Sec. 9. Minnesota Statutes 2020, section 290.06, is amended by adding a subdivision to read:

**Subd. 41. Small employer transitional health care credit.** ~~(a) For purposes of this subdivision, the following terms have the meanings given:~~

~~(1) "employee" has the meaning given in section 290.92, subdivision 1, clause (3);~~

~~(2) "employer" has the meaning given in section 290.92, subdivision 1, clause (4);~~

~~(3) "individual coverage HRA" means a health reimbursement arrangement considered to be integrated with individual health insurance coverage under Code of Federal Regulations, title 26, section 54.9802-4;~~

(4) "qualified employee health care expenses" means the aggregate amount paid by the employer in a calendar year for each employee with respect to:

(i) a group health plan as defined in section 5000(b)(1) of the Internal Revenue Code of 1986, as amended through December 31, 2021;

(ii) a qualified small employer health reimbursement arrangement as defined in section 9831(d)(2)(A) of the Internal Revenue Code of 1986, as amended through December 31, 2021; and

(iii) an individual coverage HRA; and

(5) "qualified employer" means an employer that is not an applicable large employer as defined in section 4980H(c)(2) of the Internal Revenue Code of 1986, as amended through December 31, 2021.

(b) A qualified employer subject to tax under section 290.02 or 290.03 may claim a credit against the tax due under this chapter equal to 50 percent of the employer's qualified employee health care expenses.

(c) The credit is limited to the liability for tax, as computed under this chapter, for the taxable year. If the amount of the credit determined under this subdivision for any taxable year exceeds the liability for tax, the excess is a small employer health care credit carryover to each of the five succeeding taxable years. The entire amount of the excess unused credit for the taxable year is carried first to the earliest of the taxable years to which the credit may be carried and then to each successive year to which the credit may be carried. The amount of the unused credit that may be added under this paragraph must not exceed the taxpayer's liability for tax, less any small employer health care credit for the taxable year.

(d) For a nonresident or part-year resident, the credit under this section must be allocated using the percentage calculated in section 290.06, subdivision 2c, paragraph (e).

(e) Credits allowed to a partnership, a limited liability company taxed as a partnership, or an S corporation pass through to the partners, members, shareholders, or owners, respectively, pro rata to each based on the partner's, member's, shareholder's, or owner's share of the entity's assets, or as specially allocated in the organizational documents or any other executed agreement, as of the last day of the taxable year.

(f) This subdivision expires January 1, 2025, for taxable years beginning after December 31, 2024, except that the expiration of this section does not affect the commissioner of revenue's authority to audit or power of examination and assessment for credits claimed under this subdivision.

**EFFECTIVE DATE.** This section is effective for taxable years beginning after December 31, 2021, and before January 1, 2025.

#### Sec. 10. **SMALL EMPLOYER PUBLIC OPTION.**

The commissioner of human services, in consultation with representatives of small employers, shall develop a small employer public option that allows employees of businesses with fewer than 50 employees to receive employer contributions toward MinnesotaCare. The commissioner shall determine whether the employer makes contributions to the commissioner directly or the employee makes contributions through a qualified small employer health reimbursement arrangement account or other arrangement. In determining the structure of the small employer public option, the commissioner shall consult with federal officials to determine which arrangement will result in the employer contributions being tax deductible to the employer and not being considered taxable income to the employee. The commissioner shall present recommendations for a small employer public option to the chairs and ranking minority members of the legislative committees with jurisdiction over health and human services policy and finance by December 15, 2023.

**EFFECTIVE DATE.** This section is effective the day following final enactment.

Sec. 11. **TRANSITION TO MINNESOTACARE PUBLIC OPTION.**

(a) The commissioner of human services shall continue to administer MinnesotaCare as a basic health program in accordance with Minnesota Statutes, section 256L.02, subdivision 5, and shall seek federal waivers, approvals, and law changes as required under section 12.

(b) The commissioner shall present an implementation plan for the MinnesotaCare public option under Minnesota Statutes, section 256L.04, subdivision 15, to the chairs and ranking minority members of the legislative committees with jurisdiction over health care policy and finance by December 15, 2023. The plan must include:

(1) recommendations for any changes to the MinnesotaCare public option necessary to continue federal basic health program funding or to receive other federal funding;

(2) recommendations for implementing any small employer option developed under section 10 in a manner that would allow any employee payments toward premiums to be pretax;

(3) recommendations for ensuring sufficient provider participation in MinnesotaCare;

(4) estimates of state costs related to the MinnesotaCare public option;

(5) a description of the proposed premium scale for persons eligible through the public option, including an analysis of the extent to which the proposed premium scale:

(i) ensures affordable premiums for persons across the income spectrum enrolled under the public option; and

(ii) avoids premium cliffs for persons transitioning to and enrolled under the public option; and

(6) draft legislation that includes any additional policy and conforming changes necessary to implement the MinnesotaCare public option and the implementation plan recommendations.

(c) The commissioner shall present to the chairs and ranking minority members of the legislative committees with jurisdiction over health care policy and finance, by January 15, 2024, a report comparing service delivery and payment system models for delivering services to MinnesotaCare enrollees eligible under Minnesota Statutes, section 256L.04, subdivisions 1, 7, and 15. The report must compare the current delivery model with at least two alternative models. The alternative models must include a state-based model in which the state holds the plan risk as the insurer and may contract with a third-party administrator for claims processing and plan administration. The alternative models may include but are not limited to:

(1) expanding the use of integrated health partnerships under Minnesota Statutes, section 256B.0755;

(2) delivering care under fee-for-service through a primary care case management system; and

(3) continuing to contract with managed care and county-based purchasing plans for some or all enrollees under modified contracts.

(d) The report must also include:

(1) a description of how each model would address:

- (i) racial inequities in the delivery of health care and health care outcomes;
  - (ii) geographic inequities in the delivery of health care;
  - (iii) incentives for preventive care and other best practices; and
  - (iv) reimbursement of providers for high-quality, value-based care at levels sufficient to sustain or increase enrollee access to care;
- (2) a comparison of the projected cost of each model; and
- (3) an implementation timeline for each model that includes the earliest date by which each model could be implemented if authorized during the 2024 legislative session.

**EFFECTIVE DATE.** This section is effective the day following final enactment.

Sec. 12. **REQUEST FOR FEDERAL APPROVAL.**

(a) The commissioner of human services shall seek any federal waivers, approvals, and law changes necessary to implement this act, including but not limited to those waivers, approvals, and law changes necessary to allow the state to:

(1) continue receiving federal basic health program payments for basic health program-eligible MinnesotaCare enrollees and to receive other federal funding for the MinnesotaCare public option;

(2) receive federal payments equal to the value of premium tax credits and cost-sharing reductions that MinnesotaCare enrollees with household incomes greater than 200 percent of the federal poverty guidelines would otherwise have received; and

(3) receive federal payments equal to the value of emergency medical assistance that would otherwise have been paid to the state for covered services provided to eligible enrollees.

(b) In implementing this section, the commissioner of human services shall consult with the commissioner of commerce and the Board of Directors of MNsure and may contract for technical and actuarial assistance.

**EFFECTIVE DATE.** This section is effective the day following final enactment.

Sec. 13. **CONTINGENT EFFECTIVE DATE.**

Sections 3, 4, 6, and 7 and the specified portion of section 8 are effective January 1, 2025, or upon federal approval, whichever is later, but only if the commissioner of human services certifies to the legislature that implementation of those sections will not result in federal penalties to federal basic health program funding for MinnesotaCare enrollees with incomes not exceeding 200 percent of the federal poverty guidelines. The commissioner of human services shall notify the revisor of statutes when federal approval is obtained."

"Section 1. **[383D.80] SUBORDINATE GOVERNMENTAL SERVICE DISTRICTS.**

Subdivision 1. **Purpose.** It is the purpose of this section to provide a means by which Dakota County as a unit of general local government can effectively provide and finance various public safety services, including 911 access and county sheriff patrols, for its residents.

Subd. 2. **Definition.** "Subordinate service district" means a compact and contiguous district within the county in which one or more governmental services or additions to countywide services are provided by the county and financed from revenues secured from within that district.

Subd. 3. **Establishment of service districts.** Notwithstanding any provision of law requiring uniform property tax rates on real or personal property within the county, Dakota County may establish subordinate service districts to provide and finance various public safety services, including 911 access and county sheriff patrols which it is otherwise authorized to undertake.

Subd. 4. **Creation by county board.** The county board of commissioners of Dakota County may establish a subordinate service district in a portion of the county by adoption of an appropriate resolution. Before the adoption of such a resolution, the county board shall hold a public hearing on the question of whether or not a subordinate service district shall be established. The resolution shall specify the service or services to be provided within the subordinate taxing district and shall specify the territorial boundaries of the district.

**Subd. 5. Creation by petition.** (a) A petition signed by five percent of the qualified voters within any portion of the county may be submitted to the county board requesting the establishment of a subordinate county service district to provide various public safety services, including 911 access and county sheriff patrols which the county is otherwise authorized by law to provide. The petition shall include the territorial boundaries of the proposed service district and shall specify the types of services to be provided therein.

(b) Upon receipt of the petition, and verification of the signatures thereon by the county auditor, the county board shall, within 30 days following verification, hold a public hearing on the question of whether or not the requested subordinate service district shall be established.

(c) Within 30 days following the holding of a public hearing, the county board, by resolution, shall approve or disapprove the establishment of the requested subordinate county service district. A resolution approving the creation of the subordinate service district may contain amendments or modifications of the district's boundaries or functions as set forth in the petition.

**Subd. 6. Publication and effective date.** Upon passage of a resolution authorizing the creation of a subordinate county service district, the county board shall cause to be published once in the official newspapers the resolution. The resolution shall include a general description of the territory to be included within the district, the type of service or services to be undertaken in the district, a statement of the means by which the service or services will be financed, and a designation of the county agency or officer who will be responsible for supervising the provision of the service or services. The service district shall be deemed established 30 days after publication or at such later date as may be specified in the resolution.

**Subd. 7. Referendum.** (a) Upon receipt of a petition signed by five percent of the qualified voters within the territory of the proposed service district prior to the effective date of its creation as specified in subdivision 6, the creation shall be held in abeyance pending a referendum vote of all qualified electors residing within the boundaries of the proposed service district.

(b) The county board shall make arrangements for the holding of a special election on a date authorized by section 205.10, subdivision 3a, and within the boundaries of the proposed taxing district. The question to be submitted and voted upon by the qualified voters within the territory of the proposed service district shall be phrased substantially as follows:

"Shall a subordinate service district be established in order to provide (service or services to be provided) financed by (revenue sources)?"

(c) If a majority of those voting on the question favor creation of the proposed subordinate service district, the district shall be deemed created upon certification of the vote by the county auditor. The county auditor shall administer the election.

**Subd. 8. Expansion of boundaries of subordinate service district.** The county board, on its own motion or pursuant to petition, may enlarge any existing subordinate county service district pursuant to the procedures specified in subdivisions 4 to 7. Only qualified voters residing in the district to be added shall be eligible to participate in the election, provided that, if five percent of the qualified voters residing in the existing service district petition to participate therein, all qualified voters residing in the proposed service district shall be eligible.

**Subd. 9. Financing.** Upon adoption of the next annual budget following the creation of a subordinate county service district, the county board shall include in such budget appropriate provisions for the operation of the subordinate service district including, as appropriate, a property tax levied only on property within the boundaries of the subordinate taxing district or by levy of a service charge against the users of such service within the district, or by any combination thereof.

Subd. 10. **Withdrawal.** Upon receipt of a petition signed by ten percent of the qualified voters within the territory of the subordinate service district requesting the withdrawal of the service district from the provisions of this section, or pursuant to its own resolution, the county board shall make arrangements for the holding of a special election not less than 30 days nor more than 90 days after receipt of such a petition within the boundaries of the service district. The question to be submitted and voted upon by the qualified voters within the territory of the service district shall be phrased substantially as follows:

"Shall the subordinate service district heretofore established be withdrawn and the service or services of the county as provided for such service district be discontinued?"

If a majority of those voting on the question favor the withdrawal and discontinuance of such services, the service district shall be deemed withdrawn and the services of the county shall be discontinued upon certification of the vote by the county auditor. The county auditor shall administer the election.

Subd. 11. **Expiration.** A subordinate service district, or any portion thereof, established under this section expires after all property in the service district has been annexed by one or more municipalities that provide public safety services, including 911 access and peace officer patrols, to its residents. The county board shall adopt a resolution stating that the subordinate service district, or any portion thereof, has expired within 30 days of the complete annexation of property in the service district.
