Subdivision 1. Establishment of program. The commissioner shall administer and oversee the outpatient prescription drug program for MinnesotaCare. The commissioner shall not include the outpatient pharmacy benefit in a contract with a public or private entity.

Subd. 2. Covered outpatient prescription drugs. (a) In consultation with the Drug Formulary Committee under section 256B.0625, subdivision 13d, the commissioner shall establish an outpatient prescription drug formulary for MinnesotaCare that satisfies the requirements for an essential health benefit under Code of Federal Regulations, title 45, section 156.122. The commissioner may modify the formulary after consulting with the Drug Formulary Committee and providing public notice and the opportunity for public comment. The commissioner shall make the drug formulary available to the public on the agency website.

(b) The MinnesotaCare formulary must contain at least one drug in every United States Pharmacopeia category and class or the same number of prescription drugs in each category and class as the essential health benefit benchmark plan, whichever is greater.

(d) Prior authorization may be required by the commissioner before certain formulary drugs are eligible for payment. The Drug Formulary Committee may recommend drugs for prior authorization directly to the commissioner. The commissioner may also request that the Drug Formulary Committee review a drug for prior authorization.

(e) Before the commissioner requires prior authorization for a drug:

(1) the commissioner must provide the Drug Formulary Committee with information on the impact that placing the drug on prior authorization may have on the quality of patient care and on program costs and information regarding whether the drug is subject to clinical abuse or misuse if such data is available; and

(2) the Drug Formulary Committee must hold a public forum and receive public comment for an additional 15 days from the date of the public forum.

(f) Notwithstanding paragraph (e), the commissioner may automatically require prior authorization for a period not to exceed 180 days for any drug that is approved by the United States Food and Drug Administration after July 1, 2019. The 180-day period begins no later than the first day that a drug is available for shipment to pharmacies

within the state. The Drug Formulary Committee shall recommend to the commissioner general criteria to use for determining prior authorization of the drugs, but the Drug Formulary Committee is not required to review each individual drug.

(g) The commissioner may also require prior authorization before nonformulary drugs are eligible for payment.

(4) the prescription drug is not covered by MinnesotaCare; or

(5) dispensing the drug would violate a provision of chapter 151.

Subd. 4. Covered outpatient prescription drug reimbursement rate. (a) The basis for determining the amount of payment shall be the lowest of the National Average Drug Acquisition Cost, plus a fixed dispensing fee; the maximum allowable cost established under section 256B.0625, subdivision 13e, plus a fixed dispensing fee; or the usual and customary price. The fixed dispensing fee shall be \$1.50 for covered outpatient prescription drugs.

(b) The basis for determining the amount of payment for a pharmacy that acquires drugs through the federal 340B Drug Pricing Program shall be the lowest of:

(1) the National Average Drug Acquisition Cost minus 30 percent;

(2) the maximum allowable cost established under section 256B.0625, subdivision 13e, minus 30 percent, plus a fixed dispensing fee; or

(3) the usual and customary price. The fixed dispensing fee shall be \$1.50 for covered outpatient prescription drugs.

Reporting must be in a manner specified by the board. If the manufacturer or wholesaler fails to provide information required under this paragraph on a timely basis, the board may assess an administrative penalty of \$100 per day. This penalty shall not be considered a form of disciplinary action. Any penalty assessed under this section shall be deposited in the insulin assistance account established under section 256.938.

(b) By March 1 of each year, beginning March 1, 2020, each owner of a pharmacy with at least one location within this state must report to the board any intracompany delivery or distribution of insulin into this state, to the extent that those deliveries and distributions are not reported to the board by a licensed wholesaler owned by, under

For the first assessment, the commissioner shall estimate the cost of the program for the first fiscal year and notify the board of the estimated cost by March 1, 2020. The board shall determine each manufacturer's initial registration fee based on the estimated cost.

A safety assessment policy must include procedures for referrals for special education or section 504 evaluations, and to mental health centers or health care providers for evaluation or treatment when appropriate. A safety assessment policy must require notice to the parent or guardian of a student whose behavior is assessed under this section unless notice to the parent or guardian is not in the minor's best interests, consistent with sections 13.02, subdivision 8, and 13.32, subdivision 2.

(c) Upon a preliminary determination that a student poses a threat of violence or physical harm to self or others, a safety assessment team must immediately report its determination to the district superintendent or the superintendent's designee, who must immediately attempt to notify the student's parent or legal guardian, and provide the parent or guardian written notice, unless notice to the parent or guardian is not in the student's best interest. The safety assessment team must consider services to address the student's underlying behavioral or mental health issues, which may include counseling, social work services, character education consistent with section 120B.232, social emotional learning, evidence-based academic and positive behavioral interventions and supports, mental health services, and referrals for special education or section 504 evaluations. Data related to a safety assessment must not be provided to law enforcement without a reasonable cause or need for law enforcement involvement or knowledge. A school district must notify a parent or guardian when data related to a safety assessment is provided to a law enforcement official who is not a member of the safety assessment team, unless notice to the parent or guardian is not in the student's best interests, consistent with sections 13.02, subdivision 8, and 13.32, subdivision 2.

Subd. 4. **Sale; method; requirements; effects.** (a) The sale authorized under subdivision 3 must be conducted by the county auditor at the county seat of the county in which the parcels lie, except that in St. Louis and Koochiching Counties, the sale may be conducted in any ~~county~~ designated facility within the county. The sale must not be for less than the appraised value except as provided in subdivision 7a. The parcels must be sold for cash only, unless the county board of the county has adopted a resolution providing for their sale on terms, in which event the resolution controls with respect to the sale. When the sale is made on terms other than for cash only (1) a payment of at least ten percent of the purchase price must be made at the time of purchase, and the balance must be paid in no more than ten equal annual installments, or (2) the payments must be made in accordance with county board policy, but in no event may the board require more than 12 installments annually, and the contract term must not be for more than ten years. Standing timber or timber products must not be removed from these lands until an amount equal to the appraised value of all standing timber or timber products on the lands at the time of purchase has been paid by the purchaser. If a parcel of land bearing standing timber or timber products is sold at public auction for more than the appraised value, the amount bid in excess of the appraised value must be allocated between the land and the timber in proportion to their respective appraised values. In that case, standing timber or timber products must not be removed from the land until the amount of the excess bid allocated to timber or timber products has been paid in addition to the appraised value of the land. The purchaser is entitled to immediate possession, subject to the provisions of any existing valid lease made in behalf of the state.

(b) For sales occurring on or after July 1, 1982, the unpaid balance of the purchase price is subject to interest at the rate determined pursuant to section 549.09. The unpaid balance of the purchase price for sales occurring after December 31, 1990, is subject to interest at the rate determined in section 279.03, subdivision 1a. The interest rate is subject to change each year on the unpaid balance in the manner provided for rate changes in section 549.09 or 279.03, subdivision 1a, whichever, is applicable. Interest on the unpaid contract balance on sales occurring before July 1, 1982, is payable at the rate applicable to the sale at the time that the sale occurred.

(c) Notwithstanding subdivision 7, a county board may by resolution provide for the listing and sale of individual parcels by other means, including through a real estate broker. However, if the buyer under this paragraph could have repurchased a parcel of property under section 282.012 or 282.241, that buyer may not purchase that same parcel of property at the sale under this subdivision for a purchase price less than the sum of all taxes, assessments, penalties, interest, and costs due at the time of forfeiture computed under section 282.251, and any special assessments for improvements certified as of the date of sale. This subdivision shall be liberally construed to encourage the sale and utilization of tax-forfeited land in order to eliminate nuisances and dangerous conditions and to increase compliance with land use ordinances.

Sec. 6. Laws 2012, chapter 236, section 28, subdivision 2, as amended by Laws 2016, chapter 154, section 9, is amended to read:

Subd. 2. **Method of sale.** (a) The leaseholder of a leased parcel may purchase at private sale the leased parcel and any other lands allocated to the parcel by the county under subdivision 6 that is offered for sale under this section. The purchase price is the appraised value of the land under subdivision 3 exclusive of improvements on it. To purchase a parcel, a leaseholder must pay in cash to the county an amount equal to the appraised value of the land within 180 days from the date of mailing to or service of notice of appraised value to the leaseholder by the county. The 180-day period runs from the date of mailing of a copy of the appraisal to the leaseholder at the address shown upon the most recent lease agreement between the parties, exclusive of the date of mailing or service. The county may use any alternative method of notice under the Minnesota Rules of Civil Procedure for the service of a summons and complaint.

(b) If the leaseholder does not purchase the parcel so offered, the county may offer the lands for sale under the provisions of Minnesota Statutes, section 282.01, subdivision 7. If a person other than the leaseholder purchases the parcel, the purchaser must make payment in full to the leaseholder in the manner provided in Minnesota Statutes, section 92.06, subdivision 4, for the value of any improvements as determined under subdivision 3 or for the value of any improvements as determined through negotiations.

(c) Failure of a purchaser to comply with the terms of payment voids the sale and the property may be reoffered for sale.

Sec. 7. Laws 2012, chapter 236, section 28, subdivision 9, as amended by Laws 2016, chapter 154, section 11, is amended to read:
