Subd. 2. **Deferred prosecution.** (a) The court shall defer prosecution for an eligible offense committed by a defendant who was, or currently is, a member of the United States military as provided in this subdivision. The court shall do this at the request of the defendant upon a finding of guilty after trial or upon a guilty plea.

(b) A defendant who requests to be sentenced under this subdivision shall release or authorize access to military service reports and records relating to the alleged applicable condition. The court must file the records as confidential and designate that they remain sealed, except as provided in this paragraph. In addition, the court may request, through existing resources, an assessment of the defendant. The defendant, through existing records or licensed professional evaluation, shall establish the diagnosis of the condition, that it was caused by military service, and that the offense was committed as a result of the condition. The court, on its own motion or the prosecutor's, with notice to defense counsel, may order the defendant to furnish to the court for in-camera review or to the prosecutor copies of all medical and military service reports and records previously or subsequently made concerning the defendant's condition and the condition's connection to service.

(c) Based on the record, the court shall determine whether, by clear and convincing evidence: (1) the defendant suffered from an applicable condition at the time of the offense; (2) the applicable condition was caused by service in the United States military; and (3) the offense was committed as a result of the applicable condition. Within 15 days of the court's determination, either party may file a challenge to the determination and demand a hearing on the defendant's eligibility under this subdivision.

(d) If the court makes the determination described in paragraph (c), the court shall, without entering a judgment of guilty, defer further proceedings and place the defendant on probation upon such reasonable conditions as it may require and for a period not to exceed the maximum period provided by law. A court may extend a defendant's term of probation pursuant to section 609.135, subdivision 2, paragraphs (g) and (h). Conditions ordered by the court must include treatment, services, rehabilitation, and education sufficient so that if completed, the defendant would be eligible for discharge and dismissal under subdivision 3. In addition, the court shall order that the defendant undergo a chemical use assessment that includes a recommended level of care for the defendant in accordance with the criteria contained in rules adopted by the commissioner of human services under section 254A.03, subdivision 3.

(e) If the court determines that the defendant is eligible for a deferred sentence but the defendant has previously received one for a felony offense under this subdivision, the court may, but is not required to, impose a deferred sentence. If the court does not impose a deferred sentence, the court may sentence the defendant as otherwise provided in law, including as provided in subdivision 4.

(f) Upon violation of a condition of probation, the court may enter an adjudication of guilt and proceed as otherwise provided in law, including as provided in subdivision 4.

(g) As a condition of probation, the court may order the defendant to attend a local, state, federal, or private nonprofit treatment program for a period not to exceed the maximum period for which the defendant could have been incarcerated.

(h) The court, when issuing an order under this subdivision that a defendant attend an established treatment program, shall give preference to a treatment program that has a history of successfully treating veterans who suffer from applicable conditions caused by military service, including but not limited to programs operated by the United States Department of Defense or Veterans Affairs.

(i) The court and any assigned treatment program shall collaborate with, when available, the county veterans service officer and the United States Department of Veterans Affairs to maximize benefits and services provided to the defendant.

(j) If available in the county or judicial district having jurisdiction over the case, the defendant may be supervised by a veterans treatment court program under subdivision 5. If there is a veterans treatment court that meets the requirements of subdivision 5 in the county in which the defendant resides or works, supervision of the defendant may be transferred to that county or judicial district veterans treatment court program. Upon the defendant's successful or unsuccessful completion of the program, the veterans treatment court program shall communicate this information to the court of original jurisdiction for further action.

(k) Sentencing pursuant to this subdivision waives any right to administrative review pursuant to section 169A.53, subdivision 1, or judicial review pursuant to section 169A.53, subdivision 2, for a license revocation or cancellation imposed pursuant to section 169A.52, and also waives any right to administrative review pursuant to section 171.177, subdivision 10, or judicial review pursuant to section 171.177, subdivision 11, for a license revocation or cancellation imposed pursuant to section 171.177, if that license revocation or cancellation is the result of the same incident that is being sentenced.

Subd. 3. Discharge and dismissal. (a) Upon the expiration of the period of the defendant's probation the court shall hold a hearing to discharge the defendant from probation and determine whether to dismiss the proceedings against a defendant who received a deferred sentence under subdivision 2. The hearing shall be scheduled so that the parties have adequate time to prepare and present arguments regarding the issue of dismissal. The parties may submit written arguments to the court prior to the date of the hearing and may make oral arguments before the court at the hearing. The defendant must be present at the hearing unless excused under Minnesota Rules of Criminal Procedure, rule 26.03, subdivision 1, clause (3).

(b) The court shall provide notice to any identifiable victim of the offense at least 15 days before the hearing is held. Notice to victims of the offense under this subdivision must specifically inform the victim of the right to submit an oral or written statement to the court at the time of the hearing describing the harm suffered by the victim as a result of the crime and the victim's recommendation on whether dismissal should be granted or denied. The judge shall consider the victim's statement when making a decision. If a victim notifies the prosecutor of an objection to dismissal and is not present at the hearing, the prosecutor shall make the objections known to the court.

(c) The court shall dismiss proceedings against a defendant if the court finds by clear and convincing evidence that the defendant:

(1) is in substantial compliance with the conditions of probation;

(2) has successfully participated in court-ordered treatment and services to address the applicable condition caused by military service;

(3) does not represent a danger to the health or safety of victims or others; and

(4) has demonstrated significant benefit from court-ordered education, treatment, or rehabilitation to clearly show that a discharge and dismissal under this subdivision is in the interests of justice.

(d) In determining the interests of justice, the court shall consider, among other factors, all of the following:

(1) the defendant's completion and degree of participation in education, treatment, and rehabilitation as ordered by the court;

(2) the defendant's progress in formal education;

(3) the defendant's development of career potential;

(4) the defendant's leadership and personal responsibility efforts;

(5) the defendant's contribution of service in support of the community;

(6) the level of harm to the community from the offense; and

(7) the statement of the victim, if any.

(e) If the court finds that the defendant does not qualify for discharge and dismissal under paragraph (c), the court shall enter an adjudication of guilt and proceed as otherwise provided in law, including as provided in subdivision 4.

(f) Discharge and dismissal under this subdivision shall be without court adjudication of guilt, but a not public record of the discharge and dismissal shall be retained by the Bureau of Criminal Apprehension for the purpose of use by the courts in determining the merits of subsequent proceedings against the defendant. The not public record may also be opened only upon court order for purposes of a criminal investigation, prosecution, or sentencing. Upon request by law enforcement, prosecution, or corrections authorities, the bureau shall notify the requesting party of the existence of the not public record and the right to seek a court order to open the not public record under this paragraph. The court shall forward a record of any discharge and dismissal under this subdivision to the bureau, which shall make and maintain the not public record of the discharge and dismissal. The discharge and dismissal shall not be deemed a conviction for purposes of disqualifications or disabilities imposed by law upon conviction of a crime or for any other purpose. For purposes of this paragraph, "not public" has the meaning given in section 13.02, subdivision 8a.

Subd. 4. **Sentencing departure; waiver of mandatory sentence.** (a) This subdivision applies to defendants who plead or are found guilty of any criminal offense except one for which registration is required under section 243.166, subdivision 1b.

(b) Prior to sentencing, a defendant described in paragraph (a) may present proof to the court that the defendant has, since the commission of the offense, engaged in rehabilitative efforts consistent with those described in this section. If the court determines that the defendant has engaged in substantial rehabilitative efforts and the defendant establishes by clear and convincing evidence that:

(1) the defendant suffered from an applicable condition at the time of the offense;

(2) the applicable condition was caused by service in the United States military; and

(3) the offense was committed as a result of the applicable condition;

the court may determine that the defendant is particularly amenable to probation and order a mitigated durational or dispositional sentencing departure or a waiver of any statutory mandatory minimum sentence applicable to the defendant.

Subd. 5. **Optional veterans treatment court program; procedures for eligible defendants.** A county or judicial district may supervise probation under this section through a veterans treatment court, using county veterans service officers appointed under sections 197.60 to 197.606, United States Department of Veterans Affairs veterans justice outreach specialists, probation agents, and any other rehabilitative resources available to the court.

Subd. 6. **Creation of county and city diversion programs; authorization.** Any county or city may establish and operate a veterans pretrial diversion program for offenders eligible under subdivision 2 without penalty under section 477A.0175.

This definition adds to statutorily mandated notification procedures. During a consultation, the burden is on the agency to show that it has made a good faith effort to elicit feedback. Consultation is a formal engagement between agency officials and the governing body or bodies of an individual Minnesota Tribal government that the agency or an individual Tribal government may initiate. Formal meetings or communication between top agency officials and the governing body of a Minnesota Tribal government is a necessary element of consultation;

(3) "matters that have Tribal implications" means rules, legislative proposals, policy statements, or other actions that have substantial direct effects on one or more Minnesota Tribal governments, or on the distribution of power and responsibilities between the state and Minnesota Tribal governments;

(4) "Minnesota Tribal governments" means the federally recognized Indian Tribes located in Minnesota including: Bois Forte Band; Fond du Lac Band; Grand Portage Band; Leech Lake Band; Mille Lacs Band; White Earth Band; Red Lake Nation; Lower Sioux Indian Community; Prairie Island Indian Community; Shakopee Mdewakanton Sioux Community; and Upper Sioux Community; and

(5) "timely and meaningful" means done or occurring at a favorable or useful time that allows the result of consultation to be included in the agency's decision-making process for a matter that has Tribal implications.

Subd. 3. Consultation duties. (a) An agency must recognize the unique legal relationship between the state of Minnesota and Minnesota Tribal governments, respect the fundamental principles that establish and maintain this relationship, and accord Tribal governments the same respect accorded to other governments.

(b) An agency must, in consultation with Minnesota Tribal governments, implement Tribal consultation policies to comply with this section and guide their work with Minnesota Tribal governments, and must submit these policies to the governor and lieutenant governor. Tribal consultation policies must address the communication protocols for each Minnesota Tribal government, which must be developed in coordination with representatives of each Minnesota Tribal government. An agency must update the Tribal consultation policies as often as required in order to facilitate timely and meaningful consultation, but no less than biannually.

(c) Consultation under this section is a duty of an agency to consult with the governing body or bodies of each individual Minnesota Tribal government. Coordination with groups or entities that have representation on some or all of the governing bodies of Minnesota Tribal governments, such as the Minnesota Indian Affairs Council or the Minnesota Chippewa Tribe, is encouraged but does not satisfy an agency's duty to consult with individual Minnesota Tribal governments on matters that have Tribal implications. If a matter has implications for one Minnesota Tribal government but not others, the agency's duty is to only consult those Minnesota Tribal governments affected.

(d) An agency must consult with each Minnesota Tribal government at least annually, and as often as it is required to address matters that have Tribal implications.

(e) An agency must consult with Minnesota Tribal governments on legislative and fiscal matters that affect one or all Minnesota Tribal governments or their members to identify priority issues in order to allow agencies to proactively engage Minnesota Tribal governments in the agency's development of legislative and fiscal proposals in time for submission into the governor's recommended budget and legislative proposals each year.

(f) An agency must develop and maintain ongoing consultation with Minnesota Tribal governments related to matters that have Tribal implications. Agencies must consider the input gathered from Tribal consultation into their decision-making processes, with the goal of achieving mutually beneficial solutions.

(g) An agency and a Minnesota Tribal government may agree that a formal consultation is not necessary for a given year on a given matter that has Tribal implications, and the agency must keep a written record of this decision.

(h) The prospective duty to consult does not apply to action on a matter that has Tribal implications if immediate action is required to address a present and immediate threat to the health, safety, or welfare of Minnesota citizens. For these actions, every effort should be made to communicate, and formal consultation should occur as soon as possible. The duty to consult also does not apply to criminal proceedings or other investigations or legal proceedings that prohibit an agency from disclosure.

(i) An agency must designate a Tribal liaison to assume responsibility for implementation of the Tribal consultation policy and to serve as the principal point of contact for Minnesota Tribal governments. The Tribal liaison must be able to directly and regularly meet and communicate with the agency's commissioner and deputy and assistant commissioners in order to appropriately conduct government-to-government consultation and cooperation.

(j) The state has instituted Tribal state government relations training, which is the foundation and basis of all other Tribal government relations training sources. All agencies must direct certain staff to complete available training to foster a collaborative relationship between the state of Minnesota and Minnesota Tribal governments, and to facilitate timely and meaningful consultation. In addition to all commissioners, deputy commissioners, and assistant commissioners, at a minimum all agency employees whose work is likely to include matters that have Tribal implications must attend Tribal state relations training. Tribal liaisons must actively support and participate in the Tribal state relations training.

(k) Any agency or board that is not listed in subdivision 2 is encouraged to and may engage in consultation and communication with Minnesota Tribal governments for all matters that have Tribal implications.

Subd. 4. **Applicability.** Nothing in this section requires the state or an agency to violate or ignore any laws, rules, directives, or other legal requirements or obligations imposed by state or federal law or set forth in agreements or compacts between one or more Minnesota Tribal governments or any other Tribal government and the state or its agencies. This section is not intended to, and does not create, any right to administrative or judicial review, or any other right, benefit, or responsibility, substantive or procedural, enforceable against the state of Minnesota, its agencies or instrumentalities, its officers or employees, or its subdivisions or any other persons. Nothing in this section prohibits or limits any agency from asserting any rights or pursuing any administrative or judicial action under state or federal law to effectuate the interests of the state of Minnesota or any of its agencies. Nothing in this section is intended to alter or reduce the state's duties to individual Minnesota citizens including those of Native American descent.

"Section 1. **SPECIAL EDUCATION RECOVERY SERVICES AND SUPPORTS.**

Subdivision 1. **Special education recovery.** The commissioner of education, school districts, and charter schools must collaborate with families of students with disabilities as provided in this section to address the impact of disruptions to in-person instruction on students' access to a free appropriate public education related to the COVID-19 pandemic.

Subd. 2. **Special education services and supports.** (a) A school district or charter school that serves one or more students with disabilities must invite the parents of a student with a disability to a meeting of each individualized education program (IEP) team as soon as practicable but no later than December 1, 2021, to determine whether special education services and supports are necessary to address lack of progress on IEP goals or in the general education curriculum or loss of learning or skills due to disruptions related to the COVID-19 pandemic. The services and supports may include but are not limited to extended school year services, additional IEP services, compensatory services, or other appropriate services. This meeting may occur in an annual or other regularly scheduled IEP meeting. If the IEP team determines that the services and supports are necessary, the team shall determine what services and supports are appropriate for the student and when and how those services should be provided, in accordance with relevant guidance from the Minnesota Department of Education and the United States Department of Education. The services and supports must be included in the IEP of the student. A district or charter school must report to the commissioner, in the form and manner determined by the commissioner, the services and supports provided to students with disabilities under this section, including the cost of providing the services.

(b) In determining whether a student is eligible for services and supports described in paragraph (a), and what services and supports are appropriate for the student, the IEP team must consider, in conjunction with any other considerations advised by guidance from the Minnesota Department of Education or the United States Department of Education:

(1) services and supports provided to the student before the disruptions to in-person instruction related to the COVID-19 pandemic;

(2) the ability of the student to access services and supports;

(3) the student's progress toward IEP goals, including the goals in the IEP in effect before disruptions to in-person instruction related to the COVID-19 pandemic, and progress in the general education curriculum;

(4) the student's regression or lost skills resulting from disruptions to instruction;

(5) other significant influences on the student's ability to participate in and benefit from instruction related to the COVID-19 pandemic, including family loss, changed family circumstances, other trauma, and illness; and

(6) the types of services and supports that would benefit the student and improve the student's ability to benefit from school, including academic supports, behavioral supports, mental health supports, related services, and other services and supports.

(c) When considering how and when the services and supports described in paragraph (a) should be provided, the IEP team must take into account the timing and delivery method most appropriate for the student, such as time of day, day of the week, or time of year; and the availability of other services accessible to the student to address learning loss. The IEP team may determine that providers in addition to school district or charter school staff are most appropriate to provide the services and supports described in paragraph (a).

(d) A school district or charter school must make available the services and supports included in an IEP, as described in paragraph (a), until the IEP team determines that services and supports are no longer necessary to address lack of progress on IEP goals or in the general education curriculum or loss of learning or skills due to disruptions related to the COVID-19 pandemic.

Subd. 3. **Appropriations; fiscal year 2021.** \$..... in fiscal year 2021 is appropriated from the general fund to the commissioner of education to provide school districts, charter schools, and cooperative districts funds to be used for services and supports provided to students with disabilities under this section and to compensate staff for performing activities required under this section. Funds appropriated under this subdivision are available until June 30, 2023.

Subd. 4. **Appropriations; fiscal years 2022 and 2023.** \$..... in fiscal year 2022 and \$..... in fiscal year 2023 are appropriated from the general fund to the commissioner of education to provide school districts, charter schools, and cooperative districts funds to be used for services and supports provided to students with disabilities under this section and to compensate staff for performing activities required under this section. Funds appropriated under this subdivision are available until June 30, 2023. The base for fiscal year 2024 and later is \$0.

EFFECTIVE DATE. This section is effective the day following final enactment.

Sec. 2. **FEDERAL FUNDS REPLACEMENT; APPROPRIATION.**

Subdivision 1. **Suspension of statutory appropriation.** The appropriation in Minnesota Statutes, section 4.07, subdivision 3, does not apply to any federal funds for COVID-19 received by the state of Minnesota between March 1, 2021, and June 30, 2023, for which a general fund appropriation in this act is an eligible expenditure. Federal funding for which this section applies shall not be used for any other purpose.

Subd. 2. **Cancellation.** If the state of Minnesota receives federal funds for COVID-19 between March 1, 2021, and June 30, 2023, for which any general fund appropriation enacted in this act is an eligible expenditure, the commissioner must cancel the general fund appropriation in this act in an amount up to, but not greater than, the amount appropriated in this act. The commissioner may designate a portion of an appropriation for cancellation if the federal funds are not sufficient to replace the entire general fund appropriation.

Subd. 3. **Appropriation.** Each amount canceled under subdivision 2 is appropriated from the federal fund for the original purposes of the general fund appropriation in this act. Any appropriation under this subdivision is a onetime appropriation.

Subd. 4. **Expiration.** This section does not apply to federal funds after the general fund appropriations in this act have been canceled and federal funds have been appropriated for the same purpose.

EFFECTIVE DATE. This section is effective for the 2021-2022 school year and later.

Sec. 3. INSTRUCTION MODEL WORKING GROUP.

Subdivision 1. **Working group.** A working group is established to review how school districts and charter schools implemented distance and hybrid instruction due to disruptions to on-site instruction caused by COVID-19 and make recommendations to increase flexibility for school districts and charter schools to implement instruction models that meet students' diverse learning needs.

Subd. 2. **Definitions.** (a) For purposes of this section, the following terms have the meanings given them.

(b) "Distance instruction" means instruction provided to students remotely, with students and teachers interacting through synchronous and other online interactions, and students being provided appropriate education materials.

Subd. 3. **Duties.** (a) The working group must study the outcomes, challenges, and successes of distance instruction during the 2019-2020 and 2020-2021 school years. In particular, the group must consider:

(1) the impact of lower class sizes on student engagement and academic growth;

(2) how modifications to the school calendar would affect learning retention and student engagement;

(3) the impact of distance instruction on students requiring special education services and supports, students identified as English learners, and students experiencing homelessness or who are highly mobile;

(4) the effect of distance instruction on students' social and emotional growth, student discipline, and bullying;

(5) how students' educational needs vary by age group; and

(6) students' access to technology.

(b) The working group must report its findings and recommendations to the chairs and ranking minority members of the legislative committees with jurisdiction over kindergarten through grade 12 education by January 17, 2022. The report must be submitted in accordance with Minnesota Statutes, section 3.195.

Subd. 2. **Detention pending hearing.** When it appears necessary to enforce discipline or to prevent a person on conditional release from escaping or absconding from supervision, a court services director has the authority to issue a written order directing any peace officer or any probation officer in the state serving the district and juvenile courts

to detain and bring the person before the court or the commissioner, whichever is appropriate, for disposition. If the person on conditional release commits a violation described in section 609.14, subdivision 1a, paragraph (a), the court services director must have a reasonable belief that the order is necessary to prevent the person from escaping or absconding from supervision or that the continued presence of the person in the community presents a risk to public safety before issuing a written order. This written order is sufficient authority for the peace officer or probation officer to detain the person for not more than 72 hours, excluding Saturdays, Sundays, and holidays, pending a hearing before the court or the commissioner.

Sec. 2. Minnesota Statutes 2020, section 401.025, subdivision 1, is amended to read:

Subdivision 1. **Peace officers and probation officers serving CCA counties.** (a) When it appears necessary to enforce discipline or to prevent a person on conditional release from escaping or absconding from supervision, the chief executive officer or designee of a community corrections agency in a CCA county has the authority to issue a written order directing any peace officer or any probation officer in the state serving the district and juvenile courts to detain and bring the person before the court or the commissioner, whichever is appropriate, for disposition. If the person on conditional release commits a violation described in section 609.14, subdivision 1a, paragraph (a), the chief executive officer or designee must have a reasonable belief that the order is necessary to prevent the person from escaping or absconding from supervision or that the continued presence of the person in the community presents a risk to public safety before issuing a written order. This written order is sufficient authority for the peace officer or probation officer to detain the person for not more than 72 hours, excluding Saturdays, Sundays, and holidays, pending a hearing before the court or the commissioner.

(b) The chief executive officer or designee of a community corrections agency in a CCA county has the authority to issue a written order directing a peace officer or probation officer serving the district and juvenile courts to release a person detained under paragraph (a) within 72 hours, excluding Saturdays, Sundays, and holidays, without an appearance before the court or the commissioner. This written order is sufficient authority for the peace officer or probation officer to release the detained person.

(c) The chief executive officer or designee of a community corrections agency in a CCA county has the authority to issue a written order directing any peace officer or any probation officer serving the district and juvenile courts to detain any person on court-ordered pretrial release who absconds from pretrial release or fails to abide by the conditions of pretrial release. A written order issued under this paragraph is sufficient authority for the peace officer or probation officer to detain the person.

EFFECTIVE DATE. This section is effective August 1, 2021, and applies to violations that occur on or after that date.

Sec. 3. Minnesota Statutes 2020, section 609.14, subdivision 1, is amended to read:

Subdivision 1. **Grounds.** (a) When it appears that the defendant has violated any of the conditions of probation or intermediate sanction, or has otherwise been guilty of misconduct which warrants the imposing or execution of sentence, the court may without notice revoke the stay and direct that the defendant be taken into immediate custody. Revocation should only be used as a last resort when rehabilitation has failed.

(b) When it appears that the defendant violated any of the conditions of probation during the term of the stay, but the term of the stay has since expired, the defendant's probation officer or the prosecutor may ask the court to initiate probation revocation proceedings under the Rules of Criminal Procedure at any time within six months after the expiration of the stay. The court also may initiate proceedings under these circumstances on its own motion. If proceedings are initiated within this six-month period, the court may conduct a revocation hearing and take any action authorized under rule 27.04 at any time during or after the six-month period.

(c) Notwithstanding the provisions of section 609.135 or any law to the contrary, after proceedings to revoke the stay have been initiated by a court order revoking the stay and directing either that the defendant be taken into custody or that a summons be issued in accordance with paragraph (a), the proceedings to revoke the stay may be concluded and the summary hearing provided by subdivision 2 may be conducted after the expiration of the stay or after the six-month period set forth in paragraph (b). The proceedings to revoke the stay shall not be dismissed on the basis that the summary hearing is conducted after the term of the stay or after the six-month period. The ability or inability to locate or apprehend the defendant prior to the expiration of the stay or during or after the six-month period shall not preclude the court from conducting the summary hearing unless the defendant demonstrates that the delay was purposefully caused by the state in order to gain an unfair advantage.

EFFECTIVE DATE. This section is effective August 1, 2021, and applies to violations that occur on or after that date.

Sec. 4. Minnesota Statutes 2020, section 609.14, is amended by adding a subdivision to read:

Subd. 1a. Violations where policies favor continued rehabilitation. (a) Correctional treatment is better provided through a community resource than through confinement, it would not unduly depreciate the seriousness of the violation if probation was not revoked, and the policies favoring probation outweigh the need for confinement if a person has not previously violated a condition of probation or intermediate sanction and does any of the following in violation of a condition imposed by the court:

(1) fails to abstain from the use of controlled substances without a valid prescription, unless the person is under supervision for a violation of:

(i) section 169A.20;

(ii) 609.2112, subdivision 1, paragraph (a), clauses (2) to (6); or

(iii) 609.2113, subdivision 1, clauses (2) to (6), subdivision 2, clauses (2) to (6), or subdivision 3, clauses (2) to (6);

(i) section 169A.20;

(ii) 609.2112, subdivision 1, paragraph (a), clauses (2) to (6); or

(iii) 609.2113, subdivision 1, clauses (2) to (6), subdivision 2, clauses (2) to (6), or subdivision 3, clauses (2) to (6);

(3) possesses drug paraphernalia in violation of section 152.092;

(4) fails to obtain or maintain employment;

(5) fails to pursue a course of study or vocational training;

(6) fails to report a change in employment, unless the person is prohibited from having contact with minors and the employment would involve such contact;

(7) violates a curfew;

(8) fails to report contact with a law enforcement agency, unless the person was charged with a misdemeanor, gross misdemeanor, or felony; or

(9) commits any offense for which the penalty is a petty misdemeanor.

(b) A violation by a person described in paragraph (a) does not warrant the imposition or execution of sentence and the court may not direct that the person be taken into immediate custody unless the court receives a written report, signed under penalty of perjury pursuant to section 358.116, showing probable cause to believe the person violated probation and establishing by a preponderance of the evidence that the continued presence of the person in the community would present a risk to public safety. If the court does not direct that the person be taken into custody, the court may request a supplemental report from the supervising agent containing:

(1) the specific nature of the violation;

(2) the response of the person under supervision to the violation, if any; and

(3) the actions the supervising agent has taken or will take to address the violation.
