MEDICAL MALPRACTICE REFORM

Section 1. [147.37] [BEST PRACTICE GUIDELINES; USE IN MEDICAL MALPRACTICE CASES.]

(a) In an action against a provider for malpractice, error, mistake, or failure to cure, whether based in contract or tort, adherence to a best practice guideline approved by either a recognized specialty organization or an organization established for the purpose of developing community-based clinical practice guidelines is an absolute defense against an allegation that the provider did not comply with accepted standards of practice in the community. This paragraph does not apply if the best practice guideline authorizes or recommends denial of treatment, food, or fluids necessary to sustain life on the basis of the patient’s age or expected length of life or the patient’s present or predicted disability, degree of medical dependency, or quality of life.

(b) Evidence of a departure from a best practice guideline is admissible only on the issue of whether the provider is entitled to an absolute defense under paragraph (a).

(c) Paragraphs (a) and (b) apply to claims arising on or after August 1, 2004.

(d) Nothing in this section changes the standard or burden of proof in an action alleging a delay in diagnosis, a misdiagnosis, inappropriate application of a best practice guideline, failure to obtain informed consent, battery or other intentional tort, or product liability.
Sec. 2. [604.111] [HEALTH CARE PROVIDER ACTIONS; LIMITS ON DAMAGES AND ATTORNEY FEES.]

Subdivision 1. [DEFINITIONS.] (a) For the purposes of this section, the terms in paragraphs (b) to (d) have the meanings given them.

(b) "Economic loss" means all harm for which damages are recoverable, other than noneconomic losses.

(c) "Health care provider" has the meaning given in section 541.076, paragraph (a), except that health care provider also includes a physician assistant registered under chapter 147A and ambulance services, medical directors, and personnel regulated under chapter 144E.

(d) "Noneconomic loss" means all nonpecuniary harm for which damages are recoverable, including, but not limited to, pain, disability, disfigurement, embarrassment, emotional distress, and loss of consortium.

Subd. 2. [LIMITATIONS.] (a) In an action for injury or death against a health care provider alleging malpractice, error, mistake, or failure to cure, whether based in contract or tort, the amount of damages awarded for noneconomic losses must not exceed $250,000, regardless of the number of parties against whom the action is brought or the number of separate claims or actions brought with respect to the same occurrence.

(b) The limitation imposed by this subdivision must not be disclosed to the trier of fact by any person at trial.

Subd. 3. [FINDINGS.] (a) A court in an action tried without a jury shall make a finding as to noneconomic loss without regard to the limit under subdivision 2. If noneconomic loss in excess of the limit is found, the court shall make any reduction required under this section and shall award as damages for noneconomic loss the lesser of the reduced amount or the limit.

(b) If an action is before a jury, the jury shall make a finding as to noneconomic loss without regard to the limit under subdivision 2. If the jury finds that noneconomic loss exceeds the limit, the court shall make any reduction required under this section and shall award as damages for noneconomic loss the lesser of the reduced amount or the limit.

Subd. 4. [PUNITIVE DAMAGES LIMITED.] (a) Punitive, exemplary, and similar damages recoverable against a health care provider in a cause of action described in subdivision 2 must not exceed $250,000. The jury must not be informed of this limitation.

(b) All damages described in paragraph (a) must be paid directly to the Minnesota Comprehensive Health Association created under section 62E.10, subdivision 1, to be used for the purpose of reducing its assessments on its members.

(c) Notwithstanding paragraph (a), a private nonprofit hospital licensed under sections 144.50 to 144.56 is not liable for punitive, exemplary, or similar damages, in an action described in subdivision 2.

Subd. 5. [EXCESSIVE ATTORNEY FEES PROHIBITED.] (a) Attorney fees payable by a plaintiff in any cause of action referred to in subdivision 2 must not exceed the following percentage of damages:

(1) 40 percent of the first $50,000;
(2) 33-1/3 percent of the next $50,000;
(3) 25 percent of the next $500,000; plus
(4) 15 percent of that portion of damages that exceeds $600,000.

(b) This subdivision applies to the net damages actually recovered by that plaintiff under the cause of action, whether through settlement, alternative dispute resolution, court judgment, or otherwise. "Net damages actually recovered" means the net sum recovered after deducting any disbursements or costs incurred in connection with prosecution or settlement of the claim, including all costs paid or advanced by any person. Costs of health care incurred by the plaintiff and the attorney's office overhead costs or charges for legal services are not deductible disbursements of costs for such purpose.

(c) A fee agreement that violates this subdivision is void and unenforceable, to the extent of the violation.

Sec. 3. [EFFECTIVE DATE; APPLICATION.]

Section 2 is effective August 1, 2004, and applies to causes of actions arising from incidents occurring on or after that date.

(3) the health plans to be offered must be designed to enable employers and covered persons to better manage costs and coverage options through the use of co-pays, deductibles, and other cost-sharing arrangements;

(4) the health plans must be issued and administered in compliance with sections 62E.141; 62L.03, subdivision 6; and 62L.12, subdivisions 3 and 4, relating to prohibitions against enrolling in the Minnesota Comprehensive Health Association persons eligible for employer group coverage;

(5) loss ratio requirements do not apply to health plans issued under this section;

(6) the health plans may alter or eliminate coverages that would otherwise be required by law;

(7) each health plan must be approved by the commissioner of commerce; and

(b) The definitions in section 62L.02 apply to this section as modified by this section.

(c) An employer may provide health plans permitted under this section to its employees, the employees' dependents, and other persons eligible for coverage under the employer's plan, notwithstanding chapter 363A or any other law to the contrary.

Subd. 17. [PERSON.] "Person" means a natural or artificial person, including but not limited to individuals, partnerships, limited liability companies, associations, trusts, corporations, other business entities, or governmental entities.

Sec. 4. Minnesota Statutes 2002, section 62D.03, subdivision 1, is amended to read:

Subdivision 1. [CERTIFICATE OF AUTHORITY REQUIRED.] Notwithstanding any law of this state to the contrary, any nonprofit corporation organized to do so or a local governmental unit person may apply to the commissioner of health for a certificate of authority to establish and operate a health maintenance organization in compliance with sections 62D.01 to 62D.30. No person shall establish or operate a health maintenance organization in this state, nor sell or offer to sell, or solicit offers to purchase or receive advance or periodic consideration in conjunction with a health maintenance organization or health maintenance contract unless the organization has a certificate of authority under sections 62D.01 to 62D.30. An out-of-state corporation may qualify under this chapter, subject to obtaining a certificate of authority to do business in this state as an out-of-state corporation under chapter 303 and compliance with this chapter and other applicable state laws.

Sec. 5. Minnesota Statutes 2002, section 62D.04, subdivision 1, is amended to read:

Subdivision 1. [APPLICATION REVIEW.] Upon receipt of an application for a certificate of authority, the commissioner of health shall determine whether the applicant for a certificate of authority has:

(a) demonstrated the willingness and potential ability to assure that health care services will be provided in such a manner as to enhance and assure both the availability and accessibility of adequate personnel and facilities;

(b) arrangements for an ongoing evaluation of the quality of health care;

(c) a procedure to develop, compile, evaluate, and report statistics relating to the cost of its operations, the pattern of utilization of its services, the quality, availability and accessibility of its services, and such other matters as may be reasonably required by regulation of the commissioner of health;

(d) reasonable provisions for emergency and out of area health care services;

(e) demonstrated that it is financially responsible and may reasonably be expected to meet its obligations to enrollees and prospective enrollees. In making this determination, the commissioner of health shall require the amounts of net worth and working capital required in section 62D.042, the deposit required in section 62D.041, and in addition shall consider:
(1) the financial soundness of its arrangements for health care services and the proposed schedule of charges used in connection therewith;

(2) arrangements which will guarantee for a reasonable period of time the continued availability or payment of the cost of health care services in the event of discontinuance of the health maintenance organization; and

(3) agreements with providers for the provision of health care services;

(f) demonstrated that it will assume full financial risk on a prospective basis for the provision of comprehensive health maintenance services, including hospital care; provided, however, that the requirement in this paragraph shall not prohibit the following:

(1) a health maintenance organization from obtaining insurance or making other arrangements (i) for the cost of providing to any enrollee comprehensive health maintenance services, the aggregate value of which exceeds $5,000 in any year, (ii) for the cost of providing comprehensive health care services to its members on a nonelective emergency basis, or while they are outside the area served by the organization, or (iii) for not more than 95 percent of the amount by which the health maintenance organization’s costs for any of its fiscal years exceed 105 percent of its income for such fiscal years; and

(2) a health maintenance organization from having a provision in a group health maintenance contract allowing an adjustment of premiums paid based upon the actual health services utilization of the enrollees covered under the contract, except that at no time during the life of the contract shall the contract holder fully self-insure the financial risk of health care services delivered under the contract. Risk sharing arrangements shall be subject to the requirements of sections 62D.01 to 62D.30;

(g) demonstrated that it has made provisions for and adopted a conflict of interest policy applicable to all members of the board of directors and the principal officers of the health maintenance organization. The conflict of interest policy shall include the procedures described in section 317A.255, subdivisions 1 and 2, or a substantially similar provision contained in the laws under which the health maintenance organization is incorporated or otherwise organized. However, the commissioner is not precluded from finding that a particular transaction is an unreasonable expense as described in section 62D.19 even if the directors follow the required procedures; and

(h) otherwise met the requirements of sections 62D.01 to 62D.30.

Sec. 6. [62Q.732] [RECOGNITION OF ACCREDITATION BY NATIONALLY RECOGNIZED ACCREDITING BODY.]

Subdivision 1. [DEFINITIONS.] (a) For purposes of this section, the terms defined in this subdivision have the meanings given.

(b) "Commissioner" means the commissioner of health for purposes of regulating health maintenance organizations and community integrated service networks; the commissioner of commerce for purposes of regulating all other health plan companies; or the commissioner of human services for the purpose of contracting with health plan companies serving persons enrolled in programs under chapter 256B, 256D, or 256L.

(c) "Nationally recognized accrediting body" means an organization that sets specific national standards governing health care quality assurance processes, utilization review, provider credentialing, market conduct, and other topics covered by this chapter and other chapters and, based upon those standards, provides accreditation to health plan companies. The American Accreditation Health Care Commission (URAC), the National Committee for Quality Assurance (NCQA), and the Joint Commission on Accreditation of Healthcare Organizations (JCAHO), at a minimum, are nationally recognized accrediting bodies for purposes of this section.
(d) "Acceptable accreditation status" means that a health plan company has achieved an accredited, commendable, or excellent determination, or comparable status, from a nationally recognized accrediting body.

Subd. 2. [APPLICATION OF ACCREDITATION STANDARDS TO STATE REQUIREMENTS.] (a) Health plan companies that have achieved an acceptable accreditation status or that have been determined to be in contract, or Medicare Advantage requirements by the federal Centers for Medicare and Medicaid Services, and deemed to have met the comparable requirements of state law or contract. Nationally recognized accrediting body and Medicare+Choice, cost contract, or Medicare Advantage standards must be considered to be comparable to similar state requirements if they are at least as protective of the rights of the enrollee or at least as stringent as the state requirements. Provisions of state law or contract that are covered under this subdivision include requirements relating to health care quality assurance, utilization review, provider credentialing, and market conduct. Nothing in this section prohibits the commissioner from performing an on-site review of complaint, utilization management, and appeal files.

(b) If a health plan company has formally delegated certain activities that are required under either state law or contract to another organization that has achieved an acceptable accreditation status, that health plan company may use the nationally recognized accrediting body's determination on its own behalf and must be deemed to have met the comparable requirements of the applicable state law or contract.

Subd. 3. [DISCLOSURE OF NATIONAL STANDARDS.] The commissioner may request a copy of the national standards upon which the acceptable accreditation status has been granted. This request may be made to the nationally recognized accrediting body.

Subd. 4. [ACCREDITATION NOT REQUIRED.] Nothing in this section requires a health plan company to seek an acceptable accreditation status from a nationally recognized accrediting body.

Sec. 7. Minnesota Statutes 2002, section 72A.20, is amended by adding a subdivision to read:

Subd. 37. [ELECTRONIC TRANSMISSION OF REQUIRED INFORMATION.] A health carrier as defined in section 62A.011, subdivision 2, in not in violation of this chapter for electronically transmitting or electronically making available information otherwise required to be delivered in writing under chapters 62A to 62Q and 72A to an enrollee as defined in section 62Q.01, subdivision 2a, and with the requirements of those chapters if the following conditions are met:

(1) the health carrier informs the enrollee that electronic transmission or access is available and, at the discretion of the health carrier, the enrollee is given one of the following options:

(i) electronic transmission or access will occur only if the enrollee affirmatively requests to the health carrier that the required information be electronically transmitted or available and a record of that request is retained by the health carrier; or

(ii) electronic transmission or access will automatically occur if the enrollee has not opted out of that manner of transmission by request to the health carrier and requested that the information be provided in writing. If the enrollee opts out of electronic transmission, a record of that request must be retained by the health carrier;

(2) the enrollee is allowed to withdraw the request at any time;

(3) if the information transmitted electronically contains individually identifiable data, it must be transmitted to a secured mailbox. If the information made available electronically contains individually identifiable data, it must be made available at a password-protected secured Web site;
(4) the enrollee is provided a customer service number on the enrollee’s member card that may be called to request a written copy of the document; and

(5) the electronic transmission or electronic availability meets all other requirements of the chapter including, but not limited to, size of the typeface and any required time frames for distribution.

Sec. 8. [CHANGE OF HEALTH MAINTENANCE ORGANIZATION REGULATORY AUTHORITY.]

(a) Effective July 1, 2005, regulatory authority for health maintenance organizations under Minnesota Statutes, chapter 62D, community integrated service networks, as defined in Minnesota Statutes, section 62N.02, subdivision 4a; health care cooperatives operating under Minnesota Statutes, chapter 62R; and health care purchasing alliances and accountable provider networks operating under Minnesota Statutes, chapter 62T, is transferred from the commissioner of health to the commissioner of commerce.

(b) Minnesota Statutes, section 15.039, applies to this transfer of authority.

(c) The revisor of statutes shall, in preparing Minnesota Statutes 2004, make all conforming changes in Minnesota Statutes, chapter 62D, and other chapters.

ARTICLE 7

TAXPAYER SUBSIDIZED HEALTH PROGRAM
COST-SHIFTING

Section 1. [3.990] [IMPACT OF COST-SHIFTING.]

The commissioner of human services and the commissioner of finance, in preparing a fiscal note for any legislative proposal that requires new or increased funding for an expansion of eligibility or covered services for a state health care program, shall include in the fiscal note an estimate of the financial impact of cost-shifting on private sector payers and individuals paying for health care services out-of-pocket. The commissioners shall measure the financial impact of cost-shifting by calculating the extent to which estimated state health care program reimbursement for the additional health care services expected to be provided as a result of the expansion is lower than the estimated cost to providers of providing the services. For purposes of this section, “state health care program” means the medical assistance, MinnesotaCare, and general assistance medical care programs.

Sec. 2. Minnesota Statutes 2002, section 16A.10, is amended by adding a subdivision to read:

Subd. 4. [LIMIT ON STATE HEALTH CARE PROGRAM EXPANSION.] No budget proposal shall include any provision that requests new or increased funding for an expansion of eligibility or covered services for a state health care program, unless state health care program reimbursement rates for major service categories, at the time the expansion is to take effect, will be sufficient to cover estimated provider costs for each major service category. For purposes of this section, “state health care program” means the medical assistance, MinnesotaCare, and general assistance medical care programs.

Sec. 3. [STUDY OF COST-SHIFTING.]

(a) The commissioner of human services shall evaluate the extent to which state health care program reimbursement rates result in health care provider cost-shifting to private sector payers and individuals paying for services out-of-pocket. In conducting the evaluation, the commissioner shall:
(1) examine the extent to which average state health care program reimbursement rates for major categories of services vary from average private sector reimbursement rates;

(2) examine the extent to which average state health care program reimbursement rates for major categories of services cover average provider costs;

(3) estimate the amount by which average state health care program reimbursement rates for major categories of services would need to be increased to match average private sector reimbursement rates and to cover average provider costs; and

(4) present recommendations to the legislature on methods of increasing average state health care program reimbursement rates for major categories of services, over a six-year period, to the average private sector reimbursement rate and to a level that covers average provider costs.

(b) The commissioner shall present results and recommendations to the legislature by December 15, 2004. The commissioner may contract with an actuarial consulting firm to implement this section. For purposes of this section, "state health care program" means the medical assistance, MinnesotaCare, and general assistance medical care programs."
