Subd. 4. **Commissioner duties.** (a) The commissioner shall register one in-state manufacturer for the production of all medical cannabis products within the state by December 1, 2014, unless the commissioner obtains an adequate supply of federally sourced medical cannabis products by August 1, 2014. The commissioner shall require any manufacturer application for registration to pay a fee of \$20,000. If a manufacturer is not selected for registration, the commissioner shall refund \$19,000 to that manufacturer. The commissioner shall continue to accept applications after December 1, 2014, if no manufacturer that meets the qualifications set forth in this subdivision applies prior to December 1, 2014. The commissioner's determination that no manufacturer exists to fulfill the duties under this section is subject to judicial review. As a condition for registration, the commissioner shall require the manufacturer to:

(1) supply medical cannabis products to patients by July 1, 2015; and

(2) comply with all requirements under subdivision 8.

(b) The commissioner shall consider the following factors when determining which manufacturer to register:

(1) the technical expertise of the manufacturer in cultivating medical cannabis and converting the medical cannabis into an acceptable delivery method under subdivision 1, paragraph (e);

(2) the qualifications of the manufacturer's employees;

(3) the long-term financial stability of the manufacturer;

(4) the ability to provide appropriate security measures on the premises of the manufacturer;

(5) whether the manufacturer has demonstrated an ability to meet the medical cannabis production needs required by this section; and

(6) the manufacturer's projection and ongoing assessment of fee levels on patients with a qualifying condition.

(c) The commissioner shall require the medical cannabis manufacturer to contract with an independent laboratory to test all medical cannabis produced by the manufacturer. The commissioner shall approve the laboratory chosen by the manufacturer and require that the laboratory report testing results to the manufacturer in a manner determined by the commissioner.

(d) The commissioner shall make an initial determination by December 1, 2014, after reviewing medical and scientific literature, of the range of chemical compositions of any plant of the genus cannabis that will likely be medically beneficial for each of the qualifying medical conditions, including a range of recommended doses for each condition. Once determined, the commissioner shall provide a listing of the range of chemical compositions and range of dosages to the manufacturer and publish the listing on the department Web site.

(e) The commissioner shall adopt rules necessary for the manufacturer to begin distribution of medical cannabis products to patients under the registry program by July 1, 2015, and have notice of proposed rules published in the State Register prior to January 1, 2015.

(f) The commissioner shall, within 30 days of a deadline listed in this section, advise the public and the co-chairs of the task force on medical cannabis therapeutic research if the commissioner is unable to complete any requirements under this section by the deadline listed in this section. (b) The commissioner shall:

(1) give notice of the program to health care practitioners in the state who are eligible to serve as a health care practitioner as defined in subdivision 1, paragraph (c), and explain the purposes and requirements of the program;

(2) allow each health care practitioner in the state who meets or agrees to meet the program's requirements and who requests to participate, to be included in the registry program to collect data for the patient registry;

(3) provide explanatory information and assistance to each health care practitioner in understanding the nature of therapeutic use of medical cannabis within program requirements;

(4) create and provide a written certification to be used by a health practitioner for the practitioner to certify whether a patient has been diagnosed with a qualifying medical condition and include in the certification an option for the practitioner to certify whether the patient, in the health care practitioner's medical opinion, is mentally or physically disabled and, as a result of that disability, the patient is unable to self-administer medication;

(5) supervise the participation of the health care practitioner in conducting patient treatment and health records reporting in a manner that ensures stringent security and record-keeping requirements and that prevents the unauthorized release of private data on individuals as defined by section 13.02;

(7) conduct research and studies based on data from health records submitted to the registry program and submit reports on intermediate or final research results to the legislature and major scientific journals. The commissioner may contract with a third party to complete the requirements of this clause.

(2) the name, mailing address, and telephone number of the qualifying patient's health care practitioner;

(3) the name, mailing address, and date of birth of the patient's designated caregiver, if any, or, if the patient is under age 18, the patient's parent or legal guardian;

(4) a copy of the written certification from the patient's health care practitioner that is dated within 90 days prior to submitting the application which certifies that the patient has been diagnosed with a qualifying medical condition and, if applicable, that, in the health care practitioner's medical opinion, the patient is mentally or physically disabled and, as a result of that disability, the patient is unable to self-administer medication; and

(5) all other signed affidavits and enrollment forms required by the commissioner under this section, including, but not limited to, the disclosure under paragraph (e).

(d) The commissioner shall register a single designated caregiver for a patient if the patient's health care provider certified that the patient, in the health care practitioner's medical opinion, is developmentally or physically disabled and, as a result of that disability, the patient is unable to self-administer medication and the caregiver has agreed, in writing, to be a patient's designated caregiver. As a condition of registration as a designated caregiver, the commissioner shall require the person:

(1) to be at least 21 years of age;

(2) to not already be registered as a caregiver for another patient enrolled in the registry program;

(3) to agree to only possess any medical cannabis product for purposes of administration of the medical cannabis to the patient within the patient's primary place of residence; and

(4) to agree that if the application is approved, the person will not be a registered designated caregiver for more than one patient.

(e) The commissioner shall develop a disclosure form and require, as a condition of enrollment, all patients to sign a copy of the disclosure. The disclosure must include:

(1) a statement that notwithstanding any law to the contrary, the commissioner of health, or an employee of any state agency, may not be held civilly or criminally liable for any injury, loss of property, personal injury, or death caused by any act or omission while acting within the scope of office or employment under this section; and

(2) the patient's acknowledgement that enrollment in the patient registry program is conditional on the patient's agreement to meet all of the requirements of subdivision 9;

(f) After receipt of a patient's application and signed disclosure, the commissioner shall enroll the patient in the registry program and assign the patient a patient registry number. A patient's enrollment in the registry program shall only be denied if the patient:

(1) does not have written certification from a health care provider that the patient has been diagnosed with a qualifying medical condition;

(2) has not signed and returned the disclosure form required under paragraph (d) to the commissioner;

(3) does not provide the information required;

(4) has previously been removed from the registry program for violations of subdivision 9; or

(5) provides false information.

(g) The commissioner shall give written notice to a patient of the reason for denying enrollment in the registry program.

(h) Denial of enrollment into the registry program is considered a final decision of the commissioner and is subject to judicial review.

(i) A patient's enrollment in the registry program may only be revoked if a patient violates a requirement in subdivision 9.

(j) The commissioner shall develop a registry verification to provide to the health care practitioner identified in the patient's application and to the manufacturer. The registry verification shall include:

(1) the patient's name and date of birth;

(2) the patient registry number assigned to the patient;

(3) the patient's qualifying medical condition as provided by the patient's health care provider in the written certification; and

(4) the name and date of birth of the patient's registered designated caregiver, if any, or, if the patient is under age 18, the name of the patient's parent or legal guardian.

(k) If the commissioner adds a delivery form under subdivision 1, paragraph (e), or a qualifying medical condition under subdivision 1, paragraph (m), the commissioner shall notify the legislature by January 15 of any year in which the commissioner wishes to make the change. The change shall be effective on August 1 of that year, unless the legislature by law provides otherwise. As part of the January submission, the commissioner shall notify the chairs and ranking minority members of the legislative policy committees having jurisdiction over health and public safety of the addition and the reasons for its addition, including any written comments received by the commissioner from the public and any guidance received from the task force on medical cannabis research.

(l) Nothing in this section requires the medical assistance and MinnesotaCare programs to reimburse an enrollee or a provider for costs associated with the medical use of cannabis. Medical assistance and MinnesotaCare shall continue to reimburse providers for covered services related to treatment of a recipient's qualifying medical condition.

(m) The establishment of the registry program is not intended in any manner whatsoever to condone or promote the illicit recreational use of marijuana.

Subd. 7. **Health care practitioner duties.** (a) Prior to a patient's enrollment in the registry program, a health care practitioner shall:

(1) determine, in the health care practitioner's medical judgment, whether a patient suffers from a qualifying medical condition as defined in subdivision 1, paragraph (m), and if so determined, provide the patient with a written certification of that diagnosis;

(2) determine whether a patient is developmentally or physically disabled and, as a result of that disability, the patient is unable to self-administer medication, and, if so determined, include that determination on the patient's written certification of diagnosis;

(3) advise patients, registered designated caregivers, and parents or legal guardians of patients under age 18 of the existence of any nonprofit patient support groups or organizations;

(4) provide explanatory information from the commissioner to patients with qualifying medical conditions, including disclosure to all patients about the experimental nature of therapeutic use of medical cannabis, the possible risks and side effects of the proposed treatment, the application and other materials from the commissioner, and provide patients with the Tennessee warning as required by section 13.04, subdivision 2; and

(5) agree to continue treatment of the patient's qualifying medical condition and report medical findings to the commissioner.

(b) Upon notification from the commissioner of the patient's enrollment in the registry program, the health care practitioner shall:

(1) participate in the patient registry reporting system under the guidance and supervision of the commissioner of health;

(2) report health records of the patient throughout the ongoing treatment of the patient to the commissioner in a manner determined by the commissioner of health and in accordance with paragraph (c); and

(3) otherwise comply with all requirements developed by the commissioner.

(c) Data collected on patients by a health care practitioner and reported to the patient registry are health records under section 144.291 and are private data on individuals under section 13.02 but may be used or reported in an aggregated, nonidentifiable form as part of a scientific, peer-reviewed publication of research conducted under this section.

Subd. 8. Manufacturer of medical cannabis duties. (a) The manufacturer of medical cannabis shall provide a reliable and ongoing supply of all medical cannabis products needed for the registry program.

(b) All cultivation, harvesting, manufacturing, and packing of cannabis must take place in an enclosed, locked facility at a physical address provided to the commissioner during the registration process.

(c) The medical cannabis manufacturer shall produce medical cannabis with chemical compositions as determined by the commissioner.

(d) The medical cannabis manufacturer shall contract with a laboratory, subject to the commissioner's approval of the laboratory and any additional requirements set by the commissioner, for purposes of testing all medical cannabis manufactured by the medical cannabis manufacturer as to content, contamination, and consistency to verify the medical cannabis meets the requirements of subdivision 1, paragraph (e).

(e) The manufacturer must process and prepare any cannabis plant material into a form allowable under subdivision 1, paragraph (e), prior to distribution of any medical cannabis.

(f) The manufacturer shall require that any employee licensed as a pharmacist pursuant to chapter 151 and the rules promulgated pursuant to that chapter be the only employees to distribute the medical cannabis to a patient.

(g) The manufacturer shall only distribute medical cannabis products to the patient or, if the patient is under age 18, to the patient's parent or legal guardian.

(h) Prior to distribution of any medical cannabis products to any patient or, if the patient is under age 18, the patient's parent or legal guardian, the manufacturer shall:

(1) verify that the manufacturer has received the registry verification from the commissioner for that individual patient;

(2) verify that the person requesting the distribution of medical cannabis is the patient, or, if the patient is under age 18, the patient's parent or legal guardian, listed in the registry verification, in accordance with section 152.11, subdivision 2d;

(3) assign a tracking number to each individual medical cannabis product;

(4) ensure that any employee of the manufacturer licensed by a pharmacist pursuant to chapter 151 and the rules promulgated pursuant to that chapter has consulted with the patient to determine the proper dosage for the individual patient based on the recommendations of the range of chemical compositions of the medical cannabis and the range of proper dosages provided by the commissioner;

(5) properly label each medical cannabis product with individually identifying information, including:

(i) the patient's name and date of birth;

(ii) the name and date of birth of the patient's registered designated caregiver, or, if the patient is under age 18, the name of the patient's parent or legal guardian, if either were included on the registry verification;

(iii) the patient's registry number;

(iv) the chemical composition of the medical cannabis; and

(v) the dosage; and

(6) ensure that the medical cannabis distributed to a patient contains a maximum of a 30-day supply of the dosage determined for that patient.

(i) If the patient has a registered designated caregiver, the manufacturer shall deliver properly labeled medical cannabis products to the patient or the patient's registered designated caregiver but only at the patient's primary residence. The manufacturer shall verify that the person to whom the medical cannabis product is being delivered is either the patient or the patient's registered designated caregiver, in accordance with section 152.11, subdivision 2d. The manufacturer shall not distribute medical cannabis products to a registered designated caregiver at the premises of the manufacturer.

(j) The manufacturer shall report to the commissioner, on a monthly basis, the following information on each individual patient from the month prior to the report:

(1) the amount and dosages of medical cannabis products distributed;

(2) the chemical composition of the medical cannabis; and

(3) the tracking number assigned to any medical cannabis product distributed.

(k) The operating documents of the manufacturer must include:

(1) procedures for the oversight of the manufacturer and procedures to ensure accurate record keeping; and

(2) procedures for the implementation of appropriate security measures to deter and prevent the theft of cannabis and unauthorized entrance into areas containing cannabis.

(l) The manufacturer shall not share office space with, refer patients to a health care practitioner, or have any financial relationship with a health care practitioner.

(m) The manufacturer shall not permit any person to consume cannabis on the property of the manufacturer.

(n) The manufacturer is subject to reasonable inspection by the commissioner.

(o) For purposes of this section only, the medical cannabis manufacturer is not subject to the Board of Pharmacy licensure or regulatory requirements under chapter 151.

Subd. 9. Patient duties. (a) A patient shall apply to the commissioner for enrollment in the registry program by submitting an application, as defined in subdivision 6, paragraph (c), and an annual registration fee as determined under subdivision 13, paragraph (a).

(b) As a condition of continued enrollment, a patient shall agree to:

(1) continue to receive regularly scheduled treatment for their qualifying medical condition from their health care practitioner; and

(2) report changes in their qualifying medical condition to their health care practitioner.

Subd. 10. Confidentiality. (a) Data in patient files with both the commissioner and the health care practitioner, and data submitted to or by the medical cannabis manufacturer, are private data on individuals or nonpublic data as defined in section 13.02.

(b) Data kept or maintained by the commissioner may not be used for any purpose not provided for in this section and may not be combined or linked in any manner with any other list or database.

Subd. 11. Protections for registry program participation; criminal and civil. (a) There is a presumption that a patient enrolled in the registry program under this section is engaged in the authorized use of medical cannabis.

(b) The presumption may be rebutted by evidence that conduct related to use of medical cannabis was not for the purpose of treating or alleviating the patient's qualifying medical condition or symptoms associated with the patient's qualifying medical condition pursuant to this section.

(c) For the purposes of this section only, the following are not violations under this chapter:

(1) use or possession of medical cannabis products by a patient enrolled in the registry program, or possession by the parent or guardian of a patient under age 18;

(2) possession of medical cannabis products by a registered designated caregiver, only if the registered designated caregiver is in possession of the medical cannabis products within the primary residence of the individual patient in which the caregiver has been registered to assist;

(3) possession, dosage determination, or sale of medical cannabis by the medical cannabis manufacturer or employees of the manufacturer; and

(4) possession of medical cannabis products by any person while carrying out the duties required under this section.

(d) Medical cannabis obtained and distributed pursuant to this section and associated property is not subject to forfeiture under sections 609.531 to 609.5316.

(e) The commissioner, the commissioner's staff, and any health care practitioner are not subject to any civil or disciplinary penalties by the Board of Medical Practice or by any business, occupational, or professional licensing board or entity, solely for the participation in the registry program under this section. Nothing in this section prohibits a professional licensing board for sanctioning actions outside of those actions allowed under this section.

(f) Notwithstanding any law to the contrary, the commissioner of health, or an employee of any state agency, may not be held civilly or criminally liable for any injury, loss of property, personal injury, or death caused by any act or omission while acting within the scope of office or employment under this section.

Subd. 12. Discrimination prohibited. (a) No school or landlord may refuse to enroll or lease to and may not otherwise penalize a person solely for the person's status as a patient enrolled in the registry program under this section, unless failing to do so would violate federal law or regulations or cause the school or landlord to lose a monetary or licensing-related benefit under federal law or regulations.

(b) For the purposes of medical care, including organ transplants, a registry program enrollee's use of medical cannabis under this section is considered the equivalent of the authorized use of any other medication used at the discretion of a physician and does not constitute the use of an illicit substance or otherwise disqualify a qualifying patient from needed medical care.

(c) Unless a failure to do so would violate federal law or regulations or cause an employer to lose a monetary or licensing-related benefit under federal law or regulations, an employer may not discriminate against a person in hiring, termination, or any term or condition of employment, or otherwise penalize a person, if the discrimination is based upon either of the following:

(1) the person's status as a patient enrolled in the registry program under this section; or

(2) a patient's positive drug test for cannabis components or metabolites, unless the patient used, possessed, or was impaired by medical cannabis on the premises of the place of employment or during the hours of employment.

(d) A person shall not be denied custody of or visitation rights or parenting time with a minor solely for the person's status as a patient enrolled in the registry program under this section, and there shall be no presumption of neglect or child endangerment for conduct allowed under this section, unless the person's behavior is such that it creates an unreasonable danger to the safety of the minor as established by clear and convincing evidence.

Subd. 13. Fees; medical cannabis registry account. (a) The commissioner shall collect an enrollment fee of \$200 from qualified patients enrolled under this section. If the patient receives Social Security disability, Supplemental Security Insurance payments, or is enrolled in medical assistance or MinnesotaCare then the fee shall be \$50. The fees shall be payable annually and are due on the anniversary date of the patient's enrollment. The fee amount shall be deposited in the medical cannabis registry account in the state treasury and credited to the state government special revenue fund.

(b) The medical cannabis manufacturer may charge patients enrolled in the registry program a reasonable fee for costs associated with the operations of the manufacturer. The manufacturer may charge fees associated with the delivery of medical cannabis pursuant to subdivision 8, paragraph (i), but shall only charge the fee to those patients who received the delivery service. The manufacturer may establish a sliding scale of patient fees based upon a qualifying patient's household income and may accept private donations to reduce patient fees.

Subd. 14. **Nursing facilities.** Nursing facilities licensed under chapter 144A, or boarding care homes licensed under section 144.50, may adopt reasonable restrictions on the use of medical cannabis by persons receiving services. The restrictions may include a provision that the facility will not store or maintain the patient's supply of medical cannabis, that the facility is not responsible for providing the medical cannabis for qualifying patients, and that medical cannabis be consumed only in a place specified by the facility. Nothing contained in this section shall require the facilities to adopt such restrictions, and no facility shall unreasonably limit a qualifying patient's access to or use of medical cannabis.

Sec. 2. Minnesota Statutes 2012, section 256B.0625, subdivision 13d, is amended to read:

"Section 1. **[383B.765] WATERSHED DISTRICTS; ELECTION OF MANAGERS.**

(a) Notwithstanding the provisions of section 103D.311, or any other law to the contrary, the board of managers of a watershed district whose boundaries are located wholly or partially within Hennepin County shall consist of five managers who must be elected as provided in this section.

(b) One manager of the district must be elected without party designation from each of the election subdistricts established under paragraph (c). Elections of the managers under this section shall be held at the same time and in the same manner as elections for the office of Hennepin county commissioner beginning with the 2016 general election. Each manager must be a resident of the election subdistrict represented and must serve a term of four years and until a successor is elected and qualifies, except that a manager elected at a general election held in the year of the federal census must serve for only 2 years and until a successor is elected and qualified. At the general election following redistricting, the three managers from odd-numbered districts must be elected for four-year terms, and the two managers from even-numbered districts must be elected for two-year terms. If a vacancy occurs in the office of manager, the other managers of the board must appoint a successor residing in the vacant election subdistrict to fill the unexpired term.

(c) The board of managers of each watershed district subject to this section shall divide the territory of its district into five election subdistricts. Each election subdistrict must be composed of contiguous territory as regular and compact as practicable and as nearly equal in population as possible, without dividing a voting precinct. The division into election subdistricts must be made by the board of managers of each district by September 1, 2015, and after at least 30 days' notice and public hearing. After each federal census the district must redistrict the election subdistricts in the same manner and by the same date prescribed for redistricting in section 204B.135, subdivision 2. Each redistricting plan must be filed, published, may be challenged, and is effective in the same manner as the redistricting of Hennepin County commissioner districts.

EFFECTIVE DATE. This section is effective the day following final enactment."

(2) the work site ratio utilized by the majority of registered apprenticeship agreements in the same trade or occupation; or

(3) a program-specific ratio that has been approved by the Apprenticeship Advisory Board.

(e) **Graduated schedule of wages.** The graduated schedule of wages for an apprenticeship program shall be calculated as a percentage of the journeyworker rate in the majority of registered apprenticeship agreements in the same trade or occupation in the state. If there are no registered apprenticeship agreements in the same trade or occupation, the graduated schedule of wages may be determined by the sponsor.

(2) that leverage additional public and private resources.

(d) At least 50 percent of total grant funds must be awarded to programs providing services and activities targeted to low-income women.

(e) The commissioner of employment and economic development in conjunction with the commissioner of labor and industry shall monitor the use of funds under this section, collect and compile information on the activities of other state agencies and public or private entities that have purposes similar to those under this section, and identify other public and private funding available for these purposes.

Sec. 4. Minnesota Statutes 2012, section 268.095, subdivision 1, is amended to read:

Subdivision 1. **Quit.** An applicant who quit employment is ineligible for all unemployment benefits according to subdivision 10 except when:

(1) the applicant quit the employment because of a good reason caused by the employer as defined in subdivision 3;

(2) the applicant quit the employment to accept other covered employment that provided substantially better terms and conditions of employment, but the applicant did not work long enough at the second employment to have sufficient subsequent earnings to satisfy the period of ineligibility that would otherwise be imposed under subdivision 10 for quitting the first employment;

(3) the applicant quit the employment within 30 calendar days of beginning the employment because the employment was unsuitable for the applicant;

(4) the employment was unsuitable for the applicant and the applicant quit to enter reemployment assistance training;

(5) the employment was part time and the applicant also had full-time employment in the base period, from which full-time employment the applicant separated because of reasons for which the applicant was held not to be ineligible, and the wage credits from the full-time employment are sufficient to meet the minimum requirements to establish a benefit account under section 268.07;

(6) the applicant quit because the employer notified the applicant that the applicant was going to be laid off because of lack of work within 30 calendar days. An applicant who quit employment within 30 calendar days of a notified date of layoff because of lack of work is ineligible for unemployment benefits through the end of the week that includes the scheduled date of layoff;

(7) the applicant quit the employment (i) because the applicant's serious illness or injury made it medically necessary that the applicant quit; or (ii) in order to provide necessary care because of the illness, injury, or disability of an immediate family member of the applicant. This exception only applies if the applicant informs the employer of the medical problem and requests accommodation and no reasonable accommodation is made available.

If the applicant's serious illness is chemical dependency, this exception does not apply if the applicant was previously diagnosed as chemically dependent or had treatment for chemical dependency, and since that diagnosis or treatment has failed to make consistent efforts to control the chemical dependency.

This exception raises an issue of the applicant's being available for suitable employment under section 268.085, subdivision 1, that the commissioner must determine;

(8) the applicant's loss of child care for the applicant's minor child caused the applicant to quit the employment, provided the applicant made reasonable effort to obtain other child care and requested time off or other accommodation from the employer and no reasonable accommodation is available.

This exception raises an issue of the applicant's being available for suitable employment under section 268.085, subdivision 1, that the commissioner must determine;

(9) the applicant quit because domestic abuse, sexual assault, or stalking of the applicant or an immediate family member of the applicant, necessitated the applicant's quitting the employment. ~~Domestic abuse must be shown by one or more of the following:~~

~~(i) a district court order for protection or other documentation of equitable relief issued by a court;~~

~~(ii) a police record documenting the domestic abuse;~~

~~(iii) documentation that the perpetrator of the domestic abuse has been convicted of the offense of domestic abuse;~~

~~(iv) medical documentation of domestic abuse; or~~

~~(v) written statement that the applicant or an immediate family member of the applicant is a victim of domestic abuse, provided by a social worker, member of the clergy, shelter worker, attorney at law, or other professional who has assisted the applicant in dealing with the domestic abuse.~~

~~Domestic abuse for purposes of this clause is defined under section 518B.01; or~~

~~For purposes of this subdivision:~~

~~(i) "domestic abuse" has the meaning given in section 518B.01;~~

~~(ii) "sexual assault" means an act that would constitute a violation of sections 609.342 to 609.3453 or 609.352; and~~

~~(iii) "stalking" means an act that would constitute a violation of section 609.749; or~~

(10) the applicant quit in order to relocate to accompany a spouse whose job location changed making it impractical for the applicant to commute.

EFFECTIVE DATE. This section is effective October 5, 2014, and applies to all determinations and appeal decisions issued on or after that date.

Sec. 5. Minnesota Statutes 2012, section 268.095, subdivision 6, is amended to read:

Subd. 6. **Employment misconduct defined.** (a) Employment misconduct means any intentional, negligent, or indifferent conduct, on the job or off the job that displays clearly:

(1) a serious violation of the standards of behavior the employer has the right to reasonably expect of the employee; or

(2) a substantial lack of concern for the employment.

(b) Regardless of paragraph (a), the following is not employment misconduct:

(1) conduct that was a consequence of the applicant's mental illness or impairment;

(2) conduct that was a consequence of the applicant's inefficiency or inadvertence;

(3) simple unsatisfactory conduct;

(4) conduct an average reasonable employee would have engaged in under the circumstances;

(5) conduct that was a consequence of the applicant's inability or incapacity;

(6) good faith errors in judgment if judgment was required;

(7) absence because of illness or injury of the applicant, with proper notice to the employer;

(8) absence, with proper notice to the employer, in order to provide necessary care because of the illness, injury, or disability of an immediate family member of the applicant;

(9) conduct that was a consequence of the applicant's chemical dependency, unless the applicant was previously diagnosed chemically dependent or had treatment for chemical dependency, and since that diagnosis or treatment has failed to make consistent efforts to control the chemical dependency; or

(10) conduct that was a consequence of the applicant, or an immediate family member of the applicant, being a victim of domestic abuse ~~as defined under section 518B.01, sexual assault, or stalking. Domestic abuse must be shown as provided for in subdivision 1, clause (9).~~ For the purposes of this subdivision, "domestic abuse," "sexual assault," and "stalking" have the meanings given them in subdivision 1.

(c) Regardless of paragraph (b), clause (9), conduct in violation of sections 169A.20, 169A.31, or 169A.50 to 169A.53 that interferes with or adversely affects the employment is employment misconduct.

(d) If the conduct for which the applicant was discharged involved only a single incident, that is an important fact that must be considered in deciding whether the conduct rises to the level of employment misconduct under paragraph (a). This paragraph does not require that a determination under section 268.101 or decision under section 268.105 contain a specific acknowledgment or explanation that this paragraph was considered.

(e) The definition of employment misconduct provided by this subdivision is exclusive and no other definition applies.

EFFECTIVE DATE. This section is effective October 5, 2014, and applies to all determinations and appeal decisions issued on or after that date.

Sec. 6. **[363A.44] EQUAL PAY CERTIFICATE.**

Subdivision 1. Scope. (a) No department, agency of the state, the Metropolitan Council, or an agency subject to section 473.143, subdivision 1, shall execute a contract or agreement in excess of \$500,000 with a business that has 40 or more full-time employees in this state or a state where the business has its primary place of business on a single day during the prior 12 months, unless the business has an equal pay certificate or it has certified in writing that it is exempt. A certificate is valid for four years.

(b) This section does not apply to a business with respect to a specific contract if the commissioner of administration determines that application of this section would cause undue hardship to the contracting entity. This section does not apply to a contract to provide goods and services to individuals under chapters 43A, 62A, 62C, 62D, 62E, 256B, 256I, 256L, and 268A, with a business that has a license, certification, registration, provider agreement, or provider enrollment contract that is prerequisite to providing those goods and services. This section does not apply to contracts entered into by the State Board of Investment for investment options under section 352.965, subdivision 4.

Subd. 2. Application. (a) A business shall apply for an equal pay certificate by paying a \$150 filing fee and submitting an equal pay compliance statement to the commissioner. The proceeds from the fees collected under this subdivision shall be deposited in an equal pay certificate special revenue account. Money in the account is appropriated to the commissioner for the purposes of this section. The commissioner shall issue an equal pay certificate of compliance to a business that submits to the commissioner a statement signed by the chairperson of the board or chief executive officer of the business:

(1) that the business is in compliance with Title VII of the Civil Rights Act of 1964, Equal Pay Act of 1963, Minnesota Human Rights Act, and Minnesota Equal Pay for Equal Work Law;

(2) that the average compensation for its female employees is not consistently below the average compensation for its male employees within each of the major job categories in the EEO-1 employee information report for which an employee is expected to perform work under the contract, taking into account factors such as length of service, requirements of specific jobs, experience, skill, effort, responsibility, working conditions of the job, or other mitigating factors;

(3) that the business does not restrict employees of one sex to certain job classifications and makes retention and promotion decisions without regard to sex;

(4) that wage and benefit disparities are corrected when identified to ensure compliance with the laws cited in clause (1) and with clause (2); and

(5) how often wages and benefits are evaluated to ensure compliance with the laws cited in clause (1) and with clause (2).

(b) The equal pay compliance statement shall also indicate whether the business, in setting compensation and benefits, utilizes:

(1) a market pricing approach;

(2) state prevailing wage or union contract requirements;

(3) a performance pay system;

(4) an internal analysis; or

(5) an alternative approach to determine what level of wages and benefits to pay its employees. If the business uses an alternative approach, the business must provide a description of its approach.

(c) Receipt of the equal pay compliance statement by the commissioner does not establish compliance with the laws set forth in paragraph (a), clause (1).

Subd. 3. **Issuance or rejection of certificate.** The commissioner must issue an equal pay certificate, or a statement of why the application was rejected, within 15 days of receipt of the application. An application may be rejected only if it does not comply with the requirements of subdivision 2.

Subd. 4. **Revocation of certificate.** An equal pay certificate for a business may be suspended or revoked by the commissioner when the business fails to make a good-faith effort to comply with the laws identified in subdivision 2, paragraph (a), clause (1), fails to make a good-faith effort to comply with this section, or has multiple violations of this section or the laws identified in subdivision 2, paragraph (a), clause (1). Prior to suspending or revoking a certificate, the commissioner must first have sought to conciliate with the business regarding wages and benefits due to employees.

Subd. 5. **Revocation of contract.** (a) If a contract is awarded to a business that does not have an equal pay certificate as required under subdivision 1, or that is not in compliance with subdivision 2, paragraph (a), the commissioner may void the contract on behalf of the state. The contract award entity that is a party to the agreement must be notified by the commissioner prior to the commissioner taking action to void the contract.

(b) A contract may be abridged or terminated by the contract award entity identified in subdivision 1 upon notice that the commissioner has suspended or revoked the certificate of the business.

Subd. 6. **Administrative review.** (a) A business may obtain an administrative hearing pursuant to sections 14.57 to 14.69 before the suspension or revocation of its certificate is effective by filing a written request for hearing 20 days after service of notice by the commissioner.

(b) A business may obtain an administrative hearing pursuant to sections 14.57 to 14.69 before the contract award entity's abridgement or termination of a contract is effective by filing a written request for a hearing 20 days after service of notice by the contract award entity.

Subd. 7. **Technical assistance.** The commissioner must provide technical assistance to any business that requests assistance regarding this section.

Subd. 8. **Audit.** The commissioner may audit the business's compliance with this section. As part of an audit, upon request, a business must provide the commissioner the following information with respect to employees expected to perform work under the contract in each of the major job categories in the EEO-1 employee information report:

(1) number of male employees;

(2) number of female employees;

(3) average annualized salaries paid to male employees and to female employees, in the manner most consistent with the employer's compensation system, within each major job category;

(4) information on performance payments, benefits, or other elements of compensation, in the manner most consistent with the employer's compensation system, if requested by the commissioner as part of a determination as to whether these elements of compensation are different for male and female employees;

(5) average length of service for male and female employees in each major job category; and

(6) other information identified by the business or by the commissioner, as needed, to determine compliance with items specified in subdivision 2, paragraph (a).

Subd. 9. **Access to data.** Data submitted to the commissioner related to equal pay certificates are private data on individuals or nonpublic data with respect to persons other than department employees. The commissioner's decision to issue, not issue, revoke, or suspend an equal pay certificate is public data.

Subd. 10. **Report.** The commissioner shall report to the governor and the chairs and ranking minority members of the committees in the senate and the house of representatives with primary jurisdiction over the department by January 31 of every even-numbered year, beginning January 31, 2016. The report shall indicate the number of equal pay certificates issued, the number of audits conducted, the processes used by contractors to ensure compliance with subdivision 2, paragraph (a), and a summary of its auditing efforts. The commissioner shall consult with the Legislative Coordinating Commission Office on the Economic Status of Women in preparing the report.

EFFECTIVE DATE. This section is effective August 1, 2014, and applies to any solicitation made on or after that date.

Sec. 7. HIGH-WAGE, HIGH-DEMAND, NONTRADITIONAL JOBS PROGRAM APPROPRIATION.

\$500,000 is appropriated from the workforce development fund in fiscal year 2015 to the commissioner of employment and economic development to develop and implement the women and high-wage, high-demand, nontraditional jobs grant program under Minnesota Statutes, section 116L.99. Funds available under this section must not supplant other funds available for the same purposes. The commissioner may use up to five percent of the appropriation to administer the grant program. This is a onetime appropriation and is available until expended.

Sec. 8. WOMEN ENTREPRENEURS BUSINESS DEVELOPMENT; APPROPRIATION.

(a) \$500,000 in fiscal year 2015 is appropriated from the general fund to the commissioner of employment and economic development for grants to Women Venture and the Women's Business Center of Northeastern Minnesota at the Northeast Entrepreneurial Fund to facilitate and promote the creation and expansion of women-owned businesses in Minnesota. Funds available under this section must be divided equally among grant recipients. This is a onetime appropriation and is available until expended. Grant funds may be used only for the purposes under paragraph (b) except that up to ten percent of each grant award may be used by grant recipients for administrative costs.

(b) Grants awarded under this section must be used for:

(1) entrepreneurial training, mentoring, and technical assistance for the startup or expansion of eligible women-owned businesses;

(2) development of networks of potential investors for eligible women-owned businesses;

(3) development of outreach activities and recruitment programs for midcareer women with an interest in starting eligible women-owned businesses; and

(4) compilation, development, and dissemination of resources, information, and technical assistance on best practices and model programs that may be replicated on a statewide basis.

(c) For the purposes of this section "eligible women-owned business" means a business entity:

(1) that is at least 51 percent female owned or, in the case of a publicly traded business, at least 51 percent of the stock is female owned;

(2) whose management and daily operations are controlled by women;

(5) in the field of construction; transportation; warehousing; agriculture; mining; finance; insurance; professional, technical, or scientific services; technology; or other industries with businesses meeting the revenue and job creation requirements of clause (4).

(d) A grant award under this section does not affect any other grant award or appropriation made to a grant recipient.

(e) The Women's Business Center of Northeastern Minnesota shall partner with the Arrowhead Economic Opportunity Agency to provide entrepreneurial development training and resources to women with incomes less than 200 percent of the federal poverty guideline, adjusted for a family size of four, to assist with the start-up or expansion of eligible women-owned businesses.

Funds available under this section must not supplant other funds available for the same purposes. This is a onetime appropriation and is available until expended.

Sec. 10. REPORT; RETIREMENT SAVINGS PLAN.

(a) The commissioner of management and budget must report to the legislature by January 15, 2015, on the potential for a state-administered retirement savings plan to serve employees without access to either an automatic enrollment payroll deduction IRA maintained or offered by their employer, or a multiemployer retirement plan or qualifying retirement plan or arrangement described in sections 414(f) and 219(g)(5), respectively, of the Internal Revenue Code of 1986, as amended through April 14, 2011. The potential state-administered plan would provide for individuals to make contributions to their own accounts to be pooled and invested by the State Board of Investment, with the benefit consisting of the balance in each individual's account, and with the state having no liability for investment earnings and losses, while discouraging employers from dropping existing retirement plan options.

(b) The report must include:

(1) estimates of the number of Minnesota workers who could be served by the potential state-administered plan, and the participation rate that would make the plan self-sustaining;

(2) the effect of federal tax laws and the federal Employee Retirement Income Security Act on a potential state-administered plan and on participating employers and employees, including coverage and potential gaps in consumer protections;

(3) barriers to savings and reasons individuals and employers may not be participating in existing private sector retirement plans;

(4) the potential use and availability of investment strategies, private insurance, underwriting, or reinsurance against loss to limit or eliminate potential state liability and manage risk to the principal;

(5) options for the process by which individuals would enroll in and contribute to the plan;

(6) projected costs of administration, record keeping, and investment management, including staffing, legal, compliance, licensing, procurement, communications with employers and employees, oversight, marketing, technology and infrastructure, and the fee needed to cover these costs as a percentage of the average daily net assets of the potential state-administered plan, relative to asset size, with estimates of investment-related fees determined in consultation with the State Board of Investment; and

(7) a comparison of a potential state-administered plan to private sector and federal government retirement savings options with regard to participation rates, contribution rates, risk-adjusted return expectations, fees, and any other factors determined by the commissioner, which may include suitability in meeting the investment needs of participants.

(c) Subject to available appropriations, the report may include:

(1) estimates of the average amount of savings and other financial resources residents of Minnesota have upon retirement and those that are recommended for a financially secure retirement in Minnesota;

(2) estimates of the relative progress toward achieving the savings recommended for a financially secure retirement by gender, race, and ethnicity;

(3) the estimated impact on publicly funded social safety net programs attributable to insufficient retirement savings, and the aggregate effect of potential state-administered plan options on publicly funded social safety net programs and the state economy;

(4) the effect of federal tax laws and the federal Employee Retirement Income Security Act on a potential state-administered plan that allows for voluntary employer contributions, either commingled with or segregated from employee contributions;

(5) options for a potential state-administered plan to use group annuities to ensure a stable stream of retirement income throughout beneficiaries' retirement years;

(6) alternative ways and costs for the state to encourage similar outcomes to a state-administered plan;

(7) options discouraging employers from dropping existing employer-sponsored retirement savings plans in favor of a potential state-administered plan; and

(8) other topics that the commissioner determines are relevant to legislative consideration of possible establishment of a state-administered plan.

(d) The commissioner may provide information for purposes of paragraph (c) by reporting the results of a request for public comment.

EFFECTIVE DATE. This section is effective the day following final enactment.

For leave taken under subdivision 1, paragraph (a), clause (1), the leave ~~may~~ must begin ~~not more than six weeks after~~ within 12 months of the birth or adoption; except that, in the case where the child must remain in the hospital longer than the mother, the leave ~~may not~~ must begin ~~more than six weeks~~ within 12 months after the child leaves the hospital.

Subdivision 1. **Accommodation.** An employer must provide reasonable accommodations to an employee for health conditions related to pregnancy or childbirth if she so requests, with the advice of her licensed health care provider or certified doula, unless the employer demonstrates that the accommodation would impose an undue hardship on the operation of the employer's business. The employee and employer shall engage in an interactive process with respect to an employee's request for a reasonable accommodation. ARTICLE 4
EMPLOYMENT PROTECTIONS

Section 1. Minnesota Statutes 2013 Supplement, section 177.27, subdivision 4, is amended to read:

Subd. 4. **Compliance orders.** The commissioner may issue an order requiring an employer to comply with sections 177.21 to 177.435, 181.02, 181.03, 181.031, 181.032, 181.101, 181.11, 181.12, 181.13, 181.14, 181.145, 181.15, 181.172, paragraph (a) or (d), 181.275, subdivision 2a, 181.722, and 181.79, and 181.939 to 181.943, or with any rule promulgated under section 177.28. The commissioner shall issue an order requiring an employer to comply with sections 177.41 to 177.435 if the violation is repeated. For purposes of this subdivision only, a violation is repeated if at any time during the two years that preceded the date of violation, the commissioner issued an order to the employer for violation of sections 177.41 to 177.435 and the order is final or the commissioner and the employer have entered into a settlement agreement that required the employer to pay back wages that were required by sections 177.41 to 177.435. The department shall serve the order upon the employer or the employer's authorized representative in person or by certified mail at the employer's place of business. An employer who wishes to contest the order must file written notice of objection to the order with the commissioner within 15 calendar days after being served with the order. A contested case proceeding must then be held in accordance with sections 14.57 to 14.69. If, within 15 calendar days after being served with the order, the employer fails to file a written notice of objection with the commissioner, the order becomes a final order of the commissioner.

Sec. 2. **[181.172] WAGE DISCLOSURE PROTECTION.**

(a) An employer shall not:

- (1) require nondisclosure by an employee of his or her wages as a condition of employment;

A mandatory environmental assessment worksheet shall not be required for the expansion of an ethanol plant, as defined in section 41A.09, subdivision 2a, paragraph (b), or the conversion of an ethanol plant to a biobutanol facility or the expansion of a biobutanol facility as defined in section 41A.105, subdivision 1a, based on the capacity of the expanded or converted facility to produce alcohol fuel, but must be required if the ethanol plant or biobutanol facility meets or exceeds thresholds of other categories of actions for which environmental assessment worksheets must be prepared. The responsible governmental unit for an ethanol plant or biobutanol facility project for which an environmental assessment worksheet is prepared shall be the state agency with the greatest responsibility for supervising or approving the project as a whole.

A mandatory environmental impact statement shall not be required for a facility or plant located outside the seven-county metropolitan area that produces less than 125,000,000 gallons of ethanol, biobutanol, or cellulosic biofuel annually, if the facility or plant is: an ethanol plant, as defined in section 41A.09, subdivision 2a, paragraph (b); a biobutanol facility, as defined in section 41A.105, subdivision 1a, clause (1); or a cellulosic biofuel facility, as defined in section 41A.10, subdivision 1, paragraph (d).

(b) The responsible governmental unit shall promptly publish notice of the completion of an environmental assessment worksheet by publishing the notice in at least one newspaper of general circulation in the geographic area where the project is proposed, by posting the notice on a Web site that has been designated as the official publication site for publication of proceedings, public notices, and summaries of a political subdivision in which the project is proposed, or in any other manner determined by the board and shall provide copies of the environmental assessment worksheet to the board and its member agencies. Comments on the need for an environmental impact statement may be submitted to the responsible governmental unit during a 30-day period following publication of the notice that an environmental assessment worksheet has been completed. The responsible governmental unit's decision on the need for an environmental impact statement shall be based on the environmental assessment worksheet and the comments received during the comment period, and shall be made within 15 days after the close of the comment period. The board's chair may extend the 15-day period by not more than 15 additional days upon the request of the responsible governmental unit.

(c) An environmental assessment worksheet shall also be prepared for a proposed action whenever material evidence accompanying a petition by not less than 100 individuals who reside or own property in the state, submitted before the proposed project has received final approval by the appropriate governmental units, demonstrates that, because of the nature or location of a proposed action, there may be potential for significant environmental effects. Petitions requesting the preparation of an environmental assessment worksheet shall be submitted to the board. The chair of the board shall determine the appropriate responsible governmental unit and forward the petition to it. A decision on the need for an environmental assessment worksheet shall be made by the responsible governmental unit within 15 days after the petition is received by the responsible governmental unit. The board's chair may extend the 15-day period by not more than 15 additional days upon request of the responsible governmental unit.

(d) Except in an environmentally sensitive location where Minnesota Rules, part 4410.4300, subpart 29, item B, applies, the proposed action is exempt from environmental review under this chapter and rules of the board, if:

(1) the proposed action is:

(i) an animal feedlot facility with a capacity of less than 1,000 animal units; or

(ii) an expansion of an existing animal feedlot facility with a total cumulative capacity of less than 1,000 animal units;

(2) the application for the animal feedlot facility includes a written commitment by the proposer to design, construct, and operate the facility in full compliance with Pollution Control Agency feedlot rules; and

(3) the county board holds a public meeting for citizen input at least ten business days prior to the Pollution Control Agency or county issuing a feedlot permit for the animal feedlot facility unless another public meeting for citizen input has been held with regard to the feedlot facility to be permitted. The exemption in this paragraph is in addition to other exemptions provided under other law and rules of the board.

(e) The board may, prior to final approval of a proposed project, require preparation of an environmental assessment worksheet by a responsible governmental unit selected by the board for any action where environmental review under this section has not been specifically provided for by rule or otherwise initiated.

(f) An early and open process shall be utilized to limit the scope of the environmental impact statement to a discussion of those impacts, which, because of the nature or location of the project, have the potential for significant environmental effects. The same process shall be utilized to determine the form, content and level of detail of the statement as well as the alternatives which are appropriate for consideration in the statement. In addition, the permits which will be required for the proposed action shall be identified during the scoping process. Further, the process shall identify those permits for which information will be developed concurrently with the environmental impact statement. The board shall provide in its rules for the expeditious completion of the scoping process. The determinations reached in the process shall be incorporated into the order requiring the preparation of an environmental impact statement.

(g) The responsible governmental unit shall, to the extent practicable, avoid duplication and ensure coordination between state and federal environmental review and between environmental review and environmental permitting. Whenever practical, information needed by a governmental unit for making final decisions on permits or other actions required for a proposed project shall be developed in conjunction with the preparation of an environmental impact statement. When an environmental impact statement is prepared for a project requiring multiple permits for which two or more agencies' decision processes include either mandatory or discretionary hearings before a hearing officer prior to the agencies' decision on the permit, the agencies may, notwithstanding any law or rule to the contrary, conduct the hearings in a single consolidated hearing process if requested by the proposer. All agencies having jurisdiction over a permit that is included in the consolidated hearing shall participate. The responsible governmental unit shall establish appropriate procedures for the consolidated hearing process, including procedures to ensure that the consolidated hearing process is consistent with the applicable requirements for each permit regarding the rights and duties of parties to the hearing, and shall utilize the earliest applicable hearing procedure to initiate the hearing. ~~The procedures of section 116C.28, subdivision 2, apply to the consolidated hearing.~~

(h) An environmental impact statement shall be prepared and its adequacy determined within 280 days after notice of its preparation unless the time is extended by consent of the parties or by the governor for good cause. The responsible governmental unit shall determine the adequacy of an environmental impact statement, unless within 60 days after notice is published that an environmental impact statement will be prepared, the board chooses to determine the adequacy of an environmental impact statement. If an environmental impact statement is found to be inadequate, the responsible governmental unit shall have 60 days to prepare an adequate environmental impact statement.

(i) The proposer of a specific action may include in the information submitted to the responsible governmental unit a preliminary draft environmental impact statement under this section on that action for review, modification, and determination of completeness and adequacy by the responsible governmental unit. A preliminary draft environmental impact statement prepared by the project proposer and submitted to the responsible governmental unit shall identify or include as an appendix all studies and other sources of information used to substantiate the analysis contained in the preliminary draft environmental impact statement. The responsible governmental unit shall require additional studies, if needed, and obtain from the project proposer all additional studies and information necessary for the responsible governmental unit to perform its responsibility to review, modify, and determine the completeness and adequacy of the environmental impact statement.
