$100,000 the first year and $100,000 the second year are for plant pest surveys.

$50,000 in the first year is for additional duties under the noxious weed law changes in this article. This is a onetime appropriation.

Subd. 3. **Agricultural Marketing and Development**

$186,000 the first year and $186,000 the second year are for transfer to the Minnesota grown account and may be used as grants for Minnesota grown promotion under Minnesota Statutes, section 17.102. Grants may be made for one year. Notwithstanding Minnesota Statutes, section 16A.28, the appropriations encumbered under contract on or before June 30, 2011, for Minnesota grown grants in this paragraph are available until June 30, 2013. $50,000 of the appropriation in each year is for efforts that identify and promote Minnesota grown products in retail food establishments including but not limited to restaurants, grocery stores, and convenience stores.

$100,000 the first year and $100,000 the second year are for grants to farmers for demonstration projects involving sustainable agriculture as authorized in Minnesota Statutes, section 17.116. Of the amount for grants, up to $20,000 may be used for dissemination of information about the demonstration projects. Notwithstanding Minnesota Statutes, section 16A.28, the appropriations encumbered under contract on or before June 30, 2011, for sustainable agriculture grants in this paragraph are available until June 30, 2013.

$103,000 the first year and $103,000 the second year are to provide training and technical assistance to county and town officials relating to livestock siting issues and local zoning and land use planning, including maintenance of the checklist template clarifying the federal, state, and local government requirements for consideration of an animal agriculture modernization or expansion project. For the training and technical assistance program, the commissioner shall continue to seek guidance, advice, and support of livestock producer organizations, general agricultural organizations, local government associations, academic institutions, other government agencies, and others with expertise in land use and agriculture.

$77,000 the first year and $77,000 the second year are for integrated pest management activities.
$10,000 the first year and $10,000 the second year are for annual
cost-share payments to resident farmers or persons who sell,
process, or package agricultural products in this state for the costs
of organic certification. Annual cost-share payments per farmer
must be two-thirds of the cost of the certification or $350,
whichever is less. In any year that a resident farmer or person who
sells, processes, or packages agricultural products in this state
receives a federal organic certification cost-share payment, that
resident farmer or person is not eligible for state cost-share
payments. A certified farmer is eligible to receive annual
certification cost-share payments for up to five years. The
commissioner may allocate any excess appropriation in either
fiscal year for organic market and program development including
organic producer education efforts, assistance for persons
transitioning from conventional to organic agriculture, or
sustainable agriculture demonstration grants authorized under
Minnesota Statutes, section 17.116, and pertaining to organic
research or demonstration. Any unencumbered balance does not
cancel at the end of the first year and is available for the
second year.

Subd. 4. Bioenergy and Value-Added Agriculture

$12,168,000 each year is for ethanol producer payments under
Minnesota Statutes, section 41A.09. The annual reduction of
$3,000,000 is a onetime reduction. If the total amount for which
all producers are eligible in a quarter exceeds the amount available
for payments, the commissioner shall make payments on a pro rata
basis. If the appropriation exceeds the total amount for which all
producers are eligible in a fiscal year for scheduled payments and
for deficiencies in payments during previous fiscal years, the
balance in the appropriation is available to the commissioner for
value-added agricultural programs, including the value-added
agricultural product processing and marketing grant program under
Minnesota Statutes, section 17.101, subdivision 5. The
appropriation remains available until spent.

If local weed inspectors neglect or fail to do their duty as prescribed in this section, the county agricultural inspector shall or county-designated employee, in consultation with the commissioner, may issue a notice to the inspector providing instructions on how and when to do their duty. If, after the time allowed in the notice, the local weed inspector has not complied as directed, the county agricultural inspector or county-designated employee may consult with the commissioner to perform the duty for the local weed inspector. A claim for the expense of doing the local weed inspector's duty is a legal charge against the municipality in which the inspector has jurisdiction. The county agricultural inspector doing or county-designated employee overseeing the work may file an itemized statement of costs with the clerk of the municipality in which the work was performed. The municipality shall immediately issue proper warrants to the county for the work performed. If the municipality fails to issue the warrants, the county auditor may include the amount contained in the itemized statement of costs as part of the next annual tax levy in the municipality and withhold that amount from the municipality in making its next apportionment.

Sec. 32. Minnesota Statutes 2008, section 18.82, subdivision 1, is amended to read:

Subdivision 1. Permits. Except as provided in section 21.74, if a person wants to transport along a public highway materials or equipment containing the propagating parts of weeds designated as noxious by the commissioner, the person must secure a written permit for transportation of the material or equipment from a local weed inspector or county agricultural inspector or county-designated employee. Inspectors or county-designated employees may issue permits to persons residing or operating within their jurisdiction. If the noxious weed propagating parts are removed from materials and equipment or devitalized before being transported, a permit is not needed.

Sec. 33. Minnesota Statutes 2008, section 18.82, subdivision 3, is amended to read:

Subd. 3. Duration of permit; revocation. A permit under subdivision 1 is valid for up to one year after the date it is issued unless otherwise specified by the weed inspector or county-designated employee issuing the permit. The permit may be revoked if a county agricultural inspector or local weed inspector or county-designated employee determines that the applicant has not complied with this section.
Sec. 34. Minnesota Statutes 2008, section 18.83, is amended to read:

18.83 CONTROL; ERADICATION; NOTICES; EXPENSES.

Subdivision 1. General weed notice. A general notice for noxious weed control or eradication must be published on or before May 15 of each year and at other times the commissioner directs. Failure of the county agricultural weed inspector or county-designated employee to publish the general notice does not relieve a person from the necessity of full compliance with sections 18.76 to 18.88 and related rules. The published notice is legal and sufficient notice when an individual notice cannot be served.

Subd. 2. Individual notice. An inspector or county-designated employee may find it necessary to secure more prompt or definite control or eradication of noxious weeds than is accomplished by the published general notice. In these special or individual instances, involving one or a limited number of persons, the weed inspector or county-designated employee having jurisdiction shall serve individual notices in writing upon the person who owns the land and the person who occupies the land, or the person responsible for or charged with the maintenance of public land, giving specific instructions on when and how named noxious weeds are to be controlled or eradicated. Individual notices provided for in this section must be served in the same manner as a summons in a civil action in the district court or by certified mail. Service on a person living temporarily or permanently outside of the weed inspector's or county-designated employee's jurisdiction may be made by sending the notice by certified mail to the last known address of the person, to be ascertained, if necessary, from the last tax list in the county treasurer's office.

Subd. 3. Appeal of individual notice; appeal committee. (1) A recipient of an individual notice may appeal, in writing, the order for control or eradication of noxious weeds. This appeal must be filed with a member of the appeal committee in the county where the land is located within two working days of the time the notice is received. The committee must inspect the land specified in the notice and report back to the recipient and the inspector or county-designated employee who issued the notice within five working days, either agreeing, disagreeing, or revising the order. The decision may be appealed in district court. If the committee agrees or revises the order, the control or eradication specified in the order, as approved or revised by the committee, may be carried out.

(2) The county board of commissioners shall appoint members of the appeal committee. The membership must include a county commissioner or municipal official and a landowner residing in the county. The expenses of the members may be reimbursed by the county upon submission of an itemized statement to the county auditor. At its option, the county board of commissioners, by resolution, may delegate the duties of the appeal committee to its board of adjustment established pursuant to section 394.27. When carrying out the duties of the appeal committee, the zoning board of adjustment shall comply with all of the procedural requirements of this section.

Subd. 4. Control or eradication by inspector or county-designated employee. If a person does not comply with an individual notice served on the person or an individual notice cannot be served, the weed inspector or county-designated employee having jurisdiction shall have the noxious weeds controlled or eradicated within the time and in the manner the weed inspector or county-designated employee designates.

Subd. 5. Control or eradication by inspector or county-designated employee in growing crop. An inspector or county-designated employee may consider it necessary to control or eradicate noxious weeds along with all or a part of a growing crop to prevent the maturation and spread of noxious weeds within the inspector's or county-designated employee's jurisdiction. If this situation exists, the weed inspector or county-designated employee may have the noxious weeds controlled or eradicated together with the crop after the appeal committee has reviewed the matter as outlined in subdivision 3 and reported back agreement with the order.

Subd. 6. Authorization for person hired to enter upon land. The weed inspector or county-designated employee may hire a person to control or eradicate noxious weeds if the person who owns the land, the person who occupies the land, or the person responsible for the maintenance of public land has failed to comply with an individual notice or with the published general notice when an individual notice cannot be served. The person hired must have authorization, in writing, from the weed inspector or county-designated employee to enter upon the land.
Subd. 7. **Expenses; reimbursements.** A claim for the expense of controlling or eradicating noxious weeds, which may include the costs of serving notices, is a legal charge against the county in which the land is located. The officers having the work done must file with the county auditor a verified and itemized statement of cost for all services rendered on each separate tract or lot of land. The county auditor shall immediately issue proper warrants to the persons named on the statement as having rendered services. To reimburse the county for its expenditure in this regard, the county auditor shall certify the total amount due and, unless an appeal is made in accordance with section 18.84, enter it on the tax roll as a tax upon the land and it must be collected as other real estate taxes are collected.

If public land is involved, the amount due must be paid from funds provided for maintenance of the land or from the general revenue or operating fund of the agency responsible for the land. Each claim for control or eradication of noxious weeds on public lands must first be approved by the commissioner of agriculture.

Sec. 35. Minnesota Statutes 2008, section 18.84, subdivision 1, is amended to read:

Subdivision 1. **Counties and municipalities.** Counties and municipalities are not liable for damages from the noxious weed control program for actions conducted in accordance with sections 18.76 to 18.88 or 18.91.

Sec. 36. Minnesota Statutes 2008, section 18.84, subdivision 2, is amended to read:

Subd. 2. **Appeal of charges to county board.** A person who is ordered to control noxious weeds under sections 18.76 to 18.88 or 18.91 and is charged for noxious weed control may appeal the cost of noxious weed control to the county board of the county where the noxious weed control measures were undertaken within 30 days after being charged. The county board shall determine the amount and approve the charge and filing of a lien against the property if it determines that the owner, or occupant if other than the owner, responsible for controlling noxious weeds did not comply with the order of the inspector or county-designated employee.

Sec. 37. Minnesota Statutes 2008, section 18.84, subdivision 3, is amended to read:

Subd. 3. **Court Appeal of costs to district court; petition.** (a) A landowner who has appealed person who is ordered to control noxious weeds under sections 18.76 to 18.88 or 18.91 may petition for judicial review of the charges. The petition must be filed within 30 days after the conclusion of the hearing before the county board being charged. The petition must be filed with the court administrator in the county in which the land where the noxious weed control measures were undertaken is located, together with proof of service of a copy of the petition on the county auditor. No responsive pleadings may be required of the county, and no court fees may be charged for the appearance of the county in this matter.

(b) The petition must be captioned in the name of the person making the petition as petitioner and respective county as respondents. The petition must include the petitioner's name, the legal description of the land involved, a copy of the notice to control noxious weeds, and the date or dates on which appealed control measures were undertaken.

(c) The petition must state with specificity the grounds upon which the petitioner seeks to avoid the imposition of a lien for the cost of noxious weed control measures.

Sec. 38. Minnesota Statutes 2008, section 18.86, is amended to read:

18.86 UNLAWFUL ACTS.

No person may:

(1) hinder or obstruct in any way the county agricultural inspectors or local weed inspectors an inspector or county-designated employee in the performance of their duties as provided in under sections 18.76 to 18.88 or 18.91 or related rules;
(2) neglect, fail, or refuse to comply with section 18.82 or related rules in the transportation and use of material or equipment infested with noxious weed propagating parts;

(3) sell material containing noxious weed propagating parts to a person who does not have a permit to transport that material or to a person who does not have a screenings permit issued in accordance with section 21.74; or

(4) neglect, fail, or refuse to comply with a general notice or an individual notice to control or eradicate noxious weeds.

Sec. 39. Minnesota Statutes 2008, section 18.87, is amended to read:

18.87 PENALTY.

A violation of section 18.86 or a rule adopted under that section is a misdemeanor. County agricultural inspectors, local weed inspectors, county-designated employees, or their appointed assistants are not subject to the penalties of this section for failure, neglect, or refusal to perform duties imposed on them by sections 18.76 to 18.91.

Sec. 40. Minnesota Statutes 2008, section 18.88, is amended to read:

18.88 NOXIOUS WEED PROGRAM FUNDING.

Subdivision 1. **County.** The county board shall pay, from the general revenue or other fund for the county, the expenses for the county agricultural inspector position or county-designated employee, for noxious weed control or eradication on all land owned by the county or on land that for which the county is responsible for the maintenance or for the expenses of the appeal committee, and for necessary expenses as required for quarantines within the county. Use of funding from grants and other sources for the administration and enforcement of the Minnesota Noxious Weed Law must be approved by the county board.

Subd. 2. **Municipality.** The municipality shall pay, from the general revenue or other fund for the municipality, the necessary expenses of the local weed inspector in the performance of duties required for quarantines within the municipality, and for noxious weed control or eradication on land owned by the municipality or on land for which the municipality is responsible for its maintenance. Use of funding from grants and other sources for the administration and enforcement of the Minnesota Noxious Weed Law must be approved by the town board or city mayor.

Subd. 3. **Funding.** Funding in the form of grants or cost sharing may be provided to the counties for the performance of their activities under section 18.81, subdivisions 1a and 1b.

Sec. 41. **[18.89] NOXIOUS WEED AND INVASIVE PLANT SPECIES ASSISTANCE ACCOUNT.**

The noxious weed and invasive plant species assistance account is created in the agricultural fund. The account may be used to carry out the purposes of section 18.90. Any money transferred or appropriated to the account and any money received by the account as gifts or grants or other private or public funds obtained for the purposes in section 18.91 must be credited to the account. The money in the account is annually appropriated to the commissioner to implement section 18.90.

Sec. 42. **[18.90] GRANT PROGRAM.**

(a) From funds available in the noxious weed and invasive plant species assistance account established in section 18.89, the commissioner shall administer a grant program to assist counties and municipalities and other weed management entities in the cost of implementing and maintaining noxious weed control programs and in addressing
special weed control problems. The commissioner shall receive applications by counties, municipalities, weed
management areas, and weed management entities for assistance under this section and, in consultation with the
Noxious Weed Advisory Committee, award grants for any of the following eligible purposes:

(1) to conduct applied research to solve locally significant weed management problems;

(2) to demonstrate innovative control methods or land management practices which have the potential to reduce
landowner costs to control noxious weeds or improve the effectiveness of noxious weed control;

(3) to encourage the ongoing support of weed management areas;

(4) to respond to introductions or infestations of invasive plants that threaten or potentially threaten the
productivity of cropland and rangeland over a wide area;

(5) to respond to introductions or infestations of invasive plant species that threaten or potentially threaten the
productivity of biodiversity of wildlife and fishery habitats on public and private lands;

(6) to respond to special weed control problems involving weeds not included in the list of noxious weeds
published and distributed by the commissioner;

(7) to conduct monitoring or surveillance activities to detect, map, or determine the distribution of invasive plant
species and to determine susceptible locations for the introduction or spread of invasive plant species; and

(8) to conduct educational activities.

(b) The commissioner shall select and prioritize applications for assistance under this section based on the
following considerations:

(1) the seriousness of the noxious weed or invasive plant problem or potential problem addressed by the project;

(2) the ability of the project to provide timely intervention to save current and future costs of control and
eradication;

(3) the likelihood that the project will prevent or resolve the problem or increase knowledge about resolving
similar problems in the future;

(4) the extent to which the project will leverage federal funds and other nonstate funds;

(5) the extent to which the applicant has made progress in addressing noxious weed or invasive plant problems;

(6) the extent to which the project will provide a comprehensive approach to the control or eradication of
noxious weeds;

(7) the extent to which the project will reduce the total population or area of infestation of a noxious weed;

(8) the extent to which the project uses the principles of integrated vegetation management and sound
science; and

(9) other factors that the commissioner determines to be relevant.

(c) Nothing in this section may be construed to relieve a person of the duty or responsibility to control the spread
of noxious weeds on lands owned and controlled by the person.
Sec. 43. [18.91] ADVISORY COMMITTEE; MEMBERSHIP.

Subdivision 1. **Duties.** The commissioner shall consult with the Noxious Weed Advisory Committee to advise the commissioner concerning responsibilities under the noxious weed control program. The committee shall also evaluate species for invasiveness, difficulty of control, cost of control, benefits, and amount of injury caused by them. For each species evaluated, the committee shall recommend to the commissioner on which noxious weed list or lists, if any, the species should be placed. Species currently designated as prohibited or restricted noxious weeds must be reevaluated every three years for a recommendation on whether or not they need to remain on the noxious weed lists. Members of the committee are not entitled to reimbursement of expenses nor payment of per diem. Members shall serve two-year terms with subsequent reappointment by the commissioner.

Subd. 2. **Membership.** The commissioner shall appoint members, which shall include representatives from the following:

Sec. 48. Minnesota Statutes 2008, section 18B.065, subdivision 1, is amended to read:

Subdivision 1. **Collection and disposal.** The commissioner of agriculture shall establish and operate a program to collect and dispose of waste pesticides. The program must be made available to agricultural and residential nonagricultural pesticide end users whose waste generating activity occurs in this state. Waste pesticide generated in another state is not eligible for collection under this section.

Sec. 49. Minnesota Statutes 2008, section 18B.065, subdivision 2, is amended to read:

Subd. 2. **Implementation.** (a) The commissioner may obtain a United States Environmental Protection Agency hazardous waste identification number to manage the waste pesticides collected.

(b) The commissioner may not limit the type and quantity of waste pesticides accepted for collection and may not assess pesticide end users for portions of the costs incurred.

Sec. 50. Minnesota Statutes 2008, section 18B.065, subdivision 2a, is amended to read:

Subd. 2a. **Disposal site requirement.** (a) For agricultural waste pesticides, the commissioner must designate a place in each county of the state that is available at least every other year for persons to dispose of unused portions of agricultural pesticides. The commissioner shall consult with the person responsible for solid waste management and disposal in each county to determine an appropriate location and to advertise each collection event. The commissioner may provide a collection opportunity in a county more frequently if the commissioner determines that a collection is warranted.

(b) For residential nonagricultural waste pesticides, the commissioner must provide periodic disposal opportunities each year in each county.
(c) As provided under subdivision 7, the commissioner may enter into cooperative agreements with county or regional solid waste management entities, local units of government to provide these collections required under paragraph (a) or (b) and shall provide these entities a local unit of government, as part of the cooperative agreement, with funding for reasonable costs incurred including, but not limited to, related supplies, transportation, advertising, and disposal costs as well as reasonable overhead costs.

(d) A person who collects waste pesticide under paragraph (a) or (b) this section shall, on a form provided or in a method approved by the commissioner, record information on each waste pesticide product collected including, but not limited to, the product name, and its active ingredient or ingredients, quantity, and or the United States Environmental Protection Agency registration number, on a form provided by the commissioner. The person must submit this information to the commissioner at least annually by January 30.

(b) No later than March 15 each year, the commissioner must report the following to the legislative committees with jurisdiction over agriculture finance:

(1) each instance of a refusal to collect waste pesticide or the assessment of a fee to a pesticide end user as authorized in subdivision 2, paragraph (b); and

(2) waste pesticide collection information including a discussion of the type and quantity of waste pesticide collected by the commissioner and any entity collecting waste pesticide under subdivision 7 during the previous calendar year, a summary of waste pesticide collection trends, and any corresponding program recommendations.

(b) The commissioner, according to the terms of a cooperative agreement between the commissioner and a local unit of government, may establish limits for unusual types or excessive quantities of waste pesticide offered by pesticide end users to the local unit of government.

Sec. 53. Minnesota Statutes 2008, section 18B.065, is amended by adding a subdivision to read:

Subd. 8. Waste pesticide program surcharge. The commissioner shall annually collect a waste pesticide program surcharge of $50 on each pesticide product registered in the state as part of a pesticide product registration application under section 18B.26, subdivision 3.

Sec. 54. Minnesota Statutes 2008, section 18B.065, is amended by adding a subdivision to read:

Subd. 9. Waste pesticide cooperative agreement account. (a) A waste pesticide cooperative agreement account is created in the agricultural fund. Notwithstanding section 18B.05, the proceeds of surcharges imposed under subdivision 8 must be deposited in the agricultural fund and credited to the waste pesticide cooperative agreement account.
(b) Money in the waste pesticide cooperative agreement account, including interest, is appropriated to the commissioner and may only be used for costs incurred under a cooperative agreement pursuant to this section.

(c) Notwithstanding paragraph (b), if the amount available in the waste pesticide cooperative agreement account in any fiscal year exceeds the amount obligated to local units of government under subdivision 7, the excess is appropriated to the commissioner to perform waste pesticide collections under this section.

Sec. 55. Minnesota Statutes 2008, section 18B.26, subdivision 1, is amended to read:

Subdivision 1. **Requirement.** (a) Except as provided in paragraphs (b) to (d), a person may not use or distribute a pesticide in this state unless it is registered with the commissioner. Pesticide registrations expire on December 31 of each year and may be renewed on or before that date for the following calendar year.

(b) Registration is not required if a pesticide is shipped from one plant or warehouse to another plant or warehouse operated by the same person and used solely at the plant or warehouse as an ingredient in the formulation of a pesticide that is registered under this chapter.

(c) An unregistered pesticide that was previously registered with the commissioner may be used for a period of two years following the cancellation of the registration of the pesticide, unless the commissioner determines that the continued use of the pesticide would cause unreasonable adverse effects on the environment, or with the written permission of the commissioner. To use the unregistered pesticide at any time after the two-year period, the pesticide end user must demonstrate to the satisfaction of the commissioner, if requested, that the pesticide has been continuously registered under a different brand name or by a different manufacturer and has similar composition, or, the pesticide end user obtains the written permission of the commissioner.

(d) The commissioner may allow specific pesticide products that are not registered with the commissioner to be distributed in this state for use in another state.

(e) Each pesticide with a unique United States Environmental Protection Agency pesticide registration number or a unique brand name must be registered with the commissioner.

(f) It is unlawful for a person to distribute or use a pesticide in the state, or to sell into the state for use in the state, any pesticide product that has not been registered by the commissioner and for which the applicable pesticide registration application fee, gross sales fee, or waste pesticide program surcharge is not paid pursuant to subdivisions 3 and 4.

(g) Every person who sells for use in the state a pesticide product that has been registered by the commissioner shall pay to the commissioner the applicable registration application fees, sales fees, and waste pesticide program surcharges. These sales expressly include all sales made electronically, telephonically, or by any other means that result in a pesticide product being shipped to or used in the state. There is a rebuttable presumption that pesticide products that are sold or distributed in or into the state by any person are sold or distributed for use in the state.

Sec. 56. Minnesota Statutes 2008, section 18B.26, subdivision 3, is amended to read:

Subd. 3. **Registration application and gross sales fee.** (a) For an agricultural pesticide, a registrant shall pay an annual registration application fee for each agricultural pesticide to be registered, and this fee is set at 0.4 percent of annual gross sales within the state and annual gross sales of pesticides used in the state, with a minimum nonrefundable fee of $250 $350. The fee is due by December 31 preceding the year for which the application for registration is made. The fee is nonrefundable.

The registrant shall determine when and which pesticides are sold or used in this state. (b) For a nonagricultural pesticide, a registrant shall pay a minimum annual registration application fee for each nonagricultural pesticide of $350. The fee is due by December 31 preceding the year for which the application for registration is made. The fee is nonrefundable. The registrant of a nonagricultural pesticide shall pay, in addition to the $350 minimum fee, a fee
of 0.5 percent of annual gross sales of the nonagricultural pesticide in the state and the annual gross sales of the nonagricultural pesticide sold into the state for use in this state. The commissioner may not assess a fee under this paragraph if the amount due based on percent of annual gross sales is less than $10. The registrant shall secure sufficient sales information of nonagricultural pesticides distributed into this state from distributors and dealers, regardless of distributor location, to make a determination. Sales of nonagricultural pesticides in this state and sales of nonagricultural pesticides for use in this state by out-of-state distributors are not exempt and must be included in the registrant’s annual report, as required under paragraph (d), and fees shall be paid by the registrant based upon those reported sales. Sales of nonagricultural pesticides in the state for use outside of the state are exempt from the application fee in this paragraph if the registrant properly documents the sale location and distributors. A registrant paying more than the minimum fee shall pay the balance due by March 1 based on the gross sales of the nonagricultural pesticide by the registrant for the preceding calendar year. The fee for disinfectants and sanitizers shall be the minimum. The minimum fee is due by December 31 preceding the year for which the application for registration is made. In each fiscal year, the commissioner shall allocate from the pesticide regulatory account a sum sufficient to: (a) collect and dispose of waste pesticides under section 18B.065; however, notwithstanding section 18B.065, if the commissioner determines that the balance in the pesticide regulatory account at the end of the fiscal year will be less than $500,000, the commissioner may suspend waste pesticide collections or provide partial payment to a person for waste pesticide collection. The commissioner must notify as soon as possible and no later than August 1 a person under contract to collect waste pesticides of an anticipated suspension or payment reduction. A pesticide determined by the commissioner to be a sanitizer or disinfectant is exempt from the gross sales fee.

(c) For agricultural pesticides, a licensed agricultural pesticide dealer or licensed pesticide dealer shall pay a gross sales fee of 0.55 percent of annual gross sales of the agricultural pesticide in the state and the annual gross sales of the agricultural pesticide sold into the state for use in this state.

(d) In those cases where a registrant first sells an agricultural pesticide in or into the state to a pesticide end user, the registrant must first obtain an agricultural pesticide dealer license and is responsible for payment of the annual gross sales fee under paragraph (c), record keeping under paragraph (i), and all other requirements of section 18B.316.

(e) If the total annual revenue from fees collected in fiscal year 2011, 2012, or 2013, by the commissioner on the registration and sale of pesticides is less than $6,600,000, the commissioner, after a public hearing, may increase proportionally the pesticide sales and product registration fees under this chapter by the amount necessary to ensure this level of revenue is achieved. The authority under this section expires on June 30, 2014. The commissioner shall report any fee increases under this paragraph 60 days before the fee change is effective to the senate and house of representatives agriculture budget divisions.

(f) An additional fee of $100 of the registration application fee must be paid by the applicant for each pesticide to be registered if the application is a renewal application that is submitted after December 31.

(g) A registrant must annually report to the commissioner the amount and type and annual gross sales of each registered nonagricultural pesticide sold, offered for sale, or otherwise distributed in the state. The report shall be filed by March 1 for the previous year’s registration. The commissioner shall specify the form of the report or approve the method for submittal of the report and may require additional information deemed necessary to determine the amount and type of pesticides nonagricultural pesticide annually distributed in the state. The information required shall include the brand name, United States Environmental Protection Agency registration number and amount, and formulation of each nonagricultural pesticide sold, offered for sale, or otherwise distributed in the state, but the information collected, if made public, shall be reported in a manner which does not identify a specific brand name in the report.

(h) A licensed agricultural pesticide dealer or licensed pesticide dealer must annually report to the commissioner the amount, type, and annual gross sales of each registered agricultural pesticide sold, offered for sale, or otherwise distributed in the state or into the state for use in the state. The report must be filed by January 31 for the previous year’s sales. The commissioner shall specify the form, contents, and approved electronic method for submittal of the
and may require additional information deemed necessary to determine the amount and type of agricultural pesticide annually distributed within the state or into the state. The information required must include the brand name, United States Environmental Protection Agency registration number, and amount of each agricultural pesticide sold, offered for sale, or otherwise distributed in the state or into the state.

(i) A person who registers a pesticide with the commissioner under paragraph (b), or a registrant under paragraph (d), shall keep accurate records for five years detailing all distribution or sales transactions into the state or in the state and subject to a fee and surcharge under this section.

(j) The records are subject to inspection, copying, and audit by the commissioner and must clearly demonstrate proof of payment of all applicable fees and surcharges for each registered pesticide product sold for use in this state. A person who is located outside of this state must maintain and make available records required by this subdivision in this state or pay all costs incurred by the commissioner in the inspecting, copying, or auditing of the records.

(k) The commissioner may adopt by rule regulations that require persons subject to audit under this section to provide information determined by the commissioner to be necessary to enable the commissioner to perform the audit.

(4) (l) A registrant who is required to pay more than the minimum fee for any pesticide under paragraph (a) (b) must pay a late fee penalty of $100 for each pesticide application fee paid after March 1 in the year for which the license is to be issued.

EFFECTIVE DATE. The pesticide registration fee changes apply to pesticides registered on or after July 1, 2009. The remaining provisions of this section apply to pesticide sales that occur on or after January 1, 2010.

Sec. 57. Minnesota Statutes 2008, section 18B.31, subdivision 3, is amended to read:

Subd. 3. License. A pesticide dealer license:

(1) is issued by the commissioner upon receipt and review of a complete initial or renewal application;

(2) is valid for one year and expires on December January 31 of each year unless it is suspended or revoked before that date;

(3) is not transferable to another location; and

Subd. 3a. **Ethanol producer payments.** (a) The commissioner shall make cash payments to producers of ethanol located in the state that have begun production at a specific location by June 30, 2000. For the purpose of this subdivision, an entity that holds a controlling interest in more than one ethanol plant is considered a single producer. The amount of the payment for each producer’s annual production, except as provided in paragraph (c), is 20 cents per gallon for each gallon of ethanol produced at a specific location on or before June 30, 2000, or ten years after the start of production, whichever is later. Annually, within 90 days of the end of its fiscal year, an ethanol producer receiving payments under this subdivision must file a disclosure statement on a form provided by the commissioner. The initial disclosure statement must include a summary description of the organization of the business structure of the claimant, a listing of the percentages of ownership by any person or other entity with an ownership interest of five percent or greater, and a copy of its annual audited financial statements, including the auditor’s report and footnotes. The disclosure statement must include information demonstrating what percentage of the entity receiving payments under this section is owned by farmers or other entities eligible to farm or own agricultural land in Minnesota under the provisions of section 500.24. Subsequent annual reports must affirm that majority ownership of the entity is held by farmers or other entities eligible to farm or own agricultural land under section 500.24 or individuals residing within 30 miles of the plant. The report need not disclose the identity of the persons or entities eligible to farm or own agricultural land with ownership interests, individuals residing within 30 miles of the plant, or of any other entity with less than ten percent ownership interest, but the claimant must retain information within its files confirming the accuracy of the data provided. This data must be made available to the commissioner upon request. Not later than the 15th day of February in each year the commissioner shall deliver to the chairs of the standing committees of the senate and the house of representatives that deal with agricultural policy and agricultural finance issues an annual report summarizing aggregated data from plants
receiving payments under this section during the preceding calendar year. Audited financial statements and notes and disclosure statements submitted to the commissioner are nonpublic data under section 13.02, subdivision 9. Notwithstanding the provisions of chapter 13 relating to nonpublic data, summaries of the submitted audited financial reports and notes and disclosure statements will be contained in the report to the committee chairs and will be public data.

(b) No payments shall be made for ethanol production that occurs after June 30, 2010. A producer of ethanol shall not transfer the producer’s eligibility for payments under this section to an ethanol plant at a different location.

(c) If the level of production at an ethanol plant increases due to an increase in the production capacity of the plant, the payment under paragraph (a) applies to the additional increment of production until ten years after the increased production began. Once a plant’s production capacity reaches 15,000,000 gallons per year, no additional increment will qualify for the payment.

(d) Total payments under paragraphs (a) and (c) to a producer in a fiscal year may not exceed $3,000,000.

(e) By the last day of October, January, April, and July, each producer shall file a claim for payment for ethanol production during the preceding three calendar months. A producer that files a claim under this subdivision shall include a statement of the producer’s total ethanol production in Minnesota during the quarter covered by the claim. For each claim and statement of total ethanol production filed under this subdivision, the volume of ethanol production must be examined by an independent certified public accountant in accordance with standards established by the American Institute of Certified Public Accountants.

(f) Payments shall be made November 15, February 15, May 15, and August 15. A separate payment shall be made for each claim filed. Except as provided in paragraph (g), the total quarterly payment to a producer under this paragraph may not exceed $750,000.

(g) Notwithstanding the quarterly payment limits of paragraph (f), the commissioner shall make an additional payment in the fourth quarter of each fiscal year to ethanol producers for the lesser of: (1) 20 cents per gallon of production in the fourth quarter of the year that is greater than 3,750,000 gallons; or (2) the total amount of payments lost during the first three quarters of the fiscal year due to plant outages, repair, or major maintenance. Total payments to an ethanol producer in a fiscal year, including any payment under this paragraph, must not exceed the total amount the producer is eligible to receive based on the producer’s approved production capacity. The provisions of this paragraph apply only to production losses that occur in quarters beginning after December 31, 1999.

(h) The commissioner shall reimburse ethanol producers for any deficiency in payments during earlier quarters if the deficiency occurred because of unallotment or because appropriated money was insufficient to make timely payments in the full amount provided in paragraph (a). Notwithstanding the quarterly or annual payment limitations in this subdivision, the commissioner shall begin making payments for earlier deficiencies in each fiscal year that appropriations for ethanol payments exceed the amount required to make eligible scheduled payments. Payments for earlier deficiencies must continue until the deficiencies for each producer are paid in full, except the commissioner shall not make a deficiency payment to an entity that no longer produces ethanol on a commercial scale at the location for which the entity qualified for producer payments, or to an assignee of the entity, or an entity that is not majority owned by farmers or other entities eligible to farm or own agricultural land under section 500.24 or individuals residing within 30 miles of the plant.

(i) The commissioner may make direct payments to producers of rural economic infrastructure provide financial assistance under the agricultural growth, research, and innovation program in section 41A.12 with any amount of the annual appropriation for ethanol producer payments and rural economic infrastructure that is in excess of the amount required to make scheduled ethanol producer payments and deficiency payments under paragraphs (a) to (h).

Sec. 5. Minnesota Statutes 2008, section 523.131, is amended to read:

523.131 QUALIFICATION OF SUCCESSOR ATTORNEY-IN-FACT IN STATUTORY SHORT FORM POWER OF ATTORNEY.

If two or more attorneys-in-fact are originally appointed and one dies, resigns, or is unable to serve, a successor attorney-in-fact named in a power of attorney executed in conformity with section 523.23 or a form prepared under section 523.231 replaces the attorney-in-fact who dies, resigns, or is unable to serve. If the original attorneys-in-fact were required to act jointly, the attorneys-in-fact acting at any time must act jointly. If the original attorneys-in-fact were allowed to act individually, the attorneys-in-fact acting at any time may act individually. If attorneys-in-fact acting at any time are required to act jointly, and there is only one remaining attorney-in-fact because of the death, resignation, or inability to serve of all other original and successor attorneys-in-fact, the remaining attorney-in-fact may act alone.
Sec. 6. Minnesota Statutes 2008, section 523.16, is amended to read:

**523.16 AFFIDAVIT AS PROOF OF AUTHORITY OF ATTORNEY-IN-FACT.**

Subdivision 1. **Multiple attorneys-in-fact.** If the attorney-in-fact exercising a power pursuant to a power of attorney has authority to act as a result of the death, incompetency, or resignation of one or more attorneys-in-fact named in the power of attorney, an affidavit executed by the attorney-in-fact setting forth the conditions precedent to the attorney-in-fact's authority to act under the power of attorney and stating that those conditions have occurred is conclusive proof as to any party relying on the affidavit of the occurrence of those conditions.

Subd. 2. **Attorney-in-fact for member of military.** If an attorney-in-fact is exercising a power pursuant to a power of attorney executed by a member of the military in a form prepared under section 523.231, an affidavit executed by the attorney-in-fact setting forth the conditions precedent to the authority to act and stating the existence of those conditions is conclusive proof as to any party relying on the affidavit of the existence of those conditions.

Sec. 7. Minnesota Statutes 2008, section 523.20, is amended to read:

**523.20 LIABILITY OF PARTIES REFUSING AUTHORITY OF ATTORNEY-IN-FACT TO ACT ON PRINCIPAL'S BEHALF.**

Any party refusing to accept the authority of an attorney-in-fact to exercise a power granted by a power of attorney which (1) is executed in conformity with section 523.23 or a form prepared under section 523.231; (2) contains a specimen signature of the attorney-in-fact authorized to act; (3) with regard to the execution or delivery of any recordable instrument relating to real property, is accompanied by affidavits that satisfy the provisions of section 523.17; (4) with regard to any other transaction, is signed by the attorney-in-fact in a manner conforming to section 523.18; and (5) when applicable, is accompanied by an affidavit and any other document required by section 523.16, is liable to the principal and to the principal's heirs, assigns, and representative of the estate of the principal in the same manner as the party would be liable had the party refused to accept the authority of the principal to act on the principal's own behalf unless: (1) the party has actual notice of the revocation of the power of attorney prior to the exercise of the power; (2) the duration of the power of attorney specified in the power of attorney itself has expired; or (3) the party has actual knowledge of the death of the principal or, if the power of attorney is not a durable power of attorney, actual notice of a judicial determination that the principal is legally incompetent. This provision does not negate any liability which a party would have to the principal or to the attorney-in-fact under any other form of power of attorney under the common law or otherwise.

Sec. 8. Minnesota Statutes 2008, section 523.23, subdivision 2, is amended to read:

Subd. 2. **Failure to check or "X" a power.** Any of the powers of the form in subdivision 1 or a form prepared under section 523.231 which is not checked or X-ed is withheld by the principal from the attorney-in-fact unless the power of (N) of the form in subdivision 1 or a comparable provision in a form prepared under section 523.231 is checked or X-ed.

Sec. 9. Minnesota Statutes 2008, section 523.23, subdivision 3, is amended to read:

Subd. 3. **Requirements.** Except for a form prepared under section 523.231, to constitute a "statutory short form power of attorney," as this phrase is used in this chapter the wording and content of the form in subdivision 1 must be duplicated exactly and with no modifications, parts First, Second, and Third must be properly completed, and the signature of the principal must be acknowledged. Failure to name a successor attorney-in-fact, to provide an expiration date, or to complete part Fourth does not invalidate the power as a statutory short form power of attorney. A power of attorney that does not satisfy the requirements of this subdivision or a form prepared under section 523.231, but purports to be a statutory short form power of attorney, may constitute a common law power of attorney that incorporates by reference the definitions of powers contained in section 523.24; however, a party refusing to accept the authority of the common law attorney-in-fact is not liable under section 523.20.
Sec. 10. [523.231] ALTERNATIVE SHORT FORMS FOR GENERAL POWER OF ATTORNEY FOR MILITARY MEMBERS IN ACTIVE SERVICE.

The commissioner of military affairs may prepare alternative short forms for a general power of attorney for military members in active service, as defined in section 190.05. A form prepared by the commissioner is an alternative to the statutory short form in section 523.23.

Sec. 11. INTERAGENCY STAFF.

Sec. 23. Minnesota Statutes 2008, section 16A.86, subdivision 2, is amended to read:

Subd. 2. Budget request. A political subdivision that requests an appropriation of state money for a local capital improvement project is encouraged to submit the request to the commissioner of finance by July 15 of an odd-numbered year to ensure its full consideration. The requests must be submitted in the form and with the supporting documentation required by the commissioner of finance. All requests timely received by the commissioner must be forwarded to the legislature, along with agency requests, the governor's recommendations, whether or not the governor recommends that a request be funded, by the deadline established in section 16A.11, subdivision 1.

Sec. 24. Minnesota Statutes 2008, section 16A.86, is amended by adding a subdivision to read:

Subd. 3a. Information provided. All requests for state assistance under this section must include the following information:

(1) the name of the political subdivision that will own the capital project for which state assistance is being requested;

(2) the public purpose of the project;

(3) the extent to which the political subdivision has or expects to provide local, private, user financing, or other nonstate funding for the project;

(4) a list of the bondable activities that the project encompasses; examples of bondable activities are public improvements of a capital nature for land acquisition, predesign, design, construction, and furnishing and equipping for occupancy;

(5) whether the project will require new or additional state operating subsidies;

(6) whether the governing body of the political subdivision requesting the project has passed a resolution in support of the project and has established priorities for all projects within its jurisdiction for which bonding appropriations are requested when submitting multiple requests; and

(7) if the project requires a predesign under section 16B.335, whether the predesign has been completed at the time the capital project request is submitted, and whether the political subdivision has submitted the project predesign to the commissioner of administration for review and approval.
Sec. 25. [84.946] NATURAL RESOURCES ASSET PRESERVATION AND REPLACEMENT (NRAPR).

Subdivision 1. Purpose. The legislature recognizes that the Department of Natural Resources owns and operates capital assets that in number, size, and programmatic use differ significantly from the capital assets owned and operated by other state departments and agencies. However, the legislature recognizes the need for standards to aid in categorizing and funding capital projects. The purpose of this section is to provide standards for those natural resource projects that are intended to preserve and replace existing facilities.

Subd. 2. Standards. (a) An appropriation for asset preservation may be used only for a capital expenditure on a capital asset previously owned by the state, within the meaning of generally accepted accounting principles as applied to public expenditures. The commissioner of natural resources will consult with the commissioner of finance to the extent necessary to ensure this and will furnish the commissioner of finance a list of projects to be financed from the account in order of their priority. The legislature assumes that many projects for preservation and replacement of portions of existing capital assets will constitute betterments and capital improvements within the meaning of the Constitution and capital expenditures under generally accepted accounting principles, and will be financed more efficiently and economically under this section than by direct appropriations for specific projects.

(b) An appropriation for asset preservation must not be used to acquire land or to acquire or construct buildings or other facilities.

(c) Capital budget expenditures for natural resource asset preservation and replacement projects must be for one or more of the following types of capital projects that support the existing programmatic mission of the department: code compliance including health and safety, Americans with Disabilities Act requirements, hazardous material abatement, access improvement, or air quality improvement; building energy efficiency improvements using current best practices; building or infrastructure repairs necessary to preserve the interior and exterior of existing buildings; or renovation of other existing improvements to land, including but not limited to trails and bridges.

(d) Up to ten percent of an appropriation awarded under this section may be used for design costs for projects eligible to be funded from this account in anticipation of future funding from the account.

Subd. 3. Reporting priorities. The commissioner of natural resources must establish priorities within its natural resource asset preservation and replacement projects. By January 15 of each year, the commissioner must submit to the commissioner of finance and to the chairs of the house and senate committees with jurisdiction over environment and natural resources finance and capital investment a list of the projects that have been paid for with money from a natural resource asset preservation and replacement appropriation during the preceding calendar year as well as a list of those priority projects for which natural resource asset preservation and replacement appropriations will be sought in that year's legislative session.

Sec. 26. Minnesota Statutes 2008, section 134.45, is amended by adding a subdivision to read:

Subd. 8. Sale of public library funded with state bond proceeds. If the commissioner of education and the local or regional governmental entity that owns a public library that has been improved with state bond proceeds under this section determines that the library is no longer usable or needed for the purposes for which the grant of state bond funds was made, the owner of the public library may sell the property in the manner authorized by law for the sale of other property owned by that jurisdiction for its fair market value. The sale must be approved by the commissioner of finance. Notwithstanding section 16A.695, subdivision 3, clause (2), the net proceeds must be applied as follows: first, to pay the state the amount of state bond proceeds used to acquire or better the property; and second, any remaining amount must be paid to the local or regional governmental owner of the property sold. When the sale is complete and the sale proceeds have been applied as provided in this subdivision, section 16A.695 no longer applies to the property and the property is no longer state bond financed property.

EFFECTIVE DATE. This section is effective the day following final enactment and applies to the sale of public library property on or after that date.
Sec. 27. Minnesota Statutes 2008, section 135A.046, subdivision 2, is amended to read:

Up to ten percent of an appropriation awarded under this section may be used for design costs for projects eligible to be funded from this account in anticipation of future funding from the account.

12A.10 HUMAN SERVICES.

Subdivision 1. Costs eligible for payment. Notwithstanding the limitations of section 12A.01 and the requirement in section 12A.03 that all appropriations must be used to assist with recovery, the commissioner may pay parties under contract, provider agreement, or other arrangement with the commissioner as of the date of a natural disaster, or the date when action was taken in anticipation of a possible natural disaster or other event that threatens the health and safety of individuals served by a program that receives funding from medical assistance for medical or remedial, or personal care services provided to vulnerable residents. Costs eligible for payment under this section are those necessary to ensure the health and safety of medical assistance recipients during and up to 60 days following the disaster. To the extent allowed under the state's Medicaid state plan, the commissioner shall pay these costs from the medical assistance account. Only costs that are not already paid for by another source are eligible. The commissioner may make payments for documented incremental costs incurred by a party, may determine an estimate of the costs at the sole discretion of the commissioner, or may use a combination of these two methods. If after receiving payment from the commissioner for a documented cost, the provider is able to acquire payment from another source for that cost, the provider shall reimburse the commissioner in the amount paid.

Subd. 2. Payment in residential program. In a residential program, the commissioner shall make payment under this section based on an allocation of costs as determined under subdivision 1 between medical assistance recipients and all other residents. The allocation must not be done in a nursing facility. In a nursing facility the commissioner shall pay all of the costs determined under subdivision 1.

Subd. 3. Source of payment. The commissioner shall pay costs under this section using money appropriated for medical assistance and shall seek federal cost sharing to the extent permitted under the Medicaid state plan or under waivers granted by the federal Centers for Medicare and Medicaid Services.

Sec. 15. Minnesota Statutes 2008, section 12A.15, is amended by adding a subdivision to read:

Subd. 3. Waiver of Contract Approval Procedures. State and federal disaster assistance distributed by the commissioner of public safety is not subject to the contract approval procedures of chapter 16A, 16B, or 16C, or any other law. The commissioner of public safety may adopt internal procedures to administer and monitor these aids and grants.
Sec. 16. **2009 FLOOD LOSS; CITY REPLACEMENT AID.**

Subdivision 1. **Flood net tax capacity loss.** The county assessor of each qualified county shall compute a hypothetical city taxable net tax capacity for each city in the county based upon market values for assessment year 2010 and the class rates that were in effect for assessment year 2009. The amount, if any, by which the assessment year 2009 total taxable net tax capacity of the city exceeds the hypothetical taxable net tax capacity of the city is the city's "flood net tax capacity loss." A county assessor of a qualified county that contains a city that has a flood net tax capacity loss that exceeds five percent of its assessment year 2009 total taxable net tax capacity shall certify the city's flood net tax capacity loss to the commissioner of revenue by August 1, 2009.

As used in this section, a "qualified county" is a county located within the area included in DR-1830.

Subd. 2. **Flood loss aid.** In 2010, each city with a flood net tax capacity loss equal to or greater than five percent of its assessment year 2009 total taxable net tax capacity is entitled to flood loss aid equal to the flood net tax capacity loss times the city's average local tax rate for taxes payable in 2009.

Subd. 3. **Duties of commissioner.** The commissioner of revenue shall determine each city's aid amount under this section. The commissioner shall notify each eligible city of its flood loss aid amount by August 15, 2009. The commissioner shall make payments to each city after July 1, and before July 20, 2010.

Subd. 4. **Optional city expenditure.** A city that receives aid under this section may choose to expend a portion of the aid received for repair of county roads located within the city.

Subd. 5. **Appropriation.** The amount necessary to pay the aid amounts under this section in fiscal year 2011, for calendar year 2010, is appropriated to the commissioner of revenue from the general fund.

The Honorable Margaret Anderson Kelliher
Speaker of the House of Representatives

The Honorable James P. Metzen
President of the Senate

We, the undersigned conferees for H. F. No. 2 report that we have agreed upon the items in dispute and recommend as follows:
That the Senate recede from its amendment and that H. F. No. 2 be further amended as follows:

Delete everything after the enacting clause and insert:

"ARTICLE 1

GENERAL EDUCATION

Section 1. Minnesota Statutes 2008, section 16A.06, subdivision 11, is amended to read:

Subd. 11. Permanent school fund reporting. The commissioner shall annually report to the Permanent School Fund Advisory Committee and the legislature on the management of the permanent school trust fund that shows how the commissioner maximized the long-term economic return of the permanent school trust fund.

Sec. 2. Minnesota Statutes 2008, section 120A.40, is amended to read:

120A.40 SCHOOL CALENDAR.

(a) Except for learning programs during summer, flexible learning year programs authorized under sections 124D.12 to 124D.127, and learning year programs under section 124D.128, a district must not commence an elementary or secondary school year before Labor Day, except as provided under paragraph (b). Days devoted to teachers' workshops may be held before Labor Day. Districts that enter into cooperative agreements are encouraged to adopt similar school calendars.

(b) A district may begin the school year on any day before Labor Day:

(1) to accommodate a construction or remodeling project of $400,000 or more affecting a district school facility;

(2) if the district has an agreement under section 123A.30, 123A.32, or 123A.35 with a district that qualifies under clause (1); or

A school (3) if the district agrees to the same schedule with a school district in an adjoining state also may begin the school year before Labor Day as authorized under this paragraph.

Sec. 3. Minnesota Statutes 2008, section 123A.73, subdivision 4, is amended to read:

Subd. 4. Consolidation; maximum authorized referendum revenues. (a) As of the effective date of a consolidation pursuant to section 123A.48, if the plan for consolidation so provides, or if the plan for consolidation makes no provision concerning referendum revenues, the authorization for all referendum revenues previously approved by the voters of all affected districts for those districts pursuant to section 126C.17, subdivision 9, or its predecessor provision shall be recalculated as provided in this subdivision. The referendum revenue authorization for the newly created district shall be the revenue per resident marginal cost pupil unit that would raise an amount equal to the combined dollar amount of the referendum revenues authorized by each of the component districts for the year preceding the consolidation, unless the referendum revenue authorization of the newly created district is subsequently modified pursuant to section 126C.17, subdivision 9.

(b) The referendum allowance for a consolidated district in the years following consolidation equals the average of the consolidating districts' existing authorities for those years, weighted by the districts' resident marginal cost pupil units in the year preceding consolidation. For purposes of this calculation, the referendum authorities used for
individual districts shall not decrease from year to year until such time as all existing authorities for all the consolidating districts have fully expired, but shall increase if they were originally approved with consumer price index-based or other annual increases.

(c) The referendum revenue authorization for the newly created district shall continue for a period of time equal to the longest period authorized for any component district.

EFFECTIVE DATE. This section is effective for revenue for fiscal years 2010 and later.

Sec. 4. Minnesota Statutes 2008, section 123A.73, subdivision 5, is amended to read:

Subd. 5. Alternative method. (a) As of the effective date of a consolidation pursuant to section 123A.48, if the plan for consolidation so provides, the authorization for all referendum revenues previously approved by the voters of all affected districts for those districts pursuant to section 126C.17, subdivision 9, or its predecessor provision shall be combined as provided in this subdivision. The referendum revenue authorization for the newly created district may be any allowance per resident marginal cost pupil unit provided in the plan for consolidation, but may not exceed the allowance per resident marginal cost pupil unit that would raise an amount equal to the combined dollar amount of the referendum revenues authorized by each of the component districts for the year preceding the consolidation.

(b) The referendum allowance for a consolidated district in the years following consolidation equals the average of the consolidating districts' existing authorities for those years, weighted by the districts' resident marginal cost pupil units in the year preceding consolidation. For purposes of this calculation, the referendum authorities used for individual districts shall not decrease from year to year until such time as all existing authorities for all the consolidating districts have fully expired, but shall increase if they were originally approved with consumer price index-based or other annual increases.

(c) The referendum revenue authorization for the newly created district shall continue for a period of time equal to the longest period authorized for any component district. The referendum revenue authorization for the newly created district may be modified pursuant to section 126C.17, subdivision 9.

Sec. 5. Minnesota Statutes 2008, section 123B.02, subdivision 21, is amended to read:

Subd. 21. Wind energy conversion system. The board, or more than one board acting jointly under the authority granted by section 471.59, may construct, acquire, own in whole or in part, operate, and sell and retain and spend the payment received from selling energy from a wind energy conversion system, as defined in section 216C.06, subdivision 19. The individual school board's share of the installed capacity of the wind energy conversion systems authorized by this subdivision must not exceed 3.3 megawatts of nameplate capacity, provided that if more than one board is acting jointly, each board may have a separate share of no more than 3.3 megawatts of nameplate capacity. A board owning, operating, or selling energy from a wind energy conversion system must integrate information about wind energy conversion systems in its educational programming. The board, or more than one board acting jointly under the authority granted by section 471.59, may be a limited partner in a partnership, a member of a limited liability company, or a shareholder in a corporation, established for the sole purpose of constructing, acquiring, owning in whole or in part, financing, or operating a wind energy conversion system for the benefit of the district or districts in accordance with this section. A board individually, or acting jointly, or an entity of which a board is a limited partner, member, or shareholder, may not sell, transmit, or distribute the electrical energy at retail or provide for end use of the electrical energy at an off-site facility of the board or entity. Nothing in this subdivision modifies the exclusive service territories or exclusive right to serve as provided in sections 216B.37 to 216B.43.

EFFECTIVE DATE. This section is effective the day following final enactment.
Sec. 6. Minnesota Statutes 2008, section 123B.77, subdivision 3, is amended to read:

Subd. 3. Statement for comparison and correction. (a) By November 30 of the calendar year of the submission of the unaudited financial data, the district must provide to the commissioner audited financial data for the preceding fiscal year. The audit must be conducted in compliance with generally accepted governmental auditing standards, the federal Single Audit Act, and the Minnesota legal compliance guide issued by the Office of the State Auditor. An audited financial statement prepared in a form which will allow comparison with and correction of material differences in the unaudited financial data shall be submitted to the commissioner and the state auditor by December 31. The audited financial statement must also provide a statement of assurance pertaining to uniform financial accounting and reporting standards compliance and a copy of the management letter submitted to the district by the school district's auditor.

(b) By January 15 of the calendar year following the submission of the unaudited financial data, the commissioner shall convert the audited financial data required by this subdivision into the consolidated financial statement format required under subdivision 1a and publish the information on the department's Web site.

Sec. 7. Minnesota Statutes 2008, section 123B.83, subdivision 3, is amended to read:

Subd. 3. Failure to limit expenditures. If a district does not limit its expenditures in accordance with this section, the commissioner may so notify the appropriate committees of the legislature by no later than January 15 of the year following the end of that fiscal year.

Sec. 8. Minnesota Statutes 2008, section 125A.11, subdivision 1, is amended to read:

Subdivision 1. Nonresident tuition rate; other costs. (a) For fiscal year 2006, when a school district provides instruction and services outside the district of residence, board and lodging, and any tuition to be paid, shall be paid by the district of residence. The tuition rate to be charged for any child with a disability, excluding a pupil for whom tuition is calculated according to section 127A.47, subdivision 7, paragraph (d), must be the sum of (1) the actual cost of providing special instruction and services to the child including a proportionate amount for special transportation and unreimbursed building lease and debt service costs for facilities used primarily for special education, plus (2) the amount of general education revenue and referendum aid attributable to the pupil, minus (3) the amount of special education aid paid to the resident district for the portion of time the pupil receives special instruction and services outside of the regular classroom. If the boards involved do not agree upon the tuition rate, either board may apply to the commissioner to fix the rate. Notwithstanding chapter 14, the commissioner must then set a date for a hearing or request a written statement from each board, giving each board at least ten days' notice, and after the hearing or review of the written statements the commissioner must make an order fixing the tuition rate, which is binding on both school districts. General education revenue and referendum equalization aid attributable to a pupil must be calculated using the resident district's average general education revenue and referendum equalization aid per adjusted pupil unit.

(b) For fiscal year 2007 and later, when a school district provides special instruction and services for a pupil with a disability as defined in section 125A.02 outside the district of residence, excluding a pupil for whom an adjustment to special education aid is calculated according to section 127A.47, subdivision 7, paragraph (e), special education aid paid to the resident district must be reduced by an amount equal to (1) the actual cost of providing special instruction and services to the pupil, including a proportionate amount for special transportation and unreimbursed building lease and debt service costs for facilities used primarily for special education, plus (2) the amount of general education revenue and referendum equalization aid attributable to that pupil, calculated using the resident district's average general education revenue and referendum equalization aid per adjusted pupil unit.
district's average general education revenue and referendum equalization aid per adjusted pupil unit excluding basic skills revenue, elementary sparsity revenue and secondary sparsity revenue, minus (3) the amount of special education aid for children with a disability received on behalf of that child, minus (4) if the pupil receives special instruction and services outside the regular classroom for more than 60 percent of the school day, the amount of general education revenue and referendum equalization aid, excluding portions attributable to district and school administration, district support services, operations and maintenance, capital expenditures, and pupil transportation, attributable to that pupil for the portion of time the pupil receives special instruction and services outside of the regular classroom, calculated using the resident district's average general education revenue and referendum equalization aid per adjusted pupil unit excluding basic skills revenue, elementary sparsity revenue and secondary sparsity revenue and the serving district's basic skills revenue, elementary sparsity revenue and secondary sparsity revenue per adjusted pupil unit. Notwithstanding clauses (1) and (4), for pupils served by a cooperative unit without a fiscal agent school district, the general education revenue and referendum equalization aid attributable to a pupil must be calculated using the resident district's average general education revenue and referendum equalization aid excluding compensatory revenue, elementary sparsity revenue, and secondary sparsity revenue. Special education aid paid to the district or cooperative providing special instruction and services for the pupil must be increased by the amount of the reduction in the aid paid to the resident district. Amounts paid to cooperatives under this subdivision and section 127A.47, subdivision 7, shall be recognized and reported as revenues and expenditures on the resident school district's books of account under sections 123B.75 and 123B.76. If the resident district's special education aid is insufficient to make the full adjustment, the remaining adjustment shall be made to other state aid due to the district.

(c) Notwithstanding paragraphs (a) and (b) and section 127A.47, subdivision 7, paragraphs (d) and (e), a charter school where more than 30 percent of enrolled students receive special education and related services, a site approved under section 125A.515, an intermediate district, a special education cooperative, or a school district that served as the applicant agency for a group of school districts for federal special education aids for fiscal year 2006 may apply to the commissioner for authority to charge the resident district an additional amount to recover any remaining unreimbursed costs of serving pupils with a disability. The application must include a description of the costs and the calculations used to determine the unreimbursed portion to be charged to the resident district. Amounts approved by the commissioner under this paragraph must be included in the tuition billings or aid adjustments under paragraph (a) or (b), or section 127A.47, subdivision 7, paragraph (d) or (e), as applicable.

(d) For purposes of this subdivision and section 127A.47, subdivision 7, paragraphs (d) and (e), "general education revenue and referendum equalization aid" means the sum of the general education revenue according to section 126C.10, subdivision 1, excluding alternative teacher compensation revenue, plus the referendum equalization aid according to section 126C.17, subdivision 7, as adjusted according to section 127A.47, subdivision 7, paragraphs (a) to (c).

Sec. 9. Minnesota Statutes 2008, section 126C.05, subdivision 2, is amended to read:

Subd. 2. Foreign exchange pupils. Notwithstanding section 124D.02, subdivision 3, or any other law to the contrary, a foreign exchange pupil enrolled in a district under a cultural exchange program registered with the Office of the Secretary of State under section 5A.02 may be counted as a resident pupil for the purposes of this chapter and chapters 120B, 122A, 123A, 123B, 124D, 125A, and 127A, even if the pupil has graduated from high school or the equivalent.

Sec. 10. Minnesota Statutes 2008, section 126C.10, is amended by adding a subdivision to read:

Subd. 8a. Sparsity revenue for school districts that close facilities. A school district that closes a school facility is eligible for elementary and secondary sparsity revenue equal to the greater of the amounts calculated under subdivisions 6, 7, and 8 or the total amount of sparsity revenue for the previous fiscal year if the school board of the district has adopted a written resolution stating that the district intends to close the school facility, but cannot
proceed with the closure without the adjustment to sparsity revenue authorized by this subdivision. The written resolution must be filed with the commissioner of education at least 60 days prior to the start of the fiscal year for which aid under this subdivision is first requested.

**EFFECTIVE DATE.** This section is effective the day following final enactment for revenue for fiscal years 2010 and later.

Sec. 11. Minnesota Statutes 2008, section 126C.10, subdivision 34, is amended to read:

Subd. 34. **Basic alternative teacher compensation aid.** (a) For fiscal years 2007 and later, 2008, and 2009, the basic alternative teacher compensation aid for a school district with a plan approved under section 122A.414, subdivision 2b, equals 65.731 percent of the alternative teacher compensation revenue under section 122A.415, subdivision 1. The basic alternative teacher compensation aid for an intermediate school district or charter school with a plan approved under section 122A.414, subdivisions 2a and 2b, if the recipient is a charter school, equals $260 times the number of pupils enrolled in the school on October 1 of the previous fiscal year, or on October 1 of the current fiscal year for a charter school in the first year of operation, times the ratio of the sum of the alternative teacher compensation aid and alternative teacher compensation levy for all participating school districts to the maximum alternative teacher compensation revenue for those districts under section 122A.415, subdivision 1.

(b) For fiscal years 2010 and later, the basic alternative teacher compensation aid for a school with a plan approved under section 122A.414, subdivision 2b, equals 65 percent of the alternative teacher compensation revenue under section 122A.415, subdivision 1. The basic alternative teacher compensation aid for an intermediate school district or charter school with a plan approved under section 122A.414, subdivisions 2a and 2b, if the recipient is a charter school, equals $260 times the number of pupils enrolled in the school on October 1 of the previous year, or on October 1 of the current year for a charter school in the first year of operation, times the ratio of the sum of the alternative teacher compensation aid and alternative teacher compensation levy for all participating school districts to the maximum alternative teacher compensation revenue for those districts under section 122A.415, subdivision 1.

(c) Notwithstanding paragraphs (a) and (b) and section 122A.415, subdivision 1, the state total basic alternative teacher compensation aid entitlement must not exceed $75,636,000 for fiscal year 2007 and later. The commissioner must limit the amount of alternative teacher compensation aid approved under section 122A.415 so as not to exceed these limits.

**EFFECTIVE DATE.** This section is effective the day following final enactment.

Sec. 12. Minnesota Statutes 2008, section 126C.15, subdivision 2, is amended to read:

Subd. 2. **Building allocation.** (a) A district must allocate its compensatory revenue to each school building in the district where the children who have generated the revenue are served unless the school district has received permission under Laws 2005, First Special Session chapter 5, article 1, section 50, to allocate compensatory revenue according to student performance measures developed by the school board.

(b) Notwithstanding paragraph (a), a district may allocate up to five percent of the amount of compensatory revenue that the district receives to school sites according to a plan adopted by the school board. The money reallocated under this paragraph must be spent for the purposes listed in subdivision 1, but may be spent on students in any grade, including students attending school readiness or other prekindergarten programs.

(c) For the purposes of this section and section 126C.05, subdivision 3, "building" means education site as defined in section 123B.04, subdivision 1.
(d) If the pupil is served at a site other than one owned and operated by the district, the revenue shall be paid to the district and used for services for pupils who generate the revenue. Notwithstanding section 123A.26, subdivision 1, compensatory revenue generated by students served at a cooperative unit shall be paid to the cooperative unit.

(e) A district with school building openings, school building closings, changes in attendance area boundaries, or other changes in programs or student demographics between the prior year and the current year may reallocate compensatory revenue among sites to reflect these changes. A district must report to the department any adjustments it makes according to this paragraph and the department must use the adjusted compensatory revenue allocations in preparing the report required under section 123B.76, subdivision 3, paragraph (c).

Sec. 13. Minnesota Statutes 2008, section 126C.15, subdivision 4, is amended to read:

Subd. 4. Separate accounts. Each district and cooperative unit that receives basic skills revenue shall maintain separate accounts to identify expenditures for salaries and programs related to basic skills revenue.

Sec. 14. Minnesota Statutes 2008, section 126C.17, subdivision 9, is amended to read:

Subd. 9. Referendum revenue. (a) The revenue authorized by section 126C.10, subdivision 1, may be increased in the amount approved by the voters of the district at a referendum called for the purpose. The referendum may be called by the board or shall be called by the board upon written petition of qualified voters of the district. The referendum must be conducted one or two calendar years before the increased levy authority, if approved, first becomes payable. Only one election to approve an increase may be held in a calendar year. Unless the referendum is conducted by mail under subdivision 11, paragraph (a), the referendum must be held on the first Tuesday after the first Monday in November. The ballot must state the maximum amount of the increased revenue per resident marginal cost pupil unit. The ballot may state a schedule, determined by the board, of increased revenue per resident marginal cost pupil unit that differs from year to year over the number of years for which the increased revenue is authorized or may state that the amount shall increase annually by the rate of inflation. For this purpose, the rate of inflation shall be the annual inflationary increase calculated under subdivision 2, paragraph (b). The ballot may state that existing referendum levy authority is expiring. In this case, the ballot may also compare the proposed levy authority to the existing expiring levy authority, and express the proposed increase as the amount, if any, over the expiring referendum levy authority. The ballot must designate the specific number of years, not to exceed ten, for which the referendum authorization applies. The ballot, including a ballot on the question to revoke or reduce the increased revenue amount under paragraph (c), must abbreviate the term "per resident marginal cost pupil unit" as "per pupil." The notice required under section 275.60 may be modified to read, in cases of renewing existing levies at the same amount per pupil as in the previous year:

"BY VOTING "YES" ON THIS BALLOT QUESTION, YOU ARE VOTING TO EXTEND AN EXISTING PROPERTY TAX REFERENDUM THAT IS SCHEDULED TO EXPIRE."

The ballot may contain a textual portion with the information required in this subdivision and a question stating substantially the following:

"Shall the increase in the revenue proposed by (petition to) the board of ........., School District No. .., be approved?"

If approved, an amount equal to the approved revenue per resident marginal cost pupil unit times the resident marginal cost pupil units for the school year beginning in the year after the levy is certified shall be authorized for certification for the number of years approved, if applicable, or until revoked or reduced by the voters of the district at a subsequent referendum.
(b) The board must prepare and deliver by first class mail at least 15 days but no more than 30 days before the day of the referendum to each taxpayer a notice of the referendum and the proposed revenue increase. The board need not mail more than one notice to any taxpayer. For the purpose of giving mailed notice under this subdivision, owners must be those shown to be owners on the records of the county auditor or, in any county where tax statements are mailed by the county treasurer, on the records of the county treasurer. Every property owner whose name does not appear on the records of the county auditor or the county treasurer is deemed to have waived this mailed notice unless the owner has requested in writing that the county auditor or county treasurer, as the case may be, include the name on the records for this purpose. The notice must project the anticipated amount of tax increase in annual dollars for typical residential homesteads, agricultural homesteads, apartments, and commercial-industrial property within the school district.

The notice for a referendum may state that an existing referendum levy is expiring and project the anticipated amount of increase over the existing referendum levy in the first year, if any, in annual dollars for typical residential homesteads, agricultural homesteads, apartments, and commercial-industrial property within the district.

The notice must include the following statement: "Passage of this referendum will result in an increase in your property taxes." However, in cases of renewing existing levies, the notice may include the following statement: "Passage of this referendum extends an existing operating referendum at the same amount per pupil as in the previous year."

(c) A referendum on the question of revoking or reducing the increased revenue amount authorized pursuant to paragraph (a) may be called by the board and shall be called by the board upon the written petition of qualified voters of the district. A referendum to revoke or reduce the revenue amount must state the amount per resident marginal cost pupil unit by which the authority is to be reduced. Revenue authority approved by the voters of the district pursuant to paragraph (a) must be available to the school district at least once before it is subject to a referendum on its revocation or reduction for subsequent years. Only one revocation or reduction referendum may be held to revoke or reduce referendum revenue for any specific year and for years thereafter.

(d) A petition authorized by paragraph (a) or (c) is effective if signed by a number of qualified voters in excess of 15 percent of the registered voters of the district on the day the petition is filed with the board. A referendum invoked by petition must be held on the date specified in paragraph (a).

(e) The approval of 50 percent plus one of those voting on the question is required to pass a referendum authorized by this subdivision.

Ω (e) At least 15 days before the day of the referendum, the district must submit a copy of the notice required under paragraph (b) to the commissioner and to the county auditor of each county in which the district is located. Within 15 days after the results of the referendum have been certified by the board, or in the case of a recount, the certification of the results of the recount by the canvassing board, the district must notify the commissioner of the results of the referendum.

EFFECTIVE DATE. This section is effective for petitions filed after July 1, 2009.

Sec. 15. Minnesota Statutes 2008, section 126C.40, subdivision 6, is amended to read:

Subd. 6. Lease purchase; installment buys. (a) Upon application to, and approval by, the commissioner in accordance with the procedures and limits in subdivision 1, paragraphs (a) and (b), a district, as defined in this subdivision, may:

(1) purchase real or personal property under an installment contract or may lease real or personal property with an option to purchase under a lease purchase agreement, by which installment contract or lease purchase agreement title is kept by the seller or vendor or assigned to a third party as security for the purchase price, including interest, if any; and
(2) annually levy the amounts necessary to pay the district's obligations under the installment contract or lease purchase agreement.

(b) The obligation created by the installment contract or the lease purchase agreement must not be included in the calculation of net debt for purposes of section 475.53, and does not constitute debt under other law. An election is not required in connection with the execution of the installment contract or the lease purchase agreement.

(c) The proceeds of the levy authorized by this subdivision must not be used to acquire a facility to be primarily used for athletic or school administration purposes.

(d) For the purposes of this subdivision, "district" means:

1. a school district required to have a comprehensive plan for the elimination of segregation which is eligible for revenue under section 124D.86, subdivision 3, clause (1), (2), or (3), and whose plan has been determined by the commissioner to be in compliance with Department of Education rules relating to equality of educational opportunity and school desegregation and, for a district eligible for revenue under section 124D.86, subdivision 3, clause (4) or (5), where the acquisition of property under this subdivision is determined by the commissioner to contribute to the implementation of the desegregation plan; or

2. a school district that participates in a joint program for interdistrict desegregation with a district defined in clause (1) if the facility acquired under this subdivision is to be primarily used for the joint program and the commissioner determines that the joint programs are being undertaken to implement the districts' desegregation plan.

(e) Notwithstanding subdivision 1, the prohibition against a levy by a district to lease or rent a district-owned building to itself does not apply to levies otherwise authorized by this subdivision.

(f) For the purposes of this subdivision, any references in subdivision 1 to building or land shall include personal property.

Sec. 16. Minnesota Statutes 2008, section 126C.41, subdivision 2, is amended to read:

Subd. 2. Retired employee health benefits. (a) A district may levy an amount up to the amount the district is required by the collective bargaining agreement in effect on March 30, 1992, to pay for health insurance or unreimbursed medical expenses for licensed and nonlicensed employees who have terminated services in the employing district and withdrawn from active teaching service or other active service, as applicable, before July 1, 1992, and to pay for health insurance or unreimbursed medical expenses for licensed and nonlicensed employees who have terminated services in the employing district and withdrawn from active teaching service or other active service, as applicable before July 1, 1998, if a sunset clause is in effect for the current collective bargaining agreement. The total amount of the levy each year may not exceed $600,000.

(b) In addition to the levy authority granted under paragraph (a), a school district may levy for other postemployment benefits expenses. For purposes of this subdivision "postemployment benefits" means benefits giving rise to a liability under Statement No. 45 of the Government Accounting Standards Board. A district seeking levy authority under this subdivision must:

1. create or have created an actuarial liability to pay postemployment benefits to employees or officers after their termination of service;

2. have a sunset clause in effect for the current collective bargaining agreement as required by paragraph (a); and
apply for the authority in the form and manner required by the commissioner of education.

If the total levy authority requested under this paragraph exceeds the amount established in paragraph (c), the commissioner must proportionately reduce each district's maximum levy authority under this subdivision.

(c) The maximum levy authority under paragraph (b) must not exceed the following amounts:

(1) $9,242,000 for taxes payable in 2010;

(2) $29,863,000 for taxes payable in 2011; and

(3) for taxes payable in 2012 and later, the maximum levy authority must not exceed the sum of the previous year's authority and $14,000,000.

Sec. 17. Minnesota Statutes 2008, section 126C.44, is amended to read:

126C.44 SAFE SCHOOLS LEVY.

(a) Each district may make a levy on all taxable property located within the district for the purposes specified in this section. The maximum amount which may be levied for all costs under this section shall be equal to $30 multiplied by the district's adjusted marginal cost pupil units for the school year. The proceeds of the levy must be reserved and used for directly funding the following purposes or for reimbursing the cities and counties who contract with the district for the following purposes: (1) to pay the costs incurred for the salaries, benefits, and transportation costs of peace officers and sheriffs for liaison in services in the district's schools; (2) to pay the costs for a drug abuse prevention program as defined in section 609.101, subdivision 3, paragraph (e), in the elementary schools; (3) to pay the costs for a gang resistance education training curriculum in the district's schools; (4) to pay the costs for security in the district's schools and on school property; (5) to pay the costs for other crime prevention, drug abuse, student and staff safety, voluntary opt-in suicide prevention tools, and violence prevention measures taken by the school district; or (6) to pay costs for licensed school counselors, licensed school nurses, licensed school social workers, licensed school psychologists, and licensed alcohol and chemical dependency counselors to help provide early responses to problems. For expenditures under clause (1), the district must initially attempt to contract for services to be provided by peace officers or sheriffs with the police department of each city or the sheriff's department of the county within the district containing the school receiving the services. If a local police department or a county sheriff's department does not wish to provide the necessary services, the district may contract for these services with any other police or sheriff's department located entirely or partially within the school district's boundaries.

(b) A school district that is a member of an intermediate school district may include in its authority under this section the costs associated with safe schools activities authorized under paragraph (a) for intermediate school district programs. This authority must not exceed $10 times the adjusted marginal cost pupil units of the member districts. This authority is in addition to any other authority authorized under this section. Revenue raised under this paragraph must be transferred to the intermediate school district.

(c) A school district must set aside at least $3 per adjusted marginal cost pupil unit of the safe schools levy proceeds for the purposes authorized under paragraph (a), clause (6). The district must annually certify either that: (1) its total spending on services provided by the employees listed in paragraph (a), clause (6), is not less than the sum of its expenditures for these purposes, excluding amounts spent under this section, in the previous year plus the amount spent under this section; or (2) that the district's full-time equivalent number of employees listed in paragraph (a), clause (6), is not less than the number for the previous year.

EFFECTIVE DATE. This section is effective for revenue for fiscal years 2010 and later.
Sec. 18. Minnesota Statutes 2008, section 127A.47, subdivision 7, is amended to read:

Subd. 7. Alternative attendance programs. The general education aid and special education aid for districts must be adjusted for each pupil attending a nonresident district under sections 123A.05 to 123A.08, 124D.03, 124D.08, and 124D.68. The adjustments must be made according to this subdivision.

(a) General education aid paid to a resident district must be reduced by an amount equal to the referendum equalization aid attributable to the pupil in the resident district.

(b) General education aid paid to a district serving a pupil in programs listed in this subdivision must be increased by an amount equal to the greater of (1) the referendum equalization aid attributable to the pupil in the nonresident district; or (2) the product of the district's open enrollment concentration index, the maximum amount of referendum revenue in the first tier, and the district's net open enrollment pupil units for that year. A district's open enrollment concentration index equals the greater of: (i) zero, or (ii) the lesser of 1.0, or the difference between the district's ratio of open enrollment pupil units served to its resident pupil units for that year and 0.2. This clause does not apply to a school district where more than 50 percent of the open enrollment students are enrolled solely in online learning courses.

(c) If the amount of the reduction to be made from the general education aid of the resident district is greater than the amount of general education aid otherwise due the district, the excess reduction must be made from other state aids due the district.

(d) For fiscal year 2006, the district of residence must pay tuition to a district or an area learning center, operated according to paragraph (f), providing special instruction and services to a pupil with a disability, as defined in section 125A.02, or a pupil, as defined in section 125A.51, who is enrolled in a program listed in this subdivision. The tuition must be equal to (1) the actual cost of providing special instruction and services to the pupil, including a proportionate amount for special transportation and unreimbursed building lease and debt service costs for facilities used primarily for special education, minus (2) if the pupil receives special instruction and services outside the regular classroom for more than 60 percent of the school day, the amount of general education revenue and referendum aid attributable to that pupil for the portion of time the pupil receives special instruction and services outside the regular classroom, excluding portions attributable to district and school administration, district support services, operations and maintenance, capital expenditures, and pupil transportation, minus (3) special education aid attributable to that pupil, that is received by the district providing special instruction and services. For purposes of this paragraph, general education revenue and referendum equalization aid attributable to a pupil must be calculated using the serving district's average general education revenue and referendum equalization aid per adjusted pupil unit.

(e) For fiscal year 2007 and later, special education aid paid to a resident district must be reduced by an amount equal to (1) the actual cost of providing special instruction and services, including special transportation and unreimbursed building lease and debt service costs for facilities used primarily for special education, for a pupil with a disability, as defined in section 125A.02, or a pupil, as defined in section 125A.51, who is enrolled in a program listed in this subdivision, minus (2) if the pupil receives special instruction and services outside the regular classroom for more than 60 percent of the school day, the amount of general education revenue and referendum equalization aid attributable to that pupil for the portion of time the pupil receives special instruction and services outside the regular classroom, excluding portions attributable to district and school administration, district support services, operations and maintenance, capital expenditures, and pupil transportation, minus (3) special education aid attributable to that pupil, that is received by the district providing special instruction and services. For purposes of this paragraph, general education revenue and referendum equalization aid attributable to a pupil must be calculated using the serving district's average general education revenue and referendum equalization aid per adjusted pupil unit. Special education aid paid to the district or cooperative providing special instruction and services for the pupil, or to the fiscal agent district for a cooperative, must be increased by the amount of the reduction in the aid paid to the resident district. If the resident district's special education aid is insufficient to make the full adjustment, the remaining adjustment shall be made to other state aids due to the district.
(f) An area learning center operated by a service cooperative, intermediate district, education district, or a joint powers cooperative may elect through the action of the constituent boards to charge the resident district tuition for pupils rather than to have the general education revenue paid to a fiscal agent school district. Except as provided in paragraph (d) or (e), the district of residence must pay tuition equal to at least 90 percent of the district average general education revenue per pupil unit minus an amount equal to the product of the formula allowance according to section 126C.10, subdivision 2, times .0485, calculated without basic skills compensatory revenue and transportation sparsity revenue, times the number of pupil units for pupils attending the area learning center plus the amount of compensatory revenue generated by pupils attending the area learning center.

Sec. 19. Minnesota Statutes 2008, section 475.58, subdivision 1, as amended by 2009 H. F. No. 1298, article 2, section 36, if enacted, is amended to read:

Subdivision 1. Approval by electors; exceptions. Obligations authorized by law or charter may be issued by any municipality upon obtaining the approval of a majority of the electors voting on the question of issuing the obligations, but an election shall not be required to authorize obligations issued:

(1) to pay any unpaid judgment against the municipality;

(2) for refunding obligations;

(3) for an improvement or improvement program, which obligation is payable wholly or partly from the proceeds of special assessments levied upon property specially benefited by the improvement or by an improvement within the improvement program, or from tax increments, as defined in section 469.174, subdivision 25, including obligations which are the general obligations of the municipality, if the municipality is entitled to reimbursement in whole or in part from the proceeds of such special assessments or tax increments and not less than 20 percent of the cost of the improvement or the improvement program is to be assessed against benefited property or is to be paid from the proceeds of federal grant funds or a combination thereof, or is estimated to be received from tax increments;

(4) payable wholly from the income of revenue producing conveniences;

(5) under the provisions of a home rule charter which permits the issuance of obligations of the municipality without election;

(6) under the provisions of a law which permits the issuance of obligations of a municipality without an election;

(7) to fund pension or retirement fund liabilities of a municipality or postemployment benefit liabilities of a school district pursuant to section 475.52, subdivision 6;

(8) under a capital improvement plan under section 373.40;

(9) under sections 469.1813 to 469.1815 (property tax abatement authority bonds), if the proceeds of the bonds are not used for a purpose prohibited under section 469.176, subdivision 4g, paragraph (b);

(10) to fund postemployment benefit liabilities pursuant to section 475.52, subdivision 6, of a municipality, other than a school district, if the liabilities are limited to:

(i) satisfying the requirements of section 471.61, subdivision 2b; and

(ii) other postemployment benefits, which the municipality no longer provides to employees hired after a date before the obligations are issued; and
(11) under section 475.755.

The fiscal stabilization account is created in the federal fund in the state treasury. All money received by the state under title XIV of the American Recovery and Reinvestment Act of 2009, Public Law 111-5, division A, must be credited to the fiscal stabilization account. Money in the account must not be spent except pursuant to a direct appropriation by law. **ARTICLE 2**

**EDUCATION EXCELLENCE**

Section 1. Minnesota Statutes 2008, section 13.32, is amended by adding a subdivision to read:

Subd. 10a. **Access to student records; school conferences.** (a) A parent or guardian of a student may designate an individual, defined under paragraph (c), to participate in a school conference involving the child of the parent or guardian. The parent or guardian must provide the school with prior written consent allowing the significant individual to participate in the conference and to receive any data on the child of the consenting parent or guardian that are necessary and relevant to the conference discussions. The consenting parent or guardian may withdraw consent, in writing, at any time.

(b) A school may accept the following form, or another consent to release student data form, as sufficient to meet the requirements of this subdivision:

"CONSENT TO PARTICIPATE IN CONFERENCES AND RECEIVE STUDENT DATA"

I, ........................................... (Name of parent or guardian), as parent or guardian of ........................................... (Name of child), consent to allow ........................................... (Name of an individual) to participate in school conferences and receive student data relating to the above-named child, consistent with Minnesota Statutes, section 13.32, subdivision 10a. I understand that I may withdraw my consent, upon written request, at any time.

(Signature of parent or guardian)

(Date)"

(c) For purposes of this section, "an individual" means one additional adult designated by a child's parent or guardian to attend school-related activities and conferences.

**EFFECTIVE DATE.** This section is effective for the 2009-2010 school year and later.

Sec. 2. Minnesota Statutes 2008, section 120A.22, subdivision 12, is amended to read:

Subd. 12. **Legitimate exemptions.** A parent, guardian, or other person having control of a child may apply to a school district to have the child excused from attendance for the whole or any part of the time school is in session during any school year. Application may be made to any member of the board, a truant officer, a principal, or the
superintendent. The school district may state in its school attendance policy that it may ask the student's parent or legal guardian to verify in writing the reason for the child's absence from school. A note from a physician or a licensed mental health professional stating that the child cannot attend school is a valid excuse. The board of the district in which the child resides may approve the application upon the following being demonstrated to the satisfaction of that board:

1. that the child's bodily physical or mental condition health is such as to prevent attendance at school or application to study for the period required, which includes:
   
   (i) child illness, medical, dental, orthodontic, or counseling appointments;
   
   (ii) family emergencies;
   
   (iii) the death or serious illness or funeral of an immediate family member;
   
   (iv) active duty in any military branch of the United States; or
   
   (v) the child has a condition that requires ongoing treatment for a mental health diagnosis; or
   
   (vi) other exemptions included in the district's school attendance policy;
   
2. that the child has already completed state and district standards required for graduation from high school; or
   
3. that it is the wish of the parent, guardian, or other person having control of the child, that the child attend for a period or periods not exceeding in the aggregate three hours in any week, a school for religious instruction conducted and maintained by some church, or association of churches, or any Sunday school association incorporated under the laws of this state, or any auxiliary thereof. This school for religious instruction must be conducted and maintained in a place other than a public school building, and it must not, in whole or in part, be conducted and maintained at public expense. However, a child may be absent from school on such days as the child attends upon instruction according to the ordinances of some church.

Sec. 3. Minnesota Statutes 2008, section 120B.02, is amended to read:

120B.02 EDUCATIONAL EXPECTATIONS FOR MINNESOTA'S STUDENTS.

(a) The legislature is committed to establishing rigorous academic standards for Minnesota's public school students. To that end, the commissioner shall adopt in rule statewide academic standards. The commissioner shall not prescribe in rule or otherwise the delivery system, classroom assessments, or form of instruction that school sites must use. For purposes of this chapter, a school site is a separate facility, or a separate program within a facility that a local school board recognizes as a school site for funding purposes.

(b) All commissioner actions regarding the rule must be premised on the following:

1. the rule is intended to raise academic expectations for students, teachers, and schools;

2. any state action regarding the rule must evidence consideration of school district autonomy; and

3. the Department of Education, with the assistance of school districts, must make available information about all state initiatives related to the rule to students and parents, teachers, and the general public in a timely format that is appropriate, comprehensive, and readily understandable.
(c) When fully implemented, the requirements for high school graduation in Minnesota must require students to satisfactorily complete, as determined by the school district, the course credit requirements under section 120B.24, all state academic standards or local academic standards where state standards do not apply, and successfully pass graduation examinations as required under section 120B.30.

(1) for students enrolled in grade 8 before the 2005-2006 school year, to pass the basic skills test requirements; and

(2) for students enrolled in grade 8 in the 2005-2006 school year and later, to pass the Minnesota Comprehensive Assessments Second Edition (MCA II).

(d) The commissioner shall periodically review and report on the state's assessment process.

(e) School districts are not required to adopt specific provisions of the federal School-to-Work programs.

**EFFECTIVE DATE.** This section is effective August 1, 2012, and applies to students entering the 9th grade in the 2012-2013 school year and later.

Sec. 4. Minnesota Statutes 2008, section 120B.022, subdivision 1, is amended to read:

Subdivision 1. **Elective standards.** (a) A district must establish its own standards in the following subject areas:

(1) vocational and technical education; and

(2) world languages.

A school district must offer courses in all elective subject areas.

(b) World languages teachers and other school staff should develop and implement world languages programs that acknowledge and reinforce the language proficiency and cultural awareness that non-English language speakers already possess, and encourage students' proficiency in multiple world languages. Programs under this paragraph must encompass indigenous American Indian languages and cultures, among other world languages and cultures. The department shall consult with postsecondary institutions in developing related professional development opportunities.

(c) Any Minnesota public, charter, or nonpublic school may award Minnesota World Language Proficiency Certificates or Minnesota World Language Proficiency High Achievement Certificates, consistent with this subdivision.

The Minnesota World Language Proficiency Certificate recognizes students who demonstrate listening, speaking, reading, and writing language skills at the American Council on the Teaching of Foreign Languages' Intermediate-Low level on a valid and reliable assessment tool. For languages listed as Category 3 by the United States Foreign Service Institute or Category 4 by the United States Defense Language Institute, the standard is Intermediate-Low for listening and speaking and Novice-High for reading and writing.

The Minnesota World Language Proficiency High Achievement Certificate recognizes students who demonstrate listening, speaking, reading, and writing language skills at the American Council on the Teaching of Foreign Languages' Pre-Advanced level for K-12 learners on a valid and reliable assessment tool. For languages listed as Category 3 by the United States Foreign Service Institute or Category 4 by the United States Defense Language Institute, the standard is Pre-Advanced for listening and speaking and Intermediate-Mid for reading and writing.
Sec. 5. Minnesota Statutes 2008, section 120B.023, subdivision 2, is amended to read:

Subd. 2. Revisions and reviews required. (a) The commissioner of education must revise and appropriately embed technology and information literacy standards consistent with recommendations from school media specialists into the state's academic standards and graduation requirements and implement a review cycle for state academic standards and related benchmarks, consistent with this subdivision. During each review cycle, the commissioner also must examine the alignment of each required academic standard and related benchmark with the knowledge and skills students need for college readiness and advanced work in the particular subject area.

(b) The commissioner in the 2006-2007 school year must revise and align the state's academic standards and high school graduation requirements in mathematics to require that students satisfactorily complete the revised mathematics standards, beginning in the 2010-2011 school year. Under the revised standards:

(1) students must satisfactorily complete an algebra I credit by the end of eighth grade; and

(2) students scheduled to graduate in the 2014-2015 school year or later must satisfactorily complete an algebra II credit or its equivalent.

The commissioner also must ensure that the statewide mathematics assessments administered to students in grades 3 through 8 and 11 beginning in the 2010-2011 school year are aligned with the state academic standards in mathematics, consistent with section 120B.30, subdivision 1, paragraph (b). The statewide 11th grade mathematics test administered to students under clause (2) beginning in the 2013-2014 school year must include algebra II test items that are aligned with corresponding state academic standards in mathematics. The commissioner must implement a review of the academic standards and related benchmarks in mathematics beginning in the 2015-2016 school year.

(c) The commissioner in the 2007-2008 school year must revise and align the state's academic standards and high school graduation requirements in the arts to require that students satisfactorily complete the revised arts standards beginning in the 2010-2011 school year. The commissioner must implement a review of the academic standards and related benchmarks in arts beginning in the 2016-2017 school year.

(d) The commissioner in the 2008-2009 school year must revise and align the state's academic standards and high school graduation requirements in science to require that students satisfactorily complete the revised science standards, beginning in the 2011-2012 school year. Under the revised standards, students scheduled to graduate in the 2014-2015 school year or later must satisfactorily complete a chemistry or physics credit. The commissioner must implement a review of the academic standards and related benchmarks in science beginning in the 2017-2018 school year.

(e) The commissioner in the 2009-2010 school year must revise and align the state's academic standards and high school graduation requirements in language arts to require that students satisfactorily complete the revised language arts standards beginning in the 2012-2013 school year. The commissioner must implement a review of the academic standards and related benchmarks in language arts beginning in the 2018-2019 school year.

(f) The commissioner in the 2010-2011 school year must revise and align the state's academic standards and high school graduation requirements in social studies to require that students satisfactorily complete the revised social studies standards beginning in the 2013-2014 school year. The commissioner must implement a review of the academic standards and related benchmarks in social studies beginning in the 2019-2020 school year.

(g) School districts and charter schools must revise and align local academic standards and high school graduation requirements in health, physical education, world languages, and career and technical education to require students to complete the revised standards beginning in a school year determined by the school district or
charter school. School districts and charter schools must formally establish a periodic review cycle for the academic standards and related benchmarks in health, physical education, world languages, and career and technical education.

**EFFECTIVE DATE.** This section is effective the day following final enactment.

Sec. 6. Minnesota Statutes 2008, section 120B.11, subdivision 5, is amended to read:

Subd. 5. **Report.** (a) By October 1 of each year, the school board shall use standard statewide reporting procedures the commissioner develops and adopt a report that includes the following:

1. student achievement goals for meeting state academic standards;
2. results of local assessment data, and any additional test data;
3. the annual school district improvement plans including staff development goals under section 122A.60;
4. information about district and learning site progress in realizing previously adopted improvement plans; and
5. the amount and type of revenue attributed to each education site as defined in section 123B.04.

(b) The school board shall publish a summary of the report in the local newspaper with the largest circulation in the district, by mail, or by electronic means such as the district Web site. If electronic means are used, school districts must publish notice of the report in a periodical of general circulation in the district. School districts must make copies of the report available to the public on request. The board shall make a copy of the report available to the public for inspection. The board shall send a copy of the report to the commissioner of education by October 15 of each year.

(c) The title of the report shall contain the name and number of the school district and read "Annual Report on Curriculum, Instruction, and Student Achievement." The report must include at least the following information about advisory committee membership:

1. the name of each committee member and the date when that member's term expires;
2. the method and criteria the school board uses to select committee members; and
3. the date by which a community resident must apply to next serve on the committee.

Sec. 7. **[120B.299] DEFINITIONS.**

Subdivision 1. **Definitions.** The definitions in this section apply to this chapter.

Subd. 2. **Growth.** "Growth" compares the difference in a student's achievement score at two or more distinct points in time.

Subd. 3. **Value added.** "Value added" is the amount of achievement a student demonstrates above an established baseline. The difference between the student's score and the baseline defines value added.

Subd. 4. **Value-added growth.** "Value-added growth" is based on a student's growth score. In a value-added growth system, the student's first test is the baseline, and the difference between the student's first and next test scores within a defined period is the measure of value added. Value-added growth models use student-level data to measure what portion of a student’s growth can be explained by inputs related to the educational environment.
Subd. 5. **Adequate yearly progress.** A school or district makes "adequate yearly progress" if, for every student subgroup under the federal 2001 No Child Left Behind Act in the school or district, its proficiency index or other approved adjustments for performance, based on statewide assessment scores, meets or exceeds federal expectations. To make adequate yearly progress, the school or district also must satisfy applicable federal requirements related to student attendance, graduation, and test participation rates.

Subd. 6. **State growth target.** (a) "State growth target" is the average year-two assessment scores for students with similar year-one assessment scores.

(b) The state growth targets for each grade and subject are benchmarked as follows until the assessment scale changes:

1. beginning in the 2008-2009 school year, the state growth target for grades 3 to 8 is benchmarked to 2006-2007 and 2007-2008 school year data;

2. beginning in the 2008-2009 school year the state growth target for grade 10 is benchmarked to 2005-2006 and 2006-2007 school year data;

3. for the 2008-2009 school year, the state growth target for grade 11 is benchmarked to 2005-2006 school year data; and

4. beginning in the 2009-2010 school year, the state growth target for grade 11 is benchmarked to 2005-2006 and 2006-2007 school year data.

(c) Each time before the assessment scale changes, a stakeholder group that includes assessment and evaluation directors and staff and researchers must recommend a new state growth target that the commissioner must consider when revising standards under section 120B.023, subdivision 2.

Subd. 7. **Low growth.** "Low growth" is an assessment score one-half standard deviation below the state growth target.

Subd. 8. **Medium growth.** "Medium growth" is an assessment score within one-half standard deviation above or below the state growth target.

Subd. 9. **High growth.** "High growth" is an assessment score one-half standard deviation or more above the state growth target.

Subd. 10. **Proficiency.** "Proficiency" for purposes of reporting growth on school performance report cards under section 120B.36, subdivision 1, means those students who, in the previous school year, scored at or above "meets standards" on the statewide assessments under section 120B.30. Each year, school performance report cards must separately display: (1) the numbers and percentages of students who achieved low growth, medium growth, and high growth and achieved proficiency in the previous school year; and (2) the numbers and percentages of students who achieved low growth, medium growth, and high growth and did not achieve proficiency in the previous school year.

Subd. 11. **Growth and progress toward proficiency.** The categories of low growth, medium growth, and high growth shall be used to indicate both (1) growth and (2) progress toward grade-level proficiency that is consistent with subdivision 10.

**EFFECTIVE DATE.** This section is effective the day following final enactment.
Sec. 8. Minnesota Statutes 2008, section 120B.30, is amended to read:

120B.30 STATEWIDE TESTING AND REPORTING SYSTEM.

Subdivision 1. Statewide testing. (a) The commissioner, with advice from experts with appropriate technical qualifications and experience and stakeholders, consistent with subdivision 1a, shall include in the comprehensive assessment system, for each grade level to be tested, state-constructed tests developed from and aligned with the state's required academic standards under section 120B.021, include multiple choice questions, and be administered annually to all students in grades 3 through 8 and at the high school level. A State-developed test high school tests aligned with the state's required academic standards under section 120B.021 and administered to all high school students in a subject other than writing, developed after the 2002-2003 school year, must include both machine-scoreable and constructed response multiple choice questions. The commissioner shall establish one or more months during which schools shall administer the tests to students each school year. For students enrolled in grade 8 before the 2005-2006 school year, only Minnesota basic skills tests in reading, mathematics, and writing shall fulfill students' basic skills testing requirements for a passing state notation. The passing scores of basic skills tests in reading and mathematics are the equivalent of 75 percent correct for students entering grade 9 in 1997 and thereafter, as based on the first uniform test administration administered in February 1998. Students who have not successfully passed a Minnesota basic skills test by the end of the 2011-2012 school year must pass the graduation-required assessments for diploma under paragraph (b).

(b) The state assessment system must be aligned to the most recent revision of academic standards as described in section 120B.023 in the following manner:

(1) mathematics;

(i) grades 3 through 8 beginning in the 2010-2011 school year; and

(ii) high school level beginning in the 2013-2014 school year;

(2) science; grades 5 and 8 and at the high school level beginning in the 2011-2012 school year; and

(3) language arts and reading; grades 3 through 8 and high school level beginning in the 2012-2013 school year.

(c) For students enrolled in grade 8 in the 2005-2006 school year and later, only the following options shall fulfill students' state graduation test requirements:

(1) for reading and mathematics:

(i) obtaining an achievement level equivalent to or greater than proficient as determined through a standard setting process on the Minnesota comprehensive assessments in grade 10 for reading and grade 11 for mathematics or achieving a passing score as determined through a standard setting process on the graduation-required assessment for diploma in grade 10 for reading and grade 11 for mathematics or subsequent retests;

(ii) achieving a passing score as determined through a standard setting process on the state-identified language proficiency test in reading and the mathematics test for English language learners or the graduation-required assessment for diploma equivalent of those assessments for students designated as English language learners;

(iii) achieving an individual passing score on the graduation-required assessment for diploma as determined by appropriate state guidelines for students with an individual education plan or 504 plan;
(iv) obtaining achievement level equivalent to or greater than proficient as determined through a standard setting process on the state-identified alternate assessment or assessments in grade 10 for reading and grade 11 for mathematics for students with an individual education plan; or

(v) achieving an individual passing score on the state-identified alternate assessment or assessments as determined by appropriate state guidelines for students with an individual education plan; and

(2) for writing:

(i) achieving a passing score on the graduation-required assessment for diploma;

(ii) achieving a passing score as determined through a standard setting process on the state-identified language proficiency test in writing for students designated as English language learners;

(iii) achieving an individual passing score on the graduation-required assessment for diploma as determined by appropriate state guidelines for students with an individual education plan or 504 plan; or

(iv) achieving an individual passing score on the state-identified alternate assessment or assessments as determined by appropriate state guidelines for students with an individual education plan.

(d) Students enrolled in grade 8 in any school year from the 2005-2006 school year to the 2009-2010 school year who do not pass the mathematics graduation-required assessment for diploma under paragraph (b) are eligible to receive a high school diploma with a passing state notation if they:

(1) complete with a passing score or grade all state and local coursework and credits required for graduation by the school board granting the students their diploma;

(2) participate in district-prescribed academic remediation in mathematics; and

(3) fully participate in at least two retests of the mathematics GRAD test or until they pass the mathematics GRAD test, whichever comes first. A school, district, or charter school must place a student's highest assessment score for each of the following assessments on the student's high school transcript: the mathematics Minnesota Comprehensive Assessment, reading Minnesota Comprehensive Assessment, and writing Graduation-Required Assessment for Diploma, and when applicable, the mathematics Graduation-Required Assessment for Diploma and reading Graduation-Required Assessment for Diploma.

In addition, the school board granting the students their diplomas may formally decide to include a notation of high achievement on the high school diplomas of those graduating seniors who, according to established school board criteria, demonstrate exemplary academic achievement during high school.

(e) The 3rd through 8th grade and high school test results shall be available to districts for diagnostic purposes affecting student learning and district instruction and curriculum, and for establishing educational accountability. The commissioner must disseminate to the public the high school test results upon receiving those results.

(f) The 3rd through 8th grade and high school level test results shall be constructed and aligned with state academic standards. The commissioner shall determine the testing process and the order of administration shall be determined by the commissioner. The statewide results shall be aggregated at the site and district level, consistent with subdivision 1a.
In addition to the testing and reporting requirements under this section, the commissioner shall include the following components in the statewide public reporting system:

(1) uniform statewide testing of all students in grades 3 through 8 and at the high school level that provides appropriate, technically sound accommodations, or alternate assessments, or exemptions consistent with applicable federal law, only with parent or guardian approval, for those very few students for whom the student's individual education plan team under sections 125A.05 and 125A.06 determines that the general statewide test is inappropriate for a student, or for a limited English proficiency student under section 124D.59, subdivision 2;

(2) educational indicators that can be aggregated and compared across school districts and across time on a statewide basis, including average daily attendance, high school graduation rates, and high school drop-out rates by age and grade level;

(3) state results on the American College Test; and

(4) state results from participation in the National Assessment of Educational Progress so that the state can benchmark its performance against the nation and other states, and, where possible, against other countries, and contribute to the national effort to monitor achievement.

Subd. 1a. Statewide and local assessments; results. (a) For purposes of conforming with existing federal educational accountability requirements, the commissioner must develop reading, and mathematics, and science assessments for grades 3 through 8, state-developed high school reading and mathematics tests aligned with state academic standards, and science assessments under clause (2) that districts and sites must use to monitor student growth toward achieving those standards. The commissioner must not develop statewide assessments for academic standards in social studies, health and physical education, and the arts. The commissioner must require:

(1) annual reading and mathematics assessments in grades 3 through 8, and at the high school level for the 2005-2006 school year and later high school reading and mathematics tests; and

(2) annual science assessments in one grade in the grades 3 through 5 span, the grades 6 through 9 span, and a life sciences assessment in the grades 10 through 12 span for the 2007-2008 school year and later, and the commissioner must not require students to achieve a passing score on high school science assessments as a condition of receiving a high school diploma.

(b) The commissioner must ensure that all statewide tests administered to elementary and secondary students measure students' academic knowledge and skills and not students' values, attitudes, and beliefs.

(c) Reporting of assessment results must:

(1) provide timely, useful, and understandable information on the performance of individual students, schools, school districts, and the state;

(2) include, by no later than the 2008-2009 school year, a value-added component that is in addition to a measure for student achievement growth over time growth indicator of student achievement under section 120B.35, subdivision 3, paragraph (b); and

(3)(i) for students enrolled in grade 8 before the 2005-2006 school year, determine whether students have met the state's basic skills requirements; and

(ii) for students enrolled in grade 8 in the 2005-2006 school year and later, determine whether students have met the state's academic standards.
(d) Consistent with applicable federal law and subdivision 1, paragraph (d), clause (1), the commissioner must include appropriate, technically sound accommodations or alternative assessments for the very few students with disabilities for whom statewide assessments are inappropriate and for students with limited English proficiency.

(e) A school, school district, and charter school must administer statewide assessments under this section, as the assessments become available, to evaluate student progress in achieving the proficiency in the context of the state's grade level academic standards. If a state assessment is not available, a school, school district, and charter school must determine locally if a student has met the required academic standards. A school, school district, or charter school may use a student's performance on a statewide assessment as one of multiple criteria to determine grade promotion or retention. A school, school district, or charter school may use a high school student's performance on a statewide assessment as a percentage of the student's final grade in a course, or place a student's assessment score on the student's transcript.

Subd. 2. **Department of Education assistance.** The Department of Education shall contract for professional and technical services according to competitive bidding procedures under chapter 16C for purposes of this section.

Subd. 3. **Reporting.** The commissioner shall report test data publicly and to stakeholders, including the performance achievement levels developed from students' unweighted test scores in each tested subject and a listing of demographic factors that strongly correlate with student performance. The commissioner shall also report data that compares performance results among school sites, school districts, Minnesota and other states, and Minnesota and other nations. The commissioner shall disseminate to schools and school districts a more comprehensive report containing testing information that meets local needs for evaluating instruction and curriculum.

Subd. 4. **Access to tests.** The commissioner must adopt and publish a policy to provide public and parental access for review of basic skills tests, Minnesota Comprehensive Assessments, or any other such statewide test and assessment. Upon receiving a written request, the commissioner must make available to parents or guardians a copy of their student's actual responses to the test questions to be reviewed by the parent for their review.

**EFFECTIVE DATE.** This section is effective the day following final enactment. Subdivision 1, paragraph (d), applies to the 2009-2010 through 2013-2014 school years only. Minnesota Statutes, section 120B.30, subdivision 1, paragraph (b), clause (1), item (ii), is not effective until July 1, 2010, and the legislature specifically authorizes the number, subject area, grade level, and consequence of a high school mathematics assessment program; if the legislature does not authorize the assessment program by July 1, 2010, the graduation-required assessment for diploma in grade 11 for mathematics under Minnesota Statutes, section 120B.30, subdivision 1, paragraph (c), remains in effect.

Sec. 9. Minnesota Statutes 2008, section 120B.31, subdivision 1, is amended to read:

Subdivision 1. **Educational accountability and public reporting.** Consistent with the process direction to adopt a results-oriented graduation rule statewide academic standards under section 120B.02, the department, in consultation with education and other system stakeholders, must establish a coordinated and comprehensive system of educational accountability and public reporting that promotes higher academic achievement, preparation for higher academic education, preparation for the world of work, citizenship under sections 120B.021, subdivision 1, clause (4), and 120B.024, paragraph (a), clause (4), and the arts.

Sec. 10. Minnesota Statutes 2008, section 120B.31, subdivision 3, is amended to read:

Subd. 3. **Educational accountability.** (a) The Independent Office of Educational Accountability, as authorized by Laws 1997, First Special Session chapter 4, article 5, section 28, subdivision 2, is established, and shall be funded through the Board of Regents of the University of Minnesota. The office shall advise the education committees of the legislature and the commissioner of education, at least on a biennial basis, on the degree to which the statewide
educational accountability and reporting system includes a comprehensive assessment framework that measures school accountability for students achieving the goals described in the state's results-oriented high school graduation rule. The office shall determine and annually report to the legislature whether and how effectively:

(1) the statewide system of educational accountability utilizes multiple indicators to provide valid and reliable comparative and contextual data on students, schools, districts, and the state, and if not, recommend ways to improve the accountability reporting system;

(2) the commissioner makes statistical adjustments when reporting student data over time, consistent with clause (4);

(3) the commissioner uses indicators of student achievement growth and a value-added assessment model that estimates the effects of the school and school district on student achievement to measure school performance, consistent with section 120B.35, subdivision 3, paragraph (b);

(4) the commissioner makes data available on students who do not pass one or more of the state's required GRAD tests and do not receive a diploma as a consequence, and categorizes these data according to gender, race, eligibility for free or reduced lunch, and English language proficiency; and

(5) the commissioner fulfills the requirements under section 127A.095, subdivision 2.

(b) When the office reviews the statewide educational accountability and reporting system, it shall also consider:

(1) the objectivity and neutrality of the state's educational accountability system; and

(2) the impact of a testing program on school curriculum and student learning.

Sec. 11. Minnesota Statutes 2008, section 120B.31, subdivision 4, is amended to read:

Subd. 4. Statistical adjustments; student performance data. In developing policies and assessment processes to hold schools and districts accountable for high levels of academic standards under section 120B.021, the commissioner shall aggregate student data over time to report student performance and growth levels measured at the school, school district, regional, or statewide level. When collecting and reporting the performance data, the commissioner shall: (1) acknowledge the impact of significant demographic factors such as residential instability, the number of single parent families, parents' level of education, and parents' income level on school outcomes; and (2) organize and report the data so that state and local policy makers can understand the educational implications of changes in districts' demographic profiles over time. Any report the commissioner disseminates containing summary data on student performance must integrate student performance and the demographic factors that strongly correlate with that performance.

Sec. 12. Minnesota Statutes 2008, section 120B.35, is amended to read:

120B.35 STUDENT ACADEMIC ACHIEVEMENT AND PROGRESS GROWTH.

Subdivision 1. Adequate yearly progress of schools and students. School and student indicators of growth and achievement. The commissioner must develop and implement a system for measuring and reporting academic achievement and individual student progress growth, consistent with the statewide educational accountability and reporting system. The system components must measure and separately report the adequate yearly progress of schools and the growth of individual students: students' current achievement in schools under subdivision 2; and individual students' educational progress growth over time under subdivision 3. The system also
must include statewide measures of student academic achievement growth that identify schools with high levels of achievement growth, and also schools with low levels of achievement growth that need improvement. When determining a school’s effect, the data must include both statewide measures of student achievement and, to the extent annual tests are administered, indicators of achievement growth that take into account a student's prior achievement. Indicators of achievement and prior achievement must be based on highly reliable statewide or districtwide assessments. Indicators that take into account a student’s prior achievement must not be used to disregard a school’s low achievement or to exclude a school from a program to improve low achievement levels. The commissioner by January 15, 2002, must submit a plan for integrating these components to the chairs of the legislative committees having policy and budgetary responsibilities for elementary and secondary education.

Subd. 2. Federal expectations for student academic achievement. (a) Each school year, a school district must determine if the student achievement levels at each school site meet state and local federal expectations. If student achievement levels at a school site do not meet state and local federal expectations and the site has not made adequate yearly progress for two consecutive school years, beginning with the 2001-2002 school year, the district must work with the school site to adopt a plan to raise student achievement levels to meet state and local federal expectations. The commissioner of education shall establish student academic achievement levels to comply with this paragraph.

(b) School sites identified as not meeting federal expectations must develop continuous improvement plans in order to meet state and local federal expectations for student academic achievement. The department, at a district’s request, must assist the district and the school site in developing a plan to improve student achievement. The plan must include parental involvement components.

(c) The commissioner must:

(1) provide assistance to assist school sites and districts identified as not meeting federal expectations; and

(2) provide technical assistance to schools that integrate student achievement measures under subdivision 3 into the school continuous improvement plan.

(d) The commissioner shall establish and maintain a continuous improvement Web site designed to make data on every school and district available to parents, teachers, administrators, community members, and the general public.

Subd. 3. Student progress assessment. State growth target; other state measures. (a) The state's educational assessment system component measuring individual students’ educational progress must be based, to the extent annual tests are administered, on indicators of achievement growth that show an individual student's prior achievement. Indicators of achievement and prior achievement must be based on highly reliable statewide or districtwide assessments.

(b) The commissioner, in consultation with a stakeholder group that includes assessment and evaluation directors and staff and researchers must identify effective models for measuring individual student progress that enable a school district or school site to perform gains-based analysis, including evaluating the effects of the teacher, school, and school district on student achievement over time. At least one model must be a “value-added” assessment model that reliably estimates those effects for classroom settings where a single teacher teaches multiple subjects to the same group of students, for team teaching arrangements, and for other teaching circumstances. Implement a model that uses a value-added growth indicator and includes criteria for identifying schools and school districts that demonstrate medium and high growth under section 120B.299, subdivisions 8 and 9, and may recommend other value-added measures under section 120B.299, subdivision 3. The model may be used to advance educators’ professional development and replicate programs that succeed in meeting students’ diverse learning needs. Data on individual teachers generated under the model are personnel data under section 13.43. The model must allow users to:
(1) report student growth consistent with this paragraph; and

(2) for all student categories, report and compare aggregated and disaggregated state growth data using the nine student categories identified under the federal 2001 No Child Left Behind Act and two student gender categories of male and female, respectively, following appropriate reporting practices to protect nonpublic student data.

The commissioner must report separate measures of student growth and proficiency, consistent with this paragraph.

(c) If a district has an accountability plan that includes gains-based analysis or “value added” assessment, the commissioner shall, to the extent practicable, incorporate those measures in determining whether the district or school site meets expectations. The department must coordinate with the district in evaluating school sites and continuous improvement plans, consistent with best practices. When reporting student performance under section 120B.36, subdivision 1, the commissioner annually, beginning July 1, 2011, must report two core measures indicating the extent to which current high school graduates are being prepared for postsecondary academic and career opportunities:

(1) a preparation measure indicating the number and percentage of high school graduates in the most recent school year who completed course work important to preparing them for postsecondary academic and career opportunities, consistent with the core academic subjects required for admission to Minnesota’s public colleges and universities as determined by the Office of Higher Education under chapter 136A; and

(2) a rigorous coursework measure indicating the number and percentage of high school graduates in the most recent school year who successfully completed one or more college-level advanced placement, international baccalaureate, postsecondary enrollment options including concurrent enrollment, other rigorous courses of study under section 120B.021, subdivision 1a, or industry certification courses or programs.

When reporting the core measures under clauses (1) and (2), the commissioner must also analyze and report separate categories of information using the nine student categories identified under the federal 2001 No Child Left Behind Act and two student gender categories of male and female, respectively following appropriate reporting practices to protect nonpublic student data.

(d) When reporting student performance under section 120B.36, subdivision 1, the commissioner annually, beginning July 1, 2014, must report summary data on school safety and students’ engagement and connection at school. The summary data under this paragraph are separate from and must not be used for any purpose related to measuring or evaluating the performance of classroom teachers. The commissioner, in consultation with qualified experts on student engagement and connection and classroom teachers, must identify highly reliable variables that generate summary data under this paragraph. The summary data may be used at school, district, and state levels only. Any data on individuals received, collected, or created that are used to generate the summary data under this paragraph are nonpublic data under section 13.02, subdivision 9.

Subd. 4. Improving schools. Consistent with the requirements of this section, beginning June 20, 2012, the commissioner of education must establish a second achievement benchmark to identify improving schools. The commissioner must recommend to annually report to the public and the legislature by February 15, 2002, indicators in addition to the achievement benchmark for identifying improving schools, including an indicator requiring a school to demonstrate ongoing successful use of best teaching practices, the organizational and curricular practices implemented in those schools that demonstrate medium and high growth compared to the state growth target.

Subd. 5. Improving graduation rates for students with emotional or behavioral disorders. (a) A district must develop strategies in conjunction with parents of students with emotional or behavioral disorders and the county board responsible for implementing sections 245.487 to 245.4889 to keep students with emotional or behavioral disorders in school, when the district has a drop-out rate for students with an emotional or behavioral disorder in grades 9 through 12 exceeding 25 percent.
(b) A district must develop a plan in conjunction with parents of students with emotional or behavioral disorders and the local mental health authority to increase the graduation rates of students with emotional or behavioral disorders. A district with a drop-out rate for children with an emotional or behavioral disturbance in grades 9 through 12 that is in the top 25 percent of all districts shall submit a plan for review and oversight to the commissioner.

EFFECTIVE DATE. Subdivision 3, paragraph (b), applies to students in the 2008-2009 school year and later. Subdivision 3, paragraph (c), applies to students in the 2010-2011 school year and later. Subdivision 3, paragraph (d), applies to data that are collected in the 2012-2013 school year and later and reported annually beginning July 1, 2014, consistent with advice the commissioner receives from recognized and qualified experts on student engagement and connection and classroom teachers. Subdivision 4 applies in the 2011-2012 school year and later.

Sec. 13. Minnesota Statutes 2008, section 120B.36, is amended to read:

120B.36 SCHOOL ACCOUNTABILITY; APPEALS PROCESS.

Subdivision 1. School performance report cards. (a) The commissioner shall use objective criteria based on levels of student performance to report at least student academic performance under section 120B.35, subdivision 2, the percentages of students showing low, medium, and high growth under section 120B.35, subdivision 3, paragraph (b), school safety and student engagement and connection under section 120B.35, subdivision 3, paragraph (d), rigorous coursework under section 120B.35, subdivision 3, paragraph (d), two separate student-to-teacher ratios that clearly indicate the definition of teacher consistent with sections 122A.06 and 122A.15 for purposes of determining these ratios, and staff characteristics excluding salaries, with a value added component added no later than the 2008-2009 school year student enrollment demographics, district mobility, and extracurricular activities. The report also must indicate a school's adequate yearly progress status, and must not set any designations applicable to high- and low-performing schools due solely to adequate yearly progress status.

(b) The commissioner shall develop, annually update, and post on the department Web site school performance report cards.

(c) The commissioner must make available the first performance report cards by November 2003, and during the beginning of each school year thereafter.

(d) A school or district may appeal its adequate yearly progress status in writing to the commissioner within 30 days of receiving the notice of its status. The commissioner's decision to uphold or deny an appeal is final.

(e) School performance report cards are nonpublic data under section 13.02, subdivision 9, until not later than ten days after the appeal procedure described in paragraph (d) concludes. The department shall annually post school performance report cards to its public Web site no later than September 1.

Subd. 2. Adequate yearly progress and other data. All data the department receives, collects, or creates for purposes of determining adequate yearly progress designations are nonpublic data under section 13.02, subdivision 9, until not later than ten days after the appeal procedure described in subdivision 1, paragraph (d), concludes. Districts must provide parents sufficiently detailed summary data to permit parents to appeal under Public Law 107-110, section 1116(b)(2). The department shall annually post federal adequate yearly progress data and state student growth data to its public Web site no later than September 1.

EFFECTIVE DATE. This section is effective the day following final enactment.
Sec. 14. Minnesota Statutes 2008, section 122A.06, subdivision 4, is amended to read:

Subd. 4. **Comprehensive, scientifically based reading instruction.** (a) "Comprehensive, scientifically based reading instruction" includes a program or collection of instructional practices that is based on reliable, valid, replicable evidence showing that when these programs or practices are used, students can be expected to achieve, at a minimum, satisfactory reading progress. The program or collection of practices must include, at a minimum, effective, balanced instruction in all five areas of reading: phonemic awareness, phonics, fluency, vocabulary development, and text reading comprehension.

Comprehensive, scientifically based reading instruction also includes and integrates instructional strategies for continuously assessing, evaluating, and communicating the student's reading progress and needs in order to design and implement ongoing interventions so that students of all ages and proficiency levels can read and comprehend text and apply higher level thinking skills.

(b) "Fluency" is the ability of students to read text with speed, accuracy, and proper expression.

(c) "Phonemic awareness" is the ability of students to notice, think about, and manipulate individual sounds in spoken syllables and words.

(d) "Phonics" is the understanding that there are systematic and predictable relationships between written letters and spoken words. Phonics instruction is a way of teaching reading that stresses learning how letters correspond to sounds and how to apply this knowledge in reading and spelling.

(e) "Reading comprehension" is an active process that requires intentional thinking during which meaning is constructed through interactions between text and reader. Comprehension skills are taught explicitly by demonstrating, explaining, modeling, and implementing specific cognitive strategies to help beginning readers derive meaning through intentional, problem-solving thinking processes.

(f) "Vocabulary development" is the process of teaching vocabulary both directly and indirectly, with repetition and multiple exposures to vocabulary items. Learning in rich contexts, incidental learning, and use of computer technology enhance the acquiring of vocabulary.

(g) Nothing in this subdivision limits the authority of a school district to select a school's reading program or curriculum.

**EFFECTIVE DATE.** This section is effective the day following final enactment.

Such rules must require college and universities offering a board-approved teacher preparation program to provide remedial assistance to persons who did not achieve a qualifying score on the skills examination, including those for whom English is a second language.

(c) The board must adopt rules to approve teacher preparation programs. The board, upon the request of a postsecondary student preparing for teacher licensure or a licensed graduate of a teacher preparation program, shall assist in resolving a dispute between the person and a postsecondary institution providing a teacher preparation program when the dispute involves an institution’s recommendation for licensure affecting the person or the person’s credentials. At the board’s discretion, assistance may include the application of chapter 14.

(d) The board must provide the leadership and shall adopt rules for the redesign of teacher education programs to implement a research based, results-oriented curriculum that focuses on the skills teachers need in order to be effective. (e) The board must adopt rules requiring successful completion of candidates for initial licenses to successfully complete an examination of general pedagogical knowledge and examinations of licensure-specific teaching skills. The rules shall be effective on the dates determined by the board but not later than September 1, 2001. (f) The board must adopt rules requiring teacher educators to work directly with elementary or secondary school teachers in elementary or secondary schools to obtain periodic exposure to the elementary or secondary teaching environment.

(g) The board must grant licenses to interns and to candidates for initial licenses.

(k) The board must adopt rules that require all licensed teachers who are renewing their continuing license to include in their renewal requirements further preparation in the areas of using positive behavior interventions and in accommodating, modifying, and adapting curricula, materials, and strategies to appropriately meet the needs of individual students and ensure adequate progress toward the state’s graduation rule.

(l) In adopting rules to license public school teachers who provide health-related services for disabled children, the board shall adopt rules consistent with license or registration requirements of the commissioner of health and the health-related boards who license personnel who perform similar services outside of the school.

(m) The board must adopt rules that require all licensed teachers who are renewing their continuing license to include in their renewal requirements further preparation in understanding the key warning signs of early-onset mental illness in children and adolescents.

Sec. 29. Minnesota Statutes 2008, section 123A.05, is amended to read:

**123A.05 AREA LEARNING CENTER STATE-APPROVED ALTERNATIVE PROGRAM ORGANIZATION.**

Subdivision 1. **Governance.** (a) A district may establish an area learning center either by itself or in cooperation with other districts, alternative learning program, or contract alternative in accordance with sections 124D.68, subdivision 3, paragraph (d), and 124D.69.

(b) An area learning center is encouraged to cooperate with a service cooperative, an intermediate school district, a local education and employment transitions partnership, public and private secondary and postsecondary institutions, public agencies, businesses, and foundations. Except for a district located in a city of the first class, an area learning center must be established in cooperation with other districts and must serve the geographic area of at least two districts. An area learning center must provide comprehensive educational services to enrolled secondary students throughout the year, including a daytime school within a school or separate site for both high school and middle school level students.
(c) An alternative learning program may serve the students of one or more districts, may designate which grades are served, and may make program hours and a calendar optional.

The superintendent of the Bureau of Criminal Apprehension shall conduct the background check by retrieving criminal history data maintained in the criminal justice information system computers. A school hiring authority, at its discretion, may decide not to request a criminal history background check on an individual who holds an initial entrance license issued by the State Board of Teaching or the commissioner of education within the 12 months preceding an offer of employment.

(3) the individual who is the subject of the criminal background check executes a written consent form giving a school hiring authority access to the results of the check; and

(4) there is no reason to believe that the individual has committed an act subsequent to the check that would disqualify the individual for employment.

(c) A school hiring authority may, at its discretion, request a criminal history background check from the superintendent of the Bureau of Criminal Apprehension on any individual who seeks to enter a school or its grounds for the purpose of serving as a school volunteer or working as an independent contractor or student employee. (d) For all nonstate residents who are offered employment in a school, a school hiring authority shall request a criminal history background check on such individuals from the superintendent of the Bureau of Criminal Apprehension and from the government agency performing the same function in the resident state or, if no government entity performs the same function in the resident state, from the Federal Bureau of Investigation. Such individuals must provide an executed criminal history consent form and a money order, check, or other negotiable instrument payable to the school hiring authority in an amount equal to the actual cost to the government agencies and the school district of conducting the criminal history background check. Notwithstanding section 299C.62, subdivision 1, the cost of the criminal history background check under this paragraph is the responsibility of the individual.

(e) At the beginning of each school year or when a student enrolls, a school hiring authority must notify parents and guardians about the school hiring authority’s policy requiring a criminal history background check on employees and other individuals who provide services to the school, and identify those positions subject to a background check and the extent of the hiring authority’s discretion in requiring a background check. The school hiring authority may include the notice in the student handbook, a school policy guide, or other similar communication. Nothing in this paragraph affects a school hiring authority’s ability to request a criminal history background check on an individual under paragraph (c).

The sponsor authorizer shall conduct an informal hearing before taking final action. The sponsor authorizer shall take final action to renew or not renew a contract by the last day of classes in the school year. Each year before a district receives any revenue under subdivision 3, clause (4), (5), or (6), the district by March 15 must submit to the Department of Education, for its review and approval by May 15 a budget detailing the costs of the desegregation/integration plan filed under Minnesota Rules, parts 3535.0100 to 3535.0180. Notwithstanding chapter 14, the department may develop criteria for budget approval, consistent with subdivision 1b. The department shall consult with the Desegregation Advisory Board in developing these criteria. The criteria developed by the department should address, at a minimum, the following:

(1) budget items cannot be approved unless they are part of any overall desegregation plan approved by the district for isolated sites or by the Multidistrict Collaboration Council and participating individual members;
(2) the budget must indicate how revenue expenditures will be used specifically to support increased opportunities for and sustained interracial contact and improved educational opportunities and outcomes designed to close the academic achievement gap between white students and protected students as defined in Minnesota Rules, part 3535.0110, subpart 4, consistent with subdivision 1b;

Sec. 54. Minnesota Statutes 2008, section 124D.86, subdivision 1b, is amended to read:

If a district is applying for revenue for a plan that is part of a multidistrict council, the individual district shall not receive revenue unless it ratifies the plan adopted by its multidistrict council or approves a modified plan with a written explanation of any modifications. Each plan shall contain:

(1) an identification of the integration issues at the sites or districts covered by Minnesota Rules, parts 3535.0100 to 3535.0180;

(2) a description of the community outreach that preceded the integration plan, such that the commissioner can determine whether the membership of the planning councils complied with the requirements of Minnesota Rules, parts 3535.0100 to 3535.0180; and

(3) the specific goals of the integration plan that is premised on valid and reliable measures, effective and efficient use of resources, and continuous adaptation of best practices;

(4) provide for implementing innovative and practical strategies and programs such as magnet schools, transportation, research-based programs to improve the performance of protected students with lower measured achievement on state or local assessments, staff development for teachers in cultural competency, formative assessments, and increased numbers of teachers of color that enable the district to achieve annual progress in realizing the goals in its plan; and

(5) establish valid and reliable longitudinal measures for the district to use in demonstrating to the commissioner the amount of progress it has achieved in realizing the goals in its plan.

By June 30 of the subsequent fiscal year, each district shall report to the commissioner in writing about the extent to which the integration goals identified in the plan were met.

Sec. 56. Minnesota Statutes 2008, section 126C.05, subdivision 15, is amended to read:

Subd. 15. Learning year pupil units. (a) When a pupil is enrolled in a learning year program under section 124D.128, an area learning center or an alternative learning program approved by the commissioner under sections 123A.05 and 123A.06, an alternative program approved by the commissioner, or a contract alternative program under section 124D.68, subdivision 3, paragraph (d), or subdivision 3a, for more than 1,020 hours in a school year for a secondary student, more than 935 hours in a school year for an elementary student, or more than 425 hours in a school year for a kindergarten student without a disability, that pupil may be counted as more than one pupil in average daily membership for purposes of section 126C.10, subdivision 2a. The amount in excess of one pupil must be determined by the ratio of the number of hours of instruction provided to that pupil in excess of: (i) the greater of 1,020 hours or the number of hours required for a full-time secondary pupil in the district to 1,020 for a secondary pupil; (ii) the greater of 935 hours or the number of hours required for a full-time elementary pupil in the district to 935 for an elementary pupil in grades 1 through 6; and (iii) the greater of 425 hours or the number of hours required for a full-time kindergarten student without a disability in the district to 425 for a kindergarten student without a disability. Hours that occur after the close of the instructional year in June shall be attributable to the following fiscal year. A kindergarten student must not be counted as more than 1.2 pupils in average daily membership under this subdivision. A student in grades 1 through 12 must not be counted as more than 1.2 pupils in average daily membership under this subdivision.

(b)(i) To receive general education revenue for a pupil in an area learning center or alternative learning program that has an independent study component, a district must meet the requirements in this paragraph. The district must develop, for the pupil, a continual learning plan consistent with section 124D.128, subdivision 3. Each school district that has a state-approved public area learning center or alternative learning program must reserve revenue in an amount equal to at least 90 percent of the district average general education revenue per pupil unit less compensatory revenue per pupil unit, minus an amount equal to the product of the formula allowance according to section 126C.10, subdivision 2, times .0485, calculated without basic skills and transportation sparsity revenue, times the number of pupil units generated by students attending a state-approved public area learning center or alternative learning program. The amount of reserved revenue available under this subdivision may only be spent for program costs associated with the state-approved public area learning center or alternative learning program. Compensatory revenue must be allocated according to section 126C.15, subdivision 2. Basic skills revenue generated according to section 126C.10, subdivision 4, by pupils attending the eligible program must be allocated to the program.

(ii) General education revenue for a pupil in an approved state-approved alternative program without an independent study component must be prorated for a pupil participating for less than a full year, or its equivalent. The district must develop a continual learning plan for the pupil, consistent with section 124D.128, subdivision 3. Each school district that has a state-approved public area learning center or alternative learning program must reserve revenue in an amount equal to at least 90 percent of the district average general education revenue per pupil unit less compensatory revenue per pupil unit, minus an amount equal to the product of the formula allowance according to section 126C.10, subdivision 2, times .0485, calculated without basic skills and transportation sparsity revenue, times the number of pupil units generated by students attending a state-approved public area learning center or alternative learning program. The amount of reserved revenue available under this subdivision may only be spent for program costs associated with the state-approved public area learning center or alternative learning program. Compensatory revenue must be allocated according to section 126C.15, subdivision 2. Basic skills revenue generated according to section 126C.10, subdivision 4, by pupils attending the eligible program must be allocated to the program.

(iii) General education revenue for a pupil in an approved state-approved alternative program that has an independent study component must be paid for each hour of teacher contact time and each hour of independent study time completed toward a credit or graduation standards necessary for graduation. Average daily membership for a pupil shall equal the number of hours of teacher contact time and independent study time divided by 1,020.
(iv) For a state-approved alternative program having an independent study component, the commissioner shall require a description of the courses in the program, the kinds of independent study involved, the expected learning outcomes of the courses, and the means of measuring student performance against the expected outcomes.

Sec. 57. Minnesota Statutes 2008, section 126C.05, subdivision 20, is amended to read:

Subd. 20. Project-based average daily membership. (a) Project-based is an instructional program where students complete coursework for credit at an individual pace that is primarily student-led and may be completed on site, in the community, or online. A project-based program may be made available to all or designated students and grades in a school. To receive general education revenue for a pupil enrolled in a public school with a project-based program, a school must meet the requirements in this paragraph. The school must:

(1) register with the commissioner as a project-based program by May 30 of the preceding fiscal year and receive approval from the commissioner as a project-based program at least 90 days prior to starting the program;

(2) provide a minimum teacher contact of no less than one hour per week per project-based credit for each pupil;

(3) ensure that the program will not increase the total average daily membership generated by the student and that there will be the expectation that the students will be making typical progression towards high school graduation;

(4) maintain a record system that shows when each credit or portion thereof was reported for membership for each pupil; and

(5) report pupil membership consistent with paragraph (b).

(b) The commissioner must develop a formula for reporting pupil membership to compute average daily membership for each registered project-based school program. Average daily membership for a pupil in a registered project-based program is the lesser of:

(1) 1.0; or

(2) the ratio of (i) the number of membership hours generated by project-based credits completed during the school year plus membership hours generated by credits completed in a seat-based setting to (ii) the annual required instructional hours at that grade level. Membership hours for a partially completed project-based credit must be prorated. General education revenue for a pupil in a project-based program must be prorated for a pupil participating for less than a full year, or its equivalent.

(c) For a program that has not been approved by the commissioner for project-based learning but an auditor or other site visit deems that any portion or credits awarded by the school are project-based, student membership must be computed according to paragraph (b).

Sec. 58. [127A.70] MINNESOTA P-20 EDUCATION PARTNERSHIP.

Subdivision 1. Establishment; membership. A P-20 education partnership is established to create a seamless system of education that maximizes achievements of all students, from early childhood through elementary, secondary, and postsecondary education, while promoting the efficient use of financial and human resources. The partnership shall consist of major statewide educational groups or constituencies or noneducational statewide organizations with a stated interest in P-20 education. The initial membership of the partnership includes the members serving on the Minnesota P-16 Education Partnership and four legislators appointed as follows:
(1) one senator from the majority party and one senator from the minority party, appointed by the Subcommittee on Committees of the Committee on Rules and Administration; and

(2) one member of the house of representatives appointed by the speaker of the house and one member appointed by the minority leader of the house of representatives.

The chair of the P-16 education partnership must convene the first meeting of the P-20 partnership. Prospective members may be nominated by any partnership member and new members will be added with the approval of a two-thirds majority of the partnership. The partnership will also seek input from nonmember organizations whose expertise can help inform the partnership's work.

Partnership members shall be represented by the chief executives, presidents, or other formally designated leaders of their respective organizations, or their designees. The partnership shall meet at least three times during each calendar year.

Subd. 2. **Powers and duties; report.** The partnership shall develop recommendations to the governor and the legislature designed to maximize the achievement of all P-20 students while promoting the efficient use of state resources, thereby helping the state realize the maximum value for its investment. These recommendations may include, but are not limited to, strategies, policies, or other actions focused on:

(1) improving the quality of and access to education at all points from preschool through graduate education;

(2) improving preparation for, and transitions to, postsecondary education and work; and

(3) ensuring educator quality by creating rigorous standards for teacher recruitment, teacher preparation, induction and mentoring of beginning teachers, and continuous professional development for career teachers.

By January 15 of each year, the partnership shall submit a report to the governor and to the chairs and ranking minority members of the legislative committees and divisions with jurisdiction over P-20 education policy and finance that summarizes the partnership's progress in meeting its goals and identifies the need for any draft legislation when necessary to further the goals of the partnership to maximize student achievement while promoting efficient use of resources.

Subd. 3. **Expiration.** Notwithstanding section 15.059, subdivision 5, the partnership is permanent and does not expire.

Sec. 59. Minnesota Statutes 2008, section 471.975, is amended to read:

**471.975 MAY PAY DIFFERENTIAL OF RESERVE ON ACTIVE DUTY.**

(a) Except as provided in paragraph (b), a statutory or home rule charter city, county, town, or other political subdivision may pay to each eligible member of the National Guard or other reserve component of the armed forces of the United States an amount equal to the difference between the member's base active duty military salary and the salary the member would be paid as an active political subdivision employee, including any adjustments the member would have received if not on leave of absence. This payment may be made only to a person whose base active duty military salary is less than the salary the person would be paid as an active political subdivision employee. Back pay authorized by this section may be paid in a lump sum. Payment under this section must not extend beyond four years from the date the employee reported for active service, plus any additional time the employee may be legally required to serve.
(b) Subject to the limits under paragraph (g), each school district shall pay to each eligible member of the National Guard or other reserve component of the armed forces of the United States an amount equal to the difference between the member's basic active duty military salary and the salary the member would be paid as an active school district employee, including any adjustments the member would have received if not on leave of absence. The pay differential must be based on a comparison between the member's daily base rate of active duty pay, calculated by dividing the member's base military monthly salary by the number of paid days in the month, and the member's daily rate of pay for the member's school district salary, calculated by dividing the member's total school district salary by the number of contract days. The member's salary as a school district employee must include the member's basic salary and any additional salary the member earns from the school district for cocurricular and extracurricular activities. The differential payment under this paragraph must be the difference between the daily base rates of military pay times the number of school district contract days the member misses because of military active duty. This payment may be made only to a person whose basic active duty military salary daily base rate of active duty pay is less than the salary the person would be paid as an active school district employee. Payments may be made at the intervals at which the member received pay as a school district employee. Payment under this section must not extend beyond four years from the date the employee reported for active service, plus any additional time the employee may be legally required to serve.

(c) An eligible member of the reserve components of the armed forces of the United States is a reservist or National Guard member who was an employee of a political subdivision at the time the member reported for active service on or after May 29, 2003, or who is on active service on May 29, 2003.

(d) Except as provided in paragraph (e) and elsewhere in Minnesota Statutes, a statutory or home rule charter city, county, town, or other political subdivision has total discretion regarding employee benefit continuation for a member who reports for active service and the terms and conditions of any benefit.

(e) A school district must continue the employee's enrollment in health and dental coverage, and the employer contribution toward that coverage, until the employee is covered by health and dental coverage provided by the armed forces. If the employee had elected dependent coverage for health or dental coverage as of the time that the employee reported for active service, a school district must offer the employee the option to continue the dependent coverage at the employee's own expense. A school district must permit the employee to continue participating in any pretax account in which the employee participated when the employee reported for active service, to the extent of employee pay available for that purpose.

(f) For purposes of this section, "active service" has the meaning given in section 190.05, subdivision 5, but excludes service performed exclusively for purposes of:

1. basic combat training, advanced individual training, annual training, and periodic inactive duty training;
2. special training periodically made available to reserve members; and
3. service performed in accordance with section 190.08, subdivision 3.

(g) A school district making payments under paragraph (b) shall place a sum equal to any difference between the amount of salary that would have been paid to the employee who is receiving the payments and the amount of salary being paid to substitutes for that employee into a special fund that must be used to pay or partially pay the deployed employee's payments under paragraph (b). A school district is required to pay only this amount to the deployed school district employee.

**EFFECTIVE DATE.** This section is effective the day following final enactment and applies to members of the National Guard and other reserve components of the United States armed forces serving in active military service on or after that date.
Sec. 60. **IMPLEMENTING RIGOROUS COURSEWORK MEASURES RELATED TO STUDENT PERFORMANCE.**

To implement the requirements of Minnesota Statutes, section 120B.35, subdivision 3, paragraph (c), clauses (1) and (2), and to help parents and members of the public better understand the reported data, the commissioner of education must convene a group of recognized and qualified experts and interested stakeholders, including parents and teachers among other stakeholders, to develop a model projecting anticipated performance of each high school on preparation and rigorous coursework measures that compares the school with similar schools. The model must use information about entering high school students based on particular background characteristics that are predictive of differing rates of college readiness. These characteristics include grade 8 achievement levels, high school student mobility, high school student attendance, and the size of each entering ninth grade class. The group of experts and stakeholders may examine other characteristics not part of the prediction model including the nine student categories identified under the federal 2001 No Child Left Behind Act, and two student gender categories of male and female, respectively. The commissioner annually must use the predicted level of entering students' performance to provide a context for interpreting graduating students' actual performance. The group convened under this section expires June 30, 2011.

**EFFECTIVE DATE.** This section is effective the day following final enactment and applies to school report cards beginning July 1, 2011.

Sec. 61. **IMPLEMENTING MEASURES FOR ASSESSING SCHOOL SAFETY AND STUDENTS' ENGAGEMENT AND CONNECTION AT SCHOOL.**

(a) To implement the requirements of Minnesota Statutes, section 120B.35, subdivision 3, paragraph (d), the commissioner of education, in consultation with interested stakeholders, including parents and teachers among other stakeholders, must convene a group of recognized and qualified experts on student engagement and connection and classroom teachers currently teaching in Minnesota schools to:

(1) identify highly reliable variables of student engagement and connection that may include student attendance, home support for learning, and student participation in out-of-school activities, among other variables; and

(2) determine how to report "safety" in order to comply with federal law.

(b) The commissioner must submit a written report and all the group's working papers to the education committees of the house of representatives and senate by February 15, 2010, presenting the group's responses to paragraph (a), clauses (1) and (2). The commissioner must submit a second, related report to the education committees of the legislature by February 15, 2013, indicating the content and analysis of and the format for reporting any data collected under Minnesota Statutes, section 120B.35, subdivision 3, paragraph (d). The group convened under this section expires December 31, 2013.

**EFFECTIVE DATE.** This section is effective the day following final enactment and applies to school report cards beginning July 1, 2014.

Sec. 62. **HIGH SCHOOL ASSESSMENT SYSTEM; RECOMMENDATIONS.**

A college and career-readiness workgroup on a comprehensive high school assessment and accountability system that aligns to college and career readiness headed jointly by the Minnesota Department of Education and the University of Minnesota must evaluate and make recommendations on:

(1) the design of Minnesota's high school assessment system for ensuring that students are college and career ready upon graduation from high school:
(2) the levels of accountability that will be incorporated into this assessment system for the state, district, school, and student;

(3) the statewide mechanism for accountability at these various levels. The accountability system must be consistent and coherent enough to ensure that all students are moving toward college and career readiness, but also flexible enough to recognize the varied needs of different students;

(4) a plan for Minnesota postsecondary institutions to evaluate these assessments for possible use in admissions, placement, and scholarship opportunities as the system is implemented; and

(5) the implementation timeline that will ensure that this college and career-ready anchor assessment system is put in place in Minnesota.

This workgroup must report its recommendations to the commissioner of education by December 31, 2009. The commissioner must provide this report and any related commentary on these findings to the legislative committees having jurisdiction over E-12 and higher education by February 15, 2010.

Sec. 63. LEGISLATIVE REPORT ON DISTRICTS’ USE OF AND NEED FOR INTEGRATION REVENUE.

The commissioner must analyze the substance of school district integration plans under Minnesota Statutes, section 124D.86, subdivision 1b, to identify the elements of and trends in district strategies and programs, the amount of success districts achieved in realizing the specific goals contained in their plans, and the estimated funds districts need to fully implement those plans. The commissioner must include in the analysis the impact of demographic changes experienced at school sites and school districts involving students of color, students with limited English proficiency, and students who are homeless or highly mobile, as well as changes in immigration patterns and housing patterns experienced by schools and districts, and the availability of and districts’ participation in interdistrict integration opportunities. The commissioner must submit a report on the substance of the analysis and any resulting recommendations to the K-12 education policy and finance committees of the legislature by February 1, 2011.

EFFECTIVE DATE. This section is effective the day following final enactment.

Sec. 64. RESERVED REVENUE FOR STAFF DEVELOPMENT; TEMPORARY SUSPENSION.

(a) A nine-member Innovative School Advisory Council is established. Council members serve a three-year term and shall include individuals experienced with innovation in school districts and charter schools. At least one member must be experienced with innovation in noneducation sectors. The commissioner shall appoint the council members by August 1, 2009, and shall consider geographic balance when making the appointments.

(b) The advisory council shall advise and make recommendations to the commissioner on such matters as:
(1) disseminating information on site-governed schools under Minnesota Statutes, chapters 123B and 124D;

(2) supporting innovation that includes new models of schools, accountability, and funding designed to sustain innovation in charter schools and school districts;

(3) identifying ways to improve communication, cooperation, and the exchange of ideas between and among school sites, charter schools, and school districts regarding how to use current law to foster innovative new schools; and

(4) identifying ways for schools to learn from innovators in noneducation sectors.

(c) Council members are not subject to Minnesota Statutes, section 15.059. The commissioner may not reimburse council members for council activities.

d) The advisory council shall recommend to the commissioner and the legislature, by December 1, 2009, an organizational model for planning the development, start-up, and operation of new, innovative schools for both school districts and charter schools. The council, as part of its recommendation, may suggest legislation to implement this organizational model, including how to capture nonstate and nonpublic funds for planning new, innovative schools.

(e) The Innovative School Advisory Council under this section expires June 30, 2011.

Sec. 66. ASSESSMENT OF READING INSTRUCTION.

ARTICLE 3

SPECIAL PROGRAMS

Section 1. Minnesota Statutes 2008, section 121A.41, subdivision 7, is amended to read:

Subd. 7. Pupil. (a) "Pupil" means any student:

(1) without a disability under 21 years of age; or
(2) with a disability until September 1 after the child with a disability becomes 22 years of age under 21 years old who has not received a regular high school diploma or for a child with a disability who becomes 21 years old during the school year but has not received a regular high school diploma, until the end of that school year; and

(3) and who remains eligible to attend a public elementary or secondary school.

(b) A "student with a disability" or a "pupil with a disability" has the same meaning as a "child with a disability" under section 125A.02.

Sec. 2. Minnesota Statutes 2008, section 121A.41, subdivision 10, is amended to read:

Subd. 10. Suspension. "Suspension" means an action by the school administration, under rules promulgated by the school board, prohibiting a pupil from attending school for a period of no more than ten school days. If a suspension is longer than five days, the suspending administrator must provide the superintendent with a reason for the longer suspension. This definition does not apply to dismissal from school for one school day or less, except as provided in federal law for a student with a disability. Each suspension action may include a readmission plan. The readmission plan shall include, where appropriate, a provision for implementing alternative educational services upon readmission and may not be used to extend the current suspension. Consistent with section 125A.091, subdivision 5, the readmission plan must not obligate a parent to provide a sympathomimetic medication for the parent's child as a condition of readmission. The school administration may not impose consecutive suspensions against the same pupil for the same course of conduct, or incident of misconduct, except where the pupil will create an immediate and substantial danger to self or to surrounding persons or property, or where the district is in the process of initiating an expulsion, in which case the school administration may extend the suspension to a total of 15 school days. In the case of a student with a disability, the student's individual education plan team must meet immediately but not more than ten school days after the date on which the decision to remove the student from the student's current education placement is made. The individual education plan team and other qualified personnel shall at that meeting:

1. conduct a review of the relationship between the child's disability and the behavior subject to disciplinary action; and
2. determine the appropriateness of the child's education plan.

The requirements of the individual education plan team meeting apply when:

(1) the parent requests a meeting;

(2) the student is removed from the student's current placement for five or more consecutive days; or

(3) the student's total days of removal from the student's placement during the school year exceed ten cumulative days in a school year. The school administration shall implement alternative educational services when the suspension exceeds five days. A separate administrative conference is required for each period of suspension.

Sec. 3. Minnesota Statutes 2008, section 121A.43, is amended to read:

121A.43 EXCLUSION AND EXPULSION OF PUPILS WITH A DISABILITY.

(a) Consistent with federal law governing days of removal and section 121A.46, school personnel may suspend a child with a disability. When a child with a disability has been suspended for more than five consecutive school days or 10 cumulative school days in the same school year, and that suspension does not involve a recommendation for expulsion or exclusion or other change of placement under federal law, relevant members of the child's individualized education program team, including at least one of the child's teachers, shall meet and determine the extent to which the child needs services in order to continue to participate in the general education curriculum, although in another setting, and to progress toward meeting the goals in the child's individualized education program. That meeting must occur as soon as possible, but no more than 10 days after the sixth consecutive day of suspension or the tenth cumulative day of suspension has elapsed.
(b) A dismissal for one school day or less is a day or a partial day of suspension if the child with a disability does not receive regular or special education instruction during that dismissal period. The notice requirements under section 121A.46 do not apply to a dismissal of one day or less.

(c) A child with a disability shall be provided alternative educational services to the extent a suspension exceeds five consecutive school days.

(d) Before initiating an expulsion or exclusion under sections 121A.40 to 121A.56, the district, relevant members of the child's individualized education program team, and the child's parent shall, consistent with federal law, determine whether the child's behavior was caused by or had a direct and substantial relationship to the child's disability and whether the child's conduct was a direct result of a failure to implement the child's individualized education program. When a pupil child with a disability who has an individualized individualized education plan program is excluded or expelled under sections 121A.40 to 121A.56 for misbehavior that is not a manifestation of the pupil's child's disability, the district shall continue to provide special education and related services after a period of suspension, if suspension is imposed. The district shall initiate a review of the pupil's individual education plan and conduct a review of the relationship between the pupil's disability and the behavior subject to disciplinary action and determine the appropriateness of the pupil's education plan before commencing an expulsion or exclusion during the exclusion or expulsion.

Sec. 4. Minnesota Statutes 2008, section 122A.31, subdivision 4, is amended to read:

Subd. 4. Reimbursement. (a) For purposes of revenue under section 125A.78 125A.76, the Department of Education must only reimburse school districts for the services of those interpreters/transliterator who satisfy the standards of competency under this section.

(b) Notwithstanding paragraph (a), a district shall be reimbursed for the services of interpreters with a nonrenewable provisional certificate, interpreters/transliterator employed to mentor the provisional certified interpreters, and persons for whom a time-limited extension has been granted under subdivision 1, paragraph (d), or subdivision 2, paragraph (c).

Sec. 5. Minnesota Statutes 2008, section 125A.02, is amended to read:

125A.02 CHILD WITH A DISABILITY DEFINED.

Subdivision 1. Child with a disability. Every child who has "Child with a disability" means a child identified under federal and state special education law as having a hearing impairment, blindness, visual disability, speech or language impairment, physical disability, other health impairment, mental disability, emotional/behavioral disorder, specific learning disability, autism, traumatic brain injury, multiple disabilities, or deafblind deafblind disability and who needs special instruction and education and related services, as determined by the standards rules of the commissioner, is a child with a disability. A licensed physician, an advanced practice nurse, or a licensed psychologist is qualified to make a diagnosis and determination of attention deficit disorder or attention deficit hyperactivity disorder for purposes of identifying a child with a disability.

Subd. 1a. Children ages three through seven experiencing developmental delays. In addition, every child under age three, and at local district discretion from age three to age seven, who needs special instruction and services, as determined by the standards rules of the commissioner, because the child has a substantial delay or has an identifiable physical or mental condition known to hinder normal development is a child with a disability.

Subd. 2. Not a child with a disability. A child with a short-term or temporary physical or emotional illness or disability, as determined by the standards rules of the commissioner, is not a child with a disability.
Sec. 6. Minnesota Statutes 2008, section 125A.07, is amended to read:

**125A.07 RULES OF COMMISSIONER RULEMAKING.**

(a) As defined in Consistent with this paragraph section, the commissioner must adopt new rules and amend existing rules relative to qualifications of essential personnel, courses of study, methods of instruction, pupil eligibility, size of classes, rooms, equipment, supervision, parent consultation, and other necessary rules for instruction of children with a disability. These rules must provide standards and procedures appropriate for the implementation of and within the limitations of sections 125A.08 and 125A.091. These rules must also provide standards for the discipline, control, management, and protection of children with a disability. The commissioner must not adopt rules for pupils served primarily in the regular classroom establishing either case loads or the maximum number of pupils that may be assigned to special education teachers. The commissioner, in consultation with the Departments of Health and Human Services, must adopt permanent rules for instruction and services for children under age five and their families. These rules are binding on state and local education, health, and human services agencies. The commissioner must adopt rules to determine eligibility for special education services. The rules must include procedures and standards by which to grant variances for experimental eligibility criteria. The commissioner must, according to section 14.05, subdivision 4, notify a district applying for a variance within 45 calendar days of receiving the request whether the request for the variance has been granted or denied. If a request is denied, the commissioner must specify the program standards used to evaluate the request and the reasons for denying the request related to children with disabilities only under specific authority and consistent with the requirements of chapter 14 and paragraph (c).

(b) As provided in this paragraph, the state's regulatory scheme should support schools by assuring that all state special education rules adopted by the commissioner result in one or more of the following outcomes:

(1) increased time available to teachers and, where appropriate, to support staff including school nurses for educating students through direct and indirect instruction;

(2) consistent and uniform access to effective education programs for students with disabilities throughout the state;

(3) reduced inequalities and conflict, appropriate due process hearing procedures and reduced court actions related to the delivery of special education instruction and services for students with disabilities;

(4) clear expectations for service providers and for students with disabilities;

(5) increased accountability for all individuals and agencies that provide instruction and other services to students with disabilities;

(6) greater focus for the state and local resources dedicated to educating students with disabilities; and

(7) clearer standards for evaluating the effectiveness of education and support services for students with disabilities.

(c) Subject to chapter 14, the commissioner may adopt, amend, or rescind a rule related to children with disabilities if such action is specifically required by federal law.

Sec. 7. Minnesota Statutes 2008, section 125A.08, is amended to read:

**125A.08 SCHOOL DISTRICT OBLIGATIONS INDIVIDUALIZED EDUCATION PROGRAMS.**

(a) At the beginning of each school year, each school district shall have in effect, for each child with a disability, an individualized education program.
(b) As defined in this section, every district must ensure the following:

(1) all students with disabilities are provided the special instruction and services which are appropriate to their needs. Where the individual education plan team has determined appropriate goals and objectives based on the student's needs, including the extent to which the student can be included in the least restrictive environment, and where there are essentially equivalent and effective instruction, related services, or assistive technology devices available to meet the student's needs, cost to the district may be among the factors considered by the team in choosing how to provide the appropriate services, instruction, or devices that are to be made part of the student's individual education plan. The individual education plan team shall consider and may authorize services covered by medical assistance according to section 256B.0625, subdivision 26. The student's needs and the special education instruction and services to be provided must be agreed upon through the development of an individual education plan. The plan must address the student's need to develop skills to live and work as independently as possible within the community. The individual education plan team must consider positive behavioral interventions, strategies, and supports that address behavior for children with attention deficit disorder or attention deficit hyperactivity disorder. By grade 9 or age 14, the plan must address the student's needs for transition from secondary services to postsecondary education and training, employment, community participation, recreation, and leisure and home living. In developing the plan, districts must inform parents of the full range of transitional goals and related services that should be considered. The plan must include a statement of the needed transition services, including a statement of the interagency responsibilities or linkages or both before secondary services are concluded;

(2) children with a disability under age five and their families are provided special instruction and services appropriate to the child's level of functioning and needs;

(3) children with a disability and their parents or guardians are guaranteed procedural safeguards and the right to participate in decisions involving identification, assessment including assistive technology assessment, and educational placement of children with a disability;

(4) eligibility and needs of children with a disability are determined by an initial assessment or reassessment, which may be completed using existing data under United States Code, title 20, section 33, et seq.;

(5) to the maximum extent appropriate, children with a disability, including those in public or private institutions or other care facilities, are educated with children who are not disabled, and that special classes, separate schooling, or other removal of children with a disability from the regular educational environment occurs only when and to the extent that the nature or severity of the disability is such that education in regular classes with the use of supplementary services cannot be achieved satisfactorily;

(6) in accordance with recognized professional standards, testing and evaluation materials, and procedures used for the purposes of classification and placement of children with a disability are selected and administered so as not to be racially or culturally discriminatory; and

(7) the rights of the child are protected when the parents or guardians are not known or not available, or the child is a ward of the state.

(d) (c) For paraprofessionals employed to work in programs for students with disabilities, the school board in each district shall ensure that:

(1) before or immediately upon employment, each paraprofessional develops sufficient knowledge and skills in emergency procedures, building orientation, roles and responsibilities, confidentiality, vulnerability, and reportability, among other things, to begin meeting the needs of the students with whom the paraprofessional works;
annual training opportunities are available to enable the paraprofessional to continue to further develop the knowledge and skills that are specific to the students with whom the paraprofessional works, including understanding disabilities, following lesson plans, and implementing follow-up instructional procedures and activities; and

(3) a districtwide process obligates each paraprofessional to work under the ongoing direction of a licensed teacher and, where appropriate and possible, the supervision of a school nurse.

Sec. 8. Minnesota Statutes 2008, section 125A.091, is amended to read:

125A.091 ALTERNATIVE DISPUTE RESOLUTION AND DUE PROCESS HEARINGS.

Subd. 1. District obligation. A school district must use the procedures in federal law and state law and rule to reach decisions about the identification, evaluation, educational placement, manifestation determination, interim alternative educational placement, or the provision of a free appropriate public education to a child with a disability.

Subd. 2. Prior written notice. A parent must receive prior written notice a reasonable time before the district proposes or refuses to initiate or change the identification, evaluation, educational placement, or the provision of a free appropriate public education to a child with a disability.

Subd. 3. Content of notice. The notice under subdivision 2 must:

(1) describe the action the district proposes or refuses;

(2) explain why the district proposes or refuses to take the action;

(3) describe any other option the district considered and the reason why it rejected the option;

(4) describe each evaluation procedure, test, record, or report the district used as a basis for the proposed or refused action;

(5) describe any other factor affecting the proposal or refusal of the district to take the action;

(6) state that the parent of a child with a disability is protected by procedural safeguards and, if this notice is not an initial referral for evaluation, how a parent can get a description of the procedural safeguards; and

(7) identify where a parent can get help in understanding this law.

Subd. 3a. Additional requirements for prior written notice. In addition to federal law requirements, a prior written notice shall:

(1) inform the parent that except for the initial placement of a child in special education, the school district will proceed with its proposal for the child's placement or for providing special education services unless the child's parent notifies the district of an objection within 14 days of when the district sends the prior written notice to the parent; and

(2) state that a parent who objects to a proposal or refusal in the prior written notice may request a conciliation conference under subdivision 7 or another alternative dispute resolution procedure under subdivision 8 or 9.
Subd. 4. **Understandable notice.** (a) The written notice under subdivision 2 must be understandable to the general public and available in the parent's native language or by another communication form, unless it is clearly not feasible to do so.

(b) If the parent's native language or other communication form is not written, the district must take steps to ensure that:

(1) the notice is translated orally or by other means to the parent in the parent's native language or other communication form;

(2) the parent understands the notice; and

(3) written evidence indicates the requirements in subdivision 2 are met.

Subd. 5. **Initial action; parent consent.** (a) The district must not proceed with the initial evaluation of a child, the initial placement of a child in a special education program, or the initial provision of special education services for a child without the prior written consent of the child's parent. A district may not override the written refusal of a parent to consent to an initial evaluation or reevaluation.

(b) A parent, after consulting with health care, education, or other professional providers, may agree or disagree to provide the parent's child with sympathomimetic medications unless section 144.344 applies.

Subd. 6. **Dispute resolution processes; generally.** Parties are encouraged to resolve disputes over the identification, evaluation, educational placement, manifestation determination, interim alternative educational placement, or the provision of a free appropriate public education to a child with a disability through conciliation, mediation, facilitated team meetings, or other alternative process. All dispute resolution options are voluntary on the part of the parent and must not be used to deny or delay the right to a due process hearing. All dispute resolution processes under this section are provided at no cost to the parent.

Subd. 7. **Conciliation conference.** A parent must have an opportunity to meet with appropriate district staff in at least one conciliation conference if the parent objects to any proposal of which the parent receives notice under subdivision 2 3a. If the parent refuses district efforts to conciliate the dispute, the conciliation requirement is satisfied. Following a conciliation conference A district must hold a conciliation conference within ten calendar days from the date the district receives a parent's objection to a proposal or refusal in the prior written notice. Except as provided in this section, all discussions held during a conciliation conference are confidential and are not admissible in a due process hearing. Within five school days after the final conciliation conference, the district must prepare and provide to the parent a conciliation conference memorandum that describes the district's final proposed offer of service. This memorandum is admissible in evidence in any subsequent proceeding.

Subd. 8. **Voluntary dispute resolution options.** In addition to offering at least one conciliation conference, a district must inform a parent of other dispute resolution processes, including at least mediation and facilitated team meetings. The fact that an alternative dispute resolution process was used is admissible in evidence at any subsequent proceeding. State-provided mediators and team meeting facilitators shall not be subpoenaed to testify at a due process hearing or civil action under federal special education law nor are any records of mediators or state-provided team meeting facilitators accessible to the parties.

Subd. 9. **Mediation.** Mediation is a dispute resolution process that involves a neutral party provided by the state to assist a parent and a district in resolving disputes over the identification, evaluation, educational placement, manifestation determination, interim alternative educational placement, or the provision of a free appropriate public education to a child with a disability. A mediation process is available as an informal alternative to a due process hearing but must not be used to deny or postpone the opportunity of a parent or district to obtain a due process hearing. Mediation is voluntary for all parties. All mediation discussions are confidential and inadmissible in evidence in any subsequent proceeding, unless the:
(1) parties expressly agree otherwise;

(2) evidence is otherwise available; or

(3) evidence is offered to prove bias or prejudice of a witness.

Subd. 10. Mediated agreements. Mediated agreements are not admissible unless the parties agree otherwise or a party to the agreement believes the agreement is not being implemented, in which case the aggrieved party may enter the agreement into evidence at a due process hearing. The parties may request another mediation to resolve a dispute over implementing the mediated agreement. After a due process hearing is requested, a party may request mediation and the commissioner must provide a mediator who conducts a mediation session no later than the third business day after the mediation request is made to the commissioner. If the parties resolve all or a portion of the dispute, or agree to use another procedure to resolve the dispute, the mediator shall ensure that the resolution or agreement is in writing and signed by the parties and each party is given a copy of the document. The written resolution or agreement shall state that all discussions that occurred during mediation are confidential and may not be used as evidence in any hearing or civil proceeding. The resolution or agreement is legally binding upon the parties and is enforceable in the state or federal district court. A party may request another mediation to resolve a dispute over implementing the mediated agreement.

Subd. 11. Facilitated team meeting. A facilitated team meeting is an IEP, IFSP, or IIIP team meeting led by an impartial state-provided facilitator to promote effective communication and assist a team in developing an individualized education plan.

Subd. 12. Impartial due process hearing. (a) A parent or a district is entitled to an impartial due process hearing conducted by the state when a dispute arises over the identification, evaluation, educational placement, manifestation determination, interim alternative educational placement, or the provision of a free appropriate public education to a child with a disability. The hearing must be held in the district responsible for ensuring that a free appropriate public education is provided according to state and federal law. The proceedings must be recorded and preserved, at state expense, pending ultimate disposition of the action. The parent and the district shall receive, at state expense, a copy of the hearing transcript or recording and the hearing officer’s findings of fact, conclusion of law, and decisions.

(b) The due process hearing must be conducted according to the rules of the commissioner and federal law.

Subd. 13. Hearing officer qualifications. The commissioner must appoint an individual who is qualified under this subdivision to serve as a hearing officer. The commissioner shall maintain a list of qualified hearing officers. The list shall include a statement of the qualifications of each person listed. Upon receipt of a written request for a hearing, the commissioner shall appoint a hearing officer from the list. The hearing officer must:

(1) be knowledgeable and impartial;

(2) have no personal interest in or specific involvement with the student who is a party to the hearing;

(3) not have been employed as an administrator by the district that is a party to the hearing;

(4) not have been involved in selecting the district administrator who is a party to the hearing;

(5) have no personal, economic, or professional interest in the outcome of the hearing other than properly administering federal and state laws, rules, and policies;

(6) have no substantial involvement in developing state or local policies or procedures challenged in the hearing;
(7) not be a current employee or board member of a Minnesota public school district, education district, intermediate unit or regional education agency, or the department if the department is the service provider; and

(8) not be a current employee or board member of a disability advocacy organization or group;

(9) not otherwise be under contract with the department or the school district;

(10) know and understand state and federal special education laws, rules, and regulations, and legal interpretations by federal and state courts; and

(11) have the knowledge and ability to conduct hearings and render and write decisions according to appropriate, standard legal practice.

Subd. 14. Request for hearing. A request for a due process hearing must:

(1) be in writing;

(2) describe the nature of the dispute about providing special education services to the student including facts relating to the dispute; and

(3) state, to the extent known, the relief sought.

Any school district administrator receiving a request for a due process hearing must immediately forward the request to the commissioner. Within two business days of receiving a request for a due process hearing, the commissioner must appoint a hearing officer. The commissioner must not deny a request for hearing because the request is incomplete. A party may disqualify a hearing officer only by affirmatively showing prejudice or bias to the commissioner or to the chief administrative law judge if the hearing officer is an administrative law judge. If a party affirmatively shows prejudice against a hearing officer, the commissioner must assign another hearing officer to hear the matter. (a) A parent or a school district may file a written request for a due process hearing regarding a proposal or refusal to initiate or change that child's evaluation, individualized education program, or educational placement, or to provide a free appropriate public education.

(b) The parent shall include in the hearing request the name of the child, the address of the child's residence, the name of the school the child attends, a description of the child's problem relating to the proposed or refused initiation or change, including facts relating to the problem, and a proposed resolution of the problem to the extent known and available to the parents at the time.

(c) A parent or a school district may file a written request for a hearing under United States Code, title 20, section 1415, paragraph (k).

(d) A parent or school district filing a request for a hearing under this subdivision must provide the request to the other party and a copy of the request to the department. Upon receiving a request for a hearing, the department shall give to the child's parent a copy of the procedural safeguards notice available to a parent under federal regulations.

(e)(1) If the parent of a child with a disability files a written request for a hearing, and the school district has not previously sent a written notice to the parent under subdivision 3a, regarding the subject matter of the hearing request, the school district shall, within ten days of receiving the hearing request, send to the child's parent a written explanation of why the school district proposed or refused to take the action raised in the hearing request. The explanation must include a description of other options that the individualized education program team considered and the reason why those options were rejected; a description of each evaluation procedure, assessment, record, or report that the school district used as the basis for the proposed or refused action; and a description of the factors that
are relevant to the school district's proposal or refusal. A response by a school district under this subdivision does not preclude the school district from asserting that the parent's request for a hearing is insufficient under clause (2) of this paragraph: and

(2) a hearing may not occur until the party requesting the hearing files a request that meets the requirements of paragraph (b). The request under paragraph (b) is considered sufficient unless the party receiving the request notifies the hearing officer and the other party in writing within 15 days of receiving the request that the receiving party believes the request does not meet the requirements of paragraph (b). Within five days of receiving a notice under this subdivision, the hearing officer shall determine whether the request meets the requirements under paragraph (b) and notify the parties.

(f) Except as provided in paragraph (e), clause (1), the party receiving a request for a hearing shall send to the party requesting the hearing a written response that addresses the issues raised in the hearing request within ten days of receiving the request.

Subd. 15. Prehearing conference. A prehearing conference must be held within five business days of the date the commissioner appoints the hearing officer. The hearing officer must initiate the prehearing conference which may be conducted in person, at a location within the district, or by telephone. The hearing officer must create a written verbatim record of the prehearing conference which is available to either party upon request. At the prehearing conference, the hearing officer must:

(1) identify the questions that must be answered to resolve the dispute and eliminate claims and complaints that are without merit;

(2) set a scheduling order for the hearing and additional prehearing activities;

(3) determine if the hearing can be disposed of without an evidentiary hearing and, if so, establish the schedule and procedure for doing so; and

(4) establish the management, control, and location of the hearing to ensure its fair, efficient, and effective disposition.

Subd. 16. Burden of proof. The burden of proof at a due process hearing is on the district to demonstrate, by a preponderance of the evidence, that it is complying with the law and offered or provided a free appropriate public education to the child in the least restrictive environment. If the district has not offered or provided a free appropriate public education in the least restrictive environment and the parent wants the district to pay for a private placement, the burden of proof is on the parent to demonstrate, by a preponderance of the evidence, that the private placement is appropriate party seeking relief.

Subd. 17. Admissible evidence. The hearing officer may admit all evidence that possesses probative value, including hearsay, if it is the type of evidence on which reasonable, prudent persons are accustomed to rely in conducting their serious affairs. The hearing officer must give effect to the rules of privilege recognized by law and exclude evidence that is incompetent, irrelevant, immaterial, or unduly repetitious.

Subd. 18. Hearing officer authority. (a) A hearing officer must limit an impartial due process hearing to the time sufficient for each party to present its case.

(b) A hearing officer must establish and maintain control and manage the hearing. This authority includes, but is not limited to:

(1) requiring attorneys representing parties at the hearing, after notice and an opportunity to be heard, to pay court reporting and hearing officer costs, or fines payable to the state, for failing to: (i) obey scheduling or prehearing orders, (ii) appear, (iii) be prepared, or (iv) participate in the hearing process in good faith;
(2) administering oaths and affirmations;

(3) issuing subpoenas;

(4) determining the responsible and providing districts and joining those districts, if not already notified, in the proceedings;

(5) making decisions involving identification, evaluation, educational placement, manifestation determination, interim alternative educational placement, or the provision of a free appropriate public education to a child with a disability; and

(6) ordering an independent educational evaluation of a child at district expense; and

(7) extending the hearing decision timeline if the hearing officer determines that good cause exists.

(c) Good cause includes, but is not limited to, the time required for mediation or other settlement discussions, independent educational evaluation, complexity and volume of issues, or finding or changing counsel.

Subd. 19. Expedited due process hearings. Consistent with federal law, a parent has the right to or a school district may file a written request for an expedited due process hearing when there is a dispute over a manifestation determination or a proposed or actual placement in an interim alternative educational setting. A district has the right to an expedited due process hearing when proposing or seeking to maintain placement in an interim alternative educational setting. A hearing officer must hold an expedited due process hearing within 20 school days of the date the expedited due process request is filed and must issue a decision within ten calendar school days of the request for a hearing. A hearing officer may extend by up to five additional calendar days the time for issuing a decision in an expedited due process hearing. All policies in this section apply to expedited due process hearings to the extent they do not conflict with federal law. A resolution meeting must occur within seven days of receiving the request for an expedited due process hearing unless the parent and the school district agree in writing either to waive the resolution meeting or use the mediation process. The expedited due process hearing may proceed unless the matter has been resolved to the satisfaction of both parties within 15 days of receiving the expedited due process hearing request.

Subd. 20. Hearing officer's decision; time period. (a) The hearing officer must issue a decision within 45 calendar days of the date on which the commissioner receives the request for a due process hearing to ensure that not later than 45 days after the 30-day period or the adjusted time periods under federal regulations expire, the hearing officer reaches a final decision in the due process hearing and transmits a copy of the decision to each party. A hearing officer, at the request of either party, may grant specific extensions of time beyond the 45-day period under subdivision 18. The hearing officer must conduct the oral arguments in a hearing at a time and place that is reasonably convenient to the parents and child involved. A hearing officer is encouraged to accelerate the time line to 30 days for a child under the age of three whose needs change rapidly and who requires quick resolution of a dispute. A hearing officer may not extend the time beyond the 45-day period unless requested by either party for good cause shown on the record. Extensions of time must not exceed a total of 30 calendar days unless both parties and the hearing officer agree or time is needed to complete an independent educational evaluation. Good cause includes, but is not limited to, the time required for mediation or other settlement discussions, independent educational evaluation, complexity and volume of issues, or finding or changing counsel.

(b) The hearing officer's decision must. Once the hearing officer has issued a final decision, the hearing officer lacks authority to amend the decision except for clerical or mathematical errors.

(c) Nothing in this subdivision precludes a hearing officer from ordering a school district to comply with federal procedural safeguards under the federal Individuals with Disabilities Education Act.
Subd. 21. **Compensatory educational services.** The hearing officer may require the resident or responsible district to provide compensatory educational services to the child if the hearing officer finds that the district has not offered or made available to the child a free appropriate public education in the least restrictive environment and the child suffered a loss of educational benefit. Such services take the form of direct and indirect special education and related services designed to address any loss of educational benefit that may have occurred. The hearing officer's finding must be based on a present determination of whether the child has suffered a loss of educational benefit.

Subd. 22. **Child's educational placement during due process hearing.** (a) Until a due process hearing under this section is completed or the district and the parent agree otherwise, the child must remain in the child's current educational placement and must not be denied initial admission to school.

(b) Until an expedited due process hearing challenging an interim alternative educational placement is completed, the child must remain in the interim alternative educational setting until the decision of the hearing officer or the expiration of the 45 days permitted for an interim alternative educational setting, whichever occurs first, unless the parent and district agree otherwise.

Subd. 23. **Implementation of hearing officer order.** (a) That portion of a hearing officer's decision granting relief requested by the parent must be implemented upon issuance.

(b) Except as provided under paragraph (a) or the district and parent agree otherwise, following a hearing officer's decision granting relief requested by the district, the child must remain in the current educational placement until the time to request judicial review under subdivision 24 expires or, if judicial review is requested, at the time the Minnesota Court of Appeals or the federal district court issues its decision, whichever is later.

Subd. 24. **Review of hearing officer decisions.** The parent or district may seek review of the hearing officer's decision in the Minnesota Court of Appeals or in the federal district court, consistent with federal law. A party must appeal to the Minnesota Court of Appeals within 60 days of receiving the hearing officer's decision or must appeal to federal district court within 90 days of receiving the hearing officer's decision.

Subd. 25. **Enforcement of orders.** The commissioner must monitor final hearing officer decisions and ensure enforcement of hearing officer orders.

Subd. 26. **Hearing officer and person conducting alternative dispute resolution are state employees.** A hearing officer or person conducting alternative dispute resolution under this section is an employee of the state under section 3.732 for purposes of section 3.736 only.

Subd. 27. **Hearing officer training.** A hearing officer must participate in training and follow procedures established by the commissioner.

Subd. 28. **District liability.** A district is not liable for harmless technical violations of this section or rules implementing this section if the school district can demonstrate on a case-by-case basis that the violations did not harm a student's educational progress or the parent's right to notice, participation, or due process. This subdivision is applicable to due process hearings and special education complaints filed with the department.
Sec. 9. [125A.094] RESTRICTIVE PROCEDURES FOR CHILDREN WITH DISABILITIES.

The use of restrictive procedures for children with disabilities is governed by sections 125A.0941 and 125A.0942.

EFFECTIVE DATE. This section is effective August 1, 2011.

Sec. 10. [125A.0941] DEFINITIONS.

(a) The following terms have the meanings given them.

(b) "Emergency" means a situation where immediate intervention is needed to protect a child or other individual from physical injury or to prevent serious property damage.

(c) "Physical holding" means physical intervention intended to hold a child immobile or limit a child's movement and where body contact is the only source of physical restraint. The term physical holding does not mean physical contact that:

(1) helps a child respond or complete a task;

(2) assists a child without restricting the child's movement;

(3) is needed to administer an authorized health-related service or procedure; or

(4) is needed to physically escort a child when the child does not resist or the child's resistance is minimal.

(d) "Positive behavioral interventions and supports" means interventions and strategies to improve the school environment and teach children the skills to behave appropriately.

(e) "Restrictive procedures" means the use of physical holding or seclusion in an emergency.

(f) "Seclusion" means confining a child alone in a room from which egress is barred. Removing a child from an activity to a location where the child cannot participate in or observe the activity is not seclusion.

EFFECTIVE DATE. This section is effective August 1, 2011.

Sec. 11. [125A.0942] STANDARDS FOR RESTRICTIVE PROCEDURES.

Subdivision 1. Restrictive procedures plan. Schools that intend to use restrictive procedures shall maintain and make publicly accessible a restrictive procedures plan for children that includes at least the following:

(1) the list of restrictive procedures the school intends to use;

(2) how the school will monitor and review the use of restrictive procedures, including conducting post-use debriefings and convening an oversight committee; and

(3) a written description and documentation of the training staff completed under subdivision 5.

Subd. 2. Restrictive procedures. (a) Restrictive procedures may be used only by a licensed special education teacher, school social worker, school psychologist, behavior analyst certified by the National Behavior Analyst Certification Board, a person with a master's degree in behavior analysis, other licensed education professional, paraprofessional under section 120B.363, or mental health professional under section 245.4871, subdivision 27, who has completed the training program under subdivision 5.
(b) A school shall make reasonable efforts to notify the parent on the same day a restrictive procedure is used on the child, or if the school is unable to provide same-day notice, notice is sent within two days by written or electronic means or as otherwise indicated by the child’s parent under paragraph (d).

(c) When restrictive procedures are used twice in 30 days or when a pattern emerges and restrictive procedures are not included in a child’s individualized education program or behavior intervention plan, the district must hold a meeting of the individualized education plan team, conduct or review a functional behavioral analysis, review data, consider developing additional or revised positive behavioral interventions and supports, consider actions to reduce the use of restrictive procedures, and modify the individualized education plan or behavior intervention plan as appropriate. At the meeting, the team must review any known medical or psychological limitations that contraindicate the use of a restrictive procedure, consider whether to prohibit that restrictive procedure, and document any prohibition in the individualized education program or behavior intervention plan.

(d) An individualized education plan team may plan for using restrictive procedures and may include these procedures in a child’s individualized education program or behavior intervention plan; however, the restrictive procedures may be used only in response to behavior that constitutes an emergency, consistent with this section. The individualized education program or behavior intervention plan shall indicate how the parent wants to be notified when a restrictive procedure is used.

Subd. 3. Physical holding or seclusion. Physical holding or seclusion may be used only in an emergency. A school that uses physical holding or seclusion shall meet the following requirements:

1. the physical holding or seclusion must be the least intrusive intervention that effectively responds to the emergency;
2. physical holding or seclusion must end when the threat of harm ends and the staff determines that the child can safely return to the classroom or activity;
3. staff must directly observe the child while physical holding or seclusion is being used;
4. each time physical holding or seclusion is used, the staff person who implements or oversees the physical holding or seclusion shall document, as soon as possible after the incident concludes, the following information:
   i. a description of the incident that led to the physical holding or seclusion;
   ii. why a less restrictive measure failed or was determined by staff to be inappropriate or impractical;
   iii. the time the physical holding or seclusion began and the time the child was released; and
   iv. a brief record of the child’s behavioral and physical status;
5. the room used for seclusion must:
   i. be at least six feet by five feet;
   ii. be well lit, well ventilated, adequately heated, and clean;
   iii. have a window that allows staff to directly observe a child in seclusion;
   iv. have tamperproof fixtures, electrical switches located immediately outside the door, and secure ceilings;
(v) have doors that open out and are unlocked, locked with keyless locks that have immediate release mechanisms, or locked with locks that have immediate release mechanisms connected with a fire and emergency system; and

(vi) not contain objects that a child may use to injure the child or others; and

(6) before using a room for seclusion, a school must:

(i) receive written notice from local authorities that the room and the locking mechanisms comply with applicable building, fire, and safety codes; and

(ii) register the room with the commissioner, who may view that room.

Subd. 4. **Prohibitions.** The following actions or procedures are prohibited:

(1) engaging in conduct prohibited under section 121A.58;

(2) requiring a child to assume and maintain a specified physical position, activity, or posture that induces physical pain;

(3) totally or partially restricting a child's senses as punishment;

(4) presenting an intense sound, light, or other sensory stimuli using smell, taste, substance, or spray as punishment;

(5) denying or restricting a child's access to equipment and devices such as walkers, wheelchairs, hearing aids, and communication boards that facilitate the child's functioning, except when temporarily removing the equipment or device is needed to prevent injury to the child or others or serious damage to the equipment or device, in which case the equipment or device shall be returned to the child as soon as possible;

(6) interacting with a child in a manner that constitutes sexual abuse, neglect, or physical abuse under section 626.556;

(7) withholding regularly scheduled meals or water;

(8) denying access to bathroom facilities; and

(9) physical holding that restricts or impairs a child's ability to breathe.

Subd. 5. **Training for staff.** (a) To meet the requirements of subdivision 1, staff who use restrictive procedures shall complete training in the following skills and knowledge areas:

(1) positive behavioral interventions;

(2) communicative intent of behaviors;

(3) relationship building;

(4) alternatives to restrictive procedures, including techniques to identify events and environmental factors that may escalate behavior;
(5) de-escalation methods;
(6) standards for using restrictive procedures;
(7) obtaining emergency medical assistance;
(8) the physiological and psychological impact of physical holding and seclusion;
(9) monitoring and responding to a child's physical signs of distress when physical holding is being used; and
(10) recognizing the symptoms of and interventions that may cause positional asphyxia when physical holding is used.

(b) The commissioner, after consulting with the commissioner of human services, must develop and maintain a list of training programs that satisfy the requirements of paragraph (a). The district shall maintain records of staff who have been trained and the organization or professional that conducted the training. The district may collaborate with children's community mental health providers to coordinate trainings.

Subd. 6. Behavior supports. School districts are encouraged to establish effective schoolwide systems of positive behavior interventions and supports. Nothing in this section or section 125A.0941 precludes the use of reasonable force under sections 121A.582; 609.06, subdivision 1; and 609.379.

EFFECTIVE DATE. This section is effective August 1, 2011.

Sec. 12. Minnesota Statutes 2008, section 125A.15, is amended to read:

125A.15 PLACEMENT IN ANOTHER DISTRICT; RESPONSIBILITY.

The responsibility for special instruction and services for a child with a disability temporarily placed in another district for care and treatment shall be determined in the following manner:

(a) The district of residence of a child shall be the district in which the child's parent resides, if living, or the child's guardian, or the district designated by the commissioner if neither parent nor guardian is living within the state.

(b) If a district other than the resident district places a pupil for care and treatment, the district placing the pupil must notify and give the resident district an opportunity to participate in the placement decision. When an immediate emergency placement of a pupil is necessary and time constraints foreclose a resident district from participating in the emergency placement decision, the district in which the pupil is temporarily placed must notify the resident district of the emergency placement within 15 days. The resident district has up to five business days after receiving notice of the emergency placement to request an opportunity to participate in the placement decision, which the placing district must then provide.

(c) When a child is temporarily placed for care and treatment in a day program located in another district and the child continues to live within the district of residence during the care and treatment, the district of residence is responsible for providing transportation to and from the care and treatment facility program and an appropriate educational program for the child. The resident district may establish reasonable restrictions on transportation, except if a Minnesota court or agency orders the child placed at a day care and treatment program and the resident district receives a copy of the order, then the resident district must provide transportation to and from the program unless the court or agency orders otherwise. Transportation shall only be provided by the resident district during regular operating hours of the resident district. The resident district may provide the educational program at a school within the district of residence, at the child's residence, or in the district in which the day treatment center is located by paying tuition to that district.
(e) (d) When a child is temporarily placed in a residential program for care and treatment, the nonresident district in which the child is placed is responsible for providing an appropriate educational program for the child and necessary transportation while the child is attending the educational program; and must bill the district of the child's residence for the actual cost of providing the program, as outlined in section 125A.11, except as provided in paragraph (d) (e). However, the board, lodging, and treatment costs incurred in behalf of a child with a disability placed outside of the school district of residence by the commissioner of human services or the commissioner of corrections or their agents, for reasons other than providing for the child's special educational needs must not become the responsibility of either the district providing the instruction or the district of the child's residence. For the purposes of this section, the state correctional facilities operated on a fee-for-service basis are considered to be residential programs for care and treatment.

(d) (e) A privately owned and operated residential facility may enter into a contract to obtain appropriate educational programs for special education children and services with a joint powers entity. The entity with which the private facility contracts for special education services shall be the district responsible for providing students placed in that facility an appropriate educational program in place of the district in which the facility is located. If a privately owned and operated residential facility does not enter into a contract under this paragraph, then paragraph (e) (d) applies.

(e) (f) The district of residence shall pay tuition and other program costs, not including transportation costs, to the district providing the instruction and services. The district of residence may claim general education aid for the child as provided by law. Transportation costs must be paid by the district responsible for providing the transportation and the state must pay transportation aid to that district.

EFFECTIVE DATE. This section is effective the day following final enactment.

Sec. 13. Minnesota Statutes 2008, section 125A.28, is amended to read:

125A.28 STATE INTERAGENCY COORDINATING COUNCIL.

An Interagency Coordinating Council of at least 17, but not more than 25 members is established, in compliance with Public Law 108-446, section 641. The members must be appointed by the governor. Council members must elect the council chair. The representative of the commissioner may not serve as the chair. The council must be composed of at least five parents, including persons of color, of children with disabilities under age 12, including at least three parents of a child with a disability under age seven, five representatives of public or private providers of services for children with disabilities under age five, including a special education director, county social service director, local Head Start director, and a community health services or public health nursing administrator, one member of the senate, one member of the house of representatives, one representative of teacher preparation programs in early childhood-special education or other preparation programs in early childhood intervention, at least one representative of advocacy organizations for children with disabilities under age five, one physician who cares for young children with special health care needs, one representative each from the commissioners of commerce, education, health, human services, a representative from the state agency responsible for child care, foster care, mental health, homeless coordinator of education of homeless children and youth, and a representative from Indian health services or a tribal council. Section 15.059, subdivisions 2 to 5, apply to the council. The council must meet at least quarterly.

The council must address methods of implementing the state policy of developing and implementing comprehensive, coordinated, multidisciplinary interagency programs of early intervention services for children with disabilities and their families.

The duties of the council include recommending policies to ensure a comprehensive and coordinated system of all state and local agency services for children under age five with disabilities and their families. The policies must address how to incorporate each agency's services into a unified state and local system of multidisciplinary
assessment practices, individual intervention plans, comprehensive systems to find children in need of services, methods to improve public awareness, and assistance in determining the role of interagency early intervention committees.

On the date that Minnesota Part C Annual Performance Report is submitted to the federal Office of Special Education, the council must recommend to the governor and the commissioners of education, health, human services, commerce, and employment and economic development policies for a comprehensive and coordinated system.

Notwithstanding any other law to the contrary, the State Interagency Coordinating Council expires on June 30, 2014.

Sec. 14. Minnesota Statutes 2008, section 125A.51, is amended to read:

125A.51 PLACEMENT OF CHILDREN WITHOUT DISABILITIES; EDUCATION AND TRANSPORTATION.

The responsibility for providing instruction and transportation for a pupil without a disability who has a short-term or temporary physical or emotional illness or disability, as determined by the standards of the commissioner, and who is temporarily placed for care and treatment for that illness or disability, must be determined as provided in this section.

(a) The school district of residence of the pupil is the district in which the pupil’s parent or guardian resides.

(b) When parental rights have been terminated by court order, the legal residence of a child placed in a residential or foster facility for care and treatment is the district in which the child resides.

(c) Before the placement of a pupil for care and treatment, the district of residence must be notified and provided an opportunity to participate in the placement decision. When an immediate emergency placement is necessary and time does not permit resident district participation in the placement decision, the district in which the pupil is temporarily placed, if different from the district of residence, must notify the district of residence of the emergency placement within 15 days of the placement. When a nonresident district makes an emergency placement without first consulting with the resident district, the resident district has up to five business days after receiving notice of the emergency placement to request an opportunity to participate in the placement decision, which the placing district must then provide.

(d) When a pupil without a disability is temporarily placed for care and treatment in a day program and the pupil continues to live within the district of residence during the care and treatment, the district of residence must provide instruction and necessary transportation to and from the care and treatment facility program for the pupil. The resident district may establish reasonable restrictions on transportation, except if a Minnesota court or agency orders the child placed at a day care and treatment program and the resident district receives a copy of the order, then the resident district must provide transportation to and from the program unless the court or agency orders otherwise. Transportation shall only be provided by the resident district during regular operating hours of the resident district. The resident district may provide the instruction at a school within the district of residence, at the pupil's residence, or in the case of a placement outside of the resident district, in the district in which the day treatment program is located by paying tuition to that district. The district of placement may contract with a facility to provide instruction by teachers licensed by the state Board of Teaching.

(e) When a pupil without a disability is temporarily placed in a residential program for care and treatment, the district in which the pupil is placed must provide instruction for the pupil and necessary transportation while the pupil is receiving instruction, and in the case of a placement outside of the district of residence, the nonresident district must bill the district of residence for the actual cost of providing the instruction for the regular school year and for summer school, excluding transportation costs.
(f) Notwithstanding paragraph (e), if the pupil is homeless and placed in a public or private homeless shelter, then the district that enrolls the pupil under section 127A.47, subdivision 2, shall provide the transportation, unless the district that enrolls the pupil and the district in which the pupil is temporarily placed agree that the district in which the pupil is temporarily placed shall provide transportation. When a pupil without a disability is temporarily placed in a residential program outside the district of residence, the administrator of the court placing the pupil must send timely written notice of the placement to the district of residence. The district of placement may contract with a residential facility to provide instruction by teachers licensed by the state Board of Teaching. For purposes of this section, the state correctional facilities operated on a fee-for-service basis are considered to be residential programs for care and treatment.

(g) The district of residence must include the pupil in its residence count of pupil units and pay tuition as provided in section 123A.488 to the district providing the instruction. Transportation costs must be paid by the district providing the transportation and the state must pay transportation aid to that district. For purposes of computing state transportation aid, pupils governed by this subdivision must be included in the disabled transportation category if the pupils cannot be transported on a regular school bus route without special accommodations.

**EFFECTIVE DATE.** This section is effective the day following final enactment.

Sec. 15. Minnesota Statutes 2008, section 125A.57, subdivision 2, is amended to read:

Subd. 2. **Assistive technology device.** "Assistive technology device" means any item, piece of equipment, software, or product system, whether acquired commercially off the shelf, modified, or customized, that is used to increase, maintain, or improve functional capabilities of children with disabilities or a child with a disability. It does not mean a medical device that is surgically implanted or a replacement of such a device.

**EFFECTIVE DATE.** This section is effective the day following final enactment.

Sec. 16. Minnesota Statutes 2008, section 125A.63, subdivision 2, is amended to read:

Subd. 2. **Programs.** The resource centers must offer summer institutes and like programs or other training programs throughout the state for deaf or hard of hearing, blind or visually impaired, and multiply disabled pupils. The resource centers must also offer workshops for teachers, and leadership development for teachers.

A program offered through the resource centers must promote and develop education programs offered by school districts or other organizations. The program must assist school districts or other organizations to develop innovative programs.

Sec. 17. Minnesota Statutes 2008, section 125A.63, subdivision 4, is amended to read:

Subd. 4. **Advisory committees.** (a) The commissioner shall establish an advisory committee for each resource center. The advisory committees shall develop recommendations regarding the resource centers and submit an annual report to the commissioner on the form and in the manner prescribed by the commissioner.

(b) The advisory committee for the Resource Center for the Deaf and Hard of Hearing shall meet periodically at least four times per year and submit an annual report to the commissioner, the education policy and finance committees of the legislature, and the Commission of Deaf, DeafBlind, and Hard of Hearing Minnesotans. The report must, at least:
(1) identify and report the aggregate, data-based education outcomes for children with the primary disability classification of deaf and hard of hearing, consistent with the commissioner's child count reporting practices, the commissioner's state and local outcome data reporting system by district and region, and the school performance report cards under section 120B.36, subdivision 1; and

(2) describe the implementation of a data-based plan for improving the education outcomes of deaf and hard of hearing children that is premised on evidence-based best practices, and provide a cost estimate for ongoing implementation of the plan.

Sec. 18. Minnesota Statutes 2008, section 125A.744, subdivision 3, is amended to read:

Subd. 3. Implementation. Consistent with section 256B.0625, subdivision 26, school districts may enroll as medical assistance providers or subcontractors and bill the Department of Human Services under the medical assistance fee for service claims processing system for special education services which are covered services under chapter 256B, which are provided in the school setting for a medical assistance recipient, and for whom the district has secured informed consent consistent with section 13.05, subdivision 4, paragraph (d), and section 256B.77, subdivision 2, paragraph (p), to bill for each type of covered service. School districts shall be reimbursed by the commissioner of human services for the federal share of individual education plan health-related services that qualify for reimbursement by medical assistance, minus up to five percent retained by the commissioner of human services for administrative costs, not to exceed $350,000 per fiscal year. The commissioner may withhold up to five percent of each payment to a school district. Following the end of each fiscal year, the commissioner shall settle up with each school district in order to ensure that collections from each district for departmental administrative costs are made on a pro rata basis according to federal earnings for these services in each district. A school district is not eligible to enroll as a home care provider or a personal care provider organization for purposes of billing home care services under sections 256B.0651 and 256B.0653 to 256B.0656 until the commissioner of human services issues a bulletin instructing county public health nurses on how to assess for the needs of eligible recipients during school hours. To use private duty nursing services or personal care services at school, the recipient or responsible party must provide written authorization in the care plan identifying the chosen provider and the daily amount of services to be used at school.

Sec. 19. Minnesota Statutes 2008, section 125A.76, subdivision 1, is amended to read:

Subdivision 1. Definitions. For the purposes of this section, the definitions in this subdivision apply.

(a) "Basic revenue" has the meaning given it in section 126C.10, subdivision 2. For the purposes of computing basic revenue pursuant to this section, each child with a disability shall be counted as prescribed in section 126C.05, subdivision 1.

(b) "Essential personnel" means teachers, cultural liaisons, related services, and support services staff providing direct services to students. Essential personnel may also include special education paraprofessionals or clericals providing support to teachers and students by preparing paperwork and making arrangements related to special education compliance requirements, including parent meetings and individual education plans. Essential personnel does not include administrators and supervisors.

(c) "Average daily membership" has the meaning given it in section 126C.05.

(d) "Program growth factor" means 1.046 for fiscal year 2012 and later.

Sec. 20. Minnesota Statutes 2008, section 127A.47, subdivision 5, is amended to read:
Subd. 5. **Notification of resident district.** A district educating a pupil who is a resident of another district must notify the district of residence within 60 days of the date the pupil is determined by the district to be a nonresident, but not later than August 1 following the end of the school year in which the pupil is educated. If the district of residence does not receive a notification from the providing district pursuant to this subdivision, it is not liable to that district for any tuition billing received after August 1 of the next school year.

Sec. 21. **APPROPRIATIONS.**

Subdivision 1. **Department of Education.** The sums indicated in this section are appropriated from the general fund to the Department of Education for the fiscal years designated.

(a) $14,814,000 in fiscal year 2008, $9,109,000 in fiscal year 2009, $7,286,000 and $7,948,000 in fiscal year 2010, and $6,878,000, $9,275,000 in fiscal year 2011, $9,574,000 in fiscal year 2012, and $8,904,000 in fiscal year 2013 and later are appropriated from the general fund to the commissioner of education for payment of debt service equalization aid under section 123B.53.

(b) The appropriations in paragraph (a) must be reduced by the amount of any money specifically appropriated for the same purpose in any year from any state fund.

Sec. 2. Minnesota Statutes 2008, section 123B.57, subdivision 1, is amended to read:

Subdivision 1. Health and safety program. (a) To receive health and safety revenue for any fiscal year a district must submit to the commissioner an application for aid and levy by the date determined by the commissioner. The application may be for hazardous substance removal, fire and life safety code repairs, labor and industry regulated facility and equipment violations, and health, safety, and environmental management, including indoor air quality management. The application must include a health and safety program adopted by the school district board. The program must include the estimated cost, per building, of the program by fiscal year. Upon
approval through the adoption of a resolution by each of an intermediate district's member school district boards and the approval of the Department of Education, a school district may include its proportionate share of the costs of health and safety projects for an intermediate district in its application.

(b) Health and safety projects with an estimated cost of $500,000 or more per site, approved after February 1, 2003, are not eligible for health and safety revenue. Health and safety projects with an estimated cost of $500,000 or more per site, approved after February 1, 2003, that meet all other requirements for health and safety funding, are eligible for alternative facilities bonding and levy revenue according to section 123B.59. A school board shall not separate portions of a single project into components to qualify for health and safety revenue, and shall not combine unrelated projects into a single project to qualify for alternative facilities bonding and levy revenue.

**EFFECTIVE DATE.** This section is effective July 1, 2009.

Sec. 3. Minnesota Statutes 2008, section 123B.59, subdivision 2, is amended to read:

Subd. 2. Facility plan. (a) A district qualifying under subdivision 1, paragraph (a), must have a ten-year facility plan approved by the commissioner that includes an inventory of projects and costs that would be eligible for:

(1) health and safety revenue, without restriction as to project size;

(2) disabled access levy; and

(3) deferred capital expenditures and maintenance projects necessary to prevent further erosion of facilities.

(b) A district qualifying under subdivision 1, paragraph (b), must have a five-year plan approved by the commissioner that includes an inventory of projects and costs for health and safety projects with an estimated cost of $500,000 or more per site that would qualify for health and safety revenue except for the project size limitation in section 123B.57, subdivision 1, paragraph (b).

(c) The school district must:

(1) annually update the plans;

(2) biennially submit a facility maintenance plan; and

(3) indicate whether the district will issue bonds to finance the plan or levy for the costs.

**EFFECTIVE DATE.** This section is effective July 1, 2009.

Sec. 4. Minnesota Statutes 2008, section 123B.59, subdivision 3, is amended to read:

Subd. 3. Bond authorization. (a) A school district may issue general obligation bonds under this section to finance facilities plans approved by its board and the commissioner. Chapter 475, except sections 475.58 and 475.59, must be complied with. The district may levy under subdivision 5 for the debt service revenue. The authority to issue bonds under this section is in addition to any bonding authority authorized by this chapter, or other law. The amount of bonding authority authorized under this section must be disregarded in calculating the bonding or net debt limits of this chapter, or any other law other than section 475.53, subdivision 4.

(b) At least 20 days before the earliest of solicitation of bids, the issuance of bonds, or the final certification of levies under subdivision 5, the district must publish notice of the intended projects, the amount of the bond issue, and the total amount of district indebtedness, and the commissioner's review and comment, if applicable.

**EFFECTIVE DATE.** This section is effective July 1, 2009.
Sec. 5. Minnesota Statutes 2008, section 123B.59, subdivision 3a, is amended to read:

Subd. 3a. **Levy authorization.** (a) A school district may levy under this section to finance the portion of facilities plans approved by its board and the commissioner that are not financed through bond issues according to subdivision 3.

(b) At least 20 days before a final district certification of levies under subdivision 5, the district must publish notice of the intended projects, including the total estimated project cost, and the commissioner's review and comment, if applicable.

**EFFECTIVE DATE.** This section is effective July 1, 2009.

Sec. 6. Minnesota Statutes 2008, section 123B.70, subdivision 1, is amended to read:

Subdivision 1. **Commissioner approval.** (a) In determining whether to give a school facility a positive, negative, or unfavorable review and comment, the commissioner must evaluate the proposals for facilities using the information provided under section 123B.71, subdivision 9.

(b) In the case of a proposal for a new school, the local school board retains the authority to determine the minimum acreage needed to accommodate the school and related facilities. The commissioner may evaluate the proposals but must not issue a negative or unfavorable review and comment under this section for a school facility solely based on too little acreage of the proposed school site.

(c) In the case of a proposal to renovate an existing school, the local school board retains the authority to determine whether to renovate an existing school or to build a new school regardless of the acreage of the current school site or the cost of the renovation relative to the cost of building a new school. The commissioner's evaluation of whether to replace a facility must not be solely based upon the ratio of renovation costs to replacement costs.

**EFFECTIVE DATE.** This section is effective for review and comments issued after July 1, 2009.

Sec. 7. Minnesota Statutes 2008, section 123B.71, subdivision 1, is amended to read:

Subdivision 1. **Consultation.** A school district shall consult with the commissioner of education before developing any plans and specifications to construct, remodel, or improve the building or site of an educational facility for which the estimated cost exceeds $250,000. This consultation shall occur before a referendum for bonds, solicitation for bids, or use of capital expenditure facilities revenue according to section 126C.10, subdivision 14, clause (2). The commissioner may require the district to participate in a management assistance plan before conducting a review and comment on the project.

Sec. 8. Minnesota Statutes 2008, section 123B.71, subdivision 8, is amended to read:

Subd. 8. **Review and comment.** A school district, a special education cooperative, or a cooperative unit of government, as defined in section 123A.24, subdivision 2, must not initiate an installment contract for purchase or a lease agreement, hold a referendum for bonds, nor solicit bids for new construction, expansion, or remodeling of an educational facility that requires an expenditure in excess of $250,000 per school site if it has a capital loan outstanding, or $1,400,000 per school site if it does not have a capital loan outstanding, prior to review and comment by the commissioner. The commissioner may exempt a facility maintenance project funded with general education aid and levy, alternative facilities bonding and levy program, or health and safety revenue from this provision after reviewing a written request from a school district describing the scope of work. A school board shall not separate portions of a single project into components to avoid the requirements of this subdivision.
Sec. 9. Minnesota Statutes 2008, section 123B.71, subdivision 9, is amended to read:

Subd. 9. Information required. A school board proposing to construct a facility described in subdivision 8 shall submit to the commissioner a proposal containing information including at least the following:

(1) the geographic area and population to be served, preschool through grade 12 student enrollments for the past five years, and student enrollment projections for the next five years;

(2) a list of existing facilities by year constructed, their uses, and an assessment of the extent to which alternate facilities are available within the school district boundaries and in adjacent school districts;

(3) a list of the specific deficiencies of the facility that demonstrate the need for a new or renovated facility to be provided, and a list of the specific benefits that the new or renovated facility will provide to the students, teachers, and community users served by the facility;

(4) the relationship of the project to any priorities established by the school district, educational cooperatives that provide support services, or other public bodies in the service area;

(5) a description of the pedestrian, bicycle, and transit connections between the school and nearby residential areas that make it easier for children, teachers, and parents to get to the school by walking, bicycling, and taking transit;

(6) a specification of how the project will increase community use of the facility, maximizes the opportunity for cooperative use of existing park, recreation, and other public facilities and whether and how the project will increase collaboration with other governmental or nonprofit entities;

(7) a description of the project, including the specification of site and outdoor space acreage and square footage allocations for classrooms, laboratories, and support spaces; estimated expenditures for the major portions of the project; and the dates the project will begin and be completed;

(8) a specification of the source of financing the project; the scheduled date for a bond issue or school board action; a schedule of payments, including debt service equalization aid; and the effect of a bond issue on local property taxes by the property class and valuation;

(9) an analysis of how the proposed new or remodeled facility will affect school district operational or administrative staffing costs, and how the district's operating budget will cover any increased operational or administrative staffing costs;

(10) a description of the consultation with local or state transportation officials on multimodal school site access and safety issues, and the ways that the project will address those issues;

(11) a description of how indoor air quality issues have been considered and a certification that the architects and engineers designing the facility will have professional liability insurance;

(12) as required under section 123B.72, for buildings coming into service after July 1, 2002, a certification that the plans and designs for the extensively renovated or new facility's heating, ventilation, and air conditioning systems will meet or exceed code standards; will provide for the monitoring of outdoor airflow and total airflow of ventilation systems; and will provide an indoor air quality filtration system that meets ASHRAE standard 52.1;

(16) any existing information from the relevant local unit of government about the cumulative costs to provide infrastructure to serve the school, such as utilities, sewer, roads, and sidewalks.

Sec. 10. Minnesota Statutes 2008, section 123B.71, subdivision 12, is amended to read:

Subd. 12. Publication. (a) At least 20 days but not more than 60 days before a referendum for bonds or solicitation of bids for a project that has received a positive or unfavorable review and comment under section 123B.70, the school board shall publish a summary of the commissioner's review and comment of that project in the legal newspaper of the district. Supplementary information shall be available to the public.

(b) The publication requirement in paragraph (a) does not apply to alternative facilities projects approved under section 123B.59. Publication for alternative facilities projects shall be as specified in section 123B.59, subdivisions 3 and 3a.

Sec. 11. Minnesota Statutes 2008, section 125B.26, is amended to read:

No district may expend an amount for these telecommunications access services which exceeds the amount allocated under this subdivision. The nonpublic school is responsible for the Internet access costs not covered by this section.

(e) At the request of a nonpublic school, districts may allocate the amount determined in paragraph (b) directly to the nonpublic school to pay for or offset the nonpublic school's costs for telecommunications access services; however, the amount allocated directly to the nonpublic school may not exceed the actual amount of the school's ongoing or recurring telecommunications access costs.

Subd. 6. Severability. If any portion of this section is found by a court to be unconstitutional, the remaining portions of the section shall remain in effect.

Sec. 9. Minnesota Statutes 2008, section 134.34, subdivision 1, is amended to read:

Subdivision 1. Local support levels. (a) A regional library basic system support grant shall be made to any regional public library system where there are at least three participating counties and where each participating city and county is providing for public library service support the lesser of (a) an amount equivalent to .82 percent of the average of the adjusted net tax capacity of the taxable property of that city or county, as determined by the commissioner of revenue for the second, third, and fourth year preceding that calendar year or (b) a per capita amount calculated under the provisions of this subdivision. The per capita amount is established for calendar year 1993 as $7.62. In succeeding calendar years, the per capita amount shall be increased by a percentage equal to one-half of the percentage by which the total state adjusted net tax capacity of property as determined by the commissioner of revenue for the second year preceding that calendar year increases over that total adjusted net tax capacity for the third year preceding that calendar year.
(b) The minimum level of support specified under this subdivision or subdivision 4 shall be certified annually to the participating cities and counties by the Department of Education. If a city or county chooses to reduce its local support in accordance with subdivision 4, paragraphs (b) or (c), it shall notify its regional public library system. The regional public library system shall notify the Department of Education that a revised certification is required. The revised minimum level of support shall be certified to the city or county by the Department of Education.

(c) A city which is a part of a regional public library system shall not be required to provide this level of support if the property of that city is already taxable by the county for the support of that regional public library system. In no event shall the Department of Education require any city or county to provide a higher level of support than the level of support specified in this section in order for a system to qualify for a regional library basic system support grant. This section shall not be construed to prohibit a city or county from providing a higher level of support for public libraries than the level of support specified in this section.

EFFECTIVE DATE. This section is effective for calendar years 2009 and later, except that the change in paragraph (a) is effective for calendar years 2011 and later.

Sec. 10. Minnesota Statutes 2008, section 134.34, subdivision 4, is amended to read:

Subd. 4. Limitation. (a) For calendar year 2010 and later, a regional library basic system support grant shall not be made to a regional public library system for a participating city or county which decreases the dollar amount provided for support for operating purposes of public library service below the amount provided by it for the second, or third preceding year, whichever is less. For purposes of this subdivision and subdivision 1, any funds provided under section 473.757, subdivision 2, for extending library hours of operation shall not be considered amounts provided by a city or county for support for operating purposes of public library service. This subdivision shall not apply to participating cities or counties where the adjusted net tax capacity of that city or county has decreased, if the dollar amount of the reduction in support is not greater than the dollar amount by which support would be decreased if the reduction in support were made in direct proportion to the decrease in adjusted net tax capacity.

(b) For calendar year 2009 and later, in any calendar year in which a city's or county's aid under sections 477A.011 to 477A.014 or credits under section 273.1384 is reduced after the city or county has certified its levy payable in that year, it may reduce its local support by the lesser of:

(1) ten percent; or

(2) a percent equal to the ratio of the aid and credit reductions to the city's or county's revenue base, based on aids certified for the current calendar year. For calendar year 2009 only, the reduction under this paragraph shall be based on 2008 aid and credit reductions under the December 2008 unallotment, as well as any aid and credit reductions in calendar year 2009. For pay 2009 only, the commissioner of revenue will calculate the reductions under this paragraph and certify them to the commissioner of education within 15 days of this provision becoming law.

(c) For taxes payable in 2010 and later, in any payable year in which the total amounts certified for city or county aids under sections 477A.011 to 477A.014 are less than the total amounts paid under those sections in the previous calendar year, a city or county may reduce its local support by the lesser of:

(1) ten percent; or

(2) a percent equal to the ratio of:

(i) the difference between (A) the sum of the aid it was paid under sections 477A.011 to 477A.014 and the credits it received under section 273.1398 in the previous calendar year and (B) the sum of the aid it is certified to be paid in the current calendar year under sections 477A.011 to 477A.014 and the credits estimated to be paid under section 273.1398; to
(ii) its revenue base for the previous year, based on aids actually paid in the previous calendar year. The commissioner of revenue shall calculate the percent aid cut for each county and city under this paragraph and certify the percentage cuts to the commissioner of education by August 1 of the year prior to the year in which the reduced aids and credits are to be paid. The percentage of reduction related to reductions to credits under section 273.1384, shall be based on the best estimation available as of July 30.

(d) Notwithstanding paragraph (a), (b), or (c), no city or county shall reduce its support for public libraries below the minimum level specified in subdivision 1.

(e) For purposes of this subdivision, "revenue base" means the sum of:

(1) its levy for taxes payable in the current calendar year, including the levy on the fiscal disparities distribution under section 276A.06, subdivision 3, paragraph (a), or 473F.08, subdivision 3, paragraph (a);

(2) its aid under sections 477A.011 to 477A.014 in the current calendar year; and

**ARTICLE 6**

**EARLY CHILDHOOD EDUCATION, PREVENTION, SELF-SUFFICIENCY, AND LIFELONG LEARNING**

Section 1. Minnesota Statutes 2008, section 119A.52, is amended to read:

**119A.52 DISTRIBUTION OF APPROPRIATION.**

(a) The commissioner of education must distribute money appropriated for that purpose to federally designated Head Start programs to expand services and to serve additional low-income children. Migrant and Indian reservation programs must be initially allocated money based on the programs' share of federal funds. The remaining money must be initially allocated to the remaining local agencies based equally on the agencies' share of federal funds and on the proportion of eligible children in the agencies' service area who are not currently being served. A Head Start program must be funded at a per child rate equal to its contracted, federally funded base level at the start of the fiscal year. For all agencies without a federal Early Head Start rate, the state average federal cost per child for Early Head Start applies. In allocating funds under this paragraph, the commissioner of education must assure that each Head Start program in existence in 1993 is allocated no less funding in any fiscal year than was allocated to that program in fiscal year 1993. Before paying money to the programs, the commissioner must notify each program of its initial allocation, and how the money must be used, and the number of low-income children to be served with the allocation based upon the federally funded per child rate. Each program must present a plan under section 119A.535. For any program that cannot utilize its full allocation at the beginning of the fiscal year, the commissioner must reduce the allocation proportionately. Money available after the initial allocations are reduced must be redistributed to eligible programs.

(b) The commissioner must develop procedures to make payments to programs based upon the number of children reported to be enrolled during the required time period of program operations. Enrollment is defined by federal Head Start regulations. The procedures must include a reporting schedule, corrective action plan requirements, and financial consequences to be imposed on programs that do not meet full enrollment after the period of corrective action. Programs reporting chronic underenrollment, as defined by the commissioner, will have their subsequent program year allocation reduced proportionately. Funds made available by prorating payments and allocations to programs with reported underenrollment will be made available to the extent funds exist to fully enrolled Head Start programs through a form and manner prescribed by the department.
(c) Programs with approved innovative initiatives that target services to high-risk populations, including homeless families and families living in homeless shelters and transitional housing, are exempt from the procedures in paragraph (b). This exemption does not apply to entire programs. The exemption applies only to approved innovative initiatives that target services to high-risk populations, including homeless families and families living in homeless shelters, transitional housing, and permanent supportive housing.

Sec. 2. Minnesota Statutes 2008, section 124D.13, subdivision 13, is amended to read:

Subd. 13. Plan and Program data submission requirements. (a) An early childhood family education program must submit a biennial plan addressing the requirements of subdivision 2 for approval by the commissioner. The plan must also describe how the program provides parenting education and ensures participation of families representative of the school district. A school district must submit the plan for approval by the commissioner in the form and manner prescribed by the commissioner. One half of districts, as determined by the commissioner, must first submit a biennial plan by April 1, 2009, and the remaining districts must first submit a plan by April 1, 2010.

(b) Districts receiving early childhood family education revenue under section 124D.135 must submit annual program data to the department by July 15 in the form and manner prescribed by the commissioner.

(c) Beginning with levies for fiscal year 2011, a school district must submit its annual program data to the department before it may certify a levy under section 124D.135. Districts selected by the commissioner to submit a biennial plan by April 1, 2009, must also have an approved plan on file with the commissioner before certifying a levy under section 124D.135 for fiscal year 2011. Beginning with levies for fiscal year 2012, all districts must submit annual program data and have an approved biennial plan on file with the commissioner before certifying a levy under section 124D.135.

Sec. 3. Minnesota Statutes 2008, section 124D.135, subdivision 3, is amended to read:

Subd. 3. Early childhood family education levy. (a) By September 30 of each year, the commissioner shall establish a tax rate for early childhood family education revenue that raises $22,135,000 in each fiscal year. If the amount of the early childhood family education levy would exceed the early childhood family education revenue, the early childhood family education levy must equal the early childhood family education revenue. Beginning with levies for fiscal year 2011, a district may not certify an early childhood family education levy unless it has met the annual program data reporting and biennial plan requirements under section 124D.13, subdivision 13.

(b) Notwithstanding paragraph (a), for fiscal year 2009 only, the commissioner shall establish a tax rate for early childhood education revenue that raises $13,565,000.

Sec. 4. [124D.142] QUALITY RATING AND IMPROVEMENT SYSTEM.

(a) There is established a quality rating and improvement system (QRIS) framework to ensure that Minnesota’s children have access to high-quality early learning and care programs in a range of settings so that they are fully ready for kindergarten by 2020. Creation of a standards-based voluntary quality rating and improvement system includes:

(1) quality opportunities in order to improve the educational outcomes of children so that they are ready for school. The framework shall be based on the Minnesota quality rating system rating tool and a common set of child outcome and program standards and informed by evaluation results;

(2) a tool to increase the number of publicly funded and regulated early learning and care services in both public and private market programs that are high quality. If a program or provider chooses to participate, the program or provider will be rated and may receive public funding associated with the rating. The state shall develop a plan to link future early learning and care state funding to the framework in a manner that complies with federal requirements; and
(3) tracking progress toward statewide access to high-quality early learning and care programs, progress toward the number of low-income children whose parents can access quality programs, and progress toward increasing the number of children who are fully prepared to enter kindergarten.

(b) In planning a statewide quality rating and improvement system framework in paragraph (a), the state shall use evaluation results of the Minnesota quality rating system rating tool in use in fiscal year 2008 to recommend:

(1) a framework of a common set of child outcome and program standards for a voluntary statewide quality rating and improvement system;

(2) a plan to link future funding to the framework described in paragraph (a), clause (2); and

(3) a plan for how the state will realign existing state and federal administrative resources to implement the voluntary quality rating and improvement system framework. The state shall provide the recommendation in this paragraph to the early childhood education finance committees of the legislature by March 15, 2011.

(c) Prior to the creation of a statewide quality rating and improvement system in paragraph (a), the state shall employ the Minnesota quality rating system rating tool in use in fiscal year 2008 in the original Minnesota Early Learning Foundation pilot areas and additional pilot areas supported by private or public funds with its modification as a result of the evaluation results of the pilot project.

EFFECTIVE DATE. This section is effective July 1, 2009.

The board may award up to one credit, or the equivalent, toward graduation for a pupil who completes the youth service requirements of the district. The community education advisory council, after considering the results of the commissioner's study under section 124D.50, subdivision 1, must design the program in cooperation with the district planning, evaluating and reporting committee and local organizations that train volunteers or need volunteers' services.

(b) Programs must include:

(d) The commissioner shall maintain a list of acceptable projects with a description of each project. A project that is not on the list must be approved by the commissioner.

(e) A youth service project must have a community sponsor that may be a governmental unit or nonprofit organization. To assure that pupils provide additional services, each sponsor must assure that pupil services do not displace employees or reduce the workload of any employee.

Up to one-fourth of the appropriation for supplemental service grants must be used for grants for adult basic education programs to encourage and support innovations in adult basic education instruction and service delivery. A grant to a single organization cannot exceed $100,000 or 20 percent of the total supplemental services aid. The commissioner may require proof from permittees that prefishing restrictions on the permit are communicated to fishing contest participants and enforced.

(b) The commissioner may require permit restrictions on the hours that a permitted fishing contest is conducted, including, but not limited to, starting and ending times.

(c) The commissioner may require permit restrictions on the number of parking spaces that may be used on a state-owned public water access site. The commissioner may require proof from permittees that parking restrictions on the permit are communicated to fishing contest participants and enforced.
(d) To prevent undue mortality of released fish, the commissioner may require restrictions for off-site weigh-ins and live releases on a fishing contest permit or may deny permits requesting an off-site weigh-in or live release. The statement filed under this paragraph is public data under section 13.03. This paragraph does not apply to a licensed doctor of veterinary medicine or a registered pharmacist. Any person other than a licensed practitioner with the authority to prescribe, dispense, and administer a legend drug under paragraph (a) shall not dispense for profit. To dispense for profit does not include dispensing by a community health clinic when the profit from dispensing is used to meet operating expenses.

2. reduction in waiting times for needed services;
3. decreased travel time for patients;
4. impact on emergency room usage for dental care; and

(7) knowingly makes or uses, or causes to be made or used, a false record or statement to conceal, avoid, or decrease an obligation to pay or transmit money or property to the state or a political subdivision.

(b) The court may assess not less than two times the amount of damages that the state or the political subdivision sustains because of the act of the person if:

(1) the person committing a violation under paragraph (a) furnished an officer or employee of the state or the political subdivision responsible for investigating the false or fraudulent claim violation with all information known to the person about the violation within 30 days after the date on which the person first obtained the information;

(2) the person fully cooperated with any investigation by the state or the political subdivision of the violation; and

**EFFECTIVE DATE.** This section is effective July 1, 2010.

Sec. 26. **[15C.03] EXCLUSION.**

This chapter does not apply to claims, records, or statements made under portions of Minnesota Statutes relating to taxation.

**EFFECTIVE DATE.** This section is effective July 1, 2010.

Sec. 27. **[15C.04] RESPONSIBILITIES OF PROSECUTING ATTORNEY.**

Subdivision 1. **General.** A prosecuting attorney may investigate violations of section 15C.02. If a prosecuting attorney finds that a person has violated or is violating section 15C.02, the prosecuting attorney may bring a civil action under this chapter against the person to enjoin an act in violation of section 15C.02 and to recover damages and penalties.

Subd. 2. **Attorney general investigatory powers.** In connection with an investigation under this section, the attorney general has the powers listed in section 8.31, subdivisions 2 and 3.

**EFFECTIVE DATE.** This section is effective July 1, 2010.

Sec. 28. **[15C.05] PRIVATE REMEDIES; COMPLAINT UNDER SEAL; COPY OF COMPLAINT AND WRITTEN DISCLOSURE OF EVIDENCE TO BE SENT TO PROSECUTING ATTORNEY.**

(a) Except as otherwise provided in this section, a person may maintain an action under this chapter on the person’s own account and that of the state if money, property, or services provided by the state are involved; the person’s own account and that of a political subdivision if money, property, or services provided by the political subdivision are involved; or on the person’s own account and that of both the state and a political subdivision if both are involved. After an action is commenced, it may be voluntarily dismissed only if the court and the prosecuting attorney give written consent to the dismissal and their reasons for consenting.

(b) If an action is brought under this section, no other person may bring another action under this section based on the same facts that are the subject of the pending action.

(c) An action may not be maintained under this section:

(1) against the state, the legislature, the judiciary, the executive branch, or a political subdivision, or their respective officers, members, or employees;

(2) if the action is based upon allegations or transactions that are the subject of a civil action or an administrative proceeding for a monetary penalty to which the state or a political subdivision is already a party; or

(3) unless the action is brought by an original source of the information or the prosecuting attorney initiates or intervenes in the action, if the action is based upon the public disclosure of allegations or transactions: (i) in a criminal, civil, or administrative hearing; (ii) in an investigation, report, hearing, or audit conducted by or at the request of the house of representatives or the senate; (iii) by an auditor or the governing body of a political subdivision; or (iv) by the news media.
(d) A complaint in an action under this section must be commenced by filing the complaint with the court in chambers and the court must place it under seal for at least 60 days. No service may be made upon the defendant until the complaint is unsealed.

(e) If a complaint is filed under this section, the plaintiff shall serve a copy of the complaint on the prosecuting attorney in accordance with the Minnesota Rules of Civil Procedure and at the same time shall serve a written disclosure of all material evidence and information the plaintiff possesses.

**EFFECTIVE DATE.** This section is effective July 1, 2010.

Sec. 29. **[15C.06] PROSECUTING ATTORNEY INTERVENTION; MOTION TO EXTEND TIME; UNSEALING OF COMPLAINT.**

(a) Within 60 days after receiving a complaint and disclosure under section 15C.05, the prosecuting attorney shall intervene or decline intervention or, for good cause shown, move the court to extend the time for doing so. The motion may be supported by affidavits or other submissions in chambers.

(b) The complaint must be unsealed after the prosecuting attorney decides whether or not to intervene.

(c) Notwithstanding the prosecuting attorney's decision regarding intervention in an action brought by a plaintiff under section 15C.05, the prosecuting attorney may pursue the claim through any alternate remedy available to the state, including an administrative proceeding to determine a civil monetary penalty. If the prosecuting attorney pursues an alternate remedy in another proceeding, the person initiating the action has the same rights in that proceeding as if the action had continued under section 15C.05. A finding of fact or conclusion of law made in the other proceeding that has become final is conclusive on all parties to an action under section 15C.05. For purposes of this paragraph, a finding or conclusion is final if it has been finally determined on appeal to the appropriate state court, if the time for filing an appeal has expired, or if the finding or conclusion is not subject to judicial review.

**EFFECTIVE DATE.** This section is effective July 1, 2010.

Sec. 30. **[15C.07] SERVICE OF UNSEALED COMPLAINT AND RESPONSE BY DEFENDANT.**

When unsealed, the complaint must be served on the defendant pursuant to Rule 3 of the Minnesota Rules of Civil Procedure. The defendant must respond to the complaint within 20 days after it is served on the defendant.

**EFFECTIVE DATE.** This section is effective July 1, 2010.

Sec. 31. **[15C.08] PROSECUTING ATTORNEY AND PRIVATE PARTY ROLES.**

(a) Except as otherwise provided by this section, if the prosecuting attorney does not intervene at the outset in an action brought by a person under section 15C.05, the person has the same rights in conducting the action as the prosecuting attorney would have. A copy of each pleading or other paper filed in the action and a copy of the transcript of each deposition taken must be mailed to the prosecuting attorney if the prosecuting attorney so requests and pays the cost of doing so.

(b) If the prosecuting attorney elects not to intervene at the outset of the action, the prosecuting attorney may intervene subsequently, upon timely application and good cause shown. If the prosecuting attorney so intervenes, the prosecuting attorney subsequently has primary responsibility for conducting the action.

(c) If the prosecuting attorney elects at the outset of the action to intervene, the prosecuting attorney has the primary responsibility for prosecuting the action. The person who initially brought the action remains a party but the person's acts do not bind the prosecuting attorney.
(d) Whether or not the prosecuting attorney intervenes in the action, the prosecuting attorney may move to dismiss the action for good cause. The person who brought the action must be notified of the filing of the motion and may oppose it and present evidence at the hearing. The prosecuting attorney may also settle the action. If the prosecuting attorney intends to settle the action, the prosecuting attorney shall notify the person who brought the action. The state or the political subdivision may settle the action with the defendant notwithstanding the objections of the person initiating the action if the court determines, after a hearing, that the proposed settlement is fair, adequate, and reasonable under all the circumstances. Upon a showing of good cause, the hearing may be held in chambers.

**EFFECTIVE DATE.** This section is effective July 1, 2010.

Sec. 32. **[15C.09] STAY OF DISCOVERY; EXTENSION.**

(a) The court may stay discovery by a person who brought an action under section 15C.05 for not more than 60 days if the prosecuting attorney shows that the proposed discovery would interfere with the investigation or prosecution of a civil or criminal matter arising out of the same facts, whether or not the prosecuting attorney participates in the action.

(b) The court may extend the stay upon a further showing that the prosecuting attorney has pursued the civil or criminal investigation or proceeding with reasonable diligence and that the proposed discovery would interfere with its continuation. Discovery may not be stayed for a total of more than six months over the objection of the person who brought the action, except for good cause shown by the prosecuting attorney.

(c) A showing made pursuant to this section must be made in chambers.

**EFFECTIVE DATE.** This section is effective July 1, 2010.

Sec. 33. **[15C.10] COURT-IMPOSED LIMITATION UPON PARTICIPATION OF PRIVATE PLAINTIFF IN ACTION.**

Upon a showing by the prosecuting attorney in an action in which the prosecuting attorney has intervened that unrestricted participation by a person under this chapter would interfere with or unduly delay the conduct of the action, or would be repetitious, irrelevant, or solely for harassment, the court may limit the person's participation by limiting the number of witnesses, the length of the testimony of the witnesses, the cross-examination of witnesses by the person, or by other measures.

**EFFECTIVE DATE.** This section is effective July 1, 2010.

Sec. 34. **[15C.11] LIMITATION OF ACTIONS; REMEDIES.**

(a) An action under this chapter may not be commenced more than three years after the date of discovery of the fraudulent activity by the prosecuting attorney or more than six years after the fraudulent activity occurred, whichever occurs later, but in no event more than ten years after the date on which the violation is committed.

(b) A finding of guilt in a criminal proceeding charging a false statement or fraud, whether upon a verdict of guilty or a plea of guilty or nolo contendere, stops the person found guilty from denying an essential element of that offense in an action under this chapter based upon the same transaction as the criminal proceeding.

(c) In an action under this chapter, the state or the political subdivision and any plaintiff under section 15C.05 must prove the essential elements of the cause of action, including damages, by a preponderance of the evidence.

**EFFECTIVE DATE.** This section is effective July 1, 2010.
Sec. 35. [15C.12] AWARD OF EXPENSES AND ATTORNEY FEES.

If the prosecuting attorney or a person who brought an action under section 15C.05 prevails in or settles an action under this chapter, the court may authorize the prosecuting attorney or person to recover reasonable costs, reasonable attorney fees, and the reasonable fees of expert consultants and expert witnesses. These expenses must be awarded against the defendant and are not allowed against the state or a political subdivision. If the prosecuting attorney does not intervene in the action and the person bringing the action conducts the action and the defendant prevails in the action, the court shall award to the defendant reasonable expenses and attorney fees against the person bringing the action if it finds that the action was clearly frivolous or vexatious or brought in substantial part for harassment. The state or a political subdivision is not liable for expenses, attorney fees, or other costs incurred by a person in bringing or defending an action under this chapter.

EFFECTIVE DATE. This section is effective July 1, 2010.

Sec. 36. [15C.13] DISTRIBUTION TO PRIVATE PLAINTIFF IN CERTAIN ACTIONS.

If the prosecuting attorney intervenes at the outset in an action brought by a person under section 15C.05, the person is entitled to receive not less than 15 percent or more than 25 percent of any recovery in proportion to the person's contribution to the conduct of the action. If the prosecuting attorney does not intervene in the action at any time, the person is entitled to receive not less than 25 percent or more than 30 percent of any recovery of the civil penalty and damages, or settlement, as the court determines is reasonable. If the prosecuting attorney does not intervene in the action at the outset but subsequently intervenes, the person is entitled to receive not less than 15 percent or more than 30 percent of any recovery, as the court determines is reasonable based on the person's participation in the action before the prosecuting attorney intervened.

EFFECTIVE DATE. This section is effective July 1, 2010.

Sec. 37. [15C.14] EMPLOYER RESTRICTIONS; LIABILITY.

(a) An employer must not adopt or enforce any rule or policy forbidding an employee to disclose information to the state, a political subdivision, or a law enforcement agency, or to act in furtherance of an action under this chapter, including investigation for, bringing, or testifying in the action.

(b) An employer must not discharge, demote, suspend, threaten, harass, deny promotion to, or otherwise discriminate against an employee in the terms or conditions of employment because of lawful acts done by the employee on the employee's behalf or on behalf of others in disclosing information to the state, a political subdivision, or a law enforcement agency in furtherance of an action under this chapter, including investigation for bringing or testifying in the action.

(c) An employer who violates this section is liable to the affected employee in a civil action for damages and other relief, including reinstatement, twice the amount of lost compensation, interest on the lost compensation, any special damage sustained as a result of the discrimination, and punitive damages if appropriate. The employer is also liable for expenses recoverable under section 15C.12, including costs and attorney fees.

EFFECTIVE DATE. This section is effective July 1, 2010.

Sec. 38. [15C.15] DEPOSIT OF STATE FUNDS; FALSE CLAIMS ACCOUNT.

Subdivision 1. Deposit of funds. The net proceeds received by the state in an action under this chapter, after distributions made to private plaintiffs and as otherwise required by federal law, must be deposited in the state treasury and credited as follows:
(1) the portion of net proceeds equal to the amount of the actual damages that the state sustains because of an act specified in section 15C.02 must be credited to the fund that sustained the damages;

(2) the portion of net proceeds equal to the additional recovery of federal money authorized by United States Code, title 42, section 1396h, for a recovery under this chapter, as determined by the commissioner of finance, must be credited to the false claims account under subdivision 2, provided that the amount credited may not exceed $1,000,000 in a fiscal year; and

(3) the remainder of the net proceeds must be credited to the general fund.

Subd. 2. False claims account. A false claims account is established in the special revenue fund in the state treasury. The commissioner of finance may enter into interagency agreements to deposit up to $2,055,000 for litigation and related expenses under this act. Money in the account deposited through interagency agreement or under subdivision 1 is annually appropriated to the attorney general for purposes of this chapter.

EFFECTIVE DATE. Subdivision 2 is effective the day following final enactment.

Sec. 39. [15C.16] REPORTING.

The attorney general shall report to the chairs and ranking minority members of the senate and house of representatives committees with jurisdiction over state government finance by January 15 each year, on activities under this chapter during the prior calendar year. The report must include:

(2) the number of times the attorney general intervened and declined to intervene after receiving a complaint;

(3) an estimate of the amount of time spent by attorneys in the attorney general's office and an estimate of the amount of time spent by other staff in the attorney general's office on activities under this chapter; and

The Web site must not include information that is not public data, as defined in section 13.02, subdivision 8a. No money appropriated for these purposes may be spent unless the commissioner certifies that the systems will allow compliance with requirements of this section.

**EFFECTIVE DATE.** This section is effective the day following certification by the commissioner of finance that a new statewide accounting and procurement system has been implemented.

Sec. 44. **[16A.057] INTERNAL CONTROLS AND INTERNAL AUDITING.**

Subdivision 1. **Establishment of system.** The commissioner is responsible for the system of internal controls across the executive branch. The commissioner shall provide internal control support to agencies that the commissioner determines need this assistance.

Subd. 4. **Sharing internal audit resources.** The commissioner must administer a program for sharing internal auditors among executive agencies that do not have their own internal auditors and for assembling interagency teams of internal auditors as necessary.

Subd. 5. **Monitoring Office of the Legislative Auditor audits.** The commissioner must review audit reports from the Office of the Legislative Auditor and take appropriate steps to address internal control problems found in executive agencies.

Subd. 6. **Budget for internal controls.** The commissioner of finance may require that each executive agency spend a specified percentage of its operating budget on internal control systems. The commissioner of finance may require that an agency transfer a portion of its operating budget to the commissioner to pay for internal control functions performed by the commissioner.

Subd. 7. **Annual report.** The commissioner must report to the legislative audit commission and the governor by January 31 of each odd-numbered year on the system of internal controls and internal auditing in executive agencies.
Subd. 8. **Agency head responsibilities.** The head of each executive agency is responsible for designing, implementing, and maintaining an effective internal control system within the agency that complies with the requirements of subdivision 1, clauses (1) to (4). The head of each executive agency must annually certify that the agency head has reviewed the agency's internal control systems, and that these systems are in compliance with standards and policies established by the commissioner. The agency head must submit the signed certification form to the commissioner of finance, in a form specified by the commissioner.

Subd. 9. **State colleges and universities.** This section does not apply to the Minnesota state colleges and universities system.

Sec. 45. Minnesota Statutes 2008, section 16A.126, subdivision 1, is amended to read:

**Subdivision 1. Set rates.** The commissioner shall approve the rates an agency must pay to a revolving fund for services. Funds subject to this subdivision include, but are not limited to, the revolving funds established in sections 4A.05; 14.46; 14.53; 16B.48; 16B.54; 16B.58; 16B.85; 16C.03, subdivision 11; 16E.14; 43A.55; and 176.591; and the fund established in section 43A.30.

**Subdivision 1. Payroll direct deposit and deductions.** An agency head in the executive, judicial, and legislative branch shall, upon written request signed by an employee, directly deposit all or part of an employee's pay to those credit unions or financial institutions, as defined in section 47.015, designated by the employee. An agency head may, upon written request of an employee, deduct from the pay of the employee a requested amount to be paid to the Minnesota Benefit Association, or to any organization, as defined under section 179A.06, of which the employee is a member. If an employee has more than one account with the Minnesota Benefit Association or more than one organization under section 179A.06, only the Minnesota Benefit Association and one organization, as defined under section 179A.06, may be paid money by payroll deduction from the employee's pay.

Sec. 47. Minnesota Statutes 2008, section 16A.139, is amended to read:

**16A.139 MISAPPROPRIATION OF MONEY.**

It is illegal for any (a) No official or head of any state department in the executive, legislative, or judicial branches, or any employee thereof of a state department in those branches, to may intentionally use money appropriated by law, or fees collected knowing that the use is for any other purpose other than the purpose for which the money was appropriated, and any such act by any. Unless a greater penalty is specified elsewhere in law, a person who violates this paragraph is guilty of a gross misdemeanor.

(b) A violation of paragraph (a) by a head of a department, or any state official, is cause for immediate removal of the official or head of a state department from the position held with the government of this state. A criminal conviction under paragraph (a) is not a prerequisite for removal. This paragraph does not apply to a judge, a constitutional officer, or a legislator, except as potential grounds for expulsion, impeachment, or recall in the manner specified in article IV, section 7, and article VIII of the Minnesota Constitution.

**EFFECTIVE DATE.** This section is effective August 1, 2009, and applies to crimes committed on or after that date.

Sec. 48. Minnesota Statutes 2008, section 16A.151, subdivision 2, is amended to read:

Subd. 2. **Exceptions.** (a) If a state official litigates or settles a matter on behalf of specific injured persons or entities, this section does not prohibit distribution of money to the specific injured persons or entities on whose behalf the litigation or settlement efforts were initiated. If money recovered on behalf of injured persons or entities
cannot reasonably be distributed to those persons or entities because they cannot readily be located or identified or because the cost of distributing the money would outweigh the benefit to the persons or entities, the money must be paid into the general fund.

(b) Money recovered on behalf of a fund in the state treasury other than the general fund may be deposited in that fund.

(c) This section does not prohibit a state official from distributing money to a person or entity other than the state in litigation or potential litigation in which the state is a defendant or potential defendant.

(d) State agencies may accept funds as directed by a federal court for any restitution or monetary penalty under United States Code, title 18, section 3663(a)(3) or United States Code, title 18, section 3663A(a)(3). Funds received must be deposited in a special revenue account and are appropriated to the commissioner of the agency for the purpose as directed by the federal court.

(e) Subdivision 1 does not apply to a recovery or settlement of less than $750,000.

**EFFECTIVE DATE.** This section is effective August 1, 2009, and applies to actions commenced on or after that date.

Sec. 49. Minnesota Statutes 2008, section 16A.152, is amended by adding a subdivision to read:

Subd. 8. **Report on budget reserve percentage.** (a) The commissioner of finance must periodically review the formula developed as part of the Budget Trends Study Commission authorized by Laws 2007, chapter 148, article 2, section 81, to estimate the percentage of the preceding biennium's general fund expenditures and transfers recommended as a budget reserve.

(b) The commissioner must annually review the variables and coefficients in the formula used to model the base of the general fund taxes and the mix of taxes that provide revenues to the general fund. If the commissioner determines that the variables and coefficients have changed enough to result in a change in the percentage of the preceding biennium's general fund expenditures and transfers recommended as a budget reserve, the commissioner must update the variables and coefficients in the formula to reflect the current base and mix of general fund taxes.

(c) Every ten years, the commissioner must review the methodology underlying the formula, taking into consideration relevant economic literature from the past ten years, and determine if the formula remains adequate as a tool for estimating the percentage of the preceding biennium's general fund expenditures and transfers recommended as a budget reserve. If the commissioner determines that the methodology underlying the formula is outdated, the commissioner must revise the formula.

(d) By January 15 of each year, the commissioner must report to the chairs and ranking minority members of the house of representatives Committee on Ways and Means and the senate Committee on Finance, in compliance with sections 3.195 and 3.197, on the percentage of the preceding biennium's general fund expenditures and transfers recommended as a budget reserve. The report must specify:

(1) if the commissioner updated the variables and coefficients in the formula to reflect significant changes to either the base of one or more general fund taxes or to the mix of taxes that provide revenues to the general fund as provided in paragraph (b); and

(2) if the commissioner revised the formula after determining the methodology was outdated as provided in paragraph (c); and
(3) if the percentage of the preceding biennium’s general fund expenditures and transfers recommended as a budget reserve has changed as a result of an update of or a revision to the formula.

**EFFECTIVE DATE.** This section is effective the day following final enactment.

Sec. 50. **16A.81 TECHNOLOGY DEVELOPMENT LEASE-PURCHASE FINANCING.**

Subdivision 1. **Definitions.** The following definitions apply to this section.

(a) "Technology system project" means the development, acquisition, installation, and implementation of a technology system that is essential to state operations and is expected to have a long useful life.

(b) "Lease-purchase agreement" means an agreement for the lease and installment purchase of a technology system project, or a portion of the project, between the commissioner, on behalf of the state, and a vendor or a third-party financing source.

(c) "Technology development lease-purchase guidelines" means policies, procedures, and requirements established by the commissioner for technology system projects that are financed pursuant to a lease-purchase agreement.

Subd. 2. **Lease-purchase financing.** The commissioner may enter into a lease-purchase agreement in an amount sufficient to fund a technology system project and authorize the public or private sale and issuance of certificates of participation, provided that:

1. the technology system project has been authorized by law to be funded pursuant to a lease-purchase agreement;

2. the term of the lease-purchase agreement and the related certificates of participation shall not exceed the lesser of the expected useful life of the technology system project financed by the lease-purchase agreement and the certificates or ten years from the date of issuance of the lease-purchase agreement and the certificates;

3. the principal amount of the lease-purchase agreement and the certificates is sufficient to provide for the costs of issuance, capitalized interest, credit enhancement, or reserves, if any, as required under the lease-purchase agreement;

4. funds sufficient for payment of lease obligations have been committed in the authorizing legislation for the technology system project for the fiscal year during which the lease-purchase agreement is entered into; provided that no lease-purchase agreement shall obligate the state to appropriate funds sufficient to make lease payments due under such agreement in any future fiscal year; and

5. planned expenditures for the technology system project are permitted within the technology development lease-purchase guidelines.

Subd. 3. **Covenants.** The commissioner may covenant in a lease-purchase agreement that the state will abide by the terms and provisions that are customary in lease-purchase financing transactions, including but not limited to, covenants providing that the state:

1. will maintain insurance as required under the terms of the lease-purchase agreement;
(2) is responsible to the lessor for any public liability or property damage claims or costs related to the selection, use, or maintenance of the technology system project, to the extent of insurance or self-insurance maintained by the state, and for costs and expenses incurred by the lessor as a result of any default by the state; or

(3) authorizes the lessor to exercise the rights of a secured party with respect to the technology system project or any portion of the project in the event of default or nonappropriation of funds by the state, and for the present recovery of lease payments due during the current term of the lease-purchase agreement as liquidated damages in the event of default.

Subd. 4. **Credit and appropriation of proceeds.** Proceeds of the lease-purchase agreement and certificates of participation must be credited to a technology lease project fund in the state treasury. Net income from investment of the proceeds, as estimated by the commissioner, must be credited to the appropriate accounts in the technology lease project fund. Funds in the technology lease project fund are appropriated for the purposes described in the authorizing law for each technology development project and this section.

Subd. 5. **Transfer of funds.** Before the lease-purchase proceeds are received in the technology lease project fund, the commissioner may transfer to that fund from the general fund amounts not exceeding the expected proceeds from the lease-purchase agreement and certificates of participation. The commissioner shall return these amounts to the general fund by transferring proceeds when received. The amounts of these transfers are appropriated from the general fund and from the technology lease project fund.

Subd. 6. **Administrative expenses.** Actual and necessary travel and subsistence expenses of employees and all other nonsalary expenses incidental to the sale, printing, execution, and delivery of the lease-purchase agreement and certificates of participation may be paid from the lease-purchase proceeds. The lease-purchase proceeds are appropriated for this purpose.

Subd. 7. **Treatment of technology lease project fund.** Lease-purchase proceeds remaining in the technology lease project fund after the purposes for which the lease-purchase agreement was undertaken are accomplished or abandoned, as determined by the commissioner, must be transferred to the general fund.

Subd. 8. **Lease-purchase not public debt.** A lease-purchase agreement does not constitute or create a general or moral obligation or indebtedness of the state in excess of the money from time to time appropriated or otherwise available for payments or obligations under such agreement. Payments due under a lease-purchase agreement during a current lease term for which money has been appropriated is a current expense of the state.

Subd. 9. **Tax treatment.** Property purchased subject to a lease-purchase agreement under this section is not subject to personal property taxes. The purchaser of property for lease to the state under a valid lease-purchase agreement under this section is not subject to the sales tax on the purchase of the property or on the payments received under the agreement, but the state is subject to the tax under chapter 297A on property acquired under the agreement.

Subd. 10. **Refunding certificates.** The commissioner from time to time may enter into a new lease-purchase agreement and issue and sell certificates of participation for the purpose of refunding any lease-purchase agreement and related certificates of participation then outstanding, including the payment of any redemption premiums, any interest accrued or that is to accrue to the redemption date, and costs related to the issuance and sale of such refunding certificates. The proceeds of any refunding certificates may, in the discretion of the commissioner, be applied to the purchase or payment at maturity of the certificates to be refunded, to the redemption of outstanding lease-purchase agreements and certificates on any redemption date, or to pay interest on the refunding lease-purchase agreements and certificates and may, pending such application, be placed in escrow to be applied to such purchase, payment, retirement, or redemption. Any escrowed proceeds, pending such use, may be invested and reinvested in obligations that are authorized investments under section 11A.24. The income earned or realized on
any authorized investment may also be applied to the payment of the lease-purchase agreements and certificates to be refunded, interest or premiums on the refunded certificates, or to pay interest on the refunding lease-purchase agreements and certificates. After the terms of the escrow have been fully satisfied, any balance of proceeds and any investment income may be returned to the general fund, or if applicable, the technology lease project fund, for use in a lawful manner. All refunding lease-purchase agreements and certificates issued under the provisions of this subdivision must be prepared, executed, delivered, and secured by appropriations in the same manner as the lease-purchase agreements and certificates to be refunded.

**EFFECTIVE DATE.** This section is effective the day following final enactment.

Sec. 51. **[16A.82] TECHNOLOGY LEASE-PURCHASE APPROPRIATION.**

$3,548,000 in fiscal year 2010; $3,546,000 in fiscal year 2011; and $10,054,000 in each fiscal year 2012 through 2019 are appropriated from the general fund to the commissioner to make payments under a lease-purchase agreement as defined in section 16A.81 for replacement of the state's accounting and procurement systems, provided that the state is not obligated to continue such appropriation of funds or to make lease payments in any future fiscal year. Any unexpended portions of this appropriation cancel to the general fund at the close of each biennium. This section expires June 30, 2020.

Sec. 52. Minnesota Statutes 2008, section 16B.24, is amended by adding a subdivision to read:

Subd. 5b. **Employee fitness and wellness facilities.** An entity in the executive, legislative, or judicial branch may use space under its control to offer fitness, wellness, or similar classes or activities to its employees, and may allow persons conducting these classes or activities to charge employees a fee to participate. Revenue received by a public entity under this section is appropriated to the entity. This authorization applies to all state space, including property in the Capitol area, and other designated property as defined in rules adopted by the commissioner of public safety. Persons conducting these classes or activities, and participating employees, waive any and all claims of liability against the state for any damage or injury arising from the use of state space for employee fitness and wellness classes or similar classes or activities. Persons conducting these classes or activities agree to indemnify, save, and hold the state, its agents, and employees harmless from any claims or causes of action, including attorney fees incurred by the state that arise from these classes or activities.

**EFFECTIVE DATE.** This section is effective the day following final enactment.

Sec. 53. **[16B.242] ENTERPRISE REAL PROPERTY ACCOUNT.**

Sec. 54. **[16B.2421] BIRD-SAFE BUILDINGS.**

Between March 15 and May 31 and between August 15 and October 31 each year, occupants of state-owned or state-leased buildings must attempt to reduce dangers posed to migrating birds by turning off building lights between midnight and dawn, to the extent turning off lights is consistent with the normal use of the buildings. The commissioner of administration may adopt policies to implement this requirement.

Sec. 55. **[16B.99] GEOSPATIAL INFORMATION OFFICE.**

Subdivision 1. **Creation.** The Minnesota Geospatial Information Office is created under the supervision of the commissioner of administration.
Subd. 2. Responsibilities; authority. The office has authority to provide coordination, guidance, and leadership, and to plan the implementation of Minnesota's geospatial information technology. The office must identify, coordinate, and guide strategic investments in geospatial information technology systems, data, and services to ensure effective implementation and use of Geospatial Information Systems (GIS) by state agencies to maximize benefits for state government as an enterprise.

Subd. 4. Duties of chief geospatial information officer. (a) In consultation with the state geospatial advisory council, the commissioner of administration, the commissioner of finance, and the Minnesota chief information officer, the chief geospatial information officer must identify when it is cost-effective for agencies to develop and use shared information and geospatial technology systems, data, and services. The chief geospatial information officer may require agencies to use shared information and geospatial technology systems, data, and services.

(b) The chief geospatial information officer, in consultation with the state geospatial advisory council, must establish reimbursement rates in cooperation with the commissioner of finance to bill agencies and other governmental entities sufficient to cover the actual development, operation, maintenance, and administrative costs of the shared systems. The methodology for billing may include the use of interagency agreements, or other means as allowed by law.

Subd. 5. Fees. (a) The chief geospatial information officer must set fees under section 16A.1285 that reflect the actual cost of providing information products and services to clients. Fees collected must be deposited in the state treasury and credited to the Minnesota Geospatial Information Office revolving account. Money in the account is

Money in the account must not be used for the general operation of the Minnesota Geospatial Information Office.

(b) The chief geospatial information officer may require a state agency to make an advance payment to the revolving account sufficient to cover the agency’s estimated obligation for a period of 60 days or more. If the revolving account is abolished or liquidated, the total net profit from the operation of the account must be distributed to the various funds from which purchases were made. For a given period of time, the amount of total net profit to be distributed to each fund must reflect the same ratio of total purchases attributable to each fund divided by the total purchases from all funds.

Subd. 6. Accountability. The chief geospatial information officer is appointed by the commissioner of administration and must work closely with the Minnesota chief information officer who shall advise on technology projects, standards, and services.

(9) sponsor, support, and facilitate innovative and collaborative geospatial systems technology, data, and services projects; and

(10) review and recommend alternative sourcing strategies for state geospatial information systems technology, data, and services.
Subd. 8. **Geospatial advisory councils created.** The chief geospatial information officer must establish a governance structure that includes advisory councils to provide recommendations for improving the operations and management of geospatial technology within state government and also on issues of importance to users of geospatial technology throughout the state.

(a) A statewide geospatial advisory council must advise the Minnesota Geospatial Information Office regarding the improvement of services statewide through the coordinated, affordable, reliable, and effective use of geospatial technology. The commissioner of administration must appoint the members of the council. The members must represent a cross-section of organizations including counties, cities, universities, business, nonprofit organizations, federal agencies, and state agencies. No more than 20 percent of the members may be employees of a state agency. In addition, the chief geospatial information officer must be a nonvoting member.

(b) A state government geospatial advisory council must advise the Minnesota Geospatial Information Office on issues concerning improving state government services through the coordinated, affordable, reliable, and effective use of geospatial technology. The commissioner of administration must appoint the members of the council. The members must represent up to 15 state government agencies and constitutional offices, including the Office of Enterprise Technology and the Minnesota Geospatial Information Office. The council must be chaired by the chief geographic information officer. A representative of the statewide geospatial advisory council must serve as a nonvoting member.

(c) Members of both the statewide geospatial advisory council and the state government advisory council must be recommended by a process that ensures that each member is designated to represent a clearly identified agency or interested party category and that complies with the state’s open appointment process. (d) The Minnesota Geospatial Information Office must provide administrative support for both geospatial advisory councils.

(e) This subdivision expires June 30, 2011.

Subd. 9. **Report to legislature.** By January 15, 2010, the chief geospatial information officer must provide a report to the chairs and ranking minority members of the legislative committees with jurisdiction over the policy and budget for the office. **EFFECTIVE DATE.** This section is effective the day following final enactment.

Sec. 56. Minnesota Statutes 2008, section 16C.16, is amended by adding a subdivision to read:

Subd. 6a. **Veteran-owned small businesses.** (a) The commissioner shall award up to a six percent preference, but no less than the percentage awarded to any other group under this section, in the amount bid on state procurement to certified small businesses that are majority-owned and operated either:

1. by recently separated veterans, who are veterans as defined in section 197.447, who have served in active military service, at any time on or after September 11, 2001, and who have been discharged under honorable conditions from active service, as indicated by the person’s United States Department of Defense form DD-214 or by the commissioner of veterans affairs; or

2. by veterans who are veterans as defined in section 197.447, with service-connected disabilities, as determined at any time by the United States Department of Veterans Affairs.
(b) The purpose of this designation is to facilitate the transition of veterans from military to civilian life, and to help compensate veterans for their sacrifices, including but not limited to their sacrifice of health and time, to the state and nation during their military service, as well as to enhance economic development within Minnesota.

(c) For purposes of this section and section 16C.19, "service-connected disability" has the meaning given in United States Code, title 38, section 101(16), as determined by the United States Department of Veterans Affairs.

**EFFECTIVE DATE.** This section is effective July 1, 2009, and applies to procurement contract bid solicitations issued on and after that date.

**16C.19 ELIGIBILITY; RULES.**

(a) A small business wishing to participate in the programs under section 16C.16, subdivisions 4 to 7, must be certified by the commissioner. The commissioner shall adopt by rule standards and procedures for certifying that small businesses, small targeted group businesses, and small businesses located in economically disadvantaged areas are eligible to participate under the requirements of sections 16C.16 to 16C.21. The commissioner shall adopt by rule standards and procedures for hearing appeals and grievances and other rules necessary to carry out the duties set forth in sections 16C.16 to 16C.21.

(b) The commissioner may make rules which exclude or limit the participation of nonmanufacturing business, including third-party lessors, brokers, franchises, jobbers, manufacturers’ representatives, and others from eligibility under sections 16C.16 to 16C.21.

(c) The commissioner may make rules that set time limits and other eligibility limits on business participation in programs under sections 16C.16 to 16C.21.

(d) Notwithstanding paragraph (c), for purposes of sections 16C.16 to 16C.21, a veteran-owned small business or service-disabled veteran-owned small business, the principal place of business of which is in Minnesota, is certified if:

1. it has been verified by the United States Department of Veterans Affairs as being a veteran-owned small business in accordance with Public Law 109-461 and Code of Federal Regulations, title 38, part 74, and a majority of the owners of the business are recently separated veterans as provided in section 16C.16, subdivision 6a; or

2. it has been verified by the United States Department of Veterans Affairs as being a service-disabled veteran-owned small business in accordance with Public Law 109-461 and Code of Federal Regulations, title 38, part 74.

**EFFECTIVE DATE.** This section is effective July 1, 2009, and applies to procurement contract bid solicitations issued on and after that date.
Sec. 59. **STATEWIDE ELECTRONIC LICENSING SYSTEM.**

Subdivision 1. **Account established; appropriation.** The statewide electronic licensing account is created in the special revenue fund. Receipts and transfers credited to the account are appropriated to the state chief information officer for completion of the Minnesota electronic licensing system, for transferring licensing agencies to the system, and for operation and maintenance of the system during the completion and transfer period.

Subd. 2. **Requirements.** The transfer of an existing electronic licensing system to the Minnesota electronic licensing system may not reduce the critical functionality provided by the existing system.

Subd. 3. **Temporary licensing surcharge.** (a) Except as provided in this subdivision, executive branch state agencies shall collect a temporary surcharge of ten percent of the licensing fee, but no less than $5 and no more than $150 on each business, commercial, professional, or occupational license that:

1. requires a fee; and
2. will be transferred to the Minnesota electronic licensing system, as determined by the state chief information officer.

The surcharge applies to initial license applications and license renewals. Each agency that issues a license subject to this subdivision shall collect the surcharge for the license for up to six years between July 1, 2009, and June 30, 2015, as directed by the state chief information officer. Receipts from the surcharge shall be deposited in the statewide licensing account established in subdivision 1.

(b) An agency may transfer an amount equivalent to the surcharge imposed under this section from existing license accounts to the statewide electronic licensing system account in lieu of collecting the surcharge required under paragraph (a) does not apply to the relevant license. Transfers received under this paragraph shall be deposited in the statewide licensing account established in subdivision 1.

(c) In lieu of collecting the surcharge imposed in paragraph (a), during each fiscal year beginning July 1, 2009, and ending June 30, 2015, one or more health-related boards established in chapter 214 may transfer funds from the health occupations licensing account in the state government special revenue fund to the statewide electronic licensing system account to meet the requirements under paragraph (b). If the commissioner of finance determines that the balance of the health occupations licensing account established in section 214.06, subdivision 1a, is insufficient to make transfers under paragraph (b), then the temporary surcharge required under paragraph (a) must be applied to the relevant licenses.

(d) Department of Commerce licensees who are paying for an existing electronic licensing database system under section 45.24 must not be required to pay the surcharge under this section.

Subd. 4. **Contract authority.** The state chief information officer may enter into a risk-share or phased agreement with a vendor to complete the Minnesota electronic licensing system and to transfer licensing agencies to the system, provided that the payment for the vendor’s services under the agreement is limited to the revenue from the surcharge enacted under subdivision 3, after payment of state operating and maintenance costs. The agreement must clearly indicate that the state chief information officer may only expend amounts actually collected from the surcharge, after state operations and maintenance costs have been paid, in payment for the vendor’s services and that the vendor assumes this risk when performing work under the contract. This section does not require the state chief information officer to pay the vendor the entire amount of the surcharge revenue that remains after payment of state operations and maintenance costs. Before entering into a contract under this subdivision, the state chief information officer must consult with the commissioner of finance regarding the implementation of the surcharge and the terms of the contract.
Subd. 5. **Unused funds.** Money remaining in the statewide electronic licensing account after payment of all costs of completing the Minnesota electronic licensing system, transferring licensing agencies to the system, and operating and maintaining the system during the completion and transfer period is appropriated to the state chief information officer for the costs of operating and maintaining the Minnesota electronic licensing system after the system has been completed.

Subd. 6. **Priority.** To the extent possible, in completing the Minnesota electronic licensing system, the state chief information officer must give priority to licenses that are not issued electronically. Licenses regulated by a health board under chapter 214 must not be transferred to the Minnesota electronic licensing system before July 1, 2011.

Subd. 7. **Expiration.** This section expires on June 30, 2017.

Sec. 60. Minnesota Statutes 2008, section 31.60, subdivision 1, is amended to read:

Subdivision 1. **Division duties; director; personnel.** A Meat Industry Division is created in the Department of Agriculture which shall enforce and administer laws enforced and administered by the commissioner of agriculture relating to meat, fish, and dressed poultry, except laws enforced and administered by the Division of Poultry Industries. Subd. 2. Photo identification. (a) To satisfy the photo identification requirement in subdivision 1, a voter must
present one of the following:

(1) a valid Minnesota driver's license or identification card, issued by the Department of Public Safety;

(2) a valid Minnesota voter identification card issued under section 201.017;

(3) a valid identification card issued by a branch, department, agency, entity, or subdivision of the state of
Minnesota or the federal government which is authorized by law to issue personal identification, provided that the
identification card contains a photograph of the voter;

(4) a valid United States passport; or

(5) a valid tribal identification card containing a photograph of the voter.

(b) If a voter is unable to produce any of the items of identification listed in paragraph (a), the voter shall be
allowed to vote a provisional ballot upon swearing or affirming that the voter is the person identified on the polling
place roster. Falsely swearing or affirming the oath shall be punishable as a felony. A provisional ballot may be

Page 42, after line 9, insert:

"Sec. 24. [204C.135] PROVISIONAL BALLOTS.

Subdivision 1. Casting of provisional ballots. (a) A voter who appears at a polling place for the purpose of
casting a ballot in a primary or general election but is unable to provide proper photo identification as required by
section 204C.10 is entitled, upon swearing or affirming the voter's identity, to cast a provisional ballot as provided
by this section.

(b) A voter seeking to vote a provisional ballot must complete a provisional ballot voting certificate. The
certificate must include information about the place, manner, and approximate date on which the voter previously
registered to vote. The voter must also swear or affirm in writing that the voter previously registered to vote, is
eligible to vote, has not voted previously in that election, and meets the criteria for registering to vote in Minnesota.
The form of the provisional ballot voting certificate shall be prescribed by the secretary of state."
(c) Once the voter has completed the provisional ballot voting certificate as required by this subdivision, the voter must be allowed to cast a provisional ballot. The provisional ballot must be the same as that utilized by the county or municipality for mail-in absentee ballots. A completed provisional ballot shall be sealed in the manner required for absentee ballots pursuant to section 203B.07, and deposited by the voter in a secure, sealed ballot box.

Subd. 2. Counting provisional ballots. (a) The head election judge in a precinct where a provisional vote was cast must notify the county auditor or municipal clerk of the number of provisional ballots cast as soon as practicable following the closing of the polls. Provisional ballots and related documentation shall be delivered to and securely maintained by the county auditor or municipal clerk.

(b) A voter who, because of an inability to produce photo identification on election day, cast a provisional ballot in the polling place may personally appear before the county auditor or municipal clerk no later than five business days following the election to determine whether the provisional ballot will be counted. The county auditor or municipal clerk must count a provisional ballot in the final certified results from the precinct if the voter either: (1) presents a form of photo identification permissible under section 204C.10, subdivision 2, or the documentation necessary to secure a Minnesota voter identification card under section 201.017, subdivision 3; or (2) executes an affidavit before the county auditor or municipal clerk, in a form prescribed by the secretary of state, affirming under penalty of perjury that the voter is the same person who appeared in the polling place on election day and cast a provisional ballot and either: (i) is unable to obtain a sufficient form of photo identification without the payment of a fee and was not able to secure a Minnesota voter identification card prior to election day; or (ii) has a religious objection to being photographed.

(c) If a voter does not appear before the county auditor or municipal clerk within five business days following the election, or otherwise does not satisfy the requirements of paragraph (b), the voter's provisional ballot must not be counted.

(d) The county auditor or municipal clerk must notify, in writing, any voter who does not appear within five business days of the election that their provisional ballot was not cast because of the voter's failure to provide photo identification at the polling place and the voter's failure to appear within five business days following the election to determine whether the provisional ballot should be counted.
