"Section 1. Minnesota Statutes 2018, section 256B.4913, subdivision 4a, is amended to read:

Subd. 4a. **Rate stabilization adjustment.** (a) For purposes of this subdivision, "implementation period" means the period beginning January 1, 2014, and ending on the last day of the month in which the rate management system is populated with the data necessary to calculate rates for substantially all individuals receiving home and community-based waiver services under sections 256B.092 and 256B.49. "Banding period" means the time period beginning on January 1, 2014, and ending upon the expiration of the 12-month period defined in paragraph (c), clause (5).

(b) For purposes of this subdivision, the historical rate for all service recipients means the individual reimbursement rate for a recipient in effect on December 1, 2013, except that:

(1) for a day service recipient who was not authorized to receive these waiver services prior to January 1, 2014; added a new service or services on or after January 1, 2014; or changed providers on or after January 1, 2014, the historical rate must be the weighted average authorized rate for the provider number in the county of service, effective December 1, 2013; or

(2) for a unit-based service with programming or a unit-based service without programming recipient who was not authorized to receive these waiver services prior to January 1, 2014; added a new service or services on or after January 1, 2014; or changed providers on or after January 1, 2014, the historical rate must be the weighted average authorized rate for each provider number in the county of service, effective December 1, 2013; or

(3) for residential service recipients who change providers on or after January 1, 2014, the historical rate must be set by each lead agency within their county aggregate budget using their respective methodology for residential services effective December 1, 2013, for determining the provider rate for a similarly situated recipient being served by that provider.

(c) The commissioner shall adjust individual reimbursement rates determined under this section so that the unit rate is no higher or lower than:

(1) 0.5 percent from the historical rate for the implementation period;

(2) 0.5 percent from the rate in effect in clause (1), for the 12-month period immediately following the time period of clause (1);

(3) 0.5 percent from the rate in effect in clause (2), for the 12-month period immediately following the time period of clause (2);

(4) 1.0 percent from the rate in effect in clause (3), for the 12-month period immediately following the time period of clause (3);
(5) 1.0 percent from the rate in effect in clause (4), for the 12-month period immediately following the time period of clause (4); and

(6) no adjustment to the rate in effect in clause (5) for the 12-month period immediately following the time period of clause (5). During this banding rate period, the commissioner shall not enforce any rate decrease or increase that would otherwise result from the end of the banding period. The commissioner shall, upon enactment, seek federal approval for the addition of this banding period; and

(7) one percent from the rate in effect in clause (6) for the 12-month period immediately following the time period of clause (6).

(d) The commissioner shall review all changes to rates that were in effect on December 1, 2013, to verify that the rates in effect produce the equivalent level of spending and service unit utilization on an annual basis as those in effect on October 31, 2013.

(e) By December 31, 2014, the commissioner shall complete the review in paragraph (d), adjust rates to provide equivalent annual spending, and make appropriate adjustments.

(f) During the banding period, the Medicaid Management Information System (MMIS) service agreement rate must be adjusted to account for change in an individual's need. The commissioner shall adjust the Medicaid Management Information System (MMIS) service agreement rate by:

(1) calculating a service rate under section 256B.4914, subdivision 6, 7, 8, or 9, for the individual with variables reflecting the level of service in effect on December 1, 2013;

(2) calculating a service rate under section 256B.4914, subdivision 6, 7, 8, or 9, for the individual with variables reflecting the updated level of service at the time of application; and

(3) adding to or subtracting from the Medicaid Management Information System (MMIS) service agreement rate, the difference between the values in clauses (1) and (2).

(g) This subdivision must not apply to rates for recipients served by providers new to a given county after January 1, 2014. Providers of personal supports services who also acted as fiscal support entities must be treated as new providers as of January 1, 2014.

EFFECTIVE DATE. This section is effective the day following final enactment.

2. by December 31, 2020, upon request, submit a distribution plan to the commissioner detailing direct care staff compensation. A provider shall make the provider’s distribution plan available and accessible to all direct care staff for a minimum of one calendar year.

(b) The commissioner shall temporarily suspend payments to a provider if the distribution plan under paragraph (a), clause (2), is not received 90 days after the required submission date. The commissioner shall make withheld payments once the distribution plan is received by the commissioner.

**EFFECTIVE DATE.** This section is effective January 1, 2020.
Sec. 7. Minnesota Statutes 2018, section 256B.4914, subdivision 6, is amended to read:

Subd. 6. Payments for residential support services. (a) Payments for residential support services, as defined in sections 256B.092, subdivision 11, and 256B.49, subdivision 22, must be calculated as follows:

(1) determine the number of shared staffing and individual direct staff hours to meet a recipient's needs provided on site or through monitoring technology;

(2) personnel hourly wage rate must be based on the 2009 Bureau of Labor Statistics Minnesota-specific rates or rates derived by the commissioner as provided in subdivision 5. This is defined as the direct-care rate;

(3) for a recipient requiring customization for deaf and hard-of-hearing language accessibility under subdivision 12, add the customization rate provided in subdivision 12 to the result of clause (2). This is defined as the customized direct-care rate;

(4) multiply the number of shared and individual direct staff hours provided on site or through monitoring technology and nursing hours by the appropriate staff wages in subdivision 5, paragraph (a), or the customized direct-care rate;

(5) multiply the number of shared and individual direct staff hours provided on site or through monitoring technology and nursing hours by the product of the supervision span of control ratio in subdivision 5, paragraph (b), clause (1), and the appropriate supervision wage in subdivision 5, paragraph (a), clause (21);

(6) combine the results of clauses (4) and (5), excluding any shared and individual direct staff hours provided through monitoring technology, and multiply the result by one plus the employee vacation, sick, and training allowance ratio in subdivision 5, paragraph (b), clause (2). This is defined as the direct staffing cost;

(7) for employee-related expenses, multiply the direct staffing cost, excluding any shared and individual direct staff hours provided through monitoring technology, by one plus the employee-related cost ratio in subdivision 5, paragraph (b), clause (3);

(8) for client programming and supports, the commissioner shall add $2,179; and

(9) for transportation, if provided, the commissioner shall add $1,680, or $3,000 if customized for adapted transport, based on the resident with the highest assessed need.

(b) The total rate must be calculated using the following steps:

(1) subtotal paragraph (a), clauses (7) to (9), and the direct staffing cost of any shared and individual direct staff hours provided through monitoring technology that was excluded in clause (7);

(2) sum the standard general and administrative rate, the program-related expense ratio, and the absence and utilization ratio;

(3) divide the result of clause (1) by one minus the result of clause (2). This is the total payment amount; and

(4) adjust the result of clause (3) by a factor to be determined by the commissioner to adjust for regional differences in the cost of providing services.
(c) The payment methodology for customized living, 24-hour customized living, and residential care services must be the customized living tool. Revisions to the customized living tool must be made to reflect the services and activities unique to disability-related recipient needs.

(d) For individuals enrolled prior to January 1, 2014, the days of service authorized must meet or exceed the days of service used to convert service agreements in effect on December 1, 2013, and must not result in a reduction in spending or service utilization due to conversion during the implementation period under section 256B.4913, subdivision 4a. If during the implementation period, an individual's historical rate, including adjustments required under section 256B.4913, subdivision 4a, paragraph (c), is equal to or greater than the rate determined in this subdivision, the number of days authorized for the individual is 365.

(e) (d) The number of days authorized for all individuals enrolling after January 1, 2014, in residential services must include every day that services start and end.

**EFFECTIVE DATE.** This section is effective January 1, 2020.

Sec. 8. Minnesota Statutes 2018, section 256B.4914, subdivision 10, is amended to read:

Subd. 10. *Updating payment values and additional information.* (a) From January 1, 2014, through December 31, 2017, the commissioner shall develop and implement uniform procedures to refine terms and adjust values used to calculate payment rates in this section.

(b) (a) No later than July 1, 2014, the commissioner shall, within available resources, begin to conduct research and gather data and information from existing state systems or other outside sources on the following items:

(1) differences in the underlying cost to provide services and care across the state; and

(2) mileage, vehicle type, lift requirements, incidents of individual and shared rides, and units of transportation for all day services, which must be collected from providers using the rate management worksheet and entered into the rates management system; and

(3) the distinct underlying costs for services provided by a license holder under sections 245D.05, 245D.06, 245D.07, 245D.071, 245D.081, and 245D.09, and for services provided by a license holder certified under section 245D.33.

(c) Beginning January 1, 2014, through December 31, 2018, using a statistically valid set of rates management system data, the commissioner, in consultation with stakeholders, shall analyze for each service the average difference in the rate on December 31, 2013, and the framework rate at the individual, provider, lead agency, and state levels. The commissioner shall issue semiannual reports to the stakeholders on the difference in rates by service and by county during the banding period under section 256B.4913, subdivision 4a. The commissioner shall issue the first report by October 1, 2014, and the final report shall be issued by December 31, 2018.

(d) (b) No later than July 1, 2014, the commissioner, in consultation with stakeholders, shall begin the review and evaluation of the following values already in subdivisions 6 to 9, or issues that impact all services, including, but not limited to:

(1) values for transportation rates;

(2) values for services where monitoring technology replaces staff time;

(3) values for indirect services;
values for nursing;

(5) values for the facility use rate in day services, and the weightings used in the day service ratios and adjustments to those weightings;

(6) values for workers’ compensation as part of employee-related expenses;

(7) values for unemployment insurance as part of employee-related expenses;

(8) direct care workforce labor market measures;

(9) any changes in state or federal law with a direct impact on the underlying cost of providing home and community-based services; and

(9) (10) outcome measures, determined by the commissioner, for home and community-based services rates determined under this section.

(e) (c) The commissioner shall report to the chairs and the ranking minority members of the legislative committees and divisions with jurisdiction over health and human services policy and finance with the information and data gathered under paragraphs (b) to (d) on the following dates:

(1) January 15, 2015, with preliminary results and data;

(2) January 15, 2016, with a status implementation update, and additional data and summary information;

(3) January 15, 2017, with the full report; and

(4) January 15, 2020, with another full report, and a full report once every four years thereafter.

(f) The commissioner shall implement a regional adjustment factor to all rate calculations in subdivisions 6 to 9, effective no later than January 1, 2015. (d) Beginning July 1, 2017 January 1, 2022, the commissioner shall renew analysis and implement changes to the regional adjustment factors when adjustments required under subdivision 5, paragraph (b), occur once every three years. Prior to implementation, the commissioner shall consult with stakeholders on the methodology to calculate the adjustment.

(e) (e) The commissioner shall provide a public notice via LISTSERV in October of each year beginning October 1, 2014, containing information detailing legislatively approved changes in:

(1) calculation values including derived wage rates and related employee and administrative factors;

(2) service utilization;

(3) county and tribal allocation changes; and

(4) information on adjustments made to calculation values and the timing of those adjustments.

The information in this notice must be effective January 1 of the following year.
(h) (f) When the available shared staffing hours in a residential setting are insufficient to meet the needs of an individual who enrolled in residential services after January 1, 2014, or insufficient to meet the needs of an individual with a service agreement adjustment described in section 256B.4913, subdivision 4a, paragraph (f), then individual staffing hours shall be used.

(i) The commissioner shall study the underlying cost of absence and utilization for day services. Based on the commissioner's evaluation of the data collected under this paragraph, the commissioner shall make recommendations to the legislature by January 15, 2018, for changes, if any, to the absence and utilization factor ratio component value for day services.

(j) Beginning July 1, 2017, (g) The commissioner shall collect transportation and trip information for all day services through the rates management system.

EFFECTIVE DATE. This section is effective the day following final enactment, except for paragraph (f), which is effective January 1, 2020.

As determined by the commissioner, in consultation with stakeholders identified in section 256B.4913, subdivision 5, a provider enrolled to provide services with rates determined under this section must submit requested cost data to the commissioner to support research on the cost of providing services that have rates determined by the disability waiver rates system. Requested cost data may include, but is not limited to:

(b) At least once in any five-year period, a provider must submit cost data for a fiscal year that ended not more than 18 months prior to the submission date. The commissioner shall provide each provider a 90-day notice prior to its submission due date. If a provider fails to submit required reporting data, the commissioner shall provide notice to providers that have not provided required data 30 days after the required submission date, and a second notice for
providers who have not provided required data 60 days after the required submission date. The commissioner shall temporarily suspend payments to the provider if cost data is not received 90 days after the required submission date. Withheld payments shall be made once data is received by the commissioner.

(c) The commissioner shall conduct a random validation of data submitted under paragraph (a) to ensure data accuracy. The commissioner shall analyze cost documentation in paragraph (a) and provide recommendations for adjustments to cost components.

(d) The commissioner shall analyze cost documentation in paragraph (a) and, in consultation with stakeholders identified in section 256B.4913, subdivision 5, may submit recommendations on component values and inflationary factor adjustments to the chairs and ranking minority members of the legislative committees with jurisdiction over human services every four years beginning January 1, 2020. The commissioner shall make recommendations in conjunction with reports submitted to the legislature according to subdivision 10, paragraph (e). The commissioner shall release cost data in an aggregate form, and cost data from individual providers shall not be released except as provided for in current law.

(e) The commissioner, in consultation with stakeholders identified in section 256B.4913, subdivision 5, shall develop and implement a process for providing training and technical assistance necessary to support provider submission of cost documentation required under paragraph (a).

(f) Beginning November 1, 2019, providers enrolled to provide services with rates determined under this section shall submit labor market data to the commissioner annually, including but not limited to:

(h) The commissioner shall temporarily suspend payments to the provider if data requested under paragraph (f) is not received 90 days after the required submission date. The commissioner shall make withheld payments once data is received by the commissioner.

**EFFECTIVE DATE.** This section is effective the day following final enactment.
Sec. 10. Minnesota Statutes 2018, section 256B.4914, subdivision 14, is amended to read:

Subd. 14. Exceptions. (a) In a format prescribed by the commissioner, lead agencies must identify individuals with exceptional needs that cannot be met under the disability waiver rate system. The commissioner shall use that information to evaluate and, if necessary, approve an alternative payment rate for those individuals. Whether granted, denied, or modified, the commissioner shall respond to all exception requests in writing. The commissioner shall include in the written response the basis for the action and provide notification of the right to appeal under paragraph (h).

(b) Lead agencies must act on an exception request within 30 days and notify the initiator of the request of their recommendation in writing. A lead agency shall submit all exception requests along with its recommendation to the commissioner.

(c) An application for a rate exception may be submitted for the following criteria:

(1) an individual has service needs that cannot be met through additional units of service;

(2) an individual's rate determined under subdivisions 6, 7, 8, and 9 is so insufficient that it has resulted in an individual receiving a notice of discharge from the individual's provider; or

(3) an individual's service needs, including behavioral changes, require a level of service which necessitates a change in provider or which requires the current provider to propose service changes beyond those currently authorized.

(d) Exception requests must include the following information:

(1) the service needs required by each individual that are not accounted for in subdivisions 6, 7, 8, and 9;

(2) the service rate requested and the difference from the rate determined in subdivisions 6, 7, 8, and 9;

(3) a basis for the underlying costs used for the rate exception and any accompanying documentation; and

(4) any contingencies for approval.

(e) Approved rate exceptions shall be managed within lead agency allocations under sections 256B.092 and 256B.49.

(f) Individual disability waiver recipients, an interested party, or the license holder that would receive the rate exception increase may request that a lead agency submit an exception request. A lead agency that denies such a request shall notify the individual waiver recipient, interested party, or license holder of its decision and the reasons for denying the request in writing no later than 30 days after the request has been made and shall submit its denial to the commissioner in accordance with paragraph (b). The reasons for the denial must be based on the failure to meet the criteria in paragraph (c).

(g) The commissioner shall determine whether to approve or deny an exception request no more than 30 days after receiving the request. If the commissioner denies the request, the commissioner shall notify the lead agency and the individual disability waiver recipient, the interested party, and the license holder in writing of the reasons for the denial.
(h) The individual disability waiver recipient may appeal any denial of an exception request by either the lead agency or the commissioner, pursuant to sections 256.045 and 256.0451. When the denial of an exception request results in the proposed demission of a waiver recipient from a residential or day habilitation program, the commissioner shall issue a temporary stay of demission, when requested by the disability waiver recipient, consistent with the provisions of section 256.045, subdivisions 4a and 6, paragraph (c). The temporary stay shall remain in effect until the lead agency can provide an informed choice of appropriate, alternative services to the disability waiver.

(i) Providers may petition lead agencies to update values that were entered incorrectly or erroneously into the rate management system, based on past service level discussions and determination in subdivision 4, without applying for a rate exception.

(j) The starting date for the rate exception will be the later of the date of the recipient's change in support or the date of the request to the lead agency for an exception.

(k) The commissioner shall track all exception requests received and their dispositions. The commissioner shall issue quarterly public exceptions statistical reports, including the number of exception requests received and the numbers granted, denied, withdrawn, and pending. The report shall include the average amount of time required to process exceptions.

(l) No later than January 15, 2016, the commissioner shall provide research findings on the estimated fiscal impact, the primary cost drivers, and common population characteristics of recipients with needs that cannot be met by the framework rates.

(m) No later than July 1, 2016, the commissioner shall develop and implement, in consultation with stakeholders, a process to determine eligibility for rate exceptions for individuals with rates determined under the methodology in section 256B.4913, subdivision 4a. Determination of eligibility for an exception will occur as annual service renewals are completed.

(a) (l) Approved rate exceptions will be implemented at such time that the individual's rate is no longer banded and remain in effect in all cases until an individual's needs change as defined in paragraph (c).

EFFECTIVE DATE. This section is effective January 1, 2020.

Sec. 11. REFEREE INSTRUCTION.

The revisor of statutes shall renumber Minnesota Statutes, section 256B.4913, subdivision 5, as a subdivision in Minnesota Statutes, section 256B.4914. The revisor shall also make necessary cross-reference changes in Minnesota Statutes and Minnesota Rules consistent with the renumbering.

Reported the same back with the following amendments:

Page 1, after line 4, insert:

"Section 1. Minnesota Statutes 2018, section 256B.4913, subdivision 4a, is amended to read:

Subd. 4a. Rate stabilization adjustment. (a) For purposes of this subdivision, "implementation period" means the period beginning January 1, 2014, and ending on the last day of the month in which the rate management system is populated with the data necessary to calculate rates for substantially all individuals receiving home and community-based waiver services under sections 256B.092 and 256B.49. "Banding period" means the time period beginning on January 1, 2014, and ending upon the expiration of the 12-month period defined in paragraph (c), clause (5)."
(b) For purposes of this subdivision, the historical rate for all service recipients means the individual reimbursement rate for a recipient in effect on December 1, 2013, except that:

(1) for a day service recipient who was not authorized to receive these waiver services prior to January 1, 2014; added a new service or services on or after January 1, 2014; or changed providers on or after January 1, 2014, the historical rate must be the weighted average authorized rate for the provider number in the county of service, effective December 1, 2013; or

(2) for a unit-based service with programming or a unit-based service without programming recipient who was not authorized to receive these waiver services prior to January 1, 2014; added a new service or services on or after January 1, 2014; or changed providers on or after January 1, 2014, the historical rate must be the weighted average authorized rate for each provider number in the county of service, effective December 1, 2013; or

(3) for residential service recipients who change providers on or after January 1, 2014, the historical rate must be set by each lead agency within their county aggregate budget using their respective methodology for residential services effective December 1, 2013, for determining the provider rate for a similarly situated recipient being served by that provider.

(c) The commissioner shall adjust individual reimbursement rates determined under this section so that the unit rate is no higher or lower than:

(1) 0.5 percent from the historical rate for the implementation period;

(2) 0.5 percent from the rate in effect in clause (1), for the 12-month period immediately following the time period of clause (1);

(3) 0.5 percent from the rate in effect in clause (2), for the 12-month period immediately following the time period of clause (2);

(4) 1.0 percent from the rate in effect in clause (3), for the 12-month period immediately following the time period of clause (3);

(5) 1.0 percent from the rate in effect in clause (4), for the 12-month period immediately following the time period of clause (4); and

(6) no adjustment to the rate in effect in clause (5) for the 12-month period immediately following the time period of clause (5). During this banding rate period, the commissioner shall not enforce any rate decrease or increase that would otherwise result from the end of the banding period. The commissioner shall, upon enactment, seek federal approval for the addition of this banding period; and

(7) one percent from the rate in effect in clause (6) for the 12-month period immediately following the time period of clause (6).

(d) The commissioner shall review all changes to rates that were in effect on December 1, 2013, to verify that the rates in effect produce the equivalent level of spending and service unit utilization on an annual basis as those in effect on October 31, 2013.

(e) By December 31, 2014, the commissioner shall complete the review in paragraph (d), adjust rates to provide equivalent annual spending, and make appropriate adjustments.
(f) During the banding period, the Medicaid Management Information System (MMIS) service agreement rate must be adjusted to account for change in an individual’s need. The commissioner shall adjust the Medicaid Management Information System (MMIS) service agreement rate by:

1. Calculating a service rate under section 256B.4914, subdivision 6, 7, 8, or 9, for the individual with variables reflecting the level of service in effect on December 1, 2013;

2. Calculating a service rate under section 256B.4914, subdivision 6, 7, 8, or 9, for the individual with variables reflecting the updated level of service at the time of application; and

3. Adding to or subtracting from the Medicaid Management Information System (MMIS) service agreement rate, the difference between the values in clauses (1) and (2).

(g) This subdivision must not apply to rates for recipients served by providers new to a given county after January 1, 2014. Providers of personal supports services who also acted as fiscal support entities must be treated as new providers as of January 1, 2014.

**EFFECTIVE DATE.** This section is effective the day following final enactment.

Sec. 2. Minnesota Statutes 2018, section 256B.4913, subdivision 5, is amended to read:

Subd. 5. Stakeholder consultation and county training. (a) The commissioner shall continue consultation on regular intervals with the existing stakeholder group established as part of the rate-setting methodology process and others, to gather input, concerns, and data, to assist in the full implementation ongoing administration of the new rate payment system and to make pertinent information available to the public through the department’s website.

(b) The commissioner shall offer training at least annually for county personnel responsible for administering the rate-setting framework in a manner consistent with this section and section 256B.4914.

(c) The commissioner shall maintain an online instruction manual explaining the rate-setting framework. The manual shall be consistent with this section and section 256B.4914, and shall be accessible to all stakeholders including recipients, representatives of recipients, county or tribal agencies, and license holders.

(d) The commissioner shall not defer to the county or tribal agency on matters of technical application of the rate-setting framework, and a county or tribal agency shall not set rates in a manner that conflicts with this section or section 256B.4914.

**EFFECTIVE DATE.** This section is effective January 1, 2020.”

Subd. 6. Payments for residential support services. (a) Payments for residential support services, as defined in sections 256B.092, subdivision 11, and 256B.49, subdivision 22, must be calculated as follows:
(1) determine the number of shared staffing and individual direct staff hours to meet a recipient’s needs provided on site or through monitoring technology;

(2) personnel hourly wage rate must be based on the 2009 Bureau of Labor Statistics Minnesota-specific rates or rates derived by the commissioner as provided in subdivision 5. This is defined as the direct-care rate;

(3) for a recipient requiring customization for deaf and hard-of-hearing language accessibility under subdivision 12, add the customization rate provided in subdivision 12 to the result of clause (2). This is defined as the customized direct-care rate;

(4) multiply the number of shared and individual direct staff hours provided on site or through monitoring technology and nursing hours by the appropriate staff wages in subdivision 5, paragraph (a), or the customized direct-care rate;

(5) multiply the number of shared and individual direct staff hours provided on site or through monitoring technology and nursing hours by the product of the supervision span of control ratio in subdivision 5, paragraph (b), clause (1), and the appropriate supervision wage in subdivision 5, paragraph (a), clause (21);

(6) combine the results of clauses (4) and (5), excluding any shared and individual direct staff hours provided through monitoring technology, and multiply the result by one plus the employee vacation, sick, and training allowance ratio in subdivision 5, paragraph (b), clause (2). This is defined as the direct staffing cost;

(7) for employee-related expenses, multiply the direct staffing cost, excluding any shared and individual direct staff hours provided through monitoring technology, by one plus the employee-related cost ratio in subdivision 5, paragraph (b), clause (3);

(8) for client programming and supports, the commissioner shall add $2,179; and

(9) for transportation, if provided, the commissioner shall add $1,680, or $3,000 if customized for adapted transport, based on the resident with the highest assessed need.

(b) The total rate must be calculated using the following steps:

(1) subtotal paragraph (a), clauses (7) to (9), and the direct staffing cost of any shared and individual direct staff hours provided through monitoring technology that was excluded in clause (7);

(2) sum the standard general and administrative rate, the program-related expense ratio, and the absence and utilization ratio;

(3) divide the result of clause (1) by one minus the result of clause (2). This is the total payment amount; and

(4) adjust the result of clause (3) by a factor to be determined by the commissioner to adjust for regional differences in the cost of providing services.

(c) The payment methodology for customized living, 24-hour customized living, and residential care services must be the customized living tool. Revisions to the customized living tool must be made to reflect the services and activities unique to disability-related recipient needs.

(d) For individuals enrolled prior to January 1, 2014, the days of service authorized must meet or exceed the days of service used to convert service agreements in effect on December 1, 2013, and must not result in a reduction in spending or service utilization due to conversion during the implementation period under section 256B.4913,
subdivision 4a. If during the implementation period, an individual's historical rate, including adjustments required under section 256B.4913, subdivision 4a, paragraph (c), is equal to or greater than the rate determined in this subdivision, the number of days authorized for the individual is 365.

(e) (d) The number of days authorized for all individuals enrolling after January 1, 2014, in residential services must include every day that services start and end.

"Sec. 10. Minnesota Statutes 2018, section 256B.4914, subdivision 14, is amended to read:

Subd. 14. Exceptions. (a) In a format prescribed by the commissioner, lead agencies must identify individuals with exceptional needs that cannot be met under the disability waiver rate system. The commissioner shall use that information to evaluate and, if necessary, approve an alternative payment rate for those individuals. Whether granted, denied, or modified, the commissioner shall respond to all exception requests in writing. The commissioner shall include in the written response the basis for the action and provide notification of the right to appeal under paragraph (h).

(b) Lead agencies must act on an exception request within 30 days and notify the initiator of the request of their recommendation in writing. A lead agency shall submit all exception requests along with its recommendation to the commissioner.

(c) An application for a rate exception may be submitted for the following criteria:

(1) an individual has service needs that cannot be met through additional units of service;

(2) an individual's rate determined under subdivisions 6, 7, 8, and 9 is so insufficient that it has resulted in an individual receiving a notice of discharge from the individual's provider; or

(3) an individual's service needs, including behavioral changes, require a level of service which necessitates a change in provider or which requires the current provider to propose service changes beyond those currently authorized.

(d) Exception requests must include the following information:

(1) the service needs required by each individual that are not accounted for in subdivisions 6, 7, 8, and 9;

(2) the service rate requested and the difference from the rate determined in subdivisions 6, 7, 8, and 9;
(3) a basis for the underlying costs used for the rate exception and any accompanying documentation; and

(4) any contingencies for approval.

(e) Approved rate exceptions shall be managed within lead agency allocations under sections 256B.092 and 256B.49.

(f) Individual disability waiver recipients, an interested party, or the license holder that would receive the rate exception increase may request that a lead agency submit an exception request. A lead agency that denies such a request shall notify the individual waiver recipient, interested party, or license holder of its decision and the reasons for denying the request in writing no later than 30 days after the request has been made and shall submit its denial to the commissioner in accordance with paragraph (b). The reasons for the denial must be based on the failure to meet the criteria in paragraph (c).

(g) The commissioner shall determine whether to approve or deny an exception request no more than 30 days after receiving the request. If the commissioner denies the request, the commissioner shall notify the lead agency and the individual disability waiver recipient, the interested party, and the license holder in writing of the reasons for the denial.

(h) The individual disability waiver recipient may appeal any denial of an exception request by either the lead agency or the commissioner, pursuant to sections 256.045 and 256.0451. When the denial of an exception request results in the proposed demission of a waiver recipient from a residential or day habilitation program, the commissioner shall issue a temporary stay of demission, when requested by the disability waiver recipient, consistent with the provisions of section 256.045, subdivisions 4a and 6, paragraph (c). The temporary stay shall remain in effect until the lead agency can provide an informed choice of appropriate, alternative services to the disability waiver.

(i) Providers may petition lead agencies to update values that were entered incorrectly or erroneously into the rate management system, based on past service level discussions and determination in subdivision 4, without applying for a rate exception.

(j) The starting date for the rate exception will be the later of the date of the recipient’s change in support or the date of the request to the lead agency for an exception.

(k) The commissioner shall track all exception requests received and their dispositions. The commissioner shall issue quarterly public exceptions statistical reports, including the number of exception requests received and the numbers granted, denied, withdrawn, and pending. The report shall include the average amount of time required to process exceptions.

(l) No later than January 15, 2016, the commissioner shall provide research findings on the estimated fiscal impact, the primary cost drivers, and common population characteristics of recipients with needs that cannot be met by the framework rates.

(m) No later than July 1, 2016, the commissioner shall develop and implement, in consultation with stakeholders, a process to determine eligibility for rate exceptions for individuals with rates determined under the methodology in section 256B.4913, subdivision 4a. Determination of eligibility for an exception will occur as annual service renewals are completed.

(n) Approved rate exceptions will be implemented at such time that the individual’s rate is no longer banded and remain in effect in all cases until an individual’s needs change as defined in paragraph (c).

**EFFECTIVE DATE.** This section is effective January 1, 2020.
Sec. 11. REVISOR INSTRUCTION.

The revisor of statutes shall renumber Minnesota Statutes, section 256B.4913, subdivision 5, as a subdivision in Minnesota Statutes, section 256B.4914. The revisor shall also make necessary cross-reference changes in Minnesota Statutes and Minnesota Rules consistent with the renumbering.
