H. F. No. 2513, A bill for an act relating to a baseball park; financing a major league professional baseball park; requiring private funding; providing for an interest-free loan; providing for a temporary tax-free zone on certain retail sales; providing for disposition of the metrodome and the land it occupies under certain conditions; transferring funds from the assigned risk plan; requiring enhanced revenue sharing by major league baseball for act to take effect; appropriating money; amending Minnesota Statutes 2000, sections 272.02, by adding a subdivision; 297A.67, by adding a subdivision; 297A.71, by adding a subdivision; proposing coding for new law in Minnesota Statutes, chapter 116J.

Reported the same back with the following amendments:

Delete everything after the enacting clause and insert:

"Section 1. [FINDINGS AND INTENT.]

The legislature finds that major league professional baseball has value to the citizens and economy of this state. The legislature further finds that this value can and should be protected through the construction of a new baseball park to ensure the successful continuation of major league professional baseball in Minnesota. The legislature finds that this goal requires a public/private partnership. It is therefore the intention of the legislature to support the construction of a baseball park to be substantially financed with private support.

Sec. 2. [PURPOSE.]

This act is designed to provide tax incentives to encourage and stimulate private investment in a publicly owned baseball park. It is a further purpose of this act to move major league baseball towards a revenue sharing agreement and an economic system that makes baseball more competitive and protects the financial interest of teams with below average revenues. Therefore, a loan cannot be made until the governor, with advice from a special panel and the legislative commission on planning and fiscal policy, determines that major league baseball and the major league baseball players' association have created a new financial structure requiring the league to ensure competitiveness among all major league professional baseball teams, thereby enhancing the viability of any new baseball park.

Sec. 3. Minnesota Statutes 2000, section 16A.67, subdivision 1, is amended to read:

Subdivision 1. [AUTHORIZATION.] (a) The commissioner of finance is authorized to sell and issue state bonds to fund the judgment rendered against the state by the Minnesota supreme court in Cambridge State Bank et al. v. James, 514 N.W. 2d 565, on April 1, 1994, and related claims, and interest accrued on the judgment and related claims, to fund any bond reserve determined to be necessary, and to pay costs of issuance of the bonds. The proceeds of the bonds are appropriated for these purposes. The principal amount of the bonds shall not exceed $400,000,000. The bonds shall be sold and issued upon such terms and in such manner as the commissioner shall determine to be in the best interests of the state. The final maturity of the bonds shall be not later than June 30, 2005.

(b) The commissioner of finance is authorized to sell and issue state revenue bonds to fund a loan to a local government unit in the metropolitan area to finance up to one-half of the costs to design, acquire, construct, furnish, and equip a baseball park to be owned by the local government unit and leased to a major league professional baseball team, as provided in sections 116J.425 to 116J.4291, to fund any bond reserve determined to be necessary, and to pay costs of issuance of the bonds. The proceeds of the bonds are appropriated for these purposes. The principal amount of the bonds shall not exceed $140,000,000. The bonds shall be sold and issued upon such terms and in such manner as the commissioner shall determine to be in the best interests of the state. The final maturity of the bonds shall be not later than June 30, 2034.
Sec. 4. [116J.425] [SELECTION PROCESS; BASEBALL PARK.]

(a) After the governor authorizes a loan to be made under section 116J.4291, the commissioner of trade and economic development shall select a unit of local government to provide a site for the new baseball park.

(b) The required elements of the selection process are:

(1) the commissioner of trade and economic development shall accept bids from any interested unit of local government within the metropolitan area, as defined in section 473.121, subdivision 2;

(2) acceptable bids must provide, at a maximum, for the provision of land, in a condition appropriate for development, and the provision of sufficient adjacent parking facilities to be made available for use by the team;

(3) bids may not include other subsidies except private improvements for the enhancement of the baseball park;

(4) the bid must specify the intent of the unit of local government to own and operate the baseball park and demonstrate a reasonable capacity to do so;

(5) in selecting a site, the commissioner of trade and economic development shall consider public infrastructure costs and significant potential development advantages; and

(6) the commissioner of trade and economic development shall end the acceptance of bids 90 days after the governor's authorization under section 116J.4291 and shall, after considering the advice of the legislative commission on planning and fiscal policy, select a site for a new baseball park within 150 days after that authorization.

Sec. 5. [116J.426] [FINANCING; CONSTRUCTION; NAMING RIGHTS.]

Subd. 1. [PRIVATE FUNDING; OWNERSHIP.] At least one-half of the cost of the baseball park must be funded by the owner of the major league professional baseball team or through other private sector funding. The local unit of government shall own the baseball park.

Subd. 2. [LOAN.] The commissioner of trade and economic development shall, upon authorization by the governor made under section 116J.4291, provide a loan, in an amount up to $140,000,000, from the baseball park loan fund created under section 116J.427 to the unit of local government selected to own the new baseball park when funds from the major league professional baseball team specified under subdivision 1 are made available to that unit of government.

Subd. 3. [REPAYMENT; GUARANTEE.] The loan must be repaid to the baseball park loan fund by the local unit of government using revenues from the lease with the team, ticket tax revenues as provided under subdivision 5, payments under the guarantees by the team and owners, and as necessary any other revenues available to the local unit of government, including any property tax revenues. Any property tax levied to repay the loan is outside the levy limits in sections 275.70 to 275.74. Repayment must be in an amount sufficient to cover the principal of the loan plus the interest paid by the state for the bonds issued under section 16A.67. Amortization payments on the loan must be structured to ensure no cash loss to the general fund. The loan must be unconditionally guaranteed by the baseball team and personally guaranteed by the holders of the majority equity interest in the baseball team. The loan must be repaid within 30 years after the date the first payment is due and must not be forgiven.

Subd. 4. [NAMING RIGHTS.] Naming rights from the major league baseball park shall be sold by the unit of local government that owns the baseball park. Revenues from that sale are to be retained by the unit of local government and must be used for operating costs of the baseball park. Any excess revenues after operating costs are compensated for must be held by the unit of government in a reserve account, and used for long-term refurbishment of the baseball park.
Subd. 5. [BASEBALL PARK ADMISSIONS TAX.] Notwithstanding any other law, ordinance, or charter provision, the unit of local government that owns the baseball park may, by resolution, impose and maintain a ten percent admissions tax upon the granting, issuance, sales, or distribution, by any private or public person, association, or corporation, of the privilege of admission to activities at the baseball park. No other tax, surcharge, or governmental imposition, except the taxes imposed by chapter 297A, may be levied by any other unit of government upon any such sale or distribution.

The admission tax must be stated and charged separately from the sales price so far as practicable and must be collected by the grantor, seller, or distributor from the person admitted. The tax is a debt from that person to the grantor, issuer, seller, or distributor, and the tax required to be collected is a debt owed by the grantor, issuer, seller, or distributor to the local unit of government, recoverable at law in the same manner as other debts. Every person granting, issuing, selling, or distributing tickets for such admissions may be required, as provided in resolutions of the unit of local government, to secure a permit, to file returns, to deposit security for the payment of the tax, and to pay such penalties for nonpayment and interest on late payments, as shall be deemed necessary or expedient to assure the prompt and uniform collection of the tax.

Subd. 6. [MAJOR LEAGUE BASEBALL GUARANTY.] Before making a loan under this section, the commissioner must execute an agreement with the major league of which the baseball team is a member and with major league baseball that guarantees the continuance of a major league franchise in the metropolitan area for at least the term of the loan under subdivision 2.

Sec. 6. [116J.427] [BASEBALL PARK LOAN FUND.]

Subdivision 1. [CREATION.] A baseball park loan fund is created as an account within the special revenue fund.

Subd. 2. [REVENUE BOND PROCEEDS.] After the governor authorizes a loan to be made under section 116J.426, the commissioner of finance shall transfer the proceeds of the bonds sold under section 16A.67, subdivision 1, paragraph (b), to the baseball park loan fund. Funds from the repayment of the loan made under section 116J.426, subdivision 3, must be transferred from the baseball park loan fund to the special revenue fund under section 16A.67, for repayment of the bonds issued.

Sec. 7. [116J.428] [OBLIGATIONS; MAJOR LEAGUE PROFESSIONAL BASEBALL TEAM.]

Subdivision 1. [OBLIGATIONS PRIOR TO STATE ASSISTANCE.] (a) The major league professional baseball team must fully and completely do its part to accomplish the requirements of paragraph (b) before it receives any state assistance.

(b) The requirements are that:

(1) a signed lease for not less than 30 years between the unit of local government selected by the commissioner and the major league professional baseball team must be completed, with no escape clauses;

(2) the commissioner of finance must certify that the major league professional baseball team has made available $150,000,000 in private cash support to the local unit of government for the construction of a baseball park;

(3) the major league professional baseball team has signed an agreement with the unit of local government agreeing to allow the baseball park to be available on nongame days for potential use by the University of Minnesota, Minnesota state colleges and universities, private colleges, the state high school league, and the unit of local government for community events;

(4) the major league of which the baseball team is a member and major league baseball have both executed an agreement with the commissioner that guarantees the continuance of a major league franchise in the metropolitan area for at least the term of the loan under section 116J.426, subdivision 2; and
(5) the major league professional baseball team and major league baseball have signed an agreement with the unit of local government to cooperate in maintaining the facility as a smoke-free facility.

Subd. 2. [CONSTRUCTION.] (a) The major league professional baseball team shall construct the baseball park and is responsible for all cost overruns that may occur. All funds appropriated to the unit of local government under sections 116J.425 to 116J.4291 shall be managed by the unit of local government and made available to the team as the team deems necessary for construction purposes.

(b) All construction materials for the baseball park produced from or containing steel must use steel produced in the United States from taconite produced in Minnesota. The local unit of government shall establish and impose on the major league professional baseball team appropriate compliance procedures.

Subd. 3. [OBLIGATIONS DURING CONSTRUCTION.] The major league professional baseball team during the period of construction of a baseball park must:

(1) pay prevailing wage levels as defined under section 177.42 to all construction workers;

(2) provide to the commissioner of trade and economic development a signed agreement between the major league professional baseball team and the construction unions that will work on the new baseball park that mandates a no-strike and no-lockout period during construction of the baseball park; and

(3) pay any cost overruns that occur during the construction period.

Sec. 8. [116J.429] [OBLIGATIONS; DEPARTMENT OF TRADE AND ECONOMIC DEVELOPMENT.]

The commissioner of trade and economic development shall negotiate and sign a contract, on behalf of the state, with the unit of local government for the loan made under section 116J.426, that includes the schedule of repayment, a guarantee by the unit of local government that it will repay the loan, the guarantees of the team and the holders of the majority equity interest in the team that are required under section 116J.426, subdivision 3, and that provides that the unit of local government will prohibit smoking within the facility. The terms of the loan contract must require that the major league baseball team must provide at least 10,500 seats to be sold as general admission seats in the new baseball park. The ticket price for general admission seating in the new baseball park may not exceed five dollars per person adjusted for increases in the Consumer Price Index for urban consumers as prepared by the United State Bureau of Labor Statistics after calendar year 2001.

Sec. 9. [116J.4291] [GOVERNOR'S DETERMINATION; AUTHORIZATION OF LOAN.]

(a) The governor shall appoint a special panel consisting of three retired state court judges. The special panel shall review information from major league baseball to determine if major league baseball and the major league baseball players' association have agreed upon a new economic system, including enhanced revenue sharing that makes baseball more competitive, protects the financial interest of teams with below average revenues, and enhances the viability of any new baseball park. The special panel shall provide its determination to the governor and to the legislative commission on planning and fiscal policy.

(b) The panel may not make these findings under paragraph (a), unless the agreement between major league baseball and the major league baseball players' association is estimated to satisfy at least one of the following:

(1) the increases in revenue sharing among major league baseball teams is estimated, after full implementation of the agreement, to reduce the disparity in team revenues so that the revenues of the teams with revenues in the top quartile will be, on average, no more than 40 percent higher than the average revenues of teams in the bottom quartile (ranked by total revenues);
(2) as a result of increases in revenue sharing, limitations on payrolls, or other elements of the agreement, the ratio
of payrolls of the teams in the top quartile to teams in the bottom quartile (ranked by payrolls) is estimated, after full
implementation of the agreement, to average 2:1 or less; or

(3) the agreement substantially implements four or more of the recommendations, excluding the recommendation
that teams be allowed to move if they cannot succeed economically, of "The Report of the Independent Members of

The estimates under this paragraph must be made by either the commissioner of finance or an independent
consultant retained by the commissioner of finance.

(c) The legislative commission on planning and fiscal policy shall review the determination and make its advisory
recommendation to the governor on whether to authorize the commissioner of trade and economic development to
make a loan under this act. The governor may authorize the commissioner to make a loan under sections 116J.425
to 116J.4291 only after considering the recommendations and determining that major league baseball and the major
league baseball players' association have agreed upon a new economic system, including enhanced revenue sharing
that makes baseball more competitive, protects the financial interests of teams with below average revenues, and
enhances the viability of any new baseball park.

Sec. 10. [116J.4292] [ANNUAL REPORT.]

If a loan is made under section 116J.426, beginning in 2002, the commissioner of finance must report by July 1

(3) state and local tax revenues resulting from naming rights, admissions taxes, and any other revenue, or loss
of revenue, that can be attributed to the baseball park; and

(4) state and local expenditures that can be directly or indirectly attributed to the baseball park.

Sec. 11. Minnesota Statutes 2000, section 272.02, is amended by adding a subdivision to read:

Subd. 45. [BASEBALL PARK.] Real or personal property acquired, owned, leased, controlled, used, or occupied
as a baseball park by a major league professional baseball team is exempt from taxation but the property is subject
to special assessments levied by a political subdivision under chapter 429. The baseball park includes parking
facilities and land necessary to and part of the use of the baseball park. A use of the property in any manner different
from its use under sections 116J.425 to 116J.4291 at the time must not be considered in determining the special
benefit under chapter 429 received by the properties. Notwithstanding section 272.01, subdivision 2, or 273.19, real
or personal property at the site of the baseball park leased by the local unit of government that operates the baseball
park to another person or entity for uses directly related to the purposes of sections 116J.425 to 116J.4291 is exempt
from taxation regardless of the length of the lease. This subdivision shall expire one month after repayment of the
