"Section 1. Minnesota Statutes 2012, section 462.358, subdivision 2b, is amended to read:

Subd. 2b. **Dedication.** (a) The regulations may require that a reasonable portion of the buildable land, as defined by municipal ordinance, of any proposed subdivision be dedicated to the public or preserved for public use as streets, roads, sewers, electric, gas, and water facilities, storm water drainage and holding areas or ponds and similar utilities and improvements, parks, recreational facilities as defined in section 471.191, playgrounds, trails, wetlands, or open space. The requirement must be imposed by ordinance or under the procedures established in section 462.353, subdivision 4a.

(b) If a municipality adopts the ordinance or proceeds under section 462.353, subdivision 4a, as required by paragraph (a), the municipality must adopt a capital improvement budget and have a parks and open space plan or have a parks, trails, and open space component in its comprehensive plan subject to the terms and conditions in this paragraph and paragraphs (c) to (i).

(c) The municipality may choose to accept a cash fee as set by ordinance from the applicant for some or all of the new lots created in the subdivision, based on the average fair market value of the unplatted land for which park fees have not already been paid that is, no later than at the time of final approval or under the city's adopted comprehensive plan, to be served by municipal sanitary sewer and water service or community septic and private well as authorized by state law. For purposes of redevelopment on developed land, the municipality may choose to accept a cash fee based on fair market value of the land no later than the time of final approval. "Fair market value" means the value of the land as determined by the municipality yearly based on tax valuation or other relevant data. If the municipality's calculation of valuation is objected to by the applicant, then the value shall be as negotiated between the municipality and the applicant, or based on the market value as determined by the municipality based on an independent appraisal of land in a same or similar land use category.

(d) In establishing the portion to be dedicated or preserved or the cash fee, the regulations shall give due consideration to the open space, recreational, or common areas and facilities open to the public that the applicant proposes to reserve for the subdivision.

(e) The municipality must reasonably determine that it will need to acquire that portion of land for the purposes stated in this subdivision as a result of approval of the subdivision.

(f) Cash payments received must be placed by the municipality in a special fund to be used only for the purposes for which the money was obtained.

(g) Cash payments received must be used only for the acquisition and development or improvement of parks, recreational facilities, playgrounds, trails, wetlands, or open space based on the approved park systems plan. Cash payments must not be used for ongoing operation or maintenance of parks, recreational facilities, playgrounds, trails, wetlands, or open space.

(h) The municipality must not deny the approval of a subdivision based solely on an inadequate supply of parks, open spaces, trails, or recreational facilities within the municipality.

(i) Previously subdivided property from which a park dedication has been received, being resubdivided with the same number of lots, is exempt from park dedication requirements. If, as a result of resubdividing the property, the number of lots is increased, then the park dedication or per-lot cash fee must apply only to the net increase of lots.

Sec. 2. Laws 2006, chapter 269, section 2, as amended by Laws 2008, chapter 331, section 11, and Laws 2008, chapter 366, article 17, section 5, is amended to read:

The cash fee may be set at a flat fee rate per net new residential unit. The ordinance may exclude senior housing and affordable housing from paying the fee or the dedication of land. The provisions of Minnesota Statutes, section 462.358, subdivisions 2b, paragraph (b), and 2c, apply to the ~~imposition,~~ application, and use of the dedication of land or the dedication fee.
