We, the undersigned conferees for S. F. No. 80 report that we have agreed upon the items in dispute and recommend as follows:

That the House recede from its amendments and that S. F. No. 80 be further amended as follows:

Delete everything after the enacting clause and insert:

"Section 1. Minnesota Statutes 2008, section 10A.01, subdivision 9, is amended to read:

Subd. 9. Campaign expenditure. "Campaign expenditure" or "expenditure" means a purchase or payment of money or anything of value, or an advance of credit, made or incurred for the purpose of influencing the nomination or election of a candidate or for the purpose of promoting or defeating a ballot question.

An expenditure is considered to be made in the year in which the candidate made the purchase of goods or services or incurred an obligation to pay for goods or services.

An expenditure made for the purpose of defeating a candidate is considered made for the purpose of influencing the nomination or election of that candidate or any opponent of that candidate.

Except as provided in clause (1), "expenditure" includes the dollar value of a donation in kind.

"Expenditure" does not include:

(1) noncampaign disbursements as defined in subdivision 26;

(2) services provided without compensation by an individual volunteering personal time on behalf of a candidate, ballot question, political committee, political fund, principal campaign committee, or party unit; or

(3) the publishing or broadcasting of news items or editorial comments by the news media; or

(4) an individual’s unreimbursed personal use of an automobile owned by the individual and used by the individual while volunteering personal time.

Sec. 2. Minnesota Statutes 2008, section 10A.01, subdivision 11, is amended to read:

Subd. 11. Contribution. (a) "Contribution" means money, a negotiable instrument, or a donation in kind that is given to a political committee, political fund, principal campaign committee, or party unit.
(b) "Contribution" includes a loan or advance of credit to a political committee, political fund, principal campaign committee, or party unit, if the loan or advance of credit is: (1) forgiven; or (2) repaid by an individual or an association other than the political committee, political fund, principal campaign committee, or party unit to which the loan or advance of credit was made. If an advance of credit or a loan is forgiven or repaid as provided in this paragraph, it is a contribution in the year in which the loan or advance of credit was made.

(c) "Contribution" does not include services provided without compensation by an individual volunteering personal time on behalf of a candidate, ballot question, political committee, political fund, principal campaign committee, or party unit, or the publishing or broadcasting of news items or editorial comments by the news media; or an individual's unreimbursed personal use of an automobile owned by the individual while volunteering personal time.

Sec. 3. Minnesota Statutes 2008, section 10A.01, subdivision 18, is amended to read:

Subd. 18. Independent expenditure. "Independent expenditure" means an expenditure expressly advocating the election or defeat of a clearly identified candidate, if the expenditure is made without the express or implied consent, authorization, or cooperation of, and not in concert with or at the request or suggestion of, any candidate or any candidate's principal campaign committee or agent. An independent expenditure is not a contribution to that candidate. An expenditure by a political party or political party unit in a race where the political party has a candidate on the ballot is not an independent expenditure.

Sec. 4. Minnesota Statutes 2008, section 10A.01, subdivision 26, is amended to read:

Subd. 26. Noncampaign disbursement. "Noncampaign disbursement" means a purchase or payment of money or anything of value made, or an advance of credit incurred, or a donation in kind received, by a principal campaign committee for any of the following purposes:

(4) return of a public subsidy;

(5) payment for food, beverages, and necessary utensils and supplies, entertainment, and facility rental for a fund-raising event;

(6) services for a constituent by a member of the legislature or a constitutional officer in the executive branch, including the costs of preparing and distributing a suggestion or idea solicitation to constituents, performed from the beginning of the term of office to adjournment sine die of the legislature in the election year for the office held, and half the cost of services for a constituent by a member of the legislature or a constitutional officer in the executive branch performed from adjournment sine die to 60 days after adjournment sine die;

(7) payment for food and beverages consumed by a candidate or volunteers while they are engaged in campaign activities;

(8) payment for food or a beverage consumed while attending a reception or meeting directly related to legislative duties;

(9) payment of expenses incurred by elected or appointed leaders of a legislative caucus in carrying out their leadership responsibilities;
(10) payment by a principal campaign committee of the candidate's expenses for serving in public office, other than for personal uses;

(11) costs of child care for the candidate's children when campaigning;

(12) fees paid to attend a campaign school;

(14) interest on loans paid by a principal campaign committee on outstanding loans;

(15) filing fees;

(16) post-general election thank-you notes or advertisements in the news media;

(17) the cost of campaign material purchased to replace defective campaign material, if the defective material is destroyed without being used;

(18) contributions to a party unit;

(19) payments for funeral gifts or memorials;

(20) the cost of a magnet less than six inches in diameter containing legislator contact information and distributed to constituents;

(21) costs associated with a candidate attending a political party state or national convention in this state; and

(22) other purchases or payments specified in board rules or advisory opinions as being for any purpose other than to influence the nomination or election of a candidate or to promote or defeat a ballot question; and

(23) costs paid to a third party for processing contributions made by a credit card, debit card, or electronic check.

The board must determine whether an activity involves a noncampaign disbursement within the meaning of this subdivision.

A noncampaign disbursement is considered to be made in the year in which the candidate made the purchase of goods or services or incurred an obligation to pay for goods or services.

May 5, 2010

The Honorable James P. Metzen
President of the Senate

The Honorable Margaret Anderson Kelliher
Speaker of the House of Representatives

We, the undersigned conferees for S. F. No. 2519 report that we have agreed upon the items in dispute and recommend as follows:

That the House recede from its amendments and that S. F. No. 2519 be further amended as follows:
Delete everything after the enacting clause and insert:

"Section 1. Minnesota Statutes 2008, section 13.681, is amended by adding a subdivision to read:

Subd. 8. Public utility expense data. Treatment of employee expense data submitted in a rate case petition is governed by section 216B.16, subdivision 17.

Sec. 2. Minnesota Statutes 2008, section 216B.16, is amended by adding a subdivision to read:

Subd. 17. Travel, entertainment, and related employee expenses. (a) The commission may not allow as operating expenses a public utility's travel, entertainment, and related employee expenses that the commission deems unreasonable and unnecessary for the provision of utility service. In order to assist the commission in evaluating the travel, entertainment, and related employee expenses that may be allowed for ratemaking purposes, a public utility filing a general rate case petition shall include a schedule separately itemizing all travel, entertainment, and related employee expenses as specified by the commission, including but not limited to the following categories:

(1) travel and lodging expenses;
(2) food and beverage expenses;
(3) recreational and entertainment expenses;
(4) board of director-related expenses, including and separately itemizing all compensation and expense reimbursements;
(5) expenses for the ten highest paid officers and employees, including and separately itemizing all compensation and expense reimbursements;
(6) dues and expenses for memberships in organizations or clubs;
(7) gift expenses;
(8) expenses related to owned, leased, or chartered aircraft; and
(9) lobbying expenses.

(b) To comply with the requirements of paragraph (a), each applicable expense incurred in the most recently completed fiscal year must be itemized separately, and each itemization must include the date of the expense, the amount of the expense, the vendor name, and the business purpose of the expense. The separate itemization required by this paragraph may be provided using standard accounting reports already utilized by the utility involved in the rate case, in a written format or an electronic format that is acceptable to the commission. For expenses identified in response to paragraph (a), clauses (1) and (2), the utility shall disclose the total amounts for each expense category and provide separate itemization for those expenses incurred by or on behalf of any employee at the level of vice president or higher and for board members. The petitioning utility shall also provide a one-page summary of the total amounts for each expense category included in the petitioning utility's proposed test year.

(c) Except as otherwise provided in this paragraph, data submitted to the commission under paragraph (a) are public data. The commission or an administrative law judge assigned to the case may treat the salary of one or more of the ten highest paid officers and employees, other than the five highest paid, as private data on individuals as defined in section 13.02, subdivision 12, or issue a protective order governing release of the salary, if the utility establishes that the competitive disadvantage to the utility that would result from release of the salary outweighs the public interest in access to the data. Access to the data by a government entity that is a party to the rate case must not be restricted."

"ARTICLE 1

LICENSING

Section 1. Minnesota Statutes 2008, section 144A.071, subdivision 4c, is amended to read:

Subd. 4c. **Exceptions for replacement beds after June 30, 2003.** (a) The commissioner of health, in coordination with the commissioner of human services, may approve the renovation, replacement, upgrading, or relocation of a nursing home or boarding care home, under the following conditions:
(1) to license and certify an 80-bed city-owned facility in Nicollet County to be constructed on the site of a new city-owned hospital to replace an existing 85-bed facility attached to a hospital that is also being replaced. The threshold allowed for this project under section 144A.073 shall be the maximum amount available to pay the additional medical assistance costs of the new facility;

(2) to license and certify 29 beds to be added to an existing 69-bed facility in St. Louis County, provided that the 29 beds must be transferred from active or layaway status at an existing facility in St. Louis County that had 235 beds on April 1, 2003.

The licensed capacity at the 235-bed facility must be reduced to 206 beds, but the payment rate at that facility shall not be adjusted as a result of this transfer. The operating payment rate of the facility adding beds after completion of this project shall be the same as it was on the day prior to the day the beds are licensed and certified. This project shall not proceed unless it is approved and financed under the provisions of section 144A.073;

(3) to license and certify a new 60-bed facility in Austin, provided that: (i) 45 of the new beds are transferred from a 45-bed facility in Austin under common ownership that is closed and 15 of the new beds are transferred from a 182-bed facility in Albert Lea under common ownership; (ii) the commissioner of human services is authorized by the 2004 legislature to negotiate budget-neutral planned nursing facility closures; and (iii) money is available from planned closures of facilities under common ownership to make implementation of this clause budget-neutral to the state. The bed capacity of the Albert Lea facility shall be reduced to 167 beds following the transfer. Of the 60 beds at the new facility, 20 beds shall be used for a special care unit for persons with Alzheimer's disease or related dementias;

(4) to license and certify up to 80 beds transferred from an existing state-owned nursing facility in Cass County to a new facility located on the grounds of the Ah-Gwah-Ching campus. The operating cost payment rates for the new facility shall be determined based on the interim and settle-up payment provisions of Minnesota Rules, part 9549.0057, and the reimbursement provisions of section 256B.431. The property payment rate for the first three years of operation shall be $35 per day. For subsequent years, the property payment rate of $35 per day shall be adjusted for inflation as provided in section 256B.434, subdivision 4, paragraph (c), as long as the facility has a contract under section 256B.434; and

(5) to initiate a pilot program to license and certify up to 80 beds transferred from an existing county-owned nursing facility in Steele County relocated to the site of a new acute care facility as part of the county's Communities for a Lifetime comprehensive plan to create innovative responses to the aging of its population. Upon relocation to the new site, the nursing facility shall delicense 28 beds. The property payment rate for the first three years of operation of the new facility shall be increased by an amount as calculated according to items (i) to (v):

(i) compute the estimated decrease in medical assistance residents served by the nursing facility by multiplying the decrease in licensed beds by the historical percentage of medical assistance resident days;

(ii) compute the annual savings to the medical assistance program from the delicensure of 28 beds by multiplying the anticipated decrease in medical assistance residents, determined in item (i), by the existing facility's weighted average payment rate multiplied by 365;

(iii) compute the anticipated annual costs for community-based services by multiplying the anticipated decrease in medical assistance residents served by the nursing facility, determined in item (i), by the average monthly elderly waiver service costs for individuals in Steele County multiplied by 12;

(iv) subtract the amount in item (iii) from the amount in item (ii);
(v) divide the amount in item (iv) by an amount equal to the relocated nursing facility's occupancy factor under section 256B.431, subdivision 3f, paragraph (c), multiplied by the historical percentage of medical assistance resident days.

For subsequent years, the adjusted property payment rate shall be adjusted for inflation as provided in section 256B.434, subdivision 4, paragraph (c), as long as the facility has a contract under section 256B.434.

(6) to consolidate and relocate nursing facility beds to a new site in Goodhue County and to integrate these services with other community-based programs and services under a communities for a lifetime pilot program and comprehensive plan to create innovative responses to the aging of its population. Eighty beds in the city of Red Wing shall be transferred from the downsizing and relocation of an existing 84-bed, hospital-owned nursing facility and the entire closure or downsizing of beds from a 65-bed nonprofit nursing facility in the community resulting in the delicensure of 69 beds in the two existing facilities. Notwithstanding the carryforward of the approval authority in section 144A.073, subdivision 11, the funding approved in April 2009 by the commissioner of health for a project in Goodhue County shall not carry forward. The closure of the 69 beds shall not be eligible for a planned closure rate adjustment under section 256B.437. The construction project permitted in this clause shall not be eligible for a threshold project rate adjustment under section 256B.434, subdivision 4f. The property payment rate for the first three years of operation of the new facility shall be increased by an amount as calculated according to items (i) to (vi):

(i) compute the estimated decrease in medical assistance residents served by both nursing facilities by multiplying the difference between the occupied beds of the two nursing facilities for the reporting year ending September 30, 2009, and the projected occupancy of the facility at 95 percent occupancy by the historical percentage of medical assistance resident days;

(ii) compute the annual savings to the medical assistance program from the delicensure by multiplying the anticipated decrease in the medical assistance residents, determined in item (i), by the hospital-owned nursing facility weighted average payment rate multiplied by 365;

(iii) compute the anticipated annual costs for community-based services by multiplying the anticipated decrease in medical assistance residents served by the facilities, determined in item (i), by the average monthly elderly waiver service costs for individuals in Goodhue County multiplied by 12;

(iv) subtract the amount in item (iii) from the amount in item (ii);

(v) multiply the amount in item (iv) by 48.5 percent; and

(vi) divide the difference of the amount in item (iv) and the amount in item (v) by an amount equal to the relocated nursing facility's occupancy factor under section 256B.431, subdivision 3f, paragraph (c), multiplied by the historical percentage of medical assistance resident days.

For subsequent years, the adjusted property payment rate shall be adjusted for inflation as provided in section 256B.434, subdivision 4, paragraph (c), as long as the facility has a contract under section 256B.434.

(b) Projects approved under this subdivision shall be treated in a manner equivalent to projects approved under subdivision 4a.

EFFECTIVE DATE. This section is effective the day following final enactment.

Sec. 4. Minnesota Statutes 2009 Supplement, section 245A.04, subdivision 5, is amended to read:

Subd. 5. Commissioner’s right of access. When the commissioner is exercising the powers conferred by this chapter and sections 245.69, 626.556, and 626.557, the commissioner must be given access to the physical plant and grounds where the program is provided, documents and records, including records maintained in electronic format, persons served by the program, and staff whenever the program is in operation and the information is relevant to inspections or investigations conducted by the commissioner. The commissioner must be given access without prior notice and as often as the commissioner considers necessary if the commissioner is conducting an investigation of allegations of investigating alleged maltreatment or other, conducting a licensing inspection, or investigating an alleged violation of applicable laws or rules. In conducting inspections, the commissioner may request and shall receive assistance from other state, county, and municipal governmental agencies and departments. The applicant or license holder shall allow the commissioner to photocopy, photograph, and make audio and video tape recordings during the inspection of the program at the commissioner’s expense. The commissioner shall obtain a court order or the consent of the subject of the records or the parents or legal guardian of the subject before photocopying hospital medical records.

Persons served by the program have the right to refuse to consent to be interviewed, photographed, or audio or videotaped. Failure or refusal of an applicant or license holder to fully comply with this subdivision is reasonable cause for the commissioner to deny the application or immediately suspend or revoke the license.

Sec. 5. Minnesota Statutes 2009 Supplement, section 245A.04, subdivision 7, is amended to read:

Subd. 7. Grant of license; license extension. (a) If the commissioner determines that the program complies with all applicable rules and laws, the commissioner shall issue a license. At minimum, the license shall state:
(1) the name of the license holder;

(2) the address of the program;

(3) the effective date and expiration date of the license;

(4) the type of license;

(5) the maximum number and ages of persons that may receive services from the program; and

(6) any special conditions of licensure.

(b) The commissioner may issue an initial license for a period not to exceed two years if:

(1) the commissioner is unable to conduct the evaluation or observation required by subdivision 4, paragraph (a), clauses (3) and (4), because the program is not yet operational;

(2) certain records and documents are not available because persons are not yet receiving services from the program; and

(3) the applicant complies with applicable laws and rules in all other respects.

(c) A decision by the commissioner to issue a license does not guarantee that any person or persons will be placed or cared for in the licensed program. A license shall not be transferable to another individual, corporation, partnership, voluntary association, other organization, or controlling individual or to another location.

(d) A license holder must notify the commissioner and obtain the commissioner's approval before making any changes that would alter the license information listed under paragraph (a).

(e) Except as provided in paragraphs (g) and (h), the commissioner shall not issue or reissue a license if the applicant, license holder, or controlling individual has:

(1) been disqualified and the disqualification was not set aside and no variance has been granted;

(2) has been denied a license within the past two years;

(3) had a license revoked within the past five years; or

(4) has an outstanding debt related to a license fee, licensing fine, or settlement agreement for which payment is delinquent.

When a license is revoked under clause (1) or (3), the license holder and controlling individual may not hold any license under chapter 245A or 245B for five years following the revocation, and other licenses held by the applicant, license holder, or controlling individual shall also be revoked.

(f) The commissioner shall not issue or reissue a license if an individual living in the household where the licensed services will be provided as specified under section 245C.03, subdivision 1, has been disqualified and the disqualification has not been set aside and no variance has been granted.

(g) Pursuant to section 245A.07, subdivision 1, paragraph (b), when a license has been suspended or revoked and the suspension or revocation is under appeal, the program may continue to operate pending a final order from the commissioner. If the license under suspension or revocation will expire before a final order is issued, a temporary provisional license may be issued provided any applicable license fee is paid before the temporary provisional license is issued.
(h) Notwithstanding paragraph (g), when a revocation is based on the disqualification of a controlling individual or license holder, and the controlling individual or license holder is ordered under section 245C.17 to be immediately removed from direct contact with persons receiving services or is ordered to be under continuous, direct supervision when providing direct contact services, the program may continue to operate only if the program complies with the order and submits documentation demonstrating compliance with the order. If the disqualified individual fails to submit a timely request for reconsideration, or if the disqualification is not set aside and no variance is granted, the order to immediately remove the individual from direct contact or to be under continuous, direct supervision remains in effect pending the outcome of a hearing and final order from the commissioner.

(g) (i) For purposes of reimbursement for meals only, under the Child and Adult Care Food Program, Code of Federal Regulations, title 7, subtitle B, chapter II, subchapter A, part 226, relocation within the same county by a licensed family day care provider, shall be considered an extension of the license for a period of no more than 30 calendar days or until the new license is issued, whichever occurs first, provided the county agency has determined the family day care provider meets licensure requirements at the new location.

(h) (j) Unless otherwise specified by statute, all licenses expire at 12:01 a.m. on the day after the expiration date stated on the license. A license holder must apply for and be granted a new license to operate the program or the program must not be operated after the expiration date.

(k) The commissioner shall not issue or reissue a license if it has been determined that a tribal licensing authority has established jurisdiction to license the program or service.

**EFFECTIVE DATE.** This section is effective the day following final enactment.

Sec. 6. Minnesota Statutes 2009 Supplement, section 245A.07, subdivision 1, is amended to read:

Subdivision 1. **Sanctions; appeals; license.** (a) In addition to making a license conditional under section 245A.06, the commissioner may suspend or revoke the license, impose a fine, or secure an injunction against the continuing operation of the program of a license holder who does not comply with applicable law or rule. When applying sanctions authorized under this section, the commissioner shall consider the nature, chronicity, or severity of the violation of law or rule and the effect of the violation on the health, safety, or rights of persons served by the program.

(b) If a license holder appeals the suspension or revocation of a license and the license holder continues to operate the program pending a final order on the appeal, and the license expires during this time period, the commissioner shall issue the license holder a temporary provisional license. The temporary provisional license is effective on the date issued and expires on the date that a final order is issued. Unless otherwise specified by the commissioner, variances in effect on the date of the license sanction under appeal continue under the temporary provisional license. If a license holder fails to comply with applicable law or rule while operating under a temporary provisional license, the commissioner may impose additional sanctions under this section and section 245A.06, and may terminate any prior variance. If the license holder prevails on the appeal and the effective period of the previous license has expired, a temporary provisional license is set to expire, a new temporary provisional license shall be issued to the license holder upon payment of any fee required under section 245A.10. The effective date of the new license shall be retroactive to the date the license would have shown had no sanction been initiated. The expiration date shall be the expiration date of that license had no sanction been initiated. The temporary provisional license shall expire on the date the final order is issued. If the license holder prevails on the appeal, a new nonprovisional license shall be issued for the remainder of the current license period.

(c) If a license holder is under investigation and the license is due to expire before completion of the investigation, the program shall be issued a new license upon completion of the reapplication requirements and payment of any applicable license fee. Upon completion of the investigation, a licensing sanction may be imposed against the new license under this section, section 245A.06, or 245A.08.
(d) Failure to reapply or closure of a license by the license holder prior to the completion of any investigation shall not preclude the commissioner from issuing a licensing sanction under this section, section 245A.06, or 245A.08 at the conclusion of the investigation.

Sec. 7. Minnesota Statutes 2008, section 245A.07, subdivision 2a, is amended to read:

Subd. 2a. **Immediate suspension expedited hearing.** (a) Within five working days of receipt of the license holder's timely appeal, the commissioner shall request assignment of an administrative law judge. The request must include a proposed date, time, and place of a hearing. A hearing must be conducted by an administrative law judge within 30 calendar days of the request for assignment, unless an extension is requested by either party and granted by the administrative law judge for good cause. The commissioner shall issue a notice of hearing by certified mail or personal service at least ten working days before the hearing. The scope of the hearing shall be limited solely to the issue of whether the temporary immediate suspension should remain in effect pending the commissioner's final order under section 245A.08, regarding a licensing sanction issued under subdivision 3 following the immediate suspension. The burden of proof in expedited hearings under this subdivision shall be limited to the commissioner's demonstration that reasonable cause exists to believe that the license holder's actions or failure to comply with applicable law or rule poses, or if the actions of other individuals or conditions in the program poses an imminent risk of harm to the health, safety, or rights of persons served by the program. "Reasonable cause" means there exist specific articulable facts or circumstances which provide the commissioner with a reasonable suspicion that there is an imminent risk of harm to the health, safety, or rights of persons served by the program.

(b) The administrative law judge shall issue findings of fact, conclusions, and a recommendation within ten working days from the date of hearing. The parties shall have ten calendar days to submit exceptions to the administrative law judge's report. The record shall close at the end of the ten-day period for submission of exceptions. The commissioner's final order shall be issued within ten working days from the close of the record. Within 90 calendar days after a final order affirming an immediate suspension, the commissioner shall make a determination regarding whether a final licensing sanction shall be issued under subdivision 3. The license holder shall continue to be prohibited from operation of the program pending this 90-day period.

(c) When the final order under paragraph (b) affirms an immediate suspension, and a final licensing sanction is issued under subdivision 3 and the license holder appeals that sanction, the license holder continues to be prohibited from operation of the program pending a final commissioner's order under section 245A.08, subdivision 5, regarding the final licensing sanction.

**EFFECTIVE DATE.** This section is effective the day following final enactment.

Sec. 8. Minnesota Statutes 2009 Supplement, section 245A.07, subdivision 3, is amended to read:

Subd. 3. **License suspension, revocation, or fine.** (a) The commissioner may suspend or revoke a license, or impose a fine if a license holder fails to comply fully with applicable laws or rules, if a license holder, a controlling individual, or an individual living in the household where the licensed services are provided or is otherwise subject to a background study has a disqualification which has not been set aside under section 245C.22, or if a license holder knowingly withholds relevant information from or gives false or misleading information to the commissioner in connection with an application for a license, in connection with the background study status of an individual, during an investigation, or regarding compliance with applicable laws or rules. A license holder who has had a license suspended, revoked, or has been ordered to pay a fine must be given notice of the action by certified mail or personal service. If mailed, the notice must be mailed to the address shown on the application or the last known address of the license holder. The notice must state the reasons the license was suspended, revoked, or a fine was ordered.
(b) If the license was suspended or revoked, the notice must inform the license holder of the right to a contested case hearing under chapter 14 and Minnesota Rules, parts 1400.8505 to 1400.8612. The license holder may appeal an order suspending or revoking a license. The appeal of an order suspending or revoking a license must be made in writing by certified mail or personal service. If mailed, the appeal must be postmarked and sent to the commissioner within ten calendar days after the license holder receives notice that the license has been suspended or revoked. If a request is made by personal service, it must be received by the commissioner within ten calendar days after the license holder received the order. Except as provided in subdivision 2a, paragraph (c), if a license holder submits a timely appeal of an order suspending or revoking a license, the license holder may continue to operate the program as provided in section 245A.04, subdivision 7, paragraphs (g) and (h), until the commissioner issues a final order on the suspension or revocation.

(c)(1) If the license holder was ordered to pay a fine, the notice must inform the license holder of the responsibility for payment of fines and the right to a contested case hearing under chapter 14 and Minnesota Rules, parts 1400.8505 to 1400.8612. The appeal of an order to pay a fine must be made in writing by certified mail or personal service. If mailed, the appeal must be postmarked and sent to the commissioner within ten calendar days after the license holder receives notice that the fine has been ordered. If a request is made by personal service, it must be received by the commissioner within ten calendar days after the license holder received the order.

(2) The license holder shall pay the fines assessed on or before the payment date specified. If the license holder fails to fully comply with the order, the commissioner may issue a second fine or suspend the license until the license holder complies. If the license holder receives state funds, the state, county, or municipal agencies or departments responsible for administering the funds shall withhold payments and recover any payments made while the license is suspended for failure to pay a fine. A timely appeal shall stay payment of the fine until the commissioner issues a final order.

(3) A license holder shall promptly notify the commissioner of human services, in writing, when a violation specified in the order to forfeit a fine is corrected. If upon reinspection the commissioner determines that a violation has not been corrected as indicated by the order to forfeit a fine, the commissioner may issue a second fine. The commissioner shall notify the license holder by certified mail or personal service that a second fine has been assessed. The license holder may appeal the second fine as provided under this subdivision.

(4) Fines shall be assessed as follows: the license holder shall forfeit $1,000 for each determination of maltreatment of a child under section 626.556 or the maltreatment of a vulnerable adult under section 626.557 for which the license holder is determined responsible for the maltreatment under section 626.556, subdivision 10e, paragraph (i), or 626.557, subdivision 9c, paragraph (c); the license holder shall forfeit $200 for each occurrence of a violation of law or rule governing matters of health, safety, or supervision, including but not limited to the provision of adequate staff-to-child or adult ratios, and failure to comply with background study requirements under chapter 245C; and the license holder shall forfeit $100 for each occurrence of a violation of law or rule other than those subject to a $1,000 or $200 fine above. For purposes of this section, "occurrence" means each violation identified in the commissioner's fine order. Fines assessed against a license holder that holds a license to provide the residential-based habilitation services, as defined under section 245B.02, subdivision 20, and a license to provide foster care, may be assessed against both licenses for the same occurrence, but the combined amount of the fines shall not exceed the amount specified in this clause for that occurrence.

(5) When a fine has been assessed, the license holder may not avoid payment by closing, selling, or otherwise transferring the licensed program to a third party. (8) chronic and severe use of alcohol or a controlled substance by a parent or person responsible for the care of the child that adversely affects the child's basic needs and safety; or

(9) emotional harm from a pattern of behavior which contributes to impaired emotional functioning of the child which may be demonstrated by a substantial and observable effect in the child's behavior, emotional response, or cognition that is not within the normal range for the child's age and stage of development, with due regard to the child's culture.

(g) "Physical abuse" means any physical injury, mental injury, or threatened injury, inflicted by a person responsible for the child's care on a child other than by accidental means, or any physical or mental injury that cannot reasonably be explained by the child's history of injuries, or any aversive or deprivation procedures, or regulated interventions, that have not been authorized under section 121A.67 or 245.825.

Abuse does not include reasonable and moderate physical discipline of a child administered by a parent or legal guardian which does not result in an injury. Abuse does not include the use of reasonable force by a teacher, principal, or school employee as allowed by section 121A.582. Actions which are not reasonable and moderate include, but are not limited to, any of the following that are done in anger or without regard to the safety of the child:

(1) throwing, kicking, burning, biting, or cutting a child;

(2) striking a child with a closed fist;

(3) shaking a child under age three;

(4) striking or other actions which result in any nonaccidental injury to a child under 18 months of age;

(5) unreasonable interference with a child's breathing;

(6) threatening a child with a weapon, as defined in section 609.02, subdivision 6;

(7) striking a child under age one on the face or head;
(8) purposely giving a child poison, alcohol, or dangerous, harmful, or controlled substances which were not prescribed for the child by a practitioner, in order to control or punish the child; or other substances that substantially affect the child's behavior, motor coordination, or judgment or that results in sickness or internal injury, or subjects the child to medical procedures that would be unnecessary if the child were not exposed to the substances;

(9) unreasonable physical confinement or restraint not permitted under section 609.379, including but not limited to tying, caging, or chaining; or

(10) in a school facility or school zone, an act by a person responsible for the child's care that is a violation under section 121A.58.

(h) "Report" means any report received by the local welfare agency, police department, county sheriff, or agency responsible for assessing or investigating maltreatment pursuant to this section.

(i) "Facility" means:

(1) a licensed or unlicensed day care facility, residential facility, agency, hospital, sanitarium, or other facility or institution required to be licensed under sections 144.50 to 144.58, 241.021, or 245A.01 to 245A.16, or chapter 245B;

(2) a school as defined in sections 120A.05, subdivisions 9, 11, and 13; and 124D.10; or

(3) a nonlicensed personal care provider organization as defined in sections 256B.04, subdivision 16, and 256B.0625, subdivision 19a.

(j) "Operator" means an operator or agency as defined in section 245A.02.

(k) "Commissioner" means the commissioner of human services.

(l) "Practice of social services," for the purposes of subdivision 3, includes but is not limited to employee assistance counseling and the provision of guardian ad litem and parenting time expeditor services.

(m) "Mental injury" means an injury to the psychological capacity or emotional stability of a child as evidenced by an observable or substantial impairment in the child's ability to function within a normal range of performance and behavior with due regard to the child's culture.

(n) "Threatened injury" means a statement, overt act, condition, or status that represents a substantial risk of physical or sexual abuse or mental injury. Threatened injury includes, but is not limited to, exposing a child to a person responsible for the child's care, as defined in paragraph (e), clause (1), who has:

(1) subjected a child to, or failed to protect a child from, an overt act or condition that constitutes egregious harm, as defined in section 260C.007, subdivision 14, or a similar law of another jurisdiction;

(2) been found to be palpably unfit under section 260C.301, paragraph (b), clause (4), or a similar law of another jurisdiction;

(3) committed an act that has resulted in an involuntary termination of parental rights under section 260C.301, or a similar law of another jurisdiction; or
(4) committed an act that has resulted in the involuntary transfer of permanent legal and physical custody of a child to a relative under section 260C.201, subdivision 11, paragraph (d), clause (1), or a similar law of another jurisdiction.

(o) Persons who conduct assessments or investigations under this section shall take into account accepted child-rearing practices of the culture in which a child participates and accepted teacher discipline practices, which are not injurious to the child's health, welfare, and safety.

(p) "Accidental" means a sudden, not reasonably foreseeable, and unexpected occurrence or event which:

(1) is not likely to occur and could not have been prevented by exercise of due care; and

(2) if occurring while a child is receiving services from a facility, happens when the facility and the employee or person providing services in the facility are in compliance with the laws and rules relevant to the occurrence or event.

(q) "Nonmaltreatment mistake" means:

(1) at the time of the incident, the individual was performing duties identified in the center's child care program plan required under Minnesota Rules, part 9503.0045;

(2) the individual has not been determined responsible for a similar incident that resulted in a finding of maltreatment for at least seven years;

(3) the individual has not been determined to have committed a similar nonmaltreatment mistake under this paragraph for at least four years;

(4) any injury to a child resulting from the incident, if treated, is treated only with remedies that are available over the counter, whether ordered by a medical professional or not; and

(5) except for the period when the incident occurred, the facility and the individual providing services were both in compliance with all licensing requirements relevant to the incident.

This definition only applies to child care centers licensed under Minnesota Rules, chapter 9503. If clauses (1) to (5) apply, rather than making a determination of substantial maltreatment by the individual, the commissioner of human services shall determine that a nonmaltreatment mistake was made by the individual.

Sec. 20. Minnesota Statutes 2009 Supplement, section 626.556, subdivision 10e, is amended to read:

Subd. 10e. Determinations. (a) The local welfare agency shall conclude the family assessment or the investigation within 45 days of the receipt of a report. The conclusion of the assessment or investigation may be extended to permit the completion of a criminal investigation or the receipt of expert information requested within 45 days of the receipt of the report.

(b) After conducting a family assessment, the local welfare agency shall determine whether services are needed to address the safety of the child and other family members and the risk of subsequent maltreatment.

(c) After conducting an investigation, the local welfare agency shall make two determinations: first, whether maltreatment has occurred; and second, whether child protective services are needed.
(d) If the commissioner of education conducts an assessment or investigation, the commissioner shall determine whether maltreatment occurred and what corrective or protective action was taken by the school facility. If a determination is made that maltreatment has occurred, the commissioner shall report to the employer, the school board, and any appropriate licensing entity the determination that maltreatment occurred and what corrective or protective action was taken by the school facility. In all other cases, the commissioner shall inform the school board or employer that a report was received, the subject of the report, the date of the initial report, the category of maltreatment alleged as defined in paragraph (f), the fact that maltreatment was not determined, and a summary of the specific reasons for the determination.

(e) When maltreatment is determined in an investigation involving a facility, the investigating agency shall also determine whether the facility or individual was responsible, or whether both the facility and the individual were responsible for the maltreatment using the mitigating factors in paragraph (i). Determinations under this subdivision must be made based on a preponderance of the evidence and are private data on individuals or nonpublic data as maintained by the commissioner of education.

(f) For the purposes of this subdivision, "maltreatment" means any of the following acts or omissions:

(1) physical abuse as defined in subdivision 2, paragraph (g);
(2) neglect as defined in subdivision 2, paragraph (f);
(3) sexual abuse as defined in subdivision 2, paragraph (d);
(4) mental injury as defined in subdivision 2, paragraph (m); or
(5) maltreatment of a child in a facility as defined in subdivision 2, paragraph (i).

(g) For the purposes of this subdivision, a determination that child protective services are needed means that the local welfare agency has documented conditions during the assessment or investigation sufficient to cause a child protection worker, as defined in section 626.559, subdivision 1, to conclude that a child is at significant risk of maltreatment if protective intervention is not provided and that the individuals responsible for the child's care have not taken or are not likely to take actions to protect the child from maltreatment or risk of maltreatment.

(h) This subdivision does not mean that maltreatment has occurred solely because the child's parent, guardian, or other person responsible for the child's care in good faith selects and depends upon spiritual means or prayer for treatment or care of disease or remedial care of the child, in lieu of medical care. However, if lack of medical care may result in serious danger to the child's health, the local welfare agency may ensure that necessary medical services are provided to the child.

(i) When determining whether the facility or individual is the responsible party, or whether both the facility and the individual are responsible for determined maltreatment in a facility, the investigating agency shall consider at least the following mitigating factors:

(1) whether the actions of the facility or the individual caregivers were according to, and followed the terms of, an erroneous physician order, prescription, individual care plan, or directive; however, this is not a mitigating factor when the facility or caregiver was responsible for the issuance of the erroneous order, prescription, individual care plan, or directive or knew or should have known of the errors and took no reasonable measures to correct the defect before administering care;

(2) comparative responsibility between the facility, other caregivers, and requirements placed upon an employee, including the facility's compliance with related regulatory standards and the adequacy of facility policies and procedures, facility training, an individual's participation in the training, the caregiver's supervision, and facility staffing levels and the scope of the individual employee's authority and discretion; and
(3) whether the facility or individual followed professional standards in exercising professional judgment.

The evaluation of the facility's responsibility under clause (2) must not be based on the completeness of the risk assessment or risk reduction plan required under section 245A.66, but must be based on the facility's compliance with the regulatory standards for policies and procedures, training, and supervision as cited in Minnesota Statutes and Minnesota Rules.

(j) Notwithstanding paragraph (i), when maltreatment is determined to have been committed by an individual who is also the facility license holder, both the individual and the facility must be determined responsible for the maltreatment, and both the background study disqualification standards under section 245C.15, subdivision 4, and the licensing actions under sections 245A.06 or 245A.07 apply.

(k) Individual counties may implement more detailed definitions or criteria that indicate which allegations to investigate, as long as a county's policies are consistent with the definitions in the statutes and rules and are approved by the county board. Each local welfare agency shall periodically inform mandated reporters under subdivision 3 who work in the county of the definitions of maltreatment in the statutes and rules and any additional definitions or criteria that have been approved by the county board.

Sec. 21. CONSUMER SATISFACTION; HUMAN SERVICES.

(a) The commissioner of human services shall submit a memorandum each year to the governor and the chairs of the house of representatives and senate standing committees with jurisdiction over the department's programs that provides the following information:

(b) The initial memorandum shall be submitted no later than February 15, 2012, with subsequent memoranda submitted no later than February 15 each following year.

ARTICLE 2

DHS HEARINGS

Section 1. Minnesota Statutes 2009 Supplement, section 245C.27, subdivision 1, is amended to read:

Subdivision 1. **Fair hearing when disqualification is not set aside following a reconsideration decision.** (a) If the commissioner does not set aside a disqualification of an individual under section 245C.22, an individual who is disqualified on the basis of a preponderance of evidence that the individual committed an act or acts that meet the definition of any of the crimes listed in section 245C.15; for a determination under section 626.556 or 626.557 of substantiated maltreatment that was serious or recurring under section 245C.15; or for failure to make required reports under section 626.556, subdivision 3; or 626.557, subdivision 3, pursuant to section 245C.15, subdivision 4, paragraph (b), clause (1), the individual may request a fair hearing under section 256.045, following a reconsideration decision issued under section 245C.23, unless the disqualification is deemed conclusive under section 245C.29.

(b) The fair hearing is the only administrative appeal of the final agency determination for purposes of appeal by the disqualified individual. The disqualified individual does not have the right to challenge the accuracy and completeness of data under section 13.04.

(c) Except as provided under paragraph (e), if the individual was disqualified based on a conviction of, admission to, or Alford Plea to any crimes listed in section 245C.15, subdivisions 1 to 4, or for a disqualification under section 256.98, subdivision 8, the reconsideration decision under section 245C.22 is the final agency determination for purposes of appeal by the disqualified individual and is not subject to a hearing under section 256.045. If the individual was disqualified based on a judicial determination, that determination is treated the same as a conviction for purposes of appeal.

(d) This subdivision does not apply to a public employee's appeal of a disqualification under section 245C.28, subdivision 3.

(e) Notwithstanding paragraph (c), if the commissioner does not set aside a disqualification of an individual who was disqualified based on both a preponderance of evidence and a conviction or admission, the individual may request a fair hearing under section 256.045, unless the disqualifications are deemed conclusive under section 245C.29. The scope of the hearing conducted under section 256.045 with regard to the disqualification based on a conviction or admission shall be limited solely to whether the individual poses a risk of harm, according to section 256.045, subdivision 3b. In this case, the reconsideration decision under section 245C.22 is not the final agency decision for purposes of appeal by the disqualified individual.

Sec. 2. Minnesota Statutes 2008, section 245C.27, subdivision 2, is amended to read:

Subd. 2. **Consolidated fair hearing following a reconsideration decision.** (a) If an individual who is disqualified on the bases of serious or recurring maltreatment requests a fair hearing on the maltreatment determination under section 626.556, subdivision 10i, or 626.557, subdivision 9d, and requests a fair hearing under this section on the disqualification, which has not been set aside following a reconsideration decision under section 245C.23, the scope of the fair hearing under section 256.045 shall include the maltreatment determination and the disqualification.

(b) A fair hearing is the only administrative appeal of the final agency determination. The disqualified individual does not have the right to challenge the accuracy and completeness of data under section 13.04.
(c) This subdivision does not apply to a public employee's appeal of a disqualification under section 245C.28, subdivision 3.

Sec. 3. Minnesota Statutes 2008, section 245C.28, subdivision 3, is amended to read:

Subd. 3. Employees of public employer. (a) If the commissioner does not set aside the disqualification of an A disqualified individual who is an employee of an employer, as defined in section 179A.03, subdivision 15, the individual may request a contested case hearing under chapter 14 following a reconsideration decision under section 245C.23, unless the disqualification is deemed conclusive under section 245C.29. The request for a contested case hearing must be made in writing and must be postmarked and sent within 30 calendar days after the employee receives notice that the disqualification has not been set aside of the reconsideration decision. If the individual was disqualified based on a conviction or admission to any crimes listed in section 245C.15, the scope of the contested case hearing shall be limited solely to whether the individual poses a risk of harm pursuant to section 245C.22.

(b) If the commissioner does not set aside a disqualification that is When an individual is disqualified based on a maltreatment determination, the scope of the contested case hearing under paragraph (a), must include the maltreatment determination and the disqualification. In such cases, a fair hearing must not be conducted under section 256.045.

(c) Rules adopted under this chapter may not preclude an employee in a contested case hearing for a disqualification from submitting evidence concerning information gathered under this chapter.

(d) When an individual has been disqualified from multiple licensed programs and the disqualifications have not been set aside under section 245C.22, if at least one of the disqualifications entitles the person to a contested case hearing under this subdivision, the scope of the contested case hearing shall include all disqualifications from licensed programs which were not set aside.

(e) In determining whether the disqualification should be set aside, the administrative law judge shall consider all of the characteristics that cause the individual to be disqualified in order to determine whether the individual poses a risk of harm. The administrative law judge's recommendation and the commissioner's order to set aside a disqualification that is the subject of the hearing constitutes a determination that the individual does not pose a risk of harm and that the individual may provide direct contact services in the individual program specified in the set aside.

Sec. 4. Minnesota Statutes 2009 Supplement, section 256.045, subdivision 3, is amended to read:

Subd. 3. State agency hearings. (a) State agency hearings are available for the following:

(1) any person applying for, receiving or having received public assistance, medical care, or a program of social services granted by the state agency or a county agency or the federal Food Stamp Act whose application for assistance is denied, not acted upon with reasonable promptness, or whose assistance is suspended, reduced, terminated, or claimed to have been incorrectly paid;

(2) any patient or relative aggrieved by an order of the commissioner under section 252.27;

(3) a party aggrieved by a ruling of a prepaid health plan;

(4) except as provided under chapter 245C, any individual or facility determined by a lead agency to have maltreated a vulnerable adult under section 626.557 after they have exercised their right to administrative reconsideration under section 626.557;
(5) any person whose claim for foster care payment according to a placement of the child resulting from a child protection assessment under section 626.556 is denied or not acted upon with reasonable promptness, regardless of funding source;

(6) any person to whom a right of appeal according to this section is given by other provision of law;

(7) an applicant aggrieved by an adverse decision to an application for a hardship waiver under section 256B.15;

(8) an applicant aggrieved by an adverse decision to an application or redetermination for a Medicare Part D prescription drug subsidy under section 256B.04, subdivision 4a;

(9) except as provided under chapter 245A, an individual or facility determined to have maltreated a minor under section 626.556, after the individual or facility has exercised the right to administrative reconsideration under section 626.556;

(10) except as provided under chapter 245C, an individual disqualified under sections 245C.14 and 245C.15, following a reconsideration decision issued under section 245C.23, on the basis of serious or recurring maltreatment; a preponderance of the evidence that the individual has committed an act or acts that meet the definition of any of the crimes listed in section 245C.15, subdivisions 1 to 4; or for failing to make reports required under section 626.556, subdivision 3, or 626.557, subdivision 3. Hearings regarding a maltreatment determination under clause (4) or (9) and a disqualification under this clause in which the basis for a disqualification is serious or recurring maltreatment, which has not been set aside under sections 245C.22 and 245C.23, shall be consolidated into a single fair hearing. In such cases, the scope of review by the human services referee shall include both the maltreatment determination and the disqualification. The failure to exercise the right to an administrative reconsideration shall not be a bar to a hearing under this section if federal law provides an individual the right to a hearing to dispute a finding of maltreatment. Individuals and organizations specified in this section may contest the specified action, decision, or final disposition before the state agency by submitting a written request for a hearing to the state agency within 30 days after receiving written notice of the action, decision, or final disposition, or within 90 days of such written notice if the applicant, recipient, patient, or relative shows good cause why the request was not submitted within the 30-day time limit; or

(11) any person with an outstanding debt resulting from receipt of public assistance, medical care, or the federal Food Stamp Act who is contesting a setoff claim by the Department of Human Services or a county agency. The scope of the appeal is the validity of the claimant agency's intention to request a setoff of a refund under chapter 270A against the debt.

(b) The hearing for an individual or facility under paragraph (a), clause (4), (9), or (10), is the only administrative appeal to the final agency determination specifically, including a challenge to the accuracy and completeness of data under section 13.04. Hearings requested under paragraph (a), clause (4), apply only to incidents of maltreatment that occur on or after October 1, 1995. Hearings requested by nursing assistants in nursing homes alleged to have maltreated a resident prior to October 1, 1995, shall be held as a contested case proceeding under the provisions of chapter 14. Hearings requested under paragraph (a), clause (9), apply only to incidents of maltreatment that occur on or after July 1, 1997. A hearing for an individual or facility under paragraph (a), clause (9), is only available when there is no juvenile court or adult criminal action pending. If such action is filed in either court while an administrative review is pending, the administrative review must be suspended until the judicial actions are completed. If the juvenile court action or criminal charge is dismissed or the criminal action overturned, the matter may be considered in an administrative hearing.

(c) For purposes of this section, bargaining unit grievance procedures are not an administrative appeal.
(d) The scope of hearings involving claims to foster care payments under paragraph (a), clause (5), shall be limited to the issue of whether the county is legally responsible for a child's placement under court order or voluntary placement agreement and, if so, the correct amount of foster care payment to be made on the child's behalf and shall not include review of the propriety of the county's child protection determination or child placement decision.

(e) A vendor of medical care as defined in section 256B.02, subdivision 7, or a vendor under contract with a county agency to provide social services is not a party and may not request a hearing under this section, except if assisting a recipient as provided in subdivision 4.

(f) An applicant or recipient is not entitled to receive social services beyond the services prescribed under chapter 256M or other social services the person is eligible for under state law.

(g) The commissioner may summarily affirm the county or state agency's proposed action without a hearing when the sole issue is an automatic change due to a change in state or federal law.

Sec. 5. Minnesota Statutes 2008, section 626.556, subdivision 10i, is amended to read:

Subd. 10i. Administrative reconsideration; review panel. (a) Administrative reconsideration is not applicable in family assessments since no determination concerning maltreatment is made. For investigations, except as provided under paragraph (e), an individual or facility that the commissioner of human services, a local social service agency, or the commissioner of education determines has maltreated a child, an interested person acting on behalf of the child, regardless of the determination, who contests the investigating agency's final determination regarding maltreatment, may request the investigating agency to reconsider its final determination regarding maltreatment. The request for reconsideration must be submitted in writing to the investigating agency within 15 calendar days after receipt of notice of the final determination regarding maltreatment or, if the request is made by an interested person who is not entitled to notice, within 15 days after receipt of the notice by the parent or guardian of the child. If mailed, the request for reconsideration must be postmarked and sent to the investigating agency within 15 calendar days of the individual's or facility's receipt of the final determination. If the request for reconsideration is made by personal service, it must be received by the investigating agency within 15 calendar days after the individual's or facility's receipt of the final determination. Effective January 1, 2002, an individual who was determined to have maltreated a child under this section and who was disqualified on the basis of serious or recurring maltreatment under sections 245C.14 and 245C.15, may request reconsideration of the maltreatment determination and the disqualification. The request for reconsideration of the maltreatment determination and the disqualification must be submitted within 30 calendar days of the individual's receipt of the notice of disqualification under sections 245C.16 and 245C.17. If mailed, the request for reconsideration of the maltreatment determination and the disqualification must be postmarked and sent to the investigating agency within 30 calendar days of the individual's receipt of the maltreatment determination and notice of disqualification. If the request for reconsideration is made by personal service, it must be received by the investigating agency within 30 calendar days after the individual's receipt of the notice of disqualification.

(b) Except as provided under paragraphs (e) and (f), if the investigating agency denies the request or fails to act upon the request within 15 working days after receiving the request for reconsideration, the person or facility entitled to a fair hearing under section 256.045 may submit to the commissioner of human services or the commissioner of education a written request for a hearing under that section. Section 256.045 also governs hearings requested to contest a final determination of the commissioner of education. For reports involving maltreatment of a child in a facility, an interested person acting on behalf of the child may request a review by the Child Maltreatment Review Panel under section 256.022 if the investigating agency denies the request or fails to act upon the request or if the interested person contests a reconsidered determination. The investigating agency shall notify persons who request reconsideration of their rights under this paragraph. The request must be submitted in writing to the review panel and a copy sent to the investigating agency within 30 calendar days of receipt of notice of a denial of a request for reconsideration or of a reconsidered determination. The request must specifically identify the aspects of the agency determination with which the person is dissatisfied.
(c) If, as a result of a reconsideration or review, the investigating agency changes the final determination of maltreatment, that agency shall notify the parties specified in subdivisions 10b, 10d, and 10f.

(d) Except as provided under paragraph (f), if an individual or facility contests the investigating agency's final determination regarding maltreatment by requesting a fair hearing under section 256.045, the commissioner of human services shall assure that the hearing is conducted and a decision is reached within 90 days of receipt of the request for a hearing. The time for action on the decision may be extended for as many days as the hearing is postponed or the record is held open for the benefit of either party.

(e) Effective January 1, 2002, If an individual was disqualified under sections 245C.14 and 245C.15, on the basis of a determination of maltreatment, which was serious or recurring, and the individual has requested reconsideration of the maltreatment determination under paragraph (a) and requested reconsideration of the disqualification under sections 245C.21 to 245C.27, reconsideration of the maltreatment determination and reconsideration of the disqualification shall be consolidated into a single reconsideration. If reconsideration of the maltreatment determination is denied or the disqualification is not set aside under sections 245C.21 to 245C.27 and the individual remains disqualified following a reconsideration decision, the individual may request a fair hearing under section 256.045. If an individual requests a fair hearing on the maltreatment determination and the disqualification, the scope of the fair hearing shall include both the maltreatment determination and the disqualification.

(f) Effective January 1, 2002, If a maltreatment determination or a disqualification based on serious or recurring maltreatment is the basis for a denial of a license under section 245A.05 or a licensing sanction under section 245A.07, the license holder has the right to a contested case hearing under chapter 14 and Minnesota Rules, parts 1400.8505 to 1400.8612. As provided for under section 245A.08, subdivision 2a, the scope of the contested case hearing shall include the maltreatment determination, disqualification, and licensing sanction or denial of a license. In such cases, a fair hearing regarding the maltreatment determination and disqualification shall not be conducted under section 256.045. Except for family child care and child foster care, reconsideration of a maltreatment determination as provided under this subdivision, and reconsideration of a disqualification as provided under section 245C.22, shall also not be conducted when:

1. a denial of a license under section 245A.05 or a licensing sanction under section 245A.07, is based on a determination that the license holder is responsible for maltreatment or the disqualification of a license holder based on serious or recurring maltreatment;

2. the denial of a license or licensing sanction is issued at the same time as the maltreatment determination or disqualification; and

3. the license holder appeals the maltreatment determination or disqualification, and denial of a license or licensing sanction.

Notwithstanding clauses (1) to (3), if the license holder appeals the maltreatment determination or disqualification, but does not appeal the denial of a license or a licensing sanction, reconsideration of the maltreatment determination shall be conducted under sections 626.556, subdivision 10i, and 626.557, subdivision 9d, and reconsideration of the disqualification shall be conducted under section 245C.22. In such cases, a fair hearing shall also be conducted as provided under sections 245C.27, 626.556, subdivision 10i, and 626.557, subdivision 9d.

If the disqualified subject is an individual other than the license holder and upon whom a background study must be conducted under chapter 245C, the hearings of all parties may be consolidated into a single contested case hearing upon consent of all parties and the administrative law judge.
(g) For purposes of this subdivision, "interested person acting on behalf of the child" means a parent or legal guardian; stepparent; grandparent; guardian ad litem; adult stepbrother, stepsister, or sibling; or adult aunt or uncle; unless the person has been determined to be the perpetrator of the maltreatment.

Sec. 6. Minnesota Statutes 2008, section 626.557, subdivision 9d, is amended to read:

Subd. 9d. Administrative reconsideration; review panel. (a) Except as provided under paragraph (e), any individual or facility which a lead agency determines has maltreated a vulnerable adult, or the vulnerable adult or an interested person acting on behalf of the vulnerable adult, regardless of the lead agency's determination, who contests the lead agency's final disposition of an allegation of maltreatment, may request the lead agency to reconsider its final disposition. The request for reconsideration must be submitted in writing to the lead agency within 15 calendar days after receipt of notice of final disposition or, if the request is made by an interested person who is not entitled to notice, within 15 days after receipt of the notice by the vulnerable adult or the vulnerable adult's legal guardian. If mailed, the request for reconsideration must be postmarked and sent to the lead agency within 15 calendar days of the individual's or facility's receipt of the final disposition. The request for reconsideration is made by personal service, it must be received by the lead agency within 15 calendar days of the individual's or facility's receipt of the final disposition. An individual who was determined to have maltreated a vulnerable adult under this section and who was disqualified on the basis of serious or recurring maltreatment under sections 245C.14 and 245C.15, may request reconsideration of the maltreatment determination and the disqualification. The request for reconsideration of the maltreatment determination and the disqualification must be submitted in writing within 30 calendar days of the individual's receipt of the notice of disqualification under sections 245C.16 and 245C.17. If mailed, the request for reconsideration of the maltreatment determination and the disqualification must be postmarked and sent to the lead agency within 30 calendar days of the individual's receipt of the notice of disqualification. If the request for reconsideration is made by personal service, it must be received by the lead agency within 30 calendar days after the individual's receipt of the notice of disqualification.

(b) Except as provided under paragraphs (e) and (f), if the lead agency denies the request or fails to act upon the request within 15 working days after receiving the request for reconsideration, the person or facility entitled to a fair hearing under section 256.045, may submit to the commissioner of human services a written request for a hearing under that statute. The vulnerable adult, or an interested person acting on behalf of the vulnerable adult, may request a review by the Vulnerable Adult Maltreatment Review Panel under section 256.021 if the lead agency denies the request or fails to act upon the request, or if the vulnerable adult or interested person contests a reconsidered disposition. The lead agency shall notify persons who request reconsideration of their rights under this paragraph. The request must be submitted in writing to the review panel and a copy sent to the lead agency within 30 calendar days of receipt of notice of a denial of a request for reconsideration or of a reconsidered disposition. The request must specifically identify the aspects of the agency determination with which the person is dissatisfied.

(c) If, as a result of a reconsideration or review, the lead agency changes the final disposition, it shall notify the parties specified in subdivision 9c, paragraph (d).

(d) For purposes of this subdivision, "interested person acting on behalf of the vulnerable adult" means a person designated in writing by the vulnerable adult to act on behalf of the vulnerable adult, or a legal guardian or conservator or other legal representative, a proxy or health care agent appointed under chapter 145B or 145C, or an individual who is related to the vulnerable adult, as defined in section 245A.02, subdivision 13.

(e) If an individual was disqualified under sections 245C.14 and 245C.15, on the basis of a determination of maltreatment, which was serious or recurring, and the individual has requested reconsideration of the maltreatment determination under paragraph (a) and reconsideration of the disqualification under sections 245C.21 to 245C.27, reconsideration of the maltreatment determination and requested reconsideration of the disqualification shall be consolidated into a single reconsideration. If reconsideration of the maltreatment determination is denied or if the disqualification is not set aside under sections 245C.21 to 245C.27 and the individual remains disqualified following
a reconsideration decision, the individual may request a fair hearing under section 256.045. If an individual requests a fair hearing on the maltreatment determination and the disqualification, the scope of the fair hearing shall include both the maltreatment determination and the disqualification.

(f) If a maltreatment determination or a disqualification based on serious or recurring maltreatment is the basis for a denial of a license under section 245A.05 or a licensing sanction under section 245A.07, the license holder has the right to a contested case hearing under chapter 14 and Minnesota Rules, parts 1400.8505 to 1400.8612. As provided for under section 245A.08, the scope of the contested case hearing must include the maltreatment determination, disqualification, and licensing sanction or denial of a license. In such cases, a fair hearing must not be conducted under section 256.045. Except for family child care and child foster care, reconsideration of a maltreatment determination under this subdivision, and reconsideration of a disqualification under section 245C.22, must not be conducted when:

(1) a denial of a license under section 245A.05, or a licensing sanction under section 245A.07, is based on a determination that the license holder is responsible for maltreatment or the disqualification of a license holder based on serious or recurring maltreatment;

(2) the denial of a license or licensing sanction is issued at the same time as the maltreatment determination or disqualification; and

(3) the license holder appeals the maltreatment determination or disqualification, and denial of a license or licensing sanction.

Notwithstanding clauses (1) to (3), if the license holder appeals the maltreatment determination or disqualification, but does not appeal the denial of a license or a licensing sanction, reconsideration of the maltreatment determination shall be conducted under sections 626.556, subdivision 10i, and 626.557, subdivision 9d, and reconsideration of the disqualification shall be conducted under section 245C.22. In such cases, a fair hearing shall also be conducted as provided under sections 245C.27, 626.556, subdivision 10i, and 626.557, subdivision 9d.

If the disqualified subject is an individual other than the license holder and upon whom a background study must be conducted under chapter 245C, the hearings of all parties may be consolidated into a single contested case hearing upon consent of all parties and the administrative law judge.

(g) Until August 1, 2002, an individual or facility that was determined by the commissioner of human services or the commissioner of health to be responsible for neglect under section 626.5572, subdivision 17, after October 1, 1995, and before August 1, 2001, that believes that the finding of neglect does not meet an amended definition of neglect may request a reconsideration of the determination of neglect. The commissioner of human services or the commissioner of health shall mail a notice to the last known address of individuals who are eligible to seek this reconsideration. The request for reconsideration must state how the established findings no longer meet the elements of the definition of neglect. The commissioner shall review the request for reconsideration and make a determination within 15 calendar days. The commissioner's decision on this reconsideration is the final agency action.

(1) For purposes of compliance with the data destruction schedule under subdivision 12b, paragraph (d), when a finding of substantiated maltreatment has been changed as a result of a reconsideration under this paragraph, the date of the original finding of a substantiated maltreatment must be used to calculate the destruction date.

(2) For purposes of any background studies under chapter 245C, when a determination of substantiated maltreatment has been changed as a result of a reconsideration under this paragraph, any prior disqualification of the individual under chapter 245C that was based on this determination of maltreatment shall be rescinded, and for
future background studies under chapter 245C the commissioner must not use the previous determination of substantiated maltreatment as a basis for disqualification or as a basis for referring the individual's maltreatment history to a health-related licensing board under section 245C.31.

"Section 1. Minnesota Statutes 2008, section 43A.318, subdivision 2, is amended to read:

Subd. 2. Program creation; general provisions. (a) The commissioner may administer a program to make long-term care coverage available to eligible persons. The commissioner may determine the program's funding arrangements, request bids from qualified vendors, and negotiate and enter into contracts with qualified vendors. Contracts are not subject to the requirements of section 16C.16 or 16C.19. Contracts must be for a uniform term of at least one year, but may be made automatically renewable from term to term in the absence of notice of termination by either party. The program may not be self-insured until the commissioner has completed an actuarial study of the program and reported the results of the study to the legislature and self-insurance has been specifically authorized by law.

(b) The program may provide coverage for home, community, and institutional long-term care and any other benefits as determined by the commissioner. Coverage is optional. The enrolled eligible person must pay the full cost of the coverage.

(c) The commissioner shall promote activities that attempt to raise awareness of the need for long-term care insurance among residents of the state and encourage the increased prevalence of long-term care coverage. These activities must include the sharing of knowledge gained in the development of the program.

(d) The commissioner may employ and contract with persons and other entities to perform the duties under this section and may determine their duties and compensation consistent with this chapter.

(e) The benefits provided under this section are not terms and conditions of employment as defined under section 179A.03, subdivision 19, and are not subject to collective bargaining.

(f) The commissioner shall establish underwriting criteria for entry of all eligible persons into the program. Eligible persons who would be immediately eligible for benefits may not enroll.

(g) Eligible persons who meet underwriting criteria may enroll in the program upon hiring and at other times established by the commissioner."
(h) An eligible person enrolled in the program may continue to participate in the program even if an event, such as termination of employment, changes the person's employment status.

(i) Participating public employee pension plans and public employers may provide automatic pension or payroll deduction for payment of long-term care insurance premiums to qualified vendors contracted with under this section.

(j) The premium charged to program enrollees must include an administrative fee to cover all program expenses incurred in addition to the cost of coverage. All fees collected are appropriated to the commissioner for the purpose of administrating the program.

(k) Public employees of local units of government including but not limited to townships, municipalities, cities, and counties may buy into the long-term care insurance under this section.

"Sec. 5. Minnesota Statutes 2009 Supplement, section 245A.03, subdivision 7, is amended to read:

Subd. 7. Licensing moratorium. (a) The commissioner shall not issue an initial license for child foster care licensed under Minnesota Rules, parts 2960.3000 to 2960.3340, or adult foster care licensed under Minnesota Rules, parts 9555.5105 to 9555.6265, under this chapter for a physical location that will not be the primary residence of the license holder for the entire period of licensure. If a license is issued during this moratorium, and the license holder changes the license holder's primary residence away from the physical location of the foster care license, the commissioner shall revoke the license according to section 245A.07. Exceptions to the moratorium include:

(1) foster care settings that are required to be registered under chapter 144D;

(2) foster care licenses replacing foster care licenses in existence on May 15, 2009, and determined to be needed by the commissioner under paragraph (b);

(3) new foster care licenses determined to be needed by the commissioner under paragraph (b) for the closure of a nursing facility, ICF/MR, or regional treatment center;

(4) new foster care licenses determined to be needed by the commissioner under paragraph (b) for persons requiring hospital level care; or

(5) new foster care licenses determined to be needed by the commissioner for the transition of people from personal care assistance to the home and community-based services.

(b) The commissioner shall determine the need for newly licensed foster care homes as defined under this subdivision. As part of the determination, the commissioner shall consider the availability of foster care capacity in the area in which the licensee seeks to operate, and the recommendation of the local county board. The determination by the commissioner must be final. A determination of need is not required for a change in ownership at the same address.

(c) Residential settings that would otherwise be subject to the moratorium established in paragraph (a), that are in the process of receiving an adult or child foster care license as of July 1, 2009, shall be allowed to continue to complete the process of receiving an adult or child foster care license. For this paragraph, all of the following conditions must be met to be considered in the process of receiving an adult or child foster care license:
(1) participants have made decisions to move into the residential setting, including documentation in each participant’s care plan;

(2) the provider has purchased housing or has made a financial investment in the property;

(3) the lead agency has approved the plans, including costs for the residential setting for each individual;

(4) the completion of the licensing process, including all necessary inspections, is the only remaining component prior to being able to provide services; and

(5) the needs of the individuals cannot be met within the existing capacity in that county.

To qualify for the process under this paragraph, the lead agency must submit documentation to the commissioner by August 1, 2009, that all of the above criteria are met.

(d) The commissioner shall study the effects of the license moratorium under this subdivision and shall report back to the legislature by January 15, 2011. This study shall include, but is not limited to the following:

(1) the overall capacity and utilization of foster care beds where the physical location is not the primary residence of the license holder prior to and after implementation of the moratorium;

(2) the overall capacity and utilization of foster care beds where the physical location is the primary residence of the license holder prior to and after implementation of the moratorium; and

(3) the number of licensed and occupied ICF/MR beds prior to and after implementation of the moratorium."

"Sec. 7. Minnesota Statutes 2009 Supplement, section 245A.11, subdivision 7b, is amended to read:

Subd. 7b. Adult foster care data privacy and security. (a) An adult foster care license holder who creates, collects, records, maintains, stores, or discloses any individually identifiable recipient data, whether in an electronic or any other format, must comply with the privacy and security provisions of applicable privacy laws and regulations, including:

(1) the federal Health Insurance Portability and Accountability Act of 1996 (HIPAA), Public Law 104-1; and the HIPAA Privacy Rule, Code of Federal Regulations, title 45, part 160, and subparts A and E of part 164; and

(2) the Minnesota Government Data Practices Act as codified in chapter 13.

(b) For purposes of licensure, the license holder shall be monitored for compliance with the following data privacy and security provisions:

(1) the license holder must control access to data on foster care recipients according to the definitions of public and private data on individuals under section 13.02; classification of the data on individuals as private under section 13.46, subdivision 2; and control over the collection, storage, use, access, protection, and contracting related to data according to section 13.05, in which the license holder is assigned the duties of a government entity;

(2) the license holder must provide each foster care recipient with a notice that meets the requirements under section 13.04, in which the license holder is assigned the duties of the government entity, and that meets the requirements of Code of Federal Regulations, title 45, part 164.52. The notice shall describe the purpose for collection of the data, and to whom and why it may be disclosed pursuant to law. The notice must inform the recipient that the license holder uses electronic monitoring and, if applicable, that recording technology is used;
(3) the license holder must not install monitoring cameras in bathrooms;

(4) electronic monitoring cameras must not be concealed from the foster care recipients; and

(5) electronic video and audio recordings of foster care recipients shall not be stored by the license holder for more than five days unless: (i) a foster care recipient or legal representative requests that the recording be held longer based on a specific report of alleged maltreatment; or (ii) the recording captures an incident or event of alleged maltreatment under section 626.556 or 626.557 or a crime under chapter 609. When requested by a recipient or when a recording captures an incident or event of alleged maltreatment or a crime, the license holder must maintain the recording in a secured area for no longer than 30 days to give the investigating agency an opportunity to make a copy of the recording. The investigating agency will maintain the electronic video or audio recordings as required in section 626.557, subdivision 12b.

(c) The commissioner shall develop, and make available to license holders and county licensing workers, a checklist of the data privacy provisions to be monitored for purposes of licensure.

"Sec. 22. Minnesota Statutes 2009 Supplement, section 256D.44, subdivision 5, is amended to read:

Subd. 5. Special needs. In addition to the state standards of assistance established in subdivisions 1 to 4, payments are allowed for the following special needs of recipients of Minnesota supplemental aid who are not residents of a nursing home, a regional treatment center, or a group residential housing facility.

(a) The county agency shall pay a monthly allowance for medically prescribed diets if the cost of those additional dietary needs cannot be met through some other maintenance benefit. The need for special diets or dietary items must be prescribed by a licensed physician. Costs for special diets shall be determined as percentages of the allotment for a one-person household under the thrifty food plan as defined by the United States Department of Agriculture. The types of diets and the percentages of the thrifty food plan that are covered are as follows:

(1) high protein diet, at least 80 grams daily, 25 percent of thrifty food plan;

(2) controlled protein diet, 40 to 60 grams and requires special products, 100 percent of thrifty food plan;

(3) controlled protein diet, less than 40 grams and requires special products, 125 percent of thrifty food plan;

(4) low cholesterol diet, 25 percent of thrifty food plan;

(5) high residue diet, 20 percent of thrifty food plan;

(6) pregnancy and lactation diet, 35 percent of thrifty food plan;

(7) gluten-free diet, 25 percent of thrifty food plan;

(8) lactose-free diet, 25 percent of thrifty food plan;

(9) antidumping diet, 15 percent of thrifty food plan;

(10) hypoglycemic diet, 15 percent of thrifty food plan; or

(11) ketogenic diet, 25 percent of thrifty food plan.
(b) Payment for nonrecurring special needs must be allowed for necessary home repairs or necessary repairs or replacement of household furniture and appliances using the payment standard of the AFDC program in effect on July 16, 1996, for these expenses, as long as other funding sources are not available.

(c) A fee for guardian or conservator service is allowed at a reasonable rate negotiated by the county or approved by the court. This rate shall not exceed five percent of the assistance unit’s gross monthly income up to a maximum of $100 per month. If the guardian or conservator is a member of the county agency staff, no fee is allowed.

(d) The county agency shall continue to pay a monthly allowance of $68 for restaurant meals for a person who was receiving a restaurant meal allowance on June 1, 1990, and who eats two or more meals in a restaurant daily. The allowance must continue until the person has not received Minnesota supplemental aid for one full calendar month or until the person’s living arrangement changes and the person no longer meets the criteria for the restaurant meal allowance, whichever occurs first.

(e) A fee of ten percent of the recipient’s gross income or $25, whichever is less, is allowed for representative payee services provided by an agency that meets the requirements under SSI regulations to charge a fee for representative payee services. This special need is available to all recipients of Minnesota supplemental aid regardless of their living arrangement.

(f)(1) Notwithstanding the language in this subdivision, an amount equal to the maximum allotment authorized by the federal Food Stamp Program for a single individual which is in effect on the first day of July of each year will be added to the standards of assistance established in subdivisions 1 to 4 for adults under the age of 65 who qualify as shelter needy and are: (i) relocating from an institution, or an adult mental health residential treatment program under section 256B.0622; (ii) eligible for the self-directed supports option as defined under section 256B.0657, subdivision 2; or (iii) home and community-based waiver recipients living in their own home or rented or leased apartment which is not owned, operated, or controlled by a provider of service not related by blood or marriage, unless allowed under paragraph (g).

(2) Notwithstanding subdivision 3, paragraph (c), an individual eligible for the shelter needy benefit under this paragraph is considered a household of one. An eligible individual who receives this benefit prior to age 65 may continue to receive the benefit after the age of 65.

(3) “Shelter needy” means that the assistance unit incurs monthly shelter costs that exceed 40 percent of the assistance unit’s gross income before the application of this special needs standard. “Gross income” for the purposes of this section is the applicant’s or recipient’s income as defined in section 256D.35, subdivision 10, or the standard specified in subdivision 3, paragraph (a) or (b), whichever is greater. A recipient of a federal or state housing subsidy, that limits shelter costs to a percentage of gross income, shall not be considered shelter needy for purposes of this paragraph.

(g) Notwithstanding this subdivision, to access housing and services as provided in paragraph (f), the recipient may choose housing that may or may not be owned, operated, or controlled by the recipient’s service provider if the housing is located in a multifamily building of six or more units. In a multifamily building of four or more units, the maximum number of units, apartments that may be used by recipients of this program shall be 50 percent of the units in a building. The department shall develop an exception process to the 50 percent maximum. This paragraph expires on June 30, 2012.

Sec. 23. Minnesota Statutes 2008, section 326B.43, subdivision 2, is amended to read:

(2) the municipality may challenge the termination in a contested case before the commissioner pursuant to the Administrative Procedure Act; and

The amount paid under this subdivision must not exceed the lesser of:

(1) the difference between 90 percent and the current year payment percentage in subdivision 2, paragraph (d), in the current fiscal year times the sum of the district or charter school's general education aid plus the aid adjustment in section 127A.50 for the current fiscal year; or

(2) the amount by which the district's or charter school's net negative unreserved general fund balance as of June 30 of the prior fiscal year exceeds 2.5 percent of the district or charter school's expenditures for that fiscal year.

(b) The state total advance final payment under this subdivision for any year must not exceed $7,500,000. If the amount request exceeds $7,500,000, the advance final payment for each eligible district must be reduced proportionately.

ARTICLE 13

PERMANENT REVENUE

Section 1. Minnesota Statutes 2009 Supplement, section 290.06, subdivision 2c, is amended to read:

Subd. 2c. Schedules of rates for individuals, estates, and trusts. (a) The income taxes imposed by this chapter upon married individuals filing joint returns and surviving spouses as defined in section 2(a) of the Internal Revenue Code must be computed by applying to their taxable net income the following schedule of rates:

1. On the first $25,680–$33,280, 5.35 percent;
2. On all over $25,680–$33,280, but not over $102,030–$132,220, 7.05 percent;
3. On all over $102,030–$132,220, but not over $250,000, 7.85 percent;
4. On all over $250,000, nine percent.

Married individuals filing separate returns, estates, and trusts must compute their income tax by applying the above rates to their taxable income, except that the income brackets will be one-half of the above amounts.

(b) The income taxes imposed by this chapter upon unmarried individuals must be computed by applying to taxable net income the following schedule of rates:

1. On the first $17,570–$22,770, 5.35 percent;
2. On all over $17,570–$22,770, but not over $57,710–$74,780, 7.05 percent;
3. On all over $57,710–$74,780, but not over $141,250, 7.85 percent;
4. On all over $141,250, nine percent.

(c) The income taxes imposed by this chapter upon unmarried individuals qualifying as a head of household as defined in section 2(b) of the Internal Revenue Code must be computed by applying to taxable net income the following schedule of rates:

1. On the first $21,630–$28,030, 5.35 percent;
2. On all over $21,630–$28,030, but not over $86,910–$112,620, 7.05 percent;
3. On all over $86,910–$112,620, but not over $212,500, 7.85 percent;
4. On all over $212,500, nine percent.

(d) In lieu of a tax computed according to the rates set forth in this subdivision, the tax of any individual taxpayer whose taxable net income for the taxable year is less than an amount determined by the commissioner must be computed in accordance with tables prepared and issued by the commissioner of revenue based on income brackets of not more than $100. The amount of tax for each bracket shall be computed at the rates set forth in this subdivision, provided that the commissioner may disregard a fractional part of a dollar unless it amounts to 50 cents or more, in which case it may be increased to $1.
(e) An individual who is not a Minnesota resident for the entire year must compute the individual's Minnesota income tax as provided in this subdivision. After the application of the nonrefundable credits provided in this chapter, the tax liability must then be multiplied by a fraction in which:

(1) the numerator is the individual's Minnesota source federal adjusted gross income as defined in section 62 of the Internal Revenue Code and increased by the additions required under section 290.01, subdivision 19a, clauses (1), (5), (6), (7), (8), (9), (12), (13), (16), and (17), and reduced by the Minnesota assignable portion of the subtraction for United States government interest under section 290.01, subdivision 19b, clause (1), and the subtractions under section 290.01, subdivision 19b, clauses (9), (10), (14), (15), (16), and (18), after applying the allocation and assignability provisions of section 290.081, clause (a), or 290.17; and

(2) the denominator is the individual's federal adjusted gross income as defined in section 62 of the Internal Revenue Code of 1986, increased by the amounts specified in section 290.01, subdivision 19a, clauses (1), (5), (6), (7), (8), (9), (12), (13), (16), and (17), and reduced by the amounts specified in section 290.01, subdivision 19b, clauses (1), (9), (10), (14), (15), (16), and (18).

(f) For taxable years beginning after December 31, 2013, the maximum tax rate under this section is 7.85 percent, if the commissioner of management and budget estimates in the February 2013 economic forecast that the unrestricted general fund balance at the end of fiscal year 2013 equals or exceeds $500,000,000.

**EFFECTIVE DATE.** This section is effective for taxable years beginning after December 31, 2009.

Sec. 2. Minnesota Statutes 2008, section 290.06, subdivision 2d, is amended to read:

For the purpose of making the adjustment as provided in this subdivision all of the rate brackets provided in subdivision 2c shall be the rate brackets as they existed for taxable years beginning after December 31, 1999 2009, and before January 1, 2001 2011. The rate applicable to any rate bracket must not be changed. The dollar amounts setting forth the tax shall be adjusted to reflect the changes in the rate brackets. The rate brackets as adjusted must be rounded to the nearest $10 amount. If the rate bracket ends in $5, it must be rounded up to the nearest $10 amount.

(b) The commissioner shall adjust the rate brackets and by the percentage determined pursuant to the provisions of section 1(f) of the Internal Revenue Code, except that in section 1(f)(3)(B) the word "1992" shall be substituted for the word "1999." For 2001 2011, the commissioner shall then determine the percent change from the 12 months ending on August 31, 1999 2009, to the 12 months ending on August 31, 2000 2010, and in each subsequent year, from the 12 months ending on August 31, 1999 2009, to the 12 months ending on August 31 of the year preceding the taxable year. The determination of the commissioner pursuant to this subdivision shall not be considered a "rule" and shall not be subject to the Administrative Procedure Act contained in chapter 14.

No later than December 15 of each year, the commissioner shall announce the specific percentage that will be used to adjust the tax rate brackets.

**EFFECTIVE DATE.** This section is effective for taxable years beginning after December 31, 2009.

Sec. 9. Minnesota Statutes 2008, section 297G.04, is amended to read:

**297G.04 FERMENTED MALT BEVERAGES; RATE OF TAX.**

Subdivision 1. **Tax imposed.** The following excise tax is imposed on all fermented malt beverages that are imported, directly or indirectly sold, or possessed in this state:

(1) on fermented malt beverages containing not more than 3.2 percent alcohol by weight, $2.40 $10.67 per 31-gallon barrel; and

(2) on fermented malt beverages containing more than 3.2 percent alcohol by weight, $4.60 $12.87 per 31-gallon barrel.

For fractions of a 31-gallon barrel, the tax rate is calculated proportionally.

Subd. 2. **Tax credit.** A qualified brewer producing fermented malt beverages is entitled to a tax credit of $4.60 $12.87 per barrel on 25,000 barrels sold in any fiscal year beginning July 1, regardless of the alcohol content of the product. Qualified brewers may take the credit on the 18th day of each month, but the total credit allowed may not exceed in any fiscal year the lesser of:

(1) the liability for tax; or

(2) $415,000 $322,200.
For purposes of this subdivision, a "qualified brewer" means a brewer, whether or not located in this state, manufacturing less than 100,000 barrels of fermented malt beverages in the calendar year immediately preceding the calendar year for which the credit under this subdivision is claimed. In determining the number of barrels, all brands or labels of a brewer must be combined. All facilities for the manufacture of fermented malt beverages owned or controlled by the same person, corporation, or other entity must be treated as a single brewer.

Brod moved to amend H. F. No. 3729, the second engrossment, as amended, as follows:

Page 62, after line 6, insert:

"Section 1. Minnesota Statutes 2008, section 270A.03, subdivision 7, is amended to read:

Subd. 7. Refund. "Refund" means an individual income tax refund or political contribution refund, pursuant to chapter 290, or a property tax credit or refund, pursuant to chapter 290A, or a sustainable forest tax payment to a claimant under chapter 290C.

For purposes of this chapter, lottery prizes, as set forth in section 349A.08, subdivision 8, and amounts granted to persons by the legislature on the recommendation of the joint senate-house of representatives Subcommittee on Claims shall be treated as refunds.

In the case of a joint property tax refund payable to spouses under chapter 290A, the refund shall be considered as belonging to each spouse in the proportion of the total refund that equals each spouse's proportion of the total income determined under section 290A.03, subdivision 3. In the case of a joint income tax refund under chapter 289A, the refund shall be considered as belonging to each spouse in the proportion of the total refund that equals each spouse's proportion of the total taxable income determined under section 290.01, subdivision 29. The commissioner shall remit the entire refund to the claimant agency, which shall, upon the request of the spouse who does not owe the debt, determine the amount of the refund belonging to that spouse and refund the amount to that spouse. For court fines, fees, and surcharges and court-ordered restitution under section 611A.04, subdivision 2, the notice provided by the commissioner of revenue under section 270A.07, subdivision 2, paragraph (b), serves as the appropriate legal notice to the spouse who does not owe the debt.

EFFECTIVE DATE. This section is effective for political contribution refund claims based on contributions that are made after June 30, 2011."

"Sec. 8. Minnesota Statutes 2008, section 289A.50, subdivision 1, is amended to read:

Subdivision 1. General right to refund. (a) Subject to the requirements of this section and section 289A.40, a taxpayer who has paid a tax in excess of the taxes lawfully due and who files a written claim for refund will be refunded or credited the overpayment of the tax determined by the commissioner to be erroneously paid.

(b) The claim must specify the name of the taxpayer, the date when and the period for which the tax was paid, the kind of tax paid, the amount of the tax that the taxpayer claims was erroneously paid, the grounds on which a refund is claimed, and other information relative to the payment and in the form required by the commissioner. An income tax, estate tax, or corporate franchise tax return, or amended return claiming an overpayment constitutes a claim for refund.

(c) When, in the course of an examination, and within the time for requesting a refund, the commissioner determines that there has been an overpayment of tax, the commissioner shall refund or credit the overpayment to the taxpayer and no demand is necessary. If the overpayment exceeds $1, the amount of the overpayment must be refunded to the taxpayer. If the amount of the overpayment is less than $1, the commissioner is not required to refund. In these situations, the commissioner does not have to make written findings or serve notice by mail to the taxpayer.

(d) If the amount allowable as a credit for withholding, estimated taxes, or dependent care exceeds the tax against which the credit is allowable, the amount of the excess is considered an overpayment. The refund allowed by section 290.06, subdivision 23, is also considered an overpayment. The requirements of section 270C.33 do not apply to the refunding of such an overpayment shown on the original return filed by a taxpayer.
(e) If the entertainment tax withheld at the source exceeds by $1 or more the taxes, penalties, and interest reported in the return of the entertainment entity or imposed by section 290.9201, the excess must be refunded to the entertainment entity. If the excess is less than $1, the commissioner need not refund that amount.

(f) If the surety deposit required for a construction contract exceeds the liability of the out-of-state contractor, the commissioner shall refund the difference to the contractor.

(g) An action of the commissioner in refunding the amount of the overpayment does not constitute a determination of the correctness of the return of the taxpayer.

(h) There is appropriated from the general fund to the commissioner of revenue the amount necessary to pay refunds allowed under this section.

**EFFECTIVE DATE.** This section is effective for political contribution refund claims based on contributions that are made after June 30, 2011."

"Sec. 23. Minnesota Statutes 2008, section 290A.04, subdivision 2, is amended to read:

Subd. 2. **Homeowners.** (a) A claimant whose property taxes payable are in excess of the percentage of the household income stated below shall pay an amount equal to the percent of income shown for the appropriate household income level along with the percent to be paid by the claimant of the remaining amount of property taxes payable. The state refund equals the amount of property taxes payable that remain, up to the state refund amount shown below.

Page 78, delete section 13, and insert:

"Sec. 13. Minnesota Statutes 2009 Supplement, section 290.06, subdivision 2c, is amended to read:

Subd. 2c. Schedules of rates for individuals, estates, and trusts. (a) The income taxes imposed by this chapter upon married individuals filing joint returns and surviving spouses as defined in section 2(a) of the Internal Revenue Code must be computed by applying to their taxable net income the following schedule of rates:

(1) On the first $25,680 $33,280, 5.35 percent;

(2) On all over $25,680 $33,280, but not over $102,030 $132,220, 7.05 percent;

(3) On all over $102,030 $132,220, but not over $1,000,000, 7.85 percent;

(4) On all over $1,000,000, 10.85 percent.

Married individuals filing separate returns, estates, and trusts must compute their income tax by applying the above rates to their taxable income, except that the income brackets will be one-half of the above amounts.

(b) The income taxes imposed by this chapter upon unmarried individuals must be computed by applying to taxable net income the following schedule of rates:

(1) On the first $17,570 $22,770, 5.35 percent;

(2) On all over $17,570 $22,770, but not over $57,710 $74,780, 7.05 percent;

(3) On all over $57,710 $74,780, but not over $565,660, 7.85 percent;

(4) On all over $565,660, 10.85 percent.

(c) The income taxes imposed by this chapter upon unmarried individuals qualifying as a head of household as defined in section 2(b) of the Internal Revenue Code must be computed by applying to taxable net income the following schedule of rates:

(1) On the first $21,630 $28,030, 5.35 percent;
(2) On all over $21,630 $28,030, but not over $86,910 $112,620, 7.05 percent;

(3) On all over $86,910 $112,620, but not over $851,860, 7.85 percent.

(4) On all over $851,860, 10.85 percent.

d) In lieu of a tax computed according to the rates set forth in this subdivision, the tax of any individual taxpayer whose taxable net income for the taxable year is less than an amount determined by the commissioner must be computed in accordance with tables prepared and issued by the commissioner of revenue based on income brackets of not more than $100. The amount of tax for each bracket shall be computed at the rates set forth in this subdivision, provided that the commissioner may disregard a fractional part of a dollar unless it amounts to 50 cents or more, in which case it may be increased to $1.

(e) An individual who is not a Minnesota resident for the entire year must compute the individual's Minnesota income tax as provided in this subdivision. After the application of the nonrefundable credits provided in this chapter, the tax liability must then be multiplied by a fraction in which:

(1) the numerator is the individual's Minnesota source federal adjusted gross income as defined in section 62 of the Internal Revenue Code and increased by the additions required under section 290.01, subdivision 19a, clauses (1), (5), (6), (7), (8), (9), (12), (13), (16), and (17), and reduced by the Minnesota assignable portion of the subtraction for United States government interest under section 290.01, subdivision 19b, clause (1), and the subtractions under section 290.01, subdivision 19b, clauses (9), (10), (14), (15), (16), and (18), after applying the allocation and assignability provisions of section 290.081, clause (a), or 290.17; and

(2) the denominator is the individual's federal adjusted gross income as defined in section 62 of the Internal Revenue Code of 1986, increased by the amounts specified in section 290.01, subdivision 19a, clauses (1), (5), (6), (7), (8), (9), (12), (13), (16), and (17), and reduced by the amounts specified in section 290.01, subdivision 19b, clauses (1), (9), (10), (14), (15), (16), and (18), after applying the allocation and assignability provisions of section 290.081, clause (a), or 290.17; and

EFFECTIVE DATE. This section is effective for taxable years beginning after December 31, 2009.

Sec. 14. Minnesota Statutes 2008, section 290.06, subdivision 2d, is amended to read:

Subd. 2d. Inflation adjustment of brackets. (a) For taxable years beginning after December 31, 2009, the minimum and maximum dollar amounts for each rate bracket for which a tax is imposed in subdivision 2c shall be adjusted for inflation by the percentage determined under paragraph (b). For the purpose of making the adjustment as provided in this subdivision all of the rate brackets provided in subdivision 2c shall be the rate brackets as they existed for taxable years beginning after December 31, 1999, and before January 1, 2001. The rate applicable to any rate bracket must not be changed. The dollar amounts setting forth the tax shall be adjusted to reflect the changes in the rate brackets. The rate brackets as adjusted must be rounded to the nearest $10 amount. If the rate bracket ends in $5, it must be rounded up to the nearest $10 amount.

(b) The commissioner shall adjust the rate brackets and by the percentage determined pursuant to the provisions of section 1(f) of the Internal Revenue Code, except that in section 1(f)(3)(B) the word "1992," "2009" shall be substituted for the word "1992." For 2001, the commissioner shall then determine the percent change from the 12 months ending on August 31, 1999, to the 12 months ending on August 31, 2000, and in each subsequent year, from the 12 months ending on August 31, 1999, to the 12 months ending on August 31 of the year preceding the taxable year. The determination of the commissioner pursuant to this subdivision shall not be considered a "rule" and shall not be subject to the Administrative Procedure Act contained in chapter 14.
No later than December 15 of each year, the commissioner shall announce the specific percentage that will be used to adjust the tax rate brackets.

The annuity is payable using the full early retirement reduction under section 352.116, subdivision 1, paragraph (a), to age 55 and one-half of the early retirement reduction from age 55 to the age payment begins.

(c) If the employee was under age 55 and has credit for at least three years of allowable service credit on the date of death if the employee was employed after June 30, 2010, but did not yet qualify for retirement, the surviving spouse may elect to receive a 100 percent joint and survivor annuity based on the age of the employee and surviving spouse at the time of death. An amount equal to the excess, if any, of the accumulated contributions credited to the account of the deceased employee in excess of the total of the benefits paid and payable to the surviving spouse must be paid to the deceased employee's or former employee's last designated beneficiary or, if none, as specified under subdivision 1.

(e) Any employee or former employee may request in writing, with the signed consent of the spouse, that this subdivision not apply and that payment be made only to a designated beneficiary as otherwise provided by this chapter.

Sec. 7. Minnesota Statutes 2008, section 352.72, subdivision 1, is amended to read:

Subdivision 1. Entitlement to annuity. (a) Any person who has been an employee covered by a retirement system listed in paragraph (b) is entitled when qualified to an annuity from each fund if total allowable service in all funds or in any two of these funds totals three or more years if employed before July 1, 2010, or totals five or more years if employed after June 30, 2010.

(b) This section applies to the Minnesota State Retirement System, the Public Employees Retirement Association including the Public Employees Retirement Association police and fire fund, the Teachers Retirement Association, the State Patrol Retirement Association, or any other public employee retirement system in the state with a similar provision, except as noted in paragraph (c).

(c) This section does not apply to other funds providing benefits for police officers or firefighters.

(d) No portion of the allowable service upon which the retirement annuity from one fund is based shall be again used in the computation for benefits from another fund. No refund may have been taken from any one of these funds since service entitling the employee to coverage under the system or the employee's membership in any of the
associations last terminated. The annuity from each fund must be determined by the appropriate provisions of the law except that the requirement that a person must have at least three years of allowable service in the respective system or association does not apply for the purposes of this section if the combined service in two or more of these funds equals at least the longest period of allowable service of any of the applicable retirement plans.

**EFFECTIVE DATE.** This section is effective the day following final enactment.

Sec. 8. Minnesota Statutes 2008, section 352.72, subdivision 2, is amended to read:

Subd. 2. **Computation of deferred annuity.** (a) The deferred annuity, if any, accruing under subdivision 1, or section 352.22, subdivision 3, must be computed as provided in section 352.22, subdivision 3, on the basis of allowable service before termination of state service and augmented as provided herein. The required reserves applicable to a deferred annuity or to an annuity for which a former employee was eligible but had not applied or to any deferred segment of an annuity must be determined as of the date the benefit begins to accrue and augmented by interest compounded annually from the first day of the month following the month in which the employee ceased to be a state employee, or July 1, 1971, whichever is later, to the first day of the month in which the annuity begins to accrue. The rates of interest used for this purpose must be five percent compounded annually until January 1, 1981, and three percent compounded annually thereafter until January 1 of the year following the year in which the former employee attains age 55 or until January 1, 2012, whichever is earlier, and from that date the January 1 next following the attainment of age 55 to the effective date of retirement or until January 1, 2012, whichever is earlier, the rate is five percent compounded annually if the employee became an employee before July 1, 2006, and at 2.5 percent compounded annually until January 1, 2012, if the employee becomes an employee after June 30, 2006, and two percent compounded annually after December 31, 2011, irrespective of when the employee became a state employee. If a person has more than one period of uninterrupted service, the required reserves related to each period must be augmented by interest under this subdivision. The sum of the augmented required reserves so determined is the present value of the annuity. "Uninterrupted service" for the purpose of this subdivision means periods of covered employment during which the employee has not been separated from state service for more than two years. If a person repays a refund, the service restored by the repayment must be considered continuous with the next period of service for which the employee has credit with this system. The formula percentages used for each period of uninterrupted service must be those applicable to a new employee. The mortality table and interest assumption used to compute the annuity must be those in effect when the employee files application for annuity. This section does not reduce the annuity otherwise payable under this chapter.

(b) The retirement annuity or disability benefit of, or the survivor benefit payable on behalf of, a former state employee who terminated service before July 1, 1997, which is not first payable until after June 30, 1997, must be increased on an actuarial equivalent basis to reflect the change in the postretirement interest rate actuarial assumption under section 356.215, subdivision 8, from five percent to six percent under a calculation procedure and the tables adopted by the board and approved by the actuary retained under section 356.214.

**EFFECTIVE DATE.** This section is effective the day following final enactment.

Sec. 9. Minnesota Statutes 2009 Supplement, section 352.75, subdivision 4, is amended to read:

Subd. 4. **Existing deferred retirees.** Any former member of the former Metropolitan Transit Commission-Transit Operating Division employees retirement fund is entitled to a retirement annuity from the Minnesota State Retirement System if the employee:

(1) is not an active employee of the Transit Operating Division of the former Metropolitan Transit Commission on July 1, 1978; (2) has at least ten years of active continuous service with the Transit Operating Division of the former Metropolitan Transit Commission as defined by the former Metropolitan Transit Commission-Transit
Operating Division employees retirement plan document in effect on December 31, 1977; (3) has not received a refund of contributions; (4) has not retired or begun receiving an annuity or benefit from the former Metropolitan Transit Commission-Transit Operating Division employees retirement fund; (5) is at least 55 years old; and (6) submits a valid application for a retirement annuity to the executive director of the Minnesota State Retirement System.

The person is entitled to a retirement annuity in an amount equal to the normal old age retirement allowance calculated under the former Metropolitan Transit Commission-Transit Operating Division employees retirement fund plan document in effect on December 31, 1977, subject to an early retirement reduction or adjustment in amount on account of retirement before the normal retirement age specified in that former Metropolitan Transit Commission-Transit Operating Division employees retirement fund plan document.

The deferred retirement annuity of any person to whom this subdivision applies must be augmented. The required reserves applicable to the deferred retirement annuity, determined as of the date the allowance begins to accrue using an appropriate mortality table and an interest assumption of five percent, must be augmented by interest at the rate of five percent per year compounded annually from January 1, 1978, to January 1, 1981, and three percent per year compounded annually from January 1, 1981, until the date that the annuity begins to accrue or June 30, 2011, whichever is earlier, and two percent after June 30, 2011, to the first day of the month in which the annuity begins to accrue. After the commencement of the retirement annuity, the annuity is eligible for postretirement adjustments under section 356.415. On applying for a retirement annuity under this subdivision, the person is entitled to elect a joint and survivor optional annuity under section 352.116, subdivision 3.

**EFFECTIVE DATE.** This section is effective the day following final enactment.

**EFFECTIVE DATE.** This section is effective the day following final enactment.
Sec. 12. Minnesota Statutes 2008, section 352.93, subdivision 3a, is amended to read:

The board may establish optional annuity forms to pay a higher amount from the date of retirement until an employee is first eligible to draw Social Security benefits, reaches age 65, or up to reaches the age the employee is eligible to receive unreduced Social Security benefits, at which time the monthly benefits must be reduced. The optional annuity forms must be actuarially equivalent to the normal single life annuity form provided in subdivision 2. The optional annuity forms must be approved certified as actuarially equivalent by the actuary retained under section 356.214.

**EFFECTIVE DATE.** This section is effective the day following final enactment.

Sec. 13. Minnesota Statutes 2008, section 352.931, subdivision 1, is amended to read:

The election must be made at any time after the date of death of the employee. The surviving spouse benefit begins to accrue as of the first of the month next following the date on which the application for the benefit was filed.

The annuity is payable using the early retirement reduction under section 352.93, subdivision 2a, to age 50, and one-half of the early retirement reduction from age 50 to the age payment begins. The surviving spouse eligible for surviving spouse benefits under this paragraph may apply for the annuity at any time after the employee’s death. Sections 352.22, subdivision 3, and 352.72, subdivision 2, apply to a deferred annuity or surviving spouse benefit payable under this subdivision.

(c) The annuity must cease with the last payment received by the surviving spouse in the lifetime of the surviving spouse. Sec. 25. Minnesota Statutes 2008, section 353.27, subdivision 3b, is amended to read:

Subd. 3b. **Change in employee and employer contributions in certain instances.** (a) For purposes of this section:

(1) a contribution sufficiency exists if the total of the employee contribution under subdivision 2, the employer contribution under subdivision 3, the additional employer contribution under subdivision 3a, and any additional contribution previously imposed under this subdivision exceeds the total of the normal cost, the administrative expenses, and the amortization contribution of the retirement plan as reported in the most recent actuarial valuation of the retirement plan prepared by the actuary retained under section 356.214 and prepared under section 356.215 and the standards for actuarial work of the Legislative Commission on Pensions and Retirement. For purposes of this section; and

(2) a contribution deficiency exists if the total of the employee contributions under subdivision 2, the employer contributions under subdivision 3, the additional employer contribution under subdivision 3a, and any additional contribution previously imposed under this subdivision is less than the total of the normal cost, the administrative expenses, and the amortization contribution of the retirement plan as reported in the most recent actuarial valuation of the retirement plan prepared by the actuary retained under section 356.214 and prepared under section 356.215 and the standards for actuarial work of the Legislative Commission on Pensions and Retirement.

(b) Employee and employer contributions under subdivisions 2 and 3 must be adjusted:

(1) if, on or after July 1, 2010, the regular actuarial valuation of the general employees retirement plan of the Public Employees Retirement Association under section 356.215 indicates that there is a contribution sufficiency under paragraph (a) equal to or greater than 0.5 one percent of covered payroll and that the sufficiency has existed for at least two consecutive years, the coordinated program employee and employer contribution rates must be decreased as determined under paragraph (c) to a level such that the sufficiency is no more greater than 0.25 one percent of covered payroll based on the most recent actuarial valuation; or

(2) if, on or after July 1, 2010, the regular actuarial valuation of the general employees retirement plan of the Public Employees Retirement Association under section 356.215 indicates that there is a contribution deficiency equal to or greater than 0.5 percent of covered payroll and that the deficiency has existed for at least two
consecutive years, the coordinated program employee and employer contribution rates must be increased as determined under paragraph (c) to a level such that no deficiency exists based on the most recent actuarial valuation.

(c) The contribution rate increase or decrease must be determined by the executive director of the Public Employees Retirement Association, must be reported to the chair and the executive director of the Legislative Commission on Pensions and Retirement on or before the next February 1, and, if the Legislative Commission on Pensions and Retirement does not recommend against the rate change or does not recommend a modification in the rate change, is effective on the next July 1 following the determination by the executive director that a contribution deficiency or sufficiency has existed for two consecutive fiscal years based on the most recent actuarial valuations under section 356.215. If the actuarially required contribution exceeds or is less than the total support provided by the combined employee and employer contribution rates under subdivisions 2, 3, and 3a, by more than 0.5 one percent of covered payroll, the coordinated program employee and employer contribution rates under subdivisions 2 and 3 must be adjusted decreased incrementally over one or more years by no more than 0.25 percent of pay each for employee and employer matching contribution rates to a level such that there remains a contribution sufficiency of no more than 0.25 at least one percent of covered payroll. No contribution rate decrease may be made until at least two years have elapsed since any adjustment under this subdivision has been fully implemented.

(d) If the actuarially required contribution exceeds the total support provided by the combined employee and employer contribution rates under subdivisions 2, 3, and 3a, the employee and matching employer contribution rates must be increased equally to eliminate that contribution deficiency. If the contribution deficiency is:

(1) less than two percent, the incremental adjustment increase may exceed be up to 0.25 percent for either the coordinated program employee and matching employer contribution rates per year in which any adjustment is implemented. A contribution rate adjustment under this subdivision must not be made until at least two years have passed since fully implementing a previous adjustment under this subdivision;

(2) greater than 1.99 percent and less than 4.01 percent, the incremental increase may be up to 0.5 percent for the employee and matching employer contribution rates; or

(3) greater than four percent, the incremental increase may be up to 0.75 percent for the employee and matching employer contribution.

(e) Any recommended adjustment to the contribution rates must be reported to the chair and the executive director of the Legislative Commission on Pensions and Retirement by January 15 following receipt of the most recent annual actuarial valuation prepared under section 356.215. (f) A contribution sufficiency of up to one percent of covered payroll must be held in reserve to be used to offset any future actuarially required contributions that are more than the total combined employee and employer contributions under subdivisions 2, 3, and 3a.

(g) Before any reduction in contributions to eliminate a sufficiency in excess of one percent of covered pay may be recommended, the executive director must review any need for a change in actuarial assumptions, as recommended by the actuary retained under section 356.214 in the most recent experience study of the general employees retirement plan prepared under section 356.215 and the standards for actuarial work promulgated by the Legislative Commission on Pensions and Retirement that may result in an increase in the actuarially required contribution and must report to the Legislative Commission on Pensions and Retirement any recommendation by the board to use the sufficiency exceeding one percent of covered payroll to offset the impact of an actuarial assumption change recommended by the actuary retained under section 356.214, subdivision 1, and reviewed by the actuary retained by the commission under section 356.214, subdivision 4.
(h) No contribution sufficiency in excess of one percent of covered pay may be proposed to be used to increase benefits, and no benefit increase may be proposed that would initiate an automatic adjustment to increase contributions under this subdivision. Sec. 49. Minnesota Statutes 2008, section 354.42, is amended by adding a subdivision to read:

Subd. 4a. **Determination.** (a) For purposes of this section, a contribution sufficiency exists if the total of the employee contributions, the employer contributions, and any additional employer contributions, if applicable, exceeds the total of the normal cost, the administrative expenses, and the amortization contribution of the retirement plan as reported in the most recent actuarial valuation of the retirement plan prepared by the approved actuary retained under section 356.214 and prepared under section 356.215 and the standards for actuarial work of the Legislative Commission on Pensions and Retirement.

(b) For purposes of this section, a contribution deficiency exists if the total of the employee contributions, the employer contributions, and any additional employer contributions are less than the total of the normal cost, the administrative expenses, and the amortization contribution of the retirement plan as reported in the most recent actuarial valuation of the retirement plan prepared by the approved actuary retained under section 356.214 and prepared under section 356.215 and the standards for actuarial work of the Legislative Commission on Pensions and Retirement.

**EFFECTIVE DATE.** This section is effective the day following final enactment.

Sec. 50. Minnesota Statutes 2008, section 354.42, is amended by adding a subdivision to read:

Subd. 4b. **Contribution rate revision.** Notwithstanding the contribution rate provisions under subdivisions 2 and 3, the employee and employer contribution rates may be adjusted as follows:

(1) if, after June 30, 2015, the regular actuarial valuation of the plan under section 356.215 indicates that there is a contribution sufficiency under subdivision 4a equal to or greater than one percent of covered payroll and the sufficiency has existed for at least two consecutive years, the employee and employer contribution rates for the plan may each be decreased to a level such that the sufficiency equals no more than one percent of covered payroll based on the most recent actuarial valuation; or

(2) if, after June 30, 2015, the regular valuation of the plan under section 356.215 indicates that there is a deficiency equal to or greater than 0.25 percent of covered payroll and the deficiency has existed for at least two consecutive years, the employee and employer contribution rates for the applicable plan may each be increased by:

(i) 0.25 percent if the deficiency is less than 2.00 percent of covered payroll;

(ii) 0.5 percent if the deficiency is equal to or greater than 2.00 percent of covered payroll and less than or equal to four percent; and

(iii) 0.75 percent if the deficiency is greater than four percent.

Subd. 4c. **Contribution sufficiency measures.** (a) A contribution sufficiency of up to one percent of covered payroll must be held in reserve to be used to offset any future actuarially required contributions that are more than the total combined employee and employer contributions being collected.

(b) Before any reduction in contributions to eliminate a sufficiency in excess of one percent of covered pay may be recommended, the executive director must review any need for a change in actuarial assumptions, as recommended by the actuary retained under section 356.214 in the most recent experience study of the retirement
plan, that may result in an increase in the actuarially required contribution and must report to the Legislative Commission on Pensions and Retirement any recommendation by the board to use the sufficiency exceeding one percent of covered payroll to offset the impact of an actuarial assumption change recommended by the actuary retained under section 356.214, subdivision 1, and reviewed by the actuary retained by the commission under section 356.214, subdivision 4.

(c) A contribution sufficiency in excess of one percent of covered pay must not be used to increase benefits, and a benefit increase must not be proposed that would initiate an automatic adjustment under this section to increase contributions. A proposed benefit improvement must include a recommendation, prepared by the actuary retained under section 356.214, subdivision 1, and reviewed by the actuary retained by the Legislative Commission on Pensions and Retirement, as provided under section 356.214, subdivision 4, on the manner in which the benefit modification is to be funded.

(3) after June 30, 2011, four percent.
(c) If the designated beneficiary under paragraph (b) is a minor, any interest credited under that paragraph must be credited to the date the beneficiary reaches legal age, or the date of receipt, whichever is earlier.

(d) The amount of any refund payable under this subdivision must be reduced by any permanent disability payment under section 354.48 received by the member.

Sec. 54. Minnesota Statutes 2009 Supplement, section 354.49, subdivision 2, is amended to read:

Subd. 2. **Calculation.** (a) Except as provided in section 354.44, subdivision 1, any person who ceases to be a member by reason of termination of teaching service, is entitled to receive a refund in an amount equal to the accumulated deductions credited to the account as of June 30, 1957, and after July 1, 1957, the accumulated deductions with interest at the rate of six percent per annum compounded annually—plus interest compounded annually using the following interest rates:

(2) July 1, 1957, to June 30, 2011, six percent; and
(3) after June 30, 2011, four percent.

For the purpose of this subdivision, interest must be computed on fiscal year end balances to the first day of the month in which the refund is issued.

(b) If the person has received permanent disability payments under section 354.48, the refund amount must be reduced by the amount of those payments.

**EFFECTIVE DATE.** This section is effective the day following final enactment.

Sec. 55. Minnesota Statutes 2009 Supplement, section 354.55, subdivision 11, is amended to read:

Subd. 11. **Deferred annuity; augmentation.** (a) Any person covered under section 354.44, subdivision 6, who ceases to render teaching service, may leave the person's accumulated deductions in the fund for the purpose of receiving a deferred annuity at retirement.

(b) The amount of the deferred retirement annuity is determined by section 354.44, subdivision 6, and augmented as provided in this subdivision. The required reserves for the annuity which had accrued when the member ceased to render teaching service must be augmented, as further specified in this subdivision, by the applicable interest rate compounded annually from the first day of the month following the month during which the member ceased to render teaching service to the effective date of retirement.

(c) No augmentation is not creditable if the deferral period is less than three months or if deferral commenced before July 1, 1971.

(d) For persons who became covered employees before July 1, 2006, with a deferral period commencing after June 30, 1971, the annuity must be augmented using as follows:

(1) five percent interest compounded annually until January 1, 1981; and;
(2) three percent interest compounded annually thereafter from January 1, 1981, until January 1 of the year following the year in which the deferred annuitant attains age 55½.  

From that date (3) five percent interest compounded annually from the date established in clause (2) to the effective date of retirement, the rate is five percent compounded annually, or until June 30, 2012, whichever is earlier; and

(4) two percent interest compounded annually after June 30, 2012.

(e) For persons who become covered employees after June 30, 2006, the interest rate used to augment the deferred annuity is 2.5 percent interest compounded annually until June 30, 2012, or until the effective date of retirement, whichever is earlier, and two percent interest compounded annually after June 30, 2012.

(f) If a person has more than one period of uninterrupted service, a separate average salary determined under section 354.44, subdivision 6, must be used for each period and the required reserves related to each period must be augmented as specified in this subdivision. The sum of the augmented required reserves is the present value of the annuity. For the purposes of this subdivision, "period of uninterrupted service" means a period of covered teaching service during which the member has not been separated from active service for more than one fiscal year.

(g) If a person repays a refund, the service restored by the repayment must be considered as continuous with the next period of service for which the person has allowable service credit in the Teachers Retirement Association.

(h) If a person does not render teaching service in any one fiscal year or more consecutive fiscal years and then resumes teaching service, the formula percentages used from the date of the resumption of teaching service must be those applicable to new members.

(i) The mortality table and interest rate actuarial assumption used to compute the annuity must be the applicable mortality table established by the board under section 354.07, subdivision 1, and the interest rate actuarial assumption under section 356.215 in effect when the member retires.

(j) In no case may the annuity payable under this subdivision be less than the amount of annuity payable under section 354.44, subdivision 6.

(k) The requirements and provisions for retirement before normal retirement age contained in section 354.44, subdivision 6, also apply to an employee fulfilling the requirements with a combination of service as provided in section 354.60.

(l) The augmentation provided by this subdivision applies to the benefit provided in section 354.46, subdivision 2.

(m) The augmentation provided by this subdivision does not apply to any period in which a person is on an approved leave of absence from an employer unit covered by the provisions of this chapter.

(n) The retirement annuity or disability benefit of, or the survivor benefit payable on behalf of, a former teacher who terminated service before July 1, 1997, which is not first payable until after June 30, 1997, must be increased on an actuarial equivalent basis to reflect the change in the postretirement interest rate actuarial assumption under section 356.215, subdivision 8, from five percent to six percent under a calculation procedure and tables adopted by the board as recommended by an approved actuary and approved by the actuary retained under section 356.214.

Subdivision 1. **Death before retirement; refund.** If a coordinated member or former coordinated member dies prior to retirement or prior to the receipt of any retirement annuity or other benefit payment which is or may be payable and a surviving spouse optional annuity is not payable pursuant to subdivision 2, a refund shall be paid to the person's surviving spouse, or if there is none, to the person's designated beneficiary, or if there is none, to the legal representative of the person's estate. For a coordinated member or former coordinated member of the St. Paul Teachers Retirement Fund Association, the refund shall be in an amount equal to the person's accumulated employee contributions plus interest at the rate of six percent per annum compounded annually. For a coordinated member or former coordinated member of the Duluth Teachers Retirement Fund Association, the refund shall be in an amount equal to the person's accumulated employee contributions plus interest at the rate of six percent per annum compounded annually to July 1, 2010, and four percent per annum compounded annually thereafter.

**EFFECTIVE DATE.** This section is effective July 1, 2010.

Sec. 64. Minnesota Statutes 2008, section 354A.37, subdivision 2, is amended to read:

Subd. 2. **Eligibility for deferred retirement annuity.** (a) Any coordinated member who ceases to render teaching services for the school district in which the teachers retirement fund association is located, with sufficient allowable service credit to meet the minimum service requirements specified in section 354A.31, subdivision 1, shall be entitled to a deferred retirement annuity in lieu of a refund pursuant to subdivision 1. The deferred retirement annuity shall be computed pursuant to section 354A.31 and shall be augmented as provided in this subdivision. The deferred annuity shall commence upon application after the person on deferred status attains at least the minimum age specified in section 354A.31, subdivision 1.

(b) The monthly annuity amount that had accrued when the member ceased to render teaching service must be augmented from the first day of the month following the month during which the member ceased to render teaching service to the effective date of retirement. There is no augmentation if this period is less than three months. For a member of the St. Paul Teachers Retirement Fund Association, the rate of augmentation is three percent compounded annually until January 1 of the year following the year in which the former member attains age 55, and five percent compounded annually after that date to the effective date of retirement if the employee became an employee before July 1, 2006, and at 2.5 percent compounded annually if the employee becomes an employee after June 30, 2006. For a member of the Duluth Teachers Retirement Fund Association, the rate of augmentation is three percent compounded annually until January 1 of the year following the year in which the former member attains age 55, five percent compounded annually after that date to July 1, 2012, and two percent compounded annually after that date to the effective date of retirement if the employee became an employee before July 1, 2006, and at 2.5 percent compounded annually to July 1, 2012, and two percent compounded annually after that date to the effective date of retirement if the employee becomes an employee after June 30, 2006. If a person has more than one period of uninterrupted service, a separate average salary determined under section 354A.31 must be used for each period, and the monthly annuity amount related to each period must be augmented as provided in this subdivision. The sum of the augmented monthly annuity amounts determines the total deferred annuity payable. If a person repays a refund, the service restored by the repayment must be considered as continuous with the next period of service for which the person has credit with the fund. If a person does not render teaching services in any one fiscal year or more consecutive fiscal years and then resumes teaching service, the formula percentages used from the date of resumption of teaching service are those applicable to new members. The mortality table and interest assumption used to compute the annuity are the table established by the fund to compute other annuities, and the interest assumption under section 356.215 in effect when the member retires. A period of uninterrupted service for the purpose of this subdivision means a period of covered teaching service during which the member has not been separated from active service for more than one fiscal year.
(c) The augmentation provided by this subdivision applies to the benefit provided in section 354A.35, subdivision 2. The augmentation provided by this subdivision does not apply to any period in which a person is on an approved leave of absence from an employer unit.

**EFFECTIVE DATE.** This section is effective July 1, 2010.

Sec. 65. Minnesota Statutes 2008, section 354A.37, subdivision 3, is amended to read:

Subd. 3. **Computation of refund amount.** A former coordinated member of the St. Paul Teachers Retirement Fund Association who qualifies for a refund pursuant to subdivision 1 shall receive a refund equal to the amount of the former coordinated member's accumulated employee contributions with interest at the rate of six percent per annum compounded annually. A former coordinated member of the Duluth Teachers Retirement Fund Association who qualifies for a refund under subdivision 1 shall receive a refund equal to the amount of the former coordinated member's accumulated employee contributions with interest at the rate of six percent per annum compounded annually to July 1, 2010, and four percent per annum compounded annually thereafter.

**EFFECTIVE DATE.** This section is effective July 1, 2010.

Sec. 66. Minnesota Statutes 2008, section 354A.37, subdivision 4, is amended to read:

Subd. 4. **Certain refunds at normal retirement age.** Any coordinated member who has attained the normal retirement age with less than ten years of allowable service credit and has terminated active teaching service shall be entitled to a refund in lieu of a proportionate annuity pursuant to section 356.32. The refund for a member of the St. Paul Teachers Retirement Fund Association shall be equal to the coordinated member's accumulated employee contributions plus interest at the rate of six percent compounded annually. The refund for a member of the Duluth Teachers Retirement Fund Association shall be equal to the coordinated member's accumulated employee contributions plus interest at the rate of six percent compounded annually to July 1, 2010, and four percent per annum compounded annually thereafter.

**EFFECTIVE DATE.** This section is effective July 1, 2010.

Sec. 67. Minnesota Statutes 2008, section 356.215, subdivision 8, is amended to read:

The select calculation is: during the designated select period, a designated percentage rate is multiplied by the result of the designated integer minus T, where T is the number of completed years of service, and is added to the applicable future salary increase assumption. The designated select period is five years and the designated integer is five for the general state employees retirement plan and the general public employees retirement plan. The designated select period is ten years and the designated integer is ten for all other retirement plans covered by this clause. The designated percentage rate is: (1) 0.2 percent for the correctional state employees retirement plan, the State Patrol retirement plan, the public employees police and fire plan, and the local government correctional service plan; (2) 0.6 percent for the general state employees retirement plan and the general public employees retirement plan; and (3) 0.3 percent for the teachers retirement plan, the Duluth Teachers Retirement Fund Association, and the St. Paul Teachers Retirement Fund Association. The select calculation for the Duluth Teachers Retirement Fund Association is 8.00 percent per year for service years one through seven, 7.25 percent per year for service years seven and eight, and 6.50 percent per year for service years eight and nine.

The ultimate future salary increase assumption is:

(d) After July 1, 2010, the assumptions set forth in paragraphs (b) and (c) continue to apply, unless a different salary assumption or a different payroll increase assumption:

(1) has been proposed by the governing board of the applicable retirement plan;

(2) is accompanied by the concurring recommendation of the actuary retained under section 356.214, subdivision 1, if applicable, or by the approved actuary preparing the most recent actuarial valuation report if section 356.214 does not apply; and

(3) has been approved or deemed approved under subdivision 18.

**EFFECTIVE DATE.** This section is effective the day following final enactment.
Subd. 11. **Amortization contributions.** (a) In addition to the exhibit indicating the level normal cost, the actuarial valuation of the retirement plan must contain an exhibit for financial reporting purposes indicating the additional annual contribution sufficient to amortize the unfunded actuarial accrued liability and must contain an exhibit for contribution determination purposes indicating the additional contribution sufficient to amortize the unfunded actuarial accrued liability. For the retirement plans listed in subdivision 8, paragraph (c), the additional contribution must be calculated on a level percentage of covered payroll basis by the established date for full funding in effect when the valuation is prepared, assuming annual payroll growth at the applicable percentage rate set forth in subdivision 8, paragraph (c). For all other retirement plans, the additional annual contribution must be calculated on a level annual dollar amount basis.

(b) For any retirement plan other than the Minneapolis Employees Retirement Fund, the general employees retirement plan of the Public Employees Retirement Association, the general state employees retirement plan of the Minnesota State Retirement System, and the St. Paul Teachers Retirement Fund Association, if there has not been a change in the actuarial assumptions used for calculating the actuarial accrued liability of the fund, a change in the benefit plan governing annuities and benefits payable from the fund, a change in the actuarial cost method used in calculating the actuarial accrued liability of all or a portion of the fund, or a combination of the three, which change or changes by itself or by themselves without inclusion of any other items of increase or decrease produce a net increase in the unfunded actuarial accrued liability of the fund, the established date for full funding is the first actuarial valuation date occurring after June 1, 2020.

(c) For any retirement plan other than the Minneapolis Employees Retirement Fund and the general employees retirement plan of the Public Employees Retirement Association, if there has been a change in any or all of the actuarial assumptions used for calculating the actuarial accrued liability of the fund, a change in the benefit plan governing annuities and benefits payable from the fund, a change in the actuarial cost method used in calculating the actuarial accrued liability of all or a portion of the fund, or a combination of the three, and the change or changes, by itself or by themselves and without inclusion of any other items of increase or decrease, produce a net increase in the unfunded actuarial accrued liability in the fund, the established date for full funding must be determined using the following procedure:

(i) the unfunded actuarial accrued liability of the fund must be determined in accordance with the plan provisions governing annuities and retirement benefits and the actuarial assumptions in effect before an applicable change;

(ii) the level annual dollar contribution or level percentage, whichever is applicable, needed to amortize the unfunded actuarial accrued liability amount determined under item (i) by the established date for full funding in effect before the change must be calculated using the interest assumption specified in subdivision 8 in effect before the change;

(iii) the unfunded actuarial accrued liability of the fund must be determined in accordance with any new plan provisions governing annuities and benefits payable from the fund and any new actuarial assumptions and the remaining plan provisions governing annuities and benefits payable from the fund and actuarial assumptions in effect before the change;

(iv) the level annual dollar contribution or level percentage, whichever is applicable, needed to amortize the difference between the unfunded actuarial accrued liability amount calculated under item (i) and the unfunded actuarial accrued liability amount calculated under item (iii) over a period of 30 years from the end of the plan year in which the applicable change is effective must be calculated using the applicable interest assumption specified in subdivision 8 in effect after any applicable change;
(v) the level annual dollar or level percentage amortization contribution under item (iv) must be added to the level annual dollar amortization contribution or level percentage calculated under item (ii);

(vi) the period in which the unfunded actuarial accrued liability amount determined in item (iii) is amortized by the total level annual dollar or level percentage amortization contribution computed under item (v) must be calculated using the interest assumption specified in subdivision 8 in effect after any applicable change, rounded to the nearest integral number of years, but not to exceed 30 years from the end of the plan year in which the determination of the established date for full funding using the procedure set forth in this clause is made and not to be less than the period of years beginning in the plan year in which the determination of the established date for full funding using the procedure set forth in this clause is made and ending by the date for full funding in effect before the change; and

(vii) the period determined under item (vi) must be added to the date as of which the actuarial valuation was prepared and the date obtained is the new established date for full funding.

(d) For the Minneapolis Employees Retirement Fund, the established date for full funding is June 30, 2020.

(e) For the general employees retirement plan of the Public Employees Retirement Association, the established date for full funding is June 30, 2031.

(f) For the Teachers Retirement Association, the established date for full funding is June 30, 2037.

(g) For the correctional state employees retirement plan of the Minnesota State Retirement System, the established date for full funding is June 30, 2038.

(h) For the judges retirement plan, the established date for full funding is June 30, 2038.

(i) For the public employees police and fire retirement plan, the established date for full funding is June 30, 2038.

(j) For the St. Paul Teachers Retirement Fund Association, the established date for full funding is June 30 of the 25th year from the valuation date. In addition to other requirements of this chapter, the annual actuarial valuation shall contain an exhibit indicating the funded ratio and the deficiency or sufficiency in annual contributions when comparing liabilities to the market value of the assets of the fund as of the close of the most recent fiscal year.

(k) For the general state employees retirement plan of the Minnesota State Retirement System, the established date for full funding is June 30, 2040.

(l) For the retirement plans for which the annual actuarial valuation indicates an excess of valuation assets over the actuarial accrued liability, the valuation assets in excess of the actuarial accrued liability must be recognized as a reduction in the current contribution requirements by an amount equal to the amortization of the excess expressed as a level percentage of pay over a 30-year period beginning anew with each annual actuarial valuation of the plan.

**EFFECTIVE DATE.** This section is effective the day following final enactment.

Sec. 69. Minnesota Statutes 2008, section 356.30, subdivision 1, is amended to read:

Subdivision 1. **Eligibility; computation of annuity.** (a) Notwithstanding any provisions of the laws governing the retirement plans enumerated in subdivision 3, a person who has met the qualifications of paragraph (b) may elect to receive a retirement annuity from each enumerated retirement plan in which the person has at least one-half year of allowable service, based on the allowable service in each plan, subject to the provisions of paragraph (c).
(b) A person may receive, upon retirement, a retirement annuity from each enumerated retirement plan in which the person has at least one-half year of allowable service, and augmentation of a deferred annuity calculated at the appropriate rate under the laws governing each public pension plan or fund named in subdivision 3, based on the date of the person's initial entry into public employment from the date the person terminated all public service if:

(1) the person has allowable service totaling an amount that allows the person to receive an annuity in any two or more of the enumerated plans;

(2) the person has sufficient allowable service in total that equals or exceeds the applicable service credit vesting requirement of the retirement plan with the longest applicable service credit vesting requirement; and

(iii) the person has not begun to receive an annuity from any enumerated plan or the person has made application for benefits from each applicable plan and the effective dates of the retirement annuity with each plan under which the person chooses to receive an annuity are within a one-year period.

(c) The retirement annuity from each plan must be based upon the allowable service, accrual rates, and average salary in the applicable plan except as further specified or modified in the following clauses:

(1) the laws governing annuities must be the law in effect on the date of termination from the last period of public service under a covered retirement plan with which the person earned a minimum of one-half year of allowable service credit during that employment;

(2) the "average salary" on which the annuity from each covered plan in which the employee has credit in a formula plan must be based on the employee's highest five successive years of covered salary during the entire service in covered plans;

(3) the accrual rates to be used by each plan must be those percentages prescribed by each plan's formula as continued for the respective years of allowable service from one plan to the next, recognizing all previous allowable service with the other covered plans;

(4) the allowable service in all the plans must be combined in determining eligibility for and the application of each plan's provisions in respect to reduction in the annuity amount for retirement prior to normal retirement age; and

(5) the annuity amount payable for any allowable service under a nonformula plan of a covered plan must not be affected, but such service and covered salary must be used in the above calculation.

(d) This section does not apply to any person whose final termination from the last public service under a covered plan was before May 1, 1975.

(e) For the purpose of computing annuities under this section, the accrual rates used by any covered plan, except the public employees police and fire plan, the judges retirement fund, and the State Patrol retirement plan, must not exceed the percent specified in section 356.315, subdivision 4, per year of service for any year of service or fraction thereof. The formula percentage used by the judges retirement fund must not exceed the percentage rate specified in section 356.315, subdivision 8, per year of service for any year of service or fraction thereof. The accrual rate used by the public employees police and fire plan and the State Patrol retirement plan must not exceed the percentage rate specified in section 356.315, subdivision 6, per year of service for any year of service or fraction thereof. The accrual rate or rates used by the legislators retirement plan must not exceed 2.5 percent, but this limit does not apply to the adjustment provided under section 3A.02, subdivision 1, paragraph (c).

(f) Any period of time for which a person has credit in more than one of the covered plans must be used only once for the purpose of determining total allowable service.
(g) If the period of duplicated service credit is more than one-half year, or the person has credit for more than one-half year, with each of the plans, each plan must apply its formula to a prorated service credit for the period of duplicated service based on a fraction of the salary on which deductions were paid to that fund for the period divided by the total salary on which deductions were paid to all plans for the period.

(h) If the period of duplicated service credit is less than one-half year, or when added to other service credit with that plan is less than one-half year, the service credit must be ignored and a refund of contributions made to the person in accord with that plan's refund provisions.

**EFFECTIVE DATE.** This section is effective the day following final enactment.

(b) The increases provided by this subdivision commence on January 1, 2011. For the general state employees retirement plan, the correctional state employees retirement plan, the general employees retirement plan of the Public Employees Retirement Association, the public employees police and fire retirement plan, the local government correctional employees retirement plan, and the teachers retirement plan, the annual interest rate is six percent from the date on which the amount was deducted from the retirement annuity to the date of payment or until January 1, 2011, whichever is earlier, and no interest after January 1, 2011. The plan is an eligible tax-deferred compensation plan under section 457(b) of the Internal Revenue Code, United States Code, title 26, section 457(b), and the applicable regulations under Code of Federal Regulations, title 26, parts 1.457-3 to 1.457-10.

(d) The executive director, with the approval of the board of directors, shall adopt and amend, as required to maintain tax-qualified status, a written plan document specifying the material terms and conditions for eligibility, benefits, applicable limitations, and the time and form under which benefit distributions can be made. With the approval of the board of directors, the executive director may also establish policies and procedures necessary for the administration of the deferred compensation plan.

(e) The plan document shall must include provisions that are necessary to cause the plan to be an eligible deferred compensation plan within the meaning of section 457(b) of the Internal Revenue Code. The plan document may provide additional administrative and substantive provisions consistent with state law, provided that those provisions will do not cause the plan to fail to be an eligible deferred compensation plan within the meaning of section 457(b) of the Internal Revenue Code and may include provisions for certain optional features and services.
(f) The board of directors may authorize the executive director to establish and administer a Roth 457 plan if authorized by the Internal Revenue Code or a Roth individual retirement account as defined under section 408A of the Internal Revenue Code.

(b) The amount to be deferred must be as provided in an agreement between the officer or employee and the public employer plan sponsor. (2) for members defined in subdivision 10, clause (1), service in any month for which payments have been made to the State Patrol retirement fund under law;

(3) for members defined in subdivision 10, clauses (2) and (3), service for which payments have been made to the State Patrol retirement fund under law before June 30, 1961, and all prior service which was credited to a member for service on or before June 30, 1961; and

(b) Allowable service also includes any period of absence from duty by a member who, by reason of injury incurred in the performance of duty, is temporarily disabled and for which disability the state is liable under the workers' compensation law, until the date authorized by the executive director for commencement of payment of a disability benefit or until the date of a return to employment.

**EFFECTIVE DATE.** This section is effective the day following final enactment.

Sec. 9. [352B.013] AUTHORIZED LEAVE OF ABSENCE SERVICE CREDIT PURCHASE PROCEDURE.

This section specifies the procedure for purchasing service credit in the State Patrol retirement plan for authorized leaves of absence under section 352B.011, subdivision 3, unless an alternative payment procedure is specified in law for a particular form of leave or break in service.

Subd. 2. Purchase procedure. (a) An employee covered by the plan specified in this chapter may purchase credit for allowable service in the plan for a period specified in subdivision 1 if the employee makes a payment as specified in paragraph (b) or (c), whichever applies. The employing unit, at its option, may pay the employer portion of the amount specified in paragraph (b) on behalf of its employees.

(b) If payment is received by the executive director within one year from the date the employee returned to work following the authorized leave, the payment amount is equal to the employee and employer contribution rates specified in section 352B.02 at the end of the leave period multiplied by the employee's hourly rate of salary on the date of return from the leave of absence and by the days and months of the leave of absence for which the employee is eligible for allowable service credit. The payment must include compound interest at a monthly rate of 0.71 percent from the last day of the leave period until the last day of the month in which payment is received. If payment is received after one year, the payment amount is the amount determined under section 356.551. Payment under this paragraph must be made before the date of termination from public employment covered under this chapter.

(c) If the employee terminates employment covered by this chapter during the leave or following the leave rather than returning to covered employment, payment must be received by the executive director within 30 days after the termination date. The payment amount is equal to the employee and employer contribution rates specified in section 352B.02 on the day prior to the termination date, multiplied by the employee's hourly rate of salary on that date and by the days and months of the leave of absence prior to termination.

**EFFECTIVE DATE.** This section is effective the day following final enactment.

(a) If employee deductions and employer contributions were erroneously transmitted to the association, but should have been transmitted to another Minnesota public pension a plan covered by chapter 352D, 353D, 354B, or 354D, the executive director shall transfer the erroneous employee deductions and employer contributions to the appropriate retirement fund or
individual account, as applicable, without interest. The time limitations specified in subdivisions 7 and 12 do not apply. The transfer to the applicable defined contribution plan account must include interest at the rate of 0.71 percent per month, compounded annually, from the first day of the month following the month in which coverage should have commenced in the defined contribution plan until the end of the month in which the transfer occurs.

(b) For purposes of this subdivision, a Minnesota public pension plan means a plan specified in section 356.30, subdivision 3, or the plans governed by chapters 353D and 354B.

(2) (b) A potential transfer under paragraph (a) that is reasonably determined to cause the plan to fail to be a qualified plan under section 401(a) of the federal Internal Revenue Code, as amended, must not be made by the executive director of the association. Within 30 days after being notified by the Public Employees Retirement Association of an unmade potential transfer under this paragraph, the employer of the affected person must transmit an amount representing the applicable salary deductions and employer contributions, without interest, to the retirement fund of the appropriate Minnesota public pension plan, or to the applicable individual account if the proper coverage is by a defined contribution plan. The association must provide the employing unit a credit for the amount of the erroneous salary deductions and employer contributions against future contributions from the employer. If the employing unit receives a credit under this paragraph, the employing unit is responsible for refunding to the applicable employee any amount that had been erroneously deducted from the person’s salary.

(c) If erroneous employee deductions and employer contributions reflect a plan coverage error involving any Public Employees Retirement Association plan specified in section 356.99 and any other plan specified in that section, section 356.99 applies.

EFFECTIVE DATE. This section is effective July 1, 2010.

Sec. 12. Minnesota Statutes 2008, section 353.37, subdivision 3a, is amended to read:

The balance of the annual retirement annuity after cessation, after deduction of the insurance premium amounts, must be treated as specified in paragraph (a).

EFFECTIVE DATE. This section is effective January 1, 2010.

Sec. 13. Minnesota Statutes 2008, section 354.42, subdivision 7, is amended to read:

Subd. 7. Erroneous salary deductions or direct payments. (a) Any deductions taken from the salary of an employee for the retirement fund in excess of amounts required must be refunded to the employee upon the discovery of the error and after the verification of the error by the employing unit making the deduction. The corresponding excess employer contribution and excess additional employer contribution amounts attributable to the erroneous salary deduction must be refunded to the employing unit.

(b) If salary deductions and employer contributions were erroneously transmitted to the retirement fund and should have been transmitted to another Minnesota public pension plan covered by chapter 352D, 353D, 354B, or 354D, the executive director must transfer these salary deductions and employer contributions to the account of the appropriate public pension fund without interest. For purposes of this paragraph, a Minnesota public pension plan means a plan specified in section 356.30, subdivision 3, or the plan governed by chapter 354B.
the applicable plan. The transfer to the applicable defined contribution plan account must include interest at the rate of 0.71 percent per month, compounded annually, from the first day of the month following the month in which coverage should have commenced in the defined contribution plan until the end of the month in which the transfer occurs.

(c) A potential transfer under paragraph (b) that would cause the plan to fail to be a qualified plan under section 401(a) of the Internal Revenue Code, as amended, must not be made by the executive director. Within 30 days after being notified by the Teachers Retirement Association of an unmade potential transfer under this paragraph, the employer of the affected person must transmit an amount representing the applicable salary deductions and employer contributions, without interest, to the retirement fund of the appropriate Minnesota public pension plan account of the applicable person under the appropriate plan. The retirement association must provide a credit for the amount of the erroneous salary deductions and employer contributions against future contributions from the employer.

(d) If a salary warrant or check from which a deduction for the retirement fund was taken has been canceled or the amount of the warrant or if a check has been returned to the funds of the employing unit making the payment, a refund of the amount deducted, or any portion of it that is required to adjust the salary deductions, must be made to the employing unit.

(e) Erroneous direct payments of member-paid contributions or erroneous salary deductions that were not refunded during the regular payroll cycle processing must be refunded to the member, plus interest computed using the rate and method specified in section 354.49, subdivision 2.

CORRECTION OF PLAN COVERAGE ERRORS

Sec. 17. [356.99] CORRECTION OF ERRONEOUS DEFINED BENEFIT PLAN COVERAGE.

Subdivision 1. Definitions. (a) For purposes of this section, the terms in paragraphs (b) to (e) have the meanings given them.

(b) "Chief administrative officer" means the person selected or elected by the governing board of a covered pension plan with primary responsibility to administer the covered pension plan, or that person's designee or representative.

(c) "Covered pension plan" means a plan enumerated in section 356.30, subdivision 3, except clauses (3), (5), (6), and (11).

(d) "Governing board" means the governing board of the Minnesota State Retirement System, the Public Employees Retirement Association, the Teachers Retirement Association, the Duluth Teachers Retirement Fund Association, or the St. Paul Teachers Retirement Fund Association.

(e) "Member" means an active plan member in a covered pension plan.
Subd. 2. **Treatment of terminated employee coverage error.** Any person who terminated the erroneously covered service before a chief administrative officer determined the covered pension plan coverage was in error retains the coverage with the plan that originally credited the service.

Subd. 3. **Active employee correction of prospective service coverage.** Upon determination by a chief administrative officer that a member is covered by the wrong pension plan, the employer must stop remitting the erroneous employee deductions and employer contributions and report the employee to the correct covered pension plan for all subsequent service.

Subd. 4. **Active employee treatment of past service.** Any plan member, with past service credited in an erroneous plan, retains the coverage for that past service with the plan that originally credited that service if the reporting error began earlier than two fiscal years prior to the current fiscal year in which the error was determined by the chief administrative officer. If the reporting error began within two fiscal years prior to the current fiscal year, the pension plan coverage for that past service must be corrected as provided in subdivision 5.

Subd. 5. **Past service transfer procedure.** (a) For cases under subdivision 4 requiring correction of prior service coverage, on behalf of the applicable member the chief administrative officer of the covered pension plan fund that has received erroneous employee deductions and employer contributions must transfer to the appropriate covered retirement plan fund an amount which is the lesser of all contributions made by or on behalf of the member for the period of erroneous membership, or the specific amount requested by the chief administrative officer of the other covered pension plan which represents the employee deductions and employer contributions that would have been made had the member been properly reported.

(b) If excess employee deductions remain in the member's account after the transfer of funds, the remaining erroneous amount must be refunded to the person with interest at the rate provided under the general refund law of the applicable covered pension plan. The chief administrative officer must also return any remaining excess employer contributions by providing to the employer a credit against future contributions payable by that employer.

(c) If the contributions transferred to the correct covered pension plan fund are less than the amounts required for the period being corrected, the chief administrative officer of the correct covered pension plan fund must collect the remaining employee deductions and employer contributions from the employer under laws for recovering deficient contributions applicable to the correct covered pension plan, except that no interest is chargeable if the additional amounts due under this paragraph are received by the chief administrative officer within 30 days of notifying the employer of the amount due.

(d) A potential transfer under this section that would cause a plan to fail to be a qualified plan under section 401(a) of the Internal Revenue Code, as amended, must not be made. Within 30 days after being notified by a chief administrative officer of an unmade potential transfer under this section, the employer of the member must transmit a portion representing the applicable salary deductions and employer contributions, without interest, to the fund of the appropriate covered pension plan. The chief administrative officer of the covered pension plan which erroneously provided coverage must provide to the employer a credit for the amount of the erroneous salary deductions and employer contributions against future contributions from that employer.

(e) Upon transfer of the required assets, or payment from the employer under paragraph (d), whichever is applicable, allowable service and salary credit for the period being transferred is forfeited in the erroneous plan and is granted in the correct plan.

**EFFECTIVE DATE.** This section is effective July 1, 2010.
Sec. 18. Minnesota Statutes 2008, section 490.123, is amended by adding a subdivision to read:

Subd. 4. Correction of contribution errors. (a) If erroneous employee deductions and employer contributions are caused by an error in plan coverage involving the judges retirement plan and any other plan specified in section 356.99, that section applies.

(b) The provisions of section 352.04, subdivisions 8 and 9, apply to the judges’ retirement plan, except that if employee deductions or contributions are erroneously transmitted to the judges’ retirement fund for service rendered after the service credit limit under section 490.121, subdivision 22, has been attained, consistent with section 352D.04, subdivision 2, no employer contributions may be transferred.

EFFECTIVE DATE. This section is effective July 1, 2010.

(1) the Minnesota Association of Townships if the board of that association, at its option, certifies to the executive director that its employees who meet the conditions set forth in subdivision 2a are to be included for purposes of retirement coverage, in which case the status of the association as a participating employer is permanent;

**EFFECTIVE DATE.** This section is effective July 1, 2010.

Sec. 5. Minnesota Statutes 2009 Supplement, section 353.01, subdivision 16, is amended to read:

Subd. 16. **Allowable service; limits and computation.** (a) "Allowable service" means:

(1) service during years of actual membership in the course of which employee deductions were withheld from salary and contributions were made at the applicable rates under section 353.27, 353.65, or 353E.03;

(2) periods of service covered by payments in lieu of salary deductions under sections 353.27, subdivision 12, and 353.35;

(3) service in years during which the public employee was not a member but for which the member later elected, while a member, to obtain credit by making payments to the fund as permitted by any law then in effect;
(4) a period of authorized leave of absence with pay from which deductions for employee contributions are made, deposited, and credited to the fund;

(5) a period of authorized personal, parental, or medical leave of absence without pay, including a leave of absence covered under the federal Family Medical Leave Act, that does not exceed one year, and for which a member obtained service credit for each month in the leave period by payment under section 353.0161 to the fund made in place of salary deductions. An employee must return to public service and render a minimum of three months of allowable service in order to be eligible to make payment under section 353.0161 for a subsequent authorized leave of absence without pay. Upon payment, the employee must be granted allowable service credit for the purchased period;

(6) a periodic, repetitive leave that is offered to all employees of a governmental subdivision. The leave program may not exceed 208 hours per annual normal work cycle as certified to the association by the employer. A participating member obtains service credit by making employee contributions in an amount or amounts based on the member's average salary, excluding overtime pay, that would have been paid if the leave had not been taken. The employer shall pay the employer and additional employer contributions on behalf of the participating member. The employee and the employer are responsible to pay interest on their respective shares at the rate of 8.5 percent a year, compounded annually, from the end of the normal cycle until full payment is made. An employer shall also make the employer and additional employer contributions, plus 8.5 percent interest, compounded annually, on behalf of an employee who makes employee contributions but terminates public service. The employee contributions must be made within one year after the end of the annual normal working cycle or within 30 days after termination of public service, whichever is sooner. The executive director shall prescribe the manner and forms to be used by a governmental subdivision in administering a periodic, repetitive leave. Upon payment, the member must be granted allowable service credit for the purchased period;

(7) an authorized temporary or seasonal layoff under subdivision 12, limited to three months allowable service per authorized temporary or seasonal layoff in one calendar year. An employee who has received the maximum service credit allowed for an authorized temporary or seasonal layoff must return to public service and must obtain a minimum of three months of allowable service subsequent to the layoff in order to receive allowable service for a subsequent authorized temporary or seasonal layoff;

(8) a period during which a member is absent from employment by a governmental subdivision by reason of service in the uniformed services, as defined in United States Code, title 38, section 4303(13), if the member returns to public service with the same governmental subdivision upon discharge from service in the uniformed service within the time frames required under United States Code, title 38, section 4312(e), provided that the member did not separate from uniformed service with a dishonorable or bad conduct discharge or under other than honorable conditions. The service is must be credited if the member pays into the fund equivalent employee contributions based upon the contribution rate or rates in effect at the time that the uniformed service was performed multiplied by the full and fractional years being purchased and applied to the annual salary rate. The annual salary rate is the average annual salary, excluding overtime pay, during the purchase period that the member would have received if the member had continued to be employed in covered employment rather than to provide uniformed service, or, if the determination of that rate is not reasonably certain, the annual salary rate is the member's average salary rate, excluding overtime pay, during the 12-month period of covered employment rendered immediately preceding the period of the uniformed service. Payment of the member equivalent contributions must be made during a period that begins with the date on which the individual returns to public employment and that is three times the length of the military leave period, or within five years of the date of discharge from the military service, whichever is less. If the determined payment period is less than one year, the contributions required under this clause to receive service credit may be made within one year of the discharge date. Payment may not be accepted following 30 days after termination of public service under subdivision 11a. If the member equivalent contributions provided for in this clause are not paid in full, the member's allowable service credit must be prorated by multiplying the full and fractional number of years of uniformed service eligible for purchase by the ratio obtained by dividing the total

member contributions received by the total member contributions otherwise required under this clause. The equivalent employer contribution, and, if applicable, the equivalent additional employer contribution must be paid by the governmental subdivision employing the member if the member makes the equivalent employee contributions. The employer payments must be made from funds available to the employing unit, using the employer and additional employer contribution rate or rates in effect at the time that the uniformed service was performed, applied to the same annual salary rate or rates used to compute the equivalent member contribution. The governmental subdivision involved may appropriate money for those payments. The amount of service credit obtainable under this section may not exceed five years unless a longer purchase period is required under United States Code, title 38, section 4312. The employing unit shall pay interest on all equivalent member and employer contribution amounts payable under this clause. Interest must be computed at a rate of 8.5 percent compounded annually from the end of each fiscal year of the leave or the break in service to the end of the month in which the payment is received. Upon payment, the employee must be granted allowable service credit for the purchased period; or

(9) a period specified under subdivision 40.

(b) For calculating benefits under sections 353.30, 353.31, 353.32, and 353.33 for state officers and employees displaced by the Community Corrections Act, chapter 401, and transferred into county service under section 401.04, "allowable service" means the combined years of allowable service as defined in paragraph (a), clauses (1) to (6), and section 352.01, subdivision 11.

(c) For a public employee who has prior service covered by a local police or firefighters relief association that has consolidated with the Public Employees Retirement Association or to which section 353.665 applies, and who has elected the type of benefit coverage provided by the public employees police and fire fund either under section 353A.08 following the consolidation or under section 353.665, subdivision 4, "applicable service" is a period of service credited by the local police or firefighters relief association as of the effective date of the consolidation based on law and on bylaw provisions governing the relief association on the date of the initiation of the consolidation procedure.

(d) No member may receive more than 12 months of allowable service credit in a year either for vesting purposes or for benefit calculation purposes.

The employing unit, at its option, may pay the employer portion of the amount specified in paragraph (b) on behalf of its employees.

(b) If payment is received by the executive director within one year from the date the member returned to work following the authorized leave, or within 30 days after the date of termination of public service if the member did not return to work, the payment amount is equal to the employee and employer contribution rates specified in law for the applicable plan at the end of the leave period, or at termination of public service, whichever is earlier, multiplied by the employee's average monthly salary, excluding overtime, upon which deductions were paid during the six months, or portion thereof, before the commencement of the leave of absence and by the number of months of the leave of absence for which the employee wants allowable service credit. Payments made under this paragraph must include compound interest at a monthly rate of 0.71 percent from the last day of the leave period until the last day of the month in which payment is received.
(c) If payment is received by the executive director after one year, the payment amount is the amount determined under section 356.551. Payment under this paragraph must be made before the date the person terminates public service under section 353.01, subdivision 11a.

**ARTICLE 6**

**VOLUNTARY STATEWIDE LUMP-SUM VOLUNTEER FIREFIGHTER RETIREMENT PLAN**

Section 1. Minnesota Statutes 2008, section 69.051, subdivision 3, is amended to read:

Subd. 3. **Report by certain municipalities.** (a) Each municipality which has an organized fire department but which does not have a firefighters’ relief association governed by section 69.77 or sections 69.771 to 69.775 and which is not exempted under paragraph (b) shall annually prepare a detailed financial report of the receipts and disbursements by the municipality for fire protection service during the preceding calendar year, on a form prescribed by the state auditor. The financial report shall contain any information which the state auditor deems necessary to disclose the sources of receipts and the purpose of disbursements for fire protection service. The financial report shall be signed by the municipal clerk or clerk-treasurer of the municipality. The financial report shall be filed by the municipal clerk or clerk-treasurer with the state auditor on or before July 1 annually. The state auditor shall forward one copy to the county auditor of the county wherein the municipality is located. The municipality shall not qualify initially to receive, or be entitled subsequently to retain, state aid pursuant to this chapter if the financial reporting requirement or the applicable requirements of this chapter or any other statute or special law have not been complied with or are not fulfilled.

(b) Each municipality that has an organized fire department and provides retirement coverage to its firefighters through the voluntary statewide lump-sum volunteer firefighter retirement plan under chapter 353G qualifies to have fire state aid transmitted to and retained in the statewide lump-sum volunteer firefighter retirement fund without filing a detailed financial report if the executive director of the Public Employees Retirement Association certifies compliance by the municipality with the requirements of sections 353G.04 and 353G.08, paragraph (e), and by the applicable fire chief with the requirements of section 353G.07.

**EFFECTIVE DATE.** This section is effective retroactively from January 1, 2010.

Sec. 2. Minnesota Statutes 2009 Supplement, section 353G.05, subdivision 2, is amended to read:

Subd. 2. **Election of coverage.** (a) The process for electing coverage of volunteer firefighters by the retirement plan is initiated by a request to the executive director for a cost analysis of the prospective retirement coverage.

(b) If the volunteer firefighters are currently covered by a volunteer firefighters’ relief association governed by chapter 424A, the cost analysis of the prospective retirement coverage must be requested jointly by the secretary of the volunteer firefighters’ relief association, following approval of the request by the board of the volunteer firefighters’ relief association, and the chief administrative officer of the entity associated with the relief association,
following approval of the request by the governing body of the entity associated with the relief association. If the relief association is associated with more than one entity, the chief administrative officer of each associated entity must execute the request. If the volunteer firefighters are not currently covered by a volunteer firefighters’ relief association, the cost analysis of the prospective retirement coverage must be requested by the chief administrative officer of the entity operating the fire department. The request must be made in writing and must be made on a form prescribed by the executive director.

(c) The cost analysis of the prospective retirement coverage by the statewide retirement plan must be based on the service pension amount under section 353G.11 closest to the service pension amount provided by the volunteer firefighters’ relief association, if there is one; the relief association is a lump-sum defined benefit plan, or the amount equal to 95 percent of the most current average account balance per relief association member if the relief association is a defined contribution plan, or to the lowest service pension amount under section 353G.11 if there is no volunteer firefighters’ relief association, rounded up, and any other service pension amount designated by the requester or requesters. The cost analysis must be prepared using a mathematical procedure certified as accurate by an approved actuary retained by the Public Employees Retirement Association.

(d) If a cost analysis is requested and a volunteer firefighters’ relief association exists that has filed the information required under section 69.051 in a timely fashion, upon request by the executive director, the state auditor shall provide the most recent data available on the financial condition of the volunteer firefighters’ relief association, the most recent firefighter demographic data available, and a copy of the current relief association bylaws. If a cost analysis is requested, but no volunteer firefighters’ relief association exists, the chief administrative officer of the entity operating the fire department shall provide the demographic information on the volunteer firefighters serving as members of the fire department requested by the executive director.

(e) If a cost analysis is requested, the executive director of the State Board of Investment shall review the investment portfolio of the relief association, if applicable, for compliance with the applicable provisions of chapter 11A and for appropriateness for retention under the established investment objectives and investment policies of the State Board of Investment. If the prospective retirement coverage change is approved under paragraph (f), the State Board of Investment may require that the relief association liquidate any investment security or other asset which the executive director of the State Board of Investment has determined to be an ineligible or inappropriate investment for retention by the State Board of Investment. The security or asset liquidation must occur before the effective date of the transfer of retirement plan coverage. If requested to do so by the chief administrative officer of the relief association, the executive director of the State Board of Investment shall provide advice about the best means to conduct the liquidation.

(f) Upon receipt of the cost analysis, the governing body of the municipality or independent nonprofit firefighting corporation associated with the fire department shall either approve or disapprove the retirement coverage change within 90 days. If the retirement coverage change is not acted upon within 90 days, it is deemed to be disapproved. If the retirement coverage change is approved by the applicable governing body, coverage by the voluntary statewide lump-sum volunteer firefighter retirement plan is effective on the next following January 1.

EFFECTIVE DATE. This section is effective retroactively from January 1, 2010.

Sec. 3. Minnesota Statutes 2009 Supplement, section 353G.06, subdivision 1, is amended to read:

Subdivision 1. Special fund disestablishment. (a) On the date immediately prior to the effective date of the coverage change, the special fund of the applicable volunteer firefighters’ relief association, if one exists, ceases to exist as a pension fund of the association and legal title to the assets of the special fund transfers to the State Board of Investment, with the beneficial title to the assets of the special fund remaining in the applicable volunteer firefighters.
(b) If the market value of the special fund of the volunteer firefighters’ relief association for which retirement coverage changed under this chapter declines in the interval between the date of the most recent financial report or statement, and the special fund disestablishment date, the applicable municipality shall transfer an additional amount to the State Board of Investment equal to that decline. If more than one municipality is responsible for the direct management of the fire department, the municipalities shall allocate the additional transfer amount among the various applicable municipalities one half in proportion to the population of each municipality and one half in proportion to the market value of each municipality.

**EFFECTIVE DATE.** This section is effective retroactively from January 1, 2010.

Sec. 4. Minnesota Statutes 2009 Supplement, section 353G.08, is amended to read:

**353G.08 RETIREMENT PLAN FUNDING; DISBURSEMENTS.**

Subdivision 1. **Annual funding requirements.** (a) Annually, the executive director shall determine the funding requirements of each account in the voluntary statewide lump-sum volunteer firefighter retirement plan on or before August 1. The funding requirements as directed under this section, must be determined using a mathematical procedure developed and certified as accurate by an approved actuary retained by the Public Employees Retirement Association and based on present value factors using a six percent interest rate, without any decrement assumptions. The funding requirements must be certified to the entity or entities associated with the fire department whose active firefighters are covered by the retirement plan.

(b) The overall funding balance of each account for the current calendar year must be determined in the following manner:

(1) The total accrued liability for all active and deferred members of the account as of December 31 of the current year must be calculated based on the good time service credit of active and deferred members as of that date.

(2) The total present assets of the account projected to December 31 of the current year, including receipts by and disbursements from the account anticipated to occur on or before December 31, must be calculated. To the extent possible, the market value of assets must be utilized in making this calculation.

(3) The amount of the total present assets calculated under clause (2) must be subtracted from the amount of the total accrued liability calculated under clause (1). If the amount of total present assets exceeds the amount of the total accrued liability, then the account is considered to have a surplus over full funding. If the amount of the total present assets is less than the amount of the total accrued liability, then the account is considered to have a deficit from full funding. If the amount of total present assets is equal to the amount of the total accrued liability, then the special fund is considered to be fully funded.

(c) The financial requirements of each account for the following calendar year must be determined in the following manner:

(1) The total accrued liability for all active and deferred members of the account as of December 31 of the calendar year next following the current calendar year must be calculated based on the good time service used in the calculation under paragraph (b), clause (1), increased by one year.

(2) The increase in the total accrued liability of the account for the following calendar year over the total accrued liability of the account for the current year must be calculated.

(3) The amount of anticipated future administrative expenses of the account must be calculated by multiplying the dollar amount of the administrative expenses for the most recent prior calendar year by the factor of 1.035.
(4) If the account is fully funded, the financial requirement of the account for the following calendar year is the total of the amounts calculated under clauses (2) and (3).

(5) If the account has a deficit from full funding, the financial requirement of the account for the following calendar year is the total of the amounts calculated under clauses (2) and (3) plus an amount equal to one-tenth of the amount of the deficit from full funding of the account.

(6) If the account has a surplus over full funding, the financial requirement of the account for the following calendar year is the financial requirement of the account calculated as though the account was fully funded under clause (4) and, if the account has also had a surplus over full funding during the prior two years, additionally reduced by an amount equal to one-tenth of the amount of the surplus over full funding of the account.

(d) The required contribution of the entity or entities associated with the fire department whose active firefighters are covered by the retirement plan is the annual financial requirements of the account of the retirement plan under paragraph (c) reduced by the amount of any fire state aid payable under sections 69.011 to 69.051 reasonably anticipated to be received by the retirement plan attributable to the entity or entities during the following calendar year, and an amount of interest on the assets projected to be received during the following calendar year calculated at the rate of six percent per annum. The required contribution must be allocated between the entities if more than one entity is involved. A reasonable amount of anticipated fire state aid is an amount that does not exceed the fire state aid actually received in the prior year multiplied by the factor 1.035.

(e) The required contribution calculated in paragraph (d) must be paid to the retirement plan on or before December 31 of the year for which it was calculated. If the contribution is not received by the retirement plan by December 31, it is payable with interest at an annual compound rate of six percent from the date due until the date payment is received by the retirement plan. If the entity does not pay the full amount of the required contribution, the executive director shall collect the unpaid amount under section 353.28, subdivision 6.

Subd. 2. *Cash flow funding requirement.* If the executive director determines that an account in the voluntary statewide lump-sum volunteer firefighter retirement plan has insufficient assets to meet the service pensions determined payable from the account, the executive director shall certify the amount of the potential service pension shortfall to the municipality or municipalities and the municipality or municipalities shall make an additional employer contribution to the account within ten days of the certification. If more than one municipality is associated with the account, unless the municipalities agree to a different allocation, the municipalities shall allocate the additional employer contribution one-half in proportion to the population of each municipality and one-half in proportion to the market value of the property of each municipality.

Subd. 3. *Authorized account disbursements.* (4) The assets of the retirement fund may only be disbursed for:

(1) the administrative expenses of the retirement plan;

(2) the investment expenses of the retirement fund;

(3) the service pensions payable under section 353G.10, 353G.11, 353G.14, or 353G.15; and

(4) the survivor benefits payable under section 353G.12; and

(5) the disability benefit coverage insurance premiums under section 353G.115.

**EFFECTIVE DATE.** This section is effective retroactively from January 1, 2010.
Sec. 5. Minnesota Statutes 2009 Supplement, section 353G.09, subdivision 3, is amended to read:

Subd. 3. **Alternative pension eligibility and computation.** (a) An active member of the retirement plan is entitled to an alternative lump-sum service pension from the retirement plan if the person:

(1) has separated from active service with the fire department for at least 30 days;

(2) has attained the age of at least 50 years or the age for receipt of a service pension under the benefit plan of the applicable former volunteer firefighters' relief association as of the date immediately prior to the election of the retirement coverage change, whichever is later;

(3) has completed at least five years of active service with the fire department and at least five years in total as a member of the applicable former volunteer firefighters' relief association or of the retirement plan, but has not rendered at least five years of good time service credit as a member of the retirement plan; and

(4) applies in a manner prescribed by the executive director for the service pension.

(b) If retirement coverage prior to statewide retirement plan coverage was provided by a defined benefit plan volunteer firefighters relief association, the alternative lump-sum service pension is the service pension amount specified in the bylaws of the applicable former volunteer firefighters' relief association either as of the date immediately prior to the election of the retirement coverage change or as of the date immediately before the termination of firefighting services, whichever is earlier, multiplied by the total number of years of service as a member of that volunteer firefighters' relief association and as a member of the retirement plan. If retirement coverage prior to statewide retirement plan coverage was provided by a defined contribution plan volunteer firefighters relief association, the alternative lump-sum service pension is an amount equal to the person's account balance as of the date immediately prior to the date on which statewide retirement plan coverage was first provided to the person plus six percent annual compound interest from that date until the date immediately prior to the date of retirement.

**EFFECTIVE DATE.** This section is effective retroactively from January 1, 2010.

Sec. 6. Minnesota Statutes 2009 Supplement, section 353G.11, subdivision 1, is amended to read:

Disbursement from the special account may not be made for any purpose except:

(1) for an independent school district or educational cooperative, the lowest full-time Bachelor of Arts (BA) base contract salary for the previous fiscal year for that employing unit;

(2) for a charter school, the lowest starting annual salary for a full-time licensed teacher employed during the previous fiscal year for that employing unit; and

(3) for a state agency or professional organization, the lowest starting annual salary for a full-time Teachers Retirement Association covered position for the previous fiscal year for that employing unit.

(b) If there is no previous fiscal year data because an employer unit is new and paragraph (c) does not apply, the annual base salary for the first year of operation will be as provided in paragraph (a), except that the base contract salary for the current fiscal year, rather than the previous fiscal year, must be used.

(c) For a new employer unit created as a result of a merger or consolidation, the annual base salary must be the lowest annual base salary as specified in paragraph (a) for any of the employer units involved in the merger or consolidation.

**EFFECTIVE DATE.** This section is effective July 1, 2012.

It shall determine annually the annual interest earnings of the fund which shall include realized capital gains and losses. Any amount in the capital reserve account on July 1, 1973, shall be transferred to the employer contribution's account. The annual interest earnings shall be apportioned and credited to the separate members' accounts except those covered under the provisions of section 354.44, subdivision 6 or 7. The rate to be used in this distribution computed to the last full quarter percent shall be determined by dividing the interest earnings by the total invested assets of the fund. The excess of the annual interest earnings in the excess earnings reserve which was not credited to the various accounts shall be credited to the gross interest earnings for the next succeeding year.
Sec. 3. Minnesota Statutes 2008, section 354.091, is amended to read:

354.091 SERVICE CREDIT.

Subdivision 1. Definition; monthly base salary. For purposes of this section, "monthly base salary" means the annual base salary, as defined in section 354.05, subdivision 41, divided by 12.

Subd. 2. Service credit annual limit. (a) In computing service credit, no teacher may receive credit for more than one year of teaching service for any fiscal year. Additionally, in crediting allowable service:

(1) if a teacher teaches less than five hours in a day, service credit must be given for the fractional part of the day as the term of service performed bears to five hours;

(2) if a teacher teaches five or more hours in a day, service credit must be given for only one day;

(3) if a teacher teaches at least 170 full days in any fiscal year, service credit must be given for a full year of teaching service; and

(4) if a teacher teaches for only a fractional part of the year, service credit must be given for such fractional part of the year in the same relationship as the period of service performed bears to 170 days.

(b) A teacher must receive a full year of service credit based on the number of days in the employer's full school year if that school year is less than 170 days. Teaching service performed before July 1, 1961, must be computed under the law in effect at the time it was performed.

(c) A teacher must not lose or gain retirement service credit as a result of the employer converting to a flexible or alternate work schedule. Subd. 3. Service credit calculation. (a) Except as specified in subdivisions 4 and 5, service credit must be calculated monthly by dividing the teacher's monthly salary by the monthly base salary for the teacher's employing unit and multiplying the result by 11.1 percent.

(b) For purposes of computing service credit, salary must be allocated to each calendar month based on the pay period begin and end dates. If the pay period covers more than one calendar month, the salary must be allocated based on the number of days in each calendar month.

(c) A teacher may not receive more than 11.1 percent of a year's service credit in a calendar month.

(d) Annual service credit must be calculated by adding the allowable monthly service credit for all 12 months of the fiscal year, with the result rounded to two decimal places, subject to the annual limit specified in subdivision 2.

Subd. 4. Service credit determination for Minnesota State Colleges and Universities system teachers. (d) For all services rendered on or after July 1, 2003, service credit for all members employed by the Minnesota State Colleges and Universities system must be determined:

(1) for full-time employees, by the definition of full-time employment contained in the collective bargaining agreement for those units listed in section 179A.10, subdivision 2, or contained in the applicable personnel or salary plan for those positions designed in section 179A.10, subdivision 1; and

(b) These contributions must be made by deduction from salary as defined in section 353.01, subdivision 10, in the manner provided in subdivision 4. If any portion of a member's salary is paid from other than public funds, the member's employee contribution must be based on the total salary received by the member from all sources.

For a coordinated member of the general employees retirement plan of the Public Employees Retirement Association, the employer contribution is six percent of salary plus any contribution rate adjustment under subdivision 3b.

These contributions must be made from funds available to the employing subdivision by the means and in the manner provided in section 353.28.

(b) The coordinated program contribution rates set forth in paragraph (a) effective for January 1, 2009, or January 1, 2010, must not be implemented if, following receipt of the July 1, 2008, or July 1, 2009, annual actuarial valuation report under section 356.215, respectively, the actuarially required contributions are equal to or less than the total rates under this section in effect as of January 1, 2008.

(c) This subdivision is repealed once the actuarial value of the assets of the general employees retirement plan of the Public Employees Retirement Association equal or exceed the actuarial accrued liability of the plan as determined by the actuary retained under sections 356.214 and 356.215. The repeal is effective on the first day of the first full pay period occurring after March 31 of the calendar year following the issuance of the actuarial valuation upon which the repeal is based.
Subd. 3b. Change in employee and employer contributions in certain instances. (a) For purposes of this section, a contribution sufficiency exists if the total of the employee contribution under subdivision 2, the employer contribution under subdivision 3, the additional employer contribution under subdivision 3a, and any additional contribution previously imposed under this subdivision exceeds the total of the normal cost, the administrative expenses, and the amortization contribution of the general employees retirement plan as reported in the most recent actuarial valuation of the retirement plan prepared by the actuary retained under section 356.214 and prepared under section 356.215 and the standards for actuarial work of the Legislative Commission on Pensions and Retirement. For purposes of this section, a contribution deficiency exists if the total of the employee contributions under subdivision 2, the employer contributions under subdivision 3, the additional employer contribution under subdivision 3a, and any additional contribution previously imposed under this subdivision is less than the total of the normal cost, the administrative expenses, and the amortization contribution of the general employees retirement plan as reported in the most recent actuarial valuation of the retirement plan prepared by the actuary retained under section 356.214 and prepared under section 356.215 and the standards for actuarial work of the Legislative Commission on Pensions and Retirement.

(b) Employee and employer contributions to the general employees retirement plan under subdivisions 2 and 3 must be adjusted:

(1) if, after July 1, 2010, the regular actuarial valuations of the general employees retirement plan of the Public Employees Retirement Association under section 356.215 indicate that there is a contribution sufficiency under paragraph (a) equal to or greater than 0.5 percent of covered payroll for two consecutive years, the coordinated program employee and employer contribution rates must be decreased as determined under paragraph (c) to a level such that the sufficiency equals no more than 0.25 percent of covered payroll based on the most recent actuarial valuation; or

(2) if, after July 1, 2010, the regular actuarial valuations of the general employees retirement plan of the Public Employees Retirement Association under section 356.215 indicate that there is a deficiency equal to or greater than 0.5 percent of covered payroll for two consecutive years, the coordinated program employee and employer contribution rates must be increased as determined under paragraph (c) to a level such that no deficiency exists based on the most recent actuarial valuation.

(c) The general employees retirement plan contribution rate increase or decrease must be determined by the executive director of the Public Employees Retirement Association, must be reported to the chair and the executive director of the Legislative Commission on Pensions and Retirement on or before the next February 1, and, if the Legislative Commission on Pensions and Retirement does not recommend against the rate change or does not recommend a modification in the rate change, is effective on the next July 1 following the determination by the executive director that a contribution deficiency or sufficiency has existed for two consecutive fiscal years based on the most recent actuarial valuations under section 356.215. If the actuarially required contribution of the general employees retirement plan exceeds or is less than the total support provided by the combined employee and employer contribution rates by more than 0.5 percent of covered payroll, the general employees retirement plan coordinated program employee and employer contribution rates must be adjusted incrementally over one or more years to a level such that there remains a contribution sufficiency of no more than 0.25 percent of covered payroll.

(d) No incremental adjustment may exceed 0.25 percent for either the general employees retirement plan coordinated program employee and employer contribution rates per year in which any adjustment is implemented. A general employees retirement plan contribution rate adjustment under this subdivision must not be made until at least two years have passed since fully implementing a previous adjustment under this subdivision.

(e) The general employees retirement plan contribution sufficiency or deficiency determination under paragraphs (a) to (d) must be made without the inclusion of the contributions to, the funded condition of, or the actuarial funding requirements of the MERF division.
Subd. 4. **Employer reporting requirements; contributions; member status.** (a) A representative authorized by the head of each department shall deduct employee contributions from the salary of each employee who qualifies for membership in the general employees retirement plan of the Public Employees Retirement Association or in the public employees police and fire retirement plan under this chapter and remit payment in a manner prescribed by the executive director for the aggregate amount of the employee contributions, the employer contributions and the additional employer contributions to be received within 14 calendar days. The head of each department or the person's designee shall for each pay period submit to the association a salary deduction report in the format prescribed by the executive director. Data required to be submitted as part of salary deduction reporting must include, but are not limited to:

1. the legal names and Social Security numbers of employees who are members;
2. the amount of each employee's salary deduction;
3. the amount of salary from which each deduction was made;
4. the beginning and ending dates of the payroll period covered and the date of actual payment; and
5. adjustments or corrections covering past pay periods.

(b) Employers must furnish the data required for enrollment for each new employee who qualifies for membership in the general employees retirement plan of the Public Employees Retirement Association or in the public employees police and fire retirement plan in the format prescribed by the executive director. The required enrollment data on new employees must be submitted to the association prior to or concurrent with the submission of the initial employee salary deduction. The employer shall also report to the association all member employment status changes, such as leaves of absence, terminations, and death, and shall report the effective dates of those changes, on an ongoing basis for the payroll cycle in which they occur. The employer shall furnish data, forms, and reports as may be required by the executive director for proper administration of the retirement system. Before implementing new or different computerized reporting requirements, the executive director shall give appropriate advance notice to governmental subdivisions to allow time for system modifications.

(c) Notwithstanding paragraph (a), the association executive director may provide for less frequent reporting and payments for small employers.

Subd. 7. **Adjustment for erroneous receipts or disbursements.** (a) Except as provided in paragraph (b), erroneous employee deductions and erroneous employer contributions and additional employer contributions to the general employees retirement plan of the Public Employees Retirement Association or to the public employees police and fire retirement plan for a person, who otherwise does not qualify for membership under this chapter, are considered:

1. valid if the initial erroneous deduction began before January 1, 1990. Upon determination of the error by the association, the person may continue membership in the association while employed in the same position for which erroneous deductions were taken, or file a written election to terminate membership and apply for a refund upon termination of public service or defer an annuity under section 353.34; or

2. invalid, if the initial erroneous employee deduction began on or after January 1, 1990. Upon determination of the error, the association shall refund all erroneous employee deductions and all erroneous employer contributions as specified in paragraph (e). No person may claim a right to continued or past membership in the association based on erroneous deductions which began on or after January 1, 1990.
(b) Erroneous deductions taken from the salary of a person who did not qualify for membership in the general employees retirement plan of the Public Employees Retirement Association or in the public employees police and fire retirement plan by virtue of concurrent employment before July 1, 1978, which required contributions to another retirement fund or relief association established for the benefit of officers and employees of a governmental subdivision, are invalid. Upon discovery of the error, the association shall remove all invalid service and, upon termination of public service, the association shall refund all erroneous employee deductions to the person, with interest as determined under section 353.34, subdivision 2, and all erroneous employer contributions without interest to the employer. This paragraph has both retroactive and prospective application.

(c) Adjustments to correct employer contributions and employee deductions taken in error from amounts which are not salary under section 353.01, subdivision 10, must be made as specified in paragraph (e). The period of adjustment must be limited to the fiscal year in which the error is discovered by the association and the immediate two preceding fiscal years.

(d) If there is evidence of fraud or other misconduct on the part of the employee or the employer, the board of trustees may authorize adjustments to the account of a member or former member to correct erroneous employee deductions and employer contributions on invalid salary and the recovery of any overpayments for a period longer than provided for under paragraph (c).

(e) Upon discovery of the receipt of erroneous employee deductions and employer contributions under paragraph (a), clause (2), or paragraph (c), the association must require the employer to discontinue the erroneous employee deductions and erroneous employer contributions reported on behalf of a member. Upon discontinuation, the association must:

1. for a member, provide a refund or credit to the employer in the amount of the invalid employee deductions with interest on the invalid employee deductions at the rate specified under section 353.34, subdivision 2, from the received date of each invalid salary transaction through the date the credit or refund is made; and the employer must pay the refunded employee deductions plus interest to the member;

2. for a former member who:

   i. is not receiving a retirement annuity or benefit, return the erroneous employee deductions to the former member through a refund with interest at the rate specified under section 353.34, subdivision 2, from the received date of each invalid salary transaction through the date the credit or refund is made; or

   ii. is receiving a retirement annuity or disability benefit, or a person who is receiving an optional annuity or survivor benefit, for whom it has been determined an overpayment must be recovered, adjust the payment amount and recover the overpayments as provided under this section; and

3. return the invalid employer contributions reported on behalf of a member or former member to the employer by providing a credit against future contributions payable by the employer.

(f) In the event that a salary warrant or check from which a deduction for the retirement fund was taken has been canceled or the amount of the warrant or check returned to the funds of the department making the payment, a refund of the sum deducted, or any portion of it that is required to adjust the deductions, must be made to the department or institution.

(g) If the accrual date of any retirement annuity, survivor benefit, or disability benefit is within the limitation period specified in paragraph (c), and an overpayment has resulted by using invalid service or salary, or due to any erroneous calculation procedure, the association must recalculate the annuity or benefit payable and recover any overpayment as provided under subdivision 7b.
(h) Notwithstanding the provisions of this subdivision, the association may apply the Revenue Procedures defined in the federal Internal Revenue Service Employee Plans Compliance Resolution System and not issue a refund of erroneous employee deductions and employer contributions or not recover a small overpayment of benefits if the cost to correct the error would exceed the amount of the member refund or overpayment.

(i) Any fees or penalties assessed by the federal Internal Revenue Service for any failure by an employer to follow the statutory requirements for reporting eligible members and salary must be paid by the employer.

Subd. 7a. Deductions or contributions transmitted by error. (a) If employee deductions and employer contributions under this section, section 353.50, 353.65, or 353E.03 were erroneously transmitted to the association, but should have been transmitted to another Minnesota public pension plan, the executive director shall transfer the erroneous employee deductions and employer contributions to the appropriate retirement fund or individual account, as applicable, without interest. The time limitations specified in subdivisions 7 and 12 do not apply.

(b) For purposes of this subdivision, a Minnesota public pension plan means a plan specified in section 356.30, subdivision 3, or the plans governed by chapters 353D and 354B.

(c) A potential transfer under paragraph (a) that is reasonably determined to cause the plan to fail to be a qualified plan under section 401(a) of the federal Internal Revenue Code, as amended, must not be made by the executive director of the association. Within 30 days after being notified by the Public Employees Retirement Association of an unmade potential transfer under this paragraph, the employer of the affected person must transmit an amount representing the applicable salary deductions and employer contributions, without interest, to the retirement fund of the appropriate Minnesota public pension plan, or to the applicable individual account if the proper coverage is by a defined contribution plan. The association must provide the employing unit a credit for the amount of the erroneous salary deductions and employer contributions against future contributions from the employer. If the employing unit receives a credit under this paragraph, the employing unit is responsible for refunding to the applicable employee any amount that had been erroneously deducted from the person's salary.

Subd. 7b. Recovery of overpayments. (a) In the event the executive director determines that an overpaid annuity or benefit from the general employees retirement plan of the Public Employees Retirement Association, the public employees police and fire retirement plan, or the local government correctional employees retirement plan is the result of invalid salary included in the average salary used to calculate the payment amount must be recovered, the association must determine the amount of the employee deductions taken in error on the invalid salary, with interest determined in the manner provided for a former member under subdivision 7, paragraph (e), clause (2), item (i), and must subtract that amount from the total annuity or benefit overpayment, and the remaining balance of the overpaid annuity or benefit, if any, must be recovered.

(b) If the invalid employee deductions plus interest exceed the amount of the overpaid benefits, the balance must be refunded to the person to whom the benefit or annuity is being paid.

(c) Any invalid employer contributions reported on the invalid salary must be credited to the employer as provided in subdivision 7, paragraph (e).

(d) If a member or former member, who is receiving a retirement annuity or disability benefit for which an overpayment is being recovered, dies before recovery of the overpayment is completed and a joint and survivor optional annuity is payable, the remaining balance of the overpaid annuity or benefit must continue to be recovered from the payment to the optional annuity beneficiary.

(e) If the association finds that a refund has been overpaid to a former member, beneficiary or other person, the amount of the overpayment must be recovered for the benefit of the respective retirement fund or account.
(f) The board of trustees shall adopt policies directing the period of time and manner for the collection of any overpaid retirement or optional annuity, and survivor or disability benefit, or a refund that the executive director determines must be recovered as provided under this section.

Subd. 7c. **Limitation on additional plan coverage.** No deductions for any plan under this chapter or chapter 353E may be taken from the salary of a person who is employed by a governmental subdivision under section 353.01, subdivision 6, and who is receiving disability benefit payments from any plan under this chapter or chapter 353E unless the person waives the right to further disability benefit payments.

Subd. 8. **District court reporters; salary deductions.** Deductions from the salary of a district court reporter in a judicial district consisting of two or more counties shall be made by the auditor of the county in which the bond and official oath of such district court reporter are filed, from the portion of salary paid by such county.

Subd. 9. **Fee officers; contributions; obligations of employers.** Any appointed or elected officer of a governmental subdivision who was or is a "public employee" within the meaning of section 353.01 and was or is a member of the fund general employees retirement plan of the Public Employees Retirement Association and whose salary was or is paid in whole or in part from revenue derived by fees and assessments, shall pay employee contribution in the amount, at the time, and in the manner provided in subdivisions 2 and 4. This subdivision does not apply to district court reporters. The employer contribution as provided in subdivision 3, and the additional employer contribution as provided in subdivision 3a, with respect to such service shall be paid by the governmental subdivision. This subdivision shall have both retroactive and prospective application as to all such members; and every employing governmental subdivision is deemed liable, retroactively and prospectively, for all employer and additional employer contributions for every such member of the general employees retirement plan in its employ. Delinquencies under this section shall be governed in all respects by section 353.28.

Subd. 10. **Employer exclusion reports.** The head of a department shall annually furnish the executive director with an exclusion report listing only those employees in potentially PERA-eligible positions who were not reported as members of the association general employees retirement plan and who worked during the school year for school employees and calendar year for nonschool employees. The department head must certify the accuracy and completeness of the exclusion report to the association. The executive director shall prescribe the manner and forms, including standardized exclusion codes, to be used by a governmental subdivision in preparing and filing exclusion reports. The executive director shall also check the exclusion report to ascertain whether any omissions have been made by a department head in the reporting of new public employees for membership. The executive director may delegate an association employee under section 353.03, subdivision 3a, paragraph (b), clause (5), to conduct a field audit to review the payroll records of a governmental subdivision.

Subd. 11. **Employers; required to furnish requested information.** (a) All governmental subdivisions shall furnish promptly such other information relative to the employment status of all employees or former employees, including, but not limited to, payroll abstracts pertaining to all past and present employees, as may be requested by the executive director, including schedules of salaries applicable to various categories of employment.

(b) In the event payroll abstract records have been lost or destroyed, for whatever reason or in whatever manner, so that such schedules of salaries cannot be furnished therefrom, the employing governmental subdivision, in lieu thereof, shall furnish to the association an estimate of the earnings of any employee or former employee for any period as may be requested by the executive director. If the association is provided a schedule of estimated earnings, the executive director is authorized to use the same as a basis for making whatever computations might be necessary for determining obligations of the employee and employer to the fund plan, the public employees police and fire retirement plan, or the local government correctional employees retirement plan. If estimates are not furnished by the employer at the request of the executive director, the executive director may estimate the obligations of the employee and employer to the fund plan, the public employees police and fire retirement plan, or the local government correctional employees retirement plan based upon those records that are in its possession.
Subd. 12. **Omitted salary deductions; obligations.** (a) In the case of omission of required deductions for the general employees retirement plan, the public employees police and fire retirement plan, or the local government correctional employees retirement plan from the salary of an employee, the department head or designee shall immediately, upon discovery, report the employee for membership and deduct the employee deductions under subdivision 4 during the current pay period or during the pay period immediately following the discovery of the omission. Payment for the omitted contributions may only be made in accordance with reporting procedures and methods established by the executive director.

(b) When the entire omission period of an employee does not exceed 60 days, the governmental subdivision may report and submit payment of the omitted employee deductions and the omitted employer contributions through the reporting processes under subdivision 4.

(c) When the omission period of an employee exceeds 60 days, the governmental subdivision shall furnish to the association sufficient data and documentation upon which the obligation for omitted employee and employer contributions can be calculated. The omitted employee deductions must be deducted from the employee's subsequent salary payment or payments and remitted to the association for deposit in the applicable retirement fund. The employee shall pay omitted employee deductions due for the 60 days prior to the end of the last pay period in the omission period during which salary was earned. The employer shall pay any remaining omitted employee deductions and any omitted employer contributions, plus cumulative interest at an annual rate of 8.5 percent compounded annually, from the date or dates each omitted employee contribution was first payable.

(d) An employer shall not hold an employee liable for omitted employee deductions beyond the pay period dates under paragraph (c), nor attempt to recover from the employee those employee deductions paid by the employer on behalf of the employee. Omitted deductions due under paragraph (c) which are not paid by the employee constitute a liability of the employer that failed to deduct the omitted deductions from the employee's salary. The employer shall make payment with interest at an annual rate of 8.5 percent compounded annually. Omitted employee deductions are no longer due if an employee terminates public service before making payment of omitted employee deductions to the association, but the employer remains liable to pay omitted employer contributions plus interest at an annual rate of 8.5 percent compounded annually from the date the contributions were first payable.

(e) The association may not commence action for the recovery of omitted employee deductions and employer contributions after the expiration of three calendar years after the calendar year in which the contributions and deductions were omitted. Except as provided under paragraph (b), no payment may be made or accepted unless the association has already commenced action for recovery of omitted deductions. An action for recovery commences on the date of the mailing of any written correspondence from the association requesting information from the governmental subdivision upon which to determine whether or not omitted deductions occurred.

Subd. 12a. **Terminated employees: omitted deductions.** A terminated employee who was a member of the general employees retirement plan of the Public Employees Retirement Association, the public employees police and fire retirement plan, or the local government correctional employees retirement plan and who has a period of employment in which previously omitted employer contributions were made under subdivision 12 but for whom no, or only partial, omitted employee contributions have been made, or a member who had prior coverage in the association for which previously omitted employer contributions were made under subdivision 12 but who terminated service before required omitted employee deductions could be withheld from salary, may pay the omitted employee deductions for the period on which omitted employer contributions were previously paid plus interest at an annual rate of 8.5 percent compounded annually. A terminated employee may pay the omitted employee deductions plus interest within six months of an initial notification from the association of eligibility to pay those omitted deductions. If a terminated employee is reemployed in a position covered under a public pension fund under section 356.30, subdivision 3, and elects to pay omitted employee deductions, payment must be made no later than six months after a subsequent termination of public service.
Subd. 12b. Terminated employees: immediate eligibility. If deductions were omitted from salary adjustments or final salary of a terminated employee who was a member of the general employees retirement plan, the public employees police and fire retirement plan, or the local government correctional employees retirement plan and who is immediately eligible to draw a monthly benefit, the employer shall pay the omitted employer and employer additional contributions plus interest on both the employer and employee amounts due at an annual rate of 8.5 percent compounded annually. The employee shall pay the employee deductions within six months of an initial notification from the association of eligibility to pay omitted deductions or the employee forfeits the right to make the payment.

Subd. 13. Certain warrants canceled. A warrant payable from the general employees retirement fund, the public employees police and fire retirement fund, or the local government correctional retirement fund remaining unpaid for a period of six months must be canceled into the applicable retirement fund and not canceled into the state’s general fund.

Subd. 14. Periods before initial coverage date. (a) If an entity is determined to be a governmental subdivision due to receipt of a written notice of eligibility from the association with respect to the general employees retirement plan, the public employees police and fire retirement plan, or the local government correctional retirement plan, that employer and its employees are subject to the requirements of subdivision 12, effective retroactively to the date that the executive director of the association determines that the entity first met the definition of a governmental subdivision, if that date predates the notice of eligibility.

(b) If the retroactive time period under paragraph (a) exceeds three years, an employee is authorized to purchase service credit in the applicable Public Employees Retirement Association plan for the portion of the period in excess of three years, by making payment under section 356.551. Notwithstanding any provision of section 356.551, subdivision 2, to the contrary, regarding time limits on purchases, payment of a service credit purchase amount may be made anytime before the termination of public service.

(c) This subdivision does not apply if the applicable employment under paragraph (a) included coverage by any public or private defined benefit or defined contribution retirement plan, other than a volunteer firefighters relief association. If this paragraph applies, an individual is prohibited from purchasing service credit from a Public Employees Retirement Association plan for any period or periods specified in paragraph (a).

Sec. 8. Minnesota Statutes 2008, section 353.34, subdivision 1, is amended to read:

(b) If an individual was placed on layoff under section 353.01, subdivision 12 or 12c, a refund is not payable before termination of service under section 353.01, subdivision 11a.

(c) An individual who terminates public service covered by the Public Employees Retirement Association general employees retirement plan, the MERF division, the Public Employees Retirement Association police and fire retirement plan, or the public employees local government corrections service retirement plan, and who is employed by a different employer and who becomes an active member covered by one of the other two plans, may receive a refund of employee contributions plus six percent interest compounded annually from the plan from which the member terminated service.

This dues deduction authority expires upon the eventual full consolidation of the MERF account under subdivision 8.

Subd. 8. Eventual full consolidation. (a) Once the fiscal year end market value of assets of the MERF division account equals or exceeds 80 percent of the actuarial accrued liability of the MERF division as calculated by the approved actuary retained by the Public Employees Retirement Association under section 356.215 and the Standards for Actuarial Work adopted by the Legislative Commission on Pensions and Retirement, the MERF division must be merged with the general employees retirement plan of the Public Employees Retirement Association and the MERF division account ceases as a separate account within the general employees retirement fund of the Public Employees Retirement Association.

The actuarial accrued liability of the MERF division must be calculated using the healthy retired life mortality assumption applicable to the general employees retirement plan.

(c) The merger shall occur as of the first day of the first month after the date on which the triggering actuarial valuation report is filed with the executive director of the Legislative Commission on Pensions and Retirement.

(d) The executive director of the Public Employees Retirement Association shall prepare proposed legislation fully implementing the merger and updating the applicable provisions of chapters 353 and 356 and transmit the proposed legislation to the executive director of the Legislative Commission on Pensions and Retirement by the following February 15.

employees retirement plan, and be relieved of any further contribution obligation to the general employees retirement plan for those employees under this section. Any agreement under this subdivision and any actuarial valuation report related to a merger under this subdivision must be submitted to the executive director of the Legislative Commission on Pensions and Retirement for comment prior to the final execution.

The designated percentage rate is: (1) 0.2 percent for the correctional
state employees retirement plan, the State Patrol retirement plan, the public employees police and fire plan, and the local government correctional service plan; (2) 0.6 percent for the general state employees retirement plan and the general public employees retirement plan; and (3) 0.3 percent for the teachers retirement plan, the Duluth Teachers Retirement Fund Association, and the St. Paul Teachers Retirement Fund Association. (d) After July 1, 2010, the assumptions set forth in paragraphs (b) and (c) continue to apply, unless a different salary assumption or a different payroll increase assumption:

(1) has been proposed by the governing board of the applicable retirement plan;

(2) is accompanied by the concurring recommendation of the actuary retained under section 356.214, subdivision 1, if applicable, or by the approved actuary preparing the most recent actuarial valuation report if section 356.214 does not apply; and

(3) has been approved or deemed approved under subdivision 18.
Sec. 20. Minnesota Statutes 2009 Supplement, section 356.215, subdivision 11, is amended to read:

Subd. 11. **Amortization contributions.** (a) In addition to the exhibit indicating the level normal cost, the actuarial valuation of the retirement plan must contain an exhibit for financial reporting purposes indicating the additional annual contribution sufficient to amortize the unfunded actuarial accrued liability and must contain an exhibit for contribution determination purposes indicating the additional contribution sufficient to amortize the unfunded actuarial accrued liability. For the retirement plans listed in subdivision 8, paragraph (c), but excluding the MERF division of the Public Employees Retirement Association, the additional contribution must be calculated on a level percentage of covered payroll basis by the established date for full funding in effect when the valuation is prepared, assuming annual payroll growth at the applicable percentage rate set forth in subdivision 8, paragraph (c). For all other retirement plans and for the MERF division of the Public Employees Retirement Association, the additional annual contribution must be calculated on a level annual dollar amount basis.

(b) For any retirement plan other than the Minneapolis Employees Retirement Fund, the general employees retirement plan of the Public Employees Retirement Association, and the St. Paul Teachers Retirement Fund Association governed by paragraph (d), (e), (f), (g), (h), (i), or (j), if there has not been a change in the actuarial assumptions used for calculating the actuarial accrued liability of the fund, a change in the benefit plan governing annuities and benefits payable from the fund, a change in the actuarial cost method used in calculating the actuarial accrued liability of all or a portion of the fund, or a combination of the three, which change or changes by itself or by themselves without inclusion of any other items of increase or decrease produce a net increase in the unfunded actuarial accrued liability of the fund, the established date for full funding is the first actuarial valuation date occurring after June 1, 2020.

(c) For any retirement plan other than the Minneapolis Employees Retirement Fund and the general employees retirement plan of the Public Employees Retirement Association, if there has been a change in any or all of the actuarial assumptions used for calculating the actuarial accrued liability of the fund, a change in the benefit plan governing annuities and benefits payable from the fund, a change in the actuarial cost method used in calculating the actuarial accrued liability of all or a portion of the fund, or a combination of the three, and the change or changes, by itself or by themselves and without inclusion of any other items of increase or decrease, produce a net increase in the unfunded actuarial accrued liability in the fund, the established date for full funding must be determined using the following procedure:

(i) the unfunded actuarial accrued liability of the fund must be determined in accordance with the plan provisions governing annuities and retirement benefits and the actuarial assumptions in effect before an applicable change;

(ii) the level annual dollar contribution or level percentage, whichever is applicable, needed to amortize the unfunded actuarial accrued liability amount determined under item (i) by the established date for full funding in effect before the change must be calculated using the interest assumption specified in subdivision 8 in effect before the change;

(iii) the unfunded actuarial accrued liability of the fund must be determined in accordance with any new plan provisions governing annuities and benefits payable from the fund and any new actuarial assumptions and the remaining plan provisions governing annuities and benefits payable from the fund and actuarial assumptions in effect before the change;

(iv) the level annual dollar contribution or level percentage, whichever is applicable, needed to amortize the difference between the unfunded actuarial accrued liability amount calculated under item (i) and the unfunded actuarial accrued liability amount calculated under item (iii) over a period of 30 years from the end of the plan year in which the applicable change is effective must be calculated using the applicable interest assumption specified in subdivision 8 in effect after any applicable change;
(v) the level annual dollar or level percentage amortization contribution under item (iv) must be added to the level annual dollar amortization contribution or level percentage calculated under item (ii);

(vi) the period in which the unfunded actuarial accrued liability amount determined in item (iii) is amortized by the total level annual dollar or level percentage amortization contribution computed under item (v) must be calculated using the interest assumption specified in subdivision 8 in effect after any applicable change, rounded to the nearest integral number of years, but not to exceed 30 years from the end of the plan year in which the determination of the established date for full funding using the procedure set forth in this clause is made and not to be less than the period of years beginning in the plan year in which the determination of the established date for full funding using the procedure set forth in this clause is made and ending by the date for full funding in effect before the change; and

(vii) the period determined under item (vi) must be added to the date as of which the actuarial valuation was prepared and the date obtained is the new established date for full funding.

(d) For the Minneapolis Employees Retirement Fund, the established date for full funding is June 30, 2031.

(e) For the general employees retirement plan of the Public Employees Retirement Association, the established date for full funding is June 30, 2031.

(f) For the Teachers Retirement Association, the established date for full funding is June 30, 2037.

(g) For the correctional state employees retirement plan of the Minnesota State Retirement System, the established date for full funding is June 30, 2038.

(h) For the judges retirement plan, the established date for full funding is June 30, 2038.

(i) For the public employees police and fire retirement plan, the established date for full funding is June 30, 2038.

(j) For the St. Paul Teachers Retirement Fund Association, the established date for full funding is June 30 of the 25th year from the valuation date. In addition to other requirements of this chapter, the annual actuarial valuation shall contain an exhibit indicating the funded ratio and the deficiency or sufficiency in annual contributions when comparing liabilities to the market value of the assets of the fund as of the close of the most recent fiscal year.

(k) For the retirement plans for which the annual actuarial valuation indicates an excess of valuation assets over the actuarial accrued liability, the valuation assets in excess of the actuarial accrued liability must be recognized as a reduction in the current contribution requirements by an amount equal to the amortization of the excess expressed as a level percentage of pay over a 30-year period beginning anew with each annual actuarial valuation of the plan.

Sec. 21. Minnesota Statutes 2008, section 422A.101, subdivision 3, is amended to read:

Subd. 3. State contributions. (a) Subject to the limitation set forth in paragraph (c), the state shall pay to the MERF division of the Public Employees Retirement Association for the former Minneapolis Employees Retirement Fund annually an amount equal to the amount calculated under paragraph (b).

(b) The payment amount is an amount equal to the financial requirements of the Minneapolis Employees Retirement Fund, the general employees retirement plan of the Public Employees Retirement Association, reported in the actuarial valuation of the fund prepared by the actuary retained under section 356.214 consistent with section 356.215 for the most recent year but based on a target
date for full amortization of the unfunded actuarial accrued liabilities by June 30, 2031, less the amount of
employee contributions required under section 422A.10, subdivision 7, paragraph (b), and the amount of
employer contributions required under subdivisions 1a, 2, and 2a section 353.50, subdivision 7, paragraphs (c) and
(d). Payments shall must be made September 15 annually.

(c) The annual state contribution under this subdivision may not exceed $9,000,000, plus the cost of the annual
supplemental benefit determined under Minnesota Statutes 2008, section 356.43, through June 30, 2012, and may
not exceed $9,000,000, plus the cost of the annual supplemental benefit determined under Minnesota Statutes 2008,
section 356.43, plus $15,000,000 annually after June 30, 2012, and until June 30, 2031.

(d) Annually and after June 30, 2012, if the amount determined under paragraph (b) exceeds $9,000,000 the
applicable maximum amount specified in paragraph (c), the excess must be allocated to and paid to the fund by the
employers identified in Minnesota Statutes 2008, section 422A.101, subdivisions 1a and 2, other than units of
metropolitan government and 2a. Each employer’s share of the excess is proportionate to the employer’s share of the
fund’s unfunded actuarial accrued liability as disclosed in the annual actuarial valuation prepared by the actuary
retained under section 356.214 compared to the total unfunded actuarial accrued liability as of July 1, 2009,
attributed to all employers identified in Minnesota Statutes 2008, section 422A.101, subdivisions 1a and 2, other
than units of metropolitan government. Payments must be made in equal installments as set forth in paragraph (b).

(e) State contributions under this section end on September 15, 2031, or on September 1 following the first date
on which the current assets of the MERF division of the Public Employees Retirement Association equal or exceed
the actuarial accrued liability of the MERF division of the Public Employees Retirement Association, whichever
occurs earlier.

(c) Deferred compensation and payroll allocations to purchase an individual annuity contract for an employee are included in determining the employee’s salary. Other forms of compensation which shall must be included to determine an employee’s total compensation are all other direct and indirect items of compensation which are not specifically excluded by this subdivision. Sec. 41. Minnesota Statutes 2008, section 475.52, subdivision 6, is amended to read:

Subd. 6. Certain purposes. Any municipality may issue bonds for paying judgments against it; for refunding outstanding bonds; for funding floating indebtedness; for funding actuarial liabilities to pay postemployment benefits to employees or officers after their termination of service; or for funding all or part of the municipality’s current and future unfunded liability for a pension or retirement fund or plan referred to in section 356.20, subdivision 2, as those liabilities are most recently computed pursuant to under sections 356.215 and 356.216. Sec. 42. Minnesota Statutes 2009 Supplement, section 480.181, subdivision 2, is amended to read:

Subd. 2. Election to retain insurance and benefits; retirement. (a) Before a person is transferred to state employment under this section, the person may elect to do either or both of the following:

(2) remain a member of the general employees retirement plan of the Public Employees Retirement Association or the Minneapolis employees retirement fund MERF division of the Public Employees Retirement Association instead of joining the Minnesota State Retirement System.

Employees who make an election under clause (1) remain on the county payroll, but the state shall reimburse the county on a quarterly basis for the salary and cost of the benefits provided by the county. The state shall make the employer contribution to the general employees retirement plan of the Public Employees Retirement Association or the employer contribution under section 422A.101, subdivision 1, paragraphs (c) and (d), to the Minneapolis Employees Retirement Fund MERF division of the Public Employees Retirement Association on behalf of employees who make an election under clause (2).

VOLUNTEER FIREFIGHTER RELIEF ASSOCIATION MODIFICATIONS

Section 1. Minnesota Statutes 2009 Supplement, section 69.772, subdivision 6, is amended to read:

Subd. 6. Municipal ratification for plan amendments. If the special fund of the relief association does not have a surplus over full funding pursuant to under subdivision 3, clause (2), subclause (e), or and if the municipality is required to provide financial support to the special fund of the relief association pursuant to under this section, the adoption of or any amendment to the articles of incorporation or bylaws of a relief association which increases or otherwise affects the retirement coverage provided by or the service pensions or retirement benefits payable from the special fund of any relief association to which this section applies is not effective until it is ratified by the
governing body of the municipality in which the relief association is located and the officers of a relief association shall not seek municipal ratification prior to preparing and certifying an estimate of the expected increase in the accrued liability and annual accruing liability of the relief association attributable to the amendment. If the special fund of the relief association has a surplus over full funding pursuant to under subdivision 3, clause (e), and if the municipality is not required to provide financial support to the special fund of the relief association pursuant to under this section, the relief association may adopt or amend its articles of incorporation or bylaws which increase or otherwise affect the retirement coverage provided by or the service pensions or retirement benefits payable from the special fund of the relief association which are effective without municipal ratification so long as this does not cause the amount of the resulting increase in the accrued liability of the special fund of the relief association to exceed 90 percent of the amount of the surplus over full funding reported in the prior year and this does not result in the financial requirements of the special fund of the relief association exceeding the expected amount of the future fire state aid to be received by the relief association as determined by the board of trustees following the preparation of an estimate of the expected increase in the accrued liability and annual accruing liability of the relief association attributable to the change. If a relief association adopts or amends its articles of incorporation or bylaws without municipal ratification pursuant to under this subdivision, and, subsequent to the amendment or adoption, the financial requirements of the special fund of the relief association pursuant to under this section are such so as to require financial support from the municipality, the provision which was implemented without municipal ratification is no longer effective without municipal ratification and any service pensions or retirement benefits payable after that date may be paid only in accordance with the articles of incorporation or bylaws as amended or adopted with municipal ratification.

**EFFECTIVE DATE.** This section is effective the day following final enactment.

Sec. 2. Minnesota Statutes 2009 Supplement, section 69.773, subdivision 6, is amended to read:

Subd. 6. **Municipal ratification for plan amendments.** If the special fund of the relief association does not have a surplus over full funding pursuant to under subdivision 4, or and if the municipality is required to provide financial support to the special fund of the relief association pursuant to under this section, the adoption of or any amendment to the articles of incorporation or bylaws of a relief association which increases or otherwise affects the retirement coverage provided by or the service pensions or retirement benefits payable from the special fund of any relief association to which this section applies is not effective until it is ratified by the governing body of the municipality in which the relief association is located. If the special fund of the relief association has a surplus over full funding pursuant to under subdivision 4, and if the municipality is not required to provide financial support to the special fund of the relief association pursuant to under this section, the relief association may adopt or amend its articles of incorporation or bylaws which increase or otherwise affect the retirement coverage provided by or the service pensions or retirement benefits payable from the special fund of the relief association which are effective without municipal ratification so long as this does not cause the amount of the resulting increase in the accrued liability of the special fund of the relief association to exceed 90 percent of the amount of the surplus over full funding reported in the prior year and this does not result in the financial requirements of the special fund of the relief association exceeding the expected amount of the future fire state aid to be received by the relief association as determined by the board of trustees following the preparation of an updated actuarial valuation including the proposed change or an estimate of the expected actuarial impact of the proposed change prepared by the actuary of the relief association. If a relief association adopts or amends its articles of incorporation or bylaws without municipal ratification pursuant to this subdivision, and, subsequent to the amendment or adoption, the financial requirements of the special fund of the relief association pursuant to under this section are such so as to require financial support from the municipality, the provision which was implemented without municipal ratification is no longer effective without municipal ratification and any service pensions or retirement benefits payable after that date may be paid only in accordance with the articles of incorporation or bylaws as amended or adopted with municipal ratification.

**EFFECTIVE DATE.** This section is effective the day following final enactment.
Sec. 3. Minnesota Statutes 2008, section 356A.06, subdivision 8, is amended to read:

Subd. 8. Minimum liquidity requirements. A covered pension plan described by subdivision 6, paragraph (a) or 7, in order to pay benefits as they come due, shall invest a portion of its assets in authorized short-term debt obligations that can be immediately liquidated without accrual of a substantial determinable penalty or loss and that have an average maturity of no more than 90 days. The chief administrative officer of the plan shall determine the minimum liquidity requirement of the plan and shall retain appropriate documentation of that determination for three years from the date of determination.

EFFECTIVE DATE. This section is effective the day following final enactment.

Sec. 4. Minnesota Statutes 2009 Supplement, section 424A.01, subdivision 1, is amended to read:

Subdivision 1. Minors. (a) No volunteer firefighters' relief association associated with a municipality or an independent nonprofit firefighting corporation may include as a relief association member a minor serving as a firefighter, except for members of a youth, civic, or educational organization or program who participate with uninterrupted adult supervision, as allowed by federal law and by section 181A.04. Such organizations or programs include, but are not limited to, Boy Scout Explorer programs or firefighting degree programs.

(b) No volunteer firefighters' relief association associated with a municipality or an independent nonprofit firefighting corporation may include as a relief association member a minor serving as a volunteer firefighter.

EFFECTIVE DATE. This section is effective the day following final enactment.

Sec. 5. Minnesota Statutes 2009 Supplement, section 424A.01, subdivision 6, is amended to read:

Subd. 6. Return to active firefighting after break in service. (a) The requirements of this section apply to all breaks in service, except breaks in service mandated by federal or state law.

(b)(1) If a former active firefighter who has ceased to perform or supervise fire suppression and fire prevention duties for at least 60 days resumes performing active firefighting with the fire department associated with the relief association, if the bylaws of the relief association so permit, the person firefighter may again become an active member of the relief association. A firefighter who returns to active service and membership is subject to the service pension calculation requirements under this section.

(2) A firefighter who has been granted an approved leave of absence not exceeding one year by the fire department or by the relief association is exempt from the minimum period of resumption service requirement of this section.

(3) A person who has a break in service not exceeding one year but has not been granted an approved leave of absence and who has not received a service pension or disability benefit may be made exempt from the minimum period of resumption service requirement of this section by the relief association bylaws.

(4) If the bylaws so provide, a firefighter who returns to active relief association membership under this paragraph may continue to collect a monthly service pension, notwithstanding the service pension eligibility requirements under chapter 424A.

(b)(c) If a former firefighter who has received a service pension or disability benefit returns to active relief association membership under paragraph (b)(b), the firefighter may qualify for the receipt of a service pension from the relief association for the resumption service period if the firefighter meets a minimum period of resumption service specified in the relief association bylaws the service requirements of section 424A.016, subdivision 3, or 424A.02, subdivision 2.
(d) If a former firefighter who has not received a service pension or disability benefit returns to active relief association membership under paragraph (b), the firefighter may qualify for the receipt of a service pension from the relief association for the resumption service period if the firefighter meets the minimum period of resumption service specified in the relief association bylaws and the service requirements of section 424A.016, subdivision 3, or 424A.02, subdivision 2.

(е) (e) A firefighter who returns to active lump-sum relief association membership and who qualifies for a service pension under paragraph (b) (c) or (d) must have, upon a subsequent cessation of duties, any service pension for the resumption service period calculated as a separate benefit. If a lump-sum service pension had been paid to the firefighter upon the firefighter's previous cessation of duties, a second lump-sum service pension for the resumption service period must be calculated to apply the service pension amount in effect on the date of the firefighter's termination of the resumption service for all years of the resumption service. No firefighter may be paid a service pension twice for the same period of service. If a lump-sum service pension had not been paid to the firefighter upon the firefighter's previous cessation of duties and the firefighter meets the minimum service requirement of section 424A.016, subdivision 3, or 424A.02, subdivision 2, a service pension must be calculated to apply the service pension amount in effect on the date of the firefighter's termination of the resumption service for all years of service credit.

(ф) (f) A firefighter who had not been paid a lump-sum service pension returns to active relief association membership under paragraph (a) (b), who does not qualify for a service pension under paragraph (b) (d), but who does meet the minimum service requirement of section 424A.016, subdivision 3, or 424A.02, subdivision 2, based on the firefighter's previous years of active service, must have, upon a subsequent cessation of duties, a service pension calculated for the previous years of service based on the service pension amount in effect on the date of the firefighter's termination of the resumption service, or, if the bylaws so provide, based on the service pension amount in effect on the date of the firefighter's previous cessation of duties.

(г) (g) If a firefighter receiving a monthly benefit service pension returns to active monthly benefit relief association membership under paragraph (a) (b), and if the relief association bylaws do not allow for the firefighter to continue collecting a monthly service pension, any monthly benefit service pension payable to the firefighter is suspended as of the first day of the month next following the date on which the firefighter returns to active membership. If the firefighter was receiving a monthly benefit service pension, and qualifies for a service pension under paragraph (b) (c), the firefighter is entitled to an additional monthly benefit service pension upon a subsequent cessation of duties calculated based on the resumption service credit and the service pension accrual amount in effect on the date of the termination of the resumption service. The suspended initial service pension resumes as of the first of the month next following the termination of the resumption service. If the firefighter was not receiving a monthly benefit service pension and meets the minimum service requirement of section 424A.02, subdivision 2, a service pension must be calculated to apply the service pension amount in effect on the date of the firefighter's termination of the resumption service for all years of service credit.

(h) (h) A firefighter who was not receiving a monthly benefit service pension returns to active relief association membership under paragraph (a) (b), who does not qualify for a service pension under paragraph (b) (d), but who does meet the minimum service requirement of section 424A.02, subdivision 2, based on the firefighter's previous years of active service, must have, upon a subsequent cessation of duties, a service pension calculated for the previous years of service based on the service pension amount in effect on the date of the firefighter's termination of the resumption service, or, if the bylaws so provide, based on the service pension amount in effect on the date of the firefighter's previous cessation of duties.

**EFFECTIVE DATE.** This section is effective the day following final enactment.
Sec. 6. Minnesota Statutes 2009 Supplement, section 424A.015, is amended by adding a subdivision to read:

Subd. 5. **Minnesota deferred compensation plan transfers.** A relief association may directly transfer on an institution-to-institution basis the eligible member's lump-sum pension amount to the requesting member's account in the Minnesota deferred compensation plan, if:

1. the governing articles of incorporation or bylaws so provide;
2. the volunteer firefighter participates in the Minnesota deferred compensation plan at the time of retirement; and
3. the applicable retiring firefighter requests in writing that the relief association do so.

**EFFECTIVE DATE.** This section is effective the day following final enactment.

Sec. 7. Minnesota Statutes 2009 Supplement, section 424A.016, subdivision 4, is amended to read:

Subd. 4. **Individual accounts.** (a) An individual account must be established for each firefighter who is a member of the relief association.

(b) To each individual active member account must be credited an equal share of:

1. any amounts of fire state aid received by the relief association;
2. any amounts of municipal contributions to the relief association raised from levies on real estate or from other available municipal revenue sources exclusive of fire state aid; and
3. any amounts equal to the share of the assets of the special fund to the credit of:
   i. any former member who terminated active service with the fire department to which the relief association is associated before meeting the minimum service requirement provided for in subdivision 2, paragraph (b), and has not returned to active service with the fire department for a period no shorter than five years; or
   ii. any retired member who retired before obtaining a full nonforfeitable interest in the amounts credited to the individual member account under subdivision 2, paragraph (b), and any applicable provision of the bylaws of the relief association. In addition, any investment return on the assets of the special fund must be credited in proportion to the share of the assets of the special fund to the credit of each individual active member account. Administrative expenses of the relief association payable from the special fund may be deducted from individual accounts in a manner specified in the bylaws of the relief association.

(c) If the bylaws so permit and as the bylaws define, the relief association may credit any investment return on the assets of the special fund to the accounts of inactive members.

(d) Amounts to be credited to individual accounts must be allocated uniformly for all years of active service and allocations must be made for all years of service, except for caps on service credit if so provided in the bylaws of the relief association. The allocation method may utilize monthly proration for fractional years of service, as the bylaws or articles of incorporation of the relief association so provide. The bylaws or articles of incorporation may define a "month," but the definition must require a calendar month to have at least 16 days of active service. If the bylaws or articles of incorporation do not define a "month," a "month" is a completed calendar month of active service measured from the member's date of entry to the same date in the subsequent month.
(4) (e) At the time of retirement under subdivision 2 and any applicable provision of the bylaws of the relief association, a retiring member is entitled to that portion of the assets of the special fund to the credit of the member in the individual member account which is nonforfeitable under subdivision 3 and any applicable provision of the bylaws of the relief association based on the number of years of service to the credit of the retiring member.

(2) (f) Annually, the secretary of the relief association shall certify the individual account allocations to the state auditor at the same time that the annual financial statement or financial report and audit of the relief association, whichever applies, is due under section 69.051.

EFFECTIVE DATE. This section is effective the day following final enactment.

Sec. 8. Minnesota Statutes 2009 Supplement, section 424A.016, subdivision 7, is amended to read:

Subd. 7. Limitation on ancillary benefits. (a) A defined contribution relief association may only pay an ancillary benefit which would constitute an authorized disbursement as specified in section 424A.05. The ancillary benefit for active members must equal the vested and nonvested amount of the individual account of the member.

(b) For deferred members, the ancillary benefit must equal the vested amount of the individual account of the member. For the recipient of installment payments of a service pension, the ancillary benefit must equal the remaining balance in the individual account of the recipient.

(c)(1) If a survivor or death benefit is payable under the articles of incorporation or bylaws, the benefit must be paid:

(i) as a survivor benefit to the surviving spouse of the deceased firefighter;

(ii) as a survivor benefit to the surviving children of the deceased firefighter if no surviving spouse;

(iii) as a survivor benefit to a designated beneficiary of the deceased firefighter if no surviving spouse or surviving children; or

(iv) as a death benefit to the estate of the deceased active or deferred firefighter if no surviving spouse, no surviving children, and no beneficiary designated.

(2) If there are no surviving children, the surviving spouse may waive, in writing, wholly or partially, the spouse's entitlement to a survivor benefit.

(d) For purposes of this section, for a defined contribution volunteer fire relief association, a trust created under chapter 501B may be a designated beneficiary. If a trust payable to the surviving children organized under chapter 501B has been established as authorized by this section and there is no surviving spouse, the survivor benefit may be paid to the trust, notwithstanding the requirements of this section.

EFFECTIVE DATE. This section is effective the day following final enactment.

Sec. 9. Minnesota Statutes 2009 Supplement, section 424A.02, subdivision 9, is amended to read:

Subd. 9. Limitation on ancillary benefits. A defined benefit relief association, including any volunteer firefighters relief association governed by section 69.77 or any volunteer firefighters division of a relief association governed by chapter 424, may only pay ancillary benefits which would constitute an authorized disbursement as specified in section 424A.05 subject to the following requirements or limitations:
(1) with respect to a defined benefit relief association in which governing bylaws provide for a lump-sum service pension to a retiring member, no ancillary benefit may be paid to any former member or paid to any person on behalf of any former member after the former member (i) terminates active service with the fire department and active membership in the relief association; and (ii) commences receipt of a service pension as authorized under this section; and

(2) with respect to any defined benefit relief association, no ancillary benefit paid or payable to any member, to any former member, or to any person on behalf of any member or former member, may exceed in amount the total earned service pension of the member or former member. The total earned service pension must be calculated by multiplying the service pension amount specified in the bylaws of the relief association at the time of death or disability, whichever applies, by the years of service credited to the member or former member. The years of service must be determined as of (i) the date the member or former member became entitled to the ancillary benefit; or (ii) the date the member or former member died entitling a survivor or the estate of the member or former member to an ancillary benefit. The ancillary benefit must be calculated without regard to whether the member had attained the minimum amount of service and membership credit specified in the governing bylaws. For active members, the amount of a permanent disability benefit or a survivor benefit must be equal to the member's total earned service pension except that the bylaws of a defined benefit relief association may provide for the payment of a survivor benefit in an amount not to exceed five times the yearly service pension amount specified in the bylaws on behalf of any member who dies before having performed five years of active service in the fire department with which the relief association is affiliated.

(3)(i) If a lump sum survivor or death benefit is payable under the articles of incorporation or bylaws, the benefit must be paid:

(A) as a survivor benefit to the surviving spouse of the deceased firefighter;

(B) as a survivor benefit to the surviving children of the deceased firefighter if no surviving spouse;

(C) as a survivor benefit to a designated beneficiary of the deceased firefighter if no surviving spouse or surviving children; or

(D) as a death benefit to the estate of the deceased active or deferred firefighter if no surviving children and no beneficiary designated.

(ii) If there are no surviving children, the surviving spouse may waive, in writing, wholly or partially, the spouse's entitlement to a survivor benefit.

(4)(i) If a monthly benefit survivor or death benefit is payable under the articles of incorporation or bylaws, the benefit must be paid:

(A) as a survivor benefit to the surviving spouse of the deceased firefighter;

(B) as a survivor benefit to the surviving children of the deceased firefighter if no surviving spouse;

(C) as a survivor benefit to a designated beneficiary of the deceased firefighter if no surviving spouse or surviving children; or

(D) as a death benefit to the estate of the deceased active or deferred firefighter if no surviving spouse, no surviving children, and no beneficiary designated.
(ii) If there are no surviving children, the surviving spouse may waive, in writing, wholly or partially, the spouse's entitlement to a survivor benefit.

(iii) For purposes of this clause, if the relief association bylaws authorize a monthly survivor benefit payable to a designated beneficiary, the relief association bylaws may limit the total survivor benefit amount payable.

(5) For purposes of this section, for a monthly benefit volunteer fire relief association or for a combination lump-sum and monthly benefit volunteer fire relief association where a monthly benefit service pension has been elected by or a monthly benefit is payable with respect to a firefighter, a designated beneficiary must be a natural person. For purposes of this section, for a lump-sum volunteer fire relief association or for a combination lump-sum and monthly benefit volunteer fire relief association where a lump-sum service pension has been elected by or a lump-sum benefit is payable with respect to a firefighter, a trust created under chapter 501B may be a designated beneficiary. If a trust is payable to the surviving children organized under chapter 501B as authorized by this section and there is no surviving spouse, the survivor benefit may be paid to the trust, notwithstanding a requirement of this section to the contrary.

**EFFECTIVE DATE.** This section is effective the day following final enactment.

Sec. 10. Minnesota Statutes 2009 Supplement, section 424A.02, subdivision 10, is amended to read:

**Subd. 10.** Local approval of bylaw amendments; filing requirements. (a) Each defined benefit relief association to which this section applies must file a revised copy of its governing bylaws with the state auditor upon the adoption of any amendment to its governing bylaws by the relief association or upon the approval of any amendment to its governing bylaws granted by the governing body of each municipality served by the fire department to which the relief association is directly associated. Failure of the relief association to file a copy of the bylaws or any bylaw amendments with the state auditor disqualifies the municipality from the distribution of any future fire state aid until this filing requirement has been completed.

(b) If the special fund of the relief association does not have a surplus over full funding under section 69.772, subdivision 3, clause (2), subclause (e), or 69.773, subdivision 4, and if the municipality is required to provide financial support to the special fund of the relief association under section 69.772 or 69.773, no bylaw amendment which would affect the amount of, the manner of payment of, or the conditions for qualification for service pensions or ancillary benefits or disbursements other than administrative expenses authorized under section 69.80 payable from the special fund of the relief association is effective until it has been ratified by the governing body or bodies of the appropriate municipalities as required under section 69.772, subdivision 6, or 69.773, subdivision 6. If the special fund of the relief association has a surplus over full funding under section 69.772, subdivision 3, or 69.773, subdivision 4, and if the municipality is not required to provide financial support to the special fund under this section, the relief association may adopt or amend without municipal ratification its articles of incorporation or bylaws which increase or otherwise affect the service pensions or ancillary benefits payable from the special fund so long as the changes do not cause the amount of the resulting increase in the accrued liability of the special fund to exceed 90 percent of the amount of the surplus over full funding reported in the prior year and the changes do not result in the financial requirements of the special fund exceeding the expected amount of the subsequent calendar year's fire state aid to be received by the relief association if authorized under section 69.772, subdivision 6, or 69.773, subdivision 6.

(c) If the relief association pays only a lump-sum pension, the financial requirements are to be determined by the board of trustees following the preparation of an estimate of the expected increase in the accrued liability and annual accruing liability of the relief association attributable to the change. If the relief association pays a monthly benefit service pension, the financial requirements are to be determined by the board of trustees following either an updated actuarial valuation including the proposed change or an estimate of the expected actuarial impact of the proposed change prepared by the actuary of the relief association. If a relief association adopts or amends its articles of
incorporation or bylaws without municipal ratification under this subdivision, and, subsequent to the amendment or adoption, the financial requirements of the special fund under this section are such so as to require financial support from the municipality, the provision which was implemented without municipal ratification is no longer effective without municipal ratification, and any service pensions or ancillary benefits payable after that date must be paid only in accordance with the articles of incorporation or bylaws as amended or adopted with municipal ratification.

**EFFECTIVE DATE.** This section is effective the day following final enactment.

Sec. 11. Minnesota Statutes 2009 Supplement, section 424A.05, subdivision 3, is amended to read:

Subd. 3. **Authorized disbursements from the special fund.** (a) Disbursements from the special fund may not be made for any purpose other than one of the following:

(1) for the payment of service pensions to retired members of the relief association if authorized and paid under law and the bylaws governing the relief association;

(2) for the purchase of an annuity for the applicable person under section 424A.015, subdivision 3, for the transfer of service pension or benefit amounts to the applicable person's individual retirement account under section 424A.015, subdivision 4, or to the applicable person's account in the Minnesota deferred compensation plan under section 424A.015, subdivision 5;

(2) for the payment of temporary or permanent disability benefits to disabled members of the relief association if authorized and paid under law and specified in amount in the bylaws governing the relief association;

(3) for the payment of survivor benefits to surviving spouses and surviving children, or if none, to designated beneficiaries, of deceased members of the relief association, and if no survivors and if no designated beneficiary, or for the payment of a death benefit to the estate of the deceased active or deferred firefighter, if authorized by and paid under law and specified in amount in the bylaws governing the relief association;

(4) for the payment of the fees, dues and assessments to the Minnesota State Fire Department Association and to the Minnesota Area Relief Association Coalition in order to entitle relief association members to membership in and the benefits of these associations or organizations;

(5) for the payment of insurance premiums to the state Volunteer Firefighters Benefit Association, or an insurance company licensed by the state of Minnesota offering casualty insurance, in order to entitle relief association members to membership in and the benefits of the association or organization; and

(6) for the payment of administrative expenses of the relief association as authorized under section 69.80.

(b) For purposes of this chapter, for a monthly benefit volunteer fire relief association or for a combination lump-sum and monthly benefit volunteer fire relief association where a monthly benefit service pension has been elected by or a monthly benefit is payable with respect to a firefighter, a designated beneficiary must be a natural person. For purposes of this chapter, for a defined contribution volunteer fire relief association, for a lump-sum volunteer fire relief association, or for a combination lump-sum and monthly benefit volunteer fire relief association where a lump-sum service pension has been elected by or a lump-sum benefit is payable with respect to a firefighter, a designated beneficiary may be a trust created under chapter 501B.

**EFFECTIVE DATE.** This section is effective the day following final enactment.
Sec. 12. Minnesota Statutes 2009 Supplement, section 424A.05, is amended by adding a subdivision to read:

Subd. 3a. **Corrections of erroneous special fund deposits.** Upon notification of funds deposited in error in the special fund and after presentation of evidence that the error occurred in good faith, the state auditor may require the relief association to provide a written legal opinion concluding that the transfer of funds from the special fund is consistent with federal and state law. Taking into consideration the evidence of good faith presented and the legal opinion, if any, provided, the state auditor may order the transfer from the special fund to the appropriate fund or account an amount equal to the funds deposited in error.

**EFFECTIVE DATE.** This section is effective the day following final enactment.

Sec. 13. **REPEALER.**

(a) Minnesota Statutes 2009 Supplement, section 424A.001, subdivision 6, is repealed.

(b) Laws 2009, chapter 169, article 10, section 32, is repealed.

**EFFECTIVE DATE.** Paragraph (a) is effective the day following final enactment. Paragraph (b) is effective retroactively from July 1, 2009.

(d) The purchase payment amount payable by the eligible person is four percent of the eligible person's salary under Minnesota Statutes 1984, section 353.01, subdivision 10, from Independent School District No. 199, Inver Grove Heights, during the period of August 26, 1985, until August 31, 1986, plus annual compound interest on that amount at the rate of 8.5 percent from March 1, 1986, until the date on which payment is made to the Public Employees Retirement Association. **EFFECTIVE DATE.** This section is effective the day following final enactment.

**Sec. 2. TEACHERS RETIREMENT ASSOCIATION; SECOND CHANCE RETIREMENT COVERAGE AUTHORITY FOR IRAP MEMBER.**

(a) Notwithstanding any provision of Minnesota Statutes, chapter 352, 353, or 354B or section 356.551 to the contrary, an eligible person described in paragraph (b) is entitled to elect retirement coverage for Minnesota State Colleges and Universities System employment by the Teachers Retirement Association under Minnesota Statutes, section 354B.21, subdivisions 2 and 3, despite the time limitation on the election.

(c) An election to change retirement coverage from the Minnesota State Colleges and Universities System individual retirement account plan to the Teachers Retirement Association must be made by July 1, 2010, and is retroactive to September 9, 2007. If the election is made, Minnesota Statutes, section 356.551, applies to the purchase of past service except for subdivision 1, paragraph (c), of that provision, which requires all refunds to be paid before the service credit purchase. The eligible person’s account in the individual retirement account plan must be liquidated by transfer to the Teachers Retirement Association fund by August 1, 2010, and used to cover part of the service credit purchase payment amount. Any remaining payment amount must be paid in a lump sum to the executive director of the Teachers Retirement Association for deposit in the Teachers Retirement Association fund by September 1, 2010. Retroactive service credit in the Teachers Retirement Association must be granted to the eligible person once the transfers and payments required under this paragraph have been made.

(d) If an eligible person under paragraph (b) elects Teachers Retirement Association coverage but fails to make the full payment required under paragraph (c), the election of Teachers Retirement Association coverage is voided and the individual retains coverage by the Minnesota State Colleges and Universities System individual retirement account plan. **CALENDAR FOR THE DAY, Continued**

S. F. No. 2642 was reported to the House.

Jackson moved to amend S. F. No. 2642, the second engrossment, as follows:

Delete everything after the enacting clause and insert the following language of H. F. No. 2970, the first engrossment:

"Section 1. Minnesota Statutes 2008, section 3.7393, subdivision 12, is amended to read:
Subd. 12. **Supplemental payments.** (a) For purposes of this subdivision, "uncompensated medical expenses" means:

(1) medical expenses less payments made to a survivor from collateral sources referred to in section 548.36, subdivision 1, that provide payments for medical expenses; and

(2) the present value of premiums, deductibles, and coinsurance payments for high-risk health plan coverage offered by the Minnesota Comprehensive Health Association or by another similar health plan.

(b) A survivor is eligible for a supplemental payment if the offer of settlement calculation for the survivor, as provided in subdivision 10, exceeds $400,000. The supplemental payment must be calculated based solely on that portion of the uncompensated medical expenses, loss of income, future earning capacity, or other financial support for which compensation was not received under the offer of settlement or settlement agreement under subdivision 11. A supplemental payment may only be made to a survivor who has accepted an offer of settlement, entered into a settlement agreement, and executed a release under subdivision 13. Consistent with the requirements of this section, the panel shall establish necessary procedures and timelines for the award of supplemental payments. A supplemental payment may be made only for the following purposes, in the following order of priority:

(1) to pay uncompensated medical expenses in excess of those paid from the first $400,000; and

(2) to pay for loss of income, future earning capacity, or other financial support not included in the first $400,000.

exceeding the expected amount of the future fire state aid to be received by the relief association as determined by the board of trustees following the preparation of an estimate of the expected increase in the accrued liability and annual accruing liability of the relief association attributable to the change. If a relief association adopts or amends its articles of incorporation or bylaws without municipal ratification pursuant to this subdivision, and, subsequent to the amendment or adoption, the financial requirements of the special fund of the relief association pursuant to this section are such so as to require financial support from the municipality, the provision which was implemented without municipal ratification is no longer effective without municipal ratification and any service pensions or retirement benefits payable after that date may be paid only in accordance with the articles of incorporation or bylaws as amended or adopted with municipal ratification.

"Application" under subdivision 4 means the charter school business plan a school developer submits to an authorizer for approval to establish a charter school that documents the school developer's mission statement, school purposes, program design, financial plan, governance and management structure, and background and experience, plus any other information the authorizer requests. The application also shall include a "statement of assurances" of legal compliance prescribed by the commissioner.

"Affidavit" means a written statement the authorizer submits to the commissioner for approval to establish a charter school under subdivision 4 attesting to its review and approval process before chartering a school.

"Affidavit" means the form an authorizer submits to the commissioner that is a precondition to a charter school organizing an affiliated nonprofit building corporation under subdivision 17a.

(b) The following organizations may authorize one or more charter schools:

The application for approval as a charter school authorizer must demonstrate the applicant’s ability to implement the procedures and satisfy the criteria for chartering a school under this section. The commissioner must approve or disapprove an application within 60 business days of the application deadline. If the commissioner disapproves the application, the commissioner must notify the applicant of the deficiencies and the applicant then has 20 business days to address the deficiencies to the commissioner’s satisfaction. Failing to address the deficiencies to the commissioner’s satisfaction makes an applicant ineligible to be an authorizer. The commissioner, in establishing criteria for approval, must consider the applicant’s:

(1) capacity and infrastructure;

(2) application criteria and process;

(3) contracting process;

(4) ongoing oversight and evaluation processes; and

(5) the process to be used for providing ongoing oversight of the school consistent with the contract expectations specified in clause (4) that assures that the schools chartered are complying with both the provisions of applicable law and rules, and with the contract;

(7) an assurance specifying that the organization is committed to serving as a sponsor an authorizer for the full five-year term.

A disapproved applicant under this paragraph may resubmit an application during a future application period.

(e) The authorizer must participate in department-approved training.

(f) An authorizer that chartered a school before August 1, 2009, must apply by June 30, 2011, to the commissioner for approval, under paragraph (c), to continue as an authorizer under this section. For purposes of this paragraph, an authorizer that fails to submit a timely application is ineligible to charter a school.

(g) The commissioner shall review an authorizer's performance every five years in a manner and form determined by the commissioner and may review an authorizer's performance more frequently at the commissioner's own initiative or at the request of a charter school operator, charter school board member, or other interested party. The commissioner, after completing the review, shall transmit a report with findings to the authorizer. If, consistent with this section, the commissioner finds that an authorizer has not fulfilled the requirements of this section, the commissioner may subject the authorizer to corrective action, which may include terminating the contract with the charter school board of directors of a school it chartered. The commissioner must notify the authorizer in writing of any findings that may subject the authorizer to corrective action and the authorizer then has 15 business days to request an informal hearing before the commissioner takes corrective action.
(h) The commissioner may at any time take corrective action against an authorizer, including terminating an authorizer's ability to charter a school for:

(1) failing to demonstrate the criteria under paragraph (c) under which the commissioner approved the authorizer;

(2) violating a term of the chartering contract between the authorizer and the charter school board of directors; or

(3) unsatisfactory performance as an approved authorizer.

The authorizer may or may not renew a contract at the end of the term for any ground listed in paragraph (b). An authorizer may unilaterally terminate a contract during the term of the contract for any ground listed in paragraph (b). At least 60 days before not renewing or terminating a contract, the authorizer shall notify the board of directors of the charter school of the proposed action in writing. The notice shall state the grounds for the proposed action in reasonable detail and that the charter school's board of directors may request in writing an informal hearing before the authorizer within 15 business days of receiving notice of nonrenewal or termination of the contract. Failure by the board of directors to make a written request for a hearing within the 15-business-day period shall be treated as acquiescence to the proposed action. Upon receiving a timely written request for a hearing, the authorizer shall give ten business days' notice to the charter school's board of directors of the hearing date. The authorizer shall conduct an informal hearing before taking final action. The authorizer shall take final action to renew or not renew a contract no later than 20 business days before the proposed date for terminating the contract or the end date of the contract.

Both parties must jointly submit their intent in writing to the commissioner to mutually terminate the contract. The sponsor authorizer that is a party to the existing contract at least must inform the approved different eligible sponsor authorizer about the fiscal and operational status and student performance of the school. Before the commissioner determines whether to approve a transfer of authorizer, the commissioner first must determine whether the charter school and prospective new authorizer can identify and effectively resolve those circumstances causing the previous authorizer and the charter school to mutually agree to terminate the contract. If no transfer of sponsor authorizer is approved, the school must be dissolved according to applicable law and the terms of the contract.

(d) The commissioner, after providing reasonable notice to the board of directors of a charter school and the existing authorizer, and after providing an opportunity for a public hearing, may terminate the existing contract between the authorizer and the charter school board if the charter school has a history of:

To prevent undue hardship, the commissioner may allow the district to certify the levy over a five-year period. The proceeds of the levy may be used only for this purpose unless they are in excess of the amount actually due, in which case the excess shall be used to repay other state payments made under this section or shall be deposited in the debt redemption fund of the district. This levy shall be an increase in the levy limits of the school district for purposes of section 275.065, subdivision 6. If the commissioner orders the district to levy, the amount of aids reduced to repay the state shall be decreased by the amount levied. This levy by the district is not eligible for debt service equalization under section 123B.53 or any successor provision. A levy under this subdivision must be explained as a specific increase at the meeting required under section 275.065, subdivision 6.
(c) For an intermediate district, a levy made by a member district under paragraph (a) or (b) to pay its pro rata share must be spread by the commissioner as a tax rate based on the total adjusted net tax capacity of the member school districts. The proceeds of the levy must be remitted by the member school district to the intermediate school district and must be used by the intermediate district only to repay the state amounts owed. Any amount in excess of the amount owed to the state must be repaid to the member school districts and the commissioner shall adjust each member district's property tax levy in the next year.

(e) When a child is age 17 or older, during the 90-day period immediately prior to the date the child is expected to be discharged from foster care, the responsible social services agency is required to provide the child with assistance and support in developing a transition plan that is personalized at the direction of the child. The transition plan must be as detailed as the child may elect and include specific options on housing, health insurance, education, local opportunities for mentors and continuing support services, and work force supports and employment services. (3) that a parent has been ordered to contribute to the support of the child or financially aid in the child's birth and has continuously failed to do so without good cause. This clause shall not be construed to state a grounds for termination of parental rights of a noncustodial parent if that parent has not been ordered to or cannot financially contribute to the support of the child or aid in the child's birth;

(4) that a parent is palpably unfit to be a party to the parent and child relationship because of a consistent pattern of specific conduct before the child or of specific conditions directly relating to the parent and child relationship either of which are determined by the court to be of a duration or nature that renders the parent unable, for the reasonably foreseeable future, to care appropriately for the ongoing physical, mental, or emotional needs of the child. It is presumed that a parent is palpably unfit to be a party to the parent and child relationship upon a showing that the parent's parental rights to one or more other children were involuntarily terminated or that the parent's custodial rights to another child have been involuntarily transferred to a relative under section 260C.201, subdivision 11, paragraph (e), clause (1), or a similar law of another jurisdiction;

(5) that following the child's placement out of the home, reasonable efforts, under the direction of the court, have failed to correct the conditions leading to the child's placement. It is presumed that reasonable efforts under this clause have failed upon a showing that:

(i) a child has resided out of the parental home under court order for a cumulative period of 12 months within the preceding 22 months. In the case of a child under age eight at the time the petition was filed alleging the child to be in need of protection or services, the presumption arises when the child has resided out of the parental home under court order for six months unless the parent has maintained regular contact with the child and the parent is complying with the out-of-home placement plan;

(ii) the court has approved the out-of-home placement plan required under section 260C.212 and filed with the court under section 260C.178;

(iii) conditions leading to the out-of-home placement have not been corrected. It is presumed that conditions leading to a child's out-of-home placement have not been corrected upon a showing that the parent or parents have not substantially complied with the court's orders and a reasonable case plan; and

(iv) reasonable efforts have been made by the social services agency to rehabilitate the parent and reunite the family.

This clause does not prohibit the termination of parental rights prior to one year, or in the case of a child under age eight, prior to six months after a child has been placed out of the home.

It is also presumed that reasonable efforts have failed under this clause upon a showing that:

(A) the parent has been diagnosed as chemically dependent by a professional certified to make the diagnosis;

(B) the parent has been required by a case plan to participate in a chemical dependency treatment program;
(C) the treatment programs offered to the parent were culturally, linguistically, and clinically appropriate;

(D) the parent has either failed two or more times to successfully complete a treatment program or has refused at two or more separate meetings with a caseworker to participate in a treatment program; and

(E) the parent continues to abuse chemicals.

(6) that a child has experienced egregious harm in the parent's care which is of a nature, duration, or chronicity that indicates a lack of regard for the child's well-being, such that a reasonable person would believe it contrary to the best interest of the child or of any child to be in the parent's care;

(7) that in the case of a child born to a mother who was not married to the child's father when the child was conceived nor when the child was born the person is not entitled to notice of an adoption hearing under section 259.49 and the person has not registered with the fathers' adoption registry under section 259.52;

(8) that the child is neglected and in foster care; or

(9) that the parent has been convicted of a crime listed in section 260.012, paragraph (b) (g), clauses (1) to (3).

In an action involving an American Indian child, sections 260.751 to 260.835 and the Indian Child Welfare Act, United States Code, title 25, sections 1901 to 1923, control to the extent that the provisions of this section are inconsistent with those laws.

(2) the debtor rejected the settlement offer; or

(3) within the period contemplated in the debt settlement services agreement, the debtor entered into a settlement agreement with the same creditor or creditors for an amount equal to or lower than the settlement offer obtained by the provider.

Sec. 71. Minnesota Statutes 2009 Supplement, section 332B.09, subdivision 3, is amended to read:

Subd. 3. Fees as a percentage of savings. (a) The total amount of the fees claimed, demanded, charged, collected, or received under this subdivision shall be calculated as 30 percent of the savings actually negotiated by the debt settlement services provider. The savings shall be calculated as the difference between the aggregate debt that is stated in the debt settlement services agreement at the time of its execution and total amount that the debtor actually pays to settle all the debts stated in the debt settlement services agreement, provided that only savings resulting from concessions actually negotiated by the debt settlement services provider may be counted. A debt settlement services provider that calculates fees as a percentage of debt savings may:

(1) charge an origination fee, which may be designated by the debt settlement services provider as nonrefundable, of:

(i) $300 on aggregate debt of less than $20,000; or

(ii) $500 on aggregate debt of $20,000 or more;

(2) charge a monthly fee of:

(i) no greater than $65 on aggregate debt of less than $40,000; and

(ii) no greater than $75 on aggregate debt of $40,000 or more; and

(3) charge a settlement fee for the remainder of the allowable fees, which may be demanded and collected no earlier than upon delivery to the debt settlement services provider by a creditor of a bona fide, final written settlement offer consistent with the terms of the debt settlement services agreement. A settlement fee may be assessed for each debt settled, but the sum total of the origination fee, the monthly fee, and the settlement fee may not exceed 30 percent of the savings, as calculated under paragraph (a).
(b) The collection of monthly fees shall cease under this subdivision when the total of monthly fees and the origination fee equals 50 percent of the total fees allowable under this subdivision. For the purposes of this subdivision, 50 percent of the total fees allowable shall assume a settlement of 50 cents on the dollar.

(c) In no event may more than 50 percent of the total amount of fees allowable be claimed, demanded, charged, collected, or received by a debt settlement services provider any earlier than upon delivery to the debt settlement services provider by a creditor of a bona fide, final written settlement offer consistent with the terms of the debt settlement services agreement.

Sec. 72. Minnesota Statutes 2008, section 374.02, is amended to read:

374.02 EXPENSE DIVIDED.

The county and city shall share equally in the cost of acquiring land for constructing, equipping, and furnishing the building. The building shall not be constructed or contracted to be constructed, no land shall be acquired, and no bonds shall be issued or sold by the county, as provided in section 374.03, until the city has been authorized to issue bonds to pay its share of the cost and the ordinances providing for the bond issue have been ratified by the vote of the electors of the city in the manner provided in the city charter or by law.

Sec. 73. Minnesota Statutes 2009 Supplement, section 424A.02, subdivision 10, is amended to read:

Subd. 10. Local approval of bylaw amendments; filing requirements. (a) Each defined benefit relief association to which this section applies must file a revised copy of its governing bylaws with the state auditor upon the adoption of any amendment to its governing bylaws by the relief association or upon the approval of any amendment to its governing bylaws granted by the governing body of each municipality served by the fire department to which the relief association is directly associated. Failure of the relief association to file a copy of the bylaws or any bylaw amendments with the state auditor disqualifies the municipality from the distribution of any future fire state aid until this filing requirement has been completed.

(b) If the special fund of the relief association does not have a surplus over full funding under section 69.772, subdivision 3, clause (2), subclause (e) paragraph (c), clause (5), or 69.773, subdivision 4, and if the municipality is required to provide financial support to the special fund of the relief association under section 69.772 or 69.773, no bylaw amendment which would affect the amount of, the manner of payment of, or the conditions for qualification for service pensions or ancillary benefits or disbursements other than administrative expenses authorized under section 69.80 payable from the special fund of the relief association is effective until it has been ratified by the governing body or bodies of the appropriate municipalities. If the municipality is not required to provide financial support to the special fund under this section, the relief association may adopt or amend without municipal ratification its articles of incorporation or bylaws which increase or otherwise affect the service pensions or ancillary benefits payable from the special fund so long as the changes do not cause the amount of the resulting increase in the accrued liability of the special fund to exceed 90 percent of the amount of the surplus over full funding reported in the prior year and the changes do not result in the financial requirements of the special fund exceeding the expected amount of the subsequent calendar year's fire state aid to be received by the relief association.

(c) If the relief association pays only a lump-sum pension, the financial requirements are to be determined by the board of trustees following the preparation of an estimate of the expected increase in the accrued liability and annual accruing liability of the relief association attributable to the change. If the relief association pays a monthly benefit service pension, the financial requirements are to be determined by the board of trustees following either an updated actuarial valuation including the proposed change or an estimate of the expected actuarial impact of the proposed change prepared by the actuary of the relief association. If a relief association adopts or amends its articles of incorporation or bylaws without municipal ratification under this subdivision and, subsequent to the amendment or adoption, the financial requirements of the special fund under this section are such so as to require financial support
from the municipality, the provision which was implemented without municipal ratification is no longer effective without municipal ratification, and any service pensions or ancillary benefits payable after that date must be paid only in accordance with the articles of incorporation or bylaws as amended or adopted with municipal ratification.

Sec. 74. Minnesota Statutes 2008, section 469.154, subdivision 3, is amended to read:

Subd. 3. Conditions; approval. No municipality or redevelopment agency shall undertake any project authorized by sections 469.152 to 469.165, except a project referred to in section 469.153, subdivision 2, paragraph (g) or (j), unless its governing body finds that the project furthers the purposes stated in section 469.152, nor until the commissioner has approved the project, on the basis of preliminary information the commissioner requires, as tending to further the purposes and policies of sections 469.152 to 469.165. All projects relating to health care facilities except as permitted under subdivision 6. Approval shall not be deemed to be an approval by the commissioner or the state of the feasibility of the project or the terms of the revenue agreement to be executed or the bonds to be issued therefor, and the commissioner shall state this in communicating approval.

Sec. 75. Minnesota Statutes 2008, section 473.599, subdivision 8, is amended to read:

Subd. 8. Reimbursement to state. The commission shall compensate the state for its contribution from the general fund under Minnesota Statutes 2008, section 240A.08, plus accrued interest, after payment of basketball and hockey arena debt service, the necessary and appropriate funding of debt reserve of the basketball and hockey arena and all expenses of operation, administration, and maintenance and the funding of a capital reserve for the repair, remodeling and renovation of the basketball and hockey arena. Compensation paid to the state shall occur at the same time that compensation is paid to the city of Minneapolis, as provided in paragraph (n) of subdivision 4, on a basis proportionate to the amount of forbearance of the entertainment tax or surcharge as provided in paragraph (n) to that date, and the amount of general fund appropriations paid by the state under Minnesota Statutes 2008, section 240A.08, to that date. No reimbursement will be paid under this subdivision after (1) the aggregate amount of the appropriations granted under Minnesota Statutes 2008, section 240A.08, to that time, plus accrued interest, has been reimbursed under this subdivision, or (2) December 31, 2024, whichever is earlier.

Sec. 76. Minnesota Statutes 2008, section 490.133, is amended to read:

490.133 RETIREMENT; TRANSITION PROVISIONS; TRANSFER TO COURT OF APPEALS.

(a) If a judge to whom or to whose survivors benefits would be payable under Minnesota Statutes 2004, sections 490.101 to 490.12, is elected or appointed to the Court of Appeals, that judge and the judge's survivors continue to be eligible for benefits under those sections and not under sections 490.121 to 490.132.

(b) In the case of a judge to whom paragraph (a) applies, the service of the judge in the Court of Appeals must be added to the prior service as district judge, probate judge, or judge of any other court of record in determining eligibility and the compensation of a judge of the Court of Appeals at the time of the judge's death, disability, or retirement is the "compensation allotted to the office" for the purposes of calculating benefit amounts.

(c) All other judges of the Court of Appeals and their survivors are subject to the retirement and survivor's annuity provisions of this chapter.

Sec. 77. Minnesota Statutes 2008, section 507.071, subdivision 16, is amended to read:

Subd. 16. Disclaimer by beneficiary. A grantee beneficiary's interest under a transfer on death deed may be disclaimed as provided in section 504B.86, sections 524.2-1101 to 524.2-1116, or as otherwise provided by law.
Sec. 78. Minnesota Statutes 2008, section 515B.1-102, is amended to read:

Any amendment recorded on or after June 1, 1994, shall be adopted in conformity with the procedures and requirements specified by those instruments and by this chapter. If the amendment grants to any person any rights, powers or privileges permitted by this chapter, all correlative obligations, liabilities and restrictions contained in this chapter shall also apply to that person.

(d) Any condominium created under chapter 515, any planned community or cooperative which would be exempt from this chapter under subsection (e), or any planned community or cooperative created prior to June 1, 1994, may elect to be subject to this chapter, as follows:

(2) In a condominium, the preexisting condominium plat shall be the CIC plat and an amended CIC plat shall be required only if the amended declaration or bylaws contain provisions inconsistent with the preexisting condominium plat. The condominium’s CIC number shall be the apartment ownership number or condominium number originally assigned to it by the recording officer. In a cooperative in which the unit owners’ interests are characterized as real estate, a CIC plat shall be required. In a planned community, the preexisting plat recorded pursuant to chapter 505, 508, or 508A, or the part of the plat upon which the common interest community is located, shall be the CIC plat.
