indicates that multistate offender status is undetermined; or
3. the commissioner has received a report from the subject or a third party indicating that the subject has a criminal history in a jurisdiction other than Minnesota.

(n) The failure or refusal of an applicant, license holder, or registrant under section 144A.71, subdivision 1, to cooperate with the commissioner is reasonable cause to disqualify a subject, deny a license application or immediately suspend, suspend, or revoke a license or registration. Failure or refusal of an individual to cooperate with the study is just cause for denying or terminating employment of the individual if the individual's failure or refusal to cooperate could cause the applicant's application to be denied or the license holder's license to be immediately suspended, suspended, or revoked.

(o) The commissioner shall not consider an application to be complete until all of the information required to be provided under this subdivision has been received.

(p) No person in paragraph (c), clauses (1) to (7), who is disqualified as a result of this section may be retained by the agency in a position involving direct contact with persons served by the program or in a position allowing and no person in paragraph (c), clauses (2), (6), and (7), or as provided elsewhere in statute who is disqualified as a result of this section may be allowed access to persons served by the program as provided for in statutes, unless the commissioner has provided written notice to the agency stating that:

1. the individual may remain in direct contact during the period in which the individual may request reconsideration as provided in subdivision 3a, paragraph (b), clause (2) or (3);
2. the individual's disqualification has been set aside for that agency as provided in subdivision 3b, paragraph (b); or
3. the license holder has been granted a variance for the disqualified individual under subdivision 3e.

(q) Termination of affiliation with persons in paragraph (c), clauses (1) to (7), made in good faith reliance on a notice of disqualification provided by the commissioner shall not subject the applicant or license holder to civil liability.

(r) The commissioner may establish records to fulfill the requirements of this section.

(s) The commissioner may not disqualify an individual subject to a study under this section because that person has, or has had, a mental illness as defined in section 245.462, subdivision 20.
(t) An individual subject to disqualification under this subdivision has the applicable rights in subdivision 3a, 3b, or 3c.

(u) For the purposes of background studies completed by tribal organizations performing licensing activities otherwise required of the commissioner under this chapter, after obtaining consent from the background study subject, tribal licensing agencies shall have access to criminal history data in the same manner as county licensing agencies and private licensing agencies under this chapter.

Sec. 10. Minnesota Statutes 2001 Supplement, section 245A.04, subdivision 3a, is amended to read:

Subd. 3a. [NOTIFICATION TO SUBJECT AND LICENSE HOLDER OF STUDY RESULTS; DETERMINATION OF RISK OF HARM.] (a) Within 15 working days, the commissioner shall notify the applicant, license holder, or registrant under section 144A.71, subdivision 1, and the individual who is the subject of the study, in writing or by electronic transmission, of the results of the study or that more time is needed to complete the study. When the study is completed, a notice that the study was undertaken and completed shall be maintained in the personnel files of the program. For studies on individuals pertaining to a license to provide family day care or group family day care, foster care for children in the provider's own home, or foster care or day care services for adults in the provider's own home, the commissioner is not required to provide a separate notice of the background study results to the individual who is the subject of the study unless the study results in a disqualification of the individual.

(b) Except as provided in subdivision 3d, paragraph (b), if the commissioner determines that the individual studied has a disqualifying characteristic, the commissioner shall review the information immediately available and make a determination as to the subject's immediate risk of harm to persons served by the program where the individual studied will have direct contact. The commissioner shall consider all relevant information available, including the following factors in determining the immediate risk of harm: the recency of the disqualifying characteristic; the recency of discharge from probation for the crimes; the number of disqualifying characteristics; the intrusiveness or violence of the disqualifying characteristic; the vulnerability of the victim involved in the disqualifying characteristic; and the similarity of the victim to the persons served by the program where the individual studied will have direct contact. The commissioner may determine that the evaluation of the information immediately available gives the commissioner reason to believe one of the following:

(1) The individual poses an imminent risk of harm to persons served by the program where the individual studied will have direct contact. If the commissioner determines that an individual studied poses an imminent risk of harm to persons served by the program where the individual studied will have direct contact, the individual and the license holder must be sent a notice of disqualification. The commissioner shall order the license holder to immediately remove the individual studied from direct contact. The notice to the individual studied must include an explanation of the basis of this determination.

(2) The individual poses a risk of harm requiring continuous, direct supervision while providing direct contact services during the period in which the subject may request a reconsideration. If the commissioner determines that an individual studied poses a risk of harm that requires continuous, direct supervision, the individual and the license holder must be sent a notice of disqualification. The commissioner shall order the license holder to immediately
remove the individual studied from direct contact services or assure that the individual studied is within sight or hearing under the continuous, direct supervision of another staff person when providing direct contact services during the period in which the individual may request a reconsideration of the disqualification. If the individual studied does not submit a timely request for reconsideration, or the individual submits a timely request for reconsideration, but the disqualification is not set aside for that license holder, the license holder will be notified of the disqualification and ordered to immediately remove the individual from any position allowing direct contact with persons receiving services from the license holder.

(3) The individual does not pose an imminent risk of harm or a risk of harm requiring continuous, direct supervision while providing direct contact services during the period in which the subject may request a reconsideration. If the commissioner determines that an individual studied does not pose a risk of harm that requires continuous, direct supervision, only the individual must be sent a notice of disqualification. The license holder must be sent a notice that more time is needed to complete the individual’s background study. If the individual studied submits a timely request for reconsideration, and if the disqualification is set aside for that license holder, the license holder will receive the same notification received by license holders in cases where the individual studied has no disqualifying characteristic. If the individual studied does not submit a timely request for reconsideration, or the individual submits a timely request for reconsideration, but the disqualification is not set aside for that license holder, the license holder will be notified of the disqualification and ordered to immediately remove the individual from any position allowing direct contact with persons receiving services from the license holder.

(c) County licensing agencies performing duties under this subdivision may develop an alternative system for determining the subject’s immediate risk of harm to persons served by the program, providing the notices under paragraph (b), and documenting the action taken by the county licensing agency. Each county licensing agency’s implementation of the alternative system is subject to approval by the commissioner. Notwithstanding this alternative system, county licensing agencies shall complete the requirements of paragraph (a).

Sec. 11. Minnesota Statutes 2001 Supplement, section 245A.04, subdivision 3b, is amended to read:

Subd. 3b. [RECONSIDERATION OF DISQUALIFICATION.] (a) The individual who is the subject of the disqualification may request a reconsideration of the disqualification.

The individual must submit the request for reconsideration to the commissioner in writing. A request for reconsideration for an individual who has been sent a notice of disqualification under subdivision 3a, paragraph (b), clause (1) or (2), must be submitted within 30 calendar days of the disqualified individual’s receipt of the notice of disqualification. Upon showing that the information in clause (1) or (2) cannot be obtained within 30 days, the disqualified individual may request additional time, not to exceed 30 days, to obtain that information. A request for reconsideration for an individual who has been sent a notice of disqualification under subdivision 3a, paragraph (b), clause (3), must be submitted within 15 calendar days of the disqualified individual’s receipt of the notice of disqualification. An individual who was determined to have maltreated a child under section 626.556 or a vulnerable adult under section 626.557, and who was disqualified under this section on the basis of serious or recurring maltreatment, may request reconsideration of both the maltreatment and the disqualification determinations. The request for reconsideration of the maltreatment determination and the disqualification must be submitted within 30 calendar days of the individual’s receipt of the notice of disqualification. Removal of a disqualified individual from direct contact shall be ordered if the individual does not request reconsideration within the prescribed time, and for an individual who submits a timely request for reconsideration, if the disqualification is not set aside. The individual must present information showing that:

1) the information the commissioner relied upon in determining that the underlying conduct giving rise to the disqualification occurred, and for maltreatment, that the maltreatment was serious or recurring, is incorrect or inaccurate. If the basis of a reconsideration request is that a maltreatment determination or disposition under section 626.556 or 626.557 is incorrect, and the commissioner has issued a final order in an appeal of that determination or disposition under section 256.045 or 245A.08, subdivision 5, the commissioner’s order is conclusive on the issue of maltreatment. If the individual did not request reconsideration of the maltreatment determination, the maltreatment determination is deemed conclusive; or
(2) the subject of the study does not pose a risk of harm to any person served by the applicant, license holder, or registrant under section 144A.71, subdivision 1.

(b) The commissioner shall rescind the disqualification if the commissioner finds that the information relied on to disqualify the subject is incorrect. The commissioner may set aside the disqualification under this section if the commissioner finds that the individual does not pose a risk of harm to any person served by the applicant, license holder, or registrant under section 144A.71, subdivision 1. In determining that an individual does not pose a risk of harm, the commissioner shall consider the nature, severity, and consequences of the event or events that lead to disqualification, whether there is more than one disqualifying event, the age and vulnerability of the victim at the time of the event, the harm suffered by the victim, the similarity between the victim and persons served by the program, the time elapsed without a repeat of the same or similar event, documentation of successful completion by the individual studied of training or rehabilitation pertinent to the event, and any other information relevant to reconsideration. In reviewing a disqualification under this section, the commissioner shall give preeminent weight to the safety of each person to be served by the license holder, applicant, or registrant under section 144A.71, subdivision 1, over the interests of the license holder, applicant, or registrant under section 144A.71, subdivision 1.

(c) Unless the information the commissioner relied on in disqualifying an individual is incorrect, the commissioner may not set aside the disqualification of an individual in connection with a license to provide family day care for children, foster care for children in the provider's own home, or foster care or day care services for adults in the provider's own home if:

(1) less than ten years have passed since the discharge of the sentence imposed for the offense; and the individual has been convicted of a violation of any offense listed in sections 609.20 (manslaughter in the first degree), 609.205 (manslaughter in the second degree), criminal vehicular homicide under 609.21 (criminal vehicular homicide and injury), 609.215 (aiding suicide or aiding attempted suicide), felony violations under 609.221 to 609.2231 (assault in the first, second, third, or fourth degree), 609.713 (terroristic threats), 609.235 (use of drugs to injure or to facilitate crime), 609.24 (simple robbery), 609.245 (aggravated robbery), 609.25 (kidnapping), 609.255 (false imprisonment), 609.561 or 609.562 (arson in the first or second degree), 609.71 (riot), burglary in the first or second degree under 609.582 (burglary), 609.66 (dangerous weapon), 609.665 (spring guns), 609.67 (machine guns and short-barreled shotguns), 609.749 (harassment; stalking), 152.021 or 152.022 (controlled substance crime in the first or second degree), 152.023, subdivision 1, clause (3) or (4), or subdivision 2, clause (4) (controlled substance crime in the third degree), 152.024, subdivision 1, clause (2), (3), or (4) (controlled substance crime in the fourth degree), 409.224, subdivision 2, paragraph (c) (fifth-degree assault by a caregiver against a vulnerable adult), 609.228 (great bodily harm caused by distribution of drugs), 609.23 (misdemeanor assault of persons confined), 609.231 (misdemeanor assault of residents or patients), 609.2325 (criminal abuse of a vulnerable adult), 609.233 (criminal neglect of a vulnerable adult), 609.2335 (financial exploitation of a vulnerable adult), 609.234 (failure to report), 609.265 (abduction), 609.2664 to 609.2665 (manslaughter of an unborn child in the first or second degree), 609.2674 to 609.2672 (assault of an unborn child in the first, second, or third degree), 609.268 (injury or death of an unborn child in the commission of a crime), 617.293 (disseminating or displaying harmful material to minors), a felony level conviction involving alcohol or drug use, a gross misdemeanor offense under 609.324, subdivision 1 (other prohibited acts), a gross misdemeanor offense under 609.378 (neglect or endangerment of a child), a gross misdemeanor offense under 609.377 (malicious punishment of a child), 609.72, subdivision 3 (disorderly conduct against a vulnerable adult); or an attempt or conspiracy to commit any of these offenses, as each of these offenses is defined in Minnesota Statutes; or an offense in any other state, the elements of which are substantially similar to the elements of any of the foregoing offenses;

(2) regardless of how much time has passed since the involuntary termination of parental rights under section 260C.301 or the discharge of the sentence imposed for the offense, the individual was convicted of a violation of any offense listed in sections 609.185 to 609.195 (murder in the first, second, or third degree), 609.2661 to 609.2663 (murder of an unborn child in the first, second, or third degree), a felony offense under 609.377 (malicious punishment of a child), a felony offense under 609.324, subdivision 1 (other prohibited acts), a felony offense under 609.378 (neglect or endangerment of a child), 609.322 (solicitation, inducement, and promotion of prostitution), 609.342 to 609.345 (criminal sexual conduct in the first, second, or third degree), 609.352 (solicitation of children to engage in sexual conduct), 617.246 (use of minors in a sexual performance), 617.247 (possession of
pictorial representations of a minor), 609.365 (incest), a felony offense under sections 609.2242 and 609.2243 (domestic assault), a felony offense of spousal abuse, a felony offense of child abuse or neglect, a felony offense of a crime against children, or an attempt or conspiracy to commit any of these offenses as defined in Minnesota Statutes, or an offense in any other state, the elements of which are substantially similar to any of the foregoing offenses;

(3) within the seven years preceding the study, the individual committed an act that constitutes maltreatment of a child under section 626.556, subdivision 10c, and that resulted in substantial bodily harm as defined in section 609.02, subdivision 7a, or substantial mental or emotional harm as supported by competent psychological or psychiatric evidence; or

(4) within the seven years preceding the study, the individual was determined under section 626.557 to be the perpetrator of a substantiated incident of maltreatment of a vulnerable adult that resulted in substantial bodily harm as defined in section 609.02, subdivision 7a, or substantial mental or emotional harm as supported by competent psychological or psychiatric evidence.

In the case of any ground for disqualification under clauses (1) to (4), if the act was committed by an individual other than the applicant, license holder, or registrant under section 144A.71, subdivision 1, residing in the applicant's or license holder's home, or the home of a registrant under section 144A.71, subdivision 1, the applicant, license holder, or registrant under section 144A.71, subdivision 1, may seek reconsideration when the individual who committed the act no longer resides in the home.

The disqualification periods provided under clauses (1), (3), and (4) are the minimum applicable disqualification periods. The commissioner may determine that an individual should continue to be disqualified from licensure or registration under section 144A.71, subdivision 1, because the license holder, applicant, or registrant under section 144A.71, subdivision 1, poses a risk of harm to a person served by that individual after the minimum disqualification period has passed.

(d) The commissioner shall respond in writing or by electronic transmission to all reconsideration requests for which the basis for the request is that the information relied upon by the commissioner to disqualify is incorrect or inaccurate within 30 working days of receipt of a request and all relevant information. If the basis for the request is that the individual does not pose a risk of harm, the commissioner shall respond to the request within 15 working days after receiving the request for reconsideration and all relevant information. If the request is based on both the correctness or accuracy of the information relied on to disqualify the individual and the risk of harm, the commissioner shall respond to the request within 45 working days after receiving the request for reconsideration and all relevant information. If the disqualification is set aside, the commissioner shall notify the applicant or license holder in writing or by electronic transmission of the decision.

(e) Except as provided in subdivision 3c, if a disqualification for which reconsideration was requested is not set aside or is not rescinded, an individual who was disqualified on the basis of a preponderance of evidence that the individual committed an act or acts that meet the definition of any of the crimes listed in subdivision 3d, paragraph (a), clauses (1) to (4); or for failure to make required reports under section 626.556, subdivision 3, or 626.557, subdivision 3, pursuant to subdivision 3d, paragraph (a), clause (4), may request a fair hearing under section 256.045. Except as provided under subdivision 3c, the commissioner's final order for an individual under this paragraph is conclusive on the issue of maltreatment and disqualification, including for purposes of subsequent studies conducted under subdivision 3, and fair hearing is the only administrative appeal of the final agency determination, specifically, including a challenge to the accuracy and completeness of data under section 13.04.

(f) Except as provided under subdivision 3c, if an individual was disqualified on the basis of a determination of maltreatment under section 626.556 or 626.557, which was serious or recurring, and the individual has requested reconsideration of the maltreatment determination under section 626.556, subdivision 10i, or 626.557, subdivision 9d, and also requested reconsideration of the disqualification under this subdivision, reconsideration of the maltreatment determination and reconsideration of the disqualification shall be consolidated into a single reconsideration. For maltreatment and disqualification determinations made by county agencies, the consolidated
reconsideration shall be conducted by the county agency. If the county agency has disqualified an individual on multiple bases, one of which is a county maltreatment determination for which the individual has a right to request reconsideration, the county shall conduct the reconsideration of all disqualifications. Except as provided under subdivision 3c, if an individual who was disqualified on the basis of serious or recurring maltreatment requests a fair hearing on the maltreatment determination under section 626.556, subdivision 10i, or 626.557, subdivision 9d, and requests a fair hearing on the disqualification, which has not been set aside or rescinded under this subdivision, the scope of the fair hearing under section 256.045 shall include the maltreatment determination and the disqualification. Except as provided under subdivision 3c, the commissioner’s final order for an individual under this paragraph is conclusive on the issue of maltreatment and disqualification, including for purposes of subsequent studies conducted under subdivision 3, and a fair hearing is the only administrative appeal of the final agency determination, specifically, including a challenge to the accuracy and completeness of data under section 13.04.

Sec. 12. Minnesota Statutes 2000, section 245A.04, is amended by adding a subdivision to read:

Subd. 3f. [CONCLUSIVE DETERMINATIONS OR DISPOSITIONS.] Unless otherwise specified in statute, the following determinations or dispositions are deemed conclusive:

(1) a maltreatment determination or disposition under section 626.556 or 626.557, if:

(i) the commissioner has issued a final order in an appeal of that determination or disposition under section 245A.08, subdivision 5, or 256.045;

(ii) the individual did not request reconsideration of the maltreatment determination or disposition under section 626.556 or 626.557; or

(iii) the individual did not request a hearing of the maltreatment determination or disposition under section 256.045; and

(2) a determination that the information relied upon to disqualify an individual under subdivision 3d, was correct based on serious or recurring maltreatment; or

(3) a preponderance of evidence shows that the individual committed an act or acts that meet the definition of any of the crimes listed in subdivision 3d, paragraph (a), clauses (1) to (4); or the individual’s failure to make required reports under section 626.556, subdivision 3, or 626.557, subdivision 3; if:

(i) the commissioner has issued a final order in an appeal of that determination under section 245A.08, subdivision 5, or 256.045, or a court has issued a final decision;

(ii) the individual did not request reconsideration of the disqualification under this subdivision; or

(iii) the individual did not request a hearing on the disqualification under section 256.045.

Sec. 13. Minnesota Statutes 2001 Supplement, section 245A.07, subdivision 2a, is amended to read:

Subd. 2a. [IMMEDIATE SUSPENSION EXPEDITED HEARING.] (a) Within five working days of receipt of the license holder’s timely appeal, the commissioner shall request assignment of an administrative law judge. The request must include a proposed date, time, and place of a hearing. A hearing must be conducted by an administrative law judge within 30 calendar days of the request for assignment, unless an extension is requested by either party and granted by the administrative law judge for good cause. The commissioner shall issue a notice of hearing by certified mail at least ten working days before the hearing. The scope of the hearing shall be limited solely to the issue of whether the temporary immediate suspension should remain in effect pending the commissioner’s final order under section 245A.08, regarding a licensing sanction issued under subdivision 3 following the immediate suspension. The burden of proof in expedited hearings under this subdivision shall be limited to the commissioner’s demonstration that reasonable cause exists to believe that the license holder’s actions or failure to comply with applicable law or rule poses an imminent risk of harm to the health, safety, or rights of persons served by the program.
(b) The administrative law judge shall issue findings of fact, conclusions, and a recommendation within ten working days from the date of hearing. The commissioner's final order shall be issued within ten working days from receipt of the recommendation of the administrative law judge. Within 90 calendar days after a final order affirming an immediate suspension, the commissioner shall make a determination regarding whether a final licensing sanction shall be issued under subdivision 3. The license holder shall continue to be prohibited from operation of the program during this 90-day period.

(c) When the final order under paragraph (b) affirms an immediate suspension, and a final licensing sanction is issued under subdivision 3, and the license holder appeals that sanction, the license holder continues to be prohibited from operation of the program pending a final commissioner's order under section 245A.08, subdivision 5, regarding the final licensing sanction.

Sec. 14. Minnesota Statutes 2001 Supplement, section 245A.07, subdivision 3, is amended to read:

Subd. 3. [LICENSE SUSPENSION, REVOCATION, OR FINE.] The commissioner may suspend or revoke a license, or impose a fine if a license holder fails to comply fully with applicable laws or rules, or knowingly withholds relevant information from or gives false or misleading information to the commissioner in connection with an application for a license, in connection with the background study status of an individual, or during an investigation. A license holder who has had a license suspended, revoked, or has been ordered to pay a fine must be given notice of the action by certified mail. The notice must state the reasons for the suspension, revocation, or fine.

(a) If the license was suspended or revoked, the notice must inform the license holder of the right to a contested case hearing under chapter 14 and Minnesota Rules, parts 1400.8510 to 1400.8612 and successor rules. The license holder may appeal an order suspending or revoking a license. The appeal of an order suspending or revoking a license must be made in writing by certified mail and must be received by the commissioner within ten calendar days after the license holder receives notice that the license has been suspended or revoked. Except as provided in subdivision 2a, paragraph (c), a timely appeal of an order suspending or revoking a license shall stay the suspension or revocation until the commissioner issues a final order.

(b)(1) If the license holder was ordered to pay a fine, the notice must inform the license holder of the responsibility for payment of fines and the right to a contested case hearing under chapter 14 and Minnesota Rules, parts 1400.8510 to 1400.8612 and successor rules. The appeal of an order to pay a fine must be made in writing by certified mail and must be received by the commissioner within ten calendar days after the license holder receives notice that the fine has been ordered.

(2) The license holder shall pay the fines assessed on or before the payment date specified. If the license holder fails to fully comply with the order, the commissioner may issue a second fine or suspend the license until the license holder complies. If the license holder receives state funds, the state, county, or municipal agencies or departments responsible for administering the funds shall withhold payments and recover any payments made while the license is suspended for failure to pay a fine. A timely appeal shall stay payment of the fine until the commissioner issues a final order.

(3) A license holder shall promptly notify the commissioner of human services, in writing, when a violation specified in the order to forfeit a fine is corrected. If upon reinspection the commissioner determines that a violation has not been corrected as indicated by the order to forfeit a fine, the commissioner may issue a second fine. The commissioner shall notify the license holder by certified mail that a second fine has been assessed. The license holder may appeal the second fine as provided under this subdivision.

(4) Fines shall be assessed as follows: the license holder shall forfeit $1,000 for each determination of maltreatment of a child under section 626.556 or the maltreatment of a vulnerable adult under section 626.557; the license holder shall forfeit $200 for each occurrence of a violation of law or rule governing matters of health, safety, or supervision, including but not limited to the provision of adequate staff-to-child or adult ratios, and failure to
submit a background study; and the license holder shall forfeit $100 for each occurrence of a violation of law or rule other than those subject to a $1,000 or $200 fine above. For purposes of this section, "occurrence" means each violation identified in the commissioner’s fine order.

(5) When a fine has been assessed, the license holder may not avoid payment by closing, selling, or otherwise transferring the licensed program to a third party. In such an event, the license holder will be personally liable for payment. In the case of a corporation, each controlling individual is personally and jointly liable for payment.

Sec. 15. [245A.085] [CONSOLIDATION OF HEARINGS; RECONSIDERATION.]

Hearings authorized under this chapter and sections 256.045, 626.556, and 626.557, shall be consolidated if feasible and in accordance with other applicable statutes and rules. Reconsideration under sections 245A.04, subdivision 3c; 626.556, subdivision 10i; and 626.557, subdivision 9d, shall also be consolidated if feasible.

Sec. 16. Minnesota Statutes 2001 Supplement, section 245A.144, is amended to read:

245A.144 [REDUCTION OF RISK OF SUDDEN INFANT DEATH SYNDROME IN CHILD CARE PROGRAMS.]

License holders must ensure that before staff persons, caregivers, and helpers assist in the care of infants, they receive training on reducing the risk of sudden infant death syndrome. The training on reducing the risk of sudden infant death syndrome may be provided as orientation training under Minnesota Rules, part 9503.0035, subpart 1, as initial training under Minnesota Rules, part 9502.0385, subpart 2, as in-service training under Minnesota Rules, part 9503.0035, subpart 4, or as ongoing training under Minnesota Rules, part 9502.0385, subpart 3. Training required under this section must be at least one hour in length and must be completed at least once every five years. At a minimum, the training must address the risk factors related to sudden infant death syndrome, means of reducing the risk of sudden infant death syndrome in child care, and license holder communication with parents regarding reducing the risk of sudden infant death syndrome. Training for family and group family child care providers must be approved by the county licensing agency according to Minnesota Rules, part 9502.0385.

Sec. 17. [245A.151] [FIRE MARSHAL INSPECTION.]

When the requirements for licensure under this chapter require a fire marshal to inspect a facility for compliance with the Minnesota Uniform Fire Code under section 299F.011, a local fire code inspector may conduct the inspection. If a community does not have a local fire code inspector, a local fire code inspector from another community may conduct the inspection and may charge an applicant or license holder a fee for the actual cost of the inspection not to exceed $50 per inspection.

Sec. 18. Minnesota Statutes 2001 Supplement, section 245A.16, subdivision 1, is amended to read:

Subdivision 1. [DELEGATION OF AUTHORITY TO AGENCIES.] (a) County agencies and private agencies that have been designated or licensed by the commissioner to perform licensing functions and activities under section 245A.04, to recommend denial of applicants under section 245A.05, to issue correction orders, to issue variances, and recommend a conditional license under section 245A.06, or to recommend suspending or revoking a license or issuing a fine under section 245A.07, shall comply with rules and directives of the commissioner governing those functions and with this section. The following variances are excluded from the delegation of variance authority and may be issued only by the commissioner:

(1) dual licensure of family child care and child foster care, dual licensure of child and adult foster care, and adult foster care and family child care;

(2) adult foster care maximum capacity;

(3) adult foster care minimum age requirement;
(4) child foster care maximum age requirement;

(5) variances regarding disqualified individuals except that county agencies may issue variances under section 245A.04, subdivision 3e, regarding disqualified individuals when the county is responsible for conducting a consolidated reconsideration according to section 245A.04, subdivision 3b, paragraph (f), of a county maltreatment determination and a disqualification based on serious or recurring maltreatment; and

(6) the required presence of a caregiver in the adult foster care residence during normal sleeping hours.

(b) County agencies must report information about disqualification reconsiderations under section 245A.04, subdivision 3b, paragraph (f), and variances granted under paragraph (a), clause (5), to the commissioner at least monthly in a format prescribed by the commissioner.

(c) For family day care programs, the commissioner may authorize licensing reviews every two years after a licensee has had at least one annual review.

Sec. 19. Minnesota Statutes 2001 Supplement, section 256.045, subdivision 3b, is amended to read:

Subd. 3b. [STANDARD OF EVIDENCE FOR MALTREATMENT AND DISQUALIFICATION HEARINGS.]

(a) The state human services referee shall determine that maltreatment has occurred if a preponderance of evidence exists to support the final disposition under sections 626.556 and 626.557. For purposes of hearings regarding disqualification, the state human services referee shall affirm the proposed disqualification in an appeal under subdivision 3, paragraph (a), clause (9), if a preponderance of the evidence shows the individual has:

(1) committed maltreatment under section 626.556 or 626.557, which is serious or recurring;

(2) committed an act or acts meeting the definition of any of the crimes listed in section 245A.04, subdivision 3d, paragraph (a), clauses (1) to (4); or

(3) failed to make required reports under section 626.556 or 626.557, for incidents in which:

(i) the final disposition under section 626.556 or 626.557 was substantiated maltreatment; and

(ii) the maltreatment was recurring or serious; or substantiated serious or recurring maltreatment of a minor under section 626.556 or of a vulnerable adult under section 626.557 for which there is a preponderance of evidence that the maltreatment occurred, and that the subject was responsible for the maltreatment that was serious or recurring.

(b) If the disqualification is affirmed, the state human services referee shall determine whether the individual poses a risk of harm in accordance with the requirements of section 245A.04, subdivision 3b.

(c) The state human services referee shall recommend an order to the commissioner of health, children, families, and learning, or human services, as applicable, who shall issue a final order. The commissioner shall affirm, reverse, or modify the final disposition. Any order of the commissioner issued in accordance with this subdivision is conclusive upon the parties unless appeal is taken in the manner provided in subdivision 7. Except as provided under section 245A.04, subdivisions 3b, paragraphs (c) and (f), and 3c. In any licensing appeal under chapter 245A and sections 144.50 to 144.58 and 144A.02 to 144A.46, the commissioner's determination as to maltreatment is conclusive as provided under section 245A.04, subdivision 3f.

Sec. 20. Minnesota Statutes 2001 Supplement, section 256.045, subdivision 4, is amended to read:

Subd. 4. [CONDUCT OF HEARINGS.] (a) All hearings held pursuant to subdivision 3, 3a, 3b, or 4a shall be conducted according to the provisions of the federal Social Security Act and the regulations implemented in accordance with that act to enable this state to qualify for federal grants-in-aid, and according to the rules and written policies of the commissioner of human services. County agencies shall install equipment necessary to conduct
telephone hearings. A state human services referee may schedule a telephone conference hearing when the distance or time required to travel to the county agency offices will cause a delay in the issuance of an order, or to promote efficiency, or at the mutual request of the parties. Hearings may be conducted by telephone conferences unless the applicant, recipient, former recipient, person, or facility contesting maltreatment objects. The hearing shall not be held earlier than five days after filing of the required notice with the county or state agency. The state human services referee shall notify all interested persons of the time, date, and location of the hearing at least five days before the date of the hearing. Interested persons may be represented by legal counsel or other representative of their choice, including a provider of therapy services, at the hearing and may appear personally, testify and offer evidence, and examine and cross-examine witnesses. The applicant, recipient, former recipient, person, or facility contesting maltreatment shall have the opportunity to examine the contents of the case file and all documents and records to be used by the county or state agency at the hearing at a reasonable time before the date of the hearing and during the hearing. In hearings under subdivision 3, paragraph (a), clauses (4), (8), and (9), either party may subpoena the private data relating to the investigation prepared by the agency under section 626.556 or 626.557 that is not otherwise accessible under section 13.04, provided the identity of the reporter may not be disclosed.

(b) The private data obtained by subpoena in a hearing under subdivision 3, paragraph (a), clause (4), (8), or (9), must be subject to a protective order which prohibits its disclosure for any other purpose outside the hearing provided for in this section without prior order of the district court. Disclosure without court order is punishable by a sentence of not more than 90 days imprisonment or a fine of not more than $700, or both. These restrictions on the use of private data do not prohibit access to the data under section 13.03, subdivision 6. Except for appeals under subdivision 3, paragraph (a), clauses (4), (5), (8), and (9), upon request, the county agency shall provide reimbursement for transportation, child care, photocopying, medical assessment, witness fee, and other necessary and reasonable costs incurred by the applicant, recipient, or former recipient in connection with the appeal. All evidence, except that privileged by law, commonly accepted by reasonable people in the conduct of their affairs as having probative value with respect to the issues shall be submitted at the hearing and such hearing shall not be "a contested case" within the meaning of section 14.02, subdivision 3. The agency must present its evidence prior to or at the hearing, and may not submit evidence after the hearing except by agreement of the parties at the hearing, provided the petitioner has the opportunity to respond.

(c) In hearings under subdivision 3, paragraph (a), clauses (4), (8), and (9), involving determinations of maltreatment or disqualification made by more than one county agency, by a county agency and a state agency, or by more than one state agency, the hearings may be consolidated into a single fair hearing upon the consent of all parties and the state human services referee.

Sec. 21. Minnesota Statutes 2001 Supplement, section 626.556, subdivision 10i, is amended to read:

Subd. 10i. [ADMINISTRATIVE RECONSIDERATION OF FINAL DETERMINATION OF MALTREATMENT AND DISQUALIFICATION BASED ON SERIOUS OR RECURRING MALTREATMENT; REVIEW PANEL.] (a) Except as provided under paragraph (e), an individual or facility that the commissioner of human services, a local social service agency, or the commissioner of children, families, and learning determines has maltreated a child, an interested person acting on behalf of the child, regardless of the determination, who contests the investigating agency's final determination regarding maltreatment, may request the investigating agency to reconsider its final determination regarding maltreatment. The request for reconsideration must be submitted in writing to the investigating agency within 15 calendar days after receipt of notice of the final determination regarding maltreatment or, if the request is made by an interested person who is not entitled to notice, within 15 days after receipt of the notice by the parent or guardian of the child. Effective January 1, 2002, an individual who was determined to have maltreated a child under this section and who was disqualified on the basis of serious or recurring maltreatment under section 245A.04, subdivision 3d, may request reconsideration of the maltreatment determination and the disqualification. The request for reconsideration of the maltreatment determination and the disqualification must be submitted within 30 calendar days of the individual's receipt of the notice of disqualification under section 245A.04, subdivision 3a.
(b) Except as provided under paragraphs (e) and (f), if the investigating agency denies the request or fails to act upon the request within 15 calendar days after receiving the request for reconsideration, the person or facility entitled to a fair hearing under section 256.045 may submit to the commissioner of human services or the commissioner of children, families, and learning a written request for a hearing under that section. Section 256.045 also governs hearings requested to contest a final determination of the commissioner of children, families, and learning. For reports involving maltreatment of a child in a facility, an interested person acting on behalf of the child may request a review by the child maltreatment review panel under section 256.022 if the investigating agency denies the request or fails to act upon the request or if the interested person contests a reconsidered determination. The investigating agency shall notify persons who request reconsideration of their rights under this paragraph. The request must be submitted in writing to the review panel and a copy sent to the investigating agency within 30 calendar days of receipt of notice of a denial of a request for reconsideration or of a reconsidered determination. The request must specifically identify the aspects of the agency determination with which the person is dissatisfied.

(c) If, as a result of a reconsideration or review, the investigating agency changes the final determination of maltreatment, that agency shall notify the parties specified in subdivisions 10b, 10d, and 10f.

(d) Except as provided under paragraph (f), if an individual or facility contests the investigating agency's final determination regarding maltreatment by requesting a fair hearing under section 256.045, the commissioner of human services shall assure that the hearing is conducted and a decision is reached within 90 days of receipt of the request for a hearing. The time for action on the decision may be extended for as many days as the hearing is postponed or the record is held open for the benefit of either party.

(e) Effective January 1, 2002, if an individual was disqualified under section 245A.04, subdivision 3d, on the basis of a determination of maltreatment, which was serious or recurring, and the individual has requested reconsideration of the maltreatment determination under paragraph (a) and requested reconsideration of the disqualification under section 245A.04, subdivision 3b, reconsideration of the maltreatment determination and reconsideration of the disqualification shall be consolidated into a single reconsideration. If reconsideration of the maltreatment determination is denied or the disqualification is not set aside or rescinded under section 245A.04, subdivision 3b, the individual may request a fair hearing under section 256.045. If an individual disqualified on the basis of a determination of maltreatment, which was serious or recurring requests a fair hearing under paragraph (b) on the maltreatment determination and the disqualification, the scope of the fair hearing shall include both the maltreatment determination and the disqualification.

(f) Effective January 1, 2002, if a maltreatment determination or a disqualification based on serious or recurring maltreatment is the basis for a denial of a license under section 245A.05 or a licensing sanction under section 245A.07, the license holder has the right to a contested case hearing under chapter 14 and Minnesota Rules, parts 1400.8510 to 1400.8612 and successor rules. As provided for under section 245A.08, subdivision 2a, the scope of the contested case hearing shall include the maltreatment determination, disqualification, and licensing sanction or denial of a license. In such cases, a fair hearing regarding the maltreatment determination shall not be conducted under paragraph (b). If the disqualified subject is an individual other than the license holder and upon whom a background study must be conducted under section 245A.04, subdivision 3, the hearings of all parties may be consolidated into a single contested case hearing upon consent of all parties and the administrative law judge.

(g) For purposes of this subdivision, "interested person acting on behalf of the child" means a parent or legal guardian; stepparent; grandparent; guardian ad litem; adult stepbrother, stepsister, or sibling; or adult aunt or uncle; unless the person has been determined to be the perpetrator of the maltreatment.

Sec. 22. Minnesota Statutes 2000, section 626.557, subdivision 3a, is amended to read:

Subd. 3a. [REPORT NOT REQUIRED.] The following events are not required to be reported under this section:

(a) A circumstance where federal law specifically prohibits a person from disclosing patient identifying information in connection with a report of suspected maltreatment, unless the vulnerable adult, or the vulnerable adult's guardian, conservator, or legal representative, has consented to disclosure in a manner which conforms to
federal requirements. Facilities whose patients or residents are covered by such a federal law shall seek consent to
the disclosure of suspected maltreatment from each patient or resident, or a guardian, conservator, or legal
representative, upon the patient's or resident's admission to the facility. Persons who are prohibited by federal law
from reporting an incident of suspected maltreatment shall immediately seek consent to make a report.

(b) Verbal or physical aggression occurring between patients, residents, or clients of a facility, or self-abusive
behavior by these persons does not constitute abuse unless the behavior causes serious harm. The operator of the
facility or a designee shall record incidents of aggression and self-abusive behavior to facilitate review by licensing
agencies and county and local welfare agencies.

(c) Accidents as defined in section 626.5572, subdivision 3.

(d) Events occurring in a facility that result from an individual's single mistake error in the provision of
therapeutic conduct to a vulnerable adult, as defined provided in section 626.5572, subdivision 17, paragraph (c),
clause (4).

(e) Nothing in this section shall be construed to require a report of financial exploitation, as defined in section
626.5572, subdivision 9, solely on the basis of the transfer of money or property by gift or as compensation for
services rendered.

Sec. 23. Minnesota Statutes 2001 Supplement, section 626.557, subdivision 9d, is amended to read:

Subd. 9d. [ADMINISTRATIVE RECONSIDERATION OF FINAL DISPOSITION OF MALTREATMENT AND
DISQUALIFICATION BASED ON SERIOUS OR RECURRING MALTREATMENT; REVIEW PANEL.] (a) Except as provided under paragraph (e), any individual or facility which a lead agency determines has maltreated
a vulnerable adult, or the vulnerable adult or an interested person acting on behalf of the vulnerable adult, regardless
of the lead agency's determination, who contests the lead agency's final disposition of an allegation of maltreatment,
may request the lead agency to reconsider its final disposition. The request for reconsideration must be submitted
in writing to the lead agency within 15 calendar days after receipt of notice of final disposition or, if the request is
made by an interested person who is not entitled to notice, within 15 days after receipt of the notice by the vulnerable
adult or the vulnerable adult's legal guardian. An individual who was determined to have maltreated a vulnerable
adult under this section and who was disqualified on the basis of serious or recurring maltreatment under section
245A.04, subdivision 3d, may request reconsideration of the maltreatment determination and the disqualification.
The request for reconsideration of the maltreatment determination and the disqualification must be submitted within
30 calendar days of the individual's receipt of the notice of disqualification under section 245A.04, subdivision 3a.

(b) Except as provided under paragraphs (e) and (f), if the lead agency denies the request or fails to act upon the
request within 15 calendar days after receiving the request for reconsideration, the person or facility entitled to a fair
hearing under section 256.045, may submit to the commissioner of human services a written request for a hearing
under that statute. The vulnerable adult, or an interested person acting on behalf of the vulnerable adult, may request
a review by the vulnerable adult maltreatment review panel under section 256.021 if the lead agency denies the
request or fails to act upon the request, or if the vulnerable adult or interested person contests a reconsidered
disposition. The lead agency shall notify persons who request reconsideration of their rights under this paragraph.
The request must be submitted in writing to the review panel and a copy sent to the lead agency within 30 calendar
days of receipt of notice of a denial of a request for reconsideration or of a reconsidered disposition. The request
must specifically identify the aspects of the agency determination with which the person is dissatisfied.

(c) If, as a result of a reconsideration or review, the lead agency changes the final disposition, it shall notify the
parties specified in subdivision 9c, paragraph (d).

(d) For purposes of this subdivision, "interested person acting on behalf of the vulnerable adult" means a person
designated in writing by the vulnerable adult to act on behalf of the vulnerable adult, or a legal guardian or
conservator or other legal representative, a proxy or health care agent appointed under chapter 145B or 145C, or an
individual who is related to the vulnerable adult, as defined in section 245A.02, subdivision 13.
(e) If an individual was disqualified under section 245A.04, subdivision 3d, on the basis of a determination of maltreatment, which was serious or recurring, and the individual has requested reconsideration of the maltreatment determination under paragraph (a) and reconsideration of the disqualification under section 245A.04, subdivision 3b, reconsideration of the maltreatment determination and requested reconsideration of the disqualification shall be consolidated into a single reconsideration. If reconsideration of the maltreatment determination is denied or if the disqualification is not set aside or rescinded under section 245A.04, subdivision 3b, the individual may request a fair hearing under section 256.045. If an individual who was disqualified on the basis of serious or recurring maltreatment requests a fair hearing under paragraph (b) on the maltreatment determination and the disqualification, the scope of the fair hearing shall include both the maltreatment determination and the disqualification.

(f) If a maltreatment determination or a disqualification based on serious or recurring maltreatment is the basis for a denial of a license under section 245A.05 or a licensing sanction under section 245A.07, the license holder has the right to a contested case hearing under chapter 14 and Minnesota Rules, parts 1400.8510 to 1400.8612 and successor rules. As provided for under section 245A.08, the scope of the contested case hearing shall include the maltreatment determination, disqualification, and licensing sanction or denial of a license. In such cases, a fair hearing shall not be conducted under paragraph (b). If the disqualified subject is an individual other than the license holder and upon whom a background study must be conducted under section 245A.04, subdivision 3, the hearings of all parties may be consolidated into a single contested case hearing upon consent of all parties and the administrative law judge.

(g) Until August 1, 2002, an individual or facility that was determined by the commissioner of human services or the commissioner of health to be responsible for neglect under section 626.5572, subdivision 17, after October 1, 1995, and before August 1, 2001, that believes that the finding of neglect does not meet an amended definition of neglect may request a reconsideration of the determination of neglect. The commissioner of human services or the commissioner of health shall mail a notice to the last known address of individuals who are eligible to seek this reconsideration. The request for reconsideration must state how the established findings no longer meet the elements of the definition of neglect. The commissioner shall review the request for reconsideration and make a determination within 15 calendar days. The commissioner's decision on this reconsideration is the final agency action.

1 For purposes of compliance with the data destruction schedule under subdivision 12b, paragraph (d), when a finding of substantiated maltreatment has been changed as a result of a reconsideration under this paragraph, the date of the original finding of a substantiated maltreatment must be used to calculate the destruction date.

2 For purposes of any background studies under section 245A.04, when a determination of substantiated maltreatment has been changed as a result of a reconsideration under this paragraph, any prior disqualification of the individual under section 245A.04 that was based on this determination of maltreatment shall be rescinded, and for future background studies under section 245A.04 the commissioner must not use the previous determination of substantiated maltreatment as a basis for disqualification or as a basis for referring the individual's maltreatment history to a health-related licensing board under section 245A.04, subdivision 3d, paragraph (b).

Sec. 7. Minnesota Statutes 2000, section 245.50, subdivision 2, is amended to read:

Subd. 2. (b) Unless prohibited by another law and subject to the exceptions listed in subdivision 3, a county board or the commissioner of human services may contract with an agency or facility in a bordering state for mental health services for residents of Minnesota, and a Minnesota mental health agency or facility may contract to provide services to residents of bordering states. Except as provided in subdivision 5, a person who receives services in another state under this section is subject to the laws of the state in which services are provided. A person who will receive services in another state under this section must be informed of the consequences of receiving services in another state, including the implications of the differences in state laws, to the extent the individual will be subject to the laws of the receiving state.

Sec. 8. Minnesota Statutes 2000, section 245.50, subdivision 5, is amended to read:

Subd. 5. [SPECIAL CONTRACTS; WISCONSIN BORDERING STATES.] The commissioner of the Minnesota department of human services must enter into negotiations with appropriate personnel at the Wisconsin department of health and social services and must develop an agreement that conforms to the requirements of subdivision 4, to enable the placement of Minnesota residents who are on emergency holds or who have been involuntarily committed as mentally ill or chemically dependent in Wisconsin and to enable the temporary placement of Wisconsin residents who are on emergency holds in Minnesota. The Minnesota commissioner must also enter into a similar agreement with the state of Wisconsin. The commissioner shall be assisted in negotiations by attorneys from the Minnesota attorney general's office in negotiating and finalizing this agreement. The agreement shall be completed so as to permit placement of Wisconsin residents in Minnesota facilities and Minnesota residents in Wisconsin facilities beginning July 1, 1994. (a) An individual who is detained, committed, or placed on an involuntary basis under chapter 253B may be confined or treated in a bordering state pursuant to a contract under this section. An individual who is detained, committed, or placed on an involuntary basis under Wisconsin law is subject to the laws governing length of commitment, reexaminations, and extension of commitment shall continue to apply to these residents. In all other respects, Wisconsin residents placed in Minnesota facilities are subject to Minnesota laws. The agreement must specify that responsibility for payment for the cost of care of Wisconsin residents shall remain with the state of Wisconsin and the cost of care of Minnesota residents shall remain with the state of Minnesota. The commissioner shall be assisted by attorneys from the Minnesota attorney general's office in negotiating and finalizing this agreement. The agreement shall be completed so as to permit placement of Wisconsin residents in Minnesota facilities and Minnesota residents in Wisconsin facilities under Wisconsin law. (b) An individual who is detained, committed, or placed under the civil law of a bordering state may be confined or treated in Minnesota pursuant to a contract under this section. A peace or health officer who is acting under the authority of the sending state may transport an individual to a receiving agency that provides services pursuant to a contract under this section, and may transport the individual back to the sending state under the laws of the sending state. The commissioner of the Minnesota department of human services shall be responsible for the transportation of individuals committed, detained, or placed under the law of the sending state. The commissioner may transport individuals under this section directly to qualified facilities or to other approved locations under the law of the sending state. (c) An individual is considered an involuntary patient under Minnesota law if the court determines that the individual is in need of care or treatment for a mental illness or a mental disorder. The court order shall include the date of commitment and the period of time for which the order is valid. (d) An individual who is transferred to a facility in Minnesota pursuant to this section shall have the same rights under Minnesota law as if they were a resident of Minnesota. (e) An individual who is transferred to a facility in Wisconsin pursuant to this section shall have the same rights under Wisconsin law as if they were a resident of Wisconsin.
(c) If an individual receiving services pursuant to a contract under this section leaves the receiving agency without permission and the individual is subject to involuntary confinement under the law of the sending state, the receiving agency shall use all reasonable means to return the individual to the receiving agency. The receiving agency shall immediately report the absence to the sending agency. The receiving state has the primary responsibility for, and the authority to direct, the return of these individuals within its borders and is liable for the cost of the action to the extent that it would be liable for costs of its own resident.

(d) Responsibility for payment for the cost of care remains with the sending agency.

(e) This subdivision also applies to county contracts under subdivision 2 which include emergency care and treatment provided to a county resident in a bordering state.

Sec. 9. Minnesota Statutes 2000, section 256.01, is amended by adding a subdivision to read:

Subd. 20. [RYAN WHITE COMPREHENSIVE AIDS RESOURCES EMERGENCY ACT.] The commissioner shall act as the designated state agent for carrying out responsibilities required under Title II of the federal Ryan White Comprehensive AIDS Resources Emergency (CARE) Act. These responsibilities include:

1. coordinating statewide HIV/AIDS needs assessment activities;
2. developing the state's plan to meet identified health and support service needs of people living with HIV/AIDS;
3. administering federal funds designed to provide comprehensive health and support services to persons living with HIV/AIDS;
4. administering federal funds designated for the AIDS drug assistance program (ADAP);
5. collecting rebates from pharmaceutical manufacturers on drugs purchased with federal ADAP funds; and
6. utilizing ADAP rebate funds in accordance with guidelines of the federal Health Resources and Services Administration.

Rebates collected under this subdivision shall be deposited into the ADAP account in the special revenue fund and are appropriated to the commissioner for purposes of this subdivision.

Sec. 10. Minnesota Statutes 2001 Supplement, section 256B.0625, subdivision 13, is amended to read:

Subd. 13. [DRUGS.] (a) Medical assistance covers drugs, except for fertility drugs when specifically used to enhance fertility, if prescribed by a licensed practitioner and dispensed by a licensed pharmacist, by a physician enrolled in the medical assistance program as a dispensing physician, or by a physician or a nurse practitioner employed by or under contract with a community health board as defined in section 145A.02, subdivision 5, for the purposes of communicable disease control. The commissioner, after receiving recommendations from professional medical associations and professional pharmacist associations, shall designate a formulary committee to advise the commissioner on the names of drugs for which payment is made, recommend a system for reimbursing providers on a set fee or charge basis rather than the present system, and develop methods encouraging use of generic drugs when they are less expensive and equally effective as trademark drugs. The formulary committee shall consist of nine members, four of whom shall be physicians who are not employed by the department of human services, and a majority of whose practice is for persons paying privately or through health insurance, three of whom shall be pharmacists who are not employed by the department of human services, and a majority of whose practice is for persons paying privately or through health insurance, a consumer representative, and a nursing home representative. Committee members shall serve three-year terms and shall serve without compensation. Members may be reappointed once.
(b) The commissioner shall establish a drug formulary. Its establishment and publication shall not be subject to the requirements of the Administrative Procedure Act, but the formulary committee shall review and comment on the formulary contents. The formulary committee shall review and recommend drugs which require prior authorization. The formulary committee may recommend drugs for prior authorization directly to the commissioner, as long as opportunity for public input is provided. Prior authorization may be requested by the commissioner based on medical and clinical criteria before certain drugs are eligible for payment. Before a drug may be considered for prior authorization at the request of the commissioner:

(1) the drug formulary committee must develop criteria to be used for identifying drugs; the development of these criteria is not subject to the requirements of chapter 14, but the formulary committee shall provide opportunity for public input in developing criteria;

(2) the drug formulary committee must hold a public forum and receive public comment for an additional 15 days; and

(3) the commissioner must provide information to the formulary committee on the impact that placing the drug on prior authorization will have on the quality of patient care and information regarding whether the drug is subject to clinical abuse or misuse. Prior authorization may be required by the commissioner before certain formulary drugs are eligible for payment. The formulary shall not include:

(i) drugs or products for which there is no federal funding;

(ii) over-the-counter drugs, except for antacids, acetaminophen, family planning products, aspirin, insulin, products for the treatment of lice, vitamins for adults with documented vitamin deficiencies, vitamins for children under the age of seven and pregnant or nursing women, and any other over-the-counter drug identified by the commissioner, in consultation with the drug formulary committee, as necessary, appropriate, and cost-effective for the treatment of certain specified chronic diseases, conditions or disorders, and this determination shall not be subject to the requirements of chapter 14;

(iii) anorectics, except that medically necessary anorectics shall be covered for a recipient previously diagnosed as having pickwickian syndrome and currently diagnosed as having diabetes and being morbidly obese; and

(iv) drugs for which medical value has not been established; and

(v) drugs from manufacturers who have not signed a rebate agreement with the Department of Health and Human Services pursuant to section 1927 of title XIX of the Social Security Act.

The commissioner shall publish conditions for prohibiting payment for specific drugs after considering the formulary committee's recommendations. An honorarium of $100 per meeting and reimbursement for mileage shall be paid to each committee member in attendance.

(c) The basis for determining the amount of payment shall be the lower of the actual acquisition costs of the drugs plus a fixed dispensing fee; the maximum allowable cost set by the federal government or by the commissioner plus the fixed dispensing fee; or the usual and customary price charged to the public. The pharmacy dispensing fee shall be $3.65, except that the dispensing fee for intravenous solutions which must be compounded by the pharmacist shall be $8 per bag, $14 per bag for cancer chemotherapy products, and $30 per bag for total parenteral nutritional products dispensed in one liter quantities, or $48 per bag for total parenteral nutritional products dispensed in quantities greater than one liter. Actual acquisition cost includes quantity and other special discounts except time and cash discounts. The actual acquisition cost of a drug shall be estimated by the commissioner, at average wholesale price minus nine percent, except that where a drug has had its wholesale price reduced as a result of the actions of the National Association of Medicaid Fraud Control Units, the estimated actual acquisition cost shall be the reduced average wholesale price, without the nine percent deduction. The maximum allowable cost of a multisource drug may be set by the commissioner and it shall be comparable to, but no higher than, the maximum amount paid by other third-party payors in this state who have maximum allowable cost programs. The
commissioner shall set maximum allowable costs for multisource drugs that are not on the federal upper limit list as described in United States Code, title 42, chapter 7, section 1396r-8(e), the Social Security Act, and Code of Federal Regulations, title 42, part 447, section 447.332. Establishment of the amount of payment for drugs shall not be subject to the requirements of the Administrative Procedure Act. An additional dispensing fee of $.30 may be added to the dispensing fee paid to pharmacists for legend drug prescriptions dispensed to residents of long-term care facilities when a unit dose blister card system, approved by the department, is used. Under this type of dispensing system, the pharmacist must dispense a 30-day supply of drug. The National Drug Code (NDC) from the drug container used to fill the blister card must be identified on the claim to the department. The unit dose blister card containing the drug must meet the packaging standards set forth in Minnesota Rules, part 6800.2700, that govern the return of unused drugs to the pharmacy for reuse. The pharmacy provider will be required to credit the department for the actual acquisition cost of all unused drugs that are eligible for reuse. Over-the-counter medications must be dispensed in the manufacturer’s unopened package. The commissioner may permit the drug clozapine to be dispensed in a quantity that is less than a 30-day supply. Whenever a generically equivalent product is available, payment shall be on the basis of the actual acquisition cost of the generic drug, unless the prescriber specifically indicates "dispense as written - brand necessary" on the prescription as required by section 151.21, subdivision 2.

(d) For purposes of this subdivision, "multisource drugs" means covered outpatient drugs, excluding innovator multisource drugs for which there are two or more drug products, which:

1. are related as therapeutically equivalent under the Food and Drug Administration’s most recent publication of "Approved Drug Products with Therapeutic Equivalence Evaluations";

2. are pharmaceutically equivalent and bioequivalent as determined by the Food and Drug Administration; and

3. are sold or marketed in Minnesota.

"Innovator multisource drug" means a multisource drug that was originally marketed under an original new drug application approved by the Food and Drug Administration.

(e) The basis for determining the amount of payment for drugs administered in an outpatient setting shall be the lower of the usual and customary cost submitted by the provider; the average wholesale price minus five percent; or the maximum allowable cost set by the federal government under United States Code, title 42, chapter 7, section 1396r-8(e), and Code of Federal Regulations, title 42, section 447.332, or by the commissioner under paragraph (c).

(f) Prior authorization shall not be required or utilized for any antipsychotic drug prescribed for the treatment of mental illness where there is no generically equivalent drug available unless the commissioner determines that prior authorization is necessary for patient safety. This paragraph applies to any supplemental drug rebate program established or administered by the commissioner.

Sec. 11. Minnesota Statutes 2000, section 256B.0625, is amended by adding a subdivision to read:

Subd. 44. [TARGETED CASE MANAGEMENT SERVICES.] Medical assistance covers case management services for vulnerable adults and adults with developmental disabilities, as provided under section 256B.0924.

Unless otherwise provided in this subdivision, all other statutory and regulatory provisions relating to personal care assistant services apply to a recipient using the fiscal intermediary option.

(2) must ensure arm’s length transactions with the recipient and personal care assistant; and

The fiscal intermediary or owners of the entity that provides fiscal intermediary services under this subdivision must pass a criminal background check as required in section 256B.0627, subdivision 1, paragraph (e).

In performing this function, the qualified professional must visit the recipient in the recipient's home at least once annually. The qualified professional must report any suspected abuse, neglect, or financial exploitation of the recipient to the appropriate authorities.

3. the administrative fee of the fiscal intermediary and services paid for with that fee, including background check fees;
4. procedures to respond to billing or payment complaints; and
5. procedures for hiring and terminating the personal care assistant and the qualified professional.

(g) The rates paid for personal care assistant services, shared care services, qualified professional services, and fiscal intermediary services under this subdivision shall be the same rates paid for personal care assistant services and qualified professional services under subdivision 2 respectively. Except for the administrative fee of the fiscal intermediary specified in paragraph (f), the remainder of the rates paid to the fiscal intermediary must be used to pay for the salary and benefits for the personal care assistant or the qualified professional.

(h) As part of the assessment defined in subdivision 1, the following conditions must be met to use or continue use of a fiscal intermediary:

1. the recipient must be able to direct the recipient's own care, or the responsible party for the recipient must be readily available to direct the care of the personal care assistant;

2. the parties have failed to comply with the written agreement specified in paragraph (f); or
3. the use of the option has led to abusive or fraudulent billing for personal care assistant services.
The recipient or responsible party may appeal the commissioner’s action according to section 256.045. The denial, revocation, or suspension to use the fiscal intermediary option shall not affect the recipient’s authorized level of personal care assistant services as determined in subdivision 5.

Sec. 13. Minnesota Statutes 2001 Supplement, section 256B.0911, subdivision 4b, is amended to read:

Subd. 4b. [EXEMPTIONS AND EMERGENCY ADMISSIONS.] (a) Exemptions from the federal screening requirements outlined in subdivision 4a, paragraphs (b) and (c), are limited to:

(1) a person who, having entered an acute care facility from a certified nursing facility, is returning to a certified nursing facility; and

(2) a person transferring from one certified nursing facility in Minnesota to another certified nursing facility in Minnesota; and

(3) a person, 21 years of age or older, who satisfies the following criteria, as specified in Code of Federal Regulations, title 42, section 483.106(b)(2):

    (i) the person is admitted to a nursing facility directly from a hospital after receiving acute inpatient care at the hospital;

    (ii) the person requires nursing facility services for the same condition for which care was provided in the hospital; and

    (iii) the attending physician has certified before the nursing facility admission that the person is likely to receive less than 30 days of nursing facility services.

(b) Persons who are exempt from preadmission screening for purposes of level of care determination include:

(1) persons described in paragraph (a);

(2) an individual who has a contractual right to have nursing facility care paid for indefinitely by the veterans' administration;

(3) an individual enrolled in a demonstration project under section 256B.69, subdivision 8, at the time of application to a nursing facility;

(4) an individual currently being served under the alternative care program or under a home and community-based services waiver authorized under section 1915(c) of the federal Social Security Act; and

(5) individuals admitted to a certified nursing facility for a short-term stay, which is expected to be 14 days or less in duration based upon a physician’s certification, and who have been assessed and approved for nursing facility admission within the previous six months. This exemption applies only if the consultation team member determines at the time of the initial assessment of the six-month period that it is appropriate to use the nursing facility for short-term stays and that there is an adequate plan of care for return to the home or community-based setting. If a stay exceeds 14 days, the individual must be referred no later than the first county working day following the 14th resident day for a screening, which must be completed within five working days of the referral. The payment limitations in subdivision 7 apply to an individual found at screening to not meet the level of care criteria for admission to a certified nursing facility.

(c) Persons admitted to a Medicaid-certified nursing facility from the community on an emergency basis as described in paragraph (d) or from an acute care facility on a nonworking day must be screened the first working day after admission.
(d) Emergency admission to a nursing facility prior to screening is permitted when all of the following conditions are met:

1. A person is admitted from the community to a certified nursing or certified boarding care facility during county nonworking hours;

2. A physician has determined that delaying admission until preadmission screening is completed would adversely affect the person's health and safety;

3. There is a recent precipitating event that precludes the client from living safely in the community, such as sustaining an injury, sudden onset of acute illness, or a caregiver's inability to continue to provide care;

4. The attending physician has authorized the emergency placement and has documented the reason that the emergency placement is recommended; and

5. The county is contacted on the first working day following the emergency admission.

Transfer of a patient from an acute care hospital to a nursing facility is not considered an emergency except for a person who has received hospital services in the following situations: hospital admission for observation, care in an emergency room without hospital admission, or following hospital 24-hour bed care.

(e) A nursing facility must provide a written notice to persons who satisfy the criteria in paragraph (a), clause (3), regarding the person's right to request and receive long-term care consultation services as defined in subdivision 1a. The notice must be provided prior to the person's discharge from the facility and in a format specified by the commissioner.

[EFFECTIVE DATE.] This section is effective the day following final enactment.

Sec. 14. Minnesota Statutes 2001 Supplement, section 256B.0911, subdivision 4d, is amended to read:

Subd. 4d. [PREADMISSION SCREENING OF INDIVIDUALS UNDER 65 YEARS OF AGE.] (a) It is the policy of the state of Minnesota to ensure that individuals with disabilities or chronic illness are served in the most integrated setting appropriate to their needs and have the necessary information to make informed choices about home and community-based service options.

(b) Individuals under 65 years of age who are admitted to a nursing facility from a hospital must be screened prior to admission as outlined in subdivisions 4a through 4c.

(c) Individuals under 65 years of age who are admitted to nursing facilities with only a telephone screening must receive a face-to-face assessment from the long-term care consultation team member of the county in which the facility is located or from the recipient's county case manager within 20 working days of admission.

(d) Individuals under 65 years of age who are admitted to a nursing facility without preadmission screening according to the exemption described in subdivision 4b, paragraph (a), clause (3), and who remain in the facility longer than 30 days must receive a face-to-face assessment within 40 days of admission.

(e) At the face-to-face assessment, the long-term care consultation team member or county case manager must perform the activities required under subdivision 3b.

(f) For individuals under 21 years of age, a screening interview which recommends nursing facility admission must be face-to-face and approved by the commissioner before the individual is admitted to the nursing facility.

(g) In the event that an individual under 65 years of age is admitted to a nursing facility on an emergency basis, the county must be notified of the admission on the next working day, and a face-to-face assessment as described in paragraph (c) must be conducted within 20 working days of admission.
At the face-to-face assessment, the long-term care consultation team member or the case manager must present information about home and community-based options so the individual can make informed choices. If the individual chooses home and community-based services, the long-term care consultation team member or case manager must complete a written relocation plan within 20 working days of the visit. The plan shall describe the services needed to move out of the facility and a time line for the move which is designed to ensure a smooth transition to the individual's home and community.

An individual under 65 years of age residing in a nursing facility shall receive a face-to-face assessment at least every 12 months to review the person's service choices and available alternatives unless the individual indicates, in writing, that annual visits are not desired. In this case, the individual must receive a face-to-face assessment at least once every 36 months for the same purposes.

Notwithstanding the provisions of subdivision 6, the commissioner may pay county agencies directly for face-to-face assessments for individuals under 65 years of age who are being considered for placement or residing in a nursing facility.

[EFFECTIVE DATE.] This section is effective the day following final enactment.

Sec. 15. Minnesota Statutes 2001 Supplement, section 256B.0913, subdivision 4, is amended to read:

Subd. 4. [ELIGIBILITY FOR FUNDING FOR SERVICES FOR NONMEDICAL ASSISTANCE RECIPIENTS.] (a) Funding for services under the alternative care program is available to persons who meet the following criteria:

1. the person has been determined by a community assessment under section 256B.0911 to be a person who would require the level of care provided in a nursing facility, but for the provision of services under the alternative care program;

2. the person is age 65 or older;

3. the person would be eligible for medical assistance within 180 days of admission to a nursing facility;

4. the person is not ineligible for the medical assistance program due to an asset transfer penalty;

5. the person needs services that are not funded through other state or federal funding; and

6. the monthly cost of the alternative care services funded by the program for this person does not exceed 75 percent of the statewide weighted average monthly nursing facility rate of the case mix resident class to which the individual alternative care client would be assigned under Minnesota Rules, parts 9549.0050 to 9549.0059, less the recipient's maintenance needs allowance as described in section 256B.0915, subdivision 1d, paragraph (a), until the first day of the state fiscal year in which the resident assessment system, under section 256B.437, for nursing home rate determination is implemented. Effective on the first day of the state fiscal year in which a resident assessment system, under section 256B.437, for nursing home rate determination is implemented and the first day of each subsequent state fiscal year, the monthly cost of alternative care services for this person shall not exceed the alternative care monthly cap for the case mix resident class to which the alternative care client would be assigned under Minnesota Rules, parts 9549.0050 to 9549.0059, which was in effect on the last day of the previous state fiscal year, and adjusted by the greater of any legislatively adopted home and community-based services cost-of-living percentage increase or any legislatively adopted statewide percent rate increase for nursing facilities. This monthly limit does not prohibit the alternative care client from payment for additional services, but in no case may the cost of additional services purchased under this section exceed the difference between the client's monthly service limit defined under section 256B.0915, subdivision 3, and the alternative care program monthly service limit defined in this paragraph. If medical supplies and equipment or environmental modifications are or will be purchased for an alternative care services recipient, the costs may be prorated on a monthly basis for up to 12 consecutive months beginning with the month of purchase. If the monthly cost of a recipient's other alternative care services exceeds
the monthly limit established in this paragraph, the annual cost of the alternative care services shall be determined. In this event, the annual cost of alternative care services shall not exceed 12 times the monthly limit described in this paragraph.

(b) Alternative care funding under this subdivision is not available for a person who is a medical assistance recipient or who would be eligible for medical assistance without a spenddown or waiver obligation. A person whose initial application for medical assistance is being processed may be served under the alternative care program for a period up to 60 days. If the individual is found to be eligible for medical assistance, medical assistance must be billed for services payable under the federally approved elderly waiver plan and delivered from the date the individual was found eligible for the federally approved elderly waiver plan. Notwithstanding this provision, upon federal approval, alternative care funds may not be used to pay for any service the cost of which is payable by medical assistance or which is used by a recipient to meet a medical assistance income spenddown or waiver obligation.

(c) Alternative care funding is not available for a person who resides in a licensed nursing home, certified boarding care home, hospital, or intermediate care facility, except for case management services which are provided in support of the discharge planning process to a nursing home resident or certified boarding care home resident who is ineligible for case management funded by medical assistance.

Sec. 16. Minnesota Statutes 2001 Supplement, section 256B.0913, subdivision 5, is amended to read:

Subd. 5. [SERVICES COVERED UNDER ALTERNATIVE CARE.] (a) Alternative care funding may be used for payment of costs of:

(1) adult foster care;
(2) adult day care;
(3) home health aide;
(4) homemaker services;
(5) personal care;
(6) case management;
(7) respite care;
(8) assisted living;
(9) residential care services;
(10) care-related supplies and equipment;
(11) meals delivered to the home;
(12) transportation;
(13) skilled nursing services;
(14) chore services;
(15) companion services;
(16) nutrition services;
(17) training for direct informal caregivers;

(18) telemedicine telehome care devices to monitor recipients in their own homes as an alternative to hospital care, nursing home care, or home visits;

(19) other services which includes discretionary funds and direct cash payments to clients, following approval by the commissioner, subject to the provisions of paragraph (j). Total annual payments for "other services" for all clients within a county may not exceed either ten percent of that county's annual alternative care program base allocation or $5,000, whichever is greater. In no case shall this amount exceed the county's total annual alternative care program base allocation; and

(20) environmental modifications.

(b) The county agency must ensure that the funds are not used to supplant services available through other public assistance or programs.

(c) Unless specified in statute, the service services, service definitions, and standards for alternative care services shall be the same as the service services, service definitions, and standards specified in the federally approved elderly waiver plan. Except for the county agencies' approval of direct cash payments to clients as described in paragraph (j) or for a provider of supplies and equipment when the monthly cost of the supplies and equipment is less than $250, persons or agencies must be employed by or under a contract with the county agency or the public health nursing agency of the local board of health in order to receive funding under the alternative care program. Supplies and equipment may be purchased from a vendor not certified to participate in the Medicaid program if the cost for the item is less than that of a Medicaid vendor.

(d) The adult foster care rate shall be considered a difficulty of care payment and shall not include room and board. The adult foster care rate shall be negotiated between the county agency and the foster care provider. The alternative care payment for the foster care service in combination with the payment for other alternative care services, including case management, must not exceed the limit specified in subdivision 4, paragraph (a), clause (6).

(e) Personal care services must meet the service standards defined in the federally approved elderly waiver plan, except that a county agency may contract with a client's relative who meets the relative hardship waiver requirement as defined in section 256B.0627, subdivision 4, paragraph (b), clause (10), to provide personal care services if the county agency ensures supervision of this service by a registered nurse or mental health practitioner qualified professional as defined in section 256B.0625, subdivision 19c.

(f) For purposes of this section, residential care services are services which are provided to individuals living in residential care homes. Residential care homes are currently licensed as board and lodging establishments and are registered with the department of health as providing special services under section 157.17 and are not subject to registration under chapter 144D. Residential care services are defined as "supportive services" and "health-related services." "Supportive services" means the provision of up to 24-hour supervision and oversight. Supportive services includes: (1) transportation, when provided by the residential care home only; (2) socialization, when socialization is part of the plan of care, has specific goals and outcomes established, and is not diversional or recreational in nature; (3) assisting clients in setting up meetings and appointments; (4) assisting clients in setting up medical and social services; (5) providing assistance with personal laundry, such as carrying the client's laundry to the laundry room. Assistance with personal laundry does not include any laundry, such as bed linen, that is included in the room and board rate. "Health-related services" are limited to minimal assistance with dressing, grooming, and bathing and providing reminders to residents to take medications that are self-administered or providing storage for medications, if requested. Individuals receiving residential care services cannot receive homemaking services funded under this section.

(g) For the purposes of this section, "assisted living" refers to supportive services provided by a single vendor to clients who reside in the same apartment building of three or more units which are not subject to registration under chapter 144D and are licensed by the department of health as a class A home care provider or a class E home care
provider. Assisted living services are defined as up to 24-hour supervision, and oversight, supportive services as defined in clause (1), individualized home care aide tasks as defined in clause (2), and individualized home management tasks as defined in clause (3) provided to residents of a residential center living in their units or apartments with a full kitchen and bathroom. A full kitchen includes a stove, oven, refrigerator, food preparation counter space, and a kitchen utensil storage compartment. Assisted living services must be provided by the management of the residential center or by providers under contract with the management or with the county.

(1) Supportive services include:

(i) socialization, when socialization is part of the plan of care, has specific goals and outcomes established, and is not diversional or recreational in nature;

(ii) assisting clients in setting up meetings and appointments; and

(iii) providing transportation, when provided by the residential center only.

(2) Home care aide tasks means:

(i) preparing modified diets, such as diabetic or low sodium diets;

(ii) reminding residents to take regularly scheduled medications or to perform exercises;

(iii) household chores in the presence of technically sophisticated medical equipment or episodes of acute illness or infectious disease;

(iv) household chores when the resident's care requires the prevention of exposure to infectious disease or containment of infectious disease; and

(v) assisting with dressing, oral hygiene, hair care, grooming, and bathing, if the resident is ambulatory, and if the resident has no serious acute illness or infectious disease. Oral hygiene means care of teeth, gums, and oral prosthetic devices.

(3) Home management tasks means:

(i) housekeeping;

(ii) laundry;

(iii) preparation of regular snacks and meals; and

(iv) shopping.

Individuals receiving assisted living services shall not receive both assisted living services and homemaking services. Individualized means services are chosen and designed specifically for each resident's needs, rather than provided or offered to all residents regardless of their illnesses, disabilities, or physical conditions. Assisted living services as defined in this section shall not be authorized in boarding and lodging establishments licensed according to sections 157.011 and 157.15 to 157.22.

(h) For establishments registered under chapter 144D, assisted living services under this section means either the services described in paragraph (g) and delivered by a class E home care provider licensed by the department of health or the services described under section 144A.4605 and delivered by an assisted living home care provider or a class A home care provider licensed by the commissioner of health.
(i) Payment for assisted living services and residential care services shall be a monthly rate negotiated and authorized by the county agency based on an individualized service plan for each resident and may not cover direct rent or food costs.

(1) The individualized monthly negotiated payment for assisted living services as described in paragraph (g) or (h), and residential care services as described in paragraph (f), shall not exceed the nonfederal share in effect on July 1 of the state fiscal year for which the rate limit is being calculated of the greater of either the statewide or any of the geographic groups' weighted average monthly nursing facility payment rate of the case mix resident class to which the alternative care eligible client would be assigned under Minnesota Rules, parts 9549.0050 to 9549.0059, less the maintenance needs allowance as described in section 256B.0915, subdivision 1d, paragraph (a), until the first day of the state fiscal year in which a resident assessment system, under section 256B.437, of nursing home rate determination is implemented. Effective on the first day of the state fiscal year in which a resident assessment system, under section 256B.437, of nursing home rate determination is implemented and the first day of each subsequent state fiscal year, the individualized monthly negotiated payment for the services described in this clause shall not exceed the limit described in this clause which was in effect on the last day of the previous state fiscal year and which has been adjusted by the greater of any legislatively adopted home and community-based services cost-of-living percentage increase or any legislatively adopted statewide percent rate increase for nursing facilities.

(2) The individualized monthly negotiated payment for assisted living services described under section 144A.4605 and delivered by a provider licensed by the department of health as a class A home care provider or an assisted living home care provider and provided in a building that is registered as a housing with services establishment under chapter 144D and that provides 24-hour supervision in combination with the payment for other alternative care services, including case management, must not exceed the limit specified in subdivision 4, paragraph (a), clause (6).

(j) A county agency may make payment from their alternative care program allocation for "other services" which include use of "discretionary funds" for services that are not otherwise defined in this section and direct cash payments to the client for the purpose of purchasing the services. The following provisions apply to payments under this paragraph:

(1) a cash payment to a client under this provision cannot exceed 80 percent of the monthly payment limit for that client as specified in subdivision 4, paragraph (a), clause (6);

(2) a county may not approve any cash payment for a client who meets either of the following:

(i) has been assessed as having a dependency in orientation, unless the client has an authorized representative. An "authorized representative" means an individual who is at least 18 years of age and is designated by the person or the person's legal representative to act on the person's behalf. This individual may be a family member, guardian, representative payee, or other individual designated by the person or the person's legal representative, if any, to assist in purchasing and arranging for supports; or

(ii) is concurrently receiving adult foster care, residential care, or assisted living services;

(3) cash payments to a person or a person's family will be provided through a monthly payment and be in the form of cash, voucher, or direct county payment to a vendor. Fees or premiums assessed to the person for eligibility for health and human services are not reimbursable through this service option. Services and goods purchased through cash payments must be identified in the person's individualized care plan and must meet all of the following criteria:

(i) they must be over and above the normal cost of caring for the person if the person did not have functional limitations;

(ii) they must be directly attributable to the person's functional limitations;

(iii) they must have the potential to be effective at meeting the goals of the program;
(iv) they must be consistent with the needs identified in the individualized service plan. The service plan shall specify the needs of the person and family, the form and amount of payment, the items and services to be reimbursed, and the arrangements for management of the individual grant; and

(v) the person, the person's family, or the legal representative shall be provided sufficient information to ensure an informed choice of alternatives. The local agency shall document this information in the person's care plan, including the type and level of expenditures to be reimbursed;

(4) the state of Minnesota, county, lead agency under contract, or tribal government under contract to administer the alternative care program shall not be liable for damages, injuries, or liabilities sustained through the purchase of direct supports or goods by the person, the person's family, or the authorized representative with funds received through the cash payments under this section. Liabilities include, but are not limited to, workers' compensation, the Federal Insurance Contributions Act (FICA), or the Federal Unemployment Tax Act (FUTA);

(5) persons receiving grants under this section shall have the following responsibilities:

(i) spend the grant money in a manner consistent with their individualized service plan with the local agency;

(ii) notify the local agency of any necessary changes in the grant expenditures;

(iii) arrange and pay for supports; and

(iv) inform the local agency of areas where they have experienced difficulty securing or maintaining supports; and

(6) the county shall report client outcomes, services, and costs under this paragraph in a manner prescribed by the commissioner.

(k) Upon implementation of direct cash payments to clients under this section, any person determined eligible for the alternative care program who chooses a cash payment approved by the county agency shall receive the cash payment under this section and not under section 256.476 unless the person was receiving a consumer support grant under section 256.476 before implementation of direct cash payments under this section.

Sec. 17. Minnesota Statutes 2001 Supplement, section 256B.0913, subdivision 8, is amended to read:

Subd. 8. [REQUIREMENTS FOR INDIVIDUAL CARE PLAN.] (a) The case manager shall implement the plan of care for each alternative care client and ensure that a client's service needs and eligibility are reassessed at least every 12 months. The plan shall include any services prescribed by the individual's attending physician as necessary to allow the individual to remain in a community setting. In developing the individual's care plan, the case manager should include the use of volunteers from families and neighbors, religious organizations, social clubs, and civic and service organizations to support the formal home care services. The county shall be held harmless for damages or injuries sustained through the use of volunteers under this subdivision including workers' compensation liability. The lead agency shall provide documentation in each individual's plan of care and, if requested, to the commissioner that the most cost-effective alternatives available have been offered to the individual and that the individual was free to choose among available qualified providers, both public and private. The case manager must give the individual a ten-day written notice of any decrease in or denial, termination, or reduction of alternative care services.

(b) If the county administering alternative care services is different than the county of financial responsibility, the care plan may be implemented without the approval of the county of financial responsibility.

Sec. 18. Minnesota Statutes 2001 Supplement, section 256B.0913, subdivision 10, is amended to read:

Subd. 10. [ALLOCATION FORMULA.] (a) The alternative care appropriation for fiscal years 1992 and beyond shall cover only alternative care eligible clients. Prior to By July 1 of each year, the commissioner shall allocate to county agencies the state funds available for alternative care for persons eligible under subdivision 2.
(b) The adjusted base for each county is the county's current fiscal year base allocation plus any targeted funds approved during the current fiscal year. Calculations for paragraphs (c) and (d) are to be made as follows: for each county, the determination of alternative care program expenditures shall be based on payments for services rendered from April 1 through March 31 in the base year, to the extent that claims have been submitted and paid by June 1 of that year.

(c) If the alternative care program expenditures as defined in paragraph (b) are 95 percent or more of the county's adjusted base allocation, the allocation for the next fiscal year is 100 percent of the adjusted base, plus inflation to the extent that inflation is included in the state budget.

(d) If the alternative care program expenditures as defined in paragraph (b) are less than 95 percent of the county's adjusted base allocation, the allocation for the next fiscal year is the adjusted base allocation less the amount of unspent funds below the 95 percent level.

(e) If the annual legislative appropriation for the alternative care program is inadequate to fund the combined county allocations for a biennium, the commissioner shall distribute to each county the entire annual appropriation as that county's percentage of the computed base as calculated in paragraphs (c) and (d).

Sec. 19. Minnesota Statutes 2001 Supplement, section 256B.0913, subdivision 12, is amended to read:

Subd. 12. [CLIENT PREMIUMS.] (a) A premium is required for all alternative care eligible clients to help pay for the cost of participating in the program. The amount of the premium for the alternative care client shall be determined as follows:

1. when the alternative care client's income less recurring and predictable medical expenses is greater than the recipient's maintenance needs allowance as defined in section 256B.0915, subdivision 1d, paragraph (a), but less than 150 percent of the federal poverty guideline effective on July 1 of the state fiscal year in which the premium is being computed, and total assets are less than $10,000, the fee is zero;

2. when the alternative care client's income less recurring and predictable medical expenses is greater than 150 percent of the federal poverty guideline effective on July 1 of the state fiscal year in which the premium is being computed, and total assets are less than $10,000, the fee is 25 percent of the cost of alternative care services or the difference between 150 percent of the federal poverty guideline effective on July 1 of the state fiscal year in which the premium is being computed and the client's income less recurring and predictable medical expenses, whichever is less; and

3. when the alternative care client's total assets are greater than $10,000, the fee is 25 percent of the cost of alternative care services.

For married persons, total assets are defined as the total marital assets less the estimated community spouse asset allowance, under section 256B.059, if applicable. For married persons, total income is defined as the client's income less the monthly spousal allotment, under section 256B.058.

All alternative care services except case management shall be included in the estimated costs for the purpose of determining 25 percent of the costs.

The monthly premium shall be calculated based on the cost of the first full month of alternative care services and shall continue unaltered until the next reassessment is completed or at the end of 12 months, whichever comes first. Premiums are due and payable each month alternative care services are received unless the actual cost of the services is less than the premium.

(b) The fee shall be waived by the commissioner when:

1. a person who is residing in a nursing facility is receiving case management only;
(2) a person is applying for medical assistance;

(3) a married couple is requesting an asset assessment under the spousal impoverishment provisions;

(4) a person is found eligible for alternative care, but is not yet receiving alternative care services; or

(5) a person's fee under paragraph (a) is less than $25.

(c) The county agency must record in the state's receivables system the client's assessed premium amount or the reason the premium has been waived. The commissioner will bill and collect the premium from the client. Money collected must be deposited in the general fund and is appropriated to the commissioner for the alternative care program. The client must supply the county with the client's social security number at the time of application. The county shall supply the commissioner with the client's social security number and other information the commissioner requires to collect the premium from the client. The commissioner shall collect unpaid premiums using the Revenue Recapture Act in chapter 270A and other methods available to the commissioner. The commissioner may require counties to inform clients of the collection procedures that may be used by the state if a premium is not paid. This paragraph does not apply to alternative care pilot projects authorized in Laws 1993, First Special Session chapter 1, article 5, section 133, if a county operating under the pilot project reports the following dollar amounts to the commissioner quarterly:

(1) total premiums billed to clients;

(2) total collections of premiums billed; and

(3) balance of premiums owed by clients.

If a county does not adhere to these reporting requirements, the commissioner may terminate the billing, collecting, and remitting portions of the pilot project and require the county involved to operate under the procedures set forth in this paragraph.

(d) The commissioner shall begin to adopt emergency or permanent rules governing client premiums within 30 days after July 1, 1991, including criteria for determining when services to a client must be terminated due to failure to pay a premium.

Sec. 20. Minnesota Statutes 2001 Supplement, section 256B.0913, subdivision 14, is amended to read:

Subd. 14. [PROVIDER REQUIREMENTS, PAYMENT, AND RATE ADJUSTMENTS.] (a) Unless otherwise specified in statute, providers must be enrolled in the state's Minnesota health care program and abide by the requirements for provider participation according to Minnesota Rules, part 9505.0195.

(b) Payment for provided alternative care services as approved by the client's case manager shall occur through the invoice processing procedures of the department's Medicaid Management Information System (MMIS). To receive payment, the county or vendor must submit invoices within 12 months following the date of service. The county agency and its vendors under contract shall not be reimbursed for services which exceed the county allocation.

(c) The county shall negotiate individual rates with vendors and may authorize service payment for actual costs up to the county's current approved rate. Notwithstanding any other rule or statutory provision to the contrary, the commissioner shall not be authorized to increase rates by an annual inflation factor, unless so authorized by the legislature. To improve access to community services and eliminate payment disparities between the alternative care program and the elderly waiver program, the commissioner shall establish statewide maximum service rate limits and eliminate county-specific service rate limits.

(1) Effective July 1, 2001, for service rate limits, except those in subdivision 5, paragraphs (d) and (i), the rate limit for each service shall be the greater of the alternative care statewide maximum rate or the elderly waiver statewide maximum rate.
(2) Counties may negotiate individual service rates with vendors for actual costs up to the statewide maximum service rate limit.

Sec. 21. Minnesota Statutes 2001 Supplement, section 256B.0915, subdivision 3, is amended to read:

Subd. 3. [LIMITS OF CASES, RATES, PAYMENTS, AND FORECASTING.] (a) The number of medical assistance waiver recipients that a county may serve must be allocated according to the number of medical assistance waiver cases open on July 1 of each fiscal year. Additional recipients may be served with the approval of the commissioner.

(b) The monthly limit for the cost of waiver services to an individual elderly waiver client shall be the weighted average monthly nursing facility rate of the case mix resident class to which the elderly waiver client would be assigned under Minnesota Rules, parts 9549.0050 to 9549.0059, less the recipient's maintenance needs allowance as described in subdivision 1d, paragraph (a), until the first day of the state fiscal year in which the resident assessment system as described in section 256B.437 for nursing home rate determination is implemented. Effective on the first day of the state fiscal year in which the resident assessment system as described in section 256B.437 for nursing home rate determination is implemented and the first day of each subsequent state fiscal year, the monthly limit for the cost of waiver services to an individual elderly waiver client shall be the rate of the case mix resident class to which the waiver client would be assigned under Minnesota Rules, parts 9549.0050 to 9549.0059, in effect on the last day of the previous state fiscal year, adjusted by the greater of any legislatively adopted home and community-based services cost-of-living percentage increase or any legislatively adopted statewide percent rate increase for nursing facilities.

(c) If extended medical supplies and equipment or environmental modifications are or will be purchased for an elderly waiver client, the costs may be prorated for up to 12 consecutive months beginning with the month of purchase. If the monthly cost of a recipient's waiver services exceeds the monthly limit established in paragraph (b), the annual cost of all waiver services shall be determined. In this event, the annual cost of all waiver services shall not exceed 12 times the monthly limit of waiver services as described in paragraph (b).

(d) For a person who is a nursing facility resident at the time of requesting a determination of eligibility for elderly waiver services, a monthly conversion limit for the cost of elderly waiver services may be requested. The monthly conversion limit for the cost of elderly waiver services shall be the resident class assigned under Minnesota Rules, parts 9549.0050 to 9549.0059, for that resident in the nursing facility where the resident currently resides until July 1 of the state fiscal year in which the resident assessment system as described in section 256B.437 for nursing home rate determination is implemented. Effective on July 1 of the state fiscal year in which the resident assessment system as described in section 256B.437 for nursing home rate determination is implemented, the monthly conversion limit for the cost of elderly waiver services shall be the per diem nursing facility rate as determined by the resident assessment system as described in section 256B.437 for that resident in the nursing facility where the resident currently resides multiplied by 365 and divided by 12, less the recipient's maintenance needs allowance as described in subdivision 1d. The initially approved conversion rate may be adjusted by the greater of any subsequent legislatively adopted home and community-based services cost-of-living percentage increase or any subsequent legislatively adopted statewide percentage rate increase for nursing facilities. The limit under this clause only applies to persons discharged from a nursing facility after a minimum 30-day stay and found eligible for waiver services on or after July 1, 1997. The following costs must be included in determining the total monthly costs for the waiver client:

(1) cost of all waiver services, including extended medical supplies and equipment and environmental modifications; and

(2) cost of skilled nursing, home health aide, and personal care services reimbursable by medical assistance.

(e) Medical assistance funding for skilled nursing services, private duty nursing, home health aide, and personal care services for waiver recipients must be approved by the case manager and included in the individual care plan.
(f) A county is not required to contract with a provider of supplies and equipment if the monthly cost of the supplies and equipment is less than $250.

(g) The adult foster care rate shall be considered a difficulty of care payment and shall not include room and board. The adult foster care service rate shall be negotiated between the county agency and the foster care provider. The elderly waiver payment for the foster care service in combination with the payment for all other elderly waiver services, including case management, must not exceed the limit specified in paragraph (b).

(h) Payment for assisted living service shall be a monthly rate negotiated and authorized by the county agency based on an individualized service plan for each resident and may not cover direct rent or food costs.

(1) The individualized monthly negotiated payment for assisted living services as described in section 256B.0913, subdivision 5, paragraph (g) or (h), and residential care services as described in section 256B.0913, subdivision 5, paragraph (l), shall not exceed the nonfederal share, in effect on July 1 of the state fiscal year for which the rate limit is being calculated, of the greater of either the statewide or any of the geographic groups’ weighted average monthly nursing facility rate of the case mix resident class to which the elderly waiver eligible client would be assigned under Minnesota Rules, parts 9549.0050 to 9549.0059, less the maintenance needs allowance as described in subdivision 1d, paragraph (a), until the July 1 of the state fiscal year in which the resident assessment system as described in section 256B.437 for nursing home rate determination is implemented. Effective on July 1 of the state fiscal year in which the resident assessment system as described in section 256B.437 for nursing home rate determination is implemented and July 1 of each subsequent state fiscal year, the individualized monthly negotiated payment for the services described in this clause shall not exceed the limit described in this clause which was in effect on June 30 of the previous state fiscal year and which has been adjusted by the greater of any legislatively adopted home and community-based services cost-of-living percentage increase or any legislatively adopted statewide percent rate increase for nursing facilities.

(2) The individualized monthly negotiated payment for assisted living services described in section 144A.4605 and delivered by a provider licensed by the department of health as a class A home care provider or an assisted living home care provider and provided in a building that is registered as a housing with services establishment under chapter 144D and that provides 24-hour supervision in combination with the payment for other elderly waiver services, including case management, must not exceed the limit specified in paragraph (b).

(i) The county shall negotiate individual service rates with vendors and may authorize payment for actual costs up to the county’s current approved rate. Persons or agencies must be employed by or under a contract with the county agency or the public health nursing agency of the local board of health in order to receive funding under the elderly waiver program, except as a provider of supplies and equipment when the monthly cost of the supplies and equipment is less than $250.

(j) Reimbursement for the medical assistance recipients under the approved waiver shall be made from the medical assistance account through the invoice processing procedures of the department’s Medicaid Management Information System (MMIS), only with the approval of the client’s case manager. The budget for the state share of the Medicaid expenditures shall be forecasted with the medical assistance budget, and shall be consistent with the approved waiver.

(k) To improve access to community services and eliminate payment disparities between the alternative care program and the elderly waiver, the commissioner shall establish statewide maximum service rate limits and eliminate county-specific service rate limits.

(1) Effective July 1, 2001, for service rate limits, except those described or defined in paragraphs (g) and (h), the rate limit for each service shall be the greater of the alternative care statewide maximum rate or the elderly waiver statewide maximum rate.

(2) Counties may negotiate individual service rates with vendors for actual costs up to the statewide maximum service rate limit.
(l) Beginning July 1, 1991, the state shall reimburse counties according to the payment schedule in section 256.025 for the county share of costs incurred under this subdivision on or after January 1, 1991, for individuals who are receiving medical assistance.

Sec. 22. Minnesota Statutes 2000, section 256B.0915, subdivision 4, is amended to read:

Subd. 4. [TERMINATION NOTICE.] The case manager must give the individual a ten-day written notice of any decrease in denial, reduction, or termination of waivered services.

Sec. 23. Minnesota Statutes 2001 Supplement, section 256B.0915, subdivision 5, is amended to read:

Subd. 5. [ASSESSMENTS AND REASSESSMENTS FOR WAIVER CLIENTS.] Each client shall receive an initial assessment of strengths, informal supports, and need for services in accordance with section 256B.0911, subdivisions 3, 3a, and 3b. A reassessment of a client served under the elderly waiver must be conducted at least every 12 months and at other times when the case manager determines that there has been significant change in the client's functioning. This may include instances where the client is discharged from the hospital.

Sec. 24. Minnesota Statutes 2000, section 256B.0915, subdivision 6, is amended to read:

Subd. 6. [IMPLEMENTATION OF CARE PLAN.] Each elderly waiver client shall be provided a copy of a written care plan that meets the requirements outlined in section 256B.0913, subdivision 8. If the county administering waivered services is different than the county of financial responsibility, the care plan may be implemented without the approval of the county of financial responsibility.

Sec. 25. Minnesota Statutes 2000, section 256B.0915, is amended by adding a subdivision to read:

Subd. 8. [SERVICES AND SUPPORTS.] (a) Services and supports shall meet the requirements set out in United States Code, title 42, section 1396n.

(b) Services and supports shall promote consumer choice and be arranged and provided consistent with individualized, written care plans.

(c) The state of Minnesota, county, or tribal government under contract to administer the elderly waiver shall not be liable for damages, injuries, or liabilities sustained through the purchase of direct supports or goods by the person, the person's family, or the authorized representatives with funds received through consumer directed community support services under the federally approved waiver plan. Liabilities include, but are not limited to, workers' compensation liability, the Federal Insurance Contributions Act (FICA), or the Federal Unemployment Tax Act (FUTA).

Sec. 26. Minnesota Statutes 2001 Supplement, section 256B.0924, subdivision 6, is amended to read:

Subd. 6. [PAYMENT FOR TARGETED CASE MANAGEMENT.] (a) Medical assistance and MinnesotaCare payment for targeted case management shall be made on a monthly basis. In order to receive payment for an eligible adult, the provider must document at least one contact per month and not more than two consecutive months without a face-to-face contact with the adult or the adult's legal representative, family, primary caregiver, or other relevant persons identified as necessary to the development or implementation of the goals of the personal service plan.

(b) Payment for targeted case management provided by county staff under this subdivision shall be based on the monthly rate methodology under section 256B.094, subdivision 6, paragraph (b), calculated as one combined average rate together with adult mental health case management under section 256B.0625, subdivision 20, except for calendar year 2002. In calendar year 2002, the rate for case management under this section shall be the same as the rate for adult mental health case management in effect as of December 31, 2001. Billing and payment must identify the recipient's primary population group to allow tracking of revenues.
(c) Payment for targeted case management provided by county-contracted vendors shall be based on a monthly rate negotiated by the host county. The negotiated rate must not exceed the rate charged by the vendor for the same service to other payers. If the service is provided by a team of contracted vendors, the county may negotiate a team rate with a vendor who is a member of the team. The team shall determine how to distribute the rate among its members. No reimbursement received by contracted vendors shall be returned to the county, except to reimburse the county for advance funding provided by the county to the vendor.

(d) If the service is provided by a team that includes contracted vendors and county staff, the costs for county staff participation on the team shall be included in the rate for county-provided services. In this case, the contracted vendor and the county may each receive separate payment for services provided by each entity in the same month. In order to prevent duplication of services, the county must document, in the recipient's file, the need for team targeted case management and a description of the different roles of the team members.

(e) Notwithstanding section 256B.19, subdivision 1, the nonfederal share of costs for targeted case management shall be provided by the recipient's county of responsibility, as defined in sections 256G.01 to 256G.12, from sources other than federal funds or funds used to match other federal funds.

(f) The commissioner may suspend, reduce, or terminate reimbursement to a provider that does not meet the reporting or other requirements of this section. The county of responsibility, as defined in sections 256G.01 to 256G.12, is responsible for any federal disallowances. The county may share this responsibility with its contracted vendors.

(g) The commissioner shall set aside five percent of the federal funds received under this section for use in reimbursing the state for costs of developing and implementing this section.

(h) Notwithstanding section 256.025, subdivision 2, payments to counties for targeted case management expenditures under this section shall only be made from federal earnings from services provided under this section. Payments to contracted vendors shall include both the federal earnings and the county share.

(i) Notwithstanding section 256B.041, county payments for the cost of case management services provided by county staff shall not be made to the state treasurer. For the purposes of targeted case management services provided by county staff under this section, the centralized disbursement of payments to counties under section 256B.041 consists only of federal earnings from services provided under this section.

(j) If the recipient is a resident of a nursing facility, intermediate care facility, or hospital, and the recipient's institutional care is paid by medical assistance, payment for targeted case management services under this subdivision is limited to the last 180 days of the recipient's residency in that facility and may not exceed more than six months in a calendar year.

(k) Payment for targeted case management services under this subdivision shall not duplicate payments made under other program authorities for the same purpose.

(l) Any growth in targeted case management services and cost increases under this section shall be the responsibility of the counties.

Sec. 27. Minnesota Statutes 2001 Supplement, section 256B.0951, subdivision 7, is amended to read:

Subd. 7. [WAIVER OF RULES.] If a federal waiver is approved under subdivision 8, the commissioner of health may exempt residents of intermediate care facilities for persons with mental retardation (ICFs/MR) who participate in the three-year alternative quality assurance pilot project established in section 256B.095 from the requirements of Minnesota Rules, chapter 4665, upon approval by the federal government of a waiver of federal certification requirements for ICFs/MR.
Sec. 28. Minnesota Statutes 2001 Supplement, section 256B.0951, subdivision 8, is amended to read:

Subd. 8. [FEDERAL WAIVER.] The commissioner of human services shall seek federal authority to waive provisions of intermediate care facilities for persons with mental retardation (ICFs/MR) regulations to enable the demonstration and evaluation of the alternative quality assurance system for ICFs/MR under the project. The commissioner of human services shall apply for any necessary waivers as soon as practicable; a federal waiver to allow intermediate care facilities for persons with mental retardation (ICFs/MR) in Region 10 of Minnesota to participate in the alternative licensing system. If it is necessary for purposes of participation in this alternative licensing system for a facility to be decertified as an ICF/MR facility according to the terms of the federal waiver, when the facility seeks recertification under the provisions of ICF/MR regulations at the end of the demonstration project, it will not be considered a new ICF/MR as defined under section 252.291 provided the licensed capacity of the facility did not increase during its participation in the alternative licensing system. The provisions of sections 252.82, 252.292, and 256B.5011 to 256B.5015 will remain applicable for counties in Region 10 of Minnesota and the ICFs/MR located within those counties notwithstanding a county's participation in the alternative licensing system.

Sec. 29. Minnesota Statutes 2001 Supplement, section 256B.431, subdivision 2e, is amended to read:

Subd. 2e. [CONTRACTS FOR SERVICES FOR VENTILATOR-DEPENDENT PERSONS.] The commissioner may contract negotiate with a nursing facility eligible to receive medical assistance payments to provide services to a ventilator-dependent person identified by the commissioner according to criteria developed by the commissioner, including:

(1) nursing facility care has been recommended for the person by a preadmission screening team;

(2) the person has been hospitalized and no longer requires inpatient acute care hospital services; and

(3) the commissioner has determined that necessary services for the person cannot be provided under existing nursing facility rates.

The commissioner may issue a request for proposals to provide services to a ventilator-dependent person to nursing facilities eligible to receive medical assistance payments and shall select nursing facilities from among respondents according to criteria developed by the commissioner, including:

(1) the cost-effectiveness and appropriateness of services;

(2) the nursing facility's compliance with federal and state licensing and certification standards; and

(3) the proximity of the nursing facility to a ventilator-dependent person identified by the commissioner who requires nursing facility placement.

The commissioner may negotiate an adjustment to the operating cost payment rate for a nursing facility selected by the commissioner from among respondents to the request for proposals with a resident who is ventilator-dependent, for that resident. The negotiated adjustment must reflect only the actual additional cost of meeting the specialized care needs of a ventilator-dependent person identified by the commissioner for whom necessary services cannot be provided under existing nursing facility rates and which are not otherwise covered under Minnesota Rules, parts 9549.0010 to 9549.0080 or 9505.0170 to 9505.0475. For persons who are initially admitted to a nursing facility before July 1, 2001, and have their payment rate under this subdivision negotiated after July 1, 2001, the negotiated payment rate must not exceed 200 percent of the highest multiple bedroom payment rate for the facility, as initially established by the commissioner for the rate year for case mix classification K; or, upon implementation of the RUGs-based case mix system, 200 percent of the highest RUGs rate. For persons initially admitted to a nursing facility on or after July 1, 2001, the negotiated payment rate must not exceed 300 percent of the facility's multiple bedroom payment rate for case mix classification K; or, upon implementation of the RUGs-based case mix system, 300 percent of the highest RUGs rate. The negotiated adjustment shall not affect the payment rate charged to private paying residents under the provisions of section 256B.48, subdivision 1.
Sec. 30. Minnesota Statutes 2000, section 256B.431, subdivision 14, is amended to read:

Subd. 14. [LIMITATIONS ON SALES OF NURSING FACILITIES.] (a) For rate periods beginning on October 1, 1992, and for rate years beginning after June 30, 1993, a nursing facility's property-related payment rate as established under subdivision 13 shall be adjusted by either paragraph (b) or (c) for the sale of the nursing facility, including sales occurring after June 30, 1992, as provided in this subdivision.

(b) If the nursing facility's property-related payment rate under subdivision 13 prior to sale is greater than the nursing facility's rental rate under Minnesota Rules, parts 9549.0010 to 9549.0080, and this section prior to sale, the nursing facility's property-related payment rate after sale shall be the greater of its property-related payment rate under subdivision 13 prior to sale or its rental rate under Minnesota Rules, parts 9549.0010 to 9549.0080, and this section calculated after sale.

(c) If the nursing facility's property-related payment rate under subdivision 13 prior to sale is equal to or less than the nursing facility's rental rate under Minnesota Rules, parts 9549.0010 to 9549.0080, and this section prior to sale, the nursing facility's property-related payment rate after sale shall be the nursing facility's property-related payment rate under subdivision 13 plus the difference between its rental rate calculated under Minnesota Rules, parts 9549.0010 to 9549.0080, and this section prior to sale and its rental rate calculated under Minnesota Rules, parts 9549.0010 to 9549.0080, and this section calculated after sale.

(d) For purposes of this subdivision, "sale" means the purchase of a nursing facility's capital assets with cash or debt. The term sale does not include a stock purchase of a nursing facility or any of the following transactions:

(1) a sale and leaseback to the same licensee that does not constitute a change in facility license;

(2) a transfer of an interest to a trust;

(3) gifts or other transfers for no consideration;

(4) a merger of two or more related organizations;

(5) a change in the legal form of doing business, other than a publicly held organization that becomes privately held or vice versa;

(6) the addition of a new partner, owner, or shareholder who owns less than 20 percent of the nursing facility or the issuance of stock; and

(7) a sale, merger, reorganization, or any other transfer of interest between related organizations other than those permitted in this section.

(e) For purposes of this subdivision, "sale" includes the sale or transfer of a nursing facility to a close relative as defined in Minnesota Rules, part 9549.0020, subpart 38, item C, upon the death of an owner, due to serious illness or disability, as defined under the Social Security Act, under United States Code, title 42, section 423(d)(1)(A), or upon retirement of an owner from the business of owning or operating a nursing home at 62 years of age or older. For sales to a close relative allowed under this paragraph, otherwise nonallowable debt resulting from seller financing of all or a portion of the debt resulting from the sale shall be allowed and shall not be subject to Minnesota Rules, part 9549.0060, subpart 5, item E, provided that in addition to existing requirements for allowance of debt and interest, the debt is subject to repayment through annual principal payments and the interest rate on the related organization debt does not exceed three percentage points above the posted yield for standard conventional fixed rate mortgages of the Federal Home Loan Mortgage Corporation for delivery in 60 days in effect on the day of sale. If at any time, the seller forgives the related organization debt allowed under this paragraph for other than equal amount of payment on that debt, then the buyer shall pay to the state the total revenue received by the nursing facility after the sale attributable to the amount of allowable debt which has been forgiven. Any assignment, sale, or transfer of the debt instrument entered into by the close relatives, either directly or indirectly, which grants to the close
relative buyer the right to receive all or a portion of the payments under the debt instrument shall, effective on the
date of the transfer, result in the prospective reduction in the corresponding portion of the allowable debt and interest
expense. Upon the death of the close relative seller, any remaining balance of the close relative debt must be
refinanced and such refinancing shall be subject to the provisions of Minnesota Rules, part 9549.0060, subpart 7,
item G. This paragraph shall not apply to sales occurring on or after June 30, 1997.

(f) For purposes of this subdivision, "effective date of sale" means the later of either the date on which legal title
to the capital assets is transferred or the date on which closing for the sale occurred.

(g) The effective day for the property-related payment rate determined under this subdivision shall be the first day
of the month following the month in which the effective date of sale occurs or October 1, 1992, whichever is later,
provided that the notice requirements under section 256B.47, subdivision 2, have been met.

(h) Notwithstanding Minnesota Rules, part 9549.0060, subparts 5, item A, subitems (3) and (4), and 7, items E
and F, the commissioner shall limit the total allowable debt and related interest for sales occurring after
June 30, 1992, to the sum of clauses (1) to (3):

1. the historical cost of capital assets, as of the nursing facility's most recent previous effective date of sale or,
   if there has been no previous sale, the nursing facility's initial historical cost of constructing capital assets;

2. the average annual capital asset additions after deduction for capital asset deletions, not including
   depreciations; and

3. one-half of the allowed inflation on the nursing facility's capital assets. The commissioner shall compute the
   allowed inflation as described in paragraph (h) (i).

(i) For purposes of computing the amount of allowed inflation, the commissioner must apply the following
principles:

1. the lesser of the Consumer Price Index for all urban consumers or the Dodge Construction Systems Costs for
   Nursing Homes for any time periods during which both are available must be used. If the Dodge Construction
   Systems Costs for Nursing Homes becomes unavailable, the commissioner shall substitute the index in subdivision
   3f, or such other index as the secretary of the health care financing administration may designate;

2. the amount of allowed inflation to be applied to the capital assets in paragraph (g), clauses (1) and (2), must
   be computed separately;

3. the amount of allowed inflation must be determined on an annual basis, prorated on a monthly basis for partial
   years and if the initial month of use is not determinable for a capital asset, then one-half of that calendar year shall
   be used for purposes of prorating;

4. the amount of allowed inflation to be applied to the capital assets in paragraph (g), clauses (1) and (2), must
   not exceed 300 percent of the total capital assets in any one of those clauses; and

5. the allowed inflation must be computed starting with the month following the nursing facility's most recent
   previous effective date of sale or, if there has been no previous sale, the month following the date of the nursing
   facility's initial occupancy, and ending with the month preceding the effective date of sale.

(j) If the historical cost of a capital asset is not readily available for the date of the nursing facility's most recent
previous sale or if there has been no previous sale for the date of the nursing facility's initial occupancy, then the
commissioner shall limit the total allowable debt and related interest after sale to the extent recognized by the
Medicare intermediary after the sale. For a nursing facility that has no historical capital asset cost data available
and does not have allowable debt and interest calculated by the Medicare intermediary, the commissioner shall use
the historical cost of capital asset data from the point in time for which capital asset data is recorded in the nursing
facility's audited financial statements.
(k) The limitations in this subdivision apply only to debt resulting from a sale of a nursing facility occurring after June 30, 1992, including debt assumed by the purchaser of the nursing facility.

Sec. 31. Minnesota Statutes 2000, section 256B.431, subdivision 30, is amended to read:

Subd. 30. [BED LAYAWAY AND DELICENSEURE.] (a) For rate years beginning on or after July 1, 2000, a nursing facility reimbursed under this section which has placed beds on layaway shall, for purposes of application of the downsizing incentive in subdivision 3a, paragraph (d)(c), and calculation of the rental per diem, have those beds given the same effect as if the beds had been delicensed so long as the beds remain on layaway. At the time of a layaway, a facility may change its single bed election for use in calculating capacity days under Minnesota Rules, part 9549.0060, subpart 11. The property payment rate increase shall be effective the first day of the month following the month in which the layaway of the beds becomes effective under section 144A.071, subdivision 4b.

(b) For rate years beginning on or after July 1, 2000, notwithstanding any provision to the contrary under section 256B.434, a nursing facility reimbursed under that section which has placed beds on layaway shall, for so long as the beds remain on layaway, be allowed to:

(1) aggregate the applicable investment per bed limits based on the number of beds licensed immediately prior to entering the alternative payment system;

(2) retain or change the facility's single bed election for use in calculating capacity days under Minnesota Rules, part 9549.0060, subpart 11; and

(3) establish capacity days based on the number of beds immediately prior to the layaway and the number of beds after the layaway.

The commissioner shall increase the facility's property payment rate by the incremental increase in the rental per diem resulting from the recalculation of the facility's rental per diem applying only the changes resulting from the layaway of beds and clauses (1), (2), and (3). If a facility reimbursed under section 256B.434 completes a moratorium exception project after its base year, the base year property rate shall be the moratorium project property rate. The base year rate shall be inflated by the factors in section 256B.434, subdivision 4, paragraph (c). The property payment rate increase shall be effective the first day of the month following the month in which the layaway of the beds becomes effective.

(c) If a nursing facility removes a bed from layaway status in accordance with section 144A.071, subdivision 4b, the commissioner shall establish capacity days based on the number of licensed and certified beds in the facility not on layaway and shall reduce the nursing facility's property payment rate in accordance with paragraph (b).

(d) For the rate years beginning on or after July 1, 2000, notwithstanding any provision to the contrary under section 256B.434, a nursing facility reimbursed under that section, which has delicensed beds after July 1, 2000, by giving notice of the delicensure to the commissioner of health according to the notice requirements in section 144A.071, subdivision 4b, shall be allowed to:

(1) aggregate the applicable investment per bed limits based on the number of beds licensed immediately prior to entering the alternative payment system;

(2) retain or change the facility's single bed election for use in calculating capacity days under Minnesota Rules, part 9549.0060, subpart 11; and

(3) establish capacity days based on the number of beds immediately prior to the delicensure and the number of beds after the delicensure.
The commissioner shall increase the facility's property payment rate by the incremental increase in the rental per diem resulting from the recalculation of the facility's rental per diem applying only the changes resulting from the delicensure of beds and clauses (1), (2), and (3). If a facility reimbursed under section 256B.434 completes a moratorium exception project after its base year, the base year property rate shall be the moratorium project property rate. The base year rate shall be inflated by the factors in section 256B.434, subdivision 4, paragraph (c). The property payment rate increase shall be effective the first day of the month following the month in which the delicensure of the beds becomes effective.

(e) For nursing facilities reimbursed under this section or section 256B.434, any beds placed on layaway shall not be included in calculating facility occupancy as it pertains to leave days defined in Minnesota Rules, part 9505.0415.

(f) For nursing facilities reimbursed under this section or section 256B.434, the rental rate calculated after placing beds on layaway may not be less than the rental rate prior to placing beds on layaway.

(g) A nursing facility receiving a rate adjustment as a result of this section shall comply with section 256B.47, subdivision 2.

(h) A facility that does not utilize the space made available as a result of bed layaway or delicensure under this subdivision to reduce the number of beds per room or provide more common space for nursing facility uses or perform other activities related to the operation of the nursing facility shall have its property rate increase calculated under this subdivision reduced by the ratio of the square footage made available that is not used for these purposes to the total square footage made available as a result of bed layaway or delicensure.

Sec. 32. Minnesota Statutes 2001 Supplement, section 256B.431, subdivision 33, is amended to read:

Subd. 33. [STAGED REDUCTION IN RATE DISPARITIES.] (a) For the rate years beginning July 1, 2001, and July 1, 2002, the commissioner shall adjust the operating payment rates for low-rate nursing facilities reimbursed under this section or section 256B.434.

(b) For the rate year beginning July 1, 2001, for each case mix level, if the amount computed under subdivision 31 is less than the amount in clause (1), the commissioner shall make available the lesser of the amount in clause (1) or an increase of ten percent over the rate in effect on June 30, 2001, as an adjustment to the operating payment rate. For the rate year beginning July 1, 2002, for each case mix level, if the amount computed under subdivision 31 is less than the amount in clause (2), the commissioner shall make available the lesser of the amount in clause (2) or an increase of ten percent over the rate in effect on June 30, 2002, as an adjustment to the operating payment rate. For purposes of this subdivision, nursing facilities shall be considered to be metro if they are located in Anoka, Carver, Dakota, Hennepin, Olmsted, Ramsey, Scott, or Washington counties; or in the cities of Moorhead or Breckenridge; or in St. Louis county, north of Tiovola and south of Cook; or in Itasca county, east of a north south line two miles west of Grand Rapids.

Sec. 33. Minnesota Statutes 2000, section 256B.431, is amended by adding a subdivision to read:

Subd. 37. [DESIGNATION OF AREAS TO RECEIVE METROPOLITAN RATES.] For rate years beginning on or after July 1, 2003, nursing facilities located in areas designated as metropolitan areas by the federal Office of Management and Budget using census bureau data shall be part of the metropolitan array for purposes of calculating a median, determining a historical base reimbursement rate, or otherwise establishing a statistical measure of nursing facility payment rates, in order to:

(1) determine future rate increases under this section, section 256B.434, or any other section; and

(2) establish nursing facility reimbursement rates for the new nursing facility reimbursement system developed under Laws 2001, First Special Session chapter 9, article 5, section 35.
Sec. 34. Minnesota Statutes 2001 Supplement, section 256B.437, subdivision 3, is amended to read:

Subd. 3. [APPLICATIONS FOR PLANNED CLOSURE OF NURSING FACILITIES.] (a) By August 15, 2001, the commissioner of human services shall implement and announce a program for closure or partial closure of nursing facilities. Names and identifying information provided in response to the announcement shall remain private unless approved, according to the timelines established in the plan. The announcement must specify:

1. the criteria in subdivision 4 that will be used by the commissioner to approve or reject applications;

2. a requirement for the submission of a letter of intent before the submission of an application;

3. the information that must accompany an application; and

4. that applications may combine planned closure rate adjustments with moratorium exception funding, in which case a single application may serve both purposes.

Between August 1, 2001, and June 30, 2003, the commissioner may approve planned closures of up to 5,140 nursing facility beds, less the number of licensed beds delicensed in facilities that close during the same time period without approved closure plans or that have notified the commissioner of health of their intent to close without an approved closure plan.

(b) A facility or facilities reimbursed under section 256B.431 or 256B.434 with a closure plan approved by the commissioner under subdivision 5 may assign a planned closure rate adjustment to another facility or facilities that are not closing or in the case of a partial closure, to the facility undertaking the partial closure. A facility may also elect to have a planned closure rate adjustment shared equally by the five nursing facilities with the lowest total operating payment rates in the state development region designated under section 462.385, in which the facility that is closing is located. The planned closure rate adjustment must be calculated under subdivision 6. Facilities that delicense beds without a closure plan, or whose closure plan is not approved by the commissioner, are not eligible to assign a planned closure rate adjustment under subdivision 6, unless they are delicensing five or fewer beds, or less than six percent of their total licensed bed capacity, whichever is greater. Facilities delicensing, in any three-month period, five or fewer beds or less than six percent of their total licensed bed capacity, whichever is greater, without an approved closure plan are eligible to assign the amount calculated under subdivision 6 to themselves, if the facilities are located in a county that is in the top three quartiles when ranked on nursing facility beds per thousand individuals age 65 and older. When facilities are delicensing more than five beds, or six percent or more of their total licensed bed capacity, whichever is greater, and if they do not have an approved closure plan or are not eligible for the adjustment under subdivision 6, the commissioner shall calculate the amount the facility or facilities would have been eligible to assign under subdivision 6, and shall use this amount to provide equal rate adjustments to the five nursing facilities with the lowest total operating payment rates in the state development region designated under section 462.385, in which the facility or facilities that closed is delicense beds are located.

(c) To be considered for approval, an application must include:

1. a description of the proposed closure plan, which must include identification of the facility or facilities to receive a planned closure rate adjustment and the amount and timing of a planned closure rate adjustment proposed for each facility;

2. the proposed timetable for any proposed closure, including the proposed dates for announcement to residents, commencement of closure, and completion of closure;

3. if available, the proposed relocation plan for current residents of any facility designated for closure. The proposed If a relocation plan is not available, the application must include a statement agreeing to develop a relocation plan must be designed to comply with all applicable state and federal statutes and regulations, including, but not limited to, section 144A.161;
(4) a description of the relationship between the nursing facility that is proposed for closure and the nursing facility or facilities proposed to receive the planned closure rate adjustment. If these facilities are not under common ownership, copies of any contracts, purchase agreements, or other documents establishing a relationship or proposed relationship must be provided;

(5) documentation, in a format approved by the commissioner, that all the nursing facilities receiving a planned closure rate adjustment under the plan have accepted joint and several liability for recovery of overpayments under section 256B.0641, subdivision 2, for the facilities designated for closure under the plan; and

(6) an explanation of how the application coordinates with planning efforts under subdivision 2. If the planning group does not support a level of nursing facility closures that the commissioner considers to be reasonable, the commissioner may approve a planned closure proposal without its support.

(d) The application must address the criteria listed in subdivision 4.

Sec. 35. Minnesota Statutes 2001 Supplement, section 256B.437, subdivision 6, is amended to read:

Subd. 6. [PLANNED CLOSURE RATE ADJUSTMENT.] (a) The commissioner of human services shall calculate the amount of the planned closure rate adjustment available under subdivision 3, paragraph (b), for up to 5,140 beds according to clauses (1) to (4):

(1) the amount available is the net reduction of nursing facility beds multiplied by $2,080;

(2) the total number of beds in the nursing facility or facilities receiving the planned closure rate adjustment must be identified;

(3) capacity days are determined by multiplying the number determined under clause (2) by 365; and

(4) the planned closure rate adjustment is the amount available in clause (1), divided by capacity days determined under clause (3).

(b) A planned closure rate adjustment under this section is effective on the first day of the month following completion of closure of the facility designated for closure in the application and becomes part of the nursing facility's total operating payment rate.

(c) Applicants may use the planned closure rate adjustment to allow for a property payment for a new nursing facility or an addition to an existing nursing facility or as an operating payment rate adjustment. Applications approved under this subdivision are exempt from other requirements for moratorium exceptions under section 144A.073, subdivisions 2 and 3.

(d) Upon the request of a closing facility, the commissioner must allow the facility a closure rate adjustment as provided under section 144A.161, subdivision 10.

The recalculated planned closure rate adjustment shall be effective from the date the per bed dollar amount is increased.

(f) A facility that has received a planned closure rate adjustment may reassign it to another facility that is under the same ownership at any time within three years of its effective date. The amount of the adjustment shall be computed according to paragraph (a).

Subd. 2. [OPERATING PAYMENT RATE.] (a) The operating payment rate equals the facility's total payment rate in effect on September 30, 2000, minus the property rate. The operating payment rate includes the special operating rate and the efficiency incentive in effect as of September 30, 2000. Within the limits of appropriations specifically for this purpose, the operating payment shall be increased for each rate year by the annual percentage change in the Employment Cost Index for Private Industry Workers - Total Compensation, as forecasted by the commissioner of finance's economic consultant, in the second quarter of the calendar year preceding the start of each rate year. In the case of the initial rate year beginning October 1, 2000, and continuing through December 31, 2001, the percentage change shall be based on the percentage change in the Employment Cost Index for Private Industry Workers - Total Compensation for the 15-month period beginning October 1, 2000, as forecast by Data Resources, Inc., in the first quarter of 2000.

(b) Effective October 1, 2000, the operating payment rate shall be adjusted to reflect an occupancy rate equal to 100 percent of the facility's capacity days as of September 30, 2000.

(c) Effective July 1, 2001, the operating payment rate shall be adjusted for the increases in the department of health licensing fees that were authorized in Laws 2001, First Special Session chapter 9, article 1, section 30.

Sec. 39. Minnesota Statutes 2001 Supplement, section 256B.76, is amended to read:

256B.76 [PHYSICIAN AND DENTAL REIMBURSEMENT.]

(a) Effective for services rendered on or after October 1, 1992, the commissioner shall make payments for physician services as follows:

(1) payment for level one Health Care Finance Administration's common procedural coding system (HCPCS) codes titled "office and other outpatient services," "preventive medicine new and established patient," "delivery, antepartum, and postpartum care," "critical care," cesarean delivery and pharmacologic management provided to psychiatric patients, and HCPCS level three codes for enhanced services for prenatal high risk, shall be paid at the lower of (i) submitted charges, or (ii) 25 percent above the rate in effect on June 30, 1992. If the rate on any procedure code within these categories is different than the rate that would have been paid under the methodology in section 256B.74, subdivision 2, then the larger rate shall be paid;

(2) payments for all other services shall be paid at the lower of (i) submitted charges, or (ii) 15.4 percent above the rate in effect on June 30, 1992;
(3) all physician rates shall be converted from the 50th percentile of 1982 to the 50th percentile of 1989, less the percent in aggregate necessary to equal the above increases except that payment rates for home health agency services shall be the rates in effect on September 30, 1992;

(4) effective for services rendered on or after January 1, 2000, payment rates for physician and professional services shall be increased by three percent over the rates in effect on December 31, 1999, except for home health agency and family planning agency services; and

(5) the increases in clause (4) shall be implemented January 1, 2000, for managed care.

(b) Effective for services rendered on or after October 1, 1992, the commissioner shall make payments for dental services as follows:

(1) dental services shall be paid at the lower of (i) submitted charges, or (ii) 25 percent above the rate in effect on June 30, 1992;

(3) effective for services rendered on or after January 1, 2000, payment rates for dental services shall be increased by three percent over the rates in effect on December 31, 1999;

(4) the commissioner shall award grants to community clinics or other nonprofit community organizations, political subdivisions, professional associations, or other organizations that demonstrate the ability to provide dental services effectively to public program recipients. Grants may be used to fund the costs related to coordinating access for recipients, developing and implementing patient care criteria, upgrading or establishing new facilities, acquiring furnishings or equipment, recruiting new providers, or other development costs that will improve access to dental care in a region. In awarding grants, the commissioner shall give priority to applicants that plan to serve areas of the state in which the number of dental providers is not currently sufficient to meet the needs of recipients of public programs or uninsured individuals. The commissioner shall consider the following in awarding the grants:

(i) potential to successfully increase access to an underserved population;

(ii) the ability to raise matching funds;

(iii) the long-term viability of the project to improve access beyond the period of initial funding;

(iv) the efficiency in the use of the funding; and

(v) the experience of the proposers in providing services to the target population.

The commissioner shall monitor the grants and may terminate a grant if the grantee does not increase dental access for public program recipients. The commissioner shall consider grants for the following:

(i) implementation of new programs or continued expansion of current access programs that have demonstrated success in providing dental services in underserved areas;

(ii) a pilot program for utilizing hygienists outside of a traditional dental office to provide dental hygiene services; and

(iii) a program that organizes a network of volunteer dentists, establishes a system to refer eligible individuals to volunteer dentists, and through that network provides donated dental care services to public program recipients or uninsured individuals;

(7) effective for services provided on or after January 1, 2002, payment for diagnostic examinations and dental x-rays provided to children under age 21 shall be the lower of (i) the submitted charge, or (ii) 85 percent of median 1999 charges.

c) Effective for dental services rendered on or after January 1, 2002, the commissioner may, within the limits of available appropriation, increase reimbursements to dentists and dental clinics deemed by the commissioner to be critical access dental providers. Reimbursement to a critical access dental provider may be increased by not more than 50 percent above the reimbursement rate that would otherwise be paid to the provider. Payments to health plan companies shall be adjusted to reflect increased reimbursements to critical access dental providers as approved by the commissioner. In determining which dentists and dental clinics shall be deemed critical access dental providers, the commissioner shall review:

(1) the utilization rate in the service area in which the dentist or dental clinic operates for dental services to patients covered by medical assistance, general assistance medical care, or MinnesotaCare as their primary source of coverage;

(2) the level of services provided by the dentist or dental clinic to patients covered by medical assistance, general assistance medical care, or MinnesotaCare as their primary source of coverage; and

(3) whether the level of services provided by the dentist or dental clinic is critical to maintaining adequate levels of patient access within the service area.

In the absence of a critical access dental provider in a service area, the commissioner may designate a dentist or dental clinic as a critical access dental provider if the dentist or dental clinic is willing to provide care to patients covered by medical assistance, general assistance medical care, or MinnesotaCare at a level which significantly increases access to dental care in the service area.

d) Effective July 1, 2001, the medical assistance rates for outpatient mental health services provided by an entity that operates:

(1) a Medicare-certified comprehensive outpatient rehabilitation facility; and

(2) a facility that was certified prior to January 1, 1993, with at least 33 percent of the clients receiving rehabilitation services in the most recent calendar year are medical assistance recipients, will be increased by 38 percent, when those services are provided within the comprehensive outpatient rehabilitation facility and provided to residents of nursing facilities owned by the entity.

e) An entity that operates both a Medicare certified comprehensive outpatient rehabilitation facility and a facility which was certified prior to January 1, 1993, that is licensed under Minnesota Rules, parts 9570.2000 to 9570.3600, and for whom at least 33 percent of the clients receiving rehabilitation services in the most recent calendar year are medical assistance recipients, shall be reimbursed by the commissioner for rehabilitation services at rates that are 38 percent greater than the maximum reimbursement rate allowed under paragraph (a), clause (2), when those services are (1) provided within the comprehensive outpatient rehabilitation facility and (2) provided to residents of nursing facilities owned by the entity.
Sec. 40. [PILOT PROGRAM FOR DEAF-BLIND SERVICES.]

(a) The commissioners of human services; children, families, and learning; and state services for the blind shall meet with deaf-blind citizens, parents of deaf-blind children, and the Minnesota commission serving deaf and hard-of-hearing individuals to determine which agency can most efficiently and effectively develop and administer a pilot program for consumer-directed services to provide needed services to deaf-blind adults, children, and their families.

(b) The planning for this pilot program must proceed using current appropriations. The agency that develops the pilot program described in paragraph (a) shall provide a report to the senate and house of representatives policy and fiscal committees having jurisdiction over human services issues by January 1, 2003, that addresses future funding for the program. (a) Effective for fiscal years beginning on or after July 1, 2003, the commissioner of human services shall combine the existing $1,000,000 biennial base level funding for deaf-blind services into a single grant program. Within the limits of the appropriation for this purpose, each biennium at least $350,000 shall be awarded for services to deaf-blind children and their families and at least $250,000 shall be awarded for services to deaf-blind adults.

(b) The commissioner may make grants to organizations for:

(1) services provided by the organizations; or

(2) consumer-directed services.

(c) Any entity that is able to satisfy the grant criteria is eligible to receive a grant under paragraph (a).

(d) Deaf-blind service providers are not required to, but may, provide intervenor services as part of the service package provided with grant funds under this section.

Sec. 42. [FEASIBILITY ASSESSMENT OF MEDICAL ASSISTANCE EXPANSION TO COVER DEAF-BLIND SERVICES.]

(a) The commissioner of human services shall study and report to the legislature by January 15, 2003, with a feasibility assessment of the costs and policy implications, including the necessity of federal waivers, to expand benefits covered under medical assistance and under medical assistance waiver programs to include the following services for deaf-blind persons:

(1) sign language interpreters;

(2) intervenors;

(3) support service persons;

(4) orientation and mobility services; and

"Sec. 33. Minnesota Statutes 2001 Supplement, section 256B.431, is amended by adding a subdivision to read:

Subd. 38. [NURSING FACILITY RATE INCREASES BEGINNING JULY 1, 2002.] For the rate year beginning July 1, 2002, the commissioner shall provide to each nursing facility reimbursed under this section or section 256B.434 an adjustment equal to 2.5 percent of the total operating payment rate.

Sec. 34. Minnesota Statutes 2001 Supplement, section 256B.431, is amended by adding a subdivision to read:

Subd. 39. [NURSING FACILITY RATE INCREASES BEGINNING JULY 1, 2002.] (a) For the rate year beginning July 1, 2002, the money resulting from the rate adjustment under subdivision 38 must be used to increase the wages and benefits and pay associated costs of all employees except management fees, the administrator, and central office staff.

(b) Money received by a facility as a result of the rate adjustments provided in subdivision 38, which must be used as provided in paragraph (a), must be used only for wage and benefit increases implemented on or after July 1, 2002, and must not be used for wage increases implemented prior to those dates.

(c) Nursing facilities may apply for the portions of the rate adjustments under subdivision 38, which must be used as provided in paragraph (a). The application must be made to the commissioner and contain a plan by which the nursing facility will distribute to employees of the nursing facility the funds, which must be used as provided in paragraph (a). For nursing facilities in which the employees are represented by an exclusive bargaining representative, an agreement negotiated and agreed to by the employer and the exclusive bargaining representative constitutes the plan. A negotiated agreement may constitute the plan only if the agreement is finalized after the date of enactment of all increases for the rate year. The commissioner shall review the plan to ensure that the rate
adjustments are used as provided in paragraph (a). To be eligible, a facility must submit its plan for the wage and benefit distribution by December 31 each year. If a facility's plan for wage and benefit distribution is effective for its employees after July 1 of the year that the funds are available, the portion of the rate adjustments, which must be used as provided in paragraph (a), are effective the same date as its plan.

(d) A hospital-attached nursing facility may include costs in their distribution plan for wages and benefits and associated costs of employees in the organization’s shared services departments, provided that:

1. the nursing facility and the hospital share common ownership; and

2. adjustments for hospital services using the diagnostic-related grouping payment rates per admission under Medicare are less than three percent during the 12 months prior to the effective date of these rate adjustments.

If a hospital-attached facility meets the qualifications in this paragraph, the difference between the rate adjustments approved for nursing facility services and the rate increase approved for hospital services may be permitted as a distribution in the hospital-attached facility’s plan regardless of whether the use of those funds is shown as being attributable to employee hours worked in the nursing facility or employee hours worked in the hospital.

For the purposes of this paragraph, a hospital-attached nursing facility is one that meets the definition under subdivision 24, or, in the case of a facility reimbursed under section 256B.434, meet this definition at the time their last payment rate was established under Minnesota Rules, parts 9549.0010 to 9549.0080, and this section.

(e) A copy of the approved distribution plan must be made available to all employees by giving each employee a copy or by posting it in an area of the nursing facility to which all employees have access. If an employee does not receive the wage and benefit adjustment described in the facility's approved plan and is unable to resolve the problem with the facility’s management or through the employee’s union representative, the employee may contact the commissioner at an address or telephone number provided by the commissioner and included in the approved plan.

(f) Notwithstanding section 256B.48, subdivision 1, clause (a), upon the request of a nursing facility, the commissioner may authorize the facility to raise per diem rates for private-pay residents on July 1 by the amount anticipated to be required upon implementation of the rate adjustments allowable under subdivision 38. The commissioner shall require any amounts collected under this paragraph, which must be used as provided in paragraph (a), to be placed in an escrow account established for this purpose with a financial institution that provides deposit insurance until the medical assistance rate is finalized. The commissioner shall conduct audits as necessary to ensure that:

1. the amounts collected are retained in escrow until medical assistance rates are increased to reflect the wage-related adjustment; and

2. any amounts collected from private-pay residents in excess of the final medical assistance rate are repaid to the private-pay residents with interest at the rate used by the commissioner of revenue for the late payment of taxes and in effect on the date the distribution plan is approved by the commissioner of human services.”

"Sec. 42. Minnesota Statutes 2000, section 256B.5012, is amended by adding a subdivision to read:

Subd. 5. [ICF/MR RATE INCREASES BEGINNING JULY 1, 2002.] (a) For the rate year July 1, 2002, the commissioner shall make available to each facility reimbursed under this section an adjustment to the total operating payment rate of 2.5 percent. This adjustment must be used as provided under paragraph (b).
(b) The adjustment under this paragraph must be used to increase the wages and benefits and pay associated costs of all employees except administrative and central office employees, provided that this increase must be used only for wage and benefit increases implemented on or after the first day of the rate year and must not be used for increases implemented prior to that date.

(c) A facility whose payment rates are governed by closure agreements, receivership agreements, or Minnesota Rules, part 9553.0075, is not eligible for an adjustment otherwise granted under this subdivision.

(d) A facility may apply for the payment rate adjustment provided under paragraph (b). The application must be made to the commissioner and contain a plan by which the facility will distribute the adjustment in paragraph (b) to employees of the facility. For facilities in which the employees are represented by an exclusive bargaining representative, an agreement negotiated and agreed to by the employer and the exclusive bargaining representative constitutes the plan. A negotiated agreement may constitute the plan only if the agreement is finalized after the date of enactment of all rate increases for the rate year. The commissioner shall review the plan to ensure that the payment rate adjustment per diem is used as provided in this subdivision. To be eligible, a facility must submit its plan by March 31, 2002, and March 31, 2003, respectively. If a facility's plan is effective for its employees after the first day of the applicable rate year that the funds are available, the payment rate adjustment per diem is effective the same date as its plan.

(e) A copy of the approved distribution plan must be made available to all employees by giving each employee a copy or by posting it in an area of the facility to which all employees have access. If an employee does not receive the wage and benefit adjustment described in the facility's approved plan and is unable to resolve the problem with the facility's management or through the employee's union representative, the employee may contact the commissioner at an address or telephone number provided by the commissioner and included in the approved plan.

Subd. 5. [FEE; PROCEEDS TO TRUNK HIGHWAY FUND.] The commissioner, with respect to highways under the commissioner's jurisdiction, may charge a fee for each permit issued. All such fees for permits issued by the commissioner of transportation shall be deposited in the state treasury and credited to the trunk highway fund. Except for those annual permits for which the permit fees are specified elsewhere in this chapter, the fees shall be:

(a) $15 for each single trip permit.

(b) $36 for each job permit. A job permit may be issued for like loads carried on a specific route for a period not to exceed two months. "Like loads" means loads of the same product, weight, and dimension.

(c) $60 for an annual permit to be issued for a period not to exceed 12 consecutive months. Annual permits may be issued for:

(1) motor vehicles used to alleviate a temporary crisis adversely affecting the safety or well-being of the public;

(2) motor vehicles which travel on interstate highways and carry loads authorized under subdivision 1a;
(3) motor vehicles operating with gross weights authorized under section 169.825, subdivision 11, paragraph (a), clause (3);

(4) special pulpwood vehicles described in section 169.863; and

(5) motor vehicles bearing snowplow blades not exceeding ten feet in width; and

(6) noncommercial transportation of a boat by the owner or user of the boat.

(d) $120 for an oversize annual permit to be issued for a period not to exceed 12 consecutive months. Annual permits may be issued for:

(1) mobile cranes;

(2) construction equipment, machinery, and supplies;

(3) manufactured homes;

(4) implements of husbandry when the movement is not made according to the provisions of paragraph (i);

(5) double-deck buses;

(6) commercial boat hauling.

(e) For vehicles which have axle weights exceeding the weight limitations of section 169.825, an additional cost added to the fees listed above. The additional cost is equal to the product of the distance traveled times the sum of the overweight axle group cost factors shown in the following chart:

Miles must be calculated based on the distance already traveled in the state plus the distance from the point of detection to a transportation loading site or unloading site within the state or to the point of exit from the state.

If the gross weight of the vehicle is more than 145,000 pounds the permit fee is determined under paragraph (e).

(g) For vehicles which exceed the width limitations set forth in section 169.80 by more than 72 inches, an additional cost equal to $120 added to the amount in paragraph (a) when the permit is issued while seasonal load restrictions pursuant to section 169.87 are in effect.

(h) $85 for an annual permit to be issued for a period not to exceed 12 months, for refuse compactor vehicles that carry a gross weight of not more than: 22,000 pounds on a single rear axle; 38,000 pounds on a tandem rear axle; or, subject to section 169.825, subdivision 14, 46,000 pounds on a tridem rear axle. A permit issued for up to 46,000 pounds on a tridem rear axle must limit the gross vehicle weight to not more than 62,000 pounds.

(i) For vehicles exclusively transporting implements of husbandry, an annual permit fee of $24. A vehicle operated under a permit authorized by this paragraph may be moved at the discretion of the permit holder without prior route approval by the commissioner if:

   (4) the vehicle displays at the front and rear of the load or vehicle a pair of flashing amber lights, as provided in section 169.59, subdivision 4, whenever the overall width of the vehicle exceeds 126 inches; and

   (5) the vehicle is not operated on a trunk highway with a surfaced roadway width of less than 24 feet unless such operation is authorized by the permit.

A permit under this paragraph authorizes movements of the permitted vehicle on an interstate highway, and movements of 75 miles or more on other highways."

"Sec. 11. [TRUNK HIGHWAY CORRIDOR-PROTECTION DEMONSTRATION PROJECT.]

Subdivision 1. [ESTABLISHMENT OF PROJECT.] (a) The commissioner of transportation, in cooperation with the trunk highway No. 55 joint powers board, shall establish a corridor-protection demonstration project along the corridor of marked trunk highway No. 55 between marked interstate highway No. 494 in Hennepin county and the city of Annandale in Wright county. (b) The commissioner, or a designee, shall participate as a nonvoting member of the trunk highway No. 55 joint powers board, provide technical advice and guidance relating to developing a corridor-protection plan and official map, and provide a grant to the board to hire a consultant. The joint powers board shall use the grant to hire a consultant to conduct, at a minimum, the following activities:

(1) develop a preliminary plan and layout for the future boundaries and right-of-way needs of the highway corridor;

(2) develop an official map of the corridor:
(3) conduct at least one official public hearing in the corridor upon completion of the official map;

(4) assist the municipalities in making any necessary comprehensive plan amendments, zoning changes, or ordinance changes; and

(5) educate the municipalities regarding appropriate strategies, procedures, and tools to use to protect the corridor for the planned right-of-way needs.

Subd. 2. [REPORT TO THE LEGISLATURE.] By January 15, 2004, the commissioner shall report the results of the corridor-protection demonstration project to the committees of the senate and house of representatives with jurisdiction over transportation policy and finance. The report must include findings regarding the effectiveness of assisting communities in developing a corridor-protection plan and official map and estimates of future right-of-way savings due to early implementation of right-of-way protection mechanisms."

"Section 1. Minnesota Statutes 2000, section 169.87, is amended by adding a subdivision to read:

Subd. 7. [PERMIT FOR USE DURING SEASONAL WEIGHT RESTRICTIONS.] (a) Until June 30, 2004, a local road authority within the seven-county metropolitan area, on receiving an application, shall issue an annual permit under this subdivision allowing a motor vehicle or combination with a gross weight on any single axle not exceeding 14,000 pounds to be operated on highways on which the road authority has imposed seasonal weight limits under this section. A road authority issuing a permit under this subdivision may impose restrictions on operations allowed under the permit, including routing and times of day on which movements under the permit are allowed. The fee for a permit issued under this subdivision is $60.

(b) A road authority issuing a permit under this subdivision may, by 6:00 p.m. on any day, prohibit on any street or highway under its jurisdiction during the next day the operation of a motor vehicle or combination holding a permit under this subdivision. It is the responsibility of the permit holder to determine whether movements may lawfully be made under authority of the permit on any day.

(c) A road authority may not issue a permit under this subdivision in any year until at least four weeks have elapsed from the date on which the road authority first imposed seasonal weight limits for that year.

(d) Nothing in this subdivision supersedes any provision of law or local ordinance that makes highway users responsible financially for damages caused to highways and bridges."

(5) 65 miles per hour on Interstate highways inside the limits of any urbanized area with a population of greater than 50,000 as defined by order of the commissioner of transportation, except for vehicles with a gross weight over 26,000 pounds which may not exceed 55 miles per hour;

(6) ten miles per hour in alleys; and

(7) 25 miles per hour in residential roadways if adopted by the road authority having jurisdiction over the residential roadway.

(b) A speed limit adopted under paragraph (a), clause (7), is not effective unless the road authority has erected signs designating the speed limit and indicating the beginning and end of the residential roadway on which the speed limit applies.

(c) For purposes of this subdivision, "rural residential district" means the territory contiguous to and including any town road within a subdivision or plat of land that is built up with dwelling houses at intervals of less than 300 feet for a distance of one-quarter mile or more.

Rukavina moved to amend S. F. No. 3298, as amended, as follows:

Page 1, after the enacting clause, insert:

"Section 1. Minnesota Statutes 2000, section 168.011, subdivision 17, is amended to read:

Subd. 17. [FARM TRUCK.] (a) "Farm truck" means all single unit trucks, truck-tractors, tractors, semitrailers, and trailers used by the owner thereof to transport agricultural, horticultural, dairy, and other farm products, including livestock, produced or finished by the owner of the truck, and any other personal property owned by the farmer to whom the license for the truck is issued, from the farm to market, and to transport property and supplies to the farm of the owner. Trucks, truck-tractors, tractors, semitrailers, and trailers registered as "farm trucks" may be used by the owner thereof to occasionally transport unprocessed and raw farm products, not produced by the owner of the truck, from the place of production to market when the transportation constitutes the first haul of the products, and may be used by the owner thereof, either farmer or logger who harvests and hauls forest products only, to transport logs, pulpwood, lumber, chips, railroad ties and other raw and unfinished forest products from the place of production to an intermediate or final assembly point or transfer yard or railhead when the transportation constitutes, which transportation may be continued by another farm truck to a place for final processing or manufacture located within 200 miles of the place of production and all of which is deemed to constitute the first haul thereof of unfinished wood products; provided that the owner and operator of the vehicle transporting planed lumber shall have in immediate possession a statement signed by the producer of the lumber designating the governmental subdivision, section, and township where the lumber was produced and that this haul, indicating the date, is the first haul thereof. The licensed vehicles may also be used by the owner thereof to transport, to and from timber-harvesting areas, equipment and appurtenances incidental to timber harvesting, and gravel and other road-building materials for timber haul roads.

(b) "Farm trucks" shall also include only single unit trucks, which that, because of their construction, cannot be used for any other purpose and are used exclusively to transport milk and cream on route from a farm to an assembly point or place for final manufacture, and for transporting milk and cream from an assembly point to a place for final processing or manufacture. This section shall not be construed to mean that the owner or operator of the truck cannot carry on usual accommodation services for patrons on regular return trips, such as butter, cream, cheese, and other dairy supplies.

Sec. 2. Minnesota Statutes 2000, section 168.013, subdivision 3, is amended to read:

Subd. 3. [APPLICATION; CANCELLATION; EXCESSIVE GROSS WEIGHT FORBIDDEN.] (a) The applicant for all licenses based on gross weight shall state the unloaded weight of the motor vehicle, trailer, or semitrailer and the maximum load the applicant proposes to carry thereon, the sum of which shall constitute the gross weight upon which the license tax shall be paid, but in no case shall the declared gross weight upon which the tax is paid be less than 1-1/4 times the declared unloaded weight of the motor vehicle, trailer, or semitrailer to be registered, except
recreational vehicles taxed under subdivision 1g, school buses taxed under subdivision 18, and tow trucks or towing vehicles defined in section 169.01, subdivision 52. The gross weight of a tow truck or towing vehicle is the actual weight of the tow truck or towing vehicle fully equipped, but does not include the weight of a wrecked or disabled vehicle towed or drawn by the tow truck or towing vehicle.

(b) The gross weight of no motor vehicle, trailer, or semitrailer shall not exceed the gross weight upon which the license tax has been paid by more than four percent or 1,000 pounds, whichever is greater; provided that, a vehicle transporting unfinished forest products in accordance with paragraph (d)(3) shall not exceed its gross vehicle weight upon which the license tax has been paid, or gross axle weight on any axle, by more than five percent and, notwithstanding other law to the contrary, is not subject to any fee, fine, or other assessment or penalty for exceeding a gross vehicle or axle weight by up to five percent.

c) The gross weight of the motor vehicle, trailer, or semitrailer for which the license tax is paid shall be indicated by a distinctive character on the license plate or plates except as provided in subdivision 12 and the plate or plates shall be kept clean and clearly visible at all times.

d) The owner, driver, or user of a motor vehicle, trailer, or semitrailer, upon conviction for transporting a gross weight in excess of the gross weight for which it was registered or for operating a vehicle with an axle weight exceeding the maximum lawful axle load weight, shall be guilty of a misdemeanor and be subject to increased registration or reregistration according to the following schedule:

(1) The owner, driver, or user of a motor vehicle, trailer, or semitrailer, upon conviction for transporting a gross weight in excess of the gross weight for which it is registered by more than four percent or 1,000 pounds, whichever is greater, the allowance set forth in paragraph (b) but less than 25 percent or for operating or using a motor vehicle, trailer, or semitrailer with an axle weight exceeding the maximum lawful axle load as provided in section 169.825 by more than four percent or 1,000 pounds, whichever is greater, the allowance set forth in paragraph (b) but less than 25 percent, in addition to any penalty imposed for the misdemeanor shall apply to the registrar to increase the authorized gross weight to be carried on the vehicle to a weight equal to or greater than the gross weight the owner, driver, or user was convicted of carrying, the increase computed for the balance of the calendar year on the basis of $1/12 of the annual tax for each month remaining in the calendar year beginning with the first day of the month in which the violation occurred. If the additional registration tax computed upon that weight, plus the tax already paid, amounts to more than the regular tax for the maximum gross weight permitted for the vehicle under section 169.825, that additional amount shall nevertheless be paid into the highway fund, but the additional tax thus paid shall not permit the vehicle to be operated with a gross weight in excess of the maximum legal weight as provided by section 169.825. Unless the owner within 30 days after a conviction shall apply to increase the authorized weight and pay the additional tax as provided in this section, the registrar shall revoke the registration on the vehicle and demand the return of the registration card and plates issued on that registration.

(2) The owner or driver or user of a motor vehicle, trailer, or semitrailer upon conviction for transporting a gross weight in excess of the gross weight for which the motor vehicle, trailer, or semitrailer was registered by 25 percent or more, or for operating or using a vehicle or trailer with an axle weight exceeding the maximum lawful axle load as provided in section 169.825 by 25 percent or more, in addition to any penalty imposed for the misdemeanor, shall have the reciprocity privileges on the vehicle involved if the vehicle is being operated under reciprocity canceled by the registrar, or if the vehicle is not being operated under reciprocity, the certificate of registration on the vehicle operated shall be canceled by the registrar and the registrar shall demand the return of the registration certificate and registration plates. The registrar may not cancel the registration or reciprocity privileges for any vehicle found in violation of seasonal load restrictions imposed under section 169.87 unless the axle weight exceeds the year-round weight limit for the highway on which the violation occurred. The registrar may investigate any allegation of gross weight violations and demand that the operator show cause why all future operating privileges in the state should not be revoked unless the additional tax assessed is paid.

(3) Clause (1) does not apply to the first haul of unprocessed or raw farm products or unfinished forest products, when the registered gross weight is not exceeded by more than ten percent. For purposes of this clause, "first haul" means (i) the first, continuous transportation of unprocessed or raw farm products from the place of production or
on-farm storage site to any other location within 50 miles of the place of production or on-farm storage site, or (ii) the first, continuous or noncontinuous transportation of unfinished forest products from the place of production to the place of first unloading final processing or manufacture located within 200 miles of the place of production.

(4) When the registration on a motor vehicle, trailer, or semitrailer is revoked by the registrar according to provisions of this section, the vehicle shall not be operated on the highways of the state until it is registered or reregistered, as the case may be, and new plates issued, and the registration fee shall be the annual tax for the total gross weight of the vehicle at the time of violation. The reregistration pursuant to this subdivision of any vehicle operating under reciprocity agreements pursuant to section 168.181 or 168.187 shall be at the full annual registration fee without regard to the percentage of vehicle miles traveled in this state.

Sec. 3. Minnesota Statutes 2000, section 169.771, subdivision 2, is amended to read:

Subd. 2. [INSPECTION BY STATE TROOPER.] (a) The commissioner of public safety is directed to accelerate spot check inspections for unsafe motor vehicles and motor vehicle equipment. Such inspections shall be conducted by the personnel of the state patrol who shall give the operator of a commercial motor vehicle a signed and dated document as evidence of the inspection.

(b) However, personnel of the state patrol may not conduct another spot inspection of a commercial motor vehicle if (1) the operator of the vehicle can show evidence of an inspection, which is free of critical defects, conducted in Minnesota according to this section within the previous 90 days and (2) a state trooper does not have probable cause to believe the vehicle or its equipment is unsafe or that the operator has engaged in illegal activity. In addition, if the operator shows the state trooper evidence that the commercial motor vehicle has been inspected within the previous 90 days, but the officer has probable cause to believe the vehicle or its equipment is unsafe or to suspect illegal activity, then the vehicle may be inspected to confirm the existence or absence of an unsafe condition or of the suspected illegal activity.

Sec. 4. Minnesota Statutes 2000, section 169.771, subdivision 3, is amended to read:

Subd. 3. [RULES.] The commissioner of public safety may establish such reasonable rules as are necessary to carry out the provisions of this section, but all spot check inspections shall be held in compliance with subdivision 2 and in such a manner that the motor vehicle operators, either private or commercial, shall not be unnecessarily inconvenienced either by extended detours, unnecessary delays, or any other unreasonable cause.

Sec. 5. Minnesota Statutes 2000, section 169.85, subdivision 1, is amended to read:

Subdivision 1. [DRIVER TO STOP FOR WEIGHING.] (a) The driver of a vehicle which has been lawfully stopped may be required by an officer to submit the vehicle and load to a weighing by means of portable or stationary scales.

(b) In addition, the officer may require that the vehicle be driven to the nearest available scales, but only if:

(1) the distance to the scales is no further than five miles, or if the distance from the point where the vehicle is stopped to the vehicle's destination is not increased by more than ten miles as a result of proceeding to the nearest available scales; and

(2) if the vehicle is a commercial motor vehicle, no more than two other commercial motor vehicles are waiting to be inspected at the scale.

(c) Official traffic control devices as authorized by section 169.06 may be used to direct the driver to the nearest scale.
(d) When a truck weight enforcement operation is conducted by means of portable or stationary scales and signs giving notice of the operation are posted within the highway right-of-way and adjacent to the roadway within two miles of the operation, the driver of a truck or combination of vehicles registered for or weighing in excess of 12,000 pounds shall proceed to the scale site and submit the vehicle to weighing and inspection.

Sec. 6. Minnesota Statutes 2000, section 169.85, subdivision 2, is amended to read:

Subd. 2. [UNLOADING.] (a) Upon weighing a vehicle and load, as provided in this section, an officer may require the driver to stop the vehicle in a suitable place and remain standing until a portion of the load is removed that is sufficient to reduce the gross weight of the vehicle to the limit permitted under either section 168.013, subdivision 3, paragraph (b), or 169.825, whichever is the lesser violation, if any. A suitable place is a location where loading or tampering with the load is not prohibited by federal, state, or local law, rule, or ordinance.

(b) Except as provided in paragraph (c), a driver may be required to unload a vehicle only if the weighing officer determines that (1) on routes subject to the provisions of section 169.825, the weight on an axle exceeds the lawful gross weight prescribed by section 169.825, by 2,000 pounds or more, or the weight on a group of two or more consecutive axles in cases where the distance between the centers of the first and last axles of the group under consideration is ten feet or less exceeds the lawful gross weight prescribed by section 169.825, by 4,000 pounds or more; or (2) on routes designated by the commissioner in section 169.832, subdivision 11, the overall weight of the vehicle or the weight on an axle or group of consecutive axles exceeds the maximum lawful gross weights prescribed by section 169.825; or (3) the weight is unlawful on an axle or group of consecutive axles on a road restricted in accordance with section 169.87. Material unloaded must be cared for by the owner or driver of the vehicle at the risk of the owner or driver.

(c) If the gross weight of the vehicle does not exceed the vehicle's registered gross weight plus the weight allowance set forth in section 168.013, subdivision 3, paragraph (b), then the vehicle is deemed to be not in violation under paragraph (b).

Sec. 7. Minnesota Statutes 2000, section 169.851, subdivision 3, is amended to read:

Subd. 3. [FIRST HAUL.] "First haul" means the first, continuous transportation from the place of production or on farm storage site to any other location within 50 miles of the place of production or on farm storage site has the meaning given it in section 168.013, subdivision 3, paragraph (d)(3).

Sec. 8. Minnesota Statutes 2000, section 169.86, subdivision 5, is amended to read:

Subd. 5. [FEE; PROCEEDS TO TRUNK HIGHWAY FUND.] The commissioner, with respect to highways under the commission's jurisdiction, may charge a fee for each permit issued. All such fees for permits issued by the commissioner of transportation shall be deposited in the state treasury and credited to the trunk highway fund. Except for those annual permits for which the permit fees are specified elsewhere in this chapter, the fees shall be:

(a) $15 for each single trip permit.

(b) $36 for each job permit. A job permit may be issued for like loads carried on a specific route for a period not to exceed two months. "Like loads" means loads of the same product, weight, and dimension.

(c) $60 for an annual permit to be issued for a period not to exceed 12 consecutive months. Annual permits may be issued for:

(1) motor vehicles used to alleviate a temporary crisis adversely affecting the safety or well-being of the public;

(2) motor vehicles which travel on interstate highways and carry loads authorized under subdivision 1a;
(3) motor vehicles operating with gross weights authorized under section 169.825, subdivision 11, paragraph (a), clause (3);

(4) special pulpwood vehicles described in section 169.863; and

(5) motor vehicles bearing snowplow blades not exceeding ten feet in width.

(d) $120 for an oversize annual permit to be issued for a period not to exceed 12 consecutive months. Annual permits may be issued for:

(1) mobile cranes;

(2) construction equipment, machinery, and supplies;

(3) manufactured homes;

(4) implements of husbandry when the movement is not made according to the provisions of paragraph (i);

(5) double-deck buses;

(6) commercial boat hauling.

(e) For vehicles which have axle weights exceeding the weight limitations of section 169.825, an additional cost added to the fees listed above. However, this paragraph applies to any vehicle described in section 168.013, subdivision 3, paragraph (b), but only when the vehicle exceeds its gross weight allowance set forth in that paragraph, and then the additional cost is for all weight, including the allowance weight, in excess of the permitted maximum axle weight. The additional cost is equal to the product of the distance traveled times the sum of the overweight axle group cost factors shown in the following chart:
