An amount of money in the SAFE account sufficient to provide reimbursement and management costs under this section is appropriated to the commissioner for purposes of fulfilling the commissioner's duties under this section. This is a onetime appropriation.

The commissioner may consult with appropriate governmental officials to ensure the application reflects the extent and magnitude of the public safety event and to reconcile any differences. The application is not complete until the commissioner receives all requested information.

(e) If the commissioner returns an application with a request for more detailed information or for correction of deficiencies, the applicant must resubmit the application with all required information within 30 days of the applicant's receipt of the commissioner's request. The applicant's failure to provide the requested information in a timely manner without a reasonable explanation may be cause for denial of the application.

(f) The commissioner must approve or deny an application within 60 days of receipt of a complete application or the application is deemed approved. If the commissioner approves an application or the application is automatically deemed approved after 60 days, the commissioner must provide written notification to the applicant. (b) The review required under paragraph (a) must be a structured review, including debriefing persons who responded to the public safety event, that analyzes the response to the public safety event. The review must address but is not limited to the following topics:

(c) An after-action review report must be submitted to the chair of the Peace Officer Standards and Training Board's Ensuring Police Excellence and Improving Community Relations Advisory Council no later than 60 days after an applicant receives reimbursement under this section. The applicant may withhold or redact any information that would compromise the safety of public safety officers or compromise future responses to public safety events.

(d) Upon submission of an after-action report that satisfies the requirements of this subdivision, the commissioner shall reimburse an applicant for the cost of the after-action review and report.

EFFECTIVE DATE. This section is effective the day following final enactment and expires 60 days after the last trial is completed or all reimbursement appeals are completed, whichever is later.

(2) all payments for death, disability, or injury of those personnel incurred in the course of rendering that aid; and

(3) all losses of or damage to supplies and equipment of the other state or a governmental subdivision of the other state resulting from the rendering of aid provided that the laws of the other state contain provisions substantially similar to this section.

(c) Notwithstanding section 466.01, subdivision 6, unless there is a written agreement to the contrary, emergency response personnel retain their employment status with their sending jurisdiction and have the same powers, duties, rights, privileges, and immunities as if they were performing like service in the sending jurisdiction.

Subd. 5. **Reimbursement rates.** (a) To the extent funds are available in the SAFE account, the commissioner shall authorize reimbursement of eligible costs pursuant to the following reimbursement rates:

(1) receiving jurisdiction applicants shall receive 75 percent of eligible costs submitted for reimbursement; and

(2) sending jurisdiction applicants shall receive 100 percent of eligible costs submitted for reimbursement.

(b) For each public safety event, the commissioner shall not make any payments until all eligible jurisdictions have applied for reimbursement or 12 months after the state of emergency concludes, whichever occurs first. If the amount of eligible requests exceed the amount available in the SAFE account, each agency shall receive a pro rata share of available funds based on the amount of their approved reimbursement amount.

Subd. 6. **Reimbursement process.** (a) The commissioner must develop application materials for reimbursement and may update the materials as needed. Application materials must include instructions and requirements for assistance under this section. These application materials are not subject to the rulemaking requirements under chapter 14.

(b) An applicant has 30 days from the end of the incident period to request reimbursement from the SAFE account. The commissioner may deny a late request. The applicant's request must include:

(1) the cause, location of the public safety event, and incident period;

(2) documentation of a local, tribal, county, or state emergency declaration in response to the public safety event; and

(3) a description of eligible expenses incurred by the applicant.

(c) An applicant may submit additional supporting documentation for up to 60 days after the commissioner's acceptance of the initial request for reimbursement.

(d) The commissioner shall review the application and supporting documentation for completeness and may return the application with a request for more detailed information or correction of deficiencies. The commissioner may consult with appropriate governmental officials to ensure the application reflects the extent and magnitude of the public safety event and to reconcile any differences. The application is not complete until the commissioner receives all requested information.

(e) If the commissioner returns an application with a request for more detailed information or for correction of deficiencies, the applicant must resubmit the application with all required information within 30 days of the applicant's receipt of the commissioner's request. The applicant's failure to provide the requested information in a timely manner without a reasonable explanation may be cause for denial of the application.

(f) The commissioner must approve or deny an application within 60 days of receipt of a complete application or the application is deemed approved. If the commissioner approves an application or the application is automatically deemed approved after 60 days, the commissioner must provide written notification to the applicant. If the commissioner denies an application, the commissioner must provide written notice to the applicant of the denial and the appeal process.

Subd. 7. Appeal process. (a) An applicant must submit to the commissioner completed claims for payment of actual and eligible costs on forms provided by the commissioner. All eligible costs claimed for payment must be documented and consistent with the eligibility provisions of this section.

(b) If the commissioner denies an applicant's claim for payment, the applicant has 30 days from receipt of the commissioner's determination to appeal in writing to the commissioner. The appeal must include the applicant's rationale for reversing the commissioner's determination. The commissioner has 30 days from receipt of the appeal to uphold or modify the commissioner's determination and formally respond to the applicant. If no written request for appeal is received, the determination is final. The applicant is entitled to judicial review under sections 14.63 to 14.68 in the same manner that a person aggrieved by a final decision in a contested case is entitled to judicial review. The commissioner's determination under this section shall be a final decision of the department for purposes of sections 14.63 to 14.68.

Subd. 8. Closeout of application. The commissioner must close out an applicant's reimbursement application after all of the following occur:

(1) the applicant receives the final amount due;

(2) the applicant repays any amount recovered for eligible costs from another source after receiving payment under this section; and

(3) any scheduled audits are complete.

Subd. 9. Audit. (a) An applicant must account for all funds received under this section in conformance with generally accepted accounting principles and practices. The applicant must maintain detailed records of expenditures to show that grants received under this section were used for the purpose for which the payment was made. The applicant must maintain records for five years and make the records available for inspection and audit by the commissioner or the state auditor. The applicant must keep all financial records for five years after the final payment, including but not limited to all invoices and canceled checks or bank statements that support all eligible costs claimed by the applicant.

(b) The commissioner or state auditor may audit all applicant records pertaining to an application for reimbursement or receipt of payment under this section.

Subd. 10. Reporting reimbursement payments. The commissioner shall post on the department's website and provide to the chairs and ranking minority members of the legislative policy and budget committees with jurisdiction over public safety finance and emergency response funding a description of the public safety event and a list of the recipients and amounts of the reimbursement payments made under this section.

Subd. 11. Management costs. The department may be reimbursed from the SAFE account an amount of not more than five percent of the grant values as management costs. Management costs include indirect costs, direct administrative costs, and other administrative expenses associated with the public safety event.

Subd. 12. **Funding from other sources; repayment required.** If an applicant recovers eligible costs from another source after receiving payment under this section, the applicant must pay the department within 30 days an amount equal to the corresponding state funds received. The commissioner must deposit any repayment into the SAFE account.

EFFECTIVE DATE. This section is effective the day following final enactment.

Sec. 2. **STATE AID FOR EMERGENCIES (SAFE) ACCOUNT; TRANSFER.**
