(a) Each district may make a levy on all taxable property located within the district for the purposes specified in this section. The maximum amount which may be levied for all costs under this section shall be equal to $30 multiplied by the district's adjusted marginal cost pupil units for the school year. The proceeds of the levy must be reserved and used for directly funding the following purposes or for reimbursing the cities and counties who contract with the district for the following purposes: (1) to pay the costs incurred for the salaries, benefits, and transportation costs of peace officers and sheriffs for liaison in services in the district's schools; (2) to pay the costs for a drug abuse prevention program as defined in section 609.101, subdivision 3, paragraph (e), in the elementary schools; (3) to pay the costs for a gang resistance education training curriculum in the district's schools; (4) to pay the costs for security in the district's schools and on school property; (5) to pay the costs for other crime prevention, drug abuse, student and staff safety, voluntary opt-in suicide prevention tools, and violence prevention measures taken by the school district; or (6) to pay costs for licensed school counselors, licensed school nurses, licensed school social workers, licensed school psychologists, and licensed alcohol and chemical dependency counselors to help provide early responses to problems. For expenditures under clause (1), the district must initially attempt to contract for services to be provided by peace officers or sheriffs with the police department of each city or the sheriff's department of the county containing the school receiving the services. If a local police department or a county sheriff's department does not wish to provide the necessary services, the district may contract for these services with any other police or sheriff's department located entirely or partially within the school district's boundaries.

(b) A school district that is a member of an intermediate school district may include in its authority under this section the costs associated with safe schools activities authorized under paragraph (a) for intermediate school district programs. This authority must not exceed $10 times the adjusted marginal cost pupil units of the member districts. This authority is in addition to any other authority authorized under this section. Revenue raised under this paragraph must be transferred to the intermediate school district.

(c) A school district must set aside at least $3 per adjusted marginal cost pupil unit of the safe schools levy proceeds for the purposes authorized under paragraph (a), clause (6). The district must annually certify either that: (1) its total spending on services provided by the employees listed in paragraph (a), clause (6), is not less than the sum of its expenditures for these purposes, excluding amounts spent under this section, in the previous year plus the amount spent under this section; or (2) the district's full-time equivalent number of employees listed in paragraph (a), clause (6), is not less than the number for the previous year.

EFFECTIVE DATE. This section is effective for revenue for fiscal years 2010 and later.
Sec. 11.  Minnesota Statutes 2008, section 275.065, subdivision 3, is amended to read:

Subd. 3. Notice of proposed property taxes. (a) The county auditor shall prepare and the county treasurer shall deliver after November 10 and on or before November 24 each year, by first class mail to each taxpayer at the address listed on the county's current year's assessment roll, a notice of proposed property taxes. Upon written request by the taxpayer, the treasurer may send the notice in electronic form or by electronic mail instead of on paper or by ordinary mail.

(b) The commissioner of revenue shall prescribe the form of the notice.

(c) The notice must inform taxpayers that it contains the amount of property taxes each taxing authority proposes to collect for taxes payable the following year. In the case of a town, or in the case of the state general tax, the final tax amount will be its proposed tax. In the case of taxing authorities required to hold a public meeting under subdivision 6, the notice must clearly state that each taxing authority, including regional library districts established under section 134.201, and including the metropolitan taxing districts as defined in paragraph (i), but excluding all other special taxing districts and towns, will hold a public meeting to receive public testimony on the proposed budget and proposed or final property tax levy, or, in the case of a school district, on the current budget and proposed property tax levy. The notice must clearly state for each city, county, school district, regional library authority established under section 134.201, and metropolitan taxing districts as defined in paragraph (i), the time and place of the taxing authority's regularly scheduled meetings in which the budget and levy will be discussed and the final budget and levy determined. The taxing authorities must provide the county auditor with the information to be included in the notice. It must clearly state the time and place of each taxing authority's meeting, provide a telephone number for the taxing authority that taxpayers may call if they have questions related to the notice, and an address where comments will be received by mail.

(d) The notice must state for each parcel:

(1) the market value of the property as determined under section 273.11, and used for computing property taxes payable in the following year and for taxes payable in the current year as each appears in the records of the county assessor on November 1 of the current year; and, in the case of residential property, whether the property is classified as homestead or nonhomestead. The notice must clearly inform taxpayers of the years to which the market values apply and that the values are final values;

(2) the items listed below, shown separately by county, city or town, and state general tax, net of the residential and agricultural homestead credit under section 273.1384, voter approved school levy, other local school levy, and the sum of the special taxing districts, and as a total of all taxing authorities:

(i) the actual tax for taxes payable in the current year; and

(ii) the proposed tax amount.

If the county levy under clause (2) includes an amount for a lake improvement district as defined under sections 103B.501 to 103B.581, the amount attributable for that purpose must be separately stated from the remaining county levy amount.

In the case of a town or the state general tax, the final tax shall also be its proposed tax unless the town changes its levy at a special town meeting under section 365.52. If a school district has certified under section 126C.17, subdivision 9, that a referendum will be held in the school district at the November general election, the county auditor must note next to the school district's proposed amount that a referendum is pending and that, if approved by the voters, the tax amount may be higher than shown on the notice. In the case of the city of Minneapolis, the levy for Minneapolis Park and Recreation shall be listed separately from the remaining amount of the city's levy.
case of the city of St. Paul, the levy for the St. Paul Library Agency must be listed separately from the remaining amount of the city's levy. In the case of Ramsey County, any amount levied under section 134.07 may be listed separately from the remaining amount of the county's levy. In the case of a parcel where tax increment or the fiscal disparities areawide tax under chapter 276A or 473F applies, the proposed tax levy on the captured value or the proposed tax levy on the tax capacity subject to the areawide tax must each be stated separately and not included in the sum of the special taxing districts; and

(3) the increase or decrease between the total taxes payable in the current year and the total proposed taxes, expressed as a percentage.

For purposes of this section, the amount of the tax on homesteads qualifying under the senior citizens' property tax deferral program under chapter 290B is the total amount of property tax before subtraction of the deferred property tax amount.

(e) The notice must clearly state that the proposed or final taxes do not include the following:

(1) special assessments;

(2) levies approved by the voters after the date the proposed taxes are certified, including bond referenda and school district levy referenda;

(3) a levy limit increase approved by the voters by the first Tuesday after the first Monday in November of the levy year as provided under section 275.73;

(4) amounts necessary to pay cleanup or other costs due to a natural disaster occurring after the date the proposed taxes are certified;

(5) amounts necessary to pay tort judgments against the taxing authority that become final after the date the proposed taxes are certified; and

(6) the contamination tax imposed on properties which received market value reductions for contamination.

(f) Except as provided in subdivision 7, failure of the county auditor to prepare or the county treasurer to deliver the notice as required in this section does not invalidate the proposed or final tax levy or the taxes payable pursuant to the tax levy.

(g) If the notice the taxpayer receives under this section lists the property as nonhomestead, and satisfactory documentation is provided to the county assessor by the applicable deadline, and the property qualifies for the homestead classification in that assessment year, the assessor shall reclassify the property to homestead for taxes payable in the following year.

(h) In the case of class 4 residential property used as a residence for lease or rental periods of 30 days or more, the taxpayer must either:

(1) mail or deliver a copy of the notice of proposed property taxes to each tenant, renter, or lessee; or

(2) post a copy of the notice in a conspicuous place on the premises of the property.

The notice must be mailed or posted by the taxpayer by November 27 or within three days of receipt of the notice, whichever is later. A taxpayer may notify the county treasurer of the address of the taxpayer, agent, caretaker, or manager of the premises to which the notice must be mailed in order to fulfill the requirements of this paragraph.
(i) For purposes of this subdivision, "metropolitan special taxing districts" means the following taxing districts in the seven-county metropolitan area that levy a property tax for any of the specified purposes listed below:

(1) Metropolitan Council under section 473.132, 473.167, 473.249, 473.325, 473.446, 473.521, 473.547, or 473.834;

(2) Metropolitan Airports Commission under section 473.667, 473.671, or 473.672; and

(3) Metropolitan Mosquito Control Commission under section 473.711.

For purposes of this section, any levies made by the regional rail authorities in the county of Anoka, Carver, Dakota, Hennepin, Ramsey, Scott, or Washington under chapter 398A shall be included with the appropriate county's levy and shall be discussed at that county's public hearing.

(j) The governing body of a county, city, or school district may, with the consent of the county board, include supplemental information with the statement of proposed property taxes about the impact of state aid increases or decreases on property tax increases or decreases and on the level of services provided in the affected jurisdiction. This supplemental information may include information for the following year, the current year, and for as many consecutive preceding years as deemed appropriate by the governing body of the county, city, or school district. It may include only information regarding:

(1) the impact of inflation as measured by the implicit price deflator for state and local government purchases;

(2) population growth and decline;

(3) state or federal government action; and

(4) other financial factors that affect the level of property taxation and local services that the governing body of the county, city, or school district may deem appropriate to include.

The information may be presented using tables, written narrative, and graphic representations and may contain instruction toward further sources of information or opportunity for comment.

**EFFECTIVE DATE.** This section is effective for taxes payable in 2010 and thereafter.

Sec. 12. Minnesota Statutes 2008, section 275.065, subdivision 6, is amended to read:

Subd. 6. Public hearing; Adoption of budget and levy. (a) For purposes of this section, the following terms shall have the meanings given:

(1) "Initial hearing" means the first and primary hearing held to discuss the taxing authority's proposed budget and proposed property tax levy for taxes payable in the following year, or, for school districts, the current budget and the proposed property tax levy for taxes payable in the following year.

(2) "Continuation hearing" means a hearing held to complete the initial hearing, if the initial hearing is not completed on its scheduled date.

(3) "Subsequent hearing" means the hearing held to adopt the taxing authority's final property tax levy, and, in the case of taxing authorities other than school districts, the final budget, for taxes payable in the following year.
(b) Between November 29 and December 20, the governing bodies of a city that has a population over 500, county, metropolitan special taxing districts as defined in subdivision 3, paragraph (i), and regional library districts shall each hold an initial public hearing to discuss and seek public comment on its final budget and property tax levy for taxes payable in the following year, and the governing body of the school district shall hold an initial public hearing to review its current budget and proposed property tax levy for taxes payable in the following year. The metropolitan special taxing districts shall be required to hold only a single joint initial public hearing, the location of which will be determined by the affected metropolitan agencies. A city, county, metropolitan special taxing district as defined in subdivision 3, paragraph (i), regional library district established under section 134.201, or school district is not required to hold a public hearing under this subdivision unless its proposed property tax levy for taxes payable in the current year, as certified under subdivision 1, has increased over its final property tax levy for taxes payable in the current year by a percentage that is greater than the percentage increase in the implicit price deflator for government consumption expenditures and gross investment for state and local governments prepared by the Bureau of Economic Analysis of the United States Department of Commerce for the 12-month period ending March 31 of the current year.

(c) The initial hearing must be held after 5:00 p.m. if scheduled on a day other than Saturday. No initial hearing may be held on a Sunday.

(d) At the initial hearing under this subdivision, the percentage increase in property taxes proposed by the taxing authority, if any, and the specific purposes for which property tax revenues are being increased must be discussed. During the discussion, the governing body shall hear comments regarding a proposed increase and explain the reasons for the proposed increase. The public shall be allowed to speak and to ask questions. At the public hearing, the school district must also provide and discuss information on the distribution of its revenues by revenue source, and the distribution of its spending by program area.

(e) If the initial hearing is not completed on its scheduled date, the taxing authority must announce, prior to adjournment of the hearing, the date, time, and place for the continuation of the hearing. The continuation hearing must be held at least five business days but no more than 14 business days after the initial hearing. A continuation hearing may not be held later than December 20 except as provided in paragraphs (f) and (g). A continuation hearing must be held after 5:00 p.m. if scheduled on a day other than Saturday. No continuation hearing may be held on a Sunday.

(f) The governing body of a county shall hold its initial hearing on the first Thursday in December each year, and may hold additional initial hearings on other dates before December 20 if necessary for the convenience of county residents. If the county needs a continuation of its hearing, the continuation hearing shall be held on the third Tuesday in December. If the third Tuesday in December falls on December 21, the county's continuation hearing shall be held on Monday, December 20.

(g) The metropolitan special taxing districts shall hold a joint initial public hearing on the first Wednesday of December. A continuation hearing, if necessary, shall be held on the second Wednesday of December even if that second Wednesday is after December 10.

(h) The county auditor shall provide for the coordination of initial and continuation hearing dates for all school districts and cities within the county to prevent conflicts under clauses (i) and (j).

(i) By August 10, each school board and the board of the regional library district shall certify to the county auditors of the counties in which the school district or regional library district is located the dates on which it elects to hold its initial hearing and any continuation hearing. If a school board or regional library district does not certify these dates by August 10, the auditor will assign the initial and continuation hearing dates. The dates elected or assigned must not conflict with the initial and continuation hearing dates of the county or the metropolitan special taxing districts.
(j) By August 20, the county auditor shall notify the clerks of the cities within the county of the dates on which school districts and regional library districts have elected to hold their initial and continuation hearings. At the time a city certifies its proposed levy under subdivision 1 it shall certify the dates on which it elects to hold its initial hearing and any continuation hearing. Until September 15, the first and second Mondays of December are reserved for the use of the cities. If a city does not certify its hearing dates by September 15, the auditor shall assign the initial and continuation hearing dates. The dates elected or assigned for the initial hearing must not conflict with the initial hearing dates of the county, metropolitan special taxing districts, regional library districts, or school districts within which the city is located. To the extent possible, the dates of the city's continuation hearing should not conflict with the continuation hearing dates of the county, metropolitan special taxing districts, regional library districts, or school districts within which the city is located. This paragraph does not apply to cities of 500 population or less.

(k) The county initial hearing date and the city, metropolitan special taxing district, regional library district, and school district initial hearing dates must be designated on the notices required under subdivision 3. The continuation hearing dates need not be stated on the notices.

(l) At a subsequent hearing, each county, school district, city over 500 population, and metropolitan special taxing district may amend its proposed property tax levy and must adopt a final property tax levy. Each county, city over 500 population, and metropolitan special taxing district may also amend its proposed budget and must adopt a final budget at the subsequent hearing. The final property tax levy must be adopted prior to adopting the final budget. A school district is not required to adopt its final budget at the subsequent hearing. The subsequent hearing of a taxing authority must be held on a date subsequent to the date of the taxing authority's initial public hearing. If a continuation hearing is held, the subsequent hearing must be held either immediately following the continuation hearing or on a date subsequent to the continuation hearing. The subsequent hearing may be held at a regularly scheduled board or council meeting or at a special meeting scheduled for the purposes of the subsequent hearing. The subsequent hearing of a taxing authority does not have to be coordinated by the county auditor to prevent a conflict with an initial hearing, a continuation hearing, or a subsequent hearing of any other taxing authority. All subsequent hearings must be held prior to five working days after December 20 of the levy year. The date, time, and place of the subsequent hearing must be announced at the initial public hearing or at the continuation hearing.

(m) (a) The property tax levy certified under section 275.07 by a city of any population, county, metropolitan special taxing district, regional library district, or school district must not exceed the proposed levy determined under subdivision 1, except by an amount up to the sum of the following amounts:

1. the amount of a school district levy whose voters approved a referendum to increase taxes under section 123B.63, subdivision 3, or 126C.17, subdivision 9, after the proposed levy was certified;

2. the amount of a city or county levy approved by the voters after the proposed levy was certified;

3. the amount of a levy to pay principal and interest on bonds approved by the voters under section 475.58 after the proposed levy was certified;

4. the amount of a levy to pay costs due to a natural disaster occurring after the proposed levy was certified, if that amount is approved by the commissioner of revenue under subdivision 6a;

5. the amount of a levy to pay tort judgments against a taxing authority that become final after the proposed levy was certified, if the amount is approved by the commissioner of revenue under subdivision 6a;

6. the amount of an increase in levy limits certified to the taxing authority by the commissioner of education or the commissioner of revenue after the proposed levy was certified; and
(7) the amount required under section 126C.55.

(a) (b) This subdivision does not apply to towns and special taxing districts other than regional library districts and metropolitan special taxing districts.

(e) (c) Notwithstanding the requirements of this section, the employer is required to meet and negotiate over employee compensation as provided for in chapter 179A.

**EFFECTIVE DATE.** This section is effective for taxes payable in 2010 and thereafter.

Sec. 13. Laws 2008, chapter 363, article 2, section 46, subdivision 1, is amended to read:

Subdivision 1. **Capital account transfers.** Notwithstanding any law to the contrary, on June 30, of 2008, 2009, and 2010, a school district may transfer money from its reserved for operating capital account to its undesignated balance in the general fund. The amount transferred by any school district must not exceed $51 times the district’s adjusted marginal cost pupil units for the second preceding fiscal year 2007. This transfer annually may occur only after the school board has adopted a written resolution stating the amount of the transfer and declaring that the school district’s operating capital needs are being met.
