PETITIONS AND COMMUNICATIONS

The following communications were received:

STATE OF MINNESOTA
OFFICE OF THE GOVERNOR
SAINT PAUL 55155

March 20, 2017

The Honorable Kurt Daudt
Speaker of the House of Representatives
The State of Minnesota

Dear Speaker Daudt:

I have vetoed and am returning H. F. No. 234, Chapter No. 8, a bill relating to the regulation of municipal electric utilities and rural electric cooperatives by the Public Utilities Commission (PUC).

On February 9, I stated the following:

"The PUC plays an essential role in Minnesota, safeguarding the interests of Minnesota utility customers now and in the future. As Legislators consider additional proposals regarding the PUC this session, they should know that I will not accept any bill that limits or weakens the Commission’s authority to protect the interests of Minnesota’s energy consumers. I will, however, consider any serious proposal to improve the functioning of this essential public body.”

House File 234 removes the PUC’s authority to resolve disputes between consumers and their municipal or cooperative utilities. I believe the PUC uniquely retains the expertise in energy issues needed to fairly resolve these disputes. While the bill allows for third-party mediation to resolve disputes, it does not provide any guidance on how this mediation would work. Eliminating the PUC’s role would remove critical consumer protection for customers. I strongly believe that a customer in Greater Minnesota should be afforded the same consumer protection by the PUC as a customer in Minneapolis or Saint Paul. The effect of this proposed legislation would
negatively impact Minnesota’s progress toward more renewable and efficient energy. All Minnesota customers – from family farmers to large businesses – should be able to invest in technology to produce clean and efficient energy with the assurance that the PUC is available to provide consumer protection.

I have heard from many Minnesotans in opposition to this bill. One farmer used the Consumer Affairs Office at the PUC to try to mediate a dispute with his cooperative over a fee charged on his farm’s wind turbine. When that informal process did not resolve the issue, he was able to have an independent review completed by the PUC. That proceeding resulted in the fee being removed from the farmer’s bill. I have also heard from Archer Daniels Midland Company (ADM), and its attempt to seek a fair stand-by rate from the municipal utility in the community that hosts one of its processing plants. ADM is planning to construct an on-site combined heat and power cogeneration plant that would be highly energy and cost efficient. The company is very concerned because the rate quoted by the municipal utility was nearly 300% more than stand-by rates charged by other utilities. If this legislation were to be enacted, ADM is concerned that keeping its processing plant in Greater Minnesota will no longer be financially feasible.

This legislation would create uncertainty for all municipal and cooperative electric utility customers seeking to produce their own renewable and efficient energy. It could impact economic development in Greater Minnesota, and the thousands of jobs in renewable energy in our state.

I cannot support this legislation.

Sincerely,

MARK DAYTON
Governor

(b) The business or professional categories for purposes of paragraph (a), clauses (6) and (7), must be the general topic headings used by the federal Internal Revenue Service for purposes of reporting self-employment income on Schedule C. This paragraph does not require an individual to report any specific code number from that schedule. Any additional principal business or professional activity category may only be adopted if the category is enacted by law.

(c) For the purpose of an original statement of economic interest, "compensation in any month" includes only compensation received in the calendar month immediately preceding the date of appointment as a public official or filing as a candidate.

(d) For the purpose of calculating the amount of compensation received from any single source in a single month, the amount shall include the total amount received from the source during the month, whether or not the amount covers compensation for more than one month.

(c) An individual must file the annual statement of economic interest required by this subdivision to cover the period for which the individual served as a public official even though at the time the statement was filed, the individual is no longer holding that office as a public official.

Sec. 9. Minnesota Statutes 2016, section 10A.15, is amended by adding a subdivision to read:

Subd. 6. Contributions from Hennepin County registered associations. In lieu of registration with the board, an association registered with the Hennepin County filing officer under sections 383B.041 to 383B.058 that makes contributions of more than $500 to a committee or fund in a calendar year may notify the recipient committee of its registration with Hennepin County, including its registration number, and instruct the recipient committee to include the notice when the recipient committee discloses receipt of the contribution.

Sec. 10. [10A.155] VALUE OF CONTRIBUTIONS OF AUTOMOBILE USE.

Automobile use provided to a committee by an individual may be valued at the lowest rate used by the state to reimburse its employees for automobile use. Alternatively, the value of the automobile may be calculated as the actual cost of fuel, maintenance, repairs, and insurance directly related to the use of the automobile. An automobile provided by an association must be valued at the fair market value for renting an equivalent automobile.

A donation in kind must be disclosed at its fair market value. An approved expenditure must be listed as a donation in kind. A donation in kind is considered consumed in the reporting period in which it is received. The names of contributors must be listed in alphabetical order. Contributions from the same contributor must be listed under the same name. When a contribution received from a contributor in a reporting period is added to previously reported unitemized contributions from the same contributor and the aggregate exceeds the disclosure threshold of this paragraph, the name, address, and employer, or occupation if self-employed, of the contributor must then be listed on the report.

(d) The report must disclose the sum of contributions to the reporting entity during the reporting period.

(e) The report must disclose each loan made or received by the reporting entity within the year in aggregate in excess of $200, continuously reported until repaid or forgiven, together with the name, address, occupation, principal place of business, if any, and registration number if registered with the board of the lender and any endorser and the date and amount of the loan. (g) The report must disclose the sum of all receipts of the reporting entity during the reporting period.

(h) The report must disclose the name, address, and registration number if registered with the board of each individual or association to whom aggregate expenditures, approved expenditures, independent expenditures, and ballot question expenditures have been made by or on behalf of the reporting entity within the year in excess of $200, together with the amount, date, and purpose of each expenditure and the name and address of, and office sought by, each candidate on whose behalf the expenditure was made, identification of the ballot question that the expenditure was intended to promote or defeat and an indication of whether the expenditure was to promote or to defeat the ballot question, and in the case of independent expenditures made in opposition to a candidate, the candidate's name, address, and office sought. A reporting entity making an expenditure on behalf of more than one candidate for state or legislative office must allocate the expenditure among the candidates on a reasonable cost basis and report the allocation for each candidate.

(i) The report must disclose the sum of all expenditures made by or on behalf of the reporting entity during the reporting period.

(j) The report must disclose the amount and nature of an advance of credit incurred by the reporting entity, continuously reported until paid or forgiven. If an advance of credit incurred by the principal campaign committee of a candidate is forgiven by the creditor or paid by an entity other than that principal campaign committee, it must be reported as a donation in kind for the year in which the advance of credit was made.

(k) The report must disclose the name, address, and registration number if registered with the board of each political committee, political fund, principal campaign committee, or party unit to which contributions have been made that aggregate in excess of $200 within the year and the amount and date of each contribution.
(l) The report must disclose the sum of all contributions made by the reporting entity during the reporting period.

(m) The report must disclose the name, address, and registration number if registered with the board of each individual or association to whom noncampaign disbursements have been made that aggregate in excess of $200 within the year by or on behalf of the reporting entity and the amount, date, and purpose of each noncampaign disbursement.

(p) Legislative, statewide, and judicial candidates, party units, and political committees and funds must itemize contributions that in aggregate within the year exceed $200 for legislative or statewide candidates or more than $500 for ballot questions on reports submitted to the board. The itemization must include the date on which the contribution was received, the individual or association that provided the contribution, and the address of the contributor. Additionally, the itemization for a donation in kind must provide a description of the item or service received. Contributions that are less than the itemization amount must be reported as an aggregate total.

(q) Legislative, statewide, and judicial candidates, party units, political committees and funds, and committees to promote or defeat a ballot question must itemize expenditures and noncampaign disbursements that in aggregate exceed $200 in a calendar year on reports submitted to the board. The itemization must include the date on which the committee made or became obligated to make the expenditure or disbursement, the name and address of the vendor that provided the service or item purchased, and a description of the service or item purchased. Expenditures and noncampaign disbursements must be listed on the report alphabetically by vendor.

Sec. 12. Minnesota Statutes 2016, section 10A.25, subdivision 2, is amended to read:

Subd. 2. Amounts. (a) In a segment of an election cycle, the principal campaign committee of the candidate must not make campaign expenditures nor permit approved expenditures to be made on behalf of the candidate that result in aggregate expenditures in excess of the following:

(1) for governor and lieutenant governor, running together, $3,651,200 in the election segment and $1,564,800 in the nonelection segment;

(b) In addition to the amount in paragraph (a), clause (1), a candidate for endorsement for the office of lieutenant governor at the convention of a political party may make campaign expenditures and approved expenditures of five percent of that amount to seek endorsement.
(c) If a special election cycle occurs during a general election cycle, expenditures by or on behalf of a candidate in the special election do not count as expenditures by or on behalf of the candidate in the general election.

(d) The expenditure limits in this subdivision for an office are increased by ten percent for a candidate who has not previously held the same office, whose name has not previously been on the primary or general election ballot for that office, and who has not in the past ten years raised or spent more than $750 in a run for any other office whose territory now includes a population that is more than one-third of the population in the territory of the new office. Candidates who qualify for first-time candidate status receive a ten percent increase in the campaign expenditure limit in all segments of the applicable election cycle. In the case of a legislative candidate, the office is that of a member of the house of representatives or senate without regard to any specific district.
