"Section 1. **CIVIL UNREST IMMEDIATE RELIEF PROGRAM.**

Subdivision 1. **Definitions.** (a) For the purposes of this section, the following terms have the meanings given.

(b) "Commissioner" means the commissioner of employment and economic development.

(c) "Community organization" means an organization that has the experience and capacity to make grants and loans to entities under this section, including providing outreach to affected populations and technical assistance to applicants. The cities of Minneapolis and St. Paul qualify as community organizations under this section.

(d) "Entity" includes any business or nonprofit organization. This includes businesses, cooperatives, utilities, industrial, commercial, retail, and nonprofit organizations.

Subd. 2. **Establishment.** The commissioner shall establish a program to make grants to community organizations to develop and implement local economic relief programs designed with the primary goal of assisting areas adversely affected by civil unrest during the peacetime emergency declared in governor's Executive Order No. 20-64 by preserving incumbent entities and encouraging new entities to locate in those areas. To this end, local programs should include outreach to cultural communities, support for microenterprises, and preferences for entities that were already under stress from the COVID-19 peacetime emergency.

Subd. 3. **Available relief.** (a) The local programs established by community organizations under this section may include grants or loans as provided in this section. Prior to awarding a grant to a community organization for a local program under this section:

(1) the community organization must develop criteria, procedures, and requirements for:

(i) determining eligibility for assistance;

(ii) the duration, terms, underwriting and security requirements, and repayment requirements for loans;

(iii) evaluating applications for assistance;

(iv) awarding assistance; and

(v) administering the grant and loan programs authorized under this section;

(2) the community organization must submit its criteria, procedures, and requirements developed pursuant to clause (1) to the commissioner of employment and economic development for review; and

(3) the commissioner must approve the criteria, procedures, and requirements as developed pursuant to clause (1) to be used by a community organization in determining eligibility for assistance, evaluating, awarding, and administering a grant and loan program.

(b) The relief authorized under this section includes:

(1) grants to entities. These grants are not to exceed \$250,000 per entity. Grants may be awarded to applicants only when a community organization determines that a loan is not appropriate to address the needs of the applicant; and

(2) loans to entities, with or without interest, and deferred or forgivable loans. The maximum loan amount under this subdivision is \$500,000 per entity. The lending criteria adopted by a community organization for loans under this subdivision must:

(i) specify that an entity receiving a deferred or forgivable loan must remain in the local community a minimum of three years after the date of the loan. The maximum loan deferral period must not exceed three years from the date the loan is approved; and

(ii) require submission of a plan for continued operation. The plan must document the probable success of the applicant's plan and probable success in repaying the loan according to the terms established for the loan program.

(c) All loan repayment funds under this subdivision must be paid to the commissioner of employment and economic development for deposit in the general fund.

Subd. 4. Monitoring and reporting. (a) Participating community organizations must establish performance measures that include but are not limited to the following components:

(1) the number of loans approved and the amounts and terms of the loans;

(2) the number of grants awarded, award amounts, and the reason that a grant award was made in lieu of a loan;

(3) the loan default rate;

(4) the number of jobs created or retained as a result of the assistance, including information on the wages and benefit levels, the status of the jobs as full-time or part-time, and the status of the jobs as temporary or permanent;

(5) the amount of business activity and changes in gross revenues of the grant or loan recipient as a result of the assistance; and

(6) the new tax revenue generated as a result of the assistance.

(b) The commissioner of employment and economic development must monitor the participating community organizations' compliance with this section and the performance measures developed under paragraph (a).

(c) Participating community organizations must comply with all requests made by the commissioner under this section.

(d) By December 15 of each year the program is in existence, participating community organizations must report their performance measures to the commissioner. By January 15 of each year the program is in existence, after the first, the commissioner must submit a report of these performance measures to the chairs and ranking minority members of the committees of the house of representatives and the senate having jurisdiction over economic development that details the use of funds under this section.

Subd. 5. **Business subsidy requirements.** Minnesota Statutes, sections 116J.993 to 116J.995, do not apply to assistance under this section. Entities in receipt of assistance under this section must provide for job creation and retention goals and wage and benefit goals.

Subd. 6. **Administrative costs.** The commissioner of employment and economic development may use up to four percent of the appropriation made for this section for administrative expenses of the department or for assisting participating community organizations with their administrative expenses.

EFFECTIVE DATE. This section is effective the day following final enactment and expires the day after the last loan is repaid or forgiven as provided under this section.

The process must include having trained observers serve as peer coaches or having teachers participate in professional learning communities, consistent with paragraph (b).

(7) may include mentoring and induction programs for teachers, including teachers who are members of populations underrepresented among the licensed teachers in the district or school and who reflect the diversity of students under section 120B.35, subdivision 3, paragraph (b), clause (2), who are enrolled in the district or school;

(8) must include an option for teachers to develop and present a portfolio demonstrating evidence of reflection and professional growth, consistent with section 122A.187, subdivision 3, and include teachers' own performance assessment based on student work samples and examples of teachers' work, which may include video among other activities for the summative evaluation;

The teacher evaluation process created under this subdivision does not create additional due process rights for probationary teachers under subdivision 2.

(d) Consistent with the measures of teacher effectiveness under this subdivision:

(1) for students in kindergarten through grade 4, a school administrator must not place or approve the placement of a student in the classroom of a teacher who is in the improvement process referenced in paragraph (b), clause (12), or has not had a summative evaluation if, in the prior year, that student was in the classroom of a teacher who received discipline pursuant to paragraph (b), clause (13), unless no other teacher at the school teaches that grade; and
