No person shall establish or operate a health maintenance organization in this state, nor sell or offer to sell, or solicit offers to purchase or receive advance or periodic consideration in conjunction with a health maintenance organization or health maintenance contract unless the organization has a certificate of authority under sections 62D.01 to 62D.30.

"Sec. 5. **[151.462] PROHIBITION AGAINST PRICE GOUGING FOR ESSENTIAL OFF-PATENT OR GENERIC DRUGS.**

Subdivision 1. **Definitions.** (a) For purposes of this section, the following definitions apply.

(b) "Essential off-patent or generic drug" means any prescription drug:

(1) for which all exclusive marketing rights, if any, granted under the federal Food, Drug, and Cosmetic Act, United States Code, title 21, chapter 9; section 351 of the federal Public Health Service Act, United States Code, title 42, section 262; and federal patent law have expired;

(2) that has been designated by the board or commissioner of human services as an essential medicine due to its efficacy in treating a life-threatening health condition or a chronic health condition that substantially impairs an individual's ability to engage in activities of daily living;

(3) that is actively manufactured and marketed for sale in the United States by three or fewer manufacturers; and

(4) that is made available for sale in the state of Minnesota.

Essential off-patent or generic drug includes any drug-device combination product used for the delivery of a drug for which all exclusive marketing rights, if any, granted under the federal Food, Drug, and Cosmetic Act, section 351 of the federal Public Health Service Act, and federal patent law have expired.

(c) "Health plan company" has the meaning provided in section 62Q.01, subdivision 4.

(d) "Price gouging" means an unconscionable increase in the price of a prescription drug.

(e) "Unconscionable increase" means an increase in the price of a prescription drug that:

(1) is excessive and not justified by the cost of producing the drug or the cost of appropriate expansion of access to the drug to promote public health; and

(2) results in consumers for whom the drug has been prescribed, the commissioner of human services, and health plan companies having no meaningful choice about whether to purchase the drug at an excessive price because of:

(i) the importance of the drug to the health of the consumer; and

(ii) insufficient competition in the market for the drug.

(f) "Wholesale acquisition cost" has the meaning given in United States Code, title 42, section 1395w-3a.

Subd. 2. **Prohibition.** A manufacturer or wholesale drug distributor may not engage in price gouging in the sale of an essential off-patent or generic drug. It is not a violation of this subdivision for a wholesale drug distributor to increase the price of an essential off-patent or generic drug if the price increase is directly attributable to additional costs for the drug imposed on the wholesale drug distributor by the manufacturer of the drug.

Subd. 3. **Notification of attorney general.** (a) The board, the commissioner of human services, or a health plan company may notify the attorney general of any increase in the price of an essential off-patent or generic drug when:

(1) the price increase, by itself or in combination with other price increases:

(i) would result in an increase of 50 percent or more, compared to the preceding one-year period, in the wholesale acquisition cost of the drug or other relevant measure of drug cost; or

(ii) would result in an increase of 50 percent or more in the price paid by the medical assistance or MinnesotaCare programs, or the health plan company, for the drug compared to the preceding one-year period; and

(2)(i) a 30-day supply of the maximum recommended dosage of the drug for any indication, according to the label for the drug approved under the federal Food, Drug, and Cosmetic Act, would cost more than \$80 at the drug's wholesale acquisition cost;

(ii) a full course of treatment with the drug, according to the label for the drug approved under the federal Food, Drug, and Cosmetic Act, would cost more than \$80 at the drug's wholesale acquisition cost; or

(iii) if the drug is made available to consumers only in quantities that do not correspond to a 30-day supply, a full course of treatment, or a single dose, it would cost more than \$80 at the drug's wholesale acquisition cost to obtain a 30-day supply or a full course of treatment.

The commissioner of human services and the health plan company shall notify the board of any notification to the attorney general provided under this paragraph.

(b) On request of the attorney general, the manufacturer of an essential off-patent or generic drug identified in a notice under paragraph (a) shall, within 45 days after the request, submit a statement to the attorney general:

(1) itemizing the components of the cost of producing the drug;

(2) identifying the circumstances and timing of any increase in materials or manufacturing costs that caused any increase in the price of the drug within the one-year period preceding the date of the price increase;

(3) identifying the circumstances and timing of any expenditures made by the manufacturer to expand access to the drug and explaining any improvement in public health associated with those expenditures; and

(4) providing any other information that the manufacturer believes to be relevant to a determination of whether a violation of this section has occurred.

(c) The attorney general may require a manufacturer or a wholesale drug distributor to produce any records or other documents that may be relevant to a determination of whether a violation of this section has occurred. The attorney general or a person may use the powers and procedures provided in this section or section 8.31.

(d) The attorney general may not bring an action for a remedy under paragraph (c) unless the attorney general has provided the manufacturer or wholesale drug distributor an opportunity to meet with the attorney general to offer a justification for the increase in the price of the essential off-patent or generic drug.

(e) The attorney general shall make any information provided by a health plan company, manufacturer, or wholesale drug distributor under paragraphs (a), (b), and (c) available to the board upon request. Any information provided by a health plan company, manufacturer, or wholesale drug distributor to the attorney general under paragraphs (a), (b), and (c) shall be treated as nonpublic data under section 13.02, subdivision 9, unless the nonpublic classification of the information is waived by the health plan company, manufacturer, or wholesale drug distributor.

(f) In any action brought by the attorney general under paragraph (c), a person who is alleged to have violated a requirement of this section may not assert as a defense that the person did not deal directly with a consumer residing in the state.

Subd. 4. **Private right of action.** In addition to remedies otherwise provided by law, any person injured by a violation of this section may bring a civil action and recover damages, together with costs and disbursements, including costs of investigation and reasonable attorney fees, and receive other equitable relief as determined by the court. The court may, as appropriate, enter a consent judgment or decree without the finding of illegality. Any civil action brought under this subdivision is for the benefit of the public.
