"Section 1. Minnesota Statutes 2000, section 115A.54, subdivision 2a, is amended to read:

Subd. 2a. [SOLID WASTE MANAGEMENT PROJECTS.] (a) The director shall provide technical and financial assistance for the acquisition and betterment of solid waste management projects as provided in this subdivision and section 115A.52. Money appropriated for the purposes of this subdivision must be distributed as grants.

(b) Except as provided in paragraph (c), a project may receive grant assistance up to 25 percent of the capital cost of the project or $2,000,000, whichever is less, except that projects constructed as a result of intercounty cooperative agreements may receive (1) grant assistance up to 25 percent of the capital cost of the project; or (2) $2,000,000 times the number of participating counties, whichever is less.

(c) A recycling project or a project to compost or cocompost waste may receive grant assistance up to 50 percent of the capital cost of the project or $2,000,000, whichever is less, except that projects completed as a result of intercounty cooperative agreements may receive (1) grant assistance up to 50 percent of the capital cost of the project; or (2) $2,000,000 times the number of participating counties, whichever is less. The following projects may also receive grant assistance in the amounts specified in this paragraph:

(1) a project to improve control of or reduce air emissions at an existing resource recovery facility; and

(2) a project to substantially increase the recovery of materials or energy, substantially reduce the amount or toxicity of waste processing residuals, or expand the capacity of an existing resource recovery facility to meet the resource recovery needs of an expanded region if each county from which waste is or would be received has achieved a recycling rate in excess of the goals in section 115A.551, and is implementing aggressive waste reduction and household hazardous waste management programs.

(d) Notwithstanding paragraph (e), the director may award grants for transfer stations that will initially transfer waste to landfills if the transfer stations are part of a planned resource recovery project, the county where the planned resource recovery facility will be located has a comprehensive solid waste management plan approved by the director, and the solid waste management plan proposes the development of the resource recovery facility. If the proposed resource recovery facility is not in place and operating within 42 16 years of the date of the grant award, the recipient shall repay the grant amount to the state.
(e) Projects without resource recovery are not eligible for assistance.

(f) In addition to any assistance received under paragraph (b) or (c), a project may receive grant assistance for the cost of tests necessary to determine the appropriate pollution control equipment for the project or the environmental effects of the use of any product or material produced by the project.

(g) In addition to the application requirements of section 115A.51, an application for a project serving eligible jurisdictions in only a single county must demonstrate that cooperation with jurisdictions in other counties to develop the project is not needed or not feasible. Each application must also demonstrate that the project is not financially prudent without the state assistance, because of the applicant's financial capacity and the problems inherent in the waste management situation in the area, particularly transportation distances and limited waste supply and markets for resources recovered.

(h) For the purposes of this subdivision, a "project" means a processing facility, together with any transfer stations, transmission facilities, and other related and appurtenant facilities primarily serving the processing facility. The director shall adopt rules for the program by July 1, 1985.

(i) Notwithstanding anything in this subdivision to the contrary, a project to construct a new mixed municipal solid waste transfer station that has an enforceable commitment of at least ten years, or of sufficient length to retire bonds sold for the facility, to serve an existing resource recovery facility may receive grant assistance up to 75 percent of the capital cost of the project if addition of the transfer station will increase substantially the geographical area served by the resource recovery facility and the ability of the resource recovery facility to operate more efficiently on a regional basis and the facility meets the criteria in paragraph (c), the second clause (2). A transfer station eligible for assistance under this paragraph is not eligible for assistance under any other paragraph of this subdivision.

Subd. 10. [INTERESTED PERSON.] “Interested person” means:

(1) an adult, including but not limited to, a public official, including a local welfare agency acting under section 626.5561, and the legal guardian, spouse, parent, legal counsel, adult child, next of kin, or other person designated by a proposed patient; or

(2) a health plan company.

Sec. 2. Minnesota Statutes 2000, section 253B.03, subdivision 5, is amended to read:

Subd. 5. [PERIODIC ASSESSMENT.] A patient has the right to periodic medical assessment, including assessment of the medical necessity of continuing care and, if the treatment facility declines to provide continuing care, the right to receive specific written reasons why continuing care is declined at the time of the assessment. The treatment facility shall assess the physical and mental condition of every patient as frequently as necessary, but not less often than annually. If the patient refuses to be examined, the facility shall document in the patient's chart its attempts to examine the patient. If a person is committed as mentally retarded for an indeterminate period of time, the three-year judicial review must include the annual reviews for each year as outlined in Minnesota Rules, part 9525.0075, subpart 6.

Sec. 3. Minnesota Statutes 2000, section 253B.03, subdivision 10, is amended to read:

Sec. 4. Minnesota Statutes 2000, section 253B.03, is amended by adding a subdivision to read:

Subd. 11. [PROXY.] A legally authorized health care proxy, agent, guardian, or conservator may exercise the patient's rights on the patient's behalf.

Sec. 5. Minnesota Statutes 2000, section 253B.04, subdivision 1, is amended to read:

Subdivision 1. [VOLUNTARY ADMISSION AND TREATMENT.] (a) Voluntary admission is preferred over involuntary commitment and treatment. Any person 16 years of age or older may request to be admitted to a treatment facility as a voluntary patient for observation, evaluation, diagnosis, care and treatment without making
formal written application. Any person under the age of 16 years may be admitted as a patient with the consent of a parent or legal guardian if it is determined by independent examination that there is reasonable evidence that (1) the proposed patient has a mental illness, or is mentally retarded or chemically dependent; and (2) the proposed patient is suitable for treatment. The head of the treatment facility shall not arbitrarily refuse any person seeking admission as a voluntary patient. In making decisions regarding admissions, the facility shall use clinical admission criteria consistent with the current applicable inpatient admission standards established by the American Psychiatric Association or the American Academy of Child and Adolescent Psychiatry. These criteria must be no more restrictive than, and must be consistent with, the requirements of section 62Q.53. The facility may not refuse to admit a person voluntarily solely because the person does not meet the criteria for involuntary holds under section 253B.05 or the definition of mental illness under section 253B.02, subdivision 13.

(b) In addition to the consent provisions of paragraph (a), a person who is 16 or 17 years of age who refuses to consent personally to admission may be admitted as a patient for mental illness or chemical dependency treatment with the consent of a parent or legal guardian if it is determined by an independent examination that there is reasonable evidence that the proposed patient is chemically dependent or has a mental illness and is suitable for treatment. The person conducting the examination shall notify the proposed patient and the parent or legal guardian of this determination.

Sec. 6. Minnesota Statutes 2000, section 253B.04, subdivision 1a, is amended to read:

Subd. 1a. [VOLUNTARY TREATMENT OR ADMISSION FOR PERSONS WITH MENTAL ILLNESS.] (a) A person with a mental illness may seek or voluntarily agree to accept treatment or admission to a facility. If the mental health provider determines that the person lacks the capacity to give informed consent for the treatment or admission, and in the absence of a health care power of attorney that authorizes consent, the designated agency or its designee may give informed consent for mental health treatment or admission to a treatment facility on behalf of the person.

(b) The designated agency shall apply the following criteria in determining the person's ability to give informed consent:

(1) whether the person demonstrates an awareness of the person's illness, and the reasons for treatment, its risks, benefits and alternatives, and the possible consequences of refusing treatment; and

(2) whether the person communicates verbally or nonverbally a clear choice concerning treatment that is a reasoned one, not based on delusion, even though it may not be in the person's best interests.

(c) The basis for the designated agency's decision that the person lacks the capacity to give informed consent for treatment or admission, and that the patient has voluntarily accepted treatment or admission, must be documented in writing.

(d) A mental health provider that provides treatment in reliance on the written consent given by the designated agency under this subdivision or by a substitute decision maker appointed by the court is not civilly or criminally liable for performing treatment without consent. This paragraph does not affect any other liability that may result from the manner in which the treatment is performed.

(e) A person who receives treatment or is admitted to a facility under this subdivision or subdivision 1b has the right to refuse treatment at any time or to be released from a facility as provided under subdivision 2. The person or any interested person acting on the person's behalf may seek court review within five days for a determination of whether the person's agreement to accept treatment or admission is voluntary. At the time a person agrees to treatment or admission to a facility under this subdivision, the designated agency or its designee shall inform the person in writing of the person's rights under this paragraph.

(f) This subdivision does not authorize the administration of neuroleptic medications. Neuroleptic medications may be administered only as provided in section 253B.092.
Sec. 7. Minnesota Statutes 2000, section 253B.04, is amended by adding a subdivision to read:

Subd. 1b. [COURT APPOINTMENT OF SUBSTITUTE DECISION MAKER.] If the designated agency or its designee declines or refuses to give informed consent under subdivision 1a, the person who is seeking treatment or admission, or an interested person acting on behalf of the person, may petition the court for appointment of a substitute decision maker who may give informed consent for voluntary treatment and services. In making this determination, the court shall apply the criteria in subdivision 1a, paragraph (b).

Sec. 8. Minnesota Statutes 2000, section 253B.045, subdivision 6, is amended to read:

Subd. 6. [COVERAGE.] A health plan company must provide coverage, according to the terms of the policy, contract, or certificate of coverage, for all medically necessary covered services as determined by section 62Q.53 provided to an enrollee that are ordered by the court under this chapter. (a) For purposes of this section, “mental health services” means all covered services that are intended to treat or ameliorate an emotional, behavioral, or psychiatric condition and that are covered by the policy, contract, or certificate of coverage of the enrollee’s health plan company or by law.

(b) All health plan companies that provide coverage for mental health services must cover or provide mental health services ordered by a court of competent jurisdiction under a court order that is issued on the basis of a behavioral care evaluation performed by a licensed psychiatrist or a doctor level licensed psychologist, which includes a diagnosis and an individual treatment plan for care in the most appropriate, least restrictive environment. The health plan company must be given a copy of the court order and the behavioral care evaluation. The health plan company shall be financially liable for the evaluation if performed by a participating provider of the health plan company and shall be financially liable for the care included in the court-ordered individual treatment plan if the care is covered by the health plan company and ordered to be provided by a participating provider or another provider as required by rule or law. This court-ordered coverage must not be subject to a separate medical necessity determination by a health plan company under its utilization procedures.

Sec. 9. Minnesota Statutes 2000, section 253B.05, subdivision 1, is amended to read:

Subdivision 1. [EMERGENCY HOLD.] (a) Any person may be admitted or held for emergency care and treatment in a treatment facility with the consent of the head of the treatment facility upon a written statement by an examiner that:

1. the examiner has examined the person not more than 15 days prior to admission;
2. the examiner is of the opinion, for stated reasons, that the person is mentally ill, mentally retarded or chemically dependent, and is in imminent danger of causing injury to self or others if not immediately restrained, detained; and
3. an order of the court cannot be obtained in time to prevent the anticipated injury.

(b) If the proposed patient has been brought to the treatment facility by another person, the examiner shall make a good faith effort to obtain a statement of information that is available from that person, which must be taken into consideration in deciding whether to place the proposed patient on an emergency hold. The statement of information must include direct observations of the proposed patient’s behaviors, reliable knowledge of recent and past behavior, and information regarding psychiatric history, past treatment, and current mental health providers. The examiner shall also inquire into the existence of health care directives under chapter 145, and advance psychiatric directives under section 253B.03, subdivision 6d.

(c) The examiner’s statement shall be: (1) sufficient authority for a peace or health officer to transport a patient to a treatment facility, (2) stated in behavioral terms and not in conclusory language, and (3) of sufficient specificity to provide an adequate record for review. If imminent danger to specific individuals is a basis for the emergency
hold, the statement must identify those individuals, to the extent practicable. A copy of the examiner’s statement shall be personally served on the person immediately upon admission and a copy shall be maintained by the treatment facility.

Sec. 10. Minnesota Statutes 2000, section 253B.07, subdivision 1, is amended to read:

Subdivision 1. [PREPETITION SCREENING.] (a) Prior to filing a petition for commitment of or early intervention for a proposed patient, an interested person shall apply to the designated agency in the county of the proposed patient's residence or presence for conduct of a preliminary investigation, except when the proposed patient has been acquitted of a crime under section 611.026 and the county attorney is required to file a petition for commitment. The designated agency shall appoint a screening team to conduct an investigation which shall include:

The petitioner may not be a member of the screening team. The investigation must include:

(i) a personal interview with the proposed patient and other individuals who appear to have knowledge of the condition of the proposed patient. If the proposed patient is not interviewed, specific reasons must be documented;

(ii) identification and investigation of specific alleged conduct which is the basis for application;

(iii) identification, exploration, and listing of the specific reasons for rejecting or recommending alternatives to involuntary placement;

(iv) in the case of a commitment based on mental illness, the following information, if it is known or available:

- information that may be relevant to the administration of neuroleptic medications, if necessary, including the existence of a declaration under section 253B.03, subdivision 6d, or a health care directive under chapter 145C or a guardian, conservator, proxy, or agent with authority to make health care decisions for the proposed patient; information regarding the capacity of the proposed patient to make decisions regarding administration of neuroleptic medication; and whether the proposed patient is likely to consent or refuse consent to administration of the medication; and

(v) seeking input from the proposed patient's health plan company to provide the court with information about services the enrollee needs and the least restrictive alternatives.

(vi) in the case of a commitment based on mental illness, information listed in item (iv) for other purposes relevant to treatment.

(b) In conducting the investigation required by this subdivision, the screening team shall have access to all relevant medical records of proposed patients currently in treatment facilities. Data collected pursuant to this clause shall be considered private data on individuals. The prepetition screening report is not admissible as evidence except by agreement of counsel and is not admissible in any court proceedings unrelated to the commitment proceedings.

(c) The prepetition screening team shall provide a notice, written in easily understood language, to the proposed patient, the petitioner, persons named in a declaration under chapter 145C or section 253B.03, subdivision 6d, and, with the proposed patient's consent, other interested parties. The team shall ask the patient if the patient wants the notice read and shall read the notice to the patient upon request. The notice must contain information regarding the process, purpose, and legal effects of civil commitment and early intervention. The notice must inform the proposed patient that:

(1) if a petition is filed, the patient has certain rights, including the right to a court-appointed attorney, the right to request a second examiner, the right to attend hearings, and the right to oppose the proceeding and to present and contest evidence; and

(2) if the proposed patient is committed to a state regional treatment center or group home, the patient may be billed for the cost of care and the state has the right to make a claim against the patient's estate for this cost.
The ombudsman for mental health and mental retardation shall develop a form for the notice, which includes the requirements of this paragraph.

(d) When the prepetition screening team recommends commitment, a written report shall be sent to the county attorney for the county in which the petition is to be filed. The statement of facts contained in the written report must meet the requirements of subdivision 2, paragraph (b).

(e) The prepetition screening team shall refuse to support a petition if the investigation does not disclose evidence sufficient to support commitment. Notice of the prepetition screening team’s decision shall be provided to the prospective petitioner and to the proposed patient.

(f) If the interested person wishes to proceed with a petition contrary to the recommendation of the prepetition screening team, application may be made directly to the county attorney, who shall determine whether or not to proceed with the petition. Notice of the county attorney’s determination shall be provided to the interested party.

(g) If the proposed patient has been acquitted of a crime under section 611.026, the county attorney shall apply to the designated county agency in the county in which the acquittal took place for a preliminary investigation unless substantially the same information relevant to the proposed patient’s current mental condition, as could be obtained by a preliminary investigation, is part of the court record in the criminal proceeding or is contained in the report of a mental examination conducted in connection with the criminal proceeding. If a court petitions for commitment pursuant to the rules of criminal or juvenile procedure or a county attorney petitions pursuant to acquittal of a criminal charge under section 611.026, the prepetition investigation, if required by this section, shall be completed within seven days after the filing of the petition.

Sec. 11. Minnesota Statutes 2000, section 253B.09, subdivision 1, is amended to read:

Subdivision 1. [STANDARD OF PROOF.] (a) If the court finds by clear and convincing evidence that the proposed patient is a mentally ill, mentally retarded, or chemically dependent person and after careful consideration of reasonable alternative dispositions, including but not limited to, dismissal of petition, voluntary outpatient care, voluntary admission to a treatment facility, appointment of a guardian or conservator, or release before commitment as provided for in subdivision 4, it finds that there is no suitable alternative to judicial commitment, the court shall commit the patient to the least restrictive treatment program or alternative programs which can meet the patient’s treatment needs consistent with section 253B.03, subdivision 7.

(b) In deciding on the least restrictive program, the court shall consider a range of treatment alternatives including, but not limited to, community-based nonresidential treatment, community residential treatment, partial hospitalization, acute care hospital, and regional treatment center services. The court shall also consider the proposed patient’s treatment preferences and willingness to participate voluntarily in the treatment ordered. The court may not commit a patient to a facility or program that is not capable of meeting the patient’s needs.

(c) For purposes of findings under this chapter, none of the following constitute a refusal to accept appropriate mental health treatment:

1. a willingness to take medication but a reasonable disagreement about type or dosage;

2. a good-faith effort to follow a reasonable alternative treatment plan, including treatment as specified in a valid advance directive under chapter 145C or section 253B.03, subdivision 6d;

3. an inability to obtain access to appropriate treatment because of inadequate health care coverage or an insurer’s refusal or delay in providing coverage for the treatment; or

4. an inability to obtain access to needed mental health services because the provider will only accept patients who are under a court order or because the provider gives persons under a court order a priority over voluntary patients in obtaining treatment and services.
Sec. 12. Minnesota Statutes 2000, section 253B.10, subdivision 4, is amended to read:

Subd. 4. [PRIVATE TREATMENT.] Patients or other responsible persons are required to pay the necessary charges for patients committed or transferred to private treatment facilities. Private treatment facilities may refuse to accept a committed person. Insurers must provide court-ordered treatment and services as ordered by the court under section 253B.045, subdivision 6, or as required under chapter 62M.

Section 1. Minnesota Statutes 2000, section 122A.25, is amended by adding a subdivision to read:

Subd. 4. [BACKGROUND CHECK.] A school district or charter school shall provide the board of teaching with confirmation that criminal background checks have been completed for all nonlicensed community experts employed by the district or charter school and approved by the board of teaching under this section.

Sec. 2. Minnesota Statutes 2000, section 122A.64, is amended to read:

122A.64 [TEACHERS OF COLOR MULTICULTURAL EDUCATORS PROGRAM.]

Subdivision 1. [DEFINITION.] For purposes of this section, “people of color” means permanent United States residents who are African-American, American Indian or Alaskan native, Asian or Pacific Islander, or Hispanic. “multicultural educator” means a person with significant personal or professional experience with communities of color and an interest in teaching to enhance the educational achievement and success of Minnesota’s students.

Subd. 2. [GRANTS.] The commissioner of children, families, and learning in consultation with the desegregation/integration advisory board established in section 124D.892, subdivision 3, shall award grants for professional development programs to recruit and educate people of color multicultural educators in the field of education, including early childhood and parent education. Grant applicants must be a school district with a growing minority population working in collaboration with a state institution of higher education with an approved teacher licensure program or an approved early childhood or parent education licensure program.

Subd. 3. [PROGRAM REQUIREMENTS.] (a) A grant recipient must recruit persons of color multicultural educators to be teachers in elementary, secondary, early childhood or parent education, and provide support in linking program participants with jobs in the recipient’s school district.

(b) A grant recipient must establish an advisory council composed of representatives of communities of color.

(c) A grant recipient, with the assistance of the advisory council, must recruit high school students and other persons, including educational paraprofessionals, support them through the higher education application and admission process, advise them while enrolled and link them with support resources in the college or university and the community.
(d) A grant recipient must award stipends to students of color multicultural educator program participants enrolled in an approved licensure program to help cover the costs of tuition, student fees, supplies, and books. Stipend awards must be based on a student's financial need and students must apply for any additional financial aid they are eligible for to supplement this program. No more than ten percent of the grant may be used for costs of administering the program. Students must agree to teach in the grantee school district for at least two years after licensure. If the district has no licensed positions open, the student may teach in another district in Minnesota.

(e) The commissioner of children, families, and learning shall consider the following criteria in awarding grants:

1. whether the program is likely to increase the recruitment and retention of students of color multicultural educator program participants in teaching;

2. whether grant recipients will recruit paraprofessionals from the district to work in its schools; and

3. whether grant recipients will establish or have a mentoring program for students of color multicultural educator program participants.

Sec. 3. Minnesota Statutes 2000, section 124D.03, subdivision 4, is amended to read:

Subd. 4. [DESEGREGATION DISTRICT TRANSFERS.] (a) This subdivision applies to a transfer into or out of a district that has a desegregation plan approved by the commissioner of children, families, and learning.

(b) An application to transfer may be submitted at any time for enrollment beginning at any time.

(c) The parent or guardian of a pupil who is a resident of a district that has a desegregation plan must submit an application to the resident district. If the district accepts the application, it must forward the application to the nonresident district.

(d) The parent or guardian of a pupil who applies for enrollment in a nonresident district that has a desegregation plan must submit an application to the nonresident district.

(e) Each district must accept or reject an application it receives and notify the parent or guardian in writing within 30 calendar days of receiving the application. A notification of acceptance must include the date enrollment can begin.

(f) If an application is rejected, the district must state the reason for rejection in the notification. If a district that has a desegregation plan rejects an application for a reason related to the desegregation plan, the district must state with specificity how acceptance of the application would result in noncompliance with department of children, families, and learning rules with respect to the school or program for which application was made.

(g) If an application is accepted, the parent or guardian must notify the nonresident district in writing within 15 calendar days of receiving the acceptance whether the pupil intends to enroll in the nonresident district. Notice of intention to enroll obligates the pupil to enroll in the nonresident district, unless the boards of the resident and nonresident districts agree otherwise. If a parent or guardian does not notify the nonresident district, the pupil may not enroll in that nonresident district at that time, unless the boards of the resident and nonresident district agree otherwise.

(h) Within 15 calendar days of receiving the notice from the parent or guardian, the nonresident district shall notify the resident district in writing of the pupil’s intention to enroll in the nonresident district.

(i) A pupil enrolled in a nonresident district under this subdivision a desegregation plan approved by the commissioner of children, families, and learning is not required to make annual or periodic application for enrollment but may remain enrolled in the same district. A pupil may transfer to the resident district at any time.
(j) A pupil enrolled in a nonresident district and applying to transfer into or out of a district that has a desegregation plan must follow the procedures of this subdivision. For the purposes of this type of transfer, “resident district” means the nonresident district in which the pupil is enrolled at the time of application.

(k) A district that has a desegregation plan approved by the commissioner must accept or reject each individual application in a manner that will enable compliance with its desegregation plan.

(d) Subdivision 2 applies to a transfer into or out of a district with a desegregation plan.

(2) the pupil’s score is significantly below the average district score for pupils of the same age on a nationally normed English reading or English language arts achievement test. A pupil’s score shall be considered significantly below the average district score for pupils of the same age if it is one-third of a standard deviation below that average score the pupil in kindergarten through grade 2, as determined by developmentally appropriate measures, which might include observations, teacher judgment, parent recommendations, or developmentally appropriate assessment instruments, lacks the necessary English skills to participate fully in classes taught in English; or

Applicants are encouraged to apply for all other sources of financial aid. The amount and type of each scholarship shall be determined through the advice and counsel of the Minnesota Indian scholarship education committee.

Within ten days after receiving the notice the teacher may request in writing a hearing before the board or an arbitrator and it shall be granted. The teacher must be given reasonable notice of the time and place of the hearing before final action is taken. A teacher who fails to request a hearing within ten days is considered to acquiesce in the board's action. If the charge is made by a person not connected with the school system the charge may be disregarded by the school board. If the grounds are those specified in subdivision 6, clause (1), (2), (3), or (4), the notice must also state a teacher may request arbitration under subdivision 13. At the hearing, the school board or arbitrator shall hear all evidence that may be adduced in support of the charges and for the teacher's defense to the charges. Either party has the right to have a written record of the hearing at the expense of the board and to have witnesses subpoenaed and all witnesses so subpoenaed must be examined under oath. The hearing is governed by this subdivision.

(a) The teacher must make a written request for a hearing before an arbitrator within ten days after receiving a written notice of the filing of charges required by subdivision 7. Failure to request a hearing before an arbitrator during this period is considered acquiescence to a hearing before the board.

If the teacher and the school board are unable to mutually agree on an arbitrator from the list provided, the parties shall alternately strike names from the list until the name of one arbitrator remains. The person remaining after the striking procedure must be the arbitrator. If the parties are unable to agree on who shall strike the first name, the question must be decided by a flip of a coin. The teacher and the board must share equally the costs and fees of the arbitrator.

(c) The arbitrator shall determine, by a preponderance of the evidence, whether the causes specified in subdivision 6, clause (1), (2), (3), or (4), exist to support the proposed discharge or demotion. A lesser penalty than discharge or demotion may be imposed by the arbitrator only to the extent that either party proposes such lesser penalty in the proceeding. In making the determination, the arbitration proceeding is governed by sections 572.11 to 572.17 and by the collective bargaining agreement applicable to the teacher.

(d) An arbitration hearing conducted under this subdivision is a meeting for preliminary consideration of allegations or charges within the meaning of section 13D.05, subdivision 3, paragraph (a), and must be closed, unless the teacher requests it to be open.
