manufacture located within 200 miles of the place of production and all of which is deemed to constitute the first haul thereof of unfinished wood products; provided that the owner and operator of the vehicle transporting planed lumber shall have in immediate possession a statement signed by the producer of the lumber designating the governmental subdivision, section, and township where the lumber was produced and that this haul, indicating the date, is the first haul thereof. The licensed vehicles may also be used by the owner thereof to transport, to and from timber-harvesting areas, equipment and appurtenances incidental to timber harvesting, and gravel and other road-building materials for timber haul roads.

(b) "Farm trucks" shall also include only single unit trucks, which because of their construction, cannot be used for any other purpose and are used exclusively to transport milk and cream en route from a farm to an assembly point or place for final manufacture, and for transporting milk and cream from an assembly point to a place for final processing or manufacture. This section shall not be construed to mean that the owner or operator of the truck cannot carry on usual accommodation services for patrons on regular return trips, such as butter, cream, cheese, and other dairy supplies.

EFFECTIVE DATE.] This section is effective the day following final enactment.

Sec. 8. Minnesota Statutes 2000, section 168.013, subdivision 3, is amended to read:

Subd. 3. [APPLICATION; CANCELLATION; EXCESSIVE GROSS WEIGHT FORBIDDEN.] (a) The applicant for all licenses based on gross weight shall state the unloaded weight of the motor vehicle, trailer, or semitrailer and the maximum load the applicant proposes to carry thereon, the sum of which shall constitute the gross weight upon which the license tax shall be paid, but in no case shall the declared gross weight upon which the tax is paid be less than 1-1/4 times the declared unloaded weight of the motor vehicle, trailer, or semitrailer to be registered, except recreational vehicles taxed under subdivision 1g, school buses taxed under subdivision 18, and tow trucks or towing vehicles defined in section 169.01, subdivision 52. The gross weight of a tow truck or towing vehicle is the actual weight of the tow truck or towing vehicle fully equipped, but does not include the weight of a wrecked or disabled vehicle towed or drawn by the tow truck or towing vehicle.

(b) The gross weight of any motor vehicle, trailer, or semitrailer shall not exceed the gross weight upon which the license tax has been paid by more than four percent or 1,000 pounds, whichever is greater; provided that, a vehicle transporting unfinished forest products in accordance with paragraph (d)(3) shall not exceed its gross vehicle weight upon which the license tax has been paid, or gross axle weight on any axle, by more than five percent and, notwithstanding other law to the contrary, is not subject to any fee, fine, or other assessment or penalty for exceeding a gross vehicle or axle weight by up to five percent.

(c) The gross weight of the motor vehicle, trailer, or semitrailer for which the license tax is paid shall be indicated by a distinctive character on the license plate or plates except as provided in subdivision 12 and the plate or plates shall be kept clean and clearly visible at all times.

(d) The owner, driver, or user of a motor vehicle, trailer, or semitrailer, upon conviction for transporting a gross weight in excess of the gross weight for which it was registered or for operating a vehicle with an axle weight exceeding the maximum lawful axle load weight, shall be guilty of a misdemeanor and be subject to increased registration or reregistration according to the following schedule:

1) The owner, driver, or user of a motor vehicle, trailer, or semitrailer, upon conviction for transporting a gross weight in excess of the gross weight for which it is registered by more than four percent or 1,000 pounds, whichever is greater, the allowance set forth in paragraph (b) but less than 25 percent or for operating or using a motor vehicle, trailer, or semitrailer with an axle weight exceeding the maximum lawful axle load as provided in section 169.825 by more than four percent or 1,000 pounds, whichever is greater, the allowance set forth in paragraph (b) but less than 25 percent, in addition to any penalty imposed for the misdemeanor shall apply to the registrar to increase the authorized gross weight to be carried on the vehicle to a weight equal to or greater than the gross weight the owner, driver, or user was convicted of carrying, the increase computed for the balance of the calendar year on the basis of 1/12 of the annual tax for each month remaining in the calendar year beginning with the first day of the month...
in which the violation occurred. If the additional registration tax computed upon that weight, plus the tax already paid, amounts to more than the regular tax for the maximum gross weight permitted for the vehicle under section 169.825, that additional amount shall nevertheless be paid into the highway fund, but the additional tax thus paid shall not permit the vehicle to be operated with a gross weight in excess of the maximum legal weight as provided by section 169.825. Unless the owner within 30 days after a conviction shall apply to increase the authorized weight and pay the additional tax as provided in this section, the registrar shall revoke the registration on the vehicle and demand the return of the registration card and plates issued on that registration.

(2) The owner or driver or user of a motor vehicle, trailer, or semitrailer upon conviction for transporting a gross weight in excess of the gross weight for which the motor vehicle, trailer, or semitrailer was registered by 25 percent or more, or for operating or using a vehicle or trailer with an axle weight exceeding the maximum lawful axle load as provided in section 169.825 by 25 percent or more, in addition to any penalty imposed for the misdemeanor, shall have the reciprocity privileges on the vehicle involved if the vehicle is being operated under reciprocity canceled by the registrar, or if the vehicle is not being operated under reciprocity, the certificate of registration on the vehicle operated shall be canceled by the registrar and the registrar shall demand the return of the registration certificate and registration plates. The registrar may not cancel the registration or reciprocity privileges for any vehicle found in violation of seasonal load restrictions imposed under section 169.87 unless the axle weight exceeds the year-round weight limit for the highway on which the violation occurred. The registrar may investigate any allegation of gross weight violations and demand that the operator show cause why all future operating privileges in the state should not be revoked unless the additional tax assessed is paid.

(3) Clause (1) does not apply to the first haul of unprocessed or raw farm products or unfinished forest products, when the registered gross weight is not exceeded by more than ten percent. For purposes of this clause, "first haul" means (i) the first, continuous transportation of unprocessed or raw farm products from the place of production or on-farm storage site to any other location within 50 miles of the place of production or on-farm storage site, or (ii) the first, continuous or noncontinuous transportation of unfinished forest products from the place of production to the place of first unloading final processing or manufacture located within 200 miles of the place of production.

(4) When the registration on a motor vehicle, trailer, or semitrailer is revoked by the registrar according to provisions of this section, the vehicle shall not be operated on the highways of the state until it is registered or reregistered, as the case may be, and new plates issued, and the registration fee shall be the annual tax for the total gross weight of the vehicle at the time of violation. The reregistration pursuant to this subdivision of any vehicle operating under reciprocity agreements pursuant to section 168.181 or 168.187 shall be at the full annual registration fee without regard to the percentage of vehicle miles traveled in this state.

[EFFECTIVE DATE.] This section is effective the day following final enactment.

Sec. 9. [168.185] [USDOT NUMBERS.]

(a) An owner of a truck or truck tractor having a gross vehicle weight of more than 10,000 pounds, as defined in section 169.01, subdivision 46, other than a farm truck, shall report to the registrar at the time of registration its USDOT carrier number. A person subject to this paragraph who does not have a USDOT number shall apply for the number at the time of registration by completing a form MCS-150 Motor Carrier Identification Report, issued by the Federal Motor Carrier Safety Administration, or comparable document as determined by the registrar.

(b) Assigned USDOT numbers need not be displayed on the outside of the vehicle, but must be made available upon request of an authorized agent of the registrar, peace officer, other employees of the state patrol authorized in chapter 299D, or employees of the Minnesota department of transportation. The vehicle owner shall notify the registrar if there is a change to the owner’s USDOT number.

(c) If an owner fails to report or apply for a USDOT number, the registrar shall suspend the owner’s registration.

(d) Until October 1, 2003, paragraphs (a) to (c) do not apply to an agricultural fertilizer or agricultural chemical retailer while exclusively engaged in delivering fertilizer or agricultural chemicals to a farmer for on-farm use.
Sec. 10. [169.306] [USE OF SHOULDERS BY BUSES.]

If the commissioner of transportation permits the use by transit buses of a shoulder of a freeway or expressway, as defined in section 160.02, in the seven-county metropolitan area, the commissioner shall permit the use on that shoulder of a bus with a seating capacity of 40 passengers or more operated by a motor carrier of passengers, as defined in section 221.011, subdivision 48, while operating in intrastate commerce.

Buses authorized to use the shoulder under this section may be operated on the shoulder only when main line traffic speeds are less than 35 miles per hour. Drivers of buses being operated on the shoulder, may not exceed the speed of main line traffic by more than 15 miles per hour and may never exceed 35 miles per hour. Drivers of buses being operated on the shoulder must yield to merging, entering, and exiting traffic and must yield to other vehicles on the shoulder. Buses operated on the shoulder must be registered with the department of transportation.

Sec. 11. Minnesota Statutes 2000, section 169.771, subdivision 2, is amended to read:

Subd. 2. [INSPECTION BY STATE TROOPER.] (a) The commissioner of public safety is directed to accelerate spot check inspections for unsafe motor vehicles and motor vehicle equipment. Such inspections shall be conducted by the personnel of the state patrol who shall give the operator of a commercial motor vehicle a signed and dated document as evidence of the inspection.

(b) However, personnel of the state patrol may not conduct another spot inspection of a commercial motor vehicle if (1) the operator of the vehicle can show evidence of an inspection, which is free of critical defects, conducted in Minnesota according to this section within the previous 90 days and (2) a state trooper does not have probable cause to believe the vehicle or its equipment is unsafe or that the operator has engaged in illegal activity. In addition, if the operator shows the state trooper evidence that the commercial motor vehicle has been inspected within the previous 90 days, but the officer has probable cause to believe the vehicle or its equipment is unsafe or to suspect illegal activity, then the vehicle may be inspected to confirm the existence or absence of an unsafe condition or of the suspected illegal activity.

[EFFECTIVE DATE.] This section is effective the day following final enactment.

Sec. 12. Minnesota Statutes 2000, section 169.771, subdivision 3, is amended to read:

Subd. 3. [RULES.] The commissioner of public safety may establish such reasonable rules as are necessary to carry out the provisions of this section, but all spot check inspections shall be held in compliance with subdivision 2 and in such a manner that the motor vehicle operators, either private or commercial, shall not be unnecessarily inconvenienced either by extended detours, unnecessary delays, or any other unreasonable cause.

[EFFECTIVE DATE.] This section is effective the day following final enactment.

Sec. 13. Minnesota Statutes 2001 Supplement, section 169.825, subdivision 11, is amended to read:

Subd. 11. [GROSS WEIGHT SEASONAL INCREASES.] (a) The limitations provided in this section are increased:

(1) by ten percent between the dates set by the commissioner based on a freezing index model each winter, statewide;

(2) by ten percent between the dates set by the commissioner based on a freezing index model each winter, in the zone bounded as follows: beginning at Pigeon River in the northeast corner of Minnesota; thence in a southwesterly direction along the north shore of Lake Superior along trunk highway No. 61 to the northeastern city limits of Duluth; thence along the eastern and southern city limits of Duluth to the junction with trunk highway No. 210; thence westerly along trunk highway No. 210 to the junction with trunk highway No. 10; thence northwesterly along trunk highway No. 10 to the Minnesota-North Dakota border; thence northerly along that border to the Minnesota-Canadian Border; thence easterly along said Border to Lake Superior; and
(3) by ten percent from the beginning of harvest to November 30 each year for the movement of sugar beets, carrots, and potatoes from the field of harvest to the point of the first unloading. Transfer of the product from a farm vehicle or small farm trailer, within the meaning of chapter 168, to another vehicle is not considered to be the first unloading. The commissioner shall not issue permits under this clause if to do so will result in a loss of federal highway funding to the state.

(b) The duration of a ten percent increase in load limits is subject to limitation by order of the commissioner, subject to implementation of springtime load restrictions.

(c) When the ten percent increase is in effect, a permit is required for a motor vehicle, trailer, or semitrailer combination that has a gross weight in excess of 80,000 pounds, an axle group weight in excess of that prescribed in subdivision 10, or a single axle weight in excess of 20,000 pounds and which travels on Interstate routes.

(d) In cases where gross weights in an amount less than that set forth in this section are fixed, limited, or restricted on a highway or bridge by or under another section of this chapter, the lesser gross weight as fixed, limited, or restricted may not be exceeded and must control instead of the gross weights set forth in this section.

(e) Notwithstanding any other provision of this subdivision, no vehicle may exceed a total gross vehicle weight of 80,000 pounds on routes which have not been designated by the commissioner under section 169.832, subdivision 11.

(f) The commissioner may, after determining the ability of the highway structure and frost condition to support additional loads, grant a permit extending seasonal increases for vehicles using portions of routes falling within two miles of the southern boundary of the zone described under paragraph (a), clause (2).

Sec. 14. Minnesota Statutes 2000, section 169.85, subdivision 1, is amended to read:

Subdivision 1. [DRIVER TO STOP FOR WEIGHING.] (a) The driver of a vehicle which has been lawfully stopped may be required by an officer to submit the vehicle and load to a weighing by means of portable or stationary scales, and.

(b) In addition, the officer may require that the vehicle be driven to the nearest available scales, but only if:

(1) the distance to the scales is no further than five miles, or if the distance from the point where the vehicle is stopped to the vehicle's destination is not increased by more than ten miles as a result of proceeding to the nearest available scales; and

(2) if the vehicle is a commercial motor vehicle, no more than two other commercial motor vehicles are waiting to be inspected at the scale.

(c) Official traffic control devices as authorized by section 169.06 may be used to direct the driver to the nearest scale.

(d) When a truck weight enforcement operation is conducted by means of portable or stationary scales and signs giving notice of the operation are posted within the highway right-of-way and adjacent to the roadway within two miles of the operation, the driver of a truck or combination of vehicles registered for or weighing in excess of 12,000 pounds shall proceed to the scale site and submit the vehicle to weighing and inspection.

[EFFECTIVE DATE.] This section is effective the day following final enactment.
Subd. 2. [UNLOADING.] (a) Upon weighing a vehicle and load, as provided in this section, an officer may require the driver to stop the vehicle in a suitable place and remain standing until a portion of the load is removed that is sufficient to reduce the gross weight of the vehicle to the limit permitted under either section 168.013, subdivision 3, paragraph (b), or 169.825, whichever is the lesser violation, if any. A suitable place is a location where loading or tampering with the load is not prohibited by federal, state, or local law, rule, or ordinance.

(b) Except as provided in paragraph (c), a driver may be required to unload a vehicle only if the weighing officer determines that (1) on routes subject to the provisions of section 169.825, the weight on an axle exceeds the lawful gross weight prescribed by section 169.825, by 2,000 pounds or more, or the weight on a group of two or more consecutive axles in cases where the distance between the centers of the first and last axles of the group under consideration is ten feet or less exceeds the lawful gross weight prescribed by section 169.825, by 4,000 pounds or more; or (2) on routes designated by the commissioner in section 169.832, subdivision 11, the overall weight of the vehicle or the weight on an axle or group of consecutive axles exceeds the maximum lawful gross weights prescribed by section 169.825; or (3) the weight is unlawful on an axle or group of consecutive axles on a road restricted in accordance with section 169.87. Material unloaded must be cared for by the owner or driver of the vehicle at the risk of the owner or driver.

(c) If the gross weight of the vehicle does not exceed the vehicle's registered gross weight plus the weight allowance set forth in section 168.013, subdivision 3, paragraph (b), then the vehicle is deemed to be not in violation under paragraph (b).

[EFFECTIVE DATE.] This section is effective the day following final enactment.

Sec. 16. Minnesota Statutes 2000, section 169.851, subdivision 3, is amended to read:

Subd. 3. [FIRST HAUL.] "First haul" means the first, continuous transportation from the place of production or on farm storage site to any other location within 50 miles of the place of production or on farm storage site has the meaning given it in section 168.013, subdivision 3, paragraph (d)(3).

[EFFECTIVE DATE.] This section is effective the day following final enactment.

Sec. 17. Minnesota Statutes 2000, section 169.86, subdivision 5, is amended to read:

Subd. 5. [FEE; PROCEEDS TO TRUNK HIGHWAY FUND.] The commissioner, with respect to highways under the commissioner's jurisdiction, may charge a fee for each permit issued. All such fees for permits issued by the commissioner of transportation shall be deposited in the state treasury and credited to the trunk highway fund. Except for those annual permits for which the permit fees are specified elsewhere in this chapter, the fees shall be:

(a) $15 for each single trip permit.

(b) $36 for each job permit. A job permit may be issued for like loads carried on a specific route for a period not to exceed two months. "Like loads" means loads of the same product, weight, and dimension.

(c) $60 for an annual permit to be issued for a period not to exceed 12 consecutive months. Annual permits may be issued for:

(1) motor vehicles used to alleviate a temporary crisis adversely affecting the safety or well-being of the public;

(2) motor vehicles which travel on interstate highways and carry loads authorized under subdivision 1a;
(3) motor vehicles operating with gross weights authorized under section 169.825, subdivision 11, paragraph (a), clause (3);

(4) special pulpwood vehicles described in section 169.863; and

(5) motor vehicles bearing snowplow blades not exceeding ten feet in width; and

(6) noncommercial transportation of a boat by the owner or user of the boat.

(d) $120 for an oversize annual permit to be issued for a period not to exceed 12 consecutive months. Annual permits may be issued for:

(1) mobile cranes;

(2) construction equipment, machinery, and supplies;

(3) manufactured homes;

(4) implements of husbandry when the movement is not made according to the provisions of paragraph (i);

(5) double-deck buses;

(6) commercial boat hauling.

(e) For vehicles which have axle weights exceeding the weight limitations of section 169.825, an additional cost added to the fees listed above. However, this paragraph applies to any vehicle described in section 168.013, subdivision 3, paragraph (b), but only when the vehicle exceeds its gross weight allowance set forth in that paragraph, and then the additional cost is for all weight, including the allowance weight, in excess of the permitted maximum axle weight. The additional cost is equal to the product of the distance traveled times the sum of the overweight axle group cost factors shown in the following chart:

<table>
<thead>
<tr>

</thead>
<tbody>

</tbody>
</table>

The amounts added are rounded to the nearest cent for each axle or axle group. The additional cost does not apply to paragraph (c), clauses (1) and (3).
For a vehicle found to exceed the appropriate maximum permitted weight, a cost-per-mile fee of 22 cents per ton, or fraction of a ton, over the permitted maximum weight is imposed in addition to the normal permit fee. Miles must be calculated based on the distance already traveled in the state plus the distance from the point of detection to a transportation loading site or unloading site within the state or to the point of exit from the state.

(f) As an alternative to paragraph (e), an annual permit may be issued for overweight, or oversize and overweight, construction equipment, machinery, and supplies. The fees for the permit are as follows:

</tbody>
</table>

If the gross weight of the vehicle is more than 145,000 pounds the permit fee is determined under paragraph (e).

(g) For vehicles which exceed the width limitations set forth in section 169.80 by more than 72 inches, an additional cost equal to $120 added to the amount in paragraph (a) when the permit is issued while seasonal load restrictions pursuant to section 169.87 are in effect.

(h) $85 for an annual permit to be issued for a period not to exceed 12 months, for refuse compactor vehicles that carry a gross weight of not more than: 22,000 pounds on a single rear axle; 38,000 pounds on a tandem rear axle; or, subject to section 169.825, subdivision 14, 46,000 pounds on a tridem rear axle. A permit issued for up to 46,000 pounds on a tridem rear axle must limit the gross vehicle weight to not more than 62,000 pounds.

(i) For vehicles exclusively transporting implements of husbandry, an annual permit fee of $24. A vehicle operated under a permit authorized by this paragraph may be moved at the discretion of the permit holder without prior route approval by the commissioner if:

1. the total width of the transporting vehicle, including load, does not exceed 14 feet;
2. the vehicle is operated only between sunrise and 30 minutes after sunset, and is not operated at any time after 12:00 noon on Sundays or holidays;
3. the vehicle is not operated when visibility is impaired by weather, fog, or other conditions that render persons and other vehicles not clearly visible at 500 feet;
4. the vehicle displays at the front and rear of the load or vehicle a pair of flashing amber lights, as provided in section 169.59, subdivision 4, whenever the overall width of the vehicle exceeds 126 inches; and
5. the vehicle is not operated on a trunk highway with a surfaced roadway width of less than 24 feet unless such operation is authorized by the permit.

A permit under this paragraph authorizes movements of the permitted vehicle on an interstate highway, and movements of 75 miles or more on other highways.

[EFFECTIVE DATE.] This section is effective the day following final enactment.
Sec. 18. Minnesota Statutes 2000, section 169.974, subdivision 5, is amended to read:

Subd. 5. [DRIVING RULES.] (a) An operator of a motorcycle shall ride only upon a permanent and regular seat which is attached to the vehicle for that purpose. No other person shall ride on a motorcycle; except that passengers may ride upon a permanent and regular operator's seat if designed for two persons, or upon additional seats attached to the vehicle to the rear of the operator's seat, or in a sidecar attached to the vehicle; provided, however, that the operator of a motorcycle shall not carry passengers in a number in excess of the designed capacity of the motorcycle or sidecar attached to it. No passenger shall be carried in a position that will interfere with the safe operation of the motorcycle or the view of the operator.

(b) No person shall ride upon a motorcycle as a passenger unless, when sitting astride the seat, the person can reach the foot rests with both feet.

(c) No person, except passengers of sidecars or drivers and passengers of three-wheeled motorcycles, shall operate or ride upon a motorcycle except while sitting astride the seat, facing forward, with one leg on either side of the motorcycle.

(d) No person shall operate a motorcycle while carrying animals, packages, bundles, or other cargo which prevent the person from keeping both hands on the handlebars.

(e) No person shall operate a motorcycle between lanes of moving or stationary vehicles headed in the same direction, nor shall any person drive a motorcycle abreast of or overtake or pass another vehicle within the same traffic lane, except that motorcycles may, with the consent of both drivers, be operated not more than two abreast in a single traffic lane.

(f) Motor vehicles including motorcycles are entitled to the full use of a traffic lane and no motor vehicle may be driven or operated in a manner so as to deprive a motorcycle of the full use of a traffic lane.

(g) A person operating a motorcycle upon a roadway must be granted the rights and is subject to the duties applicable to a motor vehicle as provided by law, except as to those provisions which by their nature can have no application.

(h) Paragraph (e) of this subdivision does not apply to police officers in the performance of their official duties.

(i) No person shall operate a motorcycle on a street or highway unless the headlight or headlights are lighted at all times the motorcycle is so operated.

(j) A person parking a motorcycle on the roadway of a street or highway must:

(1) if parking in a marked parking space, park the motorcycle completely within the marked space; and

(2) park the motorcycle in such a way that the front of the motorcycle is pointed or angled toward the nearest lane of traffic to the extent practicable and necessary to allow the operator to (i) view any traffic in both directions of the street or highway without having to move the motorcycle into a lane of traffic and without losing balance or control of the motorcycle, and (ii) ride the motorcycle forward and directly into a lane of traffic when the lane is sufficiently clear of traffic.

Sec. 19. [171.3216] [ACTIONS ON SCHOOL BUS ENDORSEMENT.]

In addition to any authority granted under section 171.3215, the commissioner may cancel a school bus driver's endorsement on a driver's license of any person if the commissioner determines that the person has (1) been convicted of a gross misdemeanor that the commissioner determines shows evidence that the person represents a risk to public safety, or (2) been convicted of a series of violations of law that the commissioner determines shows evidence that the person represents a risk to public safety. Upon canceling the offender's school bus driver
endorsement, the commissioner shall immediately notify the offender of the cancellation in writing, by depositing in the United States Post Office a notice, with postage prepaid, to the offender addressed to the offender’s last known address.

Sec. 20. Minnesota Statutes 2000, section 221.0252, subdivision 3, is amended to read:

Subd. 3. [AUDIT; INSPECTION.] (a) Within 90 days of issuing a new certificate of registration to a carrier under this section, and before issuing an annual renewal of a certificate of registration, the commissioner shall:

(1) conduct an audit of the carrier’s records;

(2) inspect the vehicles the carrier uses in its motor carrier operation to determine if they comply with the federal regulations incorporated in section 221.0314 or accept for filing proof that a complete vehicle inspection was conducted within the previous one year by a commercial vehicle inspector of the department of public safety or an inspector certified by the commissioner of public safety under section 169.781;

(3) verify that the carrier has a designated office in Minnesota where the books and files necessary to conduct business and the records required by this chapter are kept and shall be made available for inspection by the commissioner;

(4) audit the carrier’s drivers’ criminal background and safety records; and

(5) verify compliance with the insurance requirements of section 221.141.

(b) To streamline the audit process and to reduce the regulatory burden on carriers, the commissioner may reduce the number of vehicle inspections and records audited under paragraph (a) if the commissioner has sufficient information from federal and state motor carrier safety data about a carrier’s operations to determine a carrier’s safety fitness as described in Code of Federal Regulations, title 49, section 385.7. At a minimum, the commissioner must conduct the record audit in paragraph (a) once in four years.

(c) The commissioner and the commissioner of public safety shall, through an interagency agreement, coordinate vehicle inspection activities to avoid duplication of annual vehicle inspections to minimize the burden of compliance on carriers and to maximize the efficient use of state resources.

Sec. 21. Minnesota Statutes 2000, section 221.0314, is amended by adding a subdivision to read:

Subd. 3b.
