"Sec. 12. Minnesota Statutes 2009 Supplement, section 298.227, is amended to read:

298.227 TACONITE ECONOMIC DEVELOPMENT FUND.

(a) An amount equal to that distributed pursuant to each taconite producer's taxable production and qualifying sales under section 298.28, subdivision 9a, shall be held by the Iron Range Resources and Rehabilitation Board in a separate taconite economic development fund for each taconite and direct reduced ore producer. Money from the fund for each producer shall be released by the commissioner after review by a joint committee consisting of an equal number of representatives of the salaried employees and the nonsalaried production and maintenance employees of that producer. The District 11 director of the United States Steelworkers of America, on advice of each local employee president, shall select the employee members. In nonorganized operations, the employee committee shall be elected by the nonsalaried production and maintenance employees. The review must be completed no later than six months after the producer presents a proposal for expenditure of the funds to the committee. The funds held pursuant to this section may be released only for workforce development and associated public facility improvement, or for acquisition of plant and stationary mining equipment and facilities for the producer or for research and development in Minnesota on new mining, or taconite, iron, or steel production technology, but only if the producer provides a matching expenditure to be used for the same purpose of at least 50 percent of the distribution based on 14.7 cents per ton beginning with distributions in 2002. Effective for proposals for expenditures of money from the fund beginning May 26, 2007, the commissioner may not release the funds before the next scheduled meeting of the board. If a proposed expenditure is not approved by at least seven Iron Range Resources and Rehabilitation Board members, the funds must be deposited in the Taconite Environmental Protection Fund under sections 298.222 to 298.225. If a producer uses money which has been released from the fund prior to May 26, 2007 to procure haulage trucks, mobile equipment, or mining shovels, and the producer removes the piece of equipment from the taconite tax relief area defined in section 273.134 within ten years from the date of receipt of the money from the fund, a portion of the money granted from the fund must be repaid to the taconite economic development fund. The portion of the money to be repaid is 100 percent of the grant if the equipment is removed from the taconite tax relief area within 12 months after receipt of the money from the fund, declining by ten percent for each of the subsequent nine years during which the equipment remains within the
taconite tax relief area. If a taconite production facility is sold after operations at the facility had ceased, any money
remaining in the fund for the former producer may be released to the purchaser of the facility on the terms otherwise
applicable to the former producer under this section. If a producer fails to provide matching funds for a proposed
expenditure within six months after the commissioner approves release of the funds, the funds are available for
release to another producer in proportion to the distribution provided and under the conditions of this section. Any
portion of the fund which is not released by the commissioner within one year of its deposit in the fund shall be
divided between the taconite environmental protection fund created in section 298.223 and the Douglas J. Johnson
economic protection trust fund created in section 298.292 for placement in their respective special accounts. Two-
thirds of the unreleased funds shall be distributed to the taconite environmental protection fund and one-third to the
Douglas J. Johnson economic protection trust fund.

(b)(i) Notwithstanding the requirements of paragraph (a), setting the amount of distributions and the review
process, an amount equal to ten cents per taxable ton of production in 2007, for distribution in 2008 only, that would
otherwise be distributed under paragraph (a), may be used for a loan or grant for the cost of providing for a biomass
energy value-added wood product facility located in the taconite tax relief area and in a county that contains a city of
the first class. This amount must be deducted from the distribution under paragraph (a) for which a matching
expenditure by the producer is not required. The granting of the loan or grant is subject to approval by at least seven
Iron Range Resources and Rehabilitation Board members. If the money is provided as a loan, interest must be
payable on the loan at the rate prescribed in section 298.2213, subdivision 3. (ii) Repayments of the loan and
interest, if any, must be deposited in the taconite environment protection fund under sections 298.222 to 298.225. If
a loan or grant is not made under this paragraph by July 1, 2012, the amount that had been made available for
the loan under this paragraph must be transferred to the taconite environment protection fund under sections 298.222
to 298.225. (iii) Money distributed in 2008 to the fund established under this section that exceeds ten cents per ton
is available to qualifying producers under paragraph (a) on a pro rata basis.

(c) Repayment or transfer of money to the taconite environmental protection fund under paragraph (b), item (ii),
must be allocated by the Iron Range Resources and Rehabilitation Board for public works projects in house
legislative districts in the same proportion as taxable tonnage of production in 2007 in each house legislative district,
for distribution in 2008, bears to total taxable tonnage of production in 2007, for distribution in 2008. Notwithstanding any other law to the contrary, expenditures under this paragraph do not require approval by the
governor. For purposes of this paragraph, "house legislative districts" means the legislative districts in existence on

EFFECTIVE DATE. This section is effective the day following final enactment.

Sec. 13. Minnesota Statutes 2009 Supplement, section 298.28, subdivision 4, is amended to read:

Subd. 4. School districts. (a) 23.15 cents per taxable ton, plus the increase provided in paragraph (d), less the
amount that would have been computed under Minnesota Statutes 2008, section 126C.21, subdivision 4, for the
current year for that district, must be allocated to qualifying school districts to be distributed, based upon the
certification of the commissioner of revenue, under paragraphs (b), (c), and (f).

(b) (i) 3.43 cents per taxable ton must be distributed to the school districts in which the lands from which
taconite was mined or quarried were located or within which the concentrate was produced. The distribution must
be based on the apportionment formula prescribed in subdivision 2.

(ii) Four cents per taxable ton from each taconite facility must be distributed to each affected school district for
deposit in a fund dedicated to building maintenance and repairs, as follows:

(1) proceeds from Keewatin Taconite or its successor are distributed to Independent School Districts Nos. 316,
Coleraine, and 319, Nashwauk-Keewatin, or their successor districts;
(2) proceeds from the Hibbing Taconite Company or its successor are distributed to Independent School Districts Nos. 695, Chisholm, and 701, Hibbing, or their successor districts;

(3) proceeds from the Mittal Steel Company and Minntac or their successors are distributed to Independent School Districts Nos. 712, Mountain Iron-Buhl, 706, Virginia, 2711, Mesabi East, and 2154, Eveleth-Gilbert, or their successor districts;

(4) proceeds from the Northshore Mining Company or its successor are distributed to Independent School Districts Nos. 2142, St. Louis County, and 381, Lake Superior, or their successor districts; and

(5) proceeds from United Taconite or its successor are distributed to Independent School Districts Nos. 2142, St. Louis County, and 2154, Eveleth-Gilbert, or their successor districts.

Revenues that are required to be distributed to more than one district shall be apportioned according to the number of pupil units identified in section 126C.05, subdivision 1, enrolled in the second previous year.

(c)(i) 15.72 cents per taxable ton, less any amount distributed under paragraph (e), shall be distributed to a group of school districts comprised of those school districts which qualify as a tax relief area under section 273.134, paragraph (b), or in which there is a qualifying municipality as defined by section 273.134, paragraph (a), in direct proportion to school district indexes as follows: for each school district, its pupil units determined under section 126C.05 for the prior school year shall be multiplied by the ratio of the average adjusted net tax capacity per pupil unit for school districts receiving aid under this clause as calculated pursuant to chapters 122A, 126C, and 127A for the school year ending prior to distribution to the adjusted net tax capacity per pupil unit of the district. Each district shall receive that portion of the distribution which its index bears to the sum of the indices for all school districts that receive the distributions.

(ii) Notwithstanding clause (i), each school district that receives a distribution under sections 298.018; 298.23 to 298.28, exclusive of any amount received under this clause; 298.34 to 298.39; 298.391 to 298.396; 298.405; or any law imposing a tax on severed mineral values after reduction for any portion distributed to cities and towns under section 126C.48, subdivision 8, paragraph (5), that is less than the amount of its levy reduction under section 126C.48, subdivision 8, for the second year prior to the year of the distribution shall receive a distribution equal to the difference; the amount necessary to make this payment shall be derived from proportionate reductions in the initial distribution to other school districts under clause (i). If there are insufficient tax proceeds to make the distribution provided under this paragraph in any year, money must be transferred from the taconite property tax relief account in subdivision 6, to the extent of the shortfall in the distribution.

(d) Any school district described in paragraph (c) where a levy increase pursuant to section 126C.17, subdivision 9, was authorized by referendum for taxes payable in 2001, shall receive a distribution of 21.3 cents per ton. Each district shall receive $175 times the pupil units identified in section 126C.05, subdivision 1, enrolled in the second previous year or the 1983-1984 school year, whichever is greater, less the product of 1.8 percent times the district’s taxable net tax capacity in the second previous year.

If the total amount provided by paragraph (d) is insufficient to make the payments herein required then the entitlement of $175 per pupil unit shall be reduced uniformly so as not to exceed the funds available. Any amounts received by a qualifying school district in any fiscal year pursuant to paragraph (d) shall not be applied to reduce general education aid which the district receives pursuant to section 126C.13 or the permissible levies of the district. Any amount remaining after the payments provided in this paragraph shall be paid to the commissioner of Iron Range resources and rehabilitation who shall deposit the same in the taconite environmental protection fund and the Douglas J. Johnson economic protection trust fund as provided in subdivision 11.

Each district receiving money according to this paragraph shall reserve the lesser of the amount received under this paragraph or $25 times the number of pupil units served in the district. It may use the money for early childhood programs or for outcome-based learning programs that enhance the academic quality of the district’s curriculum. The outcome-based learning programs must be approved by the commissioner of education.
(e) There shall be distributed to any school district the amount which the school district was entitled to receive under section 298.32 in 1975.

(f) Four cents per taxable ton must be distributed to qualifying school districts according to the distribution specified in paragraph (b), clause (ii), and two cents per taxable ton must be distributed according to the distribution specified in paragraph (c). These amounts are not subject to sections 126C.21, subdivision 4, and 126C.48, subdivision 8.

The provisions of this subdivision do not apply to personal property which has been sold or otherwise disposed of by the landlord in accordance with subdivision 1, or to landlords who are housing authorities, created, or authorized to be created by sections 469.001 to 469.047, and their agents and employees, in possession of a tenant's personal property, except that housing authorities must allow the tenant to retake possession of the property in accordance with this subdivision.

This presumption is rebutted if the landlord produces a business record that shows that the tenant has not paid the rent.
